PROXY STATEMENT

This Proxy Statement is furnished by and on behalf of the Board of Directors of Mohawk Industries, Inc. (Mohawk or the Company) in connection with the solicitation of proxies for use at the annual meeting of stockholders of the Company to be held on Thursday, May 24, 2018, and at any and all adjournments or postponements thereof (the Annual Meeting).

We have elected to provide access to our proxy materials on the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record (Stockholders) and beneficial owners. All Stockholders and beneficial owners may access the proxy materials at the Company s website www.mohawkind.com/stockholdersmeeting.aspx. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice.

The Notice will be made available to Stockholders on or about April 6, 2018. You must be a Stockholder as of March 29, 2018 (the Record Date) to be entitled to vote at the Annual Meeting.

Stockholders may vote by internet or written proxy. Proxies will be voted as specified by the Stockholders. Unless contrary instructions are specified, if a proxy card is executed and returned (and not revoked) before the Annual Meeting, the shares of the common stock of the Company (the Common Stock) represented thereby will be voted FOR election of the nominees listed in this Proxy Statement as directors of the Company, FOR ratification of KPMG LLP as the Company s independent registered public accounting firm, and FOR the proposal regarding the advisory vote on the approval of the Company s executive compensation. A Stockholder s submission of a signed proxy will not affect the right to attend and to later vote in person at the Annual Meeting. Stockholders who execute a proxy may revoke the proxy at any time before it is voted by (i) filing a written revocation with the Secretary of the Company, (ii) executing a proxy bearing a later date or (iii) attending and voting in person at the Annual Meeting.

The presence of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, either in person or by proxy, will constitute a quorum. Shares of Common Stock represented by proxies at the meeting, including broker nonvotes and abstentions will be counted as shares present for purposes of establishing a quorum. A broker nonvote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Once a quorum is established, (i) the election of directors will require the affirmative vote of a majority of the votes cast on the respective nominees at the Annual Meeting and (ii) the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2018 and the approval of the advisory vote on executive compensation will require the affirmative vote of the holders of a majority of the votes represented and entitled to vote thereon at the Annual Meeting. For purposes of electing directors, a majority of votes cast means that the number of votes cast for a director s election exceeds the number of votes cast against that director s election.

As to Proposal 1 Election of Directors, shares represented by proxies that are marked **ABSTAIN** and broker non-votes will not have an effect on the outcome of the proposal. As to Proposal 2 Ratification of Accounting Firm and Proposal 3 Say on Pay, shares represented by proxies that are marked **ABSTAIN** will have the effect of a vote against the proposal, while a broker nonvote will not have an effect on the outcome of the proposal.

Stockholders are entitled to one vote for each share of Common Stock held. March 29, 2018, has been set as the Record Date for determination of Stockholders entitled to notice of and to vote at the Annual Meeting, and, accordingly, only holders of Common Stock of record at the close of business on that day are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 74,533,583 shares of Common Stock issued and outstanding held by approximately 228 Stockholders.

THE BOARD OF DIRECTORS URGES YOU TO VOTE YOUR SHARES. YOU MAY HOLD SHARES OF COMMON STOCK OF RECORD, THROUGH A BANK OR BROKER OR THROUGH A COMPANY RETIREMENT PLAN. VOTING INSTRUCTIONS FOR EACH GROUP OF STOCKHOLDERS ARE SET FORTH BELOW.

Voting Instructions

By Internet. Stockholders of record may vote by internet on the website identified on the Notice. Where requested, enter the 12 digit control number located on your Notice and follow the simple instructions for voting. For Stockholders that requested written proxy materials, control numbers and instructions for voting on the internet will be printed on the proxy card that will be included in the written materials. Internet voting is available 24 hours a day, 7 days a week until 11:59 p.m. New York time on May 23, 2018.

By Written Proxy. Stockholders of record may vote by written proxy card. Stockholders that do not want to vote by internet may request a written proxy card by following the instructions on the Notice. Mark your selections on the proxy card, date and sign your name exactly as it appears on your proxy card, and mail the proxy card as directed.

Voting Shares held in Street Name. If your shares are held in the name of a bank, broker or other record holder (that is, in street name), you may request a written proxy card or a vote instruction form from your bank, broker or other nominee. You may also vote by the method made available by your bank, broker or other nominee, in which case the bank, broker or other nominee will provide instructions.

Voting Shares held in Retirement Plans. If your shares are held through the Mohawk Industries Retirement Plan 1 and/or the Mohawk Industries Retirement Plan 2, you have the right to vote the shares credited to your individual account(s) under the plans. Participants that hold shares in one of the plans may provide direction to our transfer agent, American Stock Transfer and Trust Company (AST), by the method made available by AST. Unless otherwise required by law, AST will follow participant vote instructions received by 11:59 p.m. New York time on May 21, 2018. If voting instructions have not been received by that time and date, the shares credited to your account(s) will not be voted.

The voting procedures are designed to authenticate identities, to allow Stockholders, beneficial owners and plan participants to vote their shares, and to confirm that instructions have been recorded properly.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), provides that the Board of Directors of the Company shall consist of three classes of directors serving staggered terms of office. Upon the expiration of the term of office for a class of directors, the nominees for that class will be elected for a term of three years to serve until the election and qualification of their successors.

The Company's Certificate of Incorporation requires the Company to have at least two and no more than eleven directors, with the Board of Directors to determine the exact number. Frans G. De Cock has informed the Company that he does not intend to stand for re-election at the Annual Meeting. In connection with Mr. De Cock's planned retirement, the Board of Directors has reduced the size of the board from 9 directors to 8 directors. The Board of Directors has nominated Filip Balcaen and Bruce C. Bruckmann for election as Class II directors at the Annual Meeting. The Class I and Class III directors have two years and one year, respectively, remaining on their terms of office and will not be voted upon at the Annual Meeting.

It is the intention of the persons named as proxies to vote the proxies for the election of each of Mr. Balcaen and Mr. Bruckmann as a Class II director of the Company, unless the Stockholders direct otherwise in their proxies. Each of Mr. Balcaen and Mr. Bruckmann has consented to serve as a director of the Company if elected. In the unanticipated event that either of Mr. Balcaen or Mr. Bruckmann refuses or is unable to serve as a director, the persons named as proxies reserve full discretion to vote for such other person or persons as may be nominated. The Board of Directors has no reason to believe that either of Mr. Balcaen or Mr. Bruckmann will be unable or will decline to serve as a director.

The affirmative vote of a majority of the votes cast in the election at the Annual Meeting at which a quorum is present is required for the election of the nominees.

All members of the Board of Directors at the time of the 2017 Annual Meeting of Stockholders were present at such meeting, other than Mr. Bruckmann.

The Board of Directors has affirmatively determined, considering generally all relevant facts and circumstances regarding each non-management director, that none of Mr. Balcaen, Mr. Bruckmann, Mr. Ill, Mr. Onorato, Mr. Runge or Dr. Bogart have a material relationship that would interfere with such director's exercise of independent judgment in carrying out the responsibilities of a director, and therefore they are independent within the meaning of the standards for independence set forth in the Company's corporate governance guidelines, which are consistent with applicable Securities and Exchange Commission (SEC) rules and New York Stock Exchange (NYSE) corporate governance standards. The Compensation Committee may delegate any of its authority and responsibilities to a subcommittee of members of the committee designated by the Chairman of the Committee. To the extent permitted by Delaware law, the Compensation Committee may delegate to one or more officers of the Company the power to designate the officers and employees of the company or any of its subsidiaries who will receive grants of equity incentive awards and the number of such awards. The Board of Directors has adopted a written charter for the Compensation Committee, which is available on the Company's website at www.mohawkind.com/stockholdersmeeting.aspx. See also *Executive Compensation Compensation Committee Report*.

Mr. III, Mr. Onorato and Dr. Bogart elected to take their 2017 service year retainer 50% in the form of cash (\$40,000, \$47,500 and \$45,000, respectively), and 50% in the form of Common Stock (206, 245 and 233 shares, respectively). All such shares were issued on January 3, 2017 pursuant to the Company's 2012 Non-Employee Director Stock Plan, which is a sub-plan of the Mohawk Industries, Inc. 2012 Incentive Plan. Fractional shares of Common Stock were paid in cash in the following amounts: \$512.50 (Mr. III), \$540.01 (Mr. Onorato) and \$341.43 (Dr. Bogart).

(2) The amounts reported in the Stock Awards column reflect the grant date fair value calculated in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718, *Compensation-Stock Compensation* (ASC 718). The grant date fair value of the restricted stock units is equal to the number of units issued multiplied by the closing trading price of the Company's stock on the day of grant. On January 3, 2017, each of the non-employee directors, other than Mr. De Cock, received 451 restricted stock units, with a grant date fair value of \$201.75 per share. On March 7, 2017, pursuant to his service agreement as described further in *Certain Relationships and Related Transactions*, Mr. De Cock received 2,000 restricted stock units, with a grant date fair value of \$227.30 per share that vest ratably over three years. As of December 31, 2017, our non-employee directors held the following aggregate number of restricted stock units:

	Restricted Stock Units (#)
Mr. Balcaen	451
Mr. Bruckmann	1,161
Mr. De Cock	4,399
Mr. III	1,161
Mr. Onorato	1,161
Mr. Runge	961
Dr. Bogart	1,161

(3) Pursuant to Mr. De Cock's Service Agreement, as described further in *Certain Relationships and Related Transactions*, Mr. De Cock received an annual salary and retainer of \$318,868 (€265,679) and an annual bonus of \$258,661 (€215,515). These amounts represent the approximate dollar values of his base salary and annual bonus, converted to U.S. dollars using the euro to dollar exchange rate of 1.2.

Employees of the Company or its subsidiaries who are also directors do not receive any fee or remuneration for services as members of the Board of Directors or any Committee of the Board of Directors. Mr. De Cock also does not receive any fees or remuneration for his services as a member of the Board of Directors, but he receives compensation for consulting services as described further in *Certain Relationships and Related Transactions*.

AUDIT COMMITTEE

Report of the Audit Committee of the Board of Directors of Mohawk Industries, Inc.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements (the "Audit Firm"). In connection with its responsibilities, the Audit Committee received the written disclosure from the Audit Firm, which is required by applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") regarding the Audit Firm's communications with the Audit Committee concerning independence, discussed with the Audit Firm any relationships that may impact the objectivity and independence of the Audit Firm and satisfied itself as to the independence of the Audit Firm. In addition, the members of the Audit Committee considered whether the provision of services for the year ended December 31, 2017 described below under *Principal Accountant Fees and Services* was compatible with maintaining such independence. In conjunction with the mandated rotation of the Audit Firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of Audit Firm's new lead engagement partner.

The Audit Committee members reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2017 with management. The Audit Committee members also discussed with the Audit Firm the matters required to be discussed under PCAOB standards. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC.

Principal Accountant Fees and Services

The following table shows the fees rendered (in thousands) to the Audit Firm for the audit of the Company's annual consolidated financial statements for 2017 and 2016, respectively, and fees billed for non-audit related services, tax services and all other services performed by the Company's independent registered public accounting firm during 2017 and 2016, respectively. Management of the Company negotiates such fees for services with the Audit Firm, subject to the review and approval of the Audit Committee.

	2017	2016
Audit Fees(1)	6,634	5,894
Audit-Related Fees(2)	214	41
Tax Fees(3)	101	114
All Other Fees		
	\$ 6,949	\$ 6,049

(1) Audit Fees refers to the audit and quarterly reviews of the consolidated financial statements, the audit of internal control over financial reporting, and fees for accounting consultations on matters reflected in the consolidated financial statements. Audit fees also include fees for other attest services required by statute or regulation (foreign or domestic), such as statutory audits in U.S. and non-U.S. locations. In 2017 Audit Fees were impacted by U.S. and Belgian tax reform, a new revenue recognition accounting standard and acquisition activity. In 2016 Audit Fees were impacted by certain system conversions and the first year of required internal control documentation and testing in our recently acquired businesses.

(2) Audit-Related Fees consist principally of professional services related to consultation with management on the accounting for various matters, including services related to our financing activities.

(3) Tax Fees consist principally of professional services rendered for tax compliance and tax consulting.

The Audit Committee has adopted a policy regarding the retention of the Company's independent registered public accounting firm that requires pre-approval of all audit and audit-related, tax and non-audit related services by the chair of the Audit Committee, with subsequent approval by the full Audit Committee during the next scheduled meeting. The Audit Committee approved all audit and audit-related, tax and non-audit related services in 2017 and 2016.

PROPOSAL 2 RATIFICATION OF SELECTION OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected KPMG LLP (KPMG) as the Company s independent registered public accounting firm for the year ending December 31, 2018 and has directed that management submit the selection of the independent registered public accounting firm to Stockholders for ratification at the Annual Meeting. Representatives of KPMG are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG as the Company s independent registered public accounting firm is not required by the Company s Bylaws or otherwise. If the Stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain KPMG, but still may retain it. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its Stockholders.

The members of the Audit Committee and the Board of Directors believe that the continued retention of KPMG to serve as the Company s independent registered public accounting firm is in the best interests of the Company and its investors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

COMPENSATION DISCUSSION AND ANALYSIS

The following section contains a detailed description of our compensation objectives and policies, the elements of the Company's compensation program, and the material factors the Compensation Committee considered in setting the compensation of our named executive officers for 2017, who are listed below:

Jeffrey S. Lorberbaum, Chief Executive Officer;

Frank H. Boykin, Chief Financial Officer;

W. Christopher Wellborn, President and Chief Operating Officer;

Bernard P. Thiers, President - Flooring Rest of World; and

Brian M. Carson, President - Flooring North America.

Executive Summary

As our businesses continue to innovate, introduce new products, improve productivity and expand geographically, we are pleased to report improved financial performance again in 2017, overcoming the expiration of significant patents and related licensing revenue. Highlights include:

Earnings per share (EPS) as reported is \$12.98, up 4% versus 2016; excluding unusual charges* EPS is \$13.61, up 8% compared to 2016.

Operating income as reported and excluding unusual charges* increased to \$1.4 billion, up 6% as reported and 9% on an adjusted basis.

As a percentage of net sales, operating income was 14.3% in 2017; 2017 adjusted EBITDA* as a percentage of net sales was 19.6% up 0.5% from 2016.

We achieved total stockholder return (TSR) for the three-year period ended December 2017 at the 87th percentile of the companies in our peer group (see *Determination of Executive Officer Compensation 2017 Review of Compensation Long Term Incentive Plan* for a discussion of these peer companies).

* Please see our 2017 Annual Report that accompanies this Proxy Statement for additional information on the results of our operations for 2017 and a reconciliation of Non-GAAP financial measures contained in *Annex A* to this Proxy Statement.

As we significantly rely on performance metrics for determining our executive compensation, the compensation of our named executive officers was positively affected by our financial results in 2017 and our performance results in prior years.

Edgar Filing: MOHAWK INDUSTRIES INC - Form DEF 14A

Annual incentive awards for the 2017 performance year were based in part upon goals relating to earnings per share (EPS), which are described on page 18. As a result of the Company s 2017 performance against these goals, 2017 annual incentive awards were paid to our CEO at 167% of target performance goals and to our other named executive officers in a range between 147% and 150% of target performance goals.

Long-term incentive awards granted in 2017 as restricted stock units (RSUs) were determined based upon the achievement of performance goals related to TSR for the prior three years (2014-2016) and business unit performance goals for the 2016 calendar year. As the Company achieved TSR at the 44th percentile of the peer group for the 2014-2016 performance period, each named executive officer received grants in 2017 at 89% of target. These awards are scheduled to vest over the next three years.

Compensation Philosophy and Objectives

Our goal is to have a compensation program that enables us to attract, motivate, develop and retain highly qualified executives who will assist us in meeting our long-range objectives, thereby serving the interests of our stockholders. To meet these objectives, our executive leadership must be of the caliber and have the level of experience necessary to manage successfully our complex global business. We believe that, in order to do this effectively, our program must meet the following criteria:

create a strong link between the executive compensation and our annual and longer-term financial performance;

use performance-based incentive compensation to place elements of our executive compensation at risk;

closely align our executives' interests with those of our stockholders by making stock-based incentives an element of our executive compensation; and

provide our executives with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we compete for talent.

Our determinations and assessments of executive compensation are primarily driven by two considerations: (i) market data based on the compensation levels, programs and practices of certain other companies, and (ii) Company and individual performance in specified areas, such as financial metrics and operational efficiency. We believe that market competitiveness and performance factors, considered in conjunction, provide a reasonable basis to assess executive performance and build value for our stockholders. As described below, we consider each of these areas in making our executive compensation decisions from setting base salaries to providing annual and longer-term rewards.

Market Data

We consider the compensation levels, programs and practices of certain other companies to assist us in setting our executive compensation so that it is market competitive. We review compensation data of a peer group that consists of companies of comparable size on both a revenue and market capitalization basis that are engaged, to varying degrees, in businesses similar to ours. We believe that we compete, to varying degrees, for business and talent with the companies in this peer group. The Compensation Committee considers the 50th percentile of the Company's peer group as a guide for setting total direct compensation (base salary plus annual incentive plus long-term incentive) for our executives. For purposes of setting compensation levels for 2017, the peer group was comprised of the following companies:

Armstrong World Industries Inc.	PPG Industries, Inc.
Fortune Brands Home & Security	The Sherwin-Williams Company
Leggett & Platt	Stanley Black & Decker, Inc.
Masco Corporation	USG Corporation
Newell Brands	Valspar
Owens Corning	Whirlpool Corporation

The Compensation Committee obtained information on the compensation levels, programs and practices of the companies within the peer group from market surveys periodically conducted by Hewitt Associates, LLC, an Aon Hewitt company (Hewitt), a compensation consultant engaged by the Company. In November 2017, the Compensation Committee considered whether the work of Hewitt raised any conflict of interest. The Committee considered various factors and determined that with respect to executive and director compensation-related matters, no conflict of interest was raised by the work of Hewitt. In reaching its determination, the Compensation Committee considered the fact that Aon Risk Services South, Inc., an affiliate of Hewitt, performs insurance brokerage services for the Company in exchange for an annual fee of \$336,000, which Hewitt represented to the committee is less than 0.01% of Aon Hewitt's total revenues. Hewitt's fees for compensation related services in

2017 were \$117,669.

Company and Individual Performance Metrics

We rely significantly on performance-based measurements to determine the compensation earned by our executives. To customize our compensation program and recognize individual performance and contribution to the Company, we focus on goals relating to EPS, total stockholder return (TSR) and individual performance.

We select these financial and individual metrics for our incentive programs because we believe that they create appropriate incentives, aligned with those of our stockholders, to improve the operational efficiency and, as a result, the financial performance, of the Company. We also believe they are good indicators of our overall performance, including whether the Company and its business units are achieving our annual or longer-term business objectives, and lead to the creation of long-term value for our stockholders. When target performance levels for each financial and individual performance goal are set, we believe such goals are likely to be achieved with good performance by our executives, taking into account the variability of economic, marketplace and industry conditions.

Components of Our Compensation Program

Our executive compensation program for our named executive officers consists primarily of the following integrated components: base salary, annual incentive awards and long-term incentive opportunities, which together comprise an executive's total direct compensation in a given year or performance period.

Base salary provides our executive officers with a level of compensation consistent with their skills, experience and contributions in relation to comparable positions in the competitive marketplace. Base salary is set at the beginning of each calendar year and does not vary based on individual or business performance during the year or during prior periods. By contrast, the other components of our executives' total direct compensation—the annual incentive awards and long-term incentive compensation—are at risk based on performance. The Compensation Committee reviews the base salaries of our executive officers annually and whenever an executive is promoted. In addition, we also consider the executive's experience for the position, differences in position and responsibilities relative to the peer group and the executive's personal contribution to the financial and operational performance of the Company and our businesses.

Annual incentive awards are awarded under our Senior Executive Bonus Plan (Annual Incentive Plan) and provide a direct link between executive compensation and annual performance. Our executives' annual incentive award is at risk based on how well the Company and our executives perform against annual performance goals. Awards made pursuant to the Annual Incentive Plan may be in the form of cash or restricted stock units. Restricted stock units granted under the Annual Incentive Plan vest ratably over three years following the grant date.

Equity incentive awards in the form of restricted stock units are awarded under our Executive Long Term Equity Incentive Plan (Executive LTIP) and provide a link between executive compensation and our long term performance, as the value of grants are based on financial goals for a three-year performance period and annual business unit performance goals. To determine the number of awards granted in March 2017, the Company performance was measured over the 2014-2016 period and business unit performance was measured against 2016 financial goals. Awards granted under the Executive LTIP vest ratably over three years following the grant date.

By placing a significant portion of an executive's annual pay at risk, the Compensation Committee believes that compensation is more directly related to performance and more closely links the financial interests of the executives and those of the stockholders. Awards made pursuant to the Annual Incentive Plan and the Executive LTIP are governed by the Company's stockholder-approved omnibus incentive plans. All awards granted after May 18, 2017 are governed by the 2017 Incentive Plan, and all awards granted before such date are governed by the 2012 Incentive Plan.

Our compensation program is complemented with limited perquisites and other executive benefits, including 401(k) matching contributions and severance benefits that the Compensation Committee believes are appropriate, individually and in the aggregate, to ensure our executive compensation program remains competitive.

Allocation of Total Direct Compensation

Just as our stockholders put their money at risk when they invest in our Company, we believe that a significant portion of our executives compensation should be at risk. For example, in 2017, assuming achievement of target performance objectives, approximately 71% of Mr. Lorberbaum's total target direct compensation was at risk, and approximately 29% was paid as salary. Our other named executive officers had similar allocations of target salary and at-risk compensation for 2017: 67% of the principal compensation components for our named executive officers in the aggregate was at risk and tied to performance of our stock price and variable performance metrics. Based on the Company's performance in 2017, approximately 29% of the total direct compensation actually paid to Mr. Lorberbaum was represented by his annual bonus award and approximately 52% of the total direct compensation actually paid to Mr. Lorberbaum was represented by his long-term incentive opportunity.

Consideration of Last Year's Advisory Stockholder Vote on Executive Compensation

At the 2017 Annual Meeting of Stockholders, holders of over 91.5% of the voted shares approved the compensation of the Company's named executive officers. The Board and the Compensation Committee appreciate and value the views of our stockholders. In considering the result of this most recent advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our executive officers and the Company's overall pay practices continue to enjoy strong shareholder support. In light of this support, the Compensation Committee did not make material changes to our executive compensation program.

At the 2017 Annual Meeting of Stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board has implemented an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of stockholder votes on the compensation of executive officers, which is scheduled to occur at the 2023 annual meeting.

Determination of Executive Officer Compensation

2017 Review of Compensation

As a guide in setting compensation for 2017, the Compensation Committee used the results of a survey by Hewitt of our peer group executive compensation in 2016. This assessment showed that for 2016 the Company's chief executive officer received total direct compensation below the 50th percentile of the peer group, which is broken down as follows: base salary near the 50th percentile of the peer group; total cash compensation, which includes base salary and annual cash incentive awards, below the 75th percentile of the peer group; and long-term incentive compensation below the 50th percentile of the peer group.

The same assessment showed that, on average for 2016, our other named executive officers other than Mr. Wellborn received compensation in each of these categories near the median of our peer group. Mr. Wellborn earned a base salary below the 75th percentile of the peer group, total cash compensation above the 75th percentile of the peer group and long-term incentive compensation below the 50th percentile of the peer group.

In making its determinations of 2017 executive compensation, the Compensation Committee at its February 2017 meeting considered (i) the results of the Hewitt assessment discussed above and a tally sheet detailing the various elements of compensation for our named executive officers, including base salary and annual and long-term incentives, (ii) results of performance of our named executive officers against applicable financial and personal performance goals for 2016, and (iii) other factors described in *Compensation Philosophy and Objectives* above. Then, together with Mr. Lorberbaum's recommendations for compensation for the named executive officers other than himself, the Compensation Committee made determinations concerning 2017 adjustments to base salaries and awards under the annual and long-term incentive compensation plans.

Base Salary

Based on the Compensation Committee's review of marketplace data, the economic conditions and other factors described above, base salaries for 2017 were adjusted in consideration of individual performance and consistent with Company-wide salary increases. On a local currency basis, 2017 base salaries increased by 2.75% over 2016 for each of our named executive officers.

Annual Incentive Awards

As discussed above, the named executive officers are eligible to earn annual incentive awards under the Annual Incentive Plan. Pursuant to the plan, each member of our management team, including each of our named executive officers, is eligible to participate in a bonus pool. The governing parameters of the Annual Incentive Plan are as follows: (i) no annual incentive awards are payable under the plan unless the Company achieves positive consolidated adjusted operating income for the year; (ii) each named executive officer has a maximum bonus award based on a percentage of the bonus pool (which we refer to as the Maximum Pool Award); and (iii) actual incentive awards earned by the named executive officers are based on achievement of applicable performance goals established by the Compensation Committee.

In 2017, we achieved the threshold financial goal of positive consolidated adjusted operating income, which resulted in the funding of an Annual Incentive Plan bonus pool equal to 1.25% of our 2017 consolidated adjusted operating income of \$1.4 billion. Total adjustments to operating income as reported were \$62.3 million for restructuring and integration-related costs and for purchase accounting, including inventory step ups. The bonus pool for 2017 was approximately \$17.7 million. For 2017, the Maximum Pool Award for each of Messrs. Lorberbaum and Wellborn was 24% and 20% of the bonus pool, respectively, and for each of our other named executive officers, the Maximum Pool Award was 14% of the bonus pool. For 2017, the Compensation Committee exercised its discretion to award less than the Maximum Pool Award for each named executive officer.

As noted above, cash incentive awards earned by the named executive officers are based on performance against applicable performance goals established by the Compensation Committee and target incentive opportunities. In February 2017, the Compensation Committee established annual incentive award opportunity ranges for each of our named executive officers, reflected as a percentage of each named executive officer's 2017 base salary that would be payable based on performance against applicable goals related to adjusted EPS (Incentive Plan Financial Goals). The annual incentive award opportunity for each named executive officer for 2017 performance was the same as the opportunity for 2016 performance.

Annual Incentive Award Opportunity (Percentage of Base Salary)*

	Threshold	Target	Maximum
Jeffrey S. Lorberbaum	0%	90%	150%
Frank H. Boykin	0%	75%	113%
W. Christopher Wellborn	0%	90%	135%
Bernard P. Thiers	0%	75%	113%
Brian M. Carson	0%	75%	113%

* Subject to Maximum Pool Award

For 2017, the Compensation Committee established the following Incentive Plan Financial Goals to guide the Compensation Committee's exercise of discretion in determining actual bonus amounts under the Annual Incentive Plan. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). For the Presidents of the Flooring North America and Flooring Rest of World segments (Messrs. Carson and Thiers), the Incentive Plan Financial Goals consisted of the Company EPS and business unit EPS (collectively weighted at 25% and 75%).

2017 Incentive Plan Financial Goals

	Company EPS	Flooring North America EPS(1)	Flooring Rest of World EPS(1)
Threshold	\$ 11.68	\$ 3.83	\$ 2.56
Target	\$ 12.64	\$ 4.30	\$ 2.79
Maximum	\$ 13.46	\$ 4.60	\$ 2.99
2017 Performance	\$ 13.61*	\$ 4.52*	\$ 3.64*

* Adjustments made for miscellaneous non-operating expenses.

(1) Business unit EPS is determined by dividing the adjusted operating income for each applicable business unit, less an allocation for tax and interest expenses, by the number of weighted-average diluted common shares outstanding. Net earnings for the Flooring Rest of World segment include the net earnings attributable to our intellectual property licensing business, which for purposes of determining bonus payouts are not weighted as heavily as net earnings attributable to the segment's commercial operations.

Based on the Company's achievement of the Incentive Plan Financial Goals discussed above, our named executive officers earned the following annual incentive awards (see also the Non-Equity Incentive Plan column of the *Summary Compensation* table in this proxy statement):

	Performance Against Target	2017 Award Based on Incentive Plan Financial Goals
Jeffrey S. Lorberbaum	167%	\$ 1,760,837
Frank H. Boykin	150%	\$ 711,600
W. Christopher Wellborn	150%	\$ 1,369,350
Bernard P. Thiers	150%	\$ 743,794
Brian M. Carson	147%	\$ 697,701

Long-Term Incentive Plan

Similar to the Annual Incentive Plan, no awards would have been granted under the Executive LTIP in 2017 unless the Company achieved positive adjusted consolidated operating income for 2016. Having achieved this threshold, the Compensation Committee determined the number of RSUs to grant to the named executive officers based on (i) the Company's stock performance over a three-year (2014-2016) period as compared to peer companies (TSR Component) and (ii) business unit performance in 2016 (Business Unit Component), each as described below. The awards granted under the Executive LTIP vest ratably over the three-year period following the grant date, which is the minimum vesting period for time-based awards required by the 2012 Incentive Plan. The *Grants of Plan-Based Awards* table included in this proxy statement shows the actual number of Executive LTIP awards that each of our named executive officers received in 2017.

TSR Component. The financial goals for determining the number of stock awards granted in 2017 for the TSR Component were based on total shareholder return (TSR) over a three-year period (2014-2016) as compared to a group of peer companies. We selected these peer companies on both a revenue and market capitalization basis, as well as companies involved in businesses, products or channels of distribution similar to ours. The peer companies included:

Armstrong World Industries Inc.	Owens Corning
Herman Miller, Inc.	The Sherwin-Williams Company
HNI Corporation	Snap-on Incorporated
Interface, Inc.	Steelcase, Inc.
Leggett & Platt, Incorporated	Stanley Black & Decker, Inc.
Lennox International, Inc.	Tempur Sealy International Inc.
Louisiana Pacific Corp.	Universal Forest Products, Inc.
Masco Corporation	USG Corporation
Newell Rubbermaid Inc.	Whirlpool Corporation

For stock awards granted in 2018, the peer group will be replaced with the S&P 500, which the Compensation Committee believes is a better measurement index for the Company's performance.

To determine awards in 2017, the Compensation Committee assigned each participant a target number of stock awards (based on a percentage of 2016 base salary), which would be awarded should the Company achieve TSR at the 50th percentile of the peer group. The number of restricted stock units awarded is based on a value ranging from 50% to 175% of the target number subject to achieving TSR between the 25th and 75th percentile of the peer group. Calculations between the various performance levels are linear (which means they were determined using straight line interpolation). The number of stock awards ultimately granted was determined by dividing the named executive officer's award value by the average daily closing prices for the Common Stock for the last thirty (30) consecutive trading days from and including February 10, 2017 (which is the date that is 5 days before the February 2017 Compensation Committee Meeting). The target opportunity for awards made in 2017 was the same for each named executive officer as the target opportunity for awards made in 2016.

The Company achieved the TSR at the 44th percentile of the peer group for awards granted in 2017, which resulted in 89% of target TSR Component RSUs awarded, as set forth in the table below:

	Percentage of Base Salary Earned in RSUs				RSUs at 44th
	TSR Below	TSR at 25th	TSR at 50th	TSR at 75th	
	25th Percentile	Percentile	Percentile	Percentile	
Jeffrey S. Lorberbaum	0%	60%	120%	210%	5,831
Frank H. Boykin	0%	45%	90%	158%	2,356
W. Christopher Wellborn	0%	60%	120%	210%	5,038
Bernard P. Thiers	0%	45%	90%	158%	2,181
Brian M. Carson	0%	45%	90%	158%	2,366

Business Unit Component. The financial goals for determining the number of stock awards granted in 2017 for the Business Unit Component were based on Business Unit EPS targets for 2016. The Compensation Committee assigned each participant a target number of stock awards (based on a percentage of 2016 base salary), which would be awarded should the applicable Business Unit achieve the target EPS. The number of restricted stock units awarded is based on a value ranging from 0% to 200% of the target number in the case of Messrs. Lorberbaum and Wellborn and 0% to 175% of the target number in the case of all of the other named executive officers. The threshold, target and maximum opportunities for 2016 business unit performance were the same as the 2015 opportunities. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation).

Business Unit Opportunity (Percentage of Base Salary)*

	Threshold	Target	Maximum
Jeffrey S. Lorberbaum	0%	30%	60%
Frank H. Boykin	0%	30%	53%
W. Christopher Wellborn	0%	30%	60%
Bernard P. Thiers	0%	30%	53%
Brian M. Carson	0%	30%	53%

* Subject to Maximum Pool Award

For 2016, the Compensation Committee established the following Business Unit EPS Goals to guide the Compensation Committee's exercise of discretion in determining actual RSU awards in 2017 under the Business Unit Component of the long term incentive plan. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). For the Presidents of the Flooring North America and Flooring Rest of World segments (Messrs. Carson and Thiers), the Incentive Plan Financial Goals consisted of the Company EPS and business unit EPS (collectively weighted at 25% and 75%).

2016 Business Unit EPS Goals

	Company EPS	Flooring North America EPS(1)	Flooring Rest of World EPS(1)
Threshold	\$ 10.09	\$ 3.43	\$ 2.80
Target	\$ 11.05	\$ 3.65	\$ 3.04
Maximum	\$ 11.85	\$ 4.00	\$ 3.25
2016 Performance	\$ 12.61*	\$ 4.01	\$ 3.78

* Adjustments made for miscellaneous non-operating expenses.

(1) Business unit EPS is determined by dividing the adjusted operating income for each applicable business unit, less an allocation for tax and interest expenses, by the number of weighted-average diluted common shares outstanding. Net earnings for the Flooring Rest of World segment include the net earnings attributable to our intellectual property licensing business, which for purposes of determining bonus payouts are not weighted as heavily as net earnings attributable to the segment's commercial operations.

Based on the Company's achievement of the Business Unit targets discussed above, our named executive officers earned the following Business Unit RSUs as set forth in the table below. The number of stock awards ultimately granted was determined by dividing the named executive officer's award value by the average daily closing prices for the Common Stock for the last thirty (30) consecutive trading days from and including February 10, 2017 (which is the date that is 5 days before the February 2017 Compensation Committee Meeting).

	Performance Against Target	2017 RSUs Based on Business Unit EPS
Jeffrey S. Lorberbaum	200%	3,275
Frank H. Boykin	175%	1,544
W. Christopher Wellborn	200%	2,830
Bernard P. Thiers	175%	1,429
Brian M. Carson	175%	1,550

For the compensation year beginning on January 1, 2018, the Compensation Committee modified the Executive LTIP by adding a fixed component to the plan. Similar to the Executive LTIP in 2017, the Compensation Committee will continue to establish target awards of restricted stock units (based on a percentage of a participant's salary) to each participant based on the achievement of two business performance components: the TSR Component and Business Component. At the beginning of the compensation year the Compensation Committee will designate a portion of the target opportunity as fixed and a portion of the opportunity as variable. The fixed portion of the award does not depend on personal, company or business unit performance. Rather, the fixed award will be granted to the participant as long as the participant is employed by the Company on the date of the grant. The variable portion of the award will continue to fluctuate depending on the actual performance of the Company against the pre-determined business goals. Fixed and variable awards will continue to vest ratably over a three-year period. The Compensation Committee believes that adding a fixed component to the Executive LTIP enhances the Company's ability to retain its top executives and aligns with market practice.

Perquisites and Other Executive Benefits

Perquisites and other executive benefits are a part of our executives' overall compensation and include access to health care and other benefits. We offer additional executive perquisites at the senior leadership level, including defined contribution matching benefits, health benefits and life insurance coverage benefits as referenced in the *Summary Compensation Table*.

Retirement Benefits and Deferred Compensation

Retirement benefits also fulfill an important role within our overall executive compensation objective because they provide a financial security component that promotes retention. We maintain the Mohawk Industries Retirement Savings Plan 2, a 401(k) retirement plan in which our named executive officers are eligible to participate, along with a substantial number of our employees.

We also maintain the Mohawk Industries, Inc. Senior Management Deferred Compensation Plan under which a select group of management or highly compensated employees, including our named executive officers, may elect to defer up to 25% of their pre-tax earnings and up to 100% of their year-end bonus payments and receive tax-deferred returns on those deferrals. The account balances in this plan are unfunded, and the participants have previously earned and voluntarily elected to defer these amounts in order to accumulate tax-deferred returns. We do not match contributions to the plan. Plan participants can allocate their account balances among the same investment options available under our qualified contribution retirement plan (other than investments in Company stock), which also accumulate on a tax-deferred basis.

Severance Pay Arrangements

Our named executive officers participate in our general employee severance plan which provides a specified number of weeks of severance pay based on continuous service time to the Company and the reason for termination of employment. Our named executive officers, other than Mr. Wellborn and Mr. Thiers, are employees at-will and do not have long-term contracts with us. See *Employment Agreements with Named Executive Officers* for a description of our agreements with Mr. Wellborn and Mr. Thiers, including severance benefits provided thereunder and *Potential Payments Upon Termination or Change in Control* for a quantification of the severance benefits.

Stock Ownership Guidelines and Hold Periods

Stock ownership guidelines are reviewed annually as part of the compensation planning process. The stock ownership goals for our executive officers are based on a multiple of the executive's annual base salary. The ownership multiple for our CEO and COO is three times annual base salary, for our CFO and business segment leaders is two times annual base salary and for our other key position holders is one times annual base salary.

Stock ownership guidelines provide that each executive is expected to meet this goal within five years of his or her initial participation in the Executive LTIP. In addition, our directors are expected to own three times their annual retainer within five years of their election. For purposes of our stock ownership guidelines, ownership includes shares of Common Stock, unvested RSUs and in-the-money options subject to time vesting. The stock ownership guidelines may require directors and executives to continue to hold awards or shares of Common Stock after the applicable vesting periods have expired.

As of March 16, 2018, all of our directors and executive officers have met their requirements.

Policy on Hedging Transactions

The Company believes that hedging against losses in the Company's shares by the Company's leadership breaks the alignment between stockholders and management. Moreover, the Company is concerned that engaging in derivative transactions with respect to the Company's securities may focus management attention on short-term performance and may enhance the risk that members of management knowingly or unknowingly trade in the Company's securities while in the possession of material non-public information. Accordingly, the Company has adopted a policy that prohibits directors and officers from engaging in a variety of hedging transactions with respect to the Company's common stock, including short sales, short sales against the box, and buying or selling put or call options.

Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code (Section 162(m)) places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any one of our named executive officers. Prior to enactment of the Tax Cuts and Jobs Act of 2017 (the Tax Act), this limitation did not generally apply to compensation paid to the chief financial officer or to qualifying performance-based compensation if certain requirements were met. The Company's incentive plans for 2017 and prior years were designed to allow the Compensation Committee to grant equity awards that may qualify for the performance-based compensation exemption from Section 162(m). Also, to maintain flexibility in compensating our executives, the Compensation Committee reserved the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believed that such payments were appropriate. Accordingly, certain components of our executive compensation program for 2017 and prior years were designed to be qualifying performance-based compensation under Section 162(m) while others were not. A number of requirements must be met for particular compensation to so qualify, however, so there can be no assurance that any compensation awarded will be fully deductible under all circumstances.

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers, including our chief financial officer, in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Despite the Compensation Committee's efforts to structure certain of our incentive plans and awards to be exempt from Section 162(m) and therefore not subject to its deduction limits, there can be no assurance that these awards will be fully deductible because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit. In addition, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Compensation Risk Review

We have assessed the incentive compensation policies and practices for our employees and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. The Company's compensation policies and practices were evaluated to ensure that they do not foster risk-taking above the level of risk associated with the Company's business model.

EXECUTIVE COMPENSATION

Decisions and recommendations regarding the compensation of our executives are made by a three-member Compensation Committee composed entirely of independent directors, as determined by the Board of Directors. The following is a report of the Compensation Committee concerning our executive compensation policies for 2017.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of the Company on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management of the Company the *Compensation Discussion and Analysis* included in this proxy statement and based on such review and discussions recommended to the Board of Directors that the *Compensation Discussion and Analysis* be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC.

Employment Agreements with Named Executive Officers

On November 4, 2009, the Company entered into an employment agreement with Mr. Wellborn (the *Wellborn Agreement*) that reflects his expanded responsibilities as President and Chief Operating Officer of the Company. Pursuant to the terms of the employment agreement, Mr. Wellborn received a base salary of \$1,014,333 in 2017 (which may be increased from time to time by the Board of Directors). Mr. Wellborn is also eligible to earn an annual bonus of up to 135% of his base salary. Additionally, on November 4, 2009, the Company granted to Mr. Wellborn 90,000 RSUs. Subject to certain vesting conditions, 15,000 of such RSUs are scheduled to vest and convert to shares of Common Stock on October 31 of each year from 2014 through 2019. On November 5, 2010, Mr. Wellborn received a grant of an additional 60,000 RSUs pursuant to his employment agreement, which subject to certain vesting conditions are scheduled to vest and convert to shares on December 31, 2019.

In the event that Mr. Wellborn is terminated without cause or resigns for good reason, Mr. Wellborn will be entitled to (i) accrued base salary through the date of termination, (ii) the continuation of his base salary for a two-year period following the termination, (iii) continued participation in employee benefit plans for a two-year period following the termination, and (iv) 90% of the base salary for the year in which the termination occurs (to be paid once during each of the two fiscal years following the year in which the termination occurs) in lieu of an annual bonus. In addition, (i) Mr. Wellborn's previously granted stock options will immediately vest and become fully exercisable if Mr. Wellborn is terminated without cause or resigns for good reason, and (ii) the RSUs scheduled to vest for the year in which the termination occurs will vest, subject to proration for terminations before calendar year end. In the event of a change of control of the Company in which the successor does not assume the obligations under the *Wellborn Agreement*, Mr. Wellborn will be entitled to the payments and benefits as if he had resigned for good reason. In addition, in the event of a change of control, all of Mr. Wellborn's outstanding stock awards will vest or convert to shares, as applicable. Further, Mr. Wellborn is prohibited from competing with the Company or soliciting employees of the Company for five years following his separation from the Company. The *Wellborn Agreement* expires on December 31, 2019.

On February 9, 2009, the Company's Unilin Industries BVBA subsidiary and Comm. V. Bernard Thiers entered into a service agreement (the *Thiers Service Agreement*) pursuant to which Mr. Thiers provides his services to the Flooring Rest of World segment. The 2009 agreement was renewed on March 11, 2014. Pursuant

to the agreement, Mr. Thiers received an annual base amount of \$661,310 (551,000) in 2017 and an annual retainer amount of \$44,647 (37,200). Mr. Thiers is also eligible for an annual bonus of up to 112.5% of the base amount. Unilin will reimburse all reasonable expenses incurred for services rendered to the Flooring Rest of World segment. The Thiers Service Agreement restricts Mr. Thiers from providing services to competing companies or soliciting employees or customers for two years following termination. The initial term of the renewed agreement expires on December 31, 2018. The agreement may be terminated (i) by the Company for serious cause at any time without liability, (ii) by the Company at any time other than for serious cause with payment to Mr. Thiers of 1.85 times his annual base amount or (iii) by the Company on 22 months notice. Pursuant to agreements dated March 7, 2014, March 9, 2015, March 1, 2016, March 7, 2017 and March 5, 2018 between the Company and Mr. Thiers, Mr. Thiers has agreed not to transfer any shares of Common Stock issued to Mr. Thiers upon the vesting of restricted stock units granted to Mr. Thiers on the agreement dates for a period of two years following the vesting dates.

(3) Includes amounts of employee contributions representing compensation earned and deferred in prior years that were reported in the Summary Compensation Table for the year in which earned or would have been so reported if the officer had been a named executive officer in such year.

The Senior Management Deferred Compensation Plan is a nonqualified deferred compensation plan pursuant to which certain members of senior management of the Company, including the named executive officers, may elect to defer up to 25% of their annual base salary and up to 100% of their incentive cash bonus. Deferral elections are due before January 1 of each year, and are irrevocable. The Company directs a trustee to invest the assets which are held in an irrevocable rabbi trust. In order to provide for an accumulation of assets comparable to the contractual liabilities accruing under the plan, the Company may direct the trustee in writing to invest the assets held in the trust to correspond to the hypothetical investments made for participants in accordance with their direction. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds in which the assets are invested. The participant must make an election regarding payment terms at least twelve (12) months before payment, which may be either a lump sum, or annual installments of from two (2) to ten (10) years. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit. All accounts would be immediately distributed upon a change in control of the Company.

Potential Payments upon Termination of Employment or Change in Control

Each of our named executive officers, other than Messrs. Wellborn and Thiers, are entitled to participate in the Company's severance plan that is available to all employees. In addition, as described above under *Employment Agreements with Named Executive Officers* the Company is party to an employment agreement with Mr. Wellborn and a service agreement with Mr. Thiers, each of which specify the payments and benefits to which such executives are entitled upon a termination of employment for specified reasons.

The following table shows the estimated value of benefits payable to each of the named executive officers (i) if their service had been terminated under various circumstances as of December 31, 2017, or (ii) upon a change in control of the Company as of December 31, 2017. The amounts shown in the table exclude accrued but unpaid base salary, unreimbursed employment-related expenses, accrued but unpaid vacation pay (which payments and reimbursements would be made to all salaried employees), distributions under our 401(k) retirement plan (which plan is generally available to all of our salaried employees), payments under the Company's severance plan (which plan is generally available to all of our salaried employees), and the value of equity awards that were vested by their terms as of December 31, 2017. The table also excludes the named executive officers' vested account balances under the Senior Management Deferred Compensation Plan (the estimated value of which is reflected above under *2017 Nonqualified Deferred Compensation*).

(1) Reflects for Mr. Wellborn (i) two times his 2017 base salary, which would be payable over two years following termination, and (ii) 90% of his base salary for 2017 less the amount that the Company contributed to Mr. Wellborn's 401(k) account during 2017 (to be paid once during each of the two fiscal years following the year in which the termination occurs). Reflects for Mr. Thiers, 1.85 times his 2017 base salary, payable in

a lump sum. For purposes of the table, we have assumed that the Company elects to terminate Mr. Thiers' employment immediately in exchange for the lump sum disclosed above. Mr. Thiers is not entitled to any continuation of benefits during the 22-month notice period.

(2) Reflects the cost to the Company, based on 2017 rates, of Mr. Wellborn's continued participation in the Company's employee benefit plans for two years following termination as required by his employment agreement.

(3) Reflects for Mr. Wellborn the value of his outstanding RSUs that would vest upon termination of service under the specified circumstances based on the closing market price of the Common Stock on December 29, 2017 (\$275.90). Of the 90,000 RSUs granted pursuant to Mr. Wellborn's employment agreement that remain outstanding, 61,250 of such RSUs would vest in the event of an involuntary termination and 60,000 of such RSUs would vest in the event of death or disability as of December 31, 2017. In addition, 27,112 RSUs granted to Mr. Wellborn in 2015, 2016 and 2017 would vest in the event of an involuntary termination, death or disability. All of the RSUs granted to Mr. Wellborn pursuant to his employment agreement vest upon a change in control of the Company. All of the other RSUs held by Mr. Wellborn may vest in connection with a change in control of the Company as further described in Note 4.

(4) Reflects the value of unvested options and RSUs that vest upon the designated event, in each case based on the closing market price of the Common Stock on December 29, 2017 (\$275.90). Pursuant to the 2007 Plan and the 2012 Plan, unvested stock options and RSUs vest upon a change in control, assuming in the case of the 2012 Plan that such awards are not assumed or otherwise equitably converted in connection with the change in control. If the awards are assumed or otherwise equitably converted in connection with the change in control, then the outstanding unvested stock options and RSUs granted under the 2012 Plan will vest if the executive's employment is terminated without cause or he resigns with good reason (as defined in the 2012 Plan) within one year following the change in control. Under each of the plans, unvested stock options and RSUs vest upon the executive's termination of employment due to death or disability.

(5) Reflects life insurance benefit equal to one times the then current annual salary and a disability benefit equal to \$20,000 per month until the executive reaches the age of 65. The Company does not provide life or disability insurance benefits to Mr. Thiers.

(6) Pursuant to the terms of the 2012 Incentive Plan, an executive participating in the plan is eligible for retirement upon reaching the age of 60 following 10 years of continuous service to the Company. Upon retirement, any RSUs held by the executive continue to vest on their normal terms subject to forfeiture if the executive competes with the Company during the vesting period. Mr. Lorberbaum, Mr. Boykin, Mr. Wellborn and Mr. Thiers are eligible for retirement.

CEO Pay Ratio

The following ratio compares the annual total compensation of our median-paid employee with the annual total compensation of Jeffrey S. Lorberbaum, our CEO. The pay ratio included below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K (the "pay ratio rule"). We selected October 1, 2017 as the date to identify our median employee. The compensation measure that we used to identify our median employee was base wages paid to all employees other than our CEO, as reflected in our payroll records. This compensation measure was consistently applied to all our employees included in the calculation. We annualized base wages for all full-time employees. We did not annualize base wages for part-time employees.

We have a total of 38,762 worldwide employees, 20,900 of which reside in the United States. We included 37,110 employees in our median employee analysis, excluding all of our employees located in each of Brazil (53), China (36), Czech Republic (229), Greece (7), India (5), Ireland (195), Kazakhstan (3), Latvia (18), Malaysia (792), Poland (170), Romania (31) and Ukraine (113). The total number of excluded employees was 1,652, which represents less than 5% of our total employee population. We used exchange rates in effect as of January 1, 2018, to convert compensation data from the local currencies in which it was paid into U.S. dollars.

We did not employ any statistical sampling or cost of living adjustments across the numerous jurisdictions in which we operate. After identifying the median employee, we calculated the annual total compensation for such employee using the same methodology we use for our named executive officers as set forth in the Summary Compensation Table in this proxy statement. The annual total compensation for fiscal year 2017 of our median employee was \$40,630 and the annual total compensation of our CEO was \$5,017,713. The resulting ratio of our median employee's pay to the pay of our CEO for 2017 is 1:123.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading *Compensation Discussion and Analysis*, our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic goals, business unit goals, corporate goals, and the realization of increased stockholder value. Please read the *Compensation Discussion and Analysis* for additional details about our executive compensation programs, including information about the 2017 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the Annual Meeting:

RESOLVED, that the Company's Stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the *Compensation Discussion and Analysis*, the executive compensation tables and related narrative executive compensation disclosure in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, they will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF PROPOSAL 3.

CORPORATE GOVERNANCE

General

The Board of Directors and the Governance Committee consider the experience, skills and characteristics of candidates for Board membership as well as each Board member on an annual basis. The Board and the Committee consider diversity in this process, and in this regard seek the most capable directors and candidates who possess the appropriate characteristics, skills and experience to make a significant contribution to the Board, the Company and its stockholders. The Board considers gender, race, nationality, language skills and other personal characteristics in this process.

The Company's Board of Directors is well qualified, and each director has the requisite experience, skills and characteristics to serve on the Board. Among or in addition to the backgrounds and experiences described in *Director, Director Nominee and Executive Officer Information* :

Mr. Lorberbaum, our Chairman and CEO, brings over 30 years of management and executive experience in the flooring industry and is a significant stockholder.

Mr. Wellborn, our President and Chief Operating Officer, brings over 30 years of experience in the manufacturing and finance sectors, with approximately 20 years as an executive in the flooring industry.

Mr. Balcaen brings over 30 years of management and executive experience in the flooring industry, specifically in the European LVT, vinyl and carpet industries.

Dr. Bogart brings broad executive experience, including in the consumer products sector and in Asia, with domestic and multi-national public and private companies in various industries, together with service on another public company board of directors.

Mr. Bruckmann brings significant experience in corporate finance and capital markets, together with service on other public company boards of directors.

Mr. Ill brings over 45 years of public company experience in management, manufacturing and operations, with approximately 20 years of experience as a director of public companies.

Mr. Onorato brings significant executive and financial experience with public, global manufacturing companies, including service as both a Chief Financial Officer and as a Treasurer, together with service on another public company board of directors.

Edgar Filing: MOHAWK INDUSTRIES INC - Form DEF 14A

Mr. Runge has extensive experience working with companies to transform operations, catapult growth and accelerate results. Working as an independent advisor, he has served in CFO, COO, CEO and Controller roles in the manufacturing, distribution and service industries.

The Board of Directors has determined that a combined Chairman and Chief Executive Officer position is most appropriate for the Company at this time. Mr. Lorberbaum has served in this combined role since 2004. The Board of Directors believes that Mr. Lorberbaum, who is also a significant stockholder of the Company, has efficiently conducted the business and affairs of the Company and believes that he has provided effective leadership and guidance as the Chairman in the management of the Company's risk profile and pursuit of its strategic goals. The Board of Directors does not have one independent lead director; rather, the Board has determined that each of the three independent chairs of the Audit, Compensation and Governance Committees will also provide Board leadership by presiding at the Board's executive sessions on a rotating basis.

Each member of the Board of Directors is required to submit his or her resignation to the Board of Directors upon the expiration of the term of service in which his or her 75th birthday occurs. Similarly, each director is required to submit his or her resignation upon a failure to receive a majority of the votes cast in any uncontested election for which they are a nominee. In each case, the Board of Directors is not required to accept such resignation, and the Board of Directors will consider a variety of factors when determining whether any director might continue his or her service on the board.

The Board of Directors provides oversight of the financial, operational, legal and other business risks to the Company on an ongoing basis. Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including economic, financial, cybersecurity, legal and regulatory risks and others, such as the impact of competition. Management is responsible for the day-to-day management of the risk that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the Company's risk management processes are adequate and functioning as designed.

While the Board is ultimately responsible for risk oversight, the Audit Committee has primary responsibility for the financial, legal, cybersecurity and other operational risks, and the Compensation Committee assesses the risks associated with our compensation practices. Each of the Committees routinely reports to the full Board on material issues considered by such Committee, which may include issues of risk.

Nomination Process for the Board of Directors

The Governance Committee evaluates candidates for the Board of Directors identified by its members, other Board members, as well as the Company's management and stockholders. The Governance Committee from time to time may also retain a third-party executive search firm to identify qualified candidates for membership on the Board of Directors. A stockholder who wishes to recommend a prospective nominee for consideration by the Governance Committee should follow the procedures set forth below under *Stockholder Proposals*.

Once the Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the Governance Committee may consider among other things, the following criteria: the ability of the prospective nominee to represent the interests of the stockholders; the prospective nominee's standards of integrity, commitment and independence of thought and judgment; the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties; the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the Board of Directors; and the extent to which the prospective nominee helps the Board of Directors reflect the gender, racial, ethnic and global diversity of the Company's stockholders, employees and customers.

After completing the evaluation, the Governance Committee makes a recommendation to the Board of Directors.

As required by the Securities and Exchange Commission rules, the tables above present a reconciliation of the Company's non-GAAP financial measures to the most directly comparable US GAAP measure. Each of the non-GAAP measures set forth above should be considered in addition to the comparable US GAAP measure, and may not be comparable to similarly titled measures reported by other companies. The Company believes the above non-GAAP profitability measures, when reconciled to the corresponding US GAAP measure, help its investors in understanding the long-term profitability trends of the Company's business and in comparisons of its profits with prior and future periods.

The Company excludes certain items from its non-GAAP profitability measures because these items may not be indicative of, or are unrelated to, the Company's core operating performance. Items excluded from the Company's non-GAAP profitability measures include: restructuring, acquisition and integration-related and other costs, legal settlements and reserves, tradename impairments, acquisition purchase accounting (inventory step-up), release of indemnification assets and the reversal of uncertain tax positions.
