PROXY STATEMENT FOR ANNUAL GENERAL MEETING OF SHAREHOLDERS

May 7, 2014

This proxy statement contains information about the 2014 Annual General Meeting of Shareholders of Genpact Limited, which we refer to in this proxy statement as the annual meeting or the meeting. The annual meeting will be held on Wednesday May 7, 2014, at John Hancock Tower, 200 Clarendon Street, 42nd Floor, Boston, Massachusetts 02116. The annual meeting will commence at 10 a.m. local time.

This proxy statement is furnished by the board of directors of Genpact Limited, which is also referred to as Genpact or the Company in this proxy statement, in connection with the solicitation of proxies for use at the annual meeting and at any adjournment of the annual meeting. All proxies will be voted in accordance with the instructions they contain. If no instruction is specified on a proxy, it will be voted in accordance with the recommendation of our board of directors. The board of directors recommends that you vote FOR Proposals 1, 2 and 3. A shareholder may revoke any proxy at any time before it is exercised by giving our Secretary written notice to that effect either before or at the annual meeting by signing and submitting another proxy with a later date or by attending the meeting in person and voting such holder's shares.

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 is being mailed to shareholders with the Notice of 2014 Annual General Meeting and this proxy statement on or about April 9, 2014.

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 as filed with the United States Securities and Exchange Commission (the SEC), except for exhibits, will be furnished without charge to any shareholder upon written request to us c/o Genpact LLC, 1155 Avenue of the Americas, 4th Floor, New York 10036, Attention: Corporate Secretary.

IMPORTANT INFORMATION ABOUT THE ANNUAL GENERAL MEETING AND VOTING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will consider and act on the following matters:

1. To elect eleven (11) directors to hold office until the next annual election and until their successors are duly elected and qualified.
2. To ratify and approve the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2014.
3. To approve, on an advisory basis, the compensation of the Company's named executive officers.
4. To transact such other business as may properly come before the annual meeting or any adjournment thereof.

Who can vote?

Edgar Filing: Genpact LTD - Form DEF 14A

To be able to vote, you must have been a shareholder of record at the close of business on March 3, 2014. This date is the record date for the annual meeting.

Shareholders of record at the close of business on March 3, 2014 are entitled to vote on each proposal at the annual meeting. The number of outstanding common shares entitled to vote on each proposal at the meeting is 231,726,562.

How many votes do I have?

Each common share of Genpact that you owned on the record date entitles you to one vote on each matter that is voted on at the annual meeting.

Is my vote important?

Your vote is important regardless of how many common shares you own. Please take the time to read the instructions below and vote. Choose the way to vote that is easiest and most convenient for you and submit your proxy so your vote is cast as soon as possible.

How do I vote?

If you are a record holder of Genpact shares, you may deliver your proxy to vote your shares in one of the following ways or you may vote in person at the annual meeting. If you hold your shares in street name, refer to the information below on how to vote your shares.

You may submit your proxy to vote by mail. You may vote by completing and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you sign and return the proxy card, but do not give any instructions on a particular matter to be voted on as described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our board of directors. The board of directors recommends that you vote **FOR** Proposals 1, 2 and 3.

You may submit your proxy to vote over the Internet. If you have Internet access, you may submit your proxy to vote your shares from any location in the world by following the Electronic Voting Instructions set forth on the enclosed proxy card.

You may vote in person. If you attend the meeting at the location set forth in the accompanying Notice of 2014 Annual General Meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the meeting. If you attend the meeting in person you will need to bring an acceptable form of photo identification, such as a driver's license or passport.

Can I change my vote after I have mailed my proxy card or after I have submitted my proxy to vote my shares over the Internet?

Yes. You can revoke your proxy and change your vote at any time before the polls close at the meeting by doing any one of the following things:

signing and delivering another proxy with a later date to our Corporate Secretary, c/o Genpact LLC, 1155 Avenue of the Americas, 4th Floor, New York, New York 10036 USA;

submitting another proxy to vote with a later date over the Internet;

giving our Corporate Secretary written notice before or at the meeting that you want to revoke your proxy; or

voting in person at the meeting.

Your attendance at the meeting alone will not revoke your proxy.

Can I vote if my shares are held in street name ?

If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and

brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form.

If your shares are held in street name, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares as of the record date in order to be admitted to the meeting on May 7, 2014. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

What is a broker non-vote?

Generally, a broker non-vote occurs when a broker, bank or other nominee that holds shares in street name for customers is precluded from exercising voting discretion on a particular proposal because (1) the beneficial owner has not instructed the nominee how to vote, and (2) the nominee lacks discretionary voting power to vote such shares. Under New York Stock Exchange (NYSE) rules, a nominee does not have discretionary voting power with respect to the approval of non-routine matters absent specific voting instructions from the beneficial owners of such shares.

All proposals other than the ratification of KPMG as the Company's independent registered public accountants for fiscal year 2014 are non-routine matters and, therefore, common shares held in street name will not be voted with respect to these proposals without voting instructions from the beneficial owners. You should follow the instructions provided by your nominee in directing your nominee on how to vote your shares.

What constitutes a quorum?

In order for business to be conducted at the annual meeting with respect to a particular matter, a quorum must be present for that particular matter. For each of the proposals described in the accompanying Notice of 2014 Annual General Meeting, we will have a quorum if at least two shareholders are present in person or by proxy who hold or represent more than 50 percent of the outstanding shares entitled to vote, or at least 115,863,282 shares. Common shares represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to a particular proposal to be voted upon) will be counted for the purpose of determining whether a quorum exists at the annual meeting for that proposal. Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that it does not have discretionary authority to vote on a particular matter.

If a quorum is not present, the annual meeting will be adjourned until a quorum is obtained.

What vote is required for each item?

For each of the proposals being considered at the annual meeting, approval of the proposal requires the affirmative vote of a simple majority of the votes cast. There is no cumulative voting in the election of directors. The election of each director nominee will be considered and voted upon as a separate proposal. Abstentions and broker non-votes are not counted as votes cast and will not affect the voting results on any proposals. If the proposal for the election of a director nominee does not receive the required majority of the votes cast, then the director will not be elected and the position on the board of directors that would have been filled by the director nominee will become vacant. The board of directors has the ability to fill any vacancy upon the recommendation of its nominating and governance committee.

How will votes be counted?

Each common share will be counted as one vote according to the instructions contained on a properly completed proxy, whether submitted by mail, over the Internet, or on a ballot voted in person at the annual meeting. Shares will not be voted in respect of a proposal if either (1) the shareholder abstains from voting on a particular matter, or (2) the shares are broker non-votes. If the shareholder signs and submits but does not indicate voting instructions on the proxy card, the proxies will have the authority to vote in respect of all proposals.

Who will count the votes?

An independent vote tabulator will count the votes. Computershare has been appointed by the board of directors as the independent Inspector of Election and will determine the existence of a quorum and validity of proxies and ballots, and certify the results of the voting.

How does the board of directors recommend that I vote on the proposals?

The board of directors recommends that you vote:

FOR the election of the eleven directors listed under Proposal 1 to hold office until the next annual election and until their successors are duly elected;

FOR the ratification and approval of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2014; and

FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers.

Will any other business be conducted at the meeting or will other matters be voted on?

The board of directors does not know of any other matters that may properly come before the meeting. If any other matter properly comes before the meeting, the persons named in the proxy card that accompanies this proxy statement, whether you submit your proxy by mail or through the Internet, will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

Where can I find the voting results?

We will report the voting results in a current report on Form 8-K within four business days of the 2014 annual meeting.

How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2015 annual general meeting?

Our bye-laws contain advance notice procedures with regard to shareholder proposals not related to director nominations. If you are interested in submitting a proposal for inclusion in the proxy statement for the 2015 annual general meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, or the Exchange Act. To be eligible for inclusion, we must receive your shareholder proposal intended for inclusion in the proxy statement for our 2015 Annual General Meeting of Shareholders at the New York City address set forth below no later than December 10, 2014.

Bermuda law provides that shareholders who collectively hold at least 5% of the total voting rights of our outstanding common shares, or any group comprised of at least 100 or more registered shareholders, may require a proposal to be submitted to an annual general meeting of shareholders. Bermuda law generally requires that notice of such a proposal must be deposited at our registered office not less than six weeks before the date of the meeting.

A shareholder's notice to our corporate secretary must be in proper written form and must set forth, as to each matter the shareholder proposes to bring before the meeting:

Edgar Filing: Genpact LTD - Form DEF 14A

a description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and if such business includes a proposal to amend our bye-laws, the language of the proposed amendment), the reasons for conducting the business at the meeting and any material interest in such business of such shareholder on whose behalf the proposal is made;

the name and record address of the shareholder;

the class and number of shares of our share capital which are owned and of record by the shareholder;

a representation that the shareholder is a holder of record of our shares entitled to vote at the meeting and that the shareholder intends to appear in person or by proxy at the meeting to propose such business; and

a representation as to whether the shareholder intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of our outstanding share capital required to approve or adopt the business proposal, or otherwise to solicit proxies from shareholders in support of such proposal.

Our bye-laws also contain advance notice procedures with regard to shareholder proposals related to the nomination of candidates for election as directors. These procedures provide that any shareholder may nominate persons for election as directors only if written notice of such shareholder's intent to make such nomination is given to our corporate secretary not less than 120 days nor more than 150 days prior to the date of the proxy statement released to shareholders in connection with the prior year's annual meeting.

A shareholder's notice to our corporate secretary must be in proper written form and must set forth information related to the shareholder giving the notice and the owner on whose behalf the nomination is made, including:

the name and record address of the shareholder and the owner;

the class and number of shares of our share capital which are owned and of record by the shareholder;

a representation that the shareholder is a holder of record of our shares entitled to vote at that meeting and that the shareholder intends to appear in person or by proxy at the meeting to bring the nomination before the meeting; and

a representation as to whether the shareholder intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of our outstanding share capital required to elect the nominee, or otherwise to solicit proxies from shareholders in support of such nomination.

As to each person whom the shareholder proposes to nominate for election as a director:

all information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Exchange Act; and

the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

Any proposals, nominations or notices should be sent to:

Board Recommendation

The board of directors believes that approval of the election of all nominees is in our best interests and the best interests of our shareholders and therefore recommends a vote FOR these nominees.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that Genpact is managed for the long-term benefit of its shareholders. The board of directors has adopted corporate governance guidelines to assist the board of directors in the exercise of its duties and responsibilities and to serve the best interests of our Company and our shareholders. These guidelines, which provide a framework for the conduct of the board of director s business, provide, among other things, that:

the principal responsibility of the directors is to exercise their business judgment to promote the long-term interests of the Company s shareholders by providing strategic direction to the Company and overseeing management in the performance of the Company s business activities;

additional responsibilities include reviewing, approving and monitoring significant financial and business strategies as developed by management, evaluating the performance of the Company and its executive officers, approving CEO succession plans and reviewing and approving material transactions and corporate activities not entered into in the ordinary course of business;

a majority of the members of the board of directors shall be independent directors;

the independent directors shall meet at least twice a year in executive session;

directors shall have full and free access to management and, as necessary and appropriate, independent advisors; and

at least annually, the nominating and governance committee shall oversee a self-evaluation of the board of directors to determine whether the board of directors and its committees are functioning effectively.

Director Independence

Pursuant to the corporate governance listing standards of the New York Stock Exchange (NYSE), a director employed by us cannot be deemed to be an independent director, and consequently Mr. Tyagarajan is not an independent director. The board has determined that none of the other current directors has a material relationship with us for purposes of the NYSE corporate governance listing standards and accordingly each is independent under such NYSE standards. In making its independence determinations, the board considered the relationship between our Company and Bain Capital, as an affiliate of Bain Capital owns approximately 25% of our outstanding common shares, the fact that

Edgar Filing: Genpact LTD - Form DEF 14A

Messrs. Chandra, Humphrey, Nunnely and Verdi serve on our board as designees of Bain Capital pursuant to the terms of the shareholder agreement and the fact that Messrs. Chandra, Humphrey and Nunnely are managing partners of Bain Capital.

Director Nomination Process

In considering whether to recommend any particular candidate for inclusion in the board of directors' slate of recommended director nominees, the nominating and governance committee applies the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, knowledge of our business and industry, experience, diligence, absence of any conflicts of interest and the ability to act in the interests of all shareholders. The committee does not assign specific weights to particular criteria and no particular criterion is a

prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities. We do not have a formal or informal diversity policy for board membership, but the nominating and governance committee is committed to considering diversity in accordance with its charter.

Shareholders may recommend individuals to the nominating and governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the shareholder or group of shareholders making the recommendation has beneficially owned more than 5% of our common shares for at least a year as of the date such recommendation is made, to the nominating and governance committee, c/o Genpact LLC, 1155 Avenue of the Americas 4th Floor, New York, NY 10036. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Board of Directors Meetings and Committees

The board of directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The board of directors primary responsibility is to oversee the management of Genpact and, in so doing, serve the best interests of the Company. Subject to the recommendations of the nominating and governance committee, the board of directors selects, evaluates and provides for the succession of executive officers and the board of directors nominates for election at annual general shareholder meetings individuals to serve as directors of Genpact and elects individuals to fill any vacancies on the board of directors to the extent not filled by shareholders in general meetings. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. Management keeps the directors informed of Company activity through presentations at board of directors and committee meetings.

The board of directors met, in person or telephonically, 7 times in fiscal 2013. During fiscal 2013, each of our directors standing for re-election attended 75% or more of the total number of meetings of the board of directors and the committees of which such director was a member during the period of time he served on such committee. The board of directors has standing audit, compensation and nominating and governance committees. Each committee has a charter that has been approved by the board of directors. Each committee must review the appropriateness of its charter and perform a self-evaluation at least annually. Mr. Tyagarajan is the only director who is an employee of Genpact and he does not participate in any meeting at which his compensation is evaluated. All members of all committees are non-employee directors and the board of directors has determined that all of the members of our three standing committees are independent as defined under the rules of the NYSE, and, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act.

Our Corporate Governance Guidelines set forth our policy that directors are expected to attend annual general meetings of shareholders. Except for Mr. Mandl, who became a director in July 2013, and Mr. Spek, who became a director in March 2014, all of our directors standing for re-election attended the 2013 annual meeting.

Board Leadership Structure and Role in Risk Oversight

The positions of chairman of the board and Chief Executive Officer have historically been separated at Genpact. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board in its exercise of business judgment to promote the long-term interests of our shareholders by providing strategic direction and overseeing management. The Board believes that separating these positions is the appropriate leadership structure for us at this time.

Our management is responsible for risk management on a day-to-day basis. The role of our board and its committees is to oversee the risk management activities of management. The Audit Committee assists the board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, in accordance with NYSE requirements, discusses policies with respect to risk assessment and risk management. The Compensation Committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance Committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance.

Communicating with the Independent Directors

The board of directors will give appropriate attention to written communications that are submitted by shareholders and other interested parties, and will respond if and as appropriate. The nominating and governance committee, with the assistance of the Company's General Counsel, is primarily responsible for monitoring communications from shareholders and other interested parties and for providing copies or summaries to the other directors as its members consider appropriate. Our non-executive chairman, Mr. Scott, is a member of the nominating and governance committee, a member of the compensation committee and also serves as the presiding director at all executive sessions of our non-management directors.

Communications will be forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the nominating and governance committee considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company may receive repetitive or duplicative communications.

Shareholders and interested parties who wish to send communications on any topic to the board of directors should address such communications to:

Report of the Audit Committee

The audit committee has reviewed our audited consolidated financial statements for the fiscal year ended December 31, 2013 and has discussed these financial statements with our management and independent registered public accounting firm.

The audit committee has also received from, and discussed with, KPMG, our independent registered public accounting firm, various communications that our independent registered public accounting firm is required to provide to the audit committee, including the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, Communications with Audit Committees and the Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

The audit committee has discussed with the independent registered public accounting firm their independence from Genpact.

Based on its discussions with management and the independent registered public accounting firm, and its review of the information provided by management and the independent registered public accounting firm, the audit committee recommended to our board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Related Party Transactions

Our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which Genpact Limited is a participant, the amount involved exceeds \$1,000,000 (or such lower threshold as our audit committee may from time to time determine), and one of our officers, directors, director nominees or 5% shareholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a related person transaction, the related person must report the proposed related person transaction to our General Counsel. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by the board's audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chair of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the audit committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. The audit committee will review and consider such information regarding the related person transaction as it deems appropriate under the circumstances.

The audit committee may approve or ratify the transaction only if the audit committee determines that, under all of the circumstances, the transaction is in the Company's best interests. The audit committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$1 million dollars or 2% of the annual consolidated gross revenues of the other entity that is a party to the transaction, and (d) the amount involved in the transaction equals less than 2% of our annual gross revenues; and a transaction that is specifically contemplated by provisions of our charter or by-laws.

Shareholder Agreement

The shareholder agreement among us and certain affiliates of Bain Capital provides that Bain Capital is entitled to nominate four persons to our board of directors so long as it maintains certain minimum shareholding thresholds, and Bain Capital has agreed to vote its shares to elect such persons. The number of directors that Bain Capital is entitled to appoint is reduced if its ownership of our common shares declines below certain levels and such right ceases if such ownership falls below 7.5% of our outstanding common shares.

Subject to certain conditions and with certain exceptions, the shareholder agreement grants Bain Capital the right, beginning on April 25, 2015, to require us to register for public resale under the Securities Act of 1933 all common shares that it requests be registered. In addition, beginning on April 25, 2015, and subject to certain conditions and with certain exceptions, the shareholder agreement grants Bain Capital piggyback rights on any registration for our account or the account of any other holder of our common shares. These rights are subject to

certain limitations, including customary cutbacks and other restrictions. In connection with our initial public offering or the other registrations described above, we have and will indemnify any selling shareholders against liabilities resulting from violations of federal or state securities laws by us in connection with any registration statement, prospectus or other disclosure statement used in connection with any registration of our securities and, subject to certain exceptions, we will bear all fees, costs and expenses, except underwriting discounts and selling commissions.

Prior to the one-year anniversary of the date when Bain Capital's ownership of our common shares falls below 7.5%, Bain Capital is subject to certain restrictions with respect to the acquisition of additional securities of, and certain exercises of control over, including making any offers for the purchase of, the Company. Notwithstanding the foregoing, the shareholder agreement grants Bain Capital the right to maintain its percentage ownership in the event we issue additional securities by purchasing a percentage of any additional securities we issue.

The shareholder agreement also regulates the parties' conduct concerning corporate opportunities, and our directors who are affiliated with Bain Capital are not required to present to us corporate opportunities (*e.g.*, acquisitions or new potential clients) of which they become aware.

INFORMATION ABOUT EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation policies and programs for our Chief Executive Officer (referred to as our CEO), our Chief Financial Officer (referred to as our CFO) and our three next most highly paid executive officers as determined under the rules of the SEC. Such individuals are referred to as our named executive officers.

2013 Financial Highlights

In 2013, Genpact grew revenues, adjusted income from operations and cash flow from operations. The Company's 2013 financial achievements include:

Revenues were \$2.1 billion, up 12.1% from \$1.9 billion in 2012.

Revenues from the Company's Global Clients (clients other than the General Electric Company, or GE) increased approximately 16% over 2012 levels.

Net income attributable to Genpact Limited shareholders was \$229.7 million, up 28.9% from \$178.2 million in 2012; net income margin for 2013 was 10.8%, up from 9.4% in 2012.

Adjusted income from operations increased 12.6% to \$352.6 million, up from \$313.1 million in 2012.

Adjusted income from operations margin was 16.5%, unchanged from 2012.

Cash from operations was \$311.6 million, up from \$310.7 million of cash from operations in 2012 (including approximately \$45 million from an up-front client payment).

Strong financial results have also led to healthy returns to shareholders. For the one-year period ended December 31, 2013, we generated total shareholder returns (measured as the change in our share price) of 18.5%. We believe that the continued focus of our executive officers in advancing our long term business strategy contributed significantly to our operational and financial achievements during 2013.

Pay for Performance Philosophy

The core objective of our executive officer compensation program is to align pay and performance. The compensation of our named executive officers for 2013 reflects both our 2013 performance and commitment to providing executive compensation opportunities that are linked to Company performance and shareholder value creation. We believe that as an employee's level of responsibility increases, so should the proportion of total compensation paid to such employee in the form of performance-based compensation. Accordingly, a significant portion of the total compensation for our named executive officers is in the form of long-term performance equity compensation. The long-term incentives program has included performance share awards since 2010. These awards vest, if at all, based on attainment of specified financial performance metrics and continued service.

The financial metrics for the performance shares granted to executive officers in 2013 were revenues and adjusted operating income margin and the targets were set at the beginning of the year based on anticipated performance for 2013. While we continued to have high client satisfaction levels in 2013 as evidenced by our net promoter scores, our revenue growth for the full year was less than we expected at the beginning of the year and we reduced our outlook for annual revenues in the third quarter of the year. As a result of our 2013 full year revenues being less than anticipated at the beginning of the year, the performance share awards granted to executive officers in 2013 were forfeited for failure to meet threshold revenue performance under the awards. In addition, because our revenues were less than expected at the beginning of the year, the

bonus payments to our CEO and CFO were reduced below the bonus payments for 2012 and the other named executive officers had no increase in their 2013 bonuses over their 2012 bonuses.

Executive Compensation Practices

We strive to maintain sound governance standards and compensation practices by continually monitoring the evolution of best practices. As in prior years, we incorporated many best practices into our 2013 compensation programs, including the following:

Our compensation committee is composed solely of independent directors who benefit from the advice of an independent consulting firm that provides no other services to the Company.

Our performance share award agreements contain claw-back provisions that provide our Board with the authority to recoup shares issued (or sales proceeds received from sale of such shares) from any named executive officer who breaches certain restrictive covenants under any agreement with the Company.

We do not currently offer guaranteed retirement benefits or any non-qualified deferred compensation plans. Instead, we provide our named executive officers with the opportunity to accumulate assets through appreciation of their equity awards, and offer our U.S. based executives the opportunity to participate in our 401(k) Plan on the same basis as all our employees.

Our compensation committee continually reviews the relationship of the CEO's compensation to the Company's performance.

Our compensation committee periodically reviews our compensation peer group and makes adjustments, when appropriate, to further enhance market competitiveness and alignment with investor expectations.

Stock option exercise prices are set at the grant date market price and may not be reduced (except to adjust for stock splits or similar transactions) without shareholder approval.

We regularly evaluate share utilization by reviewing overhang levels (dilutive impact of equity compensation on our shareholders) and annual run rates (the aggregate shares awarded as a percentage of total outstanding shares).

We maintain a formal stock ownership policy, under which the CEO is required to acquire and hold Genpact common shares in an amount representing a multiple of six times his base salary.

We provide only modest perquisites.

We do not provide tax gross-ups.

We do not permit short sales by executive officers or directors.

Compensation Objectives

The primary objectives of our compensation program for our executives, including our named executive officers, are to attract, motivate and retain highly talented individuals who are committed to our core values of leadership, performance, passion, innovation, teamwork, integrity and respect. Our compensation program is designed to reward the achievement of our annual, long-term and strategic goals, such as growing revenues, improving operating margins, improving client satisfaction scores and reducing employee attrition levels. It is also designed to align the interests of our executives, including our named executive officers, with those of our shareholders by rewarding performance that exceeds our goals, with the ultimate objective of increasing shareholder value.

Edgar Filing: Genpact LTD - Form DEF 14A

Currently, our compensation committee is responsible for reviewing the overall goals and objectives of our executive compensation programs, as well as our compensation plans, and making any changes to such goals, objectives and plans. Our compensation committee bases our executive compensation on the same objectives that guide us in establishing all of our compensation programs:

Compensation is based on the individual's level of job responsibility.

Compensation reflects the value of the job in the marketplace. A large part of our operations are based in developing economies where there is significant competition for locally-based top executive talent.

Compensation programs are designed to reward performance, both individual and Company.

For fiscal 2013, our executive compensation program had three primary components: (a) base salary, (b) annual cash bonus payments, and (c) equity-based compensation. We also provide other benefits and perquisites.

Our compensation committee considers risk when developing our compensation program and believes that the design of our current compensation program does not encourage excessive or inappropriate risk taking. Our base salaries provide competitive fixed compensation, while annual cash bonuses and equity-based awards encourage annual objectives and goals and long-term consideration rather than short-term risk taking.

Our Process

Our compensation committee typically reviews each component of compensation at least every 15 months with the goal of allocating compensation between cash and non-cash compensation and between long-term and currently paid out compensation, and combining the compensation elements for each executive in a manner we believe best fulfills the objectives of our compensation program.

Our compensation committee is responsible for reviewing the performance and potential of each of our executives, including the named executive officers, approving the compensation level of each of our executives, establishing criteria for granting Company options and other equity awards to our executives and other employees and approving such grants. Each of these tasks is generally performed annually by our compensation committee.

There is no pre-established policy for the allocation of compensation between cash and non-cash components or between short-term and long-term components and no pre-established ratio between the CEO's compensation and that of the other named executive officers. Rather, the Company's compensation committee, which includes experienced directors who serve as members of the boards and compensation committees of other public companies, works closely with our CEO, discussing with him the Company's overall performance, the CEO's own performance and his evaluation of and compensation recommendations for the other named executive officers.

The compensation committee then utilizes its judgment and experience in making all compensation determinations. The compensation committee's determination of compensation levels is based upon what the members of the committee deem appropriate, considering information such as the factors listed above, as well as input from our CEO and information and advice provided by an independent compensation consultant.

Role of CEO in Compensation Decisions. After the end of the 2013 fiscal year, the compensation committee and the CEO discussed our business performance, his performance and his evaluation of, and 2013 cash bonus recommendations for, the other named executive officers and certain other members of senior management. The CEO also provides recommendations on periodic adjustments to base salaries of the other named executive officers. The compensation committee takes into consideration the CEO's recommendations but makes the final decisions on compensation as it deems appropriate. The compensation committee, without the CEO present, determined the CEO's 2013 compensation.

Role of Consultants and Advisors in Compensation Decisions. The compensation committee has the authority to retain and terminate an independent third-party compensation consultant and to obtain independent advice and assistance from internal and external legal, accounting and other advisors. During 2013, the compensation committee utilized the services of an executive compensation consulting firm, Frederic W. Cook & Co., Inc. (F.W. Cook). F.W. Cook was engaged by and reported directly to the compensation committee. F.W. Cook did not provide any other services to the Company in 2013. During 2013, F.W. Cook advised the compensation committee with respect to our CEO's compensation. Our compensation committee determined that its relationship with F.W. Cook and the work of F.W. Cook on behalf of the compensation committee did not raise any conflict of interest.

F.W. Cook provided market data on the compensation of chief executive officers in 2013 among a group of comparable companies to assist the compensation committee in evaluating the compensation for Mr. Tyagarajan.

The companies used for the comparison included companies in our industry with similar revenue and companies we consider to be competing for the same level of executive talent and for which sufficient disclosure was available in publicly available proxy statements at the time of the review. The following companies were used in this peer group analysis:

Alliance Data Systems	Global Payments
Broadridge Financial Solutions	iGate Corp
CGI Group	Infosys Technologies
Ciber	Teletech Holdings
Cognizant Tech Solutions	Towers Watson & Co.
Convergys	WebMD Health
DST Systems	Wipro
ExlService Holdings	WNS Holdings

The compensation committee took into account the results of the review, alternatives provided by F.W. Cook, and other factors, such as Mr. Tyagarajan's long tenure with the Company, when determining Mr. Tyagarajan's 2013 base salary and target bonus.

Consideration of Prior Shareholder Advisory Vote on Executive Compensation. At our 2011 annual meeting of shareholders, we provided our shareholders the opportunity to vote to approve, on an advisory basis, the compensation of our named executive officers. Approximately 73% of the votes cast on such proposal were in favor of the compensation of the named executive officers. Our compensation committee took the results of the vote into account when determining our fiscal year 2013 executive compensation policies and based on the level of approval did not make any material changes to the Company's compensation philosophies, policies and practices or for compensation decisions with respect to 2013 compensation for our named executive officers. The compensation committee will continue to take into account future shareholder advisory votes on executive compensation in considering the Company's executive compensation programs and policies. Based on the voting preference of our shareholders, the frequency of future shareholder advisory votes on executive compensation will be every three years. Accordingly, a shareholder advisory vote will occur at this 2014 annual meeting.

Compensation Components

Base Salary. Base salary is provided to ensure that we are able to attract and retain high quality executives. It is intended to provide a fixed level of overall compensation that does not vary annually based on performance or changes in shareholder value, thereby ensuring that our executives can maintain a standard of living commensurate with their skill set and experience. Base salary reflects the experience, knowledge, skills and performance records our executives, including our named executive officers, bring to their positions and the general market conditions in the country in which the executives are located. We generally do not have employment agreements with our employees except in special cases or where required by local law. We have, however, entered into an employment agreement with our CEO that specifies a minimum base salary as described below.

Our compensation committee typically reviews the salaries of our executives, including our named executive officers, at least every 15 months and determines changes in base salaries based on various factors that include the importance of the role in our overall business, performance and potential of the executive, general Company performance and the market practices in the country where the named executive officer is located. In connection with such review, our CEO provides recommendations and rankings of the executives who directly report to him, including our other named executive officers, and the compensation committee considers the CEO's recommendations in setting base salaries.

N.V. Tyagarajan. On June 15, 2011, we entered into an employment agreement with Mr. Tyagarajan in connection with his becoming our president and chief executive officer. This agreement replaced Mr. Tyagarajan's previous employment agreement, dated as of February 7, 2005. The employment agreement specifies that Mr. Tyagarajan will receive an annual base salary of not less than \$600,000, effective June 17, 2011. In January 2013, the compensation committee approved a 5% increase in Mr. Tyagarajan's base salary to

\$630,000, which was in line with the salary increases for other senior executives based in the U.S. The increase was retroactive to September 2012, which was fifteen months after his prior increase and in line with our typical practice to review and, as appropriate, adjust base salaries every fifteen months. In February 2014, the compensation committee reviewed Mr. Tyagarajan's base salary and determined that no increase was appropriate. See Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table Employment Agreements with Named Executive Officers.

Mohit Bhatia. We do not have an employment agreement with Mr. Bhatia. Mr. Bhatia's 2013 base salary was INR 15,373,100 (approximately \$263,450), reflecting a merit increase in December 2013 of approximately 4% over his 2012 base salary. Mr. Bhatia's 2013 base salary increase was in line with the salary increases for our senior executives located in India and reflects the importance of his role and his personal performance.

Piyush Mehta. We do not have an employment agreement with Mr. Mehta. Mr. Mehta's 2013 base salary was INR 11,819,130 (approximately \$202,540), reflecting a merit increase effective July 2013 of approximately 8% over his 2012 salary. Mr. Mehta's 2013 base salary increase was in line with the salary increases for our senior executives located in India and reflects the importance of his role and his personal performance. In January 2014, the compensation committee approved a 39% increase in Mr. Mehta's base salary to INR 16,483,000 (approximately \$282,467). His 2014 base salary increase is higher than our past practice and reflects the importance of Mr. Mehta's role, his personal performance and the compensation committee's view that Mr. Mehta's cash compensation was significantly lower than industry standard based on publicly available reports benchmarking executive salaries in the technology industry.

Arvinder Singh. We do not have an employment agreement with Mr. Singh. Mr. Singh's 2013 base salary was \$400,000, reflecting a merit increase of 10% in December 2013 over his 2012 base salary. Mr. Singh's base salary increase was at the high end of salary increases for our senior executives located in the United States and reflects the importance of his new role as the leader for our capital markets and information technology businesses in addition to his personal performance.

Mohit Thukral. We do not have an employment agreement with Mr. Thukral. Mr. Thukral's 2013 base salary was INR 14,741,200 (approximately \$252,600), reflecting a merit increase of 6% in July 2013 over his 2012 base salary. Mr. Thukral's base salary increase was in line with the salary increases for our senior executives located in India and reflects the importance of his role and his personal performance. In January 2014, the compensation committee approved a 23% increase in Mr. Thukral's base salary to INR 18,175,000 (approximately \$311,462). The 2014 increase is higher than our past practice and reflects the importance of Mr. Thukral's role, his personal performance as well as the compensation committee's view that Mr. Thukral's cash compensation was lower than industry standard based on publicly available reports benchmarking executive salaries in the technology industry.

Annual Cash Bonus. Annual cash bonuses are designed to provide rewards to our executives, including our named executive officers, for Company performance and their performance during the most recent year. We believe that the immediacy of these cash bonuses, in contrast to our equity grants, which vest over a period of time, provides a significant incentive to our executives towards achieving their respective individual objectives, our Company objectives and our overall long term and strategic goals, such as client satisfaction, growing revenues, improving operating margins, reducing employee attrition levels and expanding into new geographies and service offerings. Our cash bonuses are an important motivating factor for our executives, in addition to being a significant factor in attracting and retaining our executives.

Bonuses are generally determined by our compensation committee in January or February following the end of the year and, as with the base salary component, are based on the recommendation and rankings provided by our CEO for all executives other than the CEO. The same factors used to determine base salary, which are described above, are used to determine bonuses for the prior year, with a greater emphasis on individual and Company performance than on other factors such as geographic location. For Mr. Tyagarajan, who has an employment agreement that specifies bonus opportunities, the compensation committee also takes into consideration the requirements for bonus payments under his agreement, although the compensation committee

exercises discretion in determining the appropriate bonus amount. See Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table Employment Agreements with Named Executive Officers.

In determining 2013 annual cash bonuses for the named executive officers, the compensation committee considered the Company's 2013 operational and financial performance and each named executive officer's role in achieving such Company performance. The compensation committee noted the Company's revenue growth of approximately 12%. In addition, revenues from the Company's Global Clients (clients other than the General Electric Company, or GE) increased approximately 16% over 2012 levels. The compensation committee reviewed each individual's contribution to the Company's 2013 results in determining bonus payment amounts. The bonuses were decided by the compensation committee for the CEO and each other named executive officer while being mindful of the Company performance discussed above as well as individual performance. Because the Company's 2013 growth in revenues was less than expected, the compensation committee determined that bonus payments to our named executive officers should not increase over the bonus payments made for 2012 and, in the case of the CEO and CFO, should be reduced.

N.V. Tyagarajan. Mr. Tyagarajan's 2013 bonus payment was \$1,200,000, representing a decline of approximately 25% compared to his 2012 bonus. As the CEO, Mr. Tyagarajan has responsibility for the entire Company, and therefore the compensation committee primarily considered Company performance in determining his 2013 bonus. Due to the scope of Mr. Tyagarajan's position, the compensation committee also determined that a bonus that was materially higher than the other named executive officers was warranted.

Mohit Bhatia. Mr. Bhatia's 2013 bonus payment was INR 4,415,175 (approximately \$75,662), representing a decline of approximately 7% compared to Mr. Bhatia's 2012 bonus in local currency. As the CFO, Mr. Bhatia has responsibility for the Company's financial reporting and, in determining Mr. Bhatia's bonus, the compensation committee primarily considered Mr. Bhatia's contributions to achieving our 2013 financial goals.

Piyush Mehta. Mr. Mehta's 2013 bonus payment was INR 4,500,000 (approximately \$77,116), reflecting no increase over his 2012 bonus in local currency. As the head of human resources, Mr. Mehta has overall responsibility for employee matters and in determining Mr. Mehta's bonus the compensation committee primarily considered Mr. Mehta's contributions to achieving our 2013 people-related goals.

Arvinder Singh. Mr. Singh's 2013 bonus payment was \$197,800, reflecting no increase over his 2012 bonus. Mr. Singh is the business leader for the capital markets and information technology services vertical of the Company and the compensation committee primarily considered the scope of his role and personal performance in determining his bonus payment.

Mohit Thukral. Mr. Thukral's 2013 annual bonus payment was INR 4,554,000 (approximately \$78,041), reflecting no increase over his 2012 annual bonus in local currency. In addition, Mr. Thukral was paid a special bonus in the amount of approximately \$25,705 for successfully renewing certain key client contracts. Mr. Thukral is the business leader for the banking, financial services, insurance and healthcare vertical of the Company and the compensation committee primarily considered the scope of his role and personal performance in determining his bonus payment.

Equity-Based Compensation. Our equity-based compensation program is designed primarily to attract and retain highly qualified individuals, given that competition for talent is high in our industry, and to align the long-term interests of our executives with those of our shareholders. Equity-based compensation is subject to multi-year vesting requirements, which require continued service of our executives in order for them to realize gains.

The equity award component of our executive officer compensation comprises both options to purchase our common shares and performance share awards. Both of these vehicles are performance-based. Options are granted at the market price of our common shares on the grant date and therefore, require our shares to appreciate in value before any economic benefit may be realized. Performance share awards require that we attain at least the threshold levels of revenue and operating income goals. Accordingly, our executive officers realize no pay from their awards unless we perform.

2013 Performance Share Awards. In May 2013, we granted performance share awards to our named executive officers. The compensation committee believes that including performance shares as part of Genpact's equity-based compensation programs strengthens focus on the Company's operating performance and shareholder value creation, and enhances the retention value of the overall compensation program. The 2013 performance share awards were to vest on December 31, 2016 based on organic revenue growth and adjusted operating income growth for the 2013 fiscal year and continued service through December 31, 2016. The performance goals for these performance shares awards were not achieved and the awards were forfeited.

2013 Stock Option Awards. In May 2013, we granted stock options to our named executive officers. 50% of the stock options granted in 2013 vest in January 2016 and 50% vest in January 2018, subject to continued employment through each vesting date. The 2013 stock option grants were intended as a multi-year award and the compensation committee does not expect to grant additional stock options to the named executive officers prior to 2018.

The 2013 equity awards are described in more detail in Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table.

Benefits and Perquisites. We provide other benefits to our named executive officers that are generally available to other employees in the country in which the named executive officer is located. We also provide our named executive officers with certain modest perquisites which we believe are reasonable and consistent with market trends in the countries in which our named executive officers are located. Such benefits and perquisites are intended to be part of a competitive overall compensation program. For more details on the benefits provided to our named executive officers, see 2012 Summary Compensation Table and Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table.

Severance Arrangements. Mr. Tyagarajan's employment agreement provides for certain payments and benefits in the event of a termination of employment. The severance payments and benefits were based on individual negotiations with the executive and are an important part of employment arrangements designed to retain the CEO and provide certainty with respect to the payments and benefits to be provided upon certain termination events. For additional details on these payments and benefits, see Potential Payments Upon Termination or Change of Control.

Change of Control. Pursuant to the terms of Mr. Tyagarajan's employment agreement, the vesting of all of his outstanding equity awards will accelerate in full upon a change in control. In the event of a change in control, the performance shares granted to our named executive officers will convert into either a right to receive common shares representing 100% of the target performance shares without regard to performance or a number of common shares based on actual performance, depending on when the change in control occurs. These benefits are described in more detail in Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table Employment Agreements with Named Executive Officers N.V. Tyagarajan and Potential Payments Upon Termination or Change of Control.

Equity Grant Practices. All stock options granted by the Company have an exercise price equal to the closing market price of our common shares on the grant date. Equity grants are typically approved at our quarterly compensation committee meetings, and, unless a future effective date is specified, become effective as of the date of the meeting at which they are approved. The dates for our quarterly compensation committee meetings are generally scheduled months, and sometimes up to a year, in advance. In certain cases equity grants to new hires or promoted employees are approved by written consent outside of regularly scheduled compensation committee meetings and are effective as of the latest date a committee member signs the consent. Our compensation committee has delegated limited authority to the CEO and our Senior Vice President of Human Resources to grant equity compensation in between regularly scheduled compensation committee meetings to individuals other than executive officers and directors, with prescribed per person and aggregate quarterly limitations.

Share Ownership Guidelines. The Committee recognizes the critical role that executive share ownership has in aligning the interests of management with those of shareholders. As such, we maintain a formal share

ownership policy, under which the CEO is required to acquire and hold Genpact common shares in an amount representing a multiple of six times his base salary. Until the designated multiple of base salary is reached, the CEO is required to retain 100% of the after-tax net proceeds associated with stock option exercises and vesting of restricted share units and performance shares. Shares counted toward the ownership requirement consist of shares owned by the CEO and shares owned jointly by the CEO and his spouse or held in trust established by the CEO for the benefit of the CEO and/or his family members. Unvested restricted share units and performance share awards and unexercised stock options do not count toward compliance. We expect that as of December 31, 2014, Mr. Tyagarajan will have achieved his target ownership guideline with Genpact share holdings valued at six times his base salary.

Recovery Policy. Our performance share awards provide that if the named executive officer has breached any restrictive covenant under any agreement with the Company during employment or during the one-year period following termination of employment, we have the right to terminate the award and cancel any shares issued under the award and be paid any proceeds received by the officer from the sale of shares issued under the award.

IRC Section 162(m) Compliance. As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as the Company are not allowed a federal income tax deduction for compensation paid to the CEO and the three other highest paid executive officers (other than the CFO) to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. The 2007 Plan is structured so that compensation deemed paid to an executive officer in connection with the exercise of stock options or stock appreciation rights should qualify as performance-based compensation that is not subject to the \$1 million limitation. In addition, restricted share units and performance share awards with performance-vesting goals tied to one or more of the performance criteria approved by the shareholders under the 2007 Plan may also be structured to qualify as performance-based compensation for Section 162(m) purposes.

However, restricted share units and performance share awards subject only to service-vesting requirements will not qualify as such performance-based compensation. Other awards made under the 2007 Plan may or may not so qualify. In establishing the cash and equity incentive compensation programs for the executive officers, it is the compensation committee's view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the compensation committee may deem it appropriate to continue to provide one or more executive officers with the opportunity to earn incentive compensation, including cash bonus programs tied to the Company's financial performance and restricted share unit and performance share awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the compensation committee's belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

2013 Summary Compensation Table

The following table sets forth information concerning the compensation of our Chief Executive Officer, Chief Financial Officer, and each of the Company's other three most highly compensated executive officers whose total compensation for the 2013 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of the 2013 fiscal year (referred to as our named executive officers) for the fiscal years ended December 31, 2013, 2012 and 2011. No other executive officers who would have otherwise been includable in such table on the basis of total compensation for the 2013 fiscal year have been excluded by reason of their termination of employment or change in executive status during that year.

CEO Realizable Compensation

The values reported in our Summary Compensation Table include the estimated fair value of long-term incentive awards at the time of grant. This estimated fair value often differs significantly from the values ultimately received by our senior executives. We believe that realizable compensation, which reflects the actual current value of outstanding long-term incentive awards from prior years, helps us to better assess our pay for performance alignment.

Realizable compensation provides clarity on how compensation outcomes are influenced by company performance. This is particularly important because equity-based awards account for the most significant portion of the total compensation of our CEO and other executive officers. Because the compensation committee believes that long-term, equity-based compensation drives long-term growth, consideration of actual and potential values realizable from awards granted in prior years is a highly relevant factor in assessing the effectiveness of our compensation program's continued ability to align with our shareholders' long-term interests.

The following table sets forth the realizable pay for our CEO for 2011, 2012 and 2013.

	2011	2012	2013
Salary	\$ 515,371	\$ 602,378	\$ 632,423

Total Long-Term Incentives	\$ 2,895,301	\$ 3,714,544	\$ 2,404,464

Total Realizable Compensation(1)	\$ 4,821,264	\$ 6,103,581	\$ 4,313,819

- (1) Total realizable compensation is calculated using (a) actual earned base salary, (b) cash bonus and all other non-equity compensation as disclosed in the Summary Compensation Table, (c) equity award values of all restricted share units granted in each year multiplied by the share price on the last day of that fiscal year, (d) equity award values of all performance share units with performance periods ending within the measurement period at the determined outcome multiplied by the share price on the last day of that fiscal year and (e) in the case of stock options, the intrinsic value of all awards granted in each year calculated by subtracting the exercise price from the share price on the last day of that fiscal year.

Edgar Filing: Genpact LTD - Form DEF 14A

- (2) Adjustments to awards as a result of the special cash dividend have been included in the year in which the associated awards were originally granted.
- (3) Restricted share units granted to Mr. Tyagarajan in 2013 have been included in compensation for 2012 because all of the conditions to grant were satisfied in 2012.

The following chart compares the 2011, 2012 and 2013 Summary Compensation Table values for our CEO versus realizable compensation values.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreements with Named Executive Officers

We do not have an employment agreement with any named executive officer other than N.V. Tyagarajan. We entered into an employment agreement with Mr. Tyagarajan on June 15, 2011, which supersedes his previous employment agreement, dated September 21, 2005. The employment agreement has an indefinite term and may be terminated by us or Mr. Tyagarajan, subject to the severance provisions described below. The employment agreement provides for an annual base salary of not less than \$600,000 and a target bonus of 125% of annual base salary. Mr. Tyagarajan is entitled to benefits and perquisites generally available to our other senior executives, reimbursement of automobile costs and \$60,000 for personal costs. Mr. Tyagarajan is also entitled to four weeks of vacation per year.

Pursuant to the terms of the employment agreement, Mr. Tyagarajan was granted the following equity awards on June 15, 2011:

- (i) Options covering 250,000 common shares of the Company at a per share exercise price of \$15.34, the closing price of our common shares on the June 15, 2011 grant date of the options. In connection with the special cash dividend paid in September 2012, the number of shares was adjusted to 283,625 shares and the exercise price per share was adjusted to \$13.52. The options vest in four equal annual installments upon Mr. Tyagarajan's completion of each year of employment over the four-year period measured from June 17, 2011. The options will vest in full upon a change in control. In the event of termination by reason of death or disability, Mr. Tyagarajan will receive an additional 12 months of vesting and in the event of termination without cause or for good reason, Mr. Tyagarajan will receive an additional 12 months of vesting.
- (ii) Restricted share units covering 200,000 common shares of the Company. The restricted share units vest in four equal annual installments upon Mr. Tyagarajan's completion of each year of employment with the Company over the four-year period measured from June 17, 2011. In connection with the special cash dividend paid in September 2012, the 150,000 shares then unvested was adjusted to 170,175 shares. The restricted share units will vest in full upon a change in control or Mr. Tyagarajan's termination by reason of death or disability or termination without cause or for good reason.
- (iii) Performance shares covering a target number of 100,000 common shares of the Company (subsequently adjusted to a target number of 113,450 common shares as a result of the special cash dividend paid in September 2012). These performance shares vested on December 31, 2013 at 115.373% of the target shares.

Pursuant to the terms of his employment agreement, in 2012 Mr. Tyagarajan was granted additional performance shares covering a target number of 113,450 (100,000 adjusted for the special cash dividend) common shares of the Company which will vest at 122.184% of target on December 31, 2014 (based on 2012 performance goal attainment), subject to continued employment through the vesting period and, in 2013 Mr. Tyagarajan was granted additional performance shares covering a target number of 100,000 common shares which were to vest on January 10, 2016 but were forfeited for failure to satisfy the specified performance criteria. The performance shares vest in full with respect to the target or actual number of shares (depending on when the change in control occurs) upon a change in control or Mr. Tyagarajan's termination of employment by reason of death or disability. In the event we terminate Mr. Tyagarajan's employment without cause (as defined in the

employment agreement) or he terminates for good reason, the performance shares will continue to vest on each remaining applicable vesting date to the extent the applicable performance goals are satisfied.

In August 2012, Mr. Tyagarajan's awards were amended so that the purchase of our shares by an affiliate of Bain Capital would not be deemed to be a change in control (and therefore not result in an accelerated vesting of the awards) and also to amend the definition of a change in control for future events. In order to comply with the rules set forth under Section 409A of the Internal Revenue Code of 1986, as amended, in connection with the amendment to Mr. Tyagarajan's restricted share unit grant, the Company agreed to issue Mr. Tyagarajan an additional 30,000 restricted share units (which were adjusted to 34,035 as a result of the special cash dividend) following the closing of Bain Capital's share purchase. These restricted share units vest on December 31, 2016 subject to continued employment.

For purposes of Mr. Tyagarajan's employment agreement, the term "good reason" means a material reduction in the nature of Mr. Tyagarajan's authorities or duties, a material reduction in base compensation, requiring Mr. Tyagarajan to report to any person other than our board of directors or a material relocation of Mr. Tyagarajan's principal place of employment, which has not been cured by us within 30 days following notice of such event by Mr. Tyagarajan.

If Mr. Tyagarajan's employment is terminated by us without cause or by Mr. Tyagarajan for good reason, then in addition to any earned but unpaid salary or bonus and payment for accrued but unused vacation, Mr. Tyagarajan is entitled to payment of an amount equal to the sum of (I) two times Mr. Tyagarajan's then current base salary and (II) two times the annual bonus received for the fiscal year preceding the fiscal year in which the termination occurs. In addition, we will reimburse Mr. Tyagarajan for the cost of acquiring health benefits for himself and his dependents at the same level of coverage and benefits as is provided to our US-based senior executives for two years following the date of termination, or any earlier date on which he and his dependents become eligible for such health benefits from another employer.

Mr. Tyagarajan's payments upon termination of employment described above are subject to his execution of a release of all claims against us and our affiliates. The release would also be executed by us and release Mr. Tyagarajan from any claims by us relating to Mr. Tyagarajan's employment or services other than claims based on acts or omissions of Mr. Tyagarajan that involve fraud or which are not known to the non-employee directors on the date of such release. The release also includes a mutual non-disparagement provision.

Under his employment agreement, for two years after the termination of his employment, Mr. Tyagarajan will be subject to certain non-compete and non-solicitation covenants.

2007 Omnibus Incentive Compensation Plan

We adopted our 2007 Omnibus Incentive Compensation Plan, or the 2007 Plan, on July 13, 2007, and amended it on April 15, 2011, April 11, 2012 and August 1, 2012.

Stock Options. The exercise price for options granted to our named executive officers in 2013 was equal to the closing price of our common shares on the grant date. Such options vest over a five-year period, 50% in January 2016 and 50% in January 2018.

Restricted Share Units. We did not grant any restricted share units to our named executive officers in 2013 other than to our CEO in connection with an amendment to his equity awards as described above.

Performance Share Awards. The performance shares granted to our named executive officers in 2013 were to convert into actual common shares of the Company based on the Company's attainment of certain performance goals measured over the period beginning January 1, 2013 and ending December 31, 2013 and the individual's continued service with the Company through January 10, 2016. Each award specifies a target number of performance shares. The actual number of common shares of the Company into which the performance shares were to convert is calculated by multiplying the number of target performance shares designated under the award by a performance percentage ranging from 0% to 250% based on the Company's 2013 organic revenue growth and 2013 growth in adjusted income from operations margin. For each goal, there are three designated levels of attainment. If performance for either metric is below the threshold, no payout will

occur. Based on our 2013 revenue and adjusted operating income performance, the 2013 performance shares forfeited for failure to achieve threshold revenue performance.

The performance share awards (and any shares issued thereunder or proceeds from the sale of such shares) are subject to forfeiture in the event of a breach of restrictive covenants. See Compensation Discussion and Analysis Recovery Policy .

Change of Control. Pursuant to the 2007 Plan, unless otherwise provided in an individual award agreement, in the event of a change of control of our company, existing awards may be assumed, substituted or continued. If the awards are not so assumed, substituted or continued, then:

any options and SARs outstanding as of the date the change of control is determined to have occurred will become fully exercisable and vested, as of immediately prior to the change of control;

all performance units and cash incentive awards will be paid out as if target performance levels had been attained, but pro rated based on the portion of the performance period that elapses prior to the change of control;

performance share awards will become payable at target levels or based on actual performance depending on whether a change in control occurs during or after the performance period; and

all other outstanding awards will automatically be deemed exercisable or vested and all restrictions and forfeiture provisions related thereto will lapse as of immediately prior to such change of control.

Unless otherwise provided pursuant to an award agreement, a change of control is defined to mean any of the following events, generally:

during any period of twenty-four consecutive months, a change in the composition of a majority of our board of directors that is not supported by a majority of the incumbent board of directors;

the consummation of a merger, reorganization or consolidation or sale or other disposition of all or substantially all of our assets;

the approval by our shareholders of a plan of our complete liquidation or dissolution; or

an acquisition by any individual, entity or group (other than Bain Capital or any of its affiliates) of beneficial ownership of a percentage of the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors that is equal to or greater than 25% (in the case of Bain Capital or any of its affiliates the threshold is 50%).

Retirement Benefits. We provide our employees in the United States, including our CEO, with a tax-qualified defined contribution 401(k) plan, pursuant to which employees may elect to defer pre-tax salary amounts up to the limits set by the Internal Revenue Code. We match 100% of the first 4% of salary deferred by our employees under the 401(k) plan.

In India, we maintain a Gratuity Plan, and a Provident Fund Plan, both of which are defined contribution plans required under applicable law.

Potential Payments Upon Termination or Change of Control

Below is a description of the potential payments and benefits that would be provided to our named executive officers upon termination of their employment or a change of control under their employment agreements and award agreements under the Company Stock Plans.

Employment Agreements with Named Executive Officers

We have entered into an agreement with Mr. Tyagarajan that provides for certain payments and benefits to be paid upon certain terminations of employment. See Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table Employment Agreements with Named Executive Officers for a description of these provisions.

Company Stock Plans

The treatment of outstanding awards under our 2007 Plan in the event of a change of control is described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table 2007 Omnibus Incentive Compensation Plan. Under the equity compensation plans utilized by us prior to the adoption of the 2007 Plan (the 2007 Plan together with all prior plans, the Company Stock Plans), upon the occurrence of a change of control (as defined below) or dissolution or liquidation, our board of directors may provide that all Company options will become immediately exercisable. Our board of directors may also, upon at least ten days advance notice, cancel any outstanding Company options and pay to the holders of such Company options, in cash or shares, the value of such Company options based upon the price per share received by our other shareholders in the event of a change of control. Our obligations under the Company Stock Plans will be binding upon any successor corporation or organization. The term change of control for the purposes of our Company Stock Plans, other than the 2007 Plan, is defined as the following: (a) the acquisition by any person or entity (other than Glory Investments A Limited or any of its affiliates or successors (including Bain Capital)), directly or indirectly, of more than 50% of the combined voting power of the then outstanding securities entitled to vote generally in the election of our directors, including, without limitation, as a result, in whole or part, by reason of a sale or other disposition by Glory Investments A Limited or any of its affiliates or successors; (b) any merger, consolidation, reorganization, recapitalization, tender or exchange offer or any other transaction with or affecting us as a result of which a person or entity other than Glory Investments A

Limited or any of its affiliates

owns after such transaction, directly or indirectly, more than 50% of the combined voting power of the then outstanding securities entitled to vote generally in the election of our directors; or (c) the sale, lease, exchange, transfer or other disposition to any person or entity, other than an Investor, of all or substantially all, of our assets and our consolidated subsidiaries.

Generally, except as described below, our Company option or other equity award agreements with our named executive officers do not provide for accelerated vesting upon a termination of employment.

Under his 2011 option grant, Mr. Tyagarajan will receive an additional 12 months of vesting upon a termination by reason of death or disability and an additional 12 months of vesting upon termination without cause or for good reason. The option vests in full upon a change in control. The restricted share units granted to Mr. Tyagarajan in 2011 vest in full upon a change in control, a termination by reason of death, disability or a termination without cause or for good reason. The performance share awards granted to Mr. Tyagarajan vest in full upon a change in control, termination by reason of death, disability or a termination without cause or for good reason, in each case based on target performance if the triggering event occurs prior to completion of the performance period and at actual performance if the triggering event occurs after completion of the performance period.

Termination and Change of Control Potential Payments and Benefits Table

The amounts included in the table below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. The amounts indicated are based on the payments and benefit that would have been incurred by the Company if the named executive officer's employment had terminated as of the last business day of the fiscal year ended December 31, 2013. Where applicable, the value of one of our common shares on December 31, 2013 was \$18.37, which was the closing market price of our common shares on the NYSE as of that date.

DIRECTOR COMPENSATION

Overview

The compensation committee reviews and approves the compensation arrangements for our directors. In early 2013, the compensation committee approved an increase to the annual cash compensation paid to our directors to make our total director compensation more competitive compared to the market median.

Cash Compensation

Our non-employee directors each receive an annual retainer of \$62,500, each director serving on our audit committee (other than the chair) receives an additional annual payment of \$22,500 and each director serving on our compensation or nominating and governance committees (other than the chairs of such committees) receives an additional annual payment of \$17,500. The chair of the audit committee receives an additional \$42,500 annually and the chair of each of the compensation committee and the nominating and governance committee receives an additional \$22,500 annually. Mr. Scott also receives \$75,000 annually for his service as chairman of the board and \$72,000 annually for secretarial and office support services.

Equity Compensation

Our non-employee directors receive, on the date of each annual shareholders meeting, an annual grant of restricted share units with a value of \$120,000 based on the closing price of a Company common share on the date of grant. Such restricted share units vest on the last day of the calendar year of grant and are issued at the end of the subsequent calendar year. Upon their appointment to our board, new directors also receive a grant of restricted share units with a value of \$180,000 based on the closing price of a Company common share on the date of grant. Such restricted share units vest 50% two years from the date of grant and 50% four years from the date of grant, subject in each case to the director's service through the vesting date.

The following table sets forth the compensation of our non-employee directors for the fiscal year ended December 31, 2013.

PROPOSAL 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED**PUBLIC ACCOUNTING FIRM**

Our audit committee has selected the firm of KPMG as our independent registered public accounting firm for the current fiscal year. KPMG has served as our independent registered public accounting firm since October 1, 2004. If this proposal is not approved at our 2014 annual meeting, our audit committee will reconsider its selection of KPMG. Representatives of KPMG are not expected to be present at the annual meeting.

Board Recommendation

The board of directors believes that the selection of KPMG as our independent registered public accounting firm is in our best interests and the best interests of our shareholders and therefore recommends a vote FOR this proposal.

Independent Registered Public Accounting Firm Fees and Other Matters

The following table presents the aggregate fees billed for services rendered by KPMG, our independent registered public accounting firm, for the fiscal years ended December 31, 2013 and December 31, 2012.

Audit-related fees consist primarily of assurance and related services. Assurance and related services mainly include SAS 70/ISAE 3402 attestation and certification for submission to statutory and regulatory authorities. Tax Fees include fees for professional services for tax compliance, assessment support and advisory services. All Other Fees include fees for services provided other than the services reported above.

Audit Committee's Pre-approval Policy and Procedures

The audit committee has adopted policies and procedures for the pre-approval of audit and non-audit services for the purpose of maintaining the independence of the registered public accounting firm. We may not engage the independent registered public accounting firm to render any audit or non-audit service unless either the service is approved in advance by the audit committee or the engagement to render the service is entered into pursuant to the audit committee's pre-approval policies and procedures. From time to time, the audit committee may pre-approve services that are expected to be provided to Genpact by the independent registered public accounting firm during the following 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also subject to a maximum dollar amount. At regularly scheduled meetings of the audit committee, management or the independent registered public accounting firm report to the audit committee regarding services actually provided to Genpact.

During fiscal 2013, no services were provided to Genpact by KPMG other than in accordance with the pre-approval policies and procedures described above.

PROPOSAL 3 NON-BINDING VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the Dodd-Frank Act), the Company s shareholders are entitled to vote at the annual meeting to approve the compensation of our named executive officers, as disclosed in this proxy statement in accordance with the standards established under Item 402 of Regulation S-K under the Securities Exchange Act of 1934, as amended (the Exchange Act). However, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or our Board or the compensation committee.

Although the vote is non-binding, our Board and the compensation committee value the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions affecting the Company s executive officers.

As described in the section titled Compensation Discussion and Analysis, our executive compensation program is designed to reward the achievement of our annual, long-term and strategic goals, such as growing revenues, improving operating margins, improving client satisfaction scores, reducing employee attrition levels and expanding into new geographies and service offerings. It is also designed to align the interests of our executives, including our named executive officers, with those of our shareholders by rewarding performance that exceeds our goals, with the ultimate objective of increasing shareholder value. Shareholders are urged to read the Compensation Discussion and Analysis section of this proxy statement, which more thoroughly discusses how we believe our compensation policies and procedures complement our compensation philosophy. The Board and our compensation committee believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement.

We are asking our shareholders to vote for the following resolution:

RESOLVED, that the Company s shareholders approve, in a non-binding vote, the compensation of the Company s named executive officers as disclosed in the proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the various compensation tables and the accompanying narrative discussion.

Board Recommendation

The board recommends that you vote FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the SEC s compensation disclosure rules.

OTHER MATTERS

Our board of directors does not know of any other matters that may come before the annual meeting. However, if any other matters are properly presented to the annual meeting, it is the intention of the persons named as proxies to vote, or otherwise act, in accordance with their judgment on such matters.
