PROXY STATEMENT

The enclosed Proxy, for use at the Annual Meeting of Shareholders to be held at the Domino s Pizza World Resource Center, 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105 on Wednesday, April 28, 2010, and any adjournments or postponements thereof, is being solicited on behalf of the Board of Directors (the Board of Directors or Board) of Domino s Pizza, Inc. Any shareholder may choose to vote by returning the enclosed Proxy card, electronically by accessing the internet site or by using the toll-free telephone number both of which are stated on the form of Proxy, or in the open meeting. Without affecting any vote previously taken, the Proxy may be revoked by the shareholder by giving notice of revocation to Domino s Pizza, Inc. in writing, by accessing the internet site or by using the toll-free telephone number. A shareholder may also change his or her vote by executing and returning to the Company a later-dated Proxy, by a later-dated electronic vote through the internet site, by using the toll-free telephone number or by voting at the open meeting. All properly executed Proxies received by the Board, and properly authenticated electronic votes recorded through the internet or by telephone, will be voted as directed by the shareholder. All properly executed Proxies received by the Board that do not specify how shares should be voted will be voted **FOR** the election as Directors of the nominees listed below under ELECTION OF DIRECTORS; **FOR** the Amended and Restated Domino s Pizza Senior Executive Annual Incentive Plan; and **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as independent registered public accountants of the Company for the current year.

Solicitation of Proxies may be made by mail, personal interview and telephone by officers, directors and other employees of the Company, and by employees of the Company s transfer agent, BNY Mellon Shareowner Services. The Company will reimburse its transfer agent, banks, brokers, and other custodians, nominees and fiduciaries for their reasonable costs in the preparation and mailing of proxy materials to shareholders.

The internet and telephone procedures for voting and for revoking or changing a vote are designed to authenticate shareholders identities, to allow shareholders to give their voting instructions and to confirm that shareholders instructions have been properly recorded. Shareholders that vote through the internet should understand that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies, which will be borne by the shareholder.

This Proxy Statement, including the Notice of Meeting, was first mailed to shareholders on or about March 19, 2010. As used in this Proxy Statement, references to the Company, Domino s or Domino s Pizza refer to Domino s Pizza, Inc.

VOTING SECURITIES

Voting Rights

The record date for the determination of shareholders entitled to notice of and to vote at the 2010 Annual Meeting of Shareholders was the close of business on March 9, 2010. On the record date, there were 58,804,238 shares of common stock, \$0.01 par value per share, the Company s only voting securities, outstanding and entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote. Under the Company s By-Laws, the holders of a majority of the shares of common stock outstanding and entitled to vote at the Annual Meeting constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock represented in person or by proxy, including shares that abstain or do not vote with respect to one or more of the matters presented for shareholder approval, will be counted for purposes of determining whether a quorum is present. The affirmative vote of the holders of a plurality of votes cast by the shareholders entitled to vote at the Annual Meeting is required for the election of directors.

Table of Contents

Brokers are subject to the rules of the New York Stock Exchange (the "NYSE"). The NYSE rules direct that certain matters submitted to a vote of stockholders are "routine" items and brokers generally may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms. Brokers who hold shares in street name for customers who are beneficial owners of such shares are prohibited from giving a proxy to vote such customers' shares on "non-routine" matters in the absence of specific instructions from such customers. Under current NYSE rules, we believe Proposals 1 and 2 are "non-routine" matters. Accordingly, if your broker holds shares that you own in street name, the broker may not vote your shares on either Proposal 1 or 2 without receiving instructions from you. The broker may vote your shares on Proposal 3 even if the broker does not receive instructions from you. If your broker does not vote on one or more of the proposals, this is commonly referred to as a "broker non-vote." A broker non-vote will be treated in the same manner as an abstention for voting and quorum purposes. Accordingly, a broker non-vote will not be counted as having voted in person or by proxy and will have no effect on the outcome of the election of Directors, the approval of the Amended and Restated Domino's Pizza Senior Executive Annual Incentive Plan or the ratification of the appointment of our independent registered public accounting firm. In addition, shares that abstain from voting as to a particular matter will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions will not be included in vote totals and will not affect the outcome of the voting on the election of Directors, the approval of the Amended and Restated Domino's Pizza Senior Executive Annual Incentive Plan or the ratification of the appointment of our independent registered public accounting firm.

PROPOSAL ONE: ELECTION OF DIRECTORS

Domino's has a classified Board of Directors currently consisting of four Directors with terms expiring in 2010 (Class III), two Directors with terms expiring in 2011 (Class I) and three Directors with terms expiring in 2012 (Class II). At each Annual Meeting of Shareholders, Directors in one class are elected for a full term of three years to succeed those Directors whose terms are expiring. This year, the three Class III Director nominees will stand for election to a three-year term expiring at the 2013 Annual Meeting. The persons named in the enclosed proxy will vote to elect J. Patrick Doyle, James A. Goldman and Gregory A. Trojan as Directors unless the Proxy is marked otherwise. Each of the nominees has indicated their willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by Proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that any of the above-mentioned persons will not serve his term as a Director.

Our Nominating and Corporate Governance Committee does not have any specific, minimum qualifications for the nomination of director candidates. The Nominating and Corporate Governance Committee may take into account a number of factors, qualifications and skills that it deems appropriate. The Company and the Board, at a minimum, seek to have Directors with sound business judgment, wisdom and knowledge for his or her field of expertise. Identified and described below are the additional key experiences, qualifications and skills that are important to the Company's business and that were considered in the selection of the Directors, which factors may change from time to time.

Business experience. The Company and the Board believes that the Company benefits from nominating Directors with a substantial degree of recent business experience. This may include accomplishments or recognized achievements in his or her particular field of practice.

Leadership experience. The Company and the Board believes that Directors with experience in significant leadership positions over an extended period, especially President or Chief Executive Officer positions, provide the Company with strategic insights. These Directors generally possess superior leadership qualities and the ability to identify and develop those qualities in others. They demonstrate a practical understanding of organizations, long-term strategy, risk management and the methods to drive change and growth.

Finance experience. The Company and the Board identified an understanding of finance and financial reporting processes as an important characteristic for our Directors. The Company uses financial

measures to evaluate its performance as well as its accomplishment of financial performance targets. In addition, the Board and the Audit Committee oversee the required public disclosure of the Company that includes financial statements and related information.

Educational and Industry experience. The Company and the Board seek to have directors with relevant education, business expertise and experience as executives, directors, investors or in other leadership positions in the retail sector, including the Quick Service Restaurant Industry.

The Nominating and Corporate Governance Committee believes that each of the nominees and directors listed below possess the necessary professional experience and qualifications to contribute to the success of the Company.

Set forth below are the name, age and principal occupation of each nominee for election as a Class III Director and of each continuing member of the Board and for the one retiring Director. Information with respect to the business experience, other publicly-held companies on which they serve, or served in the past five years, as a director and the number of shares of Domino's Pizza, Inc. common stock beneficially owned by each Director, appears later in this Proxy Statement.

CORPORATE GOVERNANCE PRINCIPLES AND DIRECTOR INFORMATION

Domino's Pizza has a strong commitment to strong corporate governance practices. These practices provide a framework within which the Company's Board and management can pursue the strategic objectives of Domino's Pizza and ensure its long-term growth for the benefit of shareholders. The Company's corporate governance principles and practices are reviewed annually by the Nominating and Corporate Governance Committee and any changes are recommended to the Board for approval. The Company's Corporate Governance Principles are posted on the Domino's corporate and investor website www.dominosbiz.com under the Investors section and are available free of charge upon request from the Company's Corporate Secretary. The Company's corporate and investor website (Investors section on www.dominosbiz.com) also contains the Nominating and Corporate Governance Committee Charter, the Compensation Committee Charter, and the Audit Committee Charter. All the referenced charters and the other documents referenced herein are available free of charge upon request from the Company's Corporate Secretary.

The Corporate Governance Principles and the Charter of the Nominating and Corporate Governance Committee set forth the Company's policies with respect to Board structure, membership (including nominee qualifications), performance, operations and management oversight. Pursuant to the Corporate Governance Principles, the Board meets quarterly in an executive session and in a non-management executive session. The current discussion leader for executive session is generally Mr. Doyle and the current discussion leader for the non-management executive sessions is generally Mark Nunnelly. All of the independent Directors meet separately at each quarterly Board meeting.

The entire Board of Directors is engaged in risk management oversight. At the present time the Board has not established a separate committee to facilitate its risk oversight responsibilities. The Board will continue to monitor and assess whether such a committee would be appropriate. In accordance with NYSE listed company rules, the Audit Committee assists the Board of Directors in its oversight of Domino's Pizza's company-wide risk management and the process established to identify, measure, monitor, and manage risks, in particular major financial risks. The Board of Directors receives regular reports from management, as well as from the Audit Committee and other standing committees regarding relevant risks and the actions taken by management to adequately address those risks.

The Board believes that a majority of its members should be independent Directors. The Company's Corporate Governance Principles contain the Company's standards for director independence. A Director will be designated as independent if he or she: (i) has no material relationship with the Company or its subsidiaries; (ii) satisfies the other criteria specified by NYSE listed company rules; (iii) has no business conflict with the Company or its subsidiaries; and (iv) otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board. The Board has affirmatively determined that the following Directors are independent under that definition:

Andrew B. Balson

Diana F. Cantor

Vernon Bud O. Hamilton

Mark E. Nunnelly

Robert M. Rosenberg

It is anticipated that the Board of Directors will evaluate the independence of James A. Goldman and Gregory A. Trojan at the next scheduled Board meeting.

The Corporate Governance Principles further provide that the Directors are invited and expected to attend the Annual Meeting of Shareholders. All Directors serving at the time attended the 2009 Annual Meeting of Shareholders.

Table of Contents

The Company has adopted a Code of Professional Conduct for Senior Financial Officers that applies to all executive officers of the Company, including the Chief Executive Officer and Chief Financial Officer, as well as all of the Company's other financial officers and other employees with senior financial roles. In addition, the Company has adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees that applies to all Directors, officers and employees. The Code of Professional Conduct and the Code of Business Conduct and Ethics are posted on the Company's corporate and investor website (Investors section [on www.dominosbiz.com](http://www.dominosbiz.com)). The Company intends to satisfy the disclosure requirement regarding any amendment to, or waiver of, a provision of the Code of Professional Conduct for the Chief Executive Officer, Chief Financial Officer, Corporate Controller or persons performing similar functions, by posting such information on its website.

A total of six meetings of the Board of the Company were held during 2009. Each Director attended at least 75% of the aggregate of (i) the total number of meetings of the Board, and (ii) the total number of meetings held by all committees of the Board on which that Director served during the period each served as a Director.

In accordance with NYSE requirements, the Board has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which are comprised solely of independent Directors, as defined by Section 303A of the NYSE listed company rules. Each committee of the Board has designated responsibilities and regularly reports on their activities to the entire Board.

The Company's current board leadership structure separates the Chairman and Chief Executive Officer roles into two positions. David A. Brandon is the Chairman of the Board and J. Patrick Doyle is the Chief Executive Officer. Since the Company initial public offering, the Company's board leadership structure has had both positions combined. The Company has determined what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Company determined that separating the positions of Chairman of the Board and Chief Executive Officer is the appropriate board leadership structure at this time. The Chief Executive Officer is responsible for the strategic direction of the Company and the day to day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officers, sets the agenda for the Board meetings and presides over meetings of the Board. The Company and the Board believe that this is appropriate under current circumstances, because it allows management to make the operating decisions necessary to manage the business, while helping to keep a measure of independence between the oversight function of our Board of Directors and operating decisions. The Company and the Board feel that this provides an appropriate balance of operational focus, flexibility and oversight and support this approach.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Messrs. Hamilton (Chair) and Balson and Ms. Cantor. The Committee held four meetings in 2009. Each member of the Nominating and Corporate Governance Committee is independent as required under the NYSE listed company rules as discussed above. A Nominating and Corporate Governance Committee Charter, as approved by the Board, can be found on the Company's corporate and investor website (Investors section [on www.dominosbiz.com](http://www.dominosbiz.com)).

The Committee's functions include assisting the Board in determining the desired qualifications of Directors, identifying potential individuals meeting those qualifications, proposing to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, further functions include reviewing the succession planning process for senior management of the Company, reviewing the Corporate Governance Principles, making recommendations to the Board with respect to other corporate governance principles applicable to the Company, recommending Directors to serve on committees, overseeing the determinations of director independence, overseeing the annual evaluation of the Board and management and reviewing Board succession plans.

Table of Contents

The Nominating and Corporate Governance Committee meets regularly to discuss, among other things, identification and evaluation of potential candidates for nomination as a director. The Nominating and Corporate Governance Committee may use a paid outside search firm to identify possible directors. Director candidates will be evaluated according to the qualifications as set forth in the Board's Corporate Governance Principles, including:

High personal and professional ethics, integrity and values;

Possession of a range of talents, skills and expertise to provide sound and prudent guidance with respect to the operations and interests of the Company;

Expertise that is useful to the Company and complementary to the background and experience of other Board members;

Ability to devote the time necessary for the diligent performance of the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of several years to develop knowledge about the Company and its operations;

Willingness to represent the long-term interests of all shareholders and objectively appraise management's performance; and

Board diversity and other relevant factors as the Board may determine.

While the Nominating and Corporate Governance Committee does not have a written policy regarding diversity in identifying director candidates, the Nominating and Corporate Governance Committee considers diversity in its search for the best candidates to serve on the Board of Directors. The Committee looks to incorporate diversity into the Board through a number of demographics, skills, experiences, including operational experience, and viewpoints, all with a view to identify candidates that can assist the Board with its decision making. The Committee believes that the current Board of Directors reflects diversity on a number of these factors.

The nominees for election at the 2010 Annual Meeting of Shareholders, J. Patrick Doyle, James A. Goldman and Gregory A. Trojan, already serve as Directors of the Company.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2011 Annual Meeting of Shareholders, provided that the names of such nominees are submitted in writing, not later than November 23, 2010, to Adam J. Gacek, Corporate Secretary, Domino's Pizza, Inc., 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors, or the Compensation Committee, is responsible for determining the compensation of the executive officers and administering the plans in which the executive officers, the Directors and the Company's other employees participate. The goal of the Company's compensation system is to attract, motivate and retain talented individuals to help Domino's Pizza attain the Company's business goals and objectives. Domino's Pizza is committed to achieving long-term, sustainable growth and increasing shareholder value. The Domino's Pizza compensation programs for executive officers are designed to maintain these commitments and encourage strong financial performance on an annual and longer-term basis. The Company evaluates executive compensation by measuring the total compensation of the Chief Executive Officer and other executive officers against benchmarks of comparable companies. The principal elements of the total compensation for the Chief Executive Officer and other named executive officers are base salary, annual performance incentives, long-term compensation consisting of stock options, performance shares and restricted stock, as well as certain prerequisites and other benefits.

Compensation Philosophy

The Compensation Committee uses total compensation as its measurement when it determines the level and components of compensation for the named executive officers. In order to maintain the effectiveness of the Company's current executive compensation structure, the Compensation Committee annually reviews the reasonableness of executive compensation levels using professional compensation consultants, currently Towers, Perrin, Forster & Crosby, Inc. (Towers), as well as public information about comparable companies within the Company's industry, and evaluates it in light of individual performance as well as the Company's growth and profitability. In making such determinations, the Compensation Committee reviews the nature and scope of each executive officer's responsibilities as well as his or her effectiveness in supporting the Company's long-term goals. The Compensation Committee attempts to set levels of salary, annual performance incentives, and other compensation at levels that will attract, motivate, and retain superior executive talent in a highly competitive environment.

Total Compensation

The Compensation Committee used total compensation as its measurement when it determined the level and components of compensation for each of the Chief Executive Officer, the Chief Financial Officer and the three other executive officers of Domino's Pizza, Inc. who were the most highly compensated for 2009. The Company collectively refers to these executive officers throughout this section as the named executive officers. The Compensation Committee conducted a review of the total compensation of the named executive officers of Domino's Pizza using data provided by Towers, the compensation consultants retained by the Compensation Committee. For the named executive officers, except for the Chief Executive Officer, the Compensation Committee used the following three components in establishing total compensation; (i) annual base salary, (ii) annual performance incentives and (iii) long term compensation, in the form of equity grants, consisting of stock option grants and performance share grants. For the Chief Executive Officer, the Compensation Committee places more emphasis on the performance-based components of total compensation, the annual performance incentive and long-term compensation, in the form of stock option grants, performance share grants and restricted stock grants, so that the Chief Executive Officer's total compensation is targeted generally to be allocated as 20% annual base salary, 40% annual performance incentive and 40% long-term compensation. The Compensation Committee believes that the proportion of the Chief Executive Officer's performance-based compensation as a component of total compensation should be greater than that of the Chief Executive Officer's annual salary because performance-based compensation serves to align the Chief Executive Officer's interest with the interests of the Company's shareholders. For 2009, the amount of long-term compensation indicated in the Summary Compensation Table as earned by the Chief Executive Officer is greater than the stated target percentage due to grants issued to the Chief Executive Officer in the Company's Exchange Program (as defined below).

Table of Contents**Components of Total Compensation**

Annual Base Salary Compensation. The Compensation Committee annually reviews and approves the base salaries of the named executive officers, including the Chief Executive Officer. In making these determinations, the Compensation Committee considers various factors such as the peer group median base salary, the executive's employment agreement with the Company, the executive's individual performance against objectives, responsibilities, leadership, years of experience, the performance of the Company with respect to the annual performance incentive measurement, and total compensation package. For 2009, the base salaries for the named executive officers ranged from 90% to 110% of the peer group median base salary, where position specific data was available.

Annual Performance Incentives. Unless otherwise stated, the following section describes the annual performance incentive for fiscal 2009 for all of the named executive officers of the Company, except the Chief Executive Officer. The amount of each named executive officer's annual performance incentive was 100% of his or her annual base salary, except for the Chief Executive Officer, who was eligible for an annual performance incentive of 200% of his annual base salary. The Compensation Committee approved annual performance incentives for all eligible employees, including the named executive officers, based on whether the pre-approved incentive targets were met. The Compensation Committee may revise the established performance criteria and establish new performance criteria at their discretion. For performance incentive compensation in fiscal 2009, the Compensation Committee determined to establish incentives for these named executive officers using the Company's Team Achievement Dividend Plan (TAD). TAD is a program designed to reward employees for the Company's achievement of certain fiscal objectives.

In response to macroeconomic conditions and general incentive performance trends, TAD for 2009 contained two measurement periods, each with independent company-wide segment income targets with adjustments (TAD Targets). The first TAD Target covered the first two fiscal quarters and was measured and paid subsequent to the second fiscal quarter and the second TAD Target covered the last two fiscal quarters and was measured and paid subsequent to the end of the fiscal year. Fifty percent of a participant's annual performance incentive was awarded based on achievement of each respective TAD Target. The measurement of such performance used segment income as defined by the Company under Accounting Standards Codification 280 (ASC 280), formerly Statement of Financial Accounting Standards No. 131 (SFAS 131) with certain adjustments and it was uniform for all the Company's named executive officers.

The 2009 TAD Targets required the Company to achieve an appropriate threshold level of financial results before annual performance incentives were awarded. Under TAD, no incentives were paid to a named executive officer unless actual performance exceeded 85% of the TAD Target in the applicable measurement period. Each executive received two-thirds of one percent (2/3%) of his or her base salary for every one tenth of one percent (0.1%) that actual performance exceeded 85% of the TAD Target in the applicable measurement period. Additionally, for 2009, TAD had a maximum payout of 100% of an individual's annual performance incentive, even in the event that the Company's segment income with adjustments for either measurement period exceeded the TAD Target.

For illustrative purposes, assume a named executive officer had an annual salary of \$100,000 per year and was eligible for an annual performance incentive of 100% of his or her annual salary. Further assume that the Company had a TAD Target for the first measurement period of \$10,000,000 and the Compensation Committee determined that the performance result was \$9,750,000, or 97.5% achievement of the TAD Target. In such a situation, the Company would pay that executive 83.33% of his or her performance incentive amount for that first measurement period, or 41.67% of his or her annual performance incentive, which would equal \$41,665 for the first measurement period. Further assume that the Company had a TAD Target for the second measurement period of \$10,000,000 and the Compensation Committee determined that the performance result was \$9,500,000, or 95.0% achievement of the TAD Target. In such a situation, the Company would pay that executive 66.67% of his or her performance incentive amount for that second measurement period, or 33.33% of his or her annual

Table of Contents

performance incentive, which would equal \$33,334 for the second measurement period. The total annual performance incentive paid to the executive for 2009 would have been 74.99% or \$74,999 (\$41,665 for the first measurement period plus \$33,334 for the second measurement period).

The specific incentive targets were intended to reward outstanding financial performance by the Company. The performance targets were set to be aggressive, yet realistic to sufficiently motivate executive performance. In the past five years, the executives have achieved the following percentages of annual performance incentives; 100.7% for fiscal 2004, 132.0% for fiscal 2005, 69.0% for fiscal 2006, 0.0% for both fiscal 2007 and fiscal 2008 and 100.0% for fiscal 2009. Given that the Company paid no annual performance incentive to its executives for fiscal 2007 and fiscal 2008, the Company believes that the annual performance incentive structure for executives, while certainly possible and aspirational in nature, was relatively difficult to achieve. In addition, the annual performance targets set by the Compensation Committee were based on the Company's performance as a whole. Therefore, the likelihood of each named executive achieving his or her annual performance incentive was equal.

The Company believes that disclosing publicly the specific incentive targets necessary for executives to receive an annual performance incentive would cause substantial competitive harm to the Company. As described above, the specific incentive targets are intended to reward outstanding performance by the Company and to be aspirational. In addition, the Company does not make earnings projections or otherwise disclose projected results and believes that disclosing performance targets and other projections is unhelpful and subject to misinterpretation by analysts, shareholders and the investing public.

The specific incentive targets established by the Compensation Committee take into account a variety of factors including certain plans, programs, raw material pricing and discounts, including long-term supply contracts, product pricing and discounts, volume predictions, marketing plans and expenses, product initiatives and other meaningful information that is highly confidential and proprietary to the Company and therefore treated as such. If the Company were forced to make this information available to its competitors, it would enable them to target specific strengths and weaknesses of the Company and further leverage this information in other ways that would put the Company at a competitive disadvantage.

All of the named executive officers have employment agreements that outline the provisions of his or her annual performance incentive. During the fiscal years 2007 and 2008, all the named executive officers had his or her annual performance incentive governed by the Domino's Pizza Senior Executive Annual Incentive Plan, a Section 162(m) plan approved by the shareholders of Domino's and during 2009, all the named executive officers, except the Chief Executive Officer, voluntarily participated in TAD, which was not a Section 162(m) plan. Section 162(m) of the Internal Revenue Code of 1986, as amended, is described below in the section titled Tax and Accounting Considerations.

For 2009, the Compensation Committee determined that each TAD Target had been met in full and each of the named executive officers received 100% of his or her annual performance incentive. The Compensation Committee believes that the TAD Targets it set for 2009 were appropriately aggressive in the macroeconomic environment.

In 2010, the Compensation Committee and Board of Directors approved for inclusion in this Proxy Statement for approval by the shareholders an Amended Domino's Pizza Senior Executive Annual Incentive Plan (the Amended 162(m) Plan). The Amended 162(m) Plan allows the Compensation Committee flexibility in establishing the annual participants, performance measures, performance periods and performance targets, including minimum and maximum annual payment thresholds. This maximum annual threshold will not exceed \$5,000,000 per participant. In addition, the Compensation Committee has made awards under the Amended 162(m) Plan for 2010 (the 2010 Awards) to the named executive officers, including the Chief Executive Officer, conditional upon shareholder approval of the Amended 162(m) Plan.

Table of Contents

The Compensation Committee established the following features of the 2010 Awards for the named executive officers, including the Company's new Chief Executive Officer: (i) an annual performance period measured at the end of fiscal 2010; (ii) a potential mid-year payment of 50% of an individual's annual performance incentive target if the Company exceeds its performance target for the first two fiscal quarters of 2010 which would reduce a named executive officer's annual performance incentive payment by a corresponding amount; (iii) no payment to a named executive officer unless 85% of the annual performance target is attained; (iv) each named executive officer receives two-thirds of one percent (2/3%) of a specified percentage of his or her base salary for every one tenth of one percent (0.1%) that actual performance exceeds 85% of the annual performance target; and (v) named executive officers will be eligible to receive payments in excess of 100% of their annual performance incentives if the Company achieves greater than 100% of the annual performance target in accordance with the payment scale and the maximum award amount of \$5,000,000 per participant.

For illustrative purposes, assume a named executive officer had an annual base salary of \$100,000 per year and was eligible for an annual performance incentive of 100% of his or her annual salary. Further assume that the Company had an annual performance target of \$10,000,000. The Compensation Committee determined that the annual performance result was \$10,100,000 or 101.0% achievement of the annual performance target and that the Company exceeded its performance target for the first two fiscal quarters. In such a situation, the Company would pay the named executive officer 106.67% of his or her annual performance incentive, or \$106,670. Additionally, 50%, or \$50,000, of the named executive officer's annual performance incentive would be paid subsequent to the second fiscal quarter in conjunction with the Company exceeding its performance target for the first two fiscal quarters.

Long-Term Compensation. The Compensation Committee believes that an equity component of named executive officer compensation serves to align the named executive officers' interests with creating shareholder value. To that end, the Compensation Committee provides and maintains long-term equity incentive programs consisting of an equity incentive plan and an employee stock purchase plan. In 2009, the Compensation Committee continued its use of stock options as a vehicle for long-term compensation. Recipients of stock option grants do not receive a benefit from stock options unless and until the market price of the Company's common stock increases or from potential anti-dilution payments made in connection with mandatory stock option payments, including those that may be made in connection with the declaration of a dividend.

Beginning in 2009, the Compensation Committee introduced performance shares as an additional vehicle for long-term compensation. Performance share awards are full value awards that consist of Domino's Pizza, Inc. common stock with both time-based and performance-based vesting conditions that generally vest over three years in three separate vesting tranches. Each vesting tranche has its own performance-based vesting condition that is established annually by the Compensation Committee. All unvested performance shares are canceled upon termination of the named executive officer's employment, except in certain circumstances such as death and qualified retirement. The specified service and age requirements for qualified retirement are 10 years of service and 55 years of age. Upon the achievement of the qualified retirement requirements, in the event a named executive officer's employment is terminated, the performance shares will continue to be eligible to vest upon the achievement of the applicable performance criteria.

The Compensation Committee believes that performance shares align with peer group practices to provide a diversified equity compensation strategy. Performance shares also provide additional retentive value, particularly during the recent macroeconomic environment that has significantly impacted the retentive value of stock options. Recipients of performance shares do not receive a benefit from performance shares unless the Company achieves the applicable performance goal and receive incremental benefits as the market price of the Company's common stock increases. Participation in the Company's equity incentive programs accomplishes the objective of linking each executive officer's opportunity for financial gain to increases in shareholder wealth, as reflected by the market price of the Company's common stock.

Table of Contents

The Compensation Committee has the authority to issue equity awards under the Amended Domino's Pizza, Inc. 2004 Equity Incentive Plan (the 2004 Plan), which was adopted in 2004, to all eligible team members. Awards to the Chief Executive Officer and other named executive officers are also presented to the Board of Directors by the Compensation Committee and are ratified by the Board of Directors. Under the 2004 Plan, the Compensation Committee may award incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, unrestricted stock, stock deliverable on a deferred basis, performance share awards, and cash payments intended to defray the cost of awards. The 2004 Plan also limits the maximum number of shares for which awards may be granted to any participant in any year to 1,000,000 shares per participant. The limit on shares available under the 2004 Plan, the individual limits, and other award terms are subject to adjustment to reflect stock splits or stock dividends, combinations, and certain other events. The 2004 Plan also includes provisions concerning the treatment of awards upon the termination of service of an individual employee, and in the case of a change of control of the Company, merger or similar corporate transaction by the Company.

In 2009, the Compensation Committee made awards under the 2004 Plan to each of the named executive officers. Beginning in 2009, stock options awarded under the 2004 Plan have a maximum term of ten years and vest ratably over three years, and vested options are exercisable for a limited period of time after termination of the executive officer's employment, except under certain circumstances including death and qualified retirement. Stock options awarded prior to 2009 under the 2004 Plan had the same terms as stock options granted in 2009 except those stock options generally vested ratably over five years. The Compensation Committee determined that a three-year vesting period was more closely aligned with industry standards and appropriate for the Company to continue to compete for the highest quality talent. All options awarded under the 2004 Plan are initially granted with an exercise price equal to the closing price of Domino's Pizza, Inc. common stock on the grant date of the award.

In February 2009, the Compensation Committee approved the amendment of existing stock option agreements issued under the 2004 Equity Incentive Plan and all future stock option agreements issued under the 2004 Equity Incentive Plan. These amendments provide for accelerated vesting and extended exercise periods upon the retirement of option holders who have achieved specified service and age requirements. For employees, the specified service and age requirements are 10 years of service and 55 years of age. For Directors, the specified service and age requirements are 5 consecutive years of service and 55 years of age. Upon the achievement of the requirements, all outstanding unvested options will vest upon such qualified retirement and remain exercisable through the original term of the option grant. The amended terms of the relevant stock option agreements became effective in the second quarter of 2009.

In May 2009, the Company completed a stock option exchange program (the Exchange Program) whereby certain outstanding stock options were exchanged for a smaller number of newly granted stock options with lower exercise prices. The Board determined that the Exchange Program helped reinstate the intended purpose of its equity incentive program and expects that the Exchange Program will ultimately build shareholder value. The Exchange Program allowed the Company to derive the maximum retention and motivation value from compensation costs already incurred in issuing the stock options and reduced the total number of outstanding stock options. Under the Exchange Program, existing options with an exercise price per share equal or greater than the sum of the closing price of a share of the Company's common stock on the NYSE on May 29, 2009 and \$3.50 were eligible for the Exchange Program. Participants received a new grant for either 75% of the outstanding options of a particular grant or 90% of the outstanding options of a particular grant depending on the original exercise price of the option grant. Such new option grants had an exercise price equal to the greater of (i) one-half of the original exercise price, or (ii) the sum of the closing price of a share of the Company's common stock on the NYSE on May 29, 2009 and \$1.00. Such new option grants retained the same vesting schedule and status as vested or unvested options as the original options that were exchanged. All named executive officers, including the Chief Executive Officer, and all Directors of the Company participated in the Exchange Program.

Table of Contents

The 2009 equity awards issued to each of the named executive officers also contained a performance share award. Such performance shares are full value awards and vest equally over three years in separate tranches. Each vesting tranche contains a performance condition established annually by the Compensation Committee. In order for each tranche to vest such performance condition must be achieved and the named executive officer must be an employee of the Company on such vesting date, except under certain circumstances including death and qualified retirement.

In 2007, the Company's Board of Directors adopted a dividend equivalent rights policy. A majority of the Company's currently outstanding vested and unvested stock options are held by the Company's management. Therefore a dividend equivalent rights policy aligns the interests of both shareholders and management by allowing for both groups to be rewarded in the event of the declaration of a dividend. Without this dividend equivalent rights policy, management and other option holders may be unfairly impacted by the payment of dividends through the loss of equity value. Additionally, by adding a dividend equivalent rights policy to the Company's stock options, the stock options become a reward for total shareholder return instead of stock price growth alone. Consequently, stock options held by management that receive dividend equivalent rights mirror the rights and interests of the Company's common shareholders. Therefore, when the Board of Directors considers the declaration of a dividend, the interests of management, the Board of Directors and the shareholders remain aligned.

Other Elements of Compensation

Employee Stock Payroll Deduction Plan. The Company maintains the Domino's Pizza Employee Stock Payroll Deduction Plan (the "ESPDP"), adopted in July 2004, to provide employees, including named executive officers, with an opportunity to purchase shares of the Company's common stock through payroll deductions at a 15% discount from the market price. Such shares of the Company's common stock purchased under the ESPDP have a one-year holding period requirement before team members can sell the shares. The Compensation Committee believes the ESPDP is an attractive benefit that assists the Company in retaining key employees, securing new qualified employees and providing incentives for employees to work towards achieving the Company's key objectives because it gives employees access to the Company's equity at a favorable price.

Retirement Benefits. The Company does not maintain a defined benefit pension plan. The only current retirement benefit obligation of the Company is the continued medical coverage for David A. Brandon and his spouse during their lifetime upon termination of Mr. Brandon's employment.

Deferred Compensation. The Company maintains a nonqualified elective deferred compensation plan, or the DCP, which is available to its executive officers and select senior management. Deferred amounts under the DCP are invested in mutual funds or other investments available under the DCP. The Company does not provide an employer match for amounts deferred in the DCP. The DCP is described more fully below.

Perquisites. The Company makes a limited amount of perquisites available to its executive officers, all of which are detailed, in the case of our named executive officers, in the footnotes to the Summary Compensation Table below. Each participating executive officer is reimbursed for expenses related to the completion of an annual comprehensive physical for themselves and their spouse. Additional information regarding perquisites provided to named executive officers is set forth in the Summary Compensation Table in this Proxy Statement.

Certain Other Benefits. The Company also maintains a benefits program comprised of retirement income and group insurance plans. The objective of the program is to provide executive officers and certain other full time team members with reasonable and competitive levels of benefits for the four contingencies (retirement, death, disability and illness), which will interrupt the eligible employee's employment and/or income received as an active employee. The retirement program consists of two savings plans: (i) a tax-qualified 401(k) savings plan and (ii) a non-qualified deferred compensation plan (the DCP referenced above). The 401(k) savings plan is open to all employees age 21 or older who have also worked at least 1,000 hours for the Company. The Company

Table of Contents

provides a match on employee 401(k) contributions equal to 100% on the first three percent (3%) contributed by employees into their 401(k) funds and 50% on each of the fourth and fifth percent (4% and 5%) of employee 401(k) contributions. The non-qualified deferred compensation plan is offered to select senior management, including all executive officers.

The Company's group insurance program consists of life, disability and health insurance benefit plans that cover all full-time employees. All executive officers are provided reimbursement for payroll contributions when participating in the umbrella insurance policy and were provided reimbursement for payroll contributions when participating in the long-term disability plan through March 2008.

Compensation for Chief Executive Officer

David A. Brandon was named Chief Executive Officer and Chairman of the Board of the Company in March 1999. He had previously served as President and Chief Executive Officer of Valassis, Inc. from 1989 to 1998 and Chairman of the Board of Valassis from 1997 to 1998.

As of December 3, 2007, Mr. Brandon entered into an amended and restated employment agreement. This amended and restated employment agreement was further amended on December 23, 2008 to provide for him to receive an annual salary of \$885,000 during the remaining term of the agreement, an increase from his 2008 salary of \$850,000. In addition, each of Mr. Brandon and his wife are entitled to receive continued health insurance paid by the Company for the remainder of their lives. The amended and restated employment agreement also grants Mr. Brandon an annual allotment of 35 hours of personal use of the Company's corporate aircraft during the term of the agreement at no charge to Mr. Brandon to address bona fide business-oriented security concerns. For any personal use hours over the allotted 35 hours per year, Domino's has a time-sharing agreement with Mr. Brandon that requires him to reimburse the Company for such personal use of the Company's corporate aircraft pursuant to a statutory formula. The employment agreement, also provided Mr. Brandon, as approved by the Board of Directors, stock option grants of: (i) 200,000 shares on the first business day of 2008 with a three-year graded vesting period and a five-year life; (ii) 125,000 shares on the first business day of 2009 with a two-year graded vesting period and a four-year life; and (iii) 100,000 shares on the first business day of 2010 with a one-year cliff vesting period and a three-year life, in each case with an exercise price equal to the closing price on the day of the grant. In addition, Mr. Brandon received, as approved by the Board of Directors, restricted stock grants of: (i) 75,000 shares on the first business day of 2008 with a three-year graded vesting period; (ii) 75,000 shares on the first business day of 2009 with a two-year graded vesting period; and (iii) 25,000 shares on the first business day of 2010 with a one-year cliff vesting period.

The amended and restated employment agreement provides that Mr. Brandon be eligible for an annual performance incentive that is targeted at 200% of his annual base salary, but is not guaranteed or limited, upon the achievement of the annual performance target, the actual amount of which being based on the Company's achievement of performance target measures under the Domino's Pizza Senior Executive Annual Incentive Plan. The amendment and restatement of Mr. Brandon's employment agreement did not change the percentage of his base salary that he may earn as a performance incentive.

As stated above, Mr. Brandon's annual performance incentive is governed by the Domino's Pizza Senior Executive Annual Incentive Plan, a Section 162(m) plan approved by the Company's shareholders. Mr. Brandon has the opportunity to earn an annual performance incentive consisting of a cash payment based upon the Company's performance. The measurement of such performance uses segment income as defined by the Company under ASC 280 (SFAS 131) with certain adjustments in 2009. The Compensation Committee approves annual performance incentives for Mr. Brandon, based on whether the pre-approved incentive targets were met. The Compensation Committee may revise the established performance criteria and establish new performance criteria at their discretion.

Table of Contents

In 2009, in accordance with Section 162(m), the Compensation Committee approved a financial measurement based on segment income as used in the Company's financial reporting that includes all of the Company's segments in part to comply with the requirements of Section 162(m). Specifically, this means that to determine the amounts of awards, if any, to be paid to the Chief Executive Officer for 2009, the Compensation Committee used segment income for 2009 with certain adjustments, which were established by the Compensation Committee in February of 2009, upon which achievement of the performance targets was calculated. The Compensation Committee determined that using segment income with certain adjustments as the basis for financial targets upon which incentive targets for the Chief Executive Officer were set was appropriate in 2009 because this measure is an excellent barometer for overall success of the Company as well as being very similar to the measure used for the annual performance incentive for other executive officers, including the other named executive officers and other employees of the Company who are not executive officers. Additionally, Mr. Brandon voluntarily agreed to forgo all annual performance incentive amounts payable to him for fiscal 2009 under the Plan that exceeded his annual performance incentive target percentage, similar to the eligible employees participating in the 2009 TAD.

No incentives are paid to Chief Executive Officer unless the annual performance incentive threshold, equal to 90% of the incentive target, was exceeded in 2009, the applicable fiscal year. The Chief Executive Officer receives one-tenth of one percent (0.1%) of a specified percentage of his base salary for every one hundredth of one percent (0.01%) (rounded to the nearest hundredth) that actual performance exceeded of 90% of the incentive target in 2009, the applicable fiscal year. The maximum annual performance incentive under the current Senior Executive Annual Incentive Plan cannot exceed \$2,500,000.

For example, if the Company achieved 97.3% of the incentive target for 2009, the Chief Executive Officer would receive 73% of his annual performance incentive. For illustrative purposes, assume the Chief Executive Officer had an annual salary of \$100,000 per year and was eligible for an annual performance incentive of 100% of his or her annual salary. Further assume that the Company had a performance target of \$10,000,000 and the Compensation Committee determined that the performance result was \$9,730,000, or 97.3% achievement of the performance target. In such a situation, the Company would pay the Chief Executive Officer 73% of his or her annual performance incentive or \$73,000.

The calculation of an annual performance incentive for Mr. Brandon for 2009 was based on the achievement of the 2009 goals, which as stated above, were achieved at a level sufficient that Mr. Brandon received the entire target incentive amount. Due to the fact that the incentive award opportunity is designed to increase as the Company's performance increases, and decrease if the specified goals are not met, Mr. Brandon's cash compensation was significantly affected in 2009 by the Company's performance.

Awards under the Company's 2004 Plan in the form of stock options, performance shares and shares of restricted stock are designed to reward demonstrated leadership, motivate future superior performance, align the interests of the Chief Executive Officer with the shareholders and to retain the Chief Executive Officer. In July 2009, Towers completed a competitive analysis of Chief Executive Officer equity compensation and provided this review to the Compensation Committee. Upon review of this analysis, the Compensation Committee approved an additional equity grant to Mr. Brandon of 78,000 stock options with a three-year graded vesting period and a ten-year life and 95,000 performance shares that vest equally over three years in separate tranches. These performance shares have the same terms and conditions and those described above in the long-term compensation section.

The Compensation Committee believes that Mr. Brandon has been reasonably compensated for his performance as the Chairman of the Board and Chief Executive Officer based on peer group surveys, past financial performance of the Company and the long-term increase in the Company's shareholder value. For peer group surveys, in December 2009, Towers provided an Executive Officer Compensation Study (the Study) to the Compensation Committee that combined peer group data and published surveys. The peer group surveys and the Study are described in more detail below under Benchmarking and Peer Group. In the Study, the median

Table of Contents

annual base compensation for chief executive officers (the CEO Median) was \$890,000. The Compensation Committee considered the results of this Study when it determined to maintain Mr. Brandon's annual base salary at \$885,000 per year or 99.0% of the CEO Median. The Compensation Committee believes that it is appropriate to compensate the Chief Executive Officer at his current level and perhaps even at a rate above the market median in order to retain an executive in that position with a significant level of experience and expertise in the industry.

The Compensation Committee believes Mr. Brandon's compensation package effectively links shareholder and financial performance to Mr. Brandon's total compensation through the use of long-term awards and cash compensation that is based, in part, on Company performance. With respect to financial performance, the Company's global retail sales, defined as total worldwide retail sales at Company-owned and franchise stores, have increased from \$3.36 billion in 1999, the year David Brandon became Chief Executive Officer, to \$5.63 billion in 2009, a \$2.27 billion or 67.6% increase during that time period. As it relates to an increase in shareholder value, since the Company's initial public offering in July 2004 through February 1, 2010, the price of the Company's common stock, after adding back dividends paid by the Company, has increased approximately 84%. The Compensation Committee has continued the Company's practice of using primarily performance-based awards for equity compensation to named executive officers, consisting of stock options and performance shares and has historically granted restricted stock only to the Chief Executive Officer. The philosophy behind this practice is that stock options and performance shares require increased Company financial performance in order to earn the Chief Executive Officer long term compensation but that restricted stock awards may also be valuable in compensating and retaining certain executive officers.

On March 7, 2010, Mr. Brandon relinquished his role as Chief Executive Officer and will serve as Special Advisor to the Chief Executive Officer through January 2011. Mr. Brandon will receive a pro rata portion of his 2010 annual performance incentive for the period ending March 31, 2010 to the extent the Company achieves the 2010 annual performance target. Mr. Brandon will continue to serve as a Director for the remainder of his elected term and as Chairman of the Board of Directors.

For his service as Special Advisor, Mr. Brandon will receive a monthly salary of \$25,000 beginning April 1, 2010 and continuing through his employment agreement. Additionally, as Special Advisor, Mr. Brandon will receive an annual allotment of 35 hours of personal use of the Company's corporate aircraft through the end of 2011.

On March 8, 2010, J. Patrick Doyle transitioned from his role as President, Domino's U.S.A., to President and Chief Executive Officer of the Company. On February 25, 2010 Mr. Doyle was also appointed to the Board of Directors and entered into an employment agreement that terminates on February 25, 2013. This employment agreement provides for him to receive an annual salary of \$750,000, an increase from his 2009 salary as President, Domino's U.S.A. of \$485,000. The employment agreement also grants Mr. Doyle an annual allotment of 35 hours of personal use of the Company's corporate aircraft during the term of the agreement at no charge to Mr. Doyle to address bona fide business-oriented security concerns. For any personal use hours over the allotted 35 hours per year, Domino's has a time-sharing agreement with Mr. Doyle that requires him to reimburse the Company for such personal use of the Company's corporate aircraft pursuant to a statutory formula. The employment agreement also provides that Mr. Doyle be eligible for an annual performance incentive that is targeted at 200% of his annual base salary, but is not guaranteed, upon the achievement of the annual performance target, the actual amount of which being based on the Company's achievement of performance target measures under the Amended 162(m) Plan.

Upon appointment to President and Chief Executive Officer, Mr. Doyle was awarded, as approved by the Board of Directors, (i) a stock option grant of 250,000 shares on February 25, 2010, with a three-year graded vesting period, a ten-year life and an exercise price equal to the closing price on the day of the grant, and (ii) performance share grant of 75,000 shares on February 25, 2010 that vest equally over three years in separate tranches. These performance shares have the same terms and conditions and those described above in the long-term compensation section.

Table of Contents

Mr. Doyle's opportunities to increase his future compensation depend on the Company's future performance and the competitive pay practices of comparable positions within the food-service industry.

Benchmarking and Peer Group

The Compensation Committee has commissioned several peer group and market surveys, including the Study described above, for a review of Chief Executive Officer and other named executive officer compensation at the Company's peer group. The Compensation Committee targeted the annual Chief Executive Officer's salary for Mr. Brandon to be near the market median for the Company's peer group and total compensation for Mr. Brandon to be above the market median for the Company's peer group based on the industry, financial performance and characteristics of the peer group companies. The Compensation Committee believes it was appropriate to compensate the Mr. Brandon at a rate above the market median in order to retain an executive in that position with a significant level of experience and expertise in the industry in which the Company competes. The Compensation Committee targeted the annual Chief Executive Officer's salary for Mr. Doyle to be between 80% and 90% of the market median for the Company's peer group and total compensation for Mr. Doyle to be above the market median for the Company's peer group based on the industry, financial performance and characteristics of the peer group companies. The Compensation Committee believes it is appropriate to compensate Mr. Doyle at this rate as a newly appointed Chief Executive Officer with a significant level of operational experience in the industry in which the Company competes and has served in an executive capacity at the Company for more than 12 years. The Company has selected the following companies to include in its peer group: The Pantry, Inc., Autozone, Inc., Darden Restaurants, Inc., Brinker International, Inc., Jack in the Box Inc., CBRL Group, Inc., Wendy's/Arby's Group, Inc., Burger King Corporation, CKE Restaurants, Inc., DineEquity, Inc., Ruby Tuesday, Inc., Papa John's International, Inc., Denny's Corporation, Panera Bread Company and CEC Entertainment, Inc. The following criteria were considered in determining the members of the peer group; publicly-traded, quick service restaurant industry, annual revenues between \$700 million and \$6 billion, complexity of business, and recruiting pool for executives.

Employment Agreements

Each of the named executive officers is party to an agreement that provides employment and severance terms and for a two year non-competition and non-solicitation agreement. All the named executive officers' employment agreements were revised in December 2008 to provide for the compliance with the provisions of Internal Revenue Code §409A that addressed nonqualified deferred compensation and to provide annual salary increases for the named executive officers. The provisions of the employment agreements relating to termination of employment and severance are described in more detail under Potential Post Employment Payments to Executive Officers. We believe entering into non-competition and non-solicitation arrangements with our named executive officers is important to protect the Company following the cessation of their employment and we believe also that severance provisions help attract and retain top performing executive officers. The employment agreements were amended in March 2010 to align with the Amended 162(m) Plan.

Stock Ownership Guidelines

The Compensation Committee ratified stock ownership guidelines in April 2007 and reviewed and confirmed these guidelines in April 2008 and April 2009. These ownership guidelines provide for stock ownership after five years of employment or service in a covered position with the Company of five times base salary for the Chief Executive Officer and either three or four times base salary for other executive officers depending on their position. These stock ownership guidelines are designed to align management's and shareholder's interests and to encourage loyalty and long-term focus of executives.

Tax and Accounting Considerations

Section 162(m) generally limits the tax deductibility of annual compensation paid by a publicly-held company to \$1,000,000 per individual employee per year. However, this limitation generally does not apply to

Table of Contents

performance-based compensation under a plan that is approved by the shareholders of a company that also meets certain other technical requirements. The Compensation Committee intends to utilize performance-based compensation programs that meet the deductibility requirements under Section 162(m). At the Company's 2006 Annual Meeting of Shareholders, the shareholders approved the Domino's Pizza Senior Executive Annual Incentive Plan that qualifies under Section 162(m). The Compensation Committee and Board of Directors have approved for inclusion in this Proxy Statement for approval by the shareholders the Amended 162(m) Plan, the terms of which are described above. However, the Compensation Committee also realizes that in order to attract and retain individuals with superior talent, the possibility exists that exceptions may occur. The Company's compensation and benefit arrangements are also designed to qualify for an exemption under, or satisfy the requirements of, the rules and regulations relating to nonqualified deferred compensation under Internal Revenue Code §409A. The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of overall compensation philosophy. The Committee reviews each material element of compensation on a continuing basis and takes steps to assure deductibility if that can be accomplished without sacrificing flexibility and other important elements of the overall executive compensation program.

Equity Award Processes

Almost all of the equity awards are granted at the regularly scheduled meetings of the Compensation Committee in February and July of each year, except for the equity awards for the Chief Executive Officer whose equity awards are described above. The specific date of these meetings is set by the Board of Directors, along with other Board and committee meetings, generally one to two years in advance. On occasion, in connection with new hires, promotions or extraordinary corporate events, stock options have been granted at other times during the year. The Compensation Committee does not have any plans, practices or policies of timing these equity award grants in coordination with the release of material non-public information and the Company does not have any plans, practices or policies of timing the release of material non-public information with the timing of stock option grants. The exercise price of stock options is set at the closing price of Domino's Pizza, Inc. common stock on the NYSE on the date of the grant.

Compensation Committee Members and the Compensation Committee Charter

The Compensation Committee of the Board of Directors consists of only outside, non-employee, independent Directors, who are appointed by the Board of Directors. The independence of each member of the Compensation Committee is determined annually by the full Board of Directors in accordance with Section 303A of the NYSE listed company rules. The Compensation Committee's membership is determined by the Board of Directors. The Compensation Committee is currently composed of Robert Rosenberg (Chair), Andrew Balson and Mark Nunnally.

The Compensation Committee is responsible for establishing the Company's compensation philosophy, approving the Company's executive compensation programs and establishing the salaries and other compensation of the Company's executive officers. The Compensation Committee's functions include examining the levels and methods of compensation employed by the Company with respect to the Chief Executive Officer and other executive officers, making recommendations to the Board with respect to other compensation, reviewing and approving the compensation package of the Chief Executive Officer, making recommendations to the Board with respect to certain incentive compensation plans, making administrative and compensation decisions under equity compensation plans, administering one or more cash incentive plans qualifying as compensation paid thereunder as performance-based compensation within the meaning of Section 162(m), and implementing and administering such plans.

The Compensation Committee's charter reflects the Compensation Committee's responsibilities, and the Compensation Committee and the Board reviews the charter at least once annually. The Charter was last reviewed in April 2009. The Compensation Committee recommends any revisions to the charter to the Board of Directors for approval.

Compensation Consultant

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee and to discontinue such services. In accordance with this authority, the Compensation Committee has engaged Towers, as an independent compensation consultant, to advise the Compensation Committee on matters related to executive compensation. In 2009, Towers attended the May Compensation Committee meeting where they provided information on industry trends in executive compensation, specifically focusing on equity compensation. Additionally, in November 2009, Towers prepared two studies, the first was an analysis on executive competitive pay practices and the second was an analysis on Board competitive pay practices. Both studies were provided to the Compensation Committee at the December 2009 meeting. The Compensation Committee intends to use Towers (now Towers Watson & Co.) in 2010.

Role of Executive Officers in Establishing Compensation

The Company's executive officers have a limited role in the executive compensation process. The Chief Executive Officer and the Chairman of the Compensation Committee annually review the performance of each executive officer and the other executive officers. The purpose of these reviews is to evaluate performance for a given year and for compensation planning for the subsequent year. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Compensation Committee can exercise its discretion in modifying any recommended adjustments or awards to executives. The Compensation Committee ultimately makes all compensation decisions for the executive officers and approves recommendations regarding equity awards to the executive officers.

Compensation Committee Activity

In 2009, the Compensation Committee established the annual performance measure, list of participants and target incentive amounts for executives under the Domino's Pizza Senior Executive Annual Incentive Plan, a Section 162(m) compliant plan approved by the Company's shareholders in 2006 for senior executives of the Company. For 2009, the only participant under the Domino's Pizza Senior Executive Annual Incentive Plan was David A. Brandon. The Compensation Committee also approved the use of performance share awards and a new form of stock option agreement containing a qualified retirement vesting provision and a three-year vesting period for employees. The Compensation Committee also approved and instituted the Exchange Program in 2009, as described above. The Compensation Committee met five times during 2009.

Use of Tally Sheets

The Compensation Committee, with the assistance of management of the Company, created a tally sheet to facilitate the Compensation Committee's review of the total compensation of the named executive officers of the Company. In preparation of this Proxy Statement, the Compensation Committee reviewed the tally sheets for the Chief Executive Officer, the Chief Financial Officer, the three other most highly compensated executive officers in accordance with SEC rules. The tally sheets contained annual cash compensation (salary and annual performance incentive), other compensation, stock option exercises, annual grants under the 2004 Plan, with Accounting Standards Codification 718 (ASC 718), formerly Statement of Financial Accounting Standards No. 123R, Share-Based Payments, (SFAS 123R) fair market values for the grants, potential severance payments, and stock option holdings with total in the money value at the end of the fiscal year.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2009, none of the Company's executive officers served on the board of directors of any entities that had one or more executive officers serve on the Compensation Committee. No current or past executive officers or employees of the Company or its subsidiaries serve on the Compensation Committee. During 2009, the following Directors served on the Compensation Committee; Robert M. Rosenberg (Chair), Mark E. Nunnally, Andrew B. Balson and Dennis F. Hightower.

Table of Contents**RISK ASSESSMENT DISCLOSURE**

Senior human resource executives of the Company assessed the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. The assessment determined that the risks arising from the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company.

In accordance with SEC requirements, the amounts for 2009 reflect the fair value of awards issued in fiscal 2009 and the incremental fair value of awards issued under the Exchange Program. Assumptions used in the calculation of this amount are included in footnote 8 to the Company's audited financial statements for the fiscal year ended January 3, 2010 included in the Company's Annual Report on Form 10-K filed with the SEC on March 2, 2010. Amounts in the "Stock Awards" column reflect the fair value related to grants of restricted stock and performance shares pursuant to our Amended 2004 Equity Incentive Plan, and amounts in the "Option Awards" column reflect the fair value related to grants of stock options pursuant to our Amended 2004 Equity Incentive Plan. The stock awards for 2009 represent the first two tranches of the performance share award or the number of shares in each award that have been valued as of January 3, 2010 and the remaining number of shares will be valued when the performance condition is established for the final tranche, which is expected to occur in December 2010.

NON-QUALIFIED DEFERRED COMPENSATION TABLE

A select group of management or highly compensated employees as defined by the Employee Retirement Income and Security Act of 1974, as amended, are eligible to participate in the Domino's Pizza Deferred Compensation Plan. The purpose of this plan is to provide supplemental retirement income and to permit eligible employees the option to defer receipt of compensation pursuant to the terms of the Domino's Pizza Deferred Compensation Plan.

Table of Contents

Participants are able to defer a portion of eligible compensation (including base salary and the annual performance incentive). Participants elect a specific date or event (termination) for payment of deferred compensation and the form of the payment, either lump sum or installments. Participants are able to invest their deferrals in a lineup of mutual funds that is the same as the Domino's Pizza 401(k) Savings Plan lineup, with the exception that the stable value fund in the 401(k) Plan is replaced with a money market fund in the Domino's Pizza Deferred Compensation Plan.

There were no contributions, earnings, withdrawals, distributions for any of the named executive officers during 2009 nor balances for any of the named executive officers as of January 3, 2010.

POTENTIAL POST EMPLOYMENT PAYMENTS TO EXECUTIVE OFFICERS

Each of the named executive officers is a party to an employment agreement providing for payments in connection with such officer's termination. Under David A. Brandon's amended and restated employment agreement, upon involuntary termination by the Company without cause prior to the end of the term of the agreement, or if Mr. Brandon terminates voluntarily for good reason, defined as material diminution of his responsibilities, relocation or the failure of the Company to pay Mr. Brandon, Mr. Brandon will receive an amount equal to two times his then annual salary. Such amount will be paid in a payment equal to six times Mr. Brandon's base monthly salary made six months after termination of employment and monthly payments equal to Mr. Brandon's base monthly salary for the next eighteen months as well as a prorated annual performance incentive under the Senior Executive Annual Incentive Plan. Pursuant to the amended and restated employment agreement between the Company and David A. Brandon, dated as of December 3, 2007, Mr. Brandon and his spouse are entitled to continued medical coverage provided by the Company for the remainder of their respective lives upon the termination of Mr. Brandon's employment with the Company.

Under J. Patrick Doyle's employment agreement, upon involuntary termination by the Company without cause prior to the end of the term of the agreement, or if Mr. Doyle terminates voluntarily for good reason, defined as material diminution of his responsibilities, relocation or the failure of the Company to pay Mr. Doyle, Mr. Doyle will receive an amount equal to two times his then annual salary. Such amount will be paid in a payment equal to six times Mr. Doyle's base monthly salary made six months after termination of employment and monthly payments equal to Mr. Doyle's base monthly salary for the next eighteen months as well as a prorated annual performance incentive under the Senior Executive Annual Incentive Plan.

Under the employment agreements of the other named executive officers, upon involuntary termination prior to the end of the term of the agreement, or if the named executive terminates voluntarily for good reason, defined as material diminution of the executive's responsibilities, relocation or the failure of the Company to pay the executive, the named executive receives an amount equal to his or her then-base annual base salary paid as follows; a payment equal to six times the named executive's base monthly salary made six months after termination of employment and monthly payments equal to the executive's base monthly salary for the next six months. The named executive officers are entitled to a prorated annual performance incentive under the Senior Executive Annual Incentive Plan. In addition, during the severance period, each named executive is entitled to continued medical insurance coverage. Option awards and other benefits are governed by the terms of those programs. Each of the employment agreements contains a two year non-competition and non-solicitation provision.

The terms of the employment agreements of Mr. Brandon and the other named executive officers were established through arms-length negotiations between the Company and each executive. The Company uses peer group compensation surveys and data to establish an acceptable salary range for each executive position and then negotiates with successful candidates to arrive at a fully negotiated base salary. The base salary amounts, other severance amounts and severance periods are established by the Compensation Committee and the Company's management in order to attract, motivate and retain talented individuals to help the Company achieve its business goals and objectives.

PROPOSAL TWO: APPROVAL OF THE AMENDED AND RESTATED DOMINO'S PIZZA SENIOR EXECUTIVE ANNUAL INCENTIVE PLAN

Overview

The Company is seeking shareholder approval of the Amended and Restated Domino's Pizza Senior Executive Annual Incentive Plan (the Amended Plan) that amends and restates the original Domino's Pizza Senior Executive Annual Incentive Plan (the Plan) as approved by the shareholders on May 3, 2006.

Background

United States tax laws do not allow a publicly-held company to obtain tax deductions for compensation of more than \$1 million paid in any year to its highly compensated executive officers unless the payments are performance-based for purposes of the Internal Revenue Code. To qualify, shareholders must approve the material terms of the performance goals for such compensation at least every five years. The Company proposes to use the Amended Plan to grant annual performance incentives to its named executive officers and other executive officers of the Company.

Purpose

The purpose of this Amended Plan is to advance the interests of the Company by enhancing the ability of the Company to attract and retain management and employees who are in a position to make significant contributions to the success of the Company and to reward such individuals for their contributions. Performance-based awards are an important part of the Company's compensation system.

Description of the Plan

The following paragraphs provide a summary of the principal features of the Amended Plan. The summary is qualified in its entirety by reference to the complete text of the Amended Plan which is attached as Annex A hereto.

Number of Participants

Under the Amended Plan, the Compensation Committee will establish the Company executives eligible for annual performance incentives on an annual basis. The Compensation Committee established that thirteen Company executives may be eligible for annual performance incentives in 2010. Those executives are: David A. Brandon, J. Patrick Doyle, Wendy A. Beck, Russell J. Weiner, L. David Mounts, Scott R. Hinshaw, Lynn M. Liddle, Michael T. Lawton, Christopher K. McGlothlin, Kenneth B. Rollin, Ahsan M. Sheikh, James G. Stansik and Patricia A. Wilmot.

Awards

Under the Amended Plan, the Compensation Committee may grant annual performance incentives (Awards) to those employees of the Company or its subsidiaries designated by the Compensation Committee

Table of Contents

who are executive officers or who otherwise are members of senior management of the Company (Eligible Employees). The recipient of an Award (a Participant) will become entitled to a cash payment if certain performance goals (described below) for the performance period, as established by the Compensation Committee, are satisfied. For the Award, the amount of the cash payment is to be based on the extent to which the performance goals are achieved. At the time an Award is granted to a Participant, the Committee shall establish, with respect to the Award, (i) a target amount, expressed as a percentage of the Participant's base salary for such Performance Period; (ii) the performance goal(s) for the Performance Period with respect to the Award; (iii) the payments to be made with respect to various levels of achievement of the performance goal(s) for the Performance Period; and (iv) whether the Award is intended to satisfy the requirements for performance-based compensation (as described below).

Performance-Based Compensation

A federal income tax deduction will generally be unavailable for annual compensation in excess of \$1 million paid to any of the five most highly compensated officers of a public corporation. However, amounts that constitute performance-based compensation are not included in the \$1 million limit. The Committee may designate any Award under the Senior Incentive Plan as intended to be performance-based compensation. Any Awards so designated shall be conditioned on the achievement of one or more performance goals, as required by Section 162(m).

Plan Benefits

The Compensation Committee has the sole discretion to set the performance goals for Awards under the Amended Plan. For this reason, the Company cannot determine the Awards that might be received by Eligible Employees under the Amended Plan. For 2010 the Amended Plan covers only the executive officers listed above. No other executive officers, non-executive Directors or non-executive employees would be eligible for awards under the Amended Plan.

Administration

The Amended Plan shall be administered by the Compensation Committee. The Compensation Committee shall have the authority to: (a) determine the Participants in the Amended Plan for any Performance Period; (b) determine the amount of the Awards for any Performance Period; (c) determine, modify or waive the terms and conditions of each Award; and (d) interpret the Amended Plan and any terms and conditions associated with any Award granted under the Amended Plan and to decide any questions and settle all controversies and disputes that may arise in connection with the Amended Plan or any Award granted under the Amended Plan. The Compensation Committee may amend, suspend or discontinue the Senior Amended Plan and the Eligible Employees at any time or times, subject to applicable law and the receipt of any required regulatory approvals and, where required by applicable law, subject to approval by the stockholders of the Company.

Required Votes

This proposal to approve the Amended and Restated Domino's Pizza Senior Executive Annual Incentive Plan will be approved by the Company's shareholders if the votes cast in favor of this proposal exceed the votes cast against the proposal. If the Company's shareholders do not approve this proposal, the Amended and Restated Domino's Pizza Senior Executive Annual Incentive Plan will not be approved.

PROPOSAL THREE: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Company's Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accountants of the Company for the current fiscal year. Management expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the common shares represented at the meeting in person or by proxy is necessary to ratify the selection of the Company's independent registered public accountants for the current year. Under applicable law, listed company rules and the Company's By-Laws, abstentions are counted as present; the effect of an abstention is the same as a no vote. Unless otherwise indicated, the persons named in the Proxy will vote all Proxies in favor of ratification. If the selection of PricewaterhouseCoopers LLP is not ratified, the Audit Committee will reconsider the selection of independent registered public accountants.

Even if the selection of PricewaterhouseCoopers LLP is ratified by shareholders, the Audit Committee in its discretion could decide to terminate the engagement of PricewaterhouseCoopers LLP and to engage another firm if the Committee determines such action to be necessary or desirable.

The Corporate Secretary's office will forward such correspondence unopened to either Ms. Cantor or to another independent Director as the Board may specify from time to time, unless the envelope specifies that it should be delivered to another Director.

Householding of Proxy Materials

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or the Company that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to Domino's Pizza, Inc., Investor Relations, 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105, or calling Investor Relations at (734) 930-3008.

6. Operation of the Plan

6.1. *Compliance with Applicable Law.* As a condition of participating in the Plan, each Participant agrees to comply with all applicable laws and agrees to furnish to the Company all information and undertakings as may be required to permit compliance by the Company with applicable law.

6.2. *Withholding.* The Company may withhold from any payment under the Plan all taxes and other assessments, if any, determined by the Company to be required to be withheld.

7. Merger or Combination.

If (a) the Company merges into or combines with any other entity and, immediately following such merger or combination, any Person or group of Persons acting in concert holds 50% or more of the voting power of the entity surviving such merger or combination (other than any Person or group of Persons which held 50% or more of the Company's voting power immediately prior to such merger or combination or any Affiliate of any such Person or member of such group); (b) any Person or group of Persons acting in concert acquires 50% or more of the Company's voting power; or (c) the Company sells all or substantially all of its assets or business for cash or for securities of another Person or group of Persons (other than to any Person or group of Persons which held 50% or more of the Company's total voting power immediately prior to such sale or to any Affiliate of any such Person or any member of such group), then, unless the Committee provides for the continuation or assumption of some or all unpaid Awards or for the grant of new awards in substitution therefor (which need not be payable in cash) by the surviving entity or acquiror, in each case on such terms and subject to such conditions as the Committee may determine, with respect to any Award that is not so assumed or continued: (i) the then current Performance Period shall be deemed to end on the last day which is the last day of a fiscal quarter occurring on or prior to the effective date of the merger, combination or sale (or if the Committee in its sole discretion determines that it can make a reasonable determination of performance through such effective date, the current Performance Period shall be deemed to end on such effective date); (ii) the target Award amounts shall be prorated (to the extent proration would be applicable to such amount) for the number of days in such shortened Performance Period; and (iii) the amount of any so prorated Awards for such shortened period shall be determined and the Company shall pay, within twelve months following the effective date of such transaction (but in no event later than March 15 of the calendar year following the calendar year containing the effective date of such transaction), such prorated Award to each Participant in respect of such shortened Performance Period.

8. Termination of Employment

If a Participant ceases to be employed by the Company or any of its Subsidiaries prior to the end of any Performance Period as a result of resignation, dismissal or any other reason, the Participant shall immediately cease to participate in the Plan and shall not be entitled to receive any payment for any Award in respect of such Performance Period.

9. Rights of Participants

9.1. *No Right to Continue as Officer or Employee.* Neither the adoption of the Plan nor the selection of any Participant as a Participant shall confer any right to continue as an officer or employee of the Company or any of its subsidiaries, or affect in any way the right of the Company or any of its subsidiaries to terminate the Participant's employment at any time. Neither any period of notice, nor any payment in lieu thereof, upon termination of employment shall be considered as extending the period of employment for the purposes of the Plan.

9.2. *No Trust or Fiduciary Relationship.* Nothing contained herein shall be deemed to create a trust of any kind or any fiduciary relationship between the Company and any Participant or be construed as requiring the Company or any subsidiary or affiliate of the Company to establish a trust or otherwise to set aside assets to fund the payment of Awards hereunder. A Participant's right to receive payment from the Company in respect of any Award shall be no greater than the right of any unsecured general creditor of the Company.

9.3. No Assignment by Participants. The interest of any Participant under the Plan or in any Award shall not be transferable or alienable by such Participant either by pledge, assignment or in any other manner, except that in the event of a Participant's death following the completion of a Performance Period but prior to the payment of an Award with respect to such Performance Period it shall inure to the benefit of and be binding upon the Participant's estate (or beneficiary if one has been designated to the Company in writing prior to such death).

10. Miscellaneous

10.1. Severability. Any term or provision of the Plan that is invalid or unenforceable in any situation in any jurisdiction will not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. In the event that any provision hereof would, under applicable law, be invalid or unenforceable in any respect, it is the intent of the Company that such provision will be construed by modifying or limiting it so as to be valid and enforceable to the maximum extent compatible with, and possible under, applicable law.

10.2. Certain Adjustments. In respect of an Award intended to qualify for the performance-based compensation exemption under Section 162(m) of the Code, the Committee may establish, not later than by the deadline for establishing the determinations under Section 4.1 above, objectively determinable and automatic adjustments that shall apply to the measurement of performance under such Award upon the occurrence of such events (not within the discretion of the Company or its subsidiaries) as the Committee shall also have established by such deadline. For example, but without limitation, the Committee under authority of this Section 10.2 could establish at or prior to the grant of a timely granted Award opportunity intended to qualify for the performance-based compensation exemption under Section 162(m) of the Code that any measure of earnings applicable to such Award would automatically be adjusted to take into account an applicable change in GAAP that applies to the Performance Period. With respect to Awards not intended to qualify for the performance-based compensation exemption under Section 162(m) of the Code, the Committee may make such adjustments to the measures of performance, and at such time or times, as it determines in its discretion.

10.3. Governing Law. The Plan and all actions arising in whole or in part under or in connection herewith, will be governed by and construed in accordance with the domestic substantive laws of the State of Delaware, without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any other jurisdiction.

11. Effective Date of Plan

The Plan as herein amended and restated shall apply to all Award opportunities granted after January 1, 2010. No payment of an Award granted under this amended and restated Plan shall take effect unless and until the Plan shall have been approved by the Company's shareholders in accordance with Section 162(m) of the Code.
