PROXY STATEMENT

General Information

This proxy statement is furnished to holders of Newmont Mining Corporation common stock, Newmont Mining Corporation of Canada Limited exchangeable shares, and Newmont Mining Corporation CHESSE Depository Interests in connection with the solicitation of proxies on behalf of the Board of Directors of Newmont Mining Corporation (Newmont or the Company) to be voted at the Annual Meeting of Stockholders of Newmont on April 25, 2006. Stockholders of record at the close of business on March 1, 2006 are entitled to notice of and to vote at the meeting and at all adjournments.

Stockholders Entitled to Vote.

The holders of record of the following securities at the close of business on March 1, 2006 (the Record Date) are entitled to vote at Newmont's 2006 Annual Meeting of Stockholders (the Annual Meeting) to be held on Tuesday, April 25, 2006:

common stock of the Company, par value \$1.60 per share (the Newmont Common Stock), of which there were 417,531,783 shares outstanding as of the Record Date (including shares represented by the Newmont CHESSE Depository Interests (CDIs) referred to below);

exchangeable shares of Newmont Mining Corporation of Canada Limited, a Canadian corporation (Newmont Canada), of which there were 31,145,915 shares (the Newmont Exchangeable Shares) as of the Record Date entitled to vote pursuant to the terms of the Newmont Special Voting Stock described below; and

CDIs, of which there were 48,764,733 outstanding as of the Record Date, which vote on a ten-for-one basis.

Voting Your Shares.

Newmont Common Stock. Each share of Newmont Common Stock that you own entitles you to one vote. Your proxy card shows the number of shares of Newmont Common Stock that you own.

You may vote your shares by signing and returning the enclosed proxy card. If you vote by proxy card, your proxy (each or any of the individuals named on the proxy card) will vote your shares as you instruct on the proxy card. If you sign and return the proxy card, but do not give instructions on how to vote your shares, your shares will be voted as recommended by the Newmont Board of Directors.

Edgar Filing: NEWMONT MINING CORP /DE/ - Form DEF 14A

You may vote by telephone or by the Internet by following instructions that are included with your proxy card. If you vote by telephone or the Internet, you do not need to return your proxy card.

You may attend the Annual Meeting and vote in person. We will give you a ballot when you arrive. However, if your stock is held in the name of your broker, bank or another nominee, you must get a proxy from the broker, bank or other nominee. This is the only way we can be sure that the broker, bank or other nominee has not already voted your shares on your behalf.

Newmont Exchangeable Shares. Each Newmont Exchangeable Share that you own has economic rights (such as the right to receive dividends and other distributions) that are, as nearly as practicable, equivalent to those of shares of Newmont Common Stock. Holders of Newmont Exchangeable Shares have a right through a Voting and Exchange Trust Agreement (the *Voting Agreement*) to vote at stockholders meetings of the Company. The Newmont Exchangeable Shares, however, are not shares issued by Newmont and, therefore, a holder of Exchangeable Shares is not a registered stockholder of Newmont, but is a registered shareholder of Newmont Canada. The Newmont Exchangeable Shares are exchangeable at the option of the holders into Newmont Common Stock on a one-for-one basis.

Table of Contents

There are two ways to vote your Newmont Exchangeable Shares.

You may vote by signing and returning the enclosed Voting Instruction Form. This form permits you to instruct Computershare Investor Services Inc., as trustee under the Voting Agreement (the *Trustee*), to vote at the Annual Meeting. The Trustee holds one share of special voting stock of the Company (the *Newmont Special Voting Stock*) that is entitled to vote on all matters on which the shares of Newmont Common Stock vote. The share of Newmont Special Voting Stock has a number of votes in respect to the Annual Meeting equal to the lesser of (a) the number of Newmont Exchangeable Shares outstanding on the Record Date (other than Newmont Exchangeable Shares held by Newmont or its affiliates) or (b) 10% of the total number of votes attaching to the Newmont Common Stock then outstanding. Based upon the foregoing, the Trustee will be entitled to cast up to 31,145,915 votes at the Annual Meeting. The Trustee must receive your voting instructions by 5:00 p.m. in Toronto, Ontario, Canada, on April 24, 2006. This will give the Trustee time to tabulate the voting instructions and vote on your behalf. The Trustee will exercise each vote attached to the Newmont Special Voting Stock only on the basis of instructions received from the relevant holders of Newmont Exchangeable Shares. In the absence of instructions from a holder as to voting, the Trustee will not have any voting rights with respect to such Newmont Exchangeable Shares.

You may attend the Annual Meeting and vote in person. As a holder of Newmont Exchangeable Shares, you may attend the Annual Meeting in person to vote directly the number of votes to which you are entitled. Please refer to the Notice to Exchangeable Shareholders and Voting Instruction Form enclosed with this proxy material for additional instructions on voting at the meeting.

Newmont CDIs. The Newmont CDIs are units of beneficial ownership in Newmont Common Stock held by CHES Depository Nominees Pty Ltd (ACN 071 346 506) (*CDN*), a wholly-owned subsidiary of the Australian Stock Exchange Limited (ACN 008 624 691). References to Newmont Mining Corporation for purposes of Australian equity holders are to Newmont Mining Corporation ARBN 099 065 997, organized in Delaware with limited liability, and principally regulated in accordance with the laws and rules of Delaware. Since July 1, 2002, Newmont CDIs have traded on the Australian Stock Exchange (*ASX*) as a Foreign Exempt Listing granted by the ASX, which provides an ancillary trading facility to the Company's primary listing on the New York Stock Exchange. Newmont CDIs entitle holders to dividends and other rights economically equivalent to Newmont Common Stock on a ten-for-one basis. CDN, as the stockholder of record (or its proxy or substitute), will vote the underlying shares of Newmont Common Stock in accordance with the directions of the CDI holders. Your CDI Voting Instruction Form shows the number of Newmont CDIs that you own.

You may vote by signing and returning the enclosed CDI Voting Instruction Form. Newmont has appointed National Shareholder Services Pty Ltd in Adelaide, South Australia, Australia, as its agent with respect to the collection and processing of voting instructions from Newmont CDI holders. The enclosed CDI Voting Instruction Form permits you to instruct National Shareholder Services to vote your Newmont CDIs on your behalf. National Shareholder Services must receive your voting instructions by 5:00 p.m., Adelaide time, on April 21, 2006, to give them enough time to tabulate the voting instructions on your behalf.

You may attend the Annual Meeting; however, to vote your shares, please use the enclosed CDI Voting Instruction Form as described above.

Revocation of Proxy or Voting Instruction Form.

Revocation of Newmont Common Stock Proxy. A stockholder who executes a proxy may revoke it by delivering to the Secretary of the Company, at any time before the proxies are voted, a written notice of revocation bearing a later date than the proxy, or attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Written notice revoking a proxy should be sent to the attention of the Secretary, 1700 Lincoln Street, Denver, Colorado 80203. A stockholder may substitute another person in place of those persons presently named as proxies.

Table of Contents

Revocation of Exchangeable Shares Voting Instruction Form. A registered holder of Newmont Exchangeable Shares who has submitted a Voting Instruction Form may revoke the Voting Instruction Form by completing and signing a Voting Instruction Form bearing a later date and depositing it with the Trustee. No notice of revocation or later-dated Voting Instruction Form, however, will be effective unless received by the Trustee prior to 5:00 p.m., Toronto time, on April 24, 2006.

A non-registered holder of Newmont Exchangeable Shares may revoke a Voting Instruction Form at any time by written notice to the intermediary, except that an intermediary is not required to act on a revocation of a Voting Instruction Form that is not received by the intermediary at least ten days prior to the Annual Meeting.

Revocation of Newmont CDI Voting Instruction Form. A holder of Newmont CDIs who has completed and returned a CDI Voting Instruction Form (in the manner described above) may revoke the directions to CDN contained therein by delivering to National Shareholder Services, 100 Hutt Street, Adelaide 5000, South Australia, Australia, no later than April 21, 2006, a written notice of revocation bearing a later date than the CDI Voting Instruction Form previously sent.

Quorum, Tabulation and Broker Non-Votes and Abstentions.

Quorum. The holders of a majority of the outstanding shares of capital stock of the Company entitled to vote at the Annual Meeting must be present in person or represented by proxy in order to constitute a quorum for all matters to come before the meeting. For purposes of determining the presence of a quorum, shares of capital stock of the Company include all shares of Newmont Common Stock (including shares represented by Newmont CDIs) and the maximum number of shares of Newmont Common Stock that the Trustee of the Newmont Exchangeable Shares is entitled to vote at the Annual Meeting.

Tabulating Votes. Votes at the Annual Meeting will be tabulated by two inspectors of election who will be appointed by the Chairman of the meeting and who will not be candidates for election to the Board of Directors. The inspectors of election will treat shares of capital stock represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

Broker Non-Votes and Abstentions. Abstentions and broker non-votes as to particular matters are counted for purposes of determining whether a quorum is present at the Annual Meeting. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved. Abstentions have the same effect as votes against proposals presented to stockholders. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions to do so from the beneficial owner.

Votes Required to Approve the Proposals.

Election of Directors. Directors will be elected by a favorable vote of a plurality (meaning the largest number of votes cast) of those shares of capital stock present and entitled to vote, in person or by proxy, at the Annual Meeting. A stockholder may withhold votes from any or all nominees.

Ratify PricewaterhouseCoopers LLP as the Company's Independent Auditors for 2006. The affirmative vote of a majority of the shares present and entitled to vote, in person or by proxy, at the Annual Meeting is required to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for 2006.

Other Items. If any other items are presented at the Annual Meeting, they must receive an affirmative vote of a majority of the shares present and entitled to vote, in person or by proxy, in order to be approved.

Table of Contents

Solicitation Costs.

The enclosed proxy and/or Voting Instruction Form is solicited by the Board of Directors of the Company. This proxy material will be mailed to the holders of Newmont Common Stock, Newmont CDIs and Newmont Exchangeable Shares on or about March 24, 2006. In addition to solicitation by mail, solicitation of proxies and Voting Instruction Forms may be made by certain officers and employees of the Company by mail, telephone or in person. The Company has retained Georgeson Shareholder Communications Inc. to aid in the solicitation of brokers, banks, intermediaries and other institutional holders in the United States and Canada for a fee of US\$14,000. All costs of the solicitation of proxies will be borne by the Company. The Company also will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of Newmont Common Stock, Newmont CDIs and Newmont Exchangeable Shares.

If the proxy cards representing shares of Newmont Common Stock held under the Retirement Savings Plans are not returned duly signed and dated, the Trustee will vote the shares in the same proportion as it votes shares as to which directions have been received.

Board Recommendation.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR ALL OF THE FOREGOING NOMINEES AND, UNLESS A STOCKHOLDER GIVES INSTRUCTIONS ON THE PROXY CARD TO THE CONTRARY, THE PROXIES NAMED THEREON INTEND SO TO VOTE.

Independence of Directors.

Each of the nominees for election as director are independent of management and the Company, except for Mr. Murdy and Mr. Lassonde, who are officers of the Company, and Mr. Schulich, who is an officer of and a

Table of Contents

consultant for a subsidiary of the Company. The Board of Directors has determined that the members designated as independent have no relationship with the Company that may interfere with the exercise of their independence from management and the Company. In making the independence determination, the Board considered the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. Among other factors, the Board considered current or previous employment with the Company, its auditors or their affiliates by the director or his/her immediate family members, ownership of voting securities of the Company, and material relationships with the Company. For each of the directors deemed to be independent, the Board has determined (a) that there is no relationship with the Company, (b) the relationship falls within the categorical standards described below, or (c) the relationship as disclosed is immaterial.

With respect to material relationships, the following relationships are not considered material for purposes of assessing independence, provided that no law, rule or regulation precludes a determination of independence: service as an officer, director, employee or trustee or greater than five percent beneficial ownership in (a) a supplier of goods or services to the Company if the annual sales to the Company are less than \$1 million or two percent of the gross revenues or sales of the supplier, whichever is greater; (b) a lender to the Company if the total amount of the Company's indebtedness to such lender is less than one percent of the total consolidated assets of the lender; (c) a charitable organization if the total amount of the Company's total annual charitable contributions to the organization are less than \$1 million or two percent of that organization's total annual gross receipts (excluding any amounts received through the Company's employee matching program for charitable contributions), whichever is greater; or (d) any relationship arising out of a transaction, or series of transactions, in which the amount involved is less than \$60,000.

Dr. James V. Taranik is the director of the Mackey School of Earth Sciences and Engineering at University of Nevada, Reno. The Company donated \$500,000 to the University of Nevada Foundation in 2005, for the benefit of mining education at the Mackey School of Earth Sciences and Engineering. Dr. Taranik is not a director, trustee or employee of the University of Nevada Foundation, and the Company's donation to the Foundation constituted less than 2% of the Foundation's charitable receipts in 2005. The Company's donation reflects its strong interest in promoting mining education in Nevada, one of its core operating regions. The Board of Directors has considered these circumstances and determined that the donation does not constitute a material relationship with the Company that would affect independence.

Stock Ownership of Directors and Executive Officers.

As of March 1, 2006, the directors and executive officers of the Company as a group beneficially owned, in the aggregate, the following:

Directors and Executive Officers Beneficial Ownership of Newmont Common Stock (including Newmont CDIs) and Newmont Exchangeable Shares	9,075,748
Percentage of Voting Power of Outstanding Capital Stock	2.02%

Except as set forth below, no director or executive officer beneficially owned (a) more than 1% of the outstanding shares of Newmont Common Stock or Newmont Exchangeable Shares, or (b) shares with voting power in excess of 1% of the voting power of the outstanding capital stock of the Company. Each director and executive officer has sole voting power and dispositive power with respect to all shares beneficially owned by them, except as set forth below.

Messrs. Lassonde and Schulich beneficially owned 2,748,739 and 4,235,243 shares, respectively, of Newmont Exchangeable Shares, constituting in the aggregate 8.83% and 13.60%, respectively, of the outstanding Newmont Exchangeable Shares.

Table of Contents

The following table sets forth the beneficial ownership of Newmont Common Stock, including shares in the form of Newmont CDIs and Newmont Exchangeable Shares, as of March 1, 2006 held by (a) each current director and nominee; (b) the Chief Executive Officer, each of the other four most highly compensated executive officers and David H. Francisco, who resigned as an executive officer during 2005 (the Named Executive Officers); and (c) all current directors and executive officers as a group. The address for each of the named individuals below is c/o Newmont Mining Corporation, 1700 Lincoln Street, Denver, Colorado 80203.

During 2005, the Environmental, Health and Safety Committee held two meetings.

Corporate Governance.

Corporate Governance Guidelines and Charters. The Company has adopted Corporate Governance Guidelines that outline important policies and practices regarding the governance of the Company. In addition, each of the Audit, Compensation and Management Development, and Corporate Governance and Nominating Committees has adopted a charter outlining responsibilities and operations. The Corporate Governance Guidelines and the charters are available at www.newmont.com under the Investor Information section and are available in print upon request to the Investor Relations Department, Newmont Mining Corporation, 1700 Lincoln Street, Denver, Colorado 80203.

Lead Director. The Board of Directors has elected a lead, independent director who presides over non-management directors sessions scheduled at each regular Board meeting. The lead director serves as liaison between the Chairman and other independent directors, consults with the Chairman regarding meeting agendas and notifies other members of the Board of Directors regarding any legitimate concerns of stockholders or interested parties of which he or she becomes aware. On April 28, 2004, the Board of Directors elected Glen A. Barton to serve as lead director until his successor is approved.

Communications with Stockholders or Interested Parties. Any stockholder or interested party who desires to contact the Company's lead director, the non-management directors as a group or the other members of the Board of Directors may do so by writing to the Secretary, Newmont Mining Corporation, 1700 Lincoln Street, Denver, Colorado 80203 USA. Any such communication should state the number of shares owned, if applicable. The Secretary will forward to the lead director any such communication addressed to him, the non-management directors as a group or to the Board of Directors generally, and will forward such communication to other board members, as appropriate, provided that such communication addresses a legitimate business issue. Any communication relating to accounting, auditing or fraud will be forwarded immediately to the Chairman of the Audit Committee.

Director Nomination Process. Newmont has established a process for identifying and nominating director candidates that has resulted in the election of a highly-qualified and dedicated Board of Directors. The following is an outline of the process for nomination of candidates for election to the Board: (a) the Chairman and Chief Executive Officer, the Corporate Governance and Nominating Committee or other members of the Board of Directors identify the need to add new Board members, with careful consideration of the mix of qualifications, skills and experience represented on the Board of Directors; (b) the Chairman of the Corporate Governance and Nominating Committee coordinates the search for qualified candidates with input from management and other Board members; (c) the Corporate Governance and Nominating Committee engages a candidate search firm to assist in identifying potential nominees, if it deems such engagement necessary and appropriate; (d) selected members of management and the Board of Directors interview prospective candidates; and (e) the Corporate Governance and Nominating Committee recommends a nominee and seeks full Board endorsement of the selected candidate, based on its judgment as to which candidate will best serve the interests of Newmont's stockholders.

Table of Contents

The Board of Directors has determined that directors should possess the following minimum qualifications: (a) the highest personal and professional ethics, integrity and values; (b) commitment to representing the long-term interest of the stockholders; (c) broad experience at the policy-making level in business, government, education, technology or public interest; and (d) sufficient time to effectively fulfill duties as a Board member. The Corporate Governance and Nominating Committee considers any candidates submitted by stockholders on the same basis as any other candidate. Any stockholder proposing a nomination should submit such candidate's name, along with a curriculum vitae or other summary of qualifications, experience and skills to the Secretary, Newmont Mining Corporation, 1700 Lincoln Street, Denver, Colorado 80203 USA.

During 2005, the Board conducted a search for new directors, and engaged a search firm to assist in identifying and evaluating potential new directors. As a result of the search, Ms. Noreen Doyle and Ms. Veronica M. Hagen were identified as candidates and were elected to the Board on October 26, 2005. Ms. Hagen was recommended by Spencer Stuart and Ms. Doyle was recommended by Mr. Murdy, the Chief Executive Officer, and Mr. Roth.

Code of Business Ethics and Conduct. Newmont has adopted a Code of Business Ethics and Conduct applicable to all of its directors, officers and employees, including the Chief Executive Officer, the Chief Financial Officer, the Controller and other persons performing financial reporting functions. The Code is available through the Investor Information section of the Company's web site at www.newmont.com and is available in print upon request to the Investor Relations Department, Newmont Mining Corporation, 1700 Lincoln Street, Denver, Colorado 80203 USA. The Code is designed to deter wrongdoing and promote (a) honest and ethical conduct; (b) full, fair, accurate, timely and understandable disclosures; (c) compliance with laws, rules and regulations; (d) prompt internal reporting of Code violations; and (e) accountability for adherence to the Code. Newmont will post on its web site a description of any amendment to the Code and any waiver, including any implicit waiver, by Newmont of a provision of the Code to a director or executive officer (including senior financial officers), the name of the person to whom the waiver was granted and the date of the waiver. Edgar Filing: NEWMONT MINING CORP /DE/ - Form DEF 14A

- (2) Includes tax reimbursement payments and dividends on restricted stock. Amounts for 2004 and 2003 have been revised to include such dividends.
- (3) The amounts shown are the dollar values of restricted stock awards and restricted stock units (RSUs) awarded under the 2005 Stock Incentive Plan and 1999 Employees Stock Plan. These awards vest over a three-year period in equal annual increments. The value is determined by multiplying the number of shares in each award by the fair market value of Newmont Common Stock on the date of grant. Fair market value of a share of Newmont Common Stock is the average of the high and low sales prices as reported on the New York Stock Exchange for such date. Dividends are payable on the restricted stock awarded. Holders of RSUs do not receive dividends.

The aggregate number of restricted shares and RSUs not vested or subject to forfeiture risk held by the Named Executive Officers and the value of such shares and RSUs on December 31, 2005 (determined by taking the number of shares multiplied by the year-end closing market price of Newmont Common Stock of \$53.40) were as follows:

(1) The Black-Scholes option pricing model was chosen to estimate the Grant Date Present Value of the options set forth in this table. The Company's use of this model should not be construed as an endorsement of its accuracy in valuing options. The following assumptions were made for purposes of calculating the Grant Date Present Value: (i) an option life of four years, (ii) volatility at 38%, (iii) a dividend yield at 0.97%, and (iv) a weighted average risk-free interest rate of 4.19%. The real value of the options in this table depends upon the actual performance of the Company's Common Stock during the applicable period.

Pension Plans and Other Benefits.

Pension Plans. The following table shows the estimated pension benefits payable annually to a covered participant at normal retirement age (62 years) under the Company's qualified defined benefit pension plan (the "Pension Plan"), as well as under its nonqualified supplemental pension plan (the "Pension Equalization Plan") that provides benefits that would otherwise be denied participants by reason of certain Internal Revenue Code limitations on qualified plan benefits, based on remuneration that is covered under the plans and years of service with the Company or its subsidiaries; such amounts have not been reduced for Social Security benefits.

A participant's remuneration covered by the Pension Plan and the Pension Equalization Plan is his or her average annual base salary and bonus (as reported in the Summary Compensation Table) for the 60 consecutive months in which the highest level of compensation was paid to the participant during the last 120 months of the participant's career with the Company or its subsidiaries (except for Mr. Lassonde who participates in the Company's International Retirement Plan described below). The approximate years of actual credited service as of the end of 2005 for each Named Executive Officer (except for Mr. Lassonde) is: Mr. Murdy 13 years (see Executive Agreements below); Mr. Enos 35 years; Mr. Hansen 23 years; Mr. O'Brien 0 years; and Mr. Francisco 15 years. Benefits shown are computed on a straight single life annuity basis beginning at age 62. Under the terms of the Pension Plan, bonus amounts do not include payments in the form of restricted stock for purposes of calculating remuneration. With respect to the Pension Equalization Plan, bonus amounts paid in the form of restricted stock will not be considered in calculating levels of compensation for executives hired or promoted to executive status after January 1, 2004. Any bonus amounts paid in the form of restricted stock for plan years after December 31, 2007 will not be considered in calculating levels of compensation under the plan for any participants.

For the Named Executive Officers, except for Mr. Lassonde, the following table shows (a) the monthly accrued benefit under the Pension Plan as of December 31, 2005, (b) the present value of the benefit under the Pension Equalization Plan as of December 31, 2005, (c) the projected monthly benefit under the Pension Plan upon retirement at age 62, (d) the estimated present value of the benefit under the Pension Equalization Plan upon retirement at age 62, and (e) the increase in accrued benefits under the Pension Plan and the Pension Equalization Plan in 2005. The lump sum values for the non-qualified pension benefits are based on a Pension Benefit Guaranty Corporation interest rate of 2.75%. Also listed below are the balances as of December 31, 2005 for the Company's matching contributions to the accounts of Messrs. Murdy, Enos, Hansen, O'Brien and Francisco under (f) Newmont's qualified Retirement Savings Plan, and (g) the non-qualified supplemental Savings Equalization Plan.

Mr. Lassonde participates in the Company's International Retirement Plan (the International Plan), which provides participants with a basic, savings and supplemental payment upon retirement or termination of employment. The basic and savings payments are calculated based on participants' age and annual compensation during each year of participation in the International Plan. Pursuant to Mr. Lassonde's employment agreement, an amount equal to 18% of his annual compensation for 2005 (\$239,207) was accrued for his basic payment and 6% of his annual compensation for 2005 (\$79,736) was accrued for his supplemental payment. Additionally, \$12,000 was accrued for Mr. Lassonde's anticipated savings payment. It is estimated that Mr. Lassonde will be entitled to a basic payment of \$1,806,498, a savings payment of \$118,357 and a supplemental payment of \$602,166. Thus, the total estimated payment for Mr. Lassonde under the International Plan is a lump sum of \$2,527,021 upon retirement at age 62.

Officers' Death Benefit Plan and Group Life Insurance Program. The Company has an Officers' Death Benefit Plan for the benefit of the Named Executive Officers and other executive officers of the Company. The plan provides a death benefit of three times final annual base salary for an executive officer who dies while

Table of Contents

an active employee and a death benefit of one times final annual base salary for an executive officer who dies after retiring at or after normal retirement age. For retirement prior to normal retirement age, the post-retirement death benefit is 30% to 100% of one times final annual base salary, depending on the number of years remaining to normal retirement age. Coverage under the Officers' Death Benefit Plan is offset by group life insurance maintained for the benefit of all salaried employees of the Company and certain of its subsidiaries.

Executive Agreements. Mr. Murdy's letter of offer of employment from the Company provides that if his employment is terminated other than for cause (as defined in the Company's Severance Plan), or if he terminates employment after a reduction in base salary or a significant reduction in duties and responsibilities (as determined by independent members of the Board of Directors of the Company), he will be entitled to receive 24 months of his then-applicable salary (as defined in the Company's Severance Plan) plus certain other severance benefits. Any benefits to which Mr. Murdy may be entitled under the Company's Severance Plan (as described below) reduce the benefits due under this arrangement. Mr. Murdy's letter agreement with the Company provides that upon his retirement from the Company on or after his 62nd birthday, he will receive an additional one-half year of credited service under the Company's non-qualified supplemental pension plan for each otherwise credited year of his service with the Company or any of its subsidiaries in computing his pension benefits. In the event Mr. Murdy's employment with the Company or any of its subsidiaries terminates prior to his 62nd birthday, he will not be entitled to such benefit unless his termination constitutes a qualifying termination as defined in the letter agreement. Generally, a qualifying termination means (a) a termination due to Mr. Murdy's death or disability, (b) a termination by Mr. Murdy for good reason (as defined in the letter agreement), (c) a termination of Mr. Murdy by the Company without cause (as defined in the Company's Severance Plan), or (d) a termination that qualifies Mr. Murdy for enhanced severance benefits under his Change of Control Agreement (see Change of Control Employment Agreements below).

Pursuant to Mr. Lassonde's Employment Agreement dated February 16, 2002, as amended, Mr. Lassonde is paid a base salary to perform his duties as President of the Company, including, but not limited to, the management, operation, strategic direction and overall conduct of the merchant banking and business development functions of the Company. In addition, Mr. Lassonde is eligible to participate in Newmont's incentive plans, welfare benefit programs, stock option plans and international retirement plan. Should Mr. Lassonde be terminated for any reason other than for cause, he will receive the amount of \$750,000 or the benefit he would be eligible for under the Company's Severance Plan and/or the Executive Change of Control Plan, whichever is greater. In the event his employment is terminated, Mr. Lassonde is not required to resign from the Board of Directors of the Company; instead, he will be considered a non-employee director at such time and will be eligible to be considered for nomination by the Board for reelection as a director at the next scheduled annual meeting of stockholders, on the same basis as any other non-employee director. The agreement automatically renews for one-year terms unless terminated by either party.

Mr. Francisco resigned as an executive officer in September 2005 and entered into an Employment Agreement providing for provision of services as Technical Advisor to the Chief Executive Officer. Mr. Francisco receives a salary of \$500,000 per year and participates in benefits plans generally available to employees of the Company. Mr. Francisco received the cash and stock bonuses reflected in the Summary Compensation Table, but will not be eligible for such bonuses or awards of stock options in future years. Mr. Francisco does not participate in the Executive Change of Control Plan.

Change of Control Employment Agreements. The Company is a party to change of control employment agreements with Messrs. Murdy and Hansen. The change of control employment agreements have three-year terms, which terms are automatically extended for one year upon each anniversary unless a notice not to extend is given by the Company. If a Change of Control (as defined in the agreements) occurs during the term of an agreement, then the agreement becomes operative for a fixed three-year period. The agreements provide generally that the executive's terms and conditions of employment (including position, location, compensation and benefits) will not be adversely changed during the three-year period after a Change of Control of the Company. If the Company terminates the executive's employment (other than for cause, death or disability), the

Table of Contents

executive terminates for good reason during such three-year period, or the executive terminates employment for any reason during the 30-day period following the first anniversary of the Change of Control, and upon certain terminations prior to a Change of Control in connection with or in anticipation of a Change of Control, the executive is generally entitled to receive (a) three times the sum of (i) the executive's annual base salary plus (ii) the executive's annual bonus (as determined in the agreements), (b) accrued but unpaid compensation, (c) welfare benefits for three years, (d) a pro rata bonus for the year in which the termination of employment occurs, and (e) a lump sum payment having an actuarial value equal to the additional pension benefits the executive would have received if he or she had continued to be employed by the Company for an additional three years. In addition, the agreements provide that the executive is entitled to receive a payment in an amount sufficient to make the executive whole for any excise tax on excess parachute payments imposed under Section 4999 of the Internal Revenue Code of 1986, as amended. In the event of a Change of Control, the agreements will supersede any individual employment agreements entered into by the Company with the executives, and the executives will not be permitted to participate in the Company's severance plans or policies, including the Severance Plan described below, during the three-year period following a Change of Control.

Executive Change of Control Plan. Messrs. Lassonde, Enos and O'Brien participate in the Executive Change of Control Plan. If the Company terminates the executive's employment after a Change of Control, as defined in the Plan (other than for cause, death or disability), or the executive terminates for good reason during such three-year period, the executive is entitled to receive (a) three times the sum of (i) the executive's annual base salary plus (ii) the executive's annual bonus (as determined in the agreements), (b) accrued but unpaid compensation, (c) welfare benefits for three years, (d) a pro rata bonus for the year in which the termination of employment occurs, and (e) a lump sum payment having an actuarial value equal to the additional pension benefits the executive would have received if he or she had continued to be employed by the Company for an additional three years. In addition, the executive is entitled to receive a payment in an amount sufficient to make the executive whole for any excise tax on excess parachute payments imposed under Section 4999 of the Internal Revenue Code of 1986, as amended. In the event of a Change of Control, the executive will not be permitted to participate in the Company's severance plans or policies, including the Severance Plan described below.

Severance Plan. Each of the Named Executive Officers participates in the Company's Severance Plan. Participants in the Severance Plan whose employment with the Company or one of its subsidiaries or affiliates is involuntarily terminated other than for cause (as defined in the Severance Plan) are entitled to receive a minimum of four weeks of salary (as defined in the Severance Plan), together with an additional two weeks of salary for each year of service. Under the Severance Plan, the maximum severance allowance benefit payable to a participant calculated as set forth above is 104 weeks of the participant's salary. In addition to the amount described above, each participant is also entitled to a lump sum payment equal to the Company's matching contribution that would have been made under the Company's Retirement Savings Plan calculated in accordance with the relevant provisions of the Severance Plan. Participants under the Severance Plan are also entitled to certain fringe benefits, such as coverage under the Company's medical and dental plans and life insurance plan, as set forth in the Severance Plan.

Perquisites. The Company's philosophy is to provide a minimum of perquisites to its executives and generally only when such benefits have a business purpose. In 2005, such benefits for the Named Executive Officers were (a) financial planning; and (b) country or social club memberships for the Chief Executive Officer and President. The Company owns a fractional share in a corporate aircraft, which is used solely for senior executives' travel on Company business. The value of all perquisites for each of the Named Executive Officers was less than \$20,000 and is reported as Other Annual Compensation in the Summary Compensation Table.

Report of the Compensation and Management Development Committee on Executive Compensation

The Compensation and Management Development Committee of the Board of Directors is composed entirely of directors who are not officers or employees of the Company or any of its subsidiaries, and are independent, as defined in the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The Committee has adopted a Charter that describes its responsibilities in detail and the Committee and Board review and assess the adequacy of the Charter on a regular basis. The Committee's responsibilities include discharging the Board's responsibilities relating to compensation of the Company's executive officers and other key employees, including the Chief Executive Officer and the other Named Executive Officers. Additional information about the Committee's role in corporate governance can be found in the Committee's Charter, available on the Company's web site at www.newmont.com under the Investor Information section.

The Committee, in consultation with management and compensation experts, evaluates the Company's executive compensation program on a regular basis to ensure the level and mix of executive compensation enhance the Company's ability to attract and retain a highly-skilled and motivated executive team. The Committee also considers the total annual compensation for each of the Named Executive Officers, and all executives as a group. The Committee periodically evaluates the Company's compensation program in light of increasing complexity of the Company's business and a desire to closely align the program with the Company's needs. In 2005, the Committee examined the individual compensation elements for executives and will, during 2006, continue to examine its executive compensation program to ensure that it is meeting the needs of the Company and its stockholders.

On an annual basis, the Committee reviews all components of compensation for the Chief Executive Officer and the other Named Executive Officers, including salary, bonus, equity compensation, accumulated value of unvested equity compensation and the accumulated payout obligations of the Company under its qualified and non-qualified pension plans under different scenarios. The Committee reviews tally sheets showing projected payouts assuming change of control of the Company, involuntary termination or severance, retirement or voluntary termination and termination for cause. Based on this review, the Committee has made certain changes to executive compensation programs, and has determined that the compensation of the Chief Executive Officer and the other Named Executive Officers is reasonable and not excessive.

The Committee consults from time to time with an independent compensation consultant, who is engaged directly by, and reports directly to, the Committee and does not perform other services for the Company.

Compensation Philosophy and Strategy. The Company's compensation philosophy and strategy remain focused on linking the interests of management and stockholders, attracting and retaining a highly-skilled executive team, and basing rewards on both personal and corporate performance. The Committee believes that the executive compensation program should balance competitive needs, accountability for company performance, accountability for individual performance and the interests of stockholders. The Company's executive compensation program contains four elements designed to achieve the compensation strategy:

competitive base salaries,

annual cash incentives determined by the Company's and each executive's performance against set targets,

an intermediate term executive performance incentive program, payable in restricted stock, driven by the Company's performance, and long-term incentives in the form of stock options.

The program is designed so that the sum of these four elements, assuming performance targets are met, will generally reach the third quartile for comparable positions in industry generally and within resources companies, as set forth in executive level compensation surveys, consistent with the Company's compensation policies and

Table of Contents

in the best interests of the stockholders. In the past several years, the sum of these four elements has generally reached the third quartile for the executive officers.

Stock Ownership Guidelines. During 2003, the Company implemented stock ownership guidelines for executives, which were put in place to increase the alignment of interests between executives and stockholders by encouraging executives to act as equity owners of the Company. The ownership guidelines require each executive to own stock valued at one to four times base salary, depending on the executive's position and his length of service with the Company. All executives are in compliance with the stock ownership guidelines.

Base Salaries. The Committee annually reviews base salaries of the Company's executives. In each case, the Committee takes into account the results achieved by the executive, his/her scope of responsibilities and experience and competitive salary practices. The base salaries for the Company's Named Executive Officers, including Mr. Murdy, fall within salary ranges that reflect competitive base pay levels within industry generally and within resources companies for the positions they hold. The Company subscribes to and participates in compensation surveys, which cover a wide range of industries and companies, including other resources companies. The Company and the Committee use such surveys to identify general trends in executive compensation. Based on a review of survey information and the advice of compensation experts, the Committee believes that the base salaries of the Company's Named Executive Officers are generally at the median of salaries for comparable positions. Mr. Murdy's base salary is consistent with the Company's compensation philosophy that base salaries be set at a competitive level for comparable positions. As of January 1, 2006, Mr. Murdy's base salary was increased from \$900,000 to \$1,000,000 per year, based on sustained performance over the past several years.

Annual Cash Incentives. Annual cash incentive awards are made pursuant to the Company's Annual Incentive Compensation Payroll Practice (AICP). The Named Executive Officers (and other senior management) are eligible to receive both a corporate performance bonus and a personal performance bonus. Participants in the AICP are assigned target awards as a percentage of their eligible base salary. Target award percentages increase at higher management levels to 100% of eligible base salary in the case of the Chief Executive Officer. The weight of corporate performance and personal performance factors is two-thirds corporate performance and one-third personal performance at target.

The 2005 corporate performance bonus was paid in cash based on achievement of corporate performance goals, which consist of (a) certain goals relating to net asset value, (b) certain reserve replacement goals, (c) certain free cash flow goals, (d) an earnings per share goal, and (e) a gross margin goal. All of these performance goals were established by the Committee. The AICP bonus amount depends on the Company's performance against these goals. If the Company meets the goals, each eligible employee receives a payment equal to his or her target award percentage; if the Company exceeds the goals, the payment can increase to as high as 200% of the target award percentage; if the Company does not meet the goals, the payment can decrease and, if the Company fails to achieve certain threshold performance, the payment will not be made at all. In 2005, the Company achieved a corporate performance percentage of 84.7% of target performance, based on the Company's actual performance as compared to the 2005 corporate performance goals. Mr. Murdy's corporate performance bonus of \$510,741 was based on a corporate performance percentage of 84.7%, as described above.

The personal performance bonus is also paid in cash. Target bonus levels are determined by the executives' grade level within the executive grade structure, and payouts are based on an evaluation of each executive's personal contribution to the Company. In 2005, the maximum payout percentage for the personal performance bonus was 150% of the target level for the grade with awards paid above target based on exemplary performance. Performance deemed to fall below expectations results in a payment below the target level, or in some cases no payment at all. In 2005, personal performance awards to the Named Executive Officers and other AICP participants were based on certain factors such as the individual goals and accomplishments of the relevant executive officer, as well as such executive officer's contributions to the positive results realized by the Company during 2005. The average payout for 2005 personal performance awards for Company executives was 118.9%. The payout for 2005 personal performance for Mr. Murdy was 125%.

Table of Contents

Mr. Murdy's personal performance bonus of \$371,250 was based on his personal performance evaluation. In evaluating Mr. Murdy's overall performance, the Committee considered a mix of quantitative and qualitative performance measures, including the following accomplishments and positive results in 2005:

Record year-end equity gold reserves of 93.24 million ounces, and year-end equity copper reserves of 9.1 billion pounds.

Enhancement of the Company's capital structure and financial flexibility with the March 2005 issuance of \$600 million of 3/8% Notes due April 2035.

Significant increase in the market value of Newmont's marketable equity securities portfolio during 2005, up from \$507 million at year-end 2004 to \$940 million at year-end 2005. The portfolio generated an unrealized gain during 2005 in excess of \$340 million.

Continued progress on new projects at Leeville and Phoenix in Nevada, and Ahafo and Akyem in Ghana, as well as completion of the optimized feasibility study update for the Boddington project in Australia.

Approval and final permitting for construction of a 200 megawatt coal-fired power plant in Nevada, which should reduce Newmont's operating costs in Nevada up to \$25 per ounce beginning in mid-2008.

Initiation of a comprehensive review and redesign of the Company's capital investment approval process, focusing on capital cost control and improved efficiency.

Initiation of a partnership with the University of Colorado School of Medicine to provide independent assessments of the healthcare infrastructure and needs in the communities surrounding our operations.

Development of an internal executive development program in partnership with the University of Denver's Daniels School of Business, focused on strategy, leadership, ethics, finance, and social responsibility.

Service as Chairman of the International Council on Mining and Metals, which is committed to raising the performance of the mining industry on sustainable development, environmental stewardship, employee health and safety, and social responsibility.

Restricted Stock Awards. The Company's executive compensation program also includes awards of restricted stock based on the Company's performance. Restricted stock awards are intended to reward the Named Executive Officers and other eligible executives based on the attainment of corporate performance goals established by the Committee. These goals track the corporate performance goals established under the AICP, as described above, and the Company must achieve certain threshold performance before any restricted stock awards are made. Awards in 2005 were made in the form of restricted shares of Newmont Common Stock or restricted stock units under the Newmont Mining Corporation 2005 Stock Incentive Plan, with such shares of restricted stock and restricted stock units vesting in equal installments over three years. Executives are assigned target awards as a percentage of their eligible base salary. For 2005, these target award percentages for the top five executives ranged from 75% to 135%. As with the AICP, the restricted stock award amount depends on the Company's performance against defined goals. If the Company meets the goals, each eligible employee receives a payment equal to his or her target award percentage; if the Company exceeds the goals, the payment can increase to as high as 200% of the target award percentage; if the Company does not meet the goals, the award can decrease and, if the Company fails to achieve certain threshold performance, the award will not be made at all. In 2005, the Company's Named Executive Officers and other senior management achieved a corporate performance percentage as described above of 84.7% of target performance, based on the Company's actual performance results as compared to the 2005 corporate performance goals.

Edgar Filing: NEWMONT MINING CORP /DE/ - Form DEF 14A

In recognition of Mr. Murdy's contributions to the Company during 2005, the Committee, according to the corporate performance percentage of 84.7% of target, awarded Mr. Murdy a bonus of 17,891 restricted shares of Newmont Common Stock with a fair market value of \$1,029,105 as of the date of grant.

Table of Contents

The executive compensation program implemented in 2003 eliminated the Intermediate Term Incentive Compensation Plan (ITIP), which paid bonuses in the form of cash and restricted stock based on a consolidated three-year performance measurement. The elimination of the ITIP resulted in a reduction in total direct compensation for the executive team, including for Mr. Murdy. In order to address this reduction, the Committee approved cash transition payments over three years to those executives who previously participated in the ITIP. The transition payments are also based on the Company's achievement of corporate performance goals under the AICP, which paid out at 84.7% based on the Company's actual performance during 2005. The 2005 transition payment for Mr. Murdy was \$247,748.

Stock Options. Stock options are a long-term incentive award designed to link executive rewards with stockholder value over time. The award of stock options promotes the creation of stockholder value because the benefits cannot be realized unless stock price appreciation occurs. The Committee believes that the number of stock options awarded should be sufficient in amount to provide a strong incentive to increase stockholder value, with the number of options increasing in proportion to the relative potential influence of the recipient on overall performance of the Company. In addition, the Committee believes that option awards are intended to reward recipients making a long-term commitment to the Company. The stock options granted to Mr. Murdy and other executives vest over three years. In considering the amount of stock options to be awarded to Mr. Murdy, the Committee considered the Company's performance, the value of similar incentives awarded to chief executive officers of comparable companies and the awards granted in prior years. During 2005, the Committee granted to Mr. Murdy options to purchase 90,000 shares of common stock.

2006 Executive Compensation Program. The Committee has established and approved certain goals relating to the corporate performance targets for the 2006 AICP, according to which annual cash incentives and restricted stock awards will be determined for 2006. The performance targets for 2006 consist of four performance factors, with equal weighting, which measure achievement of certain goals relating to (a) gold production, (b) costs of production, (c) cash flow, and (d) reserve growth. Starting in 2006, restricted stock awards will be made based on a three-year weighted average of performance under the corporate performance targets for the AICP, with additional awards being granted based on performance of the Corporation's share price as compared to gold price appreciation.

Policies with Respect to Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code generally disallows federal income tax deductions for certain compensation in excess of \$1 million in any fiscal year to each of the Company's Chief Executive Officer and the Named Executive Officers. Certain performance-based compensation is not subject to the deduction limit. The Committee's general policy is to structure compensation programs that allow the Company to deduct compensation in accordance with section 162(m). The Committee intends that the Company's stock plans, including the 2005 Stock Incentive Plan approved by the stockholders at the 2005 Annual Meeting, comply with the exceptions to the limitations imposed by section 162(m). Certain payments, however, under the Company's executive compensation program, as described in this Report, do not qualify for federal income tax deductions. The Committee intends to re-examine and revise the Company's executive compensation program in 2006, and will evaluate the advisability of establishing performance criteria that will allow the Company to avail itself of all appropriate tax deductions.

Summary. The Committee believes that the combination of competitive base salaries, annual incentives paid in cash, intermediate term incentive compensation paid in restricted stock, and stock options comprises a highly effective and motivational executive compensation program, which works to attract and retain talented executives and strongly aligns the interests of senior management with those of the stockholders of the Company in seeking to achieve, over time, above-average, long-term performance.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors and holders of greater than 10% of the Company's outstanding common stock to file initial reports of their ownership of the Company's equity securities and reports of changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Based solely on a review of the copies of such reports furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that all Section 16(a) filing requirements were complied with in 2005, except that Paul Dowd, Vice President, Australian Operations, inadvertently failed to report on a timely basis the acquisition of common stock resulting from the vesting of restricted stock units. The transaction was subsequently filed on a late Form 4.

Table of Contents**Proposal No. 2 Ratify Appointment of Auditors****Proposal.**

The Audit Committee has selected PricewaterhouseCoopers LLP (PwC) as the independent auditors for Newmont and its subsidiaries for the fiscal year 2006, after evaluation of audit quality, fees, independence and other relevant factors. PwC has served as Newmont's independent auditors since 2002.

The Board is asking that stockholders ratify the appointment of PwC as independent auditors. If stockholders fail to ratify the appointment of PwC, the Audit Committee may reconsider this appointment. Representatives of PwC are expected to be present at the Annual Meeting and will be allowed to make a statement if they wish. Additionally, they will be available to respond to appropriate questions from stockholders during the meeting.

Independent Auditors Fees.

PwC billed the following fees in 2005 and 2004 for professional services rendered to Newmont:

(2) Includes \$195,998 for audit of pension and benefit plans.

(3) Includes tax compliance, planning and advisory services.

(4) Represents software licensing fees.

The Audit Committee has established procedures for engagement of PwC to perform services other than audit, review and attest services. In order to safeguard the independence of PwC, for each engagement to perform such non-audit service, (a) management and PwC affirm to the Audit Committee that the proposed non-audit service is not prohibited by applicable laws, rules or regulations; (b) management describes the reasons for hiring PwC to perform the services; and (c) PwC affirms to the Audit Committee that it is qualified to perform the services. The Audit Committee has delegated to its Chairman its authority to pre-approve such services in limited circumstances, and any such pre-approvals are reported to the Audit Committee at its next regular meeting. All services provided by PwC in 2005 were permissible under applicable laws, rules and regulations and were pre-approved by the Audit Committee in accordance with its procedures. The Audit Committee considered the amount of non-audit services provided by PwC in assessing its independence.

Report of the Audit Committee

The Audit Committee of the Board of Directors is composed entirely of directors who are not officers or employees of the Company or any of its subsidiaries, and are independent, as defined in the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The Committee has adopted a Charter that describes its responsibilities in detail, which is attached to this Proxy Statement as Appendix A.

The primary responsibility for financial and other reporting, internal controls, compliance with laws and regulations, and ethics rests with the management of the Company. The Committee's primary purpose is to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and corporate policies and controls, the independent auditor's selection, retention, qualifications, objectivity and independence, and the performance of the Company's internal audit function. The Committee reviews the financial information that will be provided to the stockholders and others, the systems of internal controls that management and the Board have established, and the audit process. Additional information about the Committee's role in corporate governance can be found in the Committee's charter.

The Audit Committee has reviewed and discussed with management and PricewaterhouseCoopers (PwC), the Company's independent auditors, the audited financial statements of the Company for the fiscal year ended December 31, 2005. Management has affirmed to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee has also reviewed and discussed the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee has discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380). The Audit Committee has received the written disclosures and the letter from PwC required by Independence Standards Board Standard No. 1, and has discussed PwC's independence with them.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the Securities and Exchange Commission.

Proposal No. 3 Stockholder Proposal Regarding Independent Board Chairman

Edgar Filing: NEWMONT MINING CORP /DE/ - Form DEF 14A

The Company has been advised by Emil Rossi, P.O. Box 249, Boonville, California 95415, who owns 430 shares of Newmont Common Stock, of his intention to present at the Annual Meeting of Stockholders the following resolution and statement in support thereof. The following is the text of the shareholder proposal and supporting statement, as submitted:

Shareholder Proposal

RESOLVED: Stockholders request that our Board of Directors change our governing documents to require that the Chairman of our Board serve in that capacity only and have no management duties, titles, or responsibilities. This proposal gives our company an opportunity to cure our Chairman's loss of independence should it occur after this proposal is adopted.

Table of Contents

When a person acts both as a company's Chairman and its CEO, a vital separation of power is eliminated and we as the owners of our company are deprived of both a crucial protection against conflicts of interest and also of a clear and direct channel of communication to our company through our Chairman.

Progress Begins with One Step

It is important to take one step forward in our corporate governance and adopt the above RESOLVED statement since our 2005 governance standards were not impeccable. For instance in 2005 it was reported (and certain concerns are noted):

We had no Independent Chairman Independent oversight concern.

Cumulative voting was not allowed.

There were three potentially conflicted directors on our board due to their other non-director business with our company.

We still had an obsolete pension plan for directors Independence concern.

We still had an obsolete charity gift program for directors Independence concern.

Our key Audit Committee chairman had 22-years director tenure Independence concern.

Additionally:

The Corporate Library (TCL), an independent investment research firm in Portland, Maine said a 2004 shareholder proposal asked our board to submit any adoption, maintenance or extension of a poison pill to a shareholder vote as a separate ballot item on the earliest possible shareholder ballot. 72% of shareholders agreed. While the board's December 2004 decision to terminate the company's pill is commendable, it does not fulfill the terms of the shareholder proposal. Indeed, the board's response is silent on the prospect of a shareholder vote on a future pill altogether. We would have liked to upgrade Newmont's shareholder responsiveness score, but the only appropriate response to this deft side-step is a lowered responsiveness grade.

With the above record it is important to take one-step forward and make our Board more accountable by adopting an independent board chairman requirement.

Moreover

Edgar Filing: NEWMONT MINING CORP /DE/ - Form DEF 14A

When a Chairman runs a company as Chairman and CEO, the information given to directors may or may not be accurate. If a CEO wants to cover up corporate improprieties, how difficult is it to convince Directors to go along. If Directors disagree, with whom do they lodge complaints? The Chairman?

It is well to remember that at Enron, WorldCom, Tyco, and other legends of mis-management and/or corruption, the Chairman also served as CEO. And these dual roles helped those individuals to achieve virtually total control.

Stockholders must continue to expect the unexpected until they help cause company boards to be composed of substantial majorities of independent directors and until those directors select a chairman who is similarly independent of management.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:

The Board believes that it is in the best interests of the Company and its stockholders for the Board to have the flexibility in determining the appropriate individual with the necessary qualifications, commitment and support of the other directors to serve as an effective Chairman in light of the circumstances at any point in time. As provided in the Company's Corporate Governance Guidelines, which are available on the Company's website at www.newmont.com/en/investor:

The Board selects the Chairman of the Board in the manner and upon the criteria it deems best for the Corporation at the time of selection. The Board does not have a policy on whether the role of Chairman and Chief Executive Officer should be separate or combined, but recognizes the value to the Corporation of the combination of the positions.

At the present time, the Board believes that the interests of the Company and its stockholders are best served by the leadership and direction provided by a single person as Chairman and Chief Executive Officer. While the Board may select in the future a Chairman who does not have any management duties, titles or responsibilities, the proposal, if adopted, will limit the Board from organizing itself in a manner best suited to meet the needs of the Company and its stockholders based on the circumstances and individuals at any particular point in time.

In addition, the Board has been, and continues to be, committed to high standards of corporate governance. The Company believes it already has several mechanisms in place to ensure that the Board is able to provide independent oversight of management, including the following:

Among the 14 members of the current Board, 11 members are independent directors, all of whom meet the independence requirements of the New York Stock Exchange and the Company's Corporate Governance Guidelines. As provided in the Company's Corporate Governance Guidelines, the Board must always have a substantial majority (75 percent or more) of independent directors who meet the criteria for independence required by the New York Stock Exchange, any applicable laws, rules and regulations and the guidelines established by the Board. These standards are more rigorous than the independence requirements of the listing standards of the New York Stock Exchange.

The Company's non-management directors hold executive sessions at each regularly scheduled Board meeting, which are not attended by inside directors or members of management. During fiscal year 2005, the non-management directors met five times.

The Board must at all times have an independent lead director to preside over all meetings of the Board when the Chairman is not present, including regularly scheduled executive sessions of non-management directors. As described in the Company's Corporate Governance Guidelines, the lead director also serves as the liaison between the Chairman and the other independent directors and consults with the Chairman regarding meeting agendas and information sent to the Board. Glen Barton is currently the lead director.

The Company has established procedures enabling any stockholder or interested party to communicate with the lead director, non-management directors as a group or other members of the Board. These procedures are described in this Proxy Statement under the heading Corporate Governance Communications with Stockholders or Interested Parties. The lead director is also required to notify other members of the Board regarding any legitimate concern expressed by a stockholder or interested party of which the lead director becomes aware.

Each of the key committees of the Board, including the Audit Committee, the Compensation and Management Development Committee, the Corporate Governance and Nominating Committee, and the Environmental, Health and Safety Committee, consists entirely of non-management, independent directors. These committees oversee critical matters independent of management, such as executive compensation,

Table of Contents

including the compensation of the Chief Executive Officer, as well as the selection and evaluation of directors. For a complete description of the responsibilities of each of these committees, see the committee charters, which are available on the Company's website at www.newmont.com/en/investor.

In view of the oversight mechanisms currently in place, the Board believes that it is unnecessary to mandate in the Company's governing documents that the Chairman serve in that capacity only and have no management duties, titles or responsibilities. The Board believes that adopting such proposal would only limit the Board's ability to select the director it believes best suited to serve as Chairman and is not in the best interests of the Company and its stockholders.

Other Matters

The Board of Directors does not intend to bring other matters before the Company's Annual Meeting of Stockholders, except items incident to the conduct of the meeting. However, on all matters properly brought before the meeting by the Board of Directors or by others, the persons named as proxies in the accompanying proxy, or their substitutes, will vote in accordance with their best judgment.

Additional information about Newmont, including its Annual Report on Form 10-K, is available through the Company's web site, at www.newmont.com.

The 2006 Annual Meeting

Newmont will establish meeting procedures for the conduct of the Annual Meeting of Stockholders to ensure that there is sufficient time to address all of the items described in the Proxy Statement and to facilitate an orderly meeting. An agenda and procedures will be distributed at the beginning of the meeting describing the official business meeting and procedures for stockholders wishing to address the meeting during a stockholders assembly, which will follow the official business meeting. Time allotted to questions or comments by stockholders will be limited.

Newmont invites questions from stockholders to be addressed at the Annual Meeting. Stockholders may mail their questions to Newmont to the attention of Secretary, Newmont Mining Corporation, 1700 Lincoln Street, Denver, CO 80203 USA, or submit them to Newmont at investor.relations@newmont.com. Along with your questions, please state the number of Newmont shares you own.

If you plan to attend the Annual Meeting, please check the box on your proxy card.

We will include the results of the voting at the 2006 Annual Meeting in Newmont's first quarter report on Form 10-Q filed with the Securities and Exchange Commission.

NEWMONT MINING CORPORATION

Notice to Exchangeable Shareholders

Our records show that you hold Exchangeable Shares of Newmont Mining Corporation of Canada Limited (Newmont Canada, formerly known as Franco-Nevada Mining Corporation Limited), a Canadian company. The Exchangeable Shares provide you with economic and voting rights that are, as nearly as practicable, equivalent to those of holders of shares of common stock of Newmont Mining Corporation (the Company), the U.S. parent of Newmont Canada, including the right to attend and vote at meetings of the common stockholders of the Company. The Company will be holding an annual meeting (the Annual Meeting) of its common stockholders on April 25, 2006 to

Elect directors;

Ratify the Audit Committee s appointment of PricewaterhouseCoopers LLP as Newmont s independent auditors for 2006;

Consider and act upon a proposal regarding Independent Board Chairman; and

Transact such other business that may properly come before the meeting.

At such Annual Meeting you will have voting rights, based on the number of Exchangeable Shares you hold. You are permitted to instruct Computershare Trust Company of Canada, the Trustee under a Voting and Exchange Trust Agreement as to how the Trustee is to vote your Exchangeable Shares at the Annual Meeting of the Company. If you do not give voting instructions, the Trustee will not be entitled to exercise the voting rights attached to your Exchangeable Shares. Alternatively, you may instruct the Trustee to give you or a person designated by you a proxy to exercise personally the voting rights attached to your Exchangeable Shares. To instruct the Trustee as to how you wish to exercise your voting rights, you must complete, sign, date and return the enclosed Voting Instruction Form to the Trustee by 5:00 p.m., Toronto time, on April 24, 2006. The Trustee will not be obligated to act on any instructions received after that time.

You have the right to revoke any instructions to the Trustee by giving written notice of revocation to the Trustee or by executing and delivering to the Trustee a later-dated Voting Instruction Form. No notice of revocation or later-dated Voting Instruction Form, however, will be effective unless received by the Trustee prior to 5:00 p.m., Toronto time, on April 24, 2006.

Whether or not you plan to attend the Annual Meeting, please sign, date and return the Voting Instruction Form in the envelope provided in order to ensure that your Exchangeable Shares will be represented at the Annual Meeting.

Non-Registered Holders

Only registered holders of Exchangeable Shares of Newmont Canada are permitted to instruct the Trustee as to how to vote their Exchangeable Shares at the Annual Meeting or to attend and vote at the Annual Meeting in person or by proxy as described above. You may be a beneficial owner of Exchangeable Shares (a Non-Registered Holder) if your Exchangeable Shares are registered either:

- (i) in the name of an intermediary (an Intermediary) with whom you deal in respect of the Exchangeable Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or

- (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. Newmont Canada has distributed copies of the Notice of Meeting, the Proxy Statement and this Notice to Exchangeable Shareholders (collectively, the meeting materials) to Intermediaries who are required to forward these meeting materials to Non-Registered Holders unless a Non-Registered Holder has

Table of Contents

waived the right to receive them. If you are a Non-Registered Holder who has not waived the right to receive meeting materials you will be given either:

- (i) a voting instruction form, which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which specifies the number of Exchangeable Shares beneficially owned by you but which is otherwise uncompleted. This voting instruction form need not be signed by you. In this case, if you wish to direct the voting of the Exchangeable Shares held by you or attend and vote at the Annual Meeting (or have another person attend and vote on your behalf) you should properly complete the voting instruction form and deposit it with Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 or by fax to (416) 263-9524 prior to 5:00 p.m., Toronto time, on April 24, 2006; or
- (ii) a voting instruction form, which must be completed and signed by you in accordance with the directions on the voting instruction form (which may in some cases permit the completion of the voting instruction form by telephone).

The purpose of these procedures is to permit you, as a Non-Registered Holder, to direct the voting of the Exchangeable Shares you beneficially own or to attend and vote at the Annual Meeting, in person or by proxy. Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies.

A Non-Registered Holder may revoke a voting instruction form given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation of a voting instruction form that is not received by the Intermediary at least seven days prior to the Annual Meeting.

Information Relating to Newmont Mining Corporation

Exchangeable Shares are exchangeable on a one-for-one basis for shares of common stock of the Company and you, as a holder of Exchangeable Shares, are entitled to receive dividends from the Company payable at the same time as and equivalent to, on a per-share basis, any dividends paid by the Company to holders of its shares of common stock. As a result of the economic equivalency and voting rights between the Exchangeable Shares and shares of common stock of the Company you, as a holder of Exchangeable Shares, will have a participating interest determined by reference to the Company and not Newmont Canada. Accordingly, it is information related to the Company that is relevant to you and enclosed in this package is the Company's Proxy Statement which we urge you to read carefully.
