EXPLANATORY NOTE

This Amendment No. 1 amends the Current Report on Form 8-K of Mercury Computer Systems, Inc. (the Company) dated January 27, 2010, reporting under Item 2.02 that the Company had issued a press release announcing results for the quarter ended December 31, 2009. This Amendment No. 1 amends the Current Report as originally filed by correcting the unaudited consolidated financial information included in Exhibit 99.1. The Company has subsequently issued a new press release containing corrected unaudited consolidated financial information, a copy of which is included as Exhibit 99.2 hereof.

Item 2.02 Results of Operations and Financial Condition

On January 26, 2010, the Company issued a press release (the Original Press Release) announcing results for the quarter ended December 31, 2009. On February 9, 2010, the Company issued a second press release (the Second Press Release) correcting the cost of revenues for the three and six months ended December 31, 2009, as announced in the Original Press Release. This correction had the net effect of reducing gross profit, income from operations, income tax expense, income from continuing operations, net income, basic and diluted earnings per share, and adjusted EBITDA, all of which have been revised in the Second Press Release. The correction also had an impact on the information presented in the Unaudited Consolidated Balance Sheets, the Unaudited Condensed Consolidated Statements of Cash Flows, and the Unaudited Supplemental Information Reconciliation of GAAP to Non-GAAP Measures. The Company is filing this Amendment No. 1 to Current Report on Form 8-K to include the Second Press Release.

The Second Press Release is attached to this Current Report as Exhibit 99.2 and is incorporated into this Item 2.02 by reference. Information in Item 2.02 of this Current Report on Form 8-K and the Exhibits 99.1 and 99.2 attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.

USE OF NON-GAAP FINANCIAL MEASURES

In addition to reporting financial results in accordance with generally accepted accounting principles, or GAAP, the Company provides adjusted EBITDA, a non-GAAP financial measure adjusted to exclude certain non-cash and other specified charges, which the Company believes is useful to help investors better understand its past financial performance and future prospects. However, the presentation of adjusted EBITDA is not meant to be considered in isolation or as a substitute for financial information provided in accordance with GAAP. Management believes the adjusted EBITDA financial measure assists in providing a more complete understanding of the Company's underlying operational results and trends, and management uses this measure along with the corresponding GAAP financial measure to manage the Company's business, to evaluate its performance compared to prior periods and the marketplace, and to establish operational goals.
