PROXY STATEMENT

2015 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 5, 2015

Information Concerning Solicitation and Voting

This Proxy Statement is furnished to the holders of our Class A common stock in connection with the solicitation of proxies on behalf of the Board for use at the Annual Meeting of Stockholders to be held on June 5, 2015 at 8:00 a.m. EDT at The New York Palace Hotel, 455 Madison Avenue, New York, New York 10022 for use at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders.

In accordance with the rules of the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing the Notice, this Proxy Statement, our 2014 Annual Report to Stockholders, including financial statements, and a Proxy Card for the meeting, by providing access to them on the Internet to save printing costs and benefit the environment. These materials were first available on the Internet on April 24, 2015 and are available for viewing, printing and downloading at www.proxyvote.com. All materials will remain posted on www.proxyvote.com at least until the conclusion of the meeting. The Notice, Proxy Statement, 2014 Annual Report to Stockholders and Annual Report on Form 10-K for the fiscal year ended December 31, 2014 are also available, free of charge, in PDF and HTML format under Investor Relations Financial Information & SEC Filings SEC Filings section of our website at www.incresearch.com.

We mailed a Notice of Internet Availability of Proxy Materials on or about April 24, 2015 to our stockholders of record as of April 10, 2015, the record date for the meeting. The Notice of Internet Availability of Proxy Materials and this Proxy Statement contain instructions for accessing and reviewing our proxy materials on the Internet and for voting by proxy over the Internet. Only stockholders of record at the close of business on April 10, 2015 are entitled to notice of and to vote at the meeting. You will need to obtain your own Internet access if you choose to access the proxy materials and/or vote over the Internet. If you prefer to receive printed copies of our proxy materials, the Notice of Internet Availability of Proxy Materials contains instructions on how to request the materials by mail. You will not receive printed copies of the proxy materials unless you request them. If you elect to receive the materials by mail, you may also vote by proxy on the Proxy Card or Voter Instruction Card that you will receive in response to your request.

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, a stockholder of record. As a stockholder of record, you may vote by proxy in any one of the following ways:

- ¹ Via the Internet by accessing the proxy materials on the secured website www.proxyvote.com and following the voting instructions on that website;
- ¹ Via telephone by calling toll free 1-800-690-6903 and following the recorded instructions; or
- ¹ By requesting that printed copies of the proxy materials be mailed to you pursuant to the instructions provided in the Notice of Internet Availability and completing, dating, signing and returning the Proxy Card that you receive in response to your request.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities by use of a control number to allow stockholders to vote their shares and to confirm that stockholders' instructions have been properly recorded. Voting via the Internet or telephone must be completed by 11:59 p.m. EDT on June 4, 2015. Of course, if you are a record holder you can always come to the meeting and vote your shares in person. You will need to present a form of personal photo identification in order to be admitted to the meeting. If you submit

Table of Contents

or return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by the Board, as permitted by law.

If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in street name. In that case, the Notice of Internet Availability of Proxy Materials or proxy materials have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As a beneficial owner, you should direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions included in the Notice of Internet Availability or proxy materials. You are also invited to attend the meeting in person. Because a beneficial owner is not the stockholder of record, you may not vote your shares in person at the meeting unless you obtain a legal proxy from the broker, nominee or trustee that holds your shares, giving you the right to vote the shares at the meeting.

Whether you are a stockholder of record or beneficial owner of shares, you can revoke your proxy before your shares are voted at the meeting. If you are a stockholder of record, you may:

- 1 File a written notice of revocation bearing a later date than the proxy with our Corporate Secretary at 3201 Beechleaf Court, Suite 600, Raleigh, North Carolina 27604 before the meeting;
- 1 Duly execute a later-dated proxy relating to the same shares and deliver it to our Corporate Secretary at 3201 Beechleaf Court, Suite 600, Raleigh, North Carolina 27604 before the meeting;
- 1 Attend the meeting and vote in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy); or
- 1 If you voted by telephone or via the Internet, vote again by the same means prior to 11:59 p.m. EDT on June 4, 2015 (your latest telephone or Internet vote, as applicable, will be counted and all earlier votes will be disregarded).

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other holder of record. You may also vote in person at the meeting by obtaining a legal proxy from them as previously described.

Each holder of our Class A common stock is entitled to one vote for each share held as of the record date with respect to all matters that may be considered at the meeting. Stockholder votes will be tabulated by persons appointed by the Board to act as inspectors of election for the meeting. As of April 10, 2015, there were 51,219,679 shares of our Class A common stock outstanding and entitled to vote at the meeting.

A majority of our outstanding shares of capital stock entitled to vote as of the record date must be present at the meeting in order for us to hold the meeting and conduct business. This is called a quorum. Your shares will be counted as present at the meeting if you: (1) are present and entitled to vote in person at the meeting; or (2) properly submitted a Proxy Card or Voter Instruction Card. If you are present in person or by proxy at the meeting, but do not vote on any or all proposals, your shares are still counted as present and entitled to vote. Each proposal listed in this Proxy Statement identifies the votes needed to approve or ratify the proposed action. As of April 10, 2015, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought before the meeting, the policy named in the Proxy Card or Voter Instruction Card will vote the shares it represents using its best judgment.

We bear the expense of soliciting proxies. Our directors, officers, or employees may also solicit proxies personally or by telephone, telegram, facsimile, or other means of communication. We do not intend to pay additional compensation for doing so. In addition, we might reimburse banks, brokerage firms, and other custodians, nominees, and fiduciaries

representing beneficial owners of our Class A common stock, for their expenses in forwarding soliciting materials to those beneficial owners.

We will announce the preliminary voting results at the meeting. We will publish the final results in a Form 8-K filed with the SEC within four business days of the meeting.

Table of Contents**PROPOSAL ONE****ELECTION OF DIRECTORS****Nominees**

Our Board currently consists of eight members and is divided into three classes, the members of which each serve for a staggered three-year term or until a successor has been elected and qualified. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Our Class I directors, D. Jamie Macdonald and Charles C. Harwood, Jr., have been nominated to fill a three-year term expiring in 2018. The two other classes of directors, who were elected or appointed for terms expiring at the annual meetings in 2016 and 2017, respectively, will remain in office.

If you are a stockholder of record, unless you mark your proxy card to withhold authority to vote, the proxy holder will vote the proxies received by it for the two Class I nominees named below, each of whom is currently a director and each of whom has consented to be named in this Proxy Statement and to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, your proxy will be voted for any nominee designated by the Board to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director. If you are a beneficial owner of shares held in street name and you do not provide your broker with voting instructions, your broker may not vote your shares on the election of directors. Therefore, it is important that you vote.

The name of and certain information regarding each Class I nominee as of April 10, 2015 is set forth below, together with information regarding our directors remaining in office. This information is based on data furnished to us by the nominees and directors. There is no family relationship between any director, executive officer or person nominated to become a director or executive officer. The business address for each nominee for matters regarding the Company is 3201 Beechleaf Court, Suite 600, Raleigh, North Carolina 27604.

Kendle, where he was the Chief Operating Officer from May 2011 to July 2011. Prior to joining Kendle, Mr. Macdonald served for 15 years in various senior operational and finance roles at Quintiles Transnational Holdings Inc., where he most recently was Senior Vice President and Head of Global Project Management from December 2008 to January 2011. We believe Mr. Macdonald brings to our Board valuable perspective and experience as our Chief Executive Officer, and as a former Chief Operating Officer of our Company, as well as extensive knowledge of the CRO and biopharmaceutical industries, all of which qualify him to serve as one of our directors.

Mr. Harwood is also an industry advisor to Avista Capital Partners, L.P., or Avista, a position he has held since 2007. From 1993 to 2001, Mr. Harwood held several positions, including Chief Financial Officer and Senior Vice President of Venture Development at Covance Inc., a leading drug development services company, where he spearheaded numerous acquisitions and divestitures as well as the spin-off of Covance from Corning Incorporated in January 1997. He also previously served as a director of BioReliance Holdings, Inc. Mr. Harwood received his Bachelor of Arts from Stanford University and his M.B.A. from Harvard Business School.

We believe Mr. Harwood's extensive knowledge and experience in the healthcare industry, and specifically his leadership roles with drug development and CRO companies, brings to our Board critical skills important to both our business and the businesses of our customers and qualify him to serve as one of our directors.

David F. Burgstahler Director

David Burgstahler has served as a member of our Board since August 2010, is a member of the compensation committee and the chair of the nominating and corporate governance committee. Mr. Burgstahler is a founding partner of Avista since 2005 and since 2009, has been President of Avista. Prior to forming Avista, he was a partner of DLJMB. He was at DLJ Investment Banking from 1995 to 1997 and at DLJMB from 1997 through 2005. He previously served as a Director of Warner Chilcott plc and BioReliance Holdings, Inc.

We believe Mr. Burgstahler's finance and management background, with over 18 years in banking and private equity finance, and his experience serving as a director for a diverse group of private and public companies, brings to our Board important skills and qualify him to serve as one of our directors.

Richard N. Kender Director

Richard Kender has served as a member of our Board since December 2014 and is a member of the audit committee. Mr. Kender is a 35-year veteran in the pharmaceutical industry and spent his entire career at Merck & Co., Inc. Most recently, he served as Senior Vice President, Business Development and Corporate Licensing from 2000 until his retirement in 2013. We believe Mr. Kender's longstanding career in the pharmaceutical industry, including various leadership roles in accounting and finance, along with his global business development and public company board experience, will be a significant benefit to our Board as our Company continues to grow its global customer base and strengthen its accounting and financial controls.

David Y. Norton Director

We believe Mr. Norton's global and therapeutic experience in successfully growing Johnson & Johnson's pharmaceuticals group and his insights into the wider drug development community will be a significant benefit to the Board as we continue to expand our customer relationships globally.

We believe Mr. Ogle's perspective as our Chairman of the Board and our former Chief Executive Officer, his knowledge of and experience with both the operations of our Company and the CRO industry generally, and his extensive leadership experience, all qualify him to serve as one of our directors.

Terry Woodward Director

Terry Woodward has served as a member of our Board since August 2010 and is the chair of the compensation committee. Dr. Woodward currently serves as a Director at Teachers, which he joined in 2001. Second Amended and Restated Stockholders Agreement

On November 6, 2014, in connection with our initial public offering, or IPO, we entered into a Second Amended and Restated Stockholders Agreement with affiliates of Avista and Teachers, which we collectively refer to as the

Sponsors, as well as our management investors. The Stockholders Agreement provides that each

Table of Contents

Sponsor will have the right to elect (i) two directors to our Board for so long as it owns at least 15% of our outstanding shares of Class A common stock and Class B common stock, and (ii) one director each for so long as it holds less than 15% but at least 5% of our outstanding shares of Class A common stock and Class B common stock. Furthermore, each Sponsor must vote all its stock to ensure the composition of our Board as set forth above, for so long as it owns at least 5% of our outstanding shares of common stock.

Required Vote

The two Class I director nominees receiving the highest number of affirmative votes of our common stock present or represented and entitled to be voted for them shall be elected as Class I directors. In accordance with Delaware law, votes withheld from any nominee are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but they have no legal effect on the election of directors. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, they will not be counted for purposes of determining the number of shares represented and voted with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the election of directors.

The Board unanimously recommends that stockholders vote FOR the two Class I director nominees listed above.

CORPORATE GOVERNANCE MATTERS

Information about the Board of Directors

The Board currently comprises eight members, divided into three classes as follows: Class I, consisting of D. Jamie Macdonald and Charles C. Harwood, Jr.; Class II, consisting of Robert W. Breckon, David F. Burgstahler and Terry Woodward; and Class III, consisting of Richard N. Kender, David Y. Norton and James T. Ogle. Upon the expiration of the initial term of office for each class of directors, each director in such class will be elected for a term of three years and will serve until a successor is duly elected and qualified or until his or her earlier death, resignation or removal. Any additional directorships resulting from an increase in the number of directors or a vacancy may be filled by the directors then in office or the stockholders (as provided in our bylaws). Because only one-third of our directors will be elected at each annual meeting, two consecutive annual meetings of stockholders could be required for the stockholders to change a majority of the board.

As Chairman of the Board, Mr. Ogle has authority to, among other things, call and preside over meetings of the Board, set meeting agendas, and determine materials to be distributed to the Board. Accordingly, Mr. Ogle has substantial ability to shape the work of the Board.

We have separated the position of Chairman of the Board and that of Chief Executive Officer. While our Board believes the separation of these positions serves our Company well, and intends to maintain this separation where appropriate and practicable, the Board does not believe that it is appropriate to prohibit one person from serving as both Chairman of the Board and Chief Executive Officer. We believe our leadership structure is appropriate given the size of our Company in terms of number of employees and the historical experience and understanding of our Company and industry of each of Messrs. Ogle and Macdonald.

Independence of Directors

Our Board has undertaken a review of the independence of our directors and has affirmatively determined that Messrs. Breckon, Harwood, Kender and Norton are independent within the meaning of the NASDAQ Stock Market, or NASDAQ, listing rules and meet the additional test for independence for audit committee members imposed by SEC regulation and the NASDAQ listing rules.

We are a controlled company as set forth in NASDAQ Listing Rule 5615 because more than 50% of the voting power of our Class A common stock is held by a group of stockholders consisting of our Sponsors. Under NASDAQ rules, a controlled company is exempt from the NASDAQ corporate governance requirements that a majority of the Board consist of independent directors and that directors' nominations and executive compensation must be approved by a majority of independent directors or a nominating and corporate governance committee or compensation committee comprised solely of independent directors. We will rely on these exemptions from the corporate governance requirements until we are no longer a controlled company or our Board determines to no longer rely on these exemptions. In particular, neither our compensation committee (which oversees and approves our executive compensation) nor our nominating and corporate governance committee (which approves directors' nominations) consists entirely of independent directors, and our Board does not have a majority of independent directors.

Executive Sessions of Non-Employee Directors

In order to promote open discussion among non-employee directors, our Board has a policy of regularly conducting executive sessions of non-employee directors at scheduled meetings and at such other times requested by a non-employee director.

Table of Contents**Selection of Nominees for the Board of Directors**

The nominating and corporate governance committee of our Board has the responsibility for establishing the criteria for recommending which directors should stand for re-election to the Board and the selection of new directors to serve on the Board. In addition, the committee is responsible for establishing the procedures for our stockholders to nominate candidates to the Board. The committee has not formulated any specific minimum qualifications for director candidates, but has determined certain desirable characteristics, including independence, sound judgment, business specialization, technical skills, diversity and other desired qualities. The Nominating and Corporate Governance Committee Charter calls for the committee to consider diversity to be an additional desirable characteristic in potential nominees.

Our bylaws permit any stockholder of record to nominate directors. Risk Oversight

While our Company's senior management has responsibility for the management of risk, our Board plays an important role in overseeing this function. Our Board regularly reviews our market and business risks during its meetings and, since its formation, each of its committees began overseeing risks associated with its respective area of responsibility. In particular, our audit committee oversees risk related to our accounting, tax, financial and public disclosure processes. It also assesses risks associated with our financial assets. Our compensation committee oversees risks related to our compensation and benefit plans and policies to ensure sound pay practices that do not cause risks to

arise that are reasonably likely to have a material adverse effect on our Company. Our nominating and corporate governance committee seeks to minimize risks related to governance structure by implementing sound corporate governance principles and practices. Each of our committees reports to the full Board as appropriate on its efforts at risk oversight and on any matter that rises to the level of a material or enterprise level of risk.

Summary of Fees

The audit committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. All other permitted non-audit services are required to be pre-approved by the audit committee on an engagement-by-engagement basis.

The following table summarizes the aggregate fees for professional services rendered to us by Ernst & Young in 2013 and 2014. A description of these various fees and services follows the table.

INC Research is a leading global contract research organization, or CRO, with deep therapeutic focus, conducting global clinical trials to take medicines to the people who need them.

The purpose of our compensation program is to attract, motivate and retain a high level of talent to lead and execute our Company's mission and effectively build stockholder value.

This Compensation Discussion and Analysis, or CD&A, provides information regarding our compensation program and explains our executive compensation philosophy, practices and policies for the following executives who we refer to as our named executive officers, or NEOs, for 2014: D. Jamie Macdonald (Chief Executive Officer and director), Gregory S. Rush (Executive Vice President and Chief Financial Officer), Alistair Macdonald (President and Chief Operating Officer) and Christopher L. Gaenzle (Chief Administrative Officer, General Counsel and Secretary).

While this CD&A applies to our NEOs, the principles of performance measurement and pay for performance as discussed apply generally to all our employees.

Below is a summary of our philosophy, strategy and approach to compensating our NEOs.

Executive Summary*Our performance in 2014 was strong*

2014 was a milestone year for INC Research. We expanded our customer base while driving significant repeat business, continued our global expansion in key regions for clinical development and delivered strong growth above the market. A summary of our financial and operational results is shown below:

Adjusted EBITDA	\$105.5	\$145.3	37.7%
MIP EBITDA	\$106.5	\$158.1	48.5%

1 Adjusted EPS and Adjusted EBITDA are defined in the Non-GAAP Financial Measures section (page 50) included in our Annual Report on Form 10-K for the year ended December 31, 2014.

The year culminated with the successful completion of our initial public offering, or IPO, on November 7. Historically, our executive compensation program has been structured to generate and reward superior company performance by establishing compensation packages under which variable, or incentive, compensation is weighted more heavily than base salary. We have established compensation programs to motivate our executives to focus on

both our short- and long-term performance by providing a mix of short- and long-term incentive compensation in the form of annual cash incentive compensation and long-term equity-based incentive compensation. We believe that this approach aligns the incentives to our executives with the interests of our stockholders. Although we have retained these philosophies, we are modifying certain aspects of our executive compensation program in connection with becoming a publicly traded company.

Table of Contents

We pay for performance

Our executive compensation program ties a substantial portion of each NEO's compensation to the achievement of key strategic, financial and operational goals. Consistent with this approach, the compensation of our NEOs for 2014 featured:

- 1 *Base salary* We use base salary to recognize the experience, skills, knowledge and responsibilities required of our NEOs. The Compensation Committee reviews our NEOs' salaries annually and adjusts them based on performance;

- 1 *Management Incentive Plan (MIP)* The MIP covers all employees at the director level and above. The MIP is intended to focus participants on the accomplishment of organizational goals and specific individual performance objectives that are important to our success. The Compensation Committee sets objectives and payout schedules for meeting or exceeding those objectives and determines appropriate bonus payouts at the conclusion of each year based on Company and individual performance; and

- 1 *Equity compensation program* Our equity compensation program aligns employee and stockholder interests by linking a portion of our NEOs' compensation to long-term Company performance. The Compensation Committee determines when and what levels of equity grants are appropriate on a periodic basis to achieve this objective.

Our compensation program is designed to be competitive, align executive and stockholder interests and use governance best practices

The following key features of our executive compensation program are designed to align the interests of our NEOs and other senior executives with the interests of our stockholders:

- 1 *At-Risk Pay Program* The Compensation Committee focuses on designing and implementing a variable pay program through the MIP and equity compensation program;

- 1 *Using experience and judgment and a peer group composed of CROs and other similarly situated health care service provider organizations* The Compensation Committee analyzes the compensation programs of our Sponsors' other portfolio companies and the Company's peer group as part of its design of a competitive executive compensation program to attract, motivate and retain executive talent;

- 1 *Periodic evaluation of our executive compensation program* The Compensation Committee has retained an independent executive compensation consultant to conduct an analysis of our executive compensation program and assess whether it is competitive and accomplishes the objectives of our compensation philosophy;

- ¹ *Independent compensation consultant* In 2014, the Compensation Committee retained an independent compensation consultant, Pearl Meyer & Partners, or the Consultant, to assist with reviewing and assessing the competitiveness of our executive compensation program as a public company. The Consultant provides no other services to our Company and has attested to the Compensation Committee that it is independent as required under the provisions of the Dodd-Frank Act;

- ¹ *Periodic risk assessment* The Compensation Committee has concluded that our executive compensation program does not encourage behavior that would create risks reasonably likely to have a material adverse effect on our Company;

Overview of Compensation Program and Philosophy

The Compensation Committee seeks to achieve the following goals in connection with our executive compensation program and decisions regarding individual compensation:

- 1 Attract, motivate and retain high level executive talent;
- 1 Ensure executive compensation is aligned with our corporate strategies and business objectives, including short-term operating goals and long-term strategic objectives;
- 1 Promote the achievement of key strategic and financial performance measures by linking short-term and long-term cash and equity incentives to the achievement of measurable corporate and personal performance goals;
- 1 Encourage effective collaboration among our NEOs; and

¹ Align the interests of our executives and stockholders.

To achieve these objectives, in 2014, the Compensation Committee set compensation at levels it believed were in line with compensation of its Sponsors' other portfolio companies and later, in anticipation of our IPO, also considered the compensation of companies in our peer group that compete with us for executive talent. Our executive compensation program ties a substantial portion of each executive's overall compensation to performance by incorporating metrics based on Adjusted EBITDA in the MIP, for example, and considering our stock performance. Historically, the Compensation Committee has weighted a higher level of the total compensation mix to stock-based compensation. Specifically, we provide a portion of our executive compensation in the form of stock option grants that vest over time. We believe that our approach to compensation supports the retention of our executives and aligns their interests with those of our stockholders by encouraging executives to participate in the long-term success of our Company and create stockholder value.

Table of Contents***Compensation Program Highlights***

The following is a summary of the highlights of the Company's executive compensation program:

- ¹ *At-risk pay* Executive pay is substantially at risk because it largely consists of one or more types of performance-based compensation that vary in value based on our stock price, or that can only be earned upon achievement of pre-approved financial targets. The amount of at-risk pay of our NEOs as a percentage of their target 2014 compensation is as follows:
- ¹ *MIP cash bonus program reviewed annually; payouts based on rigorous financial performance targets* The Compensation Committee reviews the MIP each year. Annual MIP bonuses depend upon achievement of pre-approved financial performance targets, as well as individual and business unit performance. The annual MIP bonus pool for all our MIP participants historically has varied with the Company's financial performance over the past four years. The Company then distributes a portion of the MIP pool to individual MIP participants based upon their individual and business unit performance. The following table illustrates both MIP pool funding and actual total distribution as a percent of target for all MIP participants over the past three years:

MIP Financial Achievement and Payout
(% of target)

	2012	2013	2014
Achievement & Payout	0.0%	104.3%	219%*

*The NEOs received a payout of 200% in 2014 as more fully described below under *-Cash Bonuses pursuant to the MIP*.

How Executive Compensation is Determined

The Role of the Compensation Committee. The Compensation Committee is comprised of two non-employee directors of our Board. It is responsible for reviewing, setting and approving the compensation of our NEOs, including our Chief Executive Officer. The Compensation Committee meets regularly regarding compensation issues and receives input from the Consultant. A description of the Compensation Committee's responsibilities is in the Compensation Committee's charter available under Investor Relations Corporate Governance Documents section of our website at www.incresearch.com.

The Role of the Independent Executive Compensation Consultant. In 2014, in anticipation of our IPO, the Consultant developed a peer group for executive compensation-related analyses, performed executive compensation benchmark studies, and provided general compensation advice to the Compensation Committee. The Consultant's review was done after the Compensation Committee determined 2014 compensation and was intended to be utilized to develop a competitive executive compensation program once we completed our IPO.

At the discretion of the Compensation Committee, the Consultant may attend its meetings in order to provide timely advice on questions and decisions before the Compensation Committee. The Consultant reports directly to the Compensation Committee and carries out responsibilities as assigned by the Compensation

Table of Contents

Committee. The Compensation Committee has the sole authority to retain and terminate the Consultant and to approve the Consultant's fees and all other terms of its engagement with the Consultant. The Compensation Committee has direct access to the Consultant throughout the year.

The Role of Management. While the Compensation Committee has sole responsibility for approving compensation targets and awards, it solicits input from our Chief Executive Officer in setting the targets, evaluating the performance, and recommending appropriate salary and incentive awards of each of our NEOs, except for himself. The Chief Executive Officer also participates in Compensation Committee meetings at the request of the Compensation Committee in order to provide background information regarding his recommendations. However, our Chief Executive Officer does not have a vote on Compensation Committee matters. The Chief Administrative Officer, General Counsel and Secretary also participates in and assists the Compensation Committee and Chief Executive Officer on compensation matters, at their discretion. He also acts as the Compensation Committee secretary except during executive sessions. The Compensation Committee holds executive sessions without our Chief Executive Officer or our Chief Administrative Officer, General Counsel and Secretary multiple times during the year to facilitate the exchange of candid views among Compensation Committee members and establish our Chief Executive Officer's compensation.

Peer Group

The Compensation Committee considers competitive marketplace practices as well as compensation benchmarks used in its Sponsors other portfolio companies in making its compensation decisions by comparing our executive compensation against compensation paid to executives in comparable roles at comparable Sponsor portfolio companies. We do not target any specific market position in establishing compensation, but generally aim to have a compensation program that is in line with benchmarked Sponsor portfolio companies, as determined by all of the collected market information. We also consider the performance of our Company with respect to comparative historical profit growth and stockholder return of our Sponsors' other portfolio companies and the impact of compensation on our current year operating budget.

While the Compensation Committee did not conduct a peer group analysis to set compensation for 2014, it did establish our peer group in conjunction with the Consultant for purposes of evaluating executive compensation post-IPO. In establishing our peer group, the Compensation Committee and Consultant considered the size of our Company and the complexity of our business, including industry, customer base, services provided, geographic scope, revenue and market capitalization. Our peer group consists of the following twelve companies:

- 1 Allscripts Healthcare Solutions, Inc.;
- 1 Bio-Reference Laboratories, Inc.;
- 1 Charles River Laboratories International, Inc.;
- 1 Covance Inc.;
- 1 ExamWorks Group, Inc.;
- 1 ICON Public Limited Company;
- 1 IPC Healthcare, Inc.;
- 1 MedAssets, Inc.;
- 1 Medidata Solutions, Inc.;
- 1 PAREXEL International Corporation;
- 1 Premier, Inc.; and
- 1 The Advisory Board Company.

Table of Contents

The Compensation Committee, with the Consultant's assistance, also reviewed companies in similar industries to ours that, like us, had recently undertaken an initial public offering to gain a perspective on their compensation. These companies are:

- 1 Phibro Animal Health Corporation;
- 1 Quintiles Transnational Holdings, Inc.; and
- 1 Surgical Care Affiliates, Inc.

The Consultant's analysis showed that the current level of compensation, particularly the cash-based compensation, for our NEOs is in the lower range of executives in our twelve-company peer group, and that with the exception of our Chief Executive Officer, equity participation was at the mid to high range of the peer group. The Consultant noted that it was not unusual for companies like ours that have recently become public to have lower cash compensation than comparable public company peers, particularly given our pre-IPO debt levels and philosophy regarding weighting total compensation toward stock-based compensation. However, the Consultant also noted that over time, newly public company salaries and bonus levels generally become more competitive with their peer groups.

Elements of our Executive Compensation Program

Overview of Executive Compensation: Our executive compensation program generally consists of the following elements:

- 1 Base salary;
- 1 Annual incentive cash bonuses;
- 1 Equity awards;
- 1 Health, life insurance and other employee benefits; and
- 1 Severance and change of control arrangements.

With these elements of compensation, we believe our Company can remain competitive with our peer group and ensure that our NEOs are appropriately incentivized to deliver short-term results, while also creating long-term stockholder value.

Target Pay and Mix of Compensation Elements

Our compensation program operates not only based on the application of comparisons to our peer group and other competitive data, but also through the judgment of the Compensation Committee. The Compensation Committee does not employ a purely formulaic approach to its compensation decisions, but reviews all elements of compensation for each of our NEOs. In addition, in determining current and future compensation, the Compensation Committee considers the economic value as well as the retention value of prior equity grants received by our NEOs and each NEO's compensation compared to the compensation of our other senior team members and other Company employees generally. In determining the reasonableness of a NEO's total compensation, the Compensation Committee considers not only corporate and personal performance compared to targets, but also the nature of each element of compensation provided, including salary, bonus, and long-term incentive compensation, as well as the executive's severance and change of control arrangements.

In 2014, we did not have any formal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation, or among the different forms of non-cash compensation.

Instead, the Compensation Committee determined what it believed to be the appropriate level and mix of our compensation elements to retain our senior management team, motivate them and align their interests with those of our stockholders. As we develop as a public company, the Compensation Committee will consider moving to a more formal compensation structure.

Table of Contents***Compensation Element Details***

Typically, at the beginning of each fiscal year, the Compensation Committee evaluates actual individual and corporate performance against the goals for the recently completed year. The Chief Executive Officer evaluates the other executives and recommends annual salary increases, management incentive bonuses and equity awards, if any, which are then reviewed and considered by the Compensation Committee. In the case of the Chief Executive Officer, the Compensation Committee conducts his individual performance evaluation and determines his compensation changes and awards. The evaluation and timing of executive reviews and salary increases are aligned with an annual review process that takes place at the same time each year.

Base Salary. We use base salary to recognize the experience, skills, knowledge and responsibilities of our NEOs. When establishing base salary for 2014, the Compensation Committee considered the compensation of executives in its Sponsors' other portfolio companies, other available compensation survey data, as well as a variety of other factors, including the historic salary levels of the executive, the nature of the executive's responsibilities, and the availability of well-qualified candidates who could assume the executive's role. The Compensation Committee also takes into account the executive's tenure and performance in their current role at our Company as well as their history and performance holding positions of similar or greater responsibility at previous place(s) of employment. The Compensation Committee also considered general economic conditions, the Company's financial performance and each executive's individual performance.

The percentage increase in the base salary of each of our NEOs in 2014 as compared to his respective base salary for 2013 is as follows:

Executive	Base Salary Fiscal Year 2013	Base Salary Fiscal Year 2014	% Increase Fiscal 2014 over Fiscal 2013
D. Jamie Macdonald	\$ 400,000	\$ 475,000	18.8%
Gregory S. Rush	\$ 350,000	\$ 353,570	1.0%
Alistair Macdonald	\$ 398,944	\$ 410,912	3.0%
Christopher L. Gaenzle	\$ 300,000	\$ 309,000	3.0%

The Committee determined the increases for Messrs. Rush, A. Macdonald and Gaenzle in part based on salary increases of senior executive officers in our Sponsors' other portfolio companies. Mr. Rush's increase was prorated for 2013 based on his hire date of August 30, 2013. Mr. D. J. Macdonald's increase was based upon his performance in 2013 and to align his salary with benchmark compensation levels of CEOs in our Sponsors' other portfolio companies.

Cash Bonuses pursuant to the MIP. Our NEOs and other senior management are eligible to receive cash bonuses under the MIP, when Company targets are met. The MIP is intended to focus participants on the accomplishment of organizational goals and specific individual performance objectives identified as critical to our success. Potential amounts payable to participants under the MIP are calculated as a percentage of the participant's base salary for the fiscal year. The Compensation Committee establishes each NEO's payment percentage during the first quarter of the fiscal year based on the NEO's roles and responsibilities, the NEO's target percentage in prior years, the NEO's total compensation and the NEO's performance. The Board sets corporate performance goals for each fiscal year which are used by the Compensation Committee to set the targets for the MIP.

Table of Contents

The table below summarizes each NEO's target payment percent of base salary for 2014:

Executive	MIP Target (% of Salary)
D. Jamie Macdonald	75.0%
Gregory S. Rush	50.0%
Alistair Macdonald	35.0%
Christopher L. Gaenzle	30.0%

Following the end of each fiscal year, the Compensation Committee, with the assistance of our Chief Executive Officer for all NEOs other than himself, reviews actual results and performance against the goals for such fiscal year and determines the amounts, if any, of the bonuses to be paid to our NEOs under the MIP. The Compensation Committee may adjust payouts under the MIP based on our NEO's individual results and the degree of difficulty in achieving the results. The Compensation Committee may also reward NEOs outside of the MIP to recognize extraordinary circumstances or performance of the executive or the Company. The Compensation Committee also reserves the right to reduce awards for individuals, or for the executive team as a whole, if, in its judgment, the achievement of certain goals was due to unusual business or environmental factors rather than individual performance.

The MIP pool is funded based upon achievement of MIP EBITDA against pre-determined MIP EBITDA objectives set by the Board. MIP EBITDA is calculated by taking our reported Adjusted EBITDA and adjusting it for other items in accordance with the MIP Plan. The pool is then distributed to eligible MIP participants based upon their assigned target payment percentage (as summarized in the table above) and as may be adjusted based upon individual performance.

The Compensation Committee set the corporate targets under the MIP for 2014 in early 2014. The corporate target for 2014 under the MIP was equal to our Adjusted EBITDA plus certain additional items as permitted under our credit facility then in effect, collectively, the MIP EBITDA. The threshold MIP EBITDA for 2014 was \$115.0 million, and the target MIP EBITDA for 2014 was \$120.0 million, inclusive of the MIP pool.

In 2014, the Company achieved MIP EBITDA of \$158.1 million, inclusive of the MIP pool. This was calculated by taking our reported Adjusted EBITDA of \$145.3 million and adjusting it upward for predetermined extraordinary items as described above and in accordance with the Plan. These adjustments in total were \$12.8 million and included: unusual change order activity/adjustments, certain transaction expenses, management fees, additional restructuring charges, other bank adjustments and foreign exchange fluctuations. The calculated MIP EBITDA resulted in MIP pool funding of \$21.5 million, or approximately 219% of the targeted payout.

For our NEOs, the Compensation Committee exercised its discretion and capped MIP payouts at 200% of target, which resulted in a MIP surplus of \$1.87 million. The Company used the surplus to pay one-time bonuses to all performing associate directors and managers to reward them for their contributions to the Company's success in 2014.

Additionally, based on the Company's expected financial and operational results as well as our IPO, the Compensation Committee approved a plan to reward key senior executives for completion of the IPO and overall financial and operational results with the creation of a discretionary pool totaling approximately \$2.6 million for

additional 2014 bonus payments, which will be made by December 31, 2015. NEO individual payments under the MIP Plan including amounts from the discretionary pool are shown below.

NEO MIP Bonus Payout

Executive	Financial Payout \$	Additional Individual Performance Bonus \$	Total 2014 MIP Bonus Payout \$
D. Jamie Macdonald	\$712,500	\$500,000	\$1,212,500
Gregory S. Rush	\$353,570	\$300,000	\$653,570
Alistair Macdonald	\$272,658	\$365,000	\$637,658
Christopher L. Gaenzle	\$185,400	\$225,000	\$410,400

Equity Awards. Our equity compensation program aligns executive and stockholder interests by linking a portion of compensation to long-term Company performance. We believe our equity awards incentivize business performance and attract and retain executive talent for the long-term.

During 2014, the Compensation Committee did not have a pre-determined annual equity award policy. As in past years, the Compensation Committee awarded stock options to its NEOs, valued at the amounts shown in the Summary Compensation and the 2014 Grants of Plan-Based Awards tables which follow this CD&A. When granted in 2014, 50% of the stock options time vested incrementally over five years, and 50% vested incrementally subject to the satisfaction of EBITDA performance targets over five years. In connection with the IPO, the Compensation Committee determined our EBITDA performance targets were no longer appropriate and converted the stock options that were performance-based to time-based vesting and over five years.

Benefits Plans. NEOs are eligible to participate in our health and welfare benefits plans under the same rules that apply to other employees, with the exception that Mr. D. J. Macdonald has a \$1,000,000 maximum level of coverage for basic life and basic accidental death and dismemberment instead of the \$250,000 maximum for the general employee body. These higher limits were negotiated between the Company and Mr. D. J. Macdonald when he became CEO. Under the plans, eligible employees of the Company and our U.S. subsidiaries may elect to participate in the following plans:

- ¹ life insurance (including basic and voluntary life, basic and voluntary accidental death and dismemberment)
- ¹ disability (including, short-term disability and long-term disability); and
- ¹ health (including medical, dental and vision).

Mr. A. Macdonald participates in employee benefits plans offered by the Company to all employees in the United Kingdom. The Company's portion of the costs for each NEO's participation in these plans is reported in All Other Compensation in the Summary Compensation Table which follows.

Retirement Plans. NEOs are eligible to participate in our 401(k) retirement plan under the same rules that apply to other employees. Under the plan, eligible employees of the Company and our U.S. subsidiaries may elect to defer a percentage of their compensation each year subject to plan limits and caps imposed by the Internal Revenue Service, or the IRS. Our Company makes matching contributions of \$0.50 on the dollar for the first six percent of participant contributions (for a match of up to three percent of eligible compensation).

We also have a non-qualified deferred compensation plan that enables NEOs and other eligible employees to defer receipt of up to 50% of their base salary and up to 100% of their annual bonus under the MIP during their employment or for certain specified minimum deferral periods. The Company does not make any matching or profit sharing contributions under this plan. Accounts are maintained for participants who elect to

Table of Contents

have their deferrals in a mix of investment options that best suits their goals and risk tolerance. Although we have established a rabbi trust to assist us in meeting our obligations under the plan, account balances under the plan are unsecured under IRS rules and remain part of the Company's general assets until distributed to the participants. The value of a participant's account balance is based solely on the participant's deferrals and the investment return on such deferrals given the performance of the investment options that they select. We do not guarantee any minimum return on those investments. No NEOs participated in the plan in 2014 or have balances from previous years in the plan.

Severance and Change of Control Agreements.

Our NEOs are covered by severance and change of control agreement provisions in their employment agreements which are discussed in the Employment Agreements section of this proxy statement.

Tax and Accounting Considerations

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our Chief Executive Officer and the three other most highly compensated executive officers (excluding our Chief Financial Officer). Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if specified requirements are met. There can be no assurance that compensation attributable to our incentive arrangements will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of our Company and our shareholders.

Employment Agreements

We have entered into employment agreements with each of our NEOs. The material provisions of each such agreement are described below.

Jamie Macdonald, Greg Rush and Chris Gaenzle

In July 2014, we entered into an employment agreement with Jamie Macdonald, our Chief Executive Officer, and Chris Gaenzle, our Chief Administrative Officer, General Counsel and Secretary, and in August 2013, we entered into an employment agreement with Greg Rush, our Executive Vice President and Chief Financial Officer. We refer to each of Messrs. Macdonald, Rush and Gaenzle as an Executive. The agreements are governed by the laws of North Carolina. Under the agreements, we pay the Executives an annual base salary established by our Board or our compensation committee. In 2014, the annual base salaries were \$475,000 for Mr. Macdonald, \$353,570 for Mr. Rush and \$309,000 for Mr. Gaenzle. Our Board will review the Executive's salary from time to time.

Either we or the Executive may terminate the agreements at any time upon 45 days prior written notice, which notice we can shorten in our discretion under Mr. Rush's agreement. We may terminate the Executive's employment immediately by written notice for disability and cause and the Executive may resign by written notice for good reason. Under the agreements, disability means a physical or mental condition that renders the Executive unable to perform the essential functions of the Executive's job, with or without reasonable accommodation, for a continuous period of more than 90 days or for 90 days in any period of 180 consecutive days, and will be determined by a physician satisfactory to us and in accordance with applicable law. Under the agreements, cause means (i) the Executive's breach of any fiduciary duty or legal or contractual obligation to us or our Board, (ii) the Executive's failure to follow the reasonable instructions of our Board (or, in the case of Mr. Rush, his direct supervisor) consistent with the Executive's duties and responsibilities, which breach, if curable, is not cured within 10 business days after notice to the Executive or, if cured, recurs within 180 days, (iii) the Executive's gross negligence, willful misconduct, fraud, insubordination or acts of dishonesty relating to us, or (iv) the Executive's commission of any misdemeanor relating to us or of any felony. Under the agreements, good reason means the occurrence, without the Executive's express written consent, of any of the following: (i) a material reduction in the Executive's base salary or target bonus payout under our management incentive bonus program; (ii) a material adverse change to Executive's title or a material reduction in the Executive's authority, job duties, or responsibilities; (iii) a requirement that the Executive relocate to a principal place of employment more than 50 miles from our offices at 3201 Beechleaf Court, in Raleigh, North Carolina; or (iv) a material breach of the employment agreement by us; provided that, any such event will only constitute good reason if the Executive provides us with written notice of the basis for the good reason within 45 days of our initial actions or inactions giving rise to such good reason and subject to a 30 day cure period.

If we terminate the Executive's employment due to his disability or death, we must pay to him or his estate, in addition to any short- or long-term disability and life benefits to which he is entitled, his Accrued Payments (some of which may be prorated). We must also pay the Executive Accrued Payments if we terminate his employment for cause or the Executive resigns without good reason. Under the agreements, Accrued Payments means (i) any unpaid base salary earned by the Executive as of his termination of employment, (ii) any unpaid amount actually earned and due to the Executive pursuant to our management incentive bonus program, and (iii) any business expenses for which Executive is entitled to reimbursement.

If we terminate the Executive's employment without cause or the Executive resigns for good reason, we must pay him his Accrued Payments. Subject to the Executive's compliance with certain provisions of his

Table of Contents

agreements, we must also pay the Executive his base salary at termination for 18 months for Mr. Macdonald and 12 months for Mr. Rush and Mr. Gaenzle. We also must reimburse the Executive for the entire amount of any premiums paid by the Executive prior to such date necessary to continue COBRA coverage for the Executive and his spouse and eligible dependents and thereafter pay the entire premium necessary to continue such coverage, in each case, until the earlier of (A) 18 months following the termination date, or (B) the date on which the Executive becomes eligible for group health insurance coverage under another employer's plan.

In addition to these payments, if the Executive is terminated without cause or resigns for good reason within 12 months following a Change in Control, we must pay him a lump sum amount equal to 50% of his then current base salary or his target bonus payout under our management incentive bonus program, whichever is higher. Under the agreements, Change in Control means (i) any merger, consolidation, or reorganization involving us, in which, immediately after giving effect to the event, less than 50% of the total voting power of outstanding stock of the surviving or resulting entity is then beneficially owned (within the meaning of Rule 13d-3 of the Exchange Act) in the aggregate by our stockholders immediately prior to such event, (ii) any sale, lease, exchange, or other transfer of all or substantially all of our assets to any other person or entity, (iii) our dissolution or liquidation, (iv) when any person or entity not currently a stockholder acquires or gains control of more than 50% of our outstanding stock, or (v) as a result of or in connection with a contested election of directors, the persons who were our directors cease to constitute a majority of our Board.

The agreements include non-solicitation and non-competition provisions that apply during the Executive's employment and extend for 18 months thereafter for Mr. Macdonald, 12 months thereafter for Mr. Gaenzle and 12 months (non-solicitation) and six months (non-competition) thereafter for Mr. Rush.

Alistair Macdonald

In July 2014, we entered into an employment agreement with Alistair Macdonald, our Chief Operating Officer. The agreement is governed by English law. Under the agreement, we must pay Mr. Macdonald a base salary of GBP 246,841.55 per year, (or U.S. dollars 406,893.61 converted at the average 2014 exchange rate of 1 GBP to 1.6484 U.S. dollars) subject to our Board's annual review.

Either we or Mr. Macdonald may terminate the agreement for any reason upon three months prior written notice. We also can terminate Mr. Macdonald immediately upon written notice by paying him three months of his base salary in lieu of the notice period. This payment is not required if Mr. Macdonald (i) commits any serious breach or repeated or continued breach of his obligations under the agreement, or breaches provisions in the agreement relating to employment activities with other companies, confidentiality, inventions and intellectual property rights, and/or statements he may make about us, (ii) is guilty of conduct tending to bring him or us into disrepute, (iii) becomes bankrupt or had an interim order made against him under applicable insolvency laws or compounded with his creditors generally, (iv) fails to perform his duties to a satisfactory standard, after having received a written warning from us relating to the same, or (v) has been convicted of an offence under any applicable statutory enactment or regulation (other than a traffic offence for which no custodial sentence is given).

If we are wound up for the purposes of reconstruction or amalgamation and, as a result, Mr. Macdonald is terminated or his duties redefined in a manner consistent with his current position or status with us, he will have no claim against us for termination of employment or otherwise as long as he is first offered employment with the resulting company on terms no less favorable to Mr. Macdonald as those in the agreement. If Mr. Macdonald unreasonably refuses such employment or transfer of his agreement to the resulting company, we may terminate his employment.

The agreement includes non-solicitation and non-competition provisions that apply during Mr. Macdonald's employment and extend for 12 months after the earlier of Mr. Macdonald's termination of employment or notice thereof.

Our directors who are employed by us or our subsidiaries do not receive any compensation from us for serving on our Board, although we do, like with other directors, reimburse their reasonable expenses incurred in connection with serving on our Board, including documented travel expenses to attend meetings. Currently, our only director employed by us is Jamie Macdonald. Prior to our IPO, we paid some of our other directors, namely Messrs. Bannon, Breckon and Harwood, an annual retention fee of \$50,000 in cash, in addition to reimbursing their expenses as we did all directors.

Following the consummation of our IPO, each non-employee member of our Board (other than the current Chair of our Board) is entitled to receive compensation for their services as a director through cash Board fees of \$50,000 per year, and annual equity awards with an aggregate value per director of \$100,000 commencing at our 2015 annual stockholders meeting. The chair of the Board will receive an annual cash fee of \$100,000. Each of the members (other than the chair) of our audit committee, compensation committee and nominating and governance committee will also receive an annual cash fee of \$10,000, \$7,500 and \$5,000, respectively. We will pay additional annual fees of \$20,000 to the audit committee chair, \$15,000 to the compensation committee chair and \$10,000 to the nominating and governance committee chair. All of these cash fees will be paid in quarterly installments. We will also continue to reimburse directors for reasonable out-of-pocket expenses incurred in connection with serving as directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our compensation committee consists of Messrs. Woodward (Chair) and Burgstahler. None of our executive officers serves as a member of the board of directors or compensation committee (or other committee performing equivalent functions) of another entity that has one or more executive officers serving on our Board or compensation committee. No interlocking relationship exists between any member of the Board or any member of the compensation committee (or other committee performing equivalent functions) of any other company.

TRANSACTIONS WITH RELATED PERSONS

Set forth below is a description of certain relationships and related person transactions between us or our subsidiaries on the one hand, and any of our directors, executive officers and holders of more than 5% of our voting securities on the other hand. We believe that all of the following transactions were entered into with terms as favorable as could have been obtained from unaffiliated third parties.

Second Amended and Restated Stockholders Agreement

On November 6, 2014, in connection with our IPO, we entered into a Second Amended and Restated Stockholders Agreement with affiliates of our Sponsors, as well as our management investors. The Stockholders Agreement provides that each Sponsor will have the right to elect (i) two directors to our Board for so long as it owns at least 15% of our outstanding shares of Class A common stock and Class B common stock, and (ii) one director each for so long as it holds less than 15% but at least 5% of our outstanding shares of Class A common stock and Class B common stock. Furthermore, each Sponsor must vote all its stock to ensure the composition of our Board as set forth above, for so long as it owns at least 5% of our outstanding shares of common stock.

In addition, the Stockholders Agreement provides that for so long as the Sponsors collectively own at least 50% of our outstanding shares of Class A common stock and Class B common stock the consent of each Sponsor holding at least 15% will be required for us to:

- ¹ acquire or divest assets for more than \$75,000,000;
- ¹ enter into joint venture, investment or similar arrangements involving more than \$75,000,000; or
- ¹ appoint or dismiss our Chief Executive Officer.

The Stockholders Agreement also provides customary information rights and registration rights, as described under Registration Rights below. The Stockholders Agreement restricts the ability of management stockholders to transfer shares of our Class A common stock that they own, including provisions that only allow them to transfer shares in proportion with any transfers by the Sponsors, until the Sponsors have sold at least 50% of the common stock they owned immediately prior to our IPO. Subject to certain exceptions, the Stockholders Agreement will terminate at such time as there are no remaining Registrable Securities (as defined in the Stockholders Agreement).

Advisory Services and Monitoring Agreement

On September 27, 2010, we entered into an Advisory Services and Monitoring Agreement with Avista, pursuant to which Avista agreed to provide advisory and monitoring services to us and our subsidiaries, for a fee. Additionally, upon any transaction entered into by us or our subsidiaries in which Avista provided advice and assistance, Avista was entitled to receive reasonable and customary advisory fees. For the year ended December 31, 2014, Avista received \$375,000 of advisory fees pursuant to the Advisory Services Agreement. Upon consummation of our IPO in

November 2014, we terminated the Advisory Services Agreement and paid Avista a termination fee of \$3,375,000, which represents the fee payable for the remainder of the term of the Advisory Services Agreement prior to its termination.

Class C Dividend Agreement

On September 27, 2010, we entered into a letter agreement with affiliates of Teachers, pursuant to which we agreed to declare a quarterly dividend in respect of Teachers' Class C common stock, and to declare a special dividend in respect of Teachers' Class C common stock related to certain transactions. During the year ended December 31, 2014 we paid dividends of \$375,000 in respect of Teachers' Class C common stock pursuant to this agreement. The agreement was terminated simultaneously with the Advisory Services Agreement upon consummation of our IPO in November 2014. In connection with that termination, we redeemed our outstanding Class C common stock, all of which is held by Teachers, for \$3,375,000.

Expense Reimbursement Agreement

On September 27, 2010, we entered into a letter agreement with the Sponsors pursuant to which we agreed to reimburse them for all reasonable out-of-pocket costs, fees and expenses incurred by or on behalf of the Sponsors in connection with their investment in us. For the year ended December 31, 2014, we reimbursed the Sponsors for \$73,764 under this agreement. We terminated this agreement in connection with the consummation of our IPO in November 2014.

Registration Rights

Pursuant to the Stockholders' Agreement, the Sponsors are required to create a coordination committee made up of one representative from each Sponsor to facilitate sales of our stock by the Sponsors in the first year following our IPO. Each Sponsor must consult with the coordination committee prior to entering into any definitive sale agreement with respect to any shares of our stock.

The Stockholders' Agreement includes (i) demand registration rights following the 6-month anniversary of our initial IPO for Sponsors holding certain qualifying shares of our stock, or Registrable Securities, (ii) piggy-back registration rights for Sponsors and management stockholders holding Registrable Securities, and (iii) shelf demand registration rights following the 12-month anniversary of our IPO for Sponsors holding more than 10% of the then outstanding Registrable Securities. The Sponsors must coordinate in connection with any sale pursuant to a shelf registration, including giving the non-initiating Sponsor two business days to elect to participate on the same terms. Management stockholders have no piggy-back rights with respect to sales by a Sponsor pursuant to a shelf registration. We are responsible for fees and expenses in connection with the Sponsors' registration rights, other than underwriters discounts and brokers' commissions.

In addition, for so long as either Sponsor holds more than 5% of our common stock, a Sponsor wishing to sell shares of our common stock pursuant to Rule 144 under the Securities Act must consult with the other Sponsor and afford such Sponsor the opportunity to participate in any such Rule 144 sale on a pro rata basis.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. These agreements, among other things, require us to indemnify each director to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts incurred by the director in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a director or executive officer, as applicable.

- 1 any immediate family member of any such person.

Our compliance director is primarily responsible for the development and implementation of processes and controls to obtain information from our directors and executive officers with respect to related party transactions and for determining, based on the facts and circumstances, whether we or a related person have a direct or indirect material interest in the transaction.

As set forth in the related person transaction policy, in the course of its review and approval or ratification of a related party transaction, the committee will consider:

- 1 the position within or relationship of the related person to us;
- 1 the materiality of the transaction to the related person and us, including the dollar value of the transaction, without regard to profit or loss;
- 1 the business purpose for and reasonableness of the transaction (including the anticipated profit or loss from the transaction), taken in the context of the alternatives available to us for attaining the purposes of the transaction;
- 1 whether the transaction is comparable to a transaction that could be available on an arms-length basis or is on terms that we offer generally to persons who are not related persons;
- 1 whether the transaction is in the ordinary course of our business and was proposed and considered in the ordinary course of business; and
- 1 the effect of the transaction on our business and operations, including on our internal control over financial reporting and system of disclosure controls or procedures, and any additional conditions or controls (including reporting and review requirements) that should be applied to such transaction.

Any member of the audit committee who is a related person with respect to a transaction under review will not be permitted to participate in the discussions or approval or ratification of the transaction. However, such member of the audit committee will provide all material information concerning the transaction to the audit committee.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

The SEC has adopted rules that permit companies to deliver a single Notice of Internet Availability or a single copy of proxy materials to multiple stockholders sharing an address unless a company has received contrary instructions from one or more of the stockholders at that address.
