Table of Contents

RISK FACTORS

An investment in the notes involves certain risks. You should carefully consider the risks related to the notes described below, the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2010 and the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. This prospectus supplement also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks related to the notes and faced by us described below and elsewhere in this prospectus supplement and the accompanying prospectus.

The Notes Are Our Obligations and Not Obligations of Our Subsidiaries and Will Be Structurally Subordinated to the Claims of Our Subsidiaries' Creditors.

The notes are exclusively our obligations and not those of our subsidiaries. We are a holding company that conducts substantially all of our operations through our bank and non-bank subsidiaries. As a result, our ability to make payments on the notes will depend primarily upon the receipt of dividends and other distributions from our subsidiaries. If we do not receive sufficient cash dividends and other distributions from our subsidiaries, it is unlikely that we will have sufficient funds to make payments on the notes.

Our subsidiaries are separate and distinct legal entities. Our subsidiaries have no obligation to pay any amounts due on the notes or to provide us with funds to pay our obligations, whether by dividends, distributions, loans or other payments. In addition, any dividend payments, distributions, loans or advances to us by our subsidiaries in the future will require the generation of future earnings by our subsidiaries and may require regulatory approval. Regulations of the Federal Reserve affect the ability of SunTrust Bank to pay dividends and other distributions to us and to make loans to us. If SunTrust Bank is unable to make dividend payments to us and sufficient capital is not otherwise available, we may not be able to make principal and interest payments on our debt, including the notes.

In addition, our right to participate in any distribution of assets of any of our subsidiaries upon the subsidiary's liquidation or otherwise will generally be subject to the prior claims of creditors of that subsidiary. Your ability as a holder of the notes to benefit indirectly from that distribution also will be subject to these prior claims. The notes are not guaranteed by any of our subsidiaries. As a result, the notes will be structurally subordinated to all existing and future liabilities and obligations of our subsidiaries, including deposits, which means that our subsidiaries' creditors will be paid from our subsidiaries' assets before holders of the notes would have any claims to those assets. At December 31, 2010, our subsidiaries' direct borrowings and deposit liabilities totaled approximately \$131.7 billion. Our subsidiaries may incur additional debt and liabilities in the future, all of which would rank structurally senior to the notes.

The Notes Will Be Effectively Junior to All of Our and Our Subsidiaries' Secured Indebtedness

The notes will be effectively subordinated to any future secured debt we or our subsidiaries may incur, to the extent of the value of the assets securing such debt. In the event that we are declared bankrupt, become insolvent or are liquidated or reorganized, any debt that ranks ahead of the notes will be entitled to be paid in full from our assets before any payment may be made with respect to the notes. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same ranking as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets.

Table of Contents

In any of the foregoing events, we may not have sufficient assets to pay amounts due on the notes. As a result, if holders of the notes receive any payments, they may receive less, ratably, than holders of secured indebtedness.

As of December 31, 2010, we had \$771 million of outstanding secured debt, and the indenture under which the notes will be issued does not preclude us from issuing additional secured debt. See the section of this prospectus supplement entitled "Description of the Notes—Limitations on Mergers and Sale of Assets" and "Restrictions on Disposition of Voting Stock of Certain Subsidiaries".

There Are Limited Covenants in the Indenture

Neither we nor any of our subsidiaries is restricted from incurring additional debt or other liabilities, including additional senior debt, under the indenture. If we incur additional debt or liabilities, our ability to pay our obligations on the notes could be adversely affected. We expect to incur, from time to time, additional debt and other liabilities. In addition, we are not restricted under the indenture from granting security interests over our assets, except to the extent described under "Description of the Notes—Limitations on Mergers and Sale of Assets" and "Restrictions on Disposition of Voting Stock of Certain Subsidiaries" in this prospectus supplement, or from paying dividends or issuing or repurchasing its securities.

In addition, there are no financial covenants in the indenture. You are not protected under the indenture in the event of a highly leveraged transaction, reorganization, a default under our existing indebtedness, restructuring, merger or similar transaction that may adversely affect you, except to the extent described under "Description of the Notes—Limitations on Mergers and Sale of Assets" and "Restrictions on Disposition of Voting Stock of Certain Subsidiaries" included in this prospectus supplement.

The Notes Are not Insured or Guaranteed By the FDIC

The notes are not savings accounts, deposits or other obligations of any of our bank or non-bank subsidiaries and are not insured by the FDIC or any other governmental agency or instrumentality. In addition, the notes are not guaranteed under the FDIC's Temporary Liquidity Guarantee Program.

You May Be Unable to Sell the Notes Because There is no Public Trading Market For the Notes

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or included in any automated quotation system. Consequently, the notes will be relatively illiquid and you may be unable to sell your notes. Although the representatives of the underwriters have advised us that, following completion of the offering of the notes, one or more of the underwriters currently intend to make a secondary market in the notes, they are not obligated to do so and may discontinue any market-making activities at any time without notice. Accordingly, a trading market for the notes may not develop or any such market may not have sufficient liquidity.

RECENT DEVELOPMENTS

Repurchase of Series C and Series D Preferred Stock

In November 2008 we issued 35,000 shares of our Fixed Rate Cumulative Perpetual Preferred Stock, Series C, having a liquidation preference of \$100,000 per share, to the United States Treasury and in December 2008 we issued 13,500 shares of our Fixed Rate Cumulative Perpetual Preferred Stock, Series D to the United States Treasury. These issuances were made pursuant to the CPP as part of the TARP. We issued to the United States Treasury in connection with each of the Series C Preferred Stock transaction and the Series D Preferred Stock transaction a ten-year warrant relating to the purchase of up to 11,891,280 shares of our common stock at an initial exercise price of \$44.15 per share and the purchase of up to 6,008,902 shares of our common stock at an initial exercise price of \$33.70 per share, respectively.

Subject to approval by the United States Treasury, we intend to redeem all the shares of our Series C Preferred Stock and Series D Preferred Stock. We will use the net proceeds from this offering together with Common Stock Offering described below under Common Stock Offering and other funds for the redemption of the Series C Preferred Stock and Series D Preferred Stock. In connection with the redemption of the Series C Preferred Stock and Series D Preferred Stock if and as approved by the United States Treasury, we have agreed to undertake the Common Stock Offering. If the repurchase of the Series C Preferred Stock and Series D Preferred Stock is completed, we may seek at a future date to repurchase the common stock warrants issued to the United States Treasury in connection with the Series C and Series D Preferred Stock issuances; however, we can provide no assurances that we will decide or be able to repurchase the warrants in the future.

In the period in which we repurchase the Series C Preferred Stock and Series D Preferred Stock, we will accelerate the accretion of the issuance discount on the Series C Preferred Stock and Series D Preferred Stock and record a corresponding reduction in retained earnings, resulting in a one-time, noncash reduction in the calculation of diluted earnings per common share (i.e., a reduction in net income available to common stockholders in an amount equal to the issuance discount accelerated). The issuance discount is due to the carrying value of the Series C Preferred Stock and Series D Preferred Stock being at a discount to their liquidation values as a result of the initial recognition of Series C Preferred Stock, Series D Preferred Stock and the related warrants based on their relative fair values at issuance. As of March 17, 2011, the amount of the remaining issuance discount on the Series C Preferred Stock and Series D Preferred Stock was \$74 million.

Common Stock Offering

On March 18, 2011, we commenced a \$1.04 billion offering of shares of our common stock to fund, in part, our proposed redemption of the Series C Preferred Stock and Series D Preferred Stock. The completion of this offering is not conditioned upon the completion of the Common Stock Offering. There can be no assurance that the Common Stock Offering will be completed and the Series C Preferred Stock and Series D Preferred Stock redeemed. This prospectus supplement is not an offer to sell common stock; any offer to sell common stock will be made only by a separate prospectus supplement.

First Quarter 2011

While our first quarter is not yet complete and we plan to release our first quarter results in late April, the following list describes our current expectations for the first quarter of 2011:

we expect that we will experience continued modest net interest margin expansion due to lower deposit costs and efforts to enhance loan spreads;

Table of Contents

we expect that average loans and deposits will be relatively stable compared to the fourth quarter of 2010;

we expect that core fees will be down an approximate low double digit percentage amount compared to the fourth quarter of 2010, due to market sensitive revenue, including (i) a decline in investment banking fees due in part to the first quarter being seasonally slower than the fourth quarter and (ii) mortgage production fees declining primarily due to higher interest rates resulting in lower origination volumes;

we expect that noninterest income will benefit from securities gains in amounts comparable to recent quarters;

we expect that noninterest expense will be modestly down from the fourth quarter of 2010;

we expect that net charge-offs will be stable to modestly down compared to the fourth quarter of 2010;

we expect that the reduction in our allowance for loan and lease losses (*ALLL*) will be similar to the *ALLL* release in the fourth quarter of 2010 subject to normal quarter-end evaluation; and

we expect a one time charge in this quarter of \$74 million to net income available to common shareholders, or approximately \$0.15 per share, related to the difference of the carrying value of the Series C and Series D Preferred Stock and the repayment amount.

The expectations described in this section are preliminary in nature and are based upon currently available information, and the line items described can be highly volatile. Accordingly, no assurance can be given that our financial results for the completed quarter will be consistent with our current expectations described above.

USE OF PROCEEDS

We expect to receive net proceeds from this offering of approximately \$995 million, after estimated expenses and underwriting commissions. We intend to notify the United States Treasury of our intent to repurchase all of the shares of our Series C Preferred Stock and Series D Preferred Stock issued to the United States Treasury under the CPP. We currently anticipate based on discussion with our banking regulators that we will be permitted to repurchase the Series C Preferred Stock and Series D Preferred Stock following consummation of this offering. If permitted to do so, we expect to fund such repurchase with the proceeds of this offering, the proceeds of the Common Stock Offering and cash on hand. The Series C Preferred Stock and Series D Preferred Stock would each be repurchased at its \$100,000 per share liquidation preference, plus accrued and unpaid dividends.

If we do not repurchase the Series C Preferred Stock and Series D Preferred Stock, then we may use the net proceeds of this offering and the Common Stock Offering for general corporate purposes. Pending the use of the net proceeds, we may invest the proceeds in highly liquid short term securities.

If we complete the repurchase of the Series C Preferred Stock and Series D Preferred Stock, we may in the future seek to repurchase the warrants that we issued to the United States Treasury as a result of our participation in the CPP at a price to be determined. However, we can provide no assurances that we will decide or be able to repurchase the warrants in the future.

REGULATORY CONSIDERATIONS

As a financial holding company and a bank holding company under the Bank Holding Company Act of 1956, as amended, SunTrust is subject to regulation, supervision and examination by the Federal Reserve. For a discussion of the material elements of the regulatory framework applicable to financial holding companies, bank holding companies and their subsidiaries and specific information relevant to SunTrust, please refer to SunTrust's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, and the subsequent reports we file with the SEC, which are incorporated by reference in this prospectus supplement. This regulatory framework is intended primarily for the protection of depositors and the federal deposit insurance funds and not for the protection of security holders. As a result of this regulatory framework, SunTrust's earnings are affected by actions of the Federal Reserve, the FDIC, which insures the deposits of our banking subsidiaries within certain limits, and the SEC, which regulates the activities of certain subsidiaries engaged in the securities business.

SunTrust's earnings are also affected by general economic conditions, our management policies and legislative action.

In addition, there are numerous governmental requirements and regulations that affect our business activities. A change in applicable statutes, regulations or regulatory policy may have a material effect on SunTrust's business.

Depository institutions, like SunTrust's bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. SunTrust also has other financial services subsidiaries regulated, supervised and examined by the Federal Reserve, as well as other relevant state and federal regulatory agencies and self-regulatory organizations. SunTrust's non-bank subsidiaries may be subject to other laws and regulations of the federal government or the various states in which they are authorized to do business.

No regulatory approvals are required to effect this offering of notes.

We present net interest income, total revenue, net interest margin and the efficiency ratio on a fully taxable equivalent (*FTE*) basis. The *FTE* basis adjusts for the tax-favored status of income from certain loans and investments. We believe this measure to be the preferred industry measurement of net interest income and it enhances comparability of net interest income arising from taxable and tax-exempt sources.

S-11

Table of Contents

- (2) We present a return on average assets less net realized and unrealized gains on securities and a return on average realized common shareholders' equity. The foregoing numbers primarily reflect adjustments to remove the effects of our securities portfolio which includes the ownership by us of common shares of The Coca-Cola Company. We use this information internally to gauge our actual performance in the industry. We believe that the return on average assets less the net realized and unrealized securities gains and the return on average realized common shareholders' equity are more indicative of our performance because they more accurately reflect returns that are related to our core businesses which are primarily customer relationship and customer transaction driven. The return on average assets less net realized and unrealized gains on securities is computed by dividing net income/(loss), excluding securities (gains)/losses and The Coca-Cola Company stock dividend, by average assets less net unrealized securities gains. The return on average realized common shareholders' equity is computed by dividing net income/(loss) available to common shareholders excluding net securities (gains)/losses and The Coca-Cola Company stock dividend by average realized common shareholders' equity.
- (3) The common dividend payout ratio is not applicable in a period of net loss.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table shows the ratio of earnings to fixed charges of our company, which includes our subsidiaries, on a consolidated basis. The ratio of earnings to fixed charges has been computed by dividing:

net income excluding income taxes plus fixed charges, by

fixed charges.

Fixed charges represent interest expense, either including or excluding interest on deposits as set forth below, and the portion of net rental expense deemed to be equivalent to interest on long-term debt. Interest expense, other than on deposits, includes interest on long-term debt, funds purchased and securities sold under agreements to repurchase, trading liabilities and other short-term borrowings.

DESCRIPTION OF THE NOTES

The following is a brief description of the terms of the notes, which does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the Indenture (as defined below).

General

The notes will be issued in an initial aggregate principal amount of \$1.0 billion and will mature on April 15, 2016. The notes will not be entitled to any sinking fund. The notes will be issued only in fully registered book-entry form without coupons and in denominations of \$5,000 and integral multiples of \$1,000 in excess thereof. We do not intend to apply for the listing of the notes on any securities exchange. The notes will be issued pursuant to the indenture dated September 10, 2007 between us and U.S. Bank National Association, as trustee (the *Indenture*). As discussed below, payment of the principal of, and interest on, the notes represented by a global note registered in the name of or held by DTC or its nominee will be made in immediately available funds to DTC or its nominee, as the case may be, as the registered owner and holder of such global note.

We may, without the consent of the holders of the notes, issue additional notes of the same series as the notes offered by this prospectus supplement, provided that such additional notes would be treated as part of the same issue as the original notes for U.S. federal income tax purposes. Any additional notes will have the same ranking, interest rate, maturity date and other terms as the series of notes offered hereby. Any additional notes of the series issued by us, together with the notes offered by this prospectus supplement, will constitute the same series of debt securities under the Indenture.

Interest

The notes will bear interest at a rate of 3.60% per annum from March 24, 2011 or from the most recent interest payment date to which interest has been paid or provided for, payable semiannually on April 15 and October 15 of each year, beginning October 15, 2011. Interest payable on any interest payment date will be payable to the persons in whose names the notes are registered at the close of business on the fifteenth day next preceding the interest payment date. Interest on the notes will be calculated based on a 360-day year consisting of twelve 30-day months.

If any interest payment date or the maturity date of any of the notes is not a business day, then payment of principal and interest will be made on the next succeeding business day. No interest will accrue on the amount so payable for the period from such interest payment date or maturity date, as the case may be, to the date payment is made.

A *business day* means any day other than a Saturday, Sunday, or any other day on which banking institutions and trust companies in New York, New York or Atlanta, Georgia, are permitted or required by any applicable law to close.

Ranking

The notes will be senior unsecured indebtedness of SunTrust Banks, Inc. and rank equally with our other senior unsecured indebtedness and will be effectively subordinate to our secured indebtedness. Because we are a holding company, our right to participate in any distribution of the assets of our banking or nonbanking subsidiaries, upon a subsidiary's dissolution, winding-up, liquidation or reorganization or otherwise, and thus the ability of a holder of notes to benefit indirectly

Table of Contents

from such distribution, is subject to the prior claims of creditors of any such subsidiary, except to the extent that we may be a creditor of that subsidiary and our claims are recognized. There are legal limitations on the extent to which some of our subsidiaries may extend credit, pay dividends or otherwise supply funds to, or engage in transactions with, us or some of our other subsidiaries. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay amounts due under our contracts or otherwise to make any funds available to us. Accordingly, the notes effectively will be subordinated to all existing and future liabilities of our subsidiaries. As of December 31, 2010, we had \$771 million of outstanding secured debt. At December 31, 2010, our subsidiaries' direct borrowings and deposit liabilities totaled approximately \$131.7 billion.

Redemption or Repayment

The notes will not be subject to redemption at our option at any time prior to March 15, 2016 (one month prior to their maturity date). At any time on or after March 15, 2016, we may, at our option, at any time and from time to time, upon not less than 10 nor more than 60 days' prior notice, redeem all or any portion of the notes at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued interest thereon to the date of redemption.

The notes will not be subject to repayment at the option of the holder at any time prior to maturity and will not be entitled to any sinking fund.

Events of Default, Waiver and Notice

An *event of default*, when used in the Indenture, means any of the following:

non-payment of interest on the notes for 30 days after such payment becomes due;

non-payment of the principal on the notes when due;

our failure for 90 days after notice in performing any other covenant or warranty in the Indenture;

bankruptcy of SunTrust; or

receivership of SunTrust Bank.

If an event of default under the Indenture occurs and continues, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes may declare the entire principal and all accrued but unpaid interest of all notes to be due and payable immediately. If such a declaration occurs, the holders of a majority of the aggregate principal amount of the outstanding notes can, subject to certain conditions, rescind the declaration.

The holders of a majority in aggregate principal amount of the outstanding notes may waive any past default, except:

a default in payment of principal or interest; or

a default under any provision of the Indenture that itself cannot be modified or amended without the consent of the holder of each outstanding note.

The holders of a majority in principal amount of the notes shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee.

Edgar Filing: SUNTRUST BANKS INC - Form 424B2

We are required to file an officers certificate with the trustee each year that states, to the knowledge of the certifying officers, whether or not any defaults exist under the terms of the Indenture.

Limitations on Mergers and Sales of Assets

The Indenture generally permits a consolidation or merger between us and another entity. It also permits the sale or transfer by us of all or substantially all of our property and assets. These transactions are permitted if:

the resulting or acquiring entity, if other than us, is organized and existing under the laws of a domestic jurisdiction and assumes all of our responsibilities and liabilities under the Indenture, including the payment of all amounts due on the notes and performance of the covenants in the Indenture;

immediately after the transaction, and giving effect to the transaction, no event of default under the Indenture exists; and

certain other conditions as prescribed in the Indenture are met.

If we consolidate or merge with or into any other entity or sell or lease all or substantially all of our assets according to the terms and conditions of the Indenture, the resulting or acquiring entity will be substituted for us in such Indenture with the same effect as if it had been an original party to the Indenture. As a result, such successor entity may exercise our rights and powers under the Indenture, in our name and, except in the case of a lease of all or substantially all of our properties and assets, we will be released from all our liabilities and obligations under the Indenture and under the notes.

Restriction on Disposition of Voting Stock of Certain Subsidiaries

Under the Indenture, we have agreed not to sell, assign, pledge, transfer or otherwise dispose of any shares of capital stock of any principal subsidiary bank or any securities convertible into or rights to subscribe to such capital stock unless after giving effect to such transaction we would own, directly or indirectly, at least 80% of the outstanding shares of capital stock of each class of capital stock of such principal subsidiary bank. We additionally agreed not to pay any dividend or distribution in capital stock of any principal subsidiary bank unless such principal subsidiary bank, after obtaining any necessary regulatory appraisals, unconditionally guarantees payment of principal and interest on the notes.

The Indenture defines a principal subsidiary bank as any subsidiary bank, the consolidated assets of which constitute 50% or more of our consolidated assets. As of the date of this prospectus supplement, SunTrust Bank was the only subsidiary bank that is a principal subsidiary bank under the Indenture.

Notwithstanding the foregoing, this covenant does not prohibit:

any dispositions made by us or any principal subsidiary bank (a) acting in a fiduciary capacity for any person other than us or any principal subsidiary bank or (b) to us or any of our wholly-owned subsidiaries; or

the merger or consolidation of a principal subsidiary bank with and into another principal subsidiary bank.

This covenant also does not prohibit sales, assignments, pledges, transfers or other dispositions of voting stock of a principal subsidiary bank where:

the sale, assignment, pledge, transfer or other disposition is made, in the minimum amount required by law, to any person for the purpose of the qualification of such person to serve as a director;

Table of Contents

the sale, assignment, pledge, transfer or other disposition is made in compliance with an order of a court or regulatory authority of competent jurisdiction or as a condition imposed by any such court or regulatory authority to the acquisition by us or any principal subsidiary bank, directly or indirectly, of any other corporation or entity;

the sale, assignment, pledge, transfer or other disposition of voting stock or any other securities convertible into or rights to subscribe to voting stock of a principal subsidiary bank as long as (a) such transaction is made for fair market value as determined by our board of directors or the board of directors of the subsidiary disposing of such voting stock or securities and (b) after giving effect to such transaction and to any potential dilution, we and our directly or indirectly wholly-owned subsidiaries will own, directly or indirectly, at least 80% of the voting stock of such principal subsidiary bank;

any principal subsidiary bank sells additional shares of its voting stock to shareholders at any price, so long as immediately after such sale we will own, directly or indirectly, at least as great a percentage of the voting stock of such principal subsidiary bank as we owned prior to the sale of such additional shares; or

a pledge is made or a lien is created to secure loans or other extensions of credit by a principal subsidiary bank subject to Section 23A of the Federal Reserve Act.

Defeasance and Covenant Defeasance

The Indenture provides that we may deposit in trust with the trustee cash and/or government securities in an amount sufficient, without reinvestment, to pay all sums due on the notes. If we make this deposit, then, at our option, we:

will be deemed to have satisfied and paid all of our obligations in respect of the notes; or

will not need to comply with certain restrictive covenants contained in the Indenture and the occurrence of a covenant default will no longer be an event of default with respect to the notes, which we refer to as *covenant defeasance*.

Such a trust may only be established if, among other things:

no event of default exists or occurs as a result of such deposit; and

we deliver an opinion of a nationally recognized tax counsel to the effect that the holders will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance.

If we exercise our covenant defeasance option with respect to the notes and the maturity of the notes is accelerated upon an event of default, the amount of cash and government securities on deposit with the trustee may not be sufficient to pay amounts due on the notes at the time of the acceleration. However, we will remain liable with respect to such payments.

Modification of the Indenture

Under the Indenture, certain of our rights and obligations and certain of the rights of holders of the notes may be modified or amended with the consent of the holders of at least a majority of the aggregate principal amount of the outstanding notes. However, the following modifications and amendments will not be effective against any holder without its consent:

a change in the stated maturity date of any payment of principal or interest, including any additional interest;

Table of Contents

a reduction in or change in the manner of calculating payments due on the notes;

a change in the place of payment or currency in which any payment on the notes is payable;

a limitation of a holder's right to sue us for the enforcement of payments due on the notes;

a reduction in the percentage of outstanding notes required to consent to a modification or amendment of the Indenture or required to consent to a waiver of compliance with certain provisions of the Indenture or certain defaults under the Indenture;

a reduction in the requirements contained in the Indenture for quorum or voting; and

a modification of any of the foregoing requirements contained in the Indenture.

Under the Indenture, the holders of at least a majority of the aggregate principal amount of the outstanding notes may waive compliance by us with any covenant or condition contained in the Indenture.

We and the trustee may execute, without the consent of any holder of notes, any supplemental indenture for the purposes of:

evidencing the succession of another corporation to us, and the assumption by such successor of our covenants contained in the Indenture and the notes;

adding covenants by us for the benefit of the holders of the notes, transferring any property to or with the trustee or surrendering any of our rights or powers under the Indenture;

adding any additional events of default for the notes;

changing or eliminating any restrictions on the payment of principal or premium, if any, on notes in registered form, provided that any such action shall not adversely affect the interests of the holders of the notes of any series in any material respect;

evidencing and providing for the acceptance of appointment under the Indenture by a successor trustee with respect to the notes;

curing any ambiguity, correcting or supplementing any provision in the Indenture that may be defective or inconsistent with any other provision therein or making any other provisions with respect to matters or questions arising under the Indenture that shall not be inconsistent with any provision therein, provided that such other provisions shall not adversely affect the interests of the holders of the notes in any material respect;

adding to, changing or eliminating any provision of the Indenture as shall be necessary or desirable in accordance with any amendments to the Trust Indenture Act;

Other than its duties in a case of default, the trustee is under no obligation to exercise any of the powers under the Indenture at the request, order or direction of any holders of notes unless offered reasonable indemnification.

Miscellaneous

BOOK-ENTRY, DELIVERY AND FORM OF NOTES

The notes will be issued in book-entry form through DTC. DTC will act as securities depository for the notes. The notes will be issued only as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. The notes will be accepted for clearance by DTC. Beneficial interests in the global securities will be shown on, and transfers thereof will be effected only through, the book-entry records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream. Owners of beneficial interests in the notes will receive all payments relating to their notes in U.S. dollars. One or more fully registered global security certificates, representing the aggregate principal amount of notes issued, will be issued and will be deposited with DTC and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in the notes, so long as the notes are represented by global security certificates.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a *banking organization* within the meaning of the New York Banking Law, a member of the Federal Reserve System, a *clearing corporation* within the meaning of the New York Uniform Commercial Code and a *clearing agency* registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its direct participants deposit with DTC. DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, which, in turn, is owned by a number of direct participants of DTC and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation, as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others, referred to as *indirect participants*, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a direct or indirect custodial relationship with a direct participant. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of notes under the DTC system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner of notes will be recorded on the direct or indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Under a book-entry format, holders may experience some delay in their receipt of payments, as such payments will be forwarded by the trustee to Cede & Co., as nominee for DTC. DTC will forward the payments to its participants, who will then forward them to indirect participants or holders. Beneficial owners of notes other than DTC or its nominees will not be recognized by the registrar and transfer agent as registered holders of the notes entitled to the rights of holders thereof. Beneficial owners that are not participants will be permitted to exercise their rights only indirectly through and according to the procedures of participants and, if applicable, indirect participants.

To facilitate subsequent transfers, all notes deposited by direct participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be

Table of Contents

requested by an authorized representative of DTC. The deposit of notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the direct participants to whose accounts the notes are credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to the issuer as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts notes are credited on the record date (identified in a listing attached to the omnibus proxy).

DTC may discontinue providing its services as securities depository with respect to the notes at any time by giving reasonable notice to the issuer or its agent. Under these circumstances, in the event that a successor securities depository is not obtained, certificates for the notes are required to be printed and delivered. We may decide to discontinue the use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates for the notes will be printed and delivered to DTC. If an event of default with respect to the notes has occurred and is continuing, a holder may request that certificates for the notes be registered in such holder's names.

As long as DTC or its nominee is the registered owner of the global security certificates, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the global security certificates and all notes represented by these certificates for all purposes under the instruments governing the rights and obligations of holders of notes. Except in the limited circumstances referred to above, owners of beneficial interests in global security certificates:

will not be entitled to have such global security certificates or the notes represented by these certificates registered in their names;

will not receive or be entitled to receive physical delivery of securities certificates in exchange for beneficial interests in global security certificates; and

will not be considered to be owners or holders of the global security certificates or the notes represented by these certificates for any purpose under the instruments governing the rights and obligations of holders of notes.

Payments with respect to notes represented by the global security certificates and all transfers and deliveries of notes will be made to DTC or its nominee, as the case may be, as the registered holder of the notes. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from the issuer or its agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of that participant and not of DTC, the trustee, the issuer or any of their agents, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the issuer or its agent, disbursement of such payments to direct participants will be the responsibility of DTC, and disbursement of such payments to the beneficial owners will be the responsibility of direct and indirect participants.

Table of Contents

Ownership of beneficial interests in the global security certificates will be limited to participants or persons that may hold beneficial interests through institutions that have accounts with DTC or its nominee. Ownership of beneficial interests in global security certificates will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by DTC or its nominee, with respect to participants' interests, or any participant, with respect to interests of persons held by the participant on their behalf. Payments, transfers, deliveries, exchanges, and other matters relating to beneficial interests in global security certificates may be subject to various policies and procedures adopted by DTC from time to time. Neither we nor any agent for us will have any responsibility or liability for any aspect of DTC's or any direct or indirect participant's records relating to, or for payments made on account of, beneficial interests in global security certificates, or for maintaining, supervising or reviewing any of DTC's records or any direct or indirect participant's records relating to these beneficial ownership interests.

Although DTC has agreed to the foregoing procedures in order to facilitate transfer of interests in the global security certificates among participants, DTC is under no obligation to perform or continue to perform these procedures, and these procedures may be discontinued at any time. We will not have any responsibility for the performance by DTC or its direct or indirect participants under the rules and procedures governing DTC.

Because DTC can act only on behalf of direct participants, who in turn act only on behalf of direct or indirect participants, and certain banks, trust companies and other persons approved by it, the ability of a beneficial owner of notes to pledge the notes to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for the notes.

DTC has advised us that it will take any action permitted to be taken by a registered holder of any securities under the Indenture only at the direction of one or more participants to whose accounts with DTC the notes are credited.

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be accurate, but we assume no responsibility for the accuracy thereof.

Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will hold interests in customers' securities accounts in the depositaries' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depositary for Clearstream and JPMorgan Chase Bank, N.A. acts as U.S. depositary for Euroclear (the *U.S. Depositaries*). Beneficial interests in the global securities of a series will be held in denominations of \$5,000 and integral multiples of \$1,000 in excess thereof.

Clearstream holds securities for its participating organizations (*Clearstream Participants*) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries.

Clearstream is registered as a bank in Luxembourg, and as such is subject to regulation by the Commission de Surveillance du Secteur Financier and the Banque Centrale du Luxembourg, which supervise and oversee the activities of Luxembourg banks. Clearstream Participants are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, and may include the underwriters or their affiliates. Indirect access to Clearstream is available to other institutions that clear through or maintain a custodial relationship with

a Clearstream Participant. Clearstream has established an electronic bridge with Euroclear as the operator of the Euroclear System (the *Euroclear Operator*) in Brussels to facilitate settlement of trades between Clearstream and the Euroclear Operator.

Distributions with respect to the notes of a series held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear holds securities and book-entry interests in securities for participating organizations (*Euroclear Participants*) and facilitates the clearance and settlement of securities transactions between Euroclear Participants, and between Euroclear Participants and participants of certain other securities intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries. Euroclear provides Euroclear Participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related services. Euroclear Participants are investment banks, securities brokers and dealers, banks, central banks, supranationals, custodians, investment managers, corporations, trust companies and certain other organizations, and may include the underwriters or their affiliates. Non-participants in Euroclear may hold and transfer beneficial interests in a global security through accounts with a Euroclear Participant or any other securities intermediary that holds a book-entry interest in a global security through one or more securities intermediaries standing between such other securities intermediary and Euroclear.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the *Terms and Conditions*). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to notes of a series held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Transfers between Euroclear Participants and Clearstream Participants will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between DTC s participating organizations (*DTC Participants*), on the one hand, and Euroclear Participants or Clearstream Participants, on the other hand, will be effected through DTC in accordance with DTC s rules on behalf of Euroclear or Clearstream, as the case may be, by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving interests in the global security in DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement applicable to DTC. Euroclear Participants and Clearstream Participants may not deliver instructions directly to their respective U.S. Depositories.

Table of Contents

Due to time zone differences, the securities accounts of a Euroclear Participant or Clearstream Participant purchasing an interest in a global security from a DTC Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear Participant or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in a global security related to a series of notes by or through a Euroclear Participant or Clearstream Participant to a DTC Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

The information in this section concerning Euroclear and Clearstream and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of that information.

None of us, any of the underwriters or the trustee will have any responsibility for the performance by Euroclear or Clearstream or their respective participants of their respective obligations under the rules and procedures governing their operations.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of DTC, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

CERTAIN UNITED STATES FEDERAL TAX CONSEQUENCES TO HOLDERS OF NOTES

The following summary describes the material U.S. federal income tax consequences to you of the purchase, beneficial ownership and disposition of notes as of the date hereof. This summary deals only with holders that purchase notes in the initial offering at their issue price (i.e., the first price at which a substantial amount of notes is sold to investors) and that hold the notes as capital assets for tax purposes. This summary does not apply to you if you are a member of a class of holders subject to special rules, such as:

a dealer in securities;

a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings;

a bank;

an insurance company;

a tax-exempt organization;

a person that owns notes that are a hedge or that are hedged against interest rate risks;

a person that owns notes as part of a straddle or conversion transaction for tax purposes;

a person subject to alternative minimum tax;

a U.S. holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar; or

a U.S. expatriate, controlled foreign corporation, or passive foreign investment company.

This summary is based upon provisions of the Internal Revenue Code of 1986, as amended (the *Code*), and regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, or subject to differing interpretations, so as to result in U.S. federal income tax consequences different from those summarized below.

If an entity classified as a partnership for U.S. federal income tax purposes holds our notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding notes, you should consult your tax advisor.

If you are considering the purchase of notes, you should consult your own tax advisor concerning the particular U.S. federal income and estate tax consequences to you of the purchase, beneficial ownership and disposition of notes, as well as the consequences to you arising under the laws of any other taxing jurisdiction, including any state, local or non-U.S. tax consequences.

Edgar Filing: SUNTRUST BANKS INC - Form 424B2

Please consult your own tax advisor concerning the consequences of owning these notes in your particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.

For purposes of this summary, a *U.S. holder* means a beneficial owner of a note that is any of the following for U.S. federal income tax purposes:

a citizen or resident of the United States;

a corporation (or other entity classified as a corporation) created or organized in or under the laws of the United States, any state thereof, or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if (1) its administration is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all of its substantial decisions, or (2) it has a valid election in effect under applicable United States Treasury regulations to be treated as a U.S. person.

A *non-U.S. holder* means a beneficial owner of a note that is not a U.S. holder and not a partnership for U.S. federal income tax purposes.

U.S. Holders

Payments of Interest

In general, you must report interest on the notes as ordinary income at the time it is paid or accrued, in accordance with your regular method of accounting for tax purposes.

If you purchase notes at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your tax advisor regarding this possibility.

Sale, Exchange, Retirement or Other Disposition of the Notes

On the sale, exchange, retirement or other taxable disposition of a note:

You will recognize taxable gain or loss equal to the difference between (i) the amount realized by you on the sale, exchange, retirement or other disposition (except to the extent the amount is attributable to accrued interest not previously included in income, which will be taxable as ordinary income) and (ii) your adjusted tax basis in the note.

Your gain or loss will generally be capital gain or loss and will be long-term capital gain or loss if you held the note for more than one year at the time of the sale, exchange, retirement or other disposition. Long-term capital gains recognized by non-corporate U.S. holders in taxable years beginning before January 1, 2013 generally are taxed at a maximum rate of 15%. The deductibility of capital losses is subject to limitations.

Additional Tax on Net Investment Income

For taxable years beginning after December 31, 2012, non-corporate U.S. persons generally will be subject to a 3.8% tax (the *Medicare tax*) on the lesser of (1) the U.S. person's net investment income for the relevant taxable year and (2) the excess of the U.S. person's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's tax return filing status). If you are a non-corporate U.S. holder, your net investment income will generally include any income or gain recognized with respect to your notes, unless the income or gain is derived in the ordinary course of the conduct of your trade or business (other than a trade or business that consists of certain passive or trading activities).

Information Reporting and Backup Withholding

Generally, if you are a U.S. holder (other than an exempt recipient), payments made on a note will be subject to information reporting. In addition, you may be subject to a backup withholding tax on

Table of Contents

those payments if you fail to provide your accurate taxpayer identification number to us or our paying agent in the manner required, are notified by the Internal Revenue Service (the *IRS*) that you have failed to report all interest and dividends required to be shown on your U.S. federal income tax return, or otherwise fail to comply with applicable backup withholding tax rules. You may also be subject to information reporting and backup withholding tax with respect to the proceeds from a sale, exchange, retirement or other taxable disposition of a note. Any amounts withheld from payments to you under the backup withholding tax rules will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided the required information is timely furnished to the IRS. We will not pay any additional amounts if any withholding tax is imposed in respect of your notes.

Non-U.S. Holders

U.S. Federal Withholding Tax

If you are a non-U.S. holder, payments of principal and stated interest on a note will not be subject to U.S. federal withholding tax, provided that:

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;

you are not a controlled foreign corporation that is related to us through stock ownership;

you are not a bank whose receipt of interest on the notes is described in section 881(c)(3)(A) of the Code;

the interest is not effectively connected with your conduct of a U.S. trade or business; and

either (a) you provide your name and address on an IRS Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a U.S. person or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations.

Special certification and other rules apply to certain non-U.S. holders that are entities rather than individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to U.S. federal withholding tax at a 30% rate, unless you provide us or our paying agent with a properly executed (1) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable tax treaty or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on a note is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under *U.S. Federal Income Tax*). We will not pay any additional amounts if any withholding tax is imposed in respect of your notes.

U.S. Federal Income Tax

If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and the interest is attributable to a permanent establishment maintained by you in the United States if that is required by an applicable income tax treaty as a condition for subjecting you to U.S. tax on a net income basis), you will be subject to U.S. federal income tax on that interest on a net income basis (although exempt from the 30% withholding tax, provided you comply with certain certification and disclosure requirements discussed above in *U.S. Federal Withholding Tax*) in the same manner as if you were a U.S. holder. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of any effectively connected interest.

Table of Contents

Any gain realized on the sale, exchange, retirement or other taxable disposition of a note generally will not be subject to U.S. federal income or withholding tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if applicable, attributable to a permanent establishment maintained by you in the United States), in which case if you are a foreign corporation the branch profits tax described above may also apply, or

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

U.S. Federal Estate Tax

If you are an individual who at death is not a U.S. citizen or resident (as specially defined for U.S. federal estate tax purposes), your estate will not be subject to U.S. federal estate tax on notes beneficially owned by you at the time of your death, provided that (1) you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations, and (2) interest on those notes would not have been, if received at the time of your death, effectively connected with the conduct by you of a trade or business in the United States.

Information Reporting and Backup Withholding

The amount of interest paid to you, and the amount of any tax withheld with respect to that interest, must be reported annually to the IRS and you. Copies of the information returns reporting the amount of interest paid to you and the amount of any tax withheld may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest on a note, provided that we do not have actual knowledge or reason to know that you are a United States person, as defined under the Code, and the certification requirements described in the last bullet point under *U.S. Federal Withholding Tax* above have been met.

In general, you will be subject to information reporting, and possibly backup withholding, with respect to the proceeds of the sale of a note within the United States or conducted through certain U.S.-related financial intermediaries, unless (i) the certification requirements described above have been met and the payor does not have actual knowledge or reason to know that you are a United States person, as defined under the Code, or (ii) you otherwise establish an exemption.

Any amounts withheld from payments to you under the backup withholding tax rules will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided the required information is timely furnished to the IRS. We will not pay any additional amounts if any withholding tax is imposed in respect of your notes.

EMPLOYEE RETIREMENT INCOME SECURITY ACT

A fiduciary of a pension, profit-sharing or other employee benefit plan subject to the U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA) (each, a Plan), should consider the fiduciary standards of ERISA in the context of the Plan 's particular circumstances before authorizing an investment in the notes. Among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under ERISA or the U.S. Internal Revenue Code (the Code).

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts, Keogh plans any other plans that are subject to Section 4975 of the Code (also Plans), from engaging in certain transactions involving plan assets with persons who are parties in interest under ERISA or disqualified persons under the Code with respect to the Plan. A violation of these prohibited transaction rules may result in excise tax under the Code or penalties or other liabilities under ERISA for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) (Non-ERISA Arrangements) are not subject to the requirements of Section 406 of ERISA or Section 4975 of the Code but may be subject to similar provisions under applicable federal, state, local, non-U.S or other laws (Similar Laws).

The acquisition and holding of the notes by a Plan or any entity whose underlying assets include plan assets by reason of any Plan 's investment in the entity (a Plan Asset Entity) with respect to which SunTrust, the registrar and paying agent or any of their respective affiliates is or becomes a party in interest or disqualified person may result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code, unless the notes are acquired and held pursuant to an applicable exemption. The U.S. Department of Labor has issued five prohibited transaction class exemptions, or PTCEs , that may provide exemptive relief if required for direct or indirect prohibited transactions that may arise from the purchase or holding of the notes. These exemptions are PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts), and PTCE 96-23 (for transactions managed by in-house asset managers). In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of the notes, provided that neither the issuer of the notes nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction, and provided further that the Plan pays no more and receives no less than adequate consideration in connection with the transaction (the service provider exemption). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Any purchaser or holder of the notes or any interest therein will be deemed to have represented by its purchase and holding of the notes or any interest therein that it either (1) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and is not purchasing the notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (2) the purchase and holding of the notes will not constitute a non-exempt prohibited transaction or a similar violation under any applicable Similar Laws. Any person making the decision to invest in the notes on behalf of a Plan or Plan Asset Entity will, by purchasing the notes, be deemed to have also represented that (1) the purchaser will pay no more than adequate consideration in connection with the purchase of the notes, (2) neither SunTrust nor any of its affiliates is a fiduciary (within the meaning of ERISA or any Similar Laws) with respect to the purchaser in connection with the purchaser 's acquisition of or investment in the notes

Table of Contents

and (3) no advice provided by SunTrust or any of its affiliates has formed a primary basis for any investment decision by or on behalf of such purchaser in connection with the purchase of the notes.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing the notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or the potential consequences of any purchase or holding under Similar Laws, as applicable. Purchasers of the notes have exclusive responsibility for ensuring that their purchase and holding of the notes do not violate the fiduciary or prohibited transaction rules of ERISA or the Code or any similar provisions of Similar Laws. The sale of any notes to a Plan, Plan Asset Entity or Non-ERISA Arrangement is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by any such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement or that such investment is appropriate for such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement.

Representation

Any purchaser or holder of notes, or any interest therein represents by its purchase and holding of the notes that it either (1) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and it is not purchasing or holding the note on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (2) neither the purchase nor holding of the notes will constitute a non-exempt prohibited transaction under Section 406 of ERISA, Section 4975 of the Code or under any applicable Similar Laws. SunTrust Banks, Inc. and the underwriters named below have entered into an underwriting agreement with respect to the notes being offered. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table. SunTrust Robinson Humphrey, Inc. and Barclays Capital Inc. are the representatives of the underwriters.

 Total	 \$ 1,000,000,000

The underwriters are obligated to take and pay for all of the notes if any notes are taken.

The underwriters propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer the notes to certain dealers at a price that represents a selling concession not in excess of 0.15% of the principal amount of the notes. Any underwriter may allow, and dealers may reallow, a selling concession not in excess of 0.075% of the principal amount of the notes to certain other dealers. After the initial offering of the notes, the offering price and other selling terms may from time to time be varied by the representatives.

We have agreed that we will not offer, sell, contract to sell or otherwise dispose of any of our debt securities or warrants to purchase or otherwise acquire our debt securities that are substantially similar to the notes for a period of 30 days from the date of this prospectus supplement with the exception of the notes, commercial paper issued in the ordinary course of business or securities or warrants permitted with the prior written consent of the representatives.

The aggregate proceeds to us are set forth on the cover page hereof before deducting our expenses in offering the notes. We estimate that we will spend approximately \$1.2 million for rating agency, legal and accounting fees and other expenses allocable to the offering.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make in respect thereof.

The notes are offered for sale only in those jurisdictions in the United States where it is legal to make such offers. The underwriters intend to offer the notes for sale primarily in the United States either directly or through affiliates or other dealers acting as selling agents. The underwriters may also offer the notes for sale outside the United States either directly or through affiliates or other dealers acting as selling agents.

Each of the underwriters has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000, as amended (the *FSMA*)) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to us; and
