Frequently Asked Questions

Payroll Questions

How often will I be paid once I am on Old National 's payroll?

Old National pays all associates bi-weekly. Exempt associates (typically paid on a salaried basis) are paid current which means that they are paid through the week including the pay date. In order to allow time to properly collect and process hours worked, non-exempt associates (typically paid on an hourly basis) are paid one week in arrears which means they are paid through week ending the week before the pay date. Non-exempt associates are paid overtime for hours worked over 40 during the work week. Old National 's payroll week begins on Sunday and ends on Saturday.

Commissioned associates are also paid bi-weekly. Any commissioned associate receiving draw payments will receive a draw on each payroll although payments of actual commissions earned are generally processed monthly on the second check of the month.

As we get closer to the anticipated close date, we will provide more information concerning timing regarding the payroll transition.

Benefit Questions

When will we begin benefits with Old National?

We expect that you will transition to Old National 's benefit programs no earlier than the closing date of the partnership. We are planning a transition of health and welfare benefits to begin on August 1 assuming a closing date in July 2014. Should the closing occur after July 1, the benefits transition for all benefits except the 401(k) will be effective the first of the month following the closing date. 401(k) deferrals will begin with the first Old National payroll except for newly hired associates. Newly hired associates for 401(k) participation will be eligible consistent with Old National 's plan requirement of the first of the month following one month of employment. United associates are encouraged to review Old National 's benefits prior to open enrollment.

When will we learn more about Old National 's benefit offering?

Open enrollment for Old National benefits will be a three week period from April 14, 2014 to May 2, 2014. In person benefit enrollment meetings will be scheduled in Ann Arbor and Tecumseh during the week of April 14. One of the sessions will be recorded using WebEx and will be posted on the United intranet site for co-workers to access during the open enrollment period. If necessary, a follow-up conference call, to answer any remaining enrollment questions, will be scheduled the week of April 28.

How will Old National address my PTB (Paid Time Bank)?

Any remaining 2013 PTB carryover balance will be paid on the last paycheck processed by United Bank & Trust (UBT). Associates who have used a PTB amount in 2014 equal or greater than their 2013 carryover amount will not be eligible for the carryover payout. After the payout, your 2014 total PTB minus any time used will be distributed into different paid time off accumulators - vacation and sick time. Your vacation accumulator will be loaded first up to the maximum amount you would receive under Old National s vacation policy. The remaining amount will be loaded into the sick time accumulator up to the maximum allowed under Old National s sick pay policy. Additionally, all full-time non-exempt associates will receive 8 hours of personal time.

The following provides an example of how this transition will work:

Co-Worker year of service in 2014: 9

Co-Worker employment level: FT Non-Exempt

Old National vacation schedule tier: Grade 58 and below

2013 PTB carryover remaining: 5 days Will be paid on last paycheck processed by UBT

2014 PTB annual accrual: 22 days

2014 used PTB: 2 days

Old National vacation accumulator loaded at close: 15 days Annual max loaded for a grade 58 and below associate with 9 years of service

Old National sick accumulator loaded at close: 5 days

Old National personal time loaded at close: 1 day (8 hours)

Following this initial transition, paid time off will be handled consistent with Old National's paid time off policies.

Old National's vacation schedule has two levels based upon an individual's salary grade. When will I learn the level for which I qualify?

Old National's vacation schedule has two levels—one for individuals in salary grade 58 and below and the other for individuals in salary grade 59 or higher. For details regarding vacation levels, you may view Old National's vacation policy by clicking [here](#). We expect that salary grade determinations will occur and be communicated as final decisions are made regarding roles and positions. For reference, the following list provides insight as to which vacation schedule common jobs are graded at Old National:

Branch positions including CSRs/PB: Grade 58 and below

Administrative assistants and administrative/operational support: Grade 58 and below

Commercial relationship managers: Varies based upon experience and portfolio size generally, grade 59 and above

Wealth mgt. trust officers/investment portfolio managers: Varies based upon experience and portfolio size generally, grade 59 and above

Support areas (Finance, HR, Risk, Credit): Varies based upon position

Any non-exempt position is classified as grade 58 or below.

Employment Questions

Will those whose positions are eliminated be eligible to apply for new/available positions?

Yes, as positions become available (either through attrition or additions to staff), we will determine the most appropriate way to fill them. In many cases, positions will be openly posted. In all cases, associates whose current positions will be eliminated will be given priority consideration for any open positions (for which they are qualified) before the company would hire externally.

If the decision is made to retain, part but not all of a function, what factors will be considered to determine who will be retained?

We will look at a variety of factors to determine who would be retained. First, we would determine the appropriate group to be considered to fill the retained positions. Then, we would consider factors like the nature of the role, co-worker current performance, skill level, versatility. If the group to be considered is broad or if the roles are very different, we might decide to post the positions. These are decisions that we would make together with the appropriate members of the UBT management team.

When will job eliminations occur?

Job eliminations will occur after the data conversion which is planned for the end of August. At the time staffing decisions are finalized, co-workers whose positions will be affected will be given a projected timeline for the elimination to occur. Associates will be given at least a 60 day notice and will be encouraged to consider other opportunities with the company as jobs become available. In most yet not all cases, and assuming we have relatively few conversion issues, separations will occur two to four weeks after the conversion date.

If I separate employment as a result of job elimination and receive a severance benefit, can I be rehired?

Yes. You would be able to be re-hired and would not be required to refund any severance related payments. If you are re-hired within 6 months of your separation, the company will bridge your service for vacation and service award purposes. Re-hires are subject to the same eligibility rules for health and welfare benefits as new hires (first of the month following one month of employment). Re-hired associates are able to participate in the 401(k) plan after 30 days.

How will my paid time off be paid out if my job is eliminated?

If your job is eliminated at Old National, your paid time off balance will be paid out at termination based upon the greater of your UBT PTB accrual (minus any hours taken) and your Old National vacation balance at separation. For non-exempt associates, any unused personal hours will also be paid upon termination.

The following is an example of how this calculation will work. In this example, it is assumed the individual does not have any personal hours and has a separation date of September 5, 2014. In this example, the paid time off will be paid at separation based upon the associate's Old National vacation balance as it is greater than the UBT PTB accrual calculation.

UBT PTB Accrual Calculation		# of Days	Old National Vacation Balance Calculation		# of Days
Total 2014 PTB accrual:		22	Total 2014 vacation loaded as of close date		15
Total 2014 PTB accrued as of separation date based on United PTB calculations: (22 days/12 months*8 months)		14.67	Total vacation used between closing and separation date		0
Total 2014 PTB used:		2	Total remaining vacation		15
Total 2014 PTB balance for payment at job elimination		12.67			

In the event an affected associate separates employment **prior** to the provided date, any payment for paid time off will be on a pro-rated basis in accordance with Old National's vacation policy for regular separation. Per Old National's sick and personal time policies, neither will be paid out at termination.

Using the above example, if the affected associate left employment on August 1, 2014, they would be paid for 10 days under Old National's calculation for a regular separation. The payment amount of 10 days is based upon the following calculation:

$15(\# \text{ of unused days}) * 8(\# \text{ of months employed in year}) / 12(\# \text{ of months in year})$
