PROXY STATEMENT

2010 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS

1. Q: WHY AM I RECEIVING THESE MATERIALS?

A: Our Board of Directors is providing these materials to you in connection with the Board's solicitation of proxies for use at our Annual Meeting, which will take place on April 29, 2010 at the Hyatt Regency Austin, 208 Barton Springs Road, Austin, Texas at 9 a.m. CDT. Our stockholders as of the close of business on March 2, 2010, the record date for our Annual Meeting, are invited to attend the Annual Meeting and are requested to vote on the items described in this proxy statement.

2. Q: WHO IS SOLICITING MY VOTE?

A: This proxy solicitation is being made by the Board of Directors of Advanced Micro Devices, Inc. We have retained MacKenzie Partners, Inc., professional proxy solicitors, to assist us with this proxy solicitation. We will pay the entire cost of this solicitation, including MacKenzie's fee, which we expect to be approximately \$25,000.

3. Q: WHEN WERE MATERIALS MAILED TO STOCKHOLDERS?

A: The proxy materials were first mailed to stockholders on or about March 10, 2010.

4. Q: WHAT MAY I VOTE ON?

A: You may vote on:

The election of directors to serve on our Board of Directors;

Ratification of the appointment of our independent registered public accounting firm for the current fiscal year; and

Edgar Filing: ADVANCED MICRO DEVICES INC - Form DEF 14A

The approval of the amendment of the Advanced Micro Devices, Inc. 2004 Equity Incentive Plan (2004 Plan).

5. **Q: HOW DOES THE BOARD RECOMMEND I VOTE ON THE PROPOSALS?**

A: The Board of Directors recommends that you vote:

FOR each of the director nominees named in this proxy statement;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year; and

FOR the approval of the amendment of the 2004 Plan.

6. **Q: WHY DOES THE BOARD RECOMMEND THAT I VOTE FOR THE AMENDMENT OF THE 2004 PLAN?**

A: The Board of Directors believes it is essential to amend the 2004 Plan to increase the number of shares authorized for issuance thereunder by an additional 20,500,000 shares. The Board of Directors believes

Table of Contents

that this amendment is necessary to assist in the retention and hiring of employees, to allow us to continue awarding equity-based compensation, which is an important component of our overall compensation program, and to continue to provide our employees with an incentive to contribute to our future success by providing an opportunity to acquire shares of our common stock. The Board of Directors believes that the increased number of shares to fund awards under our equity compensation program represents a reasonable amount of potential equity dilution. See Item 3-Approval of the Amendment of the 2004 Equity Incentive Plan included elsewhere in this proxy statement.

7. Q: WHO IS ENTITLED TO VOTE?

A: Stockholders as of the close of business on March 2, 2010, the record date for our Annual Meeting, are entitled to vote on all items properly presented at the Annual Meeting. On the record date, approximately 672,350,908 shares of our common stock were outstanding. Every stockholder is entitled to one vote for each share of common stock held on the record date. A list of these stockholders will be available during ordinary business hours at the principal place of business of AMD, located at One AMD Place, M/S 68, Sunnyvale, California, 94088 from the Assistant Corporate Secretary of the Company and at 7171 Southwest Parkway, M/S 100, Austin, Texas, 78735 from the Corporate Secretary of the Company, in each case at least ten days before the Annual Meeting. The list of stockholders will also be available at the time and place of the Annual Meeting.

8. Q: IF I AM A STOCKHOLDER OF RECORD, HOW DO I VOTE?

A: If you are a stockholder of record, you may vote in person at the Annual Meeting. We will give you a ballot when you arrive at the Annual Meeting.

If you do not wish to vote in person or if you will not attend the Annual Meeting, you may vote by proxy. If you complete and properly sign each proxy card you received and return it to us in the prepaid envelope, it will be voted by one of the individuals indicated on the card (your proxy) as you direct. If you return your signed proxy card or vote by proxy over the Internet but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the election of the director nominees named in this proxy statement, FOR the ratification of the appointment of our independent registered public accounting firm, FOR the amendment of the 2004 Plan, and in the discretion of the proxy holders for any other matter that may properly come before the Annual Meeting.

If you live in the United States or Canada, you may submit your proxy by following the Vote by Telephone instructions on the proxy card. If you have Internet access, you may submit your proxy from any location in the world by following the Vote by Internet instructions on the proxy card.

9. Q: WHO CAN ATTEND THE ANNUAL MEETING?

A: Only stockholders as of the close of business on March 2, 2010, holders of proxies for those stockholders and other persons invited by us can attend. If your shares are held by your broker in street name, you must bring a letter from your broker to the Annual Meeting showing that you were the beneficial owner of the shares on March 2, 2010 to attend the Annual Meeting.

10. Q: CAN I VOTE AT THE MEETING?

A: Yes. If you held your shares in your own name on the record date, you may vote your shares in person at the Annual Meeting. If you wish to vote your shares in person at the Annual Meeting and they are held by your broker in street name, you must bring to the Annual Meeting a proxy from your broker as the record holder and a letter from your broker showing that you were the beneficial owner of the shares on March 2, 2010.

Table of Contents

11. Q: CAN I CHANGE MY VOTE AFTER I HAVE VOTED?

A: Yes. You may change your vote at any time before the voting concludes at the Annual Meeting. You may vote again on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date or by attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request in writing that your prior proxy be revoked.

12. Q: HOW DO I VOTE MY SHARES IF THEY ARE HELD IN STREET NAME?

A: If your shares are held by your broker in street name, you will receive a form from your broker seeking instruction as to how your shares should be voted. We urge you to complete this form and instruct your broker how to vote on your behalf. Instead, you can vote in person at the Annual Meeting, but you must bring to the Annual Meeting a proxy from your broker as the record holder and bring a letter from your broker showing that you were the beneficial owner of your shares on March 2, 2010.

13. Q: WHAT IS A QUORUM ?

A: For the purposes of the Annual Meeting, a quorum is the holders of a majority in voting power of the outstanding shares entitled to vote at the meeting. They may be present at the Annual Meeting or represented by proxy. There must be a quorum for the Annual Meeting to be held. If you voted on the Internet, by telephone or by properly submitting a proxy card, even if you abstain from voting, your shares will be considered part of the quorum.

14. Q: WHAT IS BROKER DISCRETIONARY VOTING?

A: Under the rules of the New York Stock Exchange (NYSE), if you hold your shares through a broker, your broker is permitted to vote your shares on the ratification of our independent registered public accounting firm in its discretion if it has transmitted the proxy materials to you and has not received voting instructions from you on how to vote your shares before the deadline set by your broker. Under the NYSE rules, your broker does not have discretionary authority to vote on the election of directors or the proposal to approve the amendment of the 2004 Plan, so it is very important that you instruct your broker how to vote on these proposals. A broker non-vote occurs where your broker has not received instructions from you as to how to vote your shares on a proposal and does not have discretionary authority to vote on the proposal.

15. Q: HOW ARE MATTERS PASSED OR DEFEATED?

A: Each of the nine director nominees will be elected if each of them receives the affirmative vote of a majority of the votes cast. A majority of the votes cast means that the number of votes cast for a director must exceed the number of votes cast against that director. Abstentions will not be counted in the determination of the majority of votes cast and will thus have no effect on this proposal. Broker non-votes will not be counted for any purpose in determining the outcome of the election of directors. Each incumbent director has submitted a written resignation to the Board that will be effective if he/she does not receive a majority of the votes cast and the resignation is accepted by the Board.

Ratification of the appointment of our independent registered public accounting firm must receive affirmative votes from the majority of the shares of common stock entitled to vote and represented, in person or by proxy, at the meeting. An abstention has the same effect as a vote against this proposal. Broker non-votes will have no effect on the outcome of the ratification of the appointment of our independent registered public accounting firm.

Table of Contents

The proposal to amend the 2004 Plan requires the affirmative vote of a majority of votes cast, provided that the total vote cast on the proposal represents over 50% of the outstanding common stock entitled to vote on the proposal. Abstentions will not be counted as a vote for or against this proposal, but will be counted for purposes of determining whether the total vote cast on the proposal represents over 50% of the outstanding common stock entitled to vote on the proposal. Broker non-votes are not considered votes cast under the NYSE rules, but the underlying shares are considered shares entitled to vote on the proposal.

16. Q: WHO WILL COUNT THE VOTES?

A: Proxies will be tabulated by Broadridge Financial Solutions, Inc. (Broadridge).

17. Q: WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

A: We will announce preliminary voting results at the Annual Meeting and publish voting results in a Form 8-K which will be filed within four business days after the Annual Meeting.

18. Q: IS MY VOTE CONFIDENTIAL?

A: Proxy cards, ballots and voting tabulations that identify individual stockholders are mailed or returned directly to Broadridge and handled in a manner that protects your voting privacy. Your vote will not be disclosed except (1) as needed to permit Broadridge to tabulate and certify the vote and (2) as required by law. However, comments written on the proxy card may be forwarded to management. In that case, your identity may not be kept confidential.

19. Q: HOW WILL VOTING ON ANY BUSINESS NOT DESCRIBED IN THIS PROXY STATEMENT BE CONDUCTED?

A: We do not know of any business to be considered at the Annual Meeting other than the items described in this proxy statement. If any other business is presented at the Annual Meeting, your proxy gives authority to Derrick R. Meyer, our Chief Executive Officer, and Harry A. Wolin, our Senior Vice President and General Counsel and Assistant Corporate Secretary, to vote on such matters at their discretion.

20. Q: WHEN ARE THE STOCKHOLDER PROPOSALS FOR THE 2011 ANNUAL MEETING DUE?

A: Under the Securities and Exchange Commission (SEC) rules, for stockholder proposals to be considered for inclusion in the proxy statement for the 2011 Annual Meeting, they must be submitted in writing to our Corporate Secretary, Advanced Micro Devices, Inc., 7171 Southwest Parkway, M/S 100, Austin, Texas, 78735 on or before November 10, 2010. In addition, our bylaws provide that for directors to be nominated or other proposals to be properly presented at the 2011 Annual Meeting, a separate notice of any nomination or proposal must be received by us between December 30, 2010 and January 29, 2011. If our 2011 Annual Meeting is not held within 30 days of April 29, 2011, to be timely, the notice by the stockholder must not be received by us later than the close of business on the tenth day following the earlier of the day on which the first public announcement of the date of the 2011 Annual Meeting was made or the notice of the 2011 Annual Meeting is mailed. The public announcement of an adjournment or postponement of the 2011 Annual Meeting will not trigger a new time period (or extend any time period) for the giving of a stockholder notice as described in this proxy statement. More information about the information required to be included in a stockholder's notice of a nomination is included in this proxy statement under Consideration of Stockholder Nominees for Director.

21. Q: WILL YOU WEBCAST THE ANNUAL MEETING?

- A. Yes. The Annual Meeting will be webcast live. You can access it by going to our Investor Relations Web site at: www.amd.com. The webcast will enable you to listen only. You will not be able to ask questions. The Annual Meeting audio webcast will be available on our Web site for a period of time after the meeting.

22. Q: WHAT IS HOUSEHOLDING AND HOW DO I OBTAIN A SEPARATE SET OF PROXY MATERIALS IF I SHARE AN ADDRESS WITH OTHER STOCKHOLDERS?

- A. We have adopted a procedure called householding, which has been approved by the SEC. Under this procedure, we will deliver only one copy of our Annual Report on Form 10-K and Proxy Statement to stockholders of record who share the same address (if they appear to be members of the same family) unless we have received contrary instructions from an affected stockholder. A separate proxy card for each stockholder of record will be included in the materials. This procedure reduces our printing costs and mailing costs and fees. Upon written or oral request, we will promptly deliver a separate Annual Report and Proxy Statement to any stockholder at a shared address to which a single copy of either of those documents was delivered. To receive a separate copy of the Annual Report or this Proxy Statement, contact us at (408) 749-4000 or at Advanced Micro Devices, Inc., 7171 Southwest Parkway, M/S 100, Austin, Texas 78735, attention: Corporate Secretary, or by email to Corporate.Secretary@amd.com. If you would like to revoke your householding consent or you are a stockholder eligible for householding and would like to participate in householding, please contact Broadridge at 1-800-842-1061.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

Consideration of Stockholder Nominees for Director

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates to serve on our Board. Pursuant to our bylaws, stockholders who wish to nominate persons for election to the Board of Directors at the 2011 Annual Meeting must be a stockholder of record when they give us notice and at the meeting, must be entitled to vote at the meeting and must comply with the notice provisions in our bylaws. A stockholder's notice must be delivered to our Corporate Secretary not less than 90 nor more than 120 days before the anniversary date of the immediately preceding annual meeting. For our 2011 Annual Meeting, the notice must be delivered between December 30, 2010 and January 29, 2011. However, if our 2011 Annual Meeting is not within 30 days of April 29, 2011, the notice must be delivered no later than the close of business on the 10th day following the earlier of the day on which the first public announcement of the date of the 2011 Annual Meeting was made or the day the notice of the 2011 Annual Meeting is mailed. Notwithstanding the foregoing, if the number of directors to be elected to the Board at an annual meeting is increased and we do not make a public announcement naming all of the nominees for director or specifying the size of the increased Board at least 100 days prior to the first anniversary of the preceding year's annual meeting, the stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by the increase, if it is delivered to our Corporate Secretary not later than the close of business on the 10th day following the day on which we first make such public announcement. The stockholder's notice must be updated and supplemented as set forth in our bylaws. The stockholder's notice must include the following information for the person making the nomination:

name, age, nationality, business and residence addresses;

Table of Contents

principal occupation and employment;

the class and number of shares of the Company owned beneficially or of record;

any derivative, swap or other transaction which gives economic risk similar to ownership of shares of the Company;

any proxy, agreement, arrangement, understanding or relationship that confers a right to vote any shares of the Company;

any agreement, arrangement, understanding or relationship engaged in to increase or decrease the level of risk related to, or the voting power with respect to, shares of the Company, or that provides the opportunity to profit from a decrease in price or value of shares of the Company;

any performance-related fees that the nominating person is entitled to based on any increase or decrease in the value of any shares of the Company; and

any other information required by the SEC to be disclosed in a proxy statement.

The stockholder's notice must also include the following information for each proposed director nominee:

financial or other material relationships between the nominating person and the nominee during the past three years;

the same information as for the nominating person (see above); and

all information required to be disclosed in a proxy statement in connection with election of directors.

The Chair of the Annual Meeting will determine if the procedures in the bylaws have been followed, and if not, declare that the nomination be disregarded. If the nomination was made in accordance with the procedures in our bylaws, the Nominating and Corporate Governance Committee of the Board of Directors will apply the same criteria in evaluating the nominee as it would any other Board nominee candidate and will recommend to the Board whether or not the stockholder nominee should be nominated by the Board and included in our proxy statement. These criteria are described below in the description of the Nominating and Corporate Governance Committee on page 13. The nominee must be willing to provide a written questionnaire, representation and agreement, if requested by us, and any other information reasonably requested by the Nominating and Corporate Governance Committee in connection with its evaluation of the nominee's independence.

Communications with the Board or Non-Management Directors

Interested parties who wish to communicate with our Board of Directors or with non-management directors may send their communications in writing to our Corporate Secretary, 7171 Southwest Parkway, M/S 100, Austin, Texas 78735 or send an email to Corporate.Secretary@amd.com. Our Corporate Secretary will forward all of these communications to our Chairman of the Board.

The Board of Directors unanimously recommends that you vote FOR each of the director nominees. Unless you indicate otherwise, your proxy will vote FOR the proposed nominees.

Table of Contents

CORPORATE GOVERNANCE

The Board of Directors has adopted Principles of Corporate Governance (the Principles) to address significant corporate governance issues. The Principles provide a framework for our corporate governance matters and include topics such as Board and Board committee composition and evaluation. The Nominating and Corporate Governance Committee is responsible for reviewing the Principles and reporting and recommending any changes to the Principles to the Board of Directors.

Independence of Directors

The Principles provide that a substantial majority of the members of the Board must meet the criteria for independence as required by applicable law and the listing standards of the NYSE. No director qualifies as independent unless the Board of Directors determines that the director has no direct or indirect material relationship with us. On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire which requires disclosure of any transactions with us in which the director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. We also review our relationship to any entity employing a director or on which the director currently serves as a member of the Board of Directors. Our Board of Directors has determined that all directors who served during our 2009 fiscal year and all of our director nominees, other than Mr. Meyer and Mr. Al Muhairi, are independent in accordance with SEC and NYSE rules.

In determining that Mr. Conway is independent, the Board considered our payments to each of Pegasystems Inc. and Salesforce.com in the last three fiscal years. Mr. Conway is a member of the board of directors of each of Pegasystems Inc. and Salesforce.com. In determining that Mr. Donofrio is independent, the Board considered payments to IBM by AMD and GLOBALFOUNDRIES in the last three fiscal years. Mr. Donofrio was employed by IBM until September 2008, most recently as Executive Vice President, Innovation and Technology. However, he did not become a member of our Board of Directors until November 2009. In determining that Ms. Eberhart is independent, the Board considered payments we made to PRTM Management Consultants for services in the last two fiscal years. Ms. Eberhart's son is an employee of PRTM Management Consultants. However, he is not an executive officer, and he was not involved in providing consulting services to us. In considering whether Mr. Palmer is independent, the Board considered Mr. Palmer's service on the GLOBALFOUNDRIES board of directors from March 2009 through January 2010. The Board concluded that there are no business relationships that are material or that would interfere with the exercise of independent judgment by any of the independent directors in his or her service on our Board of Directors or the Audit and Finance Committee.

Board Leadership Structure

Mr. Claflin, who is independent in accordance with SEC and NYSE rules, is our Chairman of the Board. Our Chairman presides at meetings of our stockholders and directors and leads the Board in fulfilling its responsibilities. For the reasons set forth below, the Board of Directors has determined that its current leadership structure, including an independent Chairman of the Board, is appropriate at the present time and allows the Board to fulfill its duties effectively and efficiently based on AMD's current needs. Historically, our Board of Directors relied on a lead independent director who worked with our Chief Executive Officer who was also the Chairman of the Board. However, with the transition to a new Chief Executive Officer in 2008 and with the retirement of our Executive Chairman and Chairman of the Board in March 2009, our Board of Directors determined that it was appropriate to appoint an independent Chairman of the Board. Our new Chief Executive Officer was assuming his position at time when the PC industry was facing its worst recession in history, and AMD was experiencing a number of financial and operational challenges. In addition, during 2009 our Chief Executive Officer was managing an array of strategic, yet time-consuming, initiatives. At the same time, our Board was pursuing a number of governance initiatives in order to optimize our practices and assure that we factored into account the changing landscape of stockholder rights as well as SEC and NYSE pronouncements. This resulted in adjusting the roles of our Board committees, changing the chairs of these committees and recruiting new members to our Board. Given the time-consuming

nature of these and other

Table of Contents

Board activities, we believe that at this time they are best left to a dedicated, independent Chairman. However, if circumstances change in the future, our Board of Directors may revert to a structure that relies on a lead independent director who works with our Chief Executive Officer who is also Chairman of the Board.

Risk Oversight

The Board of Directors is actively involved in overseeing risk management for AMD. This oversight is conducted primarily through committees of the Board. The Board receives full reports from each committee chair regarding the committee's considerations and actions.

The Audit and Finance Committee reviews the Company's portfolio of risk, discusses with management significant financial risks in conjunction with enterprise risk exposures, the Company's policies with respect to risk assessment and risk management and the actions management has taken to limit, monitor or control financial and enterprise risk exposure. The Audit and Finance Committee meets with the director of our Internal Audit department to discuss any issues that she believes warrant attention. The director of our Internal Audit Department reports directly to the Chair of the Audit and Finance Committee and dotted-line to our Chief Financial Officer and serves a staff function for the Audit and Finance Committee.

The Compensation Committee oversees risk management as it relates to our compensation plans, policies and practices in connection with structuring our executive compensation programs and reviewing our incentive compensation programs for other employees and has reviewed with management whether our compensation programs may create incentives for our employees to take excessive or inappropriate risks which could have a material adverse effect on the Company.

The Nominating and Corporate Governance Committee adopted a framework for the oversight of enterprise risk pursuant to which it works with management to identify, categorize and evaluate enterprise risks, and also to develop risk mitigation and response strategies.

Majority Vote Standard

Our directors are elected using a majority vote standard with respect to uncontested elections. The standard requires each director to receive the affirmative vote of a majority of the votes cast to be elected. A majority of the votes cast means that the number of votes cast for a director must exceed the number of votes cast against that director. In contested elections, where the number of nominees exceeds the number of directors to be elected, the vote standard will be a plurality of votes cast. Each incumbent director has submitted a written resignation to the Board which will be effective if he/she does not receive a majority of the votes cast and the resignation is accepted by the Board.

Code of Ethics

The Board of Directors has adopted a code of ethics that applies to all directors and employees entitled, Worldwide Standards of Business Conduct, which we designed to help directors and employees resolve ethical issues encountered in the business environment. The Worldwide Standards of Business Conduct covers topics such as conflicts of interest, compliance with laws, fair dealing, protecting AMD property and

Edgar Filing: ADVANCED MICRO DEVICES INC - Form DEF 14A

confidentiality of AMD information and encourages the reporting of any behavior not in accordance with the Worldwide Standards of Business Conduct.

The Board of Directors has also adopted a Code of Ethics for the Chief Executive Officer, the Chief Financial Officer, the Corporate Controller and all other senior finance executives. The Code of Ethics covers topics such as financial reporting, conflicts of interest and compliance with laws, rules, regulations and our policies.

The Board of Directors held eight regularly scheduled and special meetings during fiscal 2009. All directors attended at least 75 percent of the meetings of the Board of Directors and Committees of the Board in fiscal 2009. Effective March 2, 2009, the Board has an Audit and Finance Committee, a Nominating and Corporate Governance Committee and a Compensation Committee. Before March 2, 2009, the Board had Audit, Nominating and Corporate Governance, Compensation and Finance Committees. The members of the Committees and their Chairs are selected by the Nominating and Corporate Governance Committee and then appointed by the Board. Sessions of the non-management directors were held six times in fiscal 2009, and one of these sessions was comprised of only independent, non-management directors.

Audit and Finance Committee. The functions of the Audit and the Finance Committees were combined on March 2, 2009. The Audit and Finance Committee consists of Dr. W. Michael Barnes, as Chair, Mr. John E. Caldwell and Mr. Robert B. Palmer. Before March 2, 2009, the Audit Committee consisted of Ms. H. Paulett Eberhart, as Chair, Dr. W. Michael Barnes, Mr. Bruce L. Claflin and Mr. Morton L. Topfer. Mr. Topfer retired from the Board on July 30, 2009. The Board of Directors determined that each of the current and former committee members are financially literate and independent under the applicable SEC and NYSE rules. Through March 2, 2009, the Board of Directors designated Ms. Eberhart an audit committee financial expert. From March 2, 2009, the Board of Directors designated Dr. Barnes and Mr. Caldwell as audit committee financial experts. The Audit and Finance Committee assists the Board with its oversight responsibilities regarding the integrity of our financial statements, our compliance with legal and regulatory requirements, risk assessment and the performance of our internal audit function. The Audit and Finance Committee is also directly responsible for the appointment, independence, compensation, retention and oversight of the work of the independent registered public accounting firm, which reports directly to the Audit and Finance Committee. Beginning March 2, 2009, the Audit and Finance Committee also assists the Board by reviewing and making recommendations to the Board about our financial affairs and policies and the nature and structure of major financial commitments. The Audit and Finance Committee meets alone with our senior management, our financial, legal and internal audit personnel, and with our independent registered public accounting firm, which has free access to the Audit and Finance Committee. The director of our Internal Audit Department reports directly to the Chair of the Audit and Finance Committee and dotted-line to our Chief Financial Officer and serves a staff function for the Audit and Finance Committee. The Audit and Finance Committee held 13 meetings during fiscal 2009. All members of the Audit and Finance Committee attended at least 75 percent of the meetings of the Audit and Finance Committee in fiscal 2009.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Mr. Bruce L. Claflin, as Chair, Dr. W. Michael Barnes, Mr. John E. Caldwell, Mr. Frank M. Clegg, Mr. Craig A. Conway, Mr. Nicholas M. Donofrio, Ms. H. Paulett Eberhart and Mr. Robert B. Palmer, each determined by the Board of Directors to be independent under the applicable SEC and NYSE rules. Mr. Palmer served as Chair of the Committee until March 2, 2009. Since March 2, 2009, Mr. Claflin has served as Chair of the Committee. The Nominating and Corporate Governance Committee assists the Board in discharging its responsibilities regarding the identification of qualified candidates to become Board members, the selection of nominees for election as directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected), the selection of candidates to fill any vacancies on the Board, the development and recommendation to the Board of corporate governance guidelines

and principles, including the Principles, oversight of the evaluation of the Board and management and oversight of enterprise risk. The Nominating and Corporate Governance Committee retains a search firm for the purpose of obtaining information regarding potential candidates for Board membership.

The Nominating and Corporate Governance Committee met four times in fiscal 2009. The Nominating and Corporate Governance Committee met once during 2010 to consider director nominees for the 2010 Annual Meeting and other corporate governance matters. In evaluating candidates to determine if they are qualified to become Board members, the Nominating and Corporate Governance Committee looks principally for the following attributes: personal and professional character, integrity, ethics and values; general business experience and leadership profile, including experience in corporate management, such as serving as an officer or former officer of a publicly held company; strategic planning abilities and experience; aptitude in accounting and finance; expertise in domestic and international markets; experience in our industry and with relevant social policy concerns; understanding of relevant technologies; expertise in an area of our operations; communication and interpersonal skills; and practical and mature business judgment. The Nominating and Corporate Governance Committee also considers Board members and nominees' service on the Board of other public companies. Although we do not have a formal diversity policy, to foster and maintain a diversity of viewpoints, backgrounds and experience on the Board, the Committee evaluates the mix of skills and experience of the directors and assesses nominees and potential candidates in the context of the current composition of the Board and the requirements of the Company. Although the Nominating and Corporate Governance Committee uses these and other criteria to evaluate potential nominees, there are no stated minimum criteria for nominees. The Nominating and Corporate Governance Committee uses the same standards to evaluate all director candidates, regardless of who proposes them. All members of the Nominating and Corporate Governance Committee attended at least 75 percent of the meetings of the Nominating and Corporate Governance Committee in fiscal 2009. Mr. Conway and Mr. Donofrio attended all of the meetings of the Nominating and Corporate Governance Committee since their respective appointments to the Committee.

Compensation Committee. The Compensation Committee consists of Ms. H. Paulett Eberhart, as Chair, Mr. Frank M. Clegg, Mr. Craig A. Conway and Mr. Nicholas M. Donofrio. Mr. Conway was appointed to the Compensation Committee in October 2009, and Mr. Donofrio was appointed to the Compensation Committee in February 2010. Before March 2, 2009, the Compensation Committee consisted of Mr. Bruce L. Claflin, as Chair, Mr. Frank M. Clegg, Mr. Robert B. Palmer and Mr. Morton L. Topfer. The Board determined that each of the current and the former members of the committee are independent under the applicable SEC and NYSE rules. During fiscal 2009, the Compensation Committee met nine times. The Compensation Committee assists the Board in discharging its responsibilities relating to the compensation of all Section 16 officers and members of the Board and of all other employees as delegated from time to time by the Board of Directors. In consultation with management, the Board and the Compensation Committee's compensation consultant, the Compensation Committee designs, recommends to the Board for approval and evaluates employment, severance and change of control agreements and our compensation plans, policies and programs with respect to our Section 16 officers. The Compensation Committee ensures that compensation programs are designed to encourage high performance, promote accountability and align employee interests with the Company's strategic goals and with the interests of our stockholders. The Compensation Committee also oversees risk management as it relates to our compensation plans, policies and practices in connection with structuring our executive compensation programs and reviewing our incentive compensation programs for other employees. All members of the Compensation Committee attended at least 75 percent of the meetings of the Compensation Committee in fiscal 2009. Mr. Conway and Mr. Donofrio attended all of the meetings of the Compensation Committee since their appointment to the Committee.

Former Finance Committee. Before March 2, 2009, the Finance Committee consisted of Dr. W. Michael Barnes, as Chair, Ms. H. Paulett Eberhart and Mr. John E. Caldwell. During fiscal 2009, the Finance Committee met one time. The Finance Committee assisted the Board by reviewing and making recommendations to the Board about our financial affairs and policies and the nature and structure of major financial commitments. The Finance Committee's functions were combined with those of the Audit Committee and it was dissolved on March 2, 2009.

Our directors play a critical role in guiding our strategic direction and overseeing our management. In order to compensate them for their substantial time commitment, we provide a mix of cash and equity-based compensation. In order to align the long-term interests of our directors with those of stockholders, a substantial portion of director compensation is provided in the form of equity. We do not provide pension or retirement plans for non-employee directors. Our employee director, Derrick R. Meyer, does not receive separate compensation for Board service.

Determining Director Compensation. In 2009, Semler Brossy Consulting Group, LLC (Semler Brossy) advised the Compensation Committee on a variety of compensation-related issues, including Board member compensation levels. To assist the Board in its annual review of director compensation, the Compensation Committee engaged Semler Brossy to review the director peer group, which was compiled by Mercer (US) Inc. (Mercer) in 2008, as a factor for determining Board compensation. No changes were made to the director peer group in 2009. The director peer group consists of companies within the semiconductor, graphics and technology sectors generally considered comparable to AMD. The director peer group consists of the following companies:

Agilent Technologies, Inc.

Equity Grant. Non-employee directors also participate in our 2004 Plan. Effective May 3, 2007, our director equity compensation policy provides that non-employee directors' initial annual equity awards shall be made in the form of RSUs. Pursuant to the policy, as revised in February 2009, at each annual meeting of our stockholders, provided that the director has served on the Board for at least six months prior to the annual meeting, a non-employee director would be granted RSUs having a value equal to \$225,000 divided by the lesser of (i) the trailing average closing trading prices of our common stock for the 180-day period preceding and ending with the date of the RSU grant or (ii) such number of RSUs as the Board may determine based on additional criteria such as business conditions and/or company performance, outside director compensation practices at peer companies and advice from outside compensation consultants. Prior to February 2009, the policy provided that at each annual meeting of our stockholders, provided that the director had served on the Board for at least six months prior to the annual meeting, a non-employee director would be granted RSUs having a value equal to \$225,000 divided by the trailing average closing trading prices of our common stock for the 180-day period preceding and ending with the date of the RSU grant. The number of RSUs was limited so that in no event would each annual grant be for greater than 125% or less than 75% of the prior year's number of granted RSUs.

New non-employee directors appointed to the Board other than at an annual meeting of our stockholders become entitled to an initial RSU grant equal to the RSU grant made to each non-employee director at the immediately preceding annual meeting of our stockholders. Pursuant to this policy, Mr. Al Muhairi was granted RSUs covering 15,625 shares when he was appointed to the Board in March 2009. However, he did not receive an additional grant in May 2009 because he had not served on the Board for six months at the time of the grant. The non-employee directors' RSUs vest in equal one-third installments over three years from the date of grant. In addition, each director may defer the issuance of the underlying shares subject to the RSUs until the termination of his or her directorship.

Upon his appointment as Chairman of the Board, Mr. Claflin was granted RSUs covering 34,500 shares as compensation for his service in that role through the first quarter of 2009. He was granted additional RSUs covering 125,000 shares in May 2009 as compensation for his service as Chairman through the 2010 annual stockholder meeting.

Acceleration of Vesting. In the event of a change of control of AMD, all of the non-employee directors' equity compensation awards will become fully vested. In addition, pursuant to our outside director equity compensation policy, in the event of the termination of a non-employee director's service to the Board as a result of death, disability or retirement, all of the non-employee director's equity compensation awards will become fully vested, provided that the non-employee director served as a member of the Board for at least three years prior to the date of termination and the non-employee director satisfied our equity ownership guidelines during his or her service as a Board member. When Mr. Topfer retired from the Board in July 2009, all of his equity awards became fully vested pursuant to this policy.

Other Benefits. We reimburse the directors for their travel and related expenses in connection with attending Board meetings and Board-related activities, such as AMD site visits and sponsored events, as well as for continuing education programs.

Stock Ownership Guidelines. Under our stock ownership guidelines, each non-employee director was required to acquire and hold, within five years of the establishment of the stock ownership guidelines in 2004, or being elected to the Board, 50% of the number of shares that constituted their annual grant of stock options following re-election, or 12,500 shares. In February 2008, we amended our stock ownership guidelines to increase the stock ownership requirement for non-employee directors to 15,000 shares. The time frame for compliance was extended to five years from the establishment of the new guidelines, which is the first quarter of 2013, or five years from the director's first appointment to the Board. In October 2009, we amended our stock ownership guidelines to increase the stock ownership for the Chairman of the Board to 37,500 shares. As of December 26, 2009, all directors were on target to meet their ownership guideline within the appropriate time frame.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of 2009

Fiscal 2009 was a transformational year in which our Company emerged with a new business model focused on semiconductor design that leverages our technology portfolio of x86 microprocessor and graphics technologies. The credit market crisis and other macro-economic challenges that affected the global economy in 2008 continued and contributed to a challenging business environment for AMD during the first half of 2009. In particular, due to the credit markets and the reduced leverage in the economy, both business and consumer spending, including with respect to end-user products that incorporate our products, was at depressed levels during the first half of 2009. In light of the economic environment, one of our key priorities entering 2009 was to preserve cash and reduce operating expenses. To that end, in the first quarter of 2009 we continued to implement the cost reduction activities that we began in 2008 through additional headcount reductions, temporary salary reductions and suspension of certain employee benefits. During 2009 we also decreased our capital expenditures to \$466 million compared to \$621 million in 2008 and reduced our manufacturing output in order to control our inventory levels. In March 2009 we formed GLOBALFOUNDRIES, Inc., a manufacturing joint venture to which we contributed our front-end manufacturing assets, thereby significantly decreasing the cost-intensive burden of building and operating our own fabrication facilities.

In the second half of 2009 end user PC demand stabilized. In an improving global macroeconomic environment, we saw increased customer and end user demand for our products. During this time we delivered visually-rich platforms, higher-performance six-core server processors and industry-leading graphics products. We also settled the AMD-Intel lawsuit in November 2009, resulting in a new patent cross-licensing agreement, unprecedented ground-rules for fair competition in the microprocessor industry and a cash settlement of \$1.25 billion for AMD. Further, we made significant progress in improving our balance sheet by significantly reducing our debt.

Consistent with the economic environment and the progress discussed above, the Compensation Committee took the following key compensation actions during 2009:

Reduction of Base Salaries. In light of the challenging business environment during early 2009, as discussed above, the Compensation Committee approved, effective as of February 2009, a temporary 20% decrease to Mr. Meyer's and Dr. Ruiz's base salaries and a temporary 15% decrease to the other Named Executive Officers' base salaries, other than Mr. Seifert (who joined AMD in October 2009). Our Named Executive Officers, or NEOs, are set forth in the Summary Compensation Table on page 41.

Annual Incentive Plan. In light of the challenging business environment, a decision was made not to fund the Annual Incentive Plan in 2009 and no bonuses were paid under the Annual Incentive Plan to any NEOs for 2009.

Restoration of Base Salaries. Due to the improving global macroeconomic environment and our progress in improving our financial performance in the fourth quarter of 2009, the Compensation Committee approved, effective as of November 2009, a restoration of base salaries to pre-reduction levels, and in February 2010, the Compensation Committee approved a one-time payment to restore the full salary for the September through November 2009 period to all AMD employees, including NEOs, who participated in the salary reduction during that time.

Compensation Committee

Edgar Filing: ADVANCED MICRO DEVICES INC - Form DEF 14A

The Compensation Committee regularly reviews the alignment of AMD's compensation programs with the strategy and needs of the business, market trends, changes in competitive practices and linkage with the interests of stockholders. Based on those reviews, the Compensation Committee makes specific decisions as well as recommendations to the Board of Directors with respect to the compensation of AMD's officers, including base salary, annual incentives, long-term incentives, and benefits and perquisites.

Table of Contents

In 2009, the Compensation Committee retained Semler Brossy as its consultant in order to get objective, expert advice. Semler Brossy was selected as the consultant to the Compensation Committee in 2008 after an interview process with several compensation consulting firms. The Compensation Committee requested Semler Brossy to advise it on a variety of compensation-related issues, including:

Compensation strategy development;

Officer pay levels;

Board of director pay levels;

Peer group review;

Stock ownership guidelines for management and Board members;

The Compensation Discussion and Analysis report; and

The Compensation Committee agenda and annual calendar.

In the course of conducting its activities, Semler Brossy attended six meetings of the Compensation Committee and presented its findings and recommendations for discussion. During the course of the year, Semler Brossy met with management to obtain and validate data and review materials.

Semler Brossy, in its capacity as an independent advisor to the Compensation Committee, does not provide any services to AMD or earn any money from AMD outside of its support to the Compensation Committee. In addition to input from Semler Brossy, the Compensation Committee also considered other external perspectives, such as perspectives of shareholder advisory groups and legislators, feedback from human resources and input from management.

The Compensation Committee charter includes an overview of the membership, purpose, goals and responsibilities, structure and operations of the Compensation Committee and is available at www.amd.com or by contacting AMD's Corporate Secretary. Information contained on the AMD website is not incorporated by reference in, or considered to be a part of, this document.

Compensation Program

The commentary below is intended to answer the following questions regarding AMD's compensation programs for our NEOs:

What are the objectives of our compensation programs?

What is the compensation program designed to reward?

What is each element of compensation?

Why do we choose to pay each element?

How do we determine the amount (and where applicable, the formula) for each element?

How do each element and our decisions regarding that element fit into our overall compensation objectives and affect decisions regarding other elements?

Pay Objectives, Philosophy and Design Principles

The Compensation Committee's compensation philosophy is to provide compensation and benefit programs that enable us to attract, retain and motivate high caliber employees, provide significant opportunity to reward superior individual and Company performance and to support career development and succession goals.

To implement this philosophy, the Compensation Committee has established the following principles:

Link rewards to achievement of business objectives;

Table of Contents

Encourage NEO equity ownership to align NEO interests with the interests of stockholders;

Provide significant rewards for significant performance and support career development and succession goals;

Manage pay structure and programs globally, while recognizing local market practices and conditions;

Reflect a total rewards perspective, balancing fixed and variable pay;

Provide an appropriate return on investment on the overall program spending; and

Provide a balanced approach to performance measurement and pay delivery which avoids misaligned incentives for individuals to undertake excessive or inappropriate risk.

In designing and implementing the elements of compensation for NEOs, the Compensation Committee considers several foundational factors to guide specific compensation decisions.

Factor

Discussion

Competitive compensation is crucial in attracting, retaining and motivating high caliber employees.

The Compensation Committee annually reviews market compensation levels to determine whether the total compensation opportunity for its NEOs remains competitive in the market and makes adjustments when needed. For 2009, this assessment included evaluation of base salary, annual incentives and long-term incentives against appropriate market pay references, which reflect both publicly-available data from a peer group of high-technology companies and published survey data on compensation in the high-technology industry as detailed in the Towers Perrin Compensation Databank Executive Compensation survey. The peer group and the Towers Perrin survey group are described below. In addition, benefits such as health benefits, the 401(k) retirement program and perquisites are regularly assessed relative to the market. The Compensation Committee also takes into account our internal financial business plan as approved by the Board in determining our performance targets for incentive plans and to assess appropriate payout levels for performance.

In addition to considering market compensation levels, we consider Company and individual performance, as well as each NEO's impact and scope within AMD. We provided our Chief Executive Officer with greater compensation than that provided to other NEOs to reflect his relative responsibility and importance to the organization. Differences in compensation among the Chief Executive Officer and the other NEOs also reflect observed differences in compensation among similarly situated executive officers in the market.

The basis for selection of companies in the peer group included such factors as revenue, industry and competitive landscape. The 2008 peer group was evaluated with the assistance of Semler Brossy in 2009 and no changes were made at that time.

Revenue Peer companies should be comparable to AMD. The median revenue of the peer group closely approximates AMD, and peer company revenues generally range from one-half to two times AMD's revenues. Intel is oversized relative to the other peer companies and AMD, but we include Intel

in the group given its dominant industry position.

Industry Peer companies should be within comparable industry sectors.

Competitive Landscape Peer companies should be competing with AMD for executive talent.

Corporate objectives may not always be consistent with the requirements for full deductibility. Total Compensation: In aggregate, the key elements of compensation below provide for an emphasis on performance and at-risk pay, with a significant upside based on exceptional Company and individual performance. Based on Company and individual performance, the aggregate target is between the 50th and 75th percentiles of the market although actual aggregate compensation may vary significantly depending on Company and individual performance. Generally, compensation decisions are normally made at the first and second regularly scheduled Compensation Committee meetings of the fiscal year. Annual Incentive Plan targets and performance goals are approved at the Compensation Committee meeting shortly after the commencement of the applicable performance period, the intent of which is to ensure compliance with Section 162(m) of the Code regarding performance-based pay. Stock option, restricted stock unit, and base salary decisions are approved at the second Compensation Committee meeting of the fiscal year, following the annual review of individual performance and competitive market data, to ensure consistency with the rest of AMD.

Elements of Compensation: AMD’s NEO compensation program is comprised of several components. The combination and allocation of the components and the amount of each component is influenced by the role of the NEO in AMD, including scope of the job and the impact the role has on the organization, market practices, the total value of all the compensation, benefits and perquisites available to the person, past earnings and the employment contract with our President and CEO. The Compensation Committee reviews and considers each component for each NEO before making compensation decisions. In accordance with the Compensation Committee’s compensation philosophy, a majority of the total compensation paid to NEOs is comprised of incentive compensation that is at-risk, or performance-based. In supporting this philosophy, realized pay to our NEOs is closely aligned to stockholder appreciation.

Presented below is summary information about each pay element of compensation:

Pay Element	Key Objective and Role of Pay Element	Basis of Design
Base Salary	Salaries are provided to NEOs as compensation for day-to-day responsibilities and services to AMD and to meet the objective of attracting and retaining the key talent needed to run the business. Salaries provide a consistent cash flow to employees assuming acceptable levels of performance and ongoing employment.	NEO salaries are based on an analysis of competitive salary levels within AMD’s pay peer groups, overall company budgets, individual performance, experience, potential and internal equity. The Compensation Committee annually reviews NEO performance and market compensation levels in order to determine an appropriate level of base salary for the year. In addition, the Compensation Committee considers the input of the CEO in determining appropriate base salary increases for the other NEOs. To reduce operating expenses the Compensation Committee approved (i) a temporary 20% decrease to Mr. Meyer’s and Dr. Ruiz’s base salaries and (ii) a temporary 15% decrease to the other NEOs’ base salaries, effective as of February 2009. The Compensation Committee approved the restoration of base salaries to pre-reduction levels effective in November 2009. Mr. Seifert, who joined AMD in October 2009, was not affected by the reduction or restoration of base salaries.

<u>Pay Element</u>	<u>Key Objective and Role of Pay Element</u>	<u>Basis of Design</u>
Annual Incentive Plan	<p>The use of this plan is intended to focus participants on generating profitability, both through maximizing revenues and controlling costs.</p> <p>The Annual Incentive Plan (AIP) is a cash-based incentive plan intended to provide compensation other than fixed pay (e.g., base salary and benefits) and long-term pay (e.g., equity-based plans) and designed to encourage NEOs and other participants to focus on short-term (annual) targets.</p>	<p>In February 2010, the Compensation Committee approved a one-time payment to restore the full salary for the September through November 2009 period to all AMD employees, including NEOs, who participated in the salary reduction during that time. The restoration of base salaries to pre-reduction levels and the one-time payment were approved by the Compensation Committee in light of AMD's improved financial condition and broader macroeconomic conditions, as discussed in the Overview of 2009 section above.</p> <p>Other than restoration of base salaries to pre-reduction levels, no NEO received a base salary increase in 2009.</p> <p>Mr. Seifert joined AMD in October 2009. Mr. Seifert's compensation package was evaluated in the context of both internal and external peers, as well as Mr. Seifert's most recent compensation package at his former employer. The external peer evaluation considered compensation paid to chief financial officers at the peer group companies, as well as data from the Towers Perrin Compensation Databank. These are the same data sources used to inform compensation decisions for our other NEOs. The internal peer evaluation considered compensation paid to other AMD senior executives to ensure internal equity.</p> <p>The annual payout of the AIP is determined by the achievement of objectives over two six-month performance periods (i.e., January to June and July to December), subject to the application of negative discretion by the Compensation Committee. The Compensation Committee believes that the high volatility of AMD's industry necessitates using achievement of objectives over two six-month performance periods because they more accurately link pay with performance.</p> <p>With consideration to the economic environment and AMD's operating plan for fiscal 2009, a decision was made not to fund the AIP for 2009; therefore, no bonus awards were paid for 2009 under the AIP.</p>

Individual Bonus Plans	Individual bonus plans are implemented by AMD in certain cases to incentivize individual results. Persons with individual bonus plans are not eligible to participate in the AIP.	Mr. Ghilardi assumed the role of chief sales officer in January 2009. With the objective of focusing Mr. Ghilardi on transforming the effectiveness of the sales organization, he participated in an individual incentive plan for 2009. Mr. Ghilardi's bonus opportunity was tied to the achievement of key company-wide corporate financial measures (35% on AMD revenue-based targets and 35% on contribution margin) and to a qualitative component based on subjective evaluations of Mr. Ghilardi's achievement of a number of pre-established factors as assessed by the Company's CEO and the Compensation Committee (remaining 30%).

The individual plan was designed to drive profitable sales for AMD, influence the transformation of the sales organization, and align the incentives for Mr. Ghilardi with stockholder interests. His target bonus opportunity is 150% of base salary. For purposes of calculating the bonus, the amount of Mr. Ghilardi's base salary was determined at the end of each performance period (i.e., for the first half of fiscal 2009, Mr. Ghilardi's base salary was \$493,000 and for the second half of fiscal 2009, Mr. Ghilardi's base salary was \$580,000). The revenue targets for 2009 (which were based on AMD's revenue, adjusted for the revenue attributable to business units that were not impacted by Mr. Ghilardi's performance) are shown in the table below.

	Revenue
	(in millions)
First Half 2009	\$2,188
Second Half 2009	\$2,748

Generally, contribution margin was based on AMD's gross margin (excluding gross margin attributable to the Foundry segment), adjusted for underutilization and any inventory-related reserves, less certain sales, marketing and non-recurring engineering expenses. Since the specific contribution margin targets are highly confidential, we do not publicly disclose these targets. Disclosing the contribution margin targets would provide competitors and other third parties with insights into AMD's internal confidential strategic and planning processes, sales and marketing budgets and other confidential matters, which might allow our

		<p>competitors to predict certain business strategies, thereby causing competitive harm. The contribution margin targets were positioned to be aggressive, but achievable.</p> <p>The portion of Mr. Ghilardi's bonus tied to the company-wide corporate financial measures (70% in aggregate) was determined based on the level of achievement of the aggregate revenue and contribution margin targets, as shown in table below.</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th style="text-align: center;">Achievement of Revenue and Contr. The achievement of revenue and contribution margin targets for first half 2009 was 96.90% and for second half 2009 was 106.70%, for a performance payout percentage of 93.82% of target (or \$242,830) and 133.49% of target (or \$406,472), respectively.</p> <p>The Compensation Committee determined Mr. Ghilardi's final bonus amounts. Based on the revenue and contribution margin performance and payout percentages discussed above and the subjective evaluation of Mr. Ghilardi's achievement of pre-established factors, Mr. Ghilardi earned a bonus of \$897,252 for 2009.</p>	Achievement of Revenue and Contr. Sign-on Bonus	Sign-on bonuses are provided to certain individuals as a part of individual negotiations during the hiring process to encourage the individual to accept employment with AMD.	<p>Mr. Seifert and Mr. Ghilardi both entered into sign-on bonus agreements. Mr. Seifert received \$150,000 and Mr. Ghilardi received \$250,000 as a one-time sign-on bonus. Mr. Ghilardi's sign-on bonus was partially intended to offset relocation costs, including the sale of his home in Switzerland and the purchase of a new home in Texas.</p> <p>Pursuant to the respective sign-on bonus agreement, if Mr. Seifert or Mr. Ghilardi terminates his employment with AMD or AMD terminates his employment for any reason other than a reduction of force, (i) within 13 months, the agreement provides for repayment of 100% of the bonus, or (ii) after 13 months but less than 24 months, the agreement provides that for each full month of employment completed after the twelfth month of employment, 8.33% of the bonus is not required to be repaid.</p>

Long-Term Incentive Compensation: During fiscal 2009, we utilized two types of long-term incentive programs for NEOs, each having specific objectives as described below. Each of the two vehicles comprises approximately one-half of the value of the long-term incentive awards at time of grant for NEOs.

Pay Element	Key Objective and Role of Pay Element	Basis of Design
Stock Options	The objective and role of granting stock options are to create long-term incentive and to align NEO interests with stockholders interests because there is no financial gain to an NEO unless our stock price appreciates.	Stock options are granted with exercise prices set at 100% of the fair market value of AMD's common stock on the date of grant. Generally, stock options vest ratably over three years and expire after seven years. Pursuant to his Offer Letter Agreement, Mr. Seifert was granted an option to purchase 250,000 shares of the Company's common stock at an exercise price equal to the closing price of AMD's common stock on the date of the grant. The shares will vest over a 36-month period from date of grant: 33.3% on November 15, 2010 and then 8.3% every three months over the next 24 months, assuming Mr. Seifert's continuous active service with the Company. See Size of Stock Option and Restricted Stock Unit Awards section below for a more detailed discussion of how the Compensation Committee decided on the size of the stock option award pursuant to the Offer Letter Agreement. Please see the Grants of Plan-Based Awards in 2009 table below for further details of each NEO's respective stock option grants.
Restricted Stock Units (RSUs)	The objective and role of RSUs are to recognize the highly cyclical nature of our business, recognize individual performance, encourage employee retention, manage dilution and provide a long-term incentive that is strongly aligned with stockholders interests, while aligning the potential value of the award to the overall AMD market value. The Compensation Committee believes that the use of RSUs offers the NEOs a competitive and stable level of equity-based compensation.	Generally, RSUs vest ratably over three years. Pursuant to his Offer Letter Agreement, Mr. Seifert was granted 125,000 RSUs. The RSUs will vest 33.3% on each of November 9, 2010, November 9, 2011 and November 9, 2012, assuming Mr. Seifert's continuous active service with AMD. See Size of Stock Option and Restricted Stock Unit Awards section below for a more detailed discussion of how the Compensation Committee decided on the size of the restricted stock unit award pursuant to the Offer Letter Agreement. Please see the Grants of Plan-Based Awards in 2009 table below for further details of each NEO's respective RSU grant.

Table of Contents**Size of Stock Option and Restricted Stock Unit Awards**

RSUs were approved by the Compensation Committee and granted in May 2009. The number of stock options approved by the Compensation Committee in May 2009 was based on a number of factors, such as market data, our current common stock price, the available share pool and in consideration of acceptable burn rate limits. Such stock options are granted in four separate installments at predetermined dates over the next 12 months on May 15, August 15, November 15 and February 15. As the grant dates are predetermined, no discretion is applied as to when the options are granted. The Compensation Committee believes that granting stock options in four separate installments over the year incentivizes employees throughout the year. Further, the distribution of the option grant dates in separate installments allows such options to be priced throughout the year, thereby resulting in option grants that, in the aggregate, reflect less volatility and a more accurate stock price of the Company.

Prior to approving the grants, the Compensation Committee conducts an assessment of competitive market data (peer group data and market survey data), as well as Company and executive performance. The Compensation Committee considers target award levels, affordable annual share usage and overall stockholder dilution when determining the size of each NEO's long-term incentive award. Further, the Compensation Committee uses its discretion and judgment, taking into consideration competitive market data, Company and executive performance and relative internal positioning to determine the actual long-term incentive award for the individual NEOs. One-half of the value of the long-term incentive award is awarded in the form of stock options. The other one-half of the value of the long-term incentive award is awarded in RSUs, using a 2 to 1 stock option to RSU ratio. The number of stock options and RSUs is determined by using the Binomial option pricing model and using the 180-day trailing average stock price as a guide, which helps reduce the impact of short-term share price volatility. The Compensation Committee believes that using the 180-day trailing average stock price results in a more accurate stock price of the Company.

Stock Ownership Guidelines. The purpose of the stock ownership guidelines is to strengthen the alignment of NEO interests with stockholder interests and to increase visibility of NEO stock ownership. All officers subject to the filing requirements of Section 16(a) of the Securities Exchange Act of 1934 are subject to stock ownership guidelines. In 2008, the stock ownership requirements were raised to current levels: Section 16 officers with the title of Senior Vice President are required to acquire and hold 35,000 shares; Section 16 officers with the title of Executive Vice President are required to acquire and hold 78,125 shares; our President and CEO is required to acquire and hold 312,500 shares. The timeframe for compliance is five years from the establishment of these guidelines in 2008, which is the first quarter of 2013, or five years from becoming a Section 16 officer. As of December 26, 2009, all NEOs were on target to meet their ownership guideline within the appropriate timeframe.

We have a stock trading policy that prohibits NEOs from short sales and buying or selling puts or calls. The stock trading policy establishes that NEOs do not trade in our stock on a short-term basis or purchase our stock on margin (exclusive of the exercise of stock options and the immediate sale of the shares acquired). Although hedging transactions are not expressly prohibited, any hedging must be accomplished in compliance with the stock trading policy.

Other Benefits. We offer additional benefits designed to be competitive with overall market practices, and to attract and retain the talent needed at AMD. All United States salaried employees, including NEOs, are eligible to participate in our U.S. benefit programs, which include a Section 401(k) plan (with Company matching contributions), health care coverage, life insurance, disability, paid time-off and paid holidays, which we believe are generally consistent with industry and market practices. In addition, NEOs are eligible to receive certain other benefits described below. In January 2009, as part of AMD's cost cutting efforts and with the goal of reducing operating expenses and AMD's break-even point, the Compensation Committee temporarily

suspended the Section 401(k) plan Company matching contributions for all employees, effective February 1, 2009. In January 2010, we announced the partial reinstatement of 401(k) plan matching contributions for 2010.

<u>Pay Element</u>	<u>Key Objective and Role of Pay Element</u>	<u>Basis of Design</u>
Deferred Compensation	The deferred compensation plan is intended to assist NEOs in their retirement planning. Additionally, because the plan also provides company restoration contributions, the deferred compensation plan is intended to restore company contributions lost due to IRS limits on the tax-qualified Section 401(k) plan.	In addition to participation in our Section 401(k) plan, NEOs are eligible to participate in a nonqualified deferred compensation program, the Deferred Income Account Plan. The plan allows deferral of up to 50% of salary and up to 100% of commissions and bonuses into selected funds. Earnings on deferrals are based on the performance of the funds selected by participants. NEO contributions and year-end account balances for 2009 can be found in the 2009 Nonqualified Deferred Compensation table. In the event that the NEO participates in our Deferred Income Account Plan, we make a matching contribution to restore a portion of the amount that would have been made absent the IRS limit on the covered compensation amount.
Nonqualified Defined Benefit Arrangements	The nonqualified defined benefit arrangements for Dr. Ruiz and Mr. Rivet were intended to replace former employer benefits that were forfeited upon joining AMD and were necessary inducements at the time of employment in order to attract Dr. Ruiz and Mr. Rivet to AMD.	Dr. Ruiz retired from AMD on March 2, 2009 and pursuant to his employment agreement, dated as of January 31, 2002, Dr. Ruiz received a retirement benefit payment. See 2009 Pension Benefits table in this proxy statement for discussion relating to the retirement benefit. In 2009, pursuant to his retirement benefit agreement, dated December 29, 2007 (and entered into pursuant to the terms of Mr. Rivet's employment agreement, dated September 27, 2000), Mr. Rivet received a lump sum retirement benefit upon reaching age 55. See 2009 Pension Benefits table in this proxy statement for discussion relating to the retirement benefit.

Post-Employment Compensation. Post-employment compensation elements that are not offered to salaried employees in general are summarized below.

<u>Pay Element</u>	<u>Key Objective and Role of Pay Element</u>	<u>Basis of Design</u>
Severance Arrangements	Severance arrangements are entered into by AMD to help assure the retention of the CEO and other NEO's experience, skills, knowledge and background for the benefit of AMD. These arrangements also reinforce and encourage continued attention and dedication to duties without the distraction arising from the possibility of a change in control of AMD and provide the business with a smooth transition in the event of a change in control of AMD. In addition, these arrangements provide the NEOs with a severance amount to help financially ease their transition from AMD.	<p>Dr. Ruiz' employment agreement was entered into pursuant to individual negotiations with the Compensation Committee at the time of Dr. Ruiz' initial employment with AMD. On March 2, 2009, Dr. Ruiz retired from AMD and became the non-voting, non-director Chairman of the Board of GLOBALFOUNDRIES. Dr. Ruiz received a retirement payment of \$4,400,765 from AMD, pursuant to the terms of his employment agreement. In addition, in connection with Dr. Ruiz' significant role in the successful completion of the manufacturing joint venture transaction, Dr. Ruiz was awarded a lump-sum payment of \$3,000,000 (subject to applicable withholdings). For a detailed description of Dr. Ruiz' retirement benefits, please see the Executive Compensation Employment Agreements' section below.</p> <p>On July 17, 2008, we entered into an employment agreement with Derrick R. Meyer, at which time Mr. Meyer succeeded Dr. Ruiz as AMD's Chief Executive Officer. Mr. Meyer is currently our President and Chief Executive Officer. Mr. Meyer's employment agreement was entered into pursuant to individual negotiations with the Compensation Committee. Under Mr. Meyer's employment agreement, in the event of Mr. Meyer's involuntary termination without cause or constructive termination, Mr. Meyer receives certain severance benefits. For a detailed description of Mr. Meyer's severance benefits please see the Executive Compensation Employment Agreements' section below.</p> <p>On December 18, 2008, we entered into an offer letter with Mr. Ghilardi. Mr. Ghilardi's offer letter provides for severance benefits in the event AMD terminates his employment for reasons other than for cause, misconduct, material violation of policy or conflict of interest on or before September 1, 2013. Such severance benefits were provided to Mr. Ghilardi in order to equal the severance</p>

Management Continuity Agreements or Change in Control Agreements	<p>We entered into management continuity agreements or change in control agreements with each of our NEOs, except Dr. Ruiz, designed to encourage their continued services in the event of a change in control. Mr. Meyer's employment agreement supersedes his management continuity agreement.</p> <p>The management continuity or change in control agreements were implemented to allow for a smooth transition in the event of a change in control of AMD and to provide the NEOs with a severance amount to help financially ease their transition from AMD. The management continuity or change in control agreements were implemented also to provide incentives to the NEOs to execute the wishes of the Board, even in the event that the Board of Directors takes an action that may result in the elimination of the NEO's position with AMD. We believe this structure strikes a balance between incentives and executive hiring and retention without providing the benefits to NEOs who continue to enjoy employment with an acquiring company in the event of a change in control.</p>	<p>he would have received under similar circumstances if he had remained employed in Europe with his prior employer and that would have otherwise been forfeited upon joining AMD in the United States and were necessary inducements in order to attract Mr. Ghilardi to AMD. For a detailed description of Mr. Ghilardi's severance benefits please see the Executive Compensation Employment Agreements section below.</p> <p>NEOs will receive certain incremental amounts in the event of termination of employment in connection with a change in control of AMD, as described in the Executive Compensation Change in Control Arrangements section below.</p> <p>AMD is under no contractual obligations with respect to severance with any of the other NEOs other than those described above.</p> <p>For purposes of Dr. Ruiz and Mr. Meyer's employment agreements, the management continuity agreements and the change in control agreements, a change in control includes any change of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, as amended. A change in control is described in the section entitled Executive Compensation Change in Control Arrangements below.</p> <p>The management continuity agreements and change in control agreements provide for termination benefits following a change in control if within two years after the change in control an NEO's employment is terminated or the NEO is constructively discharged. Mr. Rivet and Mr. McCoy entered into their management continuity agreements in 2000 and 1996, respectively. These agreements were amended and restated for Section 409A purposes in 2008. Mr. Ghilardi entered into his change in control agreement prior to his becoming an executive officer. Mr. Seifert entered into his change in control agreement pursuant to his commencement of employment with AMD in 2009.</p> <p>The terms and conditions of the management continuity agreements and</p>

change in control agreements were reviewed by Semler Brossy in 2009. Moreover, at the time an executive officer entered into such an agreement with AMD, the Compensation Committee determined that the agreement design, conditions, and payout amounts were appropriate and competitive within the market.

As discussed above, Mr. Rivet and Mr. McCoy's management continuity agreements were originally entered into in 2000 and 1996, respectively, and amended and restated for Section 409A purposes in 2008, prior to AMD's commitment to the policy of generally not entering into new agreements with excise tax gross up provisions. In unusual circumstances where the Compensation Committee believes that accommodations have to be made to recruit a new executive to AMD, limited reimbursement for taxes payable may be included in such executive's agreement; however, even in such circumstances, the excise tax gross up will be limited to payments triggered by both a change in control and termination of employment and will be subject to a three-year sunset provision. Consistent with such commitment, Mr. Ghilardi's and Mr. Seifert's change in control agreements do not provide for excise tax gross ups.

Further, consistent with Mr. Seifert's change in control agreement, AMD intends that any new change in control agreements shall provide for severance benefits of at most two times (reduced from three times) the sum of base compensation and target annual bonus.

See Executive Compensation Change in Control Arrangements below for a detailed discussion on severance payments and benefits eligible to be received under these agreements.

AUDIT AND FINANCE COMMITTEE REPORT

The Audit and Finance Committee of the Board of Directors consists of Dr. Barnes, as Chair, Mr. Caldwell and Mr. Palmer. Each of the members of the Audit and Finance Committee is independent, and financially literate, as determined by the Board of Directors and in compliance with NYSE and SEC rules. In addition, Dr. Barnes and Mr. Caldwell were designated audit committee financial experts, as the Board interprets that designation.

The Audit and Finance Committee oversees our internal audit function and independent registered public accounting firm and assists the Board in fulfilling its oversight responsibilities on matters relating to the integrity of AMD's financial statements, AMD's compliance with legal and regulatory requirements, the performance of our internal audit function and the independent registered public accounting firm's qualifications, independence and performance by meeting regularly with the independent registered public accounting firm, our senior management and our internal audit, financial, and legal personnel. Management is responsible for the preparation, presentation and integrity of AMD's financial statements. The independent registered public accounting firm is responsible for performing an audit of AMD's annual financial statements and expressing an opinion as to the conformity of AMD's audited financial statements with U.S. generally accepted accounting principles.

In fulfilling its oversight responsibilities, the Audit and Finance Committee reviewed and discussed AMD's audited financial statements for the fiscal year ended December 26, 2009 with management and Ernst & Young LLP, AMD's independent registered public accounting firm. The

Edgar Filing: ADVANCED MICRO DEVICES INC - Form DEF 14A

Audit and Finance Committee also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 114, The Auditor's Communication With Those Charged With Governance. This included a discussion of the independent registered public accounting firm's judgments as to the quality, not just the acceptability, of AMD's accounting principles and such other matters that generally accepted auditing standards require to be discussed with the Audit and Finance Committee. The Audit and Finance Committee also received the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discussed the independence of Ernst & Young LLP with that firm.

Based on the Audit and Finance Committee's review and discussions noted above, the Audit and Finance Committee recommended to the Board, and the Board approved, that the audited financial statements be included in AMD's Annual Report on Form 10-K for the fiscal year ended December 26, 2009 for filing with the SEC.

The Audit and Finance Committee and the Board also have recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as AMD's independent registered public accounting firm for fiscal 2010.

COMPENSATION POLICIES AND PRACTICES

Our compensation program is intended to reward the management team and other employees for strong performance over the long-term, with consideration to near-term actions and results that strengthen and protect our Company. We consider the potential risks in our business when designing and administering our pay program, and we believe our balanced approach to performance measurement and pay delivery works to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk. Further, program administration is subject to considerable internal controls, and when determining the principal outcomes—performance assessments and pay decisions—we rely on principles of sound governance and good business judgment.

(1) For 2009, salary amounts reflect a temporary 20% decrease to Mr. Meyer's and Dr. Ruiz's base salary and a temporary 15% decrease to the other Named Executive Officers' base salaries, other than Mr. Seifert, from February 2009 to November 2009.

(2) Bonus amounts represent a one time payment to restore 2009 base salaries for September through November 2009 to pre-reduction levels. All AMD employees, including NEOs, who participated in the salary reduction in February 2009 received this one time payment. For Mr. Ghilardi, the amount also

includes his sign-on bonus. Mr. Seifert did not participate in the salary reduction. His bonus amount represents his sign-on bonus. For Dr. Ruiz, the amount represents a bonus paid in connection with his role in the successful completion of the GLOBALFOUNDRIES joint venture.

- (3) Amounts shown represent the aggregate grant date fair value of the stock awards in the year indicated. For a discussion of the assumptions made in the valuation reflected in these columns, see Note 15 of Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 26, 2009. The actual value that may be realized from an award is contingent upon the satisfaction of the conditions to vesting in that award on the date the award is vested. Thus, there is no assurance that the value, if any, eventually realized will correspond to the amount shown.
- (4) Amounts shown represent the grant date fair value of option awards granted in the year indicated. For a discussion of the assumptions made in the valuation reflected in these columns, see Note 15 of Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 26, 2009. The actual value, if any, that may be realized from an option award is contingent upon the satisfaction of the conditions to vesting in that award, and upon the excess of the stock price over the exercise price, if any, on the date the option award is exercised. There is no assurance that the value, if any, eventually realized will correspond to the amount shown.
- (5) No amount is included with respect to nonqualified deferred compensation earnings because none of the amounts in this column are above-market or represent preferential earnings on compensation that is deferred on a basis that is not tax-qualified (i.e., nonqualified deferred compensation).

See Replacement Retirement Benefit arrangement for Mr. Rivet for more information. 2009 NONQUALIFIED DEFERRED COMPENSATION

Messrs. Meyer and McCoy are the only named executive officers that have elected to participate in the Deferred Income Account Plan (DIA), a non-qualified deferred compensation plan. The following table shows certain information for Messrs. Meyer and McCoy under the DIA for fiscal 2009.

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$) ⁽¹⁾	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FY (\$)
(a)	(b)	(c)	(d)	(e)	(f)
Derrick R. Meyer	\$ 0	\$ 0	\$ 37,686	\$ 0	\$ 304,523
Thomas M. McCoy	\$ 0	\$ 0	\$ 448,841	\$ 0	\$ 1,752,034

(1) Represents the net amounts credited to the DIA accounts of Messrs. Meyer and McCoy as a result of the performance of the investment vehicles in which their accounts were deemed invested, as more fully described in the narrative disclosure below. These amounts do not represent above-market earnings, and thus are not reported in the Summary Compensation Table.

We maintain the DIA which allows eligible employees, including NEOs, to voluntarily defer receipt of a portion of their salary and annual bonus until the date or dates selected by the participant. Participants may defer up to 50% of annual base salary and/or 100% of commissions and bonuses. Participants make a deferral election prior to the year in which the compensation is earned that may not be terminated or changed during the year for which it was made. We make a contribution to the participant's account if his/her annual base salary before the deferral is greater than the compensation limit for 401(k) plans. The contribution is equal to the lesser of (i) 50% of the deferred compensation credited to the participant's account for the year and (ii) 3% of the participant's salary in excess of the eligible 401(k) compensation limit for the year. For

Edgar Filing: ADVANCED MICRO DEVICES INC - Form DEF 14A

fiscal 2009, neither Mr. Meyer nor Mr. McCoy elected to contribute to the DIA; therefore, pursuant to the terms of the DIA, we did not make any contributions to their respective accounts in fiscal 2009. Participants are 100% vested in the value of their accounts. Participants may select their desired benchmark investment fund(s) in which their accounts are deemed to be invested and may change their investment elections at any time, with such change effective from the next business day. The amount of investment gain or loss that is credited to the participant's account depends on the participant's investment election. Currently, we are utilizing the investment funds, except the Lifestyle Funds, available under variable life insurance policies insured by John Hancock Life as the benchmark investment funds. For the 2009 fiscal year, the investment

Table of Contents

return credited to the accounts of Messrs. Meyer and McCoy were 14.1% and 34.4% based on their investment elections for their accounts.

The deferral accounts are distributed following a participant's termination of employment with us unless the participant has elected an in-service withdrawal (scheduled or hardship withdrawal). At the time a participant makes his/her deferral election, he/she may elect a different form of distribution for such year's deferred compensation. The participant may elect a single lump sum distribution or annual installment distributions over three to ten years. The default form of distribution is a single lump sum. A participant may change the form of distribution election, subject to the terms of the DIA.

A participant may elect to withdraw all or part of his/her account while employed by us, subject to the terms of the DIA. The in-service withdrawal date must be at least two years after the plan year in which the election was made. An in-service withdrawal date may be changed, subject to the terms under the DIA. An unscheduled payment may also be made, subject to the terms of the DIA.

Retirement Benefit Arrangements

The following table shows the pension benefits for Mr. Rivet and Dr. Ruiz. The material terms of their arrangements are described below. There are no retirement arrangements for the other Named Executive Officers.

2009 PENSION BENEFITS

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$) ⁽¹⁾
(a)	(b)	(c)	(d)	(e)
Robert J. Rivet	Rivet Plan	8.4	\$ 0	\$ 11,216,082
Hector de J. Ruiz	Ruiz Plan	9.0	\$ 0	\$ 4,400,765

(1) These amounts were paid in 2009, and all liabilities related to the retirement benefit arrangements were satisfied by these distributions.

Replacement Retirement Benefit Arrangement for Mr. Rivet

To replace certain retirement benefits that Mr. Rivet forfeited when he joined us, we agreed to pay Mr. Rivet a lump sum payment on the earliest of the following: (1) age 55; (2) termination of employment following a change in control; (3) becoming disabled; and (4) our termination of Mr. Rivet's employment without cause after age 54. Mr. Rivet reached age 55 in March 2009 and received a payment of \$11,216,082, which included \$4,088,262 to cover federal income and Medicare taxes and any state income taxes due as a result of the lump sum payment.

Mr. Rivet's lump sum payment was determined by discounting to present value on the date of determination a stream of lifetime payments equal to no more than 70 % of his base salary then in effect, and then deducting from that present value the value of certain other retirement payments from us and his former employer. The actuarial equivalence basis for calculating the present value used interest equal to the 30-day average yield of 10-year Treasury bills. Two independent actuaries each selected an appropriate mortality assumption, and the benefit paid was the average of the two. As described above, Mr. Rivet also received a supplemental payment to cover federal income and Medicare taxes and any state income taxes due as a result of the lump sum payment.

Table of Contents

Replacement Retirement Benefit Arrangement for Dr. Ruiz

The amount of the retirement benefit paid to Dr. Ruiz on April 10, 2009 was \$4,400,765, calculated as follows: (1) the average of his three highest annual base salaries for the period beginning April 26, 2002 and ending on the date of retirement (for purposes of this formula, however, annual base salary cannot exceed \$1,000,000 annually compounded by three percent from January 1, 2002); (2) that average was then multiplied by the product of four percent and nine (Dr. Ruiz' number of full years of service with us.); and (3) the present value of that annual amount payable as a monthly annuity for his lifetime beginning at age 65 was calculated using five percent annual interest and the mortality table in Revenue Ruling 2001-62.

Employment Agreements

Mr. Meyer's Employment Agreement. On July 17, 2008, we entered into an employment agreement with Derrick R. Meyer, (the Meyer Employment Agreement), pursuant to which Mr. Meyer succeeded Dr. Ruiz as our Chief Executive Officer and became our President and Chief Executive Officer, effective July 17, 2008. As of the end of fiscal 2009, Mr. Meyer's annual base salary was \$900,000. Mr. Meyer is also eligible for an annual performance bonus under our Annual Incentive Plan in a target amount of 200% of his base salary and a maximum amount of 400% of his base salary, to be payable upon his achievement of certain performance goals and objectives to be determined by the Board of Directors. Mr. Meyer was not paid a bonus under the AIP for 2009.

Pursuant to the terms and conditions of the Meyer Employment Agreement, the Meyer Employment Agreement may be terminated by (i) our termination of Mr. Meyer for Cause (as defined in the Meyer Employment Agreement), (ii) Mr. Meyer's Involuntary Termination Without Cause (as defined in the Meyer Employment Agreement), (iii) Mr. Meyer's Constructive Termination (as defined in the Meyer Employment Agreement), (iv) Mr. Meyer's voluntary election to terminate his employment with us or Mr. Meyer's death or disability or (v) Mr. Meyer's discretion, in the event the Compensation Committee fails to approve any of Mr. Meyer's compensation subject to its approval.

In the event of Mr. Meyer's Involuntary Termination Without Cause or Constructive Termination prior to or more than 24 months after a Change of Control (as defined in the Meyer Employment Agreement) of AMD, all equity awards then held by Mr. Meyer subject to vesting and based on Mr. Meyer's continued service with us (i.e., non-performance vesting awards) shall accelerate and become fully vested. In addition, the exercise period for such equity awards shall be extended to the earlier of the fifth (5th) anniversary of the date of termination or the expiration of such awards. In the event of Mr. Meyer's Involuntary Termination Without Cause or Constructive Termination within 24 months of a Change of Control, all equity awards then held by Mr. Meyer shall accelerate and become fully vested. The exercise period for all such equity awards shall also be extended to the earlier of the fifth anniversary of the date of Mr. Meyer's termination or the expiration of such awards.

In the event of Mr. Meyer's Involuntary Termination Without Cause or Constructive Termination, the Company will pay Mr. Meyer a single lump sum amount calculated by multiplying the Severance Multiplier (as hereinafter defined) times the sum of Mr. Meyer's base salary and the target amount of his annual bonus. The Severance Multiplier is (i) three, in the event of Mr. Meyer's Involuntary Termination Without Cause or Constructive Termination on or prior to the fourth anniversary of the effective date of the Meyer Employment Agreement, and (ii) two, in the event of Mr. Meyer's Involuntary Termination Without Cause or Constructive Termination after the fourth anniversary of the effective date of the Meyer Employment Agreement. We will provide Mr. Meyer health and welfare benefits for a period of eighteen (18) months following the date of termination, including, at our election, COBRA premiums for eighteen (18) months, and we shall pay Mr. Meyer an amount calculated to pay income taxes due, if any, as a result of our payment on his behalf for such welfare benefits. Mr. Meyer is also eligible to receive reimbursements for personal, financial and tax planning up to \$4,000 for twelve months. In the event Mr. Meyer's employment is terminated due to death or disability, he is entitled to the acceleration of non-performance based equity awards and health and welfare benefits for a period of eighteen (18) months.

Table of Contents

Pursuant to the Meyer Employment Agreement, Mr. Meyer is subject to a (i) two-year non-compete covenant to refrain from engaging in activities that would be competitive or conflict with his obligations to us and (ii) two-year non-solicitation covenant to refrain from soliciting or influencing any persons or business to direct his or its purchase of our products to any other person or business in competition with us and to refrain from soliciting or influencing any persons employed by, or any consultant retained by, us to terminate his employment or consulting relationship with us or to become an employee of or consultant to any of our competitors.

Mr. Seifert's Employment Agreement. On September 17, 2009, Thomas Seifert was appointed our Senior Vice President and Chief Financial Officer, effective October 12, 2009. Pursuant to the terms of the offer letter signed September 1, 2009, between Mr. Seifert and us, Mr. Seifert's annual base salary is \$525,000. Mr. Seifert is also eligible for an annual performance bonus under our Annual Incentive Plan in a target amount of 150% of his base salary, to be payable upon his achievement of certain performance goals and objectives to be determined by our Board of Directors. Mr. Seifert also received an option to purchase 250,000 shares of our common stock at an exercise price equal to the closing price of our common stock on the date of the grant. The shares will vest over a 36-month period from date of grant: 33.3% on November 15, 2010 and then 8.3% every three months over the next 24 months, assuming Mr. Seifert's continuous active service with us. In addition, Mr. Seifert was granted 125,000 restricted stock units. The restricted stock units will vest 33.3% on each of November 9, 2010, November 9, 2011 and November 9, 2012, assuming Mr. Seifert's continuous active service with us.

Pursuant to a relocation expenses agreement signed September 3, 2009, and a sign-on bonus agreement signed September 1, 2009, between Mr. Seifert and us, we reimbursed Mr. Seifert in the amount of \$24,650 for certain relocation expenses incurred by Mr. Seifert, and we paid him a one-time sign-on bonus of \$150,000 in connection with his employment with us. In the event Mr. Seifert's employment is terminated within 13 months of October 12, 2009, Mr. Seifert will repay all relocation expenses and the sign-on bonus to us. In the event Mr. Seifert's employment with us is terminated after 13 months but less than 24 months following October 12, 2009, Mr. Seifert will repay us for the relocation expenses and the sign-on bonus, less 8.33% of the relocation expenses and sign-on bonus for each full month of employment completed after his twelfth month of employment. Mr. Seifert also entered into a Change of Control Agreement with us which is described in the "Change in Control Arrangements" section below.

Mr. Ghilardi's Employment Agreement. Mr. Ghilardi joined us in August 2008 as vice president of sales for EMEA. Effective January 1, 2009, he was promoted to Senior Vice President and Chief Sales Officer and relocated from Europe to the United States in March 2009. Pursuant to the terms of the offer letter signed January 14, 2009, between Mr. Ghilardi and us, which contemplated his move to the United States, Mr. Ghilardi's annual base salary is \$580,000. For 2009, Mr. Ghilardi was also eligible for an annual performance bonus under an individual bonus plan in a target amount of 150% of his base salary, to be payable upon his achievement of certain performance goals and objectives. Mr. Ghilardi was paid a bonus of \$897,252 for 2009. Mr. Ghilardi also received an option to purchase 150,000 shares of our common stock at an exercise price equal to the closing price of our common stock on the date of the grant. The shares will vest over a 24-month period from date of grant: 50% on December 15, 2009 and then 50% on December 15, 2010, assuming Mr. Ghilardi's continuous active service with us.

Pursuant to the offer letter, we reimbursed Mr. Ghilardi in the amount of approximately \$59,300 for certain relocation expenses incurred by him in 2009, and we paid him a sign-on bonus of \$250,000. The bonus was intended to offset additional relocation expenses related to the sale of his home in Switzerland and the purchase of his home in Texas. In the event Mr. Ghilardi's employment is terminated within 13 months of January 1, 2009, Mr. Ghilardi will repay all relocation expenses and the sign-on bonus to us. In the event Mr. Ghilardi's employment with the Company is terminated after 13 months but less than 24 months following January 1, 2009, Mr. Ghilardi will repay us for the relocation expenses and the sign-on bonus, less 8.33% of the relocation expenses and sign-on bonus for each full month of employment completed after the 12th month of employment.

Table of Contents

Mr. Ghilardi also entered into a Change in Control Agreement with us which is described in the "Change in Control Arrangements" section below. In addition, pursuant to Mr. Ghilardi's offer letter, if we terminate Mr. Ghilardi's employment for reasons other than just cause, misconduct, material violation of policy or conflict of interest on or before September 1, 2013, we are obligated to pay him 24 months of base salary as severance, inclusive of any notice periods or other amounts provided under his Change in Control Agreement. This severance was intended to equal the severance he would have received under similar circumstances if he had remained employed in Europe with his former employer. Matters constituting just cause, misconduct, material violation of policy or conflict of interest are determined by the judgment and discretion of our Chief Executive Officer.

Dr. Ruiz Employment Agreement. We entered into an employment agreement with Dr. Ruiz pursuant to which he became the Company's President and Chief Executive Officer on April 26, 2002. The employment agreement provided for Dr. Ruiz' tenure as Chief Executive Officer through April 25, 2007, subject to automatic renewal for one-year periods unless we notified Dr. Ruiz that we would not renew (notice of non-renewal). The agreement provided for an annual base salary of \$1,124,000 subject to increases at the discretion of the Compensation Committee. As a result of the temporary across-the-board salary decrease for senior executives approved by the Compensation Committee in January 2009, Dr. Ruiz' base salary as of February 2009 was reduced 20 percent to \$899,200, and Dr. Ruiz' employment agreement was amended accordingly.

On July 17, 2008, we entered into an amendment (the Amendment Agreement) to the amended and restated employment agreement between us and Dr. Ruiz. Pursuant to the Amendment Agreement, Dr. Ruiz' position changed from Chief Executive Officer to Executive Chairman, effective July 17, 2008. Dr. Ruiz continued to serve as our Chairman of the Board of Directors.

On March 2, 2009, Dr. Ruiz retired as our Executive Chairman and Chairman of the Board. Before he retired, Dr. Ruiz was eligible to receive a target annual incentive bonus equal to 230 percent of his annual base salary, with a maximum annual incentive bonus opportunity not to exceed 460 percent of Dr. Ruiz' annual base salary. This bonus would have been paid only upon Dr. Ruiz' achievement of certain identified performance goals established by the Compensation Committee. Dr. Ruiz was also eligible to receive discretionary bonuses, in amounts determined by the Compensation Committee. Dr. Ruiz was not paid an annual bonus for 2009.

Dr. Ruiz was eligible to participate in our other benefit plans. Dr. Ruiz was also entitled to out-of-pocket reimbursement of up to \$25,000 annually for financial planning, tax planning, estate planning, and tax return preparation.

Dr. Ruiz will be reimbursed by us in the event that any income taxes are payable to the State of California in connection with income attributable to payments or benefits under his employment agreement and the exercise of any stock option granted by us along with any federal and state income taxes payable with respect to this reimbursement (the California Tax Reimbursement). Total payments made will not exceed \$400,000 per year (or \$800,000 per year in the case of termination without cause or constructive termination).

Because he retired on March 2, 2009, Dr. Ruiz received the accrued Retirement Benefit and his accrued annual base salary. We will provide health benefits for the life of Dr. Ruiz and his spouse, and Dr. Ruiz will be entitled to the California Tax Reimbursement, pursuant to Dr. Ruiz' employment agreement. In addition, all of Dr. Ruiz' unvested stock options vested and all restrictions on any other equity awards lapsed and became nonforfeitable as of the date of his retirement, pursuant to Dr. Ruiz' employment agreement. Dr. Ruiz will also be entitled to continued indemnification for 10 years following his termination, pursuant to Dr. Ruiz' employment agreement.

On October 6, 2008, the Board approved a transaction bonus payable to Dr. Ruiz in cash equal to \$3,000,000 (subject to applicable withholdings), for his role in the successful completion of the GLOBALFOUNDRIES joint venture, which was paid on March 12, 2009.

The management continuity agreements provide that, if within two years after a change in control Messrs. Rivet and/or McCoy's employment is terminated by us without cause or they are constructively discharged, he/they will receive:

A severance benefit equal to three times the sum of his rate of annual base compensation plus the average of his two highest bonuses in the last five years;

Payment of his accrued bonus assuming performance at target levels for the portion of the year prior to the date of termination;

Twelve months' continuation of health and welfare comparable to those in effect on the date of termination;

Financial and tax planning up to \$4,000 for twelve months following the date of termination;

Payment of any income taxes due as a result of the payment by us for health and welfare benefits on the executive's; and

Full and immediate vesting of all unvested equity awards and options may be exercised for the period of one year from the date of termination or the original option exercise period, whichever is shorter.

Change in Control Agreements. We entered into change in control agreements with Messrs. Seifert and Ghilardi designed to encourage their continued services in the event of a change in control. For purposes of these change in control agreements, a change in control generally means any of the following events:

the acquisition by any person representing more than 50% of the then outstanding shares of stock of the Company or the combined voting power of the Company's voting securities;

a change of the majority of the Board of Directors during any two consecutive years, unless certain conditions of Board approval are met;

there is a merger or consolidation of the Company into any other corporation, where immediately after the merger or consolidation 50% or less of the combined voting power of the Company survives; or

the stockholders approve a plan of complete liquidation or sale of the Company's assets.

all unvested equity will vest and be exercisable and options may be exercised for the period of one year from the date of termination or the original option exercise period, whatever is shorter;

payment of his accrued bonus assuming performance at target levels for the portion of the year prior to the date of termination;

reimbursement of personal financial and tax planning up to \$4,000 for twelve months; and

The payments and benefits pursuant to the change in control agreements are subject to the executive's execution and non-revocation of a release of claims. Further, the change in control agreements specifically provide for a parachute payment cut-back, where payments and benefits shall be made to the executive in full or as to such lesser amount as would result in no portion of the payments being subject to an excise tax relating to Section 280G of the Internal Revenue Code, whichever of the foregoing amounts is greater on an after-tax basis.

Vesting of Stock Options. All stock options granted and restricted stock awarded under our equity incentive plans become fully vested upon termination of employment (other than for misconduct) or constructive termination within one year following a change in control, as defined in the plans.

Table 1, below, reflects the amount of compensation and benefits payable to Mr. Meyer under his employment agreement in the event of (i) termination without cause or with good reason (without a change in control), (ii) termination without cause or with good reason within 24 months after a change of control and (iii) Mr. Meyer's disability or death. The amounts shown assume that the termination was effective as of December 26, 2009, and include amounts earned through that time and are estimates of the amounts which would be paid out to Mr. Meyer upon his termination. The actual amounts to be paid out can only be determined at the time of Mr. Meyer's separation from AMD.
