PROSPECTUS SUMMARY

Certain capitalized terms used in this prospectus have the following meanings unless the context indicates otherwise, Nexstar refers to Nexstar Broadcasting Group, Inc. and its consolidated subsidiaries; Nexstar Broadcasting and the Issuer refer to Nexstar Broadcasting, Inc., the issuer of the Notes; Mission refers to Mission Broadcasting, Inc., a guarantor of the Notes; and all references to the Company, we, our, ours, and us refer to Nexstar Broadcasting Group, Inc., and its consolidated subsidiaries. Unless specified, all financial information in this prospectus is information regarding Nexstar Broadcasting Group, Inc. and its consolidated subsidiaries. This prospectus includes specific terms of the New Notes we are offering as well as information regarding our business and detailed financial data. For a more complete understanding of this offering, we encourage you to read this prospectus in its entirety.

We are a television broadcasting and digital media company focused exclusively on the acquisition, development and operation of television stations and interactive community websites in medium-sized markets in the United States, primarily markets that rank from 35 to 150 out of the 210 generally recognized television markets, as reported by The Nielsen Company.

As of June 30, 2013, we owned, operated, programmed or provided sales and other services to 72 television stations and 17 digital multicast channels, including those owned by Mission, in 41 markets in the states of Illinois, Indiana, Maryland, Missouri, Montana, Tennessee, Texas, Pennsylvania, Louisiana, Arkansas, Alabama, New York, Florida, Wisconsin, Michigan, Utah, Vermont and California. In 26 of the 41 markets that we serve, we own, operate, program or provide sales and other services to more than one station. We refer to these markets as duopoly markets. The stations we serve are affiliates of NBC (16 stations), CBS (12 stations), ABC (17 stations), FOX (14 stations), MyNetworkTV (5 stations and 2 digital multicast channels), The CW (6 stations and 2 digital multicast channels), Bounce TV (9 digital multicast channels), Me-TV (2 digital multicast channels), Telemundo (one station), LATV (one digital multicast channel) and one of our stations and one digital multicast channel are independent. The stations reach approximately 13.8 million viewers or 12.10% of all U.S. television households.

On April 24, 2013, Nexstar Broadcasting and Mission entered into a stock purchase agreement to acquire the stock of Communications Corporation of America (CCA) and White Knight Broadcasting (White Knight) for a total consideration of \$270.0 million, subject to adjustments for working capital acquired (the CCA Acquisition). CCA and White Knight are the owners of nineteen television stations in ten markets. Pursuant to the stock purchase agreement, Nexstar Broadcasting has agreed to purchase all the outstanding equity of CCA. In addition, Mission has agreed to purchase all the outstanding equity of White Knight. Nexstar Broadcasting will acquire ten television stations and will enter into local service agreements with independent third parties: Mission, who will acquire seven television stations, and Rocky Creek Communications, Inc. (Rocky Creek), who will acquire two television stations. The transactions are expected to close early in the fourth quarter of 2013, subject to closing conditions, including without limitation, approval of the Federal Communications Commission (FCC) and expiration or termination of any waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act) or other applicable anti-trust laws. There can be no assurance when the closing conditions will be satisfied, if at all. A deposit of \$27.0 million was paid upon signing the stock purchase agreement, which was funded by a combination of borrowings under Nexstar Broadcasting's revolving credit facility and cash on hand. We expect to finance the remaining purchase price through cash generated from operations prior to closing, borrowings under the existing credit facilities and future credit market transactions. The stock purchase agreement includes other customary provisions, including representations and warranties, covenants and indemnification provisions. In addition, On June 28, 2013, Nexstar Broadcasting and Mission entered into amendments to the Senior Secured Credit Facilities (as defined below). The amendments provided commitments for incremental term loan facilities available to Nexstar Broadcasting of \$144.0 million and to Mission of \$90.0 million, subject to reallocation of up to \$18.0 million for the benefit of Rocky Creek, pursuant to the terms of the amended credit agreements. On June 28, 2013, Nexstar Broadcasting

Table of Contents

received initial proceeds of \$50.0 million under its committed incremental term loan facility which was used to repay outstanding revolving loans of \$27.0 million in June 2013 and \$22.0 million in July 2013. We expect the remainder of the commitments to be used by Nexstar Broadcasting, Mission and Rocky Creek to finance the CCA Acquisition.

On September 16, 2013, Nexstar Broadcasting and Mission each entered into definitive agreements to acquire five television stations in four markets for total consideration of \$103.25 million. Under the terms of the purchase agreements, Nexstar Broadcasting will acquire stations in Des Moines, Iowa, Rock Island, Illinois and Sioux City, Iowa from entities related to Citadel Communications, L.P. for \$88 million and began operating the three stations pursuant to a time brokerage agreement on September 16, 2013 (the Citadel Acquisition). The Des Moines station will be acquired pursuant to a stock purchase agreement while the Rock Island and Sioux City station acquisitions are structured as asset purchases. Mission will acquire two stations in Binghamton, New York from Stainless Broadcasting, L.P. for \$15.25 million in a transaction structured as an asset purchase. Completion of these acquisitions is subject to FCC approval and other customary closing conditions and is expected to be completed early in the first quarter of 2014.

Our Relationship with Mission

Through various local service agreements with Mission, we provide sales, programming and other services to 20 television stations that are owned and operated by Mission as of June 30, 2013. Mission is 100% owned by independent third parties. We do not own Mission or any of its television stations. In compliance with FCC regulations for both us and Mission, Mission maintains complete responsibility for and control over programming, finances, personnel and operations of its stations. However, we are deemed under U.S. GAAP to have a controlling financial interest in Mission because of (1) the local service agreements Nexstar has with the Mission stations, (2) Nexstar's guarantee of the obligations incurred under Mission's senior secured credit facility, (3) Nexstar having power over significant activities affecting Mission's economic performance, including budgeting for advertising revenue, advertising sales and hiring and firing of sales force personnel and (4) purchase options granted by Mission that permit Nexstar to acquire the assets and assume the liabilities of each Mission station, subject to FCC consent. The purchase options are freely exercisable or assignable by Nexstar without consent or approval by Mission for consideration equal to the greater of (1) seven times the station's cash flow, as defined in the option agreement, less the amount of its indebtedness, as defined in the option agreement, or (2) the amount of its indebtedness. Additionally, on November 29, 2011, Mission's shareholders granted Nexstar an option to purchase any or all of Mission's stock, subject to FCC consent, for a price equal to the pro rata portion of the greater of (1) five times the station's cash flow, as defined in the agreement, reduced by the amount of indebtedness, as defined in the agreement, or (2) \$100,000. These option agreements (which expire on various dates between 2013 and 2023) are freely exercisable or assignable by Nexstar without consent by Mission or its shareholders. Therefore, Mission is consolidated into Nexstar's financial statements. We expect our option agreements with Mission to be renewed upon expiration.

Background of the Notes

In November 2012, we used the net proceeds of the offering of \$250,000,000 in aggregate principal amount of Old Notes to repurchase Nexstar Broadcasting's then outstanding 7% Senior Subordinated Notes due 2014 and 7% Senior Subordinated PIK Notes due 2014, refinance a portion of Nexstar Broadcasting's borrowings outstanding under its existing senior secured credit facilities and pay related fees and expenses. On October 1, 2013, we used the net proceeds of the offering of \$275,000,000 in aggregate principal amount of Old Notes to repurchase any and all of Nexstar Broadcasting's then outstanding 8.875% Senior Secured Second Lien Notes due 2017 co-issued by Nexstar Broadcasting and Mission (the 2017 Notes). The remainder will be used to fund the Citadel Acquisition and to pay related fees and expenses and for general corporate purposes.

Purpose of the Exchange Offer

On November 9, 2012, Nexstar Broadcasting sold, through a private placement exempt from the registration requirements of the Securities Act, \$250.0 million principal amount of Senior Notes due 2020 and on October 1, 2013, Nexstar Broadcasting sold, through a private placement exempt from the registration requirements of the Securities Act, an additional \$275.0 million principal amount of Senior Notes due 2020, all of which are eligible to be exchanged for New Notes. We refer to these notes as **Old Notes** in this prospectus. The Old Notes are subject to transfer restrictions until we consummate this exchange offer or they are resold under a shelf registration statement.

Simultaneously with both private placements, Nexstar Broadcasting entered into registration rights agreements with the initial purchasers of the Old Notes. Nexstar Broadcasting was required to cause a registration statement for substantially identical Notes, which will be issued in exchange for the Old Notes, to be filed on or prior to 270 days after November 9, 2012 (and such registration statement was initially filed on July 31, 2013). We refer to the Notes to be registered under this exchange offer registration statement as **New Notes** and collectively with the Old Notes, we refer to them as the **Notes** in this prospectus. You may exchange your Old Notes for New Notes in this exchange offer. You should read the discussion under the headings **Summary of the Exchange Offer**, **The Exchange Offer** and **Description of the Notes** for further information regarding the New Notes.

Nexstar Broadcasting did not register the Old Notes under the Securities Act or any state securities law, nor do we intend to after the exchange offer. As a result, the Old Notes may only be transferred in limited circumstances under the securities laws. If the holders of the Old Notes do not exchange their Old Notes in the exchange offer, they lose their right to have the Old Notes registered under the Securities Act, subject to certain limitations. Anyone who still holds Old Notes after the exchange offer may be unable to resell their Old Notes.

This exchange offer is intended to satisfy those exchange and registration rights with respect to the Old Notes. After the exchange offer is complete, you will no longer be entitled to any exchange or registration rights with respect to your Old Notes.

Any Old Notes not accepted by Nexstar Broadcasting for exchange for any reason will be returned to you at our expense as promptly as possible after the expiration or termination of the exchange offer.

Resales

We believe that you can offer for resale, resell and otherwise transfer the New Notes without complying with the registration and prospectus delivery requirements of the Securities Act if:

you acquire the New Notes in the ordinary course of business;

you are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the New Notes;

you are not an affiliate of Nexstar, as defined in Rule 405 of the Securities Act; and

you are not a broker-dealer.

If any of these conditions is not satisfied and you transfer any New Notes without delivering a proper prospectus or without qualifying for a registration exemption, you may incur liability under the Securities Act. Nexstar Broadcasting does not assume or indemnify you against this liability.

Each broker-dealer acquiring New Notes issued for its own account in exchange for Old Notes, which it acquired through market-making activities or other trading activities, must acknowledge that it will deliver a proper prospectus when any New Notes issued in the exchange offer are transferred. A broker-dealer may use this prospectus for an offer to resell, a resale or other retransfer of the New Notes issued in the exchange offer.

Conditions to the Exchange Offer

Nexstar Broadcasting's obligation to accept for exchange, or to issue the New Notes in exchange for, any Old Notes is subject to certain customary conditions relating to compliance with any applicable law, or any applicable interpretation by any staff of the Securities and Exchange Commission, or any order of any governmental agency or court of law. Nexstar Broadcasting currently expects that each of the conditions will be satisfied and that no waivers will be necessary. See The Exchange Offer Conditions to the Exchange Offer.

merge or consolidate with another company or transfer or sell assets;

enter into restrictions affecting the ability of the Issuer's restricted subsidiaries to make distributions, loans or advances to us or other restricted subsidiaries; prepay, redeem or repurchase certain indebtedness; and

These covenants are subject to a number of important limitations and exceptions, which are described under "Description of the Notes—Certain Covenants."

The Notes are a new issue of securities. The Notes generally are freely transferable but are new securities for which there is no established market.

Use of Proceeds

We will not receive any cash proceeds from the issuance of the New Notes. The Old Notes surrendered in exchange for New Notes will be retired and canceled. See "Use of Proceeds."

Risk Factors

In evaluating an investment in the Notes, prospective investors should carefully consider, along with the other information in this prospectus, the specific factors set forth under "Risk Factors" for risks involved with an investment in the Notes.

For more complete information about the Notes, see the "Description of the Notes" section of this prospectus.

Table of Contents

RISK FACTORS

*Any investment in the Notes involves a high degree of risk. You should carefully consider the risks described below and all of the information contained or incorporated by reference in this prospectus before deciding whether to purchase the Notes. The risks and uncertainties described below or incorporated by reference in this prospectus are not the only risks and uncertainties that we face. Additional risks and uncertainties not presently known to us that we currently deem immaterial may also impair our business operations. If any of those risks actually occurs, our business, financial condition and results of operations would suffer. The risks discussed below also include forward-looking statements, and our actual results may differ substantially from those discussed in these forward-looking statements. See *Forward-Looking Statements* in this prospectus.*

Risks Related to the Exchange Offer

Because there is no public market for the New Notes, you may not be able to sell your New Notes.

The New Notes will be registered under the Securities Act of 1933, as amended, or the Securities Act, but will constitute a new issue of securities with no established trading market, and uncertainty exists with regard to:

the liquidity of any trading market that may develop;

the ability of holders to sell their New Notes; or

the price at which the holders would be able to sell their New Notes.

If a trading market were to develop, the New Notes might trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance.

Any market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act, and may be limited during the exchange offer or the pendency of an applicable shelf registration statement. An active trading market might not exist for the New Notes and any trading market that does develop might not be liquid.

In addition, any holder of Old Notes who tenders in the exchange offer for the purpose of participating in a distribution of the New Notes may be deemed to have received restricted securities, and if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

The market for non-investment grade debt historically has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Notes. The market for the Notes, if any, may be subject to similar disruptions that could adversely affect their value. In addition, subsequent to their initial issuance, the Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar Notes, Nexstar Broadcasting's performance and other factors.

Your Old Notes will not be accepted for exchange if you fail to follow the exchange offer procedures.

Nexstar Broadcasting will issue New Notes pursuant to this exchange offer only after a timely receipt of your Old Notes (including timely notation in book-entry form). Therefore, if you want to tender your Old Notes, please allow sufficient time to ensure timely delivery. If Nexstar Broadcasting does not receive your Old Notes, by the expiration date of the exchange offer, Nexstar Broadcasting will not accept your Old Notes for exchange. Nexstar Broadcasting is under no duty to give notification of defects or irregularities with respect to the tenders of Old Notes for exchange. If there are defects or irregularities with respect to your tender of Old Notes, Nexstar Broadcasting will not accept your Old Notes for exchange.

Table of Contents

If you do not exchange your Old Notes, your Old Notes will continue to be subject to the existing transfer restrictions and you may be unable to sell your Old Notes.

Nexstar Broadcasting did not register the Old Notes, nor does Nexstar Broadcasting intend to do so following the exchange offer. The Old Notes that are not tendered will, therefore, continue to be subject to the existing transfer restrictions and may be transferred only in limited circumstances under the securities laws. If you do not exchange your Old Notes, you will be subject to existing transfer restrictions. As a result, if you hold Old Notes after the exchange offer, you may be unable to sell your Old Notes. If a large number of outstanding Old Notes are exchanged for New Notes issued in the exchange offer, it may be difficult for holders of outstanding Old Notes that are not exchanged in the exchange offer to sell their Old Notes, since those Old Notes may not be offered or sold unless they are registered or there are exemptions from registration requirements under the Securities Act or state laws that apply to them. In addition, if there are only a small number of Old Notes outstanding, there may not be a very liquid market in those Old Notes. There may be few investors that will purchase unregistered securities in which there is not a liquid market.

If you exchange your Old Notes, you may not be able to resell the New Notes you receive in the exchange offer without registering them and delivering a prospectus.

You may not be able to resell New Notes you receive in the exchange offer without registering those New Notes or delivering a prospectus. Based on interpretations by the SEC in no-action letters, Nexstar Broadcasting believes, with respect to New Notes issued in the exchange offer, that:

holders who are not affiliates of Nexstar within the meaning of Rule 405 of the Securities Act;

holders who acquire their New Notes in the ordinary course of business;

holders who do not engage in, intend to engage in, or have arrangements to participate in a distribution (within the meaning of the Securities Act) of the New Notes; and

holders who are not broker-dealers do not have to comply with the registration and prospectus delivery requirements of the Securities Act.

Holders described in the preceding sentence must tell us in writing at our request that they meet these criteria. Holders that do not meet these criteria could not rely on interpretations of the SEC in no-action letters, and would have to register the New Notes they receive in the exchange offer and deliver a prospectus for them. In addition, holders that are broker-dealers may be deemed underwriters within the meaning of the Securities Act in connection with any resale of New Notes acquired in the exchange offer. Holders that are broker-dealers must acknowledge that they acquired their outstanding New Notes in market-making activities or other trading activities and must deliver a prospectus when they resell New Notes they acquire in the exchange offer in order not to be deemed an underwriter.

Risks Related to the Notes

Our substantial indebtedness could adversely affect our financial condition and prevent us from fulfilling our obligations under the Notes.

We have a significant amount of indebtedness. As of June 30, 2013 Nexstar and Mission have total indebtedness of approximately \$994.3 million, excluding \$257.0 million of unused commitments under the Senior Secured Credit Facilities.

Our substantial indebtedness could have important consequences to the holders of the Notes, including:

making it more difficult for us to satisfy our obligations with respect to the Notes and our other indebtedness;

limiting our ability to obtain additional financing to fund future working capital, capital expenditures, acquisitions or other general corporate requirements;

Table of Contents

requiring a substantial portion of our cash flows to be dedicated to debt service payments instead of other purposes, thereby reducing the amount of cash flows available for working capital, capital expenditures, acquisitions and other general corporate purposes;

increasing our vulnerability to adverse changes in general economic, industry and competitive conditions;

exposing us to the risk of increased interest rates because certain of our borrowings, including borrowings under our credit facilities are or will be at variable rates of interest;

limiting our flexibility in planning for and reacting to changes in the industry in which we compete;

placing us at a disadvantage compared to other, less leveraged competitors; and

increasing our cost of borrowing.

In addition, the terms of the Notes and the Senior Secured Credit Facilities contain restrictive covenants that limit our ability to engage in activities that may be in our long-term best interest. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of substantially all of our indebtedness.

Despite our current level of indebtedness, we may still be able to incur substantially more indebtedness. This could further exacerbate the risks to our financial condition described above and prevent Nexstar Broadcasting from fulfilling its obligations under the Notes.

We may be able to incur significant additional indebtedness in the future. Although the terms of the Notes and the credit agreements that govern the Senior Secured Credit Facilities include restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and the additional indebtedness incurred in compliance with these restrictions could be substantial. If we incur any additional indebtedness that ranks equally with the Notes, the holders of that debt will be entitled to share ratably with you in any proceeds distributed in connection with our insolvency, liquidation, reorganization, dissolution or other winding up as a company. This may have the effect of reducing the amount of proceeds paid to you. These restrictions also will not prevent us from incurring obligations that do not constitute indebtedness. In addition, the Revolving Credit Facility provides commitments of up to \$105 million in the aggregate. All of those borrowings would be secured indebtedness. If new indebtedness is added to our current indebtedness levels, the related risks that we now face could intensify. See Description of the Notes.

We may not be able to generate sufficient cash to service all of our indebtedness, including the Notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations, including the Notes, depends on our financial condition and results of operations, which in turn are subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the Notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we could face substantial liquidity problems and may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the Notes. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indenture that governs the Notes restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely

Table of Contents

basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness. In the absence of such cash flows and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. The terms of the Notes and the credit facilities restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. See Description of the Notes.

Our inability to generate sufficient cash flows to satisfy our debt obligations, or to refinance our indebtedness on commercially reasonable terms or at all, would materially and adversely affect our financial position and results of operations and our ability to satisfy our obligations under the Notes.

If we cannot make scheduled payments on our indebtedness, we will be in default and holders of the Notes could declare all outstanding principal and interest to be due and payable, the lenders under the credit facilities, as applicable, could terminate their commitments to loan money, our secured lenders could foreclose against the assets securing their borrowings and we could be forced into bankruptcy or liquidation. All of these events could result in your losing your entire investment in the Notes.

The terms of the Notes and the Senior Secured Credit Facilities restrict our current and future operations, particularly our ability to respond to changes or to take certain actions.

The terms of the Notes and the Senior Secured Credit Facilities include a number of restrictive covenants that impose significant operating and financial restrictions on us and may limit our ability to engage in acts that may be in our long-term best interest, including, among other things, restrictions on our ability to:

incur additional indebtedness and guarantee indebtedness;

pay dividends or make other distributions in respect of, or repurchase or redeem, capital stock;

prepay, redeem or repurchase certain indebtedness;

make loans and investments;

sell or otherwise dispose of assets;

incur liens;

enter into transactions with affiliates;

alter the businesses we conduct;

enter into agreements restricting our subsidiaries' ability to pay dividends; and

consolidate, merge or sell all or substantially all of our assets.

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

The covenants in the indenture that governs the Notes are subject to important exceptions and qualifications, which are described under Description of the Notes.

In addition, the restrictive covenants in the terms of the Senior Secured Credit Facilities require us to maintain specified financial ratios and satisfy other financial condition tests. Our ability to meet those financial ratios and tests can be affected by events beyond our control, and we may not be able to meet them.

These restrictive covenants could adversely affect our ability to:

finance our operations;

make needed capital expenditures;

make strategic acquisitions or investments or enter into joint ventures;

withstand a future downturn in our business, the industry or the economy in general;

Table of Contents

engage in business activities, including future opportunities, that may be in our best interest; and

plan for or react to market conditions or otherwise execute our business strategies.

These restrictions may affect our ability to grow in accordance with our plans.

A breach of the covenants under the terms of the Notes, the 2017 Notes or the Senior Secured Credit Facilities could result in an event of default under the applicable indebtedness. Such a default may allow the creditors to accelerate the related indebtedness and may result in the acceleration of any other indebtedness to which a cross-acceleration or cross-default provision applies. In addition, an event of default under the terms of the credit facilities could permit the lenders to terminate all commitments to extend further credit under such facilities. Furthermore, if we were unable to repay the amounts due and payable under the Senior Secured Credit Facilities, those respective parties could proceed against the collateral granted to them to secure that indebtedness. In the event our lenders or noteholders accelerate the repayment of our borrowings, we and our guarantors may not have sufficient assets to repay that indebtedness.

The Notes will be effectively subordinated to our indebtedness under the 2017 Notes, the Senior Secured Credit Facilities and our other secured indebtedness to the extent of the value of the assets securing that indebtedness.

The Notes will not be secured by any of our assets. As a result, the Notes and the guarantees will be effectively subordinated to the indebtedness under the Senior Secured Credit Facilities to the extent of the value of the assets that secure that indebtedness. As of June 30, 2013 Nexstar and Mission have approximately \$424.4 million of indebtedness under the Senior Secured Credit Facilities and approximately \$319.9 million of indebtedness under the 2017 Notes, all of which are effectively senior to the Notes, and approximately \$257.0 million of additional borrowing capacity under the Senior Secured Credit Facilities. The effect of this subordination is that upon a default in payment on, or the acceleration of, any of our secured indebtedness, or in the event of bankruptcy, insolvency, liquidation, dissolution or reorganization of our company, the proceeds from the sale of assets securing our secured indebtedness will be available to pay obligations on the Notes only after all indebtedness under the Senior Secured Credit Facilities, the 2017 Notes and any other secured indebtedness has been paid in full. As a result, the holders of the Notes may receive less, ratably, than the holders of secured indebtedness in the event of our or any of the guarantors' bankruptcy, insolvency, liquidation, dissolution or reorganization.

Nexstar Broadcasting may not be able to repurchase the Notes upon a change of control.

Upon the occurrence of specific kinds of change of control events along with a downgrade of the rating of the Notes by one or more rating agencies that is attributable to such change of control when the Notes are not investment grade, Nexstar Broadcasting will be required to offer to repurchase all outstanding Notes at 101% of their principal amount, together with accrued and unpaid interest, if any, to the purchase date. Additionally, under the terms of the credit facilities, a change of control may constitute an event of default that permits the lenders to accelerate the maturity of borrowings under the respective agreements and terminate their commitments to lend. The source of funds for any purchase of the Notes and the 2017 Notes and repayment of borrowings under the credit facilities would be our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. Nexstar Broadcasting may not be able to repurchase the Notes upon a change of control because we may not have sufficient financial resources to purchase all of the debt securities that are tendered upon a change of control and repay our other indebtedness that will become due. We may require additional financing from third parties to fund any such purchases, and we may be unable to obtain financing on satisfactory terms or at all. Further, Nexstar Broadcasting's ability to repurchase the Notes may be limited by law. In order to avoid the obligations to repurchase the Notes and events of default and potential breaches of the terms of the credit facilities, we may have to avoid certain change of control transactions that would otherwise be beneficial to us.

Table of Contents

In addition, some important corporate events, such as leveraged recapitalizations, may not, under the indenture that governs the Notes, constitute a change of control that would require us to repurchase the Notes, even though those corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings, financial condition or the value of the Notes. See Description of the Notes Repurchase at the Option of Holders Change of Control.

Federal and state fraudulent transfer laws may permit a court to void the Notes or the guarantees, and if that occurs, you may not receive any payments on the Notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the Notes and the incurrence of the guarantees of the Notes. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the Notes or the guarantees thereof could be voided as a fraudulent transfer or conveyance if the issuer or a guarantor, as applicable, (i) issued the Notes or incurred its guarantee with the intent of hindering, delaying or defrauding creditors or (ii) received less than reasonably equivalent value or fair consideration in return for either issuing the Notes or incurring the guarantee and, in the case of (ii) only, one of the following is also true at the time thereof:

the issuer or such guarantor, as applicable, was insolvent or rendered insolvent by reason of the issuance of the Notes or the incurrence of its guarantees;

the issuance of the Notes or the incurrence of its guarantees left the issuer or such guarantor, as applicable, with an unreasonably small amount of capital or assets to carry on the business;

the issuer or such guarantor intended to, or believed that it would, incur indebtedness beyond its ability to pay as they mature; or

the issuer or such guarantor was a defendant in an action for money damages, or had a judgment for money damages docketed against it if, in either case, the judgment is unsatisfied after final judgment.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is secured or satisfied. A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee to the extent the guarantor did not obtain a reasonably equivalent benefit directly or indirectly from the issuance of the Notes.

We cannot be certain as to the standards a court would use to determine whether or not the issuer or a guarantor was insolvent at the relevant time or, regardless of the standard that a court uses, whether the Notes or the guarantees would be subordinated to other indebtedness. In general, however, a court would deem an entity insolvent if:

the sum of its indebtedness, including contingent and unliquidated liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing indebtedness, including contingent liabilities, as they become absolute and mature; or

it could not pay its indebtedness as they became due.

If a court were to find that the issuance of the Notes or the incurrence of a guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the Notes or that guarantee, could subordinate the Notes or that guarantee to presently existing and future indebtedness of the issuer or of the relevant guarantor or could require the holders of the Notes to repay any amounts received with respect to the Notes or that guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

Notes. Further, the avoidance of the Notes could result in an event of default with respect to our and our subsidiaries' other indebtedness that could result in acceleration of that indebtedness.

Table of Contents

Finally, as a court of equity, the bankruptcy court may subordinate the claims in respect of the Notes to other claims against us under the principle of equitable subordination if the court determines that (i) the holder of Notes engaged in some type of inequitable conduct, (ii) the inequitable conduct resulted in injury to our other creditors or conferred an unfair advantage upon the holders of Notes and (iii) equitable subordination is not inconsistent with the provisions of the United States Bankruptcy Code.

Your ability to transfer the Notes may be limited by the absence of an active trading market, and an active trading market may not develop for the Notes.

The Notes will be a new issue of securities for which there is no established trading market. We do not intend to list the Notes or any exchange Notes on any national securities exchange or include the Notes or any exchange Notes in any automated quotation system.

Therefore, an active market for the Notes may not develop or be maintained, which would adversely affect the market price and liquidity of the Notes. In that case, the holders of the Notes may not be able to sell their Notes at a particular time or at a favorable price.

Even if an active trading market for the Notes does develop, there is no guarantee that it will continue. Historically, the market for non-investment grade debt has been subject to severe disruptions that have caused substantial volatility in the prices of securities similar to the Notes. The market, if any, for the Notes may experience similar disruptions, and any such disruptions may adversely affect the liquidity in that market or the prices at which you may sell your Notes. In addition, subsequent to their initial issuance, the Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar Notes, our performance and other factors.

A lowering or withdrawal of the ratings assigned to Nexstar Broadcasting's debt securities by rating agencies may increase Nexstar Broadcasting's future borrowing costs and reduce our access to capital.

Nexstar Broadcasting's debt will have a non-investment grade rating, and any rating assigned could be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes, so warrant. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Notes. Credit ratings are not recommendations to purchase, hold or sell the Notes. Additionally, credit ratings may not reflect the potential effect of risks relating to the structure or marketing of the Notes. Any downgrade by either Standard & Poor's Rating's Group (Standard & Poor's) or Moody's Investor Service, Inc. (Moody's) would increase the interest rate on the credit facilities, decrease our earnings and may result in higher borrowing costs.

Any future lowering of our ratings likely would make it more difficult or more expensive for us to obtain additional debt financing. If any credit rating initially assigned to the Notes is subsequently lowered or withdrawn for any reason, you may not be able to resell your Notes at a favorable price or at all.

Many of the covenants in the indenture that governs the Notes will not apply during any period in which the Notes are rated investment grade by both Moody's and Standard & Poor's.

Many of the covenants in the indenture that will govern the Notes will not apply to us during any period in which the Notes are rated investment grade by both Moody's and Standard & Poor's, provided at such time no default or event of default has occurred and is continuing. These covenants restrict, among other things, our ability to pay distributions, incur indebtedness and enter into certain other transactions. There can be no assurance that the Notes will ever be rated investment grade, or that if they are rated investment grade, that the Notes will maintain these ratings. However, suspension of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. To the extent the covenants are subsequently reinstated, any such actions taken while the covenants were suspended would not result in an event of default under the indenture that governs the Notes. See Description of the Notes Certain Covenants Suspension of Covenants on Achievement of Investment Grade Status.

Procedures For Brokers And Custodian Banks; DTC Account

In order to accept this exchange offer on behalf of a holder of Old Notes you must submit or cause your DTC participant to submit an Agent's Message as described below.

The exchange agent, on Nexstar Broadcasting's behalf, will seek to establish an Automated Tender Offer Program (ATOP) account with respect to the outstanding notes at DTC promptly after the delivery of this prospectus. Any financial institution that is a DTC participant, including your broker or bank, may make book-entry tender of outstanding Old Notes by causing the book-entry transfer of such notes into our ATOP account in accordance with DTC's procedures for such transfers. Concurrently with the delivery of Old Notes, an Agent's Message in connection with such book-entry transfer must be transmitted by DTC to, and received by, the exchange agent on or prior to 5:00 p.m., New York City Time on the expiration date. The confirmation of a book-entry transfer into the ATOP account as described above is referred to herein as a Book-Entry Confirmation.

The term Agent's Message means a message transmitted by the DTC participants to DTC, and thereafter transmitted by DTC to the exchange agent, forming a part of the Book-Entry Confirmation which states that DTC has received an express acknowledgment from the participant in DTC described in such Agent's Message stating that such participant and beneficial holder agree to be bound by the terms of this exchange offer.

Each Agent's Message must include the following information:

- (1) Name of the beneficial owner tendering such notes;
- (2) Account number of the beneficial owner tendering such notes; and
- (3) Principal amount of notes tendered by such beneficial owner.

BY SENDING AN AGENT'S MESSAGE THE DTC PARTICIPANT IS DEEMED TO HAVE CERTIFIED THAT THE BENEFICIAL HOLDER FOR WHOM NOTES ARE BEING TENDERED HAS BEEN PROVIDED WITH A COPY OF THIS PROSPECTUS.

The delivery of notes through DTC, and any transmission of an Agent's Message through ATOP, is at the election and risk of the person tendering notes. Nexstar Broadcasting will ask the exchange agent to instruct DTC to return those Old Notes, if any, that were tendered through ATOP but were not accepted by us, to the DTC participant that tendered such notes on behalf of holders of the notes. Neither Nexstar Broadcasting nor the exchange agent is responsible or liable for the return of such notes to the tendering DTC participants or to their owners, nor as to the time by which such return is completed.

- (1) specify the name of the person that tendered the Old Notes to be withdrawn;
- (2) identify the Old Notes to be withdrawn, including the CUSIP number and principal amount at maturity of the Old Notes; and
- (3) specify the name and number of an account at The Depository Trust Company to which your withdrawn Old Notes can be credited.

Nexstar Broadcasting will decide all questions as to the validity, form and eligibility of the notices and Nexstar Broadcasting's determination will be final and binding on all parties. Any tendered Old Notes that you withdraw will not be considered to have been validly tendered. Nexstar Broadcasting will return any outstanding Old Notes that have been tendered but not exchanged, or credit them to The Depository Trust Company account, promptly after withdrawal, rejection of tender, or termination of the exchange offer. You may re-tender properly withdrawn Old Notes by following one of the procedures described above before the expiration date.

Conditions To The Exchange Offer

Notwithstanding any other provision herein, we are not required to accept for exchange, or to issue New Notes in exchange for, any outstanding Old Notes. Nexstar Broadcasting may terminate or amend the exchange offer, before the expiration of the exchange offer;

- (1) if any federal law, statute, rule or regulation has been adopted or enacted which, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer;
- (2) if any stop order is threatened or in effect with respect to the registration statement which this prospectus is a part of or the qualification of the indenture under the Trust Indenture Act of 1939; or
- (3) if there is a change in the current interpretation by the staff of the SEC which permits holders who have made the required representations to us to resell, offer for resale, or otherwise transfer New Notes issued in the exchange offer without registration of the New Notes and delivery of a prospectus, as discussed above.

Table of Contents

These conditions are for our sole benefit and we may assert them at any time before the expiration of the exchange offer. Our failure to exercise any of the foregoing rights will not be a waiver of our rights.

Exchange Agent

You should direct questions, requests for assistance, and requests for additional copies of this prospectus and the BLUE- colored Letter of Elections and Instructions to Brokers or Bank to the exchange agent at The Bank of New York Mellon c/o The Bank of New York Mellon Corporation, Corporate Trust Operations Reorganization Unit, 111 Sanders Creek Parkway, East Syracuse, NY 13057, attention: Christopher Landers, (telephone) (315) 414-3362, and (facsimile) (732) 667-9408.

Delivery to an address other than set forth above will not constitute a valid delivery.

Fees And Expenses

Nexstar Broadcasting will not make any payment to brokers, dealers, or others soliciting acceptances of the exchange offer except for reimbursement of mailing expenses.

Nexstar Broadcasting will pay the estimated cash expenses connected with the exchange offer.

Accounting Treatment

The New Notes will be recorded at the same carrying value as the existing Old Notes, as reflected in Nexstar Broadcasting's accounting records on the date of exchange. Accordingly, Nexstar Broadcasting will recognize no gain or loss for accounting purposes. The expenses incurred in connection with the exchange offer will be expensed as incurred.

Transfer Taxes

If you tender outstanding Old Notes for exchange you will not be obligated to pay any transfer taxes. However, if you instruct us to register New Notes in the name of, or request that your Old Notes not tendered or not accepted in the exchange offer be returned to, a person other than you, you will be responsible for paying any transfer tax owed.

YOU MAY SUFFER ADVERSE CONSEQUENCES IF YOU FAIL TO EXCHANGE OUTSTANDING OLD NOTES

If you do not tender your outstanding Old Notes, you will not have any further registration rights, except for the rights described in the registration rights agreement and described above, and your Old Notes will continue to be subject to restrictions on transfer when we complete the exchange offer. Accordingly, if you do not tender your notes in the exchange offer, your ability to sell your Old Notes could be adversely affected. Once Nexstar Broadcasting has completed the exchange offer, holders who have not tendered notes will not continue to be entitled to any increase in interest rate that the indenture provides for if Nexstar Broadcasting does not complete the exchange offer.

Holders of the New Notes issued in the exchange offer and Old Notes that are not tendered in the exchange offer will vote together as a single class under the indenture governing the New Notes.

Consequences Of Exchanging Outstanding Old Notes

If you make the representations that are discussed above, Nexstar Broadcasting believes that you may offer, sell or otherwise transfer the New Notes to another party without registration of your notes or delivery of a prospectus.

Table of Contents

Nexstar Broadcasting bases its belief on interpretations by the staff of the SEC in no-action letters issued to third parties. If you cannot make these representations, you cannot rely on this interpretation by the SEC's staff and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the Old Notes. A broker-dealer that receives New Notes for its own account in exchange for its outstanding Old Notes must acknowledge that it acquired as a result of market making activities or other trading activities and that it will deliver a prospectus in connection with any resale of the New Notes. Broker-dealers who can make these representations may use this exchange offer prospectus, as supplemented or amended, in connection with resales of New Notes issued in the exchange offer.

However, because the SEC has not issued a no-action letter in connection with this exchange offer, Nexstar Broadcasting cannot be sure that the staff of the SEC would make a similar determination regarding the exchange offer as it has made in similar circumstances.

Shelf Registration

The registration rights agreement also requires that Nexstar Broadcasting file a shelf registration statement if:

- (1) Nexstar Broadcasting cannot file a registration statement for the exchange offer because the exchange offer is not permitted by law;
- (2) a law or SEC policy prohibits a holder from participating in the exchange offer;
- (3) a holder cannot resell the New Notes it acquires in the exchange offer without delivering a prospectus and this prospectus is not appropriate or available for resales by the holder; or
- (4) a holder is a broker-dealer and holds notes acquired directly from us or one of our affiliates.

Nexstar Broadcasting will also register the New Notes under the securities laws of jurisdictions that holders may request before offering or selling notes in a public offering. Nexstar Broadcasting does not intend to register New Notes in any jurisdiction unless a holder requests that we do so.

Old Notes may be subject to restrictions on transfer until:

- (1) a person other than a broker-dealer has exchanged the Old Notes in the exchange offer;
- (2) a broker-dealer has exchanged the Old Notes in the exchange offer and sells them to a purchaser that receives a prospectus from the broker, dealer on or before the sale;
- (3) the Old Notes are sold under an effective shelf registration statement that we have filed; or
- (4) the Old Notes are sold to the public under Rule 144 of the Securities Act.

DESCRIPTION OF THE NOTES

The following is a description of the 6.875% senior notes due 2020 (the *Notes*). In this Description of the Notes, the term *Company* , *we* , *us* and *our* refers only to Nexstar Broadcasting, Inc. and not to any of its Subsidiaries.

The Company will issue the Notes under the indenture dated November 9, 2012 among the Company, Nexstar Broadcasting Group, Inc., the Company's ultimate parent, the Guarantors and The Bank of New York Mellon, as trustee (the *Trustee*). The terms of the Notes include those stated in the indenture and, except as specified below, those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*). The Notes are subject to all such terms pursuant to the provisions of the indenture, and Holders of the Notes are referred to the indenture and the Trust Indenture Act for a statement thereof.

The following is a summary of the material provisions of the indenture. Because this is a summary, it may not contain all the information that is important to you. You should read the indenture in its entirety. A copy of the indenture is available as described under [Where You Can Find More Information](#) . You can find the definitions of certain terms used in this description under [Certain Definitions](#) .

Brief Description of the Notes and the Note Guarantees

The Notes will be:

general, unsecured, senior obligations of the Company;

pari passu in right of payment with any existing and future senior Indebtedness (including the Credit Agreements and the 2017 Notes) of the Company;

effectively subordinated to all Secured Indebtedness of the Company (including the Credit Agreements and the 2017 Notes) to the extent of the value of the assets securing such Indebtedness;

senior in right of payment to any future Subordinated Indebtedness of the Company;

guaranteed on a senior unsecured basis by each Guarantor; and

structurally subordinated to any existing and future Indebtedness and other liabilities, including preferred stock, of Non-Guarantors. The indenture and the Notes will be, jointly and severally, unconditionally guaranteed on a senior unsecured basis by all of the Guarantors. See the section entitled [Guarantees](#) .

Each Note Guarantee (as defined below) will be:

a general unsecured senior obligation of each Guarantor;

pari passu in right of payment with any existing and future senior Indebtedness (including the Credit Agreements and the 2017 Notes) of the Guarantors;

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

effectively subordinated to all Secured Indebtedness of the Guarantors (including the Credit Agreements and the 2017 Notes) to the extent of the value of the assets securing such Indebtedness; and

senior in right of payment to any future Subordinated Indebtedness of the Guarantor.

Principal, Maturity and Interest

The Notes will be issued in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof. The rights of Holders of beneficial interests in the Notes to receive the payments on such Notes are

Table of Contents

subject to applicable procedures of The Depository Trust Company (*DTC*). If the due date for any payment in respect of any Notes is not a Business Day at the place at which such payment is due to be paid, the Holder thereof will not be entitled to payment of the amount due until the next succeeding Business Day at such place, and will not be entitled to any further interest or other payment as a result of any such delay.

The Notes will be issued in an aggregate principal amount of \$525.0 million. The Notes will mature on November 15, 2020. Interest on the Notes will accrue at the rate per annum set forth on the cover of this prospectus and will be payable, in cash, semi-annually in arrears on May 15 and November 15 of each year, commencing on May 15, 2013, to Holders of record on the immediately preceding May 1 and November 1, respectively. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of original issuance. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. Each interest period will end on (but not include) the relevant interest payment date.

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. See Exchange Offer; Registration Rights.

Additional Notes

Additional Notes

The indenture provides for the issuance of additional notes having identical terms and conditions to the Notes offered hereby, subject to compliance with the covenants contained in the indenture (*Additional Notes*). To the extent required by applicable tax regulations, Additional Notes that are issued with a certain amount of original issue discount may not trade fungibly with the Notes, may trade under a separate CUSIP number and may be treated as a separate class for purposes of transfer and exchange. However, the Notes and such Additional Notes will be treated as a single class under the indenture for all other purposes, including, without limitation, waivers, amendments, redemptions and offers to purchase.

Payments

Principal of, and premium, if any, and interest and Additional Interest, if any, on the Notes will be payable at the office or agency of the Company maintained for such purpose or, at the option of the paying agent, payment of interest and Additional Interest, if any, may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders provided that all payments of principal, premium, if any, interest and Additional Interest, if any, with respect to Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Company, the Company's office or agency will be the office of the Trustee maintained for such purpose.

Guarantees

The Company has no Subsidiaries as of the Issue Date. The obligations of the Company under the Notes and the indenture will initially be, jointly and severally, unconditionally guaranteed on a senior unsecured basis (the *Note Guarantees*) by the Mission Entities. The Notes will be also be guaranteed by Parent. However, Parent is not considered a Guarantor for any purpose under the indenture and is not be subject to the indenture.

In addition, if the Company or any of its Restricted Subsidiaries acquires or creates a Wholly Owned Domestic Subsidiary after the Issue Date, which Subsidiary guarantees the Credit Agreements, the Company will cause such new Subsidiary to provide a Note Guarantee.

Each Note Guarantee will be limited to the maximum amount that would not render the Guarantor's obligations subject to avoidance under applicable fraudulent conveyance provisions of the United States

Table of Contents

Bankruptcy Code or any comparable provision of foreign or state law to comply with corporate benefit, financial assistance and other laws. By virtue of this limitation, a Guarantor's obligation under its Note Guarantee could be significantly less than amounts payable with respect to the Notes, or a Guarantor may have effectively no obligation under its Note Guarantee. See Risk Factors Risks Related to the Notes.

The Note Guarantee of a Guarantor will terminate upon:

- (1) a sale or other disposition (including by way of consolidation or merger) of the Capital Stock of such Guarantor after which such Guarantor is not a Restricted Subsidiary or the sale or disposition of all or substantially all the assets of the Guarantor (other than to the Company or a Restricted Subsidiary) otherwise permitted by the indenture;
- (2) the designation in accordance with the indenture of the Guarantor as an Unrestricted Subsidiary or the occurrence of any event after which the Guarantor is no longer a Restricted Subsidiary;
- (3) defeasance or discharge of the Notes, as provided in Defeasance and Satisfaction and Discharge;
- (4) to the extent that such Guarantor is not an Immaterial Subsidiary solely due to the operation of clause (i) of the definition of Immaterial Subsidiary, upon the release of the guarantee referred to in such clause;
- (5) to the extent such Guarantor is also a guarantor or borrower under the Credit Agreements as in effect on the Issue Date and, at the time of release of its Guarantee, (x) has been released from its guarantee of, and all pledges and security, if any, granted in connection with the Credit Agreements (except a release by or as a result of a payment thereon), (y) is not an obligor under any Indebtedness (other than Indebtedness permitted to be incurred pursuant to clause (4) of the second paragraph of the covenant described under Certain Covenants Limitation on Indebtedness) and (z) does not guarantee any Indebtedness of the Company or any of the other Guarantors; or
- (6) upon the achievement of Investment Grade Status by the Notes; *provided* that such Note Guarantee shall be reinstated upon the Reversion Date.

As of the date of the indenture, neither the Company nor Mission has any Subsidiaries. Claims of creditors of non-guarantor Subsidiaries, including trade creditors, secured creditors and creditors holding debt and guarantees issued by those Subsidiaries, and claims of preferred and minority stockholders (if any) of those Subsidiaries and claims against joint ventures generally will have priority with respect to the assets and earnings of those Subsidiaries and joint ventures over the claims of creditors of the Company, including Holders of the Notes. The Notes and each Note Guarantee therefore will be effectively subordinated to creditors (including trade creditors) and preferred and minority stockholders (if any) of Subsidiaries of the Company (other than the Guarantors) and joint ventures. Although the indenture limits the incurrence of Indebtedness, Disqualified Stock and Preferred Stock of Restricted Subsidiaries, the limitation is subject to a number of significant exceptions. Moreover, the indenture does not impose any limitation on the incurrence by Restricted Subsidiaries of liabilities that are not considered Indebtedness, Disqualified Stock or Preferred Stock under the indenture. See Certain Covenants Limitation on Indebtedness.

Optional Redemption

Except as set forth in the next three paragraphs, the Notes are not redeemable at the option of the Company.

At any time prior to November 15, 2015, the Company may redeem the Notes in whole or in part, at its option, upon not less than 30 nor more than 60 days' prior notice at a redemption price equal to 100% of the principal amount of such Notes plus the relevant Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the redemption date.

Table of Contents

At any time and from time to time on or after November 15, 2015, the Company may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' notice at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest, if any, on the Notes redeemed, to the applicable date of redemption, if redeemed during the twelve-month period beginning on November 15 of the year indicated below:

Year	Percentage
2015	105.156%
2016	103.438%
2017	101.719%
2018 and thereafter	100.000%

At any time and from time to time prior to November 15, 2015, the Company may redeem Notes with the net cash proceeds received by the Company from any Equity Offering at a redemption price equal to 106.875% plus accrued and unpaid interest to the redemption date, in an aggregate principal amount for all such redemptions not to exceed 35% of the original aggregate principal amount of the Notes (including Additional Notes), *provided that*

- (1) in each case the redemption takes place not later than 90 days after the closing of the related Equity Offering; and
- (2) not less than 65% of the original aggregate principal amount of the Notes issued under the indenture (including any Additional Notes) remains outstanding immediately thereafter (excluding Notes held by the Company, any of its Restricted Subsidiaries or the Mission Entities).

Notice of redemption will be provided as set forth under "Selection and Notice" below.

Any redemption and notice of redemption may, at the Company's discretion, be subject to the satisfaction of one or more conditions precedent (including, in the case of a redemption related to an Equity Offering, the consummation of such Equity Offering).

If the optional redemption date is on or after an interest record date and on or before the related interest payment date, the accrued and unpaid interest will be paid to the Person in whose name the Note is registered at the close of business on such record date, and no additional interest will be payable to Holders whose Notes will be subject to redemption by the Company.

Unless the Company defaults in the payment of the redemption price, interest will cease to accrue on the Notes or portions thereof called for redemption on the applicable redemption date.

Sinking Fund

The Company is not required to make mandatory redemption payments or sinking fund payments with respect to the Notes. However, under certain circumstances, the Company may be required to offer to purchase Notes as described under the captions "Change of Control," and "Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock." The Company may at any time and from time to time purchase Notes in the open market, in a privately negotiated transaction, through tender or exchange offer or otherwise.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the Trustee will select the Notes for redemption in compliance with the requirements of the principal securities exchange, if any, on which the Notes are listed, as certified to the Trustee by the Company, and in compliance with the requirements of DTC, or if the Notes are not so listed or such exchange prescribes no method of selection and the Notes are not held through DTC or DTC prescribes no method of selection, on a pro rata basis; *provided, however*, that no Note of \$2,000 in aggregate principal amount or less shall be redeemed in part.

Table of Contents

Notices of redemption will be delivered electronically or mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder to be redeemed at the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC, except that redemption notices may be delivered electronically or mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the indenture.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed, in which case a portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. In the case of a Global Note, an appropriate notation will be made on such Note to decrease the principal amount thereof to an amount equal to the unredeemed portion thereof. Subject to the terms of the applicable redemption notice (including any conditions contained therein), Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, unless the Company defaults in the payment of the redemption price, interest ceases to accrue on Notes or portions of them called for redemption.

Change of Control

The indenture provides that if a Change of Control Repurchase Event occurs, unless the Company has previously or concurrently delivered a redemption notice (that may only be conditional upon the occurrence of such Change of Control Repurchase Event) with respect to all the outstanding Notes as described under *Optional Redemption*, the Company will make an offer to purchase all of the Notes (the *Change of Control Offer*) at a price in cash equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to but excluding the date of repurchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control Repurchase Event, the Company will deliver notice of such Change of Control Offer electronically or by first-class mail, with a copy to the Trustee, to each Holder of Notes at the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC, describing the transaction or transactions that constitute the Change of Control Repurchase Event and offering to repurchase the Notes for the specified purchase price on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is delivered, pursuant to the procedures required by the indenture and described in such notice.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the indenture by virtue thereof.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the Holders of the Notes to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

We expect that the Credit Agreements will, and future credit agreements or other agreements to which the Company becomes a party may, provide that certain change of control events with respect to the Company would constitute a default thereunder (including a Change of Control under the indenture) and prohibit or limit the Company from purchasing any Notes pursuant to this covenant. In the event the Company is prohibited from purchasing the Notes, the Company could seek the consent of its lenders to the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Company does not obtain such consent or repay such borrowings, they will remain prohibited from purchasing the Notes. In such case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the indenture.

Table of Contents

Our ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases. The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future.

Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under Certain Covenants Limitation on Indebtedness and Certain Covenants Limitation on Liens. Such restrictions in the indenture can be waived only with the consent of the Holders of a majority in aggregate principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the indenture does contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Company will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Company, or any third party making a Change of Control Offer in lieu of the Company as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Company or such third party will have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all Notes that remain outstanding following such purchase at a price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest to but excluding the date of redemption.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Company and its Subsidiaries, taken as a whole, to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Company and its Subsidiaries, taken as a whole. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Company to make an offer to repurchase the Notes as described above.

The provisions under the indenture relative to the Company's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes then outstanding.

Certain Covenants

Set forth below are summaries of certain covenants contained in the indenture.

Suspension of Covenants on Achievement of Investment Grade Status

Following the first day:

(a) the Notes have achieved Investment Grade Status; and

(b) no Default or Event of Default has occurred and is continuing under the indenture, then, beginning on that day and continuing until the Reversion Date (as defined below), the Company, its Restricted Subsidiaries and the Mission Entities will not be subject to the provisions of the indenture summarized under the following headings (collectively, the *Suspended Covenants*):

Limitation on Restricted Payments,

Limitation on Indebtedness,

Limitation on Restrictions on Distributions from Restricted Subsidiaries,

Limitation on Affiliate Transactions,

Limitation on Sales of Assets and Subsidiary Stock,

Limitation on Guarantees, and

The provisions of clause (3) of the first paragraph of *Merger and Consolidation*.

If at any time the Notes cease to have such Investment Grade Status or if a Default or Event of Default occurs and is continuing, then the *Suspended Covenants* will thereafter be reinstated as if such covenants had never been suspended (the *Reversion Date*) and be applicable pursuant to the terms of the indenture (including in connection with performing any calculation or assessment to determine compliance with the terms of the indenture), unless and until the Notes subsequently attain Investment Grade Status and no Default or Event of Default is in existence (in which event the *Suspended Covenants* shall no longer be in effect for such time that the Notes maintain an Investment Grade Status and no Default or Event of Default is in existence); *provided, however*, that no Default, Event of Default or breach of any kind shall be deemed to exist under the indenture, the Notes or the Note Guarantees with respect to the *Suspended Covenants* based on, and none of the Company, any of its Subsidiaries, Parent or the Mission Entities shall bear any liability for, any actions taken or events occurring during the *Suspension Period* (as defined below), or any actions taken at any time pursuant to any contractual obligation arising prior to the *Reversion Date*, regardless of whether such actions or events would have been permitted if the applicable *Suspended Covenants* remained in effect during such period. The period of time between the date of suspension of the covenants and the *Reversion Date* is referred to as the *Suspension Period*.

On the *Reversion Date*, all Indebtedness Incurred during the *Suspension Period* will be classified to have been Incurred pursuant to the first paragraph of *Limitation on Indebtedness* or one of the clauses set forth in the second paragraph of *Limitation on Indebtedness* (to the extent such

Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to the Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to the first and second paragraphs of Limitation on Indebtedness, such Indebtedness will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (4)(b) of the second paragraph of Limitation on Indebtedness. Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Limitation on Restricted Payments will be made as though the covenants described under Limitation on Restricted Payments had been in effect since the Issue Date and throughout the Suspension Period. Accordingly, Restricted Payments

made during the Suspension Period will reduce the amount available to be made as Restricted Payments under the first paragraph of Limitation on Restricted Payments. In addition, any future obligation to grant further Guarantees shall be released. All such further obligation to grant Guarantees shall be reinstated upon the Reversion Date.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Status.

Limitation on Indebtedness

The Company will not, and will not permit any of its Restricted Subsidiaries to, Incur any Indebtedness (including Acquired Indebtedness); *provided, however*, that the Company and any of its Restricted Subsidiaries may Incur Indebtedness (including Acquired Indebtedness) if on the date of such Incurrence and after giving *pro forma* effect thereto (including *pro forma* application of the proceeds thereof), the Leverage Ratio for the Company and its Restricted Subsidiaries is less than 7.00 to 1.00; *provided, further*, that Restricted Subsidiaries that are not Guarantors may not Incur Indebtedness or Disqualified Stock or Preferred Stock if, after giving *pro forma* effect to such incurrence or issuance (including a *pro forma* application of the net proceeds therefrom), more than an aggregate of \$10.0 million of Indebtedness or Disqualified Stock or Preferred Stock of Restricted Subsidiaries that are not Guarantors would be outstanding pursuant to this paragraph at such time.

The first paragraph of this covenant will not prohibit the Incurrence of the following Indebtedness:

- (1) Indebtedness Incurred pursuant to any Credit Facility (including letters of credit or bankers' acceptances issued or created under any Credit Facility), and any Refinancing Indebtedness in respect thereof and Guarantees in respect of such Indebtedness in a maximum aggregate principal amount at any time outstanding not exceeding (i) \$445.0 million or, if the Acquisition has not been consummated, \$250.0 million, plus (ii) in the case of any refinancing of any Indebtedness permitted under this clause or any portion thereof, the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses Incurred in connection with such refinancing;
- (2) Guarantees by the Company or any Restricted Subsidiary of Indebtedness of the Company or any Guarantor so long as the Incurrence of such Indebtedness is permitted under the terms of the indenture;
- (3) Indebtedness of the Company owing to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owing to and held by the Company or any Restricted Subsidiary; *provided, however*, that:
 - (a) any subsequent issuance or transfer of Capital Stock or any other event which results in any such Indebtedness being beneficially held by a Person other than the Company or a Restricted Subsidiary of the Company; and
 - (b) any sale or other transfer of any such Indebtedness to a Person other than the Company or a Restricted Subsidiary of the Company,

shall be deemed, in each case, to constitute an Incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be;

- (4) Indebtedness represented by (a) the Notes (other than any Additional Notes) and the Exchange Notes, in each case, including any Guarantee thereof, (b) any Indebtedness (other than Indebtedness incurred pursuant to clauses (1) and (2)) outstanding on the Issue Date (c) Refinancing Indebtedness Incurred in respect of any Indebtedness described in this clause or clauses (5), (7), (10) or (14) of this paragraph or Incurred pursuant to the first paragraph of this covenant, and (d) Management Advances;
- (5)

- (a) the Company would be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of this covenant; or
 - (b) the Leverage Ratio of the Company and the Restricted Subsidiary would not be greater than immediately prior to such acquisition, merger or consolidation;
- (6) Hedging Obligations (excluding Hedging Obligations entered into for speculative purposes);
- (7) Indebtedness represented by Capitalized Lease Obligations or Purchase Money Obligations in an aggregate outstanding principal amount which, when taken together with the principal amount of all other Indebtedness Incurred pursuant to this clause and then outstanding and any Refinancing Indebtedness in respect thereof, does not exceed the greater of (a) \$20.0 million and (b) 2.0 % of Total Assets at the time of Incurrence;
- (8) Indebtedness in respect of (a) workers' compensation claims, self-insurance obligations, performance, indemnity, surety, judgment, appeal, advance payment, customs, value added or other tax or other guarantees or other similar bonds, instruments or obligations and completion guarantees and warranties provided by the Company or a Restricted Subsidiary or relating to liabilities, obligations or guarantees Incurred in the ordinary course of business, (b) the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five Business Days of Incurrence; (c) customer deposits and advance payments received in the ordinary course of business from customers for goods or services purchased in the ordinary course of business; and (d) letters of credit, bankers acceptances, guarantees or other similar instruments or obligations issued or relating to liabilities or obligations Incurred in the ordinary course of business;

- (10) Indebtedness of Non-Guarantors in an aggregate amount not to exceed, together with any Refinancing Indebtedness in respect thereof, the greater of (a) \$8.5 million and (b) 1.0% of Total Assets of Non-Guarantors at any time outstanding;

case may be, was entered into by the Company or such Restricted Subsidiary, (x) the aggregate principal amount of such Acquisition Debt is no greater than the aggregate principal amount of Acquisition Debt set forth in a notice from the Company to the Trustee (an *Incurrence Notice*) within ten days after the date on which the related definitive acquisition agreement or LMA, as the case may be, was entered into by the Company or such Restricted Subsidiary, which notice shall be executed on the Company's behalf by the chief financial officer of the Company in such capacity and shall describe in reasonable detail the acquisition or LMA, as the case may be, which such Acquisition Debt will be incurred to finance, (y) after giving *pro forma* effect to the acquisition or LMA, as the case may be, described in such Incurrence Notice, the Company or such Restricted Subsidiary could have incurred such Acquisition Debt under the indenture as of the date upon which the Company delivers such Incurrence Notice to the Trustee and (z) such Acquisition Debt is used solely to finance the acquisition or LMA, as the case may be, described in such Incurrence Notice (including to repay or refinance Indebtedness or other obligations incurred in connection with such acquisition or LMA, as the case may be, and to pay related fees and expenses); and

- (15) Indebtedness in the amount of all premiums, if any, interest (including post-petition interest), fees, expenses, charges and additional or contingent interest on obligations described in clauses (1) through (14) above.

For purposes of determining compliance with, and the outstanding principal amount of any particular Indebtedness Incurred pursuant to and in compliance with, this covenant:

- (1) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in the first and second paragraphs of this covenant, the Company, in its sole discretion, will classify, and may from time to time reclassify, such item of Indebtedness and only be required to include the amount and type of such Indebtedness in one of the clauses of the second paragraph or the first paragraph of this covenant;
- (2) additionally, all or any portion of any item of Indebtedness may later be classified as having been Incurred pursuant to any type of Indebtedness described in the first and second paragraphs of this covenant so long as such Indebtedness is permitted to be Incurred pursuant to such provision at the time of reclassification;
- (3) all Indebtedness outstanding on the Issue Date under the Credit Agreements and all Indebtedness under Credit Facilities incurred to finance the Acquisition shall be deemed to be Incurred on the Issue Date or the date of Incurrence, as applicable under clause (1) of the second paragraph of the description of this covenant and may not later be reclassified;
- (4) Guarantees of, or obligations in respect of letters of credit, bankers' acceptances or other similar instruments relating to, or Liens securing, Indebtedness that is otherwise included in the determination of a particular amount of Indebtedness shall not be included;
- (5) if obligations in respect of letters of credit, bankers' acceptances or other similar instruments are Incurred pursuant to any Credit Facility and are being treated as Incurred pursuant to clause (1), (7), (10) or (13) of the second paragraph above or the first paragraph above and the letters of credit, bankers' acceptances or other similar instruments relate to other Indebtedness, then such other Indebtedness shall not be included;
- (6) the principal amount of any Disqualified Stock of the Company or a Restricted Subsidiary, or Preferred Stock of a Restricted Subsidiary, will be equal to the greater of the maximum mandatory redemption or repurchase price (not including, in either case, any redemption or repurchase premium) or the liquidation preference thereof;
- (7) Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness; and

Table of Contents

- (8) the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined on the basis of GAAP.

Accrual of interest, accrual of dividends, the accretion of accreted value, the accretion or amortization of original issue discount, the payment of interest in the form of additional Indebtedness, the payment of dividends in the form of additional shares of Preferred Stock or Disqualified Stock or the reclassification of commitments or obligations not treated as Indebtedness due to a change in GAAP, will not be deemed to be an Incurrence of Indebtedness for purposes of the covenant described under this Limitation on Indebtedness. The amount of any Indebtedness outstanding as of any date shall be (a) the accreted value thereof in the case of any Indebtedness issued with original issue discount and (b) the principal amount of the Indebtedness, or liquidation preference thereof, in the case of any other Indebtedness.

If at any time an Unrestricted Subsidiary becomes a Restricted Subsidiary, any Indebtedness of such Subsidiary shall be deemed to be Incurred by a Restricted Subsidiary of the Company as of such date (and, if such Indebtedness is not permitted to be Incurred as of such date under the covenant described under this Limitation on Indebtedness, the Company shall be in default of this covenant).

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company or a Restricted Subsidiary may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

The indenture provides that the Company will not, and will not permit any Guarantor to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Company or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Company or such Guarantor, as the case may be.

The indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) senior Indebtedness as subordinated or junior to any other senior Indebtedness merely because it has a junior priority with respect to the same collateral or is secured by different collateral.

Limitation on Restricted Payments

The Company will not, and will not permit any of its Restricted Subsidiaries, directly or indirectly, to:

- (1) declare or pay any dividend or make any distribution on or in respect of the Company's or any Restricted Subsidiary's Capital Stock (including, without limitation, any payment in connection with any merger or consolidation involving the Company or any of its Restricted Subsidiaries) except:
 - (a) dividends or distributions payable in Capital Stock of the Company (other than Disqualified Stock) or in options, warrants or other rights to purchase such Capital Stock of the Company; and
 - (b) dividends or distributions payable to the Company or a Restricted Subsidiary (and, in the case of any such Restricted Subsidiary (other than a Mission Entity) making such dividend or distribution, to holders of its Capital Stock other than the Company or another Restricted Subsidiary on no more than a *pro rata* basis);
- (2) purchase, redeem, retire or otherwise acquire for value any Capital Stock of the Company or any Parent of the Company held by Persons other than the Company or a Restricted Subsidiary;

- (3) purchase, repurchase, redeem, defease or otherwise acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Indebtedness (other than (a) any such purchase, repurchase, redemption, defeasance or other acquisition or retirement in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case, due within one year of the date of purchase, repurchase, redemption, defeasance or other acquisition or retirement and (b) any Indebtedness Incurred pursuant to clause (3) of the second paragraph of the covenant described under Limitation on Indebtedness); or
- (4) make any Restricted Investment;
 (any such dividend, distribution, purchase, redemption, repurchase, defeasance, other acquisition, retirement or Restricted Investment referred to in clauses (1) through (4) are referred to herein as a *Restricted Payment*), if at the time the Company or such Restricted Subsidiary makes such Restricted Payment:
- (a) a Default shall have occurred and be continuing (or would result immediately thereafter therefrom);
- (b) the Company is not able to Incur an additional \$1.00 of Indebtedness pursuant to the first paragraph under the Limitation on Indebtedness covenant after giving effect, on a *pro forma* basis, to such Restricted Payment; or
- (c) the aggregate amount of such Restricted Payment and all other Restricted Payments made subsequent to April 19, 2010 (and not returned or rescinded) (including Permitted Payments permitted below by clauses (1)(b), (6) and (16) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph) would exceed the sum of (without duplication):
- (i) 100% of Consolidated EBITDA for the period (treated as one accounting period) from April 1, 2010 to the end of the most recent fiscal quarter ending prior to the date of such Restricted Payment for which internal consolidated financial statements of the Company are available (or, in the case such Consolidated EBITDA for such period is a deficit, minus 100% of such deficit) less 1.4 times Fixed Charges for the same period;
- (ii) 100% of the aggregate Net Cash Proceeds, and the fair market value of property or assets or marketable securities, received by the Company or Mission from the issue or sale of its Capital Stock (other than Disqualified Stock) subsequent to the Issue Date or otherwise contributed to the equity (other than through the issuance of Disqualified Stock) of the Company or Mission subsequent to April 19, 2010 (other than (x) Net Cash Proceeds or property or assets or marketable securities received from an issuance or sale of such Capital Stock to a Restricted Subsidiary or an employee stock ownership plan or trust established by the Company or any Subsidiary of the Company for the benefit of its employees to the extent funded by the Company or any Restricted Subsidiary, (y) Net Cash Proceeds or property or assets or marketable securities to the extent that any Restricted Payment has been made from such proceeds in reliance on clause (6) of the next succeeding paragraph and (z) Excluded Contributions);
- (iii) 100% of the aggregate Net Cash Proceeds, and the fair market value of property or assets or marketable securities, received by the Company or any Restricted Subsidiary from the issuance or sale (other than to the Company or a Restricted Subsidiary of the Company or an employee stock ownership plan or trust established by the Company or any Subsidiary of the Company for the benefit of their employees to the extent funded by the Company or any Restricted Subsidiary) by the Company or any Restricted Subsidiary subsequent to April 19, 2010 of any Indebtedness or Disqualified Stock that has been converted into or exchanged for Capital Stock of the Company (other than Disqualified Stock) plus, without duplication, the amount of any cash, and the fair market value of property or assets or marketable securities, received by the Company or any Restricted Subsidiary upon such conversion or exchange;

- (iv) 100% of the aggregate amount received in cash and the fair market value, as determined in good faith by the Company, of marketable securities or other property received by means of: (i) the sale or other disposition (other than to the Company or a Restricted Subsidiary) of Restricted Investments made by the Company or its Restricted Subsidiaries and repurchases and redemptions of such Restricted Investments from the Company or its Restricted Subsidiaries and repayments of loans or advances, and releases of guarantees, which constitute Restricted Investments by the Company or its Restricted Subsidiaries, in each case after April 19, 2010; or (ii) the sale (other than to the Company or a Restricted Subsidiary) of the stock of an Unrestricted Subsidiary or a distribution from an Unrestricted Subsidiary (other than in each case to the extent of the amount of the Investment in such Unrestricted Subsidiary made by the Company or a Restricted Subsidiary pursuant to clause (14) of the next succeeding paragraph or to the extent of the amount of the Investment that constituted a Permitted Investment) or a dividend from an Unrestricted Subsidiary after the Issue Date;

- (v) in the case of the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary or the merger or consolidation of an Unrestricted Subsidiary into the Company or a Restricted Subsidiary or the transfer of all or substantially all of the assets of an Unrestricted Subsidiary to the Company or a Restricted Subsidiary after the Issue Date, the fair market value of the Investment in such Unrestricted Subsidiary (or the assets transferred), as determined in good faith of the Company at the time of the redesignation of such Unrestricted Subsidiary as a Restricted Subsidiary or at the time of such merger or consolidation or transfer of assets (after taking into consideration any Indebtedness associated with the Unrestricted Subsidiary so designated or merged or consolidated or Indebtedness associated with the assets so transferred), other than to the extent of the amount of the Investment in such Unrestricted Subsidiary made by the Company or a Restricted Subsidiary pursuant to clause (14) of the next succeeding paragraph or to the extent of the amount of the Investment that constituted a Permitted Investment; and

- (vi) \$50.0 million.

The foregoing provisions will not prohibit any of the following (collectively, *Permitted Payments*):

- (1) (a) the payment of any dividend or distribution within 60 days after the date of declaration thereof, if at the date of declaration such payment would have complied with the provisions of the indenture or (b) the redemption, repurchase or retirement of Indebtedness if, at the date of any irrevocable redemption notice, such payment would have complied with the provisions of the indenture;

- (2) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to the Company or a Restricted Subsidiary) of Equity Interests of the Company (other than Disqualified Stock) or from the substantially concurrent contribution of common equity capital to the Company; *provided*, that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(2) of the first paragraph of this covenant;

- (3) any purchase, repurchase, redemption, defeasance or other acquisition or retirement of Subordinated Indebtedness made by exchange for, or out of the proceeds of the substantially concurrent sale of, Refinancing Indebtedness permitted to be Incurred pursuant to the covenant described under *Limitation on Indebtedness* above;

- (4) any purchase, repurchase, redemption, defeasance or other acquisition or retirement of Preferred Stock of the Company or a Restricted Subsidiary made by exchange for or out of the proceeds of the substantially concurrent sale of Preferred Stock of the Company or a Restricted Subsidiary, as the case may be, that, in each case, is permitted to be Incurred pursuant to the covenant described under *Limitation on Indebtedness* above;

 - (b) to the extent required by the agreement governing such Subordinated Indebtedness, Disqualified Stock or Preferred Stock, following the occurrence of a Change of Control (or other similar event described therein as a change of control), but only if the Company shall have first complied with the terms described under Change of Control and purchased all Notes tendered pursuant to the offer to repurchase all the Notes required thereby, prior to purchasing, repurchasing, redeeming, defeasing or otherwise acquiring or retiring such Subordinated Indebtedness, Disqualified Stock or Preferred Stock; or
 - (c) consisting of Acquired Indebtedness (other than Indebtedness Incurred (A) to provide all or any portion of the funds utilized to consummate the transaction or series of related transactions pursuant to which such Person became a Restricted Subsidiary or was otherwise acquired by the Company or a Restricted Subsidiary or (B) otherwise in connection with or contemplation of such acquisition);
- (6) a Restricted Payment to pay for the repurchase, retirement or other acquisition or retirement for value of Capital Stock (other than Disqualified Stock) of the Company or any of its Parents held by any future, present or former employee, director or consultant of the Company, any of its Subsidiaries or any of its Parents (or permitted transferees, assigns, estates, trusts or heirs of such employee, director or consultant) either pursuant to any management equity plan or stock option plan or any other management or employee benefit plan or agreement or upon the termination of such employee, director or consultant's employment or directorship; *provided, however,* that the aggregate Restricted Payments made under this clause do not exceed \$4.0 million in any calendar year (with unused amounts in any calendar year being carried over to succeeding calendar years subject to a maximum of \$8.0 million in any calendar year); *provided further* that such amount in any calendar year may be increased by an amount not to exceed:
- (a) the cash proceeds from the sale of Capital Stock (other than Disqualified Stock) of the Company and, to the extent contributed to the capital of the Company (other than through the issuance of Disqualified Stock or an Excluded Contribution), Capital Stock of any of the Company's Parents, in each case to members of management, directors or consultants of the Company, any of its Subsidiaries or any of its Parents that occurred after the Issue Date, to the extent the cash proceeds from the sale of such Capital Stock have not otherwise been applied to the payment of Restricted Payments by virtue of clause (c) of the preceding paragraph; plus
 - (b) the cash proceeds of key man life insurance policies received by the Company and its Restricted Subsidiaries after the Issue Date; less
 - (c) the amount of any Restricted Payments made in previous calendar years pursuant to clauses (a) and (b) of this clause; and *provided further* that cancellation of Indebtedness owing to the Company or any Restricted Subsidiary from members of management, directors, employees or consultants of the Company or any of its Parents or Restricted Subsidiaries in connection with a repurchase of Capital Stock of the Company or any of its Parents will not be deemed to constitute a Restricted Payment for purposes of this covenant or any other provision of the indenture;

- (7) the declaration and payment of dividends on Disqualified Stock, or Preferred Stock of a Restricted Subsidiary, Incurred in accordance with the terms of the covenant described under Limitation on Indebtedness above;

- (10) payments by the Company, or loans, advances, dividends or distributions to any Parent to make payments, to holders of Capital Stock of the Company or any Parent in lieu of the issuance of fractional shares of such Capital Stock, *provided, however*, that any such payment, loan, advance, dividend or distribution shall not be for the purpose of evading any limitation of this covenant or otherwise to facilitate any dividend or other return of capital to the holders of such Capital Stock (as determined in good faith by the Board of Directors);
- (11) Restricted Payments that are made with Excluded Contributions;

Notwithstanding anything to the foregoing, no Mission Entity shall make a Restricted Payment (other than Restricted Investments) to any person other than the Company or a Guarantor.

For purposes of determining compliance with this Restricted Payments covenant, in the event that a Restricted Payment meets the criteria of more than one of the categories of Permitted Payments described in clauses (1) through (16) above, or is permitted pursuant to the first paragraph of this covenant, the Company will be entitled to classify such Restricted Payment (or portion thereof) on the date of its payment or later reclassify such Restricted Payment (or portion thereof) in any manner that complies with this covenant.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of such Restricted Payment of the asset(s) or securities proposed to be paid, transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment. The fair market value of any cash Restricted Payment shall be their face amount, and the fair market value of any non-cash Restricted Payment, property or assets other than cash shall be determined conclusively by the Board of Directors of the Company acting in good faith.

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur or permit to exist any Lien (other than Permitted Liens) upon any of its property or assets (including Capital Stock of a Restricted Subsidiary of the Company), whether owned on the Issue Date or acquired after that date, which Lien secures any Indebtedness (such Lien, the *Initial Lien*), without effectively providing that the Notes shall be secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Any Lien created for the benefit of the Holders of the Notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Limitation on Restrictions on Distributions from Restricted Subsidiaries

The Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

 - (B) make any loans or advances to the Company or any Restricted Subsidiary; or
 - (C) sell, lease or transfer any of its property or assets to the Company or any Restricted Subsidiary;
- provided* that (x) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on common stock and (y) the subordination of (including the application of any standstill requirements to) loans or advances made to the Company or any Restricted Subsidiary to other Indebtedness Incurred by the Company or any Restricted Subsidiary shall not be deemed to constitute such an encumbrance or restriction.

The provisions of the preceding paragraph will not prohibit:

- (1) any encumbrance or restriction pursuant to (a) any Credit Facility and the 2017 Notes or (b) any other agreement or instrument, in each case, in effect at or entered into on the Issue Date (or otherwise required as of the Issue Date);

 - (a) that restricts in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease, license or similar contract or agreement, or the assignment or transfer of any lease, license or other contract or agreement;
 - (b) contained in mortgages, pledges, charges or other security agreements permitted under the indenture or securing Indebtedness of the Company or a Restricted Subsidiary permitted under the indenture to the extent such encumbrances or restrictions restrict the transfer or encumbrance of the property or assets subject to such mortgages, pledges, charges or other security agreements; or
 - (c) pursuant to customary provisions restricting dispositions of real property interests set forth in any reciprocal easement agreements of the Company or any Restricted Subsidiary;
- (6) any encumbrance or restriction pursuant to Purchase Money Obligations and Capitalized Lease Obligations permitted under the indenture, in each case, that impose encumbrances or restrictions on the property so acquired;

- (12) any encumbrance or restriction existing by reason of any lien permitted under Limitation on Liens ;

Limitation on Sales of Assets and Subsidiary Stock

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Disposition unless:

- (1) the Company or such Restricted Subsidiary, as the case may be, receives consideration (including by way of relief from, or by any other Person assuming responsibility for, any liabilities, contingent or otherwise) at least equal to the fair market value (such fair market value to be determined on the date of contractually agreeing to such Asset Disposition), as determined in good faith by the Board of Directors of the Company, of the shares and assets subject to such Asset Disposition (including, for the avoidance of doubt, if such Asset Disposition is a Permitted Asset Swap);
- (2) in any such Asset Disposition, or series of related Asset Dispositions (except to the extent the Asset Disposition is a Permitted Asset Swap), at least 75% of the consideration from such Asset Disposition (including by way of relief from, or by any other Person assuming responsibility for, any liabilities, contingent or otherwise) received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; and
- (3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company or such Restricted Subsidiary, as the case may be:
 - (a) to the extent the Company or any Restricted Subsidiary, as the case may be, elects (or is required by the terms of any Indebtedness), (i) to prepay, repay or purchase any Indebtedness of a Non-Guarantor or that is secured by a Lien (in each case, other than Indebtedness owed to the Company or any Restricted Subsidiary) or Indebtedness under the Credit Agreements (or any Refinancing Indebtedness in respect thereof) within 365 days from the later of (A) the date of such Asset Disposition and (B) the receipt of such Net Available Cash; *provided, however*, that, in connection with any prepayment, repayment or purchase of Indebtedness pursuant to this clause (a), the Company or such Restricted Subsidiary will retire such Indebtedness and will cause the related commitment (if any) to be reduced in an amount equal to the principal amount so prepaid, repaid or purchased; or (ii) to prepay, repay or purchase Pari Passu Indebtedness at a price of no more than 100% of the principal amount of such Pari Passu Indebtedness plus accrued and unpaid interest to the date of such prepayment, repayment or purchase; *provided* further that, to the extent the Company redeem, repay or repurchase Pari Passu Indebtedness pursuant to this clause (ii), the Company shall equally and ratably reduce Obligations under the Notes as provided under Optional Redemption, through open-market purchases (to the extent such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Disposition Offer) to all Holders to purchase their Notes at 100% of the principal amount thereof, plus the amount of accrued but unpaid interest, if any, on the amount of Notes that would otherwise be prepaid; or
 - (b) to the extent the Company or such Restricted Subsidiary elects, to invest in or commit to invest in Additional Assets (including by means of an investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by the Company or another Restricted Subsidiary) within 365 days from the later of (i) the date of such Asset Disposition and (ii) the receipt of such Net Available Cash; *provided, however*, that any such reinvestment in Additional Assets made pursuant to a definitive binding agreement or a commitment approved by the Board of Directors of the Company that is executed or approved within such time will satisfy this requirement, so long as such investment is consummated within 180 days of such 365th day;

provided that, pending the final application of any such Net Available Cash in accordance with clause (a) or clause (b) above, the Company and its Restricted Subsidiaries may temporarily reduce Indebtedness or otherwise use such Net Available Cash in any manner not prohibited by the indenture.

Table of Contents

Any Net Available Cash from Asset Dispositions that is not applied or invested or committed to be applied or invested as provided in the preceding paragraph will be deemed to constitute *Excess Proceeds* under the indenture. On the 366th day after an Asset Disposition, if the aggregate amount of Excess Proceeds under the indenture exceeds \$25.0 million, the Company will within 30 Business Days be required to make an offer (*Asset Disposition Offer*) to all Holders of Notes issued under such indenture and, to the extent the Company elects, to all holders of other outstanding Pari Passu Indebtedness, to purchase the maximum principal amount of Notes and any such Pari Passu Indebtedness to which the Asset Disposition Offer applies that may be purchased out of the Excess Proceeds, at an offer price in respect of the Notes in an amount equal to 100% of the principal amount of the Notes and Pari Passu Indebtedness, in each case, plus accrued and unpaid interest, if any, to, but not including, the date of purchase, in accordance with the procedures set forth in the indenture or the agreements governing the Pari Passu Indebtedness, as applicable, and, with respect to the Notes, in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof. The Company will deliver notice of such Asset Disposition Offer electronically or by first-class mail, with a copy to the Trustee, to each Holder of Notes at the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC, describing the transaction or transactions that constitute the Asset Disposition and offering to repurchase the Notes for the specified purchase price on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is delivered, pursuant to the procedures required by the indenture and described in such notice.

To the extent that the aggregate amount of Notes and Pari Passu Indebtedness so validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for any purpose not prohibited by the indenture. If the aggregate principal amount of the Notes surrendered in any Asset Disposition Offer by Holders and other Pari Passu Indebtedness surrendered by holders or lenders, collectively, exceeds the amount of Excess Proceeds, the Excess Proceeds shall be allocated among the Notes and Pari Passu Indebtedness to be purchased on a pro rata basis on the basis of the aggregate principal amount of tendered Notes and Pari Passu Indebtedness, *provided* that no Notes or other Pari Passu Indebtedness will be selected and purchased in an unauthorized denomination. Upon completion of any Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero.

To the extent that any portion of Net Available Cash payable in respect of the Notes is denominated in a currency other than U.S. dollars, the amount thereof payable in respect of the Notes shall not exceed the net amount of funds in U.S. dollars that is actually received by the Company upon converting such portion into U.S. dollars.

For the purposes of clause (2) of the first paragraph of this covenant, the following will be deemed to be cash:

- (1) the assumption by the transferee of Indebtedness or other liabilities of the Company or a Restricted Subsidiary (other than Subordinated Indebtedness of the Company or a Guarantor) and the release of the Company or such Restricted Subsidiary from all liability on such Indebtedness or other liability in connection with such Asset Disposition;
- (2) securities, notes or other obligations received by the Company or any Restricted Subsidiary of the Company from the transferee that are converted by the Company or such Restricted Subsidiary into cash or Cash Equivalents within 180 days following the closing of such Asset Disposition;
- (3) Indebtedness of any Restricted Subsidiary that is no longer a Restricted Subsidiary as a result of such Asset Disposition, to the extent that the Company and each other Restricted Subsidiary are released from any Guarantee of payment of such Indebtedness in connection with such Asset Disposition;
- (4) consideration consisting of Indebtedness of the Company (other than Subordinated Indebtedness) received after the Issue Date from Persons who are not the Company or any Restricted Subsidiary; and
- (5) any Designated Non-Cash Consideration received by the Company or any Restricted Subsidiary in such Asset Dispositions having an aggregate fair market value, taken together with all other Designated Non-Cash Consideration received pursuant to this covenant that is at that time outstanding, not to

exceed the greater of (a) \$20.0 million and (b) 2.0 % of Total Assets (with the fair market value of each item of Designated Non-Cash Consideration being measured at the time received and without giving effect to subsequent changes in value).

The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the indenture by virtue thereof.

The Credit Agreements will prohibit or limit, and future credit agreements or other agreements to which the Company becomes a party may prohibit or limit, the Company from purchasing any Notes pursuant to this covenant. In the event the Company is prohibited from purchasing the Notes, the Company could seek the consent of its lenders to the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Company does not obtain such consent or repay such borrowings, they will remain prohibited from purchasing the Notes. In such case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the indenture.

Limitation on Affiliate Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or conduct any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of the Company (an *Affiliate Transaction*) involving aggregate value in excess of \$5.0 million unless:

- (1) the terms of such Affiliate Transaction taken as a whole are not materially less favorable to the Company or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable transaction at the time of such transaction or the execution of the agreement providing for such transaction in arm's length dealings with a Person who is not such an Affiliate; and
- (2) in the event such Affiliate Transaction involves an aggregate value in excess of \$10.0 million, the terms of such transaction have been approved by a majority of the members of the Board of Directors.

Any Affiliate Transaction shall be deemed to have satisfied the requirements set forth in clause (2) of this paragraph if such Affiliate Transaction is approved by a majority of the Disinterested Directors, if any.

The provisions of the preceding paragraph will not apply to:

- (1) any Restricted Payment permitted to be made pursuant to the covenant described under *Limitation on Restricted Payments*, or any Permitted Investment;
- (2) any issuance or sale of Capital Stock, options, other equity-related interests or other securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, or entering into, or maintenance of, any employment, consulting, collective bargaining or benefit plan, program, agreement or arrangement, related trust or other similar agreement and other compensation arrangements, options, warrants or other rights to purchase Capital Stock of the Company, any Restricted Subsidiary or any Parent, restricted stock plans, long-term incentive plans, stock appreciation rights plans, participation plans or similar employee benefits or consultants' plans (including valuation, health, insurance, deferred compensation, severance, retirement, savings or similar plans, programs or arrangements) or indemnities provided on behalf of officers, employees, directors or consultants approved by the Board of Directors of the Company, in each case in the ordinary course of business;

Table of Contents

- (3) any Management Advances and any waiver or transaction with respect thereto;
- (4) any transaction between or among the Company and any Restricted Subsidiary (or entity that becomes a Restricted Subsidiary as a result of such transaction), or between or among Restricted Subsidiaries;
- (5) the payment of compensation, reasonable fees and reimbursement of expenses to, and customary indemnities (including under customary insurance policies) and employee benefit and pension expenses provided on behalf of, directors, officers, consultants or employees of the Company or any Restricted Subsidiary of the Company (whether directly or indirectly and including through any Person owned or controlled by any of such directors, officers or employees);
- (6) the entry into and performance of obligations of the Company or any of its Restricted Subsidiaries under the terms of any transaction arising out of, and any payments pursuant to or for purposes of funding, any agreement or instrument in effect as of or on the Issue Date, as these agreements and instruments may be amended, modified, supplemented, extended, renewed or refinanced from time to time in accordance with the other terms of this covenant or to the extent not more disadvantageous to the Holders in any material respect;
- (7) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business, which are fair to the Company or the relevant Restricted Subsidiary in the reasonable determination of the Board of Directors or the senior management of the Company or the relevant Restricted Subsidiary, or are on terms no less favorable than those that could reasonably have been obtained at such time from an unaffiliated party;
- (8) any transaction between or among the Company or any Restricted Subsidiary and any Affiliate of the Company or an Associate or similar entity that would constitute an Affiliate Transaction solely because the Company or a Restricted Subsidiary owns an equity interest in or otherwise controls such Affiliate, Associate or similar entity;
- (9) issuances or sales of Capital Stock (other than Disqualified Stock) of the Company or options, warrants or other rights to acquire such Capital Stock and the granting of registration and other customary rights in connection therewith or any contribution to capital of the Company or any Restricted Subsidiary;
- (10) transactions in which the Company or any Restricted Subsidiary, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Company or such Restricted Subsidiary from a financial point of view or meets the requirements of clause (1) of the preceding paragraph;
- (11) the existence of, or the performance by the Company or any Restricted Subsidiary of its obligations under the terms of, any equityholders agreement (including any registration rights agreement or purchase agreements related thereto) to which it is party as of the Issue Date and any similar agreement that it may enter into thereafter; *provided, however*, that the existence of, or the performance by the Company or any Restricted Subsidiary of its obligations under any future amendment to the equityholders agreement or under any similar agreement entered into after the Issue Date will only be permitted under this clause to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous to the Holders in any material respects; and
- (12) any purchases by the Company's Affiliates of Indebtedness or Disqualified Stock of the Company or any of its Restricted Subsidiaries the majority of which Indebtedness or Disqualified Stock is purchased by Persons who are not the Company's Affiliates; *provided* that such purchases by the Company's Affiliates are on the same terms as such purchases by such Persons who are not the Company's Affiliates.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of the Company may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary designated as an Unrestricted Subsidiary will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption *Certain Covenants Limitation on Restricted Payments* or under one or more clauses of the definition of Permitted Investments, as determined by the Company. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors of the Company may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if that redesignation would not cause a Default.

Any designation of a Subsidiary of the Company or any of the Mission Entities as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee a resolution of the Board of Directors of the Company giving effect to such designation and an Officer's Certificate certifying that such designation complies with the preceding conditions and was permitted by the covenant described above under the caption *Certain Covenants Limitation on Restricted Payments*. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of the Company as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption *Certain Covenants Limitation on Indebtedness*, the Company will be in default of such covenant.

The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of the Company; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption *Certain Covenants Limitation on Indebtedness*, calculated on a *pro forma* basis as if such designation had occurred at the beginning of the applicable reference period; and (2) no Default or Event of Default would be in existence following such designation. Any such designation by the Board of Directors of the Company shall be evidenced to the Trustee by filing with the Trustee a certified copy of a resolution of the Board of Directors of the Company giving effect to such designation and an Officer's Certificate certifying that such designation complies with the preceding conditions.

Reports

Whether the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes are outstanding, the Company will furnish to the Trustee:

- (1) within 90 days after the end of each fiscal year, annual reports of the Company containing substantially all of the financial information that would have been required to be contained in an Annual Report on Form 10-K under the Exchange Act if the Company had been a reporting company under the Exchange Act (but only to the extent similar information is included in the Company's Offering Memorandum dated October 24, 2012), including (A) Management's Discussion and Analysis of Financial Condition and Results of Operations, and (B) audited financial statements prepared in accordance with GAAP;
- (2) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, quarterly reports of the Company containing substantially all of the financial information that would have been required to be contained in a Quarterly Report on Form 10-Q under the Exchange Act if the Company had been a reporting company under the Exchange Act (but only to the extent similar information is provided in the Company's Offering Memorandum dated October 24, 2012), including

Table of Contents

(A) Management's Discussion and Analysis of Financial Condition and Results of Operations, and (B) unaudited quarterly financial statements prepared in accordance with GAAP; and

- (3) within the time periods specified for filing Current Reports on Form 8-K after the occurrence of each event that would have been required to be reported in a Current Report on Form 8-K under the Exchange Act if the Company had been a reporting company under the Exchange Act, current reports containing substantially all of the information that would have been required to be contained in a Current Report on Form 8-K under the Exchange Act if the Company had been a reporting company under the Exchange Act; *provided, however*, that no such current report will be required to be furnished if the Company determines in its good faith judgment that such event is not material to noteholders or the business, assets, operations, financial positions or prospects of the Company and its Restricted Subsidiaries, taken as a whole; *provided, however*, that such reports (A) will not be required to comply with Section 302 or Section 404 of the Sarbanes-Oxley Act of 2002, or related Items 307 and 308 of Regulation S-K promulgated by the SEC, or Item 10(e) of Regulation S-K (with respect to any non-GAAP financial measures contained therein) and (B) will not be required to contain the separate financial information for Guarantors contemplated by Rule 3-10 of Regulation S-X promulgated by the SEC.

At any time that any of the Subsidiaries of the Company are Unrestricted Subsidiaries, then the quarterly and annual reports required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations or other comparable section, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company shall furnish to noteholders, prospective investors, broker-dealers and securities analysts, upon their request, any information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the Notes are not freely transferable under the Securities Act.

In the event that any Parent of the Company becomes a guarantor of the Notes, the indenture permits the Company to satisfy its obligations in this covenant with respect to financial information relating to the Company by furnishing financial information relating to such Parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such Parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding anything to the contrary set forth above, if the Company or any Parent of the Company has furnished the Holders of Notes and filed with the SEC the reports described in the preceding paragraphs with respect to the Company or any Parent of the Company (including any consolidated financial information required by Regulation S-X relating to the Company), the Company shall be deemed to be in compliance with the provisions of this covenant.

Limitation on Guarantees

The Company will not permit any of its Wholly-Owned Domestic Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Domestic Subsidiaries if such non-Wholly Owned Domestic Subsidiaries guarantee other capital markets debt securities of the Company or any Restricted Subsidiary or guarantee all or a portion of the Credit Agreements), other than a Guarantor, to Guarantee the payment of any Indebtedness of the Company or any other Guarantor unless:

- (1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the indenture providing for a senior Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Company or any Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the Notes or such Guarantor's Guarantee, any such guarantee

Table of Contents

by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes or such Guarantor's Guarantee;

(2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee until payment in full of obligations under the indenture; and

(3) such Restricted Subsidiary shall deliver to the Trustee an Opinion of Counsel to the effect that:

(a) such Guarantee has been duly executed and authorized; and

(b) such Guarantee constitutes a valid, binding and enforceable obligation of such Restricted Subsidiary, except insofar as enforcement thereof may be limited by bankruptcy, insolvency or similar laws (including, without limitation, all laws relating to fraudulent transfers) and except insofar as enforcement thereof is subject to general principals of equity;

provided that this covenant shall not be applicable (i) to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary, or (ii) in the event that the Guarantee of the Company's obligations under the Notes or the indenture by such Subsidiary would not be permitted under applicable law.

The Company may elect, in its sole discretion, to cause any Subsidiary that is not otherwise required to be a Guarantor to become a Guarantor.

Merger and Consolidation

The Company

The Company will not consolidate with or merge with or into, or sell, convey, transfer or lease all or substantially all its assets to, any Person, unless:

(1) the resulting, surviving or transferee Person (the *Successor Company*) will be a Person organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and the Successor Company (if not the Company) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, all the obligations of the Company under the Notes and the indenture and if such Successor Company is not a corporation, a co-obligor of the Notes is a corporation organized or existing under such laws;

(2) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Subsidiary of the Successor Company as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;

(3) immediately after giving effect to such transaction, either (a) the Successor Company would be able to Incur at least an additional \$1.00 of Indebtedness pursuant to the first paragraph of the covenant described under *Limitation on Indebtedness* or (b) the Leverage Ratio would not be greater than it was immediately prior to giving effect to such transaction; and

(4) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each to the effect that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the indenture and an Opinion of Counsel to the effect that such supplemental indenture (if any) has been duly authorized, executed and delivered and is a legal, valid and binding

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

agreement enforceable against the Successor Company *provided* that in giving an Opinion of Counsel, counsel may rely on an Officer's Certificate as to any matters of fact, including as to satisfaction of clauses (2) and (3) above.

Table of Contents

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company, which properties and assets, if held by the Company instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the indenture but in the case of a lease of all or substantially all its assets, the predecessor company will not be released from its obligations under such indenture or the Notes.

Notwithstanding the preceding clauses (2), (3) and (4) (which do not apply to transactions referred to in this sentence), (a) any Restricted Subsidiary of the Company may consolidate or otherwise combine with, merge into or transfer all or part of its properties and assets to the Company and (b) any Restricted Subsidiary may consolidate or otherwise combine with, merge into or transfer all or part of its properties and assets to any other Restricted Subsidiary. Notwithstanding the preceding clauses (2) and (3) (which do not apply to the transactions referred to in this sentence), the Company may consolidate or otherwise combine with or merge into an Affiliate incorporated or organized for the purpose of changing the legal domicile of the Company, reincorporating the Company in another jurisdiction, or changing the legal form of the Company.

There is no precise established definition of the phrase substantially all under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the property or assets of a Person.

The foregoing provisions (other than the requirements of clause (2) of the first paragraph of this covenant) shall not apply to the creation of a new Subsidiary as a Restricted Subsidiary of the Company.

Guarantors

No Guarantor may

- (1) consolidate with or merge with or into any Person, or
- (2) sell, convey, transfer, lease or dispose of, all or substantially all its assets, in one transaction or a series of related transactions, to any Person, or
- (3) permit any Person to merge with or into the Guarantor, unless
 - (A) the other Person is the Company or any Restricted Subsidiary that is Guarantor or becomes a Guarantor concurrently with the transaction; or
 - (B) (1) either (x) a Guarantor is the continuing Person or (y) the resulting, surviving or transferee Person expressly assumes all of the obligations of the Guarantor under its Guarantee of the Notes; and (2) immediately after giving effect to the transaction, no Default has occurred and is continuing; or
 - (C) the transaction constitutes a sale or other disposition (including by way of consolidation or merger) of the Guarantor or the sale or disposition of all or substantially all the assets of the Guarantor (in each case other than to the Company or a Restricted Subsidiary) otherwise permitted by the indenture.

There is no precise established definition of the phrase substantially all under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the property or assets of a Person.

Events of Default

Each of the following is an Event of Default under the indenture:

- (1) default in any payment of interest or Additional Interest, if any, on any Note when due and payable, continued for 30 days;
- (2) default in the payment of the principal amount of or premium, if any, on any Note issued under the indenture when due at its Stated Maturity, upon optional redemption, upon required repurchase, upon declaration or otherwise;
- (3) failure to comply with the Company's agreements or obligations contained in the indenture for 60 days after written notice by the Trustee on behalf of the Holders or by the Holders of 25% in principal amount of the outstanding Notes;
- (4) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the payment of which is Guaranteed by the Company any of its Restricted Subsidiaries) other than Indebtedness owed to the Company or a Restricted Subsidiary whether such Indebtedness or Guarantee now exists, or is created after the date hereof, which default:
 - (a) is caused by a failure to pay principal of such Indebtedness, at its stated final maturity (after giving effect to any applicable grace periods) provided in such Indebtedness (*payment default*); or
 - (b) results in the acceleration of such Indebtedness prior to its stated final maturity (the *cross acceleration provision*);and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a payment default or the maturity of which has been so accelerated, aggregates \$25.0 million or more;
- (5) certain events of bankruptcy, insolvency or court protection of the Company or a Significant Subsidiary or group of Restricted Subsidiaries that, taken together (as of the latest audited consolidated financial statements for the Company and its Restricted Subsidiaries), would constitute a Significant Subsidiary (the *bankruptcy provisions*);
- (6) failure by the Company or any Significant Subsidiary (or group of Restricted Subsidiaries that together (determined as of the most recent consolidated financial statements of the Company for a fiscal period end provided as required under *Certain Covenants Reports*) would constitute a Significant Subsidiary), to pay final judgments aggregating in excess of \$25.0 million other than any judgments covered by indemnities provided by, or insurance policies issued by, reputable and creditworthy issuers, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed (the *judgment default provision*); and
- (7) any Guarantee of the Notes ceases to be in full force and effect, other than in accordance with the terms of the indenture or a Guarantor denies or disaffirms its obligations under its Guarantee of the Notes, other than in accordance with the terms thereof or upon release of such Guarantee in accordance with the indenture.

However, a default under clause (3) of this paragraph will not constitute an Event of Default until the Trustee or the Holders of 25% in principal amount of the outstanding Notes notify the Company of the default and the Company does not cure such default within the time specified in clause (3) of this paragraph after receipt of such notice.

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

If an Event of Default (other than an Event of Default described in clause (5) above with respect to the Company) occurs and is continuing, the Trustee by notice to the Company or the Holders of at least 25% in

Table of Contents

principal amount of the outstanding Notes by written notice to the Company and the Trustee, may, and the Trustee (subject to certain conditions) at the request of such Holders shall, declare the principal of, premium, if any, and accrued and unpaid interest, including Additional Interest, if any, on all the Notes to be due and payable. Upon such a declaration, such principal, premium and accrued and unpaid interest, including Additional Interest, if any, will be due and payable immediately. In the event of a declaration of acceleration of the Notes because an Event of Default described in clause (4) under Events of Default has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically annulled if the event of default or payment default triggering such Event of Default pursuant to clause (4) shall be remedied or cured, or waived by the holders of the Indebtedness, or the Indebtedness that gave rise to such Event of Default shall have been discharged in full, in each case, within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, except nonpayment of principal, premium or interest, including Additional Interest, if any, on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived.

If an Event of Default described in clause (5) above with respect to the Company occurs and is continuing, the principal of, premium, if any, and accrued and unpaid interest, including Additional Interest, if any, on all the Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders.

The Holders of a majority in principal amount of the outstanding Notes under the indenture may waive all past or existing Defaults or Events of Default (except with respect to nonpayment of principal, premium or interest, including Additional Interest, if any) and rescind any such acceleration with respect to such Notes and its consequences if rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

If an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee indemnity or security satisfactory to the Trustee against any fee, loss, liability or expense. Except to enforce the right to receive payment of principal or interest when due, no Holder may pursue any remedy with respect to the indenture or the Notes unless:

- (1) such Holder has previously given the Trustee written notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of the outstanding Notes have requested in writing the Trustee to pursue the remedy;
- (3) such Holders have offered in writing the Trustee security or indemnity satisfactory to the Trustee against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt of the written request and the offer of security or indemnity; and
- (5) the Holders of a majority in principal amount of the outstanding Notes have not given the Trustee a written direction that, in the opinion of the Trustee, is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The indenture provides that, in the event an Event of Default has occurred and is continuing, the Trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The Trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the indenture, the Trustee will be entitled to indemnification satisfactory to it against all liabilities, losses, expenses caused by taking or not taking such action.

Table of Contents

The indenture provides that if a Default occurs and is continuing and the Trustee is informed of such occurrence by the Company, the Trustee must give notice of the Default to the Holders within 60 days after being notified by the Company. Except in the case of a Default in the payment of principal of, or premium, if any, or interest on any Note, the Trustee may withhold notice if and so long as a committee of trust officers of the Trustee in good faith determines that withholding notice is in the interests of the Holders. The Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, an Officer's Certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any events of which they are aware which would constitute certain Defaults, their status and what action the Company is taking or proposes to take in respect thereof.

Notwithstanding any other provision of the indenture, the sole remedy for an Event of Default relating to the failure to comply with the reporting obligations described above under the heading **Certain Covenants Reports**, and for any failure to comply with the requirements of Section 314(a) of the Trust Indenture Act, will for the 365 days after the occurrence of such an Event of Default consist exclusively of the right to receive additional interest on the principal amount of the Notes at a rate equal to 0.50% per annum. This additional interest will be payable in the same manner and subject to the same terms as other interest payable under the indenture. This additional interest will accrue on all outstanding Notes from and including the date on which an Event of Default relating to a failure to comply with the reporting obligations described above under the heading **Certain Covenants Reports** or Section 314(a) of the Trust Indenture Act first occurs to but excluding the 365th day thereafter (or such earlier date on which the Event of Default relating to such reporting obligations is cured or waived). If the Event of Default resulting from such failure to comply with the reporting obligations is continuing on such 365th day, such additional interest will cease to accrue and the Notes will be subject to the other remedies provided under the heading **Events of Default**.

The Notes will provide for the Trustee to take action on behalf of the Holders in certain circumstances, but only if the Trustee is indemnified to its satisfaction. It may not be possible for the Trustee to take certain actions in relation to the Notes and, accordingly, in such circumstances the Trustee will be unable to take action, notwithstanding the provision of an indemnity to it, and it will be for Holders to take action directly.

Amendments and Waivers

Subject to certain exceptions, the Note Documents may be amended, supplemented or otherwise modified with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, such Notes) and, subject to certain exceptions, any default or compliance with any provisions thereof may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, such Notes). However an amendment or waiver may not, with respect to any such Notes held by a non-consenting Holder:

- (1) reduce the principal amount of such Notes whose Holders must consent to an amendment;
- (2) reduce the stated rate of or extend the stated time for payment of interest on any such Note (other than provisions relating to Change of Control and Asset Dispositions);
- (3) reduce the principal of or extend the Stated Maturity of any such Note;
- (4) reduce the premium payable upon the redemption of any such Note or change the time at which any such Note may be redeemed, in each case as described above under **Optional Redemption** ;
- (5) make any such Note payable in money other than that stated in such Note;
- (6) impair the right of any Holder to receive payment of principal of and interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

Table of Contents

- (7) waive a Default or Event of Default with respect to the nonpayment of principal, premium or interest (except pursuant to a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of such Notes and a waiver of the payment default that resulted from such acceleration); or
- (8) make any change in the amendment or waiver provisions which require the Holders' consent described in this sentence. Notwithstanding the foregoing, without the consent of any Holder, the Company, the Trustee and the other parties thereto, as applicable, may amend or supplement any Note Documents to:
- (1) cure any ambiguity, omission, mistake, defect, error or inconsistency, conform any provision to this Description of the Notes, or reduce the minimum denomination of the Notes;
 - (2) provide for the assumption by a successor Person of the obligations of the Company under any Note Document;
 - (3) provide for uncertificated Notes in addition to or in place of certificated Notes;
 - (4) add to the covenants or provide for a Guarantee for the benefit of the Holders or surrender any right or power conferred upon the Company or any Restricted Subsidiary;
 - (5) make any change that does not adversely affect the rights of any Holder in any material respect;
 - (6) make such provisions as necessary (as determined in good faith by the Company) for the issuance of Exchange Notes and/or Additional Notes;
 - (7) to provide for any Restricted Subsidiary to provide a Guarantee in accordance with the Covenant described under Certain Covenants Limitation on Indebtedness, to add Guarantees with respect to the Notes, to add security to or for the benefit of the Notes, or to confirm and evidence the release, termination, discharge or retaking of any Guarantee or Lien with respect to or securing the Notes when such release, termination, discharge or retaking is provided for under the indenture;
 - (8) to evidence and provide for the acceptance and appointment under the indenture of a successor Trustee pursuant to the requirements thereof or to provide for the accession by the Trustee to any Note Document; or
 - (9) to make any amendment to the provisions of the indenture relating to the transfer and legending of Notes as permitted by the indenture, including, without limitation, to facilitate the issuance and administration of Notes; *provided, however*, that (i) compliance with the indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Notes.

The consent of the Holders is not necessary under the indenture to approve the particular form of any proposed amendment of any Note Document. It is sufficient if such consent approves the substance of the proposed amendment. A consent to any amendment or waiver under the indenture by any Holder of Notes given in connection with a tender of such Holder's Notes will not be rendered invalid by such tender.

Defeasance

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

The Company at any time may terminate all obligations of the Company under the Notes and the indenture (*legal defeasance*) and cure all then existing Defaults and Events of Default, except for certain obligations, including those respecting the defeasance trust, the rights, powers, trusts, duties, immunities and indemnities of the Trustee and the obligations of the Company in connection therewith and obligations concerning issuing temporary Notes, registrations of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust.

Table of Contents

The Company at any time may terminate its obligations under the covenants described under Certain Covenants (other than clauses (1) and (2) of Merger and Consolidation) and Change of Control and the default provisions relating to such covenants described under Events of Default above, the operation of the cross-default upon a payment default, the cross acceleration provisions, the bankruptcy provisions with respect to the Company and Significant Subsidiaries, the judgment default provision and the guarantee provision described under Events of Default above (covenant defeasance).

The Company at its option at any time may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect to the Notes. If the Company exercises its covenant defeasance option with respect to the Notes, payment of the Notes may not be accelerated because of an Event of Default specified in clause (3), (4), (5) (with respect only to the Company and Significant Subsidiaries), (6) or (7) under Events of Default above.

In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the defeasance trust) with the Trustee cash in dollars or U.S. Government Obligations or a combination thereof for the payment of principal, premium, if any, and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of:

- (1) an Opinion of Counsel in the United States stating that Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and in the case of legal defeasance only, such Opinion of Counsel in the United States must be based on a ruling of the U.S. Internal Revenue Service or change in applicable U.S. federal income tax law since the issuance of the Notes);
- (2) an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions, following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code, as amended;
- (3) an Officer s Certificate stating that the deposit was not made by the Company with the intent of defeating, hindering, delaying, defrauding or preferring any creditors of the Company; and
- (4) an Officer s Certificate and an Opinion of Counsel (which opinion of counsel may be subject to customary assumptions and exclusions), each stating that that all conditions precedent provided for or relating to legal defeasance or covenant defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The indenture will be discharged and cease to be of further effect (except as to surviving rights of conversion or transfer or exchange of the Notes, as expressly provided for in the indenture) as to all outstanding Notes when (1) either (a) all the Notes previously authenticated and delivered (other than certain lost, stolen or destroyed Notes and certain Notes for which provision for payment was previously made and thereafter the funds have been released to the Company) have been delivered to the Trustee for cancellation; or (b) all Notes not previously delivered to the Trustee for cancellation (i) have become due and payable, (ii) will become due and payable at their Stated Maturity within one year or (iii) are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company; (2) the Company has deposited or caused to be deposited with the Trustee, money or U.S. Government Obligations, or a combination thereof, as applicable, in an amount sufficient to pay and discharge the entire indebtedness on the Notes not previously delivered to the Trustee for cancellation, for principal, premium, if any, and interest to the date of deposit (in the case of Notes that have become due and payable), or to the Stated Maturity or redemption date, as the case may be; (3) the Company has paid or caused to be paid all other sums payable under the indenture; and (4) the Company has delivered to the Trustee an Officer s Certificate and an Opinion of Counsel each to the effect that all conditions precedent under the Satisfaction

and Discharge section of the indenture relating to the satisfaction and discharge of the indenture have been complied with; *provided* that any such counsel may rely on any Officer's Certificate as to matters of fact (including as to compliance with the foregoing clauses (1), (2) and (3)).

No Personal Liability of Directors, Officers, Employees and Shareholders

No director, officer, employee, incorporator or shareholder of the Company or any of their respective Subsidiaries or Affiliates, as such, shall have any liability for any obligations of the Company under the Note Documents or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the U.S. federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Concerning the Trustee and Certain Agents

The Bank of New York Mellon is the Trustee under the indenture. The indenture provides that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are set forth specifically in such indenture. During the existence of an Event of Default, the Trustee will exercise such of the rights and powers vested in it under the indenture and use the same degree of care that a prudent Person would use in conducting its own affairs. The permissive rights of the Trustee to take or refrain from taking any action enumerated in the indenture will not be construed as an obligation or duty.

The indenture imposes certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions with the Company and its respective Affiliates and Subsidiaries.

The indenture sets out the terms under which the Trustee may retire or be removed, and replaced. Such terms includes, among others, (1) that the Trustee may be removed at any time by the Holders of a majority in principal amount of then outstanding Notes, or may resign at any time by giving written notice to the Company and (2) that if the Trustee at any time (a) has or acquires a conflict of interest that is not eliminated, (b) fails to meet certain minimum limits regarding the aggregate of its capital and surplus or (c) becomes incapable of acting as Trustee or becomes insolvent or bankrupt, then the Company may remove the Trustee, or any Holder who has been a bona fide Holder for not less than 6 months may petition any court for removal of the Trustee and appointment of a successor Trustee.

Any removal or resignation of the Trustee shall not become effective until the acceptance of appointment by the successor Trustee.

The indenture contains provisions for the indemnification of the Trustee for any loss, liability, taxes and expenses incurred without negligence, willful misconduct or bad faith on its part, arising out of or in connection with the acceptance or administration of the indenture.

Notices

All notices to Holders of Notes will be validly given if mailed to them at their respective addresses in the register of the Holders of the Notes, if any, maintained by the Registrar. For so long as any Notes are represented by Global Notes, all notices to Holders of the Notes will be delivered to DTC, delivery of which shall be deemed to satisfy the requirements of this paragraph, which will give such notices to the Holders of Book-Entry Interests.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; *provided* that, if notices are mailed, such notice shall be deemed to have been given on the later of such publication and the seventh day after being so

mailed. Any notice or communication mailed to a Holder shall be mailed to such Person by first-class mail or other equivalent means and shall be sufficiently given to him if so mailed within the time prescribed. Failure to mail a notice or communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders. If a notice or communication is mailed in the manner provided above, it is duly given, whether or not the addressee receives it.

Prescription

Subject to applicable law, claims against the Company for the payment of principal, or premium, if any, on the Notes will be prescribed 10 years after the applicable due date for payment thereof. Subject to applicable law, claims against the Company for the payment of interest on the Notes will be prescribed five years after the applicable due date for payment of interest.

The indenture and the Notes, including any Note Guarantees, and the rights and duties of the parties thereunder is governed by and construed in accordance with the laws of the State of New York.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is based upon current provisions of the United States Internal Revenue Code of 1986, as amended, applicable Treasury regulations, judicial authority and administrative rulings and practice as of the date hereof. The United States Internal Revenue Service (the Service) or a court may take a contrary view, and no ruling from the Service has been or will be sought in connection with this transaction. Legislative, judicial or administrative changes or interpretations may be forthcoming that could alter or modify the following statements and conditions. Any such changes or interpretations may or may not be retroactive and could affect the tax consequences to holders. Some holders, including insurance companies, tax-exempt organizations, financial institutions, broker-dealers, foreign corporations and persons who are not citizens or residents of the United States, may be subject to special rules not discussed below. We recommend that each holder consult his, her or its own tax advisor as to the particular tax consequences of exchanging such holder's Old Notes for New Notes, including the applicability and effect of any state, local or non-United States tax law.

The exchange of the Old Notes for New Notes pursuant to the exchange offer should not be treated as an exchange for United States federal income tax purposes because the New Notes should not be considered to differ materially in kind or extent from the Old Notes. Rather, the New Notes received by a holder should be treated as a continuation of the Old Notes in the hands of such holder. As a result, there should be no United States federal income tax consequences to holders exchanging Old Notes for New Notes pursuant to the exchange offer.

PLAN OF DISTRIBUTION

Each broker-dealer that receives New Notes for its own account under the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of New Notes.

This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of New Notes received in exchange for Old Notes if the Old Notes were acquired as a result of market-making activities or other trading activities.

We have agreed to make this prospectus, as amended or supplemented, available to any broker-dealer to use in connection with any such resale for a period of at least 90 days after the expiration date. In addition, until, January 19, 2014, all dealers effecting transactions in the New Notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of New Notes by broker-dealers. New Notes received by broker-dealers for their own accounts under the exchange offer may be sold from time to time in one or more transactions;

in the over-the-counter market;

in negotiated transactions;

through the writing of options on the New Notes or a combination of such methods of resale;

at market prices prevailing at the time of resale;

at prices related to such prevailing market prices; or

at negotiated prices.

Any resale may be made directly to purchasers or to or through brokers or dealers. Brokers or dealers may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any such New Notes. An underwriter within the meaning of the Securities Act of 1933 includes:

- (1) any broker-dealer that resells New Notes that were received by it for its own account pursuant to the exchange offer; or
- (2) any broker or dealer that participates in a distribution of such New Notes.

Any profit on any resale of New Notes and any commissions or concessions received by any persons may be deemed to be underwriting compensation under the Securities Act of 1933. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act of 1933.

Based on interpretations by the staff of the Securities and Exchange Commission in no-action letters issued to third parties, we believe that a holder or other person who receives New Notes will be allowed to resell the New Notes to the public without further registration under the Securities Act of 1933 and without delivering to the purchasers of the New Notes a prospectus that satisfies the requirements of Section 10 of the Securities Act of 1933. The holder (other than a person that is an affiliate of Nexstar within the meaning of Rule 405 under the Securities Act of 1933) who receives New Notes in exchange for Old Notes in the ordinary course of business and who is not participating, need not intend to participate or have an arrangement or understanding with person to participate in the distribution of the New Notes.

Edgar Filing: NEXSTAR BROADCASTING INC - Form 424B3

However, if any holder acquires New Notes in the exchange offer for the purpose of distributing or participating in a distribution of the New Notes, the holder cannot rely on the position of the staff of the Securities and Exchange Commission enunciated in such no-action letters or any similar interpretive letters. The holder must comply with the registration and prospectus delivery requirements of the Securities Act of 1933 in connection with any resale transaction. A secondary resale transaction should be covered by an effective

Table of Contents

registration statement containing the selling security holder information required by Item 507 or 508, as applicable, of Regulation S-K under the Securities Act of 1933, unless an exemption from registration is otherwise available.

Further, each broker-dealer that receives New Notes for its own account in exchange for Old Notes, where the Old Notes were acquired by such participating broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of any New Notes. We have agreed, for a period of not less than 90 days from the consummation of the exchange offer, to make this prospectus available to any broker-dealer for use in connection with any such resale.

For a period of not less than 90 days after the expiration date we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests those documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer, including the expenses of one counsel for the holders of the Old Notes, other than commissions or concessions of any brokers or dealers. We will indemnify the holders of the Old Notes against liabilities under the Securities Act of 1933, including any broker-dealers.

Board of Directors

Nexstar Broadcasting, Inc.

We have audited the accompanying combined balance sheets of High Plains Broadcasting Operating Company LLC and Newport Television LLC Stations in Binghamton, NY; Elmira, NY; Jackson, TN; Little Rock, AR; Memphis, TN; Salt Lake City, UT; Syracuse, NY; Watertown, NY; along with Inergize Digital and the New York Hub Operating Divisions (See Note A to the financial statements) (The Combined Group) as of December 31, 2011, 2010 and 2009 and the related combined statements of operations, changes in owners' equity and cash flows for the years then ended. These financial statements are the responsibility of The Combined Group's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the The Combined Group's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the High Plains Broadcasting Operating Company LLC and Newport Television LLC Stations in Binghamton, NY; Elmira, NY; Jackson, TN; Little Rock, AR; Memphis, TN; Salt Lake City, UT; Syracuse, NY; Watertown, NY; along with Inergize Digital and the New York Hub Operating Divisions as of December 31, 2011, 2010 and 2009 and the combined results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The Combined Group

NOTES TO COMBINED FINANCIAL STATEMENTS

December 31, 2011, 2010 and 2009

NOTE A SIGNIFICANT ACCOUNTING POLICIES

1. Basis of presentation and nature of business

Newport Television LLC (a wholly owned subsidiary of Newport Television Holdings LLC, which is a wholly owned subsidiary of Newport TV Holdco LLC, hereafter referred to as Newport) owns and operates television stations across the United States of America. Newport is a party to a shared services agreement and a joint sales agreement providing certain sales, operational, and administrative services to High Plains Broadcasting, Inc. and its subsidiaries (High Plains). High Plains is a variable interest entity which is consolidated into the Newport financial statements.

On July 18, 2012, Nexstar Broadcasting, Inc. (Nexstar) and Mission Broadcasting, Inc. (Mission) entered into asset purchase agreements to purchase substantially all of the assets (excluding working capital) of 22 television stations owned by Newport and High Plains, including 10 stations distributed as digital multicast stations, Newport's New York Hub service center and Inergize Digital for \$285.5 million (the

Transactions). The 22 television stations are located in the following markets: Binghamton, New York; Elmira, New York; Jackson, Tennessee; Little Rock, Arkansas; Memphis, Tennessee; Salt Lake City, Utah; Syracuse, New York; and Watertown, New York (The Combined Group). The Nexstar transaction includes the assets of these markets except for Little Rock, Arkansas, which is to be sold to Mission, an independently-owned variable interest entity included in the consolidated financial statements of Nexstar. The transactions are expected to close upon receipt of regulatory approval.

These combined financial statements represent the 22 stations, including 10 stations distributed as digital multicast stations, Newport's New York Hub service center and Inergize Digital which are all included in the Transactions. These stations are affiliated with four major networks, including five ABC stations, two NBC stations, two FOX station, and four CW stations. These stations reach approximately 3.0 million homes weekly and cover 2.6% of the television households in the United States. These stations operate in demographic market areas as defined by AC Nielsen ranging in rank from 33rd to 177th.

A significant source of programming for ABC, NBC, FOX, and CW affiliated television stations are their respective networks, which produce and distribute programming in exchange for commitments to air the programming at specified times and for commercial announcement time during the programming. Another source of programming is provided to each station by selecting and purchasing syndicated television programs. The stations compete with other television stations within each market for these programming rights. The majority of the stations produce local news programming.

The accompanying financial statements and related notes present the combined financial position, results of operations and cash flows of The Combined Group and reflect allocations of the cost of certain services provided by Newport for treasury, payroll, human resources, employee benefit services, legal and related services, and information systems and related information technology services. Management believes the allocation methodologies are reasonable. All credit facilities are recorded by Newport and High Plains at the corporate level and as such, interest and financing activity costs have not been allocated to The Combined Group. Substantially all of the assets of The Combined Group serve as collateral to secure the aforementioned credit facilities.

2. Principles of combination

The combined financial statements have been derived from the financial statements and accounting records of Newport and High Plains and combine the accounts of the operations previously described. All material intercompany accounts and transactions have been eliminated.

Table of Contents**The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009****3. Allowance for doubtful accounts**

The Combined Group evaluates the collectability of its accounts receivable based on a combination of factors. In circumstances where it is aware of a specific customer's inability to meet its financial obligations, it records a specific reserve to reduce the amounts recorded to what it believes will be collected. For all other customers, it recognizes reserves for bad debts based on historical experience of bad debts as a percent of revenues, adjusted for relative improvements or deteriorations in the aging and changes in current economic conditions.

4. Property and equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method at rates that, in the opinion of management, are adequate to allocate the cost of such assets over their estimated useful lives, which are as follows:

Buildings and improvements	10	39 years
Towers, transmitters and studio equipment	7	20 years
Furniture and other equipment	3	20 years
Leasehold improvements	Shorter of economic life or lease term assuming renewal periods, if appropriate	

For assets associated with a lease or contract, the assets are depreciated over the shorter of the economic life or the lease or contract term, assuming renewal periods, if appropriate. Expenditures for maintenance and repairs are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized. The Combined Group tests for possible impairment of property and equipment whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner that the asset is intended to be used, indicate that the carrying amount of the asset may not be recoverable. If indicators exist, The Combined Group compares the estimated undiscounted future cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the estimated undiscounted future cash flow amount, an impairment charge is recorded in depreciation and amortization expense in the statement of operations for amounts necessary to reduce the carrying value of the asset to fair value. The impairment loss calculations require management to apply judgment in estimating future cash flows.

5. Intangible Assets

The Combined Group classifies intangible assets as definite-lived, indefinite-lived or as goodwill. Definite-lived intangibles are amortized over the estimated lives of the relationships. The Combined Group periodically reviews the appropriateness of the amortization periods related to its definite-lived assets. Indefinite-lived intangibles include broadcast FCC licenses. The excess cost over fair value of net assets acquired is classified as goodwill. FCC licenses and goodwill are not subject to amortization, but are tested for impairment at least annually.

The Combined Group tests for possible impairment of definite-lived intangible assets whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner that the asset is intended to be used indicate that the carrying amount of the asset may not be recoverable.

If indicators exist, The Combined Group compares the estimated future undiscounted cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the undiscounted cash flow amount, an impairment charge is recorded in an amount necessary to reduce the carrying value of the asset to fair value.

The Combined Group

NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)

December 31, 2011, 2010 and 2009

The Combined Group performs its annual impairment test for its FCC licenses using a direct valuation technique, which is an acceptable industry approach. Certain assumptions are used under The Combined Group's direct valuation technique, including market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up cost and losses incurred during the build-up period, the risk adjusted discount rate and terminal values.

The impairment test for goodwill utilizes a two-step fair value approach. The first step of the goodwill impairment test is used to identify potential impairment by comparing the fair value of the reporting unit to its carrying amount. The Combined Group has determined that each market constitutes a reporting unit. The fair value of a reporting unit is determined using a combination of a comparable transaction analysis and a discounted cash flows analysis that excludes network compensation payments. If the fair value of the reporting unit exceeds its carrying amount, goodwill is not considered impaired. If the carrying amount of the reporting unit exceeds its fair value, the second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. The second step of the goodwill impairment test compares the implied fair value of the reporting unit's goodwill with the carrying amount of that goodwill. The implied fair value of goodwill is determined by performing an assumed purchase price allocation, using the reporting unit fair value (as determined in the first step) as the purchase price. If the carrying amount of goodwill exceeds the implied fair value, an impairment loss is recognized in an amount equal to that excess.

The Combined Group utilizes an independent third party valuation firm to assist in the development of these assumptions and determination of the fair value of its intangible assets.

6. Program rights

Program rights represent the right to air various forms of first-run and existing second-run programming. Program rights and the corresponding contractual obligations are recorded when the license period begins and the programs are available for use. Program rights are carried at the lower of unamortized cost or estimated net realizable value on a program-by-program basis. Program rights and the corresponding contractual obligations are classified as current or long-term based on estimated usage and payment terms, respectively. Costs of first-run and existing second-run programming are generally amortized on a straight-line basis over the term of the license period.

7. Nonconsolidated affiliates

In general, investments in which The Combined Group owns 20 percent to 50 percent of the common stock or otherwise exercises significant influence over the investee are accounted for under the equity method. The Combined Group reviews the value of equity method investments and records impairment charges in the statements of operations for any decline in value that is determined to be other-than-temporary. These are classified as other assets in the accompanying balance sheet.

8. Assets and Liabilities Measured at Fair Value

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, US Generally Accepted Accounting Principles establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)

December 31, 2011, 2010 and 2009

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that The Combined Group has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability that are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Combined Group's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The Combined Group performs an annual impairment test, on October 1, on intangible assets and, if necessary, writes certain intangible assets down to fair value if changes in economic conditions indicate the assets are impaired. These impairments are based primarily on unobservable (Level 3) inputs.

9. Income taxes

The Combined Group files its income tax returns as part of the respective owners' returns.

As a limited liability company, Newport is taxed as a partnership under the Internal Revenue Code and applicable state statutes. Income or loss flows through to the members to be taxed on their applicable tax returns; accordingly, the financial statements do not include any provision for federal or state pass-through income taxes. Certain states in which The Combined Group operates will assess tax on an income or gross receipts basis, regardless of entity type. The state taxes related to The Combined Group are reflected in these combined financial statements.

High Plains, a corporation, accounts for deferred income tax assets and liabilities based on the temporary differences between the financial accounting and tax basis of assets and liabilities. Deferred tax assets and liabilities are determined at the end of each period using the current enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. The financial statements reflect the income tax expense associated with High Plains, as if a stand-alone tax return was filed.

10. Revenue recognition

The Combined Group's revenue is primarily derived from the sale of advertising. Advertising revenue is recognized over the period in which the commercials are aired. Advertising revenue is reported net of agency and national sales representative commissions, which are calculated based on a stated percentage applied to gross billing revenue. Payments received in advance of being earned are recorded as deferred income.

Retransmission consent revenue is recognized based on the number of subscribers over the life of the agreement.

Ingenize Digital revenue is generated pursuant to contracts with its customers. Contracted monthly fees for website hosting and website content management is recognized in the month of service. Revenue generated through website development and other related projects is recognized upon completion of the project based upon the contracted rate. Advertising revenue is recognized when advertising is broadcast based upon the contracted rate.

Table of Contents**The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009****11. Barter and trade transactions**

Barter and trade transactions represent the exchange of airtime for merchandise or services. These transactions are generally recorded at the fair market value of the airtime, or the fair market value of the merchandise or services received. Revenue is recognized on barter and trade transactions when the advertisements are broadcast. Expenses are recorded ratably over the period the merchandise or service received is utilized.

Barter and trade revenue and expenses included in operations for the years ended December 31, were as follows:

(in thousands)	Revenues	Expenses
2011	\$ 4,108	\$ 4,035
2010	4,579	4,289
2009	5,134	5,023

12. Advertising expense

The Combined Group records advertising expense as it is incurred. Advertising expense for the years ended December 31, 2011, 2010, and 2009 was \$134,000, \$33,000, and \$70,000, respectively.

13. Use of estimates

The preparation of these financial statements requires management to make estimates, judgments, and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Combined Group bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates.

14. Subsequent Events

The Combined Group evaluated and disclosed subsequent events, if any, through October 15, 2012, which represents the date as of which the financial statements were available to be issued.

NOTE B INTANGIBLE ASSETS AND GOODWILL**1. Definite-lived intangibles**

The Combined Group classifies intangible assets as definite-lived, indefinite-lived or as goodwill. Definite-lived intangibles include network affiliation agreements which represent the value assigned to an acquired television station's relationship with a national television network. These intangible assets are amortized over the estimated lives of the relationships. The Combined Group periodically reviews the appropriateness of the amortization periods related to its definite-lived assets.

2. Indefinite-lived Intangibles

The Combined Group's indefinite-lived intangible assets consist of FCC broadcast licenses. FCC broadcast licenses are granted to television stations for up to eight years under the Telecommunications Act of 1996. The Act requires the FCC to renew a broadcast license if it finds that the station has served the public interest, convenience and necessity; there have been no serious violations of either the Communications Act of 1934 or the FCC's rules and regulations by the licensee; and there have been no other serious violations which taken together constitute a pattern of abuse. The licenses may be renewed indefinitely at little or no cost.

Table of Contents**The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009**

The Combined Group does not amortize its FCC broadcast licenses, but rather tests them for impairment at least annually using a direct method. During 2011 and 2010, The Combined Group performed this analysis as of October 1 and did not recognize any FCC license impairment. During 2009, The Combined Group performed this analysis as of October 1 and recognized FCC license impairment of \$7.3 million in the statement of operations.

3. Goodwill

During 2011, The Combined Group tested goodwill impairment as of October 1, 2011. As a result, The Combined Group did not recognize any goodwill impairment. The Combined Group's accumulated goodwill impairment loss was \$0.8 million at December 31, 2011. The key assumptions used to determine the fair value of the reporting units at October 1, 2011 include the following: (a) discount rate of 10.0%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 1.0% to 4.5%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

During 2010, The Combined Group tested goodwill impairment as of October 1, 2010. As a result, The Combined Group did not recognize any goodwill impairment. The Combined Group's accumulated goodwill impairment loss was \$0.8 million at December 31, 2010. The key assumptions used to determine the fair value of the reporting units at October 1, 2010 include the following: (a) discount rate of 10.5%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 2.0% to 3.5%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

During 2009, The Combined Group tested goodwill impairment as of October 1, 2009. As a result, The Combined Group recognized \$0.8 million of goodwill impairment due to the continued decline in the advertising market experienced during the first three quarters of 2009. The key assumptions used to determine the fair value of the reporting units at October 1, 2009 include the following: (a) discount rate of 11.0%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 2.0% to 3.0%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

NOTE C COMMITMENTS AND CONTINGENCIES

The Combined Group has long-term operating leases for office space, certain broadcasting facilities and equipment. The leases expire at various dates, generally during the next ten years, and have varying options to renew and cancel. Some of the lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for the payment of utilities and maintenance by The Combined Group. In addition, The Combined Group has commitments relating to programming rights.

As of December 31, 2011, The Combined Group's future minimum rental commitments under non-cancelable operating lease agreements and future programming rights not yet reflected in the balance sheet, both with terms in excess of one year, consist of the following:

(In thousands)	Payments Due for Year Ended December 31,

NOTE D RELATED PARTY AND OTHER TRANSACTIONS

Newport provides certain day-to-day management services to The Combined Group. In addition to the day-to-day management of the stations, these services include treasury, payroll, human resources, employee benefit services, legal and related services, and information systems and related information technology services. As part of the treasury services, day-to-day net cash is swept to Newport's bank accounts. The net cash flow generated by The Combined Group is reflected as net distributions to owners in the accompanying financial statements. The costs of these services are prorated to all stations based on the station's broadcast cash flow and are reflected as corporate expense allocation in the accompanying financial statements. Management believes the allocation methodology is reasonable. Total corporate costs allocated to The Combined Group for the years ended December 31, 2011, 2010, and 2009, were \$3.3 million, \$3.6 million, and \$5.4 million, respectively. For the years ended December 31, 2011, 2010, and 2009, the corporate costs allocated to The Combined Group includes \$0.6 million, \$0.6 million and \$0.3 million, respectively, of noncash compensation expense for restricted units issued to certain members of the corporate management team.

Inergize Digital (a division of Newport) provides website hosting, website development, website content management, website related advertising support and certain sales support services to all Newport stations, including those in The Combined Group. Inergize Digital revenues recognized in the combined statements of operations from Newport stations not included in The Combined Group for the years ended December 2011, 2010, and 2009 were \$3.5 million, \$3.2 million, and \$2.6 million, respectively.

The New York Hub (a division of Newport) provides certain engineering, programming, master control, accounting, and traffic support services to the all stations located in New York in The Combined Group, as well as other Newport stations located in New York. New York Hub revenues recognized in the combined statements of operations from Newport stations not included in The Combined Group for the years ended December 31, 2011, 2010, and 2009 were \$1.1 million, \$1.2 million, and \$1.2 million, respectively.

Newport has a management agreement with its equity partner which owns the majority of the equity interests of Newport. Under this management agreement, Newport is to pay its equity partner an annual management fee based on EBITDA, as defined in the agreement. This expense of \$2.1 million, \$1.9 million, and \$1.2 million for the years ended December 31, 2011, 2010, and 2009, respectively, has not been allocated to the financials of The Combined Group.

The Combined Group's employees are eligible to participate in the Newport 401(k) Plan, a defined contribution plan (the Plan). Newport suspended any company match in 2009 and The Combined Group did not recognize any expense related to the Plan during 2011, 2010, and 2009.

Newport is currently self-insured up to certain stop-loss thresholds for health and welfare benefit plans and obtains insurance from various third parties for general liability, property, and casualty insurance. Newport charges The Combined Group premiums based on one or more of the following: number of employees, historical claims, estimates of future claims, administrative costs, and applicable third party insurance premiums. The insurance premiums charged to The Combined Group for the years ended December 2011, 2010, and 2009 were \$2.4 million, \$2.6 million, and \$2.2 million, respectively.

Table of Contents**The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009****NOTE E INCOME TAXES**

The income taxes presented in the combined financial statements represent the taxes on High Plains stations as if a stand-alone tax return was filed plus any income taxes in the state of Tennessee. Income tax expense for the years ended December 31, 2011 and 2010 was \$0.3 million and \$0.1 million, respectively. There was no income tax expense in 2009. Deferred tax assets associated with High Plains and Tennessee are recorded at the Newport and High Plains level.

The Combined Group evaluates its uncertain tax positions annually. Accordingly, a liability is recognized when it is more likely than not that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimates and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position or for all uncertain tax positions in the aggregate could differ from the amount recognized.

The Combined Group is subject to income taxes in the U.S. federal jurisdiction and various state jurisdictions. Tax regulations within each jurisdiction are subject to the interpretation of the related tax laws and regulations and require significant judgment to apply. Newport and High Plains are subject to U.S. federal, state and local tax examinations by tax authorities for its 2009-2011 returns.

The Combined Group is not currently under examination. The Combined Group does not expect any material changes to its unrecognized tax benefits within the next 12 months. The Combined Group recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense for all periods presented.
