NEWS RELEASE

Enbridge Announces US\$200 Million Preferred Share Offering

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE U.S.

CALGARY, Alberta, March 18, 2013 Enbridge Inc. (TSX:ENB) (NYSE:ENB) today announced that it has entered into an agreement with a group of underwriters to sell eight million Cumulative Redeemable Preference Shares, Series 1 (the Series 1 Preferred Shares) at a price of US\$25.00 per share for distribution to the public. Closing of the offering is expected on March 27, 2013.

The holders of Series 1 Preferred Shares will be entitled to receive fixed cumulative dividends at an annual rate of US\$1.00 per share, payable quarterly on the 1st day of March, June, September and December, as and when declared by the Board of Directors of Enbridge, yielding 4.00 per cent per annum, for the initial fixed rate period to but excluding June 1, 2018. The first quarterly dividend payment date is scheduled for June 1, 2013. The dividend rate will reset on June 1, 2018 and every five years thereafter at a rate equal to the sum of the then five-year United States Government bond yield plus 3.14 per cent. The Series 1 Preferred Shares are redeemable by Enbridge, at its option, on June 1, 2018 and on June 1 of every fifth year thereafter.

The holders of Series 1 Preferred Shares will have the right to convert their shares into Cumulative Redeemable Preference Shares, Series 2 (the Series 2 Preferred Shares), subject to certain conditions, on June 1, 2018 and on June 1 of every fifth year thereafter. The holders of Series 2 Preferred Shares will be entitled to receive quarterly floating rate cumulative dividends, as and when declared by the Board of Directors of Enbridge, at a rate equal to the sum of the then 3-month US Treasury Bill rate plus 3.14 per cent.

Enbridge has granted to the underwriters an option, exercisable at any time up to 48 hours prior to the closing of the offering, to purchase up to an additional 2 million Series 1 Preferred Shares at a price of US\$25.00 per share.

The offering is being made only in Canada by means of a prospectus. Proceeds will be used to partially fund capital projects, to reduce existing indebtedness and for other general corporate purposes of the Corporation and its affiliates.

The syndicate of underwriters is led by Scotiabank, CIBC, RBC Capital Markets, and TD Securities Inc.

This news release does not constitute an offer to sell or a solicitation of an offer to buy the preferred shares in any jurisdiction. The preferred shares offered have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

NEWS RELEASE

Enbridge to Invest \$0.2 Billion to Connect Ninth Oil Sands Project

CALGARY, Alberta, March 21, 2013 Enbridge Inc. (TSX: ENB) (NYSE: ENB) today announced that it has entered into an agreement to provide pipeline and terminaling services to the proposed Athabasca Oil Corporation (AOC) Hangingstone Oil Sands Project (the Hangingstone Project). The Hangingstone Project will be the ninth oil sands project to be connected to Enbridge s regional system.

Enbridge will construct a new 50-kilometre (31-mile), 16-inch diameter pipeline from the Hangingstone Project to Enbridge s Cheecham Terminal, as well as completing modifications at Cheecham to support the incremental production. The project has an estimated cost of up to approximately \$0.2 billion subject to finalization of scope, which will provide an initial capacity of 16,000 barrels per day (bpd) with provisions for expansion to accommodate up to a further 60,000 bpd from Phase 2 which is committed to the Enbridge regional system if sanctioned. The Phase I facilities are expected to be in service in the latter half of 2015.

The attraction of the Hangingstone Project into our regional system confirms the competitive advantages of our existing asset base, reinforcing our expectations of additional growth from this segment of our business, said Stephen J. Wuori, President, Liquids Pipelines and Major Projects. We re pleased to strengthen our relationship with AOC by delivering timely and innovative terminaling and transportation solutions for the development of their oil sands project.

Under the terms of the agreement, Enbridge will also provide pipeline transportation services to Edmonton on its Regional Oil Sands System for up to 16,000 bpd of diluted bitumen produced from Phase 1 of the Hangingstone Project. The initial term of the pipeline and terminaling agreement is 25 years, with AOC having the right to extend the agreement in successive five-year terms for a total contract life of 45 years.

Enbridge foresees filing an application with the Energy Resources Conservation Board (ERCB) and other regulatory authorities in May of 2013. Subject to the receipt of regulatory and environmental approvals, it is anticipated that the Project would begin right-of-way clearing in early 2014 and pipeline construction in the winter of 2014/2015.

Enbridge is committed to timely and meaningful dialogue with all stakeholders, including shareholders, customers, and employees, indigenous peoples, governments, regulators, and landowners, among others, regarding all of our projects, operations and activities. Enbridge will ensure this project is conducted in an environmentally responsible manner with a focus on the safety of our employees and the community.
