* The co-registrants listed on the next page are also included in this Form S-4 Registration Statement as additional registrants.

Approximate date of commencement of proposed sale of the securities to the public: The exchange will occur as soon as practicable after the effective date of this Registration Statement.

If the securities being registered on this Form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box. "

If this form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. "

If this form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. "

Edgar Filing: Capstar TX , LLC - Form S-4

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
 Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company
 If applicable, place an X in the box to designate the appropriate rule provision relied upon in conducting this transaction:

Exchange Act Rule 13e-4(i) (Cross-Border Issuer Tender Offer)

Exchange Act Rule 14d-1(d) (Cross-Border Third-Party Tender Offer)

CALCULATION OF REGISTRATION FEE

| Title of each class of securities to be registered | Amount to be registered | Proposed maximum offering price per unit(1) | Proposed maximum aggregate offering price(1) | Amount of registration fee |
|---|--------------------------------|--|---|-----------------------------------|
| Senior Notes due 2021 | \$1,203,660,519 | 100% | \$1,203,660,519 | \$155,032(1) |
| Senior Notes due 2021(2) | \$193,751,984 | 100% | \$193,751,984 | \$24,956(1) |
| Guarantees of Senior Notes due 2021(3) | N/A | N/A | N/A | N/A(4) |

- (1) Estimated solely for purposes of calculating the registration fee pursuant to Rule 457(f) under the Securities Act of 1933, as amended.
- (2) The registrant is registering an additional amount of Senior Notes due 2021 which will be issued as paid-in-kind interest on the Senior Notes due 2021.
- (3) See the following page for a table setting forth the guarantors, all of which are additional registrants.
- (4) No separate consideration will be received for the guarantees, and no separate fee is payable, pursuant to Rule 457(n) under the Securities Act.

The registrants hereby amend this registration statement on such date or dates as may be necessary to delay its effective date until the registrants shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until

this registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. These notes may not be sold until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell nor is it an offer to buy these notes in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED NOVEMBER 27, 2013

PROSPECTUS

CLEAR CHANNEL COMMUNICATIONS, INC.

Exchange Offer for

\$1,397,412,503 Senior Notes due 2021

We are offering (the exchange offer) to exchange up to \$1,203,660,519 aggregate principal amount of our new Senior Notes due 2021 (which we refer to, together with the PIK notes (as defined below), as the exchange notes), which will be registered under the Securities Act of 1933, as amended (the Securities Act), for up to \$1,203,660,519 aggregate principal amount of our outstanding Senior Notes due 2021 that we issued on June 21, 2013 (the outstanding notes). We refer to the exchange notes and the outstanding notes collectively as the notes. We are also registering as additional \$193,751,984 of exchange notes (PIK notes) that we will issue as paid-in-kind interest on outstanding exchange notes.

Material Terms of the Exchange Offer

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2014, unless extended.

We will exchange all outstanding notes that are validly tendered and not withdrawn prior to the expiration or termination of the exchange offer. You may withdraw your tender of outstanding notes at any time before the expiration of the exchange offer.

The terms of the exchange notes to be issued in the exchange offer are substantially identical to the outstanding notes, except that the transfer restrictions and registration rights relating to the outstanding notes will not apply to the exchange notes.

The exchange of outstanding notes for exchange notes should not be a taxable event for U.S. federal income tax purposes, but you should see the discussion under the caption Certain United States Federal Income Tax Considerations for more information.

We will not receive any proceeds from the exchange offer.

We issued the outstanding notes in transactions not requiring registration under the Securities Act and, as a result, their transfer is restricted. We are making the exchange offer to satisfy your registration rights as a holder of outstanding notes.

We are not asking you for a proxy and you are not requested to send us a proxy.

For a discussion of certain factors that you should consider before participating in the exchange offer, see Risk Factors beginning on page 17 of this prospectus.

Neither the Securities and Exchange Commission (the SEC) nor any state securities commission has approved or disapproved of the exchange notes to be distributed in the exchange offer, nor have any of these organizations determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We have filed a registration statement on Form S-4 to register with the SEC the exchange notes to be issued in the exchange offer. This prospectus is part of that registration statement.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date (as defined herein) and ending on the close of business 180 days after the expiration date, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See Plan of Distribution.

THE DATE OF THIS PROSPECTUS IS .

Table of Contents

BASIS OF PRESENTATION

The financial statements and related footnotes included in this prospectus are those of Clear Channel Capital I, LLC (Clear Channel Capital), the direct parent of Clear Channel Communications, Inc. (Clear Channel or the Company), which is a guarantor of the notes. The financial statements included in this prospectus contain certain footnote disclosures regarding the financial information of Clear Channel and Clear Channel's domestic wholly-owned subsidiaries that guarantee certain of Clear Channel's outstanding indebtedness. Clear Channel Capital does not have any operations of its own, and, as a result, the financial statements of Clear Channel Capital reflect the financial condition and results of Clear Channel. All other data and information in this prospectus are that of Clear Channel and its subsidiaries, unless otherwise indicated.

Clear Channel Capital and Clear Channel are indirect wholly-owned subsidiaries of CC Media Holdings, Inc. (CCMH or CC Media), which was formed in May 2007 by private equity funds managed by Bain Capital Partners, LLC (Bain Capital) and Thomas H. Lee Partners, L.P. (THL, and together with Bain Capital, the Sponsors) for the purpose of acquiring the business of Clear Channel. On November 16, 2006, Clear Channel entered into a merger agreement with BT Triple Crown Merger Co. Inc., an entity formed by private equity funds sponsored by the Sponsors (Merger Sub), to effect the acquisition of Clear Channel by CCMH (the Merger Agreement). Clear Channel held a special meeting of its shareholders on July 24, 2008, at which time the proposed merger of Merger Sub into Clear Channel (the Merger) was approved, and the Merger was completed on July 30, 2008.

CCMH accounted for its acquisition of Clear Channel as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, Business Combinations, codified in ASC 805-10, and Emerging Issues Task Force Issue 88-16, Basis in Leveraged Buyout Transactions, codified in ASC 805-10.

Clear Channel Capital's consolidated statements of operations information presented in the Selected Historical Consolidated Financial Data section in this prospectus are presented for two periods: post-Merger and pre-Merger. The Merger resulted in a new basis of accounting beginning on July 31, 2008 and the financial reporting periods are presented as follows.

Each of the periods beginning on and after July 31, 2008 reflects our post-Merger period. Subsequent to the acquisition, Clear Channel became an indirect, wholly-owned subsidiary of CCMH, and Clear Channel Capital's business became that of Clear Channel and its subsidiaries.

The period from January 1 through July 30, 2008 reflects our pre-Merger period. As a result of the Merger and the associated purchase accounting, the consolidated financial statements of the post-Merger periods are not comparable to periods preceding the Merger. We have also presented in this prospectus our results from 2008 on a basis that combines the pre-Merger and post-Merger periods for 2008. We believe that the presentation of 2008 on a combined basis is more meaningful as it allows the results of operations to be compared to the full year period in 2009. This combined financial information is for informational purposes only, is not being presented on a pro forma basis and should not be considered indicative of actual results that would have been achieved had the Merger not been completed during 2008 or been completed at the beginning of 2008. In particular, it does not reflect the full year effect of depreciation and amortization expense associated with valuations of property, plant and equipment and definite-lived intangible assets that were adjusted in the Merger, interest expense related to debt issued in conjunction with the Merger, issuance costs with respect to this indebtedness, the fair value adjustment to Clear

Channel's existing indebtedness or the related tax effects of these items. The combined financial information should be read in conjunction with the information contained in Selected Historical Consolidated Financial Data, Management's Discussion and Analysis of Financial Condition and Results of Operations and the financial statements of Clear Channel Capital and the accompanying notes appearing elsewhere in this prospectus.

Table of Contents

FORWARD-LOOKING STATEMENTS

This prospectus contains certain statements that are, or may be deemed to be, forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Actual outcomes and results may differ materially from those expressed in, or implied by, our forward-looking statements. Words such as expects, anticipates, believes, estimates and other similar expressions of future or conditional verbs such as will, should, would and could are intended to identify such forward-looking statements. Readers should not rely solely on the forward-looking statements and should consider all uncertainties and risks throughout this prospectus, including those set forth under Risk Factors. The statements are representative only as of the date they are made, and we undertake no obligation to update any forward-looking statement.

All forward-looking statements, by their nature, are subject to risks and uncertainties. Our actual future results may differ materially from those set forth in our forward-looking statements. We face risks that are inherent in the businesses and the market places in which we operate. While management believes these forward-looking statements are accurate and reasonable, uncertainties, risks and factors, including those described below and under Risk Factors, could cause actual results to differ materially from those reflected in the forward-looking statements.

Factors that may cause the actual outcome and results to differ materially from those expressed in, or implied by, these forward-looking statements include, but are not necessarily limited to:

the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;

our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;

risks associated with weak or uncertain global economic conditions and their impact on the capital markets;

other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;

industry conditions, including competition;

the level of expenditures on advertising;

legislative or regulatory requirements;

fluctuations in operating costs;

technological changes and innovations;

changes in labor conditions, including on-air talent, program hosts and management;

capital expenditure requirements;

risks of doing business in foreign countries;

fluctuations in exchange rates and currency values;

the outcome of pending and future litigation;

taxes and tax disputes;

changes in interest rates;

Table of Contents

shifts in population and other demographics;

access to capital markets and borrowed indebtedness;

our ability to implement our business strategies;

the risk that we may not be able to integrate the operations of acquired businesses successfully;

the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist; and

the other factors described in this prospectus under the heading Risk Factors.

Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our business operations and also could cause actual results to differ materially from those included, contemplated or implied by the forward-looking statements made in this prospectus, and the reader should not consider the above list of factors to be a complete set of all potential risks or uncertainties.

Table of Contents

INDUSTRY AND MARKET DATA

Market and industry data throughout this prospectus was obtained from a combination of our own internal company surveys, the good faith estimates of management, various trade associations and publications, Arbitron Inc. (Arbitron) and Nielsen Media Research, Inc. (Nielsen) rankings, comScore, Inc., the Veronis Suhler Stevenson Industry Forecast, SNL Kagan, the Radio Advertising Bureau, Media Dynamics, Ando Media, Omniture, BIA Financial Network Inc., eMarketer, the Outdoor Advertising Association of America and Universal McCann. While we believe our internal surveys, third-party information, estimates of management and data from trade associations are reliable, we have not verified this data with any independent sources. Accordingly, we do not make any representations as to the accuracy or completeness of that data.

TRADEMARKS AND TRADE NAMES

This prospectus includes trademarks, such as Clear Channel, which are protected under applicable intellectual property laws and are the property of Clear Channel. This prospectus also contains trademarks, service marks, trade names and copyrights, of other companies, which are the property of their respective owners. Solely for convenience, trademarks and trade names referred to in this prospectus may appear without the® or symbols, but such references are not intended to indicate, in any way, that we will not assert, to the fullest extent under applicable law, our rights or the right of the applicable licensor to these trademarks and trade names.

Table of Contents

SUMMARY

This summary highlights key information contained elsewhere in this prospectus. This summary is not complete and does not contain all of the information that you should consider before deciding whether or not to participate in the exchange offer. You should read this entire prospectus, including the information set forth under Risk Factors and the financial statements and related notes, before making any investment decision.

Unless otherwise indicated or required by the context, as used in this prospectus, the terms the Company, we, our and us refer to Clear Channel Communications, Inc. and all of its subsidiaries that are consolidated under GAAP, and the term Clear Channel refers to Clear Channel Communications, Inc. and not to any of its subsidiaries. Clear Channel Communications, Inc., the issuer of the notes, is a direct, wholly-owned subsidiary of Clear Channel Capital I, LLC, one of the guarantors of the notes. All references in this prospectus to Clear Channel Capital refer to Clear Channel Capital I, LLC and not to any of its subsidiaries.

Overview

We are a diversified media and entertainment company with leading market positions in each of our operating segments: Media and Entertainment (CCME), Americas Outdoor Advertising and International Outdoor Advertising.

CCME. Our CCME operations include radio broadcasting, online and mobile services and products, program syndication, entertainment, traffic distribution and music research services. As of September 30, 2013, we owned 840 domestic radio stations servicing more than 150 U.S. markets, including 45 of the top 50 markets and 86 of the top 100 markets. CCME includes radio stations for which we are the licensee and one station for which we provide programming and sell air time under a local marketing agreement (LMA). We are also the beneficiary of Aloha Station Trust, LLC, which owns and operates 20 radio stations which we were required to divest in order to comply with FCC media ownership rules, and which are being marketed for sale. Our portfolio of stations offers a broad assortment of programming formats, including adult contemporary, country, contemporary hit radio, rock, news/talk, sports, urban, oldies and others. In addition to our local radio programming, we operate Premiere Networks (Premiere), a national radio network that produces, distributes or represents approximately 90 syndicated radio programs and serves more than 5,000 radio station affiliates. We also deliver real-time traffic information via navigation systems, radio and television broadcast media and wireless and Internet-based services through our traffic business, Total Traffic Network. For the year ended December 31, 2012 and the nine months ended September 30, 2013, our CCME segment represented approximately 49% and 50%, respectively, of our revenue and 69% and 70%, respectively, of our operating income without the effect of corporate and other reconciling items.

Americas Outdoor Advertising. We are the largest outdoor advertising company in North America (based on revenue), which includes the United States and Canada. Approximately 96% of our revenue for the nine months ended September 30, 2013 in our Americas Outdoor Advertising segment was derived from the United States. We own or operate approximately 106,000 display structures in our Americas segment with operations in 49 of the 50 largest markets in the United States, including all of the 20 largest markets. Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays, mall displays, and wallscapes and other spectaculars, which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on

metropolitan areas with dense populations. For the year ended December 31, 2012 and the nine months ended September 30, 2013, our Americas Outdoor Advertising segment represented approximately 20% and 21%, respectively, of our revenue and 21% and 24%, respectively, of our operating income without the effect of corporate and other reconciling items.

International Outdoor Advertising. Our International Outdoor Advertising business segment includes our operations in Asia, Australia, Europe and Latin America, with approximately 32% of our revenue for the nine months ended September 30, 2013 in this segment derived from France and the United Kingdom. As of September 30, 2013, we owned or operated approximately 569,000 displays across 28 countries. Our International outdoor assets consist of street furniture and transit displays, billboards, mall displays, Smartbike programs, wallscapes and other spectacles, which we own or operate under

Table of Contents

lease agreements. Our International business is focused on metropolitan areas with dense populations. For the year ended December 31, 2012 and the nine months ended September 30, 2013, our International Outdoor Advertising segment represented approximately 27% and 26%, respectively, of our revenue and 5% and 4%, respectively, of our operating income without the effect of corporate and other reconciling items.

Other. Our other (Other) category includes our 100%-owned full-service media representation firm, Katz Media Group, Inc. (Katz Media), as well as other general support services and initiatives, which are ancillary to our other businesses. Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of September 30, 2013, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which were owned by us. Katz Media also represents approximately 550 television and digital multicast stations. Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length. For the year ended December 31, 2012 and the nine months ended September 30, 2013, our Other category represented approximately 4% and 3%, respectively, of our revenue and 5% and 2%, respectively, of our operating income without the effect of corporate and other reconciling items.

For the year ended December 31, 2012 and the nine months ended September 30, 2013, we generated consolidated revenues of \$6,247 million and \$4,549 million, respectively, operating income of \$1,070 million and \$668 million, respectively, and consolidated net loss of \$411 million and \$281 million, respectively.

Our Strengths

Leading Positions in the U.S. Media and Entertainment and Global Outdoor Market. We are a leading global media and entertainment company.

We own the number one or number two ranked radio station clusters in eight of the top 10 and in 20 of the top 25 markets in the United States as of October 2013. With a total weekly listening base of almost 123 million individuals based on Arbitron figures for the Spring 2013 ratings period, our portfolio of 840 stations generated twice the revenue as our next largest radio broadcasting competitor in 2012.

In the United States outdoor market, we believe we hold the number one market share in seven of the top 10 markets and are either number one or number two in 16 of the top 20 markets. Internationally, we believe we hold one of the leading positions in France, the United Kingdom, Australia, Finland, Ireland, Switzerland, Sweden, Belgium and Norway. In addition, we hold positions in several countries where we have experienced strong growth, including Latin America, China, Singapore and Turkey.

Global Scale in Media and Entertainment and Outdoor Advertising. As of September 30, 2013, we owned 840 domestic radio stations servicing approximately 150 U.S. markets, including 45 of the top 50 markets and 86 of the top 100 markets. We also operated more than 675,000 outdoor advertising displays worldwide in metropolitan and densely populated locations, providing advertisers with both a global and a local reach. We believe that our scale provides us with the flexibility and resources to introduce new products and solutions in a cost effective manner.

Our scale has enabled cost-effective investment in new technologies, such as digital billboards and streaming technology, which we believe will continue to support future growth. Digital billboards, for example, enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

Table of Contents

Our large distribution platform in our CCME segment allows us to attract top talent and more effectively utilize programming, sharing the best and most compelling talent and programming across many stations throughout the United States.

We have more than 5,600 sales people in local markets across the globe. Our scale has facilitated cost-effective investment in systems that allow us to maximize yield management and systems that improve the ability of our local salespeople to increase revenue. Additionally, our scale has allowed us to implement initiatives that we believe differentiate us from the rest of the media industry and position us to outperform our competitors across our markets.

Diversification Across Business Lines, Geographies, Markets and Format. Approximately half of our revenue is generated by our CCME segment, with the remaining half generated by our Americas Outdoor Advertising and International Outdoor Advertising segments, as well as other support services and initiatives. We offer advertisers a diverse platform of media assets across geographies, outdoor products and programming formats. Due to our multiple business units, we are not dependent upon any single source of revenue.

Strong Collection of Unique Assets. Through acquisitions and organic growth, we have aggregated a unique portfolio of assets. We believe the combination of our assets cannot be replicated.

Ownership and operation of radio broadcast stations is governed by the Federal Communications Commission's (FCC) licensing process, which limits the number of radio licenses available in any market. Any party seeking to acquire or transfer radio licenses must go through a detailed review process with the FCC. Over several decades, we have aggregated multiple licenses in local market clusters across the United States. A cluster of multiple radio stations in a market allows us to provide listeners with more diverse programming and advertisers with a more efficient means to reach those listeners. In addition, we are able to increase our efficiency by operating in clusters, which allows us to eliminate duplicative operating expenses and realize economies of scale.

The domestic outdoor industry is regulated by the federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, height, size, spacing and placement and permitting of outdoor advertising structures. Due to these regulations, it has become increasingly difficult to develop new outdoor advertising locations. Further, for many of our existing billboards, a competitor or landlord could not obtain a permit for replacement under existing laws and regulations due to their non-conforming status.

Attractive Businesses with High Margins and Low Capital Expenditure Requirements. Our global scale has enabled us to make productive and cost effective investments across our portfolio. As a result of our strong margins and low capital expenditure requirements, we have been able to convert a significant portion of our operating income into cash flow that can be utilized for debt service.

We have strong operating margins, driven by our significant scale and leading market share in both radio broadcasting and outdoor advertising. For the year ended December 31, 2012 and nine months ended September 30, 2013, our consolidated operating margin was 17% and 15%, respectively, with strong operating margins in our CCME (31% and 29%, respectively) and Americas Outdoor Advertising (22%

and 23%, respectively) segments.

In addition, both our media and entertainment and our outdoor businesses are low capital intensity businesses. For the year ended December 31, 2012 and nine months ended September 30, 2013, our total capital expenditures were 6% and 4%, respectively, of total revenue.

Highly Effective Advertising Medium. We believe both our media and entertainment and our outdoor advertising businesses offer compelling value propositions to advertisers and valuable access to consumers when they are out of the home and therefore closer to purchase decisions. We also believe both industries are well positioned to benefit from the fragmentation of audiences of other media as they are able to reach mass audiences on a local market basis.

Table of Contents

Radio broadcasting and outdoor media offer compelling value propositions to advertisers by providing cost effective media advertising outlets.

Our media and entertainment and our outdoor businesses reach potential consumers outside of the home, a valuable position as it is closer to the purchase decision. Today, consumers spend a significant portion of their day out-of-home, while out-of-home media (radio and outdoor) currently garner a disproportionately smaller share of media spending than in-home media. We believe this discrepancy represents an opportunity for growth.

Additionally, radio programming reaches 92% of all consumers in the United States in a given week, with the average consumer listening for approximately two hours per day. On a weekly basis, this represents approximately 243 million unique listeners.

According to Arbitron, consumers in the United States listen to a significant amount of radio per day. In 2013, broadcast radio captured 124 minutes of user consumption per day as compared to the Internet at 144 minutes and newspapers at 18 minutes.

According to Arbitron, in 2009, 98% of U.S. residents traveled in a car each month, with an average of 224 miles traveled per week. The captive in-car audience is protected from media fragmentation and is subject to increasing out-of-home advertiser exposure as time and distance of commutes increase.

Significant Operating Leverage with Flexibility to Manage Cost Base As Necessary. We benefit from significant operating leverage, which leads to operating margin increases in a growth environment. Conversely, we have demonstrated our flexibility to effectively manage our cost base in a low growth or recessionary environment.

Our Strategy

Our goal is to strengthen our position as a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and providing premiere opportunities for advertisers. We plan to achieve this objective by capitalizing on our competitive strengths and pursuing the following strategies.

CCME

Our CCME strategy centers on delivering entertaining and informative content across multiple platforms, including broadcast, mobile and digital. We strive to serve our listeners by providing the content they desire on the platform they prefer, while supporting advertisers, strategic partners, music labels and artists with a diverse platform of creative marketing opportunities designed to effectively reach and engage target audiences. Our CCME strategy also focuses on continuing to improve the operations of our stations by providing valuable programming and promotions, as well as sharing best practices across our stations in marketing, distribution, sales and cost management.

Promote Local and National Advertising. We intend to grow our CCME businesses by continuing to develop effective programming, creating new solutions for our advertisers and agencies, fostering key relationships with advertisers and improving our national sales team. We intend to leverage our diverse collection of assets combined with our programming and creative strengths and our consumer relationships, to create special events such as

one-of-a-kind local and national promotions for our listeners, and develop new, innovative technologies and products with which we can promote our advertisers. We seek to maximize revenue by closely managing our advertising opportunities and pricing to compete effectively in local markets. We operate price and yield information systems, which provide detailed inventory information. These systems enable our station managers and sales directors to adjust commercial inventory and pricing based on local market demand, as well as to manage and monitor different commercial durations (60 second, 30 second, 15 second and five second) in order to provide more effective advertising for our customers at what we believe are optimal prices given market conditions.

Continue to Enhance the Listener Experience. We intend to continue enhancing the listener experience by offering a wide variety of compelling content and methods of delivery. We will continue to provide the content our listeners desire on their preferred platforms. Our investments have created a collection of leading on-air talent.

Table of Contents

For example, Premiere offers more than 90 syndicated radio programs and services for more than 5,000 radio station affiliates across the United States, including popular programs such as Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran and Delilah. Our distribution capabilities allow us to attract top talent and more effectively utilize programming, sharing our best and most compelling content across many stations.

Deliver Content via Multiple Distribution Technologies. We continue to expand the choices for our listeners. We deliver music, news, talk, sports, traffic and other content using an array of distribution technologies, including broadcast radio and HD radio channels, satellite radio, iHeartRadio.com and our stations' websites, our iHeartRadio mobile application on smart phones and tablets as well as in-vehicle entertainment and navigation systems. Some examples of our recent initiatives are as follows:

Streaming. We provide streaming content via the Internet, mobile and other digital platforms. We rank among the top streaming networks in the U.S. with regards to Average Active Sessions (AAS), Session Starts (SS) and Average Time Spent Listening (ATSL). AAS and SS measure the level of activity while ATSL measures the ability to keep the audience engaged.

Websites and Mobile Applications. We have developed mobile and Internet applications such as the iHeartRadio smart phone application and website. These mobile and Internet applications allow listeners to use their smart phones or other digital devices to interact directly with stations, find titles/artists, request songs and create custom stations while providing an additional method for advertisers to reach consumers. To date, our iHeartRadio mobile application has been downloaded more than 276 million times. iHeartRadio provides a unique digital music experience by offering access to more than 1,800 live broadcast and digital-only radio stations, plus user-created custom stations with broad social media integration and our on demand content from our premium talk partnerships and user generated talk shows. Through our digital platforms, we estimate that we had more than 68 million unique digital visitors for the month of October 2013. In addition, through October 2013, iHeartRadio streamed, on average, 142 million total listening hours monthly via our website and mobile application.

Outdoor

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

Promote Overall Outdoor Media Spending. Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2012. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for

geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

Continue to Deploy Digital Displays. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to penetrate new accounts

Table of Contents

and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of September 30, 2013, we had deployed over 1,000 digital billboards in 38 markets in the United States and more than 6,700 digital displays in 11 countries across Europe, Asia and Latin America.

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.
