**Proxy Statement**

DCT Industrial Trust Inc.

555 17<sup>th</sup> Street, Suite 3700

Denver, Colorado 80202

This proxy statement is furnished in connection with the solicitation of proxies by DCT Industrial Trust Inc. on behalf of the board of directors for the 2017 Annual Meeting of Stockholders. Distribution of this proxy statement and a proxy card to stockholders is scheduled to begin on or about March 21, 2017, which is also the date by which these materials will be posted. DCT Industrial Trust Inc. is referred to as DCT Industrial Trust, the Company, our, us or we in this proxy statement.

You can ensure that your shares are voted at the meeting by authorizing your proxy by phone, via the Internet, or by completing, signing, dating and returning a paper copy of a proxy or voting registration form. You may still attend the meeting and vote despite authorizing your proxy by any of these methods. A stockholder who gives a proxy may revoke it at any time before it is exercised by voting in person at the annual meeting, by delivering a subsequent proxy, by notifying the inspector of election in writing of such revocation or, if previous instructions were given by phone or via the Internet, by providing new instructions by the same means.

**Summary of Proposals Submitted for Vote**

**Proposal 1: Election of Directors**

**Nominees:** At the annual meeting you will be asked to elect eight directors to the board. Each director will be elected to a one-year term and will hold office until the 2018 annual meeting and until a successor has been duly elected and qualified or until such director's earlier resignation or removal.

**Vote Required:** You may vote for, against, or abstain for each of the director nominees. Assuming a quorum is present, each director receiving votes cast for his or her election that exceed the votes cast against his or her election in person or by proxy at the meeting will be elected. Abstentions and broker non-votes, if any, will have no effect on the outcome of the election of directors.

**Our board of directors unanimously recommends that you vote FOR each of its director nominees.**

**Proposal 2: Non-Binding, Advisory Vote on Named Executive Officer Compensation**

**Compensation of Named Executive Officers:** At the annual meeting you will be asked to approve a non-binding, advisory resolution approving the compensation of our named executive officers as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K.

**Vote Required:** You may vote for, vote against, or abstain from voting on the non-binding, advisory resolution approving the compensation of our named executive officers. Assuming a quorum is present, the affirmative vote of a majority of the votes cast on this proposal will be required to approve the non-binding, advisory resolution approving the compensation of our named executive officers. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

**Our board of directors unanimously recommends that you vote FOR the approval of the compensation of our named executive officers.**

**Proposal 3: Non-Binding, Advisory Vote on the Frequency of Stockholder Advisory Votes on the Compensation of Our Named Executive Officers**

**Frequency of Named Executive Officer Compensation Votes:** At the annual meeting you will be asked to approve a non-binding, advisory recommendation regarding the frequency of holding an advisory vote on the compensation of named executive officers.

## **Table of Contents**

**Vote Required:** You may vote 1 Year , 2 Years , 3 Years , or abstain on the non-binding, advisory recommendation regarding the frequency of holding an advisory vote on the compensation of named executive officers. Assuming a quorum is present, the vote of a majority of the votes cast on this proposal will be required to approve the frequency of holding an advisory vote on the compensation of named executive officers on a non-binding, advisory basis. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by the stockholders. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

**Our board of directors unanimously recommends that you vote 1 YEAR on the proposal to recommend, by non-binding vote, the frequency of holding an advisory vote on the compensation of named executive officers.**

### **Proposal 4: Approving an Amendment to our Company s Bylaws to Allow our Company s Stockholders to Amend our Company s Bylaws by a Majority Vote of the Outstanding Shares Entitled to be Cast on the Matter**

**Amendment of the Bylaws of the Corporation:** At the annual meeting you will be asked to approve an amendment to our bylaws to allow our bylaws to be amended by the affirmative vote of a majority of all votes entitled to be cast by the stockholders of the issued and outstanding shares of common stock of our Company at a meeting of stockholders duly called and at which a quorum is present.

**Vote Required:** You may vote for, vote against, or abstain from voting on approving this amendment to our bylaws that would, if approved, allow our Company s bylaws to be amended by the affirmative vote of a majority of all votes entitled to be cast by the stockholders of the issued and outstanding shares of common stock of the Company at a meeting of stockholders duly called and at which a quorum is present. Assuming a quorum is present, the affirmative vote of a majority of the votes cast on this proposal will be required to approve the amendment. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

**Our board of directors unanimously recommends that you vote FOR the approval of the Bylaw Amendment.**

### **Proposal 5: Ratification of the Appointment of Independent Registered Public Accounting Firm**

**Independent Registered Public Accounting Firm:** At the annual meeting you will be asked to ratify the audit committee s appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017.

**Vote Required:** You may vote for, vote against, or abstain from voting on ratifying the appointment of the independent registered public accounting firm. Assuming a quorum is present, the affirmative vote of a majority of the votes cast on this proposal will be required to ratify the audit committee s appointment of the independent registered public accounting firm. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

**Our board of directors unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017.**

The foregoing are only summaries of the proposals. You  
should review the full discussion of each proposal in this  
proxy statement before casting your vote.

**Proposal 1: Election of Directors**

At the 2017 annual meeting, eight directors are to be elected to each hold office until the 2018 annual meeting and until a successor has been duly elected and qualified or until such director's earlier resignation or removal. Our bylaws provide for majority voting in uncontested director elections. Pursuant to our bylaws, in an uncontested election a director is elected if the votes cast for his or her election exceed the votes cast against his or her election. Under our corporate governance guidelines, any director who fails to be elected by a majority vote in an uncontested election is required to promptly tender his or her resignation to our board of directors for its consideration. The board of directors will act on any such tendered resignation within 90 days following certification of the stockholder vote and will promptly and publicly disclose its decision. The eight nominees for election at the 2017 annual meeting, all proposed by our board of directors, are listed below with brief biographies. Each of these nominees is a current director of DCT Industrial Trust. We do not know of any reason why any nominee would be unable to serve as a director. If a nominee is unable to serve, however, proxies will be voted for the election of such other person as the board of directors may recommend. The following is a biographical summary of the experience of our director nominees, which includes, for each person, the specific experience, qualifications, attributes and skills that led to the conclusion by our board of directors that such person should serve as a director of our Company.

**Our board of directors unanimously recommends that you vote FOR each of its director nominees.**

**Philip L. Hawkins.** Director since 2006

Mr. Hawkins, age 61, has been our Chief Executive Officer since October 2006 and our President since January 2016. Mr. Hawkins was the President, Chief Operating Officer and a director of CarrAmerica Realty Corporation, where he had been employed from 1996 until July 2006. CarrAmerica was a public REIT focused on the acquisition, development, ownership and operation of office properties in select markets across the United States and was acquired by a fund managed by The Blackstone Group in July 2006. Prior to joining CarrAmerica, Mr. Hawkins spent approximately 13 years with LaSalle Partners (now Jones Lang LaSalle), a real estate services company where he was a director and held various positions involving real estate investment, development, leasing and management. Mr. Hawkins serves as a director and a compensation committee member of Corporate Office Properties Trust, a publicly traded office REIT that focuses primarily on serving the specialized requirements of U.S. government agencies and defense contractors. He is a member of the National Association of Real Estate Investment Trusts (NAREIT) as well as serving on its Board of Governors and is a trustee of Hamilton College. He holds an M.B.A. from the University of Chicago Graduate School of Business and a Bachelor of Arts degree from Hamilton College.

**Corporate Governance**

DCT Industrial Trust remains committed to maintaining leading corporate governance practices. We seek to achieve this objective through, among other things, our governance policies and compliance with the Sarbanes-Oxley Act of 2002 and the rules of the New York Stock Exchange, or NYSE. Our board of directors has formalized several policies, procedures and standards of corporate governance reflected in our governance guidelines. These governance guidelines, some of which we touch on below, can be viewed together with any future changes on the DCT Industrial Trust website at [www.dctindustrial.com](http://www.dctindustrial.com) under corporate information-governance documents on the investors webpage.

**Director Independence.** We require that a majority of our board of directors be independent under listing standards adopted by the NYSE. To determine whether a director is independent, the board of directors must affirmatively determine that there is no direct or indirect material relationship between our Company and the director. The board of directors has determined that Ms. Alexander and Messrs. August, Gates, Greer, Hardin, Hartmann and O'Keefe are independent. The board of directors reached its decision after reviewing director questionnaires, considering transactions and relationships between each director or any member of his or her immediate family and our Company and considering other relevant facts and circumstances. The board of directors has also determined that all members of the audit, compensation and nominating and corporate governance committees are independent in accordance with NYSE and applicable Securities and Exchange Commission, or SEC, rules and that all members of the audit committee are financially literate.

In connection with the determination by our board of directors that Mr. Hardin was independent, the board of directors considered our payment of real estate brokerage fees to CBRE Group, Inc. and its subsidiaries ( "CBRE" ). Mr. Hardin serves as Senior Vice President of Global Workplace Solutions of CBRE in its St. Louis office. The board of directors' conclusion that Mr. Hardin was independent, notwithstanding these payments to CBRE, was based on the following information, which in view of our board of directors demonstrates the *de minimis* nature of the relationship between our Company and CBRE as it relates to Mr. Hardin's independence: (1) Mr. Hardin received no benefit, directly or indirectly, with regard to these payments; (2) Mr. Hardin did not have any direct or indirect decision making authority or any other role, in any capacity, relating to the transactions giving rise to the payments from our Company to CBRE; (3) Mr. Hardin is not an executive officer or member of senior management of CBRE; (4) our Company paid CBRE approximately \$4.9 million in 2016, which amounted to less than 0.04% of CBRE's total revenues for 2016; and (5) a significant portion of this total amount was paid for transactions in which CBRE represented a tenant and not our Company.

**Leadership Structure.** Although our Corporate Governance Guidelines allow for one individual to serve as both Chairman of the Board and Chief Executive Officer, those roles are currently filled by Mr. August and Mr. Hawkins, respectively. We do not believe the roles must be separated to best serve our Company and our stockholders but the current leadership structure has allowed us to leverage the extensive knowledge of our industry possessed by Mr. August and Mr. Hawkins. As the Chairman of the Board, Mr. August is an independent director and also serves as our lead independent director. We believe that the roles of the Chairman of the Board and lead independent director can efficiently and effectively be filled by one independent director.

The responsibilities of our lead independent director include, but are not limited to, the following:

meeting at least once every quarter with the Chairman of the Board (if the Chairman of the Board is a management director) and the Chief Executive Officer;

presiding at all meetings of the board of directors at which the Chairman of the Board, if different from the lead independent director, is not present, including executive sessions of the independent directors;

serving as liaison between the Chairman of the Board, if different from the lead independent director, and the independent directors;

reviewing all information sent to the board of directors;

---

**Table of Contents**

reviewing all meeting agendas for the board of directors; and

overseeing meeting schedules to assure that there is sufficient time for discussion of all agenda items.

Our lead independent director also has the authority to call meetings of the independent directors. If the Chairman of the Board is an independent director, he or she will serve as the lead independent director. Otherwise, the lead independent director is to be selected by the independent directors at the meeting of the board of directors scheduled on the day of each annual meeting of our stockholders (or, if no such meeting is held, on the first subsequent regularly scheduled meeting of the board of directors).

The board of directors determined that its current leadership structure was appropriate because it (i) allowed us to most effectively obtain the benefits of the extensive knowledge of our industry and strategic vision of both of Mr. August and Mr. Hawkins, (ii) allowed for the efficient and effective handling of the responsibilities of the board of directors with key leading roles played by both Mr. August and Mr. Hawkins, and (iii) helped ensure strong independent oversight by the board of directors.

***Communicating with Directors.*** Any interested party who desires to communicate with any of our directors individually, with the board of directors as a group, or with a particular group of the board of directors, may do so by writing to them c/o Secretary, DCT Industrial Trust Inc., 555 17th Street, Suite 3700, Denver, Colorado 80202. Communications should clearly indicate for whom they are intended and our Secretary will deliver them to the appropriate persons accordingly.

***Stockholder Recommended Nominees for Director.*** The nominating and corporate governance committee considers stockholder recommended nominees for directors and screens all potential candidates in the same manner regardless of the source of the recommendation. Recommended nominees should be submitted to the committee following the same requirements as stockholder proposals generally and, like all proposals, must satisfy and will be subject to our bylaws and applicable rules and regulations. Submittals should also contain the name, age and address of the candidate, a description of the qualifications and background of the candidate, a consent of the candidate to be named in the proxy statement relating to our annual meeting of stockholders and to serve as director if elected at such meeting, a description of all arrangements or understanding between the stockholder and the candidate, information regarding the candidate's stock ownership, and evidence of the nominating person's stock ownership. The committee will consider stockholder recommendations for board candidates, which should be sent to: Secretary, DCT Industrial Trust Inc., 555 17th Street, Suite 3700, Denver, Colorado 80202. For more information on procedures for submitting nominees, refer to stockholder nominations under Additional Information on page 53. The committee reviews its recommendations with the board of directors, which in turn selects the final nominees. The committee may look at a variety of factors in identifying potential candidates and may request interviews or additional information as it deems necessary. There are no minimum qualifications that the committee believes must be met by a nominee, other than those reflected in our corporate governance guidelines, which provide that each director must (1) have an unblemished reputation for integrity and values, (2) possess the highest personal and professional ethics, (3) remain committed to representing the long term interests of the stockholders, (4) have a reputation for exercising good business judgment and practical wisdom and (5) have education and experience that provides sound knowledge of business, financial, governmental or legal matters that are relevant to our business and our status as a publicly owned company. Neither the committee nor the board of directors has a policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating proposed director candidates, and one of the enumerated factors under the committee's charter that the committee may consider when identifying potential nominees is the interplay of the candidate's experience with the experience of the other board members. In the course of identifying and evaluating candidates, the committee may sometimes retain third-party search firms to identify candidates for the board of directors who are then screened following the same procedures as all other candidates. In addition to stockholder nominees, the committee will consider candidates recommended by directors, officers, third-party search firms, employees and others. Mr. Hartmann was initially recommended to us by a third-party search firm.

**Proxy Access Bylaw Provisions.** On May 4, 2016, we amended our bylaws to adopt a proxy access provision to permit a stockholder, or group of no more than 20 stockholders, meeting specified eligibility requirements, to include director nominees in our proxy materials for annual meetings of stockholders. In order to be eligible to utilize these proxy access provisions, a stockholder, or group of stockholders, must, among other requirements:

have owned shares of common stock equal to at least 3% of the aggregate of the issued and outstanding shares of common stock continuously for at least the prior three years;

represent that such shares were acquired in the ordinary course of business and not with the intent to change or influence control and that such stockholder or group does not presently have such intent; and

provide a notice requesting the inclusion of director nominees in our proxy materials and provide other required information to us not earlier than 150 days nor later than 120 days prior to the first anniversary of the date of mailing of the notice for the prior year's annual meeting of stockholders (with adjustments if the date for the upcoming annual meeting of stockholders is advanced or delayed by more than 30 days from the anniversary date of the prior year's annual meeting).

Additionally, all director nominees submitted through these provisions must be independent and meet specified additional criteria, and stockholders will not be entitled to utilize this proxy access right at an annual meeting if we receive notice through our advanced notice by-law provisions that a stockholder intends to nominate a director at such meeting. The maximum number of director nominees that may be submitted pursuant to these provisions may not exceed 20% of the number of directors then in office.

The foregoing proxy access right is subject to additional eligibility, procedural and disclosure requirements set forth in our bylaws.

**Risk Oversight.** The board of directors plays an important role in the risk oversight of DCT Industrial Trust, primarily through direct decision-making authority with respect to significant matters and the oversight of management by the board of directors and its committees.

In particular, the board of directors administers its risk oversight function through (1) the review and discussion of regular periodic reports to the board of directors and its committees on topics relating to the risks that we face, including, among others, market conditions, tenant concentrations and credit worthiness, leasing activity and expirations, the status of current and anticipated development projects, compliance with debt covenants, management of debt maturities, access to debt and equity capital markets, existing and potential legal claims against us and various other matters relating to our business, (2) the required approval by the board of directors (or a committee thereof) of significant transactions and other decisions, including, among others, significant acquisitions and dispositions of properties, development projects, certain new borrowings and the appointment and retention of our senior executives, (3) the direct oversight of specific areas of our business by the compensation, audit and nominating and corporate governance committees, and (4) regular periodic reports from our auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to our qualification as a REIT for tax purposes and our internal controls and financial reporting. The board of directors also relies on management to bring significant matters affecting our Company to its attention.

Pursuant to its charter, the audit committee is specifically responsible for discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies. As part of this process, the audit committee oversees the planning and conduct of regular risk assessment protocols that are designed to identify and analyze risks to achieving our business objectives. The results of the risk assessment are discussed with management, used to develop our annual internal audit plan, and are reviewed quarterly by the committee. In addition, our Whistleblowing and Whistleblower Protection Policy enables anonymous and confidential submission by

employees of complaints or concerns regarding a violation of applicable laws, regulations, or business ethical standards or a questionable accounting, accounting control or auditing matter. These complaints or concerns may be submitted directly to members of the audit committee.

Given its role in the risk oversight of DCT Industrial Trust, the board of directors believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. Although there are different leadership structures that could allow the board of directors to effectively oversee the management of such risks, and while the board of directors believes its current leadership structure enables it to effectively manage such risks, it was not the primary reason the board of directors selected its current leadership structure over other potential alternatives. See the discussion under the heading **Leadership Structure** above for a discussion of why the board of directors has determined that its current leadership structure is appropriate.

***Code of Business Conduct and Ethics.*** We have adopted a code of business conduct and ethics which can be viewed on the DCT Industrial Trust website at [www.dctindustrial.com](http://www.dctindustrial.com) under corporate governance on the investor relations webpage. The code outlines in detail the key principles of ethical conduct expected of DCT Industrial Trust employees, officers and directors, including, among others, matters related to transactions involving Company securities, conflicts of interest, use of Company assets, fair dealing and Company accounting. In addition, our Whistleblowing and Whistleblower Protection Policy enables anonymous and confidential submission by employees of complaints or concerns regarding a violation of applicable laws, regulations, or business ethical standards or a questionable accounting, accounting control or auditing matter. Our Whistleblowing and Whistleblower Protection Policy can be viewed on the DCT Industrial Trust website at [www.dctindustrial.com](http://www.dctindustrial.com) under corporate information-governance documents on the investors webpage.

***Corporate Governance Guidelines.*** We have adopted corporate governance guidelines which can be viewed on the DCT Industrial Trust website at [www.dctindustrial.com](http://www.dctindustrial.com) under corporate information-governance documents on the investors webpage.

### **Board of Directors and Committees**

Our board of directors currently consists of nine directors, eight of whom are independent under the requirements of the NYSE listing rules. Mr. Warwick has informed us that he will not stand for reelection at the 2017 annual meeting. Following the annual meeting, the number of directors constituting our board of directors will be reduced from nine members to eight members. The board of directors held five meetings during 2016 and all directors attended 75% or more of the board of directors meetings and meetings of the committees on which they served during the periods they served. All members of our board are expected to attend our annual meetings of stockholders in person, unless doing so is impracticable because of unavoidable conflicts. All of our then current directors attended the 2016 annual meeting in person.

The four standing committees of the board of directors are an audit committee, an investment committee, a compensation committee and a nominating and corporate governance committee. The audit, compensation and nominating and corporate governance committee responsibilities are stated more fully in their respective charters which have been adopted by the board of directors. The charters can be viewed, together with any future changes, on the DCT Industrial Trust website at [www.dctindustrial.com](http://www.dctindustrial.com) under corporate information-committee charting on the investors webpage.

***Audit Committee.*** The current members of the audit committee are Ms. Alexander, who chairs the committee, and Messrs. August, O'Keefe and Warwick, each of whom is independent under the rules of the NYSE and the SEC. The board of directors has determined that Mr. August and Ms. Alexander are qualified as audit committee financial experts within the meaning of the SEC regulations. There were five meetings of the committee in 2016 and its report appears on page 47. The primary responsibilities of this committee are to assist the board of directors in overseeing: (1) our accounting and financial reporting processes; (2) the integrity and audits of our consolidated financial statements, (3) our compliance with legal and regulatory requirements; (4) the qualifications and independence of our independent registered public accounting firm; and (5) the performance of our independent registered public accounting firm and any internal auditors. The committee is also responsible for engaging the independent registered public accounting firm, approving professional services provided by the independent registered public accounting firm, considering and approving the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. As noted above, Mr. Warwick will not stand for reelection at the 2017 annual meeting and will thereafter no longer serve on the Audit Committee.

***Investment Committee.*** The current members of the investment committee are Messrs. Hardin, who chairs the committee, Gates, Greer and Hartmann. This committee is responsible for approving certain material acquisitions, dispositions and other investment decisions of our Company. There were seven meetings of the committee in 2016.

***Compensation Committee.*** The current members of the compensation committee are Messrs. August, who chairs the committee, Greer, Hartmann and Warwick, each of whom is independent under the rules of the NYSE. The primary responsibilities of this committee are to: (1) evaluate the performance and determine the compensation of our chief executive officer; (2) review and determine the compensation payable to our executive officers; (3) make recommendations to the board of directors regarding the compensation payable to members of the board of directors; (4) review our incentive compensation and other stock-based plans and administer our stock based plans and our incentive compensation plan; and (5) review and discuss with management the Compensation Discussion and Analysis to be included in the proxy statement for our annual meetings. There were four meetings of the committee in 2016 and its report appears on page 45. As noted above, Mr. Warwick will not stand for reelection at the 2017 annual meeting and will thereafter no longer serve on the Compensation Committee.

***Nominating and Corporate Governance Committee.*** The current members of the nominating and corporate governance committee are Messrs. Gates, who chairs the committee, Hardin, O'Keefe and Ms. Alexander, each

of whom is independent under the rules of the NYSE. The primary responsibilities of this committee are to: (1) review and make recommendations to the board of directors on board organization matters; (2) assist the board of directors with evaluating the effectiveness of the board of directors and its committees; (3) review and make recommendations for committee appointments to the board of directors; (4) identify individuals qualified to become board members and propose to the board of directors a slate of nominees for election at the annual meeting of stockholders; (5) assess and make recommendations to the board of directors on corporate governance matters; and (6) develop and recommend to the board of directors a set of corporate governance principles. There were 16 meetings of the committee in 2016. The increase in committee meetings during 2016 was largely due to meetings held in connection with the recruitment and appointment of a new director.

**Table of Contents****Executive Officers**

(1) Number of shares beneficially owned includes shares of common stock that may be acquired by (i) exercising stock options within 60 days of January 31, 2017 or (ii) converting phantom shares vested or vesting within 60 days of January 31, 2017 to actual shares, but does not include shares of common stock that may be acquired by redeeming OP units in our operating partnership. Number of shares and units beneficially owned includes all shares included in the column titled Number of shares beneficially owned plus shares of common stock that may be acquired by converting all unvested phantom shares and redeeming OP units in our operating partnership assuming that (i) all outstanding OP units are immediately redeemable/exchangeable, (ii) all outstanding LTIP units have vested in full and have been converted into an equal number of OP units and (iii) all OP units have been exchanged for shares of common stock. For purposes of this table, fractional shares of common stock, OP units and LTIP units have been rounded to the nearest whole number. Pursuant to the limited partnership agreement of our operating partnership, after receiving a redemption notice from a unit holder, our operating partnership must redeem units for cash or,

### **Transactions with Related Persons**

*For purposes of this section titled Transactions with Related Persons, the terms we and our refer to DCT Industrial Trust Inc. together with its consolidated subsidiaries.*

#### **Transactions with Jeffrey F. Phelan**

In May 2010, we entered into the 8<sup>th</sup> and Vineyard joint venture with Iowa Investments, LLC, an entity indirectly owned by our former President and his wife, to purchase 19.3 acres of land held for development in Southern California. Pursuant to the joint venture agreement, we will first receive a return of all capital along with a preferred return. Thereafter, Iowa Investments, LLC will receive a return of all capital along with a promoted interest. The land parcel acquired by 8<sup>th</sup> and Vineyard was purchased from an entity in which the same executive had a minority ownership. The total acquisition price of \$4.7 million was determined to be at fair value.

#### **Transactions with Related Person Approval Policy**

Our corporate governance guidelines set forth in writing our transactions with related person approval policy. According to this policy, each related person transaction must be reviewed and approved in advance by the audit committee or, for contributions, acquisitions, and dispositions of real property, the investment committee; provided that if we enter into a transaction without recognizing that it constitutes a related person transaction, this approval requirement can be satisfied if the transaction is subsequently ratified by the audit committee or investment committee, as applicable. Our transactions with related person approval policy under our corporate governance guidelines covers all transactions with related parties required to be disclosed in the proxy statement under SEC rules and all other related person transactions in which the amount involved exceeds \$60,000.

Our code of business conduct and ethics sets forth in writing the standards, policies and procedures that our Company follows in situations where there is a possibility of a conflict of interest. Each employee, officer or director is expected to avoid any situation in which his or her personal interests conflict, or have the appearance of conflicting, with those of our Company. All employees, officers and directors must promptly and fully disclose the occurrence of any situation that may amount to such conflict of interest, including the existence of a personal direct or indirect financial interest in a transaction, to our general counsel. Non-employee directors are expected to make appropriate disclosures to our board and recuse themselves from board decisions with respect to transactions involving our Company to which they are an interested party. A waiver with respect to any transaction involving a director or officer that may violate our code of business conduct and ethics may be made only by the board of directors or by the nominating and corporate governance committee and must be promptly disclosed to our stockholders in accordance with all applicable laws and regulations. Our code of business conduct and ethics may or may not cover all transactions with related parties required to be disclosed in the proxy statement under SEC rules.

### **Executive and Director Compensation**

In November 2014, we completed a 1-for-4 reverse stock split of our common stock and a corresponding 1-for-4 reverse split of the outstanding units of limited partnership interest of our operating partnership. All prior periods presented in this proxy statement have been adjusted to reflect the impact of the reverse stock split and the reverse unit split.

#### **Compensation Discussion and Analysis**

We provide what we believe is a competitive total compensation package to our executive management team through a combination of base salary, annual cash incentive bonuses, long-term equity incentive compensation and broad-based benefits programs. This Compensation Discussion and Analysis explains our compensation objectives, policies and practices with respect to our President and Chief Executive Officer, our Chief Financial Officer and the other three most highly-compensated executive officers as of the end of 2016 as determined in accordance with applicable SEC rules (collectively referred to as our named executive officers or, in this Compensation Discussion and Analysis section, our executives). Our named executive officers are as follows: Philip L. Hawkins, President and Chief Executive Officer; Jeffrey F. Phelan, our former President; Neil P. Doyle, Managing Director, Central Region; Matthew T. Murphy, Chief Financial Officer and Treasurer; Michael J. Ruen, Managing Director, East Region and John G. Spiegleman, Executive Vice President and General Counsel. Mr. Phelan resigned as our President effective January 2, 2016. We refer to Messrs. Hawkins, Doyle, Murphy, Ruen and Spiegleman as our continuing executives.

#### ***Objectives of Our Executive Compensation Programs***

Our compensation programs for our executives are designed to achieve the following objectives:

Attract and retain top contributors to ensure that we have high caliber executives;

Create and maintain a performance-driven organization, by providing upside compensation opportunity for outstanding performance and downside compensation risk in the event of performance below expectations;

Align the interests of our executives and stockholders by motivating executives to increase stockholder value along with the achievement of other key corporate goals and objectives and rewarding executives when stockholder value increases;

Encourage teamwork and cooperation while recognizing individual contributions by linking variable compensation to company and individual performance based on position responsibilities and ability to influence financial and organizational results;

Provide flexibility and allow for discretion in applying our compensation principles in order to appropriately reflect individual circumstances as well as changing business conditions and priorities;

Motivate our executives to manage our business to meet and appropriately balance our short- and long-term objectives, and reward them for meeting these objectives; and

Reinforce our prudent entrepreneurial culture.

#### ***Peer Group Data***

During 2015 and 2016, the compensation committee assessed and affirmed the independence of Frederic W. Cook & Co., Inc., or FW Cook, a nationally recognized consulting firm, and engaged it to be the compensation committee's independent executive compensation consultant and to conduct a competitive review of our executive compensation program. As part of FW Cook's engagement, the compensation committee directed FW Cook to, among other things, compare our executive compensation with competitive market compensation data

for two different peer groups: an asset-based peer group consisting of public REITs with an industrial asset class focus; and a size-based REIT peer group consisting of public REITs similar in size (as defined by equity market capitalization and enterprise value) to our company, but in varying asset classes. The size-based peer group reflects a thorough examination of our equity market capitalization and enterprise value as well as those of public office REITs. In assembling the size-based peer group, we focused on office REITs because they share similar business characteristics as industrial REITs, and provide the most accurate benchmark for current market practices of public REITs that are similar in size to us. For 2015 and 2016, these two peer groups, which were developed by FW Cook in consultation with our management and subsequently approved by the compensation committee, were comprised of the following six asset-based peer companies and the following ten size-based peer companies:

**Asset-Based Peers**

Duke Realty Corporation  
 EastGroup Properties, Inc.  
 First Industrial Realty Trust, Inc.  
 Liberty Property Trust  
 PS Business Parks, Inc.  
 STAG Industrial, Inc.

 Corporate Office Properties Trust  
 Cousins Properties Incorporated  
 Gramercy Property Trust <sup>(2)</sup>  
 Highwoods Properties, Inc.  
 Hudson Pacific Properties <sup>(1)</sup>  
 Lexington Realty Trust  
 Mack-Cali Realty Corporation  
 Parkway Properties, Inc.  
 Piedmont Office Realty Trust, Inc.

- (1) Dupont Fabros Technology, Inc. was replaced in the sized-based peer group with Hudson Pacific Properties during 2016 primarily due to business comparability.
- (2) Chambers Street Properties was included in the sized-based peer group until its merger with Gramercy Property Trust in December 2015. For 2015 and 2016, the peer group data presented included information regarding base salary, actual and target bonus amounts, total annual compensation, long-term equity and cash incentives and total compensation. For each of these categories of information, FW Cook presented information comparing our compensation to the compensation paid by the companies in these peer groups at the 25th, 50th and 75th percentiles for comparable positions.

For purposes of 2016 compensation, the compensation committee used this competitive market compensation data to gain a greater understanding of market practices in connection with establishing base salaries, target annual cash incentive bonus amounts and target values for annual grants of long-term equity incentive compensation, all of which were established in early 2016. The compensation committee did not target a single percentile or range of percentiles to be used consistently for all of our executives, but rather used this information in connection with a number of factors, including, among others, the individual experience and skills of, and expected contributions from, our executives, the difficulty that we would have in replacing each of our executives and current economic conditions.

***Our Executive Compensation Programs***

Our executive compensation primarily consists of base salary, annual cash incentive bonuses, long-term equity incentive compensation and broad-based benefits programs. Additionally, we have an employment agreement with our President and Chief Executive Officer and an executive severance plan, to which Messrs. Doyle, Murphy, Ruen and Spiegelman are subject, that provide for payments and other benefits in connection with a termination of employment in certain circumstances or a change-in-control. Overall, we designed our executive compensation programs to achieve the objectives described above. In particular, consistent with the emphasis we place on maintaining a performance-driven organization and aligning the interests of our executives and

**Table of Contents**

stockholders, long-term equity incentive compensation constitutes a significant portion of our total executive compensation. We also structured our annual cash incentive bonuses and annual grants of long-term equity incentive compensation to be based on our actual performance compared to predetermined performance goals. In determining the mix of the different elements of executive compensation, we considered the mix being offered by comparable companies. We generally structured the mix of base salary, target annual cash incentive bonuses and target long-term equity incentive compensation to approximate the average mix for our peers, except that we placed a greater emphasis on long-term equity incentive compensation. For 2016, we generally kept the mix of the different elements of executive compensation consistent with the mix that we have had in prior years recognizing that each year, depending on actual performance during the year, the amount of cash incentive bonuses paid and long-term equity incentive compensation granted relative to base salary will fluctuate.

Each of the primary elements of our executive compensation is discussed in detail below, including a description of the particular element and how it fits into our overall executive compensation program and a discussion of the amounts of compensation paid to our continuing executives for 2016 under each of these elements. In the descriptions below, we highlight particular compensation objectives that are addressed by specific elements of our executive compensation program; however, it should be noted that we have designed our compensation programs to complement each other and collectively serve all of our executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation, each element, to a greater or lesser extent, serves each of our objectives.

At our 2016 annual meeting, a non-binding, advisory resolution approving the compensation paid to our named executive officers, as disclosed in our proxy statement for the 2016 annual meeting, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, was approved by our stockholders, with over 93% of the votes cast having been voted in favor of the proposal to approve such resolution. The compensation committee has considered the results of this vote and, as a result of the high percentage of votes cast in favor of this proposal, the compensation committee viewed these results as an indication of stockholders' overall satisfaction with the manner in which we compensated our named executive officers in 2015. Accordingly, based in part on the results of this vote, the compensation committee generally has maintained the structure of our executive compensation programs that had been described in our proxy statement for the 2016 annual meeting.

**2016 Total Annual Compensation**

The following table sets forth the amounts of base salary, annual cash incentive bonus and annual long-term equity incentive compensation (based on the value approved) awarded by the compensation committee for each of our continuing executives for 2016.

Name	Base Salary	Annual Bonus	Annual Equity <sup>(1)</sup>	Total
Philip L. Hawkins	\$ 800,000	\$ 1,121,000	\$ 2,200,000	\$ 4,121,000
Neil P. Doyle	310,000	374,000	507,000	1,191,000
Matthew T. Murphy	400,000	490,000	715,000	1,605,000
Michael J. Ruen	290,000	306,000	487,000	1,083,000
John G. Spiegleman	335,000	358,000	449,000	1,142,000

- (1) Annual equity represents the value of the annual long-term equity incentive compensation approved by the compensation committee. All of the annual equity grants were made in the form of restricted stock or LTIP units, at the election of the executive. We valued the annual grants at \$44.29 per share or unit, which was the closing stock price of our common stock on February 1, 2017, the date the awards were approved. Each of these annual equity awards vests over four years with 25% vesting on each of the first four anniversaries of February 1, 2017, subject to continued employment with us through such date.

The foregoing table more accurately reflects the decisions of the compensation committee with respect to our continuing executive officers compensation than the Summary Compensation Table below. This primarily

**Table of Contents**

results from the fact that, in order to link our annual long-term equity incentive compensation to our annual performance, the compensation committee typically grants our annual long-term equity incentive compensation for a particular year in January or February of the following year. Due to the rules governing the presentation of the Summary Compensation Table, we are required to present these grants as compensation for the year in which they were granted (as opposed to the year for which they were granted). As a result, for example, the Stock Awards granted in February 2016 for 2015 performance are required to be reported as 2016 compensation in the Summary Compensation Table.

A detailed discussion of the base salary, annual cash incentive bonus and annual long-term equity incentive compensation paid or awarded to our executives for 2016 is contained below.

***Base Salary***

We pay our executives a base salary, which we review and determine annually, subject, in the case of Mr. Hawkins, to the commitment we have made in his employment agreement. We believe that a competitive base salary is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can motivate and reward executives for their overall performance. Although base salaries are established in part based on the individual experience, skills and expected contributions during the coming year of our executives and our executives' performance during the prior year, we do not view base salaries as primarily serving our objective of paying for performance.

The following table sets forth the annual base salaries for our continuing executives for 2016 and 2015:

Named Executive Officer	2016 Base Salary	2015 Base Salary	Percentage Change
Philip L. Hawkins	\$ 800,000	\$ 750,000	6.7%
Neil P. Doyle	310,000	N/A	N/A
Matthew T. Murphy	400,000	365,000	9.6%
Michael J. Ruen	290,000	280,000	3.6%
John G. Spiegleman	335,000	325,000	3.1%

During 2016, we increased base salaries from 2015 levels for Messrs. Hawkins, Murphy, Ruen and Spiegleman. The increase in base salary for each of Messrs. Hawkins, Murphy, Ruen and Spiegleman was based on a number of factors, including the compensation committee's analysis of competitive market compensation data and its conclusion that the amount of base salary for these executives needed to increase in order to remain competitive.

In setting base salary, we also took into account the commitment that we had made to Mr. Hawkins in his employment agreement. On October 9, 2015, we entered into a new employment agreement with Mr. Hawkins under which Mr. Hawkins' minimum base salary is \$750,000 per year. Also on October 9, 2015, our employment agreements with Messrs. Doyle, Murphy and Ruen were replaced upon the adoption of, and superseded by, our executive severance plan, which Mr. Spiegleman is also subject to.

***Annual Cash Incentive Bonuses***

Our executives are eligible to receive annual cash incentive bonuses each year primarily based upon their performance. Our annual cash incentive bonuses are intended to reward our executives with currently paid compensation based on annual performance.

***2016 Target Bonuses***

Similar to base salary, the employment agreement for Mr. Hawkins provides for a minimum target annual cash incentive bonus of 100% of his salary. The commitment in this employment agreement relates to a minimum target annual cash incentive bonus, and we have discretion to establish the criteria that must be met for the annual cash incentive bonus to be paid and may grant an annual cash incentive bonus in amounts above or below the target level based on our assessment of performance.

**Table of Contents**

In February 2016, we established target annual cash incentive bonuses for each of our executives. Similar to base salary, we increased the levels of target annual cash incentive bonuses for Messrs. Hawkins, Murphy, Ruen and Spiegleman from 2015 levels. For 2016, our decisions regarding the amount of the target annual cash incentive bonuses were based on the compensation committee's analysis of competitive market compensation data and its conclusion that the amount of the target annual cash incentive bonuses for these executives needed to increase in order to remain competitive.

The following table sets forth the target annual cash incentive bonuses for each of our continuing executives for 2016 and 2015:

Named Executive Officer	2016 Target Bonus	2015 Target Bonus	Percentage Change
Philip L. Hawkins	\$ 800,000	\$ 750,000	6.7%
Neil P. Doyle	275,000	N/A	N/A
Matthew T. Murphy	350,000	285,000	22.8%
Michael J. Ruen	230,000	220,000	4.5%
John G. Spiegleman	260,000	250,000	4.0%

*2016 Bonus Objectives*

For 2016, consistent with 2015, a substantial majority of each executive's target annual cash incentive bonus was linked in a formulaic manner to the achievement of specific, objectively measurable goals, with the remainder based on each executive's achievement of subjective goals, subject, in each case, to the compensation committee's ability to exercise negative discretion to award executives annual bonuses that are less than what would have been earned based on the formulaic application of the predetermined objectives.

The table set forth below describes the objectives that we established for each of our continuing executives and the percentage of that executive's annual cash incentive bonus that was linked to the achievement of each objective.

Objectives	Hawkins	Doyle	Murphy	Ruen	Spiegleman
Total net operating income	40%	15%	40%	15%	40%
Regional net operating income		25%		25%	
Development net operating income	20%	20%	20%	20%	20%
Total capital deployment	20%	10%	20%	10%	20%
Regional capital deployment		10%		10%	
Individual/Subjective	20%	20%	20%	20%	20%
<b>Total</b>	100%	100%	100%	100%	100%

We selected these specific objectives because (i) net operating income is one of the most significant financial measures that we report to investors and use to evaluate our ongoing performance, and (ii) the deployment of capital through the completion of acquisitions and commencement of development projects, consistent with our investment criteria, during 2016 was one of our key strategic goals for the year.

**Table of Contents**

For each of these objectives, in February 2016, we established five different levels of performance pursuant to which executives could earn from 0-200% of the target amount of the portion of the annual cash incentive bonus attributable to that objective. The table below sets forth the goals established at each of these performance levels, actual performance for 2016 and the percentage of target earned for each objective.

<b>Objectives</b>	<b>Min. (0%)</b>	<b>Thresh. (50%)</b>	<b>Target (100%)</b>	<b>High (150%)</b>	<b>Max. (200%)</b>	<b>Actual</b>	<b>Earned %<sup>(3)</sup></b>
Total net operating income (% of budget) <sup>(1)</sup>	92%	96%	100%	104%	108%	102.0%	125.3%
Regional net operating income (% of budget) <sup>(1)</sup>							
<i>Central region (Doyle)</i>	92%	96%	100%	104%	108%	102.2%	113.5%
<i>East region (Ruen)</i>	92%	96%	100%	104%	108%	102.7%	116.6%
Development net operating income (% of budget) <sup>(1)</sup>	80%	90%	100%	110%	120%	168.3%	200.0%

Regional capital deployment <sup>(2)</sup>							
<i>Central Region (Doyle)</i>	\$ 10	\$ 45	\$ 80	\$ 120	\$ 160	\$ 67.7	84.6%
<i>East region (Ruen)</i>	\$ 20	\$ 65	\$ 110	\$ 160	\$ 210	\$ 93.2	84.7%

- (1) Represents net operating income, which includes existing operating and development properties and excludes new acquisitions and developments, and is adjusted for dispositions. Regional net operating income for Mr. Doyle and Mr. Ruen relates to net operating income, which includes existing operating and development properties and excludes new acquisitions and developments, and is adjusted for dispositions, for properties in each executive's region. Development net operating income relates to net operating income from development properties.
- (2) Capital deployment (\$ in millions) is based on the unlevered investment in acquisitions closed during 2016 plus total projected capital committed to development and value-add projects started in 2016. Regional capital deployment for Mr. Doyle and Mr. Ruen is based on acquisitions sourced in each executive's region plus total projected capital committed to development and value-add projects started in each executive's region in 2016.
- (3) To the extent performance fell between two of the established levels of performance, the percentage earned was determined based on linear interpolation between the percentages that would have been earned for the established levels of performance.

In addition, in February 2016, the compensation committee established the following objectives for each of our executives for use, together with our overall financial and operational performance, capital deployment and recycling activities and actual funds from operations, which we refer to as FFO, as adjusted, for 2016 as compared to a target of \$2.14 per diluted share that was close to the high end of our initial guidance for 2016 of \$2.07-\$2.17 per diluted share, in determining the individual/subjective component of the annual cash incentive bonuses for our executives to the extent applicable:

<b>Named Executive Officer</b>	<b>Objectives</b>
Philip L. Hawkins	Objectives relating to leverage levels
Neil P. Doyle	Objectives relating to regional leasing, development and value-add projects; and regional leadership, marketing and capital expenditures
Mathew T. Murphy	Objectives relating to leverage levels, capital expenditures, debt financing and expense and budgeting processes
Michael J. Ruen	Objectives relating to regional leasing, development and value-add projects; and regional leadership, marketing and capital expenditures
John G. Spiegleman	Objectives relating to risk management, compliance, legal budget and insurance coverage

With respect to the individual/subjective component of the annual cash incentive bonuses, the compensation committee determined that each of these executives had exceeded target performance. Based on an evaluation of the foregoing objectives, including that our FFO, as adjusted, of \$2.27 per diluted share exceeded our target of

**Table of Contents**

\$2.14 per diluted share, the compensation committee determined that the continuing executives had earned the following percentages of their target amounts with respect to the individual/subjective component of the annual cash incentive bonuses: Mr. Hawkins 137.5%; Mr. Doyle 145.5%; Mr. Murphy 137.1%; Mr. Ruen 126.1% and Mr. Spiegleman 125.0%.

*2016 Bonus Amounts*

The compensation committee determined 2016 annual cash incentive bonuses for each of the continuing executives based on the percentage earned for each objective, the executive's pre-established percentage weighting for each objective and the executive's target amount, all as set forth above. The amounts earned with respect to the objectives relating to net operating income, capital deployment, asset sales and equity raises, which represented 80% of the overall bonus opportunity, were determined in a formulaic manner based on actual performance as compared to the goals established in February 2016. The remainder, relating to the individual/subjective component, was determined based on the compensation committee's evaluation of the performance of each of our continuing executives against the objectives established for that executive, including FFO, as described above. The following are the target and actual annual cash incentive bonuses for each of our continuing executives for 2016 and the percentages of the target annual cash incentive bonuses that were paid:

Named Executive Officer	2016 Target Bonus	2016 Actual Bonus	Percentage Payout
Philip L. Hawkins	\$ 800,000	\$ 1,121,000	140%
Neil P. Doyle	275,000	374,000	136%
Matthew T. Murphy	350,000	490,000	140%
Michael J. Ruen	230,000	306,000	133%
John G. Spiegleman	260,000	358,000	138%

*Long-Term Equity Incentive Compensation*

We grant long-term equity incentive awards to executives as part of our total compensation package. During 2016, the primary component of our long-term equity incentive awards was an annual grant program.

*Annual Grant Program*

Under the annual grant program, our executives are eligible to receive annual grants of long-term equity incentive compensation. Our annual grant program is intended to reward our executives with long-term compensation for annual performance. The primary objectives of this program are to incent our executives to achieve annual performance goals, further align the interests of our executives with our stockholders over the longer term and serve as a retention tool for our executives. We determine our annual grants based on a dollar value, and pay all of the annual grants in the form of restricted stock or LTIP units. Historically, we have used restricted stock or LTIP units for all or the majority of our long-term equity incentive compensation because we believe that these full value awards provide the best alignment with our stockholders by fully reflecting the total return we provide to our stockholders, including dividends or other distributions as well as potential future increases or decreases in our stock price.

Similar to annual cash incentive bonus, the employment agreement that we have entered into with Mr. Hawkins provides for a minimum target value for his annual grant of \$1,900,000 per year. The commitment in this employment agreement relates to a minimum target value; however, we have discretion to establish the criteria that must be met for the annual grant to be awarded and may grant an award with actual value above or below the target level based on our assessment of performance in order to fully motivate and reward Mr. Hawkins.

In February 2016, we established target values for the annual grants for each of our executives. We increased the levels of the target values for the annual grants for 2016 for Messrs. Hawkins, Murphy and Spiegleman from 2015 levels. The increase was based on a number of factors including the compensation committee's most recent

**Table of Contents**

review of competitive market compensation data and the targets established for our other executive officers. Our decisions regarding the amount of the target values were also based on the compensation committee's analysis of competitive market compensation data and its conclusion that, generally, the amount of the target values for annual grants for our continuing executives needed to increase in order to remain competitive.

The following table sets forth the target values of the annual grants for each of our continuing executives for 2016 and 2015:

Named Executive Officer	2016 Target Value	2015 Target Value	Percentage Change
Philip L. Hawkins	\$ 2,000,000	\$ 1,900,000	5.3%
Neil P. Doyle	465,000	N/A	N/A
Matthew T. Murphy	650,000	600,000	8.3%
Michael J. Ruen	450,000	450,000	
John G. Spiegleman	410,000	400,000	2.5%

25.0% of the actual values of the annual equity awards granted to each of our continuing executives was determined using the same overall percentage payouts relative to the targets that were used to determine the annual cash incentive bonuses, except that the amounts that could be earned ranged from 50% to 150% of the target amount for each of our executives. The remaining 75.0% of the actual values of the annual equity awards granted to each of our executives was based on our total stockholder return as compared to the median total stockholder return of a selected peer group, which we refer to as the median TSR. The peer group consisted of Duke Realty Corporation, EastGroup Properties, Inc., First Industrial Realty Trust, Inc., Liberty Property Trust, STAG Industrial, Inc., Rexford Industrial Realty, Inc., Terreno Realty Corporation and the SNL US REIT Industrial Index. The amounts that could be earned ranged from 50% to 150% of the target and reaching the median TSR would result in a payout equal to 100% of target. For 2016, both the median TSR and our total stockholder return were 32%, and as a result the compensation committee awarded a payout equal to 100% of target. In each case, the equity awards were subject to the compensation committee's ability to exercise negative discretion to award our executives equity awards that were less than what would have been earned based on the formulaic application of the predetermined objectives. Accordingly, the following are the target and actual values of the annual equity awards for each of our continuing executives for 2016 and the percentages of the target value that were awarded:

Named Executive Officer	2016 Target Value	2016 Actual Value	Percentage Payout
Philip L. Hawkins	\$ 2,000,000	\$ 2,200,000	110%
Neil P. Doyle	465,000	507,000	109%
Matthew T. Murphy	650,000	715,000	110%
Michael J. Ruen	450,000	487,000	108%
John G. Spiegleman	410,000	449,000	110%

For each of our continuing executives, the annual grant was made in the form of restricted stock or LTIP units, at the election of the executive. For purposes of determining the annual grants, we valued restricted stock and LTIP units based on \$44.29 per share or unit, which was the closing stock price of our common stock on February 1, 2017, the date the awards were approved. Each of these annual equity awards vests over four years with 25% vesting on February 1, 2018 and 25% on each February 1<sup>st</sup> thereafter, subject to continued employment with us through such date.

**Table of Contents**

The following table sets forth the terms of the equity awards actually made to our continuing executives in 2017 with respect to 2016:

<b>Named Executive Officer</b>	<b>LTIP Units (# of Units)</b>
Philip L. Hawkins	49,673
Neil P. Doyle	11,448
Matthew T. Murphy	16,144
Michael J. Ruen	10,996
John G. Spiegelman	10,138

*LTIP Units*

In 2006, we established a program under our Second Amended and Restated 2006 Long-Term Incentive Plan, or the 2006 Plan, for the grant of other equity-based awards, valued by reference to shares of our common stock, consisting of equity interests in our operating partnership which we refer to as long-term incentive units or LTIP units. LTIP units are a separate class of units of limited partnership interest in our operating partnership. LTIP units, which can be granted either as free-standing awards or together with other awards under the 2006 Plan are valued by reference to the value of our common stock, and may be subject to such conditions and restrictions as the compensation committee may determine, including continued employment or service, computation of financial metrics and/or achievement of pre-established performance goals and objectives. If applicable conditions and/or restrictions are not attained, participants will forfeit their LTIP units. Generally, LTIP unit awards, whether vested or unvested, entitle the holder to receive distributions from our operating partnership that are equivalent to the dividends and distributions that would be made with respect to the number of shares of our common stock underlying the LTIP unit award, though receipt of such distributions may be delayed or made contingent on vesting.

LTIP units are structured as profits interests for U.S. federal income tax purposes, and we do not expect the grant, vesting or conversion of LTIP units into common units to produce a tax deduction for us. As profits interests, LTIP units initially will not have full parity, on a per-unit basis, with common units with respect to liquidating distributions. Upon the occurrence of specified events, LTIP units can over time achieve full parity with common units and therefore accrete to an economic value for the participant equivalent to common units. This accretion to parity is driven, in part, by partnership tax rules and is based on the book capital account associated with LTIP units for tax purposes. Generally, the book capital account associated with LTIP units when they are initially issued is zero, while the book capital account associated with common units is equal on a per unit basis to the price per share of our common stock. Economic parity is reached when the book capital account of the LTIP units has grown, through special allocations of unrealized or realized gain, to be equal to that of an equal number of common units. Events that allow such special allocations under the partnership applicable federal tax regulations include: (1) our issuance of common stock, (2) the issuance by our operating partnership of common or other partnership units, (3) our repurchases of significant amounts of common stock for cash, and (4) the redemption by our operating partnership of common units for cash, in each case so long as the price of our common stock at the time is higher than the price on the date on which the LTIP units were initially issued. If such parity is achieved, LTIP units may be converted, subject to the satisfaction of applicable vesting conditions, on a one-for-one basis into common units, which in turn are redeemable by the holder for cash or, at our election, shares of our common stock on a one-for-one basis. However, there are circumstances under which LTIP units will not achieve parity with common units, and until such parity is reached, the value that a participant in the program could realize for a given number of LTIP units will be less than the value of an equal number of shares of our common stock and may be zero. Ordinarily, we anticipate that each LTIP unit awarded will be equivalent to an award of one share of common stock reserved under our 2006 Plan, thereby reducing the number of shares of common stock available for subsequent awards of stock options, shares of restricted stock, phantom shares, dividend equivalent rights and other equity-based awards on a one-for-one basis. However, the compensation committee has the authority to determine the number of shares of common stock underlying an award of LTIP

## **Table of Contents**

units in light of all applicable circumstances, including performance-based vesting conditions, operating partnership capital account allocations, to the extent set forth in the limited partnership agreement for our operating partnership, the Internal Revenue Code or applicable regulations, value accretion factors or conversion ratios.

LTIP units are designed to offer executives the same long-term incentive as shares of restricted stock, while allowing them to enjoy the more favorable U.S. federal income tax treatment available for profits interests. More specifically, one key disadvantage of restricted stock is that executives are generally taxed on the full market value of a grant at the time of vesting, even if they choose to hold the stock. As a result, executives often need to sell a portion of their vested shares upon vesting to pay taxes on their restricted stock awards from prior years, which may limit an executive's ability to increase his or her equity ownership over the long term. Conversely, an executive would generally be taxed only when he or she chooses to liquidate his or her LTIP units. Therefore, an executive who wishes to hold his or her equity awards for the long term can do so in a more tax-efficient manner with LTIP units. In light of the trade-offs between increased tax efficiency and incremental economic risk involved in LTIP units as compared to restricted stock, it is generally our policy to allow eligible executives a choice between restricted stock and LTIP units on a one-for-one basis for their equity-based incentive compensation awards. We believe that the use of LTIP units (1) enhances our equity-based compensation package overall, (2) advances the goal of promoting long-term equity ownership by executives, (3) has no adverse impact on dilution as compared to restricted stock, and (4) further aligns the interests of our executives with the interests of our stockholders. We also believe that these benefits outweigh the loss of the U.S. federal income tax business-expense deduction from the issuance of LTIP units, as compared to restricted stock.

### *Stock Ownership Guidelines*

In order to complement our long-term equity incentive compensation program and further align the interests of our executives with those of our stockholders, our board of directors adopted stock ownership guidelines that apply to our executives. See Executive and Director Compensation Director and Officer Stock Ownership Guidelines below for a summary of these guidelines.

### *Equity Award Grant Policy*

Since 2007, we have maintained an equity award grant policy in order to formalize our approach regarding the timing and pricing of equity awards made to the executives and all other employees. Under our current equity award grant policy, generally, equity awards will only be made to existing employees on an annual basis or in connection with a promotion or other extraordinary event. The amount of annual awards will be determined at a pre-scheduled meeting of the compensation committee that is expected to be held in January or February of each year. Shares of restricted stock, LTIP units or other full-value awards granted as part of the annual awards will be denominated in dollars and will be priced based on the closing price of our common stock on the date of the meeting at which they were approved. Stock options, if granted as part of the annual awards, will either be denominated in shares or dollars, will have an exercise price per share equal to the closing price of our common stock on the date of the meeting at which they were approved and, if denominated in dollars, will be for the number of shares determined using the formula approved by the compensation committee at the time of the grants. Promotional or extraordinary grants will be granted and priced on the later of the date on which the promotion or other extraordinary event occurs or the date on which the grant is approved.

### *Tax Treatment*

We generally take into account the tax treatment of the compensation of our executives, including the expected tax treatment to our executives and whether we will be able to deduct the amount of any compensation paid as a result of limitations under Section 162(m) of the Internal Revenue Code or otherwise. To the extent consistent with our other compensation objectives, we attempt to preserve the deductibility of the compensation that we pay to our executives. However, in order to appropriately compensate our executives and maintain the flexibility we

desire in our bonus programs, we are prepared to exceed the \$1 million limit under Section 162(m) for compensation to our executives. Additionally, we use LTIP units or offer to executives the choice of LTIP units (as described above under **Our Executive Compensation Programs Long-Term Equity Incentive Compensation LTIP Units** ) which may be more advantageous to executives from a tax perspective than other types of full-value awards, such as shares of restricted stock, but result in the loss of a tax deduction for us.

### ***Employment Agreements***

We have an employment agreement with Mr. Hawkins and an executive severance plan to which Messrs. Doyle, Murphy, Ruen and Spiegleman are subject. We entered into the employment agreement with Mr. Hawkins in October 2015, which superseded his previous employment agreement with us. In December 2012, we entered into an employment agreement with Mr. Phelan in connection with his appointment as President, which took effect on January 1, 2013 and was replaced and superseded on October 9, 2015 upon the adoption of our executive severance plan.

For Mr. Hawkins, his employment agreement, among other things, provides for severance payments generally equal to a multiple of salary and bonus plus acceleration of all time-based vesting on equity awards and continuation of coverage under our group health plan for a period of time in the event of a termination of employment by us without cause or by an executive for good reason. In return, Mr. Hawkins has agreed to non-compete, non-solicitation, non-interference and confidentiality provisions. For Messrs. Doyle, Murphy, Ruen and Spiegleman, the executive severance plan provides for severance payments generally equal to a multiple of salary and bonus plus continued or accelerated vesting of all time-based vesting on equity awards and continuation of coverage under our group health plan for a period of time in the event of a termination of employment by us without cause or by Messrs. Doyle, Murphy, Ruen and Spiegleman for good reason following a change-in-control.

For each of our executives with whom we have entered into an employment agreement or who is subject to our executive severance plan, we believe that because the severance level is determined up front, it makes it easier for us to terminate these executives without the need for protracted negotiations over severance.

We also believe that providing predetermined severance benefits for all of our executives in the event they are terminated without cause or terminate their employment for good reason following a change-in-control helps to further align the interests of our executives and our stockholders in the event of a potentially attractive proposed change-in-control transaction following which one or more of our executives may be expected to be terminated. See **Executive and Director Compensation Potential Payments Upon Termination or Change-in-Control** for a summary of the employment agreements and the executive severance plan.

### ***Resignation Agreement with Mr. Phelan***

On January 2, 2016, Mr. Phelan resigned as our President. In connection with his resignation, as previously disclosed in a Form 8-K filed on November 30, 2015 and in our Company's proxy statement for the 2016 annual meeting, we entered into a resignation agreement with Mr. Phelan pursuant to which we (i) granted Mr. Phelan 35,283 fully vested LTIP units, (ii) granted Mr. Phelan 25,449 LTIP units, 50% of which would vest if, and only if, Mr. Phelan fully performs his obligations under the consulting agreement Mr. Phelan entered into with us concurrently with his resignation, (iii) accelerated the vesting of 38,209 LTIP units previously granted to Mr. Phelan that were otherwise scheduled to vest within two years of January 2, 2016 and (iv) agreed to provide Mr. Phelan with continuing healthcare coverage for up to two years. Mr. Phelan provided us with a general release of claims and agreed to be subject to restrictive and other covenants contained in the resignation and consulting agreements, including non-solicitation, non-hire and non-disparagement provisions that extend for a period of two years following January 2, 2016. See **Executive and Director Compensation Potential Payments Upon Termination or Change-in-Control Jeffrey F. Phelan Resignation and Consulting Agreements** for further details regarding the benefits received by Mr. Phelan in connection with his resignation.

**Table of Contents*****Broad-Based Benefits***

All full-time employees, including our executives, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance, and our 401(k) plan. We do not provide any other benefits or perquisites to our executives.

***Anti-Hedging and Anti-Pledging Policy***

None of our executives have engaged in any hedging transactions with respect to our stock or pledged any of his shares of our stock. We have established formal anti-hedging policies that prohibit all of our employees, including our executive officers and directors, from engaging in any hedging transactions and from which no exceptions may be made. We also have an anti-pledging policy that prohibits all of our executive officers and directors from pledging any shares of our stock and from which no exceptions may be made, and which generally prohibits all other employees from pledging any shares of our stock.

***Executive Compensation Process***

Information regarding our processes and procedures for considering and determining the compensation of our executives, including the role of any executive officers, is described below under Executive and Director Compensation Executive and Director Compensation Process.
