**Item 1.01 Entry into a Material Definitive Agreement**

On August 24, 2010, Cerus Corporation (the Company) entered into an Asset Purchase and Redemption Agreement (the Agreement) with BioOne Corporation (BioOne). Pursuant to the Agreement, the Company agreed to acquire certain assets (the Assets), including BioOne's commercialization rights for the INTERCEPT Blood System for platelets and plasma in an Asian territory that includes China, Japan, Taiwan, Singapore, Korea, Thailand and Vietnam, as well as products related to pathogen inactivation technology and certain contracts and intellectual property rights (the Acquisition).

Certain of the contracts being assigned to Cerus include agreements between BioOne and Fenwal, as assignee of certain subsidiaries of Baxter Inc., relating to the INTERCEPT Blood System for platelets and plasma (the BioOne INTERCEPT Agreements). Cerus and Fenwal have agreed to terminate the BioOne INTERCEPT Agreements and to amend Cerus's current agreements with Fenwal to expand Cerus's territory under those agreements to worldwide, and in so doing including the Asian territories previously covered by the BioOne INTERCEPT Agreements.

As consideration for the Assets, BioOne will receive 1,172,357 shares of the Company's common stock, of which 937,886 were issued at closing and the remainder, subject to any indemnity claims, will be issued six months from closing. The shares of the Company's common stock were issued pursuant to Rule 901 under the Securities Act of 1933, as amended. In addition, the Company relinquished its equity interest in BioOne, valued at \$1,395,000 and generally assumed liabilities arising subsequent to the closing related to the assumed contracts. The Agreement contains customary representations, warranties, covenants and obligations. BioOne has agreed to indemnify the Company for damages arising from the breach of its representations, warranties, covenants or obligations in the Agreement. Pursuant to the Agreement, the parties agreed that a portion of the consideration will be held back for a period of six months to indemnify the Company for certain losses suffered, sustained or incurred in connection with the BioOne's indemnification obligations.

Subject to certain conditions, BioOne will have the right to buy back the Assets if, within six months after the completion of the Acquisition, the Company files for bankruptcy (voluntarily or involuntarily), makes a general assignment for the benefit of creditors, has a trustee or liquidator appointed over its assets, becomes insolvent, or ceases or threatens to cease engaging in business. In addition, the Company has the right to acquire shares of certain subsidiaries of BioOne for a period of six months after the closing.

Under the Agreement, BioOne has agreed not to engage in, own, manage, participate in, or conduct any activities that would compete with the field of pathogen inactivation for a specified period.

The Acquisition was completed on August 27, 2010, after being approved by BioOne's shareholders.

The foregoing summary of the Agreement is not complete and is qualified in its entirety by reference to the Agreement, a copy of which is filed as an exhibit hereto.

A copy of the press release containing the Company's announcement of the Acquisition is filed herewith as Exhibit 99.1.
