Report of Independent Auditors

To the Owners of W Chicago City Center

We have audited the accompanying balance sheets of W Chicago City Center (the Hotel), as of December 31, 2010 and 2009, and the related statements of operations, net assets and cash flows for the years then ended. These financial statements are the responsibility of the Hotel's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Hotel's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hotel's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hotel at December 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

W Chicago City Center

Notes to Financial Statements

March 31, 2011 (unaudited) and December 31, 2010 and 2009

1. Organization

The financial statements of W Chicago City Center (the Hotel) present the financial position, results from operations and cash flows of the Hotel's operations. The Hotel is a full-service, luxury property with 368 guest rooms located at 172 West Adams Street in the West Loop of Chicago, Illinois.

The Hotel is owned and operated by Starwood Chicago City Center Realty LLC (the Owner), a wholly owned subsidiary of Starwood Hotels & Resorts, Worldwide Inc. (Parent or Starwood).

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared for purposes of enabling Chesapeake Lodging Trust to comply with certain requirements of the Securities and Exchange Commission. The financial statements of the Hotel are prepared in conformity with U.S. generally accepted accounting principles (GAAP). The financial statements present the assets, liabilities and results of operations of the Hotel, and not of a legal entity.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the realizability of accounts receivable, useful lives of real estate for purposes of determining depreciation expense and assessments as to whether there is impairment in the value of long-lived assets. Actual results could differ from those estimates.

W Chicago City Center

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)**Real Estate**

Real estate is stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

Classification	Years
Building	40
Building improvements	15
Furniture, fixtures and equipment	5 7

Maintenance, minor repairs and replacements are expensed when incurred.

The Hotel reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposal is less than its carrying amount. No impairment loss has been identified or recorded in the three months ended March 31, 2011, or the years ended December 31, 2010 and 2009.

Cash and Cash Equivalents

Cash and cash equivalents include all cash on hand, cash held in financial institutions and other highly liquid investments with an initial maturity of three months or less when purchased. The cash balance may at times exceed federal depository insurance limits.

Revenue Recognition

Hotel income represents revenue derived from room, food, and beverage. Room revenue is recognized as room-stays occur. Food and beverage revenue are recognized when services have been provided. Deposits received for future services are recorded within accrued expenses and other liabilities and are recognized as revenue when the services are provided. Ongoing credit evaluations are performed and an allowance for potential credit losses is provided against the

W Chicago City Center

Notes to Financial Statements (continued)

portion of accounts receivable that is estimated to be uncollectible. The Hotel determined that no allowance for doubtful accounts was necessary as of March 31, 2011 (unaudited), and December 31, 2010 and 2009.

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Owner is a limited liability company (LLC) and under the existing provisions of the Internal Revenue Code, income and losses of the LLC flow through to the member of the LLC; accordingly, no provision for income taxes has been provided for in the accompanying financial statements of the Hotel.

Fair Value of Financial Instruments

As cash equivalents have maturities of less than three months, the carrying value of cash and cash equivalents approximates fair value. The fair values of the Hotel's other financial instruments (including such items in the financial statement captions as accounts receivable, accounts payable and accrued expenses and other liabilities approximate their carrying values based on their nature and terms.

New Accounting Pronouncements

In May 2009, the FASB required the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. The basis for the date through which the entity has evaluated subsequent events represents the date the financial statements were issued or were available to be issued. The adoption of the new guidance did not have a material impact on the financial statements.

Effective July 1, 2009, the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC or Codification) is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The adoption of the FASB ASC does not impact the Hotel's financial statements; however, the references to accounting literature within these notes to financial statements reflect the Codification.

The Hotel adopted Statement of Financial Accounting Standard (FAS) No. 157 or ASC 820, on January 1, 2008, which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements required under other accounting

W Chicago City Center

Notes to Financial Statements (continued)

pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. The adoption did not have a material impact on the financial statements.

2. Summary of Significant Accounting Policies (continued)

The Hotel adopted FAS No. 141(R), or ASC 805, on January 1, 2009. This topic significantly changed how a reporting enterprise accounts for the acquisition of a business in fiscal years beginning after December 31, 2008. It applies to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008, which was the beginning of the 2009 fiscal year. The adoption of this topic did not have a material impact on the financial statements.

The Hotel adopted FAS No. 160 or ASC 820-10-65-1, on January 1, 2009, which establishes new accounting and reporting standards for noncontrolling interests, previously known as minority interests, in a subsidiary and for the deconsolidation of a subsidiary. This topic is applied prospectively for fiscal years and interim periods within those fiscal years, beginning with the current fiscal year, except for the presentation and disclosure requirements, which are applied retrospectively for all periods presented. The adoption of this topic did not have a material impact on the financial statements.

3. Real Estate

Real estate as of March 31, 2011 (unaudited) and December 31, 2010 and 2009, is comprised of the following:

	March 31, 2011 (Unaudited)	December 31, 2010	December 31, 2009

Real estate, net	\$ 68,327,387	\$ 69,827,683	\$ 70,555,899

Depreciation expense related to real estate totaled \$1,518,499 (unaudited) and \$1,435,437 (unaudited) for the three months ended March 31, 2011 and 2010, respectively, and \$4,893,380 and \$5,232,858 for the years ended December 31, 2010 and 2009, respectively.

4. Related Party Transactions

Starwood sweeps all funds from operations into a centralized banking system and then funds cash for operations as needed. The Hotel incurs charges which are included in the accompanying statements of operations for services, programs and allocated costs from Starwood. Additionally, the Hotel reimburses Starwood for salary, related benefits and employment costs of Starwood employees who work for the Hotel. The financial statements reflect net due from affiliate balances as a result of these transactions of \$15,740,320 (unaudited) as of March 31, 2011, and \$14,835,480 and \$9,401,011 as of December 31, 2010 and 2009, respectively.

5. Commitments and Contingencies

Litigation

The Hotel is subject to legal proceedings and claims that arise in the normal course of business. As of March 31, 2011 and December 31, 2010 and 2009, management is not aware of any asserted or pending litigation or claims against the Hotel that it expects to have a material adverse effect on the Hotel's financial condition, results of operations or liquidity.

6. Subsequent Events

On May 4, 2011, the Owner entered into a purchase and sale agreement with Chesapeake Lodging Trust for the sale of the Hotel for \$128.8 million. The sale closed on May 10, 2011.

The Hotel evaluated subsequent events through June 30, 2011, which is the date the financial statements were available to be issued, and has not identified any material events that would be required to be disclosed.

In addition, the unaudited pro forma financial information is based upon available

information and upon assumptions and estimates, some of which are set forth in the notes to the unaudited pro forma financial statements, which the Company believes are reasonable under the circumstances.
