EXPLANATORY NOTE

On April 11, 2017, Peabody Energy Corporation (the Company) filed with the Securities and Exchange Commission (the SEC) a registration statement on Form S-1 (File No. 333-217242) (the Form S-1), which was subsequently amended by Pre-Effective Amendment No. 1 filed on May 26, 2017 and Pre-Effective Amendment No. 2 filed on July 10, 2017, and became effective on July 14, 2017. The Company subsequently filed with the SEC Post-Effective Amendment No. 1 to the Form S-1 on August 14, 2017, which became effective on August 17, 2017, and Post-Effective Amendment No. 2 to the Form S-1 on August 21, 2017, which became effective immediately upon filing with the SEC pursuant to Rule 462(d) under the Securities Act of 1933, as amended. The prospectus included in such registration statement was supplemented from time to time, with the most recent prospectus supplement (no. 10) filed on February 7, 2018. The registration statement was filed to register the resale of the securities registered thereunder by the selling stockholders referenced therein.

This Post-Effective Amendment No. 3 on Form S-3 (this Post-Effective Amendment) is being filed by the Company to convert the registration statement on Form S-1 into a registration statement on Form S-3 and contains an updated prospectus so that the information contained or incorporated therein is current as of the date of filing. This Post-Effective Amendment also reduces the number of shares of the Company's common stock, par value \$0.01 per share (the Common Stock), being offered by the selling stockholders to 51,465,107. The reduction in the number of shares being registered and the reduction in the number of selling stockholders included in this Post-Effective Amendment are due to the Company no longer being under an obligation to register certain shares pursuant to the terms of the Registration Rights Agreement (as defined herein).

In connection with the Company's emergence from its Chapter 11 Cases (as defined herein), the Company issued shares of new Series A Convertible Preferred Stock (the Preferred Stock) in a private placement, which were registered for resale under the Form S-1. In accordance with the terms of the Certificate of Designation of the Preferred Stock, all outstanding shares of Preferred Stock were mandatorily convertible into shares of Common Stock if the volume weighted average price of the Common Stock exceeded \$32.50 for at least 45 trading days in a 60 consecutive trading-day period, including each of the last 20 trading days in such 60 consecutive trading-day period. Such mandatory conversion of the Preferred Stock occurred on January 31, 2018, following which the Company had no shares of Preferred Stock outstanding. Accordingly, this registration statement on Form S-3 relates only to the Company's currently outstanding shares of Common Stock. No additional securities are being registered under this Post-Effective Amendment. The shares of Common Stock into which the Preferred Stock was converted pursuant to the mandatory conversion were previously registered for resale pursuant to the Form S-1, as amended.

All applicable registration fees were paid at the time of the original filing of the Form S-1 and the pre-effective and post-effective amendments thereto.

EXPLANATORY NOTE

On April 13, 2016, Peabody Energy Corporation, a Delaware corporation (the Company), and a majority of the Company's wholly owned domestic subsidiaries, as well as one international subsidiary in Gibraltar (collectively with the Company, the Debtors), filed voluntary petitions under Chapter 11 of Title 11 of the U.S. Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Eastern District of Missouri (the Bankruptcy Court). The Debtors Chapter 11 cases (collectively, the Chapter 11 Cases) were jointly administered under the caption *In re Peabody Energy Corporation, et al.*, Case No. 16-42529.

On December 22, 2016, the Debtors filed with the Bankruptcy Court a Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code and a related Disclosure Statement, and, on January 25, 2017, the Debtors filed with the Bankruptcy Court the First Amended Joint Plan of Reorganization and the First Amended Disclosure Statement. On January 27, 2017, the Debtors filed with the Bankruptcy Court the Second Amended Joint Plan of Reorganization (as amended, the Plan) and the Second Amended Disclosure Statement (as amended and hereafter, the Disclosure Statement) to address certain modifications after a hearing before the Bankruptcy Court on January 26, 2017. On January 27, 2017, the Bankruptcy Court entered the Order: (i) Approving Second Amended Disclosure Statement, (ii) Establishing Procedures for Solicitation and Tabulation of Votes to Accept or Reject Second Amended Joint Plan of Reorganization, (iii) Scheduling Hearing on Confirmation of Second Amended Joint Plan of Reorganization and (iv) Approving Related Notice Procedures, which authorized the Debtors to solicit creditors' votes on the Plan. On March 6, 2017 and March 15, 2017, the Debtors filed supplements to the Plan with the Bankruptcy Court.

On March 17, 2017, the Bankruptcy Court entered the Order Confirming Second Amended Joint Plan of Reorganization of Debtors and Debtors in Possession as Revised on March 15, 2017 (the Confirmation Order), which approved and confirmed the Plan. Copies of the Confirmation Order and the Plan were included as exhibits to the Current Report on Form 8-K filed by the Company with the SEC on March 20, 2017.

On April 3, 2017 (the Effective Date), the Debtors satisfied the conditions to effectiveness set forth in the Plan. As a result, the Plan became effective in accordance with its terms, and the Debtors emerged from the Chapter 11 Cases.

For more information on the events that occurred and the securities issued in connection with our emergence from the Chapter 11 Cases, see our Current Report on Form 8-K that was filed with the SEC on April 3, 2017.

Unless otherwise noted or suggested by context, all financial information and data, and accompanying financial statements and corresponding notes, as of and prior to the Effective Date, as contained in this prospectus or incorporated by reference, reflect the actual historical consolidated results of operations and financial condition of the Company for the periods presented and do not give effect to the Plan or any of the transactions contemplated thereby, or to the adoption of fresh start reporting rules. Accordingly, such financial information may not be representative of our performance or financial condition after the Effective Date. Except with respect to such historical financial information and data, and accompanying financial statements and corresponding notes, or as otherwise noted or suggested by the context, all other information contained in this prospectus relates to the Company following the Effective Date.

CAUTIONARY NOTICE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes statements of our expectations, intentions, plans and beliefs that constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act) and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), and are intended to come within the safe harbor protection provided by those sections. These statements relate to future events or our future financial performance, including, without limitation, in Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations Outlook contained in our Annual Report on Form 10-K for the year ended December 31, 2017 and incorporated by reference herein. We use words such as anticipate, believe, expect, may, forecast, probably, should, estimate, plan, outlook, target, likely, will, to be or other similar words to identify forward-looking

Without limiting the foregoing, all statements relating to our future operating results, anticipated capital expenditures, future cash flows and borrowings, and sources of funding are forward-looking statements and speak only as of the date of this prospectus. These forward-looking statements are based on numerous assumptions that we believe are reasonable, but are subject to a wide range of uncertainties and business risks, and actual results may differ materially from those discussed in these statements. These factors are difficult to accurately predict and may be beyond our control. Factors that could affect our results or an investment in our securities include, but are not limited to:

as a result of our emergence from our Chapter 11 Cases, our historical financial information is not indicative of our future financial performance;

our profitability depends upon the prices we receive for our coal;

if a substantial number of our long-term coal supply agreements terminate, our revenues and operating profits could suffer if we are unable to find alternate buyers willing to purchase our coal on comparable terms to those in our contracts;

the loss of, or significant reduction in, purchases by our largest customers could adversely affect our revenues;

our trading and hedging activities do not cover certain risks, and may expose us to earnings volatility and other risks;

our operating results could be adversely affected by unfavorable economic and financial market conditions;

our ability to collect payments from our customers could be impaired if their creditworthiness or contractual performance deteriorates;

risks inherent to mining could increase the cost of operating our business;

if transportation for our coal becomes unavailable or uneconomic for our customers, our ability to sell coal could suffer;

a decrease in the availability or increase in costs of key supplies, capital equipment or commodities such as diesel fuel, steel, explosives and tires could decrease our anticipated profitability;

take-or-pay arrangements within the coal industry could unfavorably affect our profitability;

an inability of trading, brokerage, mining or freight counterparties to fulfill the terms of their contracts with us could reduce our profitability;

we may not recover our investments in our mining, exploration and other assets, which may require us to recognize impairment charges related to those assets;

our ability to operate our company effectively could be impaired if we lose key personnel or fail to attract qualified personnel;

Table of Contents

we could be negatively affected if we fail to maintain satisfactory labor relations;

we could be adversely affected if we fail to appropriately provide financial assurances for our obligations;

our mining operations are extensively regulated, which imposes significant costs on us, and future regulations and developments could increase those costs or limit our ability to produce coal;

our operations may impact the environment or cause exposure to hazardous substances, and our properties may have environmental contamination, which could result in material liabilities to us;

we may be unable to obtain, renew or maintain permits necessary for our operations, which would reduce our production, cash flows and profitability;

our mining operations are subject to extensive forms of taxation, which imposes significant costs on us, and future regulations and developments could increase those costs or limit our ability to produce coal competitively;

if the assumptions underlying our asset retirement obligations for reclamation and mine closures are materially inaccurate, our costs could be significantly greater than anticipated;

our future success depends upon our ability to continue acquiring and developing coal reserves that are economically recoverable;

we face numerous uncertainties in estimating our economically recoverable coal reserves and inaccuracies in our estimates could result in lower than expected revenues, higher than expected costs and decreased profitability;

our global operations increase our exposure to risks unique to international mining and trading operations;

joint ventures, partnerships or non-managed operations may not be successful and may not comply with our operating standards;

we may undertake further repositioning plans that would require additional charges;

we could be exposed to significant liability, reputational harm, loss of revenue, increased costs or other risks if we sustain cyber attacks or other security breaches that disrupt our operations or result in the

dissemination of proprietary or confidential information about us, our customers or other third-parties;

our expenditures for postretirement benefit and pension obligations could be materially higher than we have predicted if our underlying assumptions prove to be incorrect;

concerns about the environmental impacts of coal combustion, including perceived impacts on global climate issues, are resulting in increased regulation of coal combustion in many jurisdictions, unfavorable lending policies by government-backed lending institutions and development banks toward the financing of new overseas coal-fueled power plants and divestment efforts affecting the investment community, which could significantly affect demand for our products or our securities;

our financial performance could be adversely affected by our indebtedness;

despite our and our subsidiaries' indebtedness, we may still be able to incur substantially more debt, including secured debt. This could further increase the risks associated with our indebtedness;

we may not be able to generate sufficient cash to service all of our indebtedness or other obligations;

the terms of our indenture governing our senior secured notes and the agreements and instruments governing our other post-emergence indebtedness impose restrictions that may limit our operating and financial flexibility;

the price of our securities may be volatile;

our Common Stock is subject to dilution and may be subject to further dilution in the future;

Table of Contents

there may be circumstances in which the interests of a significant stockholder could be in conflict with other stockholders' interests;

the payment of dividends on our stock or repurchases of our stock is dependent on a number of factors, and future payments and repurchases cannot be assured;

we may not be able to fully utilize our deferred tax assets;

divestitures and acquisitions are a potentially important part of our long-term strategy, subject to our investment criteria, and involve a number of risks, any of which could cause us not to realize the anticipated benefits;

our certificate of incorporation and by-laws include provisions that may discourage a takeover attempt;

diversity in interpretation and application of accounting literature in the mining industry may impact our reported financial results; and

other risks and factors, including those discussed in Item 3 Legal Proceedings and Item 1A Risk Factors contained in our Annual Report on Form 10-K for the year ended December 31, 2017.

When considering these forward-looking statements, you should keep in mind the cautionary statements in this document and in our other SEC filings. These forward-looking statements speak only as of the date on which such statements were made, and we undertake no obligation to update these statements, except as required by the federal securities laws.

In addition, restrictive covenants in certain other debt instruments to which we are, or may be, a party, may limit our ability to pay dividends or our ability to receive dividends from our operating companies, either of which may negatively impact the trading price of the Common Stock. On February 7, 2018, our Board of Directors declared a dividend of \$0.115 per share of Common Stock, payable on March 5, 2018, to shareholders of record on February 19, 2018. Our Board of Directors will continue to evaluate the appropriate dividend rate on a quarterly basis and the declaration and payment of dividends in the future and the amount of those dividends will depend on our results of operations, financial condition, cash requirements, future prospects, any limitations imposed by our debt covenants and other factors that our Board of Directors may deem relevant to such evaluations.

PRINCIPAL AND SELLING STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our Common Stock by:

all stockholders known by us to hold more than 5% of our outstanding shares of Common Stock, as well as the selling stockholders identified below;

each of our directors and named executive officers; and

all of our directors and executive officers as a group.

The information in the table below regarding the number of shares beneficially owned by each selling stockholder identified below has been prepared based upon information available to us or furnished to us by the selling stockholders identified below as of June 30, 2017 or, as indicated in the applicable footnote, based on information provided in the most recent Schedule 13D or Schedule 13G filed by such selling stockholder. We have not sought to verify such information. Additionally, the selling stockholders identified below may have sold, transferred or otherwise disposed of, some or all of their Common Stock since the date on which the information in the following table is presented, in transactions exempt from or not subject to the registration requirements of the Securities Act. Other information about the selling stockholders identified below may change over time.

SEC rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. In the table below, Common Stock issuable upon the conversion of the Company's Series A Convertible Preferred Stock (the Preferred Stock) that was convertible within 60 days of June 30, 2017 was deemed to be beneficially owned by the person holding Preferred Stock. On January 31, 2018, all outstanding shares of Preferred Stock were mandatorily converted into shares of Common Stock. The Common Stock resulting from such mandatory conversion, and all other Common Stock resulting from voluntary conversions of Preferred Stock held by the selling stockholders identified below prior to January 31, 2018, is reflected in the table below.

Shares subject to outstanding equity awards, including those granted in connection with our emergence from the Chapter 11 Cases, are not considered beneficially owned and are not deemed outstanding for the purposes of computing the percentage of Common Stock owned until 60 days prior to the date on which such shares may be acquired. Percentage of ownership is based on 128,714,287 shares of Common Stock outstanding as of March 5, 2018. The number of outstanding shares reflects the increase in the number of Common Stock outstanding due to the mandatory conversion of all shares of outstanding Preferred Stock on January 31, 2018. Stockholders beneficial ownership after the offering assumes that the selling stockholders sell all of the Common Stock held by them that has been registered by us and do not sell any Common Stock of the Company held by them that is not registered or acquire any additional Common Stock of the Company. Common Stock registered pursuant to the Registration Statement of which this prospectus is a part is not required to be sold, and such registration does not necessarily indicate that the stockholder intends to sell such Common Stock. Except as disclosed in the footnotes to this table beginning on page 7, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of Common Stock shown as beneficially owned by the stockholder. Unless otherwise indicated in the table or footnotes below, the address for each director and named executive officer is c/o Peabody Energy Corporation, 701 Market Street, St. Louis, Missouri 63101-1826.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Under a written policy adopted by the Board, the Nominating and Corporate Governance Committee is responsible for reviewing and approving all transactions between us and certain related persons, such as our executive officers, directors and owners of more than 5% of our voting securities. In reviewing a transaction, the Nominating and Corporate Governance Committee considers the relevant facts and circumstances, including the benefits to us, any impact on director independence and whether the terms are consistent with a transaction available on an arms-length basis. Only those related person transactions that are determined to be in (or not inconsistent with) our best interests and the best interests of our stockholders are permitted to be approved. No Committee member may participate in any review of a transaction in which the member or any of his or her family members is the related person. A copy of the policy can be found on our website (www.peabodyenergy.com) by clicking on Investor Info, then Corporate Governance, and then Governance Documents, and is available in print to any stockholder who requests it. Information on our website is not considered part of this prospectus or the Registration Statement of which this prospectus is a part.

Related person transactions for the last three fiscal years are described below.

Transaction	Description of Relationship
Registration Rights Agreement	On the Effective Date, we entered into the Registration Rights Agreement with certain of our pre-emergence creditors that received securities on the Effective Date (together with any person or entity that becomes a party to the Registration Rights Agreement, the Holders), as provided in the Plan. The Registration Rights Agreement provides resale registration rights for the Holders Registrable Securities (as defined in the Registration Rights Agreement).

Pursuant to the Registration Rights Agreement, we were required to file a Shelf Registration Statement (as defined in the Registration Rights Agreement) with respect to the Registrable Securities within 30 days of the Effective Date. The Registration Statement, of which this prospectus forms a part, that we have filed with the SEC has fulfilled this requirement. We are required to maintain the effectiveness of any such registration statement until the Registrable Securities covered by the registration statement have been disposed of or are no longer Registrable Securities.

In addition, if there is no Shelf Registration Statement, or if the Registrable Securities cannot be sold under the Shelf Registration Statement, the Holders have the right to demand that the Company effect the registration of any or all of the Registrable Securities (a Demand Registration). We are not obligated to effect more than four Demand Registrations in any twelve-month period, and we need not comply with such a request unless the aggregate gross proceeds from such a sale will exceed \$25 million.

Holders also have customary underwritten offering and piggyback registration rights, subject to the limitations set forth in the Registration Rights Agreement. Under their underwritten offering registration rights, certain Holders have certain rights to demand that we effectuate the distribution of any or all of their Registrable Securities by means of an underwritten offering pursuant to a shelf takedown. We are not obligated to effect an underwritten offering within 90 days after the consummation of a previous underwritten offering.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration statement and our right to delay or withdraw a registration statement under certain circumstances. We will generally pay all registration expenses in connection with our obligations under the Registration Rights Agreement, regardless of whether a registration statement is filed or becomes effective. The registration rights granted in the Registration Rights Agreement are

subject to customary indemnification and contribution provisions, as well as customary restrictions such as blackout periods and, if an underwritten offering is contemplated, limitations on the number of shares to be included in the underwritten offering that may be imposed by the managing underwriter.

No separate review of this transaction was performed by the Nominating and Corporate Governance Committee as it was a requirement of the Plan.

Joy Global Inc. Michael W. Sutherlin was elected to the Board on January 22, 2014. He served as the President and Chief Executive Officer of Joy Global Inc., a mining equipment and services provider, from 2006 to December 2013 and continued as an employee of Joy through January 31, 2014. We purchase mining equipment and services from Joy and its subsidiaries in the ordinary course of our business. Mr. Sutherlin, given his previous position as President and Chief Executive Officer of Joy, may be deemed to have been a related party with an indirect material interest in these transactions. During 2013, we paid Joy and its subsidiaries approximately \$81.3 million for mining equipment and services. The Nominating and Corporate Governance Committee reviewed and ratified these transactions under our related persons transactions policy at the time that Mr. Sutherlin was elected to the Board.

DESCRIPTION OF CAPITAL STOCK

Below, we have summarized the material terms of our Fourth Amended and Restated Certificate of Incorporation (Charter), the Certificate of Designation attached thereto, and our Amended and Restated Bylaws (Bylaws) and relevant sections of the Delaware General Corporation Law (the DGCL). The summaries below are not intended to be complete and are subject to and qualified in their entirety by our full Charter and Bylaws, copies of which have been filed as exhibits to our registration statement on Form 8-A dated April 3, 2017 and are incorporated by reference into the Registration Statement of which this prospectus is a part, and by the applicable provisions of the DGCL.

Authorized Capital

We have the authority to issue a total of 450,000,000 shares of Common Stock, par value \$0.01 per share, 100,000,000 shares of preferred stock, par value \$0.01 per share, of which 50,000,000 were designated as Preferred Stock, and 50,000,000 shares of series common stock, par value \$0.01 per share.

The Board of Directors is granted authority to issue both preferred stock and series common stock of one or more series and in connection with the creation of any such series to fix by the resolution or resolutions providing for the issue of shares, any designation, voting powers, preferences and relative, participating, optional, or other special rights of such series, and the qualifications, limitations or restrictions attaching thereto.

We may not issue non-voting equity securities; provided, however, that such restriction shall (a) not apply beyond what is required under Section 1123(a)(6) of the Bankruptcy Code, (b) only have such force and effect for so long as Section 1123 of the Bankruptcy Code is in effect and applicable to us, and (c) in all events may be amended or eliminated in accordance with applicable law.

Preferred Stock

Series A Convertible Preferred Stock

In connection with the Company's emergence from its Chapter 11 Cases, the Company issued shares of new Series A Convertible Preferred Stock in a private placement, which were registered for resale pursuant to the Company's registration statement on Form S-1 (File No. 333-217242). Under the terms of the Certificate of Designation of the Preferred Stock, all outstanding shares of Preferred Stock were mandatorily convertible into a number of shares of Common Stock if the volume weighted average price of the Common Stock exceeded \$32.50 for at least 45 trading days in a 60 consecutive trading day period, including each of the last 20 days in such 60 consecutive trading day period. Such mandatory conversion of the Preferred Stock occurred on January 31, 2018. As of the date hereof, there are no shares of Preferred Stock outstanding.

Other Preferred Stock

As of the date hereof, no series of preferred stock is outstanding. Our Charter provides that our Board may, by resolution, establish one or more classes or series of preferred stock having the number of shares and relative voting rights, designations, dividend rates, liquidation and other rights, preferences and limitations as may be fixed by them without further stockholder approval. The holders of our preferred stock may be entitled to preferences over common stockholders with respect to dividends, liquidation, dissolution or our winding up in such amounts as are established by the resolutions of our Board approving the issuance of such shares.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control without further action by the holders and may adversely affect voting and other rights of holders of our securities. In addition, issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire a majority of the outstanding shares of voting stock.

Series Common Stock

As of the date hereof, no series common stock is outstanding. Our Charter provides that our Board may, by resolution, establish one or more classes or series of common stock having the number of shares and relative voting rights, designations, dividend rates, liquidation and other rights, preferences and limitations as may be fixed by them without further stockholder approval. The holders of our series common stock may be entitled to preferences over common stockholders and holders of preferred stock with respect to dividends, liquidation, dissolution or our winding up in such amounts as are established by the resolutions of our Board approving the issuance of such shares.

The issuance of series common stock may have the effect of delaying, deferring or preventing a change in control without further action by the holders and may adversely affect voting and other rights of holders of our securities. In addition, issuance of series common stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire a majority of the outstanding shares of voting stock.

Voting Rights

Subject to the voting rights granted to preferred stock or series common stock that may be outstanding from time to time, each share of our Common Stock shall be entitled to one vote per share, in person or by proxy, on all matters submitted to a vote for our stockholders on which the holders of Common Stock are entitled to vote. Except as otherwise required in our Charter, Bylaws or by applicable law, the holders of voting stock shall vote together as one class on all matters submitted to a vote of stockholders generally. Our Charter and Bylaws do not provide for cumulative voting in connection with the election of directors, and accordingly, holders of more than 50% of the shares voting will be able to elect all of the directors. However, in a contested election, a plurality of the votes shall be enough to elect a director. The holders of a majority of our voting stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, constitute a quorum at all meetings of the stockholders for the transaction of business.

Dividend Rights

Subject to any dividend rights granted to preferred stock or series common stock that may be outstanding from time to time, the holders of shares of Common Stock shall be entitled to receive such dividends and other distributions in cash, property or shares of stock as may be declared thereon by our Board from time to time out of the assets or funds legally available. Before payment of any dividend, there may be set aside out of any funds available for dividends such sum or sums as the directors, in their absolute discretion, think proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any Company property, or for such other purpose as the directors shall think conducive to the interests of the Company, and the directors may modify or abolish any such reserve in the manner in which it was created.

No Preemptive Rights

No holder of our capital stock has any preemptive right to subscribe for any shares of our capital stock issued in the future.

Liquidation Rights

The holders of Common Stock shall be entitled to share ratably in the net assets remaining after payment pursuant to any liquidation rights granted to preferred stock or series common stock that may be outstanding from time to time.

Special Meetings of Stockholders

Our Charter and Bylaws provide that special meetings of the stockholders may be called by our Chairman of the Board, Chief Executive Officer, President or the Board. A special meeting of stockholders shall also be called by our secretary upon the written request of stockholders entitled to cast at least 40% of all votes entitled to be cast at the special meeting.

Advance Notice of Stockholder Meetings

Notice of any annual or special meeting of stockholders, stating the place (if any), date and hour of the meeting shall be given to each stockholder entitled to notice of such meeting not less than ten nor more than sixty days before the date of such meeting.

Advance Notice for Nominations or Stockholder Proposals at Meetings

Our Bylaws also prescribe the procedure that a shareholder must follow to nominate directors or bring business before shareholders meetings.

Nominations of persons for election to the Board and the proposal of business at stockholder meetings may be made by (1) the Company, (2) the chairman of the Board, or (3) any stockholder entitled to vote and who makes the nomination or proposal pursuant to timely notice in proper written form to our secretary in compliance with the procedures set forth in the Bylaws. For a stockholder to nominate a candidate for director or to bring other business before a meeting, we must receive notice not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 20 days, or delayed by more than 70 days from such anniversary date, notice by the stockholder must be so delivered not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is made. Notice of a nomination for director must also include a description of various matters regarding the nominee and the shareholder giving notice, as set forth in the Bylaws.

In addition, our Bylaws permit a stockholder, or group of no more than 20 stockholders meeting specified eligibility requirements, to include director nominees in our proxy materials for annual meetings. In order to be eligible, stockholders must have owned 3% or more of the Company's outstanding Common Stock continuously for at least three years. Requests to include stockholder-nominated candidates in our proxy materials must be delivered to us within the time periods applicable to stockholder notices of nominations as described in the preceding paragraph. The maximum number of stockholder nominated candidates is the greater of two directors or the largest whole number that does not exceed 20% of the number of directors in office as of last day on which a notice under these provisions is delivered. The Bylaws provide a process to determine which candidates under these provisions exceed the maximum permitted number. Each stockholder seeking to include a director nominee in our proxy materials pursuant to these provisions is required to provide certain information, as set forth in the Bylaws. A stockholder nominee must also meet certain eligibility requirements, as set forth in the Bylaws.

At a meeting of stockholders, only such business (other than the nomination of candidates for election as directors in accordance with the Bylaws) will be conducted or considered as is properly brought before the annual meeting or a special meeting as specified in the Bylaws.

Action by Written Consent

Our Charter prohibits action by written consent by stockholders.

Directors

The Board shall consist of at least three members and no more than 15, and may be fixed from time to time by a resolution adopted by the Board or by the stockholders. At present, the Board has nine members. Directors

Table of Contents

need not be stockholders but are subject to a company policy that requires that they hold shares of Common Stock having a value equal to a specified multiple of their annual retainer.

Each director to be elected by stockholders shall be elected by a majority vote of the stockholders, except that if the number of nominees exceeds the number of directors to be elected, the directors shall be elected by a plurality of votes. There is no cumulative voting in the election of directors. Directors may be removed, with or without cause, by a majority vote of our voting stock.

All directors will be in one class and serve for a term ending at the annual meeting following the annual meeting at which the director was elected. Our current class of directors will be subject to reelection at our 2018 annual meeting.

The Board is authorized to adopt, amend, alter or repeal the Bylaws by the affirmative vote of a majority of the directors present at any regular or special meeting, subject to the power of the voting stock to adopt, amend, alter or repeal the Bylaws made by the Board. Notwithstanding anything in the Charter or Bylaws to the contrary, a vote of holders of 75% or more of the voting stock is required to adopt, amend, alter or repeal any provision inconsistent with the foregoing or the manner in which action may be taken by voting stock.

Limitations on Liability and Indemnification of Officers and Directors

The Company's Charter and Bylaws provide for indemnification of officers and directors of the Company and certain other persons to the full extent permitted by law, as now in effect or later amended, against liabilities and expenses incurred by any of them in certain stated proceedings and under certain stated conditions.

The Company may maintain insurance for the benefit of its directors, officers, employees, agents and certain other persons, insuring such persons against any expense, liability or loss, including liability under the securities laws. In addition, the Company has entered into indemnification agreements with our directors and executive officers that require us to indemnify these persons for claims made against each of these persons because he or she is, was or may be deemed to be a director, officer, employee or agent of the Company or any of our subsidiaries. We are obligated to pay the expenses of these persons in connection with any claims that are subject to the agreement.

Section 102 of the DGCL allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the corporation or is or was serving at the corporation's request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify applies (a) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (b) if such person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and

reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification

Table of Contents

shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the corporation, unless the court believes that in the light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

If Common Stock is sold through underwriters or broker-dealers, each selling stockholder will be responsible for underwriting discounts or commissions or agent's commissions applicable to the sale of such selling stockholder's Common Stock.

Each selling stockholder reserves the right to accept and, together with its agents, to reject, any proposed purchases of Common Stock to be made directly or through agents.

The selling stockholders and any other person participating in a distribution will be subject to applicable provisions of the Exchange Act, as amended, and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of the Common Stock by the selling stockholders and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the Common Stock to engage in market-making activities with respect to the Common Stock. All of the foregoing may affect the marketability of the Common Stock and the ability of any person or entity to engage in market-making activities with respect to the Common Stock.

In order to comply with the securities laws of certain states, if applicable, the Common Stock may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states, the Common Stock may not be sold unless it has been registered or qualified for sale in the state or an exemption from the registration or qualification requirement is available and complied with.

We know of no existing arrangements between any selling stockholder, any other stockholder, broker, dealer, underwriter, or agent relating to the sale or distribution of the Common Stock offered by this prospectus. To our knowledge, there are currently no plans, arrangements or understandings between any selling stockholders and any underwriter, broker-dealer or agent regarding the Common Stock by the selling stockholders. There can be no assurance that any selling stockholder will sell any or all of the Common Stock pursuant to this prospectus.

Pursuant to the Registration Rights Agreement, we are obligated to provide customary indemnification to the selling stockholders. In addition, we have agreed to pay all reasonable expenses incidental to the registration of the Common Stock, including the payment of federal securities law and state blue sky registration fees

excluding underwriting discounts and commissions relating to the sale of Common Stock by the selling stockholders.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the SEC this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

This offering will terminate on the date that all of the Common Stock offered by this prospectus has been sold by the selling stockholders.

The selling stockholders may also sell Common Stock pursuant to Section 4(a)(7) of the Securities Act or Rule 144 under the Securities Act, or other exemption from registration under the Securities Act, rather than this prospectus, in each case if such exemption is available.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The Company's Charter and Bylaws provide for indemnification of officers and directors of the Company and certain other persons to the full extent permitted by law, as now in effect or later amended, against liabilities and expenses incurred by any of them in certain stated proceedings and under certain stated conditions.

The Company may maintain insurance for the benefit of its directors, officers, employees, agents and certain other persons, insuring such persons against any expense, liability or loss, including liability under the securities laws. In addition, the Company has entered into indemnification agreements with our directors and executive officers that require us to indemnify these persons for claims made against each of these persons because he or she is, was or may be deemed to be a director, officer, employee or agent of the Company or any of our subsidiaries. We are obligated to pay the expenses of these persons in connection with any claims that are subject to the agreement.

Section 102 of the DGCL allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the corporation or is or was serving at the corporation's request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and

reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify applies (1) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (2) if such person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the corporation, unless the court believes that in the light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

ITEM 17. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (a)(1)(i), (ii) and (iii) do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after

effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such

effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
