**ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On June 11, 2010, Cincinnati Bell Inc. (the "Company") entered into new senior credit facilities, comprised of a \$210 million secured revolving credit facility maturing four years from such date and a \$760 million secured term loan credit facility maturing at the earlier of (i) November 18, 2014, if the Company's 7% Senior Notes due 2015 have not been redeemed and repaid in full on or prior to such date or (ii) seven years from June 11, 2010. The proceeds of the Company's new term loan credit facility will be used to repay all outstanding indebtedness under the Company's existing credit facility, dated as of August 31, 2005 (the "Refinancing"), to pay the purchase price in the Acquisition (as defined below), to repay certain indebtedness of Cyrus One (as defined below) in connection with the Acquisition and to pay fees and expenses incurred in connection with the Refinancing and the Acquisition. The Company's new revolving credit facility will be used to provide ongoing working capital and for other general corporate purposes of the Company and its subsidiaries. Availability under the new revolving credit facility is subject to customary borrowing conditions. The new revolving credit facility contains a \$70 million sublimit for standby letters of credit and a \$25 million sublimit for swingline loans. The new term loan credit facility is subject to quarterly amortization of principal in an amount equal to 1% of the initial aggregate principal amount per year.

Borrowings under the new senior credit facilities bear interest, at the Company's election, at a rate per annum equal to (i) LIBOR plus the applicable margin or (ii) the base rate plus the applicable margin. As of June 11, 2010, the applicable margin for advances under the term facility is 5.00% for LIBOR rate advances and 4.00% for base rate advances. The applicable margin for advances under the revolving facility is based on certain financial ratios and the Company's credit ratings and ranges between 4.25% and 5.00% for LIBOR rate advances and 3.25% and 4.00% for base rate advances. Base rate is the greatest of the bank prime rate, the one-month LIBOR rate plus one percent or the federal funds rate plus one-half of one percent. The Company will pay commitment fees for the unused amount of commitments under the revolving credit facility and letter of credit fees on outstanding letters of credit at an annual rate ranging from 0.50% to 0.75% and 4.25% and 5.00%, respectively, based on certain financial ratios.

The Company is required to use 100% of the net cash proceeds of sales (other than certain excluded dispositions) of property and assets to prepay its new term loan credit facility, subject to customary reinvestment rights and an exception for the first \$25 million of such proceeds in each fiscal year. The Company is subject to a similar requirement in the event of casualty or condemnation of property and assets. The Company is also required to use 100% of the net cash proceeds of issuances of debt securities (other than certain permitted issuances) to prepay the new term loan credit facility. The Company is also required to make mandatory prepayments of 50% of excess cash flow if its senior secured leverage ratio is greater than or equal to 1.5 to 1.0, starting with fiscal year 2011. Voluntary prepayments of the new senior credit facilities will be permitted at any time without prepayment penalty (other than breakage costs), except that the Company is required to pay a prepayment premium of 1% of the principal amount of term loans voluntarily prepaid within one year following June 11, 2010, if such prepayment is made using the proceeds of additional syndicated term loan indebtedness with an interest rate lower than the term loans being prepaid.

All existing and future subsidiaries of the Company (other than Cincinnati Bell Telephone Company LLC, Cincinnati Bell Funding LLC (and any other similar special purpose receivables financing subsidiary), Cincinnati Bell Extended Territories LLC, Mutual Signal Holding Corporation and its direct and indirect subsidiaries, and the Company's joint ventures, subsidiaries prohibited by applicable law from becoming guarantors, foreign subsidiaries and certain immaterial subsidiaries) are required to guarantee borrowings under the new senior credit facilities. Debt outstanding under the new senior credit facilities is secured by perfected first priority pledges of and security interests in (1) substantially all of the equity interests of the Company's U.S. subsidiaries (other than subsidiaries of non-guarantors of the new senior credit facilities) and 66% of the equity interests in the first-tier foreign subsidiaries held by the Company and the guarantors under the new senior credit facilities and (2) certain personal property and intellectual property of the Company and its subsidiaries (other than that of non-guarantors of the new senior credit facilities and certain other excluded property).

The new senior credit facilities contain financial covenants that require the Company to maintain certain leverage, interest coverage and fixed charge coverage ratios. The new senior credit facilities also contain certain covenants which, among other things, and subject to certain exceptions, restrict the Company's ability to incur additional debt or liens, pay dividends, repurchase Company common stock, prepay other indebtedness, sell, transfer, lease, or dispose of assets and make investments in or merge with another company. If the Company were to violate any of the covenants under the new senior credit facilities and were unable to obtain a waiver, it would be considered a default. If the Company were in default under the new senior credit facilities, no additional borrowings under the new revolving credit facility would be available until the default was waived or cured. The new senior credit facilities provide for customary events of default, including a cross-event of default provision in respect of any other existing debt instrument having an aggregate principal amount that exceeds \$35 million.

The foregoing description is only a summary of certain provisions of the new senior credit facilities and is qualified in its entirety by reference to the provisions of the Credit Agreement that governs the new senior credit facilities, a copy of which is attached to this Current Report on Form 8-K as Exhibit 10.1 and is incorporated herein by reference.
