REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of

The Prudential Employee Savings Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of The Prudential Employee Savings Plan (the Plan) as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedule have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015, in conformity with the basis of accounting described in Note 2.

The supplemental information in the accompanying schedule of assets held for investment purposes (modified cash basis) as of December 31, 2015 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information

presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Prudential Employee Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of the Plan

The following description of The Prudential Employee Savings Plan (the Plan or PESP) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all United States employees and statutory agents of The Prudential Insurance Company of America (the Company) and its participating affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participation

Each eligible employee may enroll in PESP at any time, starting on their first day of employment with the Company and its participating affiliates.

Employees who do not affirmatively elect either to participate or to decline participation in PESP within 30 days of hire, are enrolled automatically in PESP until they affirmatively elect otherwise.

Contributions

Employee Contributions. Participants can contribute from 1% to 50% of eligible earnings as defined in the Plan, in any combination of before-tax, Roth 401(k) (after-tax), and/or traditional after-tax contributions. Through automatic enrollment, participants contribute 4% of eligible earnings on a before-tax basis. Rollover contributions are allowed.

Participants may elect to increase, decrease or stop their contributions at any time, subject to the Company's Personal Securities Trading Policy.

Roth In-Plan Rollovers. Participants may elect to rollover all or a portion of their vested Plan account that is then available for distribution or in-service withdrawal into Roth (after-tax) funds. Participants are required to pay income taxes on the amount rolled over and, assuming the applicable holding period and distribution requirements are satisfied, the Roth In-Plan Rollover held in the Plan together with subsequent investment earnings will not be subject to Federal income taxes at the time of distribution. Participants are permitted to make up to four (4) separate Roth In-Plan Rollovers in a single plan year.

Roth In-Plan Rollovers, totaling \$1,347,578 in 2015, are included in Rollovers in the Statement of Changes in Net Assets Available for Benefits.

Company Matching Contributions. The Company matches 100% of before-tax and Roth 401(k) contributions up to a maximum of 4% of eligible earnings. Employees are required to complete one year of service prior to becoming eligible for Company matching contributions.

Catch-Up Contributions. Participants age 50 or older who will reach the 401(k) limit for contributions for the year or certain of the Plan's other limits for contributions, may be eligible to make before-tax and Roth 401(k) catch-up contributions to the Plan during the plan year from eligible earnings. Catch-up contributions are not eligible for Company matching contributions. For 2015, catch-up contributions were limited to \$6,000.

Contributions are subject to certain limitations imposed by applicable provisions of the Plan and the Internal Revenue Code of 1986, as amended (IRC), including compliance with applicable statutory limits and non-discrimination rules.

1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, and (b) the Plan's net earnings. Allocations are made pursuant to the terms of the Plan based on the participant's eligible earnings and account balances. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their before-tax, Roth 401(k), after-tax, and rollover contributions plus earnings thereon. Generally, participants become 100% vested in Company matching contributions upon the completion of three years of vesting service.

Vesting will be accelerated and participants will be 100% vested in the Company's matching contribution and earnings thereon upon reaching age 65, or as a result of death, or becoming totally disabled while an employee. A participant will be considered totally disabled for purposes of the Plan if he or she is eligible to receive long-term disability benefits under The Prudential Welfare Benefits Plan.

Forfeitures

If a participant terminates employment with the Company prior to full vesting, the non-vested portion of his or her account attributable to the Company matching contributions and earnings thereon is forfeited. If the participant is reemployed within five years from the date of termination, the forfeited amount may be reinstated, subject to certain Plan provisions. During the five-year period, as stated above, the pending forfeiture amounts will continue to be invested in accordance with the participant's investment directions or the Plan's default investment provisions, as applicable. Any amounts not reinstated to a participant, after the five-year period, are considered forfeitures that the Plan permits to be used to reduce future Company matching contributions or to pay administrative expenses.

As of December 31, 2015 and 2014, forfeiture amounts invested in the PESP Fixed Rate Fund amounted to \$1,590,640 and \$1,480,516, respectively. Forfeitures of \$1,500,000 were used to reduce the Company's matching contributions in 2015.

Investment Options

Employee Contributions. Participants may direct their current account balance and future contributions in 1% increments in any of the Plan's investment options.

Participants who are automatically enrolled and do not direct investment of their accounts will be invested by default into the age-appropriate conservative portfolio mix available under GoalMaker®, a computer asset allocation program available to participants as described below.

Generally, there are no restrictions on the participant's investment directions; however, participants are subject to the provisions of the PESP Market Timing Policy. Participant investment direction in regard to the Prudential Financial, Inc. Common Stock Fund is subject to the provisions of the Company's Personal Securities Trading Policy. In addition, participants employed with affiliated service providers may be restricted as to investment directions in connection with certain funds and/or services being provided.

Company Matching Contributions. Half of the Company matching contributions is automatically invested in the Prudential Financial, Inc. Common Stock Fund. The remainder of the participant's Company matching contributions is invested according to the participant's current investment allocation direction or pursuant to the Plan's default investment provisions, as applicable.

1. Description of the Plan (Continued)

Generally, there are no restrictions on transferring Company matching contributions from the Prudential Financial, Inc. Common Stock Fund to any of the other investment options under the Plan, except for certain limitations including, but not limited to, the provisions of the Company's Personal Securities Trading Policy.

The following are the investment options under the Plan:

PESP Fixed Rate Fund - The goal of the PESP Fixed Rate Fund is to provide preservation of principal and stable competitive interest rates based on current market conditions. The fund credits interest on an annual effective rate basis. The interest crediting rate is reset periodically (currently on a quarterly basis) and is announced in advance. The PESP Fixed Rate Fund is offered under a group annuity contract issued by the Company. It is subject to the credit risk of the Company.

Custom Plan Investments

Alliance Bernstein Core Opportunities Fund - Effective July 24, 2015. This separate account seeks to generate capital appreciation through superior stock selection which is a process rooted in research insight and portfolio manager skill. The portfolio is constructed of approximately sixty investments where the portfolio manager believes there is a significant discount between a company's stock price and intrinsic economic value. The focus is on highly profitable business with strong fundamental prospects and above average capital flexibility. The separate account is offered by the Company and is advised by Alliance Bernstein L.P. 50% of the transition account consisting of the balances of the Artisan U.S. Mid-Cap Value Fund, the Jennison Mid-Cap Growth Fund, the Large Cap Growth/Jennison Fund, and the Large Cap Value/LSV Asset Management Fund were transferred to the fund during the transition period which ended August 6, 2015.

Delaware Small Cap Core Equity Fund - Effective July 24, 2015. This separate account seeks long-term capital appreciation. The strategy invests in stocks of small companies believed to have a combination of attractive valuations, growth prospects, and strong cash flows. The separate account is offered by the Company and is advised by Delaware Investment Advisers. 50% of the transition account consisting of the balance of the Small Company Stock Account, VCA-6 was transferred to the fund during the transition period which ended August 6, 2015.

Insurance Company Separate Accounts

All the Insurance Company Separate Accounts are pooled except for the Artisan U.S. Mid-Cap Value Fund which is a Single Client Account.

Artisan U.S. Mid-Cap Value Fund - This separate account seeks to maximize long-term capital growth using a mid-cap value strategy. The fund primarily invests in the common stocks of mid-capitalization companies that Artisan Partners believes to be undervalued relative to their current market price. It defines a mid-cap company as one that falls within the market capitalization range of companies in the Russell Mid-Cap Index. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by Artisan Partners. This investment option was eliminated July 24, 2015. The balance was transferred to a transition account along with the balances of the Jennison Mid-Cap Growth Fund, the Large Cap Growth/Jennison Fund, and the Large Cap Value/LSV Asset Management Fund. The transition account balance was transferred 50% to the Jennison Opportunistic Equity Fund CIT and 50% to the Alliance Bernstein Core Opportunities Fund during the transition period which ended August 6, 2015.

1. Description of the Plan (Continued)

Core Bond Enhanced Index/PGIM Fund - This separate account seeks to achieve performance results similar to the Barclays Capital U.S. Aggregate Bond Index. This fund invests primarily in corporate and government bonds. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by PGIM, Inc. (previously, Prudential Investment Management, Inc.), also an affiliate of the Company.

Jennison Mid-Cap Growth Fund - This separate account seeks to outperform the Russell Mid-Cap Growth Index on a rolling three-year basis. This fund invests in mid-size companies that may generate above average earnings growth. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by Jennison Associates, LLC, also an affiliate of the Company. This investment option was eliminated July 24, 2015. The balance was transferred to a transition account along with the balances of the Artisan U.S. Mid-Cap Value Fund, the Large Cap Growth/Jennison Fund, and the Large Cap Value/LSV Asset Management Fund. The transition account balance was transferred 50% to the Jennison Opportunistic Equity Fund CIT and 50% to the Alliance Bernstein Core Opportunities Fund during the transition period which ended August 6, 2015.

Large Cap Growth/Jennison Fund - This separate account seeks long-term growth of capital and to outperform both the Russell 1000 Growth and S&P 500 Indexes. This fund invests at least 65% in equity securities issued by companies with market capitalization exceeding \$1 billion and believed to have above-average growth prospects. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by Jennison Associates, LLC, also an affiliate of the Company. This investment option was eliminated July 24, 2015. The balance was transferred to a transition account along with the balances of the Artisan U.S. Mid-Cap Value Fund, the Jennison Mid-Cap Growth Fund, and the Large Cap Value/LSV Asset Management Fund. The transition account balance was transferred 50% to the Jennison Opportunistic Equity Fund CIT and 50% to the Alliance Bernstein Core Opportunities Fund during the transition period which ended August 6, 2015.

Large Cap Value/LSV Asset Management Fund - This separate account seeks appreciation of capital and to outperform the Russell 1000 Value Index over rolling 3- and 5-year periods, or market cycles if longer. This fund invests primarily in equity-related securities of large companies in a value style. LSV Asset Management employs a quantitative model to select out-of-favor (undervalued) stocks that they believe have the potential for near-term appreciation. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by LSV Asset Management. This investment option was eliminated July 24, 2015. The balance was transferred to a transition account along with the balances of the Artisan U.S. Mid-Cap Value Fund, the Jennison Mid-Cap Growth Fund, and the Large Cap

Growth/Jennison Fund. The transition account balance was transferred 50% to the Jennison Opportunistic Equity Fund CIT and 50% to the Alliance Bernstein Core Opportunities Fund during the transition period which ended August 6, 2015.

Prudential Retirement Real Estate Fund - This separate account seeks to meet or exceed a customized real estate and real estate securities benchmark return after fees and expenses. This fund of funds invests primarily in existing private real estate funds, publicly traded real estate securities, including Real Estate Investment Trust (REIT) securities, and other real estate related investments. The manager seeks to provide maximum exposure to private real estate funds, while seeking to maintain liquidity for the purpose of meeting withdrawal requests through a combination of cash and cash equivalents, as well as investments in marketable real estate securities. The fund may, to the extent available in the market on reasonable terms, obtain a line of credit. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by PGIM, Inc. (previously, Prudential Investment Management, Inc.), also an affiliate of the Company.

QMA International Developed Markets Index Fund - This separate account seeks to provide investment results that track the Morgan Stanley Capital International Europe, Australasia, and Far East Index (MSCI EAFE Index). The fund will not hold actively managed stock positions as it does not attempt to outperform the market. The separate account is offered under a group annuity contract issued by the Company and is advised by Quantitative Management Associates, LLC, an affiliate of the Company.

QMA U.S. Broad Market Index Fund - This separate account seeks to provide long-term growth of capital and investment results that approximate the performance of the Standard & Poor's Composite 1500 Index (S&P 1500 Index). The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by Quantitative Management Associates, LLC, also an affiliate of the Company.

Small Company Stock Account, VCA-6 - This separate account seeks to outperform the Russell 2000 Index by investing in a diversified portfolio of small companies. The separate account is offered under a group annuity contract issued by the Company, and is advised by Jennison Associates, LLC, an affiliate of the Company. This investment option was eliminated July 24, 2015. The balance was transferred to a transition account. The transition account balance was transferred 50% to the Delaware Small Cap Core Equity Fund and 50% to the Vanguard Small Cap Index Fund during the transition period which ended August 6, 2015.

Wells Capital International Bond Fund - This separate account seeks to provide total return, consisting of a high level of current income and capital appreciation by investing principally in investment-grade securities of government, agency or corporate issuers worldwide, denominated in various currencies. The separate account is offered under a group annuity contract issued by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, and is advised by Wells Capital Management.

Common/Collective Trusts

Jennison Opportunistic Equity Fund CIT - Effective July 24, 2015. This collective trust seeks long-term growth of capital. It is a multi-cap catalyst driven based investment style utilizing a fundamental bottom-up approach. It focuses on finding companies that are either undergoing a positive change in fundamentals or delivering good forward growth characteristics for which expectations are not fully reflected or appreciated by the market. The collective trust is offered by the Prudential Trust Company, an affiliate of the Company. 50% of the transition account consisting of the balances of the Artisan, U.S. Mid-Cap Value Fund, the Jennison Mid-Cap Growth Fund, the Large Cap Growth/Jennison Fund, and the Large Cap Value/LSV Asset Management Fund were transferred to the fund during the transition period which ended August 6, 2015.

Prudential High Yield Collective Investment Trust - This collective trust seeks to outperform the Barclays U.S. High-Yield Ba/B 1% Issuer Capped Bond Index (Bond Index) by 150 basis points over a full market cycle. This fund uses a highly diversified, research-driven strategy targeting an excess return over the Bond Index. The strategy emphasizes the higher quality segment of the high yield market (BB and B-rated corporate bonds) with heavy emphasis on default avoidance. The collective trust is offered by the Prudential Trust Company, an affiliate of the Company.

Wellington Trust Co. International Opportunities Fund - This collective trust seeks to provide long-term total return in excess of the Morgan Stanley Capital International All Country World Index Ex-US (MSCI ACWI Ex-US). This fund invests in international large to mid-cap companies with returns on capital underestimated by the market either on a value or a growth basis with a split between 45% to 55% at any time. A cash position up to 10% may also be held. The collective trust is offered by the Wellington Trust Company, NA Multiple Collective Investment Funds Trust II.

Registered Investment Companies

Fidelity Government Income Fund - This mutual fund seeks to provide a high level of current income (interest), consistent with preservation of principal. This fund invests at least 80% of its assets in U.S. government securities as well as repurchase agreements for those securities. It invests in U.S. government securities issued by entities that are chartered or sponsored by Congress but whose securities are neither issued nor guaranteed by the U.S. Treasury. The fund invests in instruments related to U.S. government securities and allocates assets across different market sectors and maturities. It engages in transactions that have a leveraging effect on the fund, including derivatives. The mutual fund is advised by Fidelity Management & Research Company. The ticker symbol for this fund is FGOVX. This investment option was eliminated July 24, 2015 and replaced by the Vanguard Intermediate Government Bond Index Fund.

Prudential Jennison Natural Resources Fund, Class Q - This mutual fund seeks long-term growth of capital. This fund generally invests at least 80% of assets in equity securities of natural resource companies and in asset-based securities, the values of which are related to, natural resources. Natural resource companies are U.S. and foreign companies that own, explore, mine, process or otherwise develop, or provide goods and services with respect to natural resources. The principal type of equity and equity-related security in which the fund invests is common stock. The fund is non-diversified. The mutual fund is advised by Prudential Investments, LLC, and Jennison Associates, LLC serves as a sub-advisor. Both are affiliates of the Company. The ticker symbol for this fund is PJNQX.

Vanguard Intermediate Government Bond Index Fund - Effective July 24, 2015. This mutual fund seeks to track the performance of a market-weighted government bond index with an intermediate-term dollar-weighted average maturity. The index includes fixed income securities issued by the U.S. Treasury and U.S. government agencies and instrumentalities, as well as corporate or dollar-denominated foreign debt guaranteed by the U.S. government, with maturities between three and ten years. The mutual fund is advised by Vanguard Group Inc. The ticker symbol for this fund is VIIGX. This investment option replaced the Fidelity Government Income Fund.

Vanguard Small Cap Index Fund - Effective July 24, 2015. This mutual fund seeks to track the performance of a benchmark index that measures the investment return of small-capitalization stocks. The fund employs an indexing investment approach designed to track the performance of the Center for Research in Security Prices (CRSP) U.S. Small Cap Index, a broadly diversified index of stocks of small U.S. companies. The advisor attempts to replicate the target index by investing all of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index. The mutual fund is advised by Vanguard Group Inc. The ticker symbol for this fund is VSCPX. 50% of the transition account consisting of the balance of the Small Company Stock Account, VCA-6 was transferred to the fund during the transition period which ended August 6, 2015.

Vanguard Emerging Market Stock Index Fund - Effective June 19, 2015. This mutual fund seeks to track the performance of a benchmark index that measures the investment return of stocks issued by companies located in emerging market countries. The fund employs an indexing investment approach designed to track the performance of the Financial Times Stock Exchange (FTSE) Emerging Markets All Cap China A Transition Index, an interim index that will gradually increase exposure to small-capitalization stocks and China A-shares while proportionately reducing exposure to other stocks based on their weightings in the index. The index is a market-capitalization-weighted index. The mutual fund is advised by Vanguard Group Inc. The ticker symbol for this fund is VEMIX.

Prudential Financial, Inc. Common Stock Fund - This master trust invests in Prudential Financial, Inc. (PFI) common stock with a small portion invested in money market shares or other investments expected to be liquid. This fund's goal is to approximate the returns of a direct investment in shares of PFI common stock in a fund that also seeks to provide modest liquidity. Values for fund units are not identical to the current values of shares of PFI common stock. This fund has an ESOP and non-ESOP portion (see Note 9).

Prudential IncomeFlex

Prudential IncomeFlex Select provides a guaranteed income for life without requiring an irrevocable election to receive PESP benefit payments as an annuity. Prudential IncomeFlex Select is designed to help invest the participant's PESP accounts to provide future retirement income that is guaranteed for their lifetime. This investment option was only available to participants age 50 or older. Participants could choose to invest their money in one or more of the three IncomeFlex separate accounts (Aggressive Growth, Conservative Growth, and Moderate Growth), which are described in more detail below. Effective December 31, 2013, Prudential IncomeFlex Select was closed to new participants and to new contributions, loan repayments, and transfers. The three Prudential IncomeFlex separate accounts (Aggressive Growth, Conservative Growth, and Moderate Growth) are offered by the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company, who also serves as the manager of those three separate accounts.

Aggressive Growth Fund - The Prudential IncomeFlex Select Aggressive Growth Fund invests in a fixed asset allocation of underlying funds that are separate accounts available under group variable annuity contracts issued by the Company and the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company. The asset class mix for this fund is 70% stock (56% U.S. stocks and 14% international stocks) and 30% bonds. Each portfolio is rebalanced daily.

Conservative Growth Fund - The Prudential IncomeFlex Select Conservative Growth Fund invests in a fixed asset allocation of underlying funds that are separate accounts available under group variable annuity contracts issued by the Company and the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company. The asset class mix for this fund is 35% stock (28% U.S. stocks and 7% international stocks) and 65% bonds. Each portfolio is rebalanced daily.

Moderate Growth Fund - The Prudential IncomeFlex Select Moderate Growth Fund invests in a fixed asset allocation of underlying funds that are separate accounts available under group variable annuity contracts issued by the

Company and the Prudential Retirement Insurance and Annuity Company, an affiliate of the Company. The asset class mix for this fund is 55% stock (44% U.S. stocks and 11% international stocks) and 45% bonds. Each portfolio is rebalanced daily.

Prudential IncomeFlex Target Balanced Fund

Effective January 2, 2014, Prudential IncomeFlex Target is a new product that provides certain guarantees on retirement income. The investment option under IncomeFlex Target is the Prudential IncomeFlex Target Balanced Fund, which invests in a mix of the index funds currently offered in PESP. The index funds invest in bonds (40%), U.S. stocks (45%), and international stocks (15%) and are rebalanced daily. Unlike a target date fund, the IncomeFlex Target does not reduce exposure to the stock market as participants get older. In exchange for a guarantee fee of 0.95%, IncomeFlex Target provides guaranteed lifetime income, potential for income and asset growth, downside market protection for retirement income, and flexible access to market value. The guaranteed fee is applied only to those dollars invested in IncomeFlex Target. IncomeFlex Target does not guarantee market value, which will fluctuate with market volatility. The underlying index funds are separate accounts available under group variable annuity contracts issued by the Company and by Prudential Retirement Insurance and Annuity Company, an affiliate of the Company.

GoalMaker®

GoalMaker® is a computer asset allocation program available to participants. It establishes 12 portfolios, each invested in a different asset allocation mix. Participants select a portfolio based on their completion of an investment risk profile and estimated time to retirement; defaulting participants are assigned to the conservative portfolio applicable to their current age, assuming retirement at age 65. GoalMaker® provides automatic rebalancing of investments once per quarter.

Payment of Benefits

When employment with the Company and its affiliates ends, if the value of a vested participant's account is in excess of \$5,000, the participant may elect to (a) receive a lump sum distribution equal to the value of the participant's vested interest in his or her account, (b) receive an annuity from the Company in the amount that can be purchased with the vested value in his or her account, (c) receive a combination of a single payment for less than the total vested value of his or her account plus an annuity, (d) receive partial distributions (no more than five withdrawals per Plan year, and the amount of any such withdrawal must equal at least \$300), or (e) delay taking a distribution of the vested value of his or her account until it is required by law. If the value of a terminated vested participant's account is \$5,000 or less,

the participant may not defer distribution of his or her account.

Actively employed participants can make in-service withdrawals from PESP. The amount available for in-service withdrawals includes amounts credited to a participant's After-Tax Contributions Account, Rollover Contributions Account, and pre-2001 Company Matching Contributions Account. Participants who have attained age 59 ½ can also withdraw amounts from their Before-Tax Contributions Account, Roth 401(k) Contributions Account and Roth In-Plan Rollover Contributions Account. Participants can make up to five withdrawals each calendar year, and the withdrawals are subject to a 10% federal early distribution tax for participants less than 59 ½ years of age, in addition to the regular income tax that applies, except for After-Tax Contribution amounts. Other penalties may apply to Roth 401(k) and Roth In-Plan Rollover amounts if the withdrawals are not qualified distributions.

1. Description of the Plan (Continued)

When funds are not available from an in-service withdrawal or when a loan will create a hardship, participants may apply for a hardship withdrawal without first taking a loan. To qualify for a hardship withdrawal under the Plan, participants must demonstrate that they need the money to meet an immediate and heavy financial need for which they have no other resources available to them.

Participant Loans

Participants may take loans from their Before-Tax Contributions Account and/or Rollover Contributions Account.

Loans may range from a minimum of \$500 up to a maximum equal to the lesser of:

- a) \$50,000 reduced by the participant's highest outstanding loan balance during the preceding twelve months in the Plan, or
- b) 50% of their entire vested Plan account, or
- c) 100% of the value of the sum of the balance, if any, of the participant's Before-Tax Contribution Account and Rollover Contributions Account.

The \$50,000 maximum takes into account all loans to the participant from any Plan maintained by the Company or an affiliate of the Company.

Only one loan is permitted to be outstanding at any time. The loan repayment period may range from one to five years. Currently, the interest rate applicable to the loan is the prime rate as of the fifteenth business day of March, June, September or December and is effective for loans initiated during the following quarter.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America (U.S. GAAP). The modified cash basis of accounting is a cash receipts and disbursements method of accounting unlike U.S. GAAP where information is reported on an accrual basis. However, under the modified basis of accounting investments are stated at fair value, which is consistent with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan s investments are stated at fair value (see Note 5 for more information on fair value measurements) except for its investment contract (the PESP Fixed Rate Fund), which is valued at contract value (see Note 3).

The fair value of the participation units owned by the Plan in custom plan investments is based on quoted redemption values.

The fair value of the participation units owned by the Plan in insurance company separate accounts is based on quoted redemption values.

The fair value of the participation units owned by the Plan in common/collective trusts is based on quoted redemption values.

The fair value of the shares owned by the Plan in registered investment companies is based on quoted net asset value of shares.

The fair value of the participation units owned by the Plan in the master trust is based on quoted redemption values.

Purchases

Purchases of units of participation in custom plan investments are recorded on a trade-date basis.

Purchases of units of participation in insurance company separate accounts are recorded on a trade-date basis.

Purchases of units of participation in common/collective trusts are recorded on a trade-date basis.

Purchases of shares in registered investment companies are recorded on a trade-date basis.

Purchases of units of participation in the master trust are recorded on a trade-date basis.

Income Recognition

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation/(depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation/(depreciation) on those investments.

Interest, dividend and other income is recorded when received.

Sales of units of participation in custom plan investments are recorded on a trade-date basis.

Sales of units of participation in insurance company separate accounts are recorded on a trade-date basis.

Recently Issued Accounting Pronouncements - Not Yet Adopted

In January 2016, Financial Accounting Standards Board (FASB) issued amendments on certain aspects of recognition, measurement, presentation, and disclosure of financial instruments through Accounting Standards Update (ASU) No. 2016-01, *Financial Instruments (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. The amendments require changes to the accounting for equity investments, the presentation and disclosure requirements for financial liabilities under the fair value option, and the presentation and disclosure requirements for financial instruments. In addition, clarification was provided related to the valuation allowance assessment when recognizing deferred tax assets resulting from unrealized losses on available-for-sale debt securities. The amendments in this update are effective for employee benefit plans for fiscal years beginning after December 15, 2018. Early adoption is permitted for portions of the standard. Management is currently evaluating the implications of ASU 2016-01 and its effect on the Plan's financial statements.

In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under *Fair Value Measurements and Disclosures (Topic 820)*. ASU No. 2015-07 is effective for public business entities for annual reporting periods beginning after December 15, 2015. Management is currently evaluating the implications of ASU 2015-07 and its effect on the Plan's financial statements.

In November 2014, FASB issued ASU No. 2014-16, *Derivatives and Hedging (Topic 815) - Determining Whether the Host Contract in a Hybrid Financial Instrument Issued in the Form of a Share Is More Akin to Debt or to Equity*. ASU 2014-16 clarifies the evaluation of the economic characteristics and risks of a host contract in a hybrid financial instrument that is issued in the form of a share. It is effective for annual reporting periods beginning after December 15, 2015. Management does not expect the adoption of ASU 2014-16 to have a significant effect on the Plan's financial statements.

In August 2014, FASB issued ASU No. 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. ASU No. 2014-15 is intended to define management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. The provisions of ASU 2014-15 are effective for annual periods beginning after December 15, 2016. Early adoption is permitted. Management does not expect the adoption of ASU 2014-15 to have a significant effect on the Plan's financial statements.

Newly Adopted Accounting Standards

In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the FASB Emerging Issues Task Force)*. Under the applicable parts of the new guidance, plans will disaggregate investments measured using fair value only by general type, either on the face of the financial statements or in the notes to the financial statements. Plans are exempt from the requirement to disaggregate assets by nature, characteristics and risks. Disaggregating investments that are measured using fair value by general type is consistent with the level of disaggregation provided by most trustees, custodians and insurance companies and with the information required in Form 5500. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan applied the provisions of ASU 2015-12 for 2015.

3. Investment Contract with Insurance Company

The financial statement presentation and disclosure of the PESP Fixed Rate Fund (the Fund) complies with the FASB Accounting Standards Codification (ASC) 946 on the fair value reporting of fully benefit-responsive investment contracts as of December 31, 2015 and 2014.

The Fund is a fully benefit-responsive investment contract and is valued at contract value. Accordingly, the contract meets all of the following criteria:

- a. The investment contract is effected directly between the Fund and the issuer and prohibits the Fund from assigning or selling the contract or its proceeds to another party without the consent of the issuer.
- b. The contract issuer is obligated to (i) repay principal and interest, or (ii) prospective crediting rate adjustments with assurance the crediting rate will not be less than zero.
- c. The terms of the contract require all permitted participant-initiated transactions with the Fund to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those transactions allowed by the underlying defined-contribution plan, such as withdrawals for benefits, loans, or transfers to other funds within the Plan.
- d. An event that limits the ability of the Fund to transact at contract value with the issuer (for example, premature termination of the contracts by the Fund, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives), and that also limits the ability of the Fund to transact at contract value with the participants in the Fund must be probable of not occurring.
- e. The Fund itself must allow participants reasonable access to their funds.

The Fund represents the fixed dollar account under an unallocated group annuity contract. Contract value is based upon contributions made under the contract, plus interest credited, and less participant withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The interest crediting rate is determined quarterly, and during 2015 was 3.50% for each of the quarters. The minimum crediting rate is 3.50%. The interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. Key factors that could influence future interest crediting rates are changes in interest rates, and default or credit failures of the reference portfolio.

There is no event that limits the ability of the Plan to transact at contract value with the issuer. There are also no events and circumstances that would allow the issuer to terminate the fully benefit-responsive investment contract with the Plan and settle at an amount different from contract value.

4. Investments

The information regarding the Plan's investments included in the Plan's financial statements and schedules was prepared based on the information furnished to the Plan Administrator by the Company and Prudential Trust Company (the Trustee). The Plan Administrator has obtained certifications from the Company and the Trustee that such furnished information is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), the next priority to quoted values based on observable inputs (Level 2 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Custom Plan Investments - Plan assets are represented by a unit of account and a per unit value whose value is the result of the accumulated values of underlying investments.

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

Insurance Company Separate Accounts - Plan assets are represented by a unit of account and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

5. Fair Value Measurements (Continued)

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that a different price would be more reflective of fair value.

Real estate: Values are determined through an independent appraisal process. The estimate of fair value is based on three approaches: (1) current cost of reproducing the property less deterioration and functional/economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing an income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable properties in the market. Each approach requires the exercise of subjective judgment.

Significant increases/(decreases) in any unobservable inputs used in the fair value measurement of real estate would result in a significantly different fair value measurement. Generally, a change in the assumption used for reproducing the property, income streams, or the value of recent sales of comparable properties is accompanied by a directionally similar change in fair value, while changes in the discounting assumption is accompanied by a directionally opposite change in fair value.

Common/Collective Trusts - Plan assets are represented by a unit of account and a per unit value whose value is the result of the accumulated values of underlying investments. As the sponsor of the trusts, the Trustee specifies to the fund accountants the source(s) to use for underlying investment asset prices. The fund accountant values the fund using the protocol the Trustee has issued. The underlying investments are valued as follows:

Equity securities (stock): Securities are priced at the closing price reported on the active market on which individual securities are traded.

Bonds: Securities are priced by industry standard vendors, such as Interactive Data Corporation, using inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. The pricing vendor also monitors market indices and industry and economic events, including credit rating agency actions. Prices are reviewed to ensure comfort and can be challenged with the vendor and/or overridden if the advisor believes that a different price would be more reflective of fair value.

Registered Investment Companies - Valued at the net asset value (NAV) of shares held at year end.

Master Trust - Valued at the closing price reported on the active market on which individual securities are traded.

Prudential IncomeFlex Select and Prudential IncomeFlex Target - Plan assets are represented by a unit of account and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan investments may be redeemed by the participant or by the Plan. Participants redeem investments when they elect to receive a withdrawal, make a transfer to another investment, or take a loan. 6. Related Party Transactions

The Company (or an affiliate of the Company) acts as the investment manager for each of the investment options currently offered by the Plan, except for the Alliance Bernstein Core Opportunities Fund, the Delaware Small Cap Core Equity Fund, the Wells Capital International Bond Fund, the Wellington Trust Co. International Opportunities Fund, the Vanguard Intermediate Government Bond Index Fund, the Vanguard Small Cap Index Fund and the Vanguard Emerging Market Stock Index Fund.

Table of Contents**The Prudential Employee Savings Plan****Notes to Financial Statements****December 31, 2015 and 2014****6. Related Party Transactions (Continued)**

The Plan has an ERISA Budget Account (described below). On a quarterly basis, certain revenue sharing payments (e.g., 12b-1 fees, etc.) received by an affiliate of the Company from certain of the Plan's investment options are deposited into a dedicated account in the Plan, known as the ERISA Budget Account. Revenue sharing payments are reported as Other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in the ERISA Budget Account are used to pay on-going administrative expenses of the Plan in accordance with ERISA and guidance issued by the U.S. Department of Labor (DOL Guidance).

Most of the administrative expenses shown in the Statement of Changes in Net Assets Available for Benefits were direct expenses (as defined in the DOL Guidance) that the Plan and the Company paid to the Company's affiliate for recordkeeping services.

The Company also paid certain expenses of the Plan. Some of these expenses were paid to the Company (or an affiliate of the Company).

The Company paid investment management fees for the Small Company Stock Account, VCA-6 in the amount of \$1,670,069 for the year ended December 31, 2015.

The Company paid administrative fees for trustee services in the amount of \$5,000 for the year ended December 31, 2015.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan

termination, participants would become 100% vested in their Company matching contributions account.

9. Employee Stock Ownership Plan (ESOP)

The Employee Stock Ownership Plan (ESOP) portion of the Plan was established in accordance with sections 401(a), 4975(e)(7) of the IRC and section 407(d)(6) of ERISA. The ESOP invests primarily in qualifying employer securities in accordance with IRC section 4975(e)(8). An ESOP account is established for each participant in the Plan, and is invested in the PFI Common Stock Fund. To fund the ESOP, the recordkeeper, annually, transfers (sweeps) to the ESOP portion all of the participant s fully vested amounts in the non-ESOP portion of the PFI Common Stock Fund. Participants may redirect the amounts credited to the ESOP account into any other investment option subject to certain limitations including, but not limited to, the provisions of the Company s personal securities trading policy. Funds that are swept into the ESOP portion are treated the same as funds in the non-ESOP portion for purposes of distributions, reallocations, and transfers. Cash dividends are paid to the ESOP, and thereafter, either distributed to participants or reinvested into participants ESOP accounts. All participants have a choice of either reinvesting the cash dividends into the ESOP account or receiving cash on a yearly basis. Participants cannot contribute directly to the ESOP.

9. Employee Stock Ownership Plan (ESOP) (Continued)

The trustee of the Plan purchases shares of PFI common stock on behalf of the PFI Common Stock Fund at fair value or by private purchase (including from an affiliate). Voting rights in shares of PFI common stock held by the Plan shall be exercised by the trustee in a timely manner and by the direction of the participants. Dividends and other income credited to the PFI Common Stock Fund are allocated to all participants with units in the PFI Common Stock Fund when such amounts are received by the Plan.

10. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 25, 2013, that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the receipt of the letter, the Plan administrator and the Company's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and no provision for income tax is necessary. In 2016, the Plan was amended and restated effective as of January 1, 2016, to incorporate previously adopted amendments, reflect plan design changes and comply with applicable law. (See Note 13)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. Interest in Master Trust

A portion of the Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other defined contribution plans sponsored by affiliated companies. The assets of the Master Trust are held by Prudential Trust Company (the Trustee). As of December 31, 2015 and 2014, the Plan's interest in the net assets of the Master Trust was 100%.

13. Subsequent Events

The Plan Administrator has evaluated events subsequent to December 31, 2015 and through June 15, 2016, the date the financial statements were available to be issued, and determined there have not been any events that occurred, other than those listed below. The events do not require adjustments to these financial statements.

Effective June 30, 2016, the Vanguard Short-Term Investment-Grade Fund, Admiral Shares (VFSUX), which is a mutual fund (Vanguard Short-Term Fund), will be added to the Plan's investment line-up. The Vanguard Short-Term Fund will have an expense ratio of 0.10% (10 basis points) and will invest in a variety of fixed income securities, much of which will be short-term and intermediate-term investment grade securities.

13. Subsequent Events (Continued)

The Plan was amended and restated effective as of January 1, 2016, to incorporate previously adopted amendments, reflect plan design changes and comply with applicable law. On January 29, 2016, the Company submitted the Plan to the IRS for a written determination on its continued tax-qualified status. The Plan administrator and the Company's tax counsel believe that the Plan, as amended and restated effective as of January 1, 2016, is designed and is currently being operated in compliance with the applicable requirements of the IRC, and no provision for income tax is necessary.

Effective January 1, 2016, in connection with corporate consolidation activities, the MullinTBG Savings and Investment Plan was merged into The Prudential Employee Savings Plan in accordance with applicable IRC and other regulatory requirements. The January 1, 2016 amended and restatement of the Plan reflects the terms and conditions of the foregoing plan merger.
