*Extension of Determination Date Under the Rights Agreement*

As previously reported by Signature Group Holdings, Inc. (the Company), on July 15, 2011 and July 18, 2011, James McIntyre, Kingstown Partners Master Ltd. and other entities affiliated therewith, Michael Blitzer, J. Hunter Brown, Robert A. Peiser, Laurie M. Shahon, Joyce White, Robert Willens and Guy Shanon (collectively, the Shareholder Group) entered into a solicitation agreement and filed Schedule 13D's indicating that such persons and entities had formed a group (as defined by Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) in connection with the Shareholder Group's intention to nominate a slate of directors for election to the Board at the Company's next annual meeting of shareholders. On December 7, 2011, Mr. McIntyre exercised his right to terminate all of his obligations under the solicitation agreement with the Shareholder Group including, but not limited to, his agreement to (1) be a director nominee of the Shareholder Group; and (2) participate in the solicitation of proxies by or for the Shareholder Group for the election of directors at shareholder meetings of the Company (the Termination).

Notwithstanding the Termination, the Company's Board of Directors continues to evaluate whether the Shareholder Group should be determined to be an Acquiring Person (as defined in that certain Rights Agreement, dated as of October 23, 2007, as amended (the Rights Agreement), between the Company and Mellon Investor Services LLC) and if such determination is made, whether a Distribution Date (as defined in the Rights Agreement) for the distribution of rights under and pursuant to the Rights Agreement will occur. The Company previously announced that the Board had extended the date by which such determinations needed to be made until February 29, 2012. On February 24, 2012, the Board further extended the date to make such determinations to March 30, 2012.

The Company (which was then known as Fremont General Corporation) entered into the Rights Agreement in 2007 in order to protect the Company's net operating losses (NOLs), which can be carried forward and used to offset the Company's taxable income, if any. U.S. federal income tax law imposes significant limitations on the ability of a corporation to use its NOLs to offset income in circumstances where such corporation has experienced a change in ownership. Generally, there is a change in ownership if, at any time, one or more 5% shareholders have aggregate increases in their ownership in the corporation of more than 50 percentage points looking back over the prior three-year period. One of the principal reasons for the Company's adoption of the Rights Agreement was to dissuade investors from aggregating ownership in the Company that triggers such a change in ownership, including those circumstances where shareholders act in concert in a manner that will result in a change in ownership. The Rights Agreement discourages shareholders from acquiring beneficial ownership of more than 5% of the Company's outstanding shares of common stock by imposing economic and voting dilution upon any stockholder or group of shareholders that acquires beneficial ownership in excess of this threshold. The Company believes the protection of its NOLs to be in the best interests of all shareholders and as such the Company's Board of Directors will enforce the Rights Agreement when it believes necessary.
