NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

NOTE 1 ORGANIZATION AND BUSINESS OF COMPANY

The accompanying condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K of Las Vegas Sands Corp. (LVSC), a Nevada corporation, and its subsidiaries (collectively the Company) for the year ended December 31, 2012. The year-end balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America (GAAP). In the opinion of management, all adjustments and normal recurring accruals considered necessary for a fair statement of the results for the interim period have been included. The interim results reflected in the unaudited condensed consolidated financial statements are not necessarily indicative of expected results for the full year. The Company s common stock is traded on the New York Stock Exchange under the symbol LVS.

The shares of the Company s subsidiary, Sands China Ltd. (SCL, the indirect owner and operator of the majority of the Company s operations in the Macao Special Administrative Region (Macao) of the People s Republic of China) are listed on The Main Board of The Stock Exchange of Hong Kong Limited (SEHK) and are not, and will not, be registered under the Securities Act of 1933, as amended, and may not be offered or sold in the U.S. absent a registration under the Securities Act of 1933, as amended, or an applicable exception from such registration requirements.

Operations

Macao

The Company currently owns 70.2% of SCL, which includes the operations of The Venetian Macao, Sands Cotai Central, Four Seasons Macao, Sands Macao and other ancillary operations that support these properties, as further discussed below. The Company operates the gaming areas within these properties pursuant to a 20-year gaming subconcession.

The Company owns and operates The Venetian Macao Resort Hotel (The Venetian Macao), which anchors the Cotai Strip, the Company s master-planned development of integrated resort properties on an area of approximately 140 acres in Macao (consisting of parcels referred to as 1, 2, 3 and 5 and 6). The Venetian Macao (located on parcel 1) includes a 39-floor luxury hotel with over 2,900 suites; approximately 374,000 square feet of gaming space; a 15,000-seat arena; an 1,800-seat theater; retail and dining space of approximately 1.0 million square feet; and a convention center and meeting room complex of approximately 1.2 million square feet.

In April and September 2012 and January 2013, the Company opened phases I, IIA and IIB, respectively, of its Sands Cotai Central integrated resort (located on parcels 5 and 6), which is situated across the street from The Venetian Macao and Four Seasons Macao. Phase I consists of a hotel tower on parcel 5, which includes approximately 600 five-star rooms and suites under the Conrad brand and approximately 1,200 four-star rooms and suites under the Holiday Inn brand; more than 350,000 square feet of meeting space; several food and beverage establishments; along with the 230,000-square-foot casino and VIP gaming areas. Phase IIA, includes the first hotel tower on parcel 6, which features approximately 1,800 rooms and suites managed by Starwood Asia Pacific Hotels and Resorts Pte Ltd. and Sheraton Overseas Management Co. (collectively Starwood) under the Sheraton brand, along with the second casino and additional retail, entertainment, dining and meeting facilities. Phase IIB consists of the second hotel tower on parcel 6 and features approximately 2,100 rooms and suites managed by Starwood under the Sheraton brand. With the completion of phases I and II of the project, the integrated resort features approximately 300,000 square feet of gaming space, approximately 800,000 square feet of retail, dining and entertainment space, over 550,000 square feet of meeting facilities and a multipurpose theater (to open in 2014). Phase III of the project is expected to include a fourth hotel and mixed-use tower, located on parcel 5, to be managed by Starwood under the St. Regis brand and the total cost to complete is expected to be approximately \$450 million. The Company intends to commence construction of phase III of the project as demand and market conditions warrant it. As of March 31, 2013, the Company has capitalized costs of \$4.07 billion for the entire project, including the land premium (net of amortization) and \$225.1 million in outstanding construction payables.

The Company owns the Four Seasons Hotel Macao, Cotai Strip (the Four Seasons Hotel Macao), which features 360 rooms and suites managed and operated by Four Seasons Hotels Inc. and is located adjacent and connected to The Venetian Macao. Connected to the Four Seasons Hotel Macao, the Company owns and operates the Plaza Casino (together with the Four Seasons Hotel Macao and located on parcel 2, the Four Seasons Macao), which features approximately 108,000 square feet of gaming space; 19 Paiza mansions; retail space of approximately 260,000

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

square feet, which is connected to the mall at The Venetian Macao; several food and beverage offerings; and conference, banquet and other facilities. This integrated resort will also feature the Four Seasons Apartment Hotel Macao, Cotai Strip (the Four Seasons Apartments), an apart-hotel tower that consists of approximately 1.0 million square feet of Four Seasons-serviced and -branded luxury apart-hotel units and common areas. The Company has completed the structural work of the tower and expects to monetize units within the Four Seasons Apartments after the necessary government approvals are obtained and future demand warrants it.

The Company owns and operates the Sands Macao, the first Las Vegas-style casino in Macao. The Sands Macao offers approximately 249,000 square feet of gaming space and a 289-suite hotel tower, as well as several restaurants, VIP facilities, a theater and other high-end services and amenities.

Singapore

The Company owns and operates the Marina Bay Sands in Singapore, which features three 55-story hotel towers (totaling approximately 2,600 rooms and suites), the Sands SkyPark (which sits atop the hotel towers and features an infinity swimming pool and several dining options), approximately 160,000 square feet of gaming space, an enclosed retail, dining and entertainment complex of approximately 800,000 net leasable square feet, a convention center and meeting room complex of approximately 1.2 million square feet, theaters and a landmark iconic structure at the bay-front promenade that contains an art/science museum. In April 2013, the Company paid 57.0 million Singapore dollars (SGD, approximately \$45.9 million at exchange rates in effect on March 31, 2013) to the Casino Regulatory Authority in Singapore as part of the process to renew its gaming license, which now expires April 2016.

United States

Las Vegas

The Company owns and operates The Venetian Resort Hotel Casino (The Venetian Las Vegas), a Renaissance Venice-themed resort; The Palazzo Resort Hotel Casino (The Palazzo), a resort featuring modern European ambience and design; and an expo and convention center of approximately 1.2 million square feet (the Sands Expo Center). These Las Vegas properties, situated on or near the Las Vegas Strip, form an integrated resort with approximately 7,100 suites; approximately 225,000 square feet of gaming space; a meeting and conference facility of approximately 1.1 million square feet; and enclosed retail, dining and entertainment complexes located within The Venetian Las Vegas (The Grand Canal Shoppes) and The Palazzo (The Shoppes at The Palazzo), both of which were sold to GGP Limited Partnership (GGP , see Note 2 Property and Equipment, Net regarding the sale of The Shoppes at The Palazzo).

Pennsylvania

The Company owns and operates the Sands Casino Resort Bethlehem (the Sands Bethlehem), a gaming, hotel, retail and dining complex located on the site of the historic Bethlehem Steel Works in Bethlehem, Pennsylvania. Sands Bethlehem features approximately 145,000 square feet of gaming space; a 300-room hotel tower; a 150,000-square-foot retail facility; an arts and cultural center; and a 50,000-square-foot multipurpose event center, which opened in May 2012. The Company owns 86% of the economic interest in the gaming, hotel and entertainment portion of the property through its ownership interest in Sands Bethworks Gaming LLC and more than 35% of the economic interest in the retail portion of the property through its ownership interest in Sands Bethworks Retail LLC.

Development Projects

The Company has suspended portions of its development projects and should general economic conditions fail to improve, if the Company is unable to obtain sufficient funding or applicable government approvals such that completion of its suspended projects is not probable, or should management decide to abandon certain projects, all or a portion of the Company's investment to date on its suspended projects could be lost and would result in an impairment charge.

Macao

The Company submitted plans to the Macao government for The Parisian Macao (located on parcel 3), an integrated resort that will be connected to The Venetian Macao and Four Seasons Macao. The Parisian Macao, which is currently expected to open in late 2015, is intended to include a gaming area (to be operated under the Company's gaming subconcession), hotel and shopping mall. The Company expects the cost to

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

design, develop and construct The Parisian Macao will be approximately \$2.7 billion, inclusive of payments made for the land premium. The Company has commenced construction activities and has capitalized costs of \$143.7 million, including the land premium (net of amortization), as of March 31, 2013. In addition, the Company will be completing the development of some public areas surrounding its Cotai Strip properties on behalf of the Macao government.

Under the Company's land concession for Sands Cotai Central, the Company is required to complete the development by May 2014. The land concession for The Parisian Macao contains a similar requirement, which was extended by the Macao government in July 2012, that the development be completed by April 2016. The Company expects to apply for an extension from the Macao government to complete Sands Cotai Central, as the Company will be unable to meet the May 2014 deadline. Should the Company determine that it is unable to complete The Parisian Macao by April 2016, the Company would then also expect to apply for an extension from the Macao government. If the Company is unable to meet The Parisian Macao deadline and the deadlines for either development are not extended, the Company could lose its land concessions for Sands Cotai Central or The Parisian Macao, which would prohibit the Company from operating any facilities developed under the respective land concessions. As a result, the Company could record a charge for all or some portion of its \$4.07 billion or \$143.7 million in capitalized construction costs and land premiums (net of amortization), as of March 31, 2013, related to Sands Cotai Central and The Parisian Macao, respectively.

The Company was constructing a high-rise residential condominium tower (the Las Vegas Condo Tower), located on the Las Vegas Strip between The Palazzo and The Venetian Las Vegas. The Company suspended construction activities for the project due to reduced demand for Las Vegas Strip condominiums and the overall decline in general economic conditions. The Company intends to recommence construction when demand and conditions improve. As of March 31, 2013, the Company has capitalized construction costs of \$178.8 million for this project. The impact of the suspension on the estimated overall cost of the project is currently not determinable with certainty.

Other

The Company continues to aggressively pursue a variety of new development opportunities around the world.

Development Financing Strategy

Through March 31, 2013, the Company has funded its development projects primarily through borrowings under its credit facilities, operating cash flows, proceeds from its equity offerings and proceeds from the disposition of non-core assets.

The U.S. credit facility requires the Company's Las Vegas operations to comply with certain financial covenants at the end of each quarter, including maintaining a maximum leverage ratio of net debt, as defined, to trailing twelve-month adjusted earnings before interest, income taxes, depreciation and amortization (Adjusted EBITDA). The maximum leverage ratio is 5.0x for all quarterly periods through maturity. The Company can elect to contribute up to \$50 million of cash on hand to its Las Vegas operations on a bi-quarterly basis; such contributions having the effect of increasing Adjusted EBITDA during the applicable quarter for purposes of calculating compliance with the maximum leverage ratio. The Company's Macao facility also requires the Company's Macao operations to comply with similar financial covenants, which commenced with the quarterly period ended March 31, 2012, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 4.5x for the quarterly periods ending March 31 through June 30, 2013, decreases to 4.0x for the quarterly periods ending September 30, 2013 through December 31, 2014, decreases to 3.5x for the quarterly periods ending March 31 through December 31, 2015, and then decreases to, and remains at, 3.0x for all quarterly periods thereafter through maturity. The Singapore credit facility (the 2012 Singapore Credit Facility) requires operations of Marina Bay Sands to comply with similar financial covenants, which commenced with the quarterly period ended September 30, 2012, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 4.0x for the quarterly periods ending March 31 through September 30, 2013, decreases to 3.5x for the quarterly periods ending December 31, 2013 through December 31, 2014, and then decreases to, and remains at, 3.0x for all quarterly periods thereafter through maturity. If the Company is unable to maintain compliance with the financial covenants under these credit facilities, it would be in default under the respective credit facilities. A default under the U.S. credit facility would trigger a cross-default under the Company's airplane financings. Any defaults or cross-defaults under these agreements would allow the lenders, in each case, to exercise their rights and remedies as defined under their respective agreements. If the lenders were to exercise their rights to accelerate the due dates of the indebtedness outstanding, there can be no assurance that the Company would be able to repay or refinance any amounts that may become due and payable under such agreements, which could force the Company to restructure or alter its operations or debt obligations.

The Company held unrestricted cash and cash equivalents of approximately \$2.38 billion and restricted cash and cash equivalents of \$6.7 million as of March 31, 2013. The Company believes the cash on hand and cash flow generated from operations will be sufficient to maintain compliance with the financial covenants of its credit facilities. The Company will need to arrange additional financing to fund the balance of its Cotai Strip developments on terms suitable to the Company, including pursuing approximately \$2.0 billion of financing for The Parisian Macao. In the normal course of its activities, the Company will continue to evaluate its capital structure and opportunities for enhancements thereof, including evaluating strategic alternatives related to the Company's Pennsylvania operations.

Recent Accounting Pronouncements

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

In February 2013, the FASB issued authoritative guidance on the reporting of reclassifications out of accumulated other comprehensive income. The guidance requires an entity to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income if the amount is reclassified to net income in its entirety in the same reporting period. The guidance is effective for fiscal years beginning after December 15, 2012, with early adoption permitted. The adoption of this guidance did not have a material effect on the Company's financial condition, results of operations or cash flows.

Under generally accepted accounting principles, the sale of The Shoppes at The Palazzo has not been accounted for as a sale because the Company's participation in certain future revenues constitutes continuing involvement in The Shoppes at The Palazzo. Therefore, \$266.2 million of the proceeds allocated to the mall sale transaction has been recorded as deferred proceeds (a long-term financing obligation), which will accrue interest at an imputed rate and will be offset by (i) imputed rental income and (ii) rent payments made to GGP related to spaces leased back from GGP by the Company. The property and equipment legally sold to GGP totaling \$247.9 million (net of \$63.5 million of accumulated depreciation) as of March 31, 2013, will continue to be recorded on the Company's condensed consolidated balance sheet and will continue to be depreciated in the Company's condensed consolidated income statement.

During the three months ended March 31, 2013 and 2012, the Company capitalized interest expense of \$1.8 million and \$22.1 million, respectively. During the three months ended March 31, 2013 and 2012, the Company capitalized approximately \$5.7 million and \$2.8 million, respectively, of internal costs, consisting primarily of compensation expense for individuals directly involved with the development and construction of property.

The Company suspended portions of its development projects. As described in Note 1 Organization and Business of Company, the Company may be required to record an impairment charge related to these developments in the future.

The estimated fair value of the Company's long-term debt is based on level 2 inputs (quoted prices in markets that are not active).

NOTE 4 EQUITY AND EARNINGS PER SHARE**Common Stock Dividends**

On March 29, 2013, the Company paid a dividend of \$0.35 per common share as part of a regular cash dividend program. During the three months ended March 31, 2013, the Company recorded \$288.8 million as a distribution against retained earnings (of which \$151.0 million related to the Principal Stockholder's family). Of this amount, approximately \$0.5 million has been recorded as a liability, which will be paid to holders

of unvested restricted stock and stock units upon vesting.

On March 30, 2012, the Company paid a dividend of \$0.25 per common share as part of a regular cash dividend program. During the three months ended March 31, 2012, the Company recorded \$205.7 million as a distribution against retained earnings (of which \$107.8 million related to the Principal Stockholder's family).

In April 2013, the Company's Board of Directors declared a quarterly dividend of \$0.35 per common share (a total estimated to be approximately \$289 million) to be paid on June 28, 2013, to shareholders of record on June 20, 2013.

Warrants

On March 2, 2012, the Principal Stockholder's family exercised all of their outstanding warrants to purchase 87,500,175 shares of the Company's common stock for \$6.00 per share and paid \$525.0 million in cash as settlement of the warrant exercise price. Additionally, during the three months ended March 31, 2012, 11,670 warrants were exercised to purchase an aggregate of 194,499 shares of the Company's common stock at \$6.00 per share and \$1.2 million in cash was received as settlement of the warrant exercise price.

Antidilutive stock options excluded from the calculation of diluted earnings per share	4,384,859	4,269,417

Accumulated Other Comprehensive Income

As of March 31, 2013 and December 31, 2012, accumulated other comprehensive income consisted solely of foreign currency translation adjustments.

NOTE 5 VARIABLE INTEREST ENTITIES

The Company consolidates any variable interest entities (VIEs) in which it is the primary beneficiary and discloses significant variable interests in VIEs of which it is not the primary beneficiary, if any, which management determines such designation based on accounting standards for VIEs.

The Company has entered into various joint venture agreements with independent third parties. The operations of these joint ventures have been consolidated by the Company due to the Company's significant investment in these joint ventures, its power to direct the activities of the joint ventures that would significantly impact their economic performance and the obligation to absorb potentially significant losses or the rights to receive potentially significant benefits from these joint ventures. The Company evaluates its primary beneficiary designation on an ongoing basis and will assess the appropriateness of the VIE's status when events have occurred that would trigger such an analysis.

As of March 31, 2013 and December 31, 2012, the Company's joint ventures had total assets of \$92.1 million and \$94.5 million, respectively, and total liabilities of \$99.7 million and \$95.8 million, respectively.

NOTE 6 INCOME TAXES

The Company's major tax jurisdictions are the U.S., Macao and Singapore. In January 2013, the Internal Revenue Service (IRS) completed its examination of tax years 2005 through 2009. The Company decreased its unrecognized tax benefits by \$9.3 million due to the conclusion of the IRS audit. The Inland Revenue Authority of Singapore is performing a compliance review of the Marina Bay Sands tax return for tax year 2010. The Company is subject to examination for tax years after 2007 in Macao and Singapore and for tax years after 2009 in the U.S. The Company believes it has adequately reserved for its uncertain tax positions; however, there is no assurance that the taxing authorities will not propose adjustments that are different from the Company's expected outcome and impact the provision for income taxes.

Table of Contents**LAS VEGAS SANDS CORP. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

Since January 1, 2012, the Company no longer considers the current portion of the tax earnings and profits of certain of its foreign subsidiaries to be permanently reinvested. The Company has not provided a deferred tax provision for these foreign earnings as the Company expects there will be sufficient U.S. foreign tax credits to offset the U.S. income tax that would result from the repatriation of foreign earnings. The Company recorded valuation allowances on the net deferred tax assets of its U.S. operations and certain foreign jurisdictions. Management will reassess the realization of deferred tax assets based on the accounting standards for income taxes each reporting period. To the extent it becomes more-likely-than-not that the deferred tax assets are realizable, the Company will be able to reduce the valuation allowance.

The Company received a 5-year income tax exemption in Macao that exempts the Company from paying corporate income tax on profits generated by gaming operations. The Company will continue to benefit from this tax exemption through the end of 2013. During July 2012, Venetian Macau Limited (VML) requested an additional 5-year income tax exemption; however, there is no assurance that the Company will receive the extension. In February 2011, the Company entered into an agreement with the Macao government, effective through the end of 2013 that provides for an annual payment of 14.4 million patacas (approximately \$1.8 million at exchange rates in effect on March 31, 2013) that is a substitution for a 12% tax otherwise due from VML shareholders on dividend distributions paid from VML gaming profits.

Table of Contents**LAS VEGAS SANDS CORP. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****NOTE 8 FAIR VALUE MEASUREMENTS**

Under applicable accounting guidance, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance also establishes a valuation hierarchy for inputs in measuring fair value that maximizes the use of observable inputs (inputs market participants would use based on market data obtained from sources independent of the Company) and minimizes the use of unobservable inputs (inputs that reflect the Company's assumptions based upon the best information available in the circumstances) by requiring that the most observable inputs be used when available. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the assets or liabilities, either directly or indirectly. Level 3 inputs are unobservable inputs for the assets or liabilities. Categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following table provides the assets carried at fair value (in thousands):

	Fair Value Measurements Using:			
	Total Carrying Value	Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
As of March 31, 2013				
Cash equivalents ⁽¹⁾	\$ 1,365,975	\$ 1,365,975	\$	\$
Interest rate caps ⁽²⁾	\$ 171	\$	\$ 171	\$
As of December 31, 2012				
Cash equivalents ⁽¹⁾	\$ 1,377,330	\$ 1,377,330	\$	\$
Interest rate caps ⁽²⁾	\$ 218	\$	\$ 218	\$

(1) The Company has short-term investments classified as cash equivalents as the original maturities are less than 90 days.

(2) As of March 31, 2013 and December 31, 2012, the Company had 25 and 30 interest rate cap agreements, respectively, with an aggregate fair value of approximately \$0.2 million based on quoted market values from the institutions holding the agreements.

NOTE 9 COMMITMENTS AND CONTINGENCIES**Litigation**

The Company is involved in other litigation in addition to those noted below, arising in the normal course of business. Management has made certain estimates for potential litigation costs based upon consultation with legal counsel. Actual results could differ from these estimates; however, in the opinion of management, such litigation and claims will not have a material effect on the Company's financial condition, results of operations or cash flows.

On October 15, 2004, Richard Suen and Round Square Company Limited filed an action against LVSC, Las Vegas Sands, Inc. (LVSI), Sheldon G. Adelson and William P. Weidner in the District Court of Clark County, Nevada (the District Court of Clark County), asserting a breach of an alleged agreement to pay a success fee of \$5.0 million and 2.0% of the net profit from the Company's Macao resort operations to the plaintiffs as well as other related claims. In March 2005, LVSC was dismissed as a party without prejudice based on a stipulation to do so between the

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

parties. Pursuant to an order filed March 16, 2006, plaintiffs' fraud claims set forth in the first amended complaint were dismissed with prejudice against all defendants. The order also dismissed with prejudice the first amended complaint against defendants Sheldon G. Adelson and William P. Weidner. On May 24, 2008, the jury returned a verdict for the plaintiffs in the amount of \$43.8 million. On June 30, 2008, a judgment was entered in this matter in the amount of \$58.6 million (including pre-judgment interest). The Company appealed the verdict to the Nevada Supreme Court. On November 17, 2010, the Nevada Supreme Court reversed the judgment and remanded the case to the District Court of Clark County for a new trial. In its decision reversing the monetary judgment against the Company, the Nevada Supreme Court also made several other rulings which may affect the outcome of the new trial, including overturning the pre-trial dismissal of the plaintiffs' breach of contract claim and deciding several evidentiary matters, some of which confirmed and some of which overturned rulings made by the District Court of Clark County. On February 27, 2012, the District Court of Clark County set a date of March 25, 2013, for the new trial. On June 22, 2012, the defendants filed a request to add experts and plaintiffs filed a motion seeking additional financial data as part of their discovery. The District Court of Clark County granted both requests. The trial began on March 27, 2013, and is in process as of the date of this filing. As such, the Company is unable at this time to determine the probability of the outcome or range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(UNAUDITED)

On October 20, 2010, Steven C. Jacobs, the former Chief Executive Officer of SCL, filed an action against LVSC and SCL in the District Court of Clark County alleging breach of contract against LVSC and SCL and breach of the implied covenant of good faith and fair dealing and tortious discharge in violation of public policy against LVSC. On March 16, 2011, an amended complaint was filed, which added Sheldon G. Adelson as a defendant and alleged a claim of defamation per se against him, LVSC and SCL. On June 9, 2011, the District Court of Clark County dismissed the defamation claim and certified the decision as to Sheldon G. Adelson as a final judgment. On July 1, 2011, the plaintiff filed a notice of appeal regarding the final judgment as to Sheldon G. Adelson. On August 26, 2011, the Nevada Supreme Court issued a writ of mandamus instructing the District Court of Clark County to hold an evidentiary hearing on whether personal jurisdiction exists over SCL and stayed the case until after the district court's decision. On January 17, 2012, Mr. Jacobs filed his opening brief with the Nevada Supreme Court regarding his appeal of the defamation claim against Mr. Adelson. On January 30, 2012, Mr. Adelson filed his reply to Mr. Jacobs' opening brief. On March 8, 2012, the District Court of Clark County set a hearing date for the week of June 25-29, 2012, for the evidentiary hearing on personal jurisdiction over SCL. On May 24, 2012, the District Court of Clark County vacated the hearing date previously set for June 25-29 and set a status conference for June 28, 2012. At the June 28 status hearing, the District Court of Clark County set out a hearing schedule to resolve a discovery dispute and did not reset a date for the jurisdictional hearing. From September 10 to September 12, 2012, the District Court of Clark County held a hearing to determine the outcome of certain discovery disputes and issued an Order on September 14, 2012. In its Order, the District Court of Clark County fined LVSC \$25,000 and, for the purposes of the jurisdictional discovery and evidentiary hearing, precluded the Defendants from relying on the Macao Data Privacy Act as an objection or defense under its discovery obligations. On December 21, 2012, the District Court of Clark County ordered the defendants to produce documents from a former counsel to LVSC containing attorney client privileged information. On January 23, 2013, the defendants filed a writ with the Nevada Supreme Court challenging this order. On January 29, 2013, the District Court of Clark County granted defendants motion for a stay of the order. On February 15, 2013, the Nevada Supreme Court ordered the plaintiff to answer the writ. On February 28, 2013, the District Court of Clark County ordered a hearing on plaintiffs request for sanctions and additional discovery (the February 28th Order). On April 8, 2013, the defendants filed a writ with the Nevada Supreme Court challenging the February 28th Order; and the Nevada Supreme Court ordered the plaintiff to answer the writ by May 20, 2013. The defendants also filed and were granted a stay of the February 28th Order by the District Court of Clark County until such time as the Nevada Supreme Court decides the writ. Mr. Jacobs is seeking unspecified damages. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On February 9, 2011, LVSC received a subpoena from the Securities and Exchange Commission (the SEC) requesting that the Company produce documents relating to its compliance with the Foreign Corrupt Practices Act (the FCPA). The Company has also been advised by the Department of Justice (the DOJ) that it is conducting a similar investigation. It is the Company's belief that the subpoena may have emanated from the lawsuit filed by Steven C. Jacobs described above.

After the Company's receipt of the subpoena from the SEC on February 9, 2011, the Board of Directors delegated to the Audit Committee, comprised of three independent members of the Board of Directors, the authority to investigate the matters raised in the SEC subpoena and related inquiry of the DOJ.

As part of the annual audit of the Company's financial statements, the Audit Committee advised the Company and its independent accountants that it had reached certain preliminary findings, including that there were likely violations of the books and records and internal controls provisions of the FCPA and that in recent years, the Company has improved its practices with respect to books and records and internal controls.

Based on the information provided to management by the Audit Committee and its counsel, the Company believes, and the Audit Committee concurs, that the preliminary findings:

do not have a material impact on the financial statements of the Company;

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

do not warrant any restatement of the Company's past financial statements; and

do not represent a material weakness in the Company's internal controls over financial reporting as of March 31, 2013.

The investigation by the Audit Committee, though largely completed, remains ongoing. The Company is cooperating with all investigations. Based on proceedings to date, management is currently unable to determine the probability of the outcome of this matter, the extent of materiality, or the range of reasonably possible loss, if any.

On May 24, 2010, Frank J. Fosbre, Jr. filed a purported class action complaint in the United States District Court for the District of Nevada (the U.S. District Court), against LVSC, Sheldon G. Adelson, and William P. Weidner. The complaint alleged that LVSC, through the individual defendants, disseminated or approved materially false information, or failed to disclose material facts, through press releases, investor conference calls and other means from August 1, 2007 through November 6, 2008. The complaint sought, among other relief, class certification, compensatory damages and attorneys' fees and costs. On July 21, 2010, Wendell and Shirley Combs filed a purported class action complaint in the U.S. District Court, against LVSC, Sheldon G. Adelson, and William P. Weidner. The complaint alleged that LVSC, through the individual defendants, disseminated or approved materially false information, or failed to disclose material facts, through press releases, investor conference calls and other means from June 13, 2007 through November 11, 2008. The complaint, which was substantially similar to the Fosbre complaint, discussed above, sought, among other relief, class certification, compensatory damages and attorneys' fees and costs. On August 31, 2010, the U.S. District Court entered an order consolidating the Fosbre and Combs cases, and appointed lead plaintiffs and lead counsel. As such, the Fosbre and Combs cases are reported as one consolidated matter. On November 1, 2010, a purported class action amended complaint was filed in the consolidated action against LVSC, Sheldon G. Adelson and William P. Weidner. The amended complaint alleges that LVSC, through the individual defendants, disseminated or approved materially false and misleading information, or failed to disclose material facts, through press releases, investor conference calls and other means from August 2, 2007 through November 6, 2008. The amended complaint seeks, among other relief, class certification, compensatory damages and attorneys' fees and costs. On January 10, 2011, the defendants filed a motion to dismiss the amended complaint, which, on August 24, 2011, was granted in part, and denied in part, with the dismissal of certain allegations. On November 7, 2011, the defendants filed their answer to the allegations remaining in the amended complaint. On July 11, 2012, the U.S. District Court issued an order allowing Defendants' Motion for Partial Reconsideration of the Court's Order dated August 24, 2011, striking additional portions of the plaintiff's complaint and reducing the class period to a period of February 4 to November 6, 2008. On August 7, 2012, the plaintiff filed a purported class action second amended complaint (the Second Amended Complaint) seeking to expand their allegations back to a time period of 2007 (having previously been cut back to 2008 by the U.S. District Court) essentially alleging very similar matters that had been previously stricken by the U.S. District Court. On October 16, 2012, the defendants filed a new motion to dismiss the Second Amended Complaint. The plaintiffs responded to the motion to dismiss on November 1, 2012, and defendants filed their reply on November 12, 2012. On November 20, 2012, the U.S. District Court granted a stay of discovery under the Private Securities Litigation Reform Act pending a decision on the new motion to dismiss and therefore, the discovery process has been suspended. On April 16, 2013, the case was reassigned to a new judge. This consolidated action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On March 9, 2011, Benyamin Kohanim filed a shareholder derivative action (the Kohanim action) on behalf of the Company in the District Court of Clark County against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the members of the Board of Directors at the time. The complaint alleges, among other things, breach of fiduciary duties in failing to properly implement, oversee and maintain internal controls to ensure compliance with the FCPA. The complaint seeks to recover for the Company unspecified damages, including restitution and disgorgement of profits, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiff. On April 18, 2011, Ira J. Gaines, Sunshine Wire and Cable Defined Benefit Pension Plan Trust dated 1/1/92 and Peachtree Mortgage Ltd. filed a shareholder derivative action (the Gaines action) on behalf of the Company in the District Court of Clark County against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the members of the Board of Directors at the time. The complaint raises substantially similar claims as alleged in the Kohanim action. The complaint seeks to recover for the Company unspecified damages, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiffs. The Kohanim and Gaines actions have been consolidated and are reported as one consolidated matter. On July 25, 2011, the plaintiffs filed a first verified amended consolidated complaint. The plaintiffs have twice agreed to stay the proceedings. A 120-day stay was entered by the Court in October 2011. It was extended for another 90 days in February 2012 and expired in May 2012. The parties agreed to an extension of the May 2012 deadline that expired on October 30, 2012. The defendants filed a motion to dismiss on November 1, 2012, based on the fact that the plaintiffs have suffered no damages. On January 23, 2013, the Court denied the motion to dismiss in part, deferred the remainder of the motion to dismiss and stayed the proceedings until a July 22, 2013 status hearing. This consolidated action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

On April 1, 2011, Nasser Moradi, Richard Buckman, Douglas Tomlinson and Matt Abbeduto filed a shareholder derivative action (the Moradi action), as amended on April 15, 2011, on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the members of the Board of Directors at the time. The complaint raises substantially similar claims as alleged in the Kohanim and Gaines actions. The complaint seeks to recover for the Company unspecified damages, including exemplary damages and restitution, and also seeks to recover attorneys fees, costs and related expenses for the plaintiffs. On April 18, 2011, the Louisiana Municipal Police Employees Retirement System filed a shareholder derivative action (the LAMPERS action) on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the members of the Board of Directors at the time, and Wing T. Chao, a former member of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim, Moradi and Gaines actions. The complaint seeks to recover for the Company unspecified damages, and also seeks to recover attorneys fees, costs and related expenses for the plaintiff. On April 22, 2011, John Zaremba filed a shareholder derivative action (the Zaremba action) on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the members of the Board of Directors at the time, and Wing T. Chao, a former member of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim, Moradi, Gaines and LAMPERS actions. The complaint seeks to recover for the Company unspecified damages, including restitution, disgorgement of profits and injunctive relief, and also seeks to recover attorneys fees, costs and related expenses for the plaintiff. On August 25, 2011, the U.S. District Court consolidated the Moradi, LAMPERS and Zaremba actions and such actions are reported as one consolidated matter. On November 17, 2011, the defendants filed a motion to dismiss or alternatively to stay the federal action due to the parallel state court action described above. On May 25, 2012, the case was transferred to a new judge. On August 27, 2012, the U.S. District Court granted the motion to stay pending a further update of the Special Litigation Committee due on October 30, 2012. On October 30, 2012, the defendants filed the update asking the judge to determine whether to continue the stay until January 31, 2013, or to address motions to dismiss. On November 7, 2012, the U.S. District Court denied defendants request for an extension of the stay but asked the parties to brief the motion to dismiss. On November 21, 2012, defendants filed their motion to dismiss. On December 21, 2012, plaintiffs filed their opposition and on January 18, 2013, defendants filed their reply. This consolidated action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On March 23, 2012, Ernest Kleinschmidt filed a shareholder derivative action (the Kleinschmidt action) on behalf of the Company in the District Court of Clark County against Sheldon G. Adelson, Michael A. Leven, Irwin A. Siegel, Jeffrey H. Schwartz, Jason N. Ader, Charles D. Forman, Irwin Chafetz and George P. Koo, who are currently members of the Board of Directors, and Wing T. Chao, Andrew R. Heyer, James Purcell, Bradley H. Stone and William P. Weidner, who are former members of the Board of Directors and/or executives of the Company. The complaint alleges, among other things, breach of fiduciary duties for disseminating false and misleading information, failure to maintain internal controls and failing to properly oversee and manage the Company, and unjust enrichment. The complaint seeks, among other relief, unspecified damages, direction to LVSC to take unspecified actions to improve its corporate governance and internal procedures, restitution and disgorgement of profits, and attorneys' fees, costs and related expenses for the plaintiff. On June 29, 2012, the defendants who had been served at that time including nominal defendant LVSC and defendants Michael A. Leven, Irwin A. Siegel, Jason N. Ader, Charles D. Forman, Irwin Chafetz, George P. Koo, James Purcell, Bradley H. Stone and William P. Weidner filed a motion to dismiss. On July 20 and July 25, 2012, defendants Jeffrey H. Schwartz and Wing T. Chao, respectively, each filed a substantially similar motion to dismiss. On October 10, 2012, the case was transferred to business court within the District Court of Clark County. On October 12, 2012, the case was reassigned to a new judge. On January 14, 2013, the District Court of Clark County filed its order dismissing the entire case for failure to make a demand on the Board of Directors of LVSC with 5 of 6 claims dismissed with prejudice as being time barred under applicable statutes of limitations. The sixth claim for unjust enrichment was allowed to be re-filed, but only after demand on the Board of Directors of LVSC is made. The Company received a letter from the plaintiffs lawyers dated February 9, 2013, making their demand on the Board of Directors of LVSC for the unjust enrichment claim that the District Court of Clark County previously dismissed without prejudice. In addition, on February 19, 2013, the plaintiffs filed a notice of appeal with the Nevada Supreme Court appealing the dismissal of the case. Based on proceedings to date, management is unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On January 19, 2012, Asian American Entertainment Corporation, Limited (AAEC) filed a claim (the Macao action) with the Macao Judicial Court (Tribunal Judicial de Base) against VML, LVS (Nevada) International Holdings, Inc. (LVS (Nevada)), Las Vegas Sands, LLC (LVSLLC) and Venetian Casino Resort, LLC (VCR and collectively, the Defendants). The claim is for 3.0 billion patacas (approximately \$375.8 million at exchange rates in effect on March 31, 2013) as compensation for damages resulting from the alleged breach of agreements entered into between AAEC and the Defendants for their joint presentation of a bid in response to the public tender held by the Macao government for the award of gaming concessions at the end of 2001. On July 4, 2012, the Defendants filed their defense to the Macao action with the Macao Judicial Court. AAEC then filed a reply that included several amendments to the original claim, although the amount of the claim was not amended. On January 4, 2013, the Defendants filed an amended defense to the amended claim with the Macao Judicial Court. The Macao action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

As previously disclosed by the Company, on February 5, 2007, AAEC brought a similar claim (the Prior Action) in the U.S. District Court, against LVSI (now known as LVSLLC), VCR and Venetian Venture Development, LLC, which are subsidiaries of the Company, and William P. Weidner and David Friedman, who are former executives of the Company. The U.S. District Court entered an order on April 16, 2010, dismissing the Prior Action. On April 20, 2012, LVSLLC, VCR and LVS (Nevada) filed an injunctive action (the Nevada Action) against AAEC in the U.S. District Court seeking to enjoin AAEC from proceeding with the Macao Action based on AAEC's filing, and the U.S. District Court's dismissal, of the Prior Action. On June 14, 2012, the U.S. District Court issued an order that denied the motions requesting the Nevada Action, thereby effectively dismissing the Nevada Action.

On August 1, 2012, SCL filed an announcement with the SEHK stating that SCL's subsidiary, VML, has received a notification from the Office for Personal Data Protection of the Macao government (the OPDP) indicating that the OPDP has launched an official investigation procedure in relation to the alleged transfer from Macao by VML to the United States of certain data contrary to the Personal Data Protection Act (Macao). On April 13, 2013, the OPDP presented its findings and VML received a cumulative fine of 40,000 patacas (approximately \$5,002 at exchange rates in effect on March 31, 2013). VML paid the fine as levied by the OPDP.

The Company has received subpoenas from the U.S. Attorney's Office requesting the production of documents relating to two prior customers of the Company's properties. The Company is cooperating with the U.S. Attorney's Office on these matters. Based on proceedings to date, management is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any.

The Company's principal operating and developmental activities occur in three geographic areas: Macao, Singapore and the United States. The Company reviews the results of operations for each of its operating segments: The Venetian Macao; Sands Cotai Central; Four Seasons Macao; Sands Macao; Other Asia (comprised primarily of the Company's ferry operations and various other operations that are ancillary to the Company's properties in Macao); Marina Bay Sands; The Venetian Las Vegas, which includes the Sands Expo Center; The Palazzo; and Sands Bethlehem. The Venetian Las Vegas and The Palazzo operating segments are managed as a single integrated resort and have been aggregated as one reportable segment (the Las Vegas Operating Properties), considering their similar economic characteristics, types of customers, types of services and products, the regulatory business environment of the operations within each segment and the Company's organizational and management reporting structure. The Company also reviews construction and development activities for each of its primary projects under development, some of which have been suspended, in addition to its reportable segments noted above. The Company's primary projects under development are The Parisian Macao and phase III of Sands Cotai Central in Macao, and the Las Vegas Condo Tower (included in Corporate and Other) in the U.S. The corporate activities of the Company are also included in Corporate and Other. The information for the three months ended March 31, 2012, has been reclassified to conform to the current presentation. The Company's segment information as of March 31, 2013 and December 31, 2012, and for the three months ended March 31, 2013 and 2012, is as follows (in thousands):

LVSLLC, VCR, Mall Intermediate Holding Company, LLC, Venetian Transport, LLC, Venetian Marketing, Inc., Lido Intermediate Holding Company, LLC, Lido Casino Resort Holding Company, LLC, Interface Group-Nevada, Inc., Palazzo Condo Tower, LLC, Sands Pennsylvania, Inc., Phase II Mall Holding, LLC, LVS (Nevada) International Holdings, Inc. and LVS Management Services, LLC (collectively, the Restricted Subsidiaries), are all guarantors under the Senior Secured Credit Facility. In March 2013, Phase II Mall Holding, LLC was merged into Lido Casino Resort Holding Company, LLC, which was then merged into Lido Intermediate Holding Company, LLC, which was then merged into VCR. Mall Intermediate Holding Company, LLC was also merged into VCR in March 2013. The noncontrolling interest amount included in the Restricted Subsidiaries condensed consolidating balance sheets is related to non-voting preferred stock of one of the subsidiaries held by third parties.

In February 2008, all of the capital stock of Phase II Mall Subsidiary, LLC was sold to GGP; however, the sale is not complete from an accounting perspective due to the Company's continuing involvement in the transaction related to the participation in certain future revenues earned by GGP. Certain of the assets, liabilities and operating results related to the ownership and operation of the mall by Phase II Mall Subsidiary, LLC subsequent to the sale will continue to be accounted for by the Restricted Subsidiaries, and therefore are included in the

Restricted Subsidiaries columns in the following condensed consolidating financial information. As a result, net liabilities of \$20.4 million (consisting of \$247.9 million of property and equipment, offset by \$268.3 million of liabilities consisting primarily of deferred proceeds from the sale) and \$17.3 million (consisting of \$250.8 million of property and equipment, offset by \$268.1 million of liabilities consisting primarily of deferred proceeds from the sale) as of March 31, 2013 and December 31, 2012, respectively, and a net loss (consisting primarily of depreciation expense) of \$3.2 million and \$3.8 million for the three months ended March 31, 2013 and 2012, respectively, related to the mall and are being accounted for by the Restricted Subsidiaries. These balances and amounts are not collateral for the Senior Secured Credit Facility.

Table of Contents**LAS VEGAS SANDS CORP. AND SUBSIDIARIES****ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion should be read in conjunction with, and is qualified in its entirety by, the condensed consolidated financial statements and the notes thereto, and other financial information included in this Form 10-Q. Certain statements in this Management's Discussion and Analysis of Financial Condition and Results of Operations are forward-looking statements. See Special Note Regarding Forward-Looking Statements.

Operations

We view each of our casino properties as an operating segment. Our operating segments in the Macao Special Administrative Region (Macao) of the People's Republic of China consist of The Venetian Macao Resort Hotel (The Venetian Macao); Sands Cotai Central, which opened phases I, IIA and IIB in April and September 2012, and January 2013, respectively; the Four Seasons Hotel Macao, Cotai Strip and the Plaza Casino (collectively, the Four Seasons Macao); the Sands Macao; and other ancillary operations in that region (Other Asia). Our operating segment in Singapore is the Marina Bay Sands. Our operating segments in the United States consist of The Venetian Resort Hotel Casino (The Venetian Las Vegas), The Palazzo Resort Hotel Casino (The Palazzo) and the Sands Casino Resort Bethlehem (the Sands Bethlehem). The Venetian Las Vegas and The Palazzo operating segments are managed as a single integrated resort and have been aggregated into one reportable segment (the Las Vegas Operating Properties), considering their similar economic characteristics, types of customers, types of services and products, the regulatory business environment of the operations within each segment and our organizational and management reporting structure.

Macao

We own 70.2% of Sands China Ltd. (SCL), which includes the operations of The Venetian Macao, Sands Cotai Central, Four Seasons Macao, Sands Macao and other ancillary operations that support these properties. We operate the gaming areas within these properties pursuant to a 20-year gaming subconcession.

We own and operate The Venetian Macao, which anchors the Cotai Strip, our master-planned development of integrated resort properties on an area of approximately 140 acres in Macao (consisting of parcels referred to as 1, 2, 3 and 5 and 6). The Venetian Macao (located on parcel 1) includes a 39-floor luxury hotel with over 2,900 suites; approximately 374,000 square feet of gaming space; a 15,000-seat arena; an 1,800-seat theater; retail and dining space of approximately 1.0 million square feet; and a convention center and meeting room complex of approximately 1.2 million square feet. Approximately 86.3% and 83.8% of the gross revenue at The Venetian Macao for the three months ended March 31, 2013 and 2012, respectively, was derived from gaming activities, with the remainder derived from room, mall, food and beverage and other non-gaming sources.

In April and September 2012 and January 2013, we opened phases I, IIA and IIB, respectively, of our Sands Cotai Central integrated resort (located on parcels 5 and 6), which is situated across the street from The Venetian Macao and Four Seasons Macao. Phase I consists of a hotel tower on parcel 5, which includes approximately 600 five-star rooms and suites under the Conrad brand and approximately 1,200 four-star rooms and suites under the Holiday Inn brand; more than 350,000 square feet of meeting space; several food and beverage establishments; along with the 230,000-square-foot casino and VIP gaming areas. Phase IIA, includes the first hotel tower on parcel 6, which features approximately 1,800 rooms and suites managed by Starwood Asia Pacific Hotels and Resorts Pte Ltd. and Sheraton Overseas Management Co. (collectively Starwood) under the Sheraton brand, along with the second casino and additional retail, entertainment, dining and meeting facilities. Phase IIB consists of the second hotel tower on parcel 6 and features approximately 2,100 rooms and suites managed by Starwood under the Sheraton brand. With the completion of phases I and II of the project, the integrated resort features approximately 300,000 square feet of gaming space, approximately 800,000 square feet of retail, dining and entertainment space, over 550,000 square feet of meeting facilities and a multipurpose theater (to open in 2014). Phase III of the project is expected to include a fourth hotel and mixed-use tower, located on parcel 5, to be managed by Starwood under the St. Regis brand and the total cost to complete is expected to be approximately \$450 million. We intend to commence construction of phase III of the project as demand and market conditions warrant it. As of March 31, 2013, we have capitalized costs of \$4.07 billion for the entire project, including the land premium (net of amortization) and \$225.1 million in outstanding construction payables. Approximately 86.7% of the gross revenue at Sands Cotai Central for the three months ended March 31, 2013, was derived from gaming activities, with the remainder derived primarily from room and food and beverage operations.

We own the Four Seasons Macao (located on parcel 2), which is adjacent and connected to The Venetian Macao. The Four Seasons Macao is an integrated resort that includes 360 rooms and suites managed and operated by Four Seasons Hotels Inc., and features 19 Paiza mansions; approximately 108,000 square feet of gaming space; retail space of approximately 260,000 square feet, which is connected to the mall at The Venetian Macao; several food and beverage offerings; and conference, banquet and other facilities operated by us. This integrated resort will

also feature the Four Seasons Apartment Hotel Macao, Cotai Strip (the Four Seasons Apartments), an apart-hotel tower that consists of approximately 1.0 million square feet of Four Seasons-serviced and -branded luxury apart-hotel units and common areas. We have completed the structural work of the tower and expect to monetize units within the Four Seasons Apartments after the necessary government approvals are obtained and future demand warrants it. Approximately 88.1% and 91.0% of the gross revenue at the Four Seasons Macao for the three months ended March 31, 2013 and 2012, respectively, was derived from gaming activities, with the remainder derived from mall, room and other non-gaming sources.

Table of Contents

We own and operate the Sands Macao, the first Las Vegas-style casino in Macao. The Sands Macao includes approximately 249,000 square feet of gaming space; a 289-suite hotel tower; several restaurants; VIP facilities; a theater and other high-end services and amenities. Approximately 94.2% and 95.0% of the gross revenue at the Sands Macao for the three months ended March 31, 2013 and 2012, respectively, was derived from gaming activities, with the remainder primarily derived from food and beverage operations.

Singapore

We own and operate the Marina Bay Sands in Singapore, which features three 55-story hotel towers (totaling approximately 2,600 rooms and suites), the Sands SkyPark (which sits atop the hotel towers and features an infinity swimming pool and several dining options), approximately 160,000 square feet of gaming space, an enclosed retail, dining and entertainment complex of approximately 800,000 net leasable square feet, a convention center and meeting room complex of approximately 1.2 million square feet, theaters and a landmark iconic structure at the bay-front promenade that contains an art/science museum. In April 2013, we paid 57.0 million Singapore dollars (SGD, approximately \$45.9 million at exchange rates in effect on March 31, 2013) to the Casino Regulatory Authority in Singapore as part of the process to renew our gaming license, which now expires in April 2016. Approximately 76.5% and 78.8% of the gross revenue at the Marina Bay Sands for the three months ended March 31, 2013 and 2012, respectively, was derived from gaming activities, with the remainder derived from room, food and beverage, mall and other non-gaming sources.

United States

Las Vegas

Our Las Vegas Operating Properties, situated on or near the Las Vegas Strip, consist of The Venetian Las Vegas, a Renaissance Venice-themed resort; The Palazzo, a resort featuring modern European ambience and design; and an expo and convention center of approximately 1.2 million square feet (the Sands Expo Center). Our Las Vegas Operating Properties represent an integrated resort with approximately 7,100 suites and approximately 225,000 square feet of gaming space. Our Las Vegas Operating Properties also feature a meeting and conference facility of approximately 1.1 million square feet; Canyon Ranch SpaClub facilities; a Paiza Club, offering services and amenities to premium customers, including luxurious VIP suites, spa facilities and private VIP gaming room facilities; entertainment facilities and enclosed retail, dining and entertainment complexes located within The Venetian Las Vegas (The Grand Canal Shoppes) and The Palazzo (The Shoppes at The Palazzo), both of which were sold to GGP Limited Partnership (GGP). See Item 1 Financial Statements Notes to Condensed Consolidated Financial Statements Note 2 Property and Equipment, Net regarding the sale of The Shoppes at The Palazzo.

Approximately 63.2% and 61.1% of gross revenue at our Las Vegas Operating Properties for the three months ended March 31, 2013 and 2012, respectively, was derived from room, food and beverage and other non-gaming sources, with the remainder derived from gaming activities. The percentage of non-gaming revenue reflects the integrated resort's emphasis on the group convention and trade show business.

Pennsylvania

We own and operate the Sands Bethlehem, a gaming, hotel, retail and dining complex located on the site of the historic Bethlehem Steel Works in Bethlehem, Pennsylvania. Sands Bethlehem currently features approximately 145,000 square feet of gaming space; a 300-room hotel tower; a 150,000-square-foot retail facility; an arts and cultural center; and a 50,000-square-foot multipurpose event center, which opened in May 2012. We own 86% of the economic interest in the gaming, hotel and entertainment portion of the property through our ownership interest in Sands Bethworks Gaming LLC and more than 35% of the economic interest in the retail portion of the property through our ownership interest in Sands Bethworks Retail LLC. Approximately 88.9% and 89.5% of the gross revenue at Sands Bethlehem for the three months ended March 31, 2013 and 2012, respectively, was derived from gaming activities, with the remainder derived primarily from food and beverage and other non-gaming sources.

Critical Accounting Policies and Estimates

The preparation of our condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires our management to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates and judgments are based on historical information, information that is currently available to us and on various other assumptions that management believes to be reasonable under the circumstances. Actual results could vary from those estimates and we may change our estimates and assumptions in future evaluations. Changes in these estimates and assumptions may have a material effect on our financial condition and results of operations. We believe that these critical accounting policies affect our more significant judgments and estimates used in the preparation of our condensed consolidated financial statements. For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of

Operating Results**Key Operating Revenue Measurements**

Operating revenues at The Venetian Macao, Sands Cotai Central, Four Seasons Macao, Marina Bay Sands and our Las Vegas Operating Properties are dependent upon the volume of customers who stay at the hotel, which affects the price that can be charged for hotel rooms and our gaming volume. Operating revenues at Sands Macao and Sands Bethlehem are principally driven by casino customers who visit the properties on a daily basis.

The following are the key measurements we use to evaluate operating revenues:

Casino revenue measurements for Macao and Singapore: Macao and Singapore table games are segregated into two groups, consistent with the Macao and Singapore markets convention: Rolling Chip play (all VIP players) and Non-Rolling Chip play (mostly non-VIP players). The volume measurement for Rolling Chip play is non-negotiable gaming chips wagered and lost. The volume measurement for Non-Rolling Chip play is table games drop (drop), which is the sum of markers issued (credit instruments) less markers paid at the table, plus cash deposited in the table drop box. Rolling Chip and Non-Rolling Chip volume measurements are not comparable as the amounts wagered and lost are substantially higher than the amounts dropped. Slot handle (handle), also a volume measurement, is the gross amount wagered for the period cited.

We view Rolling Chip win as a percentage of Rolling Chip volume, Non-Rolling Chip win as a percentage of drop and slot hold as a percentage of slot handle. Win or hold percentage represents the percentage of Rolling Chip volume, Non-Rolling Chip drop or slot handle that is won by

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

the casino and recorded as casino revenue. Based upon our mix of table games, our Rolling Chip win percentage (calculated before discounts and commissions) is expected to be 2.7% to 3.0% and our Non-Rolling Chip table games have produced a trailing 12-month win percentage (calculated before discounts) of 31.0%, 21.1%, 42.6%, 20.9% and 23.4% at The Venetian Macao, Sands Cotai Central, Four Seasons Macao, Sands Macao and Marina Bay Sands, respectively. Our slot machines have produced a trailing 12-month hold percentage (calculated before slot club cash incentives) of 5.3%, 3.6%, 5.1%, 4.1% and 5.2% at The Venetian Macao, Sands Cotai Central, Four Seasons Macao, Sands Macao and Marina Bay Sands, respectively. Actual win may vary from our expected win percentage and the trailing 12-month win and hold percentages. Generally, slot machine play is conducted on a cash basis. In Macao and Singapore, 31.1% and 28.4%, respectively, of our table games play was conducted on a credit basis for the three months ended March 31, 2013.

Table of Contents

Casino revenue measurements for the U.S.: The volume measurements in the U.S. are table games drop and slot handle, as previously described. We view table games win as a percentage of drop and slot hold as a percentage of handle. Based upon our mix of table games, our table games are expected to produce a win percentage (calculated before discounts) of 20% to 22% at our Las Vegas Operating Properties and 14% to 16% at Sands Bethlehem. Our slot machines have produced a trailing 12-month hold percentage (calculated before slot club cash incentives) of 8.8% and 7.2% at our Las Vegas Operating Properties and at Sands Bethlehem, respectively. Actual win may vary from our expected win percentage and the trailing 12-month hold percentage. As in Macao and Singapore, slot machine play is generally conducted on a cash basis. Approximately 70.1% of our table games play in Las Vegas, for three months ended March 31, 2013, was conducted on a credit basis, while our table games play in Pennsylvania is primarily conducted on a cash basis.

Hotel revenue measurements: Performance indicators used are occupancy rate, which is the average percentage of available hotel rooms occupied during a period, and average daily room rate, which is the average price of occupied rooms per day. The calculations of the hotel occupancy and average daily room rates include the impact of rooms provided on a complimentary basis. Complimentary room rates are determined based on an analysis of retail (or cash) room rates by customer segment and type of room product to ensure the complimentary room rates are consistent with retail rates. Revenue per available room represents a summary of hotel average daily room rates and occupancy. Because not all available rooms are occupied, average daily room rates are normally higher than revenue per available room. Reserved rooms where the guests do not show up for their stay and lose their deposit may be re-sold to walk-in guests. These rooms are considered to be occupied twice for statistical purposes due to obtaining the original deposit and the walk-in guest revenue. In cases where a significant number of rooms are resold, occupancy rates may be in excess of 100% and revenue per available room may be higher than the average daily room rate.

Mall revenue measurements: Occupancy, base rent per square foot and tenant sales per square foot are used as performance indicators. Occupancy represents gross leasable occupied area (GLOA) divided by gross leasable area (GLA) at the end of the reporting period. GLOA is the sum of: (1) tenant occupied space under lease and (2) tenants no longer occupying space, but paying rent. GLA does not include space that is currently under development or not on the market for lease. Base rent per square foot is the weighted average base or minimum rent charge in effect at the end of the reporting period for all tenants that would qualify to be included in occupancy. Tenant sales per square foot is the sum of reported comparable sales for the trailing 12 months divided by the comparable square footage for the same period. Only tenants that have been open for a minimum of 12 months are included in the tenant sales per square foot calculation.

Three Months Ended March 31, 2013 Compared to the Three Months Ended March 31, 2012**Operating Revenues**

Casino revenues increased \$469.6 million compared to the three months ended March 31, 2012. The increase is attributable to \$533.8 million at Sands Cotai Central and a \$104.7 million increase at The Venetian Macao, driven by increases in Non-Rolling Chip drop and Rolling Chip win percentage. These increases were partially offset by decreases of \$76.5 million at Four Seasons Macao, driven by decreases in Rolling Chip volume and win percentage, \$61.1 million at Marina Bay Sands, driven by a decrease in Rolling Chip win percentage, and \$38.7 million at Sands Macao, driven by a decrease in Rolling Chip win percentage. In our experience, average win percentages remain steady when measured over extended periods of time, but can vary considerably within shorter time periods as a result of the statistical variances that are associated with games of chance in which large amounts are wagered.

- (1) Phases I and II of The Shoppes at Sands Cotai Central opened in April and September 2012, respectively.
- (2) In November 2012, The Shoppes at Four Seasons expanded the duty-free luxury shops, resulting in approximately 51,000 square feet of additional gross leasable space.
- (3) A progressive opening of The Outlets at Sands Bethlehem began in November 2011. Base rent per square foot and tenant sales per square foot are excluded from the table as certain co-tenancy requirements were not met during 2012 as the mall was only partially occupied.

Operating expenses were \$2.48 billion for the three months ended March 31, 2013, an increase of \$420.8 million compared to \$2.06 billion for the three months ended March 31, 2012. The increase in operating expenses was primarily attributable to the opening of Sands Cotai Central.

Casino expenses increased \$318.7 million compared to the three months ended March 31, 2012. Of the increase, \$232.8 million was due to the 39.0% gross win tax on increased casino revenues across all of our Macao properties, as well as \$99.1 million of additional casino expenses attributable to Sands Cotai Central.

Rooms and food and beverage expenses increased \$15.9 million and \$18.4 million, respectively, compared to the three months ended March 31, 2012. These increases were primarily attributable to the opening of Sands Cotai Central.

The provision for doubtful accounts was \$64.7 million for the three months ended March 31, 2013, compared to \$52.2 million for the three months ended March 31, 2012. The amount of this provision can vary over short periods of time because of factors specific to the customers who owe us money from gaming activities at any given time. We believe that the amount of our provision for doubtful accounts in the future will depend upon the state of the economy, our credit standards, our risk assessments and the judgment of our employees responsible for granting credit.

General and administrative expenses increased \$71.7 million compared to the three months ended March 31, 2012. The increase was primarily attributable to \$49.4 million of expenses at Sands Cotai Central and increases of \$10.5 million at The Venetian Macao and \$9.0 million at Marina Bay Sands.

Corporate expenses increased \$7.3 million compared to the three months ended March 31, 2012. The increase was primarily due to an increase in legal costs.

Pre-opening expenses were \$6.8 million for the three months ended March 31, 2013, compared to \$51.5 million for the three months ended March 31, 2012. Pre-opening expense represents personnel and other costs incurred prior to the opening of new ventures, which are expensed as incurred. Pre-opening expenses for the three months ended March 31, 2013 and 2012 were primarily related to activities at Sands Cotai Central. Development expenses include the costs associated with the Company's evaluation and pursuit of new business opportunities, which are also expensed as incurred.

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

Depreciation and amortization expense increased \$57.8 million compared to the three months ended March 31, 2012. The increase was primarily attributable to \$61.6 million of expense at Sands Cotai Central.

The impairment loss of \$42.9 million for the three months ended March 31, 2012, was due to the termination of the ZAiA show at The Venetian Macao.

Adjusted Property EBITDA

Adjusted property EBITDA is used by management as the primary measure of the operating performance of our segments. Adjusted property EBITDA is net income before royalty fees, stock-based compensation expense, corporate expense, pre-opening expense, development expense, depreciation and amortization, amortization of leasehold interests in land, impairment loss, loss on disposal of assets, interest, other income (expense), loss on modification or early retirement of debt and income taxes. The following table summarizes information related to our segments (see Item 1 Financial Statements Notes to Condensed Consolidated Financial Statements Note 10 Segment Information for discussion of our operating segments and a reconciliation of adjusted property EBITDA to net income):

	Three Months Ended March 31,		
	2013	2012	Percent Change

Table of Contents

Adjusted property EBITDA at our Macao operations increased \$175.9 million compared to the three months ended March 31, 2012. The increase was primarily attributable to \$131.5 million in adjusted property EBITDA generated at Sands Cotai Central and an increase of \$66.5 million at The Venetian Macao, driven by an increase in casino activity.

Adjusted property EBITDA at Marina Bay Sands decreased \$75.7 million compared to the three months ended March 31, 2012. The decrease was primarily attributable to a \$53.8 million decrease in net revenues driven by a decrease in casino revenues.

Adjusted property EBITDA at our Las Vegas Operating Properties remained relatively unchanged compared to the three months ended March 31, 2012. Net revenues increased \$22.4 million (excluding intersegment royalty revenue), but was offset by increases in the associated operating expenses.

Adjusted property EBITDA at Sands Bethlehem increased \$2.4 million compared to the three months ended March 31, 2012. The increase was primarily attributable to an increase in net revenues of \$7.4 million, driven by an increase in casino revenues, partially offset by increases in the associated operating expenses.

Interest Expense

The following table summarizes information related to interest expense on long-term debt:

	Three Months Ended March 31,	
	2013	2012
	(Dollars in thousands)	
Interest cost (which includes the amortization of deferred financing costs and original issue discount)	\$ 66,826	\$ 83,022
Add imputed interest on deferred proceeds from sale of The Shoppes at The Palazzo	3,789	3,776
Less capitalized interest	(1,783)	(22,126)
Interest expense, net	\$ 68,832	\$ 64,672
Cash paid for interest	\$ 64,711	\$ 99,912
Weighted average total debt balance	\$ 10,086,142	\$ 10,088,641
Weighted average interest rate	2.7%	3.3%

Interest cost decreased \$16.2 million compared to the three months ended March 31, 2012, resulting primarily from a decrease in our weighted average interest rate. Capitalized interest decreased \$20.3 million compared to the three months ended March 31, 2012, primarily due to the completion of phases I, IIA and IIB of Sands Cotai Central in April and September 2012 and January 2013, respectively.

Other Factors Effecting Earnings

Other expense was \$2.1 million for the three months ended March 31, 2013, compared to \$3.4 million for the three months ended March 31, 2012. The amounts in both periods were primarily attributable to foreign exchange losses and decreases in the fair values of our interest rate cap agreements.

Our effective income tax rate was 7.3% for the three months ended March 31, 2013, compared to 9.8% for the three months ended March 31, 2012. The effective income tax rate for the three months ended March 31, 2013 and 2012, reflects a 17% statutory tax rate on our Singapore operations and a zero percent tax rate on our Macao gaming operations due to our income tax exemption in Macao, which, if not extended, will expire in December 2013. During July 2012, we requested an additional 5-year income tax exemption. We have recorded a valuation allowance related to deferred tax assets generated by operations in the U.S. and certain foreign jurisdictions; however, to the extent that the financial results of these operations improve and it becomes more-likely-than-not that these deferred tax assets or portion thereof are realizable, we will reduce the valuation allowances in the period such determination is made.

Table of Contents

The net income attributable to our noncontrolling interests was \$132.0 million for the three months ended March 31, 2013, compared to \$80.2 million for the three months ended March 31, 2012. These amounts are primarily related to the noncontrolling interest of SCL.

Supplemental Information Regarding our Retail Mall Operations

We own and operate retail malls at our integrated resorts at The Venetian Macao, Four Seasons Macao, Sands Cotai Central, Marina Bay Sands and Sands Bethlehem. Management believes that being in the retail mall business and, specifically, owning some of the largest retail properties in Asia will provide meaningful value for us, particularly as the retail market in Asia continues to grow.

Our malls are designed to complement our other unique amenities and service offerings provided by our integrated resorts. Our strategy is to seek out desirable tenants that appeal to our customers and provide a wide variety of shopping options. We generate our mall revenues primarily from leases with tenants through base minimum rents, overage rents, management fees and reimbursements for common area maintenance (CAM) and other expenditures.

The following tables summarize the results of our mall operations for the three months ended March 31, 2013 and 2012 (in thousands):

Edgar Filing: LAS VEGAS SANDS CORP - Form 10-Q

- (1) Phases I and II of The Shoppes at Sands Cotai Central opened in April and September 2012, respectively.
- (2) Revenues from CAM, levies and management fees are included in minimum rents for The Outlets at Sands Bethlehem.
- (3) Minimum rents include base rents and straight-line adjustments of base rents.
- (4) Our malls in Macao were exempt from property tax for the three months ended March 31, 2013 and 2012. Commercial property that generates rental income is exempt from property tax for the first six years for newly constructed buildings in Cotai. We are currently in the process of requesting an extension from the Macao government on the property tax exemption and the exact date of expiration currently cannot be determined.
- (5) Mall-related expenses consist of CAM, management fees and other direct operating expenses, property taxes and provision for (recovery of) doubtful accounts, but excludes depreciation and amortization and general and administrative costs.

Table of Contents

It is common in the mall operating industry for companies to disclose mall net operating income (NOI) as a useful supplemental measure of a mall s operating performance. In the tables above, we believe that taking total mall revenues less mall- related expenses provides an operating performance measure for our malls. Other mall operating companies may use different methodologies for deriving mall-related expenses. As such, this calculation may not be comparable to the NOI of other mall operating companies.

Because NOI excludes general and administrative expenses, interest expense, impairment losses, depreciation and amortization, gains and losses from property dispositions, allocations to noncontrolling interests and provision for income taxes, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate properties and the impact on operations from trends in occupancy rates, rental rates and operating costs.

Development Projects

We have suspended portions of our development projects and should general economic conditions fail to improve, if we are unable to obtain sufficient funding or applicable government approvals such that completion of our suspended projects is not probable, or should management decide to abandon certain projects, all or a portion of our investment to date on our suspended projects could be lost and would result in an impairment charge.

Macao

We submitted plans to the Macao government for The Parisian Macao, an integrated resort that will be connected to The Venetian Macao and Four Seasons Macao. The Parisian Macao, which is currently expected to open in late 2015, is intended to include a gaming area (to be operated under our gaming subconcession), hotel and shopping mall. We expect the cost to design, develop and construct The Parisian Macao to be approximately \$2.7 billion, inclusive of payments made for the land premium. We commenced construction activities and have capitalized costs of \$143.7 million, including the land premium (net of amortization), as of March 31, 2013. In addition, we will be completing the development of some public areas surrounding our Cotai Strip properties on behalf of the Macao government.

As of March 31, 2013, we have capitalized an aggregate of \$8.58 billion in construction costs and land premiums (net of amortization) for our Cotai Strip developments, which include The Venetian Macao, Sands Cotai Central, Four Seasons Macao and The Parisian Macao, as well as our investments in transportation infrastructure, including our passenger ferry service operations. In addition to funding phases I and II of Sands Cotai Central with borrowings under our \$3.7 billion Macao credit facility, we will need to arrange additional financing to fund the balance of our Cotai Strip developments on terms suitable to us.

Land concessions in Macao generally have an initial term of 25 years with automatic extensions of 10 years thereafter in accordance with Macao law. We have received land concessions from the Macao government to build on parcels 1, 2, 3 and 5 and 6, including the sites on which The Venetian Macao, Sands Cotai Central and Four Seasons Macao are, and The Parisian Macao will be, located. We do not own these land sites in Macao; however, the land concessions grant us exclusive use of the land. As specified in the land concessions, we are required to pay premiums for each parcel, which are either payable in a single lump sum upon acceptance of the land concessions by the Macao government or in seven semi-annual installments, as well as annual rent for the term of the land concessions.

Under our land concession for Sands Cotai Central, we are required to complete the development by May 2014. The land concession for The Parisian Macao contains a similar requirement, which was extended by the Macao government in July 2012, that the development be completed by April 2016. We expect to apply for an extension from the Macao government to complete Sands Cotai Central, as we will be unable to meet the May 2014 deadline. Should we determine that we are unable to complete The Parisian Macao by April 2016, we would then also expect to apply for an extension from the Macao government. If we are unable to meet The Parisian Macao deadline and the deadlines for either development are not extended, we could lose our land concessions for Sands Cotai Central or The Parisian Macao, which would prohibit us from operating any facilities developed under the respective land concessions. As a result, we could record a charge for all or some portion of the \$4.07 billion or \$143.7 million in capitalized construction costs and land premiums (net of amortization), as of March 31, 2013, related to Sands Cotai Central and The Parisian Macao, respectively.

United States

We were constructing a high-rise residential condominium tower (the Las Vegas Condo Tower), located on the Las Vegas Strip between The Palazzo and The Venetian Las Vegas. We suspended our construction activities for the project due to reduced demand for Las Vegas Strip condominiums and the overall decline in general economic conditions. We intend to recommence construction when demand and conditions improve. As of March 31, 2013, we have capitalized construction costs of \$178.8 million for this project. The impact of the suspension on the estimated overall cost of the project is currently not determinable with certainty.

Cash Flows Operating Activities

Table games play at our properties is conducted on a cash and credit basis. Slot machine play is primarily conducted on a cash basis. The retail hotel rooms business is generally conducted on a cash basis, the group hotel rooms business is conducted on a cash and credit basis, and banquet business is conducted primarily on a credit basis resulting in operating cash flows being generally affected by changes in operating income and accounts receivable. Net cash generated from operating activities for the three months ended March 31, 2013, increased \$218.1 million compared to the three months ended March 31, 2012. The increase was primarily attributable to the increase in operating cash flows generated from our Macao operations.

Cash Flows Investing Activities

Capital expenditures for the three months ended March 31, 2013, totaled \$197.2 million, including \$128.7 million for construction and development activities in Macao (primarily for Sands Cotai Central), \$36.1 million in Singapore; \$18.3 million at our Las Vegas Operating Properties and \$14.1 million for corporate and other activities.

Cash Flows Financing Activities

Net cash flows used in financing activities were \$819.1 million for the three months ended March 31, 2013, which was primarily attributable to \$495.8 million in dividend payments and the repayment of \$326.0 million on our 2012 Singapore Revolving Facility.

As of March 31, 2013, we had \$992.3 million available for borrowing under our U.S., Macao and Singapore credit facilities, net of letters of credit and outstanding bankers' guarantees.

Development Financing Strategy

Through March 31, 2013, we have funded our development projects primarily through borrowings under our U.S., Macao and Singapore credit facilities, operating cash flows, proceeds from our equity offerings and proceeds from the disposition of non-core assets.

Table of Contents

The U.S. credit facility requires our Las Vegas operations to comply with certain financial covenants at the end of each quarter, including maintaining a maximum leverage ratio of net debt, as defined, to trailing twelve-month adjusted earnings before interest, income taxes, depreciation and amortization, as defined (Adjusted EBITDA). The maximum leverage ratio is 5.0x for all quarterly periods through maturity. We can elect to contribute up to \$50 million of cash on hand to our Las Vegas operations on a bi-quarterly basis; such contributions having the effect of increasing Adjusted EBITDA during the applicable quarter for purposes of calculating compliance with the maximum leverage ratio. Our Macao credit facility also requires our Macao operations to comply with similar financial covenants, which commenced with the quarterly period ended March 31, 2012, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 4.5x for the quarterly periods ending March 31 through June 30, 2013, decreases to 4.0x for the quarterly periods ending September 30, 2013 through December 31, 2014, decreases to 3.5x for the quarterly periods ending March 31 through December 31, 2015, and then decreases to, and remains at, 3.0x for all quarterly periods thereafter through maturity. Our Singapore credit facility requires operations of Marina Bay Sands to comply with similar financial covenants, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 4.0x for the quarterly periods ending March 31 through September 30, 2013, decreases to 3.5x for the quarterly periods ending December 31, 2013 through December 31, 2014, and then decreases to, and remains at, 3.0x for all quarterly periods thereafter through maturity. As of March 31, 2013, our U.S., Macao and Singapore leverage ratios were 1.0x, 1.5x, 2.9x, respectively, compared to the maximum leverage ratios allowed of 5.0x, 4.5x and 4.0x, respectively. If we are unable to maintain compliance with the financial covenants under these credit facilities, we would be in default under the respective credit facilities. A default under the U.S. credit facility would trigger a cross-default under our airplane financings. Any defaults or cross-defaults under these agreements would allow the lenders, in each case, to exercise their rights and remedies as defined under their respective agreements. If the lenders were to exercise their rights to accelerate the due dates of the indebtedness outstanding, there can be no assurance that we would be able to repay or refinance any amounts that may become due and payable under such agreements, which could force us to restructure or alter our operations or debt obligations.

We held unrestricted cash and cash equivalents of approximately \$2.38 billion and restricted cash and cash equivalents of approximately \$6.7 million as of March 31, 2013, of which approximately \$1.93 billion of the unrestricted amount is held by non-U.S. subsidiaries. Of the \$1.93 billion, approximately \$1.41 billion is available to be repatriated to the U.S. with minimal taxes owed on such amounts due to the significant foreign taxes we paid, which would ultimately generate U.S. foreign tax credits if cash is repatriated. The remaining unrestricted amounts are not available for repatriation primarily due to dividend requirements to third party public shareholders in the case of funds being repatriated from SCL. We believe the cash on hand and cash flow generated from operations will be sufficient to maintain compliance with the financial covenants of our credit facilities. We will need to arrange additional financing to fund the balance of our Cotai Strip developments on terms suitable to us, including pursuing approximately \$2.0 billion of financing for The Parisian Macao.

In the normal course of our activities, we will continue to evaluate our capital structure and opportunities for enhancements thereof. During the three months ended March 31, 2013, we repaid the outstanding balance under our 2012 Singapore Revolving Facility.

On February 28, 2013, SCL paid a dividend of 0.67 Hong Kong dollars (HKD) per share (a total of \$696.4 million) to SCL shareholders (of which we retained \$489.1 million). On March 15, 2013, the Board of Directors of SCL proposed the payment of a dividend of HKD 0.66 per share (a total of approximately \$685.6 million at exchange rates in effect on March 31, 2013, of which we will retain approximately \$481.5 million) to SCL shareholders to be paid on or about June 21, 2013, to shareholders of record on June 7, 2013. On March 29, 2013, we paid a dividend of \$0.35 per common share as part of a regular cash dividend program. During the three months ended March 31, 2013, we recorded \$288.8 million as a distribution against retained earnings (of which \$151.0 million related to our Principal Stockholder's family). In April 2013, our Board of Directors declared a quarterly dividend of \$0.35 per common share (a total estimated to be approximately \$289 million) to be paid on June 28, 2013, to shareholders of record on June 20, 2013. We expect this level of dividend to continue quarterly through the remainder of 2013.

Aggregate Indebtedness and Other Known Contractual Obligations

As of March 31, 2013, there had been no material changes to our aggregated indebtedness and other known contractual obligations, which are set forth in the table included in our Annual Report on Form 10-K for the year ended December 31, 2012, with the exception of the repayment of \$327.6 million that was outstanding under our 2012 Singapore Revolving Facility (which would have matured in December 2017 with no interim amortization) as of December 31, 2012.

Restrictions on Distributions

We are a parent company with limited business operations. Our main asset is the stock and membership interests of our subsidiaries. The debt instruments of our U.S., Macao and Singapore subsidiaries contain certain restrictions that, among other things, limit the ability of certain subsidiaries to incur additional indebtedness, issue disqualified stock or equity interests, pay dividends or make other distributions, repurchase equity interests or certain indebtedness, create certain liens, enter into certain transactions with affiliates, enter into certain mergers or consolidations or sell our assets of our company without prior approval of the lenders or noteholders.

These factors include, among others, the risks associated with:

general economic and business conditions in the U.S. and internationally, which may impact levels of disposable income, consumer spending, group meeting business, pricing of hotel rooms and retail and mall sales;

our substantial leverage, debt service and debt covenant compliance (including the pledge of our assets as security for our indebtedness);

disruptions in the global financing markets and our ability to obtain sufficient funding for our current and future developments;

the extensive regulations to which we are subject to and the costs of compliance with such regulations;

increased competition for labor and materials due to other planned construction projects in Macao and quota limits on the hiring of foreign workers;

the impact of the suspensions of certain of our development projects and our ability to meet certain development deadlines;

the uncertainty of tourist behavior related to discretionary spending and vacationing at casino-resorts in Macao, Singapore, Las Vegas and Pennsylvania;

regulatory policies in mainland China or other countries in which our customers reside, including visa restrictions limiting the number of visits or the length of stay for visitors from mainland China to Macao, restrictions on foreign currency exchange or importation of currency, and the judicial enforcement of gaming debts;

our dependence upon properties primarily in Macao, Singapore and Las Vegas for all of our cash flow;

our relationship with GGP or any successor owner of The Shoppes at The Palazzo and The Grand Canal Shoppes;

Table of Contents**ITEM 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our variable rate long-term debt, which we attempt to manage through the use of interest rate cap agreements. We do not hold or issue financial instruments for trading purposes and do not enter into derivative transactions that would be considered speculative positions. Our derivative financial instruments consist exclusively of interest rate cap agreements, which do not qualify for hedge accounting. Interest differentials resulting from these agreements are recorded on an accrual basis as an adjustment to interest expense.

To manage exposure to counterparty credit risk in interest rate cap agreements, we enter into agreements with highly rated institutions that can be expected to fully perform under the terms of such agreements. Frequently, these institutions are also members of the bank group providing our credit facilities, which management believes further minimizes the risk of nonperformance.

The table below provides information about our financial instruments that are sensitive to changes in interest rates. For debt obligations, the table presents notional amounts and weighted average interest rates by contractual maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract. Weighted average variable rates are based on March 31, 2013, LIBOR, HIBOR and SOR plus the applicable interest rate spread in accordance with the respective debt agreements. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency, for the twelve months ending March 31:

	2014	2015	2016	2017	2018	Thereafter	Total	Fair Value ⁽¹⁾
	(Dollars in millions)							
LIABILITIES								
Long-term debt								
Fixed rate	\$ 0.9	\$ 0.8	\$	\$	\$	\$	\$ 1.7	\$ 1.7
Average interest rate ⁽²⁾	5.0%	5.0%	%	%	%	%	5.0%	
Variable rate	\$ 91.9	\$ 1,846.9	\$ 1,951.3	\$ 4,204.3	\$ 1,185.5	\$ 518.6	\$ 9,798.5	\$ 9,771.0
Average interest rate ⁽²⁾	2.0%	1.9%	1.9%	2.1%	1.9%	1.9%	2.0%	
ASSETS								
Cap agreements ⁽³⁾	\$	\$ 0.2	\$	\$	\$	\$	\$ 0.2	\$ 0.2

(1) The estimated fair values are based on level 2 inputs (quoted prices in markets that are not active).

(2) Based upon contractual interest rates for fixed rate indebtedness or current LIBOR, HIBOR and SOR for variable-rate indebtedness. Based on variable-rate debt levels as of March 31, 2013, an assumed 100 basis point change in LIBOR, HIBOR and SOR would cause our annual interest cost to change approximately \$98.2 million.

(3) As of March 31, 2013, we have 25 interest rate cap agreements with an aggregate fair value of approximately \$0.2 million based on quoted market values from the institutions holding the agreements.

Borrowings under the U.S. credit facility bear interest, at our election, at either an adjusted Eurodollar rate or at an alternative base rate plus a credit spread. The portions of the revolving facility and term loans that were not extended bear interest at the alternative base rate plus 0.25% per annum or 0.5% per annum, respectively, or at the adjusted Eurodollar rate plus 1.25% per annum or 1.5% per annum, respectively. The extended revolving facility and extended term loans bear interest at the alternative base rate plus 1.0% per annum or 1.5% per annum, respectively, or at the adjusted Eurodollar rate plus 2.0% per annum or 2.5% per annum, respectively. Applicable spreads under the U.S. credit facility are subject to downward adjustments based upon our credit rating. Borrowings under the 2011 VML Credit Facility bear interest at either the adjusted Eurodollar rate or an alternative base rate (in the case of U.S. dollar denominated loans) or HIBOR (in the case of Hong Kong dollar and Macao pataca denominated loans), as applicable, plus a spread of 1.5% per annum to 2.25% per annum based on a specified consolidated leverage. Borrowings under the 2012 Singapore Credit Facility bear interest at SOR plus a spread of 1.85% per annum, which spread is subject to a reduction based on a specified consolidated adjusted EBITDA ratio, as defined. Borrowings under the airplane financings bear interest at LIBOR plus approximately 1.5% per annum.

Foreign currency transaction losses for the three months ended March 31, 2013, were \$2.0 million. We may be vulnerable to changes in the U.S. dollar/pataca exchange rate. Based on balances as of March 31, 2013, an assumed 1% change in the U.S. dollar/pataca exchange rate would cause a foreign currency transaction gain/loss of approximately \$14.9 million. We do not hedge our exposure to foreign currencies; however, we maintain a significant amount of our operating funds in the same currencies in which we have obligations thereby reducing our exposure to currency fluctuations.

ITEM 4 CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports that the Company files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate, to allow for timely decisions regarding required disclosure. The Company's Chief Executive Officer and its Chief Financial Officer have evaluated the disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) of the Company as of March 31, 2013, and have concluded that they are effective at the reasonable assurance level.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.
