* In addition to Securities on the consolidated balance sheets, NCDs in Cash and Due from Banks, certain items in Other Debt Purchased and certain items in Other Assets are also included.

* Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date. Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date.

* The book values of Other Securities which have readily determinable fair value are stated at fair value, so Unrealized Gains/Losses indicate the difference between book values on the consolidated balance sheets and the acquisition costs.

* Unrealized Gains/Losses include ¥54,648 million and ¥34,372 million, which were recognized in the statement of income for September 30, 2017 and March 31, 2017, respectively, by applying the fair-value hedge method. As a result, the base amounts to be recorded directly to Net Assets after tax and consolidation adjustments as of September 30, 2017 and March 31, 2017 are ¥1,933,711 million and ¥1,784,852 million, respectively.

* Unrealized Gains (Losses) on Other Securities, net of Taxes (recorded directly to Net Assets after tax and consolidation adjustments, excluding the amount recognized in the statement of income by applying the fair-value hedge method, including translation differences regarding securities, the fair values of which are extremely difficult to determine) as of September 30, 2017 and March 31, 2017 are ¥1,409,766 million and ¥1,289,985 million, respectively.
