**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On January 30, 2013, the Board of Directors of Gold Resource Corporation (the Company) approved an increase in the number of members of the board of directors from five to six. The independent members of the Board of Directors nominated Dr. Gary Huber to fill the newly created vacancy and the Board of Directors unanimously approved the appointment of Dr. Huber to serve until such time as a successor is duly elected and qualified.

Dr. Huber is a mining executive with over 35 years of natural resource experience. He is the founder and managing member of Rangeland E&P, LLC, a private company established for oil and gas exploration in 2006. From 2010 to 2011, Dr. Huber served as an independent director of Capital Gold Corp., a gold mining company with operations in Mexico which eventually merged into AuRico Gold Inc. (NYSE: AUQ), including serving on the Audit and Corporate Governance Committees. From 2007 to 2012, Dr. Huber was the president and chief executive officer of Neutron Energy, Inc., a private uranium development company operating in the western United States. Dr. Huber founded Canyon Resources Corporation in 1979, which merged into Atna Resources Ltd. (TSX: ATN), and served in various capacities there until 2006, including as director, chief financial officer, vice president of finance, treasurer and secretary. He also served as the president and chief executive officer of CR Minerals Corporation, a subsidiary of Canyon Resources, from 1987-1998. Dr. Huber holds a Ph.D in geology from Colorado School of Mines and received Bachelor of Science in Geology from Fort Lewis College. He is a fellow of the Society of Economic Geologists (SEG), a member of the Society for Mining, Metallurgy and Exploration (SME) and a Utah registered Professional Geologist. Dr. Huber also was formerly a director of the Denver Gold Group, a not-for-profit industry association for publicly-traded precious metal companies.

The Board of Directors anticipates that in addition to his board service, Dr. Huber will also serve on the Company's Audit Committee and Compensation Committee. Dr. Huber will initially receive a \$3,000 monthly retainer fee and it is anticipated he will receive stock options to purchase 100,000 shares of the Company's common stock at an exercise price equal to the closing sales price on the NYSE Amex as of the date of grant.
