Proposal Seven: To renew the Board of Directors authority to issue shares for cash, for other property, or for services without first offering shares to existing shareholders.

Proposal Eight: To amend the Global Indemnity Share Incentive Plan.

Proposals Four and Seven shall be voted on as a Special Resolution.

In addition, if any other matters are properly brought up at the Annual General Meeting (other than the proposals contained in this Proxy Statement) or any adjournments or postponements thereof, then the individuals named in your proxy card will have the authority to vote your shares on those matters in accordance with their discretion and judgment. If you mark your proxy as Abstain on any matter, or if you give specific instructions that no vote be cast on any specific matter, the shares represented by your proxy will not be voted on that matter and will have no effect on the outcome of such matter, but will be counted in determining whether a quorum is present. Proxies submitted by banks, brokers, or other nominees that do not indicate a vote for one or more of the proposals because the bank, broker, or other nominee does not have discretionary voting authority, but does have discretionary authority to vote on at least one proposal, and has not received instructions as to how to vote on those proposals (so called broker non-votes) are also considered in determining whether a quorum is present, but will not affect the outcome of any vote.

You may vote your shares at the Annual General Meeting in person or by proxy. All valid proxies received before the Annual General Meeting will be voted according to their terms. **PROPOSAL THREE: AUTHORIZATION TO MAKE OPEN MARKET PURCHASES OF GLOBAL INDEMNITY PLC A
ORDINARY SHARES**

In this proposal, shareholders are being asked to authorize Global Indemnity, or any of its subsidiaries, to make market purchases of up to 50% of Global Indemnity's A ordinary shares in issue at the time of such market purchases.

If adopted, this authority will expire on the close of business on November 27, 2016 but, subject to the commencement of Chapter 5 of the Companies Act 2014 prior to November 27, 2016, it shall be extended for the maximum period permitted by the Companies Act 2014. Subject to the authorization being sought in this proposed resolution, such purchases would be made only at price levels which the Board of Directors considered to be in the best interests of the shareholders generally, after taking into account Global Indemnity's overall financial position.

It should be noted that Global Indemnity is permitted to effect repurchases of its shares as redemptions under Article 3(h) of our Articles of Association. Whether or not this proposed resolution is passed, Global Indemnity would retain its ability to effect repurchases as redemptions pursuant to its Articles of Association, although subsidiaries would not be able to make open market purchases of our A ordinary shares.

For a subsidiary of Global Indemnity to make open market purchases of Global Indemnity's A ordinary shares, such shares must be purchased on a recognized stock exchange. NASDAQ, the market on which Global Indemnity's A ordinary shares are listed, is currently specified as a recognized stock exchange for this purpose of Irish law.

The text of the ordinary resolution in respect of Proposal Three is as follows:

Resolved that Global Indemnity plc and/or any subsidiary of Global Indemnity plc (for the purposes of this resolution, subsidiary has the meaning given by Section 155 of the Companies Act of 1963 or, subject to the commencement of Chapter 5 of the Companies Act 2014, Section 7 of the Companies Act 2014) is hereby generally authorized to make overseas market purchases as defined by section 212 of the Companies Act 1990 or, subject to the commencement of Chapter 5 of the Companies Act 2014, Section 1072(2) of the Companies Act 2014, of A ordinary shares, par value of US\$0.0001, each in Global Indemnity plc on such terms and conditions and in such manner as the Board of Directors may determine from time to time, but subject to the provisions of the Companies Act 1990 or, subject to its commencement, the Companies Act 2014, and to the following provisions:

- (a) the maximum number of A ordinary shares authorized to be acquired by Global Indemnity plc and any subsidiaries of Global Indemnity plc pursuant to this resolution shall not exceed 50% of A ordinary shares in issue at the time of such market purchases.
- (b) the maximum price to be paid for any A ordinary share shall be an amount equal to 110% of the closing price on NASDAQ for the A ordinary share on the day preceding the day on which the relevant share is purchased by the Company or any of its subsidiaries plus commissions of no more than 1% of that trading price.
- (c) the minimum price to be paid for any A ordinary share shall be an amount equal to 90% of the closing price on the NASDAQ for the shares on the day preceding the day on which the relevant A ordinary share is purchased by Global Indemnity or any of its subsidiaries plus commissions of no more than 1% of that closing price.
- (d) this general authority is to expire on the date that is 18 months from the date of the passing of this resolution unless (i) Chapter 5 of the Companies Act 2014 commences prior to such date in which case

Table of Contents

this general authority will expire on such other maximum period as is permitted by the Companies Act 2014; or (ii) previously varied, revoked or renewed by ordinary resolution in accordance with the provisions of section 215 of the Companies Act 1990 or, subject to the commencement of Chapter 5 of the Companies Act 2014, Section 1074 of the Companies Act 2014. Global Indemnity plc and any of its subsidiaries may, before such expiration, enter into a contract for the purchase of A ordinary shares which would or might be executed wholly or partly after such expiration and may complete any such contract as if the authority conferred hereby had not expired.

Required Vote

The affirmative vote of a majority of the votes cast at the Annual General Meeting will be required to authorize Global Indemnity or, any of its subsidiaries, to make open market purchases of Global Indemnity A ordinary shares.

The Board of Directors Recommends Voting For Proposal Three.

PROPOSAL FOUR: AUTHORIZATION OF THE REISSUE PRICE RANGE OF A ORDINARY SHARES THAT GLOBAL INDEMNITY PLC ACQUIRES AS TREASURY SHARES

Global Indemnity may, from time to time, reissue A ordinary shares purchased or redeemed by it and not cancelled (treasury shares). Under Irish company law, we are required to seek shareholder approval of a price range in which we may reissue such shares out of treasury in off-market transactions. Accordingly, we are asking our shareholders to approve such a special resolution authorizing Global Indemnity to reissue treasury shares at a maximum price equal to 110% or a minimum price equal to 95% of the closing price as reported on NASDAQ on the reissuance date (unless such treasury shares are issued to satisfy an obligation under an employee share plan in which case the shares may be issued for nominal value).

If adopted, this authority will expire on the close of business on November 27, 2016 unless previously varied, revoked or renewed by special resolution of shareholders. We expect to propose renewal of this authorization at subsequent annual general meetings.

The text of the special resolution in respect of Proposal Four is as follows:

Resolved that for the purposes of section 209 of the Companies Act 1990 or, subject to the commencement of Chapter 5 of the Companies Act 2014, Section 1078 of the Companies Act 2014, the reissue price range at which any A ordinary shares that Global Indemnity plc holds as treasury shares (as defined by section 209 of the Companies Act 1990 or, subject to the commencement of the Companies Act 2014, Section 106 of the Companies Act 2014) for the time being held by Global Indemnity may be issued off-market shall be as follows:

- (a) The maximum price at which a treasury A ordinary share may be reissued off-market shall be an amount equal to 110% of the closing price on NASDAQ for A ordinary shares on the day preceding the day on which the relevant share is reissued by the Global Indemnity plc.
- (b) The minimum price at which a treasury A ordinary share may be reissued off-market shall be the nominal value of the share where such a share is required to satisfy an obligation under an employee share scheme (as defined in section 2(1) of the Companies (Amendment) Act 1983 or, subject to the commencement of the Companies Act 2014, Section 64 of the Companies Act 2014) or any of the share incentive plans operated by Global Indemnity plc or in all other cases an amount equal to 95% of the closing price on NASDAQ for the A ordinary shares on the day preceding the day on which the relevant share is reissued by Global Indemnity plc.
- (c) The reissue price range as determined by paragraphs (a) and (b) shall expire on the date that is 18 months from the date of the passing of this resolution unless previously varied, revoked, or renewed in accordance with the provisions of section 209 of the Companies Act 1990 or, subject to the commencement of the Companies Act 2014, Section 1078 of the Companies Act 2014.

Required Vote

The affirmative vote of at least 75% of the votes cast at the Annual General Meeting will be required for the authorization of the reissue price range of treasury A ordinary shares.

PROPOSAL FIVE: AUTHORIZATION TO HOLD THE 2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS AT A LOCATION OUTSIDE OF IRELAND

In accordance with Article 42 of Global Indemnity's Memorandum and Articles of Association and under current Irish Law, the shareholders of Global Indemnity must authorize the holding of any annual general meeting of shareholders at a location outside of Ireland. The Board of Directors is therefore asking our shareholders to authorize holding the 2016 Annual General Meeting of shareholders at a location outside of Ireland.

The text of the ordinary resolution in respect of Proposal Five is as follows:

Resolved, that the annual general meeting of shareholders of Global Indemnity for 2016 may be held at such place outside of Ireland as may be determined by the Board of Directors.

Required Vote

The affirmative vote of a majority of the votes cast at the Annual General Meeting will be required for the authorization to hold the 2016 annual general meeting of the shareholders at a location outside of Ireland.

Our Board of Directors Recommends that You Vote FOR Proposal Five.

PROPOSAL SIX: RENEW BOARD OF DIRECTORS AUTHORITY TO ISSUE SHARES

Under Irish law, directors of an Irish public limited company must have authority from its shareholders to issue any shares, including shares which are part of the company's authorized but unissued share capital (As of April 3, 2015, the authorized but unissued share capital was 583,525,921 A ordinary shares, US \$0.0001 per share, 287,938,630 B ordinary shares of US \$0.0001 per share, and 100,000,000 preferred shares of US \$0.0001 per share).

At the 2014 Annual General Meeting of the Company, the shareholders renewed the authority of the Board of Directors to issue shares for a further five year period. On its commencement, however, the Companies Act 2014 will update a number of the statutory references contained in the existing authority. This proposal is being placed before the Annual General Meeting in order to ensure that the authority granted at the 2014 Annual General Meeting continues following the commencement of the Companies Act 2014 and is updated to take effect for a five year period from the date of passing of this proposal.

Renewing this authority is a routine matter for public companies incorporated in Ireland. This authority is fundamental to our business and enables us to issue shares, including in connection with our equity compensation plans and, if applicable, funding acquisitions and raising capital. Approval of this proposal will only renew the authority of the Board of Directors to issue shares that are already authorized under our articles of association. Furthermore, we note that this authorization is required as a matter of Irish law and is not otherwise required for other U.S. companies listed on U.S. stock exchanges with whom we compete. Accordingly, approval of this resolution would merely place us on par with other U.S. listed companies.

The text of the ordinary resolution in respect of proposal Six is as follows:

Resolved that without prejudice to any existing authorities granted to the Directors and subject to, and taking effect only from the date of the commencement of Section 1021 of the Companies Act 2014, the Directors be and are further hereby generally and unconditionally authorised pursuant to the said Section 1021 to exercise, on and from that date, all powers of Global Indemnity plc to allot and issue relevant securities (as defined in the said Section 1021) up to an aggregate nominal amount of the authorised but as yet unissued share capital of Global Indemnity plc as at the close of business on the date of the passing of this resolution. The authority hereby conferred shall take effect only from the date of commencement of Section 1021 of the Companies Act 2014 and shall expire on the date that is 5 years from the date of the passing of this resolution unless previously renewed, varied or revoked, provided that Global Indemnity plc may make an offer or agreement before the expiry of either of the authorities conferred by this resolution which would or might require any such relevant securities to be allotted after either such authority has expired, and, in either case, the Directors may allot and issue relevant securities in pursuance of any such offer or agreement as if the relevant authority had not expired.

Required Vote

The affirmative vote of a majority of the votes cast at the Annual General Meeting will be required to renew the Board of Directors Authority to issue shares.

The Board of Directors Recommends voting For Proposal Six.

PROPOSAL SEVEN: RENEW BOARD OF DIRECTORS AUTHORITY TO ISSUE SHARES FOR CASH, FOR OTHER PROPERTY, OR SERVICES WITHOUT FIRST OFFERING SHARES TO EXISTING SHAREHOLDERS

In general, unless otherwise authorized, before an Irish public limited company can issue shares for cash to any new shareholders, it must first offer the shares to existing shareholders of the company pro-rata to their existing shareholding. The Company's Articles of Association currently authorize the Board of Directors to issue new shares for cash, up to a maximum of the Company's authorized but unissued share capital, without first offering them to existing shareholders, thereby opting out of the statutory pre-emptive rights provision (the "opt-out authority"). (As of April 3, 2015, the authorized but unissued share capital was 583,525,921 A ordinary shares, US \$0.0001 per share, 287,938,630 B ordinary shares of US \$0.0001 per share, and 100,000,000 preferred shares of US \$0.0001 per share.). The opt-out authority has been in place since the Company's redomiciliation to Ireland.

At the 2014 Annual General Meeting of the Company, the shareholders renewed the authority of the Board of Directors to issue shares for cash without first offering shares to existing shareholders for a further five year period. On its commencement, however, the Companies Act 2014 will update a number of the statutory references contained in the existing authority. This proposal is being placed before the Annual General Meeting in order to ensure that the authority granted at the 2014 Annual General Meeting continues following the commencement of the Companies Act 2014 and is updated to take effect for a five year period from the date of passing of this proposal.

Under Irish law, the opt-out authority can be granted for a maximum period of 5 years, at which point it will lapse unless renewed by the shareholders of the Company by a special resolution. If the Directors' existing opt-out authority is not renewed, shares issued for cash must be offered to existing shareholders of the Company pro-rata to their existing shareholding before the shares can be issued to any new shareholders. This requirement to offer shares to pre-existing holders of the Company does not apply where shares are issued for non-cash consideration and in respect of certain issues of preference shares or pursuant to employee share programs.

The text of the special resolution in respect of proposal Seven is as follows:

Resolved that without prejudice to any existing authorities granted to the Directors and subject to and taking effect only from the commencement of Section 1022 and Section 1023 of the Companies Act 2014, Section 1022(1) of the Companies Act 2014 is hereby excluded in its application in relation to all allotments of equity securities (as defined by Section 1023 of the Companies Act 2014) for cash, for other property, or for services pursuant to the authority granted by proposal six and that the authority conferred by this resolution shall expire 5 years from the date of passing of this resolution unless previously renewed, varied or revoked by Global Indemnity plc in general meeting or by written resolution, provided, however, that Global Indemnity plc may make an offer or agreement, before the expiry of this authority or under any renewal thereof, which would or might require any such securities to be allotted or issued after the expiry of this authority and the Directors may allot and issue such securities in pursuance of any such offer or agreement as if the authority conferred hereby had not expired.

Required Vote

The affirmative vote of at least 75% of the votes cast at the Annual General Meeting will be required for the renewal of the Board of Directors authority to issue shares for cash without first offering shares to existing shareholders.

The Board of Directors Recommends Voting For Proposal Seven.

PROPOSAL EIGHT: AMENDMENT TO THE GLOBAL INDEMNITY PLC SHARE INCENTIVE PLAN

On February 8, 2015, our Board adopted, subject to shareholder approval, Amendment No. 1 (the "Share Incentive Plan Amendment") to the Global Indemnity plc Share Incentive Plan (the "Share Incentive Plan"). We are asking our shareholders to approve the Share Incentive Plan Amendment to increase the maximum number of shares underlying stock options that may be granted to a participant from 100,000 to 300,000 during any fiscal year.

We believe that the proposed increase will provide us with the flexibility we expect we will need in determining the elements of equity compensation for each of our senior executives and directors through February 9, 2019. In addition, the primary purpose of the Share Incentive Plan is to provide Global Indemnity a competitive advantage in attracting, retaining and motivating officers, employees, consultants and non-employee directors, and to provide Global Indemnity with a share plan providing incentives linked to the financial results of the Company's business and increases in shareholder value. The Share Incentive Plan Amendment helps effectuate this purpose.

We are asking shareholders to approve the Share Incentive Plan Amendment in order, to the extent permitted by law, to preserve the tax deductible status for certain awards granted under the Share Incentive Plan. The Share Incentive Plan would authorize performance-based stock awards that would give the Company the flexibility to structure stock-based awards as performance-based within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

Section 162(m) generally denies a tax deduction to any publicly held corporation for certain compensation paid to the chief executive officer and the three most highly paid executive officers, other than the chief executive officer and the chief financial officer, of the corporation (collectively, the "covered employees") in a taxable year to the extent that compensation to a covered employee exceeds \$1.0 million. However, certain types of compensation, including qualified performance-based compensation, are exempt from this deduction limitation. In order to qualify for the exemption for qualified performance-based compensation, Section 162(m) of the Code generally requires, among other things, that (i) the compensation must be paid solely upon account of the attainment of one or more pre-established objective performance goals, (ii) the performance goals must be established by a compensation committee comprised of two or more outside directors, (iii) the material terms of the performance goals (including the maximum amount of compensation that could be paid to the employee) must be disclosed to and approved by the Shareholders, and (iv) the compensation committee of outside directors must certify that the performance goals have been met prior to payment.

Section 162(m) of the Code contains a special rule for stock options and stock appreciation rights, which provides that stock options and SARs will satisfy the qualified performance-based compensation exception if the awards are made by a qualifying compensation committee, the plan sets forth the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date.

The Board of Directors believes that it is in the best interests of the Company and its shareholders for the Company to provide an incentive plan under which compensation awards made to covered employees can be deducted by the Company for federal income tax purposes. If Shareholders do not approve the Amended and Restated Plan, the Company may not be entitled to a tax deduction for some or all of the performance-based compensation paid to its covered employees under Section 162(m) of the Code.

Anticipated Future Equity Awards

The Compensation and Benefits Committee has made a contingent grant to our CEO of options to acquire 300,000 A ordinary shares subject to shareholder approval of the Share Incentive Plan Amendment as the Annual

General Meeting. Other than this contingent grant, the benefits that will be awarded or paid under the Share Incentive Plan in the future cannot currently be determined. The number of awards (if any) that an employee or director may receive under the Share Incentive Plan is in the discretion of the Compensation and Benefits Committee and the committee has not determined future awards or who receive them except for the identified contingent grant. If the Share Incentive Plan Amendment is approved, this contingent grant will be effective. If shareholder approval is not obtained, then this grant will not be effective.

By way of background, please see the Compensation Discussion and Analysis and related compensation tables for a discussion of our executive compensation philosophy and for information regarding equity awards to our named executive officers in fiscal year 2014. In addition, the table below sets forth the estimated awards of all types to be made under the Share Incentive Plan during the fiscal year ending December 31, 2015. In addition, as described below under Director Compensation, pursuant to our director compensation program, our non-employee directors are eligible to receive an annual retainer to be paid in part in restricted Global Indemnity A ordinary shares, subject to certain parameters.

The following is a summary of the material terms of the Share Incentive Plan, as amended by the Share Incentive Plan Amendment, and does not include all of the provisions of the Share Incentive Plan so amended. For further information about the Share Incentive Plan as so amended, we refer you to a complete copy of the Share Incentive Plan and the Share Incentive Plan Amendment, which are both attached as [Exhibit A](#) to this Proxy Statement.

The Share Incentive Plan provides for the issuance of stock options, restricted shares and other share-based awards and performance-based compensation awards (collectively the Awards). The Share Incentive Plan is not subject to the Employee Retirement Income Security Act of 1974, as amended. On April 3, 2015, the market value of the shares underlying contingent awards made under the Share Incentive Plan and the shares available for future grants under the Share Incentive Plan was \$49,042,885.98.

Administration

The Share Incentive Plan provides that it will be administered by the Compensation & Benefits Committee of our Board, or another committee of the Board constituted so as to permit awards under the Share Incentive Plan to comply with the non-employee director provisions of Rule 16b-3 under the Exchange Act and the outside director requirements of Section 162(m) of the Code, or, absent a committee to administer the Share Incentive

Plan, the Board. The administrator is empowered to select who may participate in the Share Incentive Plan; determine whether and to what extent Awards are granted; determine the number of A ordinary shares covered by each Award; determine the terms and conditions of any Award, including vesting; subject to the terms of the Share Incentive Plan, modify, amend or adjust the terms and conditions of any Award, including to reduce the exercise price of an outstanding stock option or other share-based award or to cancel and replace stock options with a below Fair Market Value exercise price; determine to what extent and under what circumstances awards or payments thereunder shall be deferred; adopt, alter and repeal administrative rules for the Share Incentive Plan; interpret the terms and provisions of the Share Incentive Plan and any Award issued; adopt any sub-plans as deemed necessary; and otherwise supervise and administer the Share Incentive Plan.

A Ordinary Shares Subject to the Share Incentive Plan; Equity Restructuring Transactions and Acquisition Events

The Share Incentive Plan makes available the number of A ordinary shares described above, subject to adjustments. If any outstanding Award is terminated without being exercised or forfeited, the shares subject to such Awards will again be available for distribution in connection with Awards under the Share Incentive Plan. In addition, in determining the number of A ordinary shares available for Awards other than Incentive Stock Options (ISOs), if A ordinary shares have been delivered or exchanged by a participant as full or partial payment to the Company for payment of the exercise price, or for payment of withholding taxes, or if the number of A ordinary shares otherwise deliverable has been reduced for payment of the exercise price or for payment of withholding taxes, the number of A ordinary shares exchanged or reduced as payment in connection with the exercise or for withholding shall again be available for purposes of Awards other than ISOs.

The total number of A ordinary shares subject to any option which may be granted under the Share Incentive Plan to any participant is 300,000 during each fiscal year of Global Indemnity and shall be cumulative; that is, to the extent that A ordinary shares for which options are permitted to be granted during a fiscal year to a participant are not covered by a grant of an option, such A ordinary shares available for grants to such a participant automatically increase in subsequent fiscal years during the term of the Share Incentive Plan until used. The total number of other share based awards, as defined in the Share Incentive Plan, contingent upon the attainment of performance goals granted to any participant in any fiscal year shall not exceed 50,000.

In the event any merger, reorganization, consolidation, recapitalization, spin-off, stock dividend, share split, reverse share split, extraordinary distribution with respect to the A ordinary shares, any sale or transfer of all or part of the Company's assets or business or other change in corporate structure affecting the A ordinary shares occurs or is proposed (such an event, an Equity Restructuring), the administrator shall make such substitution or adjustment in the aggregate number and kind of shares or other property reserved for issuance under the Plan or any limitations under the Plan, in the number, kind and exercise price of shares or other property subject to outstanding Awards, as applicable, and/or such other substitution or adjustments, in each case as the administrator shall determine in its discretion to be appropriate, such that the value of the adjusted shares or other property immediately prior to the Equity Restructuring is the same as the value of such adjusted shares or other property immediately following the Equity Restructuring, provided that, in no case shall such determination adversely affect in any material respect the rights of a participant. In connection with any Equity Restructuring, the administrator may provide, in its sole discretion, for the cancellation of any outstanding stock option and payment in cash or other property in exchange therefor in an amount equal to the excess at such time, if any, of the fair market value of the underlying A ordinary shares over the per share exercise price for such stock options.

In the event of a merger or consolidation in which the Company is not the surviving entity or in the event of any transaction that results in the acquisition of substantially all of the Company's outstanding A ordinary shares by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of all or substantially all of the Company's assets (all of the foregoing being referred to as Acquisition Events), then the administrator may, in its sole discretion, terminate all outstanding stock options, subject to certain notice and acceleration provisions set forth in the Share Incentive Plan.

Table of Contents*Participants*

Persons who are (a) Global Indemnity's officers, directors, employees and consultants, (b) at the time of grant may be performing services for Global Indemnity, including officers, directors, employees and affiliates (a Fox Paine Participant) of Fox Paine; and (c) non-employee directors of Global Indemnity, are eligible to be granted Awards under the Share Incentive Plan. As of April 3, 2015, approximately 40 employees, including all of our executive officers, would be eligible to participate in the programs approved under the Share Incentive Plan. In addition, a small number of other service providers that we may engage from time-to-time and the non-employee members of the Board would be eligible to receive Awards under the Share Incentive Plan.

Stock Options

A stock option granted under the Share Incentive Plan permits the holder to purchase from Global Indemnity a stated number of A ordinary shares at an exercise price established by the administrator. Stock Options shall be evidenced by an option agreement and are subject to the terms of the Share Incentive Plan. Options will be designated as either nonstatutory stock options or incentive stock options. The exercise price of an option may not be less than the fair market value of an A Ordinary Share on the date of the grant. The exercise price of ISOs granted to a 10% or greater shareholder may not be less than 110% of the fair market value on the date of grant. The term of each stock option shall be determined by the administrator on the date of the grant, but may not exceed ten years (or, in the case of an ISO granted to a 10% or greater shareholder, five years). Stock options are non-transferable other than by will or by laws of descent and distribution or as otherwise permitted to a family member, under the holder's option agreement and, if such holder of stock options is a party to the Management Shareholders Agreement, subject to the restrictions in the Management Shareholders Agreement dated as of September 5, 2003, as amended and/or restated, among Global Indemnity and certain Fox Paine affiliates (the Management Shareholders Agreement). The Management Shareholders Agreement contains certain restrictions on the transferability of the Award, and a right of first refusal and purchase right in favor of Global Indemnity with respect to the Award. Payment of the exercise price of stock options may be made by certified or bank check or such other instrument or method of payment as the administrator may accept. Unless otherwise provided in the award agreement, payment may also be made in the form of fully vested A ordinary shares under specified circumstances. Unless otherwise provided in the applicable award agreement, exercise of a stock option through a broker's cashless exercise or through net settlement in A ordinary shares is also permitted. After termination for any reason other than Cause, as defined in the Share Incentive Plan, including death or disability, of a participant, he or she may exercise his or her option, to the extent vested, for the period of time specified in the option agreement. In the absence of a specified time in the option agreement, the option will remain exercisable for ninety (90) days following a termination. However, an option generally may not be exercised later than the expiration of its term. If a participant is terminated for Cause, or at the time the such participant voluntarily terminates employment within ninety (90) days after the occurrence of an event that would be grounds for a termination for Cause, the option will be cancelled immediately upon such termination, and will not then be exercisable by such participant.

Restricted Shares

Restricted share awards are A ordinary shares that vest in accordance with terms and conditions established by the administrator. The administrator shall determine to whom and the time at which grants of restricted shares will be awarded, the number of shares to be awarded to any participant, the purchase price, the vesting conditions, the times within which such awards may be subject to cancellation, repurchase and transfer restrictions and any other terms and conditions of the awards, in addition, with respect to each Fox Paine Participant, to those contained in the Management Shareholders Agreement and the Articles of Association. The terms and conditions of each award shall be evidenced by a restricted share agreement. Unless otherwise specified in the restricted share agreement, upon a participant's termination for any reason during the relevant restriction period, all unvested restricted shares shall be forfeited.

Table of Contents

Other Share-Based Awards

The administrator is authorized to grant other share-based awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to A ordinary shares and to set the terms and conditions of such grants in accordance with the Share Incentive Plan. Other share-based awards may include, but are not limited to, A ordinary shares awarded purely as a bonus and not subject to any restrictions or conditions, A ordinary shares in payment of the amounts due under an incentive or performance plan, share appreciation rights, share equivalent units, and awards valued by reference to book value of A ordinary shares. Unless otherwise provided in the applicable award agreement, the recipient of share-based awards will be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of A ordinary shares covered by the Award, as determined at the time of the award by the administrator, in its sole discretion.

Performance Criteria

The administrator may design any Award so that the amounts or A ordinary shares payable thereunder are treated as qualified performance-based compensation within the meaning of Section 162(m) of the Code. Performance goals established for purposes of an award of performance-based awards intended to comply with Section 162(m) of the Code shall be based on one or more of the following performance criteria: (i) the attainment of certain target levels of, or a specified percentage increase in, revenues, income before taxes and extraordinary items, net income, operating income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (ii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations; (iii) the attainment of certain target levels of, or a specified increase in, operational cash flow; (iv) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee; (v) earnings per share or the attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations; (vi) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital; (vii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on shareholders' equity; (viii) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula; (ix) the attainment of certain target levels in the fair market value of the shares of the Company's ordinary shares; (x) the growth in the value of an investment in the Company's ordinary shares assuming the reinvestment of dividends; (xi) the attainment of a certain level of, reduction of, or other specified objectives with regard to limiting the level in or increase in, all or a portion of controllable expenses or costs or other expenses or costs or a reduction of the loss ratio, expense ratio, or combined ratio; (xii) achievement of certain targets with respect to the Company's book value, assets or liabilities.

Performance goals may be based upon the attainment of specified levels of Global Indemnity performance under one or more measures described above relative to the performance of other companies. To the extent permitted by Section 162(m) of the Code, the administrator may designate additional business criteria on which performance goals may be based or adjust, modify or amend the aforementioned business criteria.

Term, Amendment and Termination

The Share Incentive Plan expires on February 9, 2019, five years from its adoption by the Board. Awards outstanding as of such date shall not be affected or impaired by the expiration of the Share Incentive Plan and shall remain subject to the Share Incentive Plan's terms.

Subject to applicable law, the Share Incentive Plan may, at any time, be amended, suspended or terminated, prospectively or retroactively, by the administrator; provided, however, that no amendment, suspension or termination shall be made that is adverse to the rights of a participant under an Award without such participant's

Table of Contents

consent unless otherwise provided by law or in the Share Incentive Plan. In addition, shareholder approval may be required to satisfy tax rules applicable to performance-based compensation under Section 162(m) of the Code or to subsequent grants of incentive stock options, or to satisfy other applicable legal or regulatory requirements including exchange listing requirements.

Unfunded Status of Plan

It is intended that the Share Incentive Plan constitute an unfunded plan for incentive and deferred compensation.

General Provisions

Restricted A ordinary shares and A ordinary shares issued upon exercise of stock options shall be evidenced in such manner as the Committee may deem appropriate, including book entry registration or issuance of one or more share certificates. Any certificate issued shall be registered and shall bear the appropriate legends, if any.

A participant shall make the necessary arrangements to satisfy any payment or withholding of applicable US federal, state, local or foreign taxes, including, if approved by the administrator, by paying with A ordinary shares, including any A ordinary shares that are part of an Award giving rise to the withholding requirement.

The Share Incentive Plan and all Awards shall be governed by and construed and enforced in accordance with the laws of the State of Delaware.

No fractional shares shall be issued under the Share Incentive Plan and no cash settlements shall be made with respect to fractional shares eliminated by rounding.

To the extent required by the administrator, the participant may be required to execute and deliver a shareholder's agreement or such other documentation as a condition to the receipt of an Award, which shall set forth certain restrictions on transferability of the Award, a right of first refusal of Global Indemnity with respect to the Award, the right of Global Indemnity to purchase the Award and other such terms as the administrator shall establish from time to time.

No Award shall be granted, deferred, accelerated, extended, paid out or modified under the Share Incentive Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a participant. If it is reasonably determined by the administrator that, as a result of Section 409A of the Code, payments or deliveries of A ordinary shares awarded under the Share Incentive Plan may not be made at the time without causing the participant to be subject to taxation under Section 409A of the Code, Global Indemnity will make such payment or delivery of A ordinary shares on the first day that would not result in the participant incurring any tax liability under Section 409A of the Code.

U.S. Federal Income Tax Consequences

Stock option grants under the Share Incentive Plan may be intended to qualify as incentive stock options under Section 422 of the Code or may be non-qualified stock options. Generally, no federal income tax is payable by a participant upon the grant of a stock option and no deduction is taken by the Company. Under current tax laws, if a participant exercises a non-qualified stock option, he or she will have taxable income equal to the difference between the fair market value of the common stock on the exercise date and the stock option exercise price. Global Indemnity will be entitled to a corresponding deduction on its income tax return. A participant will have no taxable income upon exercising an incentive stock option provided that the applicable periods for holding the resulting shares of stock are satisfied (except that alternative minimum tax may apply), and Global Indemnity will receive no deduction when an incentive stock option is exercised. The tax treatment for a participant of a disposition of shares acquired through the exercise of an option depends on how long the shares were held and on

Table of Contents

whether the shares were acquired by exercising an incentive stock option or a non-qualified stock option. Global Indemnity may be entitled to a deduction in the case of a disposition of shares acquired under an incentive stock option before the applicable holding periods have been satisfied.

For restricted stock awards, no taxes are due when the award is initially made (unless the recipient makes a timely election under Section 83(b) of the Code), but the award becomes taxable when it is no longer subject to a substantial risk of forfeiture (i.e., becomes vested or transferable). Income tax is paid at ordinary rates on the value of the stock when the restrictions lapse, and then at capital gain rates when the shares are sold.

Awards granted under the Share Incentive Plan may qualify as performance-based compensation under Section 162(m) of the Code in order to preserve federal income tax deductions by Global Indemnity with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1 million and paid to Global Indemnity's Chief Executive Officer or any of the three other most highly compensated executive officers (excluding the Chief Financial Officer). The Compensation Committee may grant awards that do not qualify as performance-based compensation under Section 162(m) of the Code, which awards would be subject to the \$1 million deductibility limit of Code Section 162(m).

The Share Incentive Plan has been drafted with the intention of avoiding the application of taxes under Section 409A of the Code to any participant on account of the grant, vesting, or settlement of awards.

The chief executive officer of Global Indemnity has an interest in this Proposal Eight as the chief executive officer of Global Indemnity will receive a grant under the Share Incentive Plan if approved. For a discussion of the grant that the chief executive officer will receive under the Share Incentive Plan, please see the New Benefits Plan table in this section above and the disclosure related to executive compensation under Executive Compensation-Compensation Discussion and Analysis below.

BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Board Structure

Since June of 2007, it has been our policy to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of separating these two positions is the most appropriate for us at this time. In today's challenging economic and regulatory environment, directors, more than ever, are required to spend a substantial amount of time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having a Chairman independent of the Chief Executive Officer, whose sole job is to lead the Board of Directors, allows our Chief Executive Officer, Ms. Valko, to better focus her time and energy on running the day-to-day operations of Global Indemnity. We believe that our Chief Executive Officer and our Chairman have an excellent working relationship and open lines of communication. The Board of Directors believes that Global Indemnity's current leadership structure does not affect its role in risk oversight of Global Indemnity.

The Board of Directors exercises its risk oversight responsibilities through its committees, which regularly report to the full Board of Directors. Our Enterprise Risk Management Committee addresses enterprise risk matters, the Audit Committee addresses financial reporting risk, the Compensation and Benefits Committee addresses compensation related matters and the Investment Committee addresses risks related to investing. For a further discussion, see [Board Committees](#) below.

Our Board of Directors has determined that Seth J. Gersch, James W. Crystal, John H. Howes and Larry N. Port are independent as defined by applicable NASDAQ marketplace rules and SEC rules. Our Audit Committee is made up entirely of independent directors as defined and required by the NASDAQ Marketplace Rules and the rules of SEC, and we believe that the number of independent, experienced directors that make up our Board of Directors, along with the oversight of our Board of Directors by the non-executive Chairman, benefits us and our shareholders.

Meetings and Independence Requirements

Our Board of Directors held five meetings in 2014. In 2014, all of the incumbent members of our Board of Directors, except Mr. Crystal, attended 75% or more of the total number of meetings of our Board of Directors and the total number of meetings held by committees on which they served that were held during the period for which they were directors and served on such committees. Mr. Crystal attended 60% of the meetings of the Board of Directors.

The Annual General Meeting will be our twelfth annual general meeting of shareholders. We do not have a policy about directors' attendance at our annual meeting of shareholders. No director attended our 2014 Annual General Meeting.

Global Indemnity is a controlled company as defined in Rule 5615(c)(1) of the NASDAQ Marketplace Rules because more than 50% of our voting power is held by Fox Paine & Company. See [Additional Information](#) [Principal Shareholders and Security Ownership of Management](#). Therefore, we are exempt from certain requirements of Rule 5605 with respect to (1) having a majority of independent directors on our Board of Directors, (2) having the compensation of our executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors, and (3) having nominees for director selected or recommended for selection by either a majority of independent directors or a nominating committee composed solely of independent directors.

Board Committees

The Board of Directors currently has seven members and the following six committees: Audit; Compensation and Benefits; Nominating and Governance; Executive; Investment; and Enterprise Risk Management.

Table of Contents

Audit Committee

The Audit Committee held four meetings in 2014. The Audit Committee currently consists of James W. Crystal, John H. Howes, and Seth J. Gersch. Mr. Gersch is currently the Chair of the Audit Committee. Our Board of Directors has determined that Messrs. Crystal, Howes and Gersch each qualify as independent directors as that term is defined in the NASDAQ Marketplace Rules and the rules of the SEC. Our Board of Directors has also determined that all three members of the Audit Committee satisfy the financial literacy requirements of the NASDAQ Marketplace Rules and that Mr. Gersch qualifies as an audit committee financial expert as defined by the rules of the SEC.

The principal duties of the Audit Committee are to oversee our accounting and financial reporting processes and the audit of our financial statements, to select and retain our independent auditor, to review with management and our independent auditor our annual financial statements and related footnotes, to review our internal audit activities, to review with our independent auditor the planned scope and results of the annual audit and its reports and recommendations, and to review with the independent auditor matters relating to our system of internal controls.

Compensation and Benefits Committee

The Compensation and Benefits Committee (Compensation Committee) held three meetings in 2014. The Compensation Committee currently consists of Stephen A. Cozen, John Howes, and Chad A. Leat. Mr. Leat is currently the Chair of the Compensation Committee. Mr. Leat's service as a director will not continue following the Annual General Meeting.

The primary duties of the Compensation Committee are to formulate, evaluate, and approve the compensation of our executive officers, and to oversee all equity compensation programs including overseeing our policies on structuring compensation programs for executive officers in order to preserve tax deductibility and, as and when required, to establish and certify the attainment of performance goals pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Compensation Committee also reviews and approves any forms of employment contracts, severance arrangements, change in control provisions, and other compensatory arrangements with our executive officers.

The Compensation Committee meets each year in conjunction with regularly-scheduled Board of Directors meetings and as needed at other times. Management participates in meetings at the invitation of the Compensation Committee, providing financial data on which compensation decisions are based, publicly-available compensation data with respect to our competitors, and updates on legal developments affecting compensation. Management may also propose financial targets on which performance will be judged. Generally, at each meeting an executive session is held without members of management present. In the course of its activities, the Compensation Committee may designate or allocate all or any portion of its responsibilities and powers to a subcommittee consisting of one or more of its members, including those responsibilities and powers related to Section 162(m) of the Code.

Further discussion regarding the Compensation Committee's processes for setting executive compensation, including delegation to the Chief Executive Officer of the authority to approve certain compensation of senior vice presidents and vice presidents, is set forth under Executive Compensation Compensation Discussion and Analysis Committee Activities and Compensation paid to Named Executive Officers with Respect to 2014 and Our Compensation Philosophy.

Nominating and Governance Committee

Mr. Howes is Chair of the Nominating and Governance Committee. Mr. Leat's service as a director will not continue following the Annual General Meeting.

The principal duties of the Nominating and Governance Committee are to recommend to the Board of Directors nominees for directors and directors for committee membership, to develop, maintain, and recommend to the Board of Directors a set of corporate governance policies for Global Indemnity, to establish criteria for recommending new directors, and to identify, screen, and recruit new directors, including financially literate director nominees for the Audit Committee. Global Indemnity does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating and Governance Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board of Directors will possess the appropriate talent, skills, and expertise to oversee Global Indemnity's businesses. The Nominating and Governance Committee also recommends to the Board of Directors the director and committee member compensation for non-employee directors.

A copy of our Nominating and Governance Committee Charter is available on our website at www.globalindemnity.ie.

Executive Committee

The Executive Committee currently consists of Saul A. Fox, Seth J. Gersch and Cynthia Y. Valko. Mr. Fox is Chair of the Executive Committee. The Executive Committee has the authority between meetings of the full Board of Directors to exercise the powers of the Board of Directors as permitted by applicable law and listing standards, other than those reserved for other committees or the full Board of Directors.

A copy of our Executive Committee Charter is available on our website at www.globalindemnity.ie.

Investment Committee

The Investment Committee currently consists of James W. Crystal, Saul A. Fox, and Seth J. Gersch. The principal duties of the Investment Committee are to establish and review our investment guidelines and to review our investments to ensure compliance with our investment guidelines. Mr. Cozen is the Chair of the Enterprise Risk Management Committee.

DIRECTOR COMPENSATION

General

The form and amount of non-employee director compensation is determined by the Board of Directors based on recommendations by our Nominating and Governance Committee. Our directors that are also employees of the Company are not separately compensated for their service as directors. Cynthia Y. Valko, our Chief Executive Officer, is an employee of the Company and therefore is not separately compensated for her services as a director. We believe that director compensation should not only be competitive within the insurance industry, but also fair and reasonable in light of our directors' background and experiences, as well as the overall time, effort, and complexity involved in carrying out their responsibilities as directors.

To align the objectives of our directors and our shareholders, as well as to retain directors for an extended period, our non-employee directors receive annual retainers for Board of Directors and committee service and meeting fees payable in cash and in restricted A ordinary shares. The number of restricted A ordinary shares to be issued to a director under the Share Incentive Plan is determined by dividing the amount of compensation to be issued by the closing market price of our A ordinary shares on NASDAQ on the last business day of the calendar quarter in which the compensation was earned.

Restricted A ordinary shares issued to directors vest over a rolling 24 month period. Restricted A ordinary shares received may not be transferred, sold or otherwise disposed of unless and until (1) there is a change in control of Global Indemnity, (2) such director passes away, or (3) 24 months have elapsed since the date the director ceased to serve on the Board of Directors. Restricted A ordinary shares are subject to forfeiture upon a director's breach of confidentiality, or if within 24 months following a director's departure from the Board of Directors, the director becomes associated with a property and casualty company that at the time of association or during the restriction period competes with us.

These restrictions on transfer, sale and disposition are designed to ensure that our directors maintain a long-term perspective when overseeing our operations.

Retainer and Fee Schedule

Each non-employee director is required to elect a percentage of their annual retainer to be paid in Restricted A ordinary shares and a percentage of their annual retainer to be paid in cash. This election remains in effect for one year and may be changed upon five days' prior written notice by the non-employee director.

Non-employee directors who elect to receive 100% of their retainer for services rendered to Global Indemnity plc in Restricted A ordinary shares also receive an additional cash payment equivalent to 100% of their retainer for services rendered to Global Indemnity plc. Non-employee directors who elect to receive 100% of their retainer for services rendered to Global Indemnity Group, Inc. in Restricted A ordinary shares have their compensation increased in cash to provide a gross-up for taxes. Those non-employee directors who do not elect to receive 100% of their retainer for services rendered to Global Indemnity Group, Inc. in Restricted A ordinary shares do not receive the cash payment and do not have their compensation grossed-up for taxes. Each director has elected to receive 100% of their retainer for services rendered to Global Indemnity plc and Global Indemnity Group, Inc. in Restricted A ordinary shares. The Company and Mr. Fox have agreed to defer the vesting of Mr. Fox's Restricted A ordinary shares granted for services rendered to Global Indemnity Group, Inc. until the earlier of a change in control of the Company or January 1, 2024.

The amount of the annual retainer each non-employee director was eligible to receive for service in fiscal year 2014 was: (1) \$80,000 for the Chairman; (2) \$37,500 for all non-employee directors (other than the Chairman); (3) an additional \$8,500 for each continuous year served as a non-employee director (Tenure Bonus); (4) an additional \$45,000 for the non-employee director who chairs the Audit Committee (5) an additional \$20,000 for non-employee directors who serve on the Audit Committee in a capacity other than Chairperson; (6) an

additional \$30,000 for the non-employee director who chairs the Investment Committee; (7) an additional \$15,000 for non-employee directors who serve on the Investment Committee in a capacity other than Chairperson; (8) an additional \$22,500 for the non-employee director who chairs the Compensation Committee; (9) an additional \$11,250 for non-employee directors who serve on the Compensation Committee in a capacity other than Chairperson; (10) an additional \$80,000 for the non-employee director who chairs the Executive Committee; (11) an additional \$40,000 for non-employee directors who serve on the Executive Committee in a capacity other than Chairperson; (12) an additional \$30,000 for the non-employee director who chairs the Enterprise Risk Committee; (13) an additional \$15,000 for non-employee directors who serve on the Enterprise Risk Committee in a capacity other than Chairperson; (14) an additional \$20,000 for the non-employee director who chairs the Nominating and Governance Committee; and (15) an additional \$10,000 for the non-employee directors who serves on the Nominating and Governance Committee in a capacity other than Chairperson. These amounts remain in effect for fiscal year 2015.

All non-employee directors are eligible to receive reimbursement for their reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and its Committees. Non-employee directors do not receive attendance fees for meetings.

Non-employee directors forfeit 12.5% of their yearly retainer and tenure bonus for each absence at an in-person meeting of the Board of Directors and will forfeit \$5,000 of their yearly retainer and tenure bonus for each non-participation in a telephonic meeting of the Board of Directors.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis focuses on the compensation of the executive officers listed in the Summary Compensation Table that follows (our named executive officers). Our named executive officers for 2014 were Cynthia Y. Valko, Chief Executive Officer, Global Indemnity plc; Thomas M. McGeehan, Chief Financial Officer and Executive Vice President Finance, Global Indemnity plc; Joseph R. Lebens, former Executive Vice President and Chief Underwriting and Actuary Officer of Global Indemnity Group; William J. Devlin, Jr., Executive Vice President and Chief Claims and Operations Officer of Global Indemnity Group; Matthew B. Scott, Executive Vice President and Chief Marketing Officer of Global Indemnity Group and Stephen Green, President of Global Indemnity Re. Mr. Lebens resigned effective September 5, 2014.

The following is a discussion of our objectives and philosophies regarding executive officer compensation, as well as the actions taken in 2014 and the compensation awarded to, earned by, or paid to our named executive officers with respect to 2014 performance.

Committee Activities and Compensation Paid to Named Executive Officers With Respect to 2014

The Compensation Committee met three times in 2014. Actions of the Compensation Committee included approving the executive officers' 2014 salaries and bonus incentives, approving Ms. Valko's new executive employment agreement and restricted share grants to certain employees who contributed at a high level toward the acquisition of American Reliable. The Compensation Committee or the Board of Directors, after consulting with our Chief Executive Officer (except with respect to matters relating to the Chief Executive Officer), has approved the compensation and the employment agreements and arrangements for all of our named executive officers. However, the Board of Directors has delegated to the Chief Executive Officer the right to approve salaries of up to \$250,000 and \$200,000 for senior vice presidents and vice presidents, respectively; grants of up to 15,000 and 2,500 shares of A ordinary shares for senior vice presidents and vice presidents, respectively; grants of up to 15,000 and 2,500 options for senior vice presidents and vice presidents, respectively, and up to \$50,000 and \$35,000 in signing bonuses for senior vice presidents and vice presidents, respectively.

Our Compensation Philosophy

Our primary goals in structuring compensation opportunities for our named executive officers are: (1) fostering achievement of corporate performance objectives; (2) recognizing executives' contributions to corporate success; and (3) attracting and retaining quality professionals. We apply a consistent compensation philosophy for all named executive officers. This philosophy is based on the premise that our achievements result from the coordinated efforts of all employees, including our named executive officers, working toward our business objectives. The Compensation Committee designed and refines the executive compensation program to support the overall objective of maximizing long-term shareholder value by aligning the interests of executives with the interests of shareholders and by rewarding executives for achieving corporate and individual objectives.

We have entered into employment agreements or arrangements with our named executive officers, as described in more detail below following the Summary Compensation Table. These agreements and arrangements are important to the future of our business because our success depends, in significant part, upon the individual employees who represent us in dealings with our producers and the investment community, execute our business strategy, and identify and pursue strategic opportunities and initiatives. We believe that such agreements and arrangements are helpful in providing our executives with some comfort regarding their duties and compensation in exchange for necessary restrictive covenants with respect to competitive activity, non-solicitation, and confidentiality during and following the executives' employment with us. These covenants are particularly important in protecting our interests in what is an intensely competitive industry in which leveraging the personal relationships of our executives is critical to our success. The employment agreements and arrangements also dictate the level and extent to which the executives receive post-termination compensation.

To that end, on December 10, 2014, Global Indemnity entered into a new employment agreement with Ms. Valko (2014 agreement), which replaced her September 19, 2011 employment arrangement with Global Indemnity (September 2011 arrangement) that was set to expire on December 31, 2014. The 2014 agreement retroactively set her base salary as of January 1, 2014 at \$600,000 and provided a grant of 300,000 options to purchase A ordinary shares as described below under Grant of Plan Based Awards in 2014 , Employment Agreements , and Outstanding Equity Awards at December 31, 2014 .

Effective September 5, 2014, Mr. Lebens resigned. On September 10, 2014, Global Indemnity Group, Inc. (Global Indemnity Group) entered into an independent contractor agreement with JRL Professional Consulting, LLC (the Contractor), of which Mr. Lebens is the principal (the Consulting Agreement), that continues until terminated. On December 2, 2014, Global Indemnity Re entered into an independent contractor agreement with the Contractor (the Bermuda Consulting Agreement) that continues until terminated. Both agreements may be terminated by either party upon 60 days written notice to the other party.

The Consulting Agreement provides that the Contractor shall be available to work eight days per calendar month as mutually agreed upon (not exceeding eight hours actually worked per day) by Global Indemnity Group and the Contractor to provide predictive analytics services and support and actuarial services and support. The services provided under the Consulting Agreement shall be provided at Global Indemnity Group s principal offices or the offices of the Contractor or as otherwise instructed or agreed.

The Bermuda Consulting Agreement provides that the Contractor shall be available to work three days per calendar month as mutually agreed upon (not exceeding eight hours actually worked per day) by Global Indemnity Re and the Contractor to provide predictive analytics services and support and actuarial services and support. The services provided under the Bermuda Consulting Agreement shall be provided at Global Indemnity Re s principal offices or the offices of the Contractor or as otherwise instructed or agreed.

The Consulting Agreement and Bermuda Consulting Agreement provide that the Contractor shall be paid a flat hourly rate of \$475 and shall reimburse the Contractor for out-of-pocket expenses to the extent that such out of pocket expenses are reasonable, necessary and incurred solely in connection with the performance of services provided under either the Consulting Agreement or Bermuda Consulting Agreement, respectively. Subject to the satisfaction with the timing, quality and results of the services provided under the Consulting Agreement and subject to Global Indemnity s approval, Mr. Lebens existing A ordinary shares may vest if approved by the Company.

Generally, we structure our total compensation packages for our named executive officers to be competitive with respect to compensation paid by our peer companies to their executives. We utilized one industry compensation survey in 2014 that was not specifically prepared for us. The following companies participated in that survey: AAA Insurance Exchange; Accident Fund Company; ACE, Ltd.; ACUITY; AIPSO; Allied World Assurance Company, Inc.; Allstate Corporation; American Family Insurance; American International Group; Ameriprise Financial, Inc.; Amerisure Insurance; Amica Mutual Insurance Company; AON-Hewitt; Argo Group International Holdings, Ltd.; Aspen Insurance; Casualty Group; Canal Insurance Company; Capitol Insurance Companies; CNA Insurance; The Cincinnati Insurance Companies; Farmers Insurance; FBL Financial Group, Inc.; Employers Mutual Group; Erie Insurance Group; FCCI Insurance Group; Fireman s Fund Insurance Company; Frankenmuth Insurance; GEICO; Great American Insurance; Hanover; The Hartford; ICW Group; Indiana Farm Bureau, Inc.; Ironshore; Kemper Corporation; Lancer Financial Group; Liberty Mutual; Maiden Reinsurance; Main Street America Group; Mapfre USA; Markel Corporation; Merchants Insurance; Mercury Insurance; Munich Reinsurance America, Inc.; Nationwide Mutual Insurance Co.; NCCI Holdings; Norcal Group; North Carolina Joint Underwriting Association; OdysseyRe; OneBeacon Insurance Group, Ltd.; Philadelphia Insurance;; QBE the Americas; RLI Corporation; SAIF Corporation; Selective Insurance Company of America; Sentry Insurance; State Auto Insurance Company; Strickland insurance Group; Sublimity Insurance Group; Swiss Re; TDIC & TDIC Insurance Solutions; Texas Windstorm Insurance Association; Utica National Insurance Group; Virginia Farm Bureau & Countryway Insurance; WCRIBMA; Western National Insurance Group; Westfield Group; XL America; Zenith National Insurance Corporation; and Zurich North America

(collectively, the Peer Group). We believe that use of such peer and competitor comparison provides a suitable basis for addressing and balancing between the competitive nature of our business and the attendant need to recruit and retain talented executives by providing competitive compensation against the Compensation Committee's strong desire to ensure that our executives do not receive excessive compensation in relation to their peers or disproportionate to their contributions to our long-term success and shareholder value. We believe, however, that our emphasis on performance and shareholder return with a long-term perspective may result in compensation opportunities that differentiate our practices from those of our peers. In short, our compensation program has been structured so that our executives will be well compensated if, and only if, they create value for our shareholders over a period of several years.

We use two primary components of executive compensation to satisfy our compensation objectives: base salary and long-term incentive opportunities including performance-based annual bonus incentives payable in cash and restricted shares. Our policies with respect to these components are discussed below.

Base Salary

The Compensation Committee uses base salary to compensate executives at salary levels that are competitive with and comparable to the levels used by other companies within our Peer Group, but does not target any specific percentiles. The Compensation Committee reviews base salaries on an annual basis to determine whether such salaries remain competitive relative to the Peer Group. Base salaries for our named executive officers were initially set in the executives' employment agreements or arrangements with us and have been increased in subsequent years in connection with merit increases, which generally relate to individual past performance, enhanced professional responsibilities and the review of Peer Group compensation. In setting the Chief Executive Officer's base salary and in evaluating the Chief Executive Officer's recommendations for the base salaries of the other named executive officers, the Compensation Committee generally weighs a variety of factors, including individual past performance, potential for future successful performance with us, level and scope of responsibility and relative fairness among our executive officers. The Compensation Committee reviewed and approved executive base salaries in February 2014.

Long-Term Incentives and Annual Bonus Incentives

Because short-term results do not, by themselves, accurately reflect the performance of a company in our industry or the return realized by our shareholders, our named executive officers are eligible to receive equity awards, such as the annual equity bonus awards as described below. Equity awards are an important component of our compensation policies and are designed to motivate recipients to act from the perspective of a long-term owner. We also believe that providing our named executive officers with equity ownership: (1) serves to align the interests of our named executive officers with shareholders by creating a direct link between compensation and long-term shareholder return, (2) creates a significant, long-term interest in our success and (3) aids in the retention of key executive officers in a competitive market for executive talent.

The Compensation Committee approves all grants of equity compensation to our named executive officers as it deems appropriate to achieve the goals set forth above and establishes the time or times at which equity will be awarded. To promote our goals of attracting and retaining talented executives, equity awards usually vest over certain periods of time subject to continued employment in good standing, with vesting contingent in certain instances on the attainment of performance goals as described above. Equity awards that are made upon an executive's commencement of employment may also be contingent on the executive's purchase of restricted stock to ensure that the executive is a shareholder with a significant personal investment in Global Indemnity.

As described below under Employment Agreements, each of Ms. Valko and Mr. Lebens received options to acquire our A ordinary shares in connection with either their commencement of their employment or the entering into of a new employment agreement. These options vest pro-rata over three years for Ms. Valko and pro-rata over four years for Mr. Lebens. Also, as described below under 2013 Bonus Opportunity Mr. Lebens received

Table of Contents

options to acquire our A ordinary shares as part of a discretionary bonus award. Mr. Lebens forfeited all unvested options upon his resignation effective on September 5, 2014.

As described below each of Ms. Valko and Messrs. McGeehan, Lebens, Scott, Devlin and Green is eligible to receive restricted shares pursuant to the Share Incentive Plan in connection with his or her annual bonus opportunity.

With respect to stock options, the Compensation Committee sets the exercise price per share at the closing price of our shares on the date of grant. In accordance with our Share Incentive Plan, stock options may be repriced without shareholder approval. For details regarding the grant and vesting terms of outstanding stock options, see the descriptions below under [Employment Agreements](#) and [Outstanding Equity Awards](#) at December 31, 2014.

Our annual bonus opportunities, which are payable in cash and restricted shares, are generally designed to motivate executives to focus on the performance of the division, subsidiary, or unit for which they have primary responsibility. In the first quarter of each year, our Compensation Committee establishes the criteria and objectives that must be met during the applicable performance period for a named executive officer to earn an annual bonus. These bonus targets reflect each executive's responsibilities and a day-to-day emphasis on generating profits and are set in light of Peer Group compensation. If bonuses are earned, a portion will be paid in cash and the remaining portion in restricted shares. The allocation of annual bonuses earned provides both an incentive for the named executive officer to continue to perform at a high level and to reward the named executive officer for his performance during an applicable performance period. All equity grants to our named executive officers are made pursuant to our Share Incentive Plan. Restricted shares granted as part of our annual bonus awards generally vest pro-rata over three or four years.

As described below, the amounts of the annual bonuses payable to our named executive officers are dependent, in large measure, on our performance in relation to performance targets. The extent to which actual performance exceeds or falls short of target performance directly results in a corresponding increase or decrease in the bonus amounts payable.

The criteria for our annual bonus incentives relate to certain objective performance goals, such as gross written premium, net income, operating income and the US GAAP accident year combined ratio as well as individual performance expectations. Operating income is a non-US GAAP financial measure used by management as a measure of performance. It is calculated as net income less after-tax net realized investment gains (losses), less after-tax gain and one-time charges from discontinued operations, less any after-tax extraordinary gains or losses. Operating income is not a substitute for net income determined in accordance with US GAAP, and investors should not place undue reliance on this measure. The US GAAP accident year combined ratio is the ratio of the sum of losses, acquisition costs and other underwriting expenses to net premiums earned. The US GAAP accident year combined ratio is a financial measure that is generally viewed in the insurance industry as an indicator of underwriting profitability.

Ms. Valko

Ms. Valko's 2014 agreement sets a yearly target bonus opportunity of \$500,000, which is payable 50% in cash and 50% in restricted shares. Ms. Valko's yearly bonus payment is based on achieving underwriting income, premium volume, such as gross written premium, and underwriting profitability targets, such as US GAAP accident year combined ratio, as established yearly by the Compensation Committee, and subject to a true-up as described below. Restricted stock awards vest one-third per year over three years, subject to an accident year true-up of bonus year underwriting results as of the third anniversary of the stock award. The yearly bonus opportunity is subject to continued employment.

For a discussion of her 2013 bonus opportunity and 2014 bonus opportunity, please see the disclosure related to Ms. Valko under [2013 Bonus Opportunity](#) and [2014 Bonus Opportunity](#) below.

Table of Contents

Mr. Lebens

Prior to his resignation in September 2014, Mr. Lebens' employment arrangement set a yearly target bonus opportunity of \$200,000, which was payable 50% in cash and 50% in restricted shares. Mr. Lebens' yearly bonus payment was based on achieving underwriting income, premium volume, such as gross written premiums, and underwriting profitability targets, such as US GAAP accident year combined ratio, as established yearly by the Compensation Committee, and subject to a true-up as described below. Restricted stock awards vested one-third per year over three years, subject to an accident year true-up of bonus year underwriting results as of the third anniversary of the share award. For 2013 and 2014, Mr. Lebens bonus opportunity and targets were tailored to be in line with the bonus opportunities and targets described below for Messrs. McGeehan, Scott, Devlin and Green in Cash Bonus Opportunity and Equity Bonus Opportunity in 2013 Bonus Opportunity and 2014 Bonus Opportunity, below. Yearly bonus opportunity was subject to continued employment as the time of payment and, as a result, Mr. Lebens did not receive any bonus, either cash or equity, with respect to his service in 2014 prior to his resignation.

McGeehan and Devlin are eligible to receive cash and equity bonus awards under criteria developed annually by the Board of Directors and Compensation Committee. Mr. Scott has a bonus target in his employment agreement, but the performance criteria are established annually by our Board of Directors and Compensation Committee. Mr. Scott's bonus target for 2013 and 2014 was in line with the targets developed by the Board of Directors and Compensation Committee for the other executive officers and was based on the US GAAP accident year combined ratio and gross written premiums for 2013 and 2014, respectively. The employment agreement for Mr. Scott is structured so that one-third of his bonus would be paid in restricted shares and two-thirds would be paid in cash or structured as determined by the Company.

Mr. Green's bonus target for 2013 and 2014 was in line with the targets developed by the Board of Directors and Compensation Committee for the other executive officers and was based on the US GAAP accident year combined ratio and gross written premiums for Global Indemnity Re for 2013 and 2014, respectively.

Under his current employment arrangement, Mr. Green is eligible to receive a cash and equity bonus under criteria developed annually by the Board of Directors and Compensation Committee. All awards are based on Global Indemnity Re's results, including but not limited to, premium, income, loss ratio and expense ratio. The employment agreement for Mr. Green is structured so that the cash component target is 50% of Mr. Green's annual base salary and the restricted share component target value is 50% of Mr. Green's annual base salary or structured as determined by the Company. 50% of a restricted share award vests ratably over three years. The remaining 50% of a restricted share award is subject to re-measurement of the US GAAP accident year combined ratio of Global Indemnity Re, excluding corporate expenses, three years after the grant. To qualify for the award, the US GAAP accident year combined ratio of Global Indemnity Re, excluding corporate expenses cannot be greater than that was originally presented to and approved by the Board of Directors such vesting will occur no later than March 15th of the re-measurement year.

2013 Bonus Opportunity

Cash Bonus Opportunity

Ms. Valko was eligible for a cash bonus target of \$250,000 upon the achievement of a US GAAP accident year combined ratio of Global Indemnity in 2013 of equal to or less than 99.9 and gross written premiums of at least \$278.3 million. Messrs. McGeehan and Lebens were eligible for a cash bonus in an amount between 50% and 70% of their annual base salary if the US GAAP accident year combined ratio of Global Indemnity in 2013 was between no greater than 99.9 points and 97.9 points or less and gross written premiums for Global Indemnity were between at least \$278.3 million and up to or greater \$306.1 million. The combined ratio criteria is weighted at 75% and the gross written premium is weighted at 25%. Actual performance results between the specified goal amounts are subject to interpolation. To qualify for a bonus, the respective combined ratio target must be met. If the respective combined ratio target is not met, the gross written premium criteria is not considered.

Messrs. Scott and Devlin were eligible for a cash bonus in an amount between 50% and 70% of their annual base salary if the US GAAP accident year combined ratio of Global Indemnity's US Operations in 2013 was between no greater than 107.3 points and 105.3 points or less and gross written premiums for Global Indemnity's US Operations were between at least \$215.8 million and up to or greater than \$237.4 million. The combined ratio criteria is weighted at 75% and the gross written premium is weighted at 25%. Actual performance results between the specified goal amounts are subject to interpolation. To qualify for a bonus, the respective combined ratio target must be met. If the respective combined ratio target is not met, the gross written premium criteria is not considered.

Mr. Green was eligible for a cash bonus of \$100,000 if the US GAAP accident year combined ratio of Global Indemnity Re was equal to or less than 72.8 points and gross written premiums for Global Indemnity Re were equal to or greater than \$62.5 million. To qualify for a bonus, the combined ratio target must be met or exceed. If the combined ratio target is not met, the gross written premium criteria is not considered.

Accordingly, on March 7, 2014, Ms. Valko received a cash bonus of \$300,000, Mr. McGeehan received a cash bonus of \$200,000, Mr. Lebens received a cash bonus of \$200,000 based on the results that US GAAP accident year combined ratio of Global Indemnity in 2013 was 96.0 points, the gross written premiums of Global Indemnity in 2013 were \$290.1 million and based on the attainment of certain other individual performance criteria. For Ms. Valko, the Compensation Committee considered the overall performance of the Company, including Global Indemnity's exceeding the US GAAP accident year combined ratio goal of 97.9 points and the overall performance of her management staff in determining the amount of her cash bonus. For Mr. McGeehan, the Compensation Committee considered his successful management of liquidity for Global Indemnity's operational needs, Global Indemnity's achievement of operating net income of \$40.5 million, and his management of Sarbanes Oxley and other audits in determining the amount of his cash bonus. For Mr. Lebens, the Compensation Committee considered the achievement of a 59.5% loss ratio for Global Indemnity's US Operations and a 30.8% loss ratio for Global Indemnity Re, the achievement of certain pricing targets for each of Global Indemnity's lines of business, and the successful management of Global Indemnity's catastrophe exposures in determining the amount of his cash bonus.

on the attainment of certain other individual performance criteria. For Mr. Scott, the Compensation Committee considered the achievement of a 59.5% loss ratio for Global Indemnity's US Operations and his management of Global Indemnity's agency customer relationships in determining the amount of his cash bonus. For Mr. Devlin, the Compensation Committee considered the improved efficiencies achieved throughout Global Indemnity's Information Technologies and Operations units in 2013 and the achievement of a 59.5% loss ratio for Global Indemnity's US Operations in determining the amount of his cash bonus.

Mr. Green received a cash bonus of \$100,000 based on the results that US GAAP accident year combined ratio of Global Indemnity Re in 2013 was 64.8 points and the growth in gross written premium. As gross written premiums for Global Indemnity Re were \$58.3 million the gross written premium target was not achieved. However, the Compensation Committee considered how much the combined ratio exceeded the target of 72.8 points and the increase of gross written premium since 2012 in determining the amount of Mr. Green's cash bonus.

Equity Bonus Opportunity

Ms. Valko was eligible for an equity bonus target of \$250,000 upon the achievement of a US GAAP accident year combined ratio of Global Indemnity in 2013 of equal to or less than 99.9. Messrs. McGeehan, Lebens, Scott and Devlin were eligible for an equity bonus in an amount between 50% and 75% of their annual base salary, payable in our A ordinary shares, if the US GAAP accident year combined ratio of Global Indemnity in 2013 was between no greater than 99.9 points and 97.9 points or less, with an actual equity bonus payable at 50% of their respective base salaries if the actual combined ratio is equal to, and not greater than, 99.9 points and at 75% if that actual combined ratio is equal to or less than 97.9 points. For US GAAP accident year combined ratios that fall between the specified performance levels, the payout percentages are adjusted on a linear basis. Upon achievement of these eligibility requirements, each named executive officer's bonus would be further adjusted based on a 2013 gross written premium target for Global Indemnity of \$278.3 million. The actual 2013 gross written premium for Global Indemnity is divided by the target gross written premium. The result is multiplied by the bonus amount calculated for the US GAAP accident year combined ratio portion of the bonus to achieve an adjusted bonus amount. The maximum adjustment is +/- 20%. Fifty percent of any such award would vest ratably over a three-year period. The other fifty percent of any such award is subject to re-measurement of the US GAAP accident year combined ratio by an independent actuary. To qualify for the award the US GAAP accident year combined ratio, as of December 31, 2016, cannot be greater than the ratio originally presented to and approved by the Board of Directors on or before March 1, 2013.

Mr. Green was eligible for an equity bonus of \$100,000 if the US GAAP accident year combined ratio of Global Indemnity Re was equal to or less than 72.8 points and gross written premiums for Global Indemnity Re were equal to or greater than \$62.5 million. To qualify for a bonus, the combined ratio target must be met or exceed. If the combined ratio target is not met, the gross written premium criteria is not considered. Fifty percent of any such award would vest ratably over a three-year period. The other fifty percent of any such award is subject to re-measurement of the US GAAP accident year combined ratio of Global Indemnity Re by an independent actuary. To qualify for the award the US GAAP accident year combined ratio of Global Indemnity Re, as of December 31, 2016, cannot be greater than the ratio originally presented to and approved by the Board of Directors on or before March 1, 2014.

Accordingly, Ms. Valko qualified for an equity bonus with a value of \$300,000 and Messrs. McGeehan, Lebens, Scott and Devlin qualified for an equity bonus of 75% of their respective base salaries based on a US GAAP accident year combined ratio of Global Indemnity in 2013 equal to 96.0 points, gross written premiums of Global Indemnity in 2013 equal to \$290.1 million and the Compensation Committee's consideration of the individual performance criteria discussed in Cash Bonus Opportunity above. Mr. Green qualified for an equity bonus with a value of \$300,000 based on the results that US GAAP accident year combined ratio of Global Indemnity Re in 2013 was 64.8 points and the growth in gross written premium. As gross written premiums for Global Indemnity Re were \$58.3 million the gross written premium target was not

Table of Contents

achieved. However, the Compensation Committee considered the extent to which the combined ratio exceeded the target of 72.8 points and the increase of gross written premium since 2012 in determining the amount of Mr. Green's equity bonus.

Based on the above-described results, on June 12, 2014, Ms. Valko received a restricted share award of 11,857 A ordinary shares, which vest over three years, subject to an accident year true-up of bonus year underwriting results as of the third anniversary of the award. On June 12, 2014, Mr. McGeehan received a restricted share award of 6,916 A ordinary shares; Mr. Lebens received a restricted share award of 5,928 A ordinary shares; Mr. Scott received a restricted share award of 5,928 A ordinary shares; and Mr. Devlin received a restricted share award of 4,940 A ordinary shares. Fifty percent of Messrs. McGeehan's, Lebens', Scott's and Devlin's restricted share awards vest ratably over three years on January 1, 2015, January 1, 2016, and January 1, 2017. The remaining fifty percent of the restricted share awards vest after a re-measurement of Global Indemnity's 2013 US GAAP accident year combined ratio, three years after the grant by an independent actuary. The shares will vest if the re-measured US GAAP accident year combined ratio is not greater than the original 2013 US GAAP accident year combined ratio. Mr. Lebens' Consulting Agreement modifies the vesting terms of his restricted share award. Subject to the satisfaction with the timing, quality and results of the services provided under the Consulting Agreement and subject to Global Indemnity's approval, Mr. Lebens' existing A ordinary shares may vest if approved by the Company. Mr. Green received a restricted share award of 3,952 restricted A ordinary shares, fifty percent of the restricted share award vests ratably over three years on January 1, 2015, January 1, 2016 and January 1, 2017. The remaining fifty percent of the restricted share award vests after a re-measurement of Global Indemnity Re's 2013 US GAAP accident year combined ratio, three years after the grant by an independent actuary. The shares will vest if the re-measured US GAAP accident year combined ratio of Global Indemnity Re is not greater than the original 2013 US GAAP accident year combined ratio for Global Indemnity Re.

To provide continued incentive in 2014, the Compensation Committee awarded, subject to and contingent upon shareholder approval of the Share Incentive Plan, which occurred at the 2014 Annual General Meeting, an additional discretionary bonus on February 9, 2014 to Mr. Lebens of options to acquire 25,000 A ordinary shares with an exercise price equal to \$24.00. The contingent options would vest on the third anniversary of the award if Mr. Lebens was an employee of Global Indemnity at such time. Mr. Lebens forfeited these options upon his September 5, 2014 resignation.

2014 Bonus Opportunity

For 2014, Ms. Valko and Messrs. McGeehan, Lebens, Scott, Devlin and Green were provided an opportunity to earn both a cash bonus and an equity bonus based on the US GAAP accident year combined ratio and gross written premiums for the applicable year. Mr. Lebens became ineligible for either a cash bonus or an equity bonus upon his September 5, 2014 resignation.

Cash Bonus Opportunity

Ms. Valko was eligible for a cash bonus target of \$250,000 upon the achievement of a US GAAP accident year combined ratio of Global Indemnity in 2014 of equal to or less than 96.5 and gross written premiums of at least \$310.0 million. Messrs. McGeehan and Lebens were eligible for a cash bonus in an amount between 50% and 70% of their annual base salary if the US GAAP accident year combined ratio of Global Indemnity in 2014 was between no greater than 96.5 points and 94.5 points or less and gross written premiums for Global Indemnity were between at least \$310.0 million and up to or greater than \$341 million. The combined ratio criteria is weighted at 75% and the gross written premium is weighted at 25%. Actual performance results between the specified goal amounts are subject to interpolation. To qualify for a bonus, the respective combined ratio target must be met. If the respective combined ratio target is not met, the gross written premium criteria is not considered. Mr. Lebens resigned effective September 5, 2014 and was not eligible for a cash bonus.

Table of Contents

Scott and Devlin were eligible for a cash bonus in an amount between 50% and 70% of their annual base salary if the US GAAP accident year combined ratio of Global Indemnity's US Operations in 2014 was between no greater than 102.7 points and 100.7 points or less and gross written premiums for Global Indemnity's US Operations were between at least \$242.4 million and up to or greater than \$266.6 million. The combined ratio criteria is weighted at 75% and the gross written premium is weighted at 25%. Actual performance results between the specified goal amounts are subject to interpolation. To qualify for a bonus, the respective combined ratio target must be met. If the respective combined ratio target is not met, the gross written premium criteria is not considered.

Accordingly, on March 7, 2015, Ms. Valko received a cash bonus of \$300,000 and Mr. McGeehan received a cash bonus of \$225,000, based on the results that US GAAP accident year combined ratio of Global Indemnity in 2014 was 92.0 points and based on the attainment of certain other individual performance criteria. The gross written premium criteria was not met as gross written premiums for Global Indemnity in 2014 were \$291.3 million. For Ms. Valko, the Compensation Committee considered the overall performance of the Company, including Global Indemnity's exceeding the US GAAP accident year combined ratio goal of 96.5 points; Global Indemnity Re exceeding its underwriting income goals; Global Indemnity's vacant property, property brokerage, and collectibles products exceeding their loss ratio targets; the addition of new, key staff members; and the successful acquisition of American Reliable in determining the amount of her cash bonus. For Mr. Devlin, the Compensation Committee considered information technology infrastructure upgrades and development projects completed in 2014, the completion of a new business continuity plan, successful claim and litigation management and the successful acquisition of American Reliable in determining the amount of his cash bonus.

Mr. Green received a cash bonus of \$125,000 based on the results the US GAAP accident year combined ratio of Global Indemnity Re in 2014 was 70.8 points and based on the attainment of certain other individual performance criteria. The gross written premium criteria for Global Indemnity Re in 2014 was \$61.3 million. For Mr. Green, the Compensation Committee considered his contributions to Global Indemnity Re exceeding its underwriting income goals, his efforts to rebrand Global Indemnity Re, the growth of the professional lines business at Global Indemnity Re and the renewal of Global Indemnity Re's catastrophe treaties.

Equity Bonus Opportunity

Ms. Valko was eligible for an equity bonus target of \$250,000 upon the achievement of a US GAAP accident year combined ratio of Global Indemnity in 2014 of equal to or less than 96.5. Messrs. McGeehan, Lebens, Scott and Devlin were eligible for an equity bonus in an amount between 50% and 75% of their annual base salary, payable in our A ordinary shares, if the US GAAP accident year combined ratio of Global Indemnity in 2014 was between no greater than 96.5 points and 94.5 points or less, with an actual equity bonus payable at 50% of their respective base salaries if the actual combined ratio is equal to, and not greater than, 96.5 points and at 75% if that actual combined ratio is equal to or less than 94.5 points. For US GAAP accident year combined ratios that

fall between the specified performance levels, the payout percentages are adjusted on a linear basis. Upon achievement of these eligibility requirements, each named executive officer's bonus would be further adjusted based on a 2014 gross written premium target for Global Indemnity of \$310.0 million. The actual 2014 gross written premium for Global Indemnity is divided by the target gross written premium. The result is multiplied by the bonus amount calculated for the US GAAP accident year combined ratio portion of the bonus to achieve an adjusted bonus amount. The maximum adjustment is +/- 20%. Fifty percent of any such award would vest ratably over a three-year period. The other fifty percent of any such award is subject to re-measurement of the US GAAP accident year combined ratio by an independent actuary. To qualify for the award the US GAAP accident year combined ratio, as of December 31, 2017, cannot be greater than the ratio originally presented to and approved by the Board of Directors on or before March 1, 2015. Mr. Lebens resigned effective September 5, 2014 and was not eligible for an equity bonus.

Mr. Green was eligible for an equity bonus target of 50% of his annual base salary if the US GAAP accident year combined ratio of Global Indemnity Re in 2014 was no greater than 73.4 points and the gross written premiums for Global Indemnity Re were at least \$68 million.

The restricted share awards vest on January 1, 2018 subject to continue employment.

The Compensation Committee believes that the targets it sets annually for cash and equity bonuses are challenging but within reach for a talented executive team. The Compensation Committee is also empowered to

Table of Contents

exercise negative discretion and reduce the bonuses otherwise payable to any of our employees if the Compensation Committee determines that particular corporate results were achieved without significant personal contributions by the particular employee. In addition, certain awards are subject to true-ups at the conclusion of applicable performance periods, which may result in forfeiture of the awards or a portion thereof. The Compensation Committee may also claw back bonuses if our financial statements are restated.

Other Considerations

Equity Ownership Generally

We have adopted certain policies with respect to equity compensation, all of which apply to our named executive officers, such as policies regarding insider trading which prohibit trading during periods immediately preceding the release of material non-public information. We also permit our named executive officers to establish Rule 10b5-1 trading plans, subject to the prior approval of our in-house legal department.

We expect our named executive officers to maintain a significant personal ownership stake in our company. While we have not established share ownership guidelines that are applicable to every executive, as noted above, equity awards that are made upon an executive's commencement of employment are also often contingent on the executive's purchase of restricted stock, and we may consider adopting such guidelines in the future.

Other Benefits

Our named executive officers are entitled to participate in the various benefits made available to our employees generally, including retirement plans, group health plans, paid vacation and sick leave, basic life insurance, and short-term and long-term disability benefits. Furthermore, all of our and our subsidiaries' directors and officers are covered by our directors' and officers' liability insurance.

Post-Employment Benefits, Severance and Change in Control Policy

The post-employment benefits available to our named executive officers are subject to the terms of the executives' employment agreements and arrangements. Our named executive officers are not provided with a supplemental retirement benefit plan or other pension beyond that of our 401(k) plan and matching contributions available to all of our employees.

The Compensation Committee and our Board of Directors approve appropriate severance policies for each executive officer designed to (1) compensate an executive who is involuntarily separated from us for reasons other than for cause and (2) compensate the executive to the extent the executive is subject to a post-termination non-compete agreement.

We have adopted a limited change in control policy designed to incentivize our executive officers to pursue transactions which benefit our shareholders. The entitlement to accelerated vesting of restricted shares and options in the event that we undergo a change in control varies from executive officer to executive officer. For details regarding the potential for accelerated vesting of restricted share and options, see the descriptions below under Employment Agreements.

Impact of Accounting, Tax and Legal Considerations

With respect to taxes, Section 162(m) of the Code imposes a \$1 million limit on the deduction that we may claim in any tax year with respect to compensation paid to the Chief Executive Officer and certain other named executive officers. Accordingly, the Compensation Committee monitors compensation paid to such executives so it may consider whether steps may be taken to ensure that it is deductible under Section 162(m).

Table of Contents

Certain types of performance-based compensation are exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted shares, and certain formula driven compensation that meets the requirements of Section 162(m) of the Code. The Compensation Committee considers whether to structure performance-based and equity compensation for our named executive officers in a manner that complies with Section 162(m) of the Code in order to provide for the deductibility of such compensation. However, the Compensation Committee may authorize compensation in excess of \$1 million that is not performance-based under Section 162(m) of the Code if it believes doing so is in our best interest.

We also take into account Sections 280G and 4999 of the Code when structuring compensation. These two sections relate to the imposition of excise taxes on executives who receive, and the loss of deductibility for employers who pay, excess parachute payments made in connection with a change in control. We often structure our compensation opportunities in a manner that reduces the impact of Sections 280G and 4999 of the Code.

Conclusion

We believe that each element of compensation and the total compensation provided to each of our named executive officers is reasonable and appropriate. The value of the compensation payable to our executives is heavily dependent on our performance and the investment return realized by our shareholders. Furthermore, we believe our executives' total compensation opportunities are competitive with those that our competitors offer to their executives. We believe these compensation opportunities allow us to attract and retain talented executives.

Say-on-Pay and Say-on-Frequency

The Compensation Committee has considered the result of the 2014 advisory, non-binding say-on-pay vote in connection with the discharge of its responsibilities. A substantial majority of our shareholders approved the compensation of our named executive officers described in our proxy statement in 2014. As this level of support was high, the Compensation Committee decided not to make any changes to our executive compensation programs.

In light of the voting results with respect to the frequency of shareholder votes on named executive officer compensation at the 2011 Annual General Meeting in which a substantial majority of our shareholders voted for say-on-pay proposals to occur every three years, the Board of Directors decided that it currently intends to hold, in accordance with the results of such vote, a triennial advisory vote on the compensation of named executive officers until the next required vote on the frequency of shareholder votes on named executive officer compensation. Accordingly, we currently expect to hold a say-on-pay vote at the Company's 2017 Annual General Meeting. We currently expect the next advisory vote on the frequency of shareholder votes on named executive officer compensation to occur at the Company's 2017 Annual General Meeting.

If a member of the Audit Committee or our Board of Directors is a party to the transaction, he will not vote on the approval of the transaction.

Generally, the Audit Committee reviews all transactions with related parties, including those transactions that are required to be disclosed in our proxy statement or in the notes to our audited financial statements. A related party generally includes any executive officer, director, nominee for director or beneficial holder of more than 5% of our A ordinary shares or B ordinary shares, any immediate family member of those persons and any entity that is owned or controlled by any of the foregoing persons or any entity in which such a person is an executive officer.

Management Agreement

On October 31, 2013, Global Indemnity (Cayman), Ltd. (Global Indemnity Cayman), a wholly owned subsidiary of the Company, entered into an Amendment and Restatement of the Management Agreement with Fox Paine & Company (the Amended and Restated Agreement). The Amended and Restated Agreement reflects the fourth amendment to the original management agreement, which was entered into on September 5, 2003 when Fox Paine & Company made its initial investment in the predecessor companies of the Company. The Company's subsidiaries, United America Indemnity, Ltd. (United America), Global Indemnity Reinsurance Company, Ltd., and Global Indemnity Group, Inc., have guaranteed Global Indemnity Cayman's payment obligations under the Amended and Restated Agreement

Prior to entering into the Amended and Restated Agreement, Global Indemnity Cayman paid Fox Paine & Company a \$1.5 million annual management fee (Annual Service Fee) in exchange for Fox Paine & Company, LLC's ongoing provision of management services to Global Indemnity Cayman and its affiliates. With the Amended and Restated Agreement, the \$1.5 million Annual Service Fee is adjusted to reflect the aggregate increase in the CPI-U from August 31, 2003 to August 31, 2013, to \$1.9 million. The Annual Service Fee will be adjusted on an ongoing basis annually to reflect the year over year change in the CPI-U. Beginning on September 5, 2014, payment of the Annual Service Fee is deferred until a change of control or September, 2018, whichever occurs first, in exchange for an annual adjustment equal to the percentage rate of return the Company earns on its investment portfolio multiplied by the aggregate Annual Service Fees and adjustment amounts accumulated and unpaid through such date.

In addition, upon the consummation of a change of control transaction in connection with the termination of management services, Global Indemnity Cayman will pay Fox Paine & Company a cash fee in an amount to be agreed upon, plus reimbursement of expenses. Fox Paine & Company will also receive a cash transaction fee in amount to be agreed upon, plus reimbursement of expenses, upon the consummation of a change of control transaction.

Global Indemnity Cayman has agreed to indemnify Fox Paine & Company and other indemnified parties against various liabilities that may arise as a result of the management services and advisory services they have provided or will provide.

Indemnification Agreement

Pursuant to our redomestication to Ireland, United America Indemnity entered into an indemnification agreement with one of the Affiliated Investment Funds of Fox Paine & Company (collectively, the Fox Paine Entities) with respect to certain potential U.S. and Irish tax liabilities. In general, no gain should be recognized for U.S. federal income tax purposes by the indirect owners of the Fox Paine Entities solely as a result of the redomestication transaction. Nevertheless, we may engage in certain internal restructuring transactions involving transfers of assets to subsidiaries of the Company, which, under U.S. tax law, could require certain indirect owners of the Fox Paine Entities to enter into an agreement with the U.S. Internal Revenue Service in order not to recognize gain. Under the agreement with the U.S. Internal Revenue Service, the affected indirect owners of the Fox Paine Entities would agree to pay tax on their gain not taxed at the time of the redomestication to Ireland, together with interest on such tax, if a triggering event occurs. A triggering event would be deemed to occur if, among other things, we dispose of shares of any such transferee subsidiaries or dispose of substantially all the transferred assets, including potentially in other internal reorganizations, to the extent such indirect owners have not previously disposed of our shares in a taxable transaction. In connection with our agreement with the Fox Paine Entities, we will have to indemnify the affected indirect owners of the Fox Paine Entities for any tax cost

Table of Contents

to them (including interest on tax and penalties, if any) of any triggering event and such affected indirect owners will pay us an amount equal to any tax benefits, if any, realized by them as a result of a triggering event for which they were indemnified, provided that the indirect owners will not be required to pay any amount of tax benefits in excess of the tax costs for which we have indemnified them. A sale or other disposition by these indirect owners of our ordinary shares will not constitute a triggering event for this purpose. In addition, the indemnification agreement with the Fox Paine Entities will provide that, under certain circumstances, in the event the conversion of our Class B ordinary shares to Class A ordinary shares or a sale or other disposition of our ordinary shares by any of the Fox Paine Entities is subject to Irish stamp duty, we (or a foreign subsidiary of the Company) will indemnify the Fox Paine Entities and their transferees against such Irish stamp duty. To date, the Company has not been made aware by Fox Paine & Company that it has incurred any Irish stamp duty.

The Audit Committee operates under a charter adopted by our Board of Directors. A copy of our Audit Committee Charter is available on our website at www.globalindemnity.ie. In performing all of its functions, the Audit Committee acts in an oversight capacity. The Audit Committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of the independent auditor who, in their report, express an opinion on the conformity of our financial statements to United States generally accepted accounting principles.

The Audit Committee reviewed and discussed with management our audited financial statements for the fiscal year ended December 31, 2014.

The Audit Committee discussed with PwC, our independent auditor, the matters required to be discussed by Public Company Accounting Oversight Board in Auditing Standard No. 16 Communicating with Audit Committees.

The Audit Committee received written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and has discussed with PwC its independence.

Based on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

Independent Auditors

The Audit Committee has not selected an independent registered accounting firm as the Company's independent auditor for the fiscal year ended December 31, 2015 and as such does not propose that one be ratified at the Annual General Meeting. The Annual General Meeting is scheduled to occur before the Audit Committee completes its evaluation and selection of the Company's independent auditor. The Company's independent auditor for the fiscal year ended December 31, 2014 was PricewaterhouseCoopers LLP (PwC) and PwC continues to perform audit functions for the Company.

A representative of PwC is expected to be available telephonically to respond to appropriate questions from shareholders at the Annual General Meeting. The representative will also have the opportunity to make a statement if he or she desires.

Table of Contents**Information Regarding Our Independent Auditors**

The following table shows the fees that were billed to us by PwC for professional services rendered for the fiscal years ended December 31, 2014 and December 31, 2013.

Fee Category	2014	2013
Audit Fees	\$ 1,275,296	\$ 1,204,835
Audit-Related Fees	4,897	32,396
Tax Fees	826,185	400,530
All Other Fees	95,095	3,600
Total Fees	\$ 2,201,473	\$ 1,641,361

Audit Fees

This category includes fees for the audit of our annual financial statements and review of interim quarterly financial statements included on our quarterly reports on Form 10-Q and services that are normally provided by PwC in connection with statutory and regulatory filings or engagements.

Audit-Related Fees

This category includes fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not included above under Audit Fees. For 2014 we paid PwC \$4,897 in fees for Form S-8 Registration Statement consent procedures. For 2013 we paid PwC \$32,396 in fees for coordination and provision of audit work papers related to the routine, periodic examination of our insurance companies by their regulators.

Tax Fees

This category includes fees for tax compliance, tax advice, and tax planning. The services provided included tax advice and assistance with tax compliance and reporting to federal, state and foreign taxing authorities. In addition, we paid tax fees in 2014 totaling \$544,256 in conjunction with our acquisition of American Reliable.

All Other Fees

This category includes fees for products and services provided by PwC that are not included in the categories described above. For 2014 we paid PwC \$91,495 for financial due diligence relating to our acquisition of American Reliable and \$3,600 in fees for on-line accounting research services. For 2013, we paid PwC \$3,600 in fees for on-line accounting research services.

The Audit Committee considered whether providing the non-audit services shown in the table above was compatible with maintaining PwC independence and concluded that it was.

Pre-Approval of Services

To ensure that our independent auditor maintains the highest level of independence, the Audit Committee is required to pre-approve the audit and permitted non-audit services performed by our independent auditors. The Audit Committee pre-approved 100% of the fees for audit and non-audit services performed by PwC during the year ended December 31, 2014. To ensure that the provision of these services does not impair the independence of our independent auditor, unless a type of service to be provided by our independent auditor and the associated fees have been pre-approved in accordance with the Audit Committee Pre-Approval Policy, the Audit Committee's separate pre-approval of any proposed services and the associated fees is required. The Audit Committee Pre-Approval Policy only applies to services provided to us by our independent auditor; it does not

Table of Contents

apply to similar services performed by persons other than our independent auditor. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will periodically, or more often as it deems necessary in its judgment, reassess and revise the Audit Committee Pre-Approval Policy. The Audit Committee most recently reassessed and approved its Audit Committee Pre-Approval Policy in February 2012.

Shareholder Proposals

Under the rules and regulations promulgated by the SEC, certain shareholder proposals may be included in our proxy statement. Any shareholder desiring to have such a proposal included in our proxy statement for the annual general meeting to be held in 2016 must deliver a proposal that complies with Rule 14a-8 under the Exchange Act to our Chief Executive Officer c/o Global Indemnity plc, on or before January 1, 2016.

Where a shareholder does not seek inclusion of a proposal in the proxy material and submits a proposal outside of the process described in Rule 14a-8 of the Exchange Act, the proposal must be received by our Chief Executive Officer c/o Global Indemnity plc, 25/28 North Wall Quay, Dublin 1, Ireland on or before March 16, 2016 or it will be deemed untimely for purposes of Rule 14a-4(c) under the Exchange Act and, therefore, our form of proxy will confer discretionary authority to vote on any such proposal with respect to all proxies submitted to the Company.

Irish law provides that shareholders holding not less than 10% of the total voting rights may requisition the Board of Directors to call an extraordinary general meeting at any time. The shareholders who wish to requisition an extraordinary general meeting must deposit a written notice to our registered office, which is signed by the shareholders requisitioning the meeting and states the objects of the meeting. If the directors do not, within 21 days of the date of deposit of the requisition proceed to convene a meeting to be held within two months of that date, those shareholders (or any of them representing more than half of the total voting rights of all of them) may themselves convene a meeting, but any meeting so convened cannot be held after the expiration of three months from the date of deposit of the requisition. These provisions of Irish law are in addition to, and separate from, the rights of a shareholder to have a proposal included in the proxy statement in accordance with the rules of the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors, and persons who own more than ten percent of a registered class of our equity securities (collectively, the reporting persons) to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of these reports. Based solely on our review of the copies of the reports that we have received, and written representations received from certain reporting persons with respect to the filing of reports on Forms 3, 4 and 5, we believe that all filings required to be made by the reporting persons for 2014 were made on a timely basis except for the following: Mr. McGeehan was late in making one Form 4 filing with respect to one transaction. Mr. Scott was late making two Form 4 filings with respect to two transactions.

Other Matters

The Company's Irish Statutory Accounts for the fiscal year ended December 31, 2014, including the reports of the directors and auditors thereon, will be presented at the Annual General Meeting. The Company's Irish Statutory Accounts have been approved by our Board of Directors. There is no requirement under Irish law that such statements be approved by the shareholders, and no such approval will be sought at the Annual General Meeting. The Company's Irish Statutory Accounts were mailed with this Proxy Statement, the Annual Report on Form 10-K on or about April 30, 2015.

Our management knows of no matters to be presented at the Annual General Meeting or any adjournments or postponements thereof other than those set forth above and customary procedural matters. If any other matters

Table of Contents

should properly come before the meeting, however, the enclosed proxy confers discretionary authority with respect to these matters and the persons voting the shares subject to such proxies will vote on such matters in accordance with their discretion.

Householding

Some banks, brokers, and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of the Proxy Statement, Annual Report on Form 10-K, and Irish Statutory Accounts may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of these documents to you if you send a written request to our Chief Executive Officer c/o Global Indemnity plc, 25/28 North Wall Quay, Dublin 1, Ireland or request copies by calling +353 (0)1 649 2000. The Committee may act only by a majority of its members then serving thereon, except that, if permissible under applicable law, the Committee may designate or allocate all or any portion of its responsibilities and powers to any one or more of their number or any officer of the Company. Any such designation or allocation may be revoked by the Committee at any time.

Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of the Plan or an Award (or related Award Agreement) granted hereunder shall be determined and resolved by the Committee. Any determination or resolution made by the Committee pursuant to the provisions of the Plan with respect to the Plan, any Award or Award Agreement shall be made in the sole discretion of the Committee and, with respect to an Award, at the time of the grant of the Award or, unless in contravention of any express term of the Plan or the Award Agreement, at any time thereafter. Except as otherwise set forth herein or in any Award Agreement, all decisions made by the Committee in accordance with the terms of this Plan or the Award Agreements shall be final, conclusive and binding on all Persons, including the Company, its Affiliates and the Participants.

To the maximum extent permitted by applicable law and the Articles of Association of the Company and to the extent not covered by insurance directly insuring such person, each officer and member or former member of the Committee or the Board shall be indemnified and held harmless by the Company against any cost or expense (including reasonable fees and expenses of counsel reasonably acceptable to the Committee) or liability (including any sum paid in settlement of a claim with the approval of the Committee), and advanced amounts

necessary to pay the foregoing at the earliest time and to the fullest extent permitted, arising out of any act or omission to act in connection with the administration of this Plan, except to the extent arising out of such officer's, member's or former member's own fraud or bad faith. Such indemnification shall be in addition to any rights of indemnification the employees, officers, directors or members or former officers, directors or members may have under applicable law or under the Articles of Association of the Company or any Affiliate. Notwithstanding anything else herein, *this* indemnification will not apply to the actions or determinations made by an individual with regard to Awards granted to him or her under this Plan.

Section 3. Ordinary Shares Subject to Plan

The total number of Ordinary Shares reserved and available for grant under the Plan shall be 2,000,000 (subject to any increase or decrease pursuant to this Section 3). Shares subject to an Award under the Plan may be authorized and unissued shares of Ordinary Shares or Ordinary Shares held in or acquired for the treasury of the Company or both.

If any Restricted Shares or Other Share-Based Awards are forfeited to the Company or if any Stock Option terminates without being exercised, the shares subject to such Awards shall again be available for distribution in connection with Awards under the Plan. In addition, in determining the number of Ordinary Shares available for Awards other than Incentive Stock Options, if Ordinary Shares have been delivered or exchanged by a Participant as full or partial payment to the Company for payment of the exercise price, or for payment of withholding taxes, or if the number of Ordinary Shares otherwise deliverable has been reduced for payment of the exercise price or for payment of withholding taxes, the number of Ordinary Shares exchanged or reduced as payment in connection with the exercise or for withholding shall again be available for purposes of Awards other than Incentive Stock Options under this Plan.

The total number of Ordinary Shares subject to any Stock Option which may be granted under this Plan to each Participant shall not exceed 100,000 shares (subject to any increase or decrease pursuant to this Section 3) during each fiscal year of the Company. The individual Participant limitations set forth in this Section 3 shall be cumulative; that is, to the extent that Ordinary Shares for which Options are permitted to be granted to a Participant pursuant to this Section during a fiscal year of the Company are not covered by a grant of an Option in the Company's fiscal year, such Ordinary Shares available for grants to such Participant automatically increase in the subsequent fiscal years during the term of the Plan until used.

No individual may be granted in any fiscal year of the Company Other Share-Based Awards that are contingent upon the attainment of Performance Goals covering more than 50,000 Shares.

In the event any merger, reorganization, consolidation, recapitalization, spin-off, stock dividend, share split, reverse share split, extraordinary distribution with respect to the Ordinary Shares, any sale or transfer of all or part of the Company's assets or business or other change in corporate structure affecting the Ordinary Shares occurs or is proposed (such an event, an Equity Restructuring), the Committee or the Board shall, effective as of the time of the Equity Restructuring, make such substitution or adjustment in the aggregate number and kind of shares or other property reserved for issuance under the Plan or any limitations under the Plan, in the number, kind and Exercise Price (as defined herein) of shares or other property subject to outstanding Stock Options, in the number and kind of shares or other property subject to Restricted Share Awards or other Awards, and/or such other substitution or adjustments, in each case as the Committee or the Board shall determine in its discretion to be appropriate, such that the value of the adjusted shares or other property immediately prior to the Equity Restructuring is the same as the value of such adjusted shares or other property immediately following the Equity Restructuring, provided that, in no case shall such determination adversely affect in any material respect the rights of a Participant hereunder or under any Award Agreement. In connection with any event described in this paragraph, the Committee may provide, in its sole discretion, for the cancellation of any outstanding Stock Option and payment in cash or other property in exchange therefor in an amount equal to the excess at such time, if any, of the Fair Market Value of the underlying Ordinary Shares over the per share exercise price for such Stock Options.

Table of Contents

In the event of a merger or consolidation in which the Company is not the surviving entity or in the event of any transaction that results in the acquisition of substantially all of the Company's outstanding Ordinary Shares by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of all or substantially all of the Company's assets (all of the foregoing being referred to as Acquisition Events), then the Committee may, in its sole discretion, terminate all outstanding Stock Options, effective as of the date of the Acquisition Event, by delivering notice of termination to each Participant at least 20 days prior to the date of consummation of the Acquisition Event, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Acquisition Event, each such Participant shall have the right to exercise in full all of his or her Stock Options that are then outstanding (without regard to any limitations on exercisability otherwise contained in the Stock Option agreements), but any such exercise shall be contingent upon and subject to the occurrence of the Acquisition Event, and, provided that, if the Acquisition Event does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise pursuant thereto shall be null and void.

Section 4. Participants

The following persons shall be Participants eligible to be granted Awards under the Plan: (i) Persons who are officers, directors, employees or consultants of the Company and/or any of its Affiliates; (ii) Persons who at the time of grant may be performing (or subject to being required to perform) services for the Company or any of its Affiliates (including, without limitation, officers, directors, employees, Affiliates and consultants of FPC); and (iii) Non-Employee Directors of the Company and its Affiliates who are responsible for or contribute to the management, growth and profitability of the business of the Company and its Affiliates. However, Incentive Stock Options may be granted only to employees of the Company its Subsidiaries or its Parent.

Section 5. Stock Options

The Board or the Committee as its duly authorized delegate shall have the authority to grant to Participants Stock Options. Stock Options shall be evidenced by Option Agreements, which shall include such terms and provisions as the Committee may determine from time to time. The grant of a Stock Option shall occur on the date the Committee by resolution selects an individual to receive a grant of a Stock Option, determines the number of Ordinary Shares to be subject to such Stock Option to be granted to such individual and specifies the terms and provisions of the Stock Option, or on such other date as the Committee may determine. The Company shall notify a Participant of any grant of a Stock Option, and a written Option Agreement shall be duly executed and delivered by the Company to the Participant. Such Option Agreement shall become effective upon execution and delivery by the Participant to the Company.

Stock Options shall be subject to the following terms and conditions, and shall contain such additional terms and conditions as the Committee shall deem desirable:

(a) **Exercise Price.** The price per Ordinary Share purchasable under a Stock Option shall be such price as determined by the Committee and set forth in the Option Agreement (the Exercise Price); provided that the Exercise Price shall not be less than the grant date Fair Market Value of the Ordinary Shares, and:

(i) In the case of an Incentive Stock Option

(A) granted to an employee of the Company, its Subsidiaries or its Parent who, at the time of the grant of such Incentive Stock Option, owns shares representing more than ten percent (10%) of the voting power of all share classes of the Company or its Subsidiaries or its Parent (a Ten Percent Shareholder), the per share Exercise Price shall be no less than one hundred ten percent (110%) of the Fair Market Value per share on the date of grant; and

(B) granted to any employee of the Company, its Subsidiaries or its Parent other than a Ten Percent Shareholder, the per share Exercise Price shall be no less than one hundred percent (100%) of the Fair Market Value per share on the date of grant.

Table of Contents

(ii) in the case of any other Stock Option granted, including Nonstatutory Stock Options, the per share Exercise Price as determined by the Committee.

(b) **Option Term.** The term of each Stock Option shall be fixed by the Committee provided, however, that no Stock Option shall be exercisable more than ten (10) years after the date such Stock Option is granted. Absent any such term being fixed by the Committee, pursuant to an Option Agreement or otherwise, such term shall be ten (10) years; provided, however, that the term of an Incentive Stock Option granted to a Ten Percent Shareholder shall not exceed five (5) years.

(c) **Exercisability.** Except as otherwise provided herein, Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee. If the Committee provides that any Stock Option is exercisable only in installments, the Committee may at anytime waive such installment exercise provisions, in whole or in part, based on such factors as the Committee may determine. In addition, the Committee may at any time accelerate the exercisability of any Stock Option.

(d) **Method of Exercise.** Subject to the provisions of this Section 5, vested Stock Options may be exercised, in whole or in part, at any time during the option term by giving written notice of exercise to the Company specifying the number of Ordinary Shares subject to the Stock Option to be purchased.

Such notice shall be accompanied by payment in full of the Exercise Price per share by certified or bank check or such other instrument or method of payment as the Committee may accept. Unless determined otherwise by the Committee at the time of grant and set forth in the Option Agreement, payment, in full or in part, may also be made in the form of fully vested Ordinary Shares (other than Restricted Shares) already owned by the Participant (for at least six months or such other period necessary to avoid a charge, for accounting purposes, against the Company's earnings as reported in the Company's financial statements if acquired upon exercise of a Stock Option or received upon the lapse of restrictions on an Award of Restricted Shares) of the same class as the Ordinary Shares subject to the Stock Option (based on the Fair Market Value of the Ordinary Shares on the date the Stock Option is exercised) or, if the Ordinary Shares are traded on a national securities exchange, The Nasdaq Stock Market, Inc. or quoted on a national quotation system sponsored by the National Association of Securities Dealers, and the Committee authorizes, to the extent permitted by law, through a procedure whereby the Participant delivers irrevocable instructions to a broker reasonably acceptable to the Committee to deliver promptly to the Company an amount equal to the purchase price or through net settlement in Ordinary Shares.

No Ordinary Shares shall be issued until full payment therefore has been made. Except as otherwise provided in the Management Shareholders Agreement, if the Participant is a party to the Management Shareholders Agreement, and subject to Sections 10(b), 10(e) and 10(h) hereof and the applicable Option Agreement, a Participant shall have all of the rights of a shareholder of the Company holding the class or series of Ordinary Shares that is subject to such Stock Option (including, if applicable, the right to vote the shares and the right to receive dividends and distributions), when the Participant has given written notice of exercise, has paid in full for such shares and, if requested, has given the representations referred to in Section 10(b) or as may otherwise be required in accordance with Sections 10(e) and 10(h).

(e) **Nontransferability of Stock Options.** No Stock Option shall be transferable by the Participant other than (i) by will or by the laws of descent and distribution, or (ii) as otherwise expressly permitted under the applicable Option Agreement, to a Family Member, subject to the restrictions in the Management Shareholders Agreement. All Stock Options granted to an individual shall be exercisable, subject to the terms of the Plan, during the Participant's lifetime, only by the Participant or any Person to whom such Stock Option is transferred pursuant to the preceding sentence, including such Participant's guardian, legal representative and other transferee. The term "Participant" includes the estate of the Participant or the Legal representative of the Participant named in the Option Agreement and any Person to whom an Option is otherwise transferred in accordance with this Section 5(e), by will or the laws of descent and distribution; provided, however, that references herein to Employment of a Participant or termination of Employment of a Participant shall continue to refer to the Employment or termination of Employment of the applicable grantee of an Award hereunder.

(f) Termination of Employment.

(i) *Termination for Any Reason (other than Cause)*. Except as otherwise determined by the Committee and expressly provided in the applicable Option Agreement or applicable employment or consulting agreement, upon the termination of the Participant's Employment for any reason (other than Cause), including death or Disability, vesting ceases, the term of unvested stock options lapses and vested and unvested options will become unexercisable, except that such Participant shall have ninety (90) days to exercise the portion of the Participant's Stock Option that is vested on the date of the Participant's termination of Employment. Notwithstanding anything contained herein to the contrary, the Participant shall not be permitted to exercise any Stock Option at a time beyond the initial option term.

(ii) *Termination for Cause*. All outstanding and unexercised Stock Options, whether vested or unvested, as of the time the Participant is notified that his or her Employment is terminated for Cause or at the time the Participant voluntarily terminates employment within ninety (90) days after the occurrence of an event that would be grounds for a termination for Cause, will be cancelled immediately.

Section 6. Restricted Shares

The Committee shall determine the Participants to whom and the time or times at which grants of Restricted Shares will be awarded, the number of shares to be awarded to any Participant, the purchase price, the conditions for vesting, the time or times within which such Awards may be subject to cancellation, repurchase and restrictions on transfer and any other terms and conditions of the Awards (including provisions (i) relating to placing legends on certificates representing Restricted Shares, (ii) permitting the Company to require that Restricted Shares be held in custody by the Company with a share transfer certificate from the owner thereof until restrictions lapse and (iii) relating to any rights to repurchase Restricted Shares on the part of the Company), in addition to those contained in the Management Shareholders' Agreement, if the Participant is a party to the Management Shareholders' Agreement. Each Participant receiving Restricted Shares shall be issued a share certificate in respect of such Restricted Shares, unless the Committee elects to use another system, such as book entries by the transfer agent, as evidencing ownership of shares of Restricted Shares. Unless otherwise specified in the Restricted Share Agreement, upon a Participant's termination for any reason during the relevant restriction period, all unvested Restricted Shares will be forfeited to the Company, without compensation.

Furthermore, in addition to the foregoing restrictions, Restricted Shares held by an officer, director or consultant of the Company or one of its Affiliate may be subject to additional or greater restrictions and any restrictions set forth in the Company's Articles of Association. The terms and conditions of Restricted Share Awards shall be set forth in a Restricted Share Agreement, which shall include such terms and provisions as the Committee may determine from time to time, and which shall be duly executed and delivered by the Company to the Participant and become effective upon execution and delivery by the Participant to the Company. Except as provided in this Section 6, the Restricted Share Agreement, the Management Shareholders' Agreement and any other relevant agreements, the Participant shall have, with respect to the Restricted Shares, all of the rights of a shareholder of the Company holding the class or series of Ordinary Shares that is the subject of the Restricted Share Award, including, if applicable, the right to vote the shares and, subject to the following sentence, the right to receive any cash dividends or distributions (but, subject to the third paragraph of Section 3, not the right to receive non-cash dividends or distributions). If so determined by the Committee in the applicable Restricted Share Agreement, cash dividends and distributions on the class or series of Ordinary Shares that is the subject of the Restricted Share Award shall be automatically deferred and reinvested in additional Restricted Shares, held subject to the vesting of the underlying Restricted Shares, or held subject to meeting conditions applicable only to dividends and distributions.

Section 7. Other Share-Based Awards

The Committee is authorized to grant to Participants Other Share-Based Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Ordinary Shares, including but not limited to, Ordinary Shares awarded purely as a bonus and not subject to any restrictions or conditions, Ordinary Shares in payment of the amounts due under an incentive or performance plan sponsored or maintained by the Company or a Subsidiary, share appreciation rights (either separately or in tandem with Options), share equivalent units, and Awards valued by reference to book value of Ordinary Shares.

Subject to the provisions of this Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such Awards shall be made, the number of Ordinary Shares to be awarded pursuant to or referenced by such Awards, and all other conditions of the Awards. Grants of Other Share-Based Awards may be subject to such conditions, restrictions and contingencies as the Committee may determine which may include, but are not limited to, continuous service with the Company or an Affiliate and/or the achievement of Performance Goals. Except as provided in the last sentence of this paragraph, the criteria that may be used by the Committee in granting Other Share-Based Awards contingent on Performance Goals shall consist of the attainment of one or more of the Performance Goals. The Committee may select one or more Performance Goals for measuring performance and the measuring may be stated in absolute terms or relative to comparable companies. The measurements used in Performance Goals set under the Plan shall be determined in accordance with Generally Accepted Accounting Principles (GAAP), except, to the extent that any objective Performance Goals are used, if any measurements require deviation from GAAP, such deviation shall be at the discretion of the Committee at the time the Performance Goals are set or at such later time to the extent permitted under Section 162(m) of the Code. Other Performance Goals may be used to the extent such goals satisfy Section 162(m) of the Code or the Other-Share Based Award is not intended to satisfy the requirements of Section 162(m) of the Code.

Other Share-Based Awards made pursuant to this Section 7 are subject to the following terms and conditions:

(a) Dividends. Unless otherwise determined by the Committee at the time of Award, subject to the provisions of the Award agreement and this Plan, the recipient of an Award under this Section 7 shall be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the number of Ordinary Shares covered by the Award, as determined at the time of the Award by the Committee, in its sole discretion.

(b) Vesting. Any Award under this Section 7 and any Ordinary Shares covered by any such Award shall vest or be forfeited to the extent so provided in the Award agreement, as determined by the Committee, in its sole discretion.

(c) Waiver of Limitation. In the event of the Participant's Retirement, Disability or death, or in cases of special circumstances, the Committee may, in its sole discretion, waive in whole or in part any or all of the limitations imposed hereunder (if any) with respect to any or all of an Award under this Article.

(d) Purchase Price. Ordinary Shares issued on a bonus basis under this Section 7 may be issued for no cash consideration; Ordinary Shares purchased pursuant to a purchase right awarded under this Section 7 shall be priced as determined by the Committee.

(e) Committee Certification. At the expiration of the Performance Period, the Committee shall determine and certify in writing the extent to which the Performance Goals have been achieved.

Section 8. Term, Amendment and Termination

This Plan will expire on February 10, 2019, five years from its adoption by the Board of Directors of the Company. Awards outstanding as of such date shall not be affected or impaired by the expiration of the Plan and shall be subject to the terms of the Plan.

The Board or the Committee may at any time amend, suspend, or terminate the Plan, prospectively or retroactively; provided, however, that, unless otherwise required by law or specifically provided herein, no amendment, suspension or termination shall be made that is adverse to the rights of a Participant under an Award theretofore granted without such Participant's consent; provided, further, without the approval of the shareholders of the Company in accordance with applicable law, to the extent required by the applicable provisions of Rule 16b-3 or Section 162(m) of the Code or the rules of any exchange or system on which the Ordinary Shares are listed or traded, or, with regard to Incentive Stock Options, Section 422 of the Code, no amendment may be made which would (i) increase the aggregate number of Ordinary Shares that may be issued under this Plan or the maximum individual Participant limitations under Section 3; (ii) change the classification of Participants eligible to receive Awards under this Plan; (iii) extend the maximum Stock Option period or (iv) require shareholder approval in order for the Plan to continue to comply with the applicable provisions of Rule 16b-3 or Section 162(m) of the Code, or, with regard to Incentive Stock Options, Section 422 of the Code.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, but no such amendment shall be made that is adverse to the rights of the Participant thereunder without the Participant's consent.

Section 9. Unfunded Status of Plan

It is presently intended that the Plan constitute an unfunded plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Ordinary Shares or make payments; *provided, however*, that unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

Section 10. General Provisions

(a) **Awards and Certificates.** Shares of Restricted Shares and Ordinary Shares issuable upon the exercise of a Stock Option (together, Plan Shares) shall be evidenced in such manner as the Committee may deem appropriate, including book entry registration or issuance of one or more share certificates. Any certificate issued in respect of Plan Shares shall be registered in the name of such Participant and shall bear appropriate legends referring to the terms, conditions, and restrictions applicable to such Award. Such Plan Shares may bear other legends to the extent the Committee or the Board determines it to be necessary or appropriate, including any required by the Management Shareholders' Agreement. If and when all restrictions expire without a prior cancellation of the Plan Shares theretofore subject to such restrictions, upon surrender of legended certificates representing such shares new certificates for such shares shall be delivered to the Participant without the second legend listed above.

(b) **Representations and Warranties.** The Committee may require each Person purchasing or receiving Plan Shares to (i) represent to and agree with the Company in writing that such Person is acquiring the shares without a view to the distribution thereof and (ii) make any other representations and warranties that the Committee deems appropriate.

(c) **Additional Compensation.** Nothing contained in the Plan shall prevent the Company or any of its Affiliates from adopting other or additional compensation arrangements for its employees.

Table of Contents

(d) **No Right of Employment.** Adoption of the Plan or grant of any Award shall not confer upon any employee or any other individual any right to continued Employment, nor shall it interfere in any way with the right of the Company or any of its Affiliates to terminate the Employment of any eligible Participant at any time.

(e) **Withholding Taxes.** No later than the date as of which an amount first becomes includible in the gross income of a Participant for income tax purposes or subject to Federal Insurance Contributions Act withholdings with respect to any Award, including, without limitation, upon exercise of any Stock Option, under the Plan, such Participant shall pay to the Company or, if appropriate, one of its Affiliates, or make arrangements satisfactory to the Committee regarding the payment of, any United States federal, state or local or foreign taxes of any kind required by law to be withheld with respect to such amount. If approved by the Committee, minimum required statutory withholding obligations may be settled with Ordinary Shares, including Ordinary Shares that are part of the Award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional on such payment or arrangements, and the Company and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to the Participant. The Committee may establish such procedures as it deems appropriate, including making irrevocable elections, for the settlement of withholding obligations with Ordinary Shares.

(f) **Beneficiaries.** The Committee shall establish such procedures as it deems appropriate for a Participant to designate a beneficiary to whom any amounts payable in the event of the Participant's death are to be paid or by whom any rights of the Participant, after the Participant's death, may be exercised.

(g) **Governing Law.** The Plan and all Awards made and actions taken thereunder shall be governed by and construed and enforced in accordance with the laws of the State of Delaware without regard to the principles of conflicts of law thereof.

(h) **Compliance with Laws.** If any law or any regulation of any governmental body, commission or agency having jurisdiction shall require the Company or a Participant seeking to exercise Stock Options to take any action with respect to the Plan Shares to be issued upon the exercise of Stock Options then the date upon which the Company shall issue or cause to be issued the Plan Shares or the rights associated therewith shall be postponed until full compliance (as determined by the Committee in its sole discretion) has been made with all such requirements of law or regulation; provided, that the Company shall use its reasonable efforts to take all necessary action to comply with such requirements of law or regulation. Moreover, in the event that the Company shall determine that, in compliance with the Securities Act or other applicable statutes or regulations (including state Blue Sky or other securities laws), it is necessary to register any of the Plan Shares with respect to which an exercise of a Stock Option has been made, or to qualify any such Plan Shares (or the Company) for exemption from any of the requirements of the Securities Act or any other applicable statute or regulation, no Stock Options may be exercised and no Plan Shares shall be issued to the exercising Participant until the required action has been completed; provided, that the Company shall use its reasonable efforts to take all necessary action to comply with such requirements of law or regulation. Notwithstanding anything to the contrary contained herein, neither the Board nor the members of the Committee owes a fiduciary duty to any Participant in his or her capacity as such.

(i) **Fractional Shares.** No fractional shares shall be issued under the Plan and no cash settlements shall be made with respect to fractional shares eliminated by rounding.

(j) **Shareholder Approval.** The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such shareholder approval shall be obtained in the degree and manner required under applicable state and federal or foreign law and the rules of any stock exchange upon which the Company's Ordinary Shares are listed, quoted or actively traded.

(k) **Information to Participants.** The Company shall provide, not less frequently than annually, copies of annual financial statements to each individual who acquires Ordinary Shares pursuant to the Plan while such individual owns such Ordinary Shares. The Company shall not be required to provide such statements to key employees whose duties in connection with the Company assure their access to equivalent information.

Table of Contents

(l) Shareholders Agreement and Other Requirements. Notwithstanding anything herein to the contrary, as a condition to the receipt of Plan Shares, to the extent required by the Committee, the Participant shall execute and deliver a shareholders agreement or such other documentation which shall set forth certain restrictions on transferability of the Plan Shares, a right of first refusal of the Company with respect to Plan Shares, the right of the Company to purchase Plan Shares and such other terms as the Board or Committee shall from time to time establish. Such shareholders agreement shall apply to all Plan Shares acquired under the Plan. The Company may require, as a condition of grant or exercise of any Award, the Participant to become a party to any other existing shareholders agreement.

(m) Section 409A. Notwithstanding other provisions of the Plan or any Award agreements thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Committee that, as a result of Section 409A of the Code, payments or deliveries of shares in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code, the Company will make such payment or delivery of shares on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code. In the case of a Participant who is a specified employee (within the meaning of Section 409A(a)(2)(B)(i) of the Code), payments and/or deliveries of shares in respect of any Award subject to Section 409A of the Code that are linked to the date of the Participant's separation from service shall not be made prior to the date which is six (6) months after the date of such Participant's separation from service from the Company and its affiliates, determined in accordance with Section 409A of the Code and the regulations promulgated thereunder. The Company shall use commercially reasonable efforts to implement the provisions of this Section 10(m) in good faith; provided that neither the Company, the Committee nor any of the Company's employees, directors or representatives shall have any liability to Participants with respect to this Section 10(m).

APPENDIX A

PERFORMANCE CRITERIA

Performance Goals established for purposes of an Award of Performance-Based Awards intended to comply with Section 162(m) of the Code shall be based on one or more of the following performance criteria (Performance Criteria): (i) the attainment of certain target levels of, or a specified percentage increase in, revenues, income before taxes and extraordinary items, net income, operating income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (ii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations; (iii) the attainment of certain target levels of, or a specified increase in, operational cash flow; (iv) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee; (v) earnings per share or the attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations; (vi) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital; (vii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on shareholders' equity; (viii) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula; (ix) the attainment of certain target levels in the fair market value of the shares of the Company's Ordinary Shares; (x) the growth in the value of an investment in the Company's Ordinary Shares assuming the reinvestment of dividends; (xi) the attainment of a certain level of, reduction of, or other specified objectives with regard to limiting the level in or increase in, all or a portion of controllable expenses or costs or other expenses or costs or a reduction of the loss ratio, expense ratio, or combined ratio; (xii) achievement of certain targets with respect to the Company's book value, assets or liabilities. For purposes of item (i) above, extraordinary items shall mean all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction (including, without limitation, a disposition or acquisition) or related to a change in accounting principle, all as determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board.

In addition, such Performance Criteria may be based upon the attainment of specified levels of Company (or subsidiary, division or other operational unit of the Company) performance under one or more of the measures described above relative to the performance of other corporations. Furthermore, such Performance Criteria may be supplemented by reference to per share determinations. To the extent permitted under Section 162(m) of the Code, but only to the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for shareholder approval), the Committee may: (i) designate additional business criteria on which the Performance Criteria may be based or (ii) adjust, modify or amend the aforementioned business criteria.
