The Company reported net revenues of \$8.9 million for the three months ended September 30, 2015 as compared to \$14.2 million for the three months ended September 30, 2014. The Company reported operating loss of approximately \$0.9 million for the three months ended September 30, 2015, as compared to operating income of approximately \$30,000 for the three months ended September 30, 2014. The Company reported net loss of approximately \$0.7 million for the three months ended September 30, 2015, as compared to net income of approximately \$47,000 for the three months ended September 30, 2014.

Furthermore, Emerson was informed in November 2015 by one of its key customers that, commencing with the Spring of 2016, this customer will discontinue retailing in its stores the Emerson-branded microwave oven and compact refrigeration products currently sold to this customer by the Company. During fiscal 2015, the six month period of fiscal 2016 and the second quarter of fiscal 2016, net sales of these products by the Company to this customer were approximately \$39.5 million, \$16.5 million and \$3.3 million, respectively, comprising approximately 57.3%, 63.4% and 42.5% of the Company's total net product sales. The Company currently anticipates that it will continue shipping these products to this customer only through the remainder of the third quarter of fiscal 2016. Emerson anticipates that net product sales for the second half of fiscal 2016 will be negatively impacted by this event and that the first full year impact of this event will be realized by the Company in fiscal 2017, which begins on April 1, 2016. As previously disclosed by the Company, the complete loss of, or significant reduction in, business with either of the Company's key customers will have a material adverse effect on the Company's business and results of operations. Accordingly, the loss of the net sales will have a material adverse effect on the Company's business and results of operations. The Company is analyzing the impacts to its business of this event and is identifying strategic courses of action for consideration. There can be no assurance that the Company will be able to increase sales of such products at levels sufficient to offset the adverse impact of the loss of these products to this customer, if at all.
