PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors of Erickson Air-Crane Incorporated is soliciting your proxy for the 2013 Annual Meeting of Stockholders to be held on Thursday, June 6, 2013, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and related materials are first being mailed to stockholders on or about April 30, 2013. References in this proxy statement to the Company, we, our, us and EAC are to Erickson Air-Crane Incorporated, and references to the annual meeting are to the 2013 Annual Meeting of Stockholders. When we refer to the Company's fiscal year, we mean the annual period ending on December 31. This proxy statement covers our 2012 fiscal year, which was from January 1, 2012 through December 31, 2012 (fiscal 2012).

SOLICITATION AND VOTING

Record Date

Only holders of record of common stock at the close of business on April 17, 2013 will be entitled to notice of and to vote at the meeting and any adjournment thereof. As of the record date, 9,728,406 shares of common stock were outstanding and entitled to vote.

Quorum

A majority of the shares of common stock issued and outstanding as of the record date must be represented at the meeting, either in person or by proxy, to constitute a quorum for the transaction of business at the meeting. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker or bank) or if you vote in person at the meeting. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will each be counted as present for purposes of determining the presence of a quorum.

Vote Required to Adopt Proposals

Each share of our common stock outstanding on the record date is entitled to one vote on each of the two Class I director nominees and one vote on each other matter. For the election of directors, the two Class I director nominees who receive the highest number of for votes will be elected as directors. You may vote for or withhold with respect to each director nominee. Votes that are withheld will be excluded entirely from the vote with respect to the nominee from which they are withheld and will have the same effect as an abstention. With respect to each of the other proposals, approval of the proposal requires the affirmative vote of a majority of the shares present and entitled to vote.

Effect of Abstentions and Broker Non-Votes

Shares not present at the meeting and shares voted *withhold* will have no effect on the election of directors. For each of the other proposals, abstentions will have the same effect as negative votes. If you are a beneficial owner and hold your shares in *street name*, it is critical that you cast your vote if you want it to count in the election of directors and the other proposals. Under the rules governing banks and brokers who are voting with respect to shares held in *street name*, such banks and brokers have the discretion to vote on routine matters, but not on non-routine matters. Routine matters include the ratification of auditors. Non-routine matters include the election of directors. Banks and brokers may not vote on these proposals if you do not provide specific voting instructions. Accordingly, we encourage you to vote promptly, even if you plan to attend the annual meeting. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal.

Voting Instructions

If you complete and submit your proxy card or voting instructions, the persons named as proxies will follow your instructions. If you are a stockholder of record and you submit a proxy card or voting instructions but do not direct how to vote on each item, the persons named as proxies will vote as the board recommends on each proposal. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see *Effect of Abstentions and Broker Non-Votes* regarding whether your broker, bank, or other holder of record may vote your uninstructed shares on a particular proposal.

Vote by Internet. You can vote by internet. The website address for internet voting can be accessed through the website printed on your proxy card or voting instruction form. You will need to use the control number appearing on your proxy card or voting instruction form. You can use the internet to transmit your voting instructions until 1:00 a.m. Pacific Standard Time on the day of the annual meeting. Internet voting is available 24 hours a day. If you vote by internet, you do NOT need to vote by telephone or by mail.

Vote by Telephone. You can vote by telephone by calling the toll-free telephone number appearing on your proxy card or voting instruction form. You will need to use the control number appearing on your proxy card or voting instruction form. In order to cast your vote telephonically, you may transmit your voting instructions from any touch tone telephone until 1:00 a.m. Pacific Standard Time on the day of the annual meeting. Telephone voting is available 24 hours a day. If you vote by telephone, you do NOT need to vote by internet or by mail.

Vote by Mail. You can vote by mail by completing, signing, and dating the proxy card or voting instruction form and returning it in the prepaid return envelope. If you vote by returning a proxy card or voting instruction form, you do NOT need to vote by internet or by telephone.

Vote in Person at the Annual Meeting. All stockholders as of the close of business on the record date can vote in person at the annual meeting. You can also be represented by another person at the annual meeting by executing a proper proxy designating that person. Even if you plan to attend the annual meeting, we recommend that you also vote either by telephone, by internet, or by mail so that your vote will be counted if you later decide not to attend.

EAC is incorporated under Delaware law, which specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder. The electronic voting procedures provided for the annual meeting are designed to authenticate each stockholder by use of a control number to allow stockholders to vote their shares and to confirm that their instructions have been properly recorded.

If you are a stockholder of record, you may revoke your proxy and change your vote at any time before the polls close by returning a later-dated proxy card, by voting again by internet or telephone as more fully detailed on your proxy card, or by delivering written instructions to the Corporate Secretary before the annual meeting. Attendance at the annual meeting will not in and of itself cause your previously voted proxy to be revoked unless you specifically so request or vote again at the annual meeting. If your shares are held by a bank, broker or other agent, you may change your vote by submitting new voting instructions to your bank, broker or other agent, or, if you have obtained a legal proxy from your bank, broker or other agent giving you the right to vote your shares, by attending the annual meeting and voting in person.

Solicitation of Proxies

We will bear the entire cost of soliciting proxies. In addition to soliciting stockholders by mail, we will request banks, brokers and other intermediaries holding shares of our common stock beneficially, owned by others to obtain proxies from the beneficial owners and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and other employees to solicit proxies, personally or by telephone, without additional compensation.

Voting Results

We will announce preliminary voting results at the annual meeting. We will report final results in a Form 8-K report filed with the SEC.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

We have a classified board of directors currently consisting of two Class I directors, three Class II directors, and two Class III directors, who will serve until the annual meetings of stockholders to be held in 2013, 2014 and 2015, respectively, and until their respective successors are duly elected and qualified or until their earlier resignation or removal. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire at the annual meeting dates.

The term of the Class I directors will expire on the date of the upcoming annual meeting. Accordingly, two people are to be elected to serve as Class I directors of our board of directors at the annual meeting. Our board has nominated for election by the stockholders to the Class I positions Udo Rieder and Gary R. Scott, the current Class I members of our board of directors. If elected, Messrs. Rieder and Scott will serve as Class I directors until our annual meeting of stockholders in 2016 and until their successors are duly elected and qualified or until their earlier resignation or removal.

Our board of directors has no reason to believe that any of the nominees listed above will be unable to serve as a director. If, however, any nominee becomes unavailable, the proxies will have discretionary authority to vote for a substitute nominee. There are no family relationships among any of the directors or executive officers.

The following table sets forth information regarding our current directors and each director nominee, as of April 17, 2103.

Background information on each of Messrs. Rieder and Scott, the two Class I director nominees, appears under *Corporate Governance Our Board of Directors* beginning on page 7.

Vote Required and Board Recommendation

If a quorum is present and voting, the two nominees for Class I directors receiving the highest number of votes will be elected as Class I directors. Abstentions, withhold votes and broker non-votes have no effect on the vote.

Our board of directors unanimously recommends a vote FOR the election of the two Class I director nominees named above. Unless authority to do so is withheld, the persons named as proxies will vote FOR the election of these two Class I director nominees to hold office as directors until the 2016 annual meeting of stockholders and until their successors are elected and qualified.

Mr. Welch was selected as a director because of his experience as the chief executive of transportation companies, his experience with air transportation, and because of his board experience with other aerospace companies.

Director Independence

Our board of directors has determined that, other than Mr. Rieder, our President and Chief Executive Officer, and Messrs. Lau and Morgan, each of the current members of the board of directors is an independent director for purposes of the Nasdaq Listing Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended, as the term applies to membership on the board of directors and the various committees of the board of directors.

Board Leadership Structure

Our board of directors believes that one of its most important functions is to protect stockholders' interests through independent oversight of management, including the Chief Executive Officer. However, our board of directors does not believe that effective management oversight necessarily mandates a particular management structure, such as a separation of the role and identities of the Chairman of the Board and Chief Executive Officer. Our board of directors considers it important to retain flexibility to exercise its judgment as to the most appropriate management structure for EAC, based on the particular circumstances facing EAC from time to time.

Currently, the positions of Chairman of the Board and Chief Executive Officer are held by separate persons because our board of directors has determined that this structure aids in the oversight of management and is in the best interests of our company and our stockholders at this point in time. Quinn Morgan currently serves as Chairman of the Board. Our board of directors believes that Mr. Morgan is in a unique position to provide leadership to the board of directors in part because of his affiliation with our largest stockholder and his extensive experience in financing and private equity investment.

Risk Oversight

In its governance role, and particularly in exercising its duty of care and diligence, our board of directors is responsible for ensuring that appropriate risk management policies and procedures are in place to protect the company's assets and business. While our board of directors has the ultimate oversight responsibility for the risk management process, our board of directors has delegated to the Audit Committee the initial responsibility of overseeing the company's risk assessment and risk management. In fulfilling its delegated responsibility, the Audit Committee has directed management to ensure that an approach to risk management is implemented as a part of the day-to-day operations of EAC, and to design internal control systems with a view to identifying and managing material risks.

On a periodic basis, the Audit Committee reviews and discusses with our management the company's financial risk and control procedures, compliance programs, and significant tax, legal and regulatory matters. The Audit Committee discusses with management the company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including a discussion regarding our guidelines and policies governing risk assessment and risk management. The Audit Committee also discusses our risk assessment and risk management policies and reports to the full board of directors on a regular basis.

Executive Sessions

The independent directors meet in executive session regularly and, in any event, at least semi-annually. The independent directors may choose one director annually to preside at all executive sessions, establish a procedure by which a presiding director will be selected, or otherwise select a presiding director for any particular executive session. The independent directors will select nominees to the board of directors, or recommend nominees for the board's selection, in executive session in a vote in which only independent directors participate.

Meetings of the Board of Directors and Committees

Our board of directors held three meetings during 2012. The board of directors has two standing committees: an Audit Committee and a Compensation Committee. The board of directors does not have a standing nominating committee or a committee performing similar functions. During the last fiscal year, each of our directors attended at least 75% of the total number of meetings of the board and all of the committees of the board on which such director served during that period, except that Ms. Siegfried attended 67% of the total number of meetings of the board and all of the committees of the board on which she served during that period.

The following table sets forth the standing committees of the board of directors and the members of each committee as of the date that this proxy statement was first made available to our stockholders:

Name of Director	Audit	Compensation
Hank Halter	Chair	
Gary R. Scott	X	X
Meredith R. Siegfried	X	X
James L. Welch		Chair

Audit Committee

The members of the Audit Committee are Mr. Halter (Chair), Mr. Scott and Ms. Siegfried. Each of the members of the Audit Committee is independent for purposes of the Nasdaq listing standards as they apply to audit committee members. The board has determined that Mr. Halter qualifies as an audit committee financial expert under the rules of the SEC. The functions of the Audit Committee include retaining our independent public accounting firm, reviewing its independence, reviewing and approving the planned scope of our annual audit, reviewing and approving any fee arrangements with our independent public accounting firm, overseeing its audit work, reviewing and pre-approving any non-audit services that may be performed by our independent public accounting firm, reviewing the adequacy of accounting and financial controls, reviewing our critical accounting policies and reviewing and approving any related party transactions. The Audit Committee held three meetings during 2012. Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee immediately following Proposal No. 2.

Compensation Committee

The members of the Compensation Committee are Mr. Welch (Chair), Mr. Scott and Ms. Siegfried. Each of the members of the Compensation Committee is independent for purposes of the Nasdaq listing standards as they apply to compensation committee members. The Compensation Committee sets the salary and bonus earned by the Chief Executive Officer, reviews and approves salary and bonus levels for other executive officers and approves stock option grants to executive officers. The Compensation Committee held three meetings during 2012.

The Compensation Committee may retain outside compensation consulting firms to assist in the evaluation of executive officer and non-employee director compensation, and has the authority to obtain advice and assistance from internal or external legal, accounting and other consultants.

In addition to the compensation committee consultant described above, our management may, from time to time, retain an outside consultant for assistance and guidance in the formulation of new compensation programs and the modification of existing compensation programs. For 2012, our management retained Mercer (US) Inc. as its outside consultant to assist in determining or recommending the amount or form of executive compensation. The Compensation Committee has assessed Mercer's retention and concluded that Mercer's work for EAC does not raise any conflict of interest under applicable SEC rules.

Our CEO makes a recommendation to the Compensation Committee on the base salary, annual incentive cash targets, and equity awards for each executive officer other than himself, based on his assessment of each executive officer's performance during the year and the CEO's review of compensation data gathered from compensation surveys.

Director Nominations

Our board of directors has decided that the full board should oversee our nominating and corporate governance processes. It made that decision because the board believes that selecting new director nominees is one of the most important responsibilities the board members have to our stockholders, and for that reason, all of the members of the board should have the right and responsibility to participate in the selection process. However, only independent directors vote on matters related to the identification, selection, qualification, and recommendation of director candidates.

Our board of directors considers nominees recommended by directors, officers, employees, stockholders, and others based upon each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in members of our board of directors. Nominees for our board of directors must be committed to enhancing long-term stockholder value and possess a high level of personal and professional ethics, sound business judgment, appropriate experience and achievements, personal character and integrity. Members of our board of directors are expected to understand our business and the industry in which we operate, regularly attend meetings of our board of directors and committee meetings, participate in meetings and decision making processes in an objective and constructive manner and be available to advise our officers and management. Evaluations of candidates generally involve a review of background materials, internal discussions, and interviews with selected candidates, as appropriate. The board of directors may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

The board of directors does not have a formal policy regarding the consideration of diversity in identifying nominees for directors. Once the board of directors has confirmed that an individual meets the general qualifications for a director, and has further determined that such individual is appropriately qualified to serve on our board of directors, the board then considers the extent to which the membership of the candidate on our board of directors would promote a diversity of perspectives, backgrounds and experiences among the directors, including expertise and experience in a diversity of substantive matters pertaining to our business. However, our board of directors does not believe the subjective and varying nature of this nomination process lend itself to a formal policy or fixed rules with respect to the diversity of our board of directors.

The board of directors will consider director candidates recommended by stockholders. The board will evaluate director candidates in light of several factors, including the general criteria set forth above. Stockholders who wish to recommend individuals for consideration by the board of directors to become nominees for election to our board of directors at an annual meeting of stockholders must do so in accordance with the procedures set forth in "Stockholder Proposals to be Presented at the 2014 Annual Meeting of Stockholders" section of this proxy statement and in compliance with our bylaws. Each submission must set forth: the name and address of the stockholder on whose behalf the submission is made; the number of our shares that are owned beneficially by such stockholder as of the date of the submission and the time period for which such shares have been held; the derivative securities interests owned beneficially by such stockholder as of the date of the submission; a statement from the record holder of the shares and derivative securities interests verifying the holdings; the full

name of the proposed candidate; a description of the proposed candidate's business experience for at least the previous five years; complete biographical information for the proposed candidate; a description of the proposed candidate's qualifications as a director; and any other information described in our bylaws, including upon request, a statement whether the proposed candidate, if elected, intends to tender, promptly following such person's election or re-election, an irrevocable resignation effective upon the person's failure to receive the required vote for re-election at the next annual meeting of stockholders and upon acceptance of the resignation by the board of directors, in accordance with the board's policy on director elections.

In accordance with our bylaws, if none of the stockholders provides notice of an intention to nominate one or more candidates to compete with the board's nominees in a director election, or if any stockholder nomination is withdrawn by the tenth day before we send our notice of meeting to the stockholders, a nominee for director must receive more votes cast for than against his or her election or re-election. The board of directors will nominate for election or re-election as directors only candidates who agree to tender, promptly following the annual meeting at which they are elected or re-elected as directors, irrevocable resignations that will be effective upon (1) the failure to receive the required vote at the next annual meeting of stockholders and (2) board acceptance of the resignation. In addition, the board of directors will fill director vacancies, including vacancies occurring as the result of an increase in the number of directors, only with candidates who agree to tender, promptly following appointment to the board of directors, the same form of resignation tendered by other directors in accordance with this policy.

If an incumbent director fails to receive the required vote for re-election, the board of directors will act on an expedited basis to determine whether to accept the director's resignation. The board of directors expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation. The board of directors may consider any factors it deems relevant in deciding whether to accept a director's resignation.

PROPOSAL NO. 2**RATIFICATION OF SELECTION OF INDEPENDENT****PUBLIC ACCOUNTING FIRM**

The Audit Committee of our board of directors has selected Grant Thornton LLP to serve as our independent public accounting firm to audit the consolidated financial statements of Erickson Air-Crane Incorporated for the fiscal year ending December 31, 2013. Grant Thornton has acted in such capacity since its appointment in fiscal 2007. A representative of Grant Thornton is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of Grant Thornton as our independent public accounting firm is not required by our bylaws or otherwise. However, the board of directors is submitting the selection of Grant Thornton to the stockholders for ratification as a matter of good corporate governance practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the selection of a different independent public accounting firm at any time during the year if it determines that such a change would be in the best interests of EAC and our stockholders.

Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. The independent public accounting firm

Vote Required and Board of Directors Recommendation

Approval of this proposal requires the affirmative vote of a majority of the votes cast affirmatively or negatively on the proposal at the annual meeting, as well as the presence of a quorum representing a majority of all outstanding shares of our common stock, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.
