The Board of Directors of the Company requests your Proxy for the Annual Meeting of Stockholders that will be held Friday, May 25, 2012, at 8:00 a.m. Central Time, at 1000 Louisiana Street, Suite 4300, Houston, TX 77002. By granting the Proxy, you authorize the persons named on the Proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting.

If you attend the Annual Meeting, you may vote in person. If you are not present at the Annual Meeting, your shares may be voted only by a person to whom you have given a proper Proxy. You may revoke the Proxy in writing at any time before it is exercised at the Annual Meeting by delivering to the Secretary of the Company a written notice of the revocation, by submitting your vote electronically through the internet or by phone after the grant of the Proxy, or by signing and delivering to the Secretary of the Company a Proxy with a later date. Your attendance at the Annual Meeting will not revoke the Proxy unless you give written notice of revocation to the Secretary of the Company before the Proxy is exercised or unless you vote your shares in person at the Annual Meeting.

ELECTRONIC AVAILABILITY OF PROXY STATEMENT AND ANNUAL REPORT

As permitted under the rules of the Securities and Exchange Commission (the "SEC"), the Company is making this proxy statement and its Annual Report on Form 10-K available to its stockholders electronically via the internet. The Company is sending on or about April 6, 2012, a Notice Regarding the Availability of Proxy Materials (the "Notice") to its stockholders of record as of the close of business on April 2, 2012, which Notice will include (i) instructions on how to access the Company's proxy materials electronically, (ii) the date, time and location of the Annual Meeting, (iii) a description of the matters intended to be acted upon at the Annual Meeting, (iv) a list of the materials being made available electronically, (v) instructions on how a stockholder can request to receive paper or e-mail copies of the Company's proxy materials, (vi) any control/identification numbers that a stockholder needs to access his or her proxy card and instructions on how to access the proxy card, and (vii) information about attending the Annual Meeting and voting in person.

Stockholders of Record and Beneficial Owners

Most of the Company's stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice is being sent directly to you by our agent. As a stockholder of record, you have the right to vote by Proxy or to vote in person at the Annual Meeting. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

Beneficial Owners. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice will be forwarded to you by your broker or nominee. The broker or nominee is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. Beneficial owners that receive the Notice by mail from the stockholder of record should follow the instructions included in the Notice to view the proxy statement and transmit voting instructions. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

QUORUM AND VOTING

Voting Stock. The Company's common stock, par value \$0.001 per share, is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the Annual Meeting was the close of business on April 2, 2012. As of the record date, 42,440,793 shares of common stock were outstanding and entitled to be voted at the Annual Meeting.

Quorum and Adjournments. The presence, in person or by Proxy, of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, a majority of the stockholders entitled to vote who are present in person or by Proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required. Directors will be elected by the affirmative vote of the holders of a plurality of the shares present and entitled to be voted at the Annual Meeting. Ratification of the selection of the Company's auditors will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. An automated system that the Company's transfer agent administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a broker non-vote) on non-discretionary items absent instructions from the beneficial owner. Brokers do not have discretionary voting authority with respect to the election of directors. For ratification of the selection of the Company's auditors, brokers will have discretionary authority in the absence of timely instructions from their customers. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. Neither abstentions nor broker non-votes will have any effect on the outcome of voting on director elections. For purposes of voting on the ratification of the selection of auditors, abstentions will be included in the number of shares voting and will have the effect of a vote against the proposal.

Default Voting. A Proxy that is properly completed and submitted will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and submit a Proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

FOR the election of the three persons named in this proxy statement as the Board of Directors' nominees for election as Class II Directors.

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's auditors for 2012.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

MEETINGS AND COMMITTEES OF DIRECTORS

Board of Directors

Our Board of Directors consists of eight members. The board reviewed the independence of our directors using the independence standards of the New York Stock Exchange (NYSE) and various other factors discussed under Director Independence, and, based on this review, determined that Messrs. Crisp, Hwang, Kagan, Redd and Tong are independent within the meaning of the NYSE listing standards currently in effect. The board held nine meetings during 2011, and its independent directors met in executive session three times during 2011. During 2011, each of the directors attended at least 75% of the aggregate of the total number of meetings of the board and the total number of meetings of all committees of the board on which that director served.

Our directors are divided into three classes serving staggered three-year terms. Class I, Class II and Class III directors will serve until our annual meetings of stockholders in 2014, 2012 and 2013, respectively. The Class I directors are Messrs. Crisp and Whalen, the Class II directors are Messrs. Hwang, Perkins and Redd and the Class III directors are Messrs. Kagan, Tong and Joyce. At each annual meeting of stockholders, directors will be elected to succeed the class of directors whose terms have expired. This classification of our Board of Directors could have the effect of increasing the length of time necessary to change the composition of a majority of the Board of Directors. In general, at least two annual meetings of stockholders will be necessary for stockholders to effect a change in a majority of the members of the Board of Directors.

Committees of the Board of Directors

Our Board of Directors has four standing committees - an Audit Committee, a Compensation Committee, a Nominating and Governance Committee and a Conflicts Committee - and may have such other committees as the Board of Directors shall determine from time to time. Each of the standing committees of the Board of Directors has the composition and responsibilities described below.

Audit Committee

The members of our Audit Committee are Messrs. Tong, Crisp and Redd. Mr. Tong is the Chairman of this committee. Our Board of Directors has affirmatively determined that Messrs. Crisp, Redd and Tong are independent as described in the rules of the NYSE and the Securities Exchange Act of 1934, as amended (the Exchange Act). Our Board of Directors has also determined that, based upon relevant experience, Mr. Tong is an audit committee financial expert as defined in Item 407 of Regulation S-K of the Exchange Act.

This committee oversees, reviews, acts on and reports on various auditing and accounting matters to our Board of Directors, including: the selection of our independent accountants, the scope of our annual audits, fees to be paid to the independent accountants, the performance of our independent accountants and our accounting practices. In addition, the Audit Committee oversees our compliance programs relating to legal and regulatory requirements. EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Discussion and Analysis

The following discussion and analysis contains statements regarding our and our executive officers' future performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance.

Overview

Compensatory arrangements with our executive officers identified in the Summary Compensation Table (named executive officers) are approved by the Compensation Committee (the Compensation Committee) of our Board of Directors. The Compensation Committee is responsible for overseeing the development of an executive compensation philosophy, strategy, framework and individual compensation elements for our named executive officers based on our business priorities.

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers as determined by the Compensation Committee.

Compensation Philosophy

The Compensation Committee believes that total compensation of executives should be competitive with the market in which we compete for executive talent which encompasses not only midstream natural gas companies, but also other energy industry companies as described in The Role of Peer Groups and Benchmarking below. The following compensation objectives guide the Compensation Committee in its deliberations about executive compensation matters:

provide a competitive total compensation program that enables us to attract and retain key executives;

ensure an alignment between our strategic and financial performance and the total compensation received by our named executive officers;

provide compensation for performance that reflects individual and company performance both in absolute terms and relative to our peer group;

ensure a balance between short-term and long-term compensation while emphasizing at-risk or variable, compensation as a valuable means of supporting our strategic goals and aligning the interests of our named executive officers with those of our shareholders; and

ensure that our total compensation program supports our business objectives and priorities.

Consistent with this philosophy and compensation objectives, we do not pay for perquisites for any of our named executive officers, other than minimal parking subsidies.

The Role of Peer Groups and Benchmarking

When evaluating compensation levels for each named executive officer, the Compensation Committee reviews publicly available compensation data for executives in our peer group and compensation surveys and uses that information to set compensation levels for each named executive officer in the context of their roles and levels of responsibility, accountability and decision-making authority. While compensation data from other companies is considered, the Compensation Committee and senior management do not attempt to set compensation components to meet specific benchmarks, such as salaries above the median or total compensation at the 50th percentile. The peer company data that is reviewed by senior management and the Compensation Committee is simply one factor out of many that is used in connection with the establishment of

the compensation for our officers. The other factors considered include, but are not limited to, (i) available compensation data about rankings and comparisons, (ii) effort and accomplishment on a group and individual basis, (iii) challenges faced and challenges overcome, (iv) unique skills, (v) contribution to the management team and (vi) the perception of both the Board of Directors and the Compensation Committee of performance relative to expectations and actual market/business conditions. All of these factors, including peer company data, are utilized in a subjective assessment of each year's decisions relating to annual cash incentives, long-term incentives and base compensation changes with a view towards total compensation and pay-for-performance.

The peer group reviewed by the Compensation Committee in consultation with senior management for compensation comparison includes midstream master limited partnerships (MLPs) and other energy companies to better reflect the market for executive talent in the energy industry. Because many companies in the peer group are larger than the Company as measured by market capitalization and total assets, with the assistance of BDO USA, LLP (BDO), a compensation consultant engaged by the Compensation Committee, compensation data for the peer companies is analyzed using multiple regression analysis to develop a prediction of the total compensation that peer companies of comparable size to the Company would offer similarly-situated executives. This regressed data is then weighted as follows to develop a reference point for judging the adequacy of executive pay at the Company: MLPs (given a 70% weighting), exploration and production companies (E&Ps) (given a 15% weighting) and utility companies (given a 15% weighting). The peer group companies in each of the three categories are:

MLP peer companies: Atlas Pipeline Partners, L.P., Copano Energy, L.L.C., Crosstex Energy, LP, DCP Midstream Partners, LP, Enbridge Energy Partners LP, Energy Transfer Partners, LP, Enterprise Products Partners LP, Magellan Midstream Partners, LP, MarkWest Energy Partners, LP, NuStar Energy LP, ONEOK Partners, LP, Regency Energy Partners LP and Williams Partners LP.

E&P peer companies: Apache Corporation, Anadarko Petroleum Corporation, Cabot Oil & Gas Corp., Cimarex Energy Co., Denbury Resources Inc., Devon Energy Corporation, EOG Resources Inc., Murphy Oil Corp., Newfield Exploration Co., Noble Energy Inc., Penn Virginia Corp., Petrohawk Energy Corp., Pioneer Natural Resources Co., Southwestern Energy Co. and Ultra Petroleum Corp.

Utility peer companies: Centerpoint Energy Inc., Dominion Resources Inc., El Paso Corp., Enbridge Inc., EQT Corp., National Fuel Gas Co., NiSource Inc., ONEOK Inc., Questar Corp., Sempra Energy, Spectra Energy Co., Southern Union Co., TransCanada Corporation and Williams Companies Inc.

Senior management and the Compensation Committee review our compensation practices and peer companies on at least an annual basis.

Role of Senior Management in Establishing Compensation for Named Executive Officers

Typically, under the direction of the Compensation Committee, senior management consults with BDO, the compensation consultant engaged by the Compensation Committee, and reviews market data and evaluates relevant compensation levels and compensation program elements. Based on these consultations and assessment of performance relative to key business priorities, senior management submits emerging conclusions and subsequently a proposal to the Chairman of the Compensation Committee. The proposal includes a recommendation of base salary, annual bonus and new long-term compensation to be paid or awarded to executive officers and employees. The Chairman of the Compensation Committee reviews and discusses the proposal with senior management and the compensation consultant and may discuss it with the other members of the Compensation Committee, other board members, or the full boards of the Company and Targa Resources GP LLC and may request that senior management provide him with additional information or reconsider or revise the proposal. The resulting recommendation is then submitted to the Compensation Committee for consideration, which also meets separately with the compensation consultant. The final compensation decisions are reported to the Board.

Our senior management has no other role in determining compensation for our named executive officers, although the Compensation Committee may delegate the approval of award grants and other transactions and responsibilities regarding the administration of compensatory programs to the Chairman of the Board of Directors or the Chief Executive Officer, provided that such administration and approval of awards does not apply for our Section 16 officers. Our executive officers are delegated the authority and responsibility to determine the compensation for all other employees.

Elements of Compensation for Named Executive Officers

The elements of compensation for our named executive officers consist of the following: (i) annual base salary; (ii) discretionary annual cash bonus awards; (iii) long-term incentive awards, consisting of performance awards under the Partnership's long-term incentive plan and awards under our stock incentive plan; (iv) contributions under our 401(k) and profit sharing plan; (v) participation in our health and welfare plans on the same basis as all of our other employees; and (vi) participation in a change in control-related severance plan.

Base Salary. The base salaries for our named executive officers are set and reviewed annually by the Compensation Committee. The salaries are intended to provide fixed compensation based on historical salaries paid to our named executive officers for services rendered to us, market data on compensation paid to similarly situated executives and responsibilities and performance of our named executive officers.

Annual Cash Incentives. The discretionary annual cash bonus awards available to our named executive officers provide an opportunity to supplement annual base salary based on performance so that, on a combined basis, the annual cash compensation opportunity yields competitive cash compensation levels and drives performance in support of our business strategies. It is our general policy to pay these incentive awards prior to the end of the first quarter of the fiscal year following the fiscal year to which they related. The payment of individual cash bonuses to executive management, including our named executive officers, is subject to the sole discretion of the Compensation Committee.

The discretionary annual cash awards are designed to reward our employees for contributions towards our achievement of financial and operational business priorities (including business priorities of the Partnership) approved by the Compensation Committee and to aid us in retaining and motivating employees. These priorities are not objective in nature they are subjective and performance in regard to these priorities is ultimately evaluated by the Compensation Committee in its sole discretion. As such, success does not depend on achieving a particular target; rather, success is evaluated based on past norms, expectations and unanticipated obstacles or opportunities that arise. For example, hurricanes and deteriorating or changing market conditions may alter the priorities initially established by the Compensation Committee such that certain performance that would otherwise be deemed a negative may, in context, be a positive result. This subjectivity allows the Compensation Committee to account for the full industry and economic context of our actual performance or that of our personnel. The Compensation Committee considers all strategic priorities and reviews performance against the priorities and context but does not assign specific weightings to the strategic priorities in advance.

A discretionary cash bonus pool is recommended by our senior management and approved by the Compensation Committee annually based on our achievement of certain strategic, financial and operational objectives. Near or following the end of each year, senior management recommends to the Compensation Committee the total amount of cash to be allocated to the bonus pool based upon our overall performance relative to these objectives. Following receipt of our senior management's recommendation, the Compensation Committee, in its sole discretion, determines the total amount of cash to be allocated to the bonus pool. Additionally, the Compensation Committee, in its sole discretion, determines the amount of the cash bonus awards to each of our executive officers, including the CEO. The executive officers determine the amount of the cash bonus pool to be allocated to our departments, groups and employees (other than our executive officers) based on performance and on the recommendation of supervisors, managers and line officers.

Long-Term Incentive Awards: Stock Incentive Plan and Partnership Long-Term Incentive Plan Awards. In connection with our initial public offering in December 2010 (the *IPO*), we adopted the 2010 Stock Incentive Plan (the *Stock Incentive Plan*) under which we may grant to the named executive officers, other key employees, consultants and directors certain awards, including restricted stock, bonus stock and performance awards. The Stock Incentive Plan provides for discretionary grants of the following types of awards: (a) incentive stock options qualified as such under U.S. federal income tax laws, (b) stock options that do not qualify as incentive stock options, (c) phantom stock awards, (d) restricted stock awards, (e) performance awards, (f) bonus stock awards, or (g) any combination of such awards, although we are currently utilizing only restricted stock and bonus stock awards. The maximum aggregate number of shares of our common stock that may be granted in connection with awards under the Stock Incentive Plan is 5 million, of which approximately 1.9 million shares were awarded in connection with our IPO. The Stock Incentive Plan awards are granted on such terms and conditions and at such purchase price (if any) determined by the Compensation Committee and may, but need not be, subject to performance criteria, objectives, or forfeiture. Additional details relating to shares of restricted stock and bonus stock granted under the Stock Incentive Plan are included below under *Application of Compensation Elements Equity Ownership Generally* and *Outstanding Equity Awards at 2011 Fiscal Year-End*.

We may grant to the named executive officers and other key employees performance unit awards under the Partnership's long-term incentive plan linked to the performance of the Partnership's common units, with the amounts vesting under such awards dependent on the Partnership's performance compared to a peer-group consisting of the Partnership and other publicly traded partnerships. These awards, which may be settled in cash or equity, are designed to further align the interests of the named executive officers and other key employees with those of the Partnership's equity holders. Additional details relating to our peer group applicable to LTIP awards payouts are included below under *Application of Compensation Elements Long-Term Incentive Awards*.

Awards to our named executive officers under the Stock Incentive Plan and Partnership's long-term incentive plan are made near or following the end of each year. For 2011, the long-term incentive component of compensation was allocated approximately twenty-five percent to restricted stock awards under the Stock Incentive Plan and seventy-five percent to equity settled performance unit awards under the Partnership's long-term incentive plan.

Retirement Benefits. We offer eligible employees a Section 401(k) tax-qualified, defined contribution plan (the *401(k) Plan*) to enable employees to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. Our employees, including our named executive officers, are eligible to participate in our 401(k) Plan and may elect to defer up to 30% of their annual compensation on a pre-tax basis and have it contributed to the plan or contribute such amount on a post-tax basis via a Roth contribution, subject to certain limitations under the Internal Revenue Code of 1986, as amended (the *Code*). In addition, we make the following contributions to the 401(k) Plan for the benefit of our employees, including our named executive officers: (i) 3% of the employee's eligible compensation; and (ii) an amount equal to the employee's contributions to the 401(k) Plan up to 5% of the employee's eligible compensation. We may also make discretionary contributions to the 401(k) Plan for the benefit of employees depending on our performance. Contributions made by the Company may be subject to certain limitations under the Code for certain employees.

Health and Welfare Benefits. All full-time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, health, life insurance and dental coverage and disability insurance.

Perquisites. It is the Compensation Committee's policy not to pay for perquisites for any of our named executive officers, other than minimal parking subsidies.

Severance and Change in Control Benefits. We maintained the Targa Resources Officer Change in Control Severance Program (the Officer Change in Control Program) during the 2011 year for certain officers and key employees other than executive officers. Mr. Meloy was the only named executive officer that met the criteria of an officer under the Officer Change in Control Program and participated in this plan during the 2011 year. Following the 2011 year, we adopted the Targa Resources Executive Officer Change in Control Severance Program (the Executive Change in Control Program) for our executive officers. Mr. Meloy and the other named executive officers will now participate in the Executive Change in Control Program during the 2012 calendar year. The two plans are similar in the fact that they provide for certain severance payments in the event that a participant incurs a qualifying termination within an eighteen month period following a change in control, although the amounts payable will differ between participants and plans. For more details on the terms and conditions of each of these plans, as well as the potential payment that would have been due to Mr. Meloy in the 2011 year under the Officer Change in Control Program, please see the section below under Potential Payments Upon Termination or Change in Control.

Relation of Compensation Elements to Compensation Philosophy

Our named executive officers, other executives and Section 16 officers and directors, through a combination of personal investment and equity grants, own approximately 11.2% of our fully diluted equity. Based on our named executive officers' ownership interests in us and their direct ownership of the Partnership's common units, they own, directly and indirectly, approximately 0.4% of the Partnership's limited partner interests. The Compensation Committee believes that the executive officers' ownership interests and the elements of the annual compensation programs available to them align the interests of the executive officers and investors and drive the officers' performance in support of our and the Partnership's business strategies.

Application of Compensation Elements

Base Salary. Base salaries for our named executive officers have been established based on historical levels for these officers, taking into consideration officer salaries in our peer group and the value of the total compensation opportunities available to our executive officers including the long-term equity component of our compensation program. During 2010, the Compensation Committee engaged BDO to conduct a new review of executive and key employee compensation to help it assure that compensation goals were being met and that the most recent trends in compensation were appropriately considered. The compensation review indicated that the compensation for our named executive officers was not consistent with compensation paid at MLP peer companies or with our expanded peer group generally when the data is adjusted for company size. In order to begin closing this gap in compensation, the Compensation Committee authorized increases in base salary for our executive officers in 2010 and the Compensation Committee authorized the following increased base salaries for our named executive officers effective April 1, 2011.

	Effective April 1, 2011	Prior Salary
Rene R. Joyce	\$ 547,000	\$ 475,000
Joe Bob Perkins	468,000	412,000
James W. Whalen	468,000	412,000
Michael A. Heim	415,000	369,000
Matthew J. Meloy	235,000	207,500

Annual Cash Incentives. The Compensation Committee approved our 2011 Annual Incentive Plan (the Bonus Plan) in February 2011. The funding of the cash bonus pool and the payment of individual cash bonuses to executive management, including our named executive officers, are subject to the sole discretion of the Compensation Committee and will generally be determined near or following the end of the year to which the bonus relates. The target amount of the cash bonus pool is determined by summing, on an employee by employee basis, the product of base salaries and market-based target bonus percentages that generally range from 6.0% to

100% of each participant's base salary. For 2011 bonus pool funding purposes, the percentage of salary that was set as the target amount for each named executive officer's bonus was as follows: Mr. Joyce, 100%; Messrs. Perkins, Whalen and Heim, 80%, and Mr. Meloy, 40%.

The CEO and the Compensation Committee relied on compensation consultants and market data from peer companies and broader industry compensation practices to establish the threshold, target and maximum percentage levels, which are generally consistent with both peer company and broader energy compensation practices. The Compensation Committee, after consultation with the CEO, established the following overall threshold, target and maximum levels for the Company's bonus pool: 50% of the cash bonus pool would be funded in the event that the Compensation Committee determined that our business priorities had been met for the year at a threshold level; 100% for the target level and 200% for the maximum level. The Compensation Committee approved the following eight key business priorities to be considered when funding the bonus pool and making awards under the 2011 Bonus Plan: (i) continue to control all operating, capital and general and administrative costs, (ii) invest in our businesses, (iii) continue priority emphasis and strong performance relative to a safe workplace, (iv) reinforce business philosophy and mindset that promotes compliance with all aspects of our business including environmental and regulatory compliance, (v) continue to manage tightly credit, inventory, interest rate and commodity price exposures, (vi) execute on major capital and development projects, such as finalizing negotiations, completing projects on time and on budget, and optimizing economics and capital funding, (vii) pursue selected growth opportunities, including new gathering and processing build-outs leveraging our NGL logistics platform for development projects, other fee-based capital expenditure projects and potential purchases of strategic assets and (viii) execute on all business dimensions to maximize value and manage risks.

In January 2012, the Compensation Committee approved a cash bonus pool equal to 200% of the target level for the employee group, including our named executive officers, under the Bonus Plan for performance during 2011 in recognition of outstanding efforts and organizational performance. The Compensation Committee determined to pay these above-target level bonuses because it considered overall performance, including organizational performance, to have substantially exceeded expectations in 2011 based on the eight key business priorities it established for 2011. The Compensation Committee considered or subjectively evaluated (rather than measured) organizational performance by reviewing the apparent overall performance of our personnel with respect to the initial and subsequent business priorities relative to both the overall and management-specific performance expectations of the Compensation Committee, each on an absolute level and relative to the Compensation Committee's sense of peer performance. This subjective assessment that performance substantially exceeded expectations was based on a qualitative evaluation rather than a mechanical, quantitative determination of results across each of the key business priorities. Aspects of performance important to this qualitative determination included (i) very strong execution on financial performance, (ii) outstanding pursuit and capture of growth projects, (iii) recent and ongoing capital projects completed or being completed on time and on budget and (iv) strong safety and environmental performance and record and corporate philosophy to promote and maintain safe working conditions as represented by safety awards and industry recognition. This subjective evaluation that performance had substantially exceeded expectations occurred with the background and ongoing context of detailed board and committee refinements of the 2011 business priorities both before the beginning of and during the year, continued board and committee discussion and active dialogue with management about priorities and performance, including routine reports sent to the board or the committee and presentations and discussions in subsequent board and committee meetings, and further board and committee discussion of performance relative to expectations near the end and following the end of 2011. The extensive business and board experience of the Compensation Committee and of our Board of Directors provides the perspective to make this subjective assessment in a qualitative manner and to evaluate management performance overall and the performance of the executive officers.

With respect to Mr. Meloy's bonus payment, the Compensation Committee determined that a performance multiplier of 1.25x should be applied to Mr. Meloy's target bonus amount for the year, which is a similar multiple to the multiple used for other higher performing employees, based on his 2011 contribution in his first

full year as the Chief Financial Officer. All other executives recommended and received a 1.0x multiplier equivalent to the average of the bonus pool. The named executive officers received the following bonus awards, which are equivalent to 200% of each individual's target bonus amount and reflects a 1.25x multiplier for Mr. Meloy and a 1.0x multiplier for the other named executive officers as previously discussed:

Rene R. Joyce	\$ 1,094,000
Joe Bob Perkins	748,800
James W. Whalen	748,800
Michael A. Heim	664,000
Matthew J. Meloy	235,000

In addition to the cash bonus awards approved under the Bonus Plan, in February 2011, the Compensation Committee approved an aggregate cash bonus pool of \$1.5 million for our executive officers and two other employees in recognition of their role in extraordinary execution of the business priorities, completion of drop downs to the Partnership and clarification of our strategic direction in 2010.

Equity Ownership Generally. Prior to the closing of our IPO, we used both stock options and restricted stock to compensate our employees, including our named executive officers. Based on recommendations by our compensation consultant after completing its compensation review for 2010, we have recently awarded, and we expect future awards under our incentive plans to consist primarily of, restricted stock, restricted units and performance based awards of restricted stock or units or cash-settled performance units (rather than stock options or unit options). In connection with our IPO, our employees, including the named executive officers, were granted an aggregate of approximately 1.9 million shares of restricted stock and bonus stock under the Stock Incentive Plan.

Long-Term Incentive Awards. On February 14, 2011, our named executive officers were awarded restricted common stock of the Company under our Stock Incentive Plan that will vest in three years from the grant date as follows: 7,690 shares to Mr. Joyce, 4,250 shares to Mr. Perkins, 4,250 shares to Mr. Whalen, 3,770 shares to Mr. Heim, and 1,260 shares to Mr. Meloy.

On February 17, 2011, our named executive officers were awarded equity-settled performance units under the Partnership's long-term incentive plan that will vest in June 2014 as follows: 21,110 performance units to Mr. Joyce, 11,690 performance units to Mr. Perkins, 11,690 performance units to Mr. Whalen, 10,360 performance units to Mr. Heim, and 3,470 performance units to Mr. Meloy. These performance unit awards will be settled by the issuance of an equivalent number of Partnership common units at the time of vesting plus associated distributions over the three year period multiplied by a performance vesting percentage which may be zero or range from 25% to 150%. This equity settlement value of each unit may be higher or lower than the Partnership common unit price at the time of the grant. If the Partnership's performance equals or exceeds the performance for the 25th percentile of the peer group but is less than or equal to the 50th percentile of the group, then 25% to 100% of the award will vest. If the Partnership's performance equals or exceeds the performance for the 50th percentile of the group but is less than or equal to the 75th percentile of the group, then 100% to 150% of the award will vest. The vesting between the 25th percentile and the 50th percentile will be done on an interpolated basis between 25% and 100% and the vesting between the 50th percentile and 75th percentile will be done on an interpolated basis between 100% and 150%. If the Partnership's performance is above the performance of the 75th percentile of the group, the performance percentage will be 150% of the award. If the Partnership's performance is below the performance of the 25th percentile of the group, the performance percentage will be zero. The performance period for these performance unit awards began on June 30, 2011 and ends on June 30, 2014. The Partnership's peer group companies for purposes of our long-term incentive awards for 2011 were: Copano, Crosstex, DCP Midstream, Enbridge Energy Partners, Energy Transfer Partners, Magellan Midstream, MarkWest Energy Partners, Martin Midstream, ONEOK Partners, Plains All American Pipeline, Regency Energy Partners, Targa Resources Partners LP and Williams Energy Partners.

Edgar Filing: Targa Resources Corp. - Form DEF 14A

Set forth below is the performance for the median of the peer group for each of the 2011 equity-settled performance unit grants and a comparison of the Partnership's performance to the peer group as of December 31, 2011:

Grant	Performance (1)		Partnership Position (2)
	Peer Group Median	Partnership	
2011 Performance Units	8.6%	10.7%	Second Quartile
			(6 of 13)

- 1) Total return measured by (i) subtracting the average closing price per share/unit for the first ten trading days of the performance period (the Beginning Price) from the sum of (a) the average closing price per share/unit for the last ten trading days ending on the date that is 15 days prior to the end of the performance period plus (b) the aggregate amount of dividends/distributions paid with respect to a share/unit during such period (the result being referred to as the Value Increase) and (ii) dividing the Value Increase by the Beginning Price. The performance period for the 2011 awards begins on June 30, 2011, and all awards end on the third anniversary of such date.
- 2) Award level based on Partnership Position and linear interpolation as described above.

In January 2009 and in December 2009, we granted our executive officers cash-settled performance unit awards linked to the performance of the Partnership's common units that will vest in June of 2012 and June of 2013, respectively, with the amounts vesting under such awards dependent on the Partnership's performance compared to a peer-group consisting of the Partnership and other publicly traded partnerships. The Partnership's peer group companies for purposes of the long-term incentive awards made in 2009 is the same peer group used for the equity settled performance units awarded to our executives in 2011.

Severance and Change in Control Benefits. Certain of our equity compensation award agreements contain a single trigger for accelerated vesting of equity awards, which means vesting accelerates upon our change in control irrespective of whether the officer is terminated. We also have certain change-of-control severance plans (the Officer Change in Control Program and the Executive Change in Control Program) that provide for post-termination payments following a qualifying termination in connection with a change in control event, or what is commonly referred to as a double trigger benefit. We believe that these provisions create important retention tools for us, as providing for accelerated vesting of equity awards upon a change in control enables employees to realize value from these awards in the event that we undergo a change in control transaction, while post-termination payments provide employees with value in the event of certain terminations of employment that were beyond their control. In addition, we believe that these benefits may, in part, mitigate some of the potential uncertainty created by a potential or actual change in control transaction, including future employment of the named executive officers. We believe that change in control protections allows management to focus on the business transaction at hand without any distractions regarding the effects of a change in control. Likewise, post-termination payments allow management to focus on making the objective business decisions that are in the interest of our company. Further, we believe that such protections encourage the named executive officers to review objectively any proposed transaction in determining whether such proposed transaction is in the best interest of our shareholders, whether or not the executive will continue to be employed. Executive officers at other companies in our industry and the general market against which we compete for executive talent commonly have equity compensation plans that provide for accelerated vesting upon a change in control event of that company and post-termination payments, and we intend to provide this benefit to the named executive officers in order to remain competitive in attracting and retaining skilled professionals in our industry.

Changes for 2012

Base Salary. The Compensation Committee authorized, and executive management will implement, the following increased base salaries for our named executive officers effective March 1, 2012:

	Effective March 1, 2012	Current Salary
Rene R. Joyce	\$ 560,000	\$ 547,000
Joe Bob Perkins	480,000	468,000
James W. Whalen	480,000	468,000
Michael A. Heim	460,000	415,000
Matthew J. Meloy	275,000	235,000

Annual Cash Incentives. In preparing the Company's business plan for 2012, senior management developed and proposed a set of strategic priorities to the Compensation Committee. In January 2012, the Compensation Committee approved our 2012 Annual Incentive Compensation Plan (the 2012 Bonus Plan), the cash bonus plan for performance during 2012, and established the following nine key business priorities: (i) continue to control all operating, capital and general and administrative costs, (ii) invest in our businesses, (iii) continue priority emphasis and strong performance relative to a safe workplace, (iv) reinforce business philosophy and mindset that promotes compliance with all aspects of our business including environmental and regulatory compliance, (v) continue to manage tightly credit, inventory, interest rate and commodity price exposures, (vi) execute on major capital and development projects, such as finalizing negotiations, completing projects on time and on budget, and optimizing economics and capital funding, (vii) pursue selected growth opportunities, including new gathering and processing build-outs, fee-based capital expenditure projects and potential purchases of strategic assets, (viii) pursue commercial and financial approaches to achieve maximum value and manage risks and (ix) execute on all business dimensions, including the financial business plan. The Compensation Committee also established the following overall threshold, target and maximum levels for the Company's bonus pool: 50% of the cash bonus pool will be funded in the event that the Compensation Committee determines that our business priorities have been met for the year at a threshold level; 100% for the target level and 200% for the maximum level. As with the Bonus Plan, funding of the cash bonus pool and the payment of individual cash bonuses to executive management, including our named executive officers, are subject to the sole discretion of the Compensation Committee.

For 2012, pursuant to our annual incentive plan and in accordance with prior approval by the Compensation Committee, each executive's target amount is set as a percentage of his annual base salary. Mr. Joyce's target amount is set at 100% and Messrs. Perkins, Whalen and Heim's target amount is set at 80%. Mr. Meloy's target amount was 40% for 2011. In January 2012 the Compensation Committee decided to increase Mr. Meloy's target amount to 50% to recognize his increased responsibilities as the Chief Financial Officer. Other than Mr. Meloy, the 2012 bonus targets for the named executive officers are the same levels that were utilized for the 2011 year.

Long-Term Incentive Awards. On January 12, 2012, our named executive officers were awarded restricted common stock of the Company under our stock incentive plan for the 2012 compensation cycle that will vest in three years from the grant date as follows: 6,565 shares to Mr. Joyce, 5,035 shares to Mr. Perkins, 4,235 shares to Mr. Whalen, 4,399 shares to Mr. Heim, and 1,866 shares to Mr. Meloy.

On January 12, 2012, our named executive officers were awarded equity-settled performance units under the Partnership's long-term incentive plan for the 2012 compensation cycle that will vest in June 2015 as follows: 21,240 performance units to Mr. Joyce, 16,290 performance units to Mr. Perkins, 13,702 performance units to Mr. Whalen, 14,233 performance units to Mr. Heim, and 6,039 performance units to Mr. Meloy. The vesting and settlement value of these performance unit awards will be determined using the formula adopted for the performance unit awards granted on February 17, 2011 except that the performance period for the 2012 awards will begin on June 30, 2012 and end on June 30, 2015. Please see Application of Compensation Elements Long-Term Incentive Awards .

Severance and Change in Control Benefits. On January 12, 2012, we adopted the Executive Change in Control Program. Specific terms, conditions, and potential payments are detailed under Potential Payments Upon Termination or Change in Control.

Tax and Accounting Considerations. We account for the equity compensation expense for our employees, including our named executive officers, under the rules of FASB ASC Topic 718, which requires us to estimate and record an expense for each award of long-term incentive compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

Review of the Results of the Say-on-Pay Proposal: At the 2011 Annual Meeting, the Company's stockholders were requested to conduct a non-binding advisory vote to approve the compensation of the Company's named executive officers. The Board proposal seeking approval, on an advisory basis, of the compensation of the Company's named executive officers was approved by the stockholders. The Board and Compensation Committee reviewed the results of the vote and concluded that no changes to the Company's compensation design and philosophy needed to be considered as a result of the vote.

Stock Incentive Plan. If a Change in Control (as defined below) occurs and the named executive officer has remained continuously employed by us from the date of grant to the date upon which such Change in Control

occurs, then the restricted stock granted to him under our form of restricted stock agreement (the *Stock Agreement*) and related dividends then credited to him will fully vest on the date upon which such Change in Control occurs.

Restricted stock granted to a named executive officer under the *Stock Agreement* and related dividends then credited to him will fully vest if his employment is terminated by reason of death or a Disability (as defined below). Following a Change of Control, equity-settled performance units will be settled by providing the holder with a number of common units of the Partnership equal to the number of performance units granted to the named executive officer plus a cash payment in the amount of distribution equivalent rights then credited to the named executive officer, if any.

Performance units and the related distribution equivalent rights granted to a named executive officer under a Performance Unit Agreement will be automatically forfeited without payment upon the termination of his employment with us and our affiliates, except that: if his employment is terminated by reason of his death, a disability that entitles him to disability benefits under our long-term disability plan or by us other than for Cause (as defined below), he will be vested in his performance units that he is otherwise qualified to receive payment for based on achievement of the performance goal at the end of the performance period.

The following terms have the specified meanings for purposes of the Partnership's long-term incentive plan:

Change of Control means (i) any person or group, other than an affiliate of us, becoming the beneficial owner, by way of merger, consolidation, recapitalization, reorganization or otherwise, of 50% or more of the combined voting power of the equity interests in the Partnership or its general partner, (ii) the limited partners of the Partnership approving a plan of complete liquidation of the Partnership, (iii) the

sale or other disposition by either the Partnership or the General Partner of all or substantially all of its assets in one or more transactions to any person other than the General Partner or one of the General Partner's affiliates or (iv) a transaction resulting in a person other than the Partnership's general partner or one of such general partner's affiliates being the general partner of the Partnership. With respect to an award subject to Section 409A of the Code, Change of Control will mean a change of control event as defined in the regulations and guidance issued under Section 409A of the Code.

Cause means (i) failure to perform assigned duties and responsibilities, (ii) engaging in conduct which is injurious (monetarily or otherwise) to us or our affiliates, (iii) breach of any corporate policy or code of conduct established by us or our affiliates or breach of any agreement between the named executive officer and us or our affiliates or (iv) conviction of a misdemeanor involving moral turpitude or a felony. If the named executive officer is a party to an agreement with us or our affiliates in which this term is defined, then that definition will apply for purposes of our long-term incentive plan and the Performance Unit Agreement.

The following table reflects payments that would have been made to each of the named executive officers under the Partnership's long-term incentive plan and related agreements in the event there was a Change of Control or their employment was terminated, each as of December 31, 2011.

Executive Officer Change in Control Severance Program

We adopted the Executive Change in Control Program on and effective as of January 12, 2012. Each of our named executive officers became eligible to participate in the Executive Change in Control Program during the 2012 calendar year.

The Executive Change in Control Program is administered by our Vice President Human Resources. The Executive Change in Control Program provides that if, in connection with or within 18 months after a Change in Control, a participant suffers a Qualifying Termination, then the individual will receive a severance payment, paid in a single lump sum within 60 days following the date of termination, equal to three times (i) the individual's annual salary as of the date of the Change in Control or the date of termination, whichever is greater, and (ii) an amount of the named executive officer's annual cash incentive bonus equal to performance at the target level under the applicable annual incentive compensation plan in place at the time the termination occurs. In addition, the participant (and his dependents, as applicable) will receive the continuation of their medical and dental benefits for a period of three years from the date of termination.

For purposes of the Executive Change in Control Program, the following terms will generally have the meanings set forth below:

Cause will be defined in substantially the same manner as noted above with respect to the Partnership's long-term incentive plan.

Change in Control will be defined in substantially the same manner as noted above with respect to the Stock Incentive Plan.

Good Reason means, without the express written consent of the individual: (i) a material reduction in the individual's authority, duties or responsibilities, (ii) a material reduction in the individual's base compensation, or (iii) a material change in the geographical location at which the individual normally performs the individual's services, except for travel reasonably required in the performance of the individual's responsibilities. The individual must provide notice to us of the alleged Good Reason event within 90 days of its occurrence and we have the opportunity to remedy the alleged Good Reason event within 30 days from receipt of the notice of such allegation.

Qualifying Termination means (i) an involuntary termination of the individual's employment without Cause or (ii) a voluntary termination of the individual's employment for Good Reason.

All payments due under the Executive Change in Control Program will be conditioned on the execution and nonrevocation of a release for our benefit and the benefit of our related entities and agents. The Executive Change in Control Program will supersede any other severance program for eligible participants in the event of a Change in Control, but will not affect accelerated vesting of any equity awards under the terms of the plans governing such awards.

If amounts payable to a named executive officer under the Executive Change in Control Program (together with any other amounts that are payable by us as a result of a Change in Control (collectively, the Payments)) exceed the amount allowed under section 280G of the Code for such individual, thereby subjecting the individual to an excise tax under section 4999 of the Code, then, depending on which method produces the largest net after-tax benefit for the recipient, the Payments shall either be: (i) reduced to the level at which no excise tax applies or (ii) paid in full, which would subject the individual to the excise tax.

Officer Change in Control Severance Program

Mr. Meloy participated in the Officer Change in Control Program during the 2011 year, which became effective July 1, 2010. The Officer Change in Control Program is very similar to the Executive Change in

Control Program described above. Other than the eligibility provisions, the material differences in the plan are that the severance multiplier for participants will be set at one to two, rather than the multiplier of three utilized in the Executive Change in Control Program. Under the Officer Change in Control Program in 2011, Mr. Meloy would have received a severance multiplier of two. In addition, he (and his dependents, as applicable) would have received the continuation of their medical and dental benefits for a period of two years following his termination of employment. Other definitions and terms described above for the Officer Change in Control Program are similar to those in the Executive Change in Control Program.

In the event that Mr. Meloy had incurred a Qualifying Termination on December 31, 2011 that was within the eighteen month protection period following a Change in Control, and assuming he had properly executed a release in our favor, he would have received a cash severance payment equal to \$658,000, and our best estimate of the amount of the continued health and welfare benefits to Mr. Meloy would equal a value of \$42,637.

Effective January 12, 2012, Mr. Meloy was included as a participant in the Executive Change in Control Program rather than in the Officer Change in Control Program.

Narrative to Director Compensation Table

For 2011, all independent directors received an annual cash retainer of \$50,000. The Chairman of the Audit Committee received an additional annual retainer of \$20,000 and the Chairman of each of the Compensation Committee and Governing and Nominating Committee received additional retainers of \$10,000. All of our independent directors receive \$1,500 for each Board, Audit Committee, Compensation Committee, Governance and Nominating Committee and Conflicts Committee meeting attended. Payment of independent director fees is generally made twice annually, at the second regularly scheduled meeting of the Board and the final regularly scheduled meeting of the Board for the fiscal year. All independent directors are reimbursed for out-of-pocket expenses incurred in attending Board and committee meetings.

A director who is also an employee receives no additional compensation for services as a director. Accordingly, the Summary Compensation Table reflects total compensation received by Messrs. Joyce, Perkins and Whalen for services performed for us and our affiliates.

Director Long-term Equity Incentives. The Company made equity-based awards in February 2011 to our non-management and independent directors under the Stock Incentive Plan. Each of these directors received an award of 2,310 shares of common stock of the Company, which reflected our intent to provide them with a target value of approximately \$75,000 in long-term incentive awards. The awards are intended to align the long-term interests of our directors with those of the Company's stockholders. Our independent and non-management directors currently participate in the Stock Incentive Plan.

Changes for 2012

Director Compensation. In January 2012, the Board of Directors approved changes to director compensation for the 2012 fiscal year. For 2012, the Chairman of the Compensation Committee will receive an additional annual retainer of \$5,000 to bring the total retainer to \$15,000. This increase is intended to compensate the Chairman for increased time he will expend on committee matters due to new regulations that are applicable to compensation matters.

Director Long-term Equity Incentives. In January 2012, each of our non-management and independent directors received an award of 1,851 shares of our common stock under the Stock Incentive Plan, which reflects our desire to increase the target value of those awards from approximately \$70,000 to \$75,000 per year.

Board Leadership

Edgar Filing: Targa Resources Corp. - Form DEF 14A

Mr. Joyce has served as Executive Chairman of the Board of the Company's Board of Directors since January 1, 2012 and as a director of the Company since its formation on October 27, 2005. Mr. Joyce previously served as Chief Executive Officer of the Company between October 27, 2005 and December 31, 2011. Mr. Perkins has served as Chief Executive Officer and as a director of the Company since January 1, 2012. Mr. Whalen previously served as the Executive Chairman of the Company's Board of Directors between October 25, 2010 and December 31, 2011. Our bylaws allow the same individual to hold the position of Chief Executive Officer and Chairman of the Board of Directors.

To ensure a strong and independent board, all directors of the Company, other than Messrs. Joyce, Perkins and Whalen, are independent. The Board regularly meets in executive session without the presence of the CEO or other members of management. The Company's Corporate Governance Guidelines appoint Mr. Kagan as chair, or another director that he designates, of meetings of the non-management directors.

In his capacity as chair of the meetings of non-management directors, Mr. Kagan provides, in conjunction with the Executive Chairman and the CEO, leadership and guidance to the Board of Directors. He also (i) establishes the agenda for each meeting of the non-management directors; and (ii) provides the board's

guidance and feedback to the Executive Chairman, the CEO and the Company's management team. All directors are encouraged to suggest the inclusion of agenda items or revisions to meeting materials, and any director is free to raise at any board meeting items that are not on the agenda for that meeting.

Given the strong leadership of the Company's Executive Chairman and the CEO, the effective counterbalancing role of the chair of the non-management directors and a board comprised of strong and independent directors, the board believes that, at the present time, the current structure of the board best serves the interests of the Company and its stockholders.

Communications with the Board of Directors

Stockholders or other interested parties can contact any director (including Mr. Kagan), any committee of the Board, or our non-management directors as a group, by writing to them at Targa Resources Corp., 1000 Louisiana Street, Suite 4300, Houston, Texas 77002, Attention: Secretary. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will also be referred to members of the Audit Committee. All such communications will be forwarded to the appropriate member(s) of the Board.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE.

The Board of Directors has assessed the independence of each non-employee director and each nominee for director under the Company's guidelines and the independence standards of the NYSE. The Board of Directors affirmatively determined that all five non-employee directors (Messrs. Crisp, Hwang, Kagan, Tong and Redd) are independent.

In connection with its assessment of the independence of each non-employee director, the Board of Directors also determined that each member of the Audit Committee meets the additional independence standards of the NYSE and SEC applicable to members of the Audit Committee. Those standards require that the director not be an affiliate of the Company and that the director not receive from the Company, directly or indirectly, any consulting, advisory or other compensatory fees, except for fees for services as a director.

Financial Literacy of Audit Committee and Designation of Financial Experts

The Board of Directors evaluated the members of the Audit Committee in December 2010 for financial literacy and the attributes of a financial expert. The Board of Directors also evaluated a new member of the Audit Committee in February 2011 for financial literacy. The Board of Directors determined that each of the Audit Committee members is financially literate and that the Chairman of the Audit Committee, Mr. Tong, is an audit committee financial expert as defined by the SEC.

Oversight of Risk Management

Except for the responsibilities of the Audit Committee discussed below, the Board as a whole (including the committees of the Board) oversees the assessment of major risks of the Company and the management of such risks, while the board of directors of the General Partner (including the committees of such board) oversees the assessment and management of major risks of the Partnership's businesses and operations. For example, the Board:

reviews and approves the Company's annual business plan and capital budget and reviews with management on at least a quarterly basis the Company's financial performance, including any variations from the annual business plan and capital budget;

has established specific dollar limits on the commitment authority of members of senior management and requires Board approval of the Company's capital expenditures and investments exceeding that authority; and

monitors the Company's interest rate hedging activities.

The Company's Audit Committee is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks such as the credit risks associated with counterparty exposure. Management and the Company's external auditors report regularly to the Audit Committee on those subjects. The Board has considered, and is comfortable with, its choice of leadership structure. Since the Board's leadership structure appropriately allows for its role as manager of risks of the Company, such role does not separately impact the Board's choice of leadership structure.

Attendance at Annual Meetings

While there is no formal attendance policy, the Board of Directors encourages all directors to attend the annual meetings of stockholders, if practicable. We anticipate that the majority of our directors will attend the Annual Meeting. Six of the seven directors attended the annual meeting of stockholders in 2011.

Our sole equity compensation plan, under which we will make equity grants in the future, is the 2010 Incentive Plan, which was approved by our stockholders prior to our initial public offering.

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))

Stock incentive plan awards may vest in other circumstances, as approved by the Compensation Committee and reflected in an award agreement. Restricted stock is issued, subject to vesting, on the date of grant. The Compensation Committee may provide that dividends on restricted stock are subject to vesting and forfeiture provisions, in which cash such dividends would be held, without interest, until they vest or are forfeited.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The executive officers and directors of the Company and persons who own more than 10% of the Company's common stock are required to file reports with the SEC, disclosing the amount and nature of their beneficial ownership in common stock, as well as changes in that ownership. TRANSACTIONS WITH RELATED PERSONS

Our Relationship with Targa Resources Partners LP and its General Partner

Our only cash generating assets consist of our interests in the Partnership, which as of February 17, 2012 consists of the following:

a 2.0% general partner interest in the Partnership, which we hold through our 100% ownership interests in the General Partner;

all of the outstanding IDRs of the Partnership; and

12,945,659 of the 89,170,989 outstanding common units of the Partnership, representing a 14.5% limited partnership interest.

Omnibus Agreement

Our Omnibus Agreement with the Partnership addresses the reimbursement to us for costs incurred on the Partnership's behalf, competition and indemnification matters. Any or all of the provisions of the Omnibus

Agreement, other than the indemnification provisions described below, are terminable by us at our option if the General Partner is removed as the Partnership's general partner without cause and units held by us and our affiliates are not voted in favor of that removal. The Omnibus Agreement will also terminate in the event of a Change of Control (as defined in the Omnibus Agreement) of the Partnership or its general partner.

Reimbursement of Operating and General and Administrative Expense

Under the terms of the Omnibus Agreement, the Partnership reimburses us for the payment of certain operating and direct expenses, including compensation and benefits of operating personnel, and for the provision of various general and administrative services for the Partnership's benefit. Pursuant to these arrangements, we perform centralized corporate functions for the Partnership, such as legal, accounting, treasury, insurance, risk management, health, safety and environmental, information technology, human resources, credit, payroll, internal audit, taxes, engineering and marketing. The Partnership reimburses us for the direct expenses to provide these services as well as other direct expenses we incur on the Partnership's behalf, such as compensation of operational personnel performing services for the Partnership's benefit and the cost of their employee benefits, including 401(k), pension and health insurance benefits. The General Partner determines the amount of general and administrative expenses to be allocated to the Partnership in accordance with the partnership agreement. Other than our direct costs of being a reporting company, substantially all of our general and administrative costs have been allocated to the Partnership, and so long as our only cash-generating assets consist of our interest in the Partnership, such costs will continue to be allocated to the Partnership.

Competition

We are not restricted, under either the Partnership's partnership agreement or the Omnibus Agreement, from competing with the Partnership. We may acquire, construct or dispose of additional midstream energy or other assets in the future without any obligation to offer the Partnership the opportunity to purchase or construct those assets.

Registration Rights Agreement

Agreement with Series B Preferred Stock Investors

On October 31, 2005, we entered into an amended and restated registration rights agreement with the holders of our then outstanding Series B preferred stock that received or purchased 6,453,406 shares of preferred stock pursuant to a stock purchase agreement dated October 31, 2005. Pursuant to the registration rights agreement, we agreed to register the sale of shares of our common stock that holders of such preferred stock received upon conversion of the preferred stock, under certain circumstances. These holders include (directly or indirectly through subsidiaries or affiliates), among others, Warburg Pincus.

Demand Registration Rights. At any time, the qualified holders have the right to require us by written notice to register a specified number of shares of common stock in accordance with the Securities Act and the registration rights agreement. The qualified holders have the right to request up to an aggregate of five registrations; provided that such qualified holders are not limited in the number of demand registrations that constitute shelf registrations pursuant to Rule 415 under the Securities Act. In no event shall more than one demand registration occur during any six-month period or within 120 days after the effective date of a registration statement we file, provided that no demand registration may be prohibited for that 120-day period more than once in any 12-month period.

Piggy-back Registration Rights. If, at any time, we propose to file a registration statement under the Securities Act with respect to an offering of common stock (subject to certain exceptions), for our own account, then we must give at least 15 days' notice prior to the anticipated filing date to all holders of registrable securities to allow them to include a specified number of their shares in that registration statement. We will be required to maintain the effectiveness of that registration statement until the earlier of 180 days after the effective date and the consummation of the distribution by the participating holders.

Conditions and Limitations; Expenses. These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration and our right to delay or withdraw a registration statement under certain circumstances. We will generally pay all registration expenses in connection with our obligations under the registration rights agreement, regardless of whether a registration statement is filed or becomes effective.

Contracts with Affiliates

Indemnification Agreements with Directors and Officers. In February 2007, the Partnership and the General Partner entered into indemnification agreements with each independent director of the General Partner. Each indemnification agreement provides that each of the Partnership and the General Partner will indemnify and hold harmless each indemnitee against Expenses (as defined in the indemnification agreement) to the fullest extent permitted or authorized by law, including the Delaware Revised Uniform Limited Partnership Act and the Delaware Limited Liability Company Act in effect on the date of the agreement or as such laws may be amended to provide more advantageous rights to the indemnitee. If such indemnification is unavailable as a result of a court decision and if the Partnership or the General Partner is jointly liable in the proceeding with the indemnitee, the Partnership and the General Partner will contribute funds to the indemnitee for his Expenses (as defined in the Indemnification Agreement) in proportion to relative benefit and fault of the Partnership or the General Partner on the one hand and indemnitee on the other in the transaction giving rise to the proceeding.

Each indemnification agreement also provides that the Partnership and the General Partner will indemnify and hold harmless the indemnitee against Expenses incurred for actions taken as a director or officer of the Partnership or the General Partner or for serving at the request of the Partnership or the General Partner as a director or officer or another position at another corporation or enterprise, as the case may be, but only if no final and non-appealable judgment has been entered by a court determining that, in respect of the matter for which the indemnitee is seeking indemnification, the indemnitee acted in bad faith or engaged in fraud or willful misconduct or, in the case of a criminal proceeding, the indemnitee acted with knowledge that the indemnitee's conduct was unlawful. The indemnification agreement also provides that the Partnership and the General Partner must advance payment of certain Expenses to the indemnitee, including fees of counsel, subject to receipt of an undertaking from the indemnitee to return such advance if it is ultimately determined that the Indemnitee is not entitled to indemnification.

We have entered into parent indemnification agreements with each of our directors and officers, including Messrs. Joyce, Perkins, Whalen, Kagan and Hwang who serve or served as directors and/or officers of the General Partner. Each parent indemnification agreement provides that we will indemnify and hold harmless each indemnitee for Expenses (as defined in the parent indemnification agreement) to the fullest extent permitted or authorized by law, including the Delaware General Corporation Law, in effect on the date of the agreement or as it may be amended to provide more advantageous rights to the indemnitee. If such indemnification is unavailable as a result of a court decision and if we and the indemnitee are jointly liable in the proceeding, we will contribute funds to the indemnitee for his Expenses in proportion to relative benefit and fault of us and indemnitee in the transaction giving rise to the proceeding.

Each parent indemnification agreement also provides that we will indemnify the indemnitee for monetary damages for actions taken as our director or officer or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be but only if (i) the indemnitee acted in good faith and, in the case of conduct in his official capacity, in a manner he reasonably believed to be in our best interests and, in all other cases, not opposed to our best interests and (ii) in the case of a criminal proceeding, the indemnitee must have had no reasonable cause to believe that his conduct was unlawful. The parent indemnification agreement also provides that we must advance payment of certain Expenses to the indemnitee, including fees of counsel, subject to receipt of an undertaking from the indemnitee to return such advance if it is ultimately determined that the indemnitee is not entitled to indemnification.

Indemnification Agreements with the Partnership. Under the Omnibus Agreement, the Partnership agreed to indemnify us against environmental liabilities related to the North Texas System arising or occurring after February 14, 2007.

Additionally, we have agreed to indemnify the Partnership for losses relating to income tax liabilities attributable to pre-IPO operations that are not reserved on the books of the predecessor business of the North Texas System as of February 14, 2007. We do not have any obligation under this indemnification until the Partnership's aggregate losses exceed \$250,000. Our obligation under this indemnification will terminate upon the expiration of any applicable statute of limitations. The Partnership will indemnify us for all losses attributable to the post-IPO operations of the North Texas System.

Transactions with Related Persons

Relationship with Sajat Resources LLC

Former holders of our pre-IPO common stock, including Warburg Pincus and certain of our executives and directors, own a controlling interest in Sajat Resources LLC (Sajat), which was spun-off in December 2010 prior to the IPO. Sajat owns certain technology rights, real property and ownership interests in Floridian Natural Gas Storage Company LLC. We provide general and administrative services to Sajat and are reimbursed for these amounts at our actual cost. During 2011, we were reimbursed \$0.3 million for such services provided.

Relationship with Warburg Pincus LLC

Affiliates of Warburg Pincus beneficially own approximately 23.1% of our outstanding common stock. Accordingly, Warburg Pincus can exert significant influence over us and any action requiring the approval of the holders of our stock, including the election of directors and approval of significant corporate transactions. Warburg's concentrated ownership makes it less likely that any other holder or group of holders of common stock will be able to affect the way we are managed or the direction of our business.

Peter Kagan, one of our directors, is a Managing Director of Warburg Pincus LLC and is also a director of Broad Oak, Antero and Laredo from whom the Partnership buys natural gas and NGL products. Affiliates of Warburg Pincus LLC own a controlling interest in Broad Oak, Antero and Laredo. Purchases from Antero were less than \$120,000.

The following table shows the Partnership's transactions with Broad Oak and Laredo:

	Purchases 2011 (In millions)
Broad Oak	\$ 71.3
Laredo	34.1

These transactions were at market prices consistent with similar transactions with other nonaffiliated entities.

Relationship with Total Safety US Inc.

Joe Bob Perkins, our Chief Executive Officer, is also a director of Total Safety US Inc. (Total Safety) which provides us safety services and equipment, including detection and monitoring systems. Affiliates of Warburg Pincus own a controlling interest in Total Safety. During 2011, we made payments of \$170,157 to Total Safety. These transactions were at market prices consistent with similar transactions with other nonaffiliated entities.

Relationships with Sequent Energy Management, LP, EOG Resources Inc. and IntercontinentalExchange, Inc.

Charles R. Crisp, one of our directors, is a director of Sequent Energy Management, LP (Sequent) from and to whom the Partnership purchases and sells natural gas and NGL products. Mr. Crisp also serves as a director of EOG Resources Inc. (EOG) from whom the Partnership purchases natural gas and NGL products. Mr. Crisp is also a director of IntercontinentalExchange Inc. (ICE) from whom the Partnership purchases brokerage services. The following table shows the Partnership's transactions with each of these entities.

	Sales 2011	Purchases 2011
	(In millions)	
Sequent	\$ 22.6	\$ 20.0
EOG		5.4
ICE		0.1

These transactions were at market prices consistent with similar transactions with other nonaffiliated entities.

Relationships with Martin Gas Sales and Southwest Energy LP

Erschel C. Redd, one of our directors, has an immediate family member who is an officer of Martin Gas Sales, which is a subsidiary of Martin Midstream Partners LP (Martin) and has an immediate family member who is an officer and part owner of Southwest Energy LP (Southwest Energy) from and to whom the Partnership purchases and sells natural gas and NGL products. The following table shows the Partnership's transactions with each of these entities.

	Sales 2011	Purchases 2011
	(In millions)	
Martin Gas	\$ 0.9	\$ 9.3
Southwest Energy	7.9	2.7

These transactions were at market prices consistent with similar transactions with other nonaffiliated entities.

Conflicts of Interest

Conflicts of interest exist and may arise in the future as a result of the relationships between the General Partner and its affiliates (including us), on the one hand, and the Partnership and its other limited partners, on the other hand. The directors and officers of the General Partner have fiduciary duties to manage the General Partner and us, if applicable, in a manner beneficial to our owners. At the same time, the General Partner has a fiduciary duty to manage the Partnership in a manner beneficial to it and its unitholders. Please see [Review, Approval or Ratification of Transactions with Related Persons](#) below for additional detail of how these conflicts of interest will be resolved.

Review, Approval or Ratification of Transactions with Related Persons

Our policies and procedures for approval or ratification of transactions with related persons are not contained in a single policy or procedure. Instead, they are reflected in the general operation of our Board of Directors, consistent with past practice. Prior to our IPO, an agreement among our stockholders prohibited us from entering into, modifying, amending or terminating any transaction (other than certain compensatory arrangements and sales or purchases of capital stock) with an executive officer, director or affiliate without the prior written consent of the holders of at least a majority of our outstanding shares. We distribute and review a questionnaire to our executive officers and directors requesting information regarding, among other things, certain transactions with us in which they or their family members have an interest. If a conflict or potential conflict of interest arises between us and our

affiliates (excluding the Partnership) on the one hand and the Partnership and its limited partners (other than us and our affiliates), on the other hand, the resolution of any such conflict or potential conflict is addressed as described under Conflicts of Interest. Pursuant to our Code of Conduct, our officers and directors are required to abandon or forfeit any activity or interest that creates a conflict of interest between them and us or any of our subsidiaries, unless the conflict is pre-approved by our Board of Directors.

Whenever a conflict arises between the General Partner or its affiliates, on the one hand, and the Partnership or any other partner, on the other hand, the General Partner will resolve that conflict. The Partnership's partnership agreement contains provisions that modify and limit the General Partner's fiduciary duties to the Partnership's unitholders. The partnership agreement also restricts the remedies available to unitholders for actions taken that, without those limitations, might constitute breaches of fiduciary duty.

The General Partner will not be in breach of its obligations under the partnership agreement or its duties to the Partnership or its unitholders if the resolution of the conflict is:

approved by the General Partner's conflicts committee, although the General Partner is not obligated to seek such approval;

approved by the vote of a majority of the Partnership's outstanding common units, excluding any common units owned by the General Partner or any of its affiliates;

on terms no less favorable to the Partnership than those generally being provided to or available from unrelated third parties; or

fair and reasonable to the Partnership, taking into account the totality of the relationships among the parties involved, including other transactions that may be particularly favorable or advantageous to the Partnership.

The General Partner may, but is not required to, seek the approval of such resolution from the conflicts committee of its board of directors. If the General Partner does not seek approval from the conflicts committee and its board of directors determines that the resolution or course of action taken with respect to the conflict of interest satisfies either of the standards set forth in the third or fourth bullet points above, then it will be presumed that, in making its decision, the board of directors acted in good faith and in any proceeding brought by or on behalf of any limited partner of the Partnership, the person bringing or prosecuting such proceeding will have the burden of overcoming such presumption. Unless the resolution of a conflict is specifically provided for in the partnership agreement, the General Partner or its conflicts committee may consider any factors they determines in good faith to consider when resolving a conflict. When the partnership agreement provides that someone act in good faith, it requires that person to believe he is acting in the best interests of the Partnership.

Director Independence

Messrs. Crisp, Hwang, Kagan, Redd and Tong are our independent directors under the NYSE's listing standards. Our Board of Directors examined the commercial relationships between us and companies for whom our independent directors serve as directors or with whom family members of our independent directors have an employment relationship. The commercial relationships reviewed consisted of product and service purchases and product sales at market prices consistent with similar arrangements with unrelated entities.

Report of the Audit Committee

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. The Audit Committee operates under a written charter approved by the Board of Directors. The charter, among other things, provides that the Audit Committee has authority to appoint, retain and oversee the independent auditor and is available on our website at <http://ir.targaresources.com/trc/documentdisplay.cfm?DocumentID=7955>.

In this context, the Audit Committee:

reviewed and discussed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements;

reviewed with PricewaterhouseCoopers LLP, our independent auditors, who are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgments as to the quality and acceptability of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards;

received the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the audit committee concerning independence from the Company and its subsidiaries, and has discussed with PricewaterhouseCoopers the firm's independence;

discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

discussed with the Company's internal auditors and PricewaterhouseCoopers LLP the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting;

based on the foregoing reviews and discussions, recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the SEC; and

approved the selection and appointment of PricewaterhouseCoopers LLP to serve as our independent auditors.

This report has been furnished by the members of the Audit Committee of the Board of Directors:

Audit Committee

Chris Tong, Chairman

Charles R. Crisp

Ershel C. Redd Jr.

The report of the Audit Committee in this report shall not be deemed incorporated by reference into any other filing by Targa Resources Corp. under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such acts.

ITEM TWO

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the independent auditors of the Company for 2012. PricewaterhouseCoopers LLP has audited the Company's consolidated financial statements since 2005. The 2011 audit of the Company's annual consolidated financial statements was completed on February 24, 2012.

The Board of Directors is submitting the selection of PricewaterhouseCoopers LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board of Directors and the Audit Committee believe the submission provides an opportunity for stockholders through their vote to communicate with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The stockholders' ratification of the appointment of PricewaterhouseCoopers LLP does not limit the authority of the Audit Committee to change auditors at any time.

Audit and Other Fees

We have engaged PricewaterhouseCoopers LLP as our principal accountant. The following table summarizes fees we were billed by PricewaterhouseCoopers LLP for independent auditing, tax and related services for each of the last two fiscal years, all of which have been approved by the Audit Committee:

	2011	2010
	(In millions)	
Audit fees (1)	\$ 2.7	\$ 4.6
Audit related fees (2)		
Tax fees (3)		
All other fees (4)		
	\$ 2.7	\$ 4.6

- (1) Audit fees represent amounts billed for each of the years presented for professional services rendered in connection with (i) the integrated audit of our annual financial statements and internal control over financial reporting, (ii) the review of our quarterly financial statements or (iii) those services normally provided in connection with statutory and regulatory filings or engagements including comfort letters, consents and other services related to SEC matters. This information is presented as of the latest practicable date for this proxy statement.
- (2) Audit-related fees represent amounts we were billed in each of the years presented for assurance and related services that are reasonably related to the performance of the annual audit or quarterly reviews of our financial statements and are not reported under audit fees.
- (3) Tax fees represent amounts we were billed in each of the years presented for professional services rendered in connection with tax compliance, tax advice and tax planning.
- (4) All other fees represent amounts we were billed in each of the years presented for services not classifiable under the other categories listed in the table above. No such services were rendered by PricewaterhouseCoopers LLP during the last two years.

The Audit Committee has approved the use of PricewaterhouseCoopers LLP as our independent principal accountant. All services provided by our independent auditor are subject to pre-approval by the Audit Committee. The Audit Committee is informed of each engagement of the independent auditor to provide services to us.

The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as the auditors of the Company for 2012.

STOCKHOLDER PROPOSALS FOR 2013; IDENTIFICATION OF DIRECTOR CANDIDATES

Any stockholder of the Company who desires to submit a proposal for action at the 2013 annual meeting of Stockholders and wishes to have such proposal (a Rule 14a-8 Proposal) included in the Company's proxy materials, must submit such Rule 14a-8 Proposal to the Company at its principal executive offices no later than January 25, 2013, unless the Company notifies the stockholders otherwise. Only those Rule 14a-8 Proposals that are timely received by the Company and proper for stockholder action (and otherwise proper) will be included in the Company's proxy materials.

Any stockholder of the Company who desires to submit a proposal for action at the 2013 annual meeting of stockholders, but does not wish to have such proposal (a Non-Rule 14a-8 Proposal) included in the Company's proxy materials, must submit such Non-Rule 14a-8 Proposal to the Company at its principal executive offices so that it is received between January 25, 2013 and February 24, 2013, unless the Company notifies the stockholders otherwise. If a Non-Rule 14a-8 Proposal is not received by the Company on or before February 24, 2013, then the Company intends to exercise its discretionary voting authority with respect to such Non-Rule 14a-8 Proposal.

Discretionary voting authority is the ability to vote proxies that stockholders have executed and submitted to the Company, on matters not specifically reflected in the Company's proxy materials, and on which stockholders have not had an opportunity to vote by proxy.

It is the responsibility of the Nominating and Governance Committee to identify, evaluate and recommend to the Board the Directors nominees for election at the annual meeting of stockholders, as well as to fill vacancies or additions on the Board of Directors that may occur between annual meetings. When recommending director candidates, the Nominating and Governance Committee considers and reviews each candidate's relevant skills and experience, business judgment, service on boards of directors of other companies, personal and professional integrity, including commitment to the Company's core values, openness and ability to work as part of a team, the overall variety and mix of experience, skills, attributes and viewpoints of the Board of Directors, taken as a whole, willingness to commit the required time to serve as a board member and familiarity with the Company and its industry.

Although the Nominating and Governance Committee does not have a formal policy with respect to diversity, the Committee considers the diversity of, and the optimal enhancement of the current mix of talent and experience on the Board of Directors and endeavors to achieve an overall balance of diversity of experiences, skills, attributes and viewpoints. The Nominating and Governance Committee believes it has achieved that balance through the representation on the board of members having experience in various sectors of the energy industry, finance, accounting and investment analysis, among other areas. The Nominating and Governance Committee does not discriminate based upon race, religion, sex, national origin, age, disability, citizenship or any other legally protected status.

In identifying potential director candidates, the Nominating and Governance Committee relies on any source available for the identification and recommendation of candidates, including current directors and officers and shareholders. In addition, the Nominating and Governance Committee from time to time may engage a third party search firm to identify or evaluate, or assist in identifying or evaluating potential candidates, for which the third party search firm will be paid a fee.

The Nominating and Governance Committee will also consider any nominee recommended by stockholders for election at the annual meeting of stockholders to be held in 2013 if that nomination is submitted in writing, between January 25, 2013 and February 24, 2013, to Targa Resources Corp., 1000 Louisiana Street, Suite 4300, Houston, Texas 77002, Attention: Secretary. The Nominating and Governance Committee treats recommendations for directors that are received from the Company's stockholders equally with recommendations received from any

other source. With respect to each such nominee, the following information must be provided to the Company with the written nomination:

- a) the nominee's name, address and other personal information;
- b) the number of shares of each class and series of stock of the Company held by such nominee;
- c) the nominating stockholder's name, residential address and telephone number, and business address and telephone number; and
- d) all other information required to be disclosed pursuant to Regulation 14A of the Securities and Exchange Act of 1934.

Each submission must also include a statement of the qualifications of the nominee, a notarized consent signed by the nominee evidencing a willingness to serve as a director, if elected, and a written representation and agreement that such person (i) is not and will not become a party to any voting agreement or compensation agreement that has not been disclosed to the Company or that could limit or interfere with the nominee's ability to comply with their fiduciary duties under applicable law and (ii) will comply with all of the Company's applicable corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines.

Written requests for inclusion of any stockholder proposal should be addressed to Targa Resources Corp., 1000 Louisiana Street, Suite 4300, Houston, Texas 77002, Attention: Secretary. The Company suggests that any such proposal be sent by certified mail, return receipt requested.

SOLICITATION OF PROXIES

Solicitation of Proxies may be made via the Internet, by mail, personal interview or telephone by officers, directors and regular employees of the Company. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of the common stock that those companies or persons hold of record, and the Company will reimburse the forwarding expenses. In addition, the Company has retained Georgeson Inc. to assist in solicitation for a fee estimated not to exceed \$20,000. The Company will bear all costs of solicitation.

STOCKHOLDER LIST

In accordance with the Delaware General Corporation Law, the Company will maintain at its corporate offices in Houston, Texas, a list of the stockholders entitled to vote at the Annual Meeting. The list will be open to the examination of any stockholder, for purposes germane to the Annual Meeting, during ordinary business hours for ten days before the Annual Meeting.
