Item 1.01. Entry into a Material Definitive Agreement.

On June 28, 2012, Western Gas Partners, LP (the Partnership) completed the public offering of \$520 million aggregate principal amount of 4.0% senior notes due 2022 (the Notes).

The terms of the Notes are governed by the Indenture, dated as of May 18, 2011 (the Base Indenture), by and among the Partnership, the subsidiary guarantors party thereto and Wells Fargo Bank, National Association, as trustee (the Trustee), as amended and supplemented by the Fourth Supplemental Indenture, dated as of June 28, 2012 (the Fourth Supplemental Indenture), by and among the Partnership and the Trustee, setting forth the specific terms applicable to the Notes. The Base Indenture, as amended and supplemented by the Fourth Supplemental Indenture, is referred to herein as the Indenture. Interest on the Notes will accrue from June 28, 2012 and will be payable semi-annually on January 1 and July 1 of each year, commencing January 1, 2013.

The Partnership may redeem all or some of the Notes, in whole or in part, at any time prior to their maturity at the redemption price as set forth in the Fourth Supplemental Indenture. The Notes rank equally in right of payment with all of the Partnership's existing and future senior indebtedness and senior to any subordinated debt that the Partnership may incur.

The Indenture contains covenants that will limit the ability of the Partnership and certain of its subsidiaries to create liens on its principal properties, engage in sale and leaseback transactions, merge or consolidate with another entity or sell, lease or transfer substantially all of its properties or assets to another entity. Initially, the Notes will not be guaranteed by any of the Partnership's subsidiaries. In the future, however, if any of the Partnership's subsidiaries guarantees the Partnership's obligations under its revolving credit facility, then that subsidiary will, jointly and severally, fully and unconditionally guarantee the Partnership's payment obligations under the Notes so long as such subsidiary has any guarantee obligation under the Partnership's revolving credit facility.

The Indenture also contains customary events of default, including (i) default for 30 days in the payment when due of interest on the Notes; (ii) default in payment when due of principal of or premium, if any, on the Notes at maturity, upon redemption or otherwise; and (iii) certain events of bankruptcy or insolvency with respect to the Partnership. If an event of default occurs and is continuing with respect to any series of Notes, the Trustee or the holders of not less than 25% in principal amount of such series of outstanding Notes may declare the principal amount of such Notes and all accrued and unpaid interest to be due and payable. Upon such a declaration, such principal amount will become due and payable immediately. If an event of default relating to certain events of bankruptcy, insolvency or reorganization with respect to the Partnership occurs and is continuing, the principal amount of such Notes outstanding will become immediately due and payable without any declaration or other act on the part of the Trustee or any holders of such Notes.

Other material terms of the Notes, the Indenture and the Fourth Supplemental Indenture are described in the prospectus supplement forming a part of the prospectus dated June 21, 2012, as filed by the Partnership with the Securities and Exchange Commission (the Commission) on June 22, 2012. The foregoing description of the Fourth Supplemental Indenture is qualified in its entirety by reference to the full text of such Fourth Supplemental Indenture, a copy of which is filed herewith as Exhibit 4.1, and is incorporated herein by reference.

Item 1.02. Termination of a Material Definitive Agreement.

On June 28, 2012, the Partnership used a portion of the net proceeds from the offering of the Notes to repay and terminate its \$175.0 million five-year term loan agreement (the Term Loan Agreement) entered into in December 2008 with Anadarko Petroleum Corporation (Anadarko) and amended by Amendment No. 1 thereto (the Amendment) in December 2010 (as amended, the Term Loan). The Partnership used the proceeds of the Term Loan to finance the cash portion of the consideration paid for the Partnership's Powder River acquisition. Under the Term Loan Agreement, the Partnership has the option to repay the outstanding principal amount in whole or in part, without premium or penalty.

As of March 31, 2012, without giving effect to the Partnership's recently completed public offering of 5,000,000 common units, Anadarko held 1,852,718 general partner units representing a 2.0% general partner interest in the Partnership, 40,422,004 common units representing a 43.6% limited partner interest, and 100% of the Partnership's incentive distribution rights. Additionally, approximately 75% and 76% of the Partnership's total natural gas gathering, transportation and treating throughput during the year ended December 31, 2011 and the three months ended March 31, 2012, respectively, was attributable to natural gas production owned or controlled by Anadarko. Approximately 64% and 58% of the Partnership's total processing throughput during the year ended December 31, 2011 and the three months ended March 31, 2012, respectively, was attributable to natural gas production owned or controlled by Anadarko.

The foregoing description of the Term Loan Agreement and the Amendment does not purport to be complete and is qualified in its entirety by reference to the Term Loan Agreement, included as Exhibit 10.1 to the Partnership's Current Report on Form 8-K filed with the Commission on December 24, 2008, and the Amendment, included as Exhibit 10.12 to the Partnership's Report on Form 10-K/A filed with the Commission on May 5, 2011, and each of which is incorporated herein by reference.
