Dear Stockholders:

On behalf of the Board of Directors of Town Sports International Holdings, Inc., I cordially invite you to attend our Annual Meeting of Stockholders, which will be held on Thursday, May 9, 2013 at 10:00 a.m. (New York City time) at Crowne Plaza Times Square, 1605 Broadway, New York, New York 10019.

In accordance with rules approved by the Securities and Exchange Commission allowing companies to furnish proxy materials to their shareholders over the Internet, we are now primarily furnishing proxy materials to our stockholders on the Internet, rather than mailing paper copies of the materials (including our Annual Report to Stockholders for fiscal 2012) to each stockholder. We believe that this e-proxy process will expedite our stockholders' receipt of proxy materials, lower costs, and reduce the environmental impact of our annual meeting. A Notice of Internet Availability of Proxy Materials or a full set of proxy materials was sent on or about March 26, 2013 to our stockholders of record as of the close of business on March 12, 2013. We also provided access to our proxy materials over the Internet beginning on that date. If you did not receive, but would like to receive, a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice or on page 2 of this Proxy Statement. The formal Notice of Annual Meeting and the Proxy Statement follow.

It is important that your shares be represented and voted at the meeting, regardless of the size of your holdings. To have your vote recorded, you should vote over the Internet. In addition, if you have requested or received a paper copy of the proxy materials, you may vote by signing, dating and returning the proxy card sent to you in the envelope accompanying the proxy materials sent to you. We encourage you to vote by any of these methods even if you currently plan to attend the Annual Meeting.

If you decide to attend the Annual Meeting, you can still vote your shares in person if you wish. Please let us know whether you plan to attend the meeting by indicating your plans when prompted over the Internet voting system or, if you have received a paper copy of the proxy materials, by marking the appropriate box on the proxy card sent to you. If you plan to attend the Annual Meeting, please bring proof of ownership and valid picture identification (such as a driver's license or passport) with you to the meeting, as proof of ownership and your picture identification will serve as your admittance pass to the meeting. If you choose to vote over the Internet or, if you have received a paper copy of the proxy materials, by completing the proxy card sent to you, and later decide to attend the Annual Meeting and wish to change your proxy vote, you may do so automatically by voting in person at the Annual Meeting.

We look forward to seeing you at the Annual Meeting.

Sincerely,

Robert J. Giardina

Chief Executive Officer and President

PROXY STATEMENT

General

This Proxy Statement is furnished to the stockholders of record of Town Sports International Holdings, Inc., a Delaware corporation (Town Sports or the Company), as of March 12, 2013, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on Thursday, May 9, 2013, and at any adjournments of such meeting that may take place. The Annual Meeting will be held at 10:00 a.m. (New York City time) at Crowne Plaza Times Square, 1605 Broadway, New York, New York 10019. In accordance with rules approved by the Securities and Exchange Commission, a Notice of Internet Availability of Proxy Materials or proxy statement was sent on or about March 26, 2013 to our stockholders of record as of the close of business on March 12, 2013. We also provided access to our proxy materials over the Internet beginning on that date. If you did not receive, but would like to receive, a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice or on page 42 of this Proxy Statement.

Voting

The specific matters to be considered and acted upon at the Annual Meeting are:

- (i) To elect seven members of the Company s Board of Directors (the Board) as listed herein;
- (ii) To ratify the Audit Committee s appointment of PricewaterhouseCoopers LLP as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2013;
- (iii) To approve, in a non-binding, advisory vote, the compensation paid to our named executive officers as described herein;
- (iv) To determine, in a non-binding advisory vote, whether a stockholder vote to approve the compensation paid to our named executive officers should occur every one, two or three years; and
- (v) To act upon such other business as may properly come before the Annual Meeting.

These matters are described in more detail in this Proxy Statement.

On March 12, 2013, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, 24,020,012 shares of the Company s common stock were issued and outstanding. No shares of the Company s preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 12, 2013. Stockholders may not aggregate their votes in the election of directors.

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

The stock transfer books of the Company will remain open between the record date and the date of the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at the Annual Meeting and for a period of ten days prior to the meeting during regular business hours at the offices of the Company.

The presence, in person or by proxy, at the Annual Meeting of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum in connection with the transaction of business at the Annual Meeting. Abstentions, broker non-votes and withheld votes are each counted as present for the purpose of determining the presence of a quorum.

With respect to the election of the members of the Board, if a quorum is present at the Annual Meeting, the seven nominees who receive the greatest number of votes properly cast (in person or by proxy) by holders of stock entitled to vote in the election will be elected as directors. All other proposals must be approved by the affirmative vote of the holders of a majority of the shares of the common stock present at the Annual Meeting, in person or by proxy, and having voting power.

Table of Contents

Abstentions and Withheld Votes: With respect to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote with respect to the nominee from which they are withheld and will have the same effect as an abstention. Votes that are withheld will not have any effect on the outcome of the election of directors. Abstentions will have the effect of a vote against Proposal No. 2 (ratification of auditors) and Proposal No. 3 (advisory vote on executive compensation) and against all frequencies for Proposal No. 4 (frequency of advisory vote on executive compensation).

Broker Non-Votes: Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at his/her discretion. Under current New York Stock Exchange interpretations that govern broker non-votes, Proposal No. 1 (election of directors), Proposal No. 3 (advisory vote on executive compensation) and Proposal No. 4 (frequency of advisory vote on executive compensation) are considered non-discretionary matters and a broker will lack the authority to vote shares at his/her discretion. Proposal No. 2 (ratification of auditors) is considered a discretionary matter and a broker will be permitted to exercise his/her discretion. Broker non-votes will have no effect on the outcome of Proposal No. 1 (the election of directors), and will have the effect of a vote against Proposal No. 3 (advisory vote on executive compensation) and against all frequencies for Proposal No. 4 (frequency of advisory vote on executive compensation).

While the votes relating to executive compensation and the frequency of future votes on executive compensation are not binding on the Company, the Board will review the voting results and expects to take them into consideration when making future decisions regarding executive compensation.

All votes will be tabulated by the inspector of election appointed for the meeting.

Under the General Corporation Law of the State of Delaware, stockholders are not entitled to dissenter's rights with respect to any matter to be considered and voted on at the Annual Meeting, and the Company will not independently provide stockholders with any such right.

Proxies

Unless revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Annual Meeting and, where a choice has been specified on the proxy card, will be voted in accordance with such specification. Where a choice has not been specified on the proxy card, the proxy will be voted FOR the election of all the nominated directors listed herein, unless the authority to vote for the election of such directors is withheld. In addition, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal No. 2 (ratification of auditors), FOR the approval of Proposal No. 3 (advisory vote on executive compensation), and for ONE YEAR with respect to Proposal No. 4 (frequency of advisory vote on executive compensation) described in this Proxy Statement and as the proxy holders deem advisable for all other matters as may properly come before the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Corporate Secretary of the Company, at the Company's principal executive offices at 5 Penn Plaza (4th Floor), New York, New York 10001, a notice of revocation or another signed Proxy Card with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person. If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy in person at the Annual Meeting if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Voting Shares Without Attending the Annual Meeting

If you are a stockholder of record you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In all circumstances, you may vote:

By Internet If you have Internet access, you may submit your proxy by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card or voting instruction form. If you hold your shares in street name you may also submit voting instructions to your bank, broker or other nominee. In most instances, you will be able to do this over the Internet or by mail. You may vote shares held in street name at the Annual Meeting only if you obtain a signed proxy (legal proxy) from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet or proxy card so that your vote will be counted even if you later were to decide not to attend the Annual Meeting.

If your shares are held beneficially in the name of a bank, broker or other holder of record and you wish to be admitted to attend the Annual Meeting, you must present proof of your ownership of Town Sports International Holdings, Inc. shares, such as a bank or brokerage account statement.

Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of the Notice of Internet Availability of Proxy Materials, this Proxy Statement, the Proxy Card and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, facsimile, or other means (including by directors, officers or employees of the Company, to whom no additional compensation will be paid for any such services).

Deadline for Receipt of Stockholder Proposals

In order to be considered for inclusion in the Company's Proxy Statement and Proxy Card relating to the 2014 Annual Meeting of Stockholders, any proposal by a stockholder submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, must be received by the Company at its principal executive offices in New York, New York, on or before November 26, 2013.

Table of Contents

Our bylaws require advance notice of business to be brought before a stockholders' meeting, including nominations of persons for election as directors. To be timely, any proposal for consideration at the 2014 Annual Meeting of Stockholders submitted by a stockholder (other than for inclusion in the Company's Proxy Statement pursuant to Rule 14a-8) must be delivered to or mailed and received by the Corporate Secretary of the Company at the principal executive offices of the Company not earlier than the close of business on December 10, 2013 and not later than the close of business on January 9, 2014; and in any event such proposal will be considered timely only if it is otherwise in compliance with the requirements set forth in the By-Laws. The proxy solicited by the Board for the 2014 Annual Meeting of Stockholders will confer discretionary authority to vote as the proxy holders deem advisable on such stockholder proposals which are considered untimely.

Table of Contents**MATTERS TO BE CONSIDERED AT ANNUAL MEETING****PROPOSAL ONE ELECTION OF DIRECTORS****General**

Upon the recommendation of the Nominating and Corporate Governance Committee of the Board (the Nominating and Corporate Governance Committee), the Board has proposed for election at the Annual Meeting the seven individuals listed below to serve, subject to the By-Laws, as directors of the Company. All directors are elected annually, and serve until the next Annual Meeting of the Stockholders and until the election and qualification of their successors. If any director is unwilling or unable to stand for re-election (which is not anticipated), the Board may reduce its size or designate a substitute. If a substitute is designated, proxy votes in favor of the original director candidate will be counted for the substituted candidate. All of the nominees for director currently serve as directors.

All of the nominees have consented to be named and, if elected, to serve, and management has no reason to believe that any of them will be unavailable to serve. If any of the nominees is unable or declines to serve as a director at the time of the Annual Meeting, the proxies may be voted in the discretion of the persons acting pursuant to the proxy for the election of other nominees. It is intended that the proxies delivered pursuant to this solicitation will be voted for the election of all such persons except to the extent the proxy is specifically marked to withhold such authority with respect to one or more of such persons. Although stockholder ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP is not required, the Board considers it desirable for the stockholders to pass upon the selection of the independent registered public accounting firm. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders.

A representative from PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Fees Billed to the Company by PricewaterhouseCoopers LLP

The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the Company's annual financial statements for the fiscal years ended December 31, 2011 and 2012, for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for those fiscal years and for other services rendered during those fiscal years on behalf of the Company were as follows:

Category	2011	2012
Audit Fees(1)	\$ 1,136,000	\$ 1,282,000
All Other Fees(2)	\$ 2,400	\$ 2,700

(1) Audit fees are for fees and expenses associated with professional services rendered by PricewaterhouseCoopers in connection with (i) the audits of the Company's annual consolidated financial statements and internal control over financial reporting, including services related to statutory audits of certain of our subsidiaries, (ii) reviews of unaudited interim financial statements included in the Company's quarterly reports on Form 10-Q and (iii) reviews of documents filed with the SEC.

(2) All other fees are related to online research access.

The Audit Committee has determined that the provision of services discussed above is compatible with maintaining the independence of PricewaterhouseCoopers LLP from the Company.

Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and permissible non-audit services. The Audit Committee has authorized each of its members to pre-approve audit, audit-related, tax and non-audit services, provided that such approved service is reviewed with the full Audit Committee at its next meeting.

As early as practicable in each fiscal year, the independent registered public accounting firm provides the Audit Committee with a schedule of the audit and other services that it expects to provide or may provide during the fiscal year. The schedule is specific as to the nature of the proposed services, the proposed fees and other details that the Audit Committee may request. The Audit Committee by resolution authorizes or declines the proposed services. Upon approval, the schedule serves as the budget for fees by specific activity or service for the fiscal year.

A schedule of additional services proposed to be provided by the independent registered public accounting firm or proposed revisions to services already approved, along with associated proposed fees, may be presented to the Audit Committee for its consideration and approval at any time. The schedule is required to be specific as

to the nature of the proposed service, the proposed fee, and other details that the Audit Committee may request. The Audit Committee intends by resolution to authorize or decline authorization for each proposed new service.

The Audit Committee pre-approved 100% of the audit fees and all other services for the fiscal years ended December 31, 2011 and 2012.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and having voting power is required to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP. Abstentions will have the effect of a vote against this proposal. We believe that there can be no broker non-votes with respect to Proposal No. 2 because brokers should have discretion under current stock exchange rules to vote uninstructed shares on Proposal No. 2.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE AUDIT COMMITTEE'S SELECTION OF PRICEWATERHOUSECOOPERS LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

PROPOSAL THREE ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

General

We are asking our stockholders to approve, in a non-binding, advisory vote, the compensation paid to our named executive officers as disclosed beginning on page 24 of this proxy statement. In connection with this vote, stockholders may also wish to consider the discussion regarding the Compensation Committee beginning on page 12. While the results of this vote are advisory, our Compensation Committee intends to carefully consider the results of this vote when making future compensation decisions.

The language of the resolution is as follows:

RESOLVED, THAT THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED PURSUANT TO ITEM 402 OF REGULATION S-K, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION, IS HEREBY APPROVED.

In particular, as discussed in Executive Compensation Compensation Discussion and Analysis, stockholders should note the following:

Our executive compensation program is designed to closely link rewards to executives with performance that leads to the creation of stockholder value.

In particular, a substantial portion of compensation for our senior executives consists of performance-based annual cash incentives and long-term equity incentives, which play a significant role in aligning management's interests with those of our stockholders.

Our annual cash incentives for our senior executives are determined on the basis of our Adjusted EBITDA performance, budgeted revenue and return on assets, with consideration given to qualitative individual performance factors. Annual cash incentives earned over specified thresholds are required to be deferred, increasing the retention value of awards.

The Company uses perquisites and personal benefits on a limited basis.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and having voting power is required to approve the compensation paid to our named executive officers. Abstentions and broker non-votes will have the effect of a vote against this proposal. Although the vote is non-binding, the Compensation Committee and Board expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL FOUR ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF STOCKHOLDER VOTES ON EXECUTIVE COMPENSATION

General

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act) and the related rules of the SEC, we are submitting for stockholder consideration a separate resolution to determine, in a non-binding advisory vote, whether a stockholder vote to approve the compensation paid to our named executive officers (that is, votes similar to the non-binding, advisory vote in Proposal No. 3) should occur every one, two or three years. While the results of the vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote.

After careful consideration of this proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate policy for the Company at this time, and, therefore, our Board of Directors recommends that you vote for future advisory votes on executive compensation to occur each year.

In formulating its recommendation, our Board of Directors recognized that the Company's executive compensation programs are designed to promote a long-term connection between pay and performance. However, because executive compensation disclosures are made annually, the Board of Directors considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. We understand that our stockholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our stockholders on this proposal.

Required Vote

Approval of a specific frequency requires the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and having voting power. Abstentions and broker non-votes will have the effect of a vote against all frequencies. If none of the frequencies receives a majority vote, we will consider the highest number of votes cast by stockholders to be the frequency that has been selected by stockholders. However, because this vote is advisory and not binding on the Board or the Company, the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option receiving the highest vote total from our stockholders.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE ONE YEAR WITH RESPECT TO THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED AN ADVISORY VOTE ON THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS.

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

The Board affirmatively has determined that a majority of our current directors Messrs. Arnold, Bruckmann, Edmonds, Flood, Galligan and McCall are independent under, and as required by, the listing standards of The Nasdaq Stock Market. Mr. Giardina is not considered independent due to his employment with the Company as Chief Executive Officer and President. The Board had determined that Keith Alessi, a former director of the Company who did not stand for re-election in May 2012, was independent. In making its independence determinations, the Board considered and reviewed the various commercial, charitable and employment transactions and relationships known to the Board (including those identified through annual directors' questionnaires) that exist between us and our subsidiaries and the entities with which certain of our directors, director nominees or members of their immediate families are, or have been, affiliated. Specifically, the Board's independence determinations included reviewing Mr. Bruckmann's affiliation with BRS, who in the past received payments from our Company under a professional services agreement, which was terminated in September 2008, as well as his stock and debt ownership. Since 2008, there were no amounts paid by the Company to BRS under the professional services agreement. In addition, BRSE Associates, Inc., an affiliate of BRS, did not own any shares of our common stock during 2011 or 2012. The Board further determined that BRSE's previous ownership of our common stock did not affect Mr. Bruckmann's independence. The Board determined that none of the transactions or relationships identified were material or affected the independence of Mr. Bruckmann under the applicable Nasdaq rules.

Board Structure

Since the time of our initial public offering in 2006, it has been our policy to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of separation of these two positions is most appropriate for our Company. In today's challenging economic and regulatory environment, directors, more than ever, are required to spend a substantial amount of time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having an independent Chairman, whose sole job is to lead the Board, allows our Chief Executive Officer, Mr. Giardina, to completely focus his time and energy on running the day-to-day operations of our Company. We believe that our Chief Executive Officer and our Chairman have an excellent working relationship and open lines of communication. The Board currently has seven members and the following four committees: Audit; Compensation; Nominating and Corporate Governance and Executive. Each of the four committees is led by an independent director, and we believe that the number of independent, experienced directors that make up our board, along with the independent leadership of each of our committees, and the independent oversight of the board by the non-executive Chairman, benefits our company and our stockholders.

Board Committees and Meetings

The Board held ten (10) meetings during the fiscal year ended December 31, 2012, which is referred to in this Proxy Statement as the 2012 Fiscal Year. In the 2012 Fiscal Year, each incumbent director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board, and (ii) the total number of meetings held by all committees of the Board on which such director served (in each case, for meetings held during the period in the 2012 Fiscal Year for which such director served).

The Board meets in executive session, without the presence of any of the Company's officers, at least twice per year and upon the request of any independent director. Currently, all directors are independent, other than Mr. Giardina who is not considered to be independent due to his employment with the Company.

All members of the Board are encouraged to attend the Company's annual meeting of stockholders. All but one of our directors serving at that time were present at the 2012 annual meeting of our stockholders.

Audit Committee

The Audit Committee appoints our independent registered public accounting firm, subject to ratification by our stockholders, reviews the plan for and the results of the independent audit, approves the fees of our independent registered public accounting firm, reviews with management and the independent registered public accounting firm our quarterly and annual financial statements and our internal accounting, financial and disclosure controls, reviews and approves transactions between Town Sports and its officers, directors and affiliates and performs other duties and responsibilities as set forth in a charter approved by the Board. The Audit Committee currently consists of four members of our Board: J. Rice Edmonds, John H. Flood III, Thomas J. Galligan III (Chair), and Kevin McCall. Each member of our Audit Committee is independent, as independence is defined for purposes of Audit Committee membership by the listing standards of Nasdaq and the applicable rules and regulations of the Securities and Exchange Commission (SEC). The Audit Committee held four (4) meetings during the 2012 Fiscal Year.

The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements, including our balance sheet, income statement and cash flow statement, as required by Nasdaq rules. In addition, the Board has determined that Mr. Galligan satisfies the Nasdaq rule requiring that at least one member of the Audit Committee of our Board have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the member's financial sophistication, including being, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board has also determined that Mr. Galligan is an audit committee financial expert as defined by the SEC.

The Company is exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. During each meeting of the Board of Directors, management discusses with the Board the Company's major risk exposures and the steps management has taken to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. For example, at each Board meeting, the Board will discuss with management factors affecting the Company's financial risk, which include, among others, events impacting revenue, cost saving initiatives, and capital expenditure budgets and results; factors affecting the Company's operations, including, among others customer satisfaction, logistics related to the opening of new clubs or closing of clubs, hiring and promotion plans for club and corporate personnel, marketing programs, and factors related to regulatory and legal compliance, including, among others, updates of pending litigation, discussions with contract counterparties, and relevant regulatory updates.

Compensation Committee

The Compensation Committee of our Board evaluates performance and establishes and oversees executive compensation policy and makes decisions about base pay, incentive pay and any supplemental benefits for our

executive officers. The Compensation Committee also administers our stock incentive plans and approves the grant of equity awards, the timing of the grants and the number of shares for which equity awards are to be granted to our executive officers, directors and other employees. The Compensation Committee also performs other duties and responsibilities as set forth in a charter approved by the Board. The Compensation Committee currently consists of four members of our Board: Paul N. Arnold (Chair), Bruce C. Bruckmann, Thomas J. Galligan III, and Kevin McCall. Each member of the Compensation Committee is independent, as required by the listing standards of Nasdaq. In addition, each member is an outside director, as defined under applicable federal tax rules and each of Messrs. Arnold, Galligan and McCall is a non-employee director, as defined under the applicable rules and regulations of the SEC. In fulfilling its responsibilities, the Compensation Committee is entitled to delegate any or all of its responsibilities to a subcommittee of the Compensation Committee. In 2011, the Compensation Committee established a subcommittee consisting of Messrs. Arnold, Galligan and McCall for purposes of granting awards under the Amended and Restated Town Sports International Holdings, Inc. 2006 Stock Incentive Plan (the 2006 Stock Incentive Plan). The Compensation Committee held six (6) meetings during the 2012 Fiscal Year and the subcommittee of the Compensation Committee held three (3) meetings during the 2012 Fiscal Year.

When considering decisions concerning the compensation of the executive officers listed in the Summary Compensation Table (the Named Executive Officers) (other than the Chief Executive Officer), the Compensation Committee asks for the Chief Executive Officer's recommendations, including his evaluation of each Named Executive Officer's performance. Each December, in connection with the preparation of the Company's annual budget for the immediate succeeding fiscal year, the Chief Executive Officer and the Chief Financial Officer review the compensation of all key employees of the Company, including the Named Executive Officers. Once the Chief Executive Officer and the Chief Financial Officer have finalized the budget, the compensation component of the budget for the Named Executive Officers is submitted to the Compensation Committee for its review and approval. Following its approval, the entire proposed budget is submitted to Board for its review and approval.

No Named Executive Officer has a role in determining or recommending compensation for outside directors.

In addition, the Compensation Committee has the authority under its charter to retain outside consultants or advisors, as it deems necessary or advisable. In 2012, the Compensation Committee retained the services of Axiom Consulting Partners (Axiom), an outside compensation consultant, to review the executive and director compensation programs of the Company as it pertains to the Chief Executive Officer, the other executive officers and the non-employee members of the Board of Directors.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of our Board selects nominees to be recommended by the Board for election as directors and for any vacancies in such positions. The Nominating and Corporate Governance Committee also oversees the evaluation of our Board and management and oversees our Code of Ethics and Business Conduct. The Nominating and Corporate Governance Committee also performs other duties and responsibilities as set forth in a charter approved by the Board. The Nominating and Corporate Governance Committee currently consists of four members of our Board: J. Rice Edmonds, John H. Flood, Thomas J. Galligan III and Kevin McCall (Chair). Each member of the Nominating and Corporate Governance Committee is independent, as independence is defined for purposes of Nominating and Corporate Governance Committee membership by the listing standards of Nasdaq. The Nominating and Corporate Governance Committee held one (1) meeting during the 2012 Fiscal Year.

The Board seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. In that regard, in identifying candidates for membership on the Board of Directors, the Nominating and Corporate Governance Committee considers all factors it deems appropriate. The Nominating and Corporate Governance Committee considers director nominees on a case-by-case basis, and therefore has not formalized any specific, minimum qualifications that it believes must be met by a director nominee, identified any specific

Table of Contents

qualities or skills that it believes are necessary for one or more of our directors to possess, or formalized a process for identifying and evaluating nominees for director, including nominees recommended by stockholders. Although the Board does not have a policy with regard to the consideration of diversity in identifying director nominees, among the many factors that the Nominating and Corporate Governance Committee considers, are the benefits to the Company of gender and racial diversity in board composition.

When considering whether the Board's directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board focused primarily on the information discussed in each of the Board members' or nominees' biographical information set forth on pages 5-6. Table of Contents

Each chairman of each Committee of the Board (other than the chairman of the Audit Committee and the chairman of the Compensation Committee) will receive an additional \$6,000 annual retainer.

The annual retainer amounts set forth above shall be payable quarterly in arrears on the fifth business day prior to the end of each calendar quarter. For each year, any such Board member may elect (by giving written notice to the Company on or before the first business day of the applicable calendar year) to receive such annual retainer in the form of shares of Common Stock of the Company, payable quarterly in arrears on the fifth business day prior to the end of each calendar quarter under the Town Sports International Holdings, Inc. 2006 Stock Incentive Plan (with the value of such shares of Common Stock being the Fair Market Value (as defined in the 2006 Stock Incentive Plan) thereof on the fifth business day before the end of each calendar quarter). Notwithstanding the preceding sentence, any Board member who has so elected to receive such annual retainer in the form of shares of Common Stock of the Company may revoke such election for the balance of such calendar year by giving written notice to the Company at any time when such Board member is otherwise eligible to purchase and sell shares of Common Stock of the Company pursuant to the Company's then existing trading policies and procedures with respect to such purchases and sales. This annual retainer will be pro-rated for any partial year.

Each non-employee Board member will receive an annual award of Common Stock on the third Wednesday of each calendar year as follows, with each award being fully vested as of the award date, and will otherwise be subject to the terms of the 2006 Stock Incentive Plan:

Chairman of the Board: shares of common stock with a Fair Market Value (as defined in the 2006 Stock Incentive Plan) of \$45,000 on the award date

Other non-employee Board member: shares of common stock with a Fair Market Value (as defined in the 2006 Stock Incentive Plan) of \$40,000 on the award date

Additional grants may be made from time to time.

Each new non-employee Board member joining the Board will receive an initial award of shares of Common Stock with a Fair Market Value (as defined in the 2006 Stock Incentive Plan) of \$40,000 on the award date, which shares shall be fully vested as of the award date. Each new non-employee Board member will be eligible in the following year to receive the annual award of Common Stock referred to above.

No member of the Board will receive any fees for attending any meetings of the Board or its committees.

Each non-employee Board member and each member of a Board committee will be reimbursed for any out-of-pocket expenses reasonably incurred by him or her in connection with services provided in such capacity.

Stock Ownership Policy

Beginning in 2013, each non-employee Board member will be required to hold shares of common stock with a Fair Market Value (as defined in the 2006 Stock Incentive Plan) equal to four times the amount of the annual cash retainer payable to directors. All shares of common stock bought by the director or an immediate family member residing in the same household, all shares held in trust for the benefit of the director or his or her family, and all shares granted under the Company's equity compensation plans will count towards the satisfaction of these requirements.

Each Non-Employee Director will be required to attain such ownership within five years of joining the Board, or in the case of directors serving as of January 1, 2013, by January 1, 2018, and to continue to meet such requirements as of every December 31 of each successive year. If,

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

following the fifth anniversary of joining the Board (or January 1, 2018 in the case of directors serving as of January 1, 2013), the Fair Market Value (as defined in the 2006 Stock Incentive Plan) of the common stock decreases such that the director is no longer in compliance with these requirements, the director will not be required to acquire any additional shares of common stock.

Table of Contents

In the event that a director fails to comply with these share ownership requirements, he or she will be required to tender his or her resignation from the Board, in which case the Board will, in its discretion, determine whether or not to accept such resignation.

Compensation Discussion and Analysis

2012 Fiscal Year Overview and Summary

2012 Company Performance

During the 2012 Fiscal Year, despite a challenging fourth quarter, including the impact of Hurricane Sandy, the Company achieved improved financial results and was able to return value to shareholders. Specifically, in 2012, the Company delivered:

Total Revenue of \$479.0 million, compared to 2011 Total Revenue of \$466.9 million, an increase of 2.6%.

Operating Margin of 8.7% compared to 7.6% in 2011.

Net Income of \$12.0 million compared to \$6.3 million in 2011, an increase of 89.5%.

Diluted Earnings Per Share of \$0.50 compared to diluted earnings per share of \$0.27 in 2011.

In the 2012 Fiscal Year, we returned significant value to shareholders in the form of a \$3.00 per share dividend paid to our stockholders in December 2012.

2012 Fiscal Year Compensation Decisions and Results

The Compensation Committee made several key compensation determinations in the 2012 Fiscal Year.

Salary: Mr. Giardina received an increase in base salary, from \$520,000 per year to \$650,000, following a review of a benchmarking study against peer companies. The other Named Executive Officers received modest salary increases in the 2012 Fiscal Year, consistent with salary increases of management employees.

Annual Cash Incentive: Our annual cash incentive plan was again subject to the achievement of specified financial targets for the following metrics: Adjusted EBITDA, Return on Assets and Budgeted Revenue. Mr. Giardina's annual bonus opportunity was increased from 75% of salary to 100% of salary, the bonus opportunities for the other Named Executive Officers remained constant from the previous year. We exceeded the Adjusted EBITDA targets and Return on Assets, but underperformed on the Budgeted Revenue target, resulting in achievement of 108.1% of target bonus under the plan.

Long-Term Equity Incentives: Consistent with grants in 2011, the Company granted the Named Executive Officers restricted stock, which vests over a four-year period, subject to continued employment.

Hiring of Terry Kew, Chief Operating Officer: In the 2012 Fiscal Year, the Company hired Terry Kew as Chief Operating Officer. Mr. Kew's employment agreement provides for an annual salary of \$350,000 and an annual bonus opportunity of 50% of base salary, comparable with the compensation paid to our former chief operating officer.

Compensation Objectives and Strategy

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

The Company's compensation program for our executive officers is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability and to reward them for their contribution to the Company's performance and for creating long term value for the Company's stockholders. The primary objectives of the program are to:

Attract and retain top tier executive talent who will draw upon their experience across industries to lead the Company in meeting its objectives

Our overall compensation levels are targeted to attract and retain the best executives in light of the competition for executive talent. The Compensation Committee generally targets total direct compensation (base salary plus annual non-equity incentive compensation at target plus stock-based long-term

Table of Contents

incentive opportunity) at the market median for target performance. However, the competitiveness of individual components (such as base salary, annual non-equity incentive compensation or long-term incentive opportunity) may at times be below or above the market median due to performance achievement against goals, employment experience and labor market demands.

Motivate and reward the achievement of critical strategic, operational and financial objectives through highly transparent programs that directly link performance and pay

A significant component of an executive officer's total compensation package is annual non-equity incentive compensation which links an executive officer's compensation directly to specific financial performance goals of the Company. If the Company does not meet the financial performance targets set by the Compensation Committee, the executive officers generally would not receive any annual non-equity incentive compensation.

Reward for collective accomplishments to support the Company's strong team orientation while promoting individual accountability through achievement of individual goals and milestones

Compensation depends in significant measure on Company results, but individual accomplishments are also very important factors in determining each Named Executive Officer's compensation. For example, annual non-equity incentive compensation is based not only on the financial performance of the Company, but may be adjusted based on a review of the individual performance of an executive. The Compensation Committee also has the ability to award discretionary cash bonuses based on an executive's achievements throughout the year.

Align the interests of executives with those of stockholders

The Compensation Committee believes that the interests of executives and stockholders should be substantially aligned. Accordingly, a portion of the total compensation for the Named Executive Officers is in the form of stock-based compensation, which the Compensation Committee believes keeps the interests of executives aligned with those of the Company's stockholders and promotes a long-term commitment to the Company.

The Company's executive compensation programs are approved and administered by the Compensation Committee of the Board. Working with management, the Compensation Committee has developed a compensation and benefits strategy that rewards performance and productive behaviors and reinforces a culture that the Compensation Committee believes will drive long-term success.

Compensation Determination Process

The Compensation Committee is responsible for setting our executive compensation objectives and policies, establishing our executive compensation program in a manner consistent with those objectives and policies and determining the compensation for our executive officers. Determining the appropriate level of executive compensation is not an exact science and involves careful deliberation and business judgment. See Corporate Governance and Board Matters Committee Membership Compensation Committee for more information on the Compensation Committee and its practices.

The compensation of the Chief Executive Officer (CEO) is determined by the Compensation Committee based on (1) the Compensation Committee's assessment of the Company's overall performance and the individual performance of the CEO, (2) previous compensation levels provided to the CEO and (3) comparable compensation data for the Compensation Comparison Group (described below) provided by Axiom Consulting Partners (Axiom), an outside compensation consultant periodically engaged by the Compensation Committee to review the executive compensation program of the Company as it pertains to the CEO and the other executive officers. The Compensation Committee most recently re-engaged Axiom to perform an analysis of the Company's compensation programs in 2012. The Compensation Committee based its compensation decisions in the first half of the 2012 Fiscal Year upon analysis previously conducted by Axiom in 2010, which had previously been the most recent engagement of Axiom, and its compensation decisions in the latter half of the 2012 Fiscal Year on an analysis provided to the Compensation Committee in July 2012. Axiom does not provide any other services to the Company unless approved by the Compensation Committee, and no such other services were provided.

Table of Contents

in the 2012 Fiscal Year. After considering the relevant factors, the Company has determined that no conflicts of interest have been raised in connection with the services Axiom performed for the Company in the 2012 Fiscal Year.

With respect to compensation for the other Named Executive Officers, the Compensation Committee considers a variety of factors, including Company and individual performance, the recommendations of the CEO, and comparable compensation data for the Compensation Comparison Group provided by Axiom in 2010 and 2012.

The Compensation Committee, with the assistance of the CEO (with respect to the other Named Executive Officers only), seeks to set the target for total direct compensation (that is, the sum of base salary, annual non-equity incentive compensation and stock-based long-term incentive awards) of our executives, including the Named Executive Officers, at levels that are competitive with equivalent positions at a select group of companies that the Compensation Committee believes to be an appropriate reference group (the Compensation Comparison Group). Data for the Compensation Comparison Group includes (1) information about a peer group of companies and (2) data from well-established, publicly available general industry compensation surveys that have been calibrated to compare to companies of the Company's size. The peer group is a group primarily consisting of employee-intensive companies of comparable size that deliver service-oriented, personal selling focused, discretionary fitness and lifestyle-related services in comparatively large facilities. The second group is composed of public companies with median revenue and/or market capitalization comparable to that of the Company. We regard the peer group as potential competition for executive talent. The Compensation Committee believes that the inclusion of information regarding general industry compensation practices reflects the labor market for those executive positions that are not industry-specific, adding to the validity and reliability of the comparison.

Information about the Company's peer group's historical compensation practices was used as one factor in setting 2012 salary and non-equity incentive compensation. The peer group utilized in the 2012 Fiscal Year consisted of the following companies, which were determined in consultation with Axiom: Bluegreen Corporation; Cedar Fair, L.P.; Dover Downs Combined Entity; Isle of Capri Casinos, Inc.; Life Time Fitness, Inc.; Marriott Vacations Worldwide Corporation; Morgans Hotel Group Co.; MTR Gaming Group, Inc.; Nutrisystem, Inc.; Six Flags Entertainment Corporation; Steiner Leisure Limited; The Marcus Corporation; and Weight Watchers International, Inc. The 2012 peer group differed significantly from the peer group developed in consultation with Axiom in 2010 and referenced for compensation decisions in the first half of 2012. The peer group was revised predominantly to remove all restaurants, retail operations and parking operations as a result of feedback from the Compensation Committee and senior management regarding relevant business models. The 2012 peer group includes the fitness, weight reduction/spa services, hotels, resorts and amusement parks industries, with median 2011 fiscal year revenue of \$702 million and median market capitalization of \$368 million as of March 30, 2012. The Company's revenue, operating margin and market capitalization fell in between the 25th and 50th percentiles of those of the peer group.

Pay Levels and Benchmarking

Pay levels for the Named Executive Officers are determined based on a number of factors, including the individual's roles and responsibilities within the Company, the individual's experience and expertise, the pay levels for peers within the Company, pay levels in the marketplace for similar positions and the performance of the individual and the Company as a whole. In determining pay levels, the Compensation Committee considers all forms of compensation and benefits. The Compensation Committee has historically targeted total direct compensation (that is, the sum of base salary, annual cash bonuses and stock-based long-term incentive awards) at the market median of the peer group for target performance. However, as noted above, notwithstanding the Company's overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as performance achievement against goals, the diversity of executive backgrounds, employment history and labor market demands.

Compensation Structure

Pay Elements Overview

The Company utilized four main components of compensation during 2011:

Base Salary fixed cash compensation to attract and retain key executives, recognizing and rewarding the application of their skills and experience in fulfillment of their responsibilities.

Annual Cash Incentive Compensation variable cash compensation paid in accordance with the achievement of established annual objectives.

Long-term Equity Incentives equity-based compensation that grows in value in accordance with long-term value creation, aligning executive and stockholder interests, and giving executives an opportunity to participate in the Company's success over time.

Benefits and Perquisites these may include disability insurance, medical and dental insurance benefits and retirement savings and free membership to the clubs.

Pay Elements Details

1. Base Salary

As part of its review of the annual budget for the immediately succeeding fiscal year, the Board reviews the base salaries and other compensation for our Named Executive Officers and makes adjustments as warranted based on individual responsibilities and performance, Company performance in light of market conditions and competitive practice. Salary adjustments for any given year are generally approved at the end of the immediately preceding year and implemented during the first quarter of the calendar year.

Historically, salary increases have been based on cost of living increases and range from 3-4%. Salary increases for Named Executive Officers are generally consistent with those of other management employees. In November 2011, the Compensation Committee approved a salary increase for all Named Executive Officers, other than Mr. Giardina, of 3% effective January 1, 2012.

In connection with Mr. Giardina's hiring in March 2010, Mr. Giardina's 2010 base salary was set to be identical to that of the departing CEO and President, Alexander Alimanestianu, which had been determined by Axiom in mid-2010 to be slightly below the median of the Compensation Comparison Group peer group for executives in similar positions. In March 2011, Mr. Giardina's salary was increased from \$505,000 to \$520,000. Following a review of the benchmarking study performed by Axiom, including a conclusion that Mr. Giardina's salary was significantly below the median of chief executive officers in the Compensation Comparison Group peer group, on August 24, 2012, the Compensation Committee increased Mr. Giardina's salary to \$650,000 per year, retroactive to March 1, 2012.

The compensation study performed by Axiom revealed that base salaries for the Company's most highly compensated employees, including the Named Executive Officers, generally were below or within the competitive range of median salaries within the Compensation Comparison Group peer group in 2012. The Compensation Committee believes that individual salaries may range above or below the median based on a variety of factors, including the potential impact of the executive's role at the Company, the terms of the executive's employment agreement, if any, the experience the executive brings to the position and the performance and potential of the executive in his or her role. Based on the foregoing, effective March 1, 2013, the Compensation Committee increased base salaries of the Named Executive Officers as follows: Mr. Giardina (\$669,500), Mr. Gallagher (\$360,500), Mr. Kew (\$360,500), Mr. Kestin (\$315,524), and Mr. Barron (\$302,357).

2. Annual Cash Incentive Compensation

Annual incentive compensation for designated key employees is paid under our Amended and Restated 2006 Annual Performance Bonus Plan (the Bonus Plan). The Bonus Plan is designed to grant bonus awards to such individuals as an incentive to contribute to our profitability. The

Compensation Committee administers the

Table of Contents

Bonus Plan. Bonus targets are set at a percentage of base salary and are paid based on the Company's achievement of performance goals established on or before March 30 of the applicable calendar year and the attainment of personal performance objectives established individually by each employee at the beginning of each year. We seek to calibrate annual incentive opportunities to generate less-than-median awards when goals are not fully achieved and greater-than-median awards when goals are exceeded.

In connection with Mr. Giardina's hiring in March 2010, Mr. Giardina's 2010 target bonus as a percent of base salary (75%) was set to be identical to that of the departing CEO and President, Mr. Alimanestianu, which had been determined by Axiom in mid-2010 to be competitive to the median of the Compensation Comparison Group peer group for executives in similar positions. In January 2012, the Compensation Committee, in taking into account the performance of the Company since March 2010, increased Mr. Giardina's target bonus as a percent of base salary to 100%, commencing with the 2012 Fiscal Year. The target bonus percentage for the other named executive officers remained constant from the previous year (and in the case of Mr. Kew, was constant with that of the former chief operating officer in the previous year).

Under the Bonus Plan, participants are eligible to receive bonus awards that may be expressed, at the Compensation Committee's discretion, as a fixed dollar amount, a percentage of compensation (whether base pay, total pay or otherwise) or an amount determined pursuant to a formula. Annual non-equity incentive plan awards are contingent upon the attainment of certain pre-established performance targets established by the Compensation Committee, which may include, without limitation, the following:

earnings before interest, taxes, depreciation and amortization (EBITDA);

return on equity, assets or capital;

gross or net revenues;

earnings per share; or

such other goals established by the Compensation Committee.

The amount of an annual non-equity incentive compensation award may also depend on the performance of the employee.

Prior to the 2011 Fiscal Year, annual non-equity incentive compensation had been based entirely on achievement of Adjusted EBITDA targets and personal performance. Beginning in 2011, the Compensation Committee determined to base the annual non-equity incentive plan compensation award on the achievement of targets related to return on assets, Adjusted EBITDA and budgeted revenue in order to more closely align management incentives to overall Company performance. In addition, beginning in 2011, the Compensation Committee instituted a deferral aspect for the annual non-equity incentive plan compensation award, whereby amounts earned above 133% of the target bonus will be deferred and be payable in equal annual installments over a three-year period, subject to acceleration upon specified termination events. The Compensation Committee decided to defer a portion of the annual non-equity incentive plan compensation award over a three-year period in order for the annual non-equity incentive plan compensation award to serve as an additional retention tool.

For the 2012 Fiscal Year, the non-equity incentive plan award is computed as shown in the table below. Actual amounts earned under the Bonus Plan by the Named Executive Officers in the 2012 Fiscal Year are set forth in the Summary Compensation Table:

Component	Weight	Goal	Actual Performance	Achievement of Target Bonus
Target Return on Assets	20%	15.54%	16.1%	28.1%
Target Adjusted EBITDA	60%	\$ 97,552,000	\$ 99,833,000	80.0%
Target Revenue	20%	\$ 487,524,000	\$ 478,981,000	0%

Total	108.1%
-------	--------

The definition of Adjusted EBITDA for executive bonus computation purposes is earnings before interest, taxes, depreciation, amortization, compensation expense incurred in connection with stock options of the Company, less items of a non-recurring nature as approved by the Compensation Committee, and adjusted for any

Table of Contents

increase or decrease in any employee's target bonus percentage. In the 2012 Fiscal Year, non-recurring or other items included in the calculation of Adjusted EBITDA included primarily the charges related to the \$3.00 dividend declared by the Board on November 16, 2012, described below.

Return on assets for executive bonus computation purposes is calculated as Adjusted EBITDA (without adjustment for compensation expense described above), divided by the average monthly gross investments in 2012, which reflects the cumulative investments made by the Company in its operation of the business.

As a result of the Company exceeding the Adjusted EBITDA target and Return on Assets target but underperforming on the Revenue target, each Named Executive Officer received 108.1% of the targeted payout. See Narrative Supplement to the Summary Compensation Table and the 2012 Grants of Plan-Based Awards Table for more information on the calculation of amounts under the Bonus Plan. Payments under the Bonus Plan are customarily made to recipients in the first quarter of the year following the end of the performance period. However, in December 2012, after a review of the Company's actual year-to-date and projected 2012 Fiscal Year financial performance, the Committee determined to accelerate a portion of the payment under the 2012 Bonus Plan, such that approximately 50% of target payments were paid in December 2012, with the remaining payments to be made under the 2012 Bonus Plan following certification of 2012 Fiscal Year performance against the 2012 Bonus Plan targets.

3. Long-term Equity Incentives

The Company and the Compensation Committee believe that equity-based awards are an important factor in aligning the long-term financial interests of our executive officers and stockholders. The Compensation Committee designs long-term equity incentive awards to ensure that our executive officers have a continuing stake in the long-term success of the Company, that the total compensation realized by our executive officers reflects our multi-year performance as measured by the efficient use of capital and changes in stockholder value, and that a large portion of the total compensation opportunity is earned over a multi-year period and is forfeitable in the event of termination of employment.

The Compensation Committee continually evaluates the use of equity-based awards and intends to continue to use such awards in the future as part of designing and administering the Company's compensation program. The Company expects to make equity grants at regular intervals.

The Compensation Committee, or a subcommittee, may grant equity incentives under the Company's 2004 Common Stock Option Plan, as amended, in the form of non-qualified and incentive stock options and the 2006 Stock Incentive Plan in the form of stock options (non-qualified and incentive stock options), stock appreciation rights, restricted stock, performance shares and other stock-based awards (including restricted stock units (RSUs) and deferred stock units).

In the past, the Company has followed a practice of granting equity incentives in the form of stock options on an annual basis to employees and on occasion, has also made awards of restricted stock. Beginning in 2011, the Compensation Committee decided to make the annual equity incentive grant in the form of restricted stock rather than stock options, although the Compensation Committee may continue to award stock options as it deems appropriate. The Company may also make grants to new employees on the commencement of employment and to key employees following a significant change in job responsibilities or to meet specific retention objectives. In July 2011, the Compensation Committee formed an Equity Grant Subcommittee, delegated with authority to approve equity grants to executive officers. Actions described herein as taken by the Compensation Committee related to grants of equity (or equity-based awards) to executive officers were performed by the Equity Grant Subcommittee. As a matter of practice, grants approved by the Compensation Committee were issued shortly following the next regularly scheduled release of quarterly financial results following the approval, and stock options and shares of restricted stock typically vest in four equal annual installments, beginning on the first anniversary of the grant date, subject to continuous employment from the date of grant until the applicable vesting date. We believe that this vesting schedule reinforces the long-term orientation of our compensation philosophy. The Compensation Committee has not awarded other stock-based awards in the past.

In the Fiscal Year 2012, the Compensation Committee granted restricted stock awards to our Named Executive Officers as indicated in the 2012 Grants of Plan-Based Awards Table. These restricted stock awards vest in

Table of Contents

four equal annual installments, beginning on the first anniversary of the grant date, and subject to continuous employment from the date of grant until the applicable vesting date. In determining the amount of the equity and equity-based awards to be granted to the Named Executive Officers in 2012, Compensation Committee targeted the annual grants to be competitive with the Compensation Comparison Group peer group based on data provided to the Compensation Committee in 2012 and made awards based, in part, on the Company's improving performance and the officers' overall compensation. The Compensation Committee awarded 40,000, 25,000, 75,000, 10,000, and 16,000 shares of restricted stock to Mr. Giardina, Gallagher, Kew, Kastin and Barron, respectively, in 2012.

In November 2012, our Board of Directors declared a special cash dividend on shares of common stock of the Company in an amount equal to \$3.00 per share (the 2012 Dividend). In connection with the 2012 Dividend, the Compensation Committee, pursuant to and in accordance with the terms of the 2004 Common Stock Option Plan and the 2006 Stock Incentive Plan, and in an effort to preserve the value of existing equity awards (i) declared the payment of a cash bonus on vested stock options which were in-the-money at the dividend payment date in an amount equal to the cash dividend, \$3.00 per share and (ii) adjusted all other outstanding stock options to reduce the exercise price of the option and, in some cases, increase the number of shares subject to the option, in each case, pursuant to a formula designed to preserve the value of the stock option. Pursuant to the 2006 Stock Incentive Plan, holders of unvested restricted stock are entitled to the dividend payment, which amount becomes payable on the same vesting schedule as the underlying restricted stock.

4. Other Benefits and Perquisites

The Company's executive compensation program also includes other benefits and perquisites. We maintain a 401(k) plan for our eligible employees and Named Executive Officers with annual matching contributions up to \$500 per year which vest over four years. In addition, we provide medical benefits, long-term disability insurance (and gross-ups for related taxes) for specified employees, and free memberships in the Company's clubs for all employees. The Company annually reviews these other benefits and perquisites and makes adjustments as warranted based on competitive practices, the Company's performance and the individual's responsibilities and performance.

The Compensation Committee has approved these other benefits and perquisites as a reasonable component of the Company's executive compensation program. Please see the All Other Compensation column in the Summary Compensation Table for further information regarding these benefits.

Pay Mix

We utilize the particular elements of compensation described above because we believe that it provides a well-proportioned mix of low-risk compensation, retention value and at-risk compensation that produces short-term and long-term performance incentives and rewards. By following this approach, we provide the Named Executive Officers a measure of security in the minimum level of compensation that such individuals are eligible to receive, while motivating the Named Executive Officers to focus on the business metrics that will produce a high level of performance for the Company and long-term benefits for stockholders, as well as reducing the risk of recruitment of top executive talent by competitors. The mix of metrics used for the Bonus Plan and the 2006 Stock Incentive Plan likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance.

For our Named Executive Officers, a significant portion of total compensation is related to at-risk pay (annual cash incentives and long-term equity incentives). Maintaining this approach reinforces a pay-for-performance orientation for our Named Executive Officers, which is aligned with the Company's stated compensation philosophy of providing compensation commensurate with performance.

In accordance with our philosophy that overall compensation should be competitive and that the compensation of the Named Executive Officers should be at least partially dependent upon individual and Company performance, these executives are eligible to receive a higher portion of total annual compensation in the form of performance-based annual cash bonuses and long-term equity compensation as compared to other Company employees. In addition, in support of pay-for-performance objectives, the portion of total direct compensation

Table of Contents

delivered through long-term equity incentives generally increases with an executive's role and level of responsibility. As a result, our most senior executives are held most accountable for achieving multi-year performance objectives and changes in stockholder value.

Chief Executive Officer Compensation

Mr. Giardina's annual compensation consists primarily of base salary, annual incentive bonus and restricted stock awards. Mr. Giardina's annual compensation was higher than that of the other Named Executive Officers due to his extensive experience and history with the Company and the higher demands of the chief executive officer position. For the 2012 Fiscal Year, Mr. Giardina's annual compensation consisted of:

\$650,000 annual base salary, effective March 1, 2012 (an increase from \$520,000 annual base salary);

\$702,588 annual incentive compensation;

A grant on October 30, 2012 of 40,000 shares of restricted stock; and

Participation in other benefit plans and perquisites.

In connection with the 2012 Dividend, Mr. Giardina also received adjustments to his stock options and/or bonus payments on his in-the-money vested stock options and unvested dividend payments on his unvested restricted stock, as described above.

Post-Termination Compensation and Benefits

None of the Named Executive Officers have employment agreements with the Company, but the offer letter to each of Mr. Kastin and Mr. Kew contains severance arrangements in the event that the executive is terminated without cause. These severance arrangements reflect negotiations between the executive and the Company at the time each executive was hired and was considered at the time by the Compensation Committee to be appropriate to retain the executive.

All Named Executive Officers have entered into an executive severance agreement providing for specified severance benefits upon a termination of the executive's employment with the Company without cause or by the executive for good reason within six months following a change in control of the Company. The Compensation Committee believes that severance in connection with a termination or reduction in responsibilities in connection with a change in control is necessary to attract and retain the talent necessary for our long-term success. These severance arrangements allow our executives to focus on duties at hand and provide security should their employment be terminated as a result of involuntary termination without cause or a constructive discharge in connection with a change in control of the Company. Under these severance arrangements, the executives will be required to comply with a non-competition covenant for a period of up to one year and will receive in return one year (in the case of Mr. Giardina, eighteen months) of salary, a pro rata annual bonus, continuation of health and dental coverage for up to one year (in the case of Mr. Giardina, eighteen months) and continuation of fitness club membership for one year (in the case of Mr. Giardina, eighteen months). The Compensation Committee believes that these benefits are reasonable given that the executive's employment opportunities for a period following termination will be constrained by the non-competition covenants contained in the severance agreements. These executive severance agreements are more fully described under Potential Payments Upon Termination or Change in Control.

Under the 2006 Stock Incentive Plan and the related award agreements entered into between the Company and certain Named Executive Officers, if the Named Executive Officer resigns or the Named Executive Officer's employment is terminated by the Company for any reason, if the Company wishes to enforce specified non-competition and non-solicitation covenants for a period of up to one year, the Company must pay the Named Executive Officer severance compensation equal to no less than such Named Executive Officer's base salary during such period. The Compensation Committee believes that discretionary enforcement of non-competition and non-solicitation arrangements is beneficial to the competitive position of the Company and that the corresponding severance compensation is reasonable in such circumstances.

Compensation Committee Discretion

The Compensation Committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Company performance shortfalls. Likewise, the Compensation Committee retains the

Table of Contents

discretion to increase payouts and/or consider special awards for significant achievements, including but not limited to superior management, investment or strategic accomplishments and/or consummation of acquisitions.

Hedging Policy

The Company's insider trading policy prohibits employees, officers and directors from engaging in transactions involving derivative securities (other than employee stock options or other equity grants under the Company's equity compensation plans). Employees, officers and directors may not trade in Company-based put and call option contracts or similar instruments, and may not engage in short-selling of Company securities.

Impact of Tax and Accounting

As a general matter, the Compensation Committee takes into account the various tax and accounting implications of compensation vehicles employed by the Company. When determining amounts of grants under the 2006 Stock Incentive Plan to Named Executive Officers and employees, the Compensation Committee examines the accounting cost associated with the grants. Under ASC Topic 718, grants of stock options, restricted stock, restricted stock units and other share-based payments result in an accounting charge for the Company. The accounting charge is equal to the fair value of the instruments being issued. For restricted stock and restricted stock units, the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. This expense is amortized over the requisite service period, or vesting period of the instruments. The Compensation Committee also carefully considers the impact of using performance metrics that are tied to market conditions (for example, share price or total stockholder return) as performance metrics under the 2006 Stock Incentive Plan, mindful of the fact that, even if the condition is not achieved, the accounting charge would not be reversible.

Section 162(m) of the Internal Revenue Code generally prohibits any publicly held corporation from taking a federal income tax deduction for compensation paid in excess of \$1,000,000 in any taxable year to the corporation's chief executive officer and next three highest compensated executive officers (other than the chief financial officer), unless the compensation qualifies as performance-based compensation within the meaning of Section 162(m). With respect to the 2006 Stock Incentive Plan and the Bonus Plan, we generally intend to structure performance based awards to qualify as performance-based compensation within the meaning of Section 162(m). While it is the Compensation Committee's policy generally to maximize the effectiveness of our executive compensation plans in this regard, we reserve the right to pay compensation that is not deductible under Section 162(m) if appropriate and in the best interests of the Company and our stockholders.

Conclusion

The level and mix of compensation for each of our Named Executive Officers is considered within the context of our historical compensation practices as well as the factors outlined above. The Compensation Committee believes that each of the compensation packages for our Named Executive Officers is appropriate in light of our industry and related industries and our competitive position in that context.
