Solicitation of Proxies

This Information Circular is being furnished to the shareholders of the Company in connection with the solicitation of proxies for use at the Annual and Special Meeting to be held on April 25, 2013 (the Meeting) by management of the Company. The solicitation will be primarily by mail; however, proxies may also be solicited personally or by telephone by the directors, officers or employees of the Company. The costs of this solicitation are being borne by the Company.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

PROPOSAL 1: Election of Directors

Under the Articles of Amalgamation of the Company, the number of directors of the Company is set at a minimum of three (3) and a maximum of ten (10) and the board of directors (the Board) is authorized to determine the actual number of directors within that range to be elected from time to time. The Company currently has seven (7) directors. Each director of the Company is elected annually and holds office until the next annual meeting of shareholders of the Company unless he or she sooner ceases to hold office. The Articles of the Company also provide that the Board has the power to increase the number of directors at any time between annual meetings of shareholders and appoint one or more additional directors, provided that the total number of directors so appointed shall not exceed one-third of the number of directors elected at the previous annual meeting. The Board of the Company has determined that the number of directors to be elected at the Meeting shall be seven (7).

The Board has adopted a majority voting policy that will apply to any uncontested election of directors. Pursuant to this policy, any nominee for director who receives a greater number of votes withheld than votes for such election will promptly tender his or her resignation to the Chairman of the Board of directors following such meeting of the Company's shareholders. The Board's Nominating and Corporate Governance Committee will consider the offer of resignation and make a recommendation to the Board whether to accept it.

In making its recommendation with respect to a director's resignation, the Nominating and Corporate Governance Committee will consider, in the best interests of the Company, the action to be taken with respect to such offered resignation, which may include (i) accepting the resignation, (ii) recommending that the director continue on the Board but addressing what the Nominating and Corporate Governance Committee believes to be the underlying reasons why shareholders withheld votes for election from such director or (iii) rejecting the resignation.

The Board will consider the Nominating and Corporate Governance Committee's recommendation within 90 days following the Company's annual meeting, and in considering such recommendation, the Board will consider the factors taken into account by the Nominating and Corporate Governance Committee and such additional information and factors that the Board considers to be relevant. The Board will promptly disclose its decision by a press release, such press release to include the reasons for rejecting the resignation, if applicable. A director who tenders his or her resignation pursuant to this majority voting policy will not be permitted to participate in any meeting of the Board or the Nominating and Corporate Governance Committee at which the resignation is considered. If the resignation is accepted, subject to any applicable law, the Board may leave the resultant vacancy unfilled until the next annual general meeting, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders at which there will be presented one or more nominees to fill any vacancy or vacancies.

The Company intends to nominate each of the persons listed below for election as a director of the Company. The persons proposed for nomination are, in the opinion of the Board and management, well qualified to act as directors for the ensuing year. The persons named in the enclosed form of proxy intend to vote for the election of such nominees.

The information presented in the table below, other than the number of deferred share units (DSUs) held, has been provided by the respective nominee as of February 26, 2013. The number of Common Shares owned, controlled or directed includes Common Shares beneficially owned, directly or indirectly (other than stock options), or over which control or direction is exercised by the proposed nominee.

Compensation of Directors

Prior to 2012, non-executive directors of the Company, other than the Board Chairman, received, in addition to reimbursement of reasonable travel and lodging expenses, an annual fee of \$95,000 for service on the Board. The annual fee was paid \$35,000 in cash (less applicable source deductions) in four equal amounts on a quarterly basis and \$60,000 (less applicable source deductions) was paid directly to the administrator under the Company's Non-Executive Director Long Term Incentive Plan. The Board Chairman was paid an annual fee of \$200,000, which was paid \$120,000 in cash (less applicable source deductions) in four equal amounts on a quarterly basis and \$80,000 (less applicable source deductions) was paid directly to the administrator under the Company's Non-Executive Director Long Term Incentive Plan. In addition, the chairman of the Audit Committee receives an additional \$15,000 annual fee, and the chairman of other Board committees receives an additional \$10,000 annual fee. Non-executive directors also received a \$1,500 meeting fee per minuted meeting in excess of 30 minutes and a \$500 teleconference fee per minuted teleconference longer than 30 minutes. The Board Chairman is not entitled to meeting fees. Non-executive directors required to travel a day other than a meeting date when scheduling does not permit travel on the day of the meeting were also entitled to receive, in addition reimbursement for travel expenses, a \$1,000 travel fee.

During 2011 the Nominating and Corporate Governance Committee of the Board engaged Towers Watson (Towers) to perform a review of Board compensation. Based on that review, the Board approved certain amendments to the Company's Board compensation program with effect from January 1, 2012. The annual fee for the Board Chairman was increased to \$240,000 and the annual fee for Board membership was increased to \$100,000. The teleconference fee increased from \$500 to \$1,500 per meeting and the travel fee increased from \$1,000 to \$1,500 per day of travel. These changes were necessary to bring the Company's Board Compensation plan more in line with the median for comparable companies based on the Towers review.

Following these changes, commencing with the year ended December 31, 2012, subject to the provisions of the DSU Plan (see discussion below), annual retainer and other fees were paid to non-executive directors on the following basis:

Description of Fee	Amount of Fee (U.S.\$)
Annual fee for Board Chairman ⁽¹⁾	\$ 240,000
Annual fee for Board Membership ⁽¹⁾	100,000
Annual fee for Committee chairmanship (excluding Audit Committee)	10,000
Annual fee for Audit Committee chairmanship	15,000
Meeting fee (per minuted meeting in excess of 30 minutes)	1,500
Travel fee ⁽²⁾	1,500

- (1) Subject to the provisions of the DSU plan (see discussion below), the annual fees are payable in four equal amounts on a quarterly basis (less applicable source deductions).
- (2) A travel fee is paid to non-executive directors required to travel on a day other than the meeting date when scheduling does not permit travel on the day of the particular meeting. This fee is on top of reimbursement for travel expenses.

Non-Executive Director Deferred Share Unit Plan

The Towers report referred to above also recommended a number of changes to the long-term portion of the Company's Board compensation plan, including the adoption of a deferred share unit program for non-executive directors. In place of the Company's Non-Executive Director Long-Term Incentive Plan, the Board approved the adoption, effective January 1, 2012, of a deferred share unit plan for non-executive directors (DSU plan) to further align the interests of directors with the interests of the Company's shareholders and provide a more tax effective way for directors to build share ownership. The Board also introduced share ownership guidelines for directors, which require each non-executive director to hold a minimum of three times their annual fee in Company Common Shares or deferred share units.

Starting in 2012, if a non-executive director has not, prior the commencement of that year, satisfied share ownership guidelines, the director must receive 60% of his or her annual Board retainer in the form of DSUs, rather than in cash. The remainder of the annual Board retainer will be paid in cash, quarterly in arrears. If a non-executive director has satisfied share ownership guidelines, the director may elect to receive all or none of the 60% in DSUs, with the remainder paid in cash. The portion of the annual Board retainer which is paid in the form of DSUs is credited annually in arrears. The number of DSUs credited to a director is calculated by dividing the dollar amount of the annual Board or Board Chair retainer to be paid in the form of DSUs by the fair market value of a Common Share on such date, being the volume weighted average price of the Common Shares reported by the New York Stock Exchange for the immediately preceding twenty trading days.

On March 5, 2013, the following DSUs were credited to non-executive directors in respect of 2012:

Director	Number of DSUs Credited
Robert Murdoch	6,540
Beverley Briscoe	2,725
Robert Elton	1,817
Eric Patel	2,725
Edward Pitoniak	2,725
Christopher Zimmerman	2,725

- (1) Mr. Blake does not participate in the DSU plan.
- (2) All DSUs indicated were credited on March 5, 2013. The grant date fair value was \$22.02 per DSU. The grant date fair value of the DSUs credited is included in the director total compensation table below.

DSUs held by directors must continue to be held until the director ceases to be a director, following which the director will be entitled to receive a lump sum cash payment, net of any applicable withholdings, equal to the number of DSUs held multiplied by the fair market value of one Common Share (determined as described above) as of the 24th business day after the first publication of the Company's interim or annual financial statements and management's discussion and analysis for the fiscal quarter of the Company next ending following the director ceasing to hold office. Additional DSUs are credited corresponding to dividends declared on the Common Shares.

In connection with the adoption of the DSU plan, the Non-Employee Director Long Term Incentive Plan was amended to provide that the Company would cease to pay contributions for participants under such plan to the administrator under that plan in respect of annual Directors or Board Chair fees earned after January 1, 2012.

Directors' Total Compensation

The following table sets out the total compensation by director for the year ended December 31, 2012 (all amounts in U.S. dollars):

Director	Board Fees / Board Chair Fees ⁽¹⁾	Committee Chair Fees	Meeting Fees	Travel Fees	Share Based Amounts ⁽²⁾	Total
Robert Murdoch	\$ 96,000	Nil	Nil	\$ 10,500	\$ 144,000	\$ 250,500
Peter Blake ⁽³⁾	Nil	Nil	Nil	Nil	Nil	Nil
Beverley Briscoe	40,000	15,000	24,000	Nil	60,000	139,000
Robert Elton ⁽⁴⁾	26,667	Nil	21,000	Nil	40,000	87,667
James Micali ⁽⁵⁾	33,333	Nil	6,000	3,000	Nil	42,333
Eric Patel	40,000	\$ 10,000	\$ 22,500	Nil	60,000	132,500
Edward Pitoniak	40,000	10,000	25,500	18,000	60,000	153,500
Christopher Zimmerman	40,000	Nil	18,000	9,000	60,000	127,000
Total	\$ 316,000	\$ 35,000	\$ 117,000	\$ 40,500	\$ 424,000	\$ 932,500

- (1) This column does not include annual Board or Board Chair fees paid in DSUs, rather than in cash, pursuant to the DSU plan. The DSU plan is more fully described under *Non-Executive Deferred Share Unit Plan*. Pursuant to the terms of the DSU Plan, each of the non-executive Directors received 60 percent of their annual Board or Board Chair fees in the form of DSUs, rather than in cash. The value of such DSUs is set out under the *Share Based Awards* column.
- (2) This column reflects the value of the DSUs received by directors in lieu of payment of a portion of payment of annual Board or Board Chair fees payable in cash. The DSU plan provides that the DSUs will be credited at a value equal to the volume weighted average price of the Common Shares reported by the New York Stock Exchange for the twenty trading days preceding the date the DSUs are credited. The amount reflected in this column represents the value which the Board has determined is the grant date fair value and which is also accounting fair value.
- (3) Mr. Blake is the Chief Executive Officer of the Company and therefore does not receive compensation as a director.
- (4) Mr. Elton became a director in April 2012 and the payment of his fees was pro-rated accordingly.
- (5) Mr Micali resigned as director in April 2012 and the payment of his fees was pro-rated accordingly.

Outstanding Share Based Awards

As at December 31, 2012 none of the non-executive directors held any share-based awards. Mr. Blake is the Chief Executive Officer of the Company and therefore does not receive any compensation as a director. See *Statement of Executive Compensation* beginning on page 15 for information regarding Mr. Blake's compensation. As described on page 7 under *Non-Executive Director Deferred Share Unit Plan*, on March 5, 2013 the non-executive directors received DSUs in respect of the year ended December 31, 2012. DSUs vest immediately upon grant. The number of DSUs currently held by Directors is shown on page 7 of this Information Circular. Non-executive Directors do not receive option-based awards.

Director Share-Based Awards-Value Vested or Earned During the Year

No option-based or share-based awards vested in any non-executive director during the year ended December 31, 2012. As described on page 7 under *Non-Executive Director Deferred Share Unit Plan*, on March 5, 2013 the non-executive directors received DSUs in respect of the year ended December 31, 2012. DSUs vest immediately upon grant. Non-executive directors do not receive option-based awards or any non-equity plan compensation. Information regarding option-based or share-based awards vested or earned during the year by the Chief Executive Officer of the Company is set out in the table on page 24.

The Company proposes that Ernst & Young LLP, Chartered Accountants of Vancouver, British Columbia, be appointed as auditors of the Company for the year ending December 31, 2013 and that the Audit Committee be authorized to fix their remuneration. The Company recommends that Ernst & Young LLP be appointed to replace KPMG LLP, the former auditors of the Company, who were notified by the Company on October 31, 2012 that they would not be proposed for reappointment as auditors of the Company upon the expiry of their term of office.

During the term of KPMG's appointment as auditors of the Company, which included the last two most recently completed fiscal years (the *Relevant Period*), there were no reportable events within the meaning ascribed to that term in National Instrument 51-102. The report of the Company's auditors of the financial statements of the Company for the *Relevant Period* contained no adverse opinion or other disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

Pursuant to National Instrument 51-102, a copy of the Reporting Package is attached to this Information Circular as Schedule B. This Reporting Package contains:

- (a) Notice of Change of Auditors;
- (b) Letter of Agreement from Former Auditors; and,
- (c) Letter of Agreement from Successor Auditors

The Audit Committee is satisfied that Ernst & Young LLP meets the relevant independence requirements and is free from conflicts of interest that could impair their objectivity in conducting the Company's audit. The resolution appointing auditors must be passed by a majority of the votes cast by the shareholders who vote in respect of that resolution.

In addition to retaining KPMG LLP to audit the consolidated financial statements of the Company and its subsidiaries for the year ended December 31, 2012, the Company retained KPMG LLP to provide various non-audit services in 2012. The Audit Committee is required to pre-approve all non-audit related services performed by KPMG LLP. The aggregate fees billed for professional services by KPMG LLP and its affiliates around the world during fiscal 2012 and 2011 were as follows:

	Fiscal 2012	Fiscal 2011
Audit Fees	\$ 1,311,200	\$ 1,228,200
Audit-Related Fees		29,400
Tax Fees	275,800	630,900
All Other Fees		
Total Fees	\$ 1,587,000	\$ 1,888,500

The nature of each category of fees is as follows:

Audit Fees:

Audit fees were paid for professional services rendered by the auditors for the audit and interim reviews of the Company's consolidated financial statements or services provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees:

Audit-related fees were paid for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the Audit Fees item above.

Tax Fees:

Tax fees were paid for tax compliance, tax advice and tax planning professional services. These services consisted of: tax compliance including the review of tax returns; assistance with questions regarding tax audits; assistance in completing routine tax schedules and calculations; and tax planning and advisory services relating to common forms of domestic and international taxation (i.e., income tax, capital tax, Goods and Services Tax and Value Added Tax).

The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Company's independent auditor and is required to pre-approve all non-audit related services performed by the auditors. Accordingly, the Audit Committee has adopted a pre-approval policy. The policy outlines the procedures and the conditions pursuant to which permissible services proposed to be performed by the auditors are pre-approved, provides a general pre-approval for certain permissible services and outlines a list of prohibited services.

PROPOSAL 3: Reconfirmation of Shareholder Rights plan

Effective February 22, 2007, the Board of Directors of the Company adopted a shareholder rights plan agreement, with Computershare Investor Services Inc. as rights agent (the Rights Plan). The adoption of the Rights Plan was approved by the Company's shareholders at the Annual and Special Meeting of the Company in 2007 and reconfirmed by the Company's shareholders at the Annual and Special Meeting of the Company in 2010. In accordance with Canadian securities law, the Rights Plan must be reconfirmed by the Company's shareholders at every third annual meeting of shareholders of the Company.

The Rights Plan has the following main objectives:

to provide the Board time to consider value-enhancing alternatives to a take-over bid and to allow competing bids to emerge;

to ensure that shareholders of the Company are provided equal treatment under a take-over bid; and

to give adequate time for shareholders to properly assess a take-over bid without undue pressure.

At the Meeting, shareholders will be asked to consider, and if thought fit, to pass an ordinary resolution reconfirming the Rights Plan, a copy of which is available upon request from the Corporate Secretary of the Company, or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the U.S. Securities and Exchange Commission (SEC) EDGAR database at www.sec.gov.

The Board has considered the terms of recently adopted or amended shareholder rights plans and the experience of other Canadian public companies in the context of an actual take-over bid where a shareholder rights agreement was in place, and has determined that it is in the best interests of the Company to reconfirm the Rights Plan. The Rights Plan is designed to maximize shareholder value and protect shareholders interests in the event of an acquisition that may result in a change of control. The Rights Plan is not intended to prevent take-over bids that treat shareholders fairly, and the Rights Plan has not been adopted in response to any proposal to acquire control of the Company.

Summary of the Principal Terms of the Rights Plan

The following is a summary of key terms of the Rights Plan. **This summary is qualified in its entirety by reference to the full text of the Rights Plan, which is available upon request from the Corporate Secretary of the Company as indicated above or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the SEC's EDGAR database at www.sec.gov. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Rights Plan.**

Issue of Rights

On February 22, 2007, the Company issued one right (a Right) in respect of each Common Share outstanding at the close of business on that date (the Record Time). The Company will issue Rights in respect of each Common Share issued after the Record Time but prior to the earliest of the Separation Time (as defined below) and the redemption of the Rights pursuant to the Rights Plan or termination of the Rights Plan is described below.

Rights Certificates, Trading and Transferability

Before the Separation Time, the Rights will be evidenced by the certificates representing Common Shares and will not be transferable separate from the Common Shares. Accordingly, the surrender for transfer of any certificate representing Common Shares will also constitute the surrender for transfer of the Rights associated with such Common Shares. From and after the Separation Time, the Rights will be evidenced by separate Rights certificates.

Acquiring Person

An Acquiring Person is a person that Beneficially Owns 20% or more of the outstanding Common Shares. An Acquiring Person does not, however, include the Company or any Subsidiary of the Company, or any person that becomes the Beneficial Owner of 20% or more of the Common Shares as a result of certain exempt transactions. These exempt transactions include where any person becomes the Beneficial Owner of 20% or more of the Common Shares as a result of, among other things: (i) specified acquisitions of securities of the Company, (ii) acquisitions pursuant to a Permitted Bid or Competing Permitted Bid (as described below), (iii) specified distributions of securities of the Company, and (iv) certain other specified exempt acquisitions. An Acquiring Person also does not include any Person that owned 20% or more of the outstanding Common Shares at the Record Time unless that person increases its percentage interest in the Common Shares other than pursuant to one of the previously mentioned transactions.

Separation Time

Rights are not exercisable before the Separation Time. Separation Time means the close of business on the tenth trading day after the earliest of:

- (a) the first date of public announcement that a person has become an Acquiring Person, as defined below (the Stock Acquisition Date);
- (b) the date of the commencement of, or first public announcement of, the intent of any person (other than the Company or any of its subsidiaries) to commence a Take-over Bid, as defined in the Rights Plan (other than a Permitted Bid or a Competing Permitted Bid, as defined below), which is generally an offer for outstanding Common Shares that could result in the offeror becoming the beneficial owner of 20% or more of the Company's outstanding Common Shares; and

(c) the date on which a Permitted Bid or Competing Permitted Bid ceases to be such; or such later time as may be determined by the Board, in good faith, provided that if any bid referred to above expires or is cancelled, terminated or otherwise withdrawn prior to the Separation Time, such offer shall be deemed never to have been made.

Exercising Rights at such time until the tenth trading day after the first public announcement of the occurrence of a Flip-in Event will entitle the holder to purchase one Common Share at the exercise price (the Exercise Price), which shall equal three times the market price per Common Share determined at the Separation Time, subject to subsequent adjustment in accordance with the Rights Plan.

Exercise of Rights

After the close of business on the tenth trading day after the first public announcement of the occurrence of a Flip-in Event , which is a transaction or event pursuant to which any person becomes an Acquiring Person, each Right will entitle the holder thereof to receive upon exercise of the Right that number of Common Shares equal to twice the Exercise Price. However, any Rights beneficially held by an Acquiring Person, including its affiliates, associates and joint actors, or the transferee of any such person, will become null and void. Accordingly, such persons will be unable to transfer or exercise any Rights.

Until a Right is exercised, the holder of the Right will have no rights as a Company shareholder solely with respect to that Right.

In lieu of the issuance of fractional shares upon the issuance of any Rights, the Company will make cash payments based on the market price of such shares in amounts exceeding U.S.\$10.00.

Acquisitions that require shareholder approval or for which the Board has waived application of the Rights Plan as described below, or acquisitions pursuant to a Permitted Bid or a Competing Permitted Bid are among the transactions that do not constitute Flip-in Events .

Permitted Bids

Under the Rights Plan, those bids that meet certain requirements intended to protect the interests of all shareholders are deemed to be Permitted Bids. Permitted Bids are offers to acquire Common Shares made by way of a take-over circular and where the Common Shares subject to the offer (together with shares owned by the offeror and its affiliates, associates and joint actors) constitute 20% or more of the outstanding Common Shares, and which also comply with the following conditions:

- (a) the bid is made to all registered holders of Common Shares (other than Common Shares owned by the offeror);
- (b) the bid provides that no Common Shares will be taken up or paid for pursuant to the bid before the close of business on the date that is not less than 60 days following the date the take-over bid circular is sent to holders of Common Shares, and that no Common Shares will be taken up or paid for unless at such date more than 50% of the outstanding Common Shares held by shareholders other than the offeror and certain related parties have been deposited pursuant to the bid and not withdrawn;
- (c) the bid provides that any Common Shares may be deposited to and withdrawn from the take-over bid at any time before such Common Shares are taken up and paid for; and
- (d) the bid provides that, in the event that more than 50% of the outstanding Common Shares are deposited and not withdrawn as described in clause (b) above, the offeror will make a public announcement of that fact and the bid shall remain open for an additional ten business days from the date of such announcement for the deposit and tender of additional Common Shares.

A Competing Permitted Bid is a take-over bid that is made after a Permitted Bid or other Competing Permitted Bid has been made and prior to the expiration of such prior bid, and that satisfies the definition of Permitted Bid except that Common Shares under such bid may not be taken up or paid for until a date that is no earlier than the later of: (i) the earliest date that Common Shares may be taken up and paid for under any prior Permitted Bid or other Competing Permitted Bid outstanding on the date of commencement of such bid; and (ii) 35 days after the commencement of the Competing Permitted Bid.

Protection Against Dilution

The Rights Plan contains detailed provisions regarding adjustments to the exercise price, the number and nature of the securities that may be purchased upon exercise of Rights and the number of Rights outstanding to prevent dilution in the event of certain declarations of dividends, subdivisions or consolidations of outstanding Common Shares, issuances of Common Shares (or other securities or rights) in respect of or in lieu of or in exchange for existing Common Shares or other changes in the Common Shares.

Redemption

At any time prior to the occurrence of a Flip-in Event, the Board may (subject to the prior consent of shareholders by a majority vote), at its option, elect to redeem all but not less than all of the then-outstanding Rights at a redemption price of \$0.000001 per Right, subject to adjustment.

Waiver

The Board, acting in good faith, may waive application of the Rights Plan to any prospective Flip-In Event which would occur by reason of a take-over bid made by a take-over bid circular to all registered holders of Common Shares. However, if the Board waives the Rights Plan for a particular bid, it will be deemed to have waived the Rights Plan for any other take-over bid made by take-over bid circular to all registered holders of Common Shares before the expiry of the first bid. The Board may also waive the application of the Rights Plan for any Flip-In Event if it has determined that the Acquiring Person became an Acquiring Person through inadvertence, conditional upon such person reducing its beneficial ownership below 20% of the Company's outstanding Common Shares, generally within 14 days of the Board making such determination.

Amendments

Except for minor amendments to correct any clerical or typographical errors and amendments to maintain the validity of the Rights Plan as a result of a change of law or regulatory requirements, majority shareholder approval is required for amendments to the Rights Plan before the Separation Time, after which the approval of holders of Rights is required.

Term

If the Rights Plan is not reconfirmed at the Meeting, it will automatically terminate and the Rights issued under it will become void. If the Rights Plan is reconfirmed at the Meeting, it will expire at the termination of the

Company's annual meeting in 2016 unless extended upon reconfirmation. For the term of the Rights Plan to be extended, the Rights Plan must be reconfirmed by a resolution passed by a majority of the votes cast by all holders of Common Shares who vote in respect of such reconfirmation at every third annual meeting of shareholders of the Company.

Canadian Federal Income Tax Consequences

The following discussion generally summarizes certain Canadian federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible Canadian federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations. This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.

The Company has not received any income for Canadian federal income tax purposes as a result of the issuance of the Rights. Generally, the value of a right, if any, to acquire additional shares of a company is not a taxable benefit to a common shareholder of the Company under the *Income Tax Act* (Canada) (the Act) and is not subject to non-resident withholding tax under the Act if identical rights are conferred on all owners of Common Shares at that time. While the Rights are conferred on all owners of Common Shares, the Rights may become void in the hands of certain shareholders upon the occurrence of certain triggering events. Whether the issuance of the Rights to shareholders of the Company will be deemed to be a taxable benefit which is required to be included in computing their income or subject to non-resident withholding tax is not therefore free of doubt, but only the amount or value of such benefit must be included in computing income. The Company considers the Rights to have had no monetary value at their date of issue. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the proceeds, if any, allocable to such Rights.

The foregoing does not address the Canadian income tax consequences of other events such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

United States Federal Income Tax Consequences

The following discussion generally summarizes certain United States federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible United States federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account any state, local or foreign income tax considerations. This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.

Because the possibility of the Rights becoming exercisable is both remote and speculative, the adoption of the Rights Plan will not give rise to the realization of gross income by any holder of Common Shares for United States federal income tax purposes. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the proceeds, if any, allocable to such Rights.

The foregoing does not address the United States federal income tax consequences of other events, such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders may recognize gross income for United States federal income tax purposes in connection with these events. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

Voting of Proxies and Recommendation of Board

It is intended that all proxies received by the Company will be voted in favour of the reconfirmation of the Rights Plan, unless a proxy contains express instructions to vote against the Rights Plan. The Rights Plan will continue in effect only if it is approved by greater than 50% of the votes cast by shareholders present in person or by proxy at the Meeting. The text of the resolution approving the Rights Plan is set forth in Schedule A hereto. If the Rights Plan is not reconfirmed by shareholders at the Meeting it will terminate and the Rights issued under it will be void.

The Board of Directors of the Company recommends that shareholders vote in favour of the resolution reconfirming the Rights Plan.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or senior officers of the Company, none of the persons who have been directors or senior officers of the Company and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter scheduled to be acted upon at the Meeting other than as disclosed elsewhere in this Information Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out herein, to the Company's knowledge, no informed person (as defined under National Instrument 51-102) of the Company, any proposed director of the Company or any associate or affiliate of such persons, has had or has any material interest, direct or indirect, in any transaction since January 1, 2009 or in any proposed transaction which, in either case, has materially affected or is expected to materially affect the Company or any of its subsidiaries.

STATEMENT OF EXECUTIVE COMPENSATION

Composition of the Compensation Committee

The Compensation Committee of the Company currently consists of Messrs. Pitoniak, Zimmerman and Elton. The Board has determined that all three members of the Compensation Committee are independent directors (as defined under applicable securities legislation and securities exchange regulations). Each of the Committee members has direct experience that is relevant to his responsibilities with respect to executive compensation by virtue of the fact that each of the Committee members has played a principal executive role at a large company with overall responsibility for designing and implementing executive compensation policies and programs.

The responsibilities, powers and operation of the Compensation Committee are defined in its charter, which states that the purpose of the Company's Compensation Committee is to assist the Board in discharging its responsibilities relating to compensation of the Company's executive officers and general corporate compensation and benefit programs. The Committee has overall responsibility for recommending to the Board the Company's compensation philosophy for the Company's executive officers, evaluating and approving compensation plans, policies and programs in respect of the Chief Executive Officer, making recommendations to the Board regarding the compensation plans, policies and programs in respect of the Company's executive officers other than the Chief Executive Officer and overseeing the evaluation of management and management succession plans.

Compensation Discussion and Analysis

The Company's policy with respect to the compensation of the Chief Executive Officer, the Chief Financial Officer and the Company's three most highly compensated executive officers other than the Chief Executive Officer and the Chief Financial Officer (such officers are hereafter collectively called the Named Executive Officers) is based upon the principles that total compensation must: (1) be competitive in order to help attract and retain the talent needed to lead and grow the Company's business; (2) provide a strong incentive for executives and key employees to work towards the achievement of the Company's goals, including long-term earnings growth and return on invested capital goals; and (3) ensure that the interests of management and the Company's shareholders are aligned and that the compensation packages are fair to senior management, employees, the shareholders and other stakeholders.

The Company's strategy is to pay for performance, with the aim of paying total cash compensation at or above the median (50th percentile) for comparable companies, with top performers achieving total direct compensation above the 75th percentile when an individual exceeds his or her personal objectives and the Company exceeds its earnings targets. In addition, the Company believes in pay at risk for the Chief Executive Officer and the other Named Executive Officers, as well as all senior management of the Company. As any employee's responsibility increases, so does the amount of pay at risk, which the Company believes is important for aligning executive compensation with shareholder interests. As employees move to higher levels of responsibility with more direct influence over the Company's strategy and performance, their base salary as a percentage of total direct compensation decreases and they have a higher percentage of pay at risk.

In 2011 the Compensation Committee retained the services of Towers to conduct a formal review of the Company's executive compensation arrangements. The first step in the review was to define the group of comparable companies against which the Company's compensation practices would be compared and evaluated. The Company has no direct peers in the industrial auction sector, so this step involved defining and developing the methodology for identifying comparable companies. Together with Towers, the Compensation Committee cited net income and market capitalization as the key financial metrics that would define the comparable group of companies, with an emphasis on growth companies with global operations. Net income and market capitalization were chosen because they are the primary financial value produced for the Company's shareholders, and because, in the Committee's and Towers' view, neither of the Company's key revenue-related metrics would yield meaningful comparisons. Auction revenues would potentially understate the complexity and scale of the Company's value creation and its profitability. Using net income and market capitalization as the key financial metrics, Towers developed a group of 20 comparable companies, located in both the United States and Canada and across diverse industries. For 2012, the Company has continued to use the list of 20 comparable companies that were developed with Towers in 2011.

Towers concluded that the structure and philosophy of the Company's compensation programs were generally in line with the identified comparable companies, as to the relative balance of base salary, and short-term and long-term incentive compensation. Towers noted that certain aspects of the Company's Long-Term Incentive Plan were not in line with the long-term incentive plans of the comparable group of companies. In general, Towers also found that most Named Executive Officers were receiving total cash compensation in line with market medians for comparable companies, with the Company's Chief Executive Officer and Chief Financial Officer notably below the median. The Compensation Committee and Board of the Company increased the Chief Executive Officer's compensation with effect from July 1, 2011 and again from March 1, 2012, and increased the Chief Financial Officers compensation with effect from July 1, 2011 to reduce this unintended gap.

During 2012 the Company, based on the 2011 findings by Towers, undertook a review and redesign of its long term incentive plans. In connection with such review and redesign, the Compensation Committee sought further advice from Towers regarding the Company's compensation programs for senior executives and additional detailed compensation analysis of the proposed new long term incentive compensation framework to permit management and the Compensation Committee to understand the payout potentials under a variety of business outcomes. The redesign of the Company's long term incentive plans which is effective for financial years after 2012 is described in more detail under "Executive Long Term Incentive Plan for 2013" on page 26 of this Information Circular.

Apart from Towers' findings, the Committee in making its determinations on executive compensation also took into consideration other factors and information, including, but not limited to, various individual and overall corporate performance reviews and other relevant indicators. The Company paid total fees of \$38,000 to Towers in 2012 to review the Company's compensation programs for senior executives and for the additional detailed compensation analysis of the new long term incentive compensation framework. In 2011, the Company paid fees of \$50,000 to Towers to review the Company's compensation programs for directors and senior executives, and a further \$38,000 for additional compensation analysis and assistance with the design of a new long-term incentive compensation framework for management. The Compensation Committee pre-approved these fees. No fees were paid to Towers in 2010.

The total cash compensation paid to each of the Chief Executive Officer and the other Named Executive Officers of the Company in 2012 consisted primarily of base salary and an incentive bonus tied to individual achievement of personal objectives and the Company's financial performance, together with amounts earned in accordance with the Company's executive long term incentive plan (the "ELTIP"). All Named Executive Officers also received annual stock option grants in accordance with the Company's stock option plan (see "Option-based awards" "Stock Option Plan" below). The imputed fair value of options granted using the Black-Scholes option pricing model is considered in the determination of total direct compensation, as is the value of benefits and any other perquisites received by a particular individual. The Company believes that the mix of base salary, performance-based bonus and participation in the ELTIP and stock option plan created a balanced approach to executive compensation consistent with the compensation principles of the Company stated above.

Edgar Filing: RITCHIE BROS AUCTIONEERS INC - Form 6-K

The CEO's total direct compensation in 2012 was comprised of the following components, which are described in more detail in the discussion below:

Component of CEO's	Target		Metric
	US \$	% of Total	
Direct Compensation			
Base salary ⁽¹⁾	754,000	35%	Set by the Committee.
Short term incentive bonus award	654,500	31%	Formula driven based on achievement of personal objectives and Company earnings performance compared to Board approved target (see below).
Executive long-term incentive plan award	125,000	6%	Formula driven based on Company earnings performance compared to Board approved target.
Stock options: fair value (earned in 2012; granted in 2013)	603,200	28%	80% of January 1, 2012 base salary (see below).
Total direct compensation	2,136,000	100%	

- (1) The CEO's base salary is set and paid in Canadian dollars and translated into U.S. dollars for the purposes of this table at the average exchange rate for the year of US\$1.0006 to CA\$1. His base salary was increased from CA\$670,000 to CA\$770,000 effective March 1, 2012.

Apart from considering the salary levels of comparable executives with similar responsibilities and experience at comparable companies, in determining the base salary and other compensation received by the Chief Executive Officer, the Compensation Committee took into consideration the individual performance of the Chief Executive Officer and the Company's overall performance for the year, and completed a detailed assessment of these factors for presentation to the Board. These considerations included the Company's pre-tax earnings performance for the year measured against the earnings target set out below, the return on invested capital performance for the year, and the Chief Executive Officer's achievement of strategic objectives as outlined in the Company's strategic plan, as well as the achievement of various individual performance objectives. The Chair of the Compensation Committee also interviewed all officers of the Company who directly report to the Chief Executive Officer to provide a full 360-degree view of his performance.

Base salary levels for the Named Executive Officers other than the Chief Executive Officer in 2012 were determined primarily on the basis of (i) the Compensation Committee's review of the Chief Executive Officer's assessment of each Named Executive Officer's individual performance; (ii) the scope of each executive's job responsibilities; and (iii) the Compensation Committee's understanding of normal and appropriate salary levels for executives with responsibilities and experience comparable to those of the Named Executive Officers. In making such determination, external sources were consulted when deemed necessary by the Compensation Committee, including the Towers review described above.

The Board approved a new short-term incentive plan for the Company's executive team, including the Named Executive Officers, with effect from January 1, 2011. The Company introduced a scorecard system for its executives, with each individual participant's short term incentive being determined by their personal performance relative to goals established at the beginning of the year (the personal performance factor) and the Company's earnings performance relative to a target set by the Board at the beginning of the year (the corporate performance factor). The Company's short-term incentive plan is a multiplicative plan, whereby each participant's personal performance factor is multiplied by the Company's corporate performance factor. The sum of these two factors is multiplied by each individual's target bonus amount, being 85% of base salary for the CEO, 75% of base salary for the President and Chief Sales Officer, 60% of base salary for the Chief Strategic Officer, and 50% of base salary for the CFO, to arrive at the annual bonus amount.

The corporate performance factor is linked directly to a formula that provides for specified increases in the factor as pre-tax earnings (adjusted to exclude amounts not considered part of the Company's normal operations) approach the target level established by the Compensation Committee and approved by the Board at the beginning of the year, and for accelerated increases in the bonus pool if adjusted pre-tax earnings exceed the target level. Pretax earnings was chosen as the metric for executive incentive bonus because pre-tax earnings directly drive shareholder value through earnings per share and are an element over which executives of the Company can have the most direct influence by their performance. Individual bonuses are not subject to any minimum amount but are subject to a maximum of 175% to 225% of base salary for the Named Executive Officers.

The pre-tax earnings target for purposes of determining the corporate performance factor for 2012 was \$143.2 million. At that level, the corporate performance factor would have been 1.0. The Company achieved adjusted pre-tax earnings of \$129.2 million for 2012, or 90% of the earnings target, resulting in a corporate performance factor of approximately 0.63 for the Named Executive Officers. The maximum corporate performance factor would have been achieved in 2012 if the Company had earned 120% of its earnings target for the year.

The Chief Executive Officer and other Named Executive Officers also participate in the Company's ELTIP. The fundamental purpose of the ELTIP has been to facilitate senior management's direct investment in and ownership of Common Shares. Under the ELTIP, ELTIP entitlement and awards are earned by reference to the Company's pre-tax return on invested capital (ROIC) on a rolling three-year basis. Each participant's ELTIP award has been based on a straight-line calculation, with entitlement starting when 70% of the ROIC target is achieved and 100% of the ELTIP entitlement being earned when the ROIC target is fully achieved. The ROIC target approved by the Board for 2010 to 2012 (inclusive) was 20% (before tax). No entitlement is earned for those years if the Company's rolling three-year ROIC is below 14%. The Company's rolling three-year average ROIC as at December 31, 2012 was 15%, resulting in an entitlement of approximately 74% of the target award.

In respect of years to and including 2012, the Named Executive Officers including the Chief Executive Officer but excluding the Chief Financial Officer have been entitled to a maximum cash ELTIP award of U.S.\$125,000, and this is paid by the Company when the executives contribute an equivalent amount to the ELTIP, to be invested by the administrator in Common Shares purchased on the New York Stock Exchange. In respect of years to and including 2012, the Chief Financial Officer has been entitled to a maximum cash ELTIP award of U.S.\$100,000. Awards may be carried forward for one year should a participant choose not to contribute to the ELTIP in a particular year. Please refer to the Executive Long Term Incentive Plan section below for further information. The Company adopted the Company's ELTIP, and the share ownership guidelines discussed below, and stock option plan, with a view to aligning the interest of executives of the Company with those of the shareholders.

As part of the Company's review and redesign of its long-term incentive plans referred to above, on January 23, 2013 the Compensation Committee approved amendments to the ELTIP pursuant to which after December 31, 2013 plan participants shall no longer be entitled to receive any ELTIP entitlement or ELTIP awards in respect of any year after December 31, 2012 and will not be permitted to make contributions under the ELTIP in any year commencing after December 31, 2013, provided that participants that do not contribute the full amount of their ELTIP entitlement in 2013 (in respect of 2012) will be entitled to contribute in 2014 up to the amount that the participant is entitled to carry forward for one year. Further details of the review and redesign of the Company's long term incentive plans which is effective for years commencing after December 31, 2012 are set out below under the heading Executive Long Term Incentive Plan for 2013 , on page 26 of this Information Circular.

Stock options are granted under the Company's stock option plan in accordance with the Company's Policy Regarding the Granting of Equity-Based Compensation Awards and the value, calculated in accordance with the Black Scholes option pricing model, of each award is set at a specified percentage of each executive's base salary. For Named Executive Officers other than the Chief Executive Officer, President, Chief Financial Officer and Chief Strategic Development Officer the option award amount is 60% of their respective base salaries. The Chief Executive Officer, President and Chief Strategic Development Officer are entitled to stock option grants of at least 80% of each of their respective base salaries, with increases beyond this percentage at the discretion of the Compensation Committee and Board. The Chief Financial Officer is entitled to stock option grants with a value equal to 40% of his base salary.

The Compensation Committee regularly reviews the relative emphasis of each of the various components of compensation for senior executives referred to above to ensure that the structure of the Company's executive compensation meets the desired results and objectives of the Company's executive compensation philosophy and provides the appropriate level of reward for past performance and incentive for future work and development. Based on the results of the Towers review discussed above, as outlined above and below, the Compensation Committee and the Board have determined to make certain changes to the Company's long-term incentive programs to take effect in respect of years commencing after December 31, 2012.

Compensation risk and governance

The Company has an enterprise risk management program that focuses on the identification, assessment and mitigation of risks associated with achievement of the Company's strategic objectives. Principal risks are identified and evaluated relative to their potential impact and likelihood of occurrence, including consideration of mitigating activities. The Company's annual risk assessment process is linked to the annual strategic planning process, with periodic updates conducted to identify potential emerging risks, such as those associated with major business decisions, key initiatives and external factors. The Company's enterprise risk management program is overseen at the senior executive level in conjunction with the Company's risk management and internal audit group. Reports on principal risks and mitigation strategies are reviewed by the Company's Senior Leadership Team, the Audit Committee and the Board.

Governance of principal risks forms part of the mandate of the Board and the charters of its committees. The Board has primary responsibility for oversight of the enterprise risk management program, including reviewing principal risks and mitigation strategies. Each of the Company's principal risks is the responsibility of either a specific committee or the entire Board, as appropriate.

The Compensation Committee is responsible for compensation risk and accordingly, has considered the implications of the risks associated with the Company's compensation policies and practices to ensure they do not encourage inappropriate risk taking by the Company's executive officers. The Compensation Committee does not believe the Company's compensation program encourages excessive or inappropriate risk-taking.

The Compensation Committee has reviewed this discussion and analysis with the Board and management and is satisfied that it fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regards to executive compensation.

Performance graph

The following data and graph compare the percentage change, or total shareholder return, in the value of U.S.\$100 invested in Common Shares of the Company, assuming the re-investment of dividends, with U.S.\$100 invested in the S&P / TSX Composite Index and the Russell 2000 Index for the last five financial years. The graph also includes a bar chart showing the total direct compensation paid to our NEOs during the same period.

	Dec 31, 2007	Dec 31, 2008	Dec 31, 2009	Dec 31, 2010	Dec 31, 2011	Dec 31, 2012

Russell Global Index	\$ 100	65	82	102	97	111
S&P / TSX Composite Index	\$ 100	65	85	97	86	90
NEO Total Direct Compensation	\$ (mill.) 2.8	2.7	3.0	2.1	3.5	3.6

Trend in total shareholder return compared to trend in NEO compensation

The table above describes how NEO total direct compensation has varied each year with the total shareholder return. NEO total direct compensation was determined by including the top five NEOs for each financial year, as disclosed in previous management information circulars, and includes salaries, annual incentives and all other compensation. As described in greater detail in the Compensation Discussion and Analysis section above, following a review of the Company's executive compensation program by Towers Watson in 2011, compensation for the CFO was increased in July 2011, and compensation for the CEO was increased in July 2011 and again in March 2012, in order to bring the compensation of such individuals closer to the median base salary levels of companies in the comparator group. Primarily as a result of these market adjustments, NEO total direct compensation in 2012 has risen 25% compared to 2007. Prior to the 2011 review and subsequent adjustment in the NEO total direct compensation, the NEO total direct compensation decreased 25% from 2007 to 2010 while the total shareholder return decreased 15% over the same period.

Option-based awards

Stock Option Plan

The Company has a stock option plan that provides for the award of stock options to employees, directors and officers of the Company and to other persons approved by the Compensation Committee. The Company obtained shareholder and applicable regulatory approval to amend and restate the stock option plan in April 2007 (the amended and restated plan is referred to hereunder as the "stock option plan").

As of the date of this Information Circular, the maximum number of Common Shares reserved for issuance from the effective date of the amendment and restatement of the stock option plan is 10,200,000 Common Shares, of which 2,586,361 Common Shares (being approximately 2% of the Company's total issued and outstanding shares) have been issued, 3,503,647 Common Shares are reserved for issuance upon exercise of options that have been granted (approximately 3% of the Company's total issued and outstanding shares) and 4,109,992 Common Shares (approximately 4% of the Company's total issued and outstanding shares) remain available for future options to be granted.

Stock options are granted at the closing market price of the Common Shares on the NYSE as of the grant date. Under the stock option plan, the maximum number of Common Shares issued and reserved for issuance to non-executive Directors of the Company upon exercise of options must not exceed 0.3% of the issued and outstanding Common Shares. The number of Common Shares issued to Insiders under the stock option plan, when combined with the Company's other security-based compensation arrangements, within any one-year period cannot exceed 10% of the issued and outstanding Common Shares, and the number of Common Shares issuable to Insiders at any time cannot exceed 10% of the issued and outstanding Common Shares.

Options granted under the stock option plan are subject to vesting conditions imposed by the Compensation Committee as set out in the relevant option agreements. For options granted under the stock option plan before December 31, 2008, the Compensation Committee generally provided that options are subject to vesting one year from the grant date and are not transferable. Furthermore, for options granted before December 31, 2008, the Compensation Committee generally provided that the options will expire on the earlier of:

- (a) 10 years from the date of grant;
- (b) 30 days from the date on which the optionee ceases to be employed by, or provide services to, the Company;
- (c) 180 days from the date of death if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the 30-day period described in clause (b) above; or,
- (d) immediately upon termination if the termination of employment is with cause.

The stock option plan takes into account the Company's policy with respect to making grants only during specific trading windows. The stock option plan also provides that if the expiry date of an option falls during a Black Out Period, the expiry date will be extended to the fifth business day following the end of such period.

On February 24, 2009 the Company's Board approved certain amendments to the Company's stock option grant practices. Unless otherwise determined by the Compensation Committee, options granted after this date to the Company's Vice Presidents and above will generally vest equally annually over three years from the grant date. All options granted on or after this date have a term of 10 years from the date of grant subject to the following:

- (a) in the case of termination without cause (excluding voluntary termination) immediate vesting of all unvested options and the optionee will have 90 days from the date on which the optionee ceases to be employed by the Company to exercise all options;
- (b) in the case of voluntary termination (other than retirement) immediate cancellation of all unvested options and the optionee will have 90 days to exercise vested options;
- (c) in the case of retirement all unvested options will continue to vest after retirement in accordance with the existing vesting schedule for those particular options and all options will expire on the earlier of three years from the date of retirement and the option 10-year expiry date;
- (d) in the case of death all unvested options will vest immediately and the optionee's legal representative will have 365 days from the date of death to exercise the options if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the periods described in clauses (a), (b) and (c) above; or,
- (e) in the case of termination with cause all options expire immediately upon termination.

Edgar Filing: RITCHIE BROS AUCTIONEERS INC - Form 6-K

Options granted to non-executive employees on or after February 24, 2009 will generally continue to be subject to vesting one year from the grant date and will also be subject to the new termination provisions described above. Furthermore, stock option agreements for options granted on or after February 24, 2009 generally provide that the Compensation Committee may shorten the vesting period if the Compensation Committee considers doing so would be in the best interest of the Company.

The stock option plan also provides that the Compensation Committee has the right to suspend, amend or terminate the stock option plan without approval of optionees or shareholders (provided that no such suspension, amendment or termination will materially prejudice the rights of any optionee under any previously granted option without the consent or deemed consent of such optionee), including, without limitation:

- (a) to avoid any additional tax on optionees under Section 409A of the United States Internal Revenue Code or other applicable tax legislation;
- (b) to change the eligibility for and limitations on participation in the stock option plan (other than participation by non-executive Directors in the stock option plan);
- (c) to make any addition to, deletion from or alteration of the provisions of the stock option plan that are necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
- (d) to make any amendment of a typographical, grammatical, administrative or clerical nature, or clarification correcting or rectifying any ambiguity, defective provision, error or omission in the stock option plan; and
- (e) to change the provisions relating to the administration of the stock option plan or the manner of exercise of the options, including:
 - (i) changing or adding any form of financial assistance provided by the Company to the participants that would facilitate purchase of Common Shares under the stock option plan; and
 - (ii) adding provisions relating to a cashless exercise (which will provide for a full deduction of the underlying Common Shares from the maximum number reserved under the stock option plan for issuance).

However, the following amendments to the stock option plan can only be made with shareholder approval:

any increase in the maximum number of Common Shares that may be issued pursuant to the exercise of options granted under the stock option plan;

any reduction in exercise price or cancellation and reissue of options;

any amendment that extends the term of an option beyond the original 10 year expiry date;

any amendment to Eligible Participants that may permit the introduction or reintroduction of non-executive Directors on a discretionary basis, if at any time, the stock option plan is further amended to exclude participation by non-executive Directors;

any amendment that increases limits previously imposed on non-executive director participation;

Edgar Filing: RITCHIE BROS AUCTIONEERS INC - Form 6-K

any amendment that would permit equity based awards granted under the stock option plan to be transferable or assignable other than for normal estate settlement purposes;

any amendment to increase the maximum limit of the number of securities that may be issued to insiders of the Company within any one year period or issuable to insiders of the Company at any time under the stock option plan, or when combined with all of the Company's other security based compensation arrangements, which could exceed 10% of the total issued and outstanding Common Shares of the Company;

any addition of provisions relating to a cashless exercise (other than a surrender of options for cash) that does not provide for a full deduction of the underlying Common Shares from the maximum number reserved for issuance under the stock option plan; and

any amendment to the amending provisions of the stock option plan.

The following table sets out the number of securities authorized for issuance under the Company's stock option plan as of December 31, 2012:

	Number of Securities to be Issued upon Exercise of Outstanding Options (A)	Weighted-Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding (A))
Equity compensation plans approved by security holders' stock option plan	3,540,497 (3% of total issued and outstanding shares)	\$ 20.27	4,114,092 (4% of total issued and outstanding shares)

Equity-based Compensation Awards Grant Policy

The Company's Board has adopted a Policy Regarding the Granting of Equity-Based Compensation Awards (the "Policy"), the terms of which establish guidelines for the granting of options to purchase Common Shares to the Named Executive Officers and other employees of the Company. Under the Policy, only the Compensation Committee can authorize the granting of stock options to the Named Executive Officers and other executives of the Company.

The Policy establishes an annual date for the granting of stock options, which falls on the fifth business day following the release of the Company's results for the most recently completed fiscal year. The Policy prohibits the granting of stock options during blackout periods, as defined in the Company's Policy Regarding Securities Trades by Company Personnel. The Compensation Committee has delegated to the Chief Executive Officer the authority to grant options to purchase up to 150,000 Common Shares of the Company per year to Company employees, provided no one individual is granted options to acquire more than 45,000 Common Shares and provided options are not granted to employees at the Vice-President and above level. Option grants made by the Chief Executive Officer must fall within the Company's established trading windows. All stock options granted in accordance with the Policy must have an exercise price equal to the closing price of the Company's Common Shares on the New York Stock Exchange on the date of grant.

The Policy is subject to changes and amendments as deemed appropriate by the Board from time to time.

Executive Long Term Incentive Plan

The Company adopted and established the ELTIP at the end of September 2004. The ELTIP was implemented to encourage senior employees and officers of the Company to use performance bonus payments to purchase and hold Common Shares through the administrator of the plan. The ELTIP does not involve any issuance of Common Shares from the Company but rather open market purchases of outstanding Common Shares on the NYSE, and the Common Shares so purchased are held in trust by the administrator on behalf of the participant.

Under the ELTIP, ELTIP entitlement is earned by reference to the Company's pre-tax return on invested capital (ROIC) on a rolling three-year basis. Under the ELTIP, each participant's ELTIP award has been based on a straight-line calculation, with entitlement starting when 70% of the ROIC target is achieved and 100% of the ELTIP entitlement being earned when the ROIC target is fully achieved. The ROIC target approved by the Board for 2010 to 2012 (inclusive) was 20% (before tax). No entitlement is earned if the Company's rolling three-year ROIC is below 14%. The Company's rolling three-year average ROIC as at December 31, 2012 was 15%, resulting in an entitlement of approximately 74% of the target award. Participants have been entitled to a maximum cash ELTIP award of U.S.\$125,000 for participants who are Senior Vice Presidents and above and U.S. \$50,000 or U.S.\$100,000 for participants who are Vice Presidents depending on their role and function, and these award amounts are paid by the Company when the participants contribute an equivalent amount of their own funds to the ELTIP.

Funds contributed by participants to the ELTIP are used by the plan administrator to acquire Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. ELTIP participants agree not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant). The Company has also adopted share ownership guidelines, pursuant to which participants in the ELTIP are required to hold Common Shares with a value at least equal to a certain multiple of their base salary. The multiple of the base salary that is required of participants in the ELTIP depends on the participant's seniority with the Company, and ranges from one time salary to three times salary.

The ELTIP was amended in 2009 to decouple the ELTIP from the Company's incentive bonus plan, meaning that participants in the ELTIP have been allowed to contribute their own funds to the ELTIP in the event their incentive bonus is not sufficient to achieve the full Company matching amount under the ELTIP. This means that ELTIP participants have received the maximum payment in each year that the rolling three-year ROIC target of 20% is exceeded regardless of their actual bonus. In addition, ELTIP entitlement carries forward for one year - if a participant chooses not to participate in one year, they may use that entitlement the following year, together with the entitlement earned in that year. Any unused entitlement expires automatically after one year.

The Company adopted the ELTIP, together with the Share Ownership Guidelines adopted by the Company, with a view to facilitating the alignment of the interests of the senior employees and officers of the Company with those of the Company's shareholders by promoting ownership of Common Shares by senior employees and officers and rewarding the creation of shareholder value over the long term. As is discussed below, the Compensation Committee and the Board have approved amendments to the ELTIP pursuant to which plan participants shall no longer be entitled to receive ELTIP entitlements and ELTIP awards in respect of any year after December 31, 2012 and will not be permitted to make contributions under the ELTIP after 2014. However, all shares held by the administrator on behalf of the participants will continue to be held in accordance with the terms of the plan.

Executive Long Term Incentive Plan for 2013

During 2012 the Compensation Committee and the Board undertook a review and redesign of the Company's long term incentive plans, in part based on the 2011 findings by Towers that certain aspects of the Company's long term incentive plan was not in line with long term incentive plans of the comparable companies used by the Company. As part of such review and redesign, the Compensation Committee and Board approved:

Adoption of new restricted share unit plans pursuant to which restricted share units can be granted to participating employees, in respect of financial years commencing after December 31, 2012.

Adoption of a new performance share unit plan pursuant to which performance share units can be granted to participating employees, in respect of financial years commencing after December 31, 2012.

Amendment of the ELTIP pursuant to which after December 31, 2013, ELTIP participants shall no longer be entitled to receive any ELTIP entitlement or ELTIP award in respect of any year after December 31, 2012 and will not be permitted to make contributions under the ELTIP in any year commencing after December 31, 2013, provided that participants that do not contribute the full amount of their ELTIP entitlement in 2013 will be entitled to contribute in 2014 up to the amount of the participant's one year carry forward entitlement from 2013.

It is anticipated that grants of restricted share units and performance share units under the new plans adopted by the Board will be based on set percentage of participants' base salaries, rather than fixed dollar amounts as has, in respect of financial years prior to 2013, occurred under the ELTIP. It is anticipated that the set percentages will range from 80% to 140% for senior executives. In addition, it is contemplated that, concurrent with adoption of the new restricted share unit and performance share unit plans, annual stock option grant values to employees, including executive officers, will be reduced to reflect the new mix of compensation, including awards under the new plans.

The following table outlines the mix of long term incentive compensation which the Compensation Committee anticipates for various levels of employees.

<i>Level of Role</i>	<i>Stock Options</i>	<i>Restricted Share Units</i>	<i>Performance Share Units</i>
Senior Managers	N/A	100%	N/A
Executives	50%	50%	N/A
Senior Executives	33.3%	33.3%	33.3%

Following is a brief summary of the new long term incentive plans adopted by the Board in 2013.

Restricted Share Unit Plans

Pursuant to the new restricted share unit plans, restricted share units will be granted to participating employees, commencing in 2013. Restricted share units will entitle the participant, following vesting of the units, to a lump sum cash payment, net of applicable withholdings, equal to the number of restricted share units multiplied by the fair market value of one Common Share, based on the volume weighted average price of the Common Shares reported by the New York Stock Exchange for the twenty days prior to the date of vesting. It is contemplated that the restricted share units will vest over a three year cycle. Additional restricted share units will be credited corresponding to dividends declared on the Common Shares.

The Company will be making transition grants of restricted share units to executive employees in year one (50% of regular grant) and year two (25% of regular grant) to bridge the gap between ELTIP entitlements and ELTIP awards under the current ELTIP plan, which is retrospective, and the new prospective restricted share unit plan. This transition grant will not result in materially higher compensation expense in 2013 compared to 2012.

Performance Share Unit Plan

Pursuant to the new performance share unit plan, performance share units will be granted to senior executive employees, commencing in 2013. Performance share units will entitle the participant, following vesting of the units, to a lump sum cash payment, net of applicable withholdings, based on a number of performance share units earned multiplied by the fair market value of one Common Share, based on the volume weighted average price of the Common Shares reported by the New York Stock Exchange for the twenty trading days immediately preceding the date of vesting. It is contemplated that performance share units will vest over a three year vesting period and participants will be awarded a target number of performance share units, and be entitled to a payment based on performance of the Company over a three year performance period based on the return on invested capital (ROIC) and earnings before interest, taxes, depreciation and amortization (EBITDA) (weighted equally), where the number of performance share units earned and vested will be based on actual results compared to minimum, target and maximum ROIC and EBITDA established at or near the beginning of the three year performance period. Participants may potentially earn between 0% to 200% of the number of target performance share units granted. Additional performance share units will be credited corresponding to dividends declared on the Common Shares.

Share Ownership Guidelines

Unless the Board or Compensation Committee otherwise determines, restricted share units and performance share units granted under the new restricted share unit and performance share unit plans will qualify for purposes of share ownership requirements for executive and senior executives. The Compensation Committee and the Board believes that the new restricted share unit and performance share unit plans, together with the share ownership guidelines, and stock option plan will align the interests of executives and senior executives of the Company with those of shareholders and reward the creation of shareholder value over the long term.

Long Term Incentive Plan for Non-Executive Directors

The Company adopted a long-term incentive plan for non-executive directors in 2009 (the Non-Executive Director LTIP). Under this plan, prior to 2012, all non-executive directors have used part of their annual retainer to purchase and hold Common Shares through the administrator of the plan. Under the Non-Executive Director LTIP, the administrator has used such contributions made under the plan to acquire Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. Participants also agree not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant as a director of the Company). The Non-Executive Director LTIP has involved open market purchases rather than issuances of Common Shares from the Company, and the Common Shares so purchased are held by the administrator on behalf of the participant. With the introduction of the DSU plan discussed above, non-executive directors will no longer contribute to the Non-Executive Director LTIP. However, the LTIP Common Shares are required to be held in the plan until participants retire from the Board.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination of Employment, Changes in Responsibility and Employment Contracts

The Company, through wholly-owned operating subsidiaries, has an employment agreement with each of the Named Executive Officers. All such employment agreements may be terminated for other than just cause with between eight weeks and 24 months notice (or less in certain circumstances) or payment in lieu thereof, depending on the jurisdiction of employment and the length of service of the respective Named Executive Officer. In March 2010 the Company implemented a change of control policy applicable to the Named Executive Officers and certain other Board appointed officers of the Company (the Change of Control Policy). The implementation of the Change of Control Policy was not in response to any known or likely change of control situation.

The main features of the Change of Control Policy are as follows:

Trigger	Double trigger: (i) change of control; and (ii) termination for other than just cause or constructive dismissal.
Change of control definition	A person or group of persons acquiring or accumulating beneficial ownership of more than 50% of the Common Shares; a person or group of persons holding at least 25% of the Common Shares and being able to change the composition of the Board by having their nominees elected as a majority of the Board; or the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less.

The payment amount and multiplier are as follows:

Annual base salary	Two times annual base salary.
Short-term incentive plan	One and one-half times target bonus (as outlined in the Compensation Discussion and Analysis above), plus one time pro rata target bonus for the year of termination.
Long-term incentive plan	One and one-half times maximum award under the Company's Long Term Incentive Plan (as outlined in the Compensation Discussion and Analysis above).
Stock option plan	One and one-half times target award amount (based on Black Scholes value option entitlement as a percentage of the Named Executives base salary) for the year in which the termination occurs.
Benefits	Two times annual premium cost for all health, dental and life insurance benefits in effect at termination.
Stock option vesting	Immediate vesting of all unvested stock options.
Stock option termination	All stock options terminate in accordance with the provisions for termination without cause outlined above.

The incremental payments to the Named Executive Officers that the Company would be required to make upon termination in the above situations, assuming the triggering events took place at December 31, 2012, would be as follows:

Name	Incremental payment (US\$)
Peter J. Blake	\$ 3,350,000
Robert A. McLeod	1,384,000
Robert S. Armstrong	1,673,000
Robert K. Mackay	1,878,000
Steven C. Simpson	1,790,700

The Company performs a Code of Business Conduct and Ethics compliance review on an annual basis, and seeks annual confirmation of understanding of and adherence to the Code from all employees throughout the Company and from directors.

There has been no material change report that has been filed that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

The charter of the Compensation Committee can be found on the Company's website.

A shareholder has the right to appoint a person to attend and act as proxyholder on the shareholder's behalf at the Meeting other than the persons named in the enclosed form of proxy. If a shareholder does not wish to appoint either person so named, the shareholder should insert in the blank space provided the name and address of the person whom the shareholder wishes to appoint as proxyholder. That person need not be a shareholder of the Company.

A shareholder who has given a proxy may revoke it by: (a) signing a proxy bearing a later date and depositing it as provided under "Deposit of Proxy" below; (b) signing and dating a written notice of revocation (in the same manner as required for the enclosed form of proxy to be executed, as set out under "Validity of Proxy" below) and delivering such notice to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or to the Chairman of the Meeting on the day of the Meeting; (c) attending the Meeting in person and registering with the scrutineer thereat as a shareholder present in person and signing and dating a written notice of revocation; or (d) any other manner permitted at law. A form of proxy will not be valid unless it is dated and signed by the shareholder or by the shareholder's attorney duly authorized in writing. If the proxy is not dated, it will be deemed to bear the date on which it is mailed by the management of the Company to the shareholders. In the case of a shareholder that is a corporation, a proxy will not be valid unless it is executed under its seal or by a duly authorized officer or agent of, or attorney for, such corporate shareholder. If a proxy is executed by an attorney or agent for an individual shareholder, or by an officer, attorney, agent or authorized representative of a corporate shareholder, the instrument empowering the officer, attorney, agent or representative, as the case may be, or a notarial copy thereof, must be deposited along with the proxy. If the shares are registered in the name of more than one owner (for example, joint ownership, trustees, executors, etc), then all those registered should sign the proxy. The form of proxy should be signed in the exact manner as the name appears on the proxy.

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the Chairman of the Meeting at any time before the vote is cast.

Deposit of Proxy

In order to be valid and effective, an instrument appointing a proxy holder must be deposited with Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 or a shareholder can vote by proxy using the Internet by following the instructions on the form of proxy, in each case, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

Non-registered Shareholders

Non-registered shareholders whose shares may be registered in the name of a third party, such as a broker or trust company, may exercise voting rights attached to shares beneficially owned by them. Applicable securities laws require intermediaries to seek voting instructions from non-registered shareholders. Accordingly, unless a non-registered shareholder has previously instructed their intermediaries that they do not wish to receive materials relating to shareholders' meetings, non-registered shareholders should receive or have already received from their intermediary either a request for voting instructions or a proxy form. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow voting by telephone, on the Internet, by mail or by fax. If non-registered shareholders wish to attend and vote the shares owned by them directly at the Meeting, such non-registered holders should follow the procedures in the directions and instructions provided by or on behalf of the intermediary. For example, these non-registered shareholders can insert their name in the space provided on the request for voting Instructions or proxy form or request a form of proxy which will grant the non-registered holder the right to attend the meeting and vote in person. Non-registered shareholders should carefully follow the directions and instructions of their intermediary, including those regarding when and where the completed request for voting instructions or form of proxy is to be delivered.

Only registered shareholders as of the close of business on March 14, 2013 (the record date for voting at the Meeting) have the right to vote in person at the Meeting or to execute, deliver or revoke a proxy with the Company in respect of voting at the Meeting.

The Company has not sent any proxy-related materials that solicit votes or voting instructions directly to any non-registered shareholders. Non-registered shareholders who wish to vote or change their vote must, in sufficient time in advance of the Meeting, arrange for their intermediaries to make necessary voting arrangements, change the vote and, if necessary, revoke the relevant proxy.

ADDITIONAL INFORMATION

The Company will provide to any person or company, upon request made to the Corporate Secretary of the Company, a copy of: the Company's current Annual Information Form together with a copy of any document, or the pertinent pages of any document, incorporated therein by reference; the Company's consolidated comparative annual financial statements for its most recently completed fiscal year together with the accompanying report of the auditor and management's discussion and analysis of financial condition and results of operations (MD&A); any interim financial statements of the Company subsequent to the financial statements of the Company's most recently completed fiscal year that have been filed together with the relevant MD&A; and the Company's information circular in respect of its most recent annual meeting of shareholders. The Company may require the payment of a reasonable charge if a person who is not a shareholder of the Company makes the request for information. Additional information relating to the Company, including financial information provided in the Company's comparative financial statements and MD&A for the most recently completed financial year, is available on the SEDAR website at www.sedar.com.
