PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

to be held at 11:00 a.m., Mountain Time, May 24, 2016

at the Extra Space Storage Inc. corporate offices in Salt Lake City, Utah

We are furnishing this proxy statement to our stockholders in connection with the 2016 annual meeting of stockholders.

Our board of directors is soliciting proxies of our stockholders to vote their shares at the annual meeting. These proxy materials have been prepared by our management for the board of directors. This proxy statement and the form of proxy are first being furnished to our stockholders on or about April 7, 2016.

VOTING

Voting Shares at the Annual Meeting

Holders of record of our common stock as of the close of business on the record date, March 28, 2016, are entitled to receive notice of, and to vote at, the annual meeting. The outstanding common stock constitutes the only class of securities entitled to vote at the annual meeting and each share of common stock entitles the holder thereof to one vote. At the close of business on March 28, 2016, there were 125,129,324 shares of common stock outstanding. Stockholders can vote in person at the annual meeting or by proxy. There are two ways to authorize a proxy to vote your shares:

By Internet You can authorize your proxy over the Internet at www.voteproxy.com by following the instructions on the proxy card; or

Edgar Filing: Extra Space Storage Inc. - Form DEF 14A

By Mail If you received your proxy materials by mail, you can authorize a proxy by mail by signing, dating and mailing the enclosed proxy card.

Internet proxy facilities for stockholders of record will be available 24 hours a day and will close at 9:59 p.m., Mountain Time, Monday, May 23, 2016.

Table of Contents

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Internet proxy authorization also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the annual meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the annual meeting in order to vote.

Shares will be voted as the stockholder of record instructs. The persons named as proxies on the proxy card will vote as recommended by our board of directors on any matter for which a stockholder has not given instructions. The board of directors' recommendations appear on the following page herein.

Revoking a Proxy

Stockholders of record may revoke their proxy and change their votes any time before their votes are cast by:

giving written notice of revocation to our Corporate Secretary at our address prior to the annual meeting;

authorizing a proxy again on a later date on the Internet (only the latest Internet proxy submitted prior to the annual meeting will be counted);

signing and forwarding to us a later-dated proxy; or

attending the annual meeting and voting their shares of common stock in person.

Quorum and Vote Counting

The annual meeting requires a quorum, which means that a majority of the shares issued and outstanding as of the record date must be represented at the meeting. If a stockholder grants a proxy or attends the meeting in person, that stockholder's shares will be counted to determine whether a quorum is present, even if the stockholder abstains from voting on some or all matters introduced at the meeting. Broker non-votes (as described below) also count for quorum purposes.

If shares are held through a broker, bank or other nominee, generally the nominee may vote the shares it holds for the stockholder in accordance with the stockholder's instructions. However, if the nominee has not received instructions within ten days prior to the meeting, the nominee may vote in its discretion only on matters that the New York Stock Exchange (the "NYSE") determines to be routine. If a nominee cannot vote on a particular matter because it is not routine, there is a broker non-vote on that matter.

Each of the seven nominees for director must receive a majority of the votes cast for and against such nominee to be elected as director. All other matters must be approved by a majority of the votes cast on such matter. Abstentions and broker non-votes are counted as present and entitled to vote, but they are not counted as votes for or against any proposal and therefore have no effect on the outcome of any of the matters to be voted upon at the annual meeting.

American Stock Transfer & Trust Company, our transfer agent and registrar, will assist in the distribution of proxy materials and tabulation of votes.

Costs of Soliciting Proxies

We pay the costs of soliciting proxies. In addition to solicitation by Internet and mail, certain of our directors, officers and regular employees may solicit the return of proxies by telephone, personal interview or otherwise without being paid additional compensation. We will also reimburse brokerage firms and other persons representing the beneficial owners of our shares for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners in accordance with the proxy solicitation rules and regulations of the Securities and Exchange Commission (the SEC) and the NYSE.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on May 24, 2016

Electronic copies of our proxy statement and annual report for fiscal year 2015 are available at our website, www.extraspace.com, under Investor Relations.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Company has adopted corporate governance guidelines titled "Corporate Governance Guidelines," which are available at www.extraspace.com under Investor Relations "Corporate Governance." These principles were adopted by the board of directors to help ensure that the board of directors is independent from management, adequately oversees

management and that the interests of the board of directors and management align with the interests of our stockholders.

Director Independence

In accordance with the NYSE rules, the board of directors affirmatively determines the independence of each director and nominee for election as a director in accordance with the listing standards of the NYSE. We have not adopted any additional standards for independence outside those listed by the NYSE. The listing requirements of the NYSE require that a majority of the members of a listed company's board of directors and that all members of its audit committee and compensation, nominating and governance committee be independent.

Based on these standards, the board of directors has determined that all of the Company's non-employee directors, with the exception of Karl Haas, are independent and have no relationship with the Company, except as a director and stockholder of the Company. Further, the board of directors had previously determined that Joseph D. Margolis was independent in accordance with the listing standards of the NYSE prior to his appointment as the Company's CIO in July 2015.

Table of Contents

Qualifications

The board of directors has developed criteria that are designed to describe the qualities and characteristics desirable for the board of directors as a whole in order to provide a broad diversity of experience, professions, skills and backgrounds. The criteria and the effectiveness of our nomination policies are reviewed annually by the CNG Committee and the board of directors. In general, they require that each director or nominee:

LEADERSHIP STRUCTURE, RISK OVERSIGHT, MEETINGS AND COMMITTEES OF THE BOARD

Leadership Structure

Our board of directors is currently comprised of seven directors, four of whom are independent under the listing standards of the NYSE. Independent directors and management have different perspectives and roles in strategy development and execution. Our independent directors bring experience, oversight and expertise from outside the Company and across various industries and disciplines, including the self-storage industry, finance, public company management and academics. Our Executive Chairman, CEO and our former COO bring extensive company-specific experience and expertise to their roles.

Mr. Woolley serves as the Company's Executive Chairman, and Mr. Kirk serves as the Company's CEO, and as a director. In addition, Mr. Haas formerly served as the Company's Executive Vice President of Operations and COO. We believe this arrangement enables Messrs. Kirk, Woolley and Haas to provide strategic vision and leadership to the Company in their roles as directors and officers (or former officer, in the case of Mr. Haas). Mr. Woolley and Mr. Haas have extensive experience in the industry and an in-depth understanding of the elements of our business that impact our strategy. Mr. Kirk is an experienced executive with the company-specific knowledge, skills and capacity to carry out the role of CEO with excellence as he provides leadership and direction for the tactical execution of the Company's business plans and strategic initiatives.

The board has a governance structure that includes regular meetings of the independent directors in executive session and with the Company's internal auditors, external auditors and other consultants. Our board of directors has appointed Roger B. Porter as the lead independent director to help facilitate and strengthen the role of the independent directors. The lead independent director: (1) chairs all executive sessions of the board; (2) consults with management and the other members of the board regarding board meeting agendas; (3) serves as the principal liaison between management and the independent directors; and (4) performs such other functions as the board of directors or independent directors may designate from time to time.

Risk Oversight

The board of directors believes that an important part of its responsibilities is to oversee and coordinate with management to assess the major risks that we face and to review our options for monitoring and controlling these risks. At board meetings, management discusses with the board of directors matters of particular importance or concern, including any significant areas of risk meriting board attention. The Audit Committee has specific responsibility for discussing and reviewing policies with respect to risk assessment and risk management, including setting guidelines and policies to govern the process by which risk assessment and risk management is undertaken. The Audit Committee takes an active role in this process and communicates the results to the full board of directors. The CNG Committee oversees risks relating to our compensation policies and practices, as well as CEO and executive officer succession, and provides reports to the full board of directors. The CNG Committee works with a compensation risk analysis committee that is comprised of members of management, which has the responsibility to review our compensation policies as they relate to risk management practices and risk-taking incentives. We have conducted a risk assessment of our compensation programs and policies from a legal and human resources perspective and reviewed and discussed this assessment with the CNG Committee. Based on this assessment, we concluded that we do not have any compensation programs or practices which would reasonably be likely to have a material adverse effect on our Company.

Attendance at Meetings of the Board and its Committees

The board of directors holds at least four regularly scheduled meetings per year and additional special meetings as necessary. Each director is expected to attend all regularly scheduled and special meetings, unless unusual circumstances make attendance impractical. The board of directors may also take action from time to time by written or electronic consent. For the year ended December 31, 2015, the board of directors conducted a total of seven meetings. Each director attended at least 75% of the meetings of the board of directors and of any committees on which he or she served during this period.

Meetings of Independent Directors

The independent directors hold regularly scheduled meetings in executive session without the presence of management. The lead independent director chairs these sessions. Roger B. Porter currently serves as the lead independent director. Stockholders wishing to communicate directly with Mr. Porter or the independent directors may send correspondence addressed in care of:

Committees of the Board of Directors

The board of directors has two standing committees: the Audit Committee and the Compensation, Nominating and Governance Committee (CNG). The committees on which each director serves are listed above in Information about the Board of Directors and its Committees. Nominees for Directors.

Audit Committee

The Audit Committee has direct responsibility for the appointment, compensation, retention and oversight of the independent auditors for the Company, and sole authority to establish pre-approval policies and procedures for audit and non-audit engagements with the independent auditors. The Audit Committee also oversees the operation of a comprehensive system of internal controls designed to ensure the integrity of the financial statements and reports and compliance with laws, regulations and corporate policies of the Company. Additionally, the Audit Committee oversees the independent auditor's qualifications, performance and independence; monitors communications with the independent auditor; and monitors the performance of the internal audit function at the Company. A copy of the Audit Committee's charter is available at the Company's website www.extraspace.com under Investor Relations Corporate Governance.

Mr. Skousen is the chairman. Ms. Olmstead, Mr. Porter and Mr. Sabin serve as members of the Audit Committee. In accordance with the rules of the NYSE, the board of directors has determined that each of the current members of the Audit Committee is independent as defined by the Audit Committee's charter and Section 303A of the NYSE Listing Standards.

The board of directors has determined that Mr. Skousen is an audit committee financial expert as defined in the SEC's Regulation S-K, Item 407(d)(5).

Report of the Audit Committee

The Audit Committee assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company, as well as the Company's compliance with corporate policies and legal and regulatory requirements, including the Sarbanes-Oxley Act of 2002. During fiscal year 2015, the Audit Committee met eleven times, and discussed with the CEO, Chief Financial Officer (CFO), Principal Accounting Officer, internal auditors and independent registered public accounting firm (external auditors), the SEC filings that contained financial information, prior to their public release. The Audit Committee's meetings include executive sessions with the Company's external and internal auditors, in each case without the presence of the Company's management.

In discharging its oversight responsibility, the Audit Committee received from the external auditors a formal written statement describing all relationships between the external auditors and the Company that might bear on the external auditors' independence and discussed with the external auditors their independence and any relationships that may impact their objectivity and independence. The Audit Committee also discussed with management, internal auditors and external auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization and responsibilities. The Audit Committee reviewed both with the external and internal auditors their audit plans, audit scope and identification of audit risks.

In carrying out its responsibilities, the Audit Committee, among other things:

- monitors preparation of quarterly and annual financial reports by the Company's management;

- supervises the relationship between the Company and its external auditors, including: having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the external auditors;

- oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program; and

- reviews, approves and/or ratifies related-party transactions for which such approval is required under applicable law, including SEC and NYSE rules.

During fiscal year 2015, management advised the Audit Committee that each set of financial statements reviewed and discussed with management by the committee had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the external auditors of matters required to be discussed pursuant to *Auditing Standard No. 16 (Communications with Audit Committees)*, as adopted by the Public Company Accounting Oversight Board (PCAOB) including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with Ernst &

Young LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from Ernst & Young LLP to the Audit Committee pursuant to Rule 3526 of the PCAOB (*Communication with Audit Committees Concerning Independence*).

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee met privately with the Company's Director of Internal Audit and continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to implement recommended improvements in internal procedures and controls. The Audit Committee conducted a performance self-evaluation for review with the board of directors that included a comparison of the performance of the Audit Committee with the requirements of its charter.

As set forth in the Audit Committee's charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The internal auditors are responsible for independently assessing the principles, policies, internal controls and procedures surrounding the financial statements as well as monitoring management's follow-up to any internal audit reports. The external auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial

statements prior to the filing of each Quarterly Report on Form 10-Q, and annually auditing the effectiveness of the Company's internal controls over financial reporting and other procedures. The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

Taking all of these reviews and discussions into account, the Audit Committee members listed below recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the SEC.

Compensation, Nominating and Governance Committee

The CNG Committee operates under a written charter adopted by the board of directors, a copy of which is posted on the Company's website at www.extraspace.com under Investor Relations Corporate Governance. The CNG Committee assesses the adequacy of its charter annually. The charter, which reflects the standards set forth in the SEC and NYSE rules and regulations, identifies the CNG Committee's primary duties and responsibilities as follows:

set corporate governance principles;

adopt a code of ethics;

monitor the Company's compliance with corporate governance requirements of federal and state law and the rules and regulations of the NYSE;

review and determine the desirable balance and diversity of experience, qualifications and expertise among members of the board of directors;

review possible candidates for membership on the board of directors (including nominations proposed by stockholders) and recommend a slate of nominees for election as directors at the Company's annual meeting of stockholders;

review the function and composition of the committees of the board of directors and recommend membership on such committees;

oversee the board of directors' evaluation of itself and its committees;

examine periodically the philosophy and structure of the Company's compensation programs; and

oversee and act on behalf of the board of directors with respect to the benefit and compensation plans of the Company.

The CNG Committee's primary responsibilities with respect to compensation are to:

establish the Company's total compensation philosophy, and ensure that the compensation programs of the Company reflect that philosophy;

establish the compensation of the CEO;

review and approve the CEO's compensation recommendations with respect to other executives;

monitor awards under the Company's equity compensation plans; and

report to the board of directors in its meetings and executive sessions.

In performing its duties, the CNG Committee has the authority to take such action as it deems appropriate to implement the purposes of the CNG Committee. The CNG Committee may retain legal, accounting or other consultants, and meet in separate executive sessions with the Company's management and employees and its compensation consultant.

The CNG Committee has retained Mercer as its independent compensation consultant to advise the CNG Committee in connection with matters pertaining to director and executive compensation, including advising as to market levels and practices, plan design and implementation, peer group, consulting best practices and governance principles. Mercer also provides other services to the Company. Fees paid to Mercer during 2015 for director and executive compensation consulting services totaled \$64,815. Fees paid to Mercer for healthcare administration services in 2015 totaled \$85,000. The CNG Committee has determined, and Mercer has affirmed, that Mercer's work does not present any conflicts of interest and that Mercer is independent. In reaching these conclusions, the CNG Committee considered the factors set forth in Exchange Act Rule 10C-1 and NYSE listing standards.

During the year ended December 31, 2015, Mr. Porter was the chairman. Ms. Olmstead and Mr. Skousen served as members of the CNG Committee. Mr. Margolis served as a member of the CNG Committee until July 2015. During 2015, the CNG Committee held six meetings.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Philosophy

The philosophy underlying our executive compensation policies is to align management's incentives with the long-term interests of stockholders and to be competitive with comparable employers. Accordingly, we have structured the executive compensation program to:

reinforce a results-oriented culture with executive pay that reflects Company and individual performance against business objectives and high ethical standards;

provide compensation that attracts, retains and motivates key executives;

emphasize variable performance-based compensation, commensurate with an executive's increasing responsibilities; and

align the interests of stockholders and the Company's executives by implementing compensation programs that provide for acquiring and retaining significant equity interests in the Company by senior executives.

Setting Executive Compensation

Based on our philosophy underlying executive compensation policies, we place significant emphasis on annual and long-term performance-based incentive compensation, including base salaries, annual cash and equity incentives, and long-term equity based incentive awards, which are all designed to reward our executives based on the achievement of predetermined company and individual goals. We also consider historical compensation levels as well as other industry conditions and the overall effectiveness of our compensation program.

In order to ensure the fulfillment of the general philosophy as outlined above and to assist in establishing the Company's aggregate level of compensation, the CNG Committee engages a nationally recognized compensation consulting firm, Mercer, which reports directly to the CNG Committee.

Working with Mercer, the CNG Committee developed a list of 17 comparable real estate investment trusts (REITs) that are similar to the Company in enterprise value, number of employees, number of properties, and total revenue. The committee also took into consideration such elements as joint venture properties and unconsolidated revenues. The companies used in the comparator group are:

American Campus Communities
Apartment Investment and Management Company
AvalonBay Communities, Inc.
Camden Property Trust

Liberty Property Trust
Mid America Apartment Communities Inc.
Public Storage
Regency Centers Corporation

CubeSmart
Duke Realty Corporation
Equity Lifestyle Properties, Inc.
Essex Property Trust, Inc.
Home Properties Inc.

Sovran Self Storage, Inc.
Taubman Centers, Inc.
UDR, Inc.
Weingarten Realty Investors

The group includes three direct competitors: Public Storage, Sovran Self Storage, Inc. and CubeSmart. The remaining companies represent publicly traded REITs with market capitalizations comparable to Extra Space and that generally recruit individuals to fill senior management positions who are similar in skills and background of those recruited by us.

The CNG Committee attempts to design programs that deliver total compensation for executives that approximates the 50th percentile (size adjusted) of the comparator group for the achievement of at target performance. Actual payouts may be above or below the 50th percentile depending on actual performance compared to the target and based on individual performance related goals. The CNG Committee does not have a pre-established policy for the allocation of compensation between cash, non-cash compensation and long-term incentive compensation.

Table of Contents

Mercer prepares market data based on our comparator group regarding salary, annual cash incentive award targets, and long-term incentive compensation awards. They also provide advice directly to the CNG Committee as it makes decisions with respect to compensation for the CEO. Our CEO reviews and recommends to the committee the annual salary, incentive plan target and long-term stock-based compensation for each of our named executive officers and other key management personnel. The committee reviews those recommendations and makes a final determination with respect to such compensation. The compensation that is developed for each of these officers is based on competitive market data and on the CEO's recommendations regarding the executive's overall contributions, past performance and anticipated future contributions. The committee reviews separately and sets the compensation of the CEO based on competitive market data as well as the committee's assessment of his performance and anticipated future contributions. None of the executive officers are present during CNG Committee deliberations or decisions regarding such executive's compensation.

The following describes each element of our executive compensation program, along with a discussion of the decisions made by the CNG Committee with respect to that aspect of compensation for 2015.

Elements of Executive Officer Compensation and Benefits

In 2015, named executive officers' total compensation was generally comprised of the following elements designed to complement each other:

base salary;

annual incentive bonus;

long-term incentives through stock options and restricted stock; and

other benefits.

Base Salary

Base salary is a critical element of executive compensation as it provides executives with assured monthly cash compensation. In determining base salaries, we consider a number of factors including the executive's qualifications and experience, scope of responsibility, the goals and objectives established for the executive, the executive's past performance, the salaries paid to the position within the compensation peer group and the relative position of base salaries among executives.

Effective January 1, 2015, the CNG Committee approved salary increases of 3.0% for the CFO and CIO which were consistent with the pay increases for the entire Company. In addition and also effective January 1, 2015, the CNG Committee reevaluated the total compensation of the CEO and determined that in order for his compensation package to be comparable to those in our peer group and the market, an increase in overall compensation was advisable. This was accomplished through the addition of long-term incentives through stock options and restricted stock and in a corresponding decrease in his base salary of 24%.

Annual Incentive Bonus

The annual incentive bonus provides senior executives an opportunity annually to earn a cash bonus for achieving specified performance-based goals for the fiscal year. Half of these performance-based goals are tied to the financial operating performance of the Company and half to the senior executive's performance relative to management goals.

The financial performance goals set for 2015 were based on the Company's achievement of a specific target (the FFO Target) related to the Company's funds from operations as adjusted (FFO as adjusted). The FFO Target is defined and approved annually by the board of directors. The FFO Target is based on the Company's FFO as adjusted, with additional adjustments agreed to by the board of directors in order to consistently review the performance of management as it relates to FFO as adjusted. FFO as adjusted provides relevant and meaningful information about our performance and is the primary measure that we use to assess our operating performance. The portion of bonus based on the FFO Target could incrementally increase or decrease based on meeting, exceeding, or failing to meet the FFO Target. For an explanation of how we calculate FFO and FFO as adjusted and a reconciliation to net income, see Appendix A.

The FFO Target established for 2015 was \$2.98 of FFO as adjusted per share. For annual bonus determination purposes for 2015, FFO as adjusted was defined as FFO excluding costs associated with acquisitions and non-cash interest. Actual FFO as adjusted achieved for 2015 was \$3.13 per share, resulting in the payment of 150% of the portion of the bonus

Table of Contents

related to the achievement of the FFO Target pursuant to the annual incentive plan, which provides that the financial performance portion of executive officers' bonuses may be reduced or increased based upon the percent of FFO Target earned, with a maximum bonus payout of 150% in the event that the FFO Target is exceeded by greater than 5% and a minimum payout of 50% in the event that the FFO Target is less than 5% of the FFO Target. Notwithstanding the foregoing, the CNG Committee may, in its sole discretion, exclude or adjust significant non-budgeted or non-controllable amounts, gains, or losses from actual financial results in order to properly measure the Company's performance as well as adjust the Company's overall FFO targets and gradations used to determine percentage of FFO target to appropriately implement the intent of the annual incentive plan.

The management goals established for 2015 for our named executive officers are summarized as follows:

lead peer group in net operating income growth;

maximize core property performance by increasing occupancy, controlling expenses and increasing tenant insurance penetration rates;

enhance efficiency and technology through the successful rollout of a new ERP system and finalizing the detailed plan for the next generation point of sale system;

maximize the customer experience by standardizing branding and completing redevelopment opportunities;

maintain leverage ratio and optimize the balance sheet; and

expand our platform through property acquisitions and third-party management business.

These goals did not include specific quantitative measures.

The CNG Committee assigned no specific weighting to these management goals, but rather used its subjective discretion to assess overall achievement levels in determining the bonuses. The CEO presented to the CNG Committee his assessment of each executive's performance (other than the Executive Chairman and his own) in achieving the management goals, and recommended to the CNG Committee that the CFO, CIO and Executive Vice President be paid between 95% - 97% of the portion of the bonus related to these goals. Following their review, the CNG Committee approved the recommendation of the CEO. After their evaluation of the Executive Chairman and CEO's performance relative to the above management goals, the CNG Committee determined that the Executive Chairman and CEO should receive 97% of the portion of the bonus related to the achievement of the management goals.

The annual bonuses paid to the named executive officers for 2015 are reflected in the Summary Compensation Table below.

Long-Term Incentives

The Long-Term Incentive Program allows for awards of stock options and grants of restricted stock. The goals of the Company's equity awards are to: (1) align the interests of each executive officer with those of our stockholders by providing each individual with a significant incentive to manage the Company from the perspective of a stockholder with an equity stake in the business, and (2) encourage long-term retention of key employees by virtue of vesting conditions imposed on typical equity awards. Employees must remain employed by the Company for a fixed period of time in order for the equity awards to vest fully. Typically, option awards and grants of restricted stock vest over a four-year period at the rate of 25% per year and the options terminate after ten years. Vesting ceases upon termination of employment and unvested options and grants of restricted stock are cancelled upon termination of employment. The right to exercise vested options ceases 90 days after termination of employment, except that in the case of death, disability or retirement, the exercise period extends until one year after such termination of employment. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. During the vesting period, restricted stock awards may not be sold, transferred or pledged; however, the shares may be voted and receive the payment of nonforfeitable dividends.

Stock option awards and grants of restricted shares are discussed and reviewed at regularly scheduled meetings of the CNG Committee. By taking such actions at regularly scheduled meetings, the CNG Committee seeks to avoid any possible appearance that the grant timing was manipulated to affect the value of the awards. We do not have any program, plan or practice to coordinate stock option grants with the release by us of material non-public information or any other investor relations activities.

The CNG Committee awarded both option and restricted stock grants to all of the named executive officers in 2015, which awards are shown in the "Grants of Plan-Based Awards" table below. The values of the option and restricted stock grants were determined by the CNG Committee based on the recommendation of the CEO taking into consideration the total executive compensation at the comparator group of companies.

Employee Benefits and Other

We provide benefits and perquisites to our named executive officers and other employees, such as medical and life insurance, 401(k) plan, and severance pursuant to the terms of the Company's change in control plan.

Medical Insurance. The Company makes available to each named executive officer and their spouses and children such health, dental and vision insurance coverage as the Company may from time to time make available to its other corporate employees. A portion of the insurance coverage is paid by the Company.

Life Insurance. The Company provides each named executive officer such life insurance as the Company may from time to time make available to its other corporate employees.

Retirement Benefits. Our executive officers are eligible to participate in our 401(k) defined contribution plan on the same basis as other eligible employees. The Company currently matches 100% of the first three percent of an employee's compensation contributed by each employee, and 50% of the next two percent of an employee's compensation contributed.

A description of the severance arrangements we maintain with our named executive officers can be found under *Severance Agreements with Executive Officers* below. We also limit the perquisites that we make available to our executive officers, particularly in light of the potential for abuse associated with such perquisites. Accordingly, our executives are entitled to few benefits that are not otherwise available to all of our employees.

Policy Regarding Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer and four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. Since the Company's named executive officers are employed by either our operating partnership, Extra Space Storage LP, or our management company, Extra Space Management Inc., and not by Extra Space Storage Inc., their compensation is not subject to the deduction limits of Section 162(m).

Stock Ownership Guidelines for Executive and Senior Officers

We have stock ownership guidelines which require each of our executive and senior officers, within five years after appointment as an officer, to hold shares of our common stock, restricted stock or stock options (whether or not vested). These stock ownership guidelines align our officers' interests with those of our stockholders, ensuring executive and senior officers hold a significant amount of equity in the Company. Each executive and senior officer has met the following guidelines:

CEO	5 times base salary
Executive Vice President	3 times base salary
Senior Vice President	1 times base salary

Impact of Advisory Vote Approving Executive Compensation

At the Company's 2015 annual meeting of stockholders, an advisory vote was held to approve executive compensation, thereby affording stockholders the opportunity to cast a vote on the compensation programs for our named executive officers. Of the 116,458,159 total shares outstanding, 87% voted on this matter, excluding abstentions and broker non-votes. The result of these votes indicated 99% approval of the compensation paid to our named executive officers. The CNG Committee believes that the results of this vote affirm stockholder support of the Company's approach to executive compensation, and the CNG Committee did not change its general approach in 2015, except as noted above. The CNG Committee will continue to consider the outcome of advisory stockholder votes regarding executive compensation when making future compensation decisions for our named executive officers.

Item 1. Election of Directors

Nominees

In accordance with the provisions of our charter and bylaws, each member of the board of directors is elected at the annual meeting. Each member of the board of directors elected will serve for a term expiring at the annual meeting of stockholders in 2017, and until his or her successor has been duly elected and qualifies, or until his or her resignation or removal. Kenneth M. Woolley, Spencer F. Kirk, Karl Haas, Diane Olmstead, Roger B. Porter, Gary B. Sabin and K. Fred Skousen are the nominees for election to the board of directors.

We have not received notice of any additional candidates to be nominated for election as directors at the 2016 annual meeting of stockholders and the deadline for notice of additional candidates has passed. Consequently, the election of directors will be an uncontested election and the provisions of our bylaws providing for majority voting in uncontested elections will apply. Under majority voting, to be elected as a director, a nominee must receive votes **FOR** his or her election constituting a majority of the total votes cast for and against such nominee at the annual meeting at which a quorum is present. If a nominee who currently is serving as a director does not receive sufficient **FOR** votes to be re-elected, he or

she must submit his or her resignation to the board of directors. Our CNG Committee will consider such tendered resignation and recommend to the board whether to accept it. The board of directors will decide whether to accept any such resignation within 90 days after certification of the election results and will publicly disclose its decision. If the resignation is not accepted, the director will continue to serve until the director's successor is duly elected and qualifies or until the director's earlier resignation or removal.

Each of the nominees has consented to serve if elected. If, before the annual meeting, any of them becomes unable to serve, or chooses not to serve, the board of directors may nominate a substitute. If that happens, the persons named as proxies on the proxy card will vote for the substitute.

Biographical information about each of the nominees is found at the beginning of this proxy statement. See Information about the Board of Directors and its Committees Nominees for Directors.

Recommendation of the Board of Directors

Our board of directors recommends that you vote FOR the election of Kenneth M. Woolley, Spencer F. Kirk, Karl Haas, Diane Olmstead, Roger B. Porter, Gary B. Sabin and K. Fred Skousen as directors for the term expiring at the 2017 annual meeting of stockholders, and until their respective successors are duly elected and qualify.

Item 2. Ratification of Appointment of Independent Registered Public Accounting Firm

Our Audit Committee has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the year ending December 31, 2016. Ernst & Young LLP has acted as the Company's independent registered public accounting firm since April 2005, and our management considers the firm to be well qualified.

We have been advised by Ernst & Young LLP that it is a registered public accounting firm with the PCAOB and complies with the auditing, quality control and independence standards and rules of the PCAOB and the SEC.

Our charter and bylaws do not require that stockholders ratify the appointment of the independent registered public accounting firm. We are submitting the appointment for ratification because the board of directors believes it is a matter of good corporate practice. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of the Company.

A representative of Ernst & Young LLP is expected to be present at the annual meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Audit and Non-Audit Fee Table

The following table presents the aggregate fees for professional audit services rendered for the integrated audits of our annual financial statements for the years ended December 31, 2015 and 2014, for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for those fiscal years and for the testing of our internal control over financial reporting pursuant to Section 404(a) of the Sarbanes-Oxley Act of 2002, and fees billed for other services rendered during those periods.

	2015	2014
Audit fees (1)	\$ 2,036,289	\$ 1,187,264

Tax fees (3)	829,975	728,962

- (2) Audit-related fees represent professional fees for accounting consultation and other attest engagements.

(3) Tax fees represent professional services rendered for tax compliance, tax advice and tax planning.
Audit Committee Pre-Approval of Services by the Independent Registered Public Accounting Firm

In accordance with its charter and applicable rules and regulations adopted by the SEC, the Company's Audit Committee reviews and pre-approves any engagement of the independent registered public accounting firm to provide audit, review or attest services or non-audit services and the fees for any such services. The Audit Committee annually considers and, if appropriate, approves the provision of audit services by the independent registered public accounting firm. In addition, the Audit Committee periodically considers and, if appropriate, approves the provision of any additional audit and non-audit services by our independent registered public accounting firm that are neither pre-approved by the Audit Committee on an annual basis nor prohibited by applicable rules and regulations of the SEC. The Audit Committee has delegated to the chairman of the Audit Committee, Mr. Skousen, the authority to pre-approve, on a case-by-case basis, any such additional audit and non-audit services to be performed by our independent registered public accounting firm. Mr. Skousen reports any decision to pre-approve such services to the Audit Committee at its next regular meeting. All of the fees described in the table above were pre-approved by the Audit Committee.

Recommendation of the Board of Directors

Our board of directors recommends that you vote FOR ratification of the Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016.

Item 3. Approval of the Compensation of the Named Executive Officers

The Company requests stockholder approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis and the accompanying compensation tables and related material disclosed in this proxy statement). In accordance with the results of the 2011 stockholder advisory vote regarding the frequency of the advisory vote on the Company's executive compensation, this advisory vote will be presented on an annual basis unless otherwise disclosed.

As described in the Compensation Discussion and Analysis of this proxy statement, our executive compensation program is designed to reinforce a results-oriented culture with executive pay that reflects Company and individual performance against business objectives and high ethical standards, with an emphasis on variable performance-based compensation. Our compensation program is designed to attract, retain and motivate key executives and align their interests with that of our stockholders. As such, we believe that our executive compensation program and the corresponding executive compensation, detailed in the compensation tables and related narrative of this proxy statement, are strongly aligned with the long-term interests of our stockholders.

As an advisory vote, this proposal is not binding upon the Company. However, our CNG Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions for named executive officers.

The board of directors strongly endorses the Company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in Extra Space Storage Inc.'s Proxy Statement for the 2016 Annual Meeting of Stockholders.

Recommendation of the Board of Directors

Our board of directors recommends that you vote FOR the approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules.

STOCKHOLDER PROPOSALS FOR 2017 ANNUAL MEETING

Under SEC rules, proposals from our eligible stockholders must be received by us no later than December 8, 2016, in order to be considered for inclusion in the proxy statement for the 2017 annual meeting of stockholders. Any such proposals, as well as any questions relating thereto, should be directed to the Corporate Secretary of the Company at the Company's principal executive offices. Proposals we receive after December 8, 2016, will not be included in the proxy statement for the 2017 annual meeting.

In addition, under our current bylaws, and as SEC rules permit, stockholders must follow certain procedures to nominate a person for election as a director at an annual or special meeting, or to introduce an item of business at an annual meeting. A stockholder must notify the Corporate Secretary of the Company in writing of the director nominee or the other business. For purposes of our 2017 annual meeting of stockholders, the notice must include the information required in our bylaws and be delivered to the Corporate Secretary at the principal executive offices of the Company not earlier than the 150th day (November 8, 2016) and not later than 5:00 p.m., Mountain Time, on the 120th day (December 8, 2016) prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Proposals we receive which do not comply with the procedures set forth in our bylaws will not be acted upon at the 2017 annual meeting.

If the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder must be delivered as described above not earlier than the 150th day prior to the date of mailing of the notice for such annual meeting and not later than 5:00 p.m., Mountain Time, on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. The public announcement of a postponement or adjournment of an annual meeting does not commence a new time period for notice as described above.

OTHER MATTERS

Our board of directors and management know of no other matters or business to be presented for consideration at the annual meeting. If, however, any other matters properly come before the annual meeting or any adjournment(s) or postponement(s) thereof, it is the intention of the persons named in the enclosed proxy to vote such proxy in accordance with their discretion on any such matters. The persons named in the enclosed proxy may also, if they deem it advisable, vote such proxy to adjourn the annual meeting from time to time.

The rules promulgated by the SEC permit companies, brokers, banks or other intermediaries to deliver a single copy of an annual report, proxy statement or Notice of Internet Availability, as applicable to households at which two or more stockholders reside. This practice, known as householding, is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. Stockholders sharing an address who have been previously notified by their broker, bank or other intermediary and have consented to householding will receive only one copy of our annual report, proxy statement or Notice of Internet Availability, as applicable. If you would like to opt out of this practice for future mailings and receive a separate annual report, proxy statement or Notice of Internet Availability, as applicable for each stockholder sharing the same address, please contact your broker, bank or other intermediary. You may also obtain a separate annual report, proxy statement or Notice of Internet Availability, as applicable, without charge by sending a written request to Extra Space Storage Inc., 2795 East Cottonwood Parkway, Suite 400, Salt Lake City, UT 84121, Attention: Investor Relations, or by telephone at (801) 365-4600. We will promptly send additional copies of the annual report, proxy statement or Notice of Internet Availability, as applicable, upon receipt of such request. Stockholders sharing an address that are receiving multiple copies of the annual report, proxy statement or Notice of Internet Availability, as applicable, can request delivery of a single copy of the annual report, proxy statement or Notice of Internet Availability, as applicable, by contacting their broker, bank or other intermediary or sending a written request to Extra Space Storage Inc. at the address above.

Table of Contents**APPENDIX A RECONCILIATION OF NON-GAAP FINANCIAL MEASURES**

FFO provides relevant and meaningful information about the Company's operating performance that is necessary, along with net income and cash flows, for an understanding of the Company's operating results. The Company believes FFO is a meaningful disclosure as a supplement to net earnings. Net earnings assume that the values of real estate assets diminish predictably over time as reflected through depreciation and amortization expenses. The values of real estate assets fluctuate due to market conditions and the Company believes FFO more accurately reflects the value of the Company's real estate assets. FFO is defined by the National Association of Real Estate Investment Trusts, Inc. (NAREIT) as net income computed in accordance with U.S. generally accepted accounting principles (GAAP), excluding gains or losses on sales of operating stores and impairment write downs of depreciable real estate assets, plus depreciation and amortization and after adjustments to record unconsolidated partnerships and joint ventures on the same basis. The Company also presents FFO as adjusted which excludes non-recurring revenues and expenses, acquisition related costs and non-cash interest.

The following table outlines the Company's FFO and FFO as adjusted for the year ended December 31, 2015. The table also provides a reconciliation to GAAP net income attributable to common stockholders and earnings per diluted share for each period presented (amounts shown in thousands, except share and per share data unaudited):

	For the Year Ended December 31, 2015	
	(per share)	
Net income attributable to common stockholders	\$ 189,474	\$ 1.56
Impact of the difference in weighted average number of shares diluted		(0.08)
Adjustments:		
Real estate depreciation	115,924	0.89
Amortization of intangibles	11,094	0.09
(Gain) loss on real estate transactions and earnout from prior acquisitions	(1,501)	(0.01)
Unconsolidated joint venture real estate depreciation and amortization	4,233	0.03
Unconsolidated joint venture gain on sale of properties and purchase of partners' interests	(2,857)	(0.02)
Distributions paid on Series A Preferred Operating Partnership units	(5,088)	(0.04)
Income allocated to Operating Partnership noncontrolling interests	20,064	0.16
FFO attributable to common stockholders	\$ 331,343	\$ 2.58
Adjustments:		
Property casualty loss, net		
Non-cash interest expense related to amortization of discount on equity portion of exchangeable senior notes	3,310	0.03

Edgar Filing: Extra Space Storage Inc. - Form DEF 14A

Non-cash interest benefit related to out of market debt	(2,410)	(0.02)
Acquisition related costs	69,401	0.54
FFO as adjusted attributable to common stockholders	\$ 401,644	\$ 3.13
Weighted average number of shares diluted ⁽¹⁾	128,391,862	

- (1) Adjustment to account for the difference between the number of shares used to calculate earnings per share and the number of shares used to calculate FFO per share. Earnings per share is calculated using the two-class method, which uses a lower number of shares than the calculation for FFO per share and FFO as adjusted per share, which are calculated assuming full redemption of all OP units as described in note (2).

Table of Contents

- (2) Extra Space Storage LP (the Operating Partnership) has outstanding preferred and common operating partnership units (OP units). These OP units can be redeemed for cash or, at the Company s election, shares of the Company s common stock. Redemption of all OP units for common stock has been assumed for purposes of calculating the weighted average number of shares diluted as presented above. The computation of weighted average number of shares diluted for FFO per share and FFO as adjusted per share also includes the effect of share-based compensation plans and shares related to the exchangeable senior notes using the treasury stock method.
