PROXY STATEMENT

FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS

JUNE 10, 2015

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet or a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials to our stockholders over the internet. Accordingly, we are sending by mail only a Notice of Internet Availability of Proxy Materials, or the Notice, to certain of our stockholders of record and posting our proxy materials online at www.proxyvote.com. In addition, certain of our stockholders who previously requested to receive paper copies of our proxy materials instead of a Notice will be furnished a full set of proxy materials in the mail instead of the Notice. We intend to mail the full sets of proxy materials to the stockholders described in the previous sentence on or about April 30, 2015.

The Notice contains only an overview of the complete proxy materials available. Stockholders are encouraged to access and review all the proxy materials on the website referred to in the Notice or request a paper or electronic copy of the full set of the proxy materials for review prior to voting. Instructions on how to access the proxy materials over the internet or to request a paper or electronic copy of the full set of the proxy materials may be found in the Notice. We intend to mail the Notice on or about April 30, 2015 to all stockholders of record as of April 15, 2015.

If I received a Notice, will I receive any proxy materials by mail other than the Notice?

No. If you received a Notice, you will not receive any other proxy materials by mail unless you request a paper or electronic copy of the proxy materials. To request that a full set of the proxy materials be sent to your specified postal or email address, please go to www.proxyvote.com or call 1-800-579-1639. Please have your proxy card in hand when you access the website or call and follow the instructions provided. You may also request a full set of the proxy materials by sending an email, referencing the control number set forth in the Notice, to sendmaterial@proxyvote.com.

How do I attend the annual meeting?

The annual meeting will be held on Wednesday, June 10, 2015 at 9:00 a.m. local time at our principal executive offices located at 2550 Stanwell Dr., Concord, CA 94520. Directions to the annual meeting may be found at <http://www.cerus.com/About-Cerus/map-and-directions-usa/default.aspx>. Information on how to vote in person at the annual meeting is discussed below.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 15, 2015 are entitled to vote at the annual meeting. On this record date, there were 95,415,589 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 15, 2015 your shares were registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to vote

Table of Contents

by proxy over the telephone or on the internet as instructed below, or if you request a printed copy of the proxy materials, we urge you to vote by returning your proxy card to ensure your vote is counted. If you submit your proxy telephonically or over the internet, you must vote no later than 11:59 p.m. Eastern Time on June 9, 2015.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 15, 2015 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and the Notice or the full set of proxy materials, as applicable, will be forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are five matters scheduled for a vote:

Proposal No. 1: Election of two directors;

Proposal No. 2: Approval of an amendment and restatement of the Company's 2008 Equity Incentive Plan (the 2008 Plan) to increase the aggregate number of shares of common stock authorized for issuance thereunder by 5,000,000 shares and to make certain other changes thereto as described in this proxy statement;

Proposal No. 3: Approval of an amendment and restatement of the Company's 1996 Employee Stock Purchase Plan (the ESPP) to increase the aggregate number of shares of common stock authorized for issuance thereunder by 1,500,000 shares;

Proposal No. 4: Advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement in accordance with SEC rules; and

Proposal No. 5: Ratification of the selection by the Audit Committee of the Board of Directors, or the Board, of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

What if another matter is properly brought before the annual meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote For all of the nominees to the Board or you may Withhold your vote for all nominees or for any individual nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy over the telephone, vote by proxy through the internet or vote by proxy using a proxy card that you may request or that was delivered to you. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person even if you

have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

Table of Contents

To vote using the proxy card, simply complete, sign and date the proxy card that you may request or that was delivered to you, and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice or the full set of proxy materials. Your vote must be received by 11:59 p.m., Eastern Time on June 9, 2015 to be counted.

To vote through the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice or the full set of proxy materials. Your vote must be received by 11:59 p.m. Eastern Time on June 9, 2015 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice or the full set of proxy materials containing voting instructions from that organization rather than from us. Simply follow the voting instructions in the Notice or the full set of proxy materials to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of April 15, 2015.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing a proxy card or you do not vote by telephone, through the internet or in person at the annual meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the New York Stock Exchange, or the NYSE, deems the particular proposal to be a routine matter. Brokers and nominees can use their discretion to vote uninstructed shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the NYSE, non-routine matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. When a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the

Table of Contents

shares as to how to vote on matters deemed by the NYSE to be non-routine, the broker or nominee cannot vote the shares. These un-voted shares are counted as broker non-votes. In this regard, the election of directors (Proposal No. 1), the amendment and restatement of the 2008 Plan (Proposal No. 2), the amendment and restatement of the ESPP (Proposal No. 3) and the advisory approval of the compensation of our named executive officers (Proposal No. 4) are matters considered non-routine under applicable NYSE rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore we expect broker non-votes on Proposals Nos. 1, 2, 3 and 4. Accordingly, if you own shares through a broker or nominee, please be sure to instruct your broker or nominee how to vote to ensure that your vote is counted on all of the proposals.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections or if you indicate when voting on the internet or by telephone that you wish to vote as recommended by the Board, then your shares will be voted, as applicable, For the election of both nominees for director named herein to the Board to hold office until the 2018 Annual Meeting of Stockholders; For the approval of the amendment and restatement of the 2008 Plan; For the approval of the amendment and restatement of the ESPP; For advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement; and For the ratification of the selection by the Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015 (each as further described in this Proxy Statement). If any other matter is properly presented at the annual meeting, your proxyholder (one of the individuals identified on the proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. We estimate that we will pay Alliance Advisors, LLC, our proxy solicitor, a fee of approximately \$7,000, plus reimbursement of out-of-pocket expenses, which we estimate to be no more than \$2,500 to solicit proxies. The actual costs of this proxy solicitation process could be lower or higher than our estimate. In addition to these written proxy materials, our proxy solicitor, directors and employees may also solicit proxies in person, by telephone or by other means of communication; however, our directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice or more than one set of proxy materials?

If you receive more than one Notice or more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions for each Notice or set of proxy materials that you receive to ensure that all of your shares are voted.

Can I change or revoke my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy and change your vote at any time before the final vote at the annual meeting. If you are the record holder of your shares, you may revoke your proxy and change your vote in any one of the following ways, regardless of how you previously voted:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy by telephone or through the internet.

You may send a timely written notice that you are revoking your proxy to our Corporate Secretary at 2550 Stanwell Drive, Concord, California 94520.

You may attend the annual meeting and vote in person. Simply attending the annual meeting will not, by itself, revoke your proxy.

Edgar Filing: CERUS CORP - Form DEF 14A

Your most current proxy card or telephone or internet proxy is the one that is counted.

Table of Contents

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions to change or revoke your vote provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

Our stockholders may submit proposals on matters appropriate for stockholder action at annual stockholder meetings in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, or the 1934 Act. For such proposals to be included in our proxy materials relating to our 2016 Annual Meeting of Stockholders, all applicable requirements of Rule 14a-8 must be satisfied and your proposal must be submitted in writing by January 1, 2016 to our Corporate Secretary at 2550 Stanwell Drive, Concord, California 94520. However, if our 2016 Annual Meeting of Stockholders is not held between May 11, 2016 and July 10, 2016, then the deadline will be a reasonable time prior to the time that we begin to print and mail our proxy materials.

Pursuant to our bylaws, if you wish to submit a proposal or nominate a director at our 2016 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must submit your proposal in writing to our Corporate Secretary at 2550 Stanwell Drive, Concord, California 94520 by no earlier than the close of business on March 12, 2016 and no later than the close of business on April 11, 2016. However, if our 2016 Annual Meeting of Stockholders is not held between May 11, 2016 and July 10, 2016, then you must notify our Corporate Secretary, in writing, no earlier than the close of business on the 90th day prior to the date of the 2016 Annual Meeting of Stockholders and no later than the close of business on the later of (i) the 60th day prior to the date of the 2016 Annual Meeting of Stockholders, or (ii) if we publicly announce the date of the 2016 Annual Meeting of Stockholders fewer than 70 days prior to the date of the 2016 Annual Meeting of Stockholders, the 10th day following the day that we first make a public announcement of the date of the 2016 Annual Meeting of Stockholders. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. The chair of the 2016 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the annual meeting and, therefore, may not be considered at the annual meeting. In addition, if you do not also comply with the requirements of the 1934 Act, our management will have discretionary authority to vote all shares for which we have proxies in opposition to any such stockholder proposal or director nomination.

How are votes counted?

Votes will be counted by the inspector of election appointed for the annual meeting, who will separately count, for the proposal to elect directors, votes For, Withhold and broker non-votes and, with respect to the other proposals, votes For, Against, abstentions and broker non-votes. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the annual meeting. However, abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect with respect to any of the proposals.

How many votes are needed to approve each proposal?

For the election of directors, the two nominees receiving the highest number of For votes (from the holders of shares present in person or represented by proxy and entitled to vote) will be elected as directors. Only votes For or Withhold will affect the outcome.

To be approved, Proposal No. 2, approval of an amendment and restatement of the 2008 Plan to increase the aggregate number of shares of common stock authorized for issuance thereunder by 5,000,000 shares and to make certain other changes thereto as described in this proxy statement, must receive For votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting.

Table of Contents

Proposal No. 3, approval of an amendment and restatement of the ESPP to increase the aggregate number of shares of common stock authorized for issuance thereunder by 1,500,000 shares, must receive For votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting.

Proposal No. 4, advisory approval of the compensation of our named executive officers as disclosed in this proxy statement, will be considered to be approved if it receives For votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting.

To be approved, Proposal No. 5, the ratification of the selection by the Audit Committee of the Board of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015, must receive For votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the annual meeting in person or represented by proxy. On the record date, there were 95,415,589 shares outstanding and entitled to vote. Thus, the holders of 47,707,795 shares must be present in person or represented by proxy at the annual meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or vote over the telephone or on the internet, or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chair of the annual meeting or the holders of a majority of shares present at the annual meeting in person or represented by proxy may adjourn the annual meeting to another date.

What proxy materials are available on the internet?

Our proxy statement and annual report to stockholders are available at www.proxyvote.com.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

This Proposal No. 1 is to elect the two nominees for director named herein to the Board. The Board is divided into three classes and each class has a three-year term. Vacancies on the Board may be filled by a majority of the remaining directors, unless the Board determines by resolution that a vacancy be filled by our stockholders. A director elected by the Board to fill a vacancy in a class, including a vacancy created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is elected and qualified.

The Board presently has seven members. There are two directors in the class whose term of office expires at the annual meeting. Proxies will not be voted for a greater number of persons than the two nominees named below. Of the two nominees listed below, only Mr. Swisher was previously elected as a director of Cerus by our stockholders. The board elected Dr. Witney to the Board in March 2014 upon the recommendation of the Nominating and Corporate Governance Committee based on its review of his qualifications and experience. Dr. Witney was initially identified by a search firm as part of an extensive external search process. If elected at the annual meeting, each of these nominees would serve until the 2018 annual meeting and until his successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. It is our policy to invite directors and nominees for director to attend our annual meetings of stockholders. In 2014, Messrs. Cozadd and Greenman attended our annual meeting of stockholders.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The two nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of both of the nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, the proxies will be voted for the election of a substitute nominee or nominees proposed by our Nominating and Corporate Governance Committee. Each nominee for election has consented to being named as a nominee in this proxy statement and has agreed to serve if elected. Our management has no reason to believe that any of these nominees will be unable to serve.

The Nominating and Corporate Governance Committee seeks to assemble a board that, as a whole, possesses the appropriate balance of professional and industry knowledge, financial expertise and high-level management experience necessary to oversee and direct our business. To that end, the Nominating and Corporate Governance Committee has identified and evaluated the nominees in the broader context of the Board's overall composition, with the goal of recruiting members who complement and strengthen the skills of other members and who also exhibit integrity, collegiality, sound business judgment and other qualities that the Nominating and Corporate Governance Committee views as critical to the effective functioning of the Board. The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each director nominee that led the Nominating and Corporate Governance Committee and the Board to believe that such director nominee should continue to serve on the Board. However, each member of the Nominating and Corporate Governance Committee and the Board may have a variety of reasons why he or she believes a particular person would be an appropriate nominee for the Board, and these views may differ from the views of the other members.

NOMINEES FOR ELECTION FOR A THREE YEAR TERM EXPIRING AT THE 2018 ANNUAL MEETING

Daniel N. Swisher Jr., 52, has served as a member of our Board since June 2011 and has served as Chair of the Board since October 2013. The Nominating and Corporate Governance Committee and the Board concluded that Mr. Swisher continues to be a valuable member of the Board in part due to his extensive financial management expertise as the former Chief Financial Officer of Sunesis Pharmaceuticals, Inc., or Sunesis, and his industry expertise as the current President and Chief Executive Officer of Sunesis. Mr. Swisher has served as the Chief Executive Officer of Sunesis and a member of its board of directors since January 2004 and as its President since August 2005. From December 2001 to December 2003, he served as the Chief Business Officer and Chief

Table of Contents

Financial Officer of Sunesis. From June 1992 to September 2001, Mr. Swisher served in various management roles, including Senior Vice President of Sales and Marketing, for ALZA Corporation. Mr. Swisher holds a B.A. from Yale University and an M.B.A. from the Stanford Graduate School of Business.

Frank Witney, Ph.D., 61, has served as a member of the Board since March 2014. The Nominating and Corporate Governance Committee recommended, and the Board approved, Dr. Witney's appointment to the Board, filling the vacancy left by our former director and Chair of the Board, B.J. Cassin, in part due to his extensive experience in the life science industry, his expertise in corporate strategy and the commercialization of products, and the depth of his scientific background. Dr. Witney has served as President, Chief Executive Officer and a director of Affymetrix, Inc., a provider of life science products and molecular diagnostic products, since July 2011. Dr. Witney served as President and Chief Executive Officer of Dionex Corporation, a provider of analytical instrumentation and related accessories and chemicals, from April 2009 until its acquisition by Thermo Fisher Scientific, Inc. in May 2011. Between December 2008 and April 2009, Dr. Witney served as Affymetrix's Executive Vice President and Chief Commercial Officer. Prior to that, Dr. Witney served as President and Chief Executive Officer of Panomics, Inc. from July 2002 to December 2008. Dr. Witney was a post-doctoral fellow at the National Institutes of Health and holds a Ph.D. in Molecular and Cellular Biology and an M.S. in Microbiology from Indiana University, and B.S. in Microbiology from the University of Illinois.

THE BOARD OF DIRECTORS RECOMMENDS**A VOTE IN FAVOR OF EACH NAMED NOMINEE.****DIRECTORS CONTINUING IN OFFICE UNTIL THE 2016 ANNUAL MEETING**

Dr. Laurence M. Corash, 71, one of our co-founders, has served as a member of our Board since December 2002. The Nominating and Corporate Governance Committee and the Board concluded that Dr. Corash continues to be a valuable member of the Board in part due to his extensive knowledge of us, having been a director since 2002, which brings historic knowledge and continuity to the Board. The Board also considered his scientific expertise obtained from almost 30 years as an M.D. in the field of hematology, which is relevant to our pathogen reduction technology for blood products. Dr. Corash has been our Senior Vice President and Chief Medical and Chief Scientific Officer since July 2009. Previously, he had been our Senior Vice President and Chief Medical Officer since March 2008. Prior to that, he had been our Vice President, Medical Affairs since July 1996 and Director of Medical Affairs from July 1994. Dr. Corash was a consultant to us from 1991 until 1994, when he joined us as Director, Medical Affairs. Dr. Corash has been a Professor of Laboratory Medicine at the University of California, San Francisco since July 1985. He was the Chief of the Hematology Laboratory for the Medical Center at the University of California, San Francisco from 1982 to 1997. From February 1990 to July 1994, Dr. Corash was a member of the FDA Advisory Panel for Hematology Devices. From 2008 until 2011, Dr. Corash served as the industry representative on the Department of Health and Human Services' Advisory Committee on Blood Safety and Availability.

Gail Schulze, 63, has served as a member of our Board since 2007. The Nominating and Corporate Governance Committee and the Board concluded that Ms. Schulze continues to be a valuable member of the Board in part due to her extensive experience in executive roles in both large and small life sciences organizations at various stages of development. From May 2008 until June 2012, she was the Chief Executive Officer and Chairman of the Board of Directors of Zosano Pharma, a private biopharmaceutical company. From May 2006 to March 2007, she was the Chief Executive Officer and a director of YM Biosciences US and President, YM Biosciences, Inc., a global biopharmaceutical organization with three late-stage oncology programs. Prior to joining YM Biosciences in 2006, she was President, Chief Executive Officer and director of Eximias Pharmaceutical Corporation, also a late-stage biopharmaceutical company focused on oncology. From 2001 to 2004, Ms. Schulze was Chief Operating Officer and Deputy Chief Executive Officer of Aventis Behring LLC, a fully independent biologics subsidiary of Aventis, and from 1997 to 2001, she was Senior Executive Vice President and Chief Commercial Officer. From 1995 to 1997, she was Corporate Vice President of Allegiance Healthcare Corporation, where she led the creation and management of the Cost Management Services group of

divisions. From 1979 to 1995, Ms. Schulze held multiple positions within Baxter Healthcare Corporation focused on the global development and commercialization of chronic therapies, most recently as President of the US Managed Care division and President of Renal Division Europe. Ms. Schulze has served on multiple private and public boards. DIRECTORS CONTINUING IN OFFICE UNTIL THE 2017 ANNUAL MEETING

Timothy B. Anderson, 68, has served as a member of our Board since 2003. The Nominating and Corporate Governance Committee and the Board concluded that Mr. Anderson should continue to serve as a member of the Board in part due to his extensive knowledge of us, having been a director since 2003, which brings historic knowledge and continuity to the Board. The Board also considered his operational and global industry experience obtained from his many years as an executive with Baxter International. Mr. Anderson was Senior Vice President of Strategy and Business Development of Baxter International, Inc., a pharmaceutical company, from 1999 until 2002, and held various management positions at Baxter International from 1992 until 1999, including President, Biotech Group from 1992 until 1997, Group Vice President from 1993 until 1997 and Chairman, Baxter Europe from 1997 until 1999. From 2006 until 2010, Mr. Anderson served as a member of the board of directors of Puricore Public Limited Company.

Bruce C. Cozadd, 51, has served as a member of our Board since November 2001. The Nominating and Corporate Governance Committee and the Board concluded that Mr. Cozadd should continue to serve as a member of the Board in part due to his extensive financial management expertise as the former Chief Financial Officer of ALZA Corporation and his industry expertise as the Chairman and Chief Executive Officer of Jazz Pharmaceuticals plc. This expertise has also led the Board to determine that he is an audit committee financial expert as defined by the SEC. The Board also believes that because Mr. Cozadd has been a director since 2001, he brings historic knowledge and continuity to the Board. Mr. Cozadd is a co-founder of Jazz Pharmaceuticals, Inc. and has served as its Chairman and Chief Executive Officer since April 2009. In January 2012, Mr. Cozadd became the Chairman and Chief Executive Officer of Jazz Pharmaceuticals plc, the successor to Jazz Pharmaceuticals, Inc. From 1991 until 2001, he held various positions with ALZA Corporation, a pharmaceutical company now owned by Johnson & Johnson, most recently as its Executive Vice President and Chief Operating Officer, with responsibility for research and development, manufacturing and sales and marketing and prior to that as Chief Financial Officer and Vice President, Corporate Planning and Analysis. Previously, Mr. Cozadd was a member of the health care investment banking team at Smith Barney, Harris Upham & Co. He serves on the boards of Jazz Pharmaceuticals plc, Threshold Pharmaceuticals, Inc., a biotechnology company, and The Nueva School, a non-profit organization. He received a B.S. in molecular biophysics & biochemistry and economics from Yale University and an M.B.A. from the Stanford Graduate School of Business.

William M. Greenman, 48, has served our President and Chief Executive Officer and a member of our Board since April 2011. The Nominating and Corporate Governance and the Board concluded that Mr. Greenman should continue to serve as a member of the Board in part due to his extensive knowledge of our day-to-day operations obtained by virtue of his role as President and Chief Executive Officer. In addition, as a result of his various executive roles at Cerus over the last nineteen years, Mr. Greenman has a broad depth of experience and historical knowledge regarding Cerus' clinical, commercial and regulatory pathways. Mr. Greenman served as our Senior Vice President, Business Development and Marketing from August 2008 until April 2011 and was named our Chief Business Officer in April 2010. Mr. Greenman served as our President, Cerus Europe, from 2006 until August 2008. INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

The NASDAQ Stock Market, or NASDAQ, listing standards require that a majority of the members of a listed company's board of directors qualify as independent, as affirmatively determined by the Board. The Board consults with our counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in applicable NASDAQ listing standards, as in effect from time to time.

Consistent with these considerations, after its review to determine if there were any relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent registered public accounting firm, the Board has affirmatively determined that the following five current directors are independent directors within the meaning of the applicable NASDAQ listing standards: Ms. Schulze, Dr. Witney and Messrs. Anderson, Cozadd, and Swisher. In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with us. Mr. Greenman, our President and Chief Executive Officer, and Dr. Corash, our Senior Vice President and Chief Medical and Chief Scientific Officer, are not independent directors by virtue of their employment with us.

BOARD LEADERSHIP STRUCTURE

The Board has an independent chair, Mr. Swisher, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board.

We believe that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of our business and affairs. In addition, we believe that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in our best interests and the best interests of our stockholders. As a result, we believe that having an independent Board Chair can enhance the effectiveness of the Board as a whole.

ROLE OF THE BOARD IN RISK OVERSIGHT

Our management team is responsible for identifying and reviewing risks facing us, including, without limitation, strategic, operational, financial and regulatory risks and generally meets on a weekly basis as part of such responsibility to review and discuss our risk exposure on a day-to-day basis. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with securities and financial regulations, in addition to oversight of the performance of our internal audit function. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. To the extent any risks identified by each standing committee of the Board are material to our strategic, operational, financial or regulatory matters or otherwise merit discussion by the whole Board, the respective committee chair will raise those risks at the next scheduled meeting of the Board. Typically, the Audit Committee meets at least quarterly to review our major financial risk exposures in connection with various matters, including the filing of our annual and quarterly reports with the SEC. The other committees of the Board meet at least annually to review and

Table of Contents

discuss each committee's respective areas of oversight and related risk exposures in such areas. The Board and its committees periodically receive risk management updates through monthly business reports provided by management and discussed at meetings of the Board or its committees throughout the year. Following consideration of the information provided by management, the Board provides feedback and makes recommendations, as needed, to help minimize our risk exposure.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met five times during 2014. Each Board member attended 75% or more of the aggregate number of the meetings held by the Board and of the committees on which he or she served that were held in 2014.

As required under applicable NASDAQ listing standards, in 2014, our independent directors met five times in regularly scheduled executive sessions at which only independent directors were present.

Below is a description of each standing committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that each member of each committee meets the applicable NASDAQ and SEC rules and regulations regarding independence and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to us.

Audit Committee

The Audit Committee was established by the Board in accordance with Section 3(a)(58)(A) of the 1934 Act to oversee our corporate accounting and financial reporting processes and audits of our financial statements. The Audit Committee: evaluates the performance of and assesses the qualifications of the independent registered public accounting firm; reviews the relationships between us and any prospective independent registered public accounting firm that may bear on independence and discusses those relationships with the prospective independent registered public accounting firm; determines and approves the engagement of the independent registered public accounting firm; determines whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm; reviews and approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on our audit engagement team as required by law; confers with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints we receive

regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviews the financial statements to be included in our annual report on Form 10-K; discusses with management and the independent registered public accounting firm the results of the annual audit and the results of our quarterly financial statements; annually discusses with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board; reviews the results of management's efforts to monitor compliance with our programs and policies designed to ensure adherence to applicable laws and rules, as well as to our Code of Business Conduct and Ethics, including review and approval of related-party transactions, and reviews and discusses with management and the independent registered public accounting firm our disclosures under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations" in periodic reports filed with the SEC. The Audit Committee also performs those specific functions as set forth above under the heading "Role of the Board in Risk Oversight."

The Audit Committee is currently composed of three directors: Messrs. Anderson, Cozadd (Chair) and Swisher, all of whom were on the Audit Committee for all of 2014. The Audit Committee met four times during the fiscal year. The Audit Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled "Investors" at "Corporate Governance."

The Board reviews the NASDAQ listing standards and applicable definitions of independence for Audit Committee members on an annual basis and has determined that all members of our Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards).

The Board has also determined that each member of the Audit Committee qualifies as an "audit committee financial expert," as defined in applicable rules and regulations promulgated by the SEC and satisfied the financial sophistication requirements of the NASDAQ listing standards. The Board made a qualitative assessment of Mr. Anderson's level of knowledge and experience based on a number of factors, including his formal education and his service in executive capacities having financial oversight responsibilities. These positions include various management positions at Baxter International, Inc., pursuant to which Mr. Anderson has experience actively supervising the preparation of financial reports. The Board made a qualitative assessment of Mr. Cozadd's level of knowledge and experience based on a number of factors, including his formal education and his service in executive capacities having financial oversight responsibilities. These positions include various management positions at ALZA Corporation, Jazz Pharmaceuticals, Inc. and Jazz Pharmaceuticals plc, pursuant to which Mr. Cozadd has experience supervising the preparation of financial reports. The Board made a qualitative assessment of Mr. Swisher's level of knowledge and experience based on a number of factors, including his formal education and his service in executive capacities having financial oversight responsibilities. These positions include his current role as President and Chief Executive Officer, as well as his prior role as Chief Financial Officer, at Sunesis Pharmaceuticals, pursuant to which Mr. Swisher has experience supervising the preparation of financial reports. For further information on the experience of Messrs. Anderson, Cozadd and Swisher, please see their biographies under "Proposal No. 1 Election of Directors."

Report of the Audit Committee¹

Our management has primary responsibility for preparing our financial statements and establishing the financial reporting process. Our independent registered public accounting firm is responsible for performing an audit of our financial statements and expressing an opinion as to the conformity of such financial statements with United States generally accepted accounting principles.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2014 with our management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board, or PCAOB. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants' Communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm, the accounting firm's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

Audit Committee:

Mr. Bruce C. Cozadd

Mr. Timothy B. Anderson

Mr. Daniel N. Swisher, Jr.

Compensation Committee

The Compensation Committee is currently composed of three directors: Mr. Cozadd, Ms. Schulze (Chair) and Dr. Witney. Mr. Cozadd and Ms. Schulze were on the Compensation Committee for all of 2014. Dr. Witney was elected to the Board effective March 24, 2014, and was appointed to the Compensation Committee at that time. All members of our Compensation Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). In addition, in determining whether Mr. Cozadd, Ms. Schulze and Dr. Witney are independent within the meaning of the NASDAQ listing standards pertaining to membership of the Compensation Committee, our Board determined, based on its consideration of factors specifically relevant to determining whether any such director has a relationship to us that is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, that no member of the Compensation Committee has a relationship that would impair that member's ability to make independent judgments about our executive compensation. The Compensation Committee met two times during the 2014 fiscal year. The Compensation Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled "Investors" at Corporate Governance.

The Compensation Committee acts on behalf of the Board to review, adopt and oversee our compensation strategy, policies, plans and programs including: establishment of corporate objectives relevant to the compensation of our executive officers and other senior management and evaluation of performance in light of these stated objectives; review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements of our chief executive officer and the other executive officers; and administration of our equity compensation plans, pension and profit-sharing plans, deferred compensation plans and other similar plan and programs. The Compensation Committee also performs those specific functions as set forth above under the heading "Role of The Board in Risk Oversight." Under its charter,

the Compensation Committee may form and delegate authority to subcommittees as appropriate, including, but not limited to, a subcommittee composed of one or more members of the Board, to grant stock awards under our equity incentive plans to persons who are not (i) Covered Employees as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended from time to time, or the Code; (ii) individuals with respect to whom we wish to comply with Section 162(m) or (iii) then subject to Section 16 of the 1934 Act.

Under its charter, the Compensation Committee has the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties, and has the sole authority to approve the reasonable fees and the other terms and conditions of the engagement of any such adviser. We must provide for appropriate funding, as determined by the Compensation Committee, for the payment of compensation to any such adviser. In this regard, the Compensation Committee engaged Radford, an AON Hewitt Consulting Company, or Radford Consulting, as a compensation consultant since August 2010, as described in greater detail under the Compensation Discussion and Analysis section of this Proxy Statement. In March 2015, the Compensation Committee analyzed whether the work of Radford Consulting as a compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Radford Consulting; (ii) the amount of fees from our company paid to Radford Consulting as a percentage of the firm's total revenue; (iii) Radford Consulting's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Radford Consulting or the individual compensation advisors employed by the firm with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of our company owned by the individual compensation advisors employed by the firm. The Compensation Committee determined, based on its analysis of the above factors, that the work of Radford Consulting and the individual compensation advisors employed by Radford as compensation consultants to our company has not created any conflict of interest. The Compensation Committee intends to continue to assess the independence of any of our compensation advisers by reference to the foregoing factors, consistent with applicable NASDAQ listing standards.

For additional information on the specific processes, procedures and determinations of the Compensation Committee with respect to executive compensation for 2014, including the roles of executive officers and Radford Consulting in determining the amount and form of executive compensation, please refer to the Compensation Discussion and Analysis section of this Proxy Statement.

With respect to director compensation matters, the Compensation Committee determines and sets non-employee director compensation in the manner more fully described under the section of this Proxy Statement entitled Director Compensation.

Compensation Committee Interlocks and Insider Participation

As noted above, our Compensation Committee currently consists of Mr. Cozadd, Ms. Schulze and Dr. Witney, with Mr. Cozadd and Ms. Schulze serving on our Compensation Committee for all of 2014 and Dr. Witney serving on our Compensation Committee since March 2014. No member of the Compensation Committee is or has ever been one of our officers or employees. None of our executive officers has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Compensation Committee, nor has such a relationship existed in the past.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for identifying, reviewing and evaluating candidates to serve as directors; reviewing, evaluating and considering the recommendation for nomination of incumbent directors; recommending to the Board candidates for election to the Board; considering recommendations for Board nominees and proposals submitted by our stockholders; making recommendations regarding the membership of the committees of the Board; assessing the performance of the Board; overseeing all aspects of our corporate governance functions on behalf of the Board; and making recommendations to the Board regarding corporate governance issues. The Nominating and Corporate Governance Committee also performs those specific functions as set forth above under the heading **Role of the Board in Risk Oversight**.

The Nominating and Corporate Governance Committee currently consists of two directors: Messrs. Anderson (Chair) and Swisher, both of whom were on the Nominating and Corporate Governance Committee for all of 2014. All members of the Nominating and Corporate Governance Committee during 2014 were, and our current members are, independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). The Nominating and Corporate Governance Committee met once during 2014. The Nominating and Corporate Governance Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled **Investors** at **Corporate Governance**.

The Nominating and Corporate Governance Committee has not determined specific minimum criteria that a Board member must possess, but generally a qualified candidate must possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment and have the ability to work effectively with other members of the Board. While we do not have a formal policy on Board diversity, the Nominating and Corporate Governance Committee takes into account a broad range of diversity considerations when assessing director candidates, including individual backgrounds and skill sets, professional experience and other factors that contribute to our Board having an appropriate range of expertise, talents, experiences and viewpoints, and considers those diversity considerations, in view of the needs of the Board as a whole, when making decisions on director nominations. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee evaluates these directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the directors' independence. In identifying potential new members to our Board, the Nominating and Corporate Governance Committee uses an informal network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. In late 2013, the Nominating and Corporate Governance Committee engaged Catalyst Advisors LLC, or Catalyst Advisors, an executive search firm, to conduct a search on our behalf for an experienced

medical device executive to join our board of directors. Catalyst Advisors identified and recommended Dr. Witney, the chief executive officer at Affymetrix, Inc., a publicly-traded company that develops, manufactures, and sells products and services for genetic analysis to the life science research and clinical healthcare markets, as a director candidate. The Nominating and Corporate Governance Committee reviewed the background and qualifications of Dr. Witney and nominated him to our board of directors. Dr. Witney was appointed to our Board in March 2014. Dr. Witney has been nominated for re-election for a three-year term expiring at the 2018 annual meeting. The Nominating and Corporate Governance Committee may again in the future pay fees to third parties to assist in identifying or evaluating director candidates.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. When considering candidates for membership to the Board that are recommended by stockholders, the Nominating and Corporate Governance Committee employs the same policy that it uses to evaluate candidates recommended by members of the Board. Any stockholder wishing to recommend a director candidate should submit in writing the candidate's name, biographical information, business qualifications, including a description of the proposed nominee's business experience for at least the previous five years, and a representation that the nominating stockholder is a beneficial or record owner of our stock, to Mr. Anderson, Chair of the Nominating and Corporate Governance Committee, Cerus Corporation at 2550 Stanwell Drive, Concord, California 94520. Any such submission also must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. All qualified submissions will be reviewed by the Nominating and Corporate Governance Committee at the next appropriate meeting. If a stockholder wishes the Nominating and Corporate Governance Committee recommend a director candidate for nomination at our next annual meeting of stockholders, then recommendations must be received by us no sooner than 90 and no later than 60 days prior to the first anniversary of the preceding year's annual meeting of stockholders.

To date, the Nominating and Corporate Governance Committee has not rejected a timely director nominee from a stockholder or group of stockholders that beneficially owned more than 5% of our voting stock.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

To date, we have not adopted a formal process for stockholder communications with the Board. However, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. Our stockholders may communicate directly with any member of our senior management, the independent members of the Board or any Chair of a Board Committee, including the Chair of the Board, by writing directly to those individuals at Cerus Corporation at 2550 Stanwell Drive, Concord, California 94520. Stockholder communications related to director candidate recommendations should be directed to the Chair of the Nominating and Corporate Governance Committee, Mr. Anderson. In addition, if our stockholders or employees have any concerns related to our financial or accounting practices, we encourage communicating those concerns directly to the Chair of the Audit Committee, Mr. Cozadd.

Code of Ethics

We have adopted the Cerus Corporation Code of Business Conduct and Ethics, or the Ethics Code, that applies to all of our officers, directors and employees. The Ethics Code is available on our website at www.cerus.com on the Corporate Governance page of the section entitled Investors. If we make any substantive amendments to the Ethics Code or grant any waiver from a provision of the Ethics Code to any executive officer or director, we intend to promptly disclose the nature of the amendment or waiver as required by applicable laws. To satisfy our disclosure requirements, we may post any waivers of or amendments to the Ethics Code on our website in lieu of filing such waivers or amendments on a Form 8-K.

Our employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Code. The Audit Committee has established procedures to receive, retain and address complaints regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of related concerns.

PROPOSAL NO. 2

AMENDMENT AND RESTATEMENT OF THE COMPANY'S

2008 EQUITY INCENTIVE PLAN

Our 2008 Equity Incentive Plan, or the 2008 Plan, was originally adopted by the Compensation Committee on April 22, 2008, pursuant to authority delegated by the Board, and subsequently approved by our stockholders. The 2008 Plan is the successor to and continuation of our 1999 Equity Incentive Plan and 1998 Non-Officer Stock Option Plan, or the Prior Plans. Prior to stockholder approval of this Proposal No. 2, there is an aggregate total of 19,540,940 shares of common stock previously authorized for issuance under the 2008 Plan.

In April 2015, our Board approved an amendment and restatement of the 2008 Plan, subject to stockholder approval, in order to:

increase the number of shares authorized for issuance under the 2008 Plan by 5,000,000 shares of common stock, which includes a corresponding increase in the number of shares available for issuance under the 2008 Plan pursuant to the grant of incentive stock options, and

modify the 2008 Plan fungible share counting ratio so that the share reserve will be reduced by 1.61 shares for each share of common stock issued pursuant to restricted stock, restricted stock units, performance stock awards, or other stock awards.

We refer to the 2008 Plan, as amended and restated by the Board in April 2015, as the Restated 2008 Plan throughout this proxy statement. Our Board adopted the Restated 2008 Plan to help ensure that we have sufficient shares available under the 2008 Plan to attract and retain qualified employees to support our operations including sales of our INTERCEPT Blood System in those jurisdictions where we have previously received regulatory approval, including the United States, and in order to support our ongoing submissions for regulatory approval in Brazil, Canada, China and other foreign jurisdictions and to attract and retain qualified employees to support us with a potential commercial launch in such jurisdictions if we obtain such regulatory approval. Our Compensation Committee believes that the Restated 2008 Plan will enable us to continue to grant stock options and other stock awards under the 2008 Plan at levels determined appropriate by our Board and Compensation Committee. Except for the increase in the number of shares authorized for issuance (and the corresponding increase in the number of shares available for issuance pursuant to the grant of incentive stock option) and the change to its fungible share counting ratio, the Restated 2008 Plan is identical to the 2008 Plan.

If the stockholders approve the Restated 2008 Plan, it will become effective on the date of the Annual Meeting. If the stockholders fail to approve this Proposal No. 2, the 2008 Plan will remain as is without any changes thereto. If the Restated 2008 Plan is not approved, we will not have enough shares available under the 2008 Plan to make meaningful grants to help us attract and retain top employees.

Approval of the Restated 2008 Plan by our stockholders will also constitute reapproval of the terms and conditions that will permit us to grant stock options and performance awards under the Restated 2008 Plan that may qualify as performance-based compensation within the meaning of Section 162(m) of the Code. Section 162(m) of the Code denies a deduction to any publicly held corporation and its affiliates for certain compensation paid to covered employees in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, some kinds of compensation, including qualified performance-based compensation, are not subject to this deduction limitation. We believe it is in the best interests of Cerus and our stockholders to preserve our ability to grant performance-based compensation under Section 162(m) of the Code. For the grant of awards under a plan to qualify as performance-based compensation under Section 162(m) of the Code, among other things, the plan must (i) describe the employees eligible to receive such awards, (ii) provide a per-person limit on the number of shares subject to stock options and performance stock awards, and the amount of cash that may be subject to performance cash awards, granted to any employee under the plan in any year, and (iii) include one or more pre-established business criteria upon which the performance goals for performance awards may be granted (or become vested or exercisable). These terms must be approved by the stockholders and, accordingly, our stockholders are requested to approve the Restated 2008 Plan, which

Table of Contents

includes terms regarding eligibility for awards, per-person limits on awards and the business criteria for performance awards granted under the Restated 2008 Plan (as described in the summary below). If the stockholders approve the Restated 2008 Plan, it will for purposes of Section 162(m) of the Code, also serve as (i) reapproval of the existing award limits for purposes of compliance with Section 162(m) of the Code, and (ii) reapproval of existing performance criteria upon which performance goals may be based with respect to performance awards granted under the Restated 2008 Plan.

The Board believes that it is very important that our eligible employees, consultants and directors receive part of their compensation in the form of equity awards to foster their investment in us, reinforce the link between their financial interests and those of our other stockholders and maintain a competitive compensation program. Equity compensation fosters an employee ownership culture, motivates employees to create stockholder value and, because the awards are typically subject to vesting and other conditions, promotes a focus on long-term value creation. The equity incentive programs we have in place have worked to build stockholder value by attracting and retaining extraordinarily talented employees, consultants and directors. The Board believes we must continue to offer competitive equity compensation packages in order to attract and motivate the talent necessary for our continued growth and success. See Compensation Discussion and Analysis contained in this proxy statement for more information regarding our executive compensation strategy.

Stockholders are requested in this Proposal No. 2 to approve the Restated 2008 Plan. The affirmative vote of the holders of a majority of the votes cast in person or by proxy at the annual meeting will be required to approve the Restated 2008 Plan. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 2.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL NO. 2

Important Features of the Restated 2008 Plan Designed to Protect our Stockholders' Interests

We recognize that equity compensation awards dilute stockholder equity and must be used judiciously. Our equity compensation practices are designed to be in line with industry norms, and we believe our historical share usage has been responsible and mindful of stockholder interests. Certain provisions in the Restated 2008 Plan are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

Flexibility in designing equity compensation scheme. The Restated 2008 Plan allows us to provide a broad array of equity incentives, including traditional stock option grants, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance stock awards and performance cash awards. By providing this flexibility we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.

Stockholder approval is required for additional shares. The Restated 2008 Plan does not contain an annual evergreen provision. Thus, stockholder approval is required each time we need to increase the share reserve allowing our stockholders the ability to have a say on our equity compensation programs.

Repricing is not allowed without prior stockholder approval. The Restated 2008 Plan prohibits the repricing of outstanding equity awards and the cancelation of any outstanding equity awards that have an exercise price or strike price greater than the current fair market value of our common stock in exchange for cash or other stock awards under the Restated 2008 Plan unless our stockholders previously approve such action.

Fungible share counting provisions. The share reserve under the Restated 2008 Plan is reduced by one share for each share of common stock issued pursuant to a stock option or stock appreciation right and 1.61 shares for each share of common stock issued pursuant to restricted stock, restricted stock units, performance stock awards, or other stock awards. This helps to ensure that we are using the share reserve effectively and with regard to the value of each type of equity award.

Description of the Restated 2008 Plan

The material features of the Restated 2008 Plan are outlined below. Except with respect to the amendments to the share reserve and fungible share counting provisions of the Restated 2008 Plan, all the material terms of the Restated 2008 Plan are the same as those in the 2008 Plan previously approved by the stockholders. This summary is qualified in its entirety by reference to the complete text of the Restated 2008 Plan. Stockholders are urged to read the actual text of the Restated 2008 Plan in its entirety, which is appended to this proxy statement as Appendix A.

Background and Purpose

The terms of the Restated 2008 Plan provide for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights, other stock-related awards, and performance awards that may be settled in cash, stock, or other property.

The purpose of the Restated 2008 Plan is to provide a means by which employees, directors, and consultants may be given an opportunity to purchase our common stock to assist us in securing and retaining the services of such persons, to secure and retain the services of persons capable of filling such positions, and to provide incentives for such persons to exert maximum efforts for our success.

Shares Available for Awards

If this Proposal No. 2 is approved, the total number of shares of our common stock reserved for issuance under the Restated 2008 Plan will consist of:

19,540,940 shares of common stock previously authorized for issuance under the 2008 Plan; plus

an additional 5,000,000 shares.

Table of Contents

We call this aggregate number the Share Reserve. The number of shares available for issuance under the 2008 Plan is reduced by (i) one share for each share of common stock issued pursuant to an option grant or stock appreciation right with a strike price of at least 100% of the fair market value of the underlying common stock on the date of grant, and (ii) one and sixty one hundredths (1.61) shares for each share of common stock issued pursuant to restricted stock awards, restricted stock unit awards, performance stock awards, or other stock-related awards granted under the 2008 Plan.

If a stock award expires or otherwise terminates without having been exercised in full or is settled in cash, such expiration, termination or settlement shall not reduce (or otherwise offset) the number of shares of the common stock that may be issued pursuant to the Restated 2008 Plan. If any shares of common stock issued pursuant to a stock award are forfeited back to us because of the failure to meet a contingency or condition required to vest such shares in the participant, then the shares which are forfeited shall revert to and again become available for issuance under the Restated 2008 Plan. Any shares reacquired by us pursuant to our withholding obligations or as consideration for the exercise of an option shall not again become available for issuance under the Restated 2008 Plan. In addition, if the exercise price of any award is satisfied by the tender of shares of common stock to us (whether by actual delivery or attestation), the shares tendered will not again be available for issuance under the 2008 Plan. The Restated 2008 Plan does not permit shares repurchased by us with proceeds collected in connection with the exercise of outstanding options to be returned to the Share Reserve.

To the extent there is a share of common stock issued pursuant to a stock award that counted as more than one share against the number of shares available for issuance under the Restated 2008 Plan and such share of common stock again becomes available for issuance under the Restated 2008 Plan, then the number of shares of common stock available for issuance under the Restated 2008 Plan shall increase by one and sixty one hundredths (1.61) shares.

Eligibility

Incentive stock options may be granted under the Restated 2008 Plan only to our employees (including officers) and employees of our affiliates. Our employees (including officers), consultants and directors, and employees (including officers) and consultants of our affiliates, are eligible to receive all other types of awards under the Restated 2008 Plan. As of March 31, 2015, approximately 150 employees, 5 non-employee directors and no consultants are eligible to participate in the 2008 Plan.

Administration

The Restated 2008 Plan is administered by our Board, which may in turn delegate authority to administer the plan to a committee. Our Board has delegated administration of the Restated 2008 Plan to our Compensation Committee. Subject to the terms of the Restated 2008 Plan, our Compensation Committee determines recipients, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting. Subject to the limitations set forth below, our Compensation Committee also determines the exercise price of options granted under the Restated 2008 Plan. The Compensation Committee has also delegated authority to a Non-Officer Stock Option Committee, or NOSOC, whose sole member is our Chief Executive Officer, to grant, within certain guidelines and without any further action required by the Compensation Committee, stock options to our non-officer employees. The purpose of this delegation of authority is to enhance the flexibility of option administration and to facilitate the timely grant of options to non-officer employees, including newly hired employees, within specified limits approved by the Compensation Committee. The size of grants made by the NOSOC must be within limits pre-approved by the Compensation Committee.

Table of Contents

Repricing

The Restated 2008 Plan expressly provides that, without the approval of the stockholders within 12 months prior to such event, the Committee shall not have the authority to reduce the exercise price of any outstanding stock awards under the plan, reprice any outstanding stock awards under the plan or cancel and re-grant any outstanding stock awards under the plan.

Stock Options

Stock options will be granted pursuant to stock option agreements. Generally, the exercise price for an option cannot be less than 100% of the fair market value of the common stock subject to the option on the date of grant. Options granted under the Restated 2008 Plan will vest at the rate specified in the option agreement. A stock option agreement may provide for early exercise, prior to vesting, subject to our right to repurchase unvested shares in certain circumstances. Unvested shares of our common stock issued in connection with an early exercise may be repurchased by us.

In general, the term of stock options granted under the Restated 2008 Plan may not exceed ten years. Unless the terms of an optionholder's stock option agreement provide for earlier or later termination, if an optionholder's service relationship with us, or any affiliate of ours, ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options for up to 12 months in the event of disability or 18 months in the event of death, after the date the service relationship ends. If an optionholder's service relationship with us, or any affiliate of ours, ceases for any reason other than disability or death, the optionholder may exercise any vested options for up to three months after the date the service relationship ends, unless the terms of the stock option agreement provide for a longer or shorter period to exercise the option. In no event may an option be exercised after its expiration date.

Acceptable forms of consideration for the purchase of our common stock issued under the Restated 2008 Plan will be determined by our Compensation Committee and may include cash, common stock previously owned by the optionholder, payment through a broker assisted exercise or a net exercise feature, or other legal consideration approved by our Compensation Committee.

Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution or a domestic relations order. However, to the extent permitted under the terms of the applicable stock option agreement, an optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

Under our Amended and Restated Non-Employee Director Compensation Policy, each of our non-employee directors currently receives a nonstatutory stock option grant under the 2008 Plan covering 45,000 shares of our common stock upon his or her initial election to the Board, and a nonstatutory stock option grant under the 2008 Plan covering 30,000 shares, or 37,500 shares in the case of the Chair of the Board, of our common stock each calendar year thereafter on the first trading day of the year. The number of shares subject to the director's first annual award is pro-rated based on the number of days he or she served in his or her first year of service. The initial stock option grant vests over four years and the annual stock option grant vests over 12 months, in each case subject to continued service. The terms of these initial and annual grants are described in more detail under "Director Compensation" below. Although we anticipate that our Board will continue our equity compensation arrangements for non-employee directors on the same terms for initial and annual grants under the Restated 2008 Plan, it is within the Board's discretion to continue our equity compensation arrangements for non-employee directors, and the Board may determine to implement new or revised equity compensation arrangements for our nonemployee directors that differ from those described above, including with respect to the number of shares subject to these initial and annual grants.

Limitations

No employee may be granted options or stock appreciation rights under the Restated 2008 Plan covering more than eight hundred thousand (800,000) shares of our common stock in any calendar year.

Table of Contents

The aggregate maximum number of shares of common stock that may be issued pursuant to the exercise of ISOs granted under the Restated 2008 Plan is equal to the Share Reserve. The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. The options or portions of options that exceed this limit are treated as nonstatutory stock options, or NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

the option exercise price must be at least 110% of the fair market value of the stock subject to the option on the date of grant; and

the term of the ISO award must not exceed five years from the date of grant.

Restricted Stock Awards

Restricted stock awards will be granted pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for the recipient's past or future services performed for us or an affiliate of ours. Shares of our common stock acquired under a restricted stock award may be subject to forfeiture to us in accordance with a vesting schedule to be determined by our Compensation Committee. Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement.

Restricted Stock Unit Awards

Restricted stock unit awards will be granted pursuant to restricted stock unit award agreements. Payment of any purchase price may be made in any legal form acceptable to the Compensation Committee. We will settle a payment due to a recipient of a restricted stock unit award by delivery of shares of our common stock, by cash, by a combination of cash and stock as deemed appropriate by our Compensation Committee, or in any other form of consideration determined by our Compensation Committee and set forth in the restricted stock unit award agreement. Dividend equivalents may be credited in respect of shares of our common stock covered by a restricted stock unit award. Restricted stock unit awards may be subject to vesting in accordance with a vesting schedule to be determined by our Compensation Committee. Except as otherwise provided in the applicable restricted stock unit award agreement, restricted stock units that have not vested will be forfeited upon the participant's termination of continuous service for any reason.

Stock Appreciation Rights

Stock appreciation rights will be granted pursuant to a stock appreciation rights agreements. Each stock appreciation right is denominated in common stock share equivalents. The strike price of each stock appreciation right will be determined by our Compensation Committee or its authorized committee, but shall in no event be less than 100% of the fair market value of the stock subject to the stock appreciation right at the time of grant. Our Compensation Committee may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate. Stock appreciation rights may be paid in our common stock or in cash or any combination of the two, or any other form of legal consideration approved by our Compensation Committee. If a stock appreciation right recipient's relationship with us, or any affiliate of ours, ceases for any reason, the recipient may exercise any vested stock appreciation right up to three months from cessation of service, unless the terms of the stock appreciation right agreement provide that the right may be exercised for a longer or shorter period.

Performance Awards

The Restated 2008 Plan provides for the grant of two types of performance awards: performance stock awards and performance cash awards. Performance awards may be granted, vest or be exercised based upon the attainment during a certain period of time of certain performance goals. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what

Table of Contents

degree such performance goals have been attained shall be determined by our Compensation Committee. The maximum amount to be granted to any individual in a calendar year attributable to such performance awards may not exceed five hundred thousand (500,000) shares of our common stock in the case of performance stock awards, or one million dollars (\$1,000,000) in the case of performance cash awards. We have never paid dividends or dividend equivalents on unvested performance awards.

Performance goals under the Restated 2008 Plan shall be determined by the our Compensation Committee, based on one or more of the following performance criteria: (i) earnings per share; (ii) earnings before interest, taxes and depreciation; (iii) earnings before interest, taxes, depreciation and amortization; (iv) total stockholder return; (v) return on equity; (vi) return on assets, investment, or capital employed; (vii) operating margin; (viii) gross margin; (ix) operating income; (x) net income (before or after taxes); (xi) net operating income; (xii) net operating income after tax; (xiii) pre-tax profit; (xiv) operating cash flow; (xv) sales or revenue targets; (xvi) increases in revenue or product revenue; (xvii) expenses and cost reduction goals; (xviii) improvement in or attainment of working capital levels; (xix) economic value added (or an equivalent metric); (xx) market share; (xxi) cash flow; (xxii) cash flow per share; (xxiii) share price performance; (xxiv) debt reduction; (xxv) implementation or completion of projects or processes; (xxvi) customer satisfaction; (xxvii) stockholders equity; and (xxviii) to the extent that an Award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by the Compensation Committee.

The Compensation Committee is authorized to determine whether, when calculating the attainment of performance goals for a performance period: (i) to exclude restructuring and/or other nonrecurring charges; (ii) to exclude exchange rate effects, as applicable, for non-U.S. dollar denominated net sales and operating earnings; (iii) to exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (iv) to exclude the effects of any statutory adjustments to corporate tax rates; and (v) to exclude the effects of any extraordinary items as determined under generally accepted accounting principles. In addition, the Compensation Committee retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals.

Other Stock Awards

Other forms of stock awards valued in whole or in part with reference to our common stock may be granted either alone or in addition to other stock awards under the Restated 2008 Plan. Our Compensation Committee will have sole and complete authority to determine the persons to whom and the time or times at which such other stock awards will be granted, the number of shares of our common stock to be granted and all other conditions of such other stock awards. Other forms of stock awards may be subject to vesting in accordance with a vesting schedule to be determined by our Compensation Committee.

Changes to Capital Structure

In the event that there is a specified type of change in our capital structure not involving the receipt of consideration by us, such as a stock split or stock dividend, the class and number of shares reserved under the Restated 2008 Plan (including share limits) and the class and number of shares and exercise price or strike price, if applicable, of all outstanding stock awards will be appropriately adjusted.

Effect of Certain Corporate Events

The Restated 2008 Plan provides that, in the event of a dissolution or liquidation of us, then all outstanding awards shall terminate immediately prior to such dissolution or liquidation. The Restated 2008 Plan further provides that, unless otherwise provided in the award agreement, the following treatment will apply in the event of a sale, lease or other disposition of all or substantially all of the assets of us, sale of 90% or more of our outstanding securities, or specified types of mergers or consolidations (each, a corporate transaction). In the event of certain corporate transactions, all outstanding stock awards under the Restated 2008 Plan may be assumed, continued or substituted for by any surviving entity. If the surviving entity elects not to assume,

Table of Contents

continue or substitute for such awards, the vesting and exercisability of such stock awards held by persons whose service with us has not terminated generally will be accelerated in full and our repurchase rights will generally lapse and such stock awards will terminate if and to the extent not exercised at or prior to the effective time of the corporate transaction. With respect to any awards that are held by other participants that terminated service with us prior to the corporate transaction, the vesting and exercisability provisions of such awards will not be accelerated and such awards will terminate if not exercised prior to the corporate transaction.

Plan Amendments

Our Compensation Committee will have the authority to amend or terminate the Restated 2008 Plan. However, no amendment or termination of the plan will adversely affect any rights under awards already granted to a participant unless agreed to by the affected participant. We will obtain stockholder approval of any amendment to the Restated 2008 Plan as required by applicable law.

Plan Termination

Unless sooner terminated by the Board, the Restated 2008 Plan shall automatically terminate on April 21, 2018.

U.S. Federal Income Tax Consequences

The information set forth below is a summary of the principal United States federal income taxation consequences to us and our employees only and does not purport to be complete. This summary does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult the recipient's tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award. The Restated 2008 Plan is not qualified under the provisions of Section 401(a) of the Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income.

Nonstatutory Stock Options

Generally, there is no taxation upon the grant of an NSO where the option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise, an optionee will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the stock over the exercise price. If the optionee is employed by us or one of our affiliates, that income will be subject to withholding tax. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and the optionee's capital gain holding period for those shares will begin on that date.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the optionee.

Incentive Stock Options

The Restated 2008 Plan provides for the grant of stock options that qualify as incentive stock options, as defined in Section 422 of the Code. Under the Code, an optionee generally is not subject to ordinary income tax upon the grant or exercise of an ISO. If the optionee holds a share received on exercise of an ISO for more than two years from the date the option was granted and more than one year from the date the option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

Table of Contents

If, however, an optionee disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the optionee generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the option, the amount of ordinary income recognized by the optionee will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee's alternative minimum taxable income for the year in which the option is exercised. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the option is exercised.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are allowed a deduction in an amount equal to the ordinary income includible in income by the optionee, subject to Section 162(m) of the Code and provided that amount constitutes an ordinary and necessary business expense for us and is reasonable in amount, and either the employee includes that amount in income or we timely satisfy our reporting requirements with respect to that amount.

Restricted Stock Awards

Generally, the recipient of a restricted stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient in exchange for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon disposition of the stock acquired upon the receipt of a restricted stock award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Stock Appreciation Rights

We may grant under the Restated 2008 Plan stock appreciation rights separate from any other award or in tandem with other awards under the Restated 2008 Plan.

Table of Contents

Where the rights are granted with a strike price equal to the fair market value of the underlying stock on the grant date and where the recipient may only receive the appreciation inherent in the stock appreciation rights in shares of our common stock, the recipient will recognize ordinary compensation income equal to the fair market value of the stock received upon such exercise. If the recipient may receive the appreciation inherent in the stock appreciation rights in cash or other property and the stock appreciation right has been structured to conform to the requirements of Section 409A of the Code, then the cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock appreciation right.

Restricted Stock Units

Generally, stock unit awards granted under the Plan will be structured to conform to the requirements of Section 409A of the Code or qualify for an exception from application of Section 409A of the Code. Recipients of stock unit awards will recognize ordinary compensation income at the time the stock is delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the recipient in exchange for the shares of our common stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock units will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Potential Limitation on Company Deductions Under Section 162(m)

Section 162(m) of the Code denies a deduction to any publicly-held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to each covered employee exceeds \$1,000,000. It is possible that compensation attributable to awards, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be exceeded in any particular year. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury Regulations issued under Section 162(m) of the Code, generally, compensation attributable to stock options and stock appreciation rights granted under the Restated 2008 Plan will qualify as performance-based compensation. Compensation attributable to performance awards under the Restated 2008 Plan will qualify as Section 162(m) performance-based compensation, provided that: (i) the award is granted by a compensation committee comprised solely of outside directors, (ii) the award is granted (or exercisable) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain and (iii) the compensation committee certifies in writing prior to the granting (or exercisability) of the award that the performance goal has been satisfied.

Restated 2008 Plan Benefits

Awards will be granted under the Restated 2008 Plan at our discretion. Therefore, we cannot currently determine the benefits or number of shares subject to awards that may be granted in the future to executive officers, directors, and employees under the Restated 2008 Plan. In this regard, although our current Amended and Restated Non-Employee Director Compensation Policy establishes the number of shares subject to initial and annual stock option grants made to our non-employee directors under the 2008 Plan (or the Restated 2008 Plan if this Proposal No. 2 is approved by our stockholders), our Board has the discretion to change the number of shares

subject to these grants at any time. Pursuant to this policy, if this Proposal No. 2 is approved by our stockholders, and assuming this policy is not subsequently amended or modified by the Board, each of our non-employee directors will be granted an annual nonstatutory stock option under the Restated 2008 Plan on the date of our 2015 annual meeting of stockholders to purchase 30,000 shares of our common stock, or 37,500 shares in the case of Mr. Swisher, for a total of 157,500 shares for our current non-employee directors as a group. As of April 15, 2015, no options or other stock awards have been granted on the basis of the 5,000,000 share increase that is part of the Restated 2008 Plan.

PROPOSAL NO. 3

AMENDMENT AND RESTATEMENT OF THE COMPANY'S

1996 EMPLOYEE STOCK PURCHASE PLAN

In July 1996, the Board adopted, and in January 1997 the stockholders approved, the Cerus Corporation Employee Stock Purchase Plan, or the ESPP. In April 2015, the Board adopted an amendment and restatement of the ESPP, subject to stockholder approval, to increase the number of shares authorized for issuance under the ESPP by 1,500,000 shares, to a total of 2,820,500 shares. This amendment and restatement of the ESPP is intended to afford us greater flexibility in providing employees with stock incentives and ensures that we can continue to provide such incentives at levels determined appropriate by the Board.

As of March 31, 2015, an aggregate of 1,036,370 shares of common stock had been previously issued under the ESPP, and only 284,130 shares of common stock remained available for future issuance under the ESPP. The closing price of our common stock as reported on NASDAQ as of April 15, 2015 was \$4.30 per share.

We refer to the ESPP, as amended and restated by the Board in April 2015, as the Restated ESPP throughout this proxy statement. Stockholders are requested in this Proposal No. 3 to approve the Restated ESPP. The affirmative vote of the holders of a majority of the votes cast in person or by proxy at the annual meeting will be required to approve the Restated ESPP. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 3.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL NO. 3

Reasons to Approve the Restated ESPP

The board of directors believes that the approval of the Restated ESPP is necessary to enable Cerus to grant purchase rights to its employees and the employees of its designated subsidiaries to assist Cerus in attracting, retaining and motivating qualified employees and in aligning their long-term interests with those of Cerus stockholders.

Description of the Restated ESPP

The material features of the Restated ESPP are outlined below. Except with respect to the 1,500,000 share increase to the share reserve that is part of the Restated ESPP, all the material terms of the Restated ESPP are the same as those in the ESPP previously approved by the stockholders. This summary is qualified in its entirety by reference to the complete text of the Restated ESPP. Stockholders are urged to read the actual text of the Restated ESPP in its entirety, which is appended to this proxy statement as Appendix B.

Purpose

The purpose of the Restated ESPP is to provide a means by which our employees (and any parent or subsidiary of ours designated by the Board to participate in the Restated ESPP) may be given an opportunity to purchase our common stock through payroll deductions, to assist us in retaining the services of our employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for our success. As of March 31, 2015, approximately 113 of our 150 employees were eligible to participate in the ESPP.

The rights to purchase common stock granted under the Restated ESPP are intended to qualify as options issued under an employee stock purchase plan as that term is defined in Section 423(b) of the Code.

Table of Contents

Administration

The Restated ESPP is administered by our Board, which may in turn delegate authority to administer the Restated ESPP to a committee. The Board may abolish any such committee at any time and revert in itself the administration of the Restated ESPP. The Board has delegated administration of the Restated ESPP to the Compensation Committee. The Compensation Committee has the power to construe and interpret the Restated ESPP and the rights granted under it. The Compensation Committee has the power, subject to the provisions of the Restated ESPP, to determine when and how rights to purchase our common stock will be granted, the provisions of each offering of such rights (which need not be identical), and whether any parent or subsidiary of ours shall be eligible to participate in the Restated ESPP.

Offerings

Shares of common stock are offered under the Restated ESPP through a series of offerings of such duration as determined by the Compensation Committee provided that in no event may an offering have a duration that exceeds 27 months. Each offering may consist of one or more purchase periods with purchase dates as determined by the Compensation Committee prior to the commencement of that offering. The current offerings are twelve months in duration with a new offering commencing every six months. Offerings run either from the first business day in March each year to the last business day in February in the immediately succeeding year or from the first business day in September each year to the last business day in August in the immediately succeeding year. Offerings have two purchase periods that are six months in duration. Accordingly, under the current offerings, shares of common stock are purchased on the last business day in February and August each year with the payroll deductions collected from the participants for the offering period ending with each such semi-annual purchase date.

Eligibility

Any person who is customarily employed at least 20 hours per week and five months per calendar year by us (or by any parent or subsidiary of ours designated from time to time by the Compensation Committee) on the first day of an offering period is eligible to participate in that offering under the Restated ESPP, provided such employee was in the employ of us as of the date immediately prior to the first day of the offering period.

Notwithstanding the foregoing, no employee is eligible for the grant of any rights under the Restated ESPP if, immediately after such grant, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of our stock or of any parent or subsidiary of ours (including any stock which such employee may purchase under all outstanding rights and options), nor will any employee be granted rights that would permit him to buy more than \$25,000 worth of stock (determined at the fair market value of the shares at the time such rights are granted) under all employee stock purchase plans of ours in any calendar year.

Participation in the Plan

Eligible employees become participants in the Restated ESPP by delivering to us, prior to the date selected by the Compensation Committee as the offering date for the offering, or as otherwise determined by the Compensation Committee for new employees, an agreement authorizing payroll deductions of up to a maximum of 15% of such employees' total eligible compensation during the offering period.

Purchase Price

The purchase price per share at which shares are sold in an offering under the Restated ESPP is the lower of (i) 85% of the fair market value of a share of common stock on the date of commencement of the offering or (ii) 85% of the fair market value of a share of common stock on the purchase date.

Table of Contents

Payment of Purchase Price, Payroll Deductions

The purchase price of the shares is accumulated by payroll deductions over the offering period. At any time during the offering period, a participant may discontinue his or her payroll deductions or terminate his or her participation in the offering. A participant may not increase or begin such payroll deductions after the beginning of any offering period. All payroll deductions made for a participant are credited to his or her account under the Restated ESPP and deposited with our general funds. A participant may not make any additional payments into such account.

Purchase of Stock

By executing an agreement to participate in the Restated ESPP, the employee is entitled to purchase shares under such plan. In connection with offerings made under the Restated ESPP, the Compensation Committee may specify a maximum number of shares any employee may be granted the right to purchase and the maximum aggregate number of shares that may be purchased pursuant to such offering by all participants. If the aggregate number of shares to be purchased upon exercise of rights granted in the offering would exceed the maximum aggregate number, the Compensation Committee would make a pro rata allocation of shares available in a uniform and equitable manner. Unless the employee's participation is discontinued, his or her right to purchase shares is exercised automatically at the end of the purchase period at the applicable price. See [Withdrawal](#) below.

Withdrawal

While each participant in the Restated ESPP is required to sign an agreement authorizing payroll deductions, the participant may withdraw from a given offering by terminating his or her payroll deductions and by delivering to us a notice of withdrawal from the Restated ESPP. Such withdrawal may be elected at any time prior to the end of the applicable offering period, subject to any advance notification requirements specified in the offering.

Upon any withdrawal from an offering by the employee, we will distribute to the employee his or her accumulated payroll deductions without interest, less any accumulated deductions previously applied to the purchase of stock on the employee's behalf during such offering, and such employee's interest in the offering will be automatically terminated. The employee is not entitled to again participate in such offering. An employee's withdrawal from an offering will not have any effect upon such employee's eligibility to participate in subsequent offerings under the Restated ESPP.

Termination of Employment

Rights granted pursuant to any offering under the Restated ESPP terminate immediately upon cessation of an employee's employment for any reason, and we will distribute to such employee all of his or her accumulated payroll deductions, without interest.

Restrictions on Transfer

Rights granted under the Restated ESPP are not transferable and may be exercised only by the person to whom such rights are granted.

Duration, Amendment and Termination

The Compensation Committee may suspend, terminate or amend the Restated ESPP at any time. Any amendment of the Restated ESPP must be approved by the stockholders within 12 months of its adoption by the Compensation Committee if the amendment would (i) increase the number of shares of common stock reserved

Table of Contents

for issuance under the Restated ESPP, (ii) modify the requirements relating to eligibility for participation in the Restated ESPP or (iii) modify any other provision of the Restated ESPP if such modification requires approval under Section 423 of the Code or approval is required in order to comply with the requirements of Rule 16b-3 under the 1934 Act.

Rights granted before amendment or termination of the Restated ESPP will not be altered or impaired by any amendment or termination of such plan without consent of the person to whom such rights were granted, unless such amendment is necessary to comply with applicable legal requirements.

Effect of Certain Corporate Events

In the event of a dissolution, liquidation, specified type of merger of us or certain acquisitions of our securities, the Compensation Committee, in its sole discretion, may determine that (i) the surviving or acquiring corporation either will assume the rights under the Restated ESPP or substitute similar rights, (ii) such rights will be continued, or (iii) the exercise date of any ongoing offering will be accelerated such that the outstanding rights may be exercised immediately prior to any such event.

Stock Subject to Restated ESPP

If rights granted under the Restated ESPP expire, lapse or otherwise terminate without being exercised, the common stock not purchased under such rights again becomes available for issuance.

Federal Income Tax Information

The following is a summary of the principal U.S. Federal income taxation consequences to us and our employees with respect to participation in the Restated ESPP. This summary is not intended to be exhaustive and does not discuss the income tax laws of any state, local or foreign jurisdictions.

General. The Restated ESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code, so that purchase rights exercised under the Restated ESPP may qualify as qualified purchases under Section 423 of the Code. Under such an arrangement, no taxable income will be recognized by a participant, and no deductions will be allowable to us, upon either the grant or the exercise of the purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the shares of common stock acquired under the Restated ESPP or in the event the participant should die while still owning the purchased shares of common stock.

If the stock is disposed of more than two years after the beginning of the offering period and more than one year after the stock is transferred to the participant, then the lesser of (i) the excess of the fair market value of the stock at the time of such disposition over the exercise price or (ii) the excess of the fair market value of the stock as of the beginning of the offering period over the exercise price (determined as of the beginning of the offering period) will be treated as ordinary income. Any further gain or any loss will be taxed as a long-term capital gain or loss. Long-term capital gains currently are generally subject to lower tax rates than ordinary income.

If the stock is sold or disposed of before the expiration of either of the holding periods described above, then the excess of the fair market value of the stock on the exercise date over the exercise price will be treated as ordinary income at the time of such disposition. The balance of any gain will be treated as short-term or long-term capital gain, depending upon the length of the period that the shares were held prior to sale. Even if the stock is later disposed of for less than its fair market value on the exercise date, the same amount of ordinary income is attributed to the participant, and a capital loss is recognized equal to the difference between the sales price and the fair market value of the stock on such exercise date.

Table of Contents

There are no federal income tax consequences to us by reason of the grant or exercise of rights under the Restated ESPP. We are entitled to a deduction to the extent amounts are taxed as ordinary income to a participant (subject to the requirement of reasonableness, the provisions of Section 162(m) and the satisfaction of a tax reporting obligation).

Restated ESPP Plan Benefits

Participation in the Restated ESPP is voluntary and each eligible employee will make his or her own decision whether and to what extent to participate in the plan. It is therefore not possible to determine the benefits or amounts that will be received in the future by individual employees or groups of employees under the Restated ESPP.

ESPP Plan Benefits

As indicated in Proposal No. 3, we are asking for approval of an amendment and restatement of the ESPP to increase the aggregate number of shares of common stock authorized for issuance thereunder by 1,500,000 shares. In addition, as indicated in Proposal No. 2, we are asking for approval of an amendment and restatement of the 2008 Plan to, among other things, increase the aggregate number of shares of common stock authorized for issuance thereunder by 5,000,000 shares.
- (2) The 1998 Plan was adopted without the approval of our security holders. The 1998 Plan provided for grants of nonstatutory stock options to our employees and consultants who are not officers or directors. In 2008, we adopted the 2008 Plan as the successor to and continuation of the Prior Plans, and following the effective date of the 2008 Plan in June 2008, no additional stock awards may be granted under the Prior Plans. All shares of common stock that had been reserved for future issuance under the 1998 Plan have been included under the 2008 Plan. As of March 31, 2015, options to purchase 55,000 shares were outstanding under the 1998 Plan. The exercise price of options granted under the 1998 Plan was not less than 85% of the fair market value of our common stock on the date of grant. All options granted under the 1998 Plan have a maximum term of ten years and typically vest over a four-year period. Options may be exercised prior to vesting, subject to repurchase rights in our favor that expire over the vesting period. The 1998 Plan and options thereunder may be amended by the Board at any time or from time to time in accordance with the terms of the 1998 Plan and applicable law.

PROPOSAL NO. 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the 2011 Annual Meeting of Stockholders, our stockholders indicated their preference that we solicit a non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a say-on-pay vote, every year. The Board has adopted a policy that is consistent with that preference. In accordance with that policy, this year, we are again asking our stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. The compensation of our named executive officers is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are designed to enhance stockholder value by attracting and retaining qualified individuals and motivating those individuals to perform at the highest of professional levels and to contribute to our growth and success.

Accordingly, the Board is asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote FOR the following resolution at the annual meeting:

RESOLVED, that the compensation paid to Cerus Corporation's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Because the vote is advisory, it is not binding on the Board or us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this Proposal No. 4 requires a For vote from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 4.

Unless the Board decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of our named executives, the next scheduled say-on-pay vote will be at the 2016 Annual Meeting of Stockholders. In addition, our stockholders will be able to indicate by advisory vote at the 2016 Annual Meeting of Stockholders their preference as to the frequency of future advisory votes.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL NO. 4

Table of Contents**PROPOSAL NO. 5****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 and the Board further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the 2015 Annual Meeting of Stockholders. Ernst & Young LLP has audited our financial statements since our inception in 1991. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor our other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, we are submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of us and our stockholders.

Approval of this Proposal No. 5 requires a For vote from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 5.

ON BEHALF OF THE AUDIT COMMITTEE, THE BOARD OF DIRECTORS RECOMMENDS**A VOTE IN FAVOR OF PROPOSAL NO. 5****PRINCIPAL ACCOUNTANT FEES AND SERVICES**

In connection with the audit of the 2014 financial statements, we entered into an engagement agreement with Ernst & Young LLP that sets forth the terms by which Ernst & Young LLP will perform audit and interim review services for us. That agreement is subject to alternative dispute resolution procedures.

The following table represents aggregate fees billed to us for the fiscal years ended December 31, 2014 and December 31, 2013, by Ernst & Young LLP, our independent registered public accounting firm.

All fees described above were pre-approved by the Audit Committee.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm. On an on-going basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent registered public accounting firm. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. The Audit Committee also may delegate the ability to pre-approve audit and permitted non-audit services to one or more of its members, provided that any such pre-approvals are reported at the next scheduled Audit Committee meeting.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Cerus. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2014, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with except that one report on Form 4 for each of our non-employee directors (Dr. Witney, Ms. Schulze and Messrs. Anderson, Cozadd and Swisher) covering one transaction (their annual stock option grant), was filed late.

Table of Contents**EXECUTIVE COMPENSATION****COMPENSATION DISCUSSION AND ANALYSIS****OVERVIEW**

The following Compensation Discussion and Analysis addresses the following topics:

executive summary of our compensation practices;

our compensation philosophy and objectives;

our process for setting executive compensation; and

our executive compensation components and decisions for the 2014 fiscal year.

The Named Executive Officers (NEOs) for the 2014 fiscal year were as follows:

Named Executive Officer	Title
William M. Greenman	President and Chief Executive Officer
Kevin D. Green	Vice President, Finance and Chief Financial Officer
Laurence M. Corash	Senior Vice President, Chief Medical and Chief Scientific Officer
Caspar Hogeboom	President, Cerus Europe and EEMEA
Carol M. Moore	Senior Vice President, Regulatory Affairs, Quality and Clinical

EXECUTIVE SUMMARY

Our Compensation Committee believes that our executive compensation program is appropriately designed and reasonable in light of the executive compensation programs of our peer group companies in that it both encourages our NEOs to work for our long-term prosperity and reflects a pay-for-performance philosophy, without encouraging our employees to assume excessive risks, and also reflects a reasonable and responsible cost structure. The major aspects of our executive compensation program include the following:

Cash Bonuses for 2014 Based Principally on Corporate Performance. In line with our pay-for-performance philosophy, the Compensation Committee undertook a careful review of our corporate performance and strategic achievements against the goals under our Bonus Plan for Senior Management, and our International Bonus Plan, which together are referred to in this discussion as the Bonus Plan, for the 2014 performance year. Taking into account and weighing our relative corporate performance and strategic achievements, the Compensation Committee determined that for the 2014 performance period, the corporate performance goals and the strategic goals had generally been met at a combined fully-weighted attainment level of 72.5% generally and at the 77.5% level for certain functional groups.

Strong Pay-for-Performance Principles. We do not provide our NEOs with guaranteed salary increases or bonuses. Our NEOs must also meet expected levels of performance in order to continue serving as members of the executive team.

Responsible Severance and Change in Control Compensation. Our executive employment agreements and our change of control severance benefit plan, or the Severance Plan, in all cases require an involuntary termination for individuals to be eligible for any non-change of control related severance benefits or change of control related severance benefits, as applicable. The cash severance benefits are less than two times the annual base salary for all of our NEOs and we do not provide any tax gross-ups.

No Option Repricing Without Prior Stockholder Approval. Our current equity plans do not permit repricing of underwater stock options held by our NEOs or other employees without prior stockholder approval.

No Speculative Trading Activity. Our insider trading policy prohibits executives from engaging in speculative trading activities, including prohibiting any form of hedging or pledging their company securities as collateral. Accordingly, our executive officers may not hedge the economic risk of ownership of our common stock.

Table of Contents

We held our first stockholder advisory vote on executive compensation in 2011. Approximately 97.8% and 96.2% of the votes cast approved our executive compensation described in our proxy statements for the 2013 and 2014 annual meetings, respectively. The Compensation Committee considered the result of the 2014 stockholder advisory vote an endorsement of its compensation policies, practices and philosophy for our named executive officers and determined that no changes to our executives' compensation for fiscal year 2014 were needed mid-year as a result of such vote.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

We believe that the performance of our executive officers has the potential to significantly impact our ability to achieve our corporate performance and strategic goals. We therefore give considerable thought to the design and administration of our executive officer compensation program. The Compensation Committee believes that the most effective compensation program is one that provides competitive base salary, rewards the achievement of established annual and long-term goals and objectives and provides an incentive for retention. At the same time, our Compensation Committee believes that an effective compensation program must maintain a reasonable and responsible cost structure.

Our executive compensation program is designed around the following principles:

develop compensation policies and practices that are consistent with Cerus' strategic business objectives;

attract and retain qualified individuals and motivate those individuals to perform at the highest of professional levels that will contribute to our growth and success;

provide competitive compensation opportunities consistent with industry practices where we compete for talent;

design programs to retain key employees, reward past performance and incentivize future contributions, balancing both short and long-term financial and business objectives to build a sustainable and prosperous company;

maintain a reasonable and responsible cost structure; and

provide long-term incentive opportunities that continue to correlate employee contributions and rewards with stockholder value creation.

COMPENSATION SETTING PROCESS

Overview

When creating an executive's overall compensation package, the Compensation Committee considers the different components of our compensation packages in light of the role the executive will play in achieving our near term and longer term goals, as well as the compensation packages provided to similarly situated executives at the companies we consider to be our peers. Performance-based cash compensation awards under our Bonus Plan are made based on the achievement of corporate performance and strategic goals designed to create incentives that we believe enhance executive performance, and may be adjusted to reflect the executive officer's individual performance in executing his or her day-to-day tasks, as well as his or her contribution toward achieving our corporate performance and strategic goals. The corporate performance and strategic goals vary year-to-year, but generally include value-adding achievements such as revenue, gross margin and year end cash targets, operating expense management and timely completion of clinical, regulatory, sales, manufacturing and other operational and strategic undertakings. The corporate performance and strategic goals and other material provisions for each of our Bonus Plan for Senior Management of Cerus Corporation and our International Bonus Plan are the same except that our International Bonus Plan also includes administrative provisions necessary for compliance with European data privacy and other applicable local laws.

Table of Contents

Target Pay Positions/Mix of Pay

The components used to support our compensation objectives stated above are base salary, cash incentive awards under our Bonus Plan, equity awards and certain other benefits (discussed in greater detail below under *Executive Compensation Components and Decisions*). We use a combination of these pay elements to provide a competitive total compensation package to our executives. We do not specify a target percentage of the overall compensation to be represented by the various compensation elements. However, the Compensation Committee's intention is that performance-based cash incentive compensation and long-term equity compensation are a significant part of the executive's total compensation package, which historically has been true. As a result, approximately 50% or more of our NEOs total potential compensation has been at risk in any given fiscal year, including for 2014. Our Compensation Committee believes that having a significant portion of our executives' compensation package be at risk has contributed to cultivating a culture in which our NEOs aggressively pursue our corporate performance and strategic goals as they know that their take home pay, to a large extent, depends upon our corporate performance and, to some extent, their contribution to that performance. At the same time, a significant portion of the at risk compensation is in the form of long-term equity incentives, which is designed to mitigate any risk that our executives will pursue short-term outcomes at the expense of long-term stockholder value. Employees in more senior roles have an increasing proportion of their potential compensation at risk and tied to performance because they are in a position to have greater influence on achieving our performance results. For example, 37.7% of our Chief Executive Officer's total potential 2014 cash compensation was at risk, and 74.1% of his total potential 2014 compensation was at risk. For purposes of calculating the total potential 2014 compensation at risk, the Black-Scholes value on the applicable grant date was used for the options granted to our Chief Executive Officer as long-term equity incentive compensation.

Role of the Chief Executive Officer

The Chief Executive Officer does not participate in setting his own compensation and is specifically excluded from any discussions or deliberations related to his compensation package. However, the Chief Executive Officer recommends to the Compensation Committee for its approval, proposed corporate performance and strategic goals and their relative weighting for the upcoming fiscal year, as well as provides input on the level of attainment of the prior year's strategic goals, for purposes of determining awards under the Bonus Plan for all of our NEOs, including the Chief Executive Officer, as further described below. The Chief Executive Officer regularly provides input to the Compensation Committee during the course of the year regarding the performance and compensation of our other NEOs. The Chief Executive Officer is also delegated authority by the Compensation Committee to approve annual cash incentive bonuses to our non-executive officers in his discretion out of an aggregate annual cash bonus pool within limits previously approved by the Compensation Committee.

With respect to long-term equity compensation, the Compensation Committee has also delegated authority to our Chief Executive Officer, as the sole member of a Non-Officer Stock Option Committee, or NOSOC, to grant stock options to our non-officer employees within certain guidelines previously approved, without any further action required, by the Compensation Committee. The purpose of this delegation of authority is to enhance the flexibility of option administration and to facilitate the timely grant of options to non-officer employees, including newly hired employees, within specified limits previously approved by the Compensation Committee. As part of its oversight function, the Compensation Committee reviews, on at least an annual basis, the option grants made by the NOSOC.

Compensation Committee Decision-Making Process

Typically, the Compensation Committee meets at least twice per year to make compensation decisions for our NEOs, with greater frequency if necessary. The Compensation Committee also meets and confers regularly in executive session without the presence of our executive team. The Compensation Committee met twice during 2014.

Table of Contents

The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with our Chief Executive Officer and our Vice President, Administration. From time to time, various members of our management and other employees, as well as outside advisors or consultants, may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice, or otherwise participate in Compensation Committee meetings. The charter of the Compensation Committee grants the Compensation Committee full access to all of our books, records, facilities and personnel, as well as the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties, all at our expense. As part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, and tax and accounting information. Prior to each meeting where compensation decisions are to be made with respect to our NEOs, the Vice President, Administration provides the Compensation Committee with tally sheets that set forth our NEOs historical base salary and bonus information covering the past ten years, or any shorter period of actual employment, as well as the executives : (1) equity grant history; (2) vested and unvested potential gain on equity awards using projected stock prices at various points in time in the future; and (3) stock option exercise history, in each case during such ten year period, or any shorter period of actual employment. The tally sheets were reviewed as a touchstone or guide solely for the purposes of a subjective evaluation as to whether 2014 compensation levels were appropriate in light of the compensation levels in effect for prior years and whether the executive s compensation was generally reflective of his or her increased level of experience and responsibilities. In determining 2014 compensation for our executive officers, the Compensation Committee considered the recommendations of our Chief Executive Officer with respect to the compensation of our other NEOs as stated above under the heading *Role of the Chief Executive Officer*, as well as each executive s individual performance over the preceding year and the reports and benchmarking analysis described below under the heading *Compensation Benchmarking*.

The Compensation Committee ultimately approves the compensation packages for all NEOs, including the allocation of base salary, short-term performance-based cash incentive compensation and long-term equity incentive compensation, and the applicable target award levels as a percentage of base salary related to the short-term performance-based cash incentive compensation. Historically, the Compensation Committee has made its most significant adjustments to annual base compensation, determined cash and equity awards and established new performance objectives at one or more meetings held during the first and fourth quarters of the year. Generally, adjustments to the base salary of our executive officers are determined by the Compensation Committee in February of each year, with the adjustments becoming effective March 1st. As discussed more fully below, annual short-term performance-based cash awards are generally made in the first quarter of the year following the year in which services are performed. For the 2014 annual short-term performance-based cash award for our Chief Financial Officer, the Compensation Committee elected to defer determination of the amount of the award until completion of the audit of the Company s 2014 financial results and the filing of the Company s Annual Report on Form 10-K. In prior years, long-term equity incentive compensation was determined in either September (2011 and 2010) or October (2009 and prior years).

Beginning in 2012, we began awarding annual option grants in the first quarter of each year concurrent with the determination of cash compensation. This change in the timing of our annual option grants was made so the Committee could review concurrently all components of executive compensation (base salary, Bonus Plan targets and corporate performance and strategic goal attainment levels, and long-term equity incentive awards) and make compensation determinations based upon the totality of the annual compensation package for the executive. Our general policy is to grant stock options and other equity awards on fixed dates determined in advance, although there are occasions when grants are made on other dates. All required approvals are obtained in advance of or on the actual grant date. Other than stock option grants to new hires, stock option grants to executive officers are generally approved once a year (typically in the first quarter of the year) unless an executive officer is promoted, in which case a grant will normally be made at the time of such promotion, or, in rare circumstances, for recognition of outstanding performance. With respect to annual stock option grants to our continuing executive officers, these grants are typically approved early in each fiscal year and prior to the date that our trading window is closed. Although our full annual financial and operating results are typically not disclosed prior to approval of

Table of Contents

annual stock option grants for our executive officers, the Compensation Committee is unaware of our annual financial and operating results at the time they approve the annual equity awards to our executive officers (and other employees). As a result, the timing of annual equity awards to our continuing executive officers is not coordinated in a manner that intentionally benefits our executive officers.

Generally, the Compensation Committee's process for determining Bonus Plan awards involves two related elements: the determination of target award levels and the establishment of corporate performance and strategic goals for the current year. Per the terms of his employment agreement, Mr. Greenman's target level for his short-term performance-based cash incentive compensation is set at 60% of his base salary. For the remaining NEOs, the applicable target level of base salary for the short-term incentive cash compensation award is recommended by the Chief Executive Officer, taking into consideration feedback from our external compensation consultant. The Chief Executive Officer's recommendations are reviewed by the Compensation Committee, and the Compensation Committee either approves the bonus target levels as recommended or may modify the target levels of Bonus Plan awards after considering the peer group benchmarking data provided by Radford, with the goal of having annual Bonus Plan compensation, assuming the target bonus level is awarded, that is approximately the 50th percentile of that provided by our peer group with adjustments, as appropriate, depending on the executive's role at Cerus. Bonus Plan compensation, combined with annual equity compensation, has historically resulted in more than 50% of our NEOs total potential compensation being at risk.

At the beginning of each year, corporate performance and strategic goals are recommended by our Chief Executive Officer and then reviewed and approved by the Compensation Committee and the full Board. After the corporate performance and strategic goals are approved, our Chief Executive Officer meets with each of our executive officers to set their individual personal goals for the upcoming year based on the input from, and discussion with, our Compensation Committee. Each of our NEO's short-term incentive cash compensation package is directly tied to our corporate performance, with the Compensation Committee retaining the discretion to make adjustments based on its assessment of the executive's personal performance for the performance year. The performance of all executive officers is evaluated in terms of meeting our corporate performance and strategic goals and their individual contributions to achieving those goals, which is then discussed with each of our executive officers during their annual review. Shortly after the end of each year, the Compensation Committee meets with our Chief Executive Officer to discuss and evaluate each of the corporate performance and strategic goals for the preceding year, whether such goals were attained and, if so, at what level. The Compensation Committee considers the recommendations provided by our Chief Executive Officer as to the determined level of attainment of our strategic goals for the preceding year, and considers whether to adopt the Chief Executive Officer's recommendation or whether any adjustment should be made, before approving the attainment level. The Compensation Committee then reviews with our Chief Executive Officer the individual performance of each of our NEOs, other than our Chief Executive Officer, and whether any adjustments to their short-term incentive cash compensation awards under the Bonus Plan should be made. The Compensation Committee then meets in executive session without the presence of our Chief Executive Officer to review and evaluate our Chief Executive Officer's performance for the preceding year and what, if any, adjustments should be made to his short-term incentive cash compensation award under the Bonus Plan.

Although compensation packages are reviewed on an annual basis, generally in the first quarter, the Chief Executive Officer and Compensation Committee regularly discuss the performance of our executive officers throughout the year. The Compensation Committee considers this ongoing feedback along with its annual review of all the NEOs individual performance when determining the appropriate levels of base salary and long-term equity incentive compensation awards for the following year. The Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year.

Role of Compensation Consultants

The Compensation Committee has engaged Radford, an AON Hewitt Consulting Company, referred to elsewhere as Radford Consulting as its compensation consultant since August 2011. Radford Consulting is an

Table of Contents

independent consulting firm that specializes in executive compensation consulting. The Compensation Committee selected Radford Consulting after considering a number of other national compensation consulting firms. The Compensation Committee selected Radford Consulting because of their expertise with life sciences companies and the rapport they established with the Compensation Committee during the screening process. Radford Consulting provides analysis and recommendations to the Compensation Committee regarding:

trends and emerging topics with respect to executive compensation;

peer group selection for executive compensation benchmarking;

compensation practices of our peer group;

compensation programs for executives and broad-based employees; and

stock utilization and other metrics.

In addition to engaging their consulting services, we subscribe to Radford Consulting's annual Global Life Science compensation survey data on an ongoing basis. We use this survey data to determine market trends, to verify that the peer group data for NEO compensation is consistent with overall compensation trends, and to set compensation levels for our non-executive employees. As previously discussed, the Compensation Committee regularly meets in executive session to discuss executive compensation issues. Radford Consulting may be asked to participate in, and has in the past attended, meetings of the Compensation Committee. Radford Consulting reports directly to the Compensation Committee rather than to management, although they have in the past met with management for purposes of gathering information for their analyses and recommendations and may continue to do so in the future. In November 2013, the Compensation Committee engaged Radford Consulting to update its analysis in connection with the 2014 executive compensation determinations. Annual fees paid to Radford Consulting for their services as advisor to the Compensation Committee were approximately \$39,970, which was less than 1% of their total revenues.

Compensation Benchmarking

The Compensation Committee regularly considers the appropriate pay scales for our NEOs and, as part of that process, utilizes a process called benchmarking in order to ensure that total compensation is competitive with salaries paid within the industry and is appropriate given the executive's level of responsibilities. However, the Compensation Committee recognizes that benchmarking is an imperfect tool for establishing competitive compensation packages as the job responsibilities of persons with similar titles may vary significantly from company to company, and that a person's title is not necessarily descriptive of a person's duties. Therefore, the Compensation Committee considers the scope and complexity of the executive positions against which we benchmark and compares these positions to the scope and complexity of our executive positions. The result is an assessment of the compensation being paid to our executives in light of the compensation being paid to persons performing duties of similar scope and complexity at the companies against which we are benchmarking. The Compensation Committee uses this assessment to assist it in making decisions regarding appropriate compensation levels for our executive positions. The underlying principle of the evaluation methodology is to focus on identifying those positions that have a scope and complexity of responsibilities that are comparable to those duties exercised by each of our particular executives.

As part of the August 2011 engagement, the Compensation Committee requested that Radford Consulting update for 2012 the peer group we use for purposes of setting executive compensation levels. As a result, Radford Consulting, working closely with the Compensation Committee and management, ultimately selected a peer group consisting of 20 companies based on the following selection criteria:

late development stage biopharmaceutical companies (Phase III or pre-NDA to marketed products);

companies with less than \$100 million in annual revenue;

companies with 50 to 200 employees; and

companies with market capitalizations of between \$50 million and \$300 million.

Table of Contents

At the time this peer group was initially selected (using market data as of October 3, 2011), we had approximately \$24.8 million in trailing twelve month revenue, approximately 79 employees and a market value of approximately \$94.4 million (as of October 3, 2011).

In connection with Radford's engagement in November 2013 with respect to determining 2014 compensation levels, Radford determined that the prior peer group selection criteria were generally still appropriate, but suggested that we consider adjusting the market capitalization range from companies with market capitalizations between \$75 million and \$350 million to those companies with market capitalizations between \$200 million and \$800 million to better reflect where Cerus was at that time. In applying these revised peer group selection criteria, Radford identified seven companies to be discussed by the Compensation Committee and potentially removed from the peer group list. Based on Radford's recommendation, the Compensation Committee approved removing the following companies from the peer group list because their market capitalization was outside of the suggested range or, in the case of Astex Pharmaceuticals, Inc. and Trius Therapeutics, Inc., because they had been acquired:

Alexza Pharmaceuticals, Inc.,
Amicus Therapeutics, Inc.
ArQule, Inc.
Astex Pharmaceuticals, Inc.

Pain Therapeutics, Inc.
Trius Therapeutics, Inc.
Vical, Inc.

To replace these seven companies, Radford presented nine possible additions to the peer group list. After several discussions with Radford, management and amongst themselves, the Compensation Committee decided to add the following nine companies to the peer group: AMAG Pharmaceuticals, Inc., Anacor Pharmaceuticals, Inc., Anika Therapeutics, Inc., Antares Pharmaceuticals, Inc., Cadence Pharmaceuticals, Inc., Idenix Pharmaceuticals, Inc., Neurocrine Biosciences, Inc., XenoPort, Inc. and Zogenix, Inc. Thus, the following 22 peer group companies were selected by the Compensation Committee for use in setting executive compensation levels for 2014:

AMAG Pharmaceuticals, Inc.
Anacor Pharmaceuticals, Inc.
Anika Therapeutics, Inc.
Antares Pharmaceuticals, Inc.
AVANIR Pharmaceuticals, Inc.
Cadence Pharmaceuticals, Inc.
Cytokinetix, Inc.
Cytori Therapeutics, Inc.
Depomed, Inc.
DURECT Corporation
Dyax Corporation

Dynavax Technologies Corporation
Geron Corporation
Idenix Pharmaceuticals, Inc.
Immunomedics, Inc.
Ligand Pharmaceuticals, Inc.
Neurocrine Biosciences, Inc.
SciClone Pharmaceuticals, Inc.
Sucampo Pharmaceuticals, Inc.
XenoPort, Inc.
XOMA Corporation
Zogenix, Inc.

In November 2013, Radford Consulting analyzed the 2013 compensation practices of the identified peer group in order to assist the Compensation Committee in determining appropriate 2014 NEO compensation levels. Radford Consulting prepared an extensive analysis of the 2012 and 2013 compensation practices of the 22 peer companies as reported in their proxy statements, and offered additional analysis based on the compensation practices of a broader group of life science companies, a subset of what is included in the Radford Life Science Survey for biotechnology and life science companies with 50 to 149 employees. Radford Consulting delivered its report to the Compensation Committee in January 2014, and also included anticipated 2014 compensation trends in its analysis.

The Compensation Committee referenced the cash and equity compensation components analyzed in Radford Consulting's report, combined with its review of each executive officer's past individual performance, level of responsibility and anticipated future contributions to Cerus, in setting executive base salary and long-

term equity compensation awards for 2014. The Compensation Committee believes that relying upon the peer group benchmarking criteria alone is not sufficient for setting compensation levels but is important as a reference point in making compensation-related decisions. After considering the results of Radford Consulting's report, the Compensation Committee felt it was appropriate to continue to make annual compensation as a reference point in making approximately the 50th percentile of the peer group for base salary, the 50th percentile of the peer group for the annual incentive bonus target, and the 60th percentile of the peer group for equity compensation. The 50th percentiles of the peer group for the base salary levels and the annual incentive bonus target levels were selected as reference points by the Compensation Committee in determining whether the total target cash compensation opportunity is likely to provide sufficient motivation and retention as well as whether it properly reflects the NEO's role and scope of responsibilities relative to our peer group. The Compensation Committee determined to generally reference the 60th percentile of our peer group in determining equity compensation levels in order to have a significant portion of the NEOs compensation at risk and aligned with the interests of our shareholders. This 60th percentile level is the same level generally approved for the total equity pool to be allocated among all of our employees for 2014. Based upon the data provided by Radford Consulting, the Compensation Committee determined that historical equity grant levels to our NEOs were generally between the 25th and 75th percentile of our peer group, with Dr. Corash and Mr. Green at the 25th percentile, Mr. Greenman between the 25th and the 50th percentiles, and Ms. Moore and Mr. Hogeboom between the 60th and 75th percentiles. The Compensation Committee also determined that the unvested options for our NEOs were valued, on average, at 2.7x of their respective base salaries, with Mr. Greenman at 4.4x, Dr. Corash at 2.0x, Mr. Hogeboom at 2.8x, Ms. Moore at 2.5x and Mr. Green at 1.8x. The Compensation Committee determined that the 60th percentile of our peer group continued to be the appropriate reference point in establishing 2014 equity grant levels in order to continue to have a significant portion of our NEOs compensation be at risk. In this regard, Mr. Greenman's 2014 equity grant of 325,000 shares was slightly above the 60th percentile, as was Mr. Green's 2014 equity grant of 125,000 shares. Mr. Hogeboom's and Ms. Moore's 2014 equity grants of 135,000 were above the 75th percentile, and Dr. Corash's 2014 equity grant of 135,000 shares was slightly below the 50th percentile. The actual 2014 equity grants deviated from the 60th percentile for the reasons discussed below under *2014 Long-Term Incentive Compensation*.

Caspar Hogeboom	\$ 282,930(2)	40%	135,000
Carol M. Moore	\$ 326,398	40%	135,000

(1) Effective March 1, 2014.

(2) Mr. Hogeboom's base salary for 2014 of 237,059, effective March 1, 2014, has been converted to U.S. Dollars using the average conversion rate for the year ended December 31, 2014 of 1.1935.

2014 Base Salary

The purpose of base salary is to provide a level of fixed compensation to our NEOs in order to attract and retain executives with the qualifications desired for the particular position, while still targeting having

Table of Contents

approximately 50% or more of their total compensation at risk. For 2014, the Compensation Committee's aim, in line with Cerus' general philosophy to set target compensation levels that are competitive while maintaining a reasonable cost structure, was to initially refer to base salaries at or around the 50th percentile of the compensation paid to similarly situated executives employed by the peer group companies for target level performance, but making adjustments from the 50th percentile to reflect the executive's level of experience, past performance, and actual responsibilities. Each year, we generally tend to make modest increases in base salary for executive officers, except where an individual's base salary is found to be significantly below market when compared to the selected peer group, in which case a larger increase may be warranted. The Compensation Committee reviews base salary annually, and considers adjusting base salaries to reflect annual base salary increase trend data provided by the compensation consultants. These guidelines are used throughout our company in determining appropriate base salary increases for all of our employees. In February 2014, our Compensation Committee approved 2014 base salaries, as well as 2014 bonus targets and stock option grant awards, for our executive officers. Salary increases were effective as of March 1, 2014 and took into account base salary increase trend data provided by Radford Consulting (which for 2014 was approximately 3.0%).

The Compensation Committee also considered our executives' relative level of experience and responsibilities in setting 2014 base salaries. For example, for 2014, Mr. Greenman received a 5.0% base salary increase in order to bring his base salary closer to that of chief executive officers at our peer companies, which resulted in his 2014 base salary being slightly below the 50th percentile and in line with our base salary reference target. The Committee felt that this increase reflected the level of Mr. Greenman's responsibilities, given his time in the role and provides opportunity for future, equally meaningful base salary increases as Mr. Greenman's experience in the role continues to increase. Similarly, Mr. Green received a 12.0% increase to his base salary, which resulted in his 2014 base salary being set at below the 25th percentile of executives in similar roles at our peer companies, reflecting incremental increases to his base salary to bring it more in line with the base compensation for the chief financial officer position, at our peer companies and providing opportunity for future meaningful base salary increases as Mr. Green's experience in the role grows. Dr. Corash received a base salary increase of 2.0%, resulting in his base salary being at slightly below the 75th percentile. In determining the size of Dr. Corash's base salary increase, the Compensation Committee tried to balance the increase in Dr. Corash's responsibilities in light of U.S. regulatory submissions and potential future commercialization efforts against his historical base salary rate being at or near the 75th percentile. Ms. Moore and Mr. Hogeboom each received a 3.0% increase to their base salary, which resulted in Ms. Moore's 2014 base salary being set at around the 75th percentile of executives in similar roles at our peer companies. Although Ms. Moore's base salaries was set above the referenced 50th percentile of the peer group, the Compensation Committee felt that a 3.0% increase was appropriate given her years of experience and the fact that Ms. Moore's responsibilities include oversight of Cerus' clinical function, in addition to the regulatory and quality functions, all of which were anticipated to be highly active in light of our ongoing clinical trials for our red cell program and our U.S. regulatory submissions. Mr. Hogeboom's 3.0% increase maintained his base salary at just under the 50th percentile and in line with our base salary reference target. The Compensation Committee determined that these adjustments to the executive's base salaries and deviation from the 50th percentile peer group levels were appropriate in all circumstances given each executive's respective level of experience and responsibilities, and reflective of market trends for base salary increases.

Named Executive Officer	2013 Base Salary (\$)	Base salary Increase for 2014	2014 Base Salary (\$)
William M. Greenman	\$ 500,000	5.0%	\$ 525,000
Kevin D. Green	\$ 279,607	12.0%	\$ 313,160
Laurence M. Corash	\$ 399,866	2.0%	\$ 407,863
Caspar Hogeboom (1)	230,154	3.0%	237,059
Carol M. Moore	\$ 316,891	3.0%	\$ 326,398

- (1) As converted to U.S. Dollars using the average conversion rate for the year ended December 31, 2014 of 1.1935, Mr. Hogeboom's base salary for 2013 and 2014 was approximately \$274,689 and \$282,930, respectively.

Bonus Plan for 2014

It is the Compensation Committee's objective to have a substantial portion of each NEO's cash incentive compensation contingent upon our performance, while retaining the discretion to modify awards to reflect the NEO's individual level of performance and contribution towards our corporate performance. This allows our executive officers to receive performance-based cash compensation in the event certain specified corporate performance and strategic goals are achieved, while recognizing the individual contributions toward those goals. We provide short-term performance-based incentive compensation to our NEOs under the Bonus Plan.

Payouts under the Bonus Plan are generally made based upon the achievement of certain corporate performance and strategic goals that are specified at the beginning of the performance period. However, the Compensation Committee has the discretion to take into account significant corporate events and other significant accomplishments that were not contemplated at the beginning of the performance period in determining the extent to which the strategic goals were satisfied. Likewise, the Compensation Committee also has the discretion to modify or otherwise change the corporate performance and strategic goals during the applicable calendar year to take into account circumstances then existing. In determining the actual cash bonuses, the Compensation Committee may also exercise its negative discretion to revise the cash bonuses that would otherwise have been paid under the Bonus Plan based on our level of attainment of our corporate and strategic goals to reflect subsequent developments. For 2014, proposed corporate performance and strategic goals were submitted to the Compensation Committee in writing by the Chief Executive Officer for approval by the Compensation Committee and the entire Board in the first quarter of the year. At the time of such approval, the Compensation Committee assigned a percentage value that reflected the significance of the corporate performance and strategic components relative to one another.

The value assigned to each goal was used in the determination of actual bonus payouts with respect to 2014 performance. The Compensation Committee also established, as applicable, threshold, target and stretch metrics for the corporate performance goal components, as explained below. At the beginning of 2014, the Compensation Committee, with input from the Chief Executive Officer (except with respect to his own target bonus percentage), also determined the target bonus percentages for each executive officer and provided each executive officer with his or her target bonus percentage in writing. For the 2014 plan year, the Compensation Committee assigned a target bonus percentage of 60% of base salary for the Chief Executive Officer, which was at the 50th percentile of peers and in line with our annual incentive bonus reference target. The Compensation Committee assigned a target bonus percentage of 40% of base salary for each of Dr. Corash, Messrs. Hogeboom and Green and Ms. Moore, which reflected, on average, the 50th, 75th, 50th and 75th percentile, respectively, of our peers. The bonus target for Mr. Hogeboom and Ms. Moore reflect both consideration of internal pay equity among the executive officers (other than Mr. Greenman) as well as the fact that the functional groups they oversee, sales and regulatory/clinical, respectively, have a significant impact and contribution to the achievement of our corporate performance goals. For the latter reason, each of their actual individual payouts under the Bonus Plan may, in the Compensation Committee's discretion, be disproportionately impacted by the achievement, or failure to achieve, those corporate performance goals. See the discussion below under *Calculation of 2014 Bonus Plan Awards* for a discussion of the impact of 2014 corporate performance goal achievement on payouts under the Bonus Plan. The target bonus opportunity represents the annual cash bonus the executive would be eligible to receive under the Bonus Plan if all of the company's goals were 100% achieved. The 2014 goals and weighting system for the Bonus Plan are described below. The Compensation Committee selected these goals because it believed that they were the best indicators of the achievement of the execution of our operating plan and were the factors that were the most critical to increasing the value of our common stock. These goals, therefore, were believed to best align the financial interests of our NEOs with those of our stockholders.

Table of Contents*Corporate Performance Goals*

The 2014 plan year performance measures approved by the Compensation Committee with respect to the corporate performance component of our 2014 goals, which comprised approximately 85% of our 2014 goals, consisted of the following:

GOAL:	THRESHOLD	TARGET	STRETCH
Revenue	34.0 million	36.0 million	> 40.0 million
Year End Cash ⁽¹⁾	> \$22 million	> \$25 million	> \$27 million
Gross Margin	42%	43%	> 45%
Regulatory Progress Plasma	Positive recommendation at BPAC ⁽²⁾	FDA approval in the fourth quarter of 2014	N/A
Regulatory Progress Platelets	N/A	BPAC approval in the fourth quarter of 2014	FDA approval in 2014
Commercial Launch Preparation Goals	(3)	(3)	(3)
Regulatory Submissions Canada/China ⁽⁴⁾	N/A	Canada Second quarter of 2014; China Fourth quarter of 2014	N/A
RBC Clinical Goals	(5)	(5)	(5)

(1) Excluding cash raised in the public equity markets.

(2) BPAC stands for the Blood Products Advisory Committee, an advisory committee convened by and reporting to the FDA

(3) The U.S. commercial launch preparation goals for our platelet and plasma systems consisted of staffing the U.S. commercial group and generating data to support expansion of platelet label claims, and a board approved commercial launch plan, which are collectively referred to below as the Commercial Launch Preparation Goals.

(4) These goals related to our submission for regulatory approval of the platelet and plasma systems in the indicated jurisdictions.

(5) For the red blood cell, or RBC, program, the performance goals were to successfully complete our European Phase III clinical trial for acute anemia patients and our U.S. Phase II recovery and lifespan study, as well as enrollment goals in our European Phase III clinical trial for chronic indications, collectively referred to below as the RBC Clinical Goals. The threshold, target and stretch metrics for the Phase III Chronic anemia trial were set at 55 patients, 70 patients and 80 patients for the threshold, target and stretch levels, respectively.

Threshold, target, and stretch levels for the corporate performance component of our 2014 goals were established based on our 2014 operating plan and data regarding our financial results and business expectations as of that time. The threshold amounts represent the minimum amount that we needed to achieve in order for any payouts with respect to the applicable component to be made under the Bonus Plan. Achievement of at least the threshold metric, but less than target, is subject to a performance multiplier of no less than 0.5 and no more than 0.99, with the exact multiplier determined by actual performance between the performance levels. Achievement of at least the target metric, but less than the stretch metric, is subject to a performance multiplier of no less than 1.0 and no more than 1.49, with the exact multiplier determined by actual performance between the performance levels. Achievement of the stretch metric or more is subject to a performance multiplier of no more than 1.5. The Compensation Committee retains the discretion to adjust the actual award to reflect each NEO's level of individual performance.

Table of Contents

During the first quarter of 2015, the Compensation Committee determined that the 2014 corporate performance goals had been attained at a combined level of 62.5%, as further specified below.

Strategic Goals

The strategic component of our 2014 goals did not include minimum, target and maximum levels of performance, nor did it include a performance multiplier. The strategic component of our 2014 goals was not quantifiable in that it did not include specific quantitative elements or quantitative weighting. The Compensation Committee approved specified strategic goals, but also retained the discretion to take into account significant corporate events or other significant accomplishments that were not contemplated at the beginning of 2014 in determining the extent to which the strategic goals were satisfied. In making such determination, the Compensation Committee considered the Chief Executive Officer's recommendation as to those strategic goals that should be considered and the percentage level of attainment of such strategic goals. The Compensation Committee then considered whether any modifications should be made either to the considered strategic goals, or the determined level of attainment, as recommended by the Chief Executive Officer. For example, with respect to the strategic goals for 2014, the Compensation Committee exercised its discretion to include an additional 5% for those functional groups that contributed in a meaningful way toward U.S. regulatory approval and commercial launch readiness activities. In determining whether and to what extent to make any performance-based cash incentive awards with respect to the strategic component of our 2014 goals, the Compensation Committee considered 2014 actions toward achieving the following strategic goals (some pre-determined, and some not contemplated at the beginning of the performance period), as recommended by the Chief Executive Officer and without modification from such recommendation:

Defining new product program pathways toward a regulatory submission;

Progress toward developing next generation product designs;

Partnering and non-debt financing activity; and

U.S. regulatory approvals and completion of commercial launch readiness activities for our plasma and platelet systems (for certain functional groups only).

The Compensation Committee also approved the level of attainment of the strategic goals as recommended by the Chief Executive Officer, without modification, so that the strategic goals were approved as generally attained at a level of 10%, with the additional 5% attainment level for certain functional groups as described above.

Calculation of 2014 Bonus Plan Awards

During the first quarter of 2015, the Compensation Committee determined, in its sole discretion that we had achieved 77.5% of our corporate performance and strategic goals as described below:

CORPORATE PERFORMANCE GOALS	WEIGHTING	MULTIPLIER	ACHIEVEMENT
Attainment of Revenue Target	25%	0	0%

Table of Contents

Based on the above results, the Compensation Committee applied the 77.5% performance score to the target bonus levels of each of the executives other than the Chief Executive Officer to determine the aggregate size of the total bonus pool available for all such executives. Consistent with the terms of the Bonus Plan, this bonus pool was then allocated by the Chief Executive Officer with respect to the other eligible executives and submitted to the Compensation Committee for approval. However, the approval of the Chief Executive Officer's bonus was determined separately and solely by the Compensation Committee, and the Chief Executive Officer had no involvement in making such determination. The Compensation Committee determined that Dr. Corash should receive an allocation of 82.5% of his bonus targets and Ms. Moore should receive an allocation of 87.5% of her bonus target, reflecting an allocation of the additional 5% for their efforts toward the U.S. regulatory and commercial launch readiness activities, as well as an additional 10% allocation for Ms. Moore's extraordinary efforts in attaining one of the two corporate goals achieved at the stretch level and an additional 5% for Dr. Corash for his extraordinary efforts in drafting the clinical sections of the regulatory submissions. Mr. Hogeboom received an allocation of 47.5% of his target bonus amount, reflecting the impact of failure to achieve the 2014 revenue goal. He was not eligible for the additional 5% allocated for the U.S. regulatory and commercial launch readiness activities. Mr. Green, who serves as our principal financial and accounting officer, received an allocation of 43.7% of his target bonus amount as a result of the material weaknesses in our internal controls over financial reporting identified in connection with the audit of our 2014 financial results. Mr. Green was eligible for the additional 5% allocated for the U.S. regulatory and commercial launch readiness activities but such additional 5% was not factored into his bonus amount given the Compensation Committee's determination that his bonus should be significantly reduced as a result of these material weaknesses. Mr. Greenman received an allocation of 77.5% of his target bonus amount, reflecting the additional 5% allocation for his individual contributions toward the planned U.S. commercial launch of the platelet and plasma systems.

Cash incentive performance awards earned by our NEOs under the Bonus Plan for 2014 performance were as follows:

Named Executive Officer	Target Bonus Level (\$)	Actual Bonus Earned(\$)	Actual Bonus Earned as a % of Target Bonus Level
William M. Greenman	\$ 315,000	\$ 244,125	77.5%
Kevin D. Green	\$ 125,264	\$ 54,800	43.7%
Laurence M. Corash	\$ 163,145	\$ 134,600	82.5%
Caspar Hogeboom (1)	94,824	45,041	47.5%
Carol M. Moore	\$ 130,559	\$ 114,200	87.5%

(1) As converted to U.S. Dollars using the average conversion rate for the year ended December 31, 2014 of 1.1935, Mr. Hogeboom's target bonus level for 2014 was \$113,172 and his actual bonus earned for 2014 was \$53,756.

2014 Discretionary Cash Bonus Awards

From time to time, the Compensation Committee may award discretionary cash bonuses to executive officers for exceptional performance. In July 2014 and December 2014, the Compensation Committee approved cash bonus awards of \$790 and \$50,000, respectively, to Ms. Moore as a token of her considerable efforts with respect to our platelet regulatory submission and the receipt of regulatory approval for our platelet product on an accelerated timeframe, respectively. Dr. Corash similarly received a discretionary bonus award of \$20,000 in December 2014 to acknowledge his efforts relating to such 2014 FDA approvals, and Mr. Green received a cash bonus award of \$790 in August 2014 as a token of his efforts with respect to the implementation of a new enterprise resource planning system. The amounts of these discretionary cash bonuses were subjectively determined by our Chief Executive Officer based on his assessment of the extraordinary efforts of these individuals and subsequently approved by our Compensation Committee based on the assessment and recommendation of our Chief Executive Officer.

Table of Contents*2014 Long-Term Incentive Compensation*

In addition to salary and short-term incentive compensation, we provide our executive officers with long-term performance incentives, typically in the form of stock options. Stock options are intended to foster the long-term perspective we believe is necessary for our continued success by creating a strong, direct link between our NEOs' compensation and our stock price appreciation. Because the executive must pay a cash exercise price equal to the value of the stock on the date the option is granted, the executive will only receive value from the award if the value of our stock increases following the option grant date. The Compensation Committee also awards stock options because it believes that if our officers own shares of our common stock with value that is significant to them, but which value cannot be immediately realized, they will have an incentive to act to maximize longer-term stockholder value instead of short-term gain. Our stock option awards are granted subject to vesting restrictions, so they are earned over a period of years during the executive's continued service with us following the option grant date. The Compensation Committee also believes that equity compensation is an integral component of our efforts to attract and retain exceptional executives, senior management and other employees.

In February 2014, based in part on the January 2014 report from Radford Consulting, the Committee approved additional option grants to our NEOs after referencing the 60th percentiles of the annual grant levels to executives in similar positions at our peer companies (based on a Black-Scholes valuation). The Compensation Committee determined to grant 2014 equity awards to our NEOs at levels sufficiently large enough to approximate the referenced equity compensation levels provided by our peers, while conserving the number of shares available for future issuance under the 2008 Plan. The Compensation Committee also took into account internal pay equity concerns when establishing awards, which resulted in the awards to Mr. Hogeboom and Ms. Moore being above the 60th percentile reference point and the award to Dr. Corash being below.

Option grants to our NEOs in 2014 were as follows:

Named Executive Officer	Option Shares
William M. Greenman	325,000
Kevin D. Green	125,000
Laurence M. Corash	135,000
Caspar Hogeboom	135,000
Carol M. Moore	135,000

Stock options granted under our 2008 Plan generally have a ten-year term. Except with respect to the years of service awards that vest at the end of the quarter in which they are granted, these stock options typically have six month cliff vesting and thereafter vest monthly over the following 42 months and are therefore fully exercisable within four years of the grant date, with the exception of Mr. Hogeboom, whose options vest annually over four years, which is consistent with market terms for equity awards in the Netherlands. The exercise price of options granted under the 2008 Plan is the closing price per share on the date of grant. We typically grant options at the commencement of employment and annually thereafter. Beginning in December 2011, the Committee changed the timing of the annual option grant award to occur concurrently with the review of executive cash compensation, which typically occurs in February, with a grant date of March 1st. In awarding stock options, the Compensation Committee considers individual performance, overall contribution, executive officer retention, the number of unvested stock options and restricted stock units currently held by the executive, the total number of stock options and stock units available for grant, and the levels of equity compensation provided by our peer companies to executives in similar positions.

Change of Control and Severance Benefits

Mr. Green, Dr. Corash and Ms. Moore are each participants in our change of control severance plan, referred to elsewhere as the Severance Plan, and we have an employment agreement with Mr. Greenman, in each case providing for certain change of control related severance benefits. For more information regarding our

Table of Contents

change of control related severance benefits, please see the section below entitled Employment, Severance and Change of Control Agreements. The Compensation Committee has also separately approved change of control related equity vesting acceleration benefits upon termination for Mr. Hogeboom, consistent with the double trigger equity vesting acceleration benefits provided to our other NEOs in their employment agreements and/or the Severance Plan. This arrangement was formalized in a written agreement in March 2014. The Compensation Committee believes that these change of control related severance benefits are an important element of our executive compensation and retention program, which has particular importance in the context of a change of control. Change of control benefits under Mr. Greenman's employment agreement, Mr. Hogeboom's change in control agreement, and the Severance Plan, including stock award vesting acceleration, are structured on a double-trigger basis, meaning that the executive officer must experience a constructive termination or a termination without cause in connection with the change of control in order for the change of control benefits to become due. The Compensation Committee believes that the events triggering payment, comprising both a change of control and an involuntary termination, and then only when there is no misconduct by the officer, are appropriate hurdles for the ensuing rewards. It is the Compensation Committee's belief that providing change of control benefits should eliminate, or at least reduce, the reluctance of our executive officers to diligently consider and pursue potential change of control transactions that may be in the best interests of our stockholders.

The severance benefits for Messrs. Greenman, Green and Hogeboom contained in their employment agreements also provides for certain non-change of control related severance benefits in the event of an involuntary termination without cause or a constructive termination, including continued payment of salary and healthcare benefits and full acceleration of stock options, in exchange for a general release of claims. Our Board and Compensation Committee believe that the non-change of control related severance benefits provided to our NEOs are an important element of their retention and motivation and are consistent with compensation arrangements provided in a competitive market for executive talent. It is further believed that the benefits of such severance arrangements, including generally requiring a release of claims against us as a condition to receiving the severance benefits, are in the best interests of the company.

Other Benefits

We provide our executive officers with other benefits that we believe are reasonable and consistent with, or less than, what our peer group offers its executive officers and that help us to attract and retain high quality executives. The Compensation Committee periodically reviews the levels of benefits provided to our executive officers to ensure they remain reasonable and consistent with our compensation philosophy.

Except with respect to Mr. Hogeboom, our NEOs are eligible to participate in all of our employee benefit plans, such as the 401(k) Plan, medical, dental, vision coverage, short-term disability, long-term disability, group life insurance, cafeteria plan, and the 1996 Employee Stock Purchase Plan, in each case on the same basis as our other employees. Mr. Hogeboom is not eligible to participate in our 401(k) Plan, or our medical, dental, vision coverage, short-term disability, long-term disability, group life insurance, cafeteria plan, or the 1996 Employee Stock Purchase Plan. We do not currently offer pension or other retirement benefits for our NEOs other than the 401(k) Plan and the pension insurance contributions for Mr. Hogeboom described below.

Pursuant to the terms of his employment agreement, Mr. Hogeboom is provided with benefits that are typical for executives in the Netherlands and that include a leased vehicle benefit. Mr. Hogeboom is also provided with pension insurance contributions equal to 10% of his gross base salary because he is not eligible to participate in our 401(k) Plan or Employee Stock Purchase Plan, and pension insurance contribution benefits are customary for employees in the Netherlands. Because Mr. Hogeboom is not eligible to participate in our group term life insurance plan, Mr. Hogeboom is also provided with death in service insurance contributions, which are used to obtain similar coverage to that provided under our group term life insurance plan and which are customary benefits provided to executives in the Netherlands. Mr. Hogeboom is also provided with healthcare premium benefits for himself and his wife and children because this benefit is customary for executives in the Netherlands. Mr. Hogeboom's benefits provided under the terms of his employment agreement also include

Table of Contents

reimbursement for home telephone and internet expenses, which benefits were provided to him as customary benefits provided for our sales force employees, as Mr. Hogeboom was originally hired to manage our international sales force.

Risk Analysis

The Compensation Committee has reviewed our compensation policies as generally applicable to our employees and believes that our policies do not encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the company. The design of our compensation policies and programs encourage our employees to remain focused on both the short- and long-term goals of the company. For example, while our Bonus Plan measures performance on an annual basis, our equity awards typically vest over a number of years, which we believe encourages our employees to focus on sustained stock price appreciation, thus limiting the potential value of excessive risk-taking.

Compensation Recovery Policy

We do not have a policy to attempt to recover cash bonus payments paid to our executive officers if the performance objectives that led to the determination of such payments were to be restated, or found not to have been met to the extent the Compensation Committee originally believed. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our Chief Executive Officer and Chief Financial Officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a compensation recovery policy once the SEC adopts final regulations on the subject. Notwithstanding the fact that we do not have a policy to recover cash bonuses, our Compensation Committee carefully monitors the Company's financial results and retains the discretion to revise the cash bonuses that would otherwise have been paid under the Bonus Plan based on our level of attainment of our corporate and strategic goals to reflect subsequent developments.

Accounting and Tax Considerations

We account for stock-based awards exchanged for employee services in accordance with the Compensation Stock Compensation topic of the Financial Accounting Standards Board Accounting Standards Codification. In accordance with the topic, we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense over the period during which it is earned.

Section 162(m) of the Code limits our deduction for federal income tax purposes to no more than \$1.0 million of compensation paid to certain executive officers in a taxable year. Compensation above \$1.0 million may be deducted if it is performance-based compensation within the meaning of the Code. Although we have not previously paid any executive officer in a taxable year, compensation that is subject to the deduction limit in excess of \$1.0 million, such compensation in future years may exceed such deduction limits. While the Compensation Committee is mindful of the potential benefit to our performance of full deductibility of compensation, the Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) of the Code where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, the Compensation Committee has not adopted a policy that requires that all compensation be deductible and approval of compensation, including the grant of stock options or other performance-based compensation to our executive officers, by the Compensation Committee is not a guarantee of deductibility under the Code. We and the Compensation Committee intend to continue to evaluate the effects of the compensation limits of Section 162(m) of the Code and to grant compensation awards in the future in a manner consistent with the best interests of the company and our stockholders.

EMPLOYMENT AGREEMENTS AND ARRANGEMENTS

Employment Agreements. Each of our named executive officers has entered into written employment agreements with us. For a description of these employment agreements, please see the section of this proxy statement under the heading Employment, Severance and Change of Control Agreements below.

Annual Bonus Plan. Our Bonus Plan for Senior Management of Cerus Corporation and our International Bonus Plan, which together are referred to as the Bonus Plan, provide for annual bonus award opportunities to reward executive officers for performance in the prior fiscal year.

Option Awards. In addition to salary and short-term incentive compensation under our Bonus Plan, we provide our executive officers with long-term incentives, in the form of stock options. Stock options in 2014 were granted under our 2008 Plan and generally have a ten-year term. If Proposal No. 2 is approved (relating to the amendment and restatement of the 2008 Plan), future stock options will be made under the Restated 2008 Plan as so amended and restated. These stock options vest, subject to continued service with us, as to 12.5% of the shares subject to the award on the six month anniversary of the vesting commencement date and then in 42 equal monthly installments thereafter and are therefore fully exercisable within four years of the grant date, with the exception of Mr. Hogeboom, whose option granted in 2014 vests in equal annual installments over four years. All options granted in 2014 were granted with an exercise price equal to 100% of the fair market value of our common stock on the date of grant.

Change of Control and Severance Plans. The employment agreements referred to above provide for severance benefits, which are described in more detail under the heading Employment, Severance and Change of Control Agreements below. In addition, effective September 2005, and amended and restated as of December 11, 2008, we adopted a change of control severance benefit plan, or the Severance Plan, that provides for severance benefits as a result of termination of employment in particular circumstances in connection with a change of control and is described in more detail under the heading Employment, Severance and Change of Control Agreements below. Each of Dr. Corash, Mr. Green and Ms. Moore are participants in the Severance Plan. The Compensation Committee has also separately approved change of control termination related equity vesting acceleration benefits for Mr. Hogeboom, consistent with the double trigger equity vesting acceleration benefits provided to our other NEOs in their employment agreements and the Severance Plan. This arrangement was formalized in a written agreement in March 2014.

401(k) Plan. Our 401(k) Profit Sharing Plan, or the 401(k) Plan, enables eligible employees to save for retirement. As well as retirement benefits, the 401(k) Plan provides certain benefits in the event of death, disability, or other termination of employment. The 401(k) Plan is for the exclusive benefit of eligible employees and their beneficiaries. The 401(k) Plan allows employees to shelter a percentage of their income from taxes and choose from a number of investment funds while saving for retirement. All employees who are not residents of Puerto Rico, covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, a leased employee or a nonresident alien with no income from a U.S. source are eligible to participate in the 401(k) Plan on the first day of the month following their date of hire. Enrollments are effective and contributions can begin on the first day of the month after hire. The 401(k) Plan has a rollover feature and also allows for borrowing against the balance in the account. Employees can make pre-tax dollar contributions of up to 60% of their eligible pay up to a maximum cap established by the IRS unless their participation level is limited by IRS non-discrimination testing requirements.

A variety of investment funds are available and money can be allocated among them as employees wish, in any percentage increments. Deferral amount elections may be made and/or changed on a monthly basis. With some limitations, employees may change their investment choices daily.

Other Compensatory Arrangements. For a description of the other elements of our executive compensation program, see Compensation Discussion and Analysis Executive Compensation Components and Decisions Other Benefits above.

Table of Contents**EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS**

Except as set forth below, we do not have employment agreements currently in effect with any of our named executive officers. However, from time to time, we have provided an offer letter in connection with an executive officer's commencement of employment, which describes such executive officer's initial terms of employment.

William M. Greenman, our President and Chief Executive Officer, is a party to an agreement with us, dated as of May 12, 2011, which provides for an initial annual base salary of \$415,000 and participation in our Bonus Plan, with a target bonus of 60% of Mr. Greenman's base salary. In connection with his appointment as our President and Chief Executive Officer, Mr. Greenman was granted an option, pursuant to the 2008 Plan, to purchase 550,000 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant. The stock option vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provides that, in the event Mr. Greenman's employment is terminated by us without cause, subject to his execution of a release of claims, and in each case other than within 12 months following a change of control, he will be entitled to receive severance pay equal to 12 months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of salary continuation on our standard payroll dates following such termination, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for 12 months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In addition, in connection with such termination of employment, the vesting of Mr. Greenman's stock options will accelerate in full as of the date of termination.

In the event Mr. Greenman's employment is terminated by us without cause or by him as a good reason resignation within 12 months following a change in control, subject to his execution of a release of claims, he will be entitled to receive severance pay equal to 18 months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of a lump sum on the first regular payroll date following the effective date of the release, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for 18 months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In addition, in connection with such termination of employment, the vesting of Mr. Greenman's stock options will accelerate in full as of the date of termination.

Kevin D. Green, our Vice President, Finance and Chief Financial Officer, is a party to an agreement with us, dated as of May 1, 2009, which provides for an initial annual base salary of \$220,000, participation in our Bonus Plan and the grant of an option, pursuant to the 2008 Plan, to purchase 50,000 shares of our common stock. The option has an exercise price equal to the fair market value of our common stock on the date of grant and vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provides that, in the event Mr. Green's employment is terminated by us without cause, subject to his execution of a release of claims, and in each case other than within 12 months following a change of control, he will be entitled to receive severance pay equal to six months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of salary continuation on our standard payroll dates following such termination, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for six months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In addition, in connection with such termination of employment, the vesting of Mr. Green's stock options will accelerate in full as of the date of termination. Dr. Corash is also a participant in the Severance Plan, which provides for compensation payable to him in the event his employment is terminated following a change of control.

Caspar Hogeboom, our President, Cerus Europe and EEMEA, is a party to an agreement with us, dated as of March 6, 2006, as amended by a letter dated December 11, 2009 and an addendum dated February 17, 2011, which provides that Cerus Europe B.V., our European subsidiary, may terminate Mr. Hogeboom's employment by providing him with at least six months written notice, except in certain circumstances deemed to be urgent cause, and Mr. Hogeboom may terminate his employment by providing Cerus Europe with at least three months written notice. In addition, during his employment and for a period of 12 months after the termination of his employment, he agreed not to (i) undertake or be engaged in any activities within the Netherlands, which are the same as or similar to the activities of Cerus Europe or the enterprises affiliated with Cerus Europe, or (ii) solicit the employment of or employ any of Cerus Europe staff and refrain any form of business contact with customers and other business relations of Cerus Europe or enterprises affiliated with Cerus Europe, even if the initiative for this business contact comes from these customers and relations. As consideration for these noncompetition and non-solicitation obligations, Cerus Europe agreed to pay Mr. Hogeboom twelve months of gross salary; provided that, if Cerus Europe determines at its discretion to shorten the period of the noncompetition and non-solicitation obligations, then Cerus Europe would only be required to pay Mr. Hogeboom one month's gross base salary per month of such restriction. The agreement, as amended and supplemented, also provides for the following additional benefits: (a) use of a company car, with a monthly least budget of 1,265 and (b) the opportunity for Mr. Hogeboom to take out pension insurance, to which we will contribute a maximum of 10% of Mr. Hogeboom's gross base salary. We also agreed, pursuant to letters dated as of December 18, 2007 and January 11, 2012, to pay the premiums for the healthcare insurance for Mr. Hogeboom, his wife and his children and pay his home telephone and internet expenses. The Compensation Committee has also separately approved change of control termination related equity vesting acceleration benefits for Mr. Hogeboom, consistent with the double trigger equity vesting acceleration benefits provided to our other NEOs in their employment agreements and the Severance Plan. This arrangement was formalized in a written agreement in March 2014. Mr. Hogeboom is entitled to a maximum bonus target of 40% under the Bonus Plan.

Severance Plan. Effective September 2005 and amended and restated as of December 11, 2008, we adopted the Severance Plan, that provides for severance benefits as a result of termination of employment in particular circumstances in connection with a change of control. At the time the Severance Plan was put in place, each of our executive officers with an individually negotiated agreement providing for severance benefits was given the option of participating in the Severance Plan or continuing to receive the severance benefits provided for in his agreement. Mr. Greenman and Dr. Corash each opted to participate in the Severance Plan. In connection with Mr. Greenman's appointment as our President and Chief Executive Officer, however, he entered into the employment letter described above and is no longer a participant in the Severance Plan. Ms. Moore and Mr. Green are also participants in the Severance Plan. The Severance Plan provides for the payment of certain benefits to certain eligible employees in exchange for an effective release of claims in the event the employee is terminated by us without cause or by him as a good reason resignation on or within 12 months following a change of control (as such terms are defined in the Severance Plan). The severance compensation consists of a lump sum cash severance payment equal to 12 months of the participant's annual base salary (excluding incentive pay, premium pay, commissions, overtime, bonuses and other forms of variable compensation) as in effect during the last regularly scheduled payroll period immediately preceding the termination event. Additionally, the Severance Plan provides for paid COBRA premiums for continuation coverage (including coverage for his eligible dependents) for 12 months and accelerated vesting and exercisability of all of the participant's then-outstanding stock option awards.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table provides information on severance benefits that would become payable under the existing employment, severance and change in control agreements if the employment of our named executive officers had terminated on December 31, 2014. In addition, the table sets forth the amounts to which the named executive officers would be entitled under the 2008 Plan if, upon a change in control, the surviving or acquiring corporation refuses to assume or continue the outstanding stock options held by the named executive officers, or to substitute for similar options.

- (1) Represents the aggregate amount of our share of the cost of 18 months of COBRA premiums.
- (2) Represents 18 months of the executive's base salary as of December 31, 2014 payable in a lump sum amount following an involuntary termination of employment or voluntary termination for good reason on or within 12 months following a change of control.
- (3) Represents the excess of fair market value of those unvested shares subject to outstanding options with accelerated vesting that were exercisable on December 31, 2014 and were in the money, calculated based on the closing price of \$6.24 of our common stock on December 31, 2014, the last trading day of fiscal 2014, over the aggregate exercise price of such options.
- (4) Represents the aggregate amount of our share of the cost of 12 months of COBRA premiums.
- (5) Represents the aggregate amount of the executive's base salary as of December 31, 2014, payable over the 12 month period following an involuntary termination of the executive's employment by us other than for cause.
- (6) Represents the aggregate amount of the executive's base salary as of December 31, 2014, payable over the 6 month period following an involuntary termination of the executive's employment by us other than for cause.
- (7) Represents the aggregate amount of our share of the cost of 6 months of COBRA premiums.

- (8) Represents 12 months of the executive's base salary as of December 31, 2014, payable in a lump sum amount following an involuntary termination of employment or voluntary termination for good reason on or within 12 months following a change of control.
- (9) This amount represents the aggregate amount of Mr. Hogeboom's base salary as of December 31, 2014, payable over a 6 month period. Mr. Hogeboom's employment agreement with us, dated as of March 6, 2006, as amended by a letter dated December 11, 2009 and an addendum dated February 17, 2011, provides that we may terminate Mr. Hogeboom's employment by providing him with at least six months written notice, except in certain circumstances deemed to be urgent cause. In addition, we may require Mr. Hogeboom to be bound by the non-competition and non-solicitation provisions set forth in his employment agreement. In that case, for each month that we elect to require him to be bound by these provisions, up to 12 months, we would be obligated to pay Mr. Hogeboom an amount equal to approximately \$23,577 per month (which amount represents one month of Mr. Hogeboom's base salary as of December 31, 2014), or \$282,930 for the full 12-month period, based on an average conversion rate from Euros to U.S. Dollars for the year ended December 31, 2014 of 1.1935. Accordingly, based on the foregoing, the total amount payable to Mr. Hogeboom in this termination scenario, assuming we elected to require him to be bound by these provisions for the full twelve month period would be \$282,930.
- (10) These benefits would be payable pursuant to the terms of the Stock Option Agreement for stock options granted pursuant to the 2008 Plan, which were outstanding as of December 31, 2014, if, upon a change in control, the surviving or acquiring corporation refuses to assume or continue the outstanding stock options held by the named executive officers, or to substitute for similar options.

In addition to the benefits described and quantified above, the 2008 Plan provides for an extended period of time during which an optionholder may exercise options following the optionholder's termination of service, which time period we refer to as the post-termination exercise period. Generally, under the 2008 Plan, if an optionholder's service relationship with us ends, the optionholder may exercise any vested options for up to three months after the date that the service relationship ends. However, if the optionholder's service relationship with us ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options for up to 12 months in the event of disability or 18 months in the event of death, after the date the service relationship ends. Accordingly, each of the named executive officers would be entitled to an extended post-termination exercise period in the event of a termination due to death or disability.

DIRECTOR COMPENSATION

The Compensation Committee reviews director compensation on a periodic basis. In late 2013, the Compensation Committee engaged Radford Consulting to provide an assessment of the compensation of our Board of Directors. Using the same peer list that was selected for the Executive Compensation Review in 2013, Radford Consulting prepared an assessment and provided recommendations for 2014 cash and equity compensation in a report delivered to the Compensation Committee in January 2014. These recommendations were included in the Amended and Restated Non-Employee Director Compensation Policy, or the Amended Policy, which became effective on January 1, 2014. For the year ended December 31, 2014, the Amended Policy provides that each director, other than the Chair of the Board, who is not also one of our officers or employees, will be compensated for his or her services as a director at the rate of \$40,000 per year. The Chair of the Board will receive an annual retainer of \$62,500 per year. The annual retainer is paid to our non-employee directors in equal quarterly installments. In addition to the annual retainer, the chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committees will receive an additional annual retainer of \$26,000, \$15,000 and \$10,000, respectively. Each other member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee who is not one of our employees will receive an annual retainer of \$13,000, \$8,000 and \$6,000, respectively. All directors, including those who are our officers or employees, were reimbursed for expenses incurred in connection with attending Board or committee meetings. If a director joins the Board at a time other than effective as of the first day of the calendar year, each element of the annual cash compensation will be pro-rated based on days served in the applicable calendar year, with the pro-rated amount paid for the first quarter in which the director provides the service, and regular full quarterly payments thereafter.

In addition to cash compensation, each of our non-employee directors received an annual stock option grant on the date of our annual meeting of stockholders under the terms of the Amended Policy. Additionally, in connection with our 2014 Annual Meeting, the annual grant made each non-employee to director included a prorated additional number of shares for the period from January 1, 2014 until the date of the 2014 Annual Meeting. The stock option grants made pursuant to the Amended Policy are and will be pursuant to the terms of the 2008 Plan, provided that if Proposal No. 2 is approved (relating to the amendment and restatement of the 2008 Plan), future stock option grants will be made under the Restated 2008 Plan as so amended and restated. Pursuant to the Amended Policy, each of our non-employee directors receives a non-qualified stock option grant covering 45,000 shares of our common stock upon his or her initial election to the Board, and a non-qualified stock option grant covering 30,000 shares, or 37,500 shares in the case of the Chair of the Board, of our common stock each calendar year thereafter on the first trading day of the year. The number of shares subject to the director's first annual award is pro-rated based on the number of days he or she served in his or her first year of service. The initial stock option grant vests monthly over four years and the annual stock option grant vests over 12 months, in each case subject to continued service. In the event of certain corporate transactions such as a merger in which Cerus is not the surviving company or in a sale of all or substantially all of our assets, the directors' awards will become fully vested. Stock options granted to our directors have an exercise price equal to the fair market value of our common stock on the date of grant and a term of ten years.

Table of Contents**DIRECTOR COMPENSATION FISCAL 2014**

The following table shows for the fiscal year ended December 31, 2014 certain information with respect to the compensation of all non-employee directors of Cerus who served in such capacity during 2014. Mr. Greenman and Dr. Corash received no compensation for their services as directors, and are not included in the table below.

- (2) The aggregate number of shares subject to outstanding stock options held by each current and former director listed in the table above as of December 31, 2014 was as follows: 142,133 shares for Mr. Anderson; 227,966 shares for Mr. Cozadd; 204,094 shares for Ms. Schulze; 117,627 shares for Mr. Swisher and 75,000 shares for Dr. Witney.
- (3) The grant-date fair values relate to the annual option grants made on June 11, 2014 to our non-employee directors. The annual option grants become vested and exercisable in 12 equal monthly installments, with the grant date being the date of our annual meeting (or, if such date is not a market trading day, the first market trading day thereafter) and the final vesting date being the sooner of one year from the grant date, or the day prior to the next annual meeting), so long as the director's service is not interrupted during the period preceding each vesting date. With respect to Dr. Witney, the grant-date fair value also includes his initial option grant made on March 24, 2014. Dr. Witney's initial option grant vests in 48 equal monthly installments following the grant date.

Table of Contents**TRANSACTIONS WITH RELATED PERSONS****RELATED-PERSON TRANSACTIONS POLICY AND PROCEDURES**

We have not yet adopted a written related-person transactions policy. However, our Audit Committee has been delegated the authority to review the results of management's efforts to monitor compliance with our programs and policies that are generally designed to ensure adherence to applicable laws and rules, as well as to our Ethics Code, including review and approval of related-party transactions. In addition, applicable NASDAQ rules require that our Audit Committee (or another independent body of the Board) conduct an appropriate review and oversight of all related-party transactions for potential conflict of interest situations on an ongoing basis. For these purposes, related-person transactions are generally those transactions required to be disclosed by us in proxy statements and annual reports that we file with the SEC in which certain categories of enumerated persons (including our executive officers and directors and their immediately family members, as well as our significant stockholders) have a direct or indirect material interest. In approving or rejecting a proposed related-person transaction, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant to our Audit Committee, including but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence.

CERTAIN RELATED-PERSON TRANSACTIONS

Since January 1, 2014, there has not been, nor is there currently proposed, any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any related person are, were or will be participants in which the amount involves exceeds \$120,000 other than compensation arrangements described under the caption Executive Compensation and the transactions described below. A related person is any executive officer, director or beneficial owner of more than 5% of any class of our voting securities, including any of their immediate family members and any entity owned or controlled by such persons.

Participation in Public Offering

In January 2015, we completed an underwritten public offering of 14,636,363 shares of our common stock at a price to the public of \$5.50 per share. Net cash proceeds from the offering to Cerus were approximately \$75.7 million after deducting the underwriting discount and offering expenses. Baker Bros. Advisors LLC (Baker Bros.) purchased their pro rata portion, or 1,850,548 shares, of our common stock in the public offering, and OrbiMed Advisors, LLC (OrbiMed) purchased 3,500,000 shares of our common stock. For additional information regarding Baker Bros., OrbiMed and their respective equity holdings, please see Security Ownership of Certain Beneficial Owners and Management. Since this offering was public, with the price to the public in the offering determined by a book building process with the underwriters, the offering was not specifically reviewed in advance as a related-person transaction. However, the offering was approved by our board of directors and a pricing committee of our board of directors. Consistent with our Audit Committee charter and applicable NASDAQ rules, the Audit Committee subsequently reviewed the offering.

Indemnification and Limitation of Director and Officer Liability

In July 1996, the Board authorized us to enter into indemnity agreements with each of our directors, executive officers and controller. The form of indemnity agreement provides that we will indemnify against any and all expenses of the indemnified person who incurred such expenses because of his or her status as a director, executive officer or controller, to the fullest extent permitted by our bylaws and Delaware law. In addition, our bylaws provide that we shall indemnify our directors and executive officers to the fullest extent not prohibited by Delaware law, subject to certain limitations, and may also secure insurance, to the fullest extent permitted by Delaware law, on behalf of any director, officer, employee or agent against any expense, liability or loss arising out of his or her actions in such capacity. On April 24, 2009, the Board approved a new standard form of indemnity agreement and authorized us to enter into the new indemnity agreement with each of our directors,

Table of Contents

officers, employees and other agents. The new form of indemnity agreement continues to provide that we will indemnify against any and all expenses of the indemnified person who incurred such expenses because of his or her status as a director, officer, employee or other agent, to the fullest extent permitted by our bylaws and Delaware law.

Our amended and restated certificate of incorporation contains certain provisions relating to the limitation of liability of directors. Our amended and restated certificate of incorporation provides that a director shall not be personally liable to our stockholders or us for monetary damages for any breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to our stockholders or us, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payment of dividends or unlawful stock repurchases or redemptions or (iv) for any transaction from which the director derived an improper benefit. If the Delaware General Corporation Law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of a director shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as so amended. The provision in the amended and restated certificate of incorporation does not eliminate the duty of care and, in appropriate circumstances, equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

Executive Employment Agreements and Severance Plan and Arrangements

We have entered into employment agreements with certain of our executive officers and maintain the Severance Plan for certain of our other executive officers, each of which, among other things, provide for certain severance and change of control benefits to our respective executive officers as more fully discussed in the section entitled "Employment, Severance and Change of Control Agreements."

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or the full set of proxy materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Cerus Corporation stockholders will be householding our proxy materials. A single Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, in the future you may: (1) notify your broker, (2) direct your written request to Corporate Secretary, Cerus Corporation, 2550 Stanwell Drive, Concord, CA 94520 or (3) contact our Corporate Secretary, Cerus Corporation at (925) 288-6000. Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, at their addresses and would like to request householding of their communications should contact their brokers.

Appendix A

CERUS CORPORATION

AMENDED AND RESTATED 2008 EQUITY INCENTIVE PLAN

1. GENERAL.

(a) Successor and Continuation of Prior Plans. The Plan is intended as the successor to and continuation of the Cerus Corporation 1999 Equity Incentive Plan, as amended and the Cerus Corporation 1998 Non-Officer Stock Option Plan (the *Prior Plans*). Following the Effective Date, no additional stock awards shall be granted under the Prior Plans. Any shares remaining available for future awards under the Prior Plans as of the Effective Date (the *Prior Plans Available Reserve*) shall become available for issuance pursuant to Awards granted hereunder. From and after the Effective Date, all outstanding stock awards granted under the Prior Plans shall remain subject to the terms of the Prior Plans; however, any shares subject to outstanding stock awards granted under the Prior Plans that expire or terminate for any reason prior to exercise or settlement (the *Returning Shares*) shall become available for issuance pursuant to Awards granted hereunder. All Awards granted on or after the Effective Date of this Plan shall be subject to the terms of this Plan.

(b) Eligible Award Recipients. The persons eligible to receive Awards are Employees, Directors and Consultants.

(c) Available Awards. The Plan provides for the grant of the following Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Restricted Stock Awards, (iv) Restricted Stock Unit Awards, (v) Stock Appreciation Rights, (vi) Performance Stock Awards, (vii) Performance Cash Awards, and (viii) Other Stock Awards.

(d) General Purpose. The Company, by means of the Plan, seeks to secure and retain the services of the group of persons eligible to receive Awards as set forth in Section 1(a), to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such eligible recipients may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Stock Awards.

2. ADMINISTRATION.

(a) Administration by Board. The Board shall administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board. The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time (A) which of the persons eligible under the Plan shall be granted Awards; (B) when and how each Award shall be granted; (C) what type or combination of types of Award shall be granted; (D) the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive cash or Common Stock pursuant to a Stock Award; and (E) the number of shares of Common Stock with respect to which a Stock Award shall be granted to each such person.

(ii) To construe and interpret the Plan and Awards, and to establish, amend and revoke rules and regulations for the Plan's administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement or in the written terms of a Performance Cash Award, in a manner and to the extent it shall deem necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards.

Table of Contents

(iv) To accelerate the time at which a Stock Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

(v) To suspend or terminate the Plan at any time. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and to bring the Plan and/or Stock Awards into compliance therewith, subject to the limitations, if any, of applicable law. However, except as provided in Section 9(a) relating to Capitalization Adjustments, stockholder approval shall be required for any amendment of the Plan that either (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (D) materially extends the term of the Plan, or (E) expands the types of Awards available for issuance under the Plan, but only to the extent required by applicable law or listing requirements. Except as provided above, rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding incentive stock options or (C) Rule 16b-3.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that the Participant's rights under any Award shall not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, subject to the limitations of applicable law, if any, and without the affected Participant's consent, the Board may amend the terms of any one or more Awards if necessary to maintain the qualified status of the Award as an Incentive Stock Option or to bring the Award into compliance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States.

(c) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to

Table of Contents

the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated to the Committee, Committees, subcommittee or subcommittees.

(ii) Section 162(m) and Rule 16b-3 Compliance. In the sole discretion of the Board, the Committee may consist solely of two (2) or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two (2) or more Non-Employee Directors, in accordance with Rule 16b-3. In addition, the Board or the Committee, in its sole discretion, may (A) delegate to a Committee which need not consist of Outside Directors the authority to grant Awards to eligible persons who are either (1) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Stock Award, or (2) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, or (B) delegate to a Committee which need not consist of Non-Employee Directors the authority to grant Stock Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) Delegation to an Officer. The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options (and, to the extent permitted by applicable law, other Stock Awards) and the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however,* that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Notwithstanding anything to the contrary in this Section 2(d), the Board may not delegate to an Officer authority to determine the Fair Market Value pursuant to Section 13(v)(ii) below.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

(f) Cancellation and Re-Grant of Stock Awards. Neither the Board nor any Committee shall have the authority to: (i) effect the reduction of the exercise price of any outstanding Option or Stock Appreciation Rights under the Plan (other than pursuant to Section 9 relating to adjustments upon changes in stock), or (ii) cancel any outstanding Options or Stock Appreciation Rights with an exercise price that is greater than the Fair Market Value on the date of cancellation in exchange for the grant in substitution therefore of cash or new Stock Awards under the Plan with an exercise price that is less than the original exercise price of the Options or Stock Appreciation Rights, unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event.

3. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to the provisions of Section 9 relating to adjustments upon changes in stock, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date shall not exceed 24,540,940 shares (the **Share Reserve**), which number includes the Prior Plans Available Reserve and the Returning Shares, if any, as such shares become available from time to time. For clarity, the Share Reserve is a limitation in the number of shares of the Common Stock that may be issued pursuant to the Plan and does not limit the granting of Stock Awards except as provided in Section 7(a). Shares may be issued in connection with a merger or acquisition as permitted by NASD Rule 4350(i)(1)(A)(iii) or, if applicable, NYSE Listed Company Manual Section 303A.08, or AMEX Company Guide Section 711 and such issuance shall not reduce the number of shares available for issuance under the Plan. Furthermore, if a Stock Award (i) expires or otherwise terminates without having been exercised in full or (ii) is settled in cash (*i.e.*, the holder of the Stock Award receives cash rather than stock), such expiration, termination or settlement shall not reduce (or otherwise offset) the number of shares of the Common Stock that may be issued pursuant to the Plan.

Table of Contents

(b) Subject to subsection 3(c), the number of shares available for issuance under the Plan shall be reduced by: (i) one (1) share for each share of stock issued pursuant to (A) an Option granted under Section 5, or (B) a Stock Appreciation Right granted under subsection 6(c) with respect to which the strike price is at least one hundred percent (100%) of the Fair Market Value of the underlying Common Stock on the date of grant; and (ii) one and sixty one hundredths (1.61) shares for each share of Common Stock issued pursuant to a Restricted Stock Award, Restricted Stock Unit Award, Performance Stock Award or Other Stock Award.

(c) Reversion of Shares to the Share Reserve.

(i) **Shares Available For Subsequent Issuance.** If any shares of common stock issued pursuant to a Stock Award are forfeited back to the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares which are forfeited shall revert to and again become available for issuance under the Plan. Notwithstanding the provisions of this Section 3(c)(i), any such shares shall not be subsequently issued pursuant to the exercise of Incentive Stock Options. To the extent there is issued a share of Common Stock pursuant to a Stock Award that was counted as more than one share against the number of shares available for issuance under the Plan pursuant to Section 3(b) and such share of Common Stock again becomes available for issuance under the Plan pursuant to this Section 3(c), then the number of shares of Common Stock available for issuance under the Plan shall increase by one and sixty one hundredths (1.61) shares.

(ii) **Shares Not Available For Subsequent Issuance.** If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is exercised through a reduction of shares subject to the Stock Award (*i.e.*, net exercised), the number of shares that are not delivered to the Participant shall not remain available for issuance under the Plan. Also, any shares reacquired by the Company pursuant to Section 8(g) or as consideration for the exercise of an Option shall not again become available for issuance under the Plan.

(d) **Incentive Stock Option Limit.** Notwithstanding anything to the contrary in this Section 3(d), subject to the provisions of Section 9(a) relating to Capitalization Adjustments the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options shall be the Share Reserve.

(e) **Section 162(m) Limitation on Annual Grants.** Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, no Employee shall be eligible to be granted during any calendar year Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date the Stock Award is granted (that is, Options or Stock Appreciation Rights) covering more than eight hundred thousand (800,000) shares of Common Stock.

(f) **Source of Shares.** The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the market or otherwise.

4. ELIGIBILITY.

(a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to employees of the Company or a parent corporation or subsidiary corporation (as such terms are defined in Sections 424(e) and (f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

(b) **Ten Percent Stockholders.** A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

Table of Contents

(c) **Consultants.** A Consultant shall be eligible for the grant of a Stock Award only if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (*Form S-8*) is available to register either the offer or the sale of the Company's securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, because the Consultant is a natural person, or because of any other rule governing the use of Form S-8.

5. OPTION PROVISIONS.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, then the Option shall be a Nonstatutory Stock Option. The provisions of separate Options need not be identical; *provided, however*, that each Option Agreement shall include (through incorporation of provisions hereof by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) **Term.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Option Agreement.

(b) **Exercise Price.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise price of each Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Option may be granted with an exercise price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option if such Option is granted pursuant to an assumption of or substitution for another option in a manner consistent with the provisions of Section 424(a) of the Code (whether or not such options are Incentive Stock Options).

(c) **Consideration.** The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 6(c) are:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; *provided, further*, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (A) shares are used to pay the exercise price pursuant to the net exercise, (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

Table of Contents

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) Transferability of Options. The Board may, in its sole discretion, impose such limitations on the transferability of Options as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options shall apply:

(i) Restrictions on Transfer. An Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder; *provided, however*, that the Board may, in its sole discretion, permit transfer of the Option in a manner consistent with applicable tax and securities laws upon the Optionholder's request.

(ii) Domestic Relations Orders. Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order, *provided, however*, that an Incentive Stock Option may be deemed to be a Nonqualified Stock Option as a result of such transfer.

(iii) Beneficiary Designation. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be the beneficiary of an Option with the right to exercise the Option and receive the Common Stock or other consideration resulting from an Option exercise.

(e) Vesting Generally. The total number of shares of Common Stock subject to an Option may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 5(e) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(f) Termination of Continuous Service. Except as otherwise provided in the applicable Option Agreement or other agreement between the Optionholder and the Company, in the event that an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(g) Extension of Termination Date. Unless otherwise provided in an Optionholder's Option Agreement, if the exercise of the Option following the termination of the Optionholder's Continuous Service would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of a period equal to the original post-termination exercise period applicable to such Award during which the exercise of the Option would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option as set forth in the Option Agreement. In addition, unless otherwise provided in an Optionholder's Option Agreement, if the sale of the Common Stock received upon exercise of an Option following the termination of the Optionholder's Continuous Service would violate the Company's insider trading policy, then the Option shall terminate on the earlier of (i) the expiration of a period equal to the original post-termination exercise period applicable to such Award during which the exercise of the Option would not be in violation of the Company's insider trading policy, (ii) the 15th day of the third month after the date on which the Option would cease to be exercisable but for this Section 5(g), or such longer period as would not cause the Option to become subject to Section 409A(a)(1) of the Code; or (iii) the expiration of the term of the Option as set forth in the Option Agreement.

Table of Contents

(h) Disability of Optionholder. In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(i) Death of Optionholder. In the event that (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death, or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated as the beneficiary of the Option upon the Optionholder's death, but only within the period ending on the earlier of (A) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (B) the expiration of the term of such Option as set forth in the Option Agreement. If, after the Optionholder's death, the Option is not exercised within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate. If the Optionholder designates a third party beneficiary of the Option in accordance with Section 5(d)(iii), then upon the death of the Optionholder such designated beneficiary shall have the sole right to exercise the Option and receive the Common Stock or other consideration resulting from an Option exercise.

(j) Non-Exempt Employees. No Option granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act shall be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant of the Option. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option will be exempt from his or her regular rate of pay.

6. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock may be (x) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (y) evidenced by a certificate, which certificate shall be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical; *provided, however*, that each Restricted Stock Award Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) past or future services actually or to be rendered to the Company or an Affiliate, or (B) any other form of legal consideration that may be acceptable to the Board in its sole discretion and permissible under applicable law.

(ii) Vesting. Shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. In the event a Participant's Continuous Service terminates, the Company may receive via a forfeiture condition, any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

Table of Contents

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical; *provided, however*, that each Restricted Stock Unit Award Agreement shall include (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board in its sole discretion and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all the terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(vii) Compliance with Section 409A of the Code. Notwithstanding anything to the contrary set forth herein, any Restricted Stock Unit Award granted under the Plan that is not exempt from the requirements of Section 409A of the Code shall contain such provisions so that such Restricted Stock Unit Award will comply with the requirements of Section 409A of the Code. Such restrictions, if any, shall be determined by the Board and contained in the Restricted Stock Unit Award Agreement evidencing such Restricted Stock Unit Award.

(c) Stock Appreciation Rights. Each Stock Appreciation Right Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. Stock Appreciation Rights may be granted as stand-alone Stock Awards or in tandem with other Stock Awards. The terms and conditions of Stock

Table of Contents

Appreciation Right Agreements may change from time to time, and the terms and conditions of separate Stock Appreciation Right Agreements need not be identical; *provided, however*, that each Stock Appreciation Right Agreement shall include (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Term. No Stock Appreciation Right shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Appreciation Right Agreement.

(ii) Strike Price. Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The strike price of each Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock equivalents subject to the Stock Appreciation Right on the date of grant.

(iii) Calculation of Appreciation. The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right, and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (B) the strike price that will be determined by the Board at the time of grant of the Stock Appreciation Right.

(iv) Vesting. At the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it, in its sole discretion, deems appropriate.

(v) Exercise. To exercise any outstanding Stock Appreciation Right, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vi) Payment. The appreciation distribution in respect to a Stock Appreciation Right may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(vii) Termination of Continuous Service. In the event that a Participant's Continuous Service terminates, the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination) but only within such period of time ending on the earlier of (A) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (B) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(viii) Compliance with Section 409A of the Code. Notwithstanding anything to the contrary set forth herein, any Stock Appreciation Rights granted under the Plan that are not exempt from the requirements of Section 409A of the Code shall contain such provisions so that such Stock Appreciation Rights will comply with the requirements of Section 409A of the Code. Such restrictions, if any, shall be determined by the Board and contained in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(d) Performance Awards.

(i) Performance Stock Awards. A Performance Stock Award is a Stock Award that may be granted, may vest, or may be exercised based upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of

Table of Contents

Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum number of shares that may be granted to any Participant in a calendar year attributable to Stock Awards described in this Section 6(d)(i) shall not exceed five hundred thousand (500,000) shares of Common Stock. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

(ii) Performance Cash Awards. A Performance Cash Award is a cash award that may be granted upon the attainment during a Performance Period of certain Performance Goals. A Performance Cash Award may also require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum value that may be granted to any Participant in a calendar year attributable to Performance Cash Awards described in this Section 6(d)(ii) shall not exceed one million dollars (\$1,000,000). The Board may provide for or, subject to such terms and conditions as the Board may specify, may permit a Participant to elect for, the payment of any Performance Cash Award to be deferred to a specified date or event. The Committee may specify the form of payment of Performance Cash Awards, which may be cash or other property, or may provide for a Participant to have the option for his or her Performance Cash Award, or such portion thereof as the Board may specify, to be paid in whole or in part in cash or other property. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that Common Stock authorized under this Plan may be used in payment of Performance Cash Awards, including additional shares in excess of the Performance Cash Award as an inducement to hold shares of Common Stock.

(e) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan, the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. COVENANTS OF THE COMPANY.

(a) Availability of Shares. During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock reasonably required to satisfy such Stock Awards.

(b) Securities Law Compliance. The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

(c) No Obligation to Notify. The Company shall have no duty or obligation to any holder of a Stock Award to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

8. MISCELLANEOUS.

(a) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Stock Awards. Corporate action constituting a grant by the Company of a Stock Award to any Participant shall be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant.

(c) Stockholder Rights. No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has exercised the Stock Award pursuant to its terms and the Participant shall not be deemed to be a stockholder of record until the issuance of the Common Stock pursuant to such exercise has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights. Nothing in the Plan, any Stock Award Agreement or other instrument executed thereunder or in connection with any Award granted pursuant to the Plan shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(f) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(g) Withholding Obligations. Unless prohibited by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) causing the Participant to tender a cash

payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; (iii) withholding cash from an Award settled in cash; or (iv) by such other method as may be set forth in the Award Agreement.

(h) Electronic Delivery. Any reference herein to a written agreement or document shall include any agreement or document delivered electronically or posted on the Company's intranet.

(i) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. (iv) Payment for Stock Awards in Lieu of Exercise. Notwithstanding the foregoing, in the event a Stock Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time, to the excess, if any, of (A) the fair market value of the property the holder of the Stock Award would have received upon the exercise of the Stock Award (including, at the discretion of the Board, any unvested portion of such Stock Award), over (B) any exercise price payable by such holder in connection with such exercise.

(d) Change in Control. A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration shall occur.

Each Offering shall be in such form and shall contain such terms and conditions as the Board or the Committee shall deem appropriate, which shall comply with the requirements of Section 423(b)(5) of the Code that all employees granted rights to purchase stock under the Plan shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in paragraphs 5 through 8, inclusive.

5. ELIGIBILITY.

(a) Rights may be granted only to employees of the Company or, as the Board or the Committee may designate as provided in subparagraph 2(b), to employees of any Affiliate of the Company. Except as provided in subparagraph 5(b), an employee of the Company or any Affiliate shall not be eligible to be granted rights under the Plan, unless, on the Offering Date, such employee has been in the employ of the Company or any Affiliate for such continuous period preceding such grant as the Board or the Committee may require, but in no event shall the required period of continuous employment be equal to or greater than two (2) years. In addition, unless otherwise determined by the Board or the Committee and set forth in the terms of the applicable Offering, no employee of the Company or any Affiliate shall be eligible to be granted rights under the Plan, unless, on the Offering Date, such employee's customary employment with the Company or such Affiliate is for at least twenty (20) hours per week and at least five (5) months per calendar year.

(b) The Board or the Committee may provide that, each person who, during the course of an Offering, first becomes an eligible employee of the Company or designated Affiliate will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an eligible employee or occurs thereafter, receive a right under that Offering, which right shall thereafter be deemed to be a part of that Offering. Such right shall have the same characteristics as any rights originally granted under that Offering, as described herein, except that:

(i) the date on which such right is granted shall be the Offering Date of such right for all purposes, including determination of the exercise price of such right;

(ii) the period of the Offering with respect to such right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board or the Committee may provide that if such person first becomes an eligible employee within a specified period of time before the end of the Offering, he or she will not receive any right under that Offering.

(c) No employee shall be eligible for the grant of any rights under the Plan if, immediately after any such rights are granted, such employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Affiliate. For purposes of this subparagraph 5(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any employee, and stock which such employee may purchase under all outstanding rights and options shall be treated as stock owned by such employee.

(d) An eligible employee may be granted rights under the Plan only if such rights, together with any other rights granted under employee stock purchase plans of the Company and any Affiliates, as specified by Section 423(b)(8) of the Code, do not permit such employee's rights to purchase stock of the Company or any Affiliate to accrue at a rate which exceeds twenty-five thousand (\$25,000) of fair market value of such stock (determined at the time such rights are granted) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any designated Affiliate shall be eligible to participate in Offerings under the Plan, provided, however, that the Board may provide in an Offering that certain employees who are highly compensated employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

6. RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each eligible employee, pursuant to an Offering made under the Plan, shall be granted the right to purchase up to the number of shares of Common Stock of the Company purchasable with a percentage designated by the Board or the Committee not exceeding fifteen percent (15%) of such employee's Earnings (as defined by the Board or the Committee in each Offering) during the period which begins on the Offering Date (or such later date as the Board or the Committee determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering. The Board or the Committee shall establish one or more dates during an Offering (the Purchase Date(s)) on which rights granted under the Plan shall be exercised and purchases of Common Stock carried out in accordance with such Offering.

(b) In connection with each Offering made under the Plan, the Board or the Committee may specify a maximum number of shares that may be purchased by any employee as well as a maximum aggregate number of shares that may be purchased by all eligible employees pursuant to such Offering. In addition, in connection with each Offering that contains more than one Purchase Date, the Board or the Committee may specify a maximum aggregate number of shares which may be purchased by all eligible employees on any given Purchase Date under the Offering. If the aggregate purchase of shares upon exercise of rights granted under the Offering would exceed any such maximum aggregate number, the Board or the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

(c) The purchase price of stock acquired pursuant to rights granted under the Plan shall be not less than the lesser of:

(i) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Offering Date; or

(ii) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An eligible employee may become a participant in the Plan pursuant to an Offering by delivering a participation agreement to the Company within the time specified in the Offering, in such form as the Company provides. Each such agreement shall authorize payroll deductions of up to the maximum percentage specified by

the Board or the Committee of such employee's Earnings during the Offering (as defined by the Board or Committee in each Offering). The payroll deductions made for each participant shall be credited to an account for such participant under the Plan and shall be deposited with the general funds of the Company. A participant may reduce (including to zero) or increase such payroll deductions, and an eligible employee may begin such payroll deductions, after the beginning of any Offering only as provided for in the Offering. A participant may make additional payments into his or her account only if specifically provided for in the Offering and only if the participant has not had the maximum amount withheld during the Offering.

(b) At any time during an Offering, a participant may terminate his or her payroll deductions under the Plan and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company provides. Such withdrawal may be elected at any time prior to the end of the Offering except as provided by the Board or the Committee in the Offering. Upon such withdrawal from the Offering by a participant, the Company shall distribute to such participant all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the participant) under the Offering, without interest, and such participant's interest in that Offering shall be automatically terminated. A participant's withdrawal from an Offering will have no effect upon such participant's eligibility to participate in any other Offerings under the Plan but such participant will be required to deliver a new participation agreement in order to participate in subsequent Offerings under the Plan.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon cessation of any participating employee's employment with the Company and any designated Affiliate, for any reason, and the Company shall distribute to such terminated employee all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the terminated employee) under the Offering, without interest.

(d) Rights granted under the Plan shall not be transferable by a participant otherwise than by will or the laws of descent and distribution, or by a beneficiary designation as provided in paragraph 14 and, otherwise during his or her lifetime, shall be exercisable only by the person to whom such rights are granted.

8. EXERCISE.

(a) On each Purchase Date specified therefor in the relevant Offering, each participant's accumulated payroll deductions and other additional payments specifically provided for in the Offering (without any increase for interest) will be applied to the purchase of whole shares of stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of rights granted under the Plan. The amount, if any, of accumulated payroll deductions remaining in each participant's account after the purchase of shares which is less than the amount required to purchase one share of stock on the final Purchase Date of an Offering shall be held in each such participant's account for the purchase of shares under the next Offering under the Plan, unless such participant withdraws from such next Offering, as provided in subparagraph 7(b), or is no longer eligible to be granted rights under the Plan, as provided in paragraph 5, in which case such amount shall be distributed to the participant after such final Purchase Date, without interest. The amount, if any, of accumulated payroll deductions remaining in any participant's account after the purchase of shares which is equal to the amount required to purchase whole shares of stock on the final Purchase Date of an Offering shall be distributed in full to the participant after such Purchase Date, without interest.

(b) No rights granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan (including rights granted thereunder) are covered by an effective registration statement pursuant to the Securities Act of 1933, as amended (the "Securities Act") and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering hereunder the Plan is not so registered or in such compliance, no rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is

subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, no rights granted under the Plan or any Offering shall be exercised and all payroll deductions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire stock) shall be distributed to the participants, without interest.

9. COVENANTS OF THE COMPANY.

(a) During the terms of the rights granted under the Plan, the Company shall keep available at all times the number of shares of stock required to satisfy such rights.

(b) The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of stock upon exercise of the rights granted under the Plan. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell stock upon exercise of such rights unless and until such authority is obtained.

10. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of stock pursuant to rights granted under the Plan shall constitute general funds of the Company.

11. RIGHTS AS A STOCKHOLDER.

A participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to rights granted under the Plan unless and until the participant's shareholdings acquired upon exercise of rights under the Plan are recorded in the books of the Company.

12. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) If any change is made in the stock subject to the Plan, or subject to any rights granted under the Plan (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan and outstanding rights will be appropriately adjusted in the class(es) and maximum number of shares subject to the Plan and the class(es) and number of shares and price per share of stock subject to outstanding rights. Such adjustments shall be made by the Board or the Committee, the determination of which shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction not involving the receipt of consideration by the Company.)

(b) In the event of: (1) a dissolution or liquidation of the Company; (2) a merger or consolidation in which the Company is not the surviving corporation; (3) a reverse merger in which the Company is the surviving corporation but the shares of the Company's Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; or (4) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Exchange Act or any comparable successor provisions (excluding any employee benefit plan, or related trust, sponsored or maintained by the Company or any Affiliate of the Company) of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors,

then, as determined by the Board in its sole discretion (i) any surviving or acquiring corporation may assume outstanding rights or substitute similar rights for those under the Plan, (ii) such rights may continue in full force and effect, or (iii) participants' accumulated payroll deductions may be used to purchase Common Stock immediately prior to the transaction described above and the participants' rights under the ongoing Offering terminated.

13. AMENDMENT OF THE PLAN.

(a) The Board at any time, and from time to time, may amend the Plan. However, except as provided in paragraph 12 relating to adjustments upon changes in stock, no amendment shall be effective unless approved by the stockholders of the Company within twelve (12) months before or after the adoption of the amendment, where the amendment will:

(i) Increase the number of shares reserved for rights under the Plan;

(ii) Modify the provisions as to eligibility for participation in the Plan (to the extent such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code; or

(iii) Modify the Plan in any other way if such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3.

It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Plan and/or rights granted under it into compliance therewith.

(b) Rights and obligations under any rights granted before amendment of the Plan shall not be impaired by any amendment of the Plan, except with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Plan and/or rights granted under the Plan comply with the requirements of Section 423 of the Code.

14. DESIGNATION OF BENEFICIARY.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of an Offering but prior to delivery to the participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death during an Offering.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board in its discretion, may suspend or terminate the Plan at any time. No rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Rights and obligations under any rights granted while the Plan is in effect shall not be impaired by suspension or termination of the Plan, except as expressly provided in the Plan or with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Plan and/or rights granted under the Plan comply with the requirements of Section 423 of the Code.

16. EFFECTIVE DATE OF PLAN.

The Plan originally became effective the same day that the Company's initial public offering of shares of common stock became effective. This amendment and restatement of the Plan is effective on June 10, 2015, the date of the annual meeting of the Company's stockholders held in 2015.
