This Form 6-K consists of:

An announcement on the commenced commercial operation of Unit 5 of Shangan Power Plant of Huaneng Power International, Inc. (the "Registrant"), made by the Registrant on August 13, 2008.

(a Sino-foreign joint stock limited company incorporated in the People's Republic of China)
(Stock Code: 902)

Overseas Regulatory announcement
Unit 5 of Shangan Power Plant Commenced Commercial Operation

This announcement is made pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Huaneng Power International, Inc. (the "Company") announces that a 600MW supercritical air-cooling desulphurization coal-fired generating unit (Unit 5) of the Phase III Project at Huaneng Shangan Power Plant, which is wholly owned by the Company, has obtained approvals from the relevant authorities recently and commenced commercial operation on 1 July 2008. To date, the Company's total generation capacity on an equity basis has increased from 36,393MW to 36,993MW.

Unit 5 of Shangan Power Plant is the first 600MW supercritical air-cooling unit which commenced operation in the PRC. The project represents the integration of high-efficiency and low-consumption supercritical power generating technology with water-saving direct air-cooling technology for the first time in the PRC. The environmental protection benefits in terms of energy saving and water saving are significant.
