YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE PROMPTLY COMPLETE AND SUBMIT YOUR PROXY CARD INCLUDED IN THE ENCLOSED ENVELOPE.

ANNUAL MEETING AND VOTING INFORMATION

The board seeks your proxy for use in voting at the annual meeting or any postponements or adjournments of the meeting. The annual meeting will be held at the Diablo County Club, at 1700 Clubhouse Road, Diablo, California 94528 on Friday, May 3, 2013, at 9:00 a.m. PDT. We intend to begin mailing this proxy statement, the attached notice of annual meeting, the accompanying proxy card and our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 on or about March 25, 2013 to all holders of our common stock entitled to vote at the meeting. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 does not constitute a part of the proxy solicitation materials and is not incorporated by reference into this proxy statement.

Purpose of the Annual Meeting

At the annual meeting, ARC stockholders will vote on the following items:

1. The election of the seven directors named in this proxy statement, each for a term of one year or until their successors are elected and qualified;
2. Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for fiscal year 2013; and
3. An advisory, non-binding vote on executive compensation.

Stockholders also will transact any other business that may properly come before the meeting. Members of ARC's management team and representatives of Deloitte & Touche LLP, the Company's independent registered public accounting firm for fiscal year 2013, will be present at

Edgar Filing: ARC DOCUMENT SOLUTIONS, INC. - Form DEF 14A

the meeting to respond to appropriate questions from stockholders. Representatives of Deloitte & Touche LLP will also make a statement if they so desire.

Admission to the Annual Meeting

All record or beneficial owners of ARC's common stock may attend the annual meeting in person. When you arrive at the annual meeting, please present photo identification, such as a valid driver's license. Beneficial

Table of Contents

owners must also provide evidence of stock holdings, such as a recent brokerage account or bank statement showing ownership of ARC common stock on the record date of March 4, 2013. ARC also has invited certain ARC employees and certain agents of the Company to attend the annual meeting.

Record Date

The record date for the annual meeting is March 4, 2013. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the meeting is ARC's common stock. Each outstanding share of common stock is entitled to one vote for all matters presented for a vote at the meeting. At the close of business on the record date, there were 46,257,765 shares of ARC common stock outstanding.

Quorum

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of ARC common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for quorum purposes. If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Required Vote

Proposal 1. The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven nominees for director named in Proposal 1. This means that the seven nominees for director receiving the highest number of votes cast will be elected. If you vote to abstain or withhold your vote with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

Proposals 2 and 3. Approval of Proposals 2 and 3 requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

Routine and Non-Routine Matters

Proposal 2 (ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013) is a routine matter under the New York Stock Exchange rules. A broker or other nominee may vote in their discretion on behalf of clients that have not provided voting instructions.

Proposal 1 (election of directors) and Proposal 3 (advisory vote on executive compensation) are non-routine matters under the New York Stock Exchange rules. This means that if your shares are held by your broker or other nominee in street name, and you do not provide your broker or other nominee with instructions on how to vote your shares, your broker or nominee will not be permitted to vote your shares on Proposals 1 and 3. This will result in broker non-votes.

Voting Shares Held in Street Name

If your shares are held by a broker or other nominee, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, these proxy materials are being forwarded to you by your broker or nominee (the record holder), along with a voting instruction card. As the beneficial owner of shares held in street name, you have the right to instruct your broker or nominee how to vote your shares and your broker or nominee is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker or nominee, your broker or nominee will nevertheless be entitled to vote your shares with respect to routine items, but will not be permitted to vote your shares with respect to non-routine items. See the item above entitled Routine and Non-Routine Matters for additional details on routine and non-routine matters.

Table of Contents

As the beneficial owner of shares, you are invited to attend the meeting. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

Treatment of Abstentions, Withhold Votes and Broker Non-Votes

Abstentions and Withhold Votes. You may vote to abstain or withhold your vote on any of the matters to be voted on at the annual meeting. Abstentions and withhold votes will be treated as shares present for determining whether a quorum is present at the annual meeting. Abstentions and withhold votes will have no effect on the vote to elect our directors (Proposal 1), who are elected by a plurality of votes, but will be counted as votes against the ratification of the appointment of our independent registered public accounting firm and the proposal regarding an advisory, non-binding vote on executive compensation (Proposals 2 and 3).

Broker Non-Votes. Broker non-votes occur when a broker or other nominee is unable to vote on a non-routine item because of lack of instructions from the beneficial holder (or the holder in street name). Shares that are subject to broker non-votes will be treated as shares present for quorum purposes, but will not be counted for or against any particular proposal. If you do not provide your broker or nominee with instructions on how to vote your shares held in street name, your broker or nominee will not be permitted to vote your shares on non-routine items. Under the rules of the New York Stock Exchange, Proposals 1 and 3 are non-routine items and Proposal 2 is a routine item. Your broker or nominee is not entitled to vote your shares on Proposals 1 and 3 without specific instructions from you on how to vote. Your broker or nominee is entitled, however, to vote your shares on Proposal 2 without your instructions. **If you are the beneficial owner of ARC shares, we strongly encourage you to provide instructions to your broker regarding the voting of your shares.**

Voting Instructions

If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions. By doing so, you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in either the United States or Canada.

If you are a record holder, and attend the meeting in person, you may deliver your completed proxy card in person at the meeting. Additionally, we will pass out written ballots to record holders who wish to vote in person at the meeting. If you attend the annual meeting, please bring the enclosed proxy card or proof of identification. If you are the beneficial holder of shares held in street name, and you wish to vote at the meeting, you will need to obtain a proxy, executed in your favor, from your broker or other nominee and bring it with you to the meeting.

If your shares are held in street name, you may be able to vote your shares electronically by telephone or on the internet. A large number of banks and brokerage firms participate in a program provided through Broadridge Financial Solutions, Inc. that offers telephone and internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may vote those shares electronically by telephone or on the internet by following the instructions set forth on the voting form provided to you by your record holder.

Revoking your Proxy

If you are the record holder of your shares, you may revoke your proxy at any time before your shares are voted and change your vote:

by signing another proxy with a later date and delivering it prior to the annual meeting in accordance with the instructions set forth in this proxy statement;

by giving written notice of your revocation to the corporate secretary of ARC prior to or at the meeting or by voting in person at the meeting; or

by attending the annual meeting and voting in person.

Table of Contents

Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to our corporate secretary before your proxy is voted or you vote in person at the meeting. Any written notice of revocation, or later dated proxy, should be delivered to:

Solicitation of Proxies

ARC is soliciting the proxies and will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this proxy statement and any additional materials furnished to our stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses and other agents holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. In addition, if asked, we will reimburse these persons for their reasonable expenses in forwarding the solicitation materials to the beneficial owners. We have asked banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares they hold of record.

Other Business

We know of no other business that will be presented at the meeting. If any other matter properly comes before the Company's stockholders for a vote at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Nominees for Director**

The board currently consists of seven directors, each of whom has been nominated to serve for a term of one year or until their successors are duly elected and qualified. Our board is not classified and thus all of our directors are elected annually.

Each of the nominees has consented to being named in this proxy statement and has agreed to serve as a member of the board if elected. The Company has no reason to believe that any nominee will be unable to serve. If a nominee is unable to stand for election, the board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority to vote.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven director nominees listed below. This means that the seven nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected as directors.

The following table sets forth, with respect to each nominee, his name, the year in which he first became a director of ARC, and his age as of March 1, 2013.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has adopted a pre-approval policy governing the engagement of the Company's independent registered public accounting firm for all audit and non-audit services. The Audit Committee's pre-approval policy provides that the Audit Committee must pre-approve all audit services and non-audit services to be performed for the Company by its independent registered public accounting firm prior to their engagement for such services. The Audit Committee pre-approval policy establishes pre-approved categories of certain non-audit services that may be performed by the Company's independent registered public accounting firm during the fiscal year, subject to dollar limitations that may be set by the Audit Committee. Pre-approved services include certain audit related services, tax services and various non-audit related services. The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next meeting. One hundred percent of the services provided by Deloitte during 2012 and 2011 were approved by the Audit Committee in accordance with the pre-approval procedures described above.

Under Company policy and/or applicable rules and regulations, the independent registered public accounting firm is prohibited from providing the following types of services to the Company: (1) bookkeeping or other services related to the Company's accounting records or financial statements, (2) financial information systems design and implementation, (3) appraisal or valuation services, fairness opinions or contribution-in-kind reports, (4) actuarial services, (5) internal audit outsourcing services, (6) management functions, (7) human resources, (8) broker-dealer, investment advisor or investment banking services, and (9) legal services.

The Audit Committee has sole authority to appoint ARC's independent registered public accounting firm for fiscal year 2013 pursuant to the terms of the Audit Committee Charter. Accordingly, stockholder approval is not required to appoint Deloitte as ARC's independent registered public accounting firm for fiscal year 2013. The board believes, however, that submitting the appointment of Deloitte to the stockholders for ratification is a matter of good corporate governance. If the stockholders do not ratify the appointment of Deloitte, the Audit Committee will review its future selection of independent registered public accounting firm.

ADVISORY, NON-BINDING VOTE ON EXECUTIVE COMPENSATION

We were pleased to receive a favorable vote for our compensation program at our 2012 annual meeting, with approximately 83% of our stockholders who voted at the meeting approving our compensation practices. We consider these voting results to affirm stockholder support for our executive compensation program which is designed to attract, motivate, reward and retain our senior executives in order to achieve our corporate objectives and increase long-term stockholder value, while also focusing on a pay-for-performance philosophy.

The Compensation Discussion and Analysis section, beginning on page 20 of this proxy statement, describes our executive compensation program in greater detail. In particular, stockholders should note the following goals of our executive compensation program:

To establish pay levels that attract, retain and motivate highly qualified executive officers, taking into account overall market competition for such talent;

To foster an ownership mentality and align the interests of our executive officers with those of our stockholders through long-term equity incentives;

To recognize and reward superior individual performance;

Edgar Filing: ARC DOCUMENT SOLUTIONS, INC. - Form DEF 14A

To balance base and incentive compensation to complement our short-term and long-term business objectives and encourage the fulfillment of those objectives through individual performance; and

To provide compensation opportunities based on the Company's performance.

The Compensation Committee has also taken note of the particular economic and industry conditions that challenged the Company during the 2007-2009 recession and its aftermath, especially in regard to the lack of private non-residential construction activity and the influences commercial credit, and the substantive changes we are currently experiencing due to the impact of technology on our primary product line. Despite these challenges, which include a 42% drop in net sales since 2008:

Gross margins have generally remained at or above 30% over the past four years.

Adjusted EBITDA performance (consisting of net income before interest, taxes, depreciation and amortization, excluding stock-based compensation expense, non-cash impairment charges, and restructuring expense) has remained consistently robust.

The Company has successfully diversified its business into new service lines that have secured and strengthened our existing relationships with large and influential clients in the AEC industry, and created opportunities with new clients.

ARC's Global Services unit has secured business from more than 15 of the top 100 architecture, engineering and construction firms in the country, primarily through the offering of its Managed Print Services business line and associated software.

Sales from Onsite Services grew approximately eight percent year-over-year in 2012.

New software improvements continued to be introduced throughout 2012 to enhance and support the value of our onsite services, culminating in a major version upgrade to our print management software, Abacus, in early 2013.

The Company continues to maintain a healthy capital structure and significant liquidity in a \$50 million asset-based revolving credit facility.

The costs incurred for our 2012 restructuring plan were absorbed without drawing on the Company's revolving credit facility.

Since the onset of the recession in 2007, the Company has removed more than \$100 million in costs from its operations, including more than \$15 million in annualized savings during the fourth quarter restructuring.

Management delivered sequential improvements in Gross Margin and Adjusted EBITDA margins in the fourth quarter of 2012, countering the seasonal trend of margin contraction for the first time in ARC's history as a public company.

For the reasons stated above, we are requesting approval, in a non-binding vote, of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation rules of the United States Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the compensation tables and the related narrative discussion contained in the Company's 2013 Proxy Statement, is approved.

The stockholder vote on Proposal 3 is advisory in nature and, thus, is not binding on the Company. The Compensation Committee, however, values the views expressed by the Company's stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for the Company's executive officers.

CORPORATE GOVERNANCE PROFILE

We are committed to good corporate governance practices. As such, we have adopted corporate governance guidelines to enhance the effectiveness of our corporate governance practices. A copy of our Corporate Governance Guidelines can be accessed on our website, www.e-arc.com, by clicking on the Investors link at the bottom of the page and then selecting Corporate Governance from the Investors webpage. You can request a printed copy of our Corporate Governance Guidelines, at no charge, by contacting Investor Relations at (925) 949-5100 or by sending a request by mail to 1981 North Broadway, Suite 385, Walnut Creek, California 94596, Attention: David Stickney, Vice President Corporate Communications.

Our Corporate Governance Guidelines govern board member responsibilities, committees, compensation, access, education, management succession, and performance evaluation, among other things. The guidelines also set forth a non-exhaustive list of director qualification standards and the factors to be considered in making nominations to the board. While the selection of qualified directors is a complex, subjective process that requires consideration of many factors, our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will take into account the judgment, experience, skills and personal character of any candidate, as well as the overall needs of the board, in considering board candidates. Additional information on this process is set forth below in the section entitled Director Qualifications.

We have adopted a Code of Conduct applicable to all employees, officers and directors, including our President and Chief Executive Officer and our Chief Financial Officer, which meets the definition of a code of ethics set forth in Item 406 of Regulation S-K of the Securities and Exchange Act of 1934 (Exchange Act). A copy of our Code of Conduct can be accessed on our website, www.e-arc.com, by clicking on the Investors link at the top of the page and then selecting Corporate Governance from the Investors webpage. We will post any amendments to the Code of Conduct, and any waivers that are required to be disclosed by the rules of either the United States Securities and Exchange Commission (SEC) or the New York Stock Exchange (NYSE), on our website.

Director Independence

Under our Corporate Governance Guidelines, independent directors must comprise a majority of our board. Our board has adopted independence requirements that reflect applicable NYSE rules and evaluates the independence of our directors annually, and at other appropriate times (e.g., in connection with a change in employment status) when a change in circumstances could potentially impact the independence of one or more directors.

In determining whether a material relationship exists between the Company and each director, the board broadly considers all relevant facts and circumstances, including:

The nature of any relationships with the Company.

The significance of the relationship to the Company, the other organization and the individual director.

Whether or not the relationship is solely a business relationship in the ordinary course of the Company's and the other organization's businesses and does not afford the director any special benefits.

Any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, and such other criteria as the board may determine from time to time.

If a proposed director serves as an executive officer, director or trustee of a tax exempt organization, whether contributions from the Company, or any of its consolidated subsidiaries, to such tax exempt organization in any of the last three fiscal years are less than the greater of (i) \$1 million or (ii) 2% of the consolidated gross revenues of such tax exempt organization for its last completed fiscal year.

Pursuant to our Corporate Governance Guidelines, all members of the Audit Committee must also meet the following requirements:

Audit Committee members may not receive, directly or indirectly, any consulting, advisory or other compensatory fees from the Company or any of its subsidiaries (other than director fees paid for service on the Audit Committee, the board, or any other committee of the board).

Table of Contents

No member of the Audit Committee may be an affiliated person (as defined under applicable SEC rules) of the Company or any of its subsidiaries.

After considering our Corporate Governance Guidelines and the NYSE independence standards, the board has determined that, in its judgment, all of our current directors are independent, except for Mr. Suriyakumar who is our President and Chief Executive Officer. The board also determined that all members of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee are independent.

Director Qualifications

Our Nominating and Corporate Governance Committee is responsible for identifying qualified individuals that may become members of our board of directors and recommending to the board director nominees for our annual meetings of stockholders and nominees to fill any vacancies that may occur on the board. In the context of the selection process, the Nominating and Corporate Governance Committee takes into consideration those factors it considers appropriate to ensure an effective board of directors that is able to fulfill its oversight function for the Company and its stockholders. While the Nominating and Corporate Governance Committee has not established an exhaustive list of specific minimum qualifications for board members, desired personal qualifications and attributes of directors include mature, practical and sound judgment; independence necessary to make an unbiased evaluation of management's performance and effectively carry out oversight responsibility; experience as a business leader; the ability to comprehend and analyze complex matters; strong personal and professional ethics and integrity; and a spirit of cooperation and collegiality that will enable our directors to interact effectively.

Each nominee named in this proxy statement possesses the characteristics described above. Our directors possess extensive leadership experience from various industry sectors, as well as experience on other boards of directors, which, collectively, provide an understanding of different business processes, challenges and strategies. The diverse background and experiences of our directors (as described in the biographical information set forth under Proposal 1 Election of Directors) complement one another and provide a solid leadership framework required for the board to exercise its oversight function.

Board Diversity

The Company strives for diversity among its board members, management and employees. In keeping with this strategy, the primary goal of board composition is to achieve a diverse and complementary set of background and experiences that will benefit the strategic direction of the Company. In considering director nominees, the Nominating and Corporate Governance Committee takes into consideration those factors it considers appropriate to address the needs and situation of the Company at the time. While the Nominating and Corporate Governance Committee does not have a formal policy regarding diversity, in practice, the Committee carefully considers the nominees differences in background, education and overall skill set in order to ensure complementary perspectives and areas of expertise. This approach is demonstrated by the fact that our board is currently comprised of directors with diverse professional experiences, including individuals from the construction industry, financial and services sectors and the entertainment industry. The diverse backgrounds and experiences of our current directors are described in the biographical information included under Proposal 1 Election of Directors.

Board Leadership Structure and Risk Oversight

Board Leadership Structure

Our board is currently comprised of six independent directors and one employee director. Mr. Suriyakumar has served as our President and Chief Executive Officer since June 2007 and the chairman of our board of directors since July 2008. We believe that our current board leadership structure is appropriate for the Company because it allows for common, strong leadership, with one individual having primary responsibility for both board-level and operational matters. This structure eliminates the potential for confusion, promotes efficiency and provides clear leadership for the Company, which is appropriate for our company which has widespread domestic and international operations.

Table of Contents

Our board has designated one of our independent directors to serve as lead independent director. The lead independent director chairs regularly-scheduled executive sessions of the independent directors without management present; serves as the primary point of contact between members of management and the board, which facilitates communications and promotes efficiency; and performs such other functions as the independent directors may designate from time to time. Mr. McCluggage currently serves as the lead independent director.

Risk Oversight

Senior management is responsible for assessing and managing the Company’s exposure to risk on a day-to-day basis. Our board is responsible for general oversight of management in its assessment and management of day-to-day risks that affect the Company. The board fulfills its general risk oversight function periodically during board and board committee meetings. To supplement the board’s general risk oversight function, the Audit Committee monitors the Company’s financial statements and regularly reviews the Company’s major financial risk exposures (and the steps management has taken to mitigate such exposures) and the Company’s internal controls over financial reporting. The Audit Committee also provides general oversight to the Company’s internal audit and compliance functions. The Compensation Committee monitors the design and implementation of the Company’s executive compensation program, as well as compensation matters relating to certain non-executive employees. Although the board has established separate board committees, all board members are generally present at each board committee meeting, which facilitates dissemination of information and fulfillment of the board’s overall risk oversight function.

Director Attendance at Annual Meeting and Board and Committee Meetings

All of the members of the board of directors who are standing for re-election attended our 2012 annual meeting of stockholders. Although we do not have a formal policy regarding the attendance of board members at our annual meetings of stockholders, we encourage board members to attend.

In 2012, each board member attended or participated in 80% or more of the aggregate of (i) the total number of board meetings (held during the period for which such person has been a director) and (ii) the total number of meetings held by all board committees on which such person served (during the periods that such person served).

DIRECTOR COMPENSATION

Cash Compensation

We pay an annual cash fee of \$40,000 to each of our non-employee directors, payable quarterly. In addition, non-employee directors receive \$5,000 cash per year for duties as chairman of any board committee.

Equity Compensation

In addition to cash fees, effective as of our 2007 annual meeting of stockholders, we implemented a practice of granting each non-employee director a restricted stock award under our Plan for that number of shares of our common stock having an aggregate grant date value equal to \$60,000, based on the closing price of our common

Table of Contents

stock on the NYSE on the date of grant. In light of the general economic downturn that began in 2008, the value of the equity compensation of our non-employee directors was reduced, effective as of our 2009 annual meeting; from \$60,000 to \$50,000 aggregate grant date value. Grants of restricted stock to our non-employee directors are made automatically each year on the date of our annual meeting, without any further action of our board of directors, and compensates each non-employee director for his or her service since the later of (a) the last preceding annual meeting of stockholders, or (b) the date on which he or she was elected or appointed for the first time to be a director. Each restricted stock award granted to our non-employee directors during each fiscal year vests 100% on the one-year anniversary of the grant date.

Reimbursements

We reimburse our employee and non-employee directors for reasonable travel expenses relating to attendance at board meetings and participating in director continuing education.

The following table summarizes compensation earned by our non-employee directors during fiscal year 2012. Mr. Suriyakumar, the Chairman of our board of directors, and our President and Chief Executive Officer, does not receive compensation for serving on our board of directors.

COMPENSATION DISCUSSION AND ANALYSIS**Executive Summary**

Our Compensation Discussion and Analysis captures our thought process and approach to executive compensation. The main discussion and analysis revolves around the compensation program for our named executive officers and addresses the criteria on which it is based, the program itself, and the factors and decisions involved in its administration. Our named executive officers are:

Chairman, President and Chief Executive Officer (CEO)

Chief Financial Officer and Secretary (CFO)

Chief Technology Officer (CTO)

Chief Operating Officer (COO)

Chief Accounting Officer and Vice President of Finance (CAO)

Executive Compensation Philosophy: Our compensation program is designed to attract and retain executives capable of building an organization that can deliver both short- and long-term value for our stockholders on a consistent basis. In order to do so, we believe that our compensation policies should be flexible and scalable enough to offer appropriate base compensation and incentive awards to executives tasked to address value creation in the midst of a changing economy, shifting market conditions, and other special circumstances which may face the Company from time to time. Our fundamental premise is and always will be pay for performance. We also believe it is important for our senior management to possess the resources to develop and build executive teams targeted at outperforming the market and the competition.

Given the difficult conditions in the industry we serve and the substantive changes we are undergoing due to the impact of technology, our compensation program objectives also include:

To retain our executive officers throughout the prolonged softness in our core market;

To provide proper motivation to execute a swift and successful business transition from a traditional reprographics company to a technology-enabled document solutions company; and,

Table of Contents

To protect and preserve the domain expertise and deep customer relationships embodied in our key executives. Our compensation programs are intended to align executive pay with the achievement of financial and operating objectives that build shareholder value and ensure the continuing success of the Company.

We believe this alignment is best achieved by maintaining an appropriate balance in our overall compensation between base salaries, at risk incentive awards, and targeted grants of stock-based awards to foster company ownership in our executives. This means that a material portion of executive compensation is variable and tied to company and individual performance.

Our programs also take into account the significant shift that our business is undergoing due to the adoption of technology by our customers. Whereas our business has historically focused on supporting the analog, print-based workflows of the AEC industry, today our offerings have shifted dramatically to create and facilitate digital document workflows for a variety of industries.

Prior to 2010, and before the introduction of our offerings in Managed Print Services (MPS) and other technology-based services, attracting and retaining key executives was relatively easy given our size and stature within the reprographics industry. We rarely experienced losses of key executives to our competitors primarily because such competitors were small, family-owned, local reprographics shops with limited opportunity.

Having transformed the Company into a technology-enabled document solutions enterprise to better compete for our customers' work, we have also entered a highly competitive market for key employees. Not only are we competing with large, well-funded equipment manufacturers and highly attractive technology companies to acquire executive talent, but we are also facing the challenge of retaining such talent.

As we consider this changing environment for recruiting and retaining key executives in the future, our intention is to increase the appeal of ARC Document Solutions as a top tier employer, offer advancement and growth opportunities commensurate with the talent we attract, and assert the advantages of company ownership in the form of stock-based compensation and awards. Such offerings will continue to align our executives' actions with shareholders' interests, and are consistent in principle with our compensation practices of the past.

Fiscal Year 2012 Performance Highlights: Due to the slow pace of recovery in our core market and the general economy, ARC Document Solutions faced significant challenges in its historical business of reprographics, as well as hesitancy on the part of clients to invest in new solutions. Specifically, project-related printing continued its year-over-year declines, which in turn affected our ability to grow our associated color and digital service lines. The Company met these challenges through its ongoing cost management efforts, the reconfiguration of its sales force to better support growing initiatives, and an aggressive and ambitious restructuring effort in the fourth quarter of 2012. These actions produced positive results in both short-term and long-term objectives.

Gross margins have generally remained at or above 30% over the past four years despite net sales declines of more than 40% since the beginning of the recent recession.

Adjusted EBITDA performance (consisting of net income before interest, taxes, depreciation and amortization, excluding stock-based compensation expense, non-cash impairment charges, and restructuring expense) has remained consistently robust.

The company has successfully diversified its business into new service lines that have secured and strengthened our existing relationships with large and influential clients in the AEC industry, and created opportunities with new clients in new and existing industry segments.

ARC's Global Services unit has secured more than 15 of the top 100 architecture, engineering and construction firms in the country, primarily through the offering of its MPS business line and associated software.

Sales from Onsite Services grew approximately eight percent year-over-year in 2012.

Edgar Filing: ARC DOCUMENT SOLUTIONS, INC. - Form DEF 14A

New software improvements continued to be introduced throughout 2012 to enhance and support the value of our onsite services, culminating in a major version upgrade to our print management software, Abacus, in early 2013.

Table of Contents

The Company continues to maintain a healthy capital structure and significant liquidity in a \$50 million asset-based revolving credit facility.

The costs incurred for our 2012 restructuring plan were absorbed without drawing on the Company's revolving credit facility.

Since the onset of the recession in December of 2007, the Company has removed more than \$100 million in costs from its operations, including more than \$15 million in annualized savings during the fourth quarter restructuring.

Management delivered sequential improvements in Gross Margin and Adjusted EBITDA margins in the fourth quarter, countering the seasonal trend of margin contraction for the first time in ARC's history as a public company.

How Pay Was Tied to the Company's Performance in Fiscal Year 2012: During fiscal year 2012 we demonstrated the pay-for-performance basis of our compensation policy, and once again highlighted the high degree of integrity of our executive officers with regard to their voluntary actions on behalf of the Company.

Consistent with the company's pay-for-performance philosophy, the CEO's pre-tax EPS growth threshold for his annual incentive bonus was not met and no bonus was paid. Mr. Suriyakumar's base salary increased in 2012 as a result of the renewal of his employment agreement in 2011. This was his first acceptance of a base salary increase since his appointment as Chief Operating Officer in 2005 (see the discussion in "Base Salary - President and Chief Executive Officer" later in this document). In 2012 Mr. Suriyakumar also volunteered to take a temporary decrease in his annual salary for the fourth consecutive year. His voluntary annual salary reduction in 2012 was 10% with an additional 10% voluntary annual salary reduction in November and December of 2012 (for more detail, see "Voluntary Temporary Executive Compensation Program Changes" later in this document). Mr. Suriyakumar also accepted stock options in 2012 for the first time in five years.

In 2012 our CTO also elected to temporarily reduce his annual salary by five percent, as did our COO. Both officers subsequently agreed to voluntary annual salary reductions of 10% in November and December, as did our CFO. Our CAO agreed to a 5% voluntary annual salary reduction in November and December. Since annual financial performance incentive targets for our CFO, CTO, COO and CAO were not met in 2012, no incentive bonuses were paid, and no restricted stock awards were issued. At the discretion of the Company's Compensation Committee, grants for stock options in the aggregate amount of 323,941 shares were awarded to our named executive officers in 2012, and are consistent with our philosophy of providing long-term incentives aligned with our shareholders' interests.

Recent Key Compensation Program Changes: The term of our CEO's previous employment agreement expired in February of 2011. The Compensation Committee considered it crucial to retain Mr. Suriyakumar's services for two reasons: first, Mr. Suriyakumar is a founder of the Company who has tremendous industry knowledge and a strong following within the organization; second, Mr. Suriyakumar had previously managed the Company through several market and economic downturns, and his experience and expertise was considered crucial to successfully navigating the Company through the economic challenges at the time.

Given that (i) Mr. Suriyakumar's original base salary had not been changed since his appointment as Chief Operating Officer in 2005, (ii) in recognition of his past leadership, (iii) acknowledging that the opportunities to earn annual incentive bonuses had been severely constrained for the previous two years, and (iv) in consideration of the need to properly incentivize him to remain in his position, Mr. Suriyakumar's base salary was increased from \$650,000 per year to \$950,000 per year in his renewed three-year employment agreement dated February 2011 and ending in February of 2014. Mr. Suriyakumar subsequently took a voluntary temporary base salary reduction of 25% for the remainder of fiscal year 2011.

In March of 2011 our CTO's employment agreement was extended three years and his base salary was increased from \$450,000 to \$500,000. Mr. Roy subsequently took a voluntary temporary annual base salary reduction of 10% for the remainder of fiscal year 2011.

Our COO was appointed in February 2011 and his base salary was established at \$350,000. Mr. Wijesuriya subsequently took a voluntary temporary annual base salary reduction of 15% for the remainder of fiscal 2011.

Table of Contents

Our current CFO, John E.D. Toth, was appointed in July 2011 to replace our retiring CFO, Jonathan Mather. We entered a three-year employment agreement with Mr. Toth at an annual base salary of \$300,000.

These changes are consistent with our overall compensation philosophy which is to attract, retain, and motivate our executive officers in a manner that is tied directly to achievement of our overall operating and financial goals and, in turn, to increase stockholder value over the long term.

Compensation Committee

Our Compensation Committee is comprised solely of independent directors and is responsible for administering our stock plan and reviewing and making recommendations to our board of directors regarding compensation and benefits programs for our executive officers. After considering the Compensation Committee's recommendations, the entire board of directors reviews and approves the salaries, bonuses and benefit programs for our executive officers. Our Compensation Committee is authorized and has engaged the services of outside consultants to assist it.

Our Compensation Committee also relies upon recommendations from our Chief Executive Officer in providing recommendations regarding compensation of our non-executive officers.

Executive Compensation Philosophy

Our executive compensation program is designed to attract, retain and motivate our executive officers in a manner that is tied directly to achievement of our overall operating and financial goals and, in turn, to increase stockholder value over the long term. We believe it is in the best interests of our stockholders and our executive officers that our compensation program reflect and be tied to company-wide and individual performance and be easy to administer. We intend that this simplicity reduce the time and cost involved in setting and implementing our compensation policies and increase the transparency of our compensation program. With this in mind, our compensation program provides our executive officers with the incentive to increase our revenues and earnings per share, to develop and enhance our industry-leading technology and to execute our long-term strategic plan, while at the same time providing a clear framework for measuring and rewarding performance.

We also intend that our executive compensation program reflect, to a certain extent, the prevailing economic environment and the resulting operations of the Company. As a result, in early 2009, the primary components of our executive compensation program were temporarily altered in response to the general economic downturn. The recent temporary changes to our executive compensation program are discussed in [Temporary Executive Compensation Program Changes](#) below.

Objectives

The objectives of our executive compensation program are (i) to link executive compensation to continuous improvements in overall company and individual performance and an increase in stockholder value and (ii) to attract and retain key talent. Our executive compensation program goals include the following:

To establish pay levels that attract, retain and motivate highly qualified executive officers, taking into account overall market competition for such talent;

To foster an ownership mentality and align the interests of our executive officers with those of our stockholders through long-term equity incentives;

To recognize and reward superior individual performance;

To balance base and incentive compensation to complement our short-term and long-term business objectives and encourage the fulfillment of those objectives through individual performance;

To provide compensation opportunities based on the Company's performance;

To retain our executive officers throughout the prolonged softness in our core market;

To provide proper motivation to execute a swift and successful business transition from a traditional reprographics company to a technology-enabled document solutions company; and,

To protect and preserve the domain expertise and deep customer relationships embodied in our key executives.

Table of Contents

The Compensation Committee believes that these goals are equally appropriate for our non-executive officers, and has established that annual incentive bonuses and equity grants be included as fundamental elements of their compensation. As a result, the Compensation Committee determined that, beginning in 2008, the compensation of certain of the Company’s non-executive, management-level employees include an element directly tied to the Company’s achievement of its forecasted annual pre-tax earnings per share on a fully-diluted basis, which was subsequently revised to Adjusted EBITDA (consisting of net income before interest, taxes, depreciation and amortization, excluding stock-based compensation expense, non-cash impairment charges, and restructuring expense), as this was deemed a better gauge of the performance of those non-executive, management-level employees.

Consideration of 2012 Say-on-Pay Results

Approximately 83% of our stockholders that voted at our 2012 annual meeting approved the compensation of our executive officers in 2011 (as described in our 2012 proxy statement). The Compensation Committee believes that this affirms stockholder support for our executive compensation program, and will continue to consider the outcome of stockholder say-on-pay advisory votes when making future compensation decisions for our executive officers.

Broad-Based Compensation Data

Prior to entering into employment agreements with certain of our executive officers in February 2005, under which their base salaries were established, our then governing board of advisors (prior to our reorganization as a Delaware corporation) engaged Mercer Human Resource Consulting (Mercer) to provide broad-based third-party survey data regarding base salary, annual incentive bonuses, long-term incentive compensation and other elements of executive remuneration for each of our executive officer positions, and recommendations for contracts between us and our executive officers. Based on Mercer’s data and recommendations at that time, the Company entered into employment agreements with three-year initial terms through February 9, 2008 with Mr. Suriyakumar, then our President and Chief Operating Officer (now our Chairman, President and Chief Executive Officer), and Mr. Roy, our Chief Technology Officer, setting their respective base salaries within approximately 10% of the salaries proposed by Mercer. We did not adjust the base salaries for Messrs. Suriyakumar and Roy during the initial three-year terms of their employment agreements.

In 2009, the Compensation Committee considered updated broad-based compensation data for executive officers of similarly-sized companies compiled by Mercer from its 2009 US Global Premium Executive Remuneration Suite and Watson Wyatt’s 2009/2010 Survey Report on Top Management, consisting of general survey data regarding base salary, target short-term incentives, target total cash compensation and total direct compensation. The Compensation Committee used this updated survey data in assessing the Company’s then-current executive compensation program and comparing it to compensatory market conditions.

Compensation Consultant; Peer Group Benchmarking

The Compensation Committee has the authority to engage its own advisors. In November 2010, the Compensation Committee directly retained the services of Lyons, Benenson & Company (Lyons Benenson), an independent compensation consulting firm, to conduct an executive compensation review to ensure the effectiveness and competitiveness of the Company’s executive compensation program. Other than services requested by the Committee, Lyons Benenson does not provide any services to the Company.

With the assistance of Lyons Benenson, the Compensation Committee identified a group of peer companies to use in assessing the Company’s executive compensation programs. The peer group was comprised of a cross section of publicly-traded companies (including business services and engineering companies) considered comparable to the Company in terms of revenue, market capitalization and net income and consisted of the following companies:

APAC Customer Services Inc.	G&K Services, Inc.	Journal Communications Inc.	Schawk, Inc.
Cenveo, Inc.	GSI Commerce, Inc.	MDC Partners Inc.	The Standard Register Company
Consolidated Graphics, Inc.	Harte-Hanks, Inc.	Monster Worldwide, Inc.	TeleTech Holdings, Inc.
Emdeon Inc.	Healthcare Services Group, Inc.	Multi-Color Corporation	Tetra Tech, Inc.
Ennis, Inc.	InnerWorkings, Inc.	Quad-Graphics, Inc.	Vistaprint N.V.

Table of Contents

The Compensation Committee reviewed compensation data at peer companies to inform its decision-making process regarding the Company's executive compensation program. In particular, the Committee used the results of Lyons Benenson's report in connection with the renewal of employment agreements with Messrs. Suriyakumar and Roy and in determining Mr. Wijesuriya's compensation as Chief Operating Officer in early 2011 (as discussed in greater detail below).

Elements of Executive Compensation

Our executive compensation program includes the following elements:

Base salary

Annual incentive bonuses

Equity grants

Change of control and severance arrangements

Optional participation in our employee stock purchase plan

Other benefits that are generally available to all of our employees, such as optional participation in our 401(k) program and health, life and disability insurance.

Base Salary

Base salaries for our executive officers are established based on the scope of their respective responsibilities, taking into account competitive market compensation paid by similarly-sized companies for similar positions. We intend that base salaries will provide executive officers with a reasonable and secure standard of living, based on the executive officer's position within the organization and geographical location.

President and Chief Executive Officer

In July 2007, we amended Mr. Suriyakumar's employment agreement to extend its term until February 9, 2011 and to appoint him as our President and Chief Executive Officer. Mr. Suriyakumar's base salary was not increased from that fixed under his original February 2005 agreement when he was President and Chief Operating Officer of the Company. The term of Mr. Suriyakumar's employment agreement expired on February 9, 2011.

The Compensation Committee considered it crucial to retain Mr. Suriyakumar's services for two primary reasons: first, Mr. Suriyakumar is a founder of the Company who has tremendous industry knowledge and a strong following within the organization; second, Mr. Suriyakumar had previously managed the Company through several market and economic downturns, and his experience and expertise was considered crucial to successfully navigating the Company through the economic challenges at the time.

Given that (i) Mr. Suriyakumar's original base salary had not been changed since his appointment as Chief Operating Officer in 2005, (ii) in recognition of his past leadership, (iii) acknowledging that the opportunities to earn annual incentive bonuses had been severely constrained for the previous two years, and (iv) in consideration of the need to properly incentivize him to remain in his position, Mr. Suriyakumar's base salary was increased from \$650,000 per year to \$950,000 per year in his renewed three-year employment agreement dated February 2011 and ending in February of 2014. In 2012, Mr. Suriyakumar's salary was subject to the voluntary temporary reductions in base salary, as described in greater detail below under "Voluntary Temporary Executive Compensation Program Changes."

Chief Technology Officer

Edgar Filing: ARC DOCUMENT SOLUTIONS, INC. - Form DEF 14A

The original term of the employment agreement with Rahul Roy, our Chief Technology Officer, expired in February 2008, but was automatically extended on a year-to-year basis thereafter. In April 2008, we amended Mr. Roy's employment agreement to extend its term until March 31, 2011 and to increase his base salary from \$400,000 to \$450,000. In March 2011, Mr. Roy's employment agreement was further amended to extend the

Table of Contents

term until March 31, 2014 and increase his base salary from \$450,000 to \$500,000, subject to temporary reductions in base salary, as described in greater detail below under Temporary Executive Compensation Program Changes. These increases in base salary were intended to recognize Mr. Roy's accomplishments in developing our suite of proprietary software products and applying his technological expertise to the reprographics industry in general, and to compensate him, in part, with a base salary that is competitive with compensation paid to comparable executive officers of similarly-sized companies. Mr. Roy has agreed to voluntary temporary reductions in his base salary, as described in greater detail below under Voluntary Temporary Executive Compensation Program Changes.

Chief Financial Officer

John E.D. Toth. Mr. Toth was hired in July 2011. We entered into an employment agreement with Mr. Toth in connection with his appointment as Chief Financial Officer with an initial three-year term and an annual base salary of \$300,000. In determining Mr. Toth's base salary, we considered then-existing market factors to recruit a CFO with comparable experience and base salaries paid by public companies of similar size to officers of comparable positions, including relevant data provided by Lyons Benenson. Mr. Toth has agreed to voluntary temporary reductions in his base salary, as described in greater detail below under Voluntary Temporary Executive Compensation Program Changes.

Chief Operating Officer

In connection with Dilantha Wijesuriya's appointment as our Senior Vice President National Operations in August 2008, his base salary was set at \$250,000, which we considered to be competitive with compensation paid to executive officers of similarly-sized companies based on the nature and scope of Mr. Wijesuriya's position as Senior Vice President National Operations. In light of Mr. Wijesuriya's performance in his duties to the Company, including his effective supervision of Company-wide operations, Mr. Wijesuriya was promoted to Chief Operating Officer in February 2011 and his base salary was increased to \$350,000. Mr. Wijesuriya has agreed to the voluntary temporary reductions in his base salary, as described in greater detail below under Voluntary Temporary Executive Compensation Program Changes.

Chief Accounting Officer, Vice President Finance

In connection with Mr. Avalos' appointment as Chief Accounting Officer, Vice President Finance in April 2011, his base salary was set at \$260,000, which we considered to be competitive with compensation paid to comparable executive officers of similarly-sized companies, taking into account the nature and scope of this position and relevant data provided by Lyons Benenson. Mr. Avalos has agreed to the voluntary temporary reductions in his base salary, as described in greater detail below under Voluntary Temporary Executive Compensation Program Changes.

Annual Incentive Awards

We utilize annual incentive bonuses to focus corporate behavior on improved financial performance and achievement of specific annual objectives. Our annual incentive bonuses, as opposed to our stock option and restricted stock grants described below, are designed to reward our executive officers for their individual performance during the most recent fiscal year. We believe that the immediacy of these annual bonuses, in contrast to equity grants vesting over a longer time period, provides a more direct incentive to our executive officers to drive the Company's current financial performance and meet their respective individual objectives. We intend for our annual incentive bonuses to be an important motivating factor for our executive officers, and we thus apportion a substantial percentage of their total annual compensation to these bonuses.

Table of Contents**President and Chief Executive Officer**

We adopted the recommendation of Mercer in 2005 in connection with the executive employment agreements signed in February 2005 to base the annual incentive bonuses for our President and Chief Executive Officer solely on year-over-year growth of our pre-tax EPS. We did so based on our belief that a substantial portion of our President and Chief Executive Officer's anticipated annual compensation should be directly tied to driving earnings—the most important measure of the Company's performance—and that aligning the interests of Mr. Suriyakumar with the interests of our stockholders in this manner is appropriate, especially since Mr. Suriyakumar is one of our founders and remains among the Company's largest stockholders.

Under his original employment agreement, Mr. Suriyakumar was entitled to receive an annual incentive bonus in an amount equal to \$60,000 for each full percentage point by which our pre-tax EPS for the applicable fiscal year exceeds our pre-tax EPS for the immediately preceding fiscal year by more than 10%, after taking into account the amount of the incentive bonus earned by Mr. Suriyakumar. This bonus structure is maintained under Mr. Suriyakumar's employment agreement that was renewed in 2011 to continue to incentivize Mr. Suriyakumar to drive growth in the Company. In light of the continuing softness in our primary markets, and the low absolute level of our pre-tax EPS, this bonus structure could have potentially resulted in an unusually large percentage change and bonus payment to Mr. Suriyakumar. As a result, the Compensation Committee and Mr. Suriyakumar agreed to include a provision in his renewed employment agreement that the amount of the annual incentive bonus is capped at \$4,000,000 per year (plus any amount that is unearned in prior years). Any annual incentive bonus to Mr. Suriyakumar under the amended agreement is payable 70% in cash and 30% in shares of restricted stock. The shares of restricted stock issued to Mr. Suriyakumar under his amended employment agreement will vest at the rate of 25% each year on the first four anniversaries of the date of grant. Under Mr. Suriyakumar's original employment agreement, his annual incentive bonus was not capped and was payable 100% in cash. Since the pre-tax EPS growth threshold was not met in 2012, no annual incentive bonus was paid to Mr. Suriyakumar for that year.

Other Executive Officers

As recommended by Mercer prior to signing employment agreements with our executive officers in February 2005 (and in contrast to the annual incentive bonuses available to our President and Chief Executive Officer), our other executive officers are eligible to earn annual incentive bonuses, conditioned upon achievement of overall corporate financial metrics and fulfillment of individual performance criteria as recommended by the Chief Executive Officer and approved by the Compensation Committee. We intend that these goal-oriented awards be responsive to changing internal and external business conditions and objectives from year to year. Based on the accomplishments of our executive officers in past years, we continue to believe that carefully crafted, objectives-based annual incentive bonuses will drive operational, financial, and technological success. Accordingly, at the beginning of each fiscal year, overall corporate financial metrics and individual performance objectives are established for each of our other executive officers (apart from our President and Chief Executive Officer) against which their actual performance is measured after the end of the relevant fiscal year.

The incentive bonus objectives for our other executive officers (apart from our President and Chief Executive Officer) are proposed to the Compensation Committee annually by our President and Chief Executive Officer, and the Compensation Committee reviews and refines the objectives with the President and Chief Executive Officer. The Compensation Committee also evaluates actual performance of these executive officers with the President and Chief Executive Officer periodically throughout the year. After fiscal year end, the Compensation Committee conducts a final review with our President and Chief Executive Officer of the performance of each of these executive officers and approves annual incentive bonuses payable to them.

In 2012, payment of annual incentive bonuses to our other executive officers (apart from our President and Chief Executive Officer) was subject to achievement of a minimum adjusted annual EPS target of \$0.05. (For a definition of adjusted annual EPS, please refer to the description of Non-GAAP Financial Measures described in our 2012 annual report on Form 10-K, specifically the reconciliation of net loss attributable to ARC to unaudited adjusted net (loss) income attributable to ARC and loss per share to adjusted (loss) earnings per share.). Since the adjusted annual EPS target for 2012 was not met, no annual incentive bonuses were paid for the 2012 fiscal year.

The shares subject to such option grants will vest at the rate of 25% each year on the first four anniversaries of the date of grant.

Voluntary Temporary Executive Compensation Program Changes

We strive to keep our executive compensation program nimble in order to reflect the business conditions in our industry and the economy as a whole. As such, components of our executive compensation program have been temporarily adjusted over the last several years to take into account prevailing economic conditions. Those changes are summarized below.

2009 Fiscal Year. In light of prevailing economic conditions in 2009, and in connection with the Company's overall cost reduction initiative, the employment agreements with our executive officers were amended in March 2009 to provide for voluntary temporary reductions of their respective base salaries from the effective date of the reduction through January 31, 2010 (or, in the case of Mr. Suriyakumar, until December 31, 2009). Under their respective employment agreement amendments, Mr. Suriyakumar agreed to a 50% reduction in base salary and each of Messrs. Mather, Roy and Wijesuriya agreed to a 10% reduction in base salary. In addition, under the employment agreement amendments, each of Messrs. Suriyakumar, Mather, Roy and Wijesuriya agreed to a waiver of the bonus opportunity for the Company's fiscal year 2009.

2010 Fiscal Year. Due to continued economic weakness in 2010, particularly in the AEC industry (the Company's primary market), the employment agreements with our executive officers were amended in early 2010 to provide for temporary 10% base salary reductions through the remainder of fiscal year 2010, with additional 5% base salary reductions effective from July through December 2010.

2011 Fiscal Year. In light of then-projected continuing challenges in the AEC industry, Mr. Suriyakumar agreed to a 25% temporary base salary reduction, Mr. Wijesuriya agreed to a 15% temporary base salary reduction and Mr. Roy agreed to a 10% base salary reduction from the date of amendment of their employment agreements in early 2011 through the remainder of fiscal year 2011.

2012 Fiscal Year. In light of projected continuing challenges in the AEC industry in 2012, Mr. Suriyakumar agreed to a 10% temporary base salary reduction, and each of Messrs. Wijesuriya and Roy agreed to a 5% temporary base salary reduction for fiscal year 2012. Later in the year, in view of continuing weakness in our markets, Messrs. Suriyakumar, Roy, and Wijesuriya agreed to an additional 10% base salary reduction from November 2012 to the end of December 2012. Mr. Toth agreed to a 10% base salary reduction from November 2012 to the end of December 2012, and Mr. Avalos agreed to a 5% base salary reduction during the same time period.

2013 Fiscal Year. Due to the ongoing challenges in the AEC industry in 2013, Mr. Suriyakumar agreed to a continuing 10% temporary base salary reduction in addition to the original 2012 reduction for a total of 20% temporary base salary reduction through December 31, 2013. Each of Messrs. Wijesuriya and Roy also agreed to a continuing 5% temporary base salary reduction in addition to the original 2012 reduction for a total of 10% temporary base salary reduction through December 31, 2013. Mr. Toth agreed to a continuing 10% temporary base salary reduction through December 31, 2013, and Mr. Avalos agreed to a continuing 5% temporary base salary reduction through December 31, 2013.

Equity Grants

We believe that equity grants provide our executive officers, non-executive officers and other management-level employees with a strong link to our long-term performance, create an ownership culture and closely align the interests of these employees with the interests of our stockholders. The purpose of equity grants is to encourage a long-term view of the Company's success and to reward achievements with respect to the Company's strategic goals and financial performance priorities, as well as individual performance. Grants are generally made once per year at a Compensation Committee meeting during the first half of the fiscal year, although the Compensation Committee retains the right to make grants at other meetings if there are questions or open discussion items regarding such grants. We do not decide when to grant equity awards based on our plans for release of material information to the public and we do not time the release of material information to the public based on when we make equity grants.

Table of Contents

Stock Options

Our executive officers and our non-executive, management-level employees are eligible to receive stock options pursuant to our stock plan. We made the following stock option grants to our executive officers:

In 2012, Mr. Suriyakumar, our President and Chief Executive Officer, was granted, as an annual long-term incentive award, an option to purchase 100,000 shares of the Company's common stock under our 2005 Stock Plan.

In 2012, Mr. Roy, our Chief Technology Officer, was granted, as an annual long-term incentive award, an option to purchase 100,000 shares of the Company's common stock under our 2005 Stock Plan.

In 2012, Mr. Wijesuriya, our Chief Operating Officer, was granted, as an annual long-term incentive award associated with his employment agreement, options to purchase 63,941 shares and 10,000 shares of the Company's common stock under our 2005 Stock Plan.

In 2012, Mr. Toth, our Chief Financial Officer, was granted, as an annual long-term incentive award, an option to purchase 30,000 shares of the Company's common stock under our 2005 Stock Plan.

In 2012, Mr. Avalos, our Chief Accounting Officer, was granted, as an annual long-term incentive award, an option to purchase 20,000 shares of the Company's common stock under our 2005 Stock Plan.

Details regarding these stock option grants are included in the Summary Compensation Table in this proxy statement.

Restricted Stock Awards

We use restricted stock awards on a targeted basis as a component of our executive compensation program. We believe that grants of restricted stock rewards exceptional performance by providing to our executive officers an opportunity for immediate ownership of our common stock, while also providing retention value through the imposition of vesting conditions. Restricted stock awards foster an ownership culture and help motivate our executive officers to perform at peak levels across economic and business cycles because the value of these awards is linked to the Company's long-term performance. The Company determines the performance-based conditions for an award of restricted stock, and the conditions for vesting of restricted shares, as appropriate from time to time.

In 2012, we did not grant any shares of restricted stock to our executive officers.

We have reviewed and considered other forms of long-term equity compensation in addition to stock options and restricted stock. Considering the impact of alignment with stockholder interests, accounting costs, perceived value, and cash cost to the Company, we believe that granting long-term equity incentives primarily in the form of stock options and restricted stock, is the best approach for the Company.

Change of Control and Severance Arrangements

We have implemented change of control and severance arrangements for each of our executive officers, including salary and health benefits continuation through specific post-termination periods and accelerated vesting of restricted stock and stock options. We believe that implementing these types of arrangements for our executive officers is an important retention element by providing security against arbitrary termination and that they are appropriate elements of competitive market compensation. Currently, Messrs. Suriyakumar, Roy, Toth, Wijesuriya and Avalos have change of control and severance arrangements, which are described in the Employment Contracts Change in Control and Severance Arrangements section of this proxy statement.

Employee Stock Purchase Plan

We offer all of our employees, including our executive officers, the opportunity to purchase our common stock through a tax-qualified employee stock purchase plan (ESPP). Under our ESPP, as amended, employees may elect to purchase annually, at a 15% discount (from the closing price of our common stock on the NYSE on the applicable date of purchase), up to the lesser of (a) 2,500 shares of our common stock, or (b) that number of shares of our common stock having an aggregate fair market value of \$25,000.

Table of Contents

Other Compensation

Our executive officers are eligible to participate in our health, life and disability insurance plans, and our 401(k) plan to the same extent that our other employees are entitled to participate in such plans. In 2009 in response to the prevailing economic conditions, our 401(k) plan was amended to eliminate the Company's mandatory matching contribution and to provide for discretionary matching contributions by the Company. This change applies to all 401(k) plan participants, including our executive officers. Our employment agreements with certain of our executive officers also provide for payment of certain perquisites, including car allowances and club membership dues. We believe that these benefits are desirable and appropriate in order to retain talent and remain competitive in the marketplace and are generally consistent with the practices of our peers. Details about these perquisites are included in the Summary Compensation Table.

We have no current plans to further amend the employment agreements with our executive officers (except as required by law or as required to clarify the benefits to which our executive officers are entitled as set forth therein) or change the levels of benefits provided thereunder.

Summary

After its review of all existing programs, consideration of current market and competitive conditions and alignment with our overall compensation objectives and philosophy, the Compensation Committee believes that the total compensation program for our executive officers is focused on increasing value for stockholders and enhancing the Company's performance. The Compensation Committee currently believes that a significant portion of compensation of executive officers is properly tied to stock appreciation or stockholder value through stock options, restricted stock awards and/or annual incentive bonus measures. The Compensation Committee believes that our executive compensation levels are competitive with compensation programs offered by other companies with which we compete for executive talent.

Potential Payments Upon Termination or Change-in-Control

We have entered into employment agreements with our executive officers that require us to provide compensation and other benefits to our executive officers if their employment terminates or they resign under specified circumstances.

The following discussion summarizes the potential payments upon termination of employment pursuant to employment agreements with our executive. The amounts specified below assume that employment terminated on December 31, 2012 and the calculations of the value of equity awards reflect the closing price of our common stock on the NYSE on December 31, 2012.

Kumarakulasingam Suriyakumar. If Mr. Suriyakumar is terminated without Cause (as defined below) or his employment terminates for Good Reason (as defined below), he is entitled to receive: (a) his base salary through the February 9, 2014 expiration of his employment agreement; (b) continued payment of premiums for him and his eligible dependents to remain covered by our group medical insurance programs, until the earlier of (i) medical insurance coverage being available through another employer, (ii) termination of eligibility for his children under our policies and applicable laws, or (iii) qualification of him and his spouse, in each instance, for Medicare coverage; (c) continued payment of employer-paid benefits, including without limitation, the lease of automobiles, through the February 9, 2014 expiration of his employment agreement, provided that the annual cost to the Company shall not exceed \$10,000; and (d) immediate vesting of any unvested stock options, restricted stock or similar rights granted to him as of the effective date of termination. As of December 31, 2012, payment of all the foregoing in connection with termination of Mr. Suriyakumar's employment without Cause or for Good Reason would have totaled approximately \$1,078,485. Accelerated vesting of Mr. Suriyakumar's outstanding unvested stock options would have resulted in vesting of 100,000

Accelerated vesting of Mr. Suriyakumar's unvested restricted stock would have resulted in vesting of 1,083 shares of unvested restricted common stock outstanding as of December 31, 2012 with an aggregate market value of approximately \$2,772. In the case of both stock options and restricted stock, the aggregate market value is based on the closing price on the NYSE on December 31, 2012.

The severance payments and benefits described above are only payable if the executive officer executes and delivers to us an agreement releasing us and our related parties for all claims and liabilities that the executive officer may have against us and our related parties.

Under each of our employment agreements with Messrs. Suriyakumar, Roy, Toth, Wijesuriya and Avalos:

Cause means a willful refusal to perform the duties set forth in the agreement or as delegated to him, gross negligence, self dealing or willful misconduct injurious to the Company, fraud or misappropriation of our business and assets, habitual insobriety or use of illegal drugs, any felony conviction or guilty plea that harms the reputation or business of the Company, or material breach of the employment agreement or any material policy of the Company.

Good Reason means a material change in his respective duties and responsibilities set forth in the employment agreement, without his written consent, a reduction in his compensation, other than voluntary reductions, or as expressly provided in the employment agreement, a material breach by the Company of any other material terms of the employment agreement, or a change of control, as a result of which he is not offered the same or comparable position in the surviving company, or within 12 months after accepting such position, he is terminated without Cause, or he terminates his employment for Good Reason, as provided in the employment agreement. Certain of our executive officers entered into amendments to their respective employment agreements in 2009 through 2012 in connection with voluntary temporary reductions in base salary, thereby voluntarily waiving any claim for termination for Good Reason due to a temporary base salary reduction in fiscal years 2009 through 2012.

Change of Control means: (a) our being merged with any other corporation, as a result of which we are not the surviving company or our shares are not exchanged for or converted into more than 50% of the voting securities of the merged company; (b) our sale or transfer of all or substantially all of our assets; or (c) any third party becoming the beneficial owner in one transaction or a series of transactions within 12 months, of at least 50% of our voting securities

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of our Compensation Committee from January 2012 to December 2012 were Messrs. Formolo, McCluggage, McNulty and Perez de la Mesa. No member of our Compensation Committee during the last fiscal year (i) was, during fiscal year 2012, an officer or employee of the Company, (ii) was formerly an officer of the Company, or (iii) had any relationship requiring disclosure under Item 404 of Regulation S-K promulgated under the Securities Act of 1933, as amended (the Securities Act).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain of our directors, executive officers, 5% beneficial owners and their affiliates have engaged in transactions with us in the ordinary course of business. We believe these transactions involved terms comparable to terms that would be obtained from an unaffiliated third party at the times the transactions were consummated. The following is a description of these transactions during our fiscal year ended December 31, 2012.

Related Party Real Property Leases

During our fiscal year ended December 31, 2012, we were a party to real property leases with entities owned by our former Chairman of the board and greater-than-5% stockholder, Mr. Chandramohan, and our current Chairman of the Board, President and Chief Executive Officer, Mr. Suriyakumar, for five of our facilities located in Los Angeles, California, San Jose, California, Irvine, California, Sacramento, California, and Costa Mesa, California. These facilities are leased to us under written lease agreements between us and Sumo Holdings Los Angeles, LLC, Sumo Holdings San Jose, LLC, Sumo Holdings Irvine, LLC, Sumo Holdings Sacramento, LLC, Sumo Holdings Costa Mesa, LLC, and Dieterich-Post Company, respectively. Messrs. Chandramohan and Suriyakumar are the only members of each of the Sumo Holdings limited liability companies and collectively own 85% of the outstanding shares of Dieterich-Post Company.

Under these real property leases, we paid these entities rent in the aggregate amount of \$1.1 million in 2012. We were also obligated to reimburse these entities for certain real property taxes and the actual costs incurred by these entities for insurance and maintenance on a triple net basis.

Policies and Procedures Regarding Related Transactions

The real property leases described above were originally entered into by us between November 17, 1997 and September 23, 2003. Our board of directors determined that, as of the February 2005 closing of our initial public offering, we would not enter into any arrangements to lease any additional facilities from Messrs. Chandramohan and Suriyakumar or their affiliates. Our board of directors reviews and approves the renewal terms for any existing real property leases and requires that any extensions will not be approved if the proposed base rent exceeds the then-existing fair market rate in the applicable geographic market. Our Chief Financial Officer reviews relevant market data to ensure that lease term base rent for any extension term does not exceed the fair market rate and is authorized to consult with and retain the services of professionals, as necessary, to determine prevailing market rental rates.

In addition to the guidelines regarding real property leases, guidelines adopted by our board of directors require that the board review and approve any proposed transaction with any principal stockholder, director, or executive officer, including their affiliates and other related persons.

Indemnification Agreements

We have entered into, and expect to continue to enter into, indemnification agreements with our directors and executive officers that provide indemnification under certain circumstances for acts and omissions that may not be covered by any directors and officers liability insurance. The indemnification agreements may require us, among other things, to indemnify our officers and directors against certain liabilities that may arise by reason of their status or service as officers and directors (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain officers and directors insurance if available on reasonable terms.

Registration Rights Agreement

On April 10, 2000, we entered into a registration rights agreement with Messrs. Chandramohan and Suriyakumar, and with certain other holders of our common stock and holders of warrants to purchase our common stock, including entities affiliated with our director, Mr. Formolo, and our former director, Mr. Code, which registration rights agreement was amended as of December 29, 2004. Currently, the registration rights agreement is only in effect with respect to shares held by Messrs. Chandramohan and Suriyakumar (or entities in which they control a majority of voting shares), which are entitled to certain rights with respect to the registration of such shares under the Securities Act. These registration rights are summarized below.

Piggyback Registrations. If we propose to register any of our equity securities under the Securities Act (other than pursuant to a demand registration of registrable securities or a registration on Form S-4 or Form S-8) for us or for holders of securities other than the registrable securities, we will offer the holders of registrable securities the opportunity to register their registrable securities.

Conditions and Limitations; Expenses. The registration rights are subject to conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration and our right to delay or withdraw a registration statement under specified circumstances. We will pay the registration expenses of the holders of registrable securities in demand registrations and piggyback registrations in connection with the registration rights agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors and certain officers of the Company and persons who own more than 10% of our common stock to file with the SEC initial reports of beneficial ownership (Form 3) and reports of subsequent changes in their beneficial ownership (Form 4 or Form 5) of ARC's common stock. Such directors, officers and greater-than-10% stockholders are required to furnish us with copies of the Section 16(a) reports they file. The SEC has established specific due dates for these reports, and ARC is required to disclose in this report any late filings or failures to file.

Based solely on our review of copies of the Section 16(a) reports received or written representations from such officers, directors and greater-than-10% stockholders, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater-than-10% stockholders were complied with during the fiscal year ended December 31, 2012.

ADDITIONAL INFORMATION

Householding

Under rules adopted by the SEC, we are permitted to deliver a single set of any proxy statement, information statement, annual report and prospectus to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, called householding, allows us to reduce the number of copies of these materials we must print and mail. Even if householding is used, each stockholder will continue to receive a separate proxy card or voting instruction card.

The Company is not householding for those stockholders who hold their shares directly in their own name. If you share the same last name and address with another Company stockholder who also holds his or her shares directly, and you would each like to start householding for the Company's annual reports, proxy statements, information statements and prospectuses for your respective accounts, then please contact our corporate secretary c/o ARC Document Solutions, Inc., 1981 North Broadway, Suite 385, Walnut Creek, California 94596, Attention: John E.D. Toth, Secretary, telephone (925) 949-5100.

This year, some brokers and nominees who hold Company shares on behalf of stockholders may be participating in the practice of householding proxy statements and annual reports for those stockholders. If your household received a single proxy statement and annual report for this year, but you would like to receive your own copy this year, please contact our corporate secretary c/o ARC Document Solutions, Inc., 1981 North Broadway, Suite 385, Walnut Creek, California 94596, Attention: John E.D. Toth, Secretary, telephone

(925) 949-5100, and we will promptly send you a copy. If a broker or nominee holds Company shares on your behalf and you share the same last name and address with another stockholder for whom a broker or nominee holds Company shares, and together both of you would like to receive only a single set of the Company's disclosure documents, please contact your broker or nominee as described in the voting instruction card or other information you received from your broker or nominee.

If you consent to householding, your election will remain in effect until you revoke it. Should you later revoke your consent, you will be sent separate copies of those documents that are mailed at least 30 days or more after receipt of your revocation.

Stockholder Proposals for the 2014 Annual Meeting

The stockholder's notice must include the specific items set forth in our Second Amended and Restated Bylaws. If a stockholder submits a proposal pursuant to our bylaws, we are not required to include that proposal in our proxy materials for the 2014 annual meeting of stockholders.

In order to submit a proposal for inclusion in our proxy materials for the 2014 annual meeting of stockholders, a stockholder must submit the proposal not later than November 24, 2013 pursuant to Rule 14a-8 of the Exchange Act.

You may contact our corporate secretary c/o ARC Document Solutions, Inc., 1981 North Broadway, Suite 385, Walnut Creek, California 94596, and Attention: John E.D.
