PROXY STATEMENT

INTRODUCTION

The Board of Directors of First PacTrust Bancorp, Inc. (First PacTrust, the Company, we, us and our) is using this proxy statement to solicit proxies from the holders of the Company's voting common stock, par value \$0.01 per share (the Voting Common Stock) for use at the upcoming Annual Meeting of Shareholders of the Company and at any adjournments or postponements of the meeting. The meeting will be held on July 16, 2013 at 9:00 a.m., local time, at the facilities of RR Donnelley, located at 19200 Von Karman Avenue, Irvine, California. At the meeting, shareholders will be asked to vote on four items: (i) the election of three directors of the Company, two to serve for a term of three years and one to serve for a term of one year; (ii) an advisory (non-binding) vote on executive compensation, commonly referred to as a say-on-pay vote; (iii) an advisory (non-binding) vote on the frequency of holding future say-on-pay votes; (iv) the approval of the First PacTrust Bancorp, Inc. 2013 Omnibus Stock Incentive Plan (the 2013 Omnibus Incentive Plan); and (v) the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013. These items are described in more detail below. Shareholders also will consider any other matters that may properly come before the meeting or any adjournment or postponement of the meeting, although the Board of Directors knows of no other business to be presented. Some of the information in this proxy statement relates to the Company's two wholly owned bank subsidiaries, Pacific Trust Bank (PacTrust Bank) and Beach Business Bank. PacTrust Bank and Beach Business Bank are sometimes referred to together as the Banks.

By submitting your proxy, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

The accompanying Notice of Annual Meeting of Shareholders and proxy and this proxy statement are first being sent to shareholders on or about June 11, 2013.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2012, which includes the Company's audited financial statements, accompanies this proxy statement. The Annual Report does not constitute a part of the proxy solicitation materials and is not incorporated into this proxy statement by reference.

Your vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will be asked to vote on the following items:

1. Election of three directors of the Company, two for a term of three years and one for a term of one year.
2. An advisory (non-binding) vote on executive compensation, commonly referred to as a "say-on-pay" vote.

Table of Contents

3. An advisory (non-binding) vote on the frequency of holding future say-on-pay votes.

4. Approval of the 2013 Omnibus Incentive Plan.

5. Ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013.

Shareholders also will act on any other business that may properly come before the meeting or any adjournment or postponement of the meeting. Members of our management team will be present at the meeting to respond to your questions.

Who is entitled to vote?

The record date for the meeting is June 4, 2013. Only holders of record of the Voting Common Stock as of the close of business on that date are entitled to notice of and to vote at the meeting. Each shareholder is entitled to one vote for each share of Voting Common Stock held as of the record date; provided, however, that under Section F of Article 6 of the Company's charter, no shareholder who beneficially owns more than 10.0% of the shares of Voting Common Stock outstanding as of that date may vote shares held in excess of that amount. At the close of business on the record date, there were 11,432,276 shares of Voting Common Stock outstanding.

What if my shares are held in street name by a broker?

If your shares are held in street name by a broker, your broker is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote your shares with respect to any discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of non-discretionary items, your shares will be treated as broker non-votes. Whether an item is discretionary is determined by the exchange rules governing your broker. All of the items being voted on at the meeting are expected to be non-discretionary items except for the ratification of the appointment of the independent registered public accounting firm, which is expected to be a discretionary item.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of Voting Common Stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. *You can vote by mail.* If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.
2. *You can vote by telephone.* If you are a registered shareholder, that is, if your shares are held in your own name, you can vote by telephone by following the instructions included on the proxy card. If you vote by telephone, you do not have to mail in your proxy card. If your shares are held through a bank, broker or other nominee, check your proxy card to see if you can vote by telephone.

Table of Contents

3. *You can vote via the internet.* If you are a registered shareholder, you can vote via the internet by following the instructions included on the proxy card. If your shares are held through a bank, broker or other nominee, check your proxy card to see if you can also vote via the internet.

4. *You can vote in person at the meeting.* If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. Note, however, that if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a legal proxy from the holder of your shares indicating that you were the beneficial owner of those shares on June 4, 2013, the record date for voting at the meeting, and that you are authorized to vote such shares. You are encouraged to vote by proxy prior to the meeting even if you plan to attend the meeting in person.

Can I change my vote after I submit my proxy?

Yes. If you are a registered shareholder, you can revoke your proxy and change your vote at any time before the polls close at the meeting by:

submitting another proxy with a later date;

giving written notice of the revocation of your proxy to the Company's Corporate Secretary prior to the annual meeting; or

voting in person at the annual meeting. Your proxy will not be automatically revoked by your mere attendance at the meeting; you must actually vote at the meeting to revoke a prior proxy.

If you hold your shares through a bank, broker or other nominee, you will need to follow the instructions of your bank, broker or other nominee in order to change your vote.

How does the Board of Directors recommend I vote on the items to be considered at the annual meeting?

The Board of Directors recommends that you vote:

FOR the election of the three director nominees to the Board of Directors.

FOR approval of the advisory (say-on-pay) vote on executive compensation.

FOR THREE YEARS (meaning triennially) on the frequency of future say-on-pay votes.

FOR approval of the 2013 Omnibus Incentive Plan.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013.

What if I do not specify how my shares are to be voted?

Registered Shareholders. If you are a registered shareholder and you submit a proxy but do not indicate any voting instructions, your shares will be voted:

FOR the election of the three director nominees to the Board of Directors.

FOR approval of the advisory vote on executive compensation.

FOR THREE YEARS (meaning triennially) on the frequency of future say-on-pay votes.

FOR approval of the 2013 Omnibus Incentive Plan.

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013.

Holders of Shares in Street Name. If you hold your shares in street name through a broker and do not provide your broker with voting instructions, it is expected that your broker will be able to vote your shares on the ratification of the appointment of the independent registered public accounting firm but will be unable to vote your shares on any of the other items. See "What if my shares are held in street name by a broker?"

Table of Contents

Will any other business be conducted at the meeting?

The Board of Directors knows of no other business that will be presented at the meeting. If any other matter properly comes before the shareholders for a vote at the meeting, the Board of Directors, as holder of your proxy, will vote your shares in accordance with its best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the nominees as directors. This means that the three director nominees will be elected if they receive more affirmative votes than any other persons nominated for election. No persons have been nominated for election other than the three nominees named in this proxy statement. If you vote **Withhold** with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although your shares will be counted for purposes of determining whether there is a quorum.

How many votes are required to approve each of the other items?

The affirmative vote of a majority of the votes cast on the matter is required to approve each of the other items. Shareholders may vote **FOR**, **AGAINST** or **ABSTAIN** on each of the other items. The outcome of the **say-on-pay** vote is not binding on the Board of Directors.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the Board of Directors, as holder of your proxy, will vote your shares for the substitute nominee unless you have withheld authority to vote for the nominee replaced.

How will abstentions be treated?

If you abstain from voting, your shares will still be included for purposes of determining whether a quorum is present. Because directors will be elected by a plurality of the votes cast, abstaining is not offered as a voting option for the election of directors. An abstention on any of the other items will not be counted as a vote cast and will have no effect on the item.

How will broker non-votes be treated?

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

Shares treated as broker non-votes on one or more items will be included for purposes of calculating the presence of a quorum but will not be counted as votes cast. Consequently, broker non-votes will have no effect on any of the items to be voted on at the meeting.

STOCK OWNERSHIP

Stock Ownership of Greater than 5% Shareholders, Directors and Executive Officers

The following table shows, as of June 4, 2013, the beneficial ownership of the Voting Common Stock by:

those persons or entities known by management to beneficially own more than five percent of the outstanding shares of Voting Common Stock;

each director and director nominee of the Company;

each named executive officer; and

all of the executive officers and directors of the Company as a group.

The address of each of the beneficial owners, except where otherwise indicated, is the same address as the Company's. As of June 4, 2013, there were 11,432,276 shares of Voting Common Stock issued and outstanding.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "SEC"). In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of Voting Common Stock subject to outstanding rights to acquire shares of Voting Common Stock held by that person that are currently exercisable or exercisable within 60 days are deemed outstanding. Such shares are not deemed outstanding for the purpose of computing the percentage ownership of any other person, however.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company s directors and executive officers, and persons who own more than 10% of the Company s Voting Common Stock, to report to the SEC their initial ownership of the Company s equity securities and any subsequent changes in that ownership. Specific due dates for these reports have been established by the SEC and the Company is required to disclose in this report any late filings or failures to file.

To the Company s knowledge, based solely on its review of the copies of these reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2012, all Section 16(a) filing requirements applicable to the Company s officers and directors during 2012 were met, except for the inadvertent failure by Mr. Nicolas to fully report a holding of securities on Forms 3 and 4 following commencement of his employment and the inadvertent failure by Mr. Herrin to timely report on a Form 4 the disposition of shares to satisfy the tax withholding obligation upon the vesting of a previously reported employment inducement award of restricted stock.

Table of Contents**PROPOSAL I ELECTION OF DIRECTORS****General**

The Company's Board of Directors is divided into three classes. Directors in each class are generally elected to serve for three-year terms that expire in successive years. The term of one of the classes of the Company's directors will expire at the annual meeting. The Company currently has seven directors, including Alvin L. Majors, who will be retiring from the Board upon the expiration of his term at the annual meeting. The Company thanks Mr. Majors for his many years of dedicated service to the Company. The number of directors will be reduced from seven to six effective upon the expiration of Mr. Majors's term at the annual meeting.

As a result of the recent resignation of Jeffrey T. Seabold as a director, the impending retirement of Mr. Majors as a director and the reduction in the size of the Board, the three classes of directors are uneven in size. In order to provide that each class of the Company's directors has the same number of members, the Company is nominating Robb Evans for election as a director for a one-year term expiring at the annual meeting of shareholders to be held in 2014,

Nominees

The Company has nominated Steven A. Sugarman and Jonah Schnel for election as directors for three-year terms expiring at the annual meeting of shareholders to be held in 2016, and Robb Evans for election as a director for a one-year term expiring at the annual meeting of shareholders to be held in 2014. They have each consented to being named as nominees in this proxy statement and have agreed to serve if elected. If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. These loans to directors and executive officers are not made at preferential rates; however, certain closing fees are waived. Table of Contents

On May 12, 2013, consistent with the Company's corporate governance best practices and in connection with the process relating to the Employment Agreement, Mr. Seabold offered his resignation as a director of each of the Company and PacTrust Bank, and each of the respective Boards of Directors accepted such resignation effective immediately.

The Boards of Directors of the Company and PacTrust Bank, with Messrs. Steven A. Sugarman, Chief Executive Officer of the Company, and Mr. Seabold recusing themselves from the discussions and vote, also considered and approved the appointment of Mr. Seabold and the Employment Agreement, upon the recommendation of the Special Committees.

The Employment Agreement provides for a term of three years, with an automatic renewal for an additional year on the second anniversary of the effective date and on each anniversary thereafter, unless one of the parties provides a notice of non-renewal. The Employment Agreement provides Mr. Seabold with an initial base salary of \$400,000, an annual cash target bonus of 50% of his annual base salary (the Annual Target Bonus), and an incentive bonus, generally payable one-half in cash and one-half in Company equity awards, generally equal to 10% of the pre-tax operating profits generated by originations held for sale by PacTrust Bank's Residential Lending Division, subject to certain annual performance hurdle amounts being met (the Incentive Bonus).

In the event of a termination of employment without cause or a resignation for good reason, Mr. Seabold is entitled to the following (the Severance Amounts): (1) a pro-rata target bonus for the year of termination; (2) 1.5 times the sum of his base salary and Incentive Bonus (determined by annualizing the Incentive Bonus payable relative to the most recently completed fiscal quarter of FTB prior to the termination date), paid in installments over a twenty-four month period (following a change of control, the severance multiple would be 2, and be based upon the sum of his base salary and the Annual Target Bonus, not Incentive Bonus); and (3) 18 months (24 months following a change in control) of continued medical and dental benefits. In addition, any equity awards held by Mr. Seabold will vest in full and any stock options or stock appreciation rights will remain exercisable for the remainder of their original full terms.

Under the Employment Agreement, Mr. Seabold is subject to customary confidentiality and corporate opportunity restrictions, and employee non-solicitation restrictions while he is employed by PacTrust Bank and for a period of generally twenty-four months following termination of employment.

In connection with entering into the Employment Agreement, the Company will grant Mr. Seabold an award of (1) 50,000 shares of restricted stock, effective on the first business day of the month immediately following the approval by shareholders of the proposed 2013 Omnibus Incentive Plan at the annual meeting (or otherwise issuable in the form of cash-settled restricted stock units), and (2) non-qualified stock options for the purchase of 100,000 shares of Company common stock at an exercise price per share equal to the closing market price of Company common stock on May 13, 2013, in each case which vest, subject to continued employment, as follows: 1/5 on each of the first, second, third, fourth and fifth anniversaries of May 13, 2013.

Finally, under the Employment Agreement, Mr. Seabold granted to the Company and PacTrust Bank an option (the Call Option), exercisable (or not) in the Company's and PacTrust Bank's sole discretion on or prior to the 120 day anniversary of May 13, 2013, to acquire CS Financial for a purchase price of \$10 million (the Purchase Price). If, in its sole discretion, the Company and/or PacTrust Bank, exercise the Call Option, (x) the Purchase Price would be payable 80% in shares of Company common stock (valued based on the volume weighted average trading price of Company common stock on the NASDAQ over the 10-day period ending on the business day immediately prior to the Call Option exercise date) and 20% in cash, or in such other percentages mutually agreed by the Company and CS Financial (but in no event less than 51% in shares of Company common stock) and (y) in consideration of the substantial expenditures of time, effort and expenses to be undertaken by Mr. Seabold in order to prepare for the consummation of the acquisition (including, without limitation, as to integration), the Company or

PacTrust Bank will pay to Mr. Seabold \$25,000 a month, during

the period between the exercise of the Call Option and the closing of the acquisition. Sixty percent of the Purchase Price paid in shares of Company common stock will be subject to certain time and post-closing performance vesting criteria. In addition, if the Company and PacTrust Bank decline to exercise the Call Option, the Company and PacTrust Bank will in any event have the exclusive right (but no obligation) through December 31, 2013, to negotiate an acquisition transaction involving CS Financial on terms outside of those applicable to the Call Option. Effective immediately and through December 31, 2013, CS Financial will provide the Company and its advisors and representatives all due diligence and other information and access requested by the Company or its representatives to evaluate a potential transaction involving CS Financial. If the Company and PacTrust Bank decline to exercise the Call Option, PacTrust Bank will be permitted to terminate Mr. Seabold's employment without cause for a limited period following the expiration of the Call Option without entitling Mr. Seabold to the benefits described in clauses (2) and (3) of the definition of Severance Amounts above.

Any decisions or actions with respect to the Call Option and/or other transaction or affiliation with CS Financial, if any, will fall under the purview and authority of the Special Committees.

Exchange Agreement with TCW Shared Opportunity Fund V, L.P.

TCW Shared Opportunity Fund V, L.P. (TCW) initially became a holder of Voting Common Stock and Non-Voting Common Stock as a lead investor in the November 2010 recapitalization of the Company (the Recapitalization). In connection with its investment in the Recapitalization, TCW also was issued by the Company an immediately exercisable five-year warrant (the TCW Warrant) to purchase 240,000 shares of Non-Voting Common Stock or, to the extent provided therein, shares of Voting Common Stock in lieu of Non-Voting Common Stock. TCW was issued shares of Non-Voting Common Stock in the Recapitalization because at that time, a controlling interest in TCW Asset Management Company, the investment manager to TCW, was held by a foreign banking organization, and in order to prevent TCW from being considered a bank holding company under the Bank Holding Company Act of 1956, as amended, the number of shares of Voting Common Stock it purchased in the Recapitalization had to be limited to 4.99% of the total number of shares of Voting Common Stock outstanding immediately following the Recapitalization. For the same reason, the TCW Warrant could be exercised by TCW for Voting Common Stock in lieu of Non-Voting Common Stock only to the extent TCW's percentage ownership of the Voting Common Stock at the time of exercise would be less than 4.99% as a result of dilution occurring from additional issuances of Voting Common Stock subsequent to the Recapitalization.

In 2013, the foreign banking organization sold its controlling interest in TCW Asset Management Company, eliminating the need to limit TCW's percentage ownership of the Voting Common Stock to 4.99%. As a result, on May 29, 2013, the Company and TCW entered into a Common Stock Share Exchange Agreement, dated May 29, 2013 (the Exchange Agreement), pursuant to which TCW may from time to time exchange its shares of Non-Voting Common Stock for shares of Voting Common Stock issued by the Company on a share-for-share basis, provided that immediately following any such exchange, TCW's percentage ownership of Voting Common Stock does not exceed 9.99%. The shares of Non-Voting Common Stock that may be exchanged by TCW pursuant to the Exchange Agreement include the shares of Non-Voting Common Stock it purchased in the Recapitalization, the additional shares of Non-Voting Common Stock TCW acquired subsequent to the Recapitalization (and may in the future acquire) pursuant to the Company's Dividend Reinvestment Plan and any additional shares of Non-Voting Common Stock that TCW acquires pursuant to its exercise of the TCW Warrant.

On June 3, 2013, TCW exchanged 550,000 shares of Non-Voting Common Stock for the same number of shares of Voting Common Stock. As a result of that exchange, the Company believes that as of June 4, 2013, TCW held 1,073,195 shares of Voting Common Stock and 494,579 shares of Non-Voting Common Stock.

**BOARD OF DIRECTORS MEETINGS AND
COMMITTEE AND CORPORATE GOVERNANCE MATTERS**

Board Meetings, Independence and Ethics Code

Meetings of the Company's Board of Directors are generally held on a monthly basis. The Company's Board of Directors held 16 meetings during the fiscal year ended December 31, 2012. During 2012, no director attended fewer than 75 percent of the aggregate of the total number of meetings of the Board of Directors and committees of which he was a member held during the period in which he served. The Company's general policy is for all directors to attend its annual meeting of shareholders, and every director at that time attended last year's annual meeting. The Board has determined that Directors Brownstein, Chrisman, Evans, Karish, Majors and Schnel, constituting a majority of the Board members, are independent directors, as that term is defined in Rule 5605 of the Listing Rules of the NASDAQ Stock Market. Shareholders may communicate directly with the Board of Directors by sending written communications to Timothy R. Chrisman, Chairman of the Board of the Company, 18500 Von Karman Avenue, Suite 1100, Irvine, California, 92612.

The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all directors, officers and employees. You may obtain a copy of the Code free of charge by writing to the Corporate Secretary of the Company, Richard Herrin at 18500 Von Karman Avenue, Suite 1100, Irvine, California, 92612, or by calling (949) 236-5300. In addition, the Code of Business Conduct and Ethics has been filed with the SEC as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2003 and is available on our website at <http://www.firstpactrustbancorp.com> (click on the Investor Relations information link, then click on link marked "Governance Documents").

Board Leadership Structure and Risk Oversight

As indicated above, the positions of Board Chairman and Chief Executive Officer are held by two persons. This has been the case since the Company's formation in 2002. The Board believes this structure is appropriate for the Company because of the need for the Chairman to have independence in leading the Board of Directors to oversee and direct management, and the CEO's direct involvement in leading management of the Company.

The Board of Directors establishes and revises policies to identify and manage various risks inherent in the business of the Company, and both directly and through its committees, periodically receives and reviews reports from management to ensure compliance with and evaluate the effectiveness of risk controls. Employees who oversee day-to-day risk management duties, including the Compliance Officer and Internal Asset Review Officer, report directly to the Audit Committee.

In September, 2012, the Board of Directors established a Risk Policy Committee to assist the Board in discharging its oversight duties with respect to the policies applicable to the risks inherent in the business of the Company and its subsidiaries in the following categories: credit risk; market and liquidity risk; fiduciary risk; operational risk; strategic risk; and compliance risk. The Risk Policy Committee is currently composed of Directors Chrisman (Chairman), Evans and Sugarman. The Risk Policy Committee met once during 2012.

Board Committee Attendance and Charters

In addition to the Risk Policy Committee discussed above, the Board of Directors of the Company has standing Audit, Nominating, Compensation and Strategic Planning Committees.

The Board of Directors has adopted written charters for the Audit Committee, the Compensation Committee and the Nominating Committee. The charters for the Audit Committee, Compensation Committee and the Nominating Committee are available on our website at <http://www.firstpactrustbancorp.com> (click on the Investor Relations information link, then click on link marked "Governance Documents"). You also can obtain a copy of these committee charters free of charge by writing to the Corporate Secretary of the Company, 18500 Von Karman Avenue, Suite 1100, Irvine, California, 92612 or by calling (949) 236-5300.

In 2012, this Committee met 11 times. Nominating Committee

The Nominating Committee is currently composed of Directors Schnel (Chairman), Brownstein and Chrisman, each of whom is an independent director under the NASDAQ Listing Rules. This committee is primarily responsible for selecting nominees for election to the board. The Nominating Committee generally meets once per year to make nominations and holds additional meetings from time to time as needed.

The responsibilities of the Nominating Committee include:

- (i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;
- (ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's charter and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public

policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. Although the Company does not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Board seeks candidates who further its objective of having a Board that encompasses a broad range of talents and expertise and reflects a diversity of background, experience and viewpoints;

- (iii) review nominations submitted by shareholders, which have been addressed to the Corporate Secretary, and which comply with the requirements of the Company's charter and bylaws. Nominations from shareholders will be considered and evaluated using the same criteria as all other nominations;
- (iv) annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary; and
- (v) perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Director nominations by shareholders must be made pursuant to timely notice in writing to the Corporate Secretary as set forth in Section 1.09 of the Company's bylaws. In general, to be timely, a shareholder's notice must be received by the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; however, if the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, the shareholder's notice must be delivered not earlier than 120 days prior to the date of the meeting and not later than the close of business on the later of the 90th day prior to the date of the meeting or the tenth day following the day on which notice of the date of the meeting was mailed or public announcement of the date of the meeting was first made. The shareholder's notice must include the information set forth in Section 1.09 of the Company's bylaws.

The foregoing description is a summary of the Company's nominating process. Any shareholder wishing to propose a director candidate to the Company should review and must comply in full with the procedures set forth in the Company's charter and bylaws, and Maryland law.

During 2012 the Nominating Committee met two times.

Compensation Committee

The Compensation Committee is currently comprised of Directors Brownstein (Chairman), Chrisman and Schnel, all of whom are independent directors under the NASDAQ Listing Rules. This committee administers the Company's equity incentive plans and arrangements and reviews overall compensation policies for the Company. The responsibilities of the Compensation Committee also include:

- (i) reviewing from time to time our compensation plans and, if the Compensation Committee believes it to be appropriate, amend or recommend that the Board amend these plans or adopt new plans;
- (ii) overseeing the evaluation of our management, and establish the compensation for our executive officers and approve the compensation for other key members of management;
- (iii) recommending to the Board the appropriate level of compensation and the appropriate mix of cash and equity compensation for directors; and
- (iv) administering any executive or employee compensation plans which the Board has determined should be administered by the Committee.

The charter of the Compensation Committee does not specifically provide for delegation of any of the authorities or responsibilities of the Compensation Committee. Typically, the Company's Chief Executive Officer makes compensation recommendations to the Compensation Committee with respect to the executive officers who report to him. Such executive officers are not present at the time of these deliberations. The Committee Chairman then makes compensation recommendations to the Compensation Committee with respect to the Chief Executive Officer, who does not attend that portion of the meeting. The Compensation Committee may accept or adjust such recommendations. Director compensation is determined by the Company's Board of Directors based on the recommendations of the Compensation Committee. Other than the Company's Chief Executive Officer acting in his capacity as a Board member, none of the Company's executive officers has any role in determining the amount of director compensation.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

The charter of the Compensation Committee authorizes the Compensation Committee to select and retain a compensation consultant and other advisors to assist the Committee in carrying out its responsibilities. Pursuant to this authority, the Compensation Committee retained the services of Pearl Meyer & Partners in 2012. See Executive Compensation Compensation Discussion and Analysis-Role of Compensation Consultants.

During 2012, the Compensation Committee met seven times.

Compensation Discussion and Analysis

Introduction

In this section we provide an overview and analysis of our executive compensation programs, the material compensation policy decisions we have made under those programs, and the material factors that we considered in making those decisions. Following this section, you will find a series of tables containing specific information about the compensation earned or paid for 2012 to the following individuals, whom we refer to as our Named Executive Officers:

Steven A. Sugarman, Chief Executive Officer of the Company;

Robert M. Franko, President of the Company and President and Chief Executive Officer of PacTrust Bank and Beach Business Bank;

Ronald J. Nicolas, Jr., Executive Vice President and Chief Financial Officer of the Company;

Richard A. Herrin, Executive Vice President, Chief Administrative Officer and Corporate Secretary of the Company and Executive Vice President of PacTrust Bank;

Chang M. Liu, Executive Vice President and Chief Lending Officer of PacTrust Bank;

Gregory A. Mitchell, Former President and Chief Executive Officer of the Company and PacTrust Bank; and

Marangal I. Domingo, Former Executive Vice President and Chief Financial Officer of the Company and PacTrust Bank.

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

2012 Performance Highlights

We continued during 2012 to execute upon our strategic plans by implementing initiatives and achieving objectives that the Board of Directors deems to be critical to the Company's long-term success, including:

Termination of the extraordinary supervisory oversight by the Office of the Comptroller of the Currency under the Memorandum of Understanding which had restricted the activities of PacTrust Bank since 2009;

Continuing to grow, both organically and through acquisitions, to achieve the necessary scale to compete effectively in the Company's markets;

Transitioning from a unitary savings and loan holding company to a multi-bank holding company;

Investing in the infrastructure and resources necessary to enable management to better execute the Company's strategic plans;

Augmenting the liquidity and capital strength of the Company on an enterprise-wide basis; and

Expanding the scope of services and products offered to customers to broaden the potential sources of profitable revenues.

Execution of the Company's growth strategy during 2012 included completion of the acquisitions of both Beach Business Bank and Gateway Business Bank, and entering into agreements to acquire The Private Bank of California (PBOC) and The Palisades Group, LLC. With the closing of the pending acquisition of PBOC, the Company will have grown from a \$999 million in assets San Diego-based thrift at the beginning of 2012 to a \$2.5 billion in assets bank holding company providing commercial and residential lending and specialty finance services through 22 branches located across Southern California.

Table of Contents

In addition, these acquisitions provide the foundation for one of the Company's key strategic initiatives in 2013: the launch of the Company's residential mortgage lending platform. At the beginning of 2012, the Company originated mortgage loans, primarily to be held in portfolio, almost entirely through wholesale channels utilizing loan brokers. As of December 31, 2012, the Company had 24 loan production offices in California, Arizona, Oregon and Washington and engaged in residential mortgage lending through wholesale, retail, correspondent and warehouse lending channels and engages in secondary marketing, loan pool purchases and sales, and mortgage servicing.

During 2012 the Company successfully issued \$84.8 million of 7.5% Senior Notes, providing the liquidity and capital resources necessary to both accomplish the Company's growth initiatives and ensure that its banking subsidiaries exceed the requirements for being well capitalized, a critical criterion for accomplishing the Company's overall strategic goals and business objectives. One of those objectives is to diversify the products and services offered to customers. As a result of these acquisitions and other initiatives, in addition to mortgage lending, the Company, through its banking subsidiaries, now provides commercial and industrial lending, Small Business Administration lending, equipment leasing and financing, cash and treasury management, remote deposit, ACH origination and employer/employee retirement planning, and its loan portfolios have substantially changed from more than 85% in residential mortgages at the beginning of 2012 to less than 50% at the end of 2012.

Finally, to better enable the Company to successfully execute its strategies and profitably operate its increasingly complex businesses, in 2012 the Company made numerous enhancements in external resources, including the engagement of KPMG LLP as the Company's independent auditors, and augmented the Company's senior management team, appointing:

Steven A. Sugarman as Chief Executive Officer of the Company;

Robert M. Franko as Chief Executive Officer of both Beach Business Bank and PacTrust Bank;

Ronald J. Nicolas, Jr. as Chief Financial Officer of the Company;

John C. Grosvenor as General Counsel of the Company;

Richard A. Herrin as Chief Administrative Officer of the Company;

Lonny D. Robinson as Chief Financial Officer of both Beach Business Bank and PacTrust Bank and Principal Accounting Officer of the Company; and

Craig S. Naselow as Treasurer and Chief Investment Officer of the Company.

Compensation Committee's Response to 2012 Say-on-Pay Vote

At the 2012 annual meeting of shareholders, the shareholders were presented an opportunity to vote on an advisory basis with respect to the executive compensation disclosed in the proxy statement for that meeting (commonly known as Say-on-Pay). Approximately 68% of votes cast voted in favor of the Say-on-Pay proposal. The Company currently holds Say-on-Pay votes on an annual basis. Accordingly, at the 2013 annual meeting of shareholders, shareholders will consider a Say-on-Pay proposal with respect to the executive compensation disclosed in this proxy statement. See Proposal II Advisory (Non-Binding) Vote on Executive Compensation. As discussed under Proposal III Advisory

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

(Non-Binding) Vote on the Frequency of an Advisory Vote on Executive Compensation, however, the Company is proposing to hold future Say-on-Pay votes on a triennial basis.

Based upon the 2012 Say-on-Pay vote, and in light of the increasing complexity of the Company's businesses, the Board and Compensation Committee held meetings with members of the management team to discuss the nature and scope of the Company's executive compensation programs. The Committee and management met periodically to review and consider shareholder interests concerning the design and philosophy of the Company's compensation plans pertaining to executive officers and key personnel, including particularly incentive compensation arrangements. The Compensation Committee also reviewed the Company's performance and the compensation practices of similar financial institutions regarding employee and executive compensation.

Table of Contents**Compensation Program Best Practices**

As a result of these deliberations, and based upon the evolving nature of the Company's businesses, the Compensation Committee implemented certain new features, and retained certain pre-existing compensation strategies, that the Compensation Committee considered to be key elements for a program of compensation plans which align the interests of our executive officers and our long-term strategic direction with the interests of shareholders, and do not include features that could misalign their interests or impact the safety and soundness of the Company, such as the following:

Feature	Description
Hedging /Pledging Policy	The Company has a no-hedging policy and a no-pledging policy of Company shares.
Share Ownership Requirements	The Company recently implemented share ownership requirements for senior officers as well as the Board of Directors.
Repricing	We do not permit the repricing of underwater stock options or stock appreciation rights without the approval of shareholders.
CIC Payments	Our employment agreements do not include provisions which provide excess payments in the event of a change-in-control.
Supplemental Retirement Plans	We do not maintain any supplemental retirement arrangements with executives and employees.
Bonuses	We do not have any multi-year guaranteed bonuses as part of our employment agreements.

Philosophy and Objectives of the Compensation Program

Our compensation programs are designed to attract and retain key employees, motivate them to achieve optimal results and reward them for superior performance. Different programs are geared to short and longer-term performance with the goal of increasing shareholder value over the long-term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe that the performance of every employee is important to our success, we are mindful of the effect of executive compensation and incentive programs on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team, in addition to their individual contributions to that success, in attaining key operating objectives, such as growth in deposits and customer relationships, growth of operating earnings and earnings per share and, ultimately, in attaining an increased market price for our stock. We believe that the performance of the executives in managing the Company should be the basis for determining their overall compensation, taking into consideration pertinent economic conditions, interest rate trends, and the competitive market environment. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option, restricted stock grants and other equity incentive programs. Our approach to compensation management includes a review of all incentive programs to avoid imprudent risk-taking and to promote safety and soundness. In that regard, the Company intends to continuously review its compensation programs during 2013 to mirror the needs of its strategic goals and business objectives, as well as changes in its management structure, as it integrates the operations of Beach Business Bank and completes the acquisitions of PBOC and The Palisades Group, LLC.

Overview of Executive Compensation Program

Key elements of compensation for our executives include salary, an employee bonus incentive plan, equity incentive awards, 401(k) plan, and health, disability and life insurance benefits. Subject to the terms of their

Table of Contents

employment agreements (see Employment Agreements below), base salaries for our executive officers are generally reviewed, at least annually, at a meeting of the Compensation Committee. The Compensation Committee also considers executive officer performance and makes subjective recommendations for bonus payments and equity incentive awards to our executive officers based on a variety of factors, in its discretion.

These elements fit into our overall compensation objectives by helping to secure the future potential of our operations, facilitating our entry into new markets, providing proper regulatory compliance and helping to create a cohesive team.

Emphasis on Shareholder Alignment

Through the use of equity awards, such as restricted stock and stock option awards, the total compensation of each of our Named Executive Officers is highly dependent on performance and substantially aligned with the interests of shareholders. The Committee emphasizes individual and business performance outcomes designed to link actual compensation amounts with factors that contribute to shareowner value. Equity awards represent approximately 45% of potential compensation for our Chief Executive Officer, and more than 20% of potential compensation for the other Named Executive Officers.

Base salary is designed to be sufficiently competitive for recruitment and retention purposes and is expected to represent approximately 33% of potential compensation for our Chief Executive Officer, and approximately 50% of potential compensation for our other Named Executive Officers.

The following chart illustrates the basic pay mix for our Chief Executive Officer (excluding director fees paid prior to his employment as an officer and assuming 3-year vesting of equity awards).

The Compensation Committee, which is comprised of three independent members of the Company's Board of Directors, (as discussed in greater detail under Board of Directors Meetings and Committee and Corporate Governance Matters Compensation Committee) revisited the Company's Compensation Committee charter in 2012 and recommended changes which were approved by the Board, including changes required to comply with recently finalized committee standards applicable to NASDAQ-listed companies such as us. The Committee is responsible for, among other things:

Reviewing goals and objectives of compensation plans and if appropriate, amending or recommending that the Board of Directors amend goals and objectives;

Reviewing compensation plans, and if appropriate, recommending to the Board of Directors the adoption of new incentive-compensation plans, equity-based plans, other compensation plans or amendments to existing plans;

Approving and reviewing the Chief Executive Officer's corporate goals and objectives and determining compensation levels;

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

Overseeing the evaluation of management personnel, and determining compensation levels for executive officers and other key members of management;

Table of Contents

Reviewing the policies regarding tax deductibility of compensation for purposes of Section 162(m) of the Internal Revenue Code; and

Reviewing the Company's incentive compensation practices to determine whether they encourage excessive risk taking, and approving, or recommending to the Board of Directors for approval, changes to mitigate risk.

The Compensation Committee considers information from a variety of sources when assessing the competitiveness of the Company's current and future compensation levels. These sources include, but are not limited to, committee members, management, other members of the Board of Directors, publicly available compensation data regarding executive officers within the industry, the Company's understanding of compensation arrangements at other financial institutions with similar growth strategies, and advice from the Compensation Committee's consultants. Typically, the Chief Executive Officer makes compensation recommendations to the Compensation Committee with respect to the executive officers who report to him. Such executive officers are not present at the time of these deliberations. The Committee Chairman then makes compensation recommendations to the Compensation Committee with respect to the Chief Executive Officer, who does not attend that portion of the meeting. The Compensation Committee may accept or adjust such recommendations.

Our policy for allocating between long-term and short-term compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives with an appropriate level of risk to maximize long-term value for our company and our shareholders. Likewise, we provide cash compensation in the form of base salary to meet competitive norms and reward good performance on an annual basis in the form merit salary adjustments and bonus compensation to reward superior performance against specific short-term goals. We provide equity-based compensation as a long-term incentive and a means of directly aligning the interests of our executive officers with the interests of our shareholders. We believe that our overall compensation package, including benefits and equity-related awards, is competitive within the marketplace and consistent with the philosophy and objectives of our compensation program.

Role of Compensation Consultants

The Compensation Committee at times engages the services of an independent compensation consulting firm. The Compensation Committee retained the services of Pearl Meyer & Partners commencing in 2012 to assist the Committee with its review and approval of the new employment agreement with Mr. Sugarman, as well as to review market comparables for, and make recommendations regarding, remuneration of members of the Board of Directors, and to advise the Compensation Committee and the Board of Directors concerning the Company's compensation policies and programs going forward.

2012 Compensation Decisions

In December 2011, the Board of Directors adjusted the recommended level of annual incentive compensation for the Company's executive officers to reduce the amount of discretionary bonus compensation in order to reflect the fact that certain objectives for 2011 were not achieved within the time frame envisioned for their accomplishment, including particularly the termination of the 2009 Memorandum of Understanding for PacTrust Bank. Commencing in April 2012, the Compensation Committee revisited the earlier discretionary bonus decisions for the executive team once the remaining objectives for 2011 were accomplished, including the termination of the Memorandum of Understanding. In addition, among other matters, the Committee considered the results achieved by management in successfully completing the acquisitions and integrations of Gateway Business Bank and Beach Business Bank. Based upon the Committee's understanding of market levels of compensation for senior management at similar organizations, in September 2012, after considering these factors, the Committee determined to provide certain executive officers (including Messrs. Herrin, Liu and Domingo) and other employees with cash bonuses in the form of increases to their minimum base salaries under their employment agreements and grants of immediately vested shares of restricted stock. The Company entered into

Table of Contents

amended employment agreements with these officers to implement the adjusted base salary levels, but provided in the amendments that the amount of the increase in base salary would not apply for purposes of calculating severance payments except where termination of employment occurs within 12 months following a Change-in Control. In addition, in the case of Messrs. Herrin and Liu, the severance payout periods under their employment agreements were extended from 18 months to 24 months to be more consistent with the employment agreements with most of the other executive officers. See Employment Agreements. The adjustments made to base salaries and the additional equity awards are outlined in greater detail below.

Base Salary

We seek to establish salary compensation for our executive officers based on our Company's operating performance relative to the value proposition for the Company, the compensation offered by competing employers, salaries at comparable companies and our achievement of overall Company objectives. Subject to an executive officer's minimum base salary as established by contract (see Employment Agreements), in setting base salaries, the Compensation Committee typically reviews the Chief Executive Officer's recommendations with respect to the other executive officers and discusses the relative qualifications, experience and responsibilities of the officers. The Compensation Committee also considers the salary information for executive officers of financial institutions that are comparable in size to First PacTrust. It is our policy to pay our Chief Executive Officer and other executive officers on a competitive basis that allows us to attract and retain talented managerial employees both at the senior executive level and below.

Each of the Named Executive Officers was hired pursuant to an employment agreement or subsequently signed an employment agreement that established each Named Executive Officer's minimum base salary. Each employment agreement was the result of negotiations between the Company and the Named Executive Officer. Salaries are typically reviewed and adjusted annually at the discretion of the Committee or the Board of Directors. During 2012, salaries were increased for certain of the Named Executive Officers. Subsequent to the departure of Mr. Mitchell and the appointment of Mr. Sugarman in September 2012, the Committee determined that it should enter into modified employment agreements with certain key executives, including Messrs. Franko, Herrin, Liu and Domingo. (Mr. Nicolas had not yet joined the Company). The terms of the modified agreements provided for an increase in each executive officer's base salary.

value of their unique skills and capabilities to support long-term performance of the Company;

performance of their general management responsibilities; and

contribution as a member of the executive management team and internal consistency.

Mr. Franko's 2012 salary was increased in September 2012 to \$375,000 in connection with the substantial additional responsibilities he assumed by being appointed as President and Chief Executive Officer of PacTrust Bank, in addition to his existing positions as President of the Company and President and Chief Executive Officer of Beach Business Bank. The salary increases for Messrs. Herrin, Liu and Domingo are explained above, under -2012 Compensation Decisions.

Annual Incentives

The employment contracts with our Named Executive Officers provide for additional or special compensation, such as incentive pay or bonuses, as the Board of Directors or Compensation Committee may from time to time determine. Messrs. Sugarman and Nicolas entered into employment agreements in 2012 that specify a target bonus of 50% of base salary and, in the case of Mr. Sugarman, the opportunity to receive compensation in excess of the target based on profitability of the Company's non-depository businesses. All other Named Executive Officers are eligible for bonuses but do not have a target bonus level as a percentage of their base salary defined in their employment agreements.

As discussed under -2012 Compensation Decisions, in September 2012, certain Named Executive Officers were given cash bonuses in the form of increases in base salary (reflected in the table above) and additional equity awards in the form of immediately vested shares of restricted stock, in recognition of the achievement in 2012 of certain strategic objectives that had not been accomplished during 2011, and the fact that incentive awards for 2011 had been correspondingly reduced, as well as the accomplishment of the successful acquisitions of Beach Business Bank and Gateway Business Bank, as follows:

<u>Executive</u>	<u>Title</u>	<u>Grant Date Value of Equity Awards</u>
Marangal I. Domingo	Former Chief Financial Officer	\$ 125,600
Richard A. Herrin	Chief Administrative Officer	\$ 125,600
Chang M. Liu	Chief Lending Officer	\$ 100,480

Table of Contents

Following the end of 2012, the Committee commenced an evaluation of the performance compensation to be considered for the Chief Executive Officer and the other Named Executive Officers (other than Messrs. Mitchell and Domingo, each of whom was then no longer employed by the Company) based upon their performance during 2012. There was no specific weighting of business goals compared to an individual officer's performance, but instead the recommended bonus reflected a holistic view of the success of each executive in achieving objectives for their respective functional area and, consequently, the executive compensation awards paid for 2012 were above target levels in the case of Messrs. Sugarman and Nicolas. To encourage ongoing focus on long-term shareholder value and retention among select key employees, the Committee required that executive officers, except for Mr. Liu, receive a minimum of one-third of the bonus in the form of restricted stock. The shares of restricted stock vest over a minimum of three years, typically in equal annual installments. The remainder of the incentive award not paid in restricted stock was paid in cash. Since Mr. Liu's bonus was based upon loan production results, the Committee determined that Mr. Liu's entire incentive award would be paid in cash. The additional bonus amounts to certain Named Executive Officers were as follows:

<u>Executive</u>	<u>Title</u>	<u>2012 Incentive</u>	<u>2012 Cash Component of the Annual Incentive</u>
Steven A. Sugarman	Chief Executive Officer	\$ 225,000	\$ 150,750
Robert M. Franko	President, First PacTrust Bancorp; Chief Executive Officer, PacTrust Bank and Beach Business Bank	\$ 50,000	\$ 0
Ronald J. Nicolas Jr.	Chief Financial Officer	\$ 125,000	\$ 83,750
Richard A. Herrin	Chief Administrative Officer	\$ 100,000	\$ 83,500
Chang M. Liu	Chief Lending Officer	\$ 120,000	\$ 120,000

Long-Term Incentives

The Compensation Committee believes that a significant portion of Named Executive Officers' target compensation should generally be in the form of long-term incentives, which motivates leaders and key employees through the use of awards tied to the long-term performance of the Company. These awards are intended to reward performance over a multi-year period, align the interests of executives with those of shareholders, instill an ownership culture, enhance the personal stake of executive officers in the growth and success of the Company, and provide an incentive for continued service at the Company. Long-term incentive awards are currently granted under the 2011 Omnibus Incentive Plan. At the annual meeting, shareholders will be asked to approve the 2013 Omnibus Incentive Plan, which would, like the 2011 Omnibus Incentive Plan, permit long-term equity awards. If the 2013 Omnibus Incentive Plan is approved at the annual meeting, then no future awards will be made under the 2011 Omnibus Incentive Plan. See Proposal IV Approval of the 2013 Omnibus Stock Incentive Plan.

The Company issues long-term incentives in three ways. First, at the discretion of the Board of Directors, the Company at times awards special inducement equity awards. These special inducement awards are negotiated upon hire or upon renegotiation of the employee's contract and are based on the Committee's understanding of the market levels of pay for the given position, the skills and experiences of the executive to be hired, and the level required to induce employment. The Committee determines for each executive the appropriate ratio of stock options/SARs and restricted stock to be issued upon hire to adequately motivate and align executive interests with the interests of shareholders.

In connection with Mr. Sugarman's appointment as co-Chief Executive Officer, Mr. Sugarman was awarded a cash-settled stock appreciation right with respect to 500,000 shares of common stock. The stock appreciation right vests in three annual installments beginning with the date of grant.

Table of Contents

In connection with Mr. Nicolas' employment he was granted 25,000 restricted shares of common stock and 75,000 stock options. The restricted shares and stock options granted to Mr. Nicolas vest in five equal annual installments commencing upon the first anniversary of the effective date of his employment agreement.

In connection with Mr. Franko's appointment as President and Chief Executive Officer of PacTrust Bank, which added to his existing responsibilities as President of the Company and President and Chief Executive Officer of Beach Business Bank, Mr. Franko was granted 60,000 restricted shares. The restricted shares vest in five equal annual installments beginning with the date of grant.

Upon renegotiation of the employment terms for Messrs. Herrin, Liu and Domingo each received a restricted stock award of 10,000, 8,000 and 10,000 shares, respectively, which were fully vested at the date of grant.

Second, as previously outlined, the Committee believes that ongoing equity opportunities further align management's interests with the long-term interests of shareholders, encourages long-term safety and soundness of the Company, and encourages long-term retention of key employees. As a result, the Committee determined to issue a minimum of one-third of the 2012 bonus determined in 2013 in the form of restricted stock which vests over a minimum three year period to select executive officers. Individual members of management were allowed to request that a greater portion of their incentive compensation be paid in the form of restricted stock, or to vest over a longer period of time, and the Committee determined the appropriateness of the request by considering each officer's outstanding equity awards, the amount of vested equity, and other compensation elements provided by the Company.

Third, the Committee believes that equity awards align management's interests with the long-term interests of the Company's shareholders, instill an ownership culture, enhance the personal stake of executive officers in the growth and success of the Company, provide an incentive for continued service at the Company, and encourage retention of key employees. In determining whether to award long-term incentives to executives, the Compensation Committee performs an annual review process which includes consideration of factors such as the Company's overall performance, duties and responsibilities assumed by the executive, the overall performance of the executive's area of responsibility, the executive's impact on strategic goals, prior levels of total compensation, the number and mix of each executive's outstanding equity-based awards, and the desired emphasis on retention and motivation. However, there is no specific weighting applied to any one factor in determining the level of equity-based awards or the mix between stock options, restricted stock, and other forms of equity awards. Instead, the process ultimately relies on a holistic and qualitative assessment of the facts and the exercise of the Compensation Committee's judgment. For 2012, the Committee determined that the outstanding inducement grants and the allocation of the bonus in the form of restricted stock provided sufficient alignment with shareholders that no additional grants were warranted.

Stock Ownership Guidelines

The Board of Directors recently adopted stock ownership guidelines for senior officers and non-employee directors of the Company. The guidelines require that our Chief Executive Officer own shares equal to at least 300% of his after-tax base salary and that the other Named Executive Officers own shares equal to at least 100% of their after-tax base salary. Each non-employee director is expected to maintain a minimum equity investment in common shares equal to at least 100% of their after-tax base annual retainer (exclusive of compensation paid for committee membership or chairmanship). Compliance with the guidelines is required to be achieved within a two-year period from their adoption.

Hedging/Pledging Policy

The Company considers it inappropriate for any director or officer to enter into speculative transactions in First PacTrust's securities. The Company's insider trading policy prohibits the purchase or sale of puts, calls,

Table of Contents

options, or other derivative securities based on the Company's securities. This prohibition also includes hedging or monetization transactions, such as forward sale contracts, in which the shareholder continues to own the underlying security without all the risks or rewards of ownership. Finally, directors, officers, and other employees may not purchase the Company's securities on margin, or borrow against any account in which Company securities are held. The prohibitions do not apply to the exercise of stock options granted as part of a Company incentive plan.

401(k) Plan

We offer a qualified, tax exempt savings plan to our employees with a cash or deferred feature qualifying under Section 401(k) of the Code (the 401(k) Plan). All employees who have attained age 18 are eligible to make 401(k) contributions. Eligible employees are also eligible to be allocated matching and profit sharing contributions, if any, after they have attained age 18 and completed 12 months of continuous employment, during which they worked at least 1,000 hours.

During 2012, participants were permitted to make salary reduction contributions to the 401(k) Plan of up to 100% of their annual salary, up to a maximum of \$17,000. In addition, participants who have attained age 50 may defer an additional \$5,500 annually as a 401(k) catch-up contribution. All employees who participate in the 401(k) Plan received 100% matching funds for the first 4% of salary contributed by the employee during 2012. All 401(k) deferrals made by participants are before-tax contributions. In the event of retirement at age 65 or older, permanent disability or death, however, a participant will automatically become 100% vested in the value of all matching and profit sharing contributions and earnings thereon, regardless of the number of years of service with the Company.

Participants may invest amounts contributed by them, as well as employer matching and profit sharing contributions (to the extent they are fully vested), to their 401(k) Plan accounts in one or more investment options available under the 401(k) Plan. Changes in investment directions among the funds are permitted on a periodic basis pursuant to procedures established by the plan administrator. Each participant receives a quarterly statement which provides information regarding, among other things, the market value of his investments and contributions made to the 401(k) Plan on his behalf. Participants are permitted to borrow against their account balance in the 401(k) Plan.

Perquisites and Other Benefits

Our executives are entitled to few benefits that are not otherwise available to all of our employees. In this regard it should be noted that we do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees other than as described in the severance agreements. Our health and insurance plans are the same for all employees. The Company currently offers employees their choice of two different health plans. Named Executive Officers are often required to drive between branches and offices located throughout the Southern California region. As a result, the Company provides each of the Named Executive Officers a company car or auto allowance due to the amount of driving required.

Equity Grant Policy

Executives currently receive long-term equity awards pursuant to the terms of the 2011 Omnibus Incentive Plan, which was approved by the Company's shareholders. The Board of Directors and, by delegation, the Compensation Committee, administers the 2011 Omnibus Incentive Plan and establishes the rules for all awards granted under the plan, including grant guidelines, vesting schedules, and other provisions. The Board of Directors or the Compensation Committee reviews these rules periodically and considers, among other things, the interests of our

shareholders, market conditions, information provided by independent advisors, performance objectives, and recommendations made by the Chief Executive Officer.

Table of Contents

The Board of Directors or the Compensation Committee reviews awards for all employees. For annual awards, the Compensation Committee reviews the recommendations of the Chief Executive Officer for executives and other employees, modifies the proposed grants in certain circumstances, and approves the awards effective as of the date of its approval.

The exercise price of stock option grants are set at 100% of the closing market price of a share of Company common stock on the date the Board of Directors or Compensation Committee approves the grants. The exercise price of new hire awards and relocation or retention grants is determined as set forth above, except that the exercise price is set on the date of hire or effective date of the underlying agreement providing for such grant rather than the date of the approval thereof.

At the annual meeting, shareholders will be asked to approve the 2013 Omnibus Incentive Plan, which would, like the 2011 Omnibus Incentive Plan, permit long-term equity awards. If the 2013 Omnibus Incentive Plan is approved at the annual meeting, then no future awards will be made under the 2011 Omnibus Incentive Plan. See Proposal IV Approval of the 2013 Omnibus Stock Incentive Plan.

Employment Agreements and Post-Termination Payments

As previously discussed, the Company has entered into employment agreements with each of the Named Executive Officers. The Compensation Committee determined that the compensation packages provided under these agreements was fair and reasonable on the basis of its assessment of comparable compensation opportunities available to the individuals, including the compensation arrangements of the Named Executive Officer at his prior place of employment, in the case of new hires. The specifics of these arrangements are described in detail below under Employment Agreements.

Payments Due Upon Termination or a Change in Control

Under the terms of our equity-based compensation plans and their respective employment agreements, the Chief Executive Officer and the other Named Executive Officers are entitled to severance benefits upon termination of their employment under specified circumstances. The specific terms of these arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal year-end, are described in detail below under Employment Agreements and Potential Payments upon Termination or Change in Control.

In the case of each employment agreement, the terms of these arrangements were set through the course of arms-length negotiations with the Named Executive Officer. As part of these negotiations, the Compensation Committee analyzed the terms of arrangements for comparable executives employed by companies in the banking industry. At the time of entering into these arrangements, the Compensation Committee considered the aggregate potential obligations of the Company in the context of the desirability of hiring or retaining the individual. The Compensation Committee believes that these arrangements can play a significant role in attracting and retaining key executive officers by providing security to the executive and leadership continuity to the Company.

The 2011 Omnibus Incentive Plan currently provides for the accelerated vesting of equity awards in the event of a change in control. In addition, certain employment agreements as well as certain forms of equity agreements provide for accelerated vesting of equity-based awards upon either a change in control or certain terminations of employment.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

The Compensation Committee believes that for senior executives, including the Named Executive Officers, accelerated vesting of equity-based awards in the event of a change in control is generally appropriate because in some change in control situations equity of the target company is cancelled making immediate acceleration necessary in order to preserve the value of the award. In addition, the Company relies primarily on long-term incentive awards to provide the Named Executive Officers with the opportunity to accumulate substantial resources to fund their retirement income, and the Compensation Committee believes that a change in control event is an appropriate liquidation point for awards designed for such purpose.

Table of Contents

Recoupment Policy

Under Section 304 of the Sarbanes Oxley Act, if the Company is required to restate its financial statements due to material noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer may be required to reimburse the Company for (i) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (ii) any profits realized from the sale of securities of the Company during that 12-month period. The Company plans to amend the recoupment policy to comply with the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once final rules have been implemented.

Impact of Tax and Accounting

As a general matter, the Compensation Committee takes into account the various tax and accounting implications of the compensation vehicles employed by the Company.

Accounting Impact

When determining amounts of long-term incentive grants to executives and employees, the Compensation Committee examines the accounting cost associated with the grants. Under FASB ASC Topic 718, grants of equity-based awards result in an accounting charge for the Company equal to the grant date fair value of those securities.

Tax Impact

Section 162(m) of the Internal Revenue Code does not permit publicly traded companies to take income tax deductions for compensation paid to the Chief Executive Officer and the other Named Executive Officers (other than the Chief Financial Officer) to the extent that compensation exceeds \$1.0 million per officer in any taxable year and does not otherwise qualify as performance-based compensation. The 2011 Omnibus Incentive Plan is structured so that the compensation deemed paid to an executive officer in connection with the exercise of stock options should qualify as performance-based compensation not subject to the \$1.0 million limitation. Awards of restricted stock or RSUs made under the 2011 Omnibus Incentive Plan may or may not qualify as performance-based compensation. The 2012 incentive awards paid out in restricted stock and cash to the Named Executive Officers during fiscal year 2012 did not qualify as performance-based compensation under Section 162(m) of the Code and therefore, if any of the Named Executive Officers' total compensation exceeds the \$1.0 million limit, the incentive awards issued to such officer may not be deductible for income tax purposes. The proposed 2013 Omnibus Incentive Plan to be voted on by shareholders at the annual meeting is structured in a manner similar to the 2011 Omnibus Incentive Plan with regard to equity-based compensation and Section 162(m) of the Code. See Proposal IV Approval of the 2013 Omnibus Stock Incentive Plan.

The Compensation Committee will continue to consider steps that might be in the Company's best interests to comply with Section 162(m) of the Code. However, in establishing the cash and equity incentive compensation programs for the executive officers, the Compensation Committee believes that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole or primary factor. The Compensation Committee believes that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the limitations of Section 162(m) of the Code.

Section 280G of the Internal Revenue Code provides that severance payments triggered by a change in control, which equal or exceed three times the individual's base amount are deemed to be excess parachute payments. Individuals receiving parachute payments in excess of three times their base amount are subject to a 20% excise tax on the amount of the excess payments. If excess parachute payments are made, the Company and the Bank would not be entitled to deduct the amount of the excess payments. Each employment agreement provides that severance and other payments that are subject to a change in control will be reduced as much as necessary to ensure that no amounts payable to the executive will be considered excess parachute payments.

Potential Payments upon Termination of Employment or Change in Control

The following tables show the approximate value of the benefits and payments that the Named Executive Officers other than Messrs. Mitchell and Domingo (whose employment with the Company terminated on September 21, 2012 and November 13, 2012, respectively) would have been entitled to receive as of December 31, 2012 had their employment been terminated or had a change in control occurred on that date. REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee of the Board of Directors shall not be deemed to be soliciting material or to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report therein, and shall not otherwise be deemed filed under such Acts.

The Audit Committee of the Company's Board of Directors is comprised of the undersigned directors, each of whom is independent as independence is defined for audit committee members under the NASDAQ Listing Rules. The Audit Committee's responsibilities are described in a written charter adopted by the Board of Directors.

Management is responsible for the Company's internal controls, financial reporting process and compliance with applicable laws and regulations. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon, and annually attesting to management's assessments of the effectiveness of the Company's internal control over financial reporting. As the members of the Audit Committee, it is our responsibility to monitor and oversee these processes.

The Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2012, with management and with KPMG LLP, the Company's independent registered public accounting firm for 2012. The Audit Committee also has discussed with KPMG LLP the matters required to be discussed by Statement of Auditing Standards No. 61, Communications with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the Audit Committee concerning independence as currently in effect, and discussed with KPMG LLP their independence. Based upon the review and discussions described in this report, the Audit Committee recommended to the Company's Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

PROPOSAL II ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act and the SEC's implementing rules, we are including in this proxy statement and will present at the annual meeting an advisory (non-binding) proposal on executive compensation, commonly known as a say-on-pay proposal. This proposal gives shareholders the opportunity to endorse or not endorse the compensation of the Company's named executive officers as disclosed in this proxy statement. The proposal will be presented at the annual meeting as a resolution in substantially the following form:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Company's proxy statement for the annual meeting pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

This vote will not be binding on the Company's Board of Directors and may not be construed as overruling a decision by the Board or create or imply any additional fiduciary duty on the Board. Nor will it affect any compensation paid or awarded to any executive. The Compensation Committee and the Board may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

As disclosed in more detail under Proposal I Election of Directors-Executive Compensation-Compensation Discussion and Analysis, the Compensation Committee has a very deliberate and thoughtful process for establishing a broad-based compensation program for our executives. The overall goal of this compensation program is to help the Company attract, motivate and retain talented and dedicated executives, orient its executives toward the achievement of business goals, and link the compensation of its executives to the Company's success. Executive compensation determinations are a complex and demanding process. The Compensation Committee exercises great care and discipline in its analysis and decision-making and recognizes our shareholders' interest in executive compensation practices. The Compensation Committee seeks to establish compensation levels that attract highly effective executives who work well as a team and that are aligned with our corporate values to conduct our business with character, compassion, class and competition. A primary focus of our compensation program is to compensate actual performance, using realistic incentive thresholds while not exposing the Company to imprudent levels of risk. The Board of Directors believes that our executive compensation program comports with the objectives described above.

The say-on-pay vote at our annual meeting of shareholders held in 2012, which related to our 2011 executive compensation, was approved by our shareholders by approximately 68% of the votes cast. The Company is currently holding say-on-pay votes annually. As discussed under Proposal III Advisory (Non-Binding) Vote on the Frequency of an Advisory Vote on Executive Compensation, however, the Company is proposing to hold future say-on-pay votes on a triennial basis. The outcome of the vote on that proposal at the annual meeting may be taken into account by the Board in determining when the next say-on-pay vote will be held.

Our Board of Directors believes that our executive compensation in 2012 continued to achieve the objective of our executive compensation philosophy and programs, and therefore recommends that shareholders vote **FOR** this proposal.

Table of Contents

PROPOSAL III ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Committee and the Board of Directors recognize the importance of receiving regular input from shareholders on important issues such as executive compensation. The Compensation Committee and the Board also believe a well-structured compensation program should include features that drive the creation of shareholder value over the long-term, as well as the short-term.

In addition to the advisory vote on executive compensation disclosed in this proxy statement (see Proposal II Advisory (Non-Binding) Vote on Executive Compensation), at the annual meeting we will give our shareholders the opportunity to indicate whether they would like to have an advisory vote on executive compensation every year, every two years or every three years.

The Company last held an advisory vote on the frequency of advisory votes on executive compensation in 2011. At that time, the Board recommended an annual advisory vote. For the reasons discussed below, however, the Board now believes that the effectiveness of its executive compensation program cannot be evaluated on an annual basis, and that a vote every three years would better enable the Board to evaluate our executive compensation program in relation to our long-term performance.

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow shareholders to better evaluate our executive compensation program in relation to our long-term performance. As described in the Compensation Discussion and Analysis section above, one of the core principles of our executive compensation program is to ensure management's interests are aligned with our shareholders' interests to support long-term value creation. Accordingly, we grant awards with multi-year performance and service periods to encourage our executive officers to focus on long-term performance, and recommend a triennial vote which would allow our executive compensation programs to be evaluated over a similar time-frame and in relation to our long-term performance.

A triennial vote will provide us with the time to thoughtfully consider and react to changes in the compensation programs of our competitors and implement any necessary changes. We carefully review changes to our program to maintain the credibility and competitiveness of our compensation program which is important in motivating and retaining our employees. We therefore believe that a triennial vote is an appropriate frequency to provide our Board and Compensation Committee sufficient time to thoughtfully consider any changes in compensation plans in the marketplace and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes.

This advisory vote on the frequency of advisory votes on executive compensation is not binding, but the Board may take the results of this vote into account when considering the frequency of holding future advisory votes on executive compensation. The Company is currently holding say-on-pay votes annually. However, if the Company held a triennial vote on executive compensation, the next say-on-pay vote would be scheduled for the annual meeting of shareholders to be held in 2016.

Our Board of Directors believes that a triennial vote on executive compensation will better enable shareholders to analyze our executive compensation programs in relation to long-term performance and better enable the Board to respond to changes in compensation of our competitors, and therefore recommends that shareholders vote for a frequency of future advisory votes on executive compensation of every **THREE** years (triennially).

PROPOSAL IV APPROVAL OF THE 2013 OMNIBUS STOCK INCENTIVE PLAN

We ask that our shareholders vote to approve the First PacTrust Bancorp, Inc. 2013 Omnibus Stock Incentive Plan (referred to in this section as the Plan). The Plan was adopted by the Board of Directors of the Company, upon the recommendation of the Compensation Committee of the Board of Directors (referred to in this section as the Committee), subject to such approval. The purpose of the Plan is to promote the long-term success of the Company and its subsidiaries and the creation of shareholder value by: aligning participant and shareholder interests through stock ownership, motivating employee and director participants to focus on the Company s critical long-range objectives; and providing a competitive advantage in attracting, retaining and motivating officers, employees, directors and/or consultants. If approved by shareholders at the Annual Meeting, the Plan will become effective on the date of the Annual Meeting (the Effective Date).

The Company believes that equity compensation is integral to its philosophy of pay-for-performance and for establishing a competitive total compensation package necessary to recruit, retain and incent talented employees. The Company seeks approval of the Plan to ensure that the Company has sufficient shares available to continue its long-held approach to pay-for-performance through granting equity to employees.

If the Plan is approved by our shareholders, no new awards may be granted under our existing 2011 Omnibus Incentive Plan or any other prior equity compensation plan (together, the Prior Plans). However, awards previously granted and outstanding under the Prior Plans will remain in full force and effect under such Prior Plans according to their respective terms, and to the extent that any such award is forfeited, terminates, expires or lapses without being exercised (to the extent applicable), or is settled for cash, shares of common stock of the company subject to such award which are not delivered as a result will not be available for awards under the Plan. Dividend equivalents, however, may continue to be issued under the Prior Plans in respect of awards granted under such Prior Plans which are outstanding as of the Effective Date.

If the Plan is approved by shareholders, it will permit, but not require, awards under the Plan to qualify as tax-deductible performance-based compensation under Section 162(m) of the Internal Revenue Code (the Code). Section 162(m) of the Code generally places a \$1 million annual limit on a company s tax deduction for compensation paid to certain senior executives, other than compensation that satisfies the applicable requirements for a performance-based compensation exception. To qualify as performance-based compensation under Section 162(m) of the Code, the compensation must (among other requirements) be subject to attainment of performance goals that have been disclosed to shareholders (in the case of awards other than stock options and stock appreciation rights) and approved by a majority shareholder vote. We are asking shareholders at the Annual Meeting to approve the material terms of the performance goals under the Plan so that the company may make awards that qualify as performance-based compensation under Section 162(m) of the Code, and thus, would be tax-deductible. For purposes of Section 162(m) of the Code, the material terms requiring shareholder approval include the following:

the employees eligible to receive awards under the Plan;

the business criteria used as the basis for the performance goals; and

the limits on the maximum amount of compensation payable to any employee in a given time period.

By approving the Plan, the shareholders will be approving, among other things, the eligibility requirements, performance goals and limits on various stock awards contained therein for purposes of Section 162(m) of the Code. By approving the Plan, the Company shareholders will also satisfy the NASDAQ requirements for shareholder approval of equity compensation plans.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

As of June 4, 2013, 497,731 shares of Company common stock remained available for future awards under the Prior Plans. If the Plan is not approved, we will have an insufficient number of shares available for future equity-based awards, which our Board believes would place the Company at a significant competitive disadvantage and would seriously impair the Company in its ability to grow, both through acquisitions and organically. The Board decided to adopt a new plan rather than existing a Prior Plan because for the ease of

Table of Contents

future administration and to clarify certain provisions. The number of shares of Company common stock to be available under the Plan will be 20% of the then outstanding shares of Company common stock (both voting and non-voting), but in no event will the number of shares of Company common stock available under the Plan be less than the greater of (i) 2,384,711 shares, which was 20% of the outstanding shares as of the date the Plan was approved by the Board, and (ii) the aggregate number of shares with respect to which awards have been properly granted under the Plan up to that point in time.

Our goal is to be the premier community bank holding company in Southern California, serving the needs of growing families, high net worth individuals, professionals and small- to mid-sized businesses and their owners. Toward this end, we have adopted a business plan aimed at completing our transformation from a traditional thrift to a full-service community bank through a combination of organic growth and acquisitions. In order to achieve this goal, the Board believes that the Company must be able to compete effectively for the most talented management and other key personnel available. In order to attract and retain these individuals and incentivize them in a manner that aligns their interests with the long-term interests of shareholders, the Board believes the Company must always have a sufficient number of shares for equity-based awards. For this reason, the Board determined that the Company and its shareholders would be better served by enabling the number of shares available for awards under the Plan to adjust commensurately with the Company's future growth, rather than reducing the Company's flexibility by using a fixed number for the Plan share limit.

Plan Metrics

Overhang. On June 4, 2013, we had awards covering 497,731 shares of common stock outstanding and 12,006,534 shares of common stock outstanding, or an overhang of 4.15%. Assuming shareholders had approved the Plan on that date, our overhang would have been 19.45%. For this purpose, we calculated overhang as follows:

$$\text{Overhang} = A / B$$

Where A is the number of awards outstanding under the Prior Plans (497,731), plus the number of shares that would be available for future awards under the Plan if shareholders had approved this proposal (2,401,307) on June 4, 2013 (A=2,899,038); and B is A plus the number of shares outstanding on June 4, 2013 (B=14,905,572).

The above numbers reflect the outstanding shares as of June 4, 2013. The number of shares outstanding and the number of shares that would be available for awards under the Plan will increase upon any future issuances of common stock, including but not limited to the proposed issuance of up to 2,150,000 shares of common stock in connection with the merger of the Company and The Private Bank of California (PBOC), pursuant to the Agreement and Plan of Merger, dated as of August 21, 2012, by and between the Company and PBOC, which is scheduled to close on or after July 1, 2013, any issuances upon the exercise of warrants currently outstanding or granted in the future and any future issuances in connection with grants or exercises of equity-based compensation awards.

Dilution. As noted above, the number of shares of Company common stock that would be available under the Plan at any point in time is 20% of the then outstanding shares of Company common stock (but in no event less than the greater of 2,384,711 shares and the aggregate number of shares with respect to which awards have been properly granted under the Plan up to that point in time). Based on the 12,006,534 shares of common stock outstanding as of June 4, 2013, which would make 2,401,307 shares available under the Plan, the potential dilution to shareholders from the Plan would be approximately 16.67% if there were no increase in the number of outstanding shares. But because the number of shares that would be available under the Plan would increase upon any future issuances of common stock, the maximum potential dilution to shareholders from the Plan cannot be determined.

Burn rate. Burn rate measures our usage of shares for our stock plans as a percentage of our outstanding stock. For 2012, 2011 and 2010 our burn rate, calculated by dividing the number of shares subject to awards

Table of Contents

granted during each year by the weighted average number of shares outstanding during that year, was 7.60%, 1.85% and 15.50%, respectively.

A summary of the Plan is set forth below. The summary of the Plan is qualified in its entirety by the full text of the Plan, which is included in this Proxy Statement as [Appendix A](#).

Summary of the Plan

General. Awards granted under the Plan may be in the form of stock options, stock appreciation rights (SARs), restricted stock, restricted stock units (RSUs), performance units or other stock-based awards. Awards may be made under the Plan for 10 years.

Administration. The Plan will be administered by the Committee, or by such other committee or subcommittee as may be appointed by the Board, and which consists entirely of two or more outside directors within the meaning of Section 162(m) of the Code and who are non-employee directors as defined in Rule 16b-3 under the Securities Exchange Act of 1934.

Shares Available. The aggregate number of shares of common stock that may be subject to awards under the Plan will be twenty percent (20%) of the then outstanding shares of Company common stock (the Share Limit), provided that in no event will the Share Limit be less than the greater of 2,384,711 shares of Company common stock and the aggregate number of shares of Company common stock with respect to which awards have been properly granted under the Plan up to that point in time. No non-employee director of the Company may be granted awards covering in excess of 25,000 shares during any calendar year. No participant may be granted, in each case during any calendar year, performance-based awards intended to qualify under Section 162(m) of the Code (other than stock options and SARs) covering in excess of the Share Limit or stock options and SARs covering in excess of 1,000,000 shares. The maximum number of shares that may be granted pursuant to incentive stock options is the Share Limit.

Share Recycling. Shares underlying awards that expire or are forfeited or terminated without being exercised or settled for cash will again be available for the grant.

Adjustments. Shares available for award and outstanding awards may be adjusted to reflect certain corporate transactions, and will be adjusted in the event of a stock dividend, stock split, reverse stock split, reorganization, share combination, or recapitalization or similar event affecting the Company's capital structure or certain other events affecting the shares of the Company's common stock, in each case to the extent the Committee or the Board deems such an adjustment to be appropriate and equitable.

Eligibility. Directors, officers, employees and consultants of the Company and affiliates and prospective employees and consultants who have accepted offers of employment or consultancy. As of the Record date, there were approximately 978 directors, officers and employees eligible to participate in the Plan. Our current executive officers named in the Summary Compensation Table herein and each of our directors is among the individuals eligible to receive awards under the Plan.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

Stock Options. Options may be granted as incentive stock options, which are intended to qualify for favorable treatment to the recipient under Federal tax law, or as non-qualified stock options, which do not qualify for this favorable tax treatment. The Committee determines the exercise price and other terms for each option granted, except that the per share exercise price of an option may not be less than the fair market value of a share on the date of grant and the term may be no longer than 10 years from the date of grant. As of June 4, 2013, the fair market value (as that term is defined under the Plan) of a share of our common stock was \$13.86.

Stock Appreciation Rights. The Plan provides for the award of SARs, which entitle the holder to receive upon exercise an amount equal to the excess, if any, of the aggregate fair market value of a specified number of shares of common stock over the aggregate exercise price for the underlying shares. SARs may be tandem

Table of Contents

SARs, which are granted in conjunction with an option, or free-standing SARs, which are not granted in conjunction with an option. The Committee determines the exercise price and other terms for each SAR granted, except that the per share exercise price of a SAR may not be less than the fair market value of a share on the date of grant and the term may be no longer than 10 years from the date of grant.

Restricted Stock. The Plan provides for the award of shares of common stock that are subject to forfeiture and restrictions on transferability. Restricted shares granted under the Plan may or may not be subject to performance conditions. Except for these restrictions, and as may otherwise be set forth in the agreement between the Company and the award recipient evidencing the award upon the grant of restricted stock, the recipient will have rights of a shareholder, including the right to vote and to receive dividends.

Restricted Stock Units. The Plan provides for the award of RSUs and deferred share rights that are subject to forfeiture and restrictions on transferability. RSUs and deferred share rights granted under the Plan may or may not be subject to performance conditions. RSUs and deferred share rights are not shares of common stock and do not entitle the recipients to the rights of a shareholder. RSUs will be settled in cash or shares of common stock, based on the fair market value of the common stock on the settlement date.

Performance Units. The Plan provides for the award of performance units that are valued by reference to a designated amount of cash or other property other than shares of common stock. The payment of the value of a performance unit is conditioned upon the achievement of performance goals and may be paid in cash, shares of common stock, other property or a combination thereof. The performance period for a performance unit must be at least a fiscal quarter. The maximum value of the property that may be paid to a participant pursuant to a performance unit in any year is \$8,000,000.

Other Stock-Based Awards. The Plan also provides for the award of shares of common stock and other awards that are valued by reference to common stock, including unrestricted stock, dividend equivalents and convertible debentures. Awards of unrestricted stock may only be granted in lieu of compensation that would otherwise be payable to the participant.

Performance Goals. The Plan provides that performance goals may be established by the Committee in connection with the grant of restricted stock, RSUs, performance unit or other stock-based awards. In the case of an award intended to qualify for the performance-based compensation exception of Section 162(m) of the Code, the goals will be based on the attainment of specified levels of one or more of the following measures: asset growth, production or origination, stock price, earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization), earnings per share (whether on pre-tax, after-tax, operations or other basis), operating earnings, total return to shareholders, ratio of debt to debt plus equity, net borrowing, credit quality or debt ratings, return on assets or operating assets, asset quality, net interest margin, loan portfolio growth, loan or credit quality, regulatory condition, efficiency ratio, deposit portfolio growth, liquidity, market share, objective customer service measures or indices, shareholder value added, embedded value added, loss ratio, expense ratio, combined ratio, premiums, pre- or after-tax income, net income, cash flow (before or after dividends), expense or expense levels, economic value added, cash flow per share (before or after dividends), free cash flow, gross margin, risk-based capital, revenues, revenue growth, sales growth, return on capital (including return on total capital or return on invested capital), capital expenditures, cash flow return on investment, cost, cost control, gross profit, operating profit, economic profit, profit before tax, net profit, cash generation, unit volume, sales, net asset value per share, asset quality, cost saving levels, market-spending efficiency, core non-interest income or change in working capital, in each case with respect to the Company or any one or more subsidiaries, divisions, business units or business segments thereof, either in absolute terms or relative to the performance of one or more other companies (including an index covering multiple companies). The actual performance goals to be used for performance awards that are granted under the Plan have not yet been established.

Change in Control. If a participant's employment terminates within two years following a change in control (other than by the Company for cause or by the participant without good reason), awards will generally vest in full

Table of Contents

and any non-qualified option or SAR held by the participant as of the change in control that remains outstanding as of such termination may be exercised until the later of (i) in the case of ISOs, the last date on which such options would otherwise be exercisable, and (ii) in the case of nonqualified options and SARs, the later of (A) the last date on which such option or SAR would otherwise be exercisable and (B) the earlier of (1) the third anniversary of the change in control and (2) the expiration of the nonqualified option s or SAR s term.

Amendment. The Board or Committee may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation may be made that would materially impair the rights of the participant with respect to a previously granted award, except such an amendment made to comply with applicable law. In addition, no amendment may be made without the approval of shareholders to the extent such approval is required by applicable law or the listing standards of the applicable stock exchange.

Federal Income Tax Consequences

The following is a summary of certain federal income tax consequences of awards made under the Plan based upon the laws in effect on the date hereof. The discussion is general in nature and does not take into account a number of considerations that may apply in light of the circumstances of a particular participant under the Plan. The income tax consequences under applicable state and local tax laws may not be the same as under federal income tax laws.

Non-Qualified Stock Options. A participant will not recognize taxable income at the time of grant of a non-qualified stock option, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) upon exercise of a non-qualified stock option equal to the excess of the fair market value of the shares purchased over their exercise price, and we generally will be entitled to a corresponding deduction.

Incentive Stock Options. A participant will not recognize taxable income at the time of grant of an incentive stock option. A participant will not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and one year from the date the shares were transferred, any gain or loss arising from a subsequent disposition of such shares will be taxed as long-term capital gain or loss, and we will not be entitled to any deduction. If, however, such shares are disposed of within such two- or one-year periods, then in the year of such disposition the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of the amount realized upon such disposition and the fair market value of such shares on the date of exercise over the exercise price, and we generally will be entitled to a corresponding deduction. The excess of the amount realized through the disposition date over the fair market value of the stock on the exercise date will be treated as capital gain.

Stock Appreciation Rights. A participant will not recognize taxable income at the time of grant of a stock appreciation right, and we will not be entitled to a tax deduction at such time. Upon exercise, a participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) equal to the fair market value of any shares delivered and the amount of cash paid by us, and we generally will be entitled to a corresponding deduction.

Restricted Stock. A participant will not recognize taxable income at the time of grant of shares of restricted stock, and we will not be entitled to a tax deduction at such time, unless the participant makes an election under Section 83(b) of the Code to be taxed at such time. If such election is made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of the grant equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in

respect of an employee) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at such time over the

Table of Contents

amount, if any, paid for such shares. We are entitled to a corresponding deduction at the time the ordinary income is recognized by the participant, except to the extent the deduction limits of Section 162(m) of the Code apply. In addition, a participant receiving dividends with respect to restricted stock for which the above-described election has not been made and prior to the time the restrictions lapse will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee), rather than dividend income. We will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Restricted Stock Units. A participant will not recognize taxable income at the time of grant of a restricted stock unit, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares delivered and the amount of cash paid by us, and we will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Performance Units. A participant will not recognize taxable income at the time of grant of performance units, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares or property delivered and the amount of cash paid by us, and we will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Section 162(m) Limitations. As explained above, Section 162(m) of the Code generally places a \$1 million annual limit on a company's tax deduction for compensation paid to certain senior executives, other than compensation that satisfies the applicable requirements for a performance-based compensation exception. The Plan is designed so that options and SARs qualify for this exemption, and it also permits the Committee to grant other awards designed to qualify for this exception. However, the Committee reserves the right to grant awards that do not qualify for this exception, and, in some cases, the exception may cease to be available for some or all awards that otherwise so qualify. Thus, it is possible that Section 162(m) of the Code may disallow compensation deductions that would otherwise be available to the Company.

The foregoing general tax discussion is intended for the information of shareholders considering how to vote with respect to this proposal and not as tax guidance to participants in the Plan. Participants are strongly urged to consult their own tax advisors regarding the federal, state, local, foreign and other tax consequences to them of participating in the Plan.

New Plan Benefits

The benefits that will be awarded or paid under the Plan are not currently determinable. Awards granted under the Plan are within the discretion of the Committee, and the Committee has not determined future awards or who might receive them. Notwithstanding the foregoing, in the event that the shareholders approve the Plan, Jeffrey T. Seabold, Managing Director of PacTrust Bank's residential lending division, will be granted 50,000 shares of restricted Company common stock pursuant to the Plan.

Required Vote

Approval of the Plan requires the affirmative vote of a majority of the shares of the votes cast on the matter.

The reports of Crowe Horwath LLP on the consolidated financial statements of the Company as of and for the years ended December 31, 2011 and 2010 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The Audit Committee has appointed KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013, subject to ratification by the Company's shareholders at the annual meeting. Although shareholder ratification of the appointment of KPMG LLP is not required by our bylaws or otherwise, our Board of Directors is submitting this appointment to shareholders for their ratification at the annual meeting as a matter of good corporate practice. If the shareholders do not ratify the appointment of KPMG LLP, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the appointment of KPMG LLP is ratified by the shareholders at the annual meeting, the Audit Committee, in its discretion, may direct the selection of a different independent registered public accounting firm at any time during the year.

In addition, no Participant who is a non-employee director of the Company may be granted Awards covering in excess of 25,000 Shares during any calendar year.

(c) *Rules for Calculating Shares Delivered.* To the extent that any Award is forfeited, or any Option and the related Tandem SAR (if any) or Free-Standing SAR terminates, expires or lapses without being exercised, or any Award is settled for cash, the Shares subject to such Awards not delivered as a result thereof shall again be available for Awards under the Plan.

(d) *Adjustment Provision.* In the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, disposition for consideration of the Company's direct or indirect ownership of a Subsidiary or Affiliate (including by reason of a Disaffiliation), or similar event affecting the Company or any of its Subsidiaries (each, a *Corporate Transaction*), the Committee or the Board may in its discretion make such substitutions or adjustments as it deems appropriate and equitable to (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (B) the various maximum limitations set forth in Sections 3(a) and 3(b) upon certain types of Awards and upon the grants to individuals of certain types of Awards, (C) the number and kind of Shares or other securities subject to outstanding Awards; and (D) the exercise price of outstanding Awards. In the event of a stock dividend, stock split, reverse stock split, reorganization, share combination, or recapitalization or similar event affecting the capital structure of the Company, or a Disaffiliation, separation or spinoff, in each case without consideration, or other extraordinary dividend of cash or other property to the Company's stockholders (each, a *Share Change*), the Committee or the Board shall make such substitutions or adjustments as it deems appropriate and equitable to (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (B) the various maximum limitations set forth in Sections 3(a) and 3(b) upon certain types of Awards and upon the grants to individuals of certain types of Awards, (C) the number and kind of Shares or other securities subject to outstanding Awards; and (D) the exercise price of outstanding Awards. In the case of Corporate Transactions, such adjustments may include, without limitation, (1) the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion (it being understood that in the case of a Corporate Transaction with respect to which stockholders of Common Stock receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Committee that the value of an Option or Stock Appreciation Right shall for this purpose be deemed to equal the excess, if any,

of the value of the consideration being paid for each Share pursuant to such Corporate Transaction over the exercise price of such Option or Stock Appreciation Right shall conclusively be deemed valid); (2) the substitution of other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for the Shares subject to outstanding Awards; and (3) in connection with any Disaffiliation, arranging for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary, Affiliate, or division or by the entity that controls such Subsidiary, Affiliate, or division following such Disaffiliation (as well as any corresponding adjustments to Awards that remain based upon Company securities). The Committee may adjust the Performance Goals applicable to any Awards to reflect any unusual or non-recurring events and other extraordinary items, impact of charges for restructurings, discontinued operations, and the cumulative effects of accounting or tax changes, each as defined by generally accepted accounting principles or as identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other the Company's SEC filings, *provided* that in the case of Performance Goals applicable to any Qualified Performance-Based Awards, such adjustment does not violate Section 162(m) of the Code.

(e) *Section 409A.* Notwithstanding the foregoing: (i) any adjustments made pursuant to Section 3(d) to Awards that are considered deferred compensation within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; and (ii) any adjustments made pursuant to Section 3(d) to Awards that are not considered deferred compensation subject to Section 409A of the Code shall be made in such a manner as to ensure that after such adjustments, either (A) the Awards continue not to be subject to Section 409A of the Code or (B) there does not result in the imposition of any penalty taxes under Section 409A of the Code in respect of such Awards.

SECTION 4. Eligibility

Awards may be granted under the Plan to Eligible Individuals; *provided, however*, that Incentive Stock Options may be granted only to employees of the Company and its subsidiaries or parent corporation (within the meaning of Section 424(f) of the Code).

SECTION 5. Options and Stock Appreciation Rights

(a) *Types of Options.* Options may be of two types: Incentive Stock Options and Nonqualified Options. The Award Agreement for an Option shall indicate whether the Option is intended to be an Incentive Stock Option or a Nonqualified Option.

(b) *Types and Nature of Stock Appreciation Rights.* Stock Appreciation Rights may be Tandem SARs, which are granted in conjunction with an Option, or Free-Standing SARs, which are not granted in conjunction with an Option. Upon the exercise of a Stock Appreciation Right, the Participant shall be entitled to receive an amount in cash, Shares, or both, in value equal to the product of (i) the excess of the Fair Market Value of one Share over the exercise price of the applicable Stock Appreciation Right, multiplied by (ii) the number of Shares in respect of which the Stock Appreciation Right has been exercised. The applicable Award Agreement shall specify whether such payment is to be made in cash or Common Stock or both, or shall reserve to the Committee or the Participant the right to make that determination prior to or upon the exercise of the Stock Appreciation Right.

(c) *Tandem SARs.* A Tandem SAR may be granted at the Grant Date of the related Option. A Tandem SAR shall be exercisable only at such time or times and to the extent that the related Option is exercisable in accordance with the provisions of this Section 5, and shall have the same exercise price as the related Option. A Tandem SAR shall terminate or be forfeited upon the exercise or forfeiture of the related Option, and the related Option shall terminate or be forfeited upon the exercise or forfeiture of the Tandem SAR.

(d) *Exercise Price.* The exercise price per Share subject to an Option or Free-Standing SAR shall be determined by the Committee and set forth in the applicable Award Agreement, and shall not be less than the

A-7

Fair Market Value of a share of the Common Stock on the applicable Grant Date. In no event may any Option or Stock Appreciation Right granted under this Plan be amended, other than pursuant to Section 3(d), to decrease the exercise price thereof, be cancelled in conjunction with the grant of any new Option or Free-Standing SAR with a lower exercise price, or otherwise be subject to any action that would be treated, under the Applicable Exchange listing standards or for accounting purposes, as a repricing of such Option or Free-Standing SAR, unless such amendment, cancellation, or action is approved by the Company's stockholders.

(e) *Term.* The Term of each Option and each Free-Standing SAR shall be fixed by the Committee, but shall not exceed ten years from the Grant Date.

(f) *Vesting and Exercisability.* Except as otherwise provided herein, Options and Free-Standing SARs shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee, provided that, except as otherwise determined by the Committee, in no event shall the normal vesting schedule of an Option or Free-Standing SAR provide that such Option or Free-Standing SAR vest prior to the first anniversary of the date of grant.

(g) *Method of Exercise.* Subject to the provisions of this Section 5, Options and Free-Standing SARs may be exercised, in whole or in part, at any time during the applicable term by giving written notice of exercise to the Company specifying the number of shares of Common Stock as to which the Option or Free-Standing SAR is being exercised. In the case of the exercise of an Option, such notice shall be accompanied by payment in full of the purchase price (which shall equal the product of such number of shares multiplied by the applicable exercise price) by certified or bank check or such other instrument as the Company may accept or, if approved by the Committee, payment, in full or in part, may also be made as follows:

(i) Payments may be made in the form of unrestricted shares of Common Stock (by delivery of such shares or by attestation) of the same class as the Common Stock subject to the Option already owned by the Participant (based on the Fair Market Value of the Common Stock on the date the Option is exercised).

(ii) To the extent permitted by applicable law, payment may be made by delivering a properly executed exercise notice to the Company, together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds necessary to pay the purchase price, and, if requested, the amount of any federal, state, local or foreign withholding taxes. To facilitate the foregoing, the Company may, to the extent permitted by applicable law, enter into agreements for coordinated procedures with one or more brokerage firms. To the extent permitted by applicable law, the Committee may also provide for Company loans to be made for purposes of the exercise of Options.

(iii) Payment may be made by instructing the Company to withhold a number of shares of Common Stock having a Fair Market Value (based on the Fair Market Value of the Common Stock on the date the applicable Option is exercised) equal to the product of (A) the exercise price multiplied by (B) the number of shares of Common Stock in respect of which the Option shall have been exercised.

(h) *Delivery; Rights of Stockholders.* No Shares shall be delivered pursuant to the exercise of an Option until the exercise price therefor has been fully paid and applicable taxes have been withheld. The applicable Participant shall have all of the rights of a stockholder of the Company holding the class or series of Common Stock that is subject to the Option or Stock Appreciation Right (including, if applicable, the right to vote the applicable Shares and the right to receive dividends) when the Participant (i) has given written notice of exercise, (ii) if requested, has given the representation described in Section 14(a), and (iii) in the case of an Option, has paid in full for such Shares.

(i) *Nontransferability of Options and Stock Appreciation Rights.* No Option or Free-Standing SAR shall be transferable by a Participant other than, for no value or consideration, (i) by will or by the laws of descent and distribution, or (ii) in the case of a Nonqualified Option or Free-Standing SAR, as otherwise expressly permitted by the Committee including, if so permitted, pursuant to a transfer to the Participant's family members, whether

directly or indirectly or by means of a trust or partnership or otherwise (for purposes of this Plan, unless otherwise determined by the Committee, family member shall have the meaning given to such term in General Instructions A.1(a)(5) to Form S-8 under the Securities Act of 1933, as amended, and any successor thereto). A Tandem SAR shall be transferable only with the related Option as permitted by the preceding sentence. Any Option or Stock Appreciation Right shall be exercisable, subject to the terms of this Plan, only by the applicable Participant, the guardian or legal representative of such Participant, or any person to whom such Option or Stock Appreciation Right is permissibly transferred pursuant to this Section 5(i), it being understood that the term Participant includes such guardian, legal representative and other transferee; *provided, however*, that the term Termination of Employment shall continue to refer to the Termination of Employment of the original Participant.

(j) *Termination of Employment.* A Participant's Options and Stock Appreciation Rights shall be forfeited upon his or her Termination of Employment, except as set forth below:

(i) Upon a Participant's Termination of Employment for any reason other than death, Disability, Retirement or Cause, any Option or Stock Appreciation Right held by the Participant that was exercisable immediately before the Termination of Employment may be exercised, to the extent it was then exercisable, at any time until the earlier of (A) the 90th day following such Termination of Employment and (B) expiration of the Term thereof;

(ii) Upon a Participant's Termination of Employment by reason of the Participant's death, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until the earlier of (A) the third anniversary of the date of such death and (B) the expiration of the Term thereof;

(iii) Upon a Participant's Termination of Employment by reason of Disability, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until (A) in the case of Nonqualified Options and Stock Appreciation Rights, the expiration of the Term thereof, and (B) in the case of Incentive Stock Options, the earlier of (x) the first anniversary of the date of such Termination of Employment and (y) the expiration of the Term thereof;

(iv) Upon a Participant's Termination of Employment for Retirement, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until the earlier of (A) in the case of Nonqualified Options and Stock Appreciation Rights, (x) the fifth anniversary of such Termination of Employment and (y) the expiration of the Term thereof, and (B) in the case of Incentive Stock Options, (x) the 90th day following such Termination of Employment and (y) the expiration of the Term thereof; and

(k) Notwithstanding the foregoing, the Committee shall have the power, in its discretion, to apply different rules concerning the consequences of a Termination of Employment, *provided*, that if such rules are less favorable to the Participant than those set forth above, such rules are set forth in the applicable Award Agreement.

SECTION 6. Restricted Stock

(a) *Nature of Awards and Certificates.* Shares of Restricted Stock are actual Shares issued to a Participant and shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of one or more stock certificates. Any certificate issued in respect of Shares of Restricted Stock shall be registered in the name of the applicable Participant and shall bear an appropriate legend

referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the First PacTrust Bancorp, Inc. 2013 Omnibus Stock Incentive Plan and an Award Agreement. The Committee may require that the certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed and that, as a condition of any Award of Restricted Stock, the applicable Participant shall have delivered a stock power, endorsed in blank, relating to the Common Stock covered by such Award.

(b) *Terms and Conditions.* Shares of Restricted Stock shall be subject to the following terms and conditions:

(i) The Committee shall, prior to or at the time of grant, condition (A) the vesting of an Award of Restricted Stock upon the continued service of the applicable Participant, or (B) the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee conditions the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate an Award of Restricted Stock as a Qualified Performance-Based Award. The conditions for grant or vesting and the other provisions of Restricted Stock Awards (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient.

(ii) Subject to the provisions of the Plan and the applicable Award Agreement, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Award for which such vesting restrictions apply (the Restriction Period), and until the expiration of the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Shares of Restricted Stock.

(iii) Except as provided in this Section 6 and in the applicable Award Agreement, the applicable Participant shall have, with respect to the Shares of Restricted Stock, all of the rights of a stockholder of the Company holding the class or series of Common Stock that is the subject of the Restricted Stock, including, if applicable, the right to vote the Shares and the right to receive any cash dividends. If so determined by the Committee in the applicable Award Agreement and subject to Section 14(e), (A) cash dividends on the class or series of Common Stock that is the subject of the Restricted Stock Award shall be automatically deferred and reinvested in additional Restricted Stock, held subject to the vesting of the underlying Restricted Stock, and (B) subject to any adjustment pursuant to Section 3(d), dividends payable in Common Stock shall be paid in the form of Restricted Stock of the same class as the Common Stock with which such dividend was paid, held subject to the vesting of the underlying Restricted Stock.

(iv) If and when any applicable Performance Goals are satisfied and the Restriction Period expires without a prior forfeiture of the Shares of Restricted Stock for which legended certificates have been issued, unlegended certificates for such Shares shall be delivered to the Participant upon surrender of the legended certificates.

SECTION 7. Restricted Stock Units

(a) *Nature of Awards.* Restricted stock units and deferred share rights (together, Restricted Stock Units) are Awards denominated in Shares that will be settled, subject to the terms and conditions of the Restricted Stock Units, in an amount in cash, Shares, or both, based upon the Fair Market Value of a specified number of Shares.

(b) *Terms and Conditions.* Restricted Stock Units shall be subject to the following terms and conditions:

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

(i) The Committee shall, prior to or at the time of grant, condition (A) the vesting of Restricted Stock Units upon the continued service of the applicable Participant, or (B) the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee conditions the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate the Restricted Stock Units as a Qualified Performance-Based Awards. The conditions for grant or

vesting and the other provisions of Restricted Stock Units (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient. An Award of Restricted Stock Units shall be settled as and when the Restricted Stock Units vest, at a later time specified by the Committee or in the applicable Award Agreement, or, if the Committee so permits, in accordance with an election of the Participant.

(ii) Subject to the provisions of the Plan and the applicable Award Agreement, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Units for which such vesting restrictions apply (the Restriction Period), and until the expiration of the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Restricted Stock Units.

(iii) The Award Agreement for Restricted Stock Units shall specify whether, to what extent and on what terms and conditions the applicable Participant shall be entitled to receive payments of cash, Common Stock or other property corresponding to the dividends payable on the Common Stock (subject to Section 14(e) below).

SECTION 8. Performance Units.

Performance Units may be issued hereunder to Eligible Individuals, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The Performance Goals to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Unit, *provided* that the Performance Period shall be no less than a fiscal quarter. The Committee may, in connection with the grant of Performance Units, designate them as Qualified Performance-Based Awards. The conditions for grant or vesting and the other provisions of Performance Units (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient. Performance Units may be paid in cash, Shares, other property or any combination thereof, in the sole discretion of the Committee as set forth in the applicable Award Agreement. The maximum value of the property, including cash, that may be paid or distributed to any Participant pursuant to a grant of Performance Units made in any one calendar year shall be \$8,000,000.

SECTION 9. Other Stock-Based Awards

Other Stock-Based Awards may be granted under the Plan, *provided* that any Other Stock-Based Awards that are Awards of Common Stock that are unrestricted shall only be granted in lieu of other compensation due and payable to the Participant.

SECTION 10. Change in Control Provisions

(a) *General.* The provisions of this Section 10 shall, subject to Section 3(d) and Section 10(f), apply notwithstanding any other provision of the Plan to the contrary, except to the extent the Committee specifically provides otherwise in an Award Agreement.

(b) *Impact of Change in Control.* Upon the occurrence of a Change in Control, unless otherwise provided in the applicable Award Agreement:
(i) all then-outstanding Options and Stock Appreciation Rights shall become fully vested and exercisable, and all Full-Value Awards (other than

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

performance-based Awards) shall vest in full, be free of restrictions, and be deemed to be earned and payable in an amount equal to the full value of such Award, except in each case to the extent that another Award meeting the requirements of Section 10(c) (any award meeting the requirements of Section 10(c), a Replacement Award) is provided to the Participant pursuant to Section 3(d) to replace such Award (any award intended to be replaced by a Replacement Award, a Replaced Award), and (ii) any performance-based Award that is not replaced by a Replacement Award shall be deemed to be earned and payable in an amount equal to the full value of such performance-based Award (with all applicable Performance Goals deemed achieved at the greater of (x) the applicable target level and (y) the level

A-11

of achievement of the Performance Goals for the Award as determined by the Committee not later than the date of the Change in Control, taking into account performance through the latest date preceding the Change in Control as to which performance can, as a practical matter, be determined (but not later than the end of the applicable Performance Period)) multiplied by a fraction, the numerator of which is the number of days during the applicable Performance Period before the date of the Change in Control, and the denominator of which is the number of days in the applicable Performance Period; *provided, however*, that such fraction shall be equal to one in the event that the applicable Performance Goals in respect of such performance-based Awards have been fully achieved as of the date of such Change in Control.

(c) *Replacement Awards.* An Award shall meet the conditions of this Section 10(c) (and hence qualify as a Replacement Award) if: (i) it is of the same type as the Replaced Award; (ii) it has a value equal to the value of the Replaced Award as of the date of the Change in Control; (iii) if the underlying Replaced Award was an equity-based award, it relates to publicly traded equity securities of the Company or the entity surviving the Company following the Change in Control; (iv) it contains terms relating to vesting (including with respect to a Termination of Employment) that are substantially identical to those of the Replaced Award; and (v) its other terms and conditions are not less favorable to the Participant than the terms and conditions of the Replaced Award (including the provisions that would apply in the event of a subsequent Change in Control) as of the date of the Change in Control. Without limiting the generality of the foregoing, a Replacement Award may take the form of a continuation of the applicable Replaced Award if the requirements of the preceding sentence are satisfied. If a Replacement Award is granted, the Replaced Award shall not vest upon the Change in Control. The determination whether the conditions of this Section 10(c) are satisfied shall be made by the Committee, as constituted immediately before the Change in Control, in its sole discretion.

(d) *Termination of Employment.* Upon a Termination of Employment of a Participant occurring upon or during the two years immediately following the date of a Change in Control by reason of death, Disability or Retirement, by the Company without Cause, or by the Participant for Good Reason (as defined in Section 10(e)), (i) all Replacement Awards held by such Participant shall vest in full, be free of restrictions, and be deemed to be earned in an amount equal to the full value of such Replacement Award, and (ii) unless otherwise provided in the applicable Award Agreement, notwithstanding any other provision of the Plan to the contrary, any Option or Stock Appreciation Right held by the Participant as of the date of the Change in Control that remains outstanding as of the date of such Termination of Employment may thereafter be exercised, until (A) in the case of Incentive Stock Options, the last date on which such Incentive Stock Options would be exercisable in the absence of this Section 10(d), and (B) in the case of Nonqualified Options and Stock Appreciation Rights, the later of (x) the last date on which such Nonqualified Option or Stock Appreciation Right would be exercisable in the absence of this Section 10(d) and (y) the earlier of (1) the third anniversary of such Change in Control and (y) expiration of the Term of such Nonqualified Option or Stock Appreciation Right.

(e) *Definition of Change in Control.* For purposes of the Plan:

Change in Control shall mean any of the following events:

(i) Any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) becomes the beneficial owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of either (A) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); *provided, however*, that, for purposes of this definition, the following acquisitions shall not constitute a Change of Control: (w) any acquisition directly from the Company, (x) any acquisition by the Company, (y) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliated Company or (z) any acquisition pursuant to a transaction that complies with clauses (iii)(A), (iii)(B) and (iii)(C) below;

Table of Contents

(ii) Individuals who, as of the Effective Date, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the Effective Date whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, greater than 50% of the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors (or, for a non-corporate entity, equivalent governing body), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 30% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors (or, for a non-corporate entity, equivalent governing body) of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any person acquires beneficial ownership of more than 20% (30% with respect to deferred compensation subject to Section 409A of the Code) of the Company Voting Securities as a result of the acquisition of Company Voting Securities by the Company which reduces the number of Company Voting Securities outstanding; *provided*, that if after such acquisition by the Company such person becomes the beneficial owner of additional Company Voting Securities that increases the percentage of outstanding Company Voting Securities beneficially owned by such person, a Change in Control of the Company shall then occur.

Good Reason shall mean (A) a material adverse change in the Participant's authority, duties or responsibilities as in effect immediately prior to the Change in Control; (B) a material reduction in the Participant's base salary or annual bonus opportunity, in each case as in effect immediately prior to the Change in Control; or (C) the reassignment of the Participant's place of employment to an office location more than 35 miles from the Participant's then-current place of employment.

(f) Notwithstanding the foregoing, if any Award is subject to Section 409A of the Code, this Section 10 shall be applicable only to the extent specifically provided in the Award Agreement and permitted pursuant to

Table of Contents

Section 11(e). Nothing in this Section 10 shall preclude the Company from settling upon a Change in Control an Award if it is not replaced by a Replacement Award, to the extent effectuated in accordance with Treas. Reg. § 1.409A-3(j)(ix).

SECTION 11. Qualified Performance-Based Awards; Section 16(b); Section 409A

(a) The provisions of this Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Participant who is or may be a covered employee (within the meaning of Section 162(m)(3) of the Code) in the tax year in which such Option or Stock Appreciation Right is expected to be deductible to the Company qualify for the Section 162(m) Exemption, and, unless otherwise determined by the Committee, all such Awards shall therefore be considered Qualified Performance-Based Awards and this Plan shall be interpreted and operated consistent with that intention (including, without limitation, to require that all such Awards be granted by a committee composed solely of members who satisfy the requirements for being outside directors for purposes of the Section 162(m) Exemption (Outside Directors)). When granting any Award other than an Option or Stock Appreciation Right, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that (i) the recipient is or may be a covered employee (within the meaning of Section 162(m)(3) of the Code) with respect to such Award, and (ii) the Committee wishes such Award to qualify for the Section 162(m) Exemption, and the terms of any such Award (and of the grant thereof) shall be consistent with such designation (including, without limitation, that all such Awards be granted by a committee composed solely of Outside Directors). To the extent required to comply with the Section 162(m) Exemption, within 90 days after the commencement of a Performance Period or, if earlier, by the expiration of 25% of a Performance Period, the Committee will designate one or more Performance Periods, determine the Participants for the Performance Periods and establish the Performance Goals for the Performance Periods.

(b) Each Qualified Performance-Based Award (other than an Option or Stock Appreciation Right) shall be earned, vested and/or payable (as applicable) upon the achievement of one or more Performance Goals, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate.

(c) The full Board shall not be permitted to exercise authority granted to the Committee to the extent that the grant or exercise of such authority would cause an Award designated as a Qualified Performance-Based Award not to qualify for, or to cease to qualify for, the Section 162(m) Exemption.

(d) The provisions of this Plan are intended to ensure that no transaction under the Plan is subject to (and not exempt from) the short-swing recovery rules of Section 16(b) of the Exchange Act (Section 16(b)). Accordingly, the composition of the Committee shall be subject to such limitations as the Board deems appropriate to permit transactions pursuant to this Plan to be exempt (pursuant to Rule 16b-3 promulgated under the Exchange Act) from Section 16(b), and no delegation of authority by the Committee shall be permitted if such delegation would cause any such transaction to be subject to (and not exempt from) Section 16(b).

(e) The Plan is intended to comply with the requirements of Section 409A of the Code or an exemption or exclusion therefrom and, with respect to amounts that are subject to Section 409A of the Code, it is intended that the Plan be administered in all respects in accordance with Section 409A of the Code. Each payment under any Award shall be treated as a separate payment for purposes of Section 409A of the Code. In no event may a Participant, directly or indirectly, designate the calendar year of any payment to be made under any Award. Notwithstanding any provision of the Plan or any Award Agreement to the contrary, in the event that a Participant is a specified employee within the meaning of Section 409A of the Code (as determined in accordance with the methodology established by the Company), amounts that constitute nonqualified deferred compensation within the meaning of Section 409A of the Code that would otherwise be payable during the six-month period immediately following a Participant's separation from service within the meaning of Section 409A of the Code (Separation from Service) shall instead be paid or provided on the first business day

after the date that is six months following the Participant's Separation from Service. If the Participant dies following the Separation from Service and prior to the payment of any amounts delayed on account of Section 409A of the Code, such amounts shall be paid to the personal representative of the Participant's estate within 30 days after the date of the Participant's death.

SECTION 12. Term, Amendment and Termination

(a) *Effectiveness.* The Plan was approved by the Board on February 26, 2013, subject to and contingent upon approval by the Company's stockholders. The Plan will be effective as of the date of such approval by the Company's stockholders (the Effective Date).

(b) *Termination.* The Plan will terminate on the tenth anniversary of the Effective Date. Awards outstanding as of such date shall not be affected or impaired by the termination of the Plan.

(c) *Amendment of Plan.* The Board or the Committee may amend, alter, or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of the Participant with respect to a previously granted Award without such Participant's consent, except such an amendment made to comply with applicable law, including without limitation Section 409A of the Code, Applicable Exchange listing standards or accounting rules. In addition, no amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by applicable law or the listing standards of the Applicable Exchange as may be required on or after the date hereof.

(d) *Amendment of Awards.* Subject to Section 5(d), the Committee may unilaterally amend the terms of any Award theretofore granted, but no such amendment shall cause a Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption or without the Participant's consent materially impair the rights of any Participant with respect to an Award, except such an amendment made to cause the Plan or Award to comply with applicable law, Applicable Exchange listing standards or accounting rules.

SECTION 13. Unfunded Status of Plan

It is presently intended that the Plan constitute an unfunded plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or make payments; *provided, however,* that unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

SECTION 14. General Provisions

(a) *Conditions for Issuance.* The Committee may require each person purchasing or receiving Shares pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the Shares without a view to the distribution thereof. The certificates for such Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. Notwithstanding any other provision of the Plan or agreements made pursuant thereto, the Company shall not be required to issue or deliver any certificate or certificates

(c) *No Contract of Employment.* The Plan shall not constitute a contract of employment, and adoption of the Plan shall not confer upon any employee any right to continued employment, nor shall it interfere in any way with the right of the Company or any Subsidiary or Affiliate to terminate the employment of any employee at any time.

(d) *Required Taxes.* No later than the date as of which an amount first becomes includible in the gross income of a Participant for federal, state, local or foreign income or employment or other tax purposes with respect to any Award under the Plan, such Participant shall pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Company, withholding obligations may be settled with Common Stock, including Common Stock that is part of the Award that gives rise to the withholding requirement, having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. The obligations of the Company under the Plan shall be conditional on such payment or arrangements, and the Company and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to such Participant. The Committee may establish such procedures as it deems appropriate, including making irrevocable elections, for the settlement of withholding obligations with Common Stock.

(e) *Limitation on Dividend Reinvestment and Dividend Equivalents.* Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the payment of Shares with respect to dividends to Participants holding Awards of Restricted Stock Units, shall only be permissible if sufficient Shares are available under Section 3 for such reinvestment or payment (taking into account then-outstanding Awards). In the event that sufficient Shares are not available for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Restricted Stock Units equal in number to the Shares that would have been obtained by such payment or reinvestment, the terms of which Restricted Stock Units shall provide for settlement in cash and for dividend equivalent reinvestment in further Restricted Stock Units on the terms contemplated by this Section 14(e).

(f) *Designation of Death Beneficiary.* The Committee shall establish such procedures as it deems appropriate for a Participant to designate a beneficiary to whom any amounts payable in the event of such Participant's death are to be paid or by whom any rights of such eligible Individual, after such Participant's death, may be exercised.

(g) *Subsidiary Employees.* In the case of a grant of an Award to any employee of a Subsidiary, the Company may, if the Committee so directs, issue or transfer the Shares, if any, covered by the Award to the Subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Subsidiary will transfer the Shares to the employee in accordance with the terms of the Award specified by the Committee pursuant to the provisions of the Plan. All Shares underlying Awards that are forfeited or canceled should revert to the Company.

(h) *Governing Law and Interpretation.* The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Maryland, without reference to principles of conflict of laws. The captions of this Plan are not part of the provisions hereof and shall have no force or effect.

(i) *Non-Transferability.* Except as otherwise provided in Section 5(i) or by the Committee, Awards under the Plan are not transferable except by will or by laws of descent and distribution.

(j) *Foreign Employees and Foreign Law Considerations.* The Committee may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise

(k) *Deferrals.* The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred. Subject to the provisions of this Plan and any Award Agreement, the recipient of an Award (including, without limitation, any deferred Award) may, if so determined by the Committee, be entitled to receive, currently or on a deferred basis, interest or dividends, or interest or (except with respect to Options and Stock Appreciation Rights) dividend equivalents, with respect to the number of shares covered by the Award, as determined by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Notwithstanding the foregoing, dividends and dividend equivalents with respect to performance-based Awards may not be paid until vesting (if any) of such Awards, and the Committee shall not take or omit to take any action that would result in the imposition of penalty taxes under Section 409A of the Code.
