CAUTIONARY NOTE TO UNITED STATES INVESTORS

This prospectus has been prepared in accordance with the requirements of Canadian securities laws, which differ from the requirements of United States securities laws. Unless otherwise indicated, all reserve and resource estimates included in this prospectus, in any prospectus supplement or in any documents incorporated by reference herein or therein have been, and will be, prepared in accordance with Canadian National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101) and the Canadian Institute of Mining, Metallurgy and Petroleum classification system. NI 43-101 is a rule developed by the Canadian Securities Administrators that establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects.

Canadian standards, including NI 43-101, differ significantly from the requirements of the SEC, and reserve and resource information contained in or incorporated by reference into this prospectus and any prospectus supplement may not be comparable to similar information disclosed by U.S. companies. In particular, and without limiting the generality of the foregoing, these documents use the terms measured resources, indicated resources and inferred resources. Investors are advised that, while such terms are recognized and required by Canadian securities laws, the SEC does not recognize them. The requirements of NI 43-101 for the identification of reserves are also not the same as those of the SEC, and reserves reported by the Company in compliance with NI 43-101 may not qualify as reserves under SEC standards. Under U.S. standards, mineralization may not be classified as a reserve unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. Investors are cautioned not to assume that any part of a measured resource or indicated resource will ever be converted into a reserve. Investors should also understand that inferred resources have a great amount of uncertainty as to their existence and as to their economic and legal feasibility. It cannot be assumed that all, or any part of, inferred resources exist, are economically or legally mineable, or will ever be upgraded to a higher category. Under Canadian rules, estimated inferred resources may not form the basis of feasibility or pre-feasibility

studies except in rare cases. In addition, disclosure of contained ounces in a mineral resource is permitted

Table of Contents

disclosure under Canadian regulations. However, the SEC normally only permits issuers to report mineralization that does not constitute reserves by SEC standards as in place tonnage and grade, without reference to unit measures. Accordingly, information concerning mineral deposits set forth in this prospectus, in any prospectus supplement or in any documents incorporated by reference herein or therein may not be comparable with information made public by companies that report in accordance with U.S. standards.

Table of Contents

Description of the Business

The Company is an established precious metals producer that has been operating its flagship LDI mine in Ontario, Canada since 1993. LDI is one of two primary palladium producers in the world. Located approximately 85 kilometres northwest of Thunder Bay, Ontario, the LDI property consists of an open pit, an underground mine (accessible by ramp and by shaft) and a mill with a nominal capacity of approximately 15,000 tonnes per day. The primary deposits on the property are the Roby Zone and the Offset Zone, both disseminated magmatic nickel copper-PGM deposits. The Company has also identified other mineralized areas close to or on the LDI property.

Outside of the LDI mine property, the Company's regional greenfields properties cover approximately 29,016 hectares (71,701 acres), including several mafic complexes in the area. The Company maintains a portfolio of development-stage and exploration-stage projects at and near the mine property.

RISK FACTORS

An investment in the Securities involves risk. In addition to the other information contained in this prospectus, the AIF and the documents incorporated by reference herein, prospective investors should carefully consider the factors set out below and in the applicable prospectus supplement in evaluating the Company and its business before making an investment in the Securities. If any event arising from these risks occurs, the Company's business, prospects, financial condition, results of operations or cash flows could be adversely affected, the value of the Securities could decline and all or part of any investment in the Securities may be lost. Additional risks and uncertainties not currently known to the Company or that the Company currently deems immaterial may also materially and adversely affect the Company's business, prospects, financial condition, results of operations or cash flows.

Risks Related to the Company

Investors should carefully consider the risks described under the heading "Risk Factors" in the AIF and the Company's other publicly filed documents which are incorporated herein by reference. See "Documents Incorporated by Reference".

Risks Related to the Securities

Future sales or issuances of equity securities could decrease the value of the Securities, dilute investors' voting power and reduce the Company's earnings per share.

The Company may sell additional equity securities in subsequent offerings and may issue additional equity securities to finance future projects and to satisfy its obligations pursuant to the exercise of convertible securities.

Sales or issuances of a substantial number of equity securities, or the perception that such sales could occur, may adversely affect prevailing market prices for the Securities. With any additional sale or issuance of equity securities, investors will suffer dilution of their voting power and the Company may experience dilution in its earnings per share.

The value of the Securities may be volatile.

The value of the Securities may be subject to large fluctuations which may result in losses to investors. The value of the Securities may increase or decrease in response to a number of events and factors, including but not limited to:

the Company's operating performance and the performance of competitors and other similar companies;

volatility in palladium and other metal prices and expectations for future prices;

volatility in currency exchange rates;

the Company's press releases, other public announcements and the Company's filings with the various securities regulatory authorities;

changes in earnings estimates or recommendations by research analysts who track the Company or other companies in the mineral resource sector;

changes in general economic and/or political conditions;

the number of Securities to be publicly traded after any offering;

the arrival or departure of key personnel;

acquisitions, strategic alliances or joint ventures involving the Company or its competitors;

the market for all mineral resource sector securities;

the breadth of the public market for the Securities; and

the attractiveness of alternative investments.

Table of Contents

The effect of these and other factors on the market price of the Common Shares on the exchanges on which the Common Shares trade has historically made the Company's share price volatile and suggests that the market prices of the Securities could be volatile in the future.

The Securities may not have an active market. Purchasers may be unable to sell the Securities at a desirable price or at all.

There is no existing trading market for the Debt Securities, Warrants or Subscription Receipts. As a result, there can be no assurance that a liquid market will develop or be maintained for those securities, or that you will be able to sell any of those securities at a particular time (if at all). The Company may not list the Debt Securities, Warrants or Subscription Receipts on any Canadian or U.S. securities exchange, and the Common Shares may be delisted or suspended. The liquidity of the trading market in those securities, and the market price quoted for those securities, may be adversely affected by, among other things:

- changes in the overall market for those securities;
- changes in the Company's financial performance or prospects;
- changes or perceived changes in the Company's creditworthiness;
- the prospects for companies in our industry generally;
- the number of holders of those securities;
- the interest of securities dealers in making a market for those securities; and
- prevailing interest rates.

The Debt Securities may be unsecured debt of the Company and, if so, will rank equally in right of payment with all other existing and future unsecured debt of the Company.

The Debt Securities may be unsecured debt of the Company and, if so, will rank equally in right of payment with all other existing and future unsecured debt of the Company. Unless collateralized or guaranteed, the Debt Securities will be effectively subordinated to all existing and future secured debt of the Company to the extent of the assets securing such debt. If the Company is involved in any bankruptcy, dissolution, liquidation or reorganization, the secured debt holders would, to the extent of the value of the assets securing the secured debt, be paid before the holders of unsecured debt securities, including if applicable, the Debt Securities. In that event, a holder of Debt Securities may not be able to recover any principal or interest due to it under the Debt Securities.

Unless the Debt Securities are guaranteed or collateralized in some other way, holders of the Debt Securities will effectively be subordinated to the claims of the holders of third party indebtedness of the Company's subsidiaries.

The Company conducts its operations through subsidiaries and the holders of the Debt Securities will, unless the Debt Securities are guaranteed or collateralized in some other way, be effectively subordinated to the claims of creditors of non-guarantor subsidiaries, including in the event of liquidation or upon a realization of the assets of any such subsidiary.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement, the Company anticipates using the net proceeds received from the sale of Securities for exploration and development expenditures at the LDI mine and to fund exploration and development expenditures at other properties, and for general corporate purposes, which may potentially include future acquisitions or the payment of interest and/or principal of debt obligations. It is

anticipated that the Company will invest funds that it does not immediately require in investment grade income securities or short-term marketable securities.

The actual amount that the Company spends in connection with each of the intended uses of proceeds may vary significantly and will depend on a number of factors, including those listed under **Risk Factors** in this prospectus, AIF and the other documents incorporated by reference. See **Documents Incorporated by Reference** .

As of the date of this prospectus, the Company has never paid any dividends on the Common Shares.

There have been no material changes in the consolidated capitalization of NAP from October 1, 2014 to December 4, 2014.

DESCRIPTION OF COMMON SHARES

The authorized share capital of the Company consists of an unlimited number of Common Shares. As of December 4, 2014, there were 386,514,777 Common Shares of the Company issued and outstanding.

Each Common Share entitles the holder thereof to one vote at all meetings of shareholders other than meetings at which only the holders of another class or series of shares are entitled to vote. Each Common Share

Table of Contents

entitles the holder thereof to receive any dividends declared by the board of directors and the remaining property of the Company upon dissolution.

There are no pre-emptive or conversion rights that attach to the Common Shares. All Common Shares now outstanding and to be outstanding are, or will be when issued, fully paid and non-assessable, which means the holders of such Common Shares will have paid the purchase price in full and the Company cannot ask them to pay additional funds.

The Company's by-laws provide for certain rights of its shareholders in accordance with the provisions of the *Canada Business Corporations Act*. Such by-laws may be amended either by a majority vote of the shareholders or by a majority vote of the board of directors. Any amendment of the by-laws by action of the board of directors must be submitted to the next meeting of the shareholders whereupon the by-law amendment must be confirmed as amended by a majority vote of the shareholders voting on such matter. If the by-law amendment is rejected by the shareholders, the by-law ceases to be effective and no subsequent resolution of the board of directors to amend a by-law having substantially the same purpose or effect shall be effective until it is confirmed or confirmed as amended by the shareholders.

Shareholders do not have cumulative voting rights for the election of directors. Therefore, the holders of more than 50% of the Common Shares voting for the election of directors could, if they choose to do so, elect all of the directors and, in such event, the holders of the remaining Common Shares would not be able to elect any directors.

Common Shares offered hereunder may be flow-through shares within the meaning of the *Income Tax Act* (Canada). Common Shares offered hereunder may also be issued in lieu of or to fund principal and/or interest of debt obligations. The particular terms and provisions of any such offerings by any prospectus supplement will be described in such prospectus supplement. Common Shares may be offered separately or together with other Securities.

DESCRIPTION OF DEBT SECURITIES

In this section only, we, us, our, the Company or North American Palladium refers only to North American Palladium Ltd. and not to any of its subsidiaries. The following description sets forth certain general terms and provisions of the Debt Securities. We will provide the particular terms and provisions of a series of Debt Securities and a description of how the general terms and provisions described below may apply to that series in a prospectus supplement.

The Debt Securities will be issued in registered or bearer form under, and will be governed by, an indenture to be entered into between us and one or more trustees (the **Trustee**) (hereinafter referred to as the **Indenture**). The Indenture will be subject to and governed by the *U.S. Trust Indenture Act of 1939*, as amended, and the *Canada Business Corporations Act*, subject to obtaining an exemption from the requirements of the legislation, if required. A copy of the form of Indenture has been filed on SEDAR and as an exhibit to the registration statement filed with the SEC of which this prospectus forms a part. The following is a summary of the Indenture that sets forth certain general terms and provisions of the Debt Securities. This summary is not intended to be complete and the Indenture may be amended from time to time in accordance with its terms. For a more complete description, including the definition of capitalized terms used but not defined under this section, prospective investors should refer to the Indenture. Whenever we refer to particular provisions of the Indenture, those provisions are qualified in their entirety by reference to the Indenture.

We may issue Securities (including Debt Securities) and incur additional debt other than through the offering of Debt Securities under this prospectus.

Table of Contents

General

The Indenture does not limit the aggregate principal amount of Debt Securities that we may issue under the Indenture and does not limit the amount of other debt we may incur. The Indenture provides that Debt Securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars, Canadian dollars or any foreign currency. Unless otherwise indicated in a prospectus supplement, the Debt Securities will be unsecured obligations. The Indenture also permits us to increase the principal amount of any series of the Debt Securities previously issued and to issue that increased principal amount.

The applicable prospectus supplement will describe the specific terms of the Debt Securities of any series being offered and may include, but is not limited to, any of the following:

the specific designation, title and the aggregate principal amount of the Debt Securities;

the rate or rates (whether fixed or variable) at which the Debt Securities will bear interest, if any, or the method by which such rate or rates will be determined and the date or dates from which such interest will accrue;

the place or places where the principal of (and premium, if any) and interest, if any, on the Debt Securities will be payable and each office or agency where the Debt Securities may be presented for registration of transfer or exchange;

each office or agency where the principal of (and premium, if any) and interest, if any, on the Debt Securities of such series will be payable;

Unless otherwise indicated in a prospectus supplement, the Indenture does not afford holders of the Debt Securities the right to tender such Debt Securities to us for repurchase or provide for any increase in the rate or rates of interest at which the Debt Securities will bear interest, in the event we should become involved in a highly leveraged transaction or in the event we have a change in control.

This prospectus does not qualify the issuance of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, this prospectus may qualify the issuance of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or

one or more financial institutions, such as a prime rate or bankers' acceptance rate, or to recognized market benchmark interest rates such as LIBOR, EURIBOR or a U.S. Federal funds rate.

The Debt Securities may be issued under the Indenture bearing no interest or at a discount below their stated principal amount. Canadian federal and U.S. federal income tax consequences and other special considerations applicable to any such discounted Debt Securities or other Debt Securities offered and sold at par which are treated as having been issued at a discount for Canadian federal and/or U.S. federal income tax purposes will be described in a prospectus supplement.

Table of Contents

Ranking and Other Indebtedness

Unless otherwise indicated in an applicable prospectus supplement (i) the Debt Securities will be unsecured obligations and will rank equally with all of our other unsecured and unsubordinated debt from time to time outstanding and equally with other securities issued under the Indenture and (ii) the Debt Securities will be structurally subordinated to all existing and future liabilities, including trade payables and other indebtedness, of our subsidiaries.

Form, Denominations and Exchange

A series of the Debt Securities may be issued solely as registered securities, solely as bearer securities or as both registered securities and bearer securities. Registered securities will be issuable in denominations of US\$1,000 and any integral multiple thereof and bearer securities will be issuable in denominations of US\$5,000 or, in each case, in such other denominations (which may be Cdn.\$) as may be set out in the terms of the Debt Securities of any particular series. The Indenture will provide that a series of the Debt Securities may be issuable in global form. Unless otherwise indicated in a prospectus supplement, bearer securities will have interest coupons attached.

Registered securities of any series will be exchangeable for other registered securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations. If, but only if, provided in a prospectus supplement, bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default) of any series may be exchanged for registered securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. In such event, bearer securities surrendered in a permitted exchange for registered securities between a regular record date or a special record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest, and interest will not be payable on such date for payment of interest in respect of the registered security issued in exchange for such bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the Indenture. Unless otherwise specified in a prospectus supplement, bearer securities will not be issued in exchange for registered securities.

The applicable prospectus supplement may indicate the places to register a transfer of the Debt Securities. Except for certain restrictions set forth in the Indenture, no service charge will be made for any registration of transfer or exchange of the Debt Securities, but we may, in certain instances, require a sum sufficient to cover any tax or other governmental charges payable in connection with these transactions.

We shall not be required to:

issue, register the transfer of or exchange any series of the Debt Securities during a period beginning at the opening of business 15 days before any selection of that series of the Debt Securities to be redeemed and ending at the close of business on, (A) if the series of the Debt Securities are issuable only as registered securities, the day of mailing of the relevant notice of redemption and (B) if the series of the Debt Securities are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if the series of the Debt Securities are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption;

register the transfer of or exchange any registered security, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part;

exchange any bearer security selected for redemption, except that, to the extent provided with respect to such bearer security, such bearer security may be exchanged for a registered security of that series and like tenor, provided that such registered security shall be immediately surrendered for redemption with written instruction for payment consistent with the provisions of the Indenture; or

Table of Contents

issue, register the transfer of, or exchange any of the Debt Securities which have been surrendered for repayment at the option of the holder, except the portion, if any, thereof not to be so repaid.

Global Securities

A series of the Debt Securities may be issued in whole or in part in global form as a global security and will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the prospectus supplement relating to that series. Unless and until exchanged, in whole or in part, for the Debt Securities in definitive registered form, a global security may not be transferred except as a whole by the depository for such global security to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository or by the depository or any such nominee to a successor of the depository or a nominee of the successor.

The specific terms of the depository arrangement with respect to any portion of a particular series of the Debt Securities to be represented by a global security will be described in a prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Debt Securities represented by the global security to the accounts of such persons, designated as participants, having accounts with such depository or its nominee. Such accounts shall be designated by the underwriters, dealers or agents participating in the distribution of the Debt Securities or by us if such Debt Securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository therefor or its nominee (with respect to interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some jurisdictions may require that certain purchasers of Debt Securities take physical delivery of the Debt Securities in definitive form.

So long as the depository for a global security or its nominee is the registered owner of the global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by the global security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have a series of the Debt Securities represented by the global security registered in their names, will not be entitled to receive payment related to the Debt Securities, will not receive or be entitled to receive physical delivery of such series of the Debt Securities in definitive form and will not be considered the owners or holders thereof under the Indenture.

If a depository for a global security representing a particular series of the Debt Securities is at any time unwilling or unable to continue as depository and we do not appoint a successor depository within 90 days, we will issue such series of Debt Securities in definitive form in exchange for a global security representing such series of Debt Securities. In addition, we may at any time and in our sole discretion determine not to have a series of Debt Securities represented by a global security and, in such event, will issue a series of Debt Securities in definitive form in exchange for all of the global securities representing the series of Debt Securities.

Payment

Unless otherwise indicated in a prospectus supplement, payment of principal of, and premium, if any, and interest, if any, on, the Debt Securities will be required to be made at the office or agency of the Trustee, or at our option we can pay principal, interest, if any, and premium, if any, (1) by check mailed or delivered to the address of the person

entitled as the address appearing in the security register of the Trustee, or (2) from time to time, by electronic funds transfer to an account designated by the person entitled to receive payments.

Table of Contents

Unless otherwise indicated in a prospectus supplement, payment of any interest will be required to be made to the persons in whose name the Debt Securities are registered at the close of business on the day or days specified by us.

Any payments of principal, premium or interest, if any, on global securities registered in the name of a depository or its nominee will be required to be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing such Debt Securities. None of the Company, the Trustee or any paying agent for the Debt Securities represented by the global securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depository for a global security or its nominee will, upon receipt of any payment of principal, premium or interest, credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of such depository or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with Securities held for the accounts of customers registered in street name, and will be the responsibility of such participants.

Consolidation, Amalgamation, Merger and Sale of Assets

The Indenture will generally permit the Company to amalgamate or consolidate with or merge with any other person, and to transfer or dispose of substantially all of its assets, so long as the resulting person is a Canadian or U.S. entity and will assume the Company's obligations on the Debt Securities and under the Indenture and the Company or such successor person will not be in default under the Indenture immediately after the transaction.

If the resulting person assumes the Company's obligations, the Company will be relieved of those obligations, subject to certain exceptions.

Additional Amounts

Unless otherwise specified in a prospectus supplement, all payments made by or on behalf of us under or with respect to the Debt Securities will be required to be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (**Canadian Taxes**), unless we are required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Debt Securities, we will pay to each holder of such Debt Securities as additional interest such additional amounts (**Additional Amounts**) as may be necessary so that the net amount received by each such holder after such withholding or deduction (and after deducting any Canadian Taxes on such Additional Amounts) will not be less than the amount such holder would have received if such Canadian Taxes had not been withheld or deducted. However, no Additional Amounts will be payable with respect to a payment made to a holder of Debt Securities (such holder, an **Excluded Holder**) in respect of the beneficial owner thereof:

with which we do not deal at arm's length (within the meaning of the *Income Tax Act* (Canada) (the **Tax Act**)) at the time of making such payment;

which is subject to such Canadian Taxes by reason of the beneficial owner of the Debt Securities being a resident of, or carrying on business in, or maintaining a permanent establishment or other physical presence or taxable presence in, or otherwise having some connection with, Canada or any

Table of Contents

province or territory thereof, otherwise than by the mere holding of Debt Securities or the receipt of payments thereunder;

which is subject to such Canadian Taxes by reason of the beneficial owner of the Debt Securities failing to comply with any certification, identification, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes; or

which is a specified non-resident shareholder of the Company, or not dealing at arm's length with a specified shareholder of the Company, for purposes of subsection 18(5) of the Tax Act.

We will also be required to (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

We will be required to furnish to the holders of the Debt Securities, within 60 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by us.

We will be required to indemnify and hold harmless each holder of Debt Securities (other than an Excluded Holder) and upon written request reimburse each such holder for the amount, excluding any payment of Additional Amounts by us, of:

any Canadian Taxes levied or imposed and paid by such holder as a result of payments made under or with respect to the Debt Securities;

any interest, penalties or other expenses imposed by a relevant authority in connection with any Canadian Taxes that are subject to reimbursement under the first bulleted item; and

any Canadian Taxes imposed with respect to any reimbursement under the first two bulleted items above this paragraph,

but excluding any such Canadian Taxes on such holder's net income or capital.

Wherever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a Debt Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Tax Redemption

Unless otherwise specified in a prospectus supplement, a series of Debt Securities will be subject to redemption at any time, in whole but not in part, at a redemption price equal to the principal amount thereof together with accrued and unpaid interest, if any, to the date fixed for redemption, upon the giving of a notice as described below, if we (or our successor) determine that (i) as a result of (A) any amendment to or change in the laws (or any regulations thereunder)

of Canada (or our successor's jurisdiction of organization) or of any political subdivision or taxing authority thereof or therein, as applicable, or (B) any amendment to or change in an interpretation or application of such laws or regulations by any legislative body, court, governmental agency or regulatory authority (including the enactment of any legislation and the publication of any judicial decision or regulatory determination), which amendment or change is announced or becomes effective on or after the date specified in the applicable prospectus supplement (or the date a party organized in a jurisdiction other than Canada or the United States becomes our successor), we have or will become obligated to pay, on the next succeeding date on which interest is due, additional amounts with respect to any Debt Security of such series as described under "Additional Amounts", or (ii) on or after the date specified in the applicable prospectus

Table of Contents

supplement (or the date a party organized in a jurisdiction other than Canada or the United States becomes our successor), any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, Canada (or our successor's jurisdiction of organization) or any political subdivision or taxing authority thereof or therein, including any of those actions specified in (i) above, whether or not such action was taken or decision was rendered with respect to us, or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to us of legal counsel of recognized standing, will result in our becoming obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any Debt Security of such series.

In the event that we elect to redeem a series of the Debt Securities pursuant to the provisions set forth in the preceding paragraph, we shall deliver to the Trustee a certificate, signed by an authorized officer, stating that we are entitled to redeem such series of the Debt Securities pursuant to their terms.

Notice of intention to redeem such series of our Debt Securities will be required to be given not more than 60 nor less than 30 days prior to the date fixed for redemption and will be required to specify the date fixed for redemption, provided that, at the time such notice of redemption is given, the obligation to pay such Additional Amounts must continue to be in effect. Such notice may be conditional.

Provision of Financial Information

We will be required to file with the Trustee, within 30 days after we file or furnish them with the SEC, copies of our annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that we may be required to file or furnish with the SEC pursuant to Section 13 or 15(d) of the Exchange Act.

Events of Default

When we use the term "event of default" in the Indenture with respect to any series of Debt Securities, we mean:

failure to pay principal of, or any premium on, any Debt Security, or any Additional Amounts related thereto, of that series when it is due;

failure to pay interest or any Additional Amounts related thereto on any Debt Security of that series for 30 days from the date such amounts are due;

failure to comply with any other covenant or warranty of the Company contained in the Indenture (other than a covenant added to the Indenture solely for the benefit of a series of Debt Securities other than that series) for 60 days after written notice to us by the Trustee or to us and the Trustee by holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of that series;

default under any bond, note, debenture or other evidence of indebtedness of or guaranteed by the Company or one of its subsidiaries or under any mortgage, indenture or other instrument of the Company or one of its subsidiaries under which there may be issued or by which there may be secured or evidenced any

indebtedness of the Company or one of its subsidiaries that results in the acceleration of such indebtedness in an aggregate principal amount exceeding US\$25,000,000 (or the equivalent thereof in any other currency or currency unit) but only if such indebtedness is not discharged or such acceleration is not rescinded or annulled within 30 days after notice to the Company by the Trustee or to the Company and the Trustee by the holders of at least a majority of the aggregate principal amount of the outstanding Debt Securities of such series;

certain events involving our bankruptcy or insolvency; and

any other event of default provided for in that series of Debt Securities.

Table of Contents

A default under one series of Debt Securities will not necessarily be a default under another series. The Trustee may withhold notice to the holders of Debt Securities of any default (except in the payment of principal, premium, if any, or interest or Additional Amounts, if any, related thereto) if in good faith it considers it in the interests of the holders to do so.

If an event of default for any series of Debt Securities occurs and continues, the Trustee or the holders of at least 25% in aggregate principal amount of the Debt Securities of that series, subject to any subordination provisions, may require us to repay immediately:

the entire principal of, accrued interest, premium, if any, and Additional Amounts, if any, on, the Debt Securities of the series; or

if the Debt Securities are discounted Securities, that portion of the principal as is described in the prospectus supplement and Indenture.

If an event of default relates to events involving our bankruptcy or insolvency, the principal of all Debt Securities will become immediately due and payable without any action by the Trustee or any holder.

Subject to certain conditions, the holders of a majority of the aggregate principal amount of the Debt Securities of the affected series can rescind any accelerated payment requirement.

Other than its duties in case of a default, the Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request, order or direction of any holders, unless the holders offer the Trustee reasonable indemnity. If they provide this reasonable indemnity, the holders of a majority in principal amount of any series of Debt Securities may, subject to certain limitations, direct the time, method and place of conducting any proceeding or any remedy available to the Trustee, or exercising any power conferred upon the Trustee, for any series of Debt Securities.

We will be required to furnish to the Trustee a statement annually as to our compliance with all conditions and covenants under the Indenture and, if we are not in compliance, we must specify any defaults. We will also be required to notify the Trustee as soon as practicable upon becoming aware of any event of default.

No holder of a Debt Security of any series will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a trustee, or for any other remedy, unless:

the holder has previously given to the Trustee written notice of a continuing event of default with respect to the Debt Securities of the affected series;

the holders of at least 25% in principal amount of the outstanding Debt Securities of the series affected by an event of default have made a written request, and the holders have offered reasonable indemnity, and a deposit if required, to the Trustee to institute a proceeding as Trustee; and

the Trustee has failed to institute a proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding Debt Securities of the series affected by an event of default a direction inconsistent with the request, within 60 days after their notice, request and offer.

However, the above limitations do not apply to a suit instituted by a holder of Debt Securities for the enforcement of payment of principal of, premium, if any, or interest or Additional Amounts, if any, related thereto on, a Debt Security on or after the applicable due date specified in the Debt Security.

Defeasance

When we use the term *defeasance* in this prospectus, we mean discharge from some or all of our obligations under the Indenture. If we deposit with the Trustee sufficient cash or government securities to pay the

Table of Contents

principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the Debt Securities of a series, then at our option:

we will be discharged from our obligations with respect to the Debt Securities of that series; or

we will no longer be under any obligation to comply with certain restrictive covenants under the Indenture, and certain events of default will no longer apply to us.

If this happens, the holders of the Debt Securities of the affected series will not be entitled to the benefits of the Indenture except for registration of transfer and exchange of Debt Securities and the replacement of lost, stolen or mutilated Debt Securities. These holders may look only to the deposited fund for payment on their Debt Securities.

To exercise our defeasance option, the following conditions must be met:

no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing for the Debt Securities of the affected series;

we are not insolvent within the meaning of applicable bankruptcy and insolvency legislation; and

other customary conditions precedent are satisfied.

Modification and Waiver

Modifications and amendments of the Indenture may be made by us and the Trustee with the consent of the holders of a majority in principal amount of the outstanding Debt Securities of each series issued under the Indenture affected by such modification or amendment (voting as one class); provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding Debt Security of such affected series:

change the stated maturity of the principal of (or premium, if any), or any installment of interest, if any, on any Debt Security;

reduce the principal amount of, or the premium, if any, or interest rate, if any, on any Debt Security;

change the place of payment;

change the currency or currency unit of payment of principal of (or premium, if any) or interest, if any, on any Debt Security;

impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security;

reduce the percentage of principal amount of outstanding Debt Securities of such series, the consent of the holders of which is required for modification or amendment of the applicable Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults; or

modify any provisions of the Indenture relating to the modification and amendment of the Indenture or the waiver of past defaults or covenants except as otherwise specified in the Indenture.

The holders of a majority in principal amount of the outstanding Debt Securities of any series may, on behalf of the holders of all Debt Securities of that series, waive, insofar as that series is concerned, compliance by us with certain restrictive provisions of the Indenture. The holders of a majority in principal amount of

Table of Contents

outstanding Debt Securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of the principal of (or premium, if any) and interest, if any, on any Debt Security of that series or in respect of a provision under the Indenture that cannot be modified or amended without the consent of the holder of each outstanding Debt Security of that series. The Indenture or the Debt Securities may be amended or supplemented, without the consent of any holder of such Debt Securities, in order to, among other things, cure any ambiguity or inconsistency or to make any change that, in each case, does not adversely affect the rights of any holder of such Debt Securities.

We may modify the Indenture without the consent of the holders to:

evidence our successor under the Indenture;

add covenants or surrender any right or power for the benefit of holders;

secure any Debt Securities;

add events of default;

establish the forms of the Debt Securities;

appoint a successor Trustee under the Indenture;

add provisions to permit or facilitate the defeasance or discharge of the Debt Securities as long as there is no material adverse effect on the holders thereof;

correct any ambiguity or correct or supplement any defective or inconsistent provision or alter any other provisions; in each case that would not adversely affect the rights of holders of outstanding Securities and related coupons, if any;

comply with any applicable laws of the United States and Canada in order to effect and maintain the qualification of the Indenture under the *Trust Indenture Act* and the *Canada Business Corporations Act*, subject to obtaining an exemption from the requirements of the latter, if required; or

change or eliminate any provisions where such change takes effect when there are no Securities outstanding under the Indenture.

Resignation of Trustee

The Trustee may resign or be removed with respect to one or more series of the Debt Securities and a successor Trustee may be appointed to act with respect to such series. In the event that two or more persons are acting as Trustee with respect to different series of Debt Securities, each such Trustee shall be a Trustee of a trust under the Indenture separate and apart from the trust administered by any other such Trustee, and any action described herein to be taken by the Trustee may then be taken by each such Trustee with respect to, and only with respect to, the one or more series of Debt Securities for which it is Trustee.

Consent to Jurisdiction and Service

If the Debt Securities are governed by the laws of the State of New York, we will irrevocably appoint CT Corporation System as our authorized agent for service of process in any suit or proceeding arising out of or relating to the Debt Securities or the Indenture and for actions brought under federal or state securities laws in any federal or New York state court located in the Borough of Manhattan in the City of New York, and we irrevocably submit to the non-exclusive jurisdiction of such courts.

SELLING SECURITYHOLDERS

Information about selling securityholders, where applicable, will be set forth in a prospectus supplement.

PLAN OF DISTRIBUTION

The Company and any selling securityholders may sell the Securities to or through underwriters or dealers, and, subject to applicable securities laws, may also sell Securities to one or more other purchasers directly or through agents, including sales pursuant to ordinary brokerage transactions and transactions in which a broker dealer solicits purchasers.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices that may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices, including sales in transactions that are deemed to be at-the-market distributions as defined in National Instrument 44-102 *Shelf Distributions*, including sales made directly on the TSX, NYSE MKT or other existing trading markets for the Securities. The prices at which the Securities may be offered may vary as between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or

prices, the underwriters have made a bona fide effort to sell all of the Securities at the initial offering price fixed in the applicable prospectus supplement, and have been unable to do so, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such prospectus supplement, in which case the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters to the Company or any selling securityholders.

Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled, under agreements to be entered into with the Company, to indemnification by the Company against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended, and Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in

Table of Contents

respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

In connection with any offering of Securities, other than an at-the-market distribution, the underwriters, dealers or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The applicable prospectus supplement will state the terms of the offering, including the name or names of any underwriters, dealers or agents, the initial offering price (in the event that the offering is a fixed price distribution), the manner of determining the initial offering price(s) (in the event the offering is made at prices which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market prices or at negotiated prices), the proceeds to the Company or any selling securityholders from the sale of the Securities, any underwriting discount or commission and any discounts, concessions or commissions allowed or reallocated or paid by any underwriter to other underwriters, dealers or agents. Any initial offering price and discounts, concessions or commissions allowed or reallocated or paid to dealers may be changed from time to time.

INCOME TAX CONSIDERATIONS

The applicable prospectus supplement will describe certain material Canadian federal income tax consequences to an investor who acquires any Securities offered thereunder. The applicable prospectus supplement will also describe certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of any Securities offered under this prospectus by an initial investor who is a U.S. Holder. As used herein, the term U.S. Holder means a beneficial holder of Securities that is for United States federal income tax purposes (i) a citizen or individual resident of the United States, (ii) a corporation (or any entity that is treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, or (iv) a trust (X) that is subject to the supervision of a court within the United States and the control of one or more United States persons or (Y) that has an election in effect under applicable U.S. Treasury regulations to be treated as a United States person.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREEES OR PURCHASERS

Indemnification of Directors and Officers.

The *Canada Business Corporations Act* provides generally that a corporation may indemnify a director or officer against all costs, charges and expenses of any civil, criminal, administrative, investigative or other proceeding to which he or she is made a party by reason of being a director or officer, where the director or officer: (a) acted honestly and in good faith with a view to the best interests of the corporation and (b) in the case of a criminal or administrative action or proceeding that is enforced by monetary penalty, the director or officer had reasonable grounds for believing that the conduct was lawful. Where an officer or director has met the conditions set out under (a) and (b) above and was not judged by the court or other competent authority in such a proceeding to have committed any fault or omitted to do anything that the individual ought to have done, such officer or director is entitled to indemnification from the corporation for such costs, charges and expenses which were reasonably incurred.

Our by-laws provide that we shall indemnify directors and officers to the extent permitted by law. We have entered into agreements with our directors and officers to indemnify them, to the extent permitted by law and subject to certain limitations, against all costs reasonably incurred by any such director or officer in an action or proceeding to which the director or officer was made a party by reason of being a director or officer.

We maintain insurance policies relating to certain liabilities that our directors and officers may incur in such capacity. The directors and officers are not required to pay any premium in respect of the insurance. The policies contain standard industry exclusions and no claims have been made thereunder to date.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
