As previously reported, the Audit Committee of Marrone Bio Innovations, Inc. (the Company) in September 2014 commenced an internal investigation regarding certain accounting matters, and announced that it had concluded, after consultation with management, that the Company's previously reported financial statements as of December 31, 2013 and for the fiscal year ended December 31, 2013 included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, the related report of the independent auditors on those 2013 financial statements dated March 25, 2014, and the unaudited interim financial statements included in the Company's Quarterly Reports on Forms 10-Q for the quarters ended March 31, 2014 and June 30, 2014, should no longer be relied upon.

In February 2015, the Company announced the completion of the internal investigation, and that in light of the Audit Committee's findings, management of the Company was evaluating the necessity, nature and scope of any restatements to any of its previously filed financial statements. While the Company anticipates that it will determine to restate certain of its previously filed financial statements, the Company's evaluation process is ongoing and the Company has not yet made any definitive conclusions regarding such restatements; accordingly, the Company cannot at this time provide an estimate of the timing, extent, or effect of such restatements. Pending completion of this evaluation, the Company is not able to complete the financial statements to be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (the Form 10-K) or to file the Form 10-K by the due date of March 31, 2015, and because the evaluation is not yet complete, at this time, the Company is not able to provide an estimate when such filing will be made.
