**Voting**

## Edgar Filing: IRIDEX CORP - Form DEF 14A

Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder. Holders of Common Stock are the only security holders of the Company entitled to vote at the Annual Meeting. The stockholders may not cumulate votes in the election of directors.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For instructions on how to vote, please refer to the instructions below and those included on your proxy card or Internet Notice or, for shares held beneficially in street name, the voting instructions provided to you by your broker, trustee or nominee.

**By mail** Stockholders of record of Common Stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. IRIDEX stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instructions provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

**By Internet** Stockholders of record of Common Stock may submit proxies online by following the **Vote by Internet** instructions on their proxy cards or Internet Notice until 1:00 a.m., Central time, on June 13, 2018. Most IRIDEX stockholders who hold shares beneficially in street name may vote by accessing the web site specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for Internet voting availability.

**By telephone** Stockholders of record of Common Stock who live in the United States or Canada may submit proxies by following the **Vote by Telephone** instructions on their proxy cards until 1:00 a.m., Central time, on June 13, 2018. Most IRIDEX stockholders who hold shares beneficially in street name may vote by phone by calling the number specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for telephone voting availability.

#### **Revocability of Proxies**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (a) delivering to the Company at its principal offices to the attention of the Company's Chief Financial Officer a written notice of revocation or a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

#### **Solicitation of Proxies**

The cost of this solicitation will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or other electronic means. We have engaged The Proxy Advisory Group, LLC, to assist in the solicitation of proxies and provide related advice and informational support, for an estimated fee of \$16,000 plus customary reimbursements.

#### **Quorum; Abstentions; Broker Non-Votes**

Votes cast by a properly submitted proxy card, by telephone, by the Internet or in person at the Annual Meeting will be tabulated by the Inspector of Elections (the **Inspector**). Holders of a majority of shares entitled to vote must be present at the meeting, represented by a properly submitted proxy card, voted by telephone or voted by the Internet in order for a quorum to exist. Except with respect to Proposal One, the Election of Directors, which will be decided by a plurality vote of the votes duly cast at a duly held meeting at which a quorum is present, the affirmative vote of a majority of the votes duly cast at a duly held meeting at which a quorum is present is required under Delaware law and the Company's Bylaws for approval of all Proposals presented to stockholders.

Shares that are timely voted by telephone, the Internet or a properly dated, executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) FOR the election of the nominees for directors set forth herein; (ii) FOR the ratification of BPM LLP as the independent registered public accounting firm of the Company for fiscal year 2018 ending December 29, 2018; (iii) FOR the approval, on an advisory or non-binding basis, of the compensation of the Company's named executive officers; (iv) FOR the amendment of the 2008 Equity Incentive Plan; and (v) in the proxy holder's discretion, upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

Pursuant to Delaware law, the Inspector will treat shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum and as shares entitled to vote (the Votes Cast) on the subject matter at the Annual Meeting with respect to such matter. With respect to broker non-votes, although broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

If you hold your shares through a broker, bank or other nominee and you do not instruct them how to vote, your broker, bank or other nominee may have authority to vote your shares on your behalf. If you hold your Common Stock through a broker and you do not instruct your broker how to vote on Proposals 1, 3 and 4, it will be considered a broker non-vote and no votes will be cast on your behalf with respect to such Proposal(s). Your broker will continue to have discretion to vote any uninstructed shares on Proposal 2, the ratification of the appointment of the Company's independent registered public accounting firm.

#### **Deadline for Receipt of Stockholder Proposals to be Presented at the Next Annual Meeting**

Stockholders of the Company may submit proposals on matters appropriate for stockholder action at meetings of the Company's stockholders, including nominations for the election of directors, in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). All proposals by any stockholder to be presented at the 2019 Annual Meeting of Stockholders must be received by the Company at its principal executive offices, attention: Secretary, no later than January 4, 2019 and must otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of stockholders. To be properly brought before an annual meeting of stockholders outside the processes of Rule 14a-8, notice of nominations for the election of directors or other business proposals must be delivered in writing to the Secretary of the Company at the principal executive offices of the Company no less than 45 days, nor more than 120 days, prior to the date on which the Company first mailed its proxy materials for the prior year's annual meeting. However, in the event that the date of the 2019 Annual Meeting of Stockholders is advanced by more than 30 days or delayed by more than 30 days (other than as a result of adjournment) after the one year anniversary of the 2018 Annual Meeting of Stockholders, notice by a stockholder to be timely must be delivered in writing not later than the close of business on the later of (i) the 60th day prior to such annual meeting or (ii) the 10th day after the day on which a public announcement of the date of such meeting is first made.

If a stockholder intends to submit a proposal at the Company's 2019 Annual Meeting of Stockholders which is not eligible for inclusion in the proxy statement relating to the meeting, and the stockholder fails to give the Company notice of the proposal on or prior to January 4, 2019 and in accordance with the requirements set forth in the Exchange Act, then the proxy holders will be allowed to use their discretionary authority with regard to

proxies delivered in connection with the 2019 Annual Meeting of Stockholders when and if the proposal is raised at the Company's 2019 Annual Meeting.

The Board has determined that, with the exception of Mr. Moore, who is the President and Chief Executive Officer of the Company, all of its members are independent directors as defined in the listing standards of The Nasdaq Stock Market.

**Board Leadership Structure and Oversight of Risk Management**

In August 2012, the Board determined that Mr. Moore, the Chairman of the Board, also should serve as our President and Chief Executive Officer. We believe that Mr. Moore's service as both Chairman of the Board and Chief Executive Officer puts him in the best position to execute our business strategy and business plans to maximize stockholder value. Our bylaws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate and the Board believes that combining the positions is the appropriate leadership structure for the Company at this time. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board leads the Board in its fundamental role of providing advice to and oversight of management, sets the agenda for Board meetings and presides over meetings of the full Board.

The Board has appointed Ruediger Naumann-Etienne, Ph.D. as the Lead Independent Director. The Board believes that maintaining a Lead Independent Director position held by an independent director ensures that our outside directors remain independent of management and provide objective oversight of our business and strategy. The Lead Independent Director chairs Board meetings during any sessions conducted as executive sessions without employee directors or other employees being present, and also consults with the Chairman and Chief Executive Officer and the Chief Financial Officer on business issues. Other responsibilities of the Lead Independent Director include: preside at all Board meetings at which the Chairman is not present; provide input to the Chairman, as is necessary or appropriate, with respect to the agendas for meetings of the Board and its committees; call meetings of independent directors, as necessary; preside at executive sessions of independent directors; communicate feedback from executive sessions of independent directors to management and/or the Chairman; advise the Chairman with respect to the quality, quantity and timeliness of the flow of information from Company management to the independent directors as is necessary or appropriate for the independent directors to effectively and responsibly perform their duties; advise the Chairman on the retention of advisors and consultants who report directly to the Board; be available for consultation and communication with significant stockholders, as reasonably requested; with the Chairman, coordinate the assessment of Board Committee structure, organization, and charters, and evaluate the need for any changes; coordinate, with the Compensation Committee, the performance evaluation of the Chairman; receive messages from stockholders wishing to communicate directly with the non-management directors and facilitate an appropriate response; participate in Board candidate interviews, as appropriate; facilitate discussions among independent directors on key issues and concerns outside of Board meetings; and have such other duties as the Board may delegate to assist in meeting its responsibilities.

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee

focuses on financial risk, including internal controls. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. The Nominating and Governance Committee oversees risks relating to our Board composition.

### **Board Meetings and Committees**

The Board held a total of seven meetings during fiscal year 2017 ended December 30, 2017. Other than as described below, no directors serving during fiscal 2016 attended fewer than 75% of the aggregate of all meetings of the Board and fewer than 75% of the aggregate of all meetings of the committees of the Board upon which such director served. Ms. Rhoads joined the Compensation Committee and Audit Committee in July, 2017. Ms. Rhoads did not attend any Compensation Committee or Audit Committee meetings as a committee member prior to the date that she joined the committee.

#### *Board Committees*

During fiscal year 2017, the Board had three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee.

*Audit Committee.* The Audit Committee of the Board consists of Mr. Fitch, Dr. Naumann-Etienne and Ms. Rhoads. Mr. Fitch has served as the Chairman of the Audit Committee. The Audit Committee held five meetings during the last fiscal year. The Board has determined that each member of the Audit Committee is independent as defined under the listing standards of The Nasdaq Stock Market and that Mr. Fitch is an audit committee financial expert as defined in rules of the Securities and Exchange Commission (the "SEC"). Among other things, the Audit Committee reviews and advises the Board regarding the Company's accounting matters and is responsible for appointing and overseeing the work of the independent registered public accounting firm, pre-approving audit and non-audit services to be provided by the independent registered public accounting firm, and reviewing and evaluating the accounting principles being applied to the Company's financial reports. The Audit Committee has adopted a written charter approved by the Board, which was amended in April 2009, a copy of which is available on our website at [www.iridex.com](http://www.iridex.com).

*Compensation Committee.* The Compensation Committee of the Board consists of Mr. Bruce and Mses. Rhoads and Sainz. Ms. Rhoads has served as the Chairperson of the Compensation Committee. The Compensation Committee held three meetings during the last fiscal year. The Board has determined that each member of the Compensation Committee is independent as defined under the listing standards of The Nasdaq Stock Market. Among other things, the Compensation Committee reviews and advises the Board regarding all forms of compensation to be provided to the officers, employees, directors and consultants of the Company. The Compensation Committee has adopted a written charter approved by the Board, which was amended in February 2014, a copy of which is available on our website at [www.iridex.com](http://www.iridex.com).

*Nominating and Governance Committee.* The Nominating and Governance Committee of the Board consists of Dr. Naumann-Etienne, Mr. Fitch and Ms. Sainz. Dr. Naumann-Etienne has served as the Chairman of the Nominating and Governance Committee. The Nominating and Governance Committee held one meeting during the last fiscal year. The Board has determined that each member of the Nominating and Governance Committee is independent as defined under the listing standards of The Nasdaq Stock Market. Among other things, the Nominating and Governance Committee develops general criteria regarding the qualifications and selection of Board members and recommends candidates for election to the Board. It is the policy of the Nominating and Governance Committee to consider nominees for the Board submitted by the stockholders of the Company. For more information regarding the submission of nominees for the Board, see the discussion in "Corporate Governance Matters Process for Recommending Candidates for Election to the Board of Directors" below. The Nominating and Governance Committee has adopted a written charter approved by the Board, which was amended in April 2017, a copy of which is available on our website at [www.iridex.com](http://www.iridex.com).

#### **Attendance at Annual Stockholder Meetings by the Board of Directors**

The Company has adopted a formal policy regarding attendance by members of the Board at the Company's annual meeting of stockholders. The Company's policy is that it encourages, but does not require, directors to attend the Company's annual meeting of stockholders. Mr. Moore and Mr. Fitch attended the Company's 2017 Annual Meeting of Stockholders.

#### **Process for Recommending Candidates for Election to the Board of Directors**

The Nominating and Governance Committee is responsible for, among other things, determining the criteria for membership to the Board and recommending candidates for election to the Board. It is the policy of the Nominating and Governance Committee to consider recommendations for candidates to the Board from stockholders. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by timely submitting their proposals in writing to IRIDEX Corporation, Corporate Secretary, 1212 Terra Bella Avenue, Mountain View, CA 94043. In order to be included in the proxy statement for the 2019 Annual Meeting of Stockholders, stockholder proposals must be received by the Company no later than January 4, 2019, must be accompanied by the information required by the Company's Bylaws and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended.

The Company seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. Candidates should have substantial experience with one or more publicly traded national or multinational companies and should have achieved a high level of distinction in their fields. The Nominating and Governance Committee's general criteria and process for evaluating and identifying the candidates that it recommends to the full Board for selection as director nominees are as follows:

In its evaluation of director candidates, including the members of the Board eligible for re-election, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and considers (1) the current size and composition of the Board and the needs of the Board and the respective committees of the Board, (2) such factors as issues of character, judgment, diversity, age, expertise, business experience, length of service, independence, and other commitments, and (3) such other factors as the Nominating and Governance Committee may consider appropriate.

While the Nominating and Governance Committee has not established specific minimum qualifications for director candidates, the Nominating and Governance Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have qualifications that will increase overall Board effectiveness and (4) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

In evaluating and identifying candidates, the Nominating and Governance Committee has the authority to retain and terminate any third-party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any such firm.

With regard to candidates who are properly recommended by stockholders or by other means, the Nominating and Governance Committee will review the qualifications of any such candidate, which review may, in the Nominating and Governance Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Nominating and Governance Committee deems necessary or proper.

The Nominating and Governance Committee will apply these same principles when evaluating director candidates who may be elected initially by the full Board to fill vacancies or newly created directorships prior to the next annual meeting of stockholders at which directors are elected.

After such review and consideration, the Nominating and Governance Committee selects, or recommends that the Board select, the slate of director nominees, either at a meeting of the Nominating and Governance Committee at which a quorum is present or by unanimous written consent of the Nominating and Governance Committee.

Consistent with past practice, the Nominating and Governance Committee and the Board will continue to monitor and assess the size and composition of the Board and will consider the appointment of additional directors from time to time as appropriate to serve the best interests of the Company and its stockholders.

#### **Contacting the Board of Directors**

Any stockholder who desires to contact our Chairman of the Board or the other members of our Board may do so electronically by sending an email to the following address: BOD@iridex.com. Alternatively, a stockholder can contact our Chairman of the Board or the other members of the Board by writing to: Board of Directors, c/o Chairman of the Board, IRIDEX Corporation, 1212 Terra Bella Avenue, Mountain View, CA 94043. Communications received electronically or in writing will be distributed to the Chairman of the Board or the other members of the Board as appropriate depending on the facts and circumstances outlined in the communication received.

#### **Code of Business Conduct and Ethics**

The Company's policy is to conduct its operations in compliance with all applicable laws and regulations and to operate its business under the fundamental principles of honesty, integrity and ethical behavior. This policy can be found in the Company's Code of Business Conduct and Ethics, which is applicable to all of our directors, officers and employees. Such Code of Business Conduct and Ethics incorporates the Code of Ethics required by Section 406 of the Sarbanes-Oxley Act of 2002 and Item 406 of Regulation S-K. The Code of Business Conduct and Ethics also complies with the listing standards of The Nasdaq Stock Market.

The Code of Business Conduct and Ethics is designed to promote honest and ethical conduct, the compliance with all applicable laws, rules and regulations and to deter wrongdoing. The Code of Business Conduct and Ethics is also aimed at ensuring that information we provide to the public (including our filings with and submissions to the SEC) is accurate, complete, fair, relevant, timely and understandable. A copy of the formally adopted Code of Business Conduct and Ethics is available on our website at [www.iridex.com](http://www.iridex.com). We intend to disclose future amendments to certain provisions of the Code of Business Conduct and Ethics, or waivers of such provisions granted to directors and executive officers, on our web site at [www.iridex.com](http://www.iridex.com) pursuant to applicable requirements of the SEC and The Nasdaq Stock Market.

**PROPOSAL TWO****RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Introduction**

The Audit Committee has appointed BPM LLP ( BPM ), an independent registered public accounting firm, to audit the consolidated financial statements of the Company for fiscal year 2018 ending December 29, 2018, and recommends that stockholders vote for ratification of such appointment. Representatives of BPM are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Notwithstanding the approval of this selection by the stockholders, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year, if the Audit Committee feels that such a change would be in the best interest of the Company and its stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider its selection.

**PROPOSAL THREE**

**APPROVAL, ON AN ADVISORY OR NON-BINDING BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

**Introduction**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the Executive Compensation section of this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

As described in the section entitled Compensation Discussion and Analysis, our compensation philosophy with respect to our named executive officers is designed to attract, retain, motivate and reward highly qualified executives who contribute to the success of the Company and its stockholders. To achieve these goals, we seek to provide a comprehensive compensation package for each of our named executive officer that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform functions similar to those performed by the executives of the Company. Please read the Compensation Discussion and Analysis section of this Proxy Statement for additional information about our executive compensation programs, including information about the fiscal year 2017 compensation of our named executive officers.

**Non-Binding Vote To Approve Compensation of the Company's Named Executive Officers**

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices. Our Board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**Required Vote**

If a quorum is present, the affirmative vote of the holders of a majority of the shares present and entitled to vote is necessary to approve, on an advisory or non-binding basis, the compensation of the Company's named executive officers. See Information Concerning Solicitation and Voting Quorum; Abstentions; Broker Non-Votes.

We believe that our compensation programs and philosophy for our executive officers, described above and within the Executive Compensation section of this proxy statement, has been appropriately designed and operates to ensure management's interests are aligned with our stockholders interests to support long-term value creation.

This Compensation Discussion and Analysis provides information related to the fiscal year 2017 compensation program and related decisions for our named executive officers identified below. For fiscal year 2017, these individuals were:

### **Executive Compensation Program Philosophy and Process**

#### *Compensation Objectives and Philosophy*

The goal of our compensation program for our named executive officers is to attract, retain, motivate and reward highly qualified executives who contribute to the success of the Company and its stockholders. To achieve this goal we strive to provide a comprehensive compensation package for each of our named executive officers that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform functions similar to those performed by our executives.

To further these objectives, we seek to adhere to best practice for compensation and corporate governance purposes. These provisions protect our stockholders' interests, as follows:

#### *What We Do*

*Pay for Performance.* 77% of our CEO's and 70% of our CFO's fiscal year 2017 target compensation, including bonus and restricted stock unit and option awards, had its value linked directly to our financial and/or operating performance;

*Emphasize Long-Term Company Performance.* 68% of our CEO's and 58% of our CFOs fiscal year 2017 target compensation is in the form of equity that vests over four years;

Provide for double-trigger equity acceleration in connection with a change in control;

Employ a lead independent director;

Engage an independent compensation advisor; and

Conducted a comprehensive review of our executive compensation programs in fiscal year 2017 with the help of our independent compensation consultant.

#### *What We Don't Do*

No excessive perquisites awarded to Executive Officers;

No tax gross-ups upon a change in control; and

No hedging or pledging of Company securities by employees or directors.

***Compensation Setting Process***

*Role and Authority of the Compensation Committee.* The Compensation Committee establishes the overall executive compensation strategies of the Company and is responsible for approving compensation elements for our named executive officers. Among other things, the Compensation Committee reviews and advises the Board regarding all forms of compensation to be provided to the officers, employees, directors and consultants of the

Company. In addition, each named executive officer's individual compensation and eligibility for participation in the Company's annual cash bonus incentive program is reviewed by the Compensation Committee and adjustments are made based upon an assessment of individual performance and potential to enhance long-term stockholder value.

The Compensation Committee consists of Ms. Rhoads, Dr. Naumann-Etienne and Mr. Fitch. Ms. Rhoads serves as the chairperson of the Compensation Committee. Each member of the Compensation Committee is an independent member of the Board, and no members have interlocking relationships as defined by the SEC. The Compensation Committee may delegate its responsibilities to one or more of its members or to the Company's directors or to members of management, to the extent permitted by applicable law, and subject to such reporting to or ratification by the Compensation Committee as the Compensation Committee deems necessary or appropriate.

*Role of the Compensation Consultant.* The Compensation Committee has available to it such external compensation advice and data as the Compensation Committee deems appropriate. During fiscal year 2017, the Compensation Committee engaged the services of Willis Towers Watson, a compensation consulting firm. In fiscal year 2017, Willis Towers Watson provided the Compensation Committee with an analysis of industry sector competitive market data regarding named executive officer compensation, information on compensation trends, peer group and general market data, as well as assistance with the parameters used to determine the peer group, base salary, incentive plan design and the structure of our executive compensation program. During fiscal year 2017, Willis Towers Watson also provided general observations about our compensation programs.

Willis Towers Watson reports directly to the Compensation Committee. Willis Towers Watson interacted with management at the direction of the Compensation Committee but did not provide any other services for the Company or its management team in fiscal year 2017. Willis Towers Watson's fees were paid by the Company. In selecting Willis Towers Watson as its compensation consultant, the Compensation Committee takes into consideration 5605(d)(3)(D) of the listing standards of The Nasdaq Stock Market.

*Determination of NEO Compensation.* The Compensation Committee administers and determines the parameters of the executive compensation program. In carrying out its functions, the Compensation Committee seeks input from Willis Towers Watson, the independent compensation advisor to the Compensation Committee and our management (other than with respect to their own compensation).

Our CEO and Vice President of Human Resources presents to the Compensation Committee performance reviews and compensation recommendations for our NEOs. Our management team references the materials that Willis Towers Watson prepares for the Compensation Committee in developing named executive officer compensation recommendations for the Compensation Committee's consideration.

The Compensation Committee approves or, as appropriate, makes recommendations to our Board for approval of all compensation for our NEOs. In fiscal year 2017, the Board approved compensation plans, including the 2017 MBO Plan discussed below, in which our management team, including our named executive officers, were participants. In fiscal year 2017, all stock grants and other equity-related awards to our named executive officers were approved by the Compensation Committee.

#### ***Peer Group Data***

The Compensation Committee, with input from Willis Towers Watson, reviews the compensation practices at similarly situated companies that comprise our 2017 peer group. The characteristics and details around the 2017 peer group are listed below.

In 2017, the Compensation Committee considered the following peer group of companies for the purposes of assessing our executive compensation:

Glaukos Corporation	Cutera Inc.
LeMaitre Vascular, Inc.	STAAR Surgical Company
Entellus Medical, Inc.	Surmodics, Inc.
iRhythm Technologies, Inc.	Cogentix Medical, Inc.
BIOLASE, Inc.	AxoGen, Inc.
Bovie Medical Corporation	Invuity, Inc.
Misonix, Inc.	Viewray, Inc.

The Compensation Committee considered these companies to represent a reasonable peer group due to their similar size (based on revenue) and industry (via GICS codes for Healthcare Equipment and Healthcare Services), as well as secondary characteristics including market capitalization, historical total shareholder return, revenue growth rates, employee count, and beneficial ownership percentages, as well as business models and competitors for talent.

In addition, the Compensation Committee also reviews market data provided by Radford for companies with comparable revenue size to assess the competitiveness of our executive compensation programs.

Though its review of competitive market data of the peer group companies and the survey data informs its decisions, the Compensation Committee also applies its judgment in determining the pay levels of our named executive officers. Additional factors the Compensation Committee considers when making its compensation decisions include input from our management team, Company performance, individual performance and experience, each named executive officer's role and retention and incentive objectives.

#### ***Advisory Vote on Fiscal 2016 Named Executive Officer Compensation Say-on-Pay Vote***

In calendar 2017, stockholders were provided with the opportunity to cast an advisory (non-binding) vote (a say-on-pay proposal) on the compensation of our named executive officers for fiscal 2016. Our stockholders approved this say-on-pay proposal, with over 99% of votes cast voting in favor of our executive compensation program. Noting the results of this vote, for fiscal year 2017, the Compensation Committee retained our general approach to our executive compensation program, with a continued emphasis on rewarding our executive officers through compensation if they deliver value for our stockholders. The Compensation Committee considers input from our stockholders, as well as the outcome of our annual say-on-pay vote, when making executive compensation program decisions.

#### **Elements of Executive Compensation**

##### *Base Salary*

Base salary levels for the Company's executive officers are generally targeted to be competitive with companies in the same stage of development and in the same industry and geographic area. In determining salaries, the Compensation Committee also takes into account the Chief Executive Officer's recommendations, individual experience, contributions to corporate goals and the Company's performance.

We generally target executive base salaries between the 50th (median) to 60th percentile of the market benchmark for comparable positions with the expectation of individual variation based on other factors including but not limited to: experience, tenure, performance, time in role, strategic impact, and criticality to the business. Base salaries are reviewed annually to ensure competitiveness and alignment with the philosophy.

#### *Incentive Bonuses*

The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to achieve annual performance goals supporting the creation of stockholder value, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The Compensation Committee approved an incentive bonus plan for each of fiscal 2018, 2017 and 2016, which are described in further detail below.

Executive target annual incentive opportunities are set as a percent of salary and are generally targeted at the 50<sup>th</sup> percentile of market data.

#### *Equity Awards*

We provide long-term incentives to executives through a value-based grant of equity awards under the Company's 2008 Equity Incentive Plan (the "2008 EIP"). The value of the equity awards are based on a number of factors including corporate performance, individual criticality, competitive market data, the number of unvested shares held at the time of grant, the fixed total value for each executive, the available share reserve, and any other factors that the Compensation Committee may deem relevant.

Executive long-term incentive opportunities are generally targeted at the 50<sup>th</sup> percentile of market data.

Under our 2008 EIP, we retain flexibility in determining the appropriate types of equity awards to make up long-term incentive awards in any given year. The determination will be based on retention needs and strategic priorities for the company, as well as any other factors that the Compensation Committee may deem appropriate.

#### *Target Total Direct Compensation*

While we review each element of pay individually, ultimately, when making any pay decisions we consider target total direct compensation offered to executives. Target total direct compensation consists of the three primary pay elements offered (base salary, annual incentive at target levels, and long-term incentives).

Target total direct compensation is generally targeted at the 50th percentile of market data.

#### *Limited Perquisites; Other Benefits*

In general, perquisites and benefits offered to executives are consistent with those available to all employees (e.g., 401(k) plan and health, dental and life insurance benefits). We periodically review market data to ensure that the perquisites and benefits offered are market-competitive.

#### *Allocation Across Compensation Elements*

In determining how to allocate our named executive officers' target total direct compensation opportunity among these various elements, the Compensation Committee seeks to take into account market competitive practices for companies of a similar size and with a comparable business focus. Individual retention considerations specific to the individual are also factored in the Compensation Committee's final determination of target total direct compensation. Equity awards, which for fiscal year 2017 consisted of time-based RSU awards, represented the largest component of our named executive officers' total compensation opportunity. This approach was designed to encourage sustained, long-term performance and to ensure alignment of the interests of our named executive officers and our stockholders.

**Employment Agreement with Mr. Mokari**

In May 2016, the Company and Mr. Mokari entered into an offer letter, which provides that Mr. Mokari will receive an annualized base salary of \$325,000 and will be eligible to participate in the Company's Management By Objectives Plan (the MBO Plan). Awards under the MBO Plan are based upon the achievement of certain objectives specific to each MBO Plan participant. Pursuant to his offer letter, Mr. Mokari's bonus opportunity under the MBO Plan is equal to 30% of his annual base salary.

Mr. Mokari's offer letter also provides for (i) an award of restricted stock units (RSUs) covering 25,000 shares of the Common Stock which will be scheduled to vest over a period of 48 months with 1/4th of the total number of units subject to vesting on the first anniversary of Mr. Mokari's date of hire and 1/48th of the total number of shares vesting each month thereafter, provided that Mr. Mokari continues to be a service provider to the Company on each such date and (ii) an award of performance-based restricted stock units (PRSU) covering 40,000 shares of the Common Stock, which will become eligible to vest if the Company's stock price (measured based on the 60-day average stock price of a share of Common Stock) achieves one or more of the four specified stock price performance goals during the applicable performance period.

**Fiscal Year 2017 Executive Compensation****Base Salary**

We provide base salaries to our named executive officers to compensate them for their services rendered on a day-to-day basis. Our Compensation Committee typically reviews our executive officers' salaries during the second half of the fiscal year to be effective for the following fiscal year. The Compensation Committee considers various factors in setting salaries for our named executive officers, including their past and future expected performance, tenure, internal equity, retention objectives, criticality of their role in the organization, and market practices.

In late 2016, the Compensation Committee reviewed market data with the assistance of its compensation consultant and approved a base salary increase of \$15,000 for Mr. Moore and \$9,750 for Mr. Mokari. The Compensation Committee did not consider these changes to be material. In setting these salary amounts, the Compensation Committee considered the market data prepared by the compensation consultant, which indicated that each named executive officer's salary was above the median in comparison to, but generally in line with, the Company's peers.

The base salary for each named executive officer for fiscal year 2017 was as follows:

Named Executive Officer	Fiscal Year 2017 Base Salary
William M. Moore	\$ 450,000
Atabak Mokari	\$ 334,750

**Annual Incentive Bonuses**

We provide our named executive officers with the opportunity to earn annual cash incentive compensation based on the achievement of performance objectives that the Board and Compensation Committee believe are important for the Company's success over the shorter term and that are considered key to supporting the Company's longer term success. On March 7, 2017, the Board approved the Company's 2017 Management By Objectives Plan (the 2017 MBO Plan). Our CEO, CFO and all other vice presidents, corporate officers and other specified senior employees, in good standing, were eligible to participate in the 2017 MBO Plan. Awards under the 2017 MBO Plan are based upon the achievement of certain objectives specific to each 2017 MBO Plan participant.

Mr. Moore's awards under the 2017 MBO Plan were subject to the Company's achievement of annual revenue of \$55 million weighted at 49%, annual operating loss not to exceed \$8,421,000 weighted at 21%, and three strategic goals, each weighted at 10%, relating to a certain product roll-out, certain non-U.S. expansion efforts, and reduction of certain product costs. Mr. Mokari's awards under the 2017 MBO Plan were subject to the Company's achievement of annual Company revenue of \$55 million weighted at 42%, annual operating loss not to exceed \$8,421,000 weighted at 18%, and three strategic goals weighted at 17.5%, 15% and 7.5%, relating to certain transactional matters, investor relations, and compliance measures. For each of Messrs. Moore and Mokari, the revenue and operating loss goals combined were weighted at 70% and 60%, respectively, in order to emphasize key financial measures that would be indicative of the Company's business improvement and success. For each of the named executive officers, the revenue goal comprised 70% of the combined weighting of the two financial goals, which reflects the greater focus on a financial metric that the Compensation Committee and the Board believe to be appropriate given the Company's business and the stage of development of its various products and services.

With respect to the annual revenue goal, no portion of the bonus would become payable if revenue was achieved below \$50 million. Payout with respect to the portion of the bonus attributable to the revenue goal would be 50% if a threshold of \$50 million is achieved, and the maximum such payout would be 150% if annual revenue equal to or greater than \$60 million were achieved for fiscal year 2017. For all other performance goals, a proportionate amount of the bonus would become payable if the goal was partially achieved and the applicable portion of the goal would become payable at a maximum of 100% upon full achievement of the goal. The goals relating to the Company's annual revenue and operating loss under the 2017 MBO Plan were based on generally accepted accounting principles (GAAP).

The following table shows the target bonus opportunities under the 2017 MBO Plan for our named executive officers:

Named Executive Officer	Target Bonus	FY 2017 Target Bonus as Percentage of Base Salary	FY 2016 Target Bonus as Percentage of Base Salary
William M. Moore	\$ 225,000	50%	40%
Atabak Mokari	\$ 133,900	40%	30%

The maximum amount payable under the 2017 MBO Plan for our named executive officers was 123% of their target bonus opportunities. Upon completion of fiscal year 2017, the Compensation Committee reviewed the extent of performance with regard to each goal under the 2017 MBO Plan, and determined that the Company's annual revenue was \$41.6 million, annual operating loss was \$12.9 million, all of Mr. Moore's strategic goals were achieved, and all of Mr. Mokari's strategic goals were achieved.

Accordingly, the Compensation Committee approved (or for Mr. Moore, the Board approved) the following bonus amounts for the named executive officers under the 2017 MBO Plan:

Named Executive Officer	Actual Bonus Amount	Actual Bonus as Percentage of Base Salary
William M. Moore	\$ 67,500	15%
Atabak Mokari	\$ 53,560	16%

Each of the strategic goals to which Messrs. Moore and Mokari's bonuses were subject required the named executive officers to expend considerable time and effort during fiscal year 2017 to achieve with appropriate planning and follow-through. The strategic goals generally were not considered to be overly challenging such that the named executive officer could not achieve them, but the Compensation Committee and Board also did not expect significant underachievement with respect to the goals absent any unforeseen or extraordinary circumstances.

**Stock Grants/Awards**

We grant equity awards to our executive officers to more closely align the interests of our executive officers with those of our stockholders, while providing meaningful, long-term, incentive and retention value to our executive officers. We typically grant a mix of stock options and restricted stock units to executive officers. Grants of stock options provide high incentive value because the recipient will not benefit from the award unless our stock price appreciates following its grant. Restricted stock units also provide limited reward if our stock price does not appreciate, but generally delivers retention value, which the Compensation Committee believes appropriately balances the Company's objectives in providing executive compensation via equity awards. Equity awards granted to our executive officers also have a multi-year vesting schedule, thereby promoting the retention of our executive officers.

During the first half of fiscal year 2017, the Compensation Committee engaged its compensation consultant Willis Towers Watson to assist in the review of market data with respect to equity award practices among the Company's peers. Although the Company typically grants annual equity awards during the first quarter of the year, due to this review process and given that Willis Towers Watson was engaged by the Compensation Committee for the first time in fiscal year 2017, equity award grants were made to our named executive officers in July 2017. The grants were in a mix of 80% stock options and 20% restricted stock units (based on grant date value), as follows:

Named Executive Officer	Number of Shares Subject to Stock Options	Number of Shares Subject to Restricted Stock Units
William M. Moore	157,000	15,000
Atabak Mokari	63,000	6,000

Twenty-five percent of the equity awards are scheduled to vest on the one year anniversary of the grant date and one forty-eighth of the equity awards shall be scheduled to vest each month thereafter on the same day of the month as the grant date, subject to continued service through the applicable vesting dates. The Compensation Committee believed that reliance on stock options more heavily than restricted stock units generally was consistent with peer company practices and also appropriately emphasized the Company's pay for performance philosophy. While the Company had granted performance-based restricted stock units in fiscal year 2016, the Compensation Committee did not consider the performance-based awards as a regular or recurring part of the executive compensation program for fiscal year 2017. The Compensation Committee considered the performance-based restricted stock units in connection with a review of the named executive officers' overall unvested award holdings that indicates the retentive power of outstanding awards held by the individuals. In granting equity awards to our named executive officers in 2017, the Compensation Committee considered in particular the Company's historical equity award granting practices, the shares available for grant under the Company's 2008 Equity Incentive Plan, the CEO's input (other than with respect to himself), incentive and retention objectives, internal equity, the named executive officer's performance during the prior year, tenure, individual contributions, strategic importance of his role, and market data. The equity awards for fiscal year 2017 for our named executive officers generally approximated the 50<sup>th</sup> percentile of the Company's peer group, consistent with the Compensation Committee's desire to provide competitive pay in line with market practices.

Equity awards granted to our named executive officers and other employees during fiscal year 2017 are subject to the terms of the Company's 2008 Equity Incentive Plan. The per share exercise price of options granted under the 2008 Equity Incentive Plan must be no less than 100% of the fair market value of a share of Common Stock on the option's grant date. We do not time the grants of stock options or any other equity awards with the release of material, nonpublic information.

### **Target Total Direct Compensation**

In setting the various key elements of compensation for our named executive officers, the Compensation Committee typically also considers the individual's target total direct compensation, consisting of his salary, target cash bonus opportunity, and the grant date value of his equity awards, in aggregate. Reviewing the target total direct compensation for each individual provides the Compensation Committee with an overall perspective on the executive officer's primary compensation package. The target total direct compensation analysis is used as an additional factor to confirm that the executive compensation program remains competitive over time and provides appropriate incentive and retention value. For fiscal year 2017, the Compensation Committee did not determine all elements of target total direct compensation for our named executive officers at the same time. Nonetheless, the Compensation Committee considered target total direct compensation at the time that it approved salaries and bonus opportunities, as well as again when it approved the equity awards for our named executive officers. The Compensation Committee believed that fiscal year 2017 compensation for our named executive officers generally remained in line with peers and was set at appropriate levels.

### **Other Benefits**

Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, disability, and accidental death and dismemberment insurance, and our 401(k) plan, in each case on the same basis as other employees, subject to applicable law. We also provide vacation and other paid holidays to all employees, including our named executive officers, which we intend to be comparable to those provided at peer companies. Beginning in early 2017, the Compensation Committee approved the transition of our named executive officers to a vacation policy that eliminates the accrual of earned vacation. Instead, named executive officers may take vacation based on a discretionary basis and without any particular preset limits, as their work allows. As a result of this transition, each of Mr. Moore and Mr. Mokari received a payout with regard to their earned but unused vacation time during 2017. In addition, in 2016, the Compensation Committee approved reimbursements for Mr. Moore for the reasonable cost of international and domestic travel for his spouse to accompany him on extended international and domestic travel on behalf of the Company, due to certain dependent medical care reasons. The reimbursement benefits were approved for travel expenses incurred through early 2018. The Compensation Committee approved this reimbursement benefit as it determined that the related expenses were not expected to be excessive, given the special, limited circumstances and in light of the amount of Mr. Moore's required travel for work. In fiscal year 2017, Mr. Moore's spouse accompanied him on some, but not all of his business-related travel.

The Company sponsors a 401(k) plan under which eligible employees may contribute, on a pre-tax basis, up to 60% of the employee's total annual income from the Company, excluding bonuses, subject to certain IRS limitations. The Company maintains a Company match in the amount of \$3,000 per year. All full-time employees who have attained age 18 are eligible to participate in the 401(k) plan. All contributions are allocated to the employee's individual account and, at the employee's election, are invested in one or more investment funds available under the 401(k) plan. Contributions are fully vested and not forfeitable.

### **Change in Control Severance Agreements**

We entered into Change in Control Severance Agreements with Mr. Moore in 2015 and Mr. Mokari in 2016. It is expected that from time to time the Company will consider the possibility of an acquisition by another company or other change in control. We recognize that such consideration can be a distraction to our named executive officers and can cause them to consider alternative employment opportunities. We believe that it is imperative to provide such individuals with severance benefits upon their termination of employment following a change in control to secure their continued dedication and objectivity, notwithstanding the possibility, threat or occurrence of a change in control, provide such individuals with an incentive to continue employment and motivate them to maximize our value upon a change in control for the benefit of its stockholders, and provide such individuals with enhanced financial security. The Change in Control Severance Agreements, and the

potential severance benefits payable thereunder to our named executive officers under specified circumstances, do not affect the Compensation Committee's decisions regarding other elements of compensation. The Change in Control Severance Agreements for our named executive officers are described in further detail in the section below titled "Potential Payments Upon Termination or Change in Control."

### **Tax and Accounting Considerations**

The Compensation Committee considers tax and accounting effects in administering the executive compensation program and aims to maintain compensation expenses for our most senior executive team within reasonable levels based on relevant factors such as the Company's operations and financials and the prevailing market practices.

Internal Revenue Code Section 162(m) generally limits the federal deductibility of compensation paid to our Chief Executive Officers and certain other executive officers and employees of the Company to \$1 million annually. In fiscal year 2017, certain compensation that qualified as performance-based within the meaning of Section 162(m) generally would have been exempt from the \$1 million limit. Certain types of compensation provided to our named executive officers for fiscal year 2017 may qualify as performance-based compensation under Section 162(m), although such qualification will be based on actually satisfying various restrictions and requirements under Section 162(m). The Company may from time to time provide compensation to our named executive officers that may not be deductible to the extent that the aggregate amount exceeds \$1 million. However, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance.

We account for equity-based awards in accordance with ASC Topic 718.

**Compensation Committee Report**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussions with management, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

**Fiscal Year 2017 Potential Payments Upon Termination or Change in Control Table***Change of Control Agreements with Messrs. Moore and Mokari*

The Company has entered into Change of Control and Severance Agreement with each of Messrs. Moore and Mokari (the "Change of Control Agreements"). The Change of Control Agreements provide Messrs. Moore and Mokari with certain severance benefits in the event that their respective employment with the Company is terminated under certain circumstances, as described below. Each of Messrs. Moore and Mokari is referred to as the "Executive" in the context of his respective Change of Control Agreement in the discussion below.

*Termination Within the Change of Control Context*

If in the event that, within twelve months following a Change in Control (as defined in the 2008 EIP) or at any time prior to a Change in Control if such termination is effected at the request of any successor to the Company (such time period, the "Change of Control Period"), the Executive terminates his employment with the Company for Good Reason (as defined below), or the Company terminates the Executive's employment for a reason other than Cause (as defined below), death or disability, and, in each case, the Executive signs and does not revoke a standard release of claims with the Company, then the Executive will receive the following severance from the Company:

- (i) *Cash Severance Payment.* In the case of Mr. Moore, a lump sum cash payment equal to 150% of his annual base salary. In the case of Mr. Mokari, a lump sum cash payment equal to 50% of his annual base salary.
- (ii) *Vesting Acceleration.* Accelerated vesting as to 100% of the then unvested portion of the Executive's outstanding Company equity awards, assuming, with respect to Company equity awards subject to performance criteria, the performance criteria had been achieved at target levels.
- (iii) *Continued Employee Benefits.* Reimbursement from the Company for a period of up to twelve months for the costs and expenses incurred by himself and/or his eligible dependents for coverage under the Company's benefit plans.

*Definitions of Cause and Good Reason*

For the purposes of the Change of Control Agreements, the following definitions will apply.

**Cause** generally means (i) an act of dishonesty made by Executive in connection with Executive's responsibilities as an employee; (ii) Executive's conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude, or a material violation of federal or state law by Executive that the Board reasonably believes has had or will have a detrimental effect on the Company's reputation or business; (iii) Executive's gross misconduct; (iv) Executive's unauthorized use or disclosure of any proprietary information or trade secrets of the Company or any other party to whom Executive owes an obligation of nondisclosure as a result of Executive's relationship with the Company; (v) Executive's willful breach of any obligations under any written agreement or covenant with the Company; or (vi) Executive's continued failure to perform his employment duties after Executive has received a written demand of performance from the Company which specifically sets forth the factual basis for the Company's belief that Executive has not substantially performed his duties and has failed to cure such non-performance to the Company's satisfaction within ten business days after receiving such notice.

**Good Reason** generally means the occurrence of one or more of the following events effected without Executive's prior consent, provided that Executive's employment terminates within 90 days following the expiration of the Company's Cure Period (defined below): (i) the assignment to Executive of any duties or the reduction of Executive's duties, either of which results in a material diminution in Executive's position or responsibilities with the Company; provided that, it being understood that the continuance of Executive's duties and responsibilities at the subsidiary or divisional level following a Change in Control, rather than at the parent, combined or surviving company level following such Change in Control shall not be deemed Good Reason within the meaning of this clause (i); (ii) a reduction by the Company in the base salary of Executive by 15% or more, unless similar such reductions occur concurrently with and apply to the Company's senior management; (iii) a material change in the geographic location at which Executive must perform services (for purposes of the Change of Control Agreement, the relocation of Executive to a facility or a location less than 25 miles from Executive's then-present location shall not be considered a material change in geographic location); (iv) a material reduction of facilities, perquisites or in the kind or level of employee benefits to which the Executive is entitled, unless similar such reductions occur concurrently and apply to the Company's senior management; or (v) any material breach by the Company of any material provision of the Change of Control Agreement. Executive will not resign for Good Reason without first providing the Company with written notice of the acts or omissions constituting the grounds for Good Reason within 90 days of the initial existence of the grounds for Good Reason and a reasonable cure period of 30 days (Cure Period) following the date of such notice.

The following table lists our named executive officers and the estimated payments and benefits that each of them would have received had their employment with the Company been terminated without Cause or had they resigned for Good Reason in connection with a Change in Control on December 30, 2017.

Name	Estimated Total Value of Cash Payment	Estimated Total Value of Health Coverage Continuation	Value of Accelerated Equity(1)
William M. Moore	\$ 675,000	\$ 17,893	\$ 2,053,590
Atabak Mokari	\$ 167,375	\$ 23,793	\$ 877,413

- (1) We estimated the value of acceleration of the outstanding and unvested stock options, RSU and performance RSU awards (assuming paid at 100% of target) held by each of our named executive officers based on a market price of \$7.62 per share for our Common Stock as of December 30, 2017.

**Fiscal Year 2017 Principal Executive Officer Pay Ratio**

The following table provides the ratio of the total compensation for fiscal year 2017 for Mr. Moore, our principal executive officer, to the total compensation for fiscal year 2017 for our median employee:

PEO Compensation for fiscal year 2017	\$ 2,264,722
Median Employee Compensation for fiscal year 2017	\$ 79,642
Ratio of PEO Compensation to Median Employee Compensation for fiscal year 2017	28:1

In determining the median employee, we prepared a listing of all employees (excluding our CEO) using a measurement date of December 31, 2017 and identified employees within +/- 15% of the median employee based on annual base salaries. From this group of employees, we then removed all employees above an expected retirement age of 63, employee with service tenure of less than two years, employees who are under special compensation or incentive plans and employees with a unique job title. Following these adjustments, seven employees remain in this group, for whom total compensation was determined, which was used in the determination of the employee having the median of the annual total compensation of all employees (excluding our CEO) (the Median Employee). We calculated the median employee annual total compensation for fiscal year 2017 for the Median Employee on the same basis as the annual total compensation of Mr. Moore in the Summary Compensation Table.

**Director Compensation**

We use a combination of cash and equity compensation to attract and retain qualified candidates to serve on our Board.

The following table provides information concerning the compensation paid by us for fiscal year 2017 to each of our non-employee directors and to Mr. Marcellino, who served as a director of the Company during fiscal year 2017 and, beginning in October 2017, as the Company's V.P., Clinical & Technical Services. The following table reflects the compensation that Mr. Marcellino received both as a director and as an employee of the Company. Ms. Rhoads was first appointed as a director of the Company in July 2017, and the following table reflects Ms. Rhoads grant of a stock option to purchase 15,000 shares of common stock, which is our standard equity award for new directors. Mr. Bruce and Ms. Sainz were first appointed as directors of the Company in April 2018, and did not receive any compensation from us during fiscal year 2017. Mr. Moore did not receive additional compensation for his services as a member of our Board.

We discuss the assumptions that we used to calculate these amounts in Note 10 to our financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 30, 2017, and incorporated by reference herein. As required by SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

- (2) As of December 30, 2017, the aggregate number of underlying options outstanding for each of our non-employee directors and Mr. Marcellino was:

Ruediger Naumann-Etienne, Ph.D.		8,301
George Marcellino, Ph.D.	45,000	29,301
Ann D. Rhoads	15,000	

#### *Cash Compensation*

Pursuant to our non-employee director cash compensation policy, non-employee members of our Board receive an annual retainer (in each case paid in quarterly installments) of \$35,000. In addition, each member of the Audit Committee, Compensation Committee and Nominating and Governance Committee, including the chairperson of each of these committees, receives an annual retainer of \$7,000, \$5,000 and \$5,000, respectively. In addition, each of our Lead Independent Director and each of the chairpersons of the Audit Committee, Compensation Committee and Nominating and Governance Committee receives an incremental annual retainer of \$10,000, \$8,000, \$5,000 and \$4,000, respectively. We reimburse members of the Board and Board committees for reasonable out-of-pocket expenses incurred by them in attending such meetings. The foregoing discussion reflects the changes to director compensation discussed under [Director Compensation Review](#), below.

#### *Equity Compensation*

Pursuant to our non-employee director equity compensation policy, each non-employee director automatically receives an RSU grant equal to \$40,000 worth of Common Stock (determined based upon the fair market value of the shares at the time such RSU award was granted) under the 2008 EIP. Each RSU grant vests in full on the earlier of the one-year anniversary of the date of grant or our next annual meeting of stockholders. In April 2017, the Board of Directors approved a one-time grant of 2,000 RSUs to Dr. Naumann-Etienne as Lead Independent Director for his additional services to the Board in 2016. Any outstanding RSUs will vest in full upon a Change of Control. The foregoing discussion reflects the changes to director compensation discussed under [Director Compensation Review](#), below.

#### *Director Compensation Review*

In 2017, the Board undertook a comprehensive review of the Company's director compensation policy. Among other things, the Board retained Assets Unlimited, Inc., an outside compensation advisor to the Company, to provide certain information concerning director compensation practices at a peer group of companies. As a result of this review, in March 2017, the Board of Directors approved, effective July 1, 2017, changes in non-employee director compensation, including an increase of \$15,000 in the annual cash retainer and an increase of \$1,000 for the Compensation Committee chair. In addition, the Board of Directors approved an increase of \$20,000 in the value of the annual equity grant to be granted on the date of the Company's annual meeting of stockholders and vests in full on the date of the one year anniversary of the date of grant or the date of the next annual meeting of stockholders. In April, 2017, the Board of Directors approved the annual compensation of the Lead Independent Director: (i) an additional cash retainer of \$10,000 and (ii) an additional annual RSU grant equal to \$10,000 worth of Common Stock (determined based upon the fair market value of the shares at the time such RSU award was granted) under the 2008 EIP.

### Information on Compensation Risk Assessment

Management periodically reviews our incentive compensation programs at all levels within the organization. Employee cash bonuses are based on company-wide and individual performance, and management (with respect to our non-executive employees), our Compensation Committee (with respect to our executive officers, other than our Chief Executive Officer), and the Board of Directors (with respect to our Chief Executive Officer) have discretion to adjust bonus payouts. Equity awards for new hires are based on the employee's position, prior experience, qualifications, and the market for particular types of talent, and any additional grants are based on employee performance and retention requirements. Equity awards have long-term vesting requirements to ensure that recipients' focus is on our long-term success. The incentive compensation structure was reviewed during fiscal year 2017 by the Board and Compensation Committee, as discussed under Compensation Discussion & Analysis Compensation Setting Process, above.

### Equity Compensation Plan Information

The following table sets forth information about shares of the Common Stock that may be issued under the 2008 EIP. Information in the table is as of December 30, 2017.

Plan Category	(a) Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	(b) Weighted- average Exercise Price of Outstanding Options, Warrants and Rights (\$)	(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))(1)
Equity compensation plans approved by security holders	857,311	\$ 9.49	196,970
Equity compensation plans not approved by security holders			
Total	857,311	\$ 9.49	196,970

- (1) The number of securities remaining available for future issuance presented in column (c) reflects the fact that, under the Plan, shares subject to awards of restricted stock, restricted stock units, performance shares or performance units issued under the Plan and that are granted with a per share or unit purchase price less than 100% of the fair market value on the date of grant count against the maximum aggregate number of shares that may be issued pursuant to awards as 1.5 shares for every one share subject to such an award.

**PROPOSAL FOUR**

**APPROVAL OF THE AMENDED AND RESTATED 2008 EQUITY INCENTIVE PLAN**

The Board is requesting that stockholders approve the Company's 2008 Equity Incentive Plan (the "2008 EIP"), as amended and restated to provide for an increase in the shares of Common Stock ( "Shares ") reserved for issuance under the 2008 EIP by an additional 1,000,000 Shares (the "Share Increase "). If our stockholders approve the amended and restated 2008 EIP, it will replace the current version of the 2008 EIP and will continue in effect through June 11, 2022, unless earlier terminated by the Board. In April 2018, our Board approved the amended and restated 2008 EIP, subject to approval from the stockholders at the 2018 Annual Meeting.

The Board believes that approval of the amended and restated 2008 EIP is essential to the Company's continued success as the additional Shares will enable the Company to continue to use the amended and restated 2008 EIP to achieve its employee performance, recruiting, retention and incentive goals.

The Board and management believe that grants of equity awards to employees motivate high levels of performance, promote closer alignment of the interests of employees and stockholders by giving employees the perspective of an owner with an equity stake in the Company, and provide an effective means of recognizing employee contributions to the success of the Company. The Board and management believe that equity awards are a competitive necessity in our high-technology industry, and are essential to recruiting and retaining the highly qualified technical and other key personnel who help the Company meet its goals, as well as rewarding and encouraging current employees. The Board and management believe that the ability to continue to grant equity awards will be important to the future success of the Company. If stockholders do not approve the amended and restated 2008 EIP, no Shares will be added to the existing, total number of Shares reserved for issuance under the 2008 EIP and the 2008 EIP in its existing form will remain in effect until it expires by its terms as of June 11, 2022 (or earlier upon Board action).

Our named executive officers and directors have an interest in this proposal. Other than the Share Increase, no material amendments have been made to the 2008 EIP since stockholders last approved the 2008 EIP at the Company's 2017 Annual Meeting of Stockholders.

***Background for the Current Request to Increase the Share Reserve for Equity Awards***

Common measures of a stock plan's cost include net burn rate and overhang.

The net burn rate refers to how fast a company uses the supply of Shares authorized for issuance under its stock plan. Net equity burn rate is calculated by dividing the number of Shares subject to equity awards granted during the fiscal year less any equity award forfeitures or cancellations by the weighted-average number of Shares outstanding during the fiscal year. Over the last three years, we have maintained an average equity net burn rate of only approximately 2.8%.

Overhang measures the degree to which our stockholders' ownership may be diluted by stock-based compensation awarded under our various equity plans and also includes Shares from potential future awards under our various equity plans. Overhang is calculated by dividing (a) the sum of (x) the number of Shares subject to equity awards outstanding and (y) the number of Shares available for future grants, by (b) the sum of the number of Shares outstanding and (x) and (y). As of March 31, 2018 overhang is 10.4%.

***Number of Shares Requested***

In determining the Share Increase, the Board and the Compensation Committee considered a number of factors, including the following:

*Remaining Competitive by Attracting and Retaining Talent.* The Board and Compensation Committee considered the importance of maintaining an equity incentive program to attract, retain, and reward our high-performing employees.

*Equity Burn Rate.* The Board and Compensation Committee considered the historical amounts of equity awards that were granted in the past three years by reviewing the equity burn rate, as set forth above. Our equity burn rate over this three-year period was within industry guidelines recommended by certain proxy advisory firms.

*Overhang and Dilution.* As of March 31, 2018, (i) 867,548 Shares are subject to outstanding options under the 2008 EIP, (ii) 4,301 Shares are subject to outstanding restricted stock awards under the 2008 EIP, and (iii) 314,485 Shares are subject to outstanding restricted stock unit awards under the 2008 EIP. If stockholders were to have approved the Share Increase as of the same date, our overhang as of such date would have been 16.8%.

*Number of Shares Available for Grant Under the 2008 EIP.* As of March 31, 2018, 172,158 Shares remained reserved and available for issuance under the 2008 EIP (excluding Shares already subject to outstanding awards that, if forfeited, may become available for issuance again). As of the same date, 1,186,334 Shares were subject to outstanding equity awards granted under the 2008 EIP.

#### **Summary of the 2008 Equity Incentive Plan, as Amended and Restated**

*The following is a summary of the principal features of the 2008 EIP, as amended and restated by the Board in April 2018 to reflect the Share Increase proposed in this proxy statement which is attached as Appendix A to this proxy statement. The amended and restated 2008 EIP is also available in its entirety in the proxy materials located at the SEC Filings link on the Investor Relations page of our website at www.iredex.com. The following summary of the 2008 EIP does not contain all of the terms and conditions of the 2008 EIP as amended and restated, and is qualified in its entirety by reference to the 2008 EIP as amended and restated.*

*Overview.* The purposes of the 2008 EIP are to attract and retain the best available personnel for positions of substantial responsibility, provide incentives to individual who perform services to the Company, and promote the success of the Company's business. The 2008 EIP provides for the grant of the following types of equity awards: (i) stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance units and performance shares, and (vi) other stock or cash awards. Each of these is referred to individually as an Award and each recipient or holder of an Award is referred to as a participant. Those who are eligible for Awards under the 2008 EIP are employees, members of the Board and consultants who provide services to the Company, employees who provide services to the Company's affiliates, including any of its parent or subsidiaries, and consultants who provide services to the Company or a parent or subsidiary of the Company. As of March 31, 2018, approximately 124 of our employees (including two executive officers), three of our non-employee directors and three of our consultants were eligible to participate in the 2008 EIP.

*Number of Shares of Common Stock Available Under the 2008 EIP.* Subject to the adjustment provisions contained in the 2008 EIP, the maximum aggregate number of Shares that may be issued pursuant to Awards under the 2008 EIP is (i) 1,850,000 Shares plus (ii) any Shares subject to stock options or similar awards granted under the 1998 Stock Plan that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the 1998 Stock Plan that are forfeited to or repurchased by the Company on or after the date the 1998 Stock Plan expires, with the maximum number of Shares to be added under clause (ii) above equal to 1,367,361 shares. Our stockholders are being asked to approve an increase of 1,000,000 Shares in the maximum number of Shares that may be issued pursuant to equity awards granted under the 2008 EIP. Thus, if our stockholders approve the amendment and restatement of the 2008 EIP, the maximum number of Shares that may be issued pursuant to equity awards under the 2008 EIP will be increased to 2,850,000 Shares, plus the number of Shares described in clause (ii) above. The Shares may be authorized, but unissued, or reacquired Common Stock.

As of March 31, 2018, there were 867,548 Shares subject to stock options outstanding under the 2008 EIP and no Shares subject to stock options outstanding under the 1998 Stock Plan. The weighted average exercise price for these shares is \$9.31 per share and the weighted average remaining contractual life is 5.25 years, also as of March 31, 2018. As of March 31, 2018, 4,301 Shares were subject to restricted stock awards outstanding under the 2008 EIP and 314,485 Shares were subject to restricted stock units outstanding under the 2008 EIP. As of the same date, 172,158 Shares remained available for issuance under the 2008 EIP.

Shares subject to Awards of restricted stock, restricted stock units, performance shares or performance units granted with a per Share or unit purchase price less than 100% of the fair market value on the date of grant count against the maximum aggregate number of Shares that may be issued pursuant to Awards as 1.5 Shares for every one Share subject to such an Award. To the extent that a Share that was subject to an Award that counted as 1.5 Shares against the maximum aggregate number of Shares that may be issued pursuant to Awards pursuant to the preceding sentence is returned to the 2008 EIP as described in the paragraph below, the maximum aggregate number of Shares that may be issued pursuant to Awards will be credited with 1.5 Shares that will thereafter be available for issuance under the 2008 EIP.

If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to restricted stock, restricted stock units, performance shares or performance units, is forfeited to or repurchased by the Company, the unpurchased Shares (or for Awards other than options and stock appreciation rights, the forfeited or repurchased Shares) which were subject thereto will become available for future grant or sale under the 2008 EIP (unless the 2008 EIP expired). Upon exercise of a stock appreciation right settled in Shares, the gross number of Shares covered by the exercised portion of the stock appreciation right will cease to be available under the 2008 EIP. Shares that have actually been issued under the 2008 EIP under any Award will not be returned to the 2008 EIP and will not become available for future distribution under the 2008 EIP; provided, however, that if Shares of restricted stock, restricted stock units, performance shares or performance units are repurchased by the Company or are forfeited to the Company, such Shares will become available for future grant under the 2008 EIP as described above. Shares used to pay the exercise price of an Award and/or used to satisfy tax withholding obligations will not become available for future grant or sale under the 2008 EIP. To the extent an Award is paid out in cash rather than Shares, such cash payment will not reduce the number of Shares available for issuance under the 2008 EIP.

In the event of any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares, the Administrator (as defined below) will adjust the (i) number and class of shares available for issuance under the 2008 EIP and/or number, class and price of shares subject to outstanding Awards, and (ii) numerical Share limits as specified in the Plan.

*Administration of the 2008 EIP.* The Board, or our Compensation Committee, or a committee of directors or of other individuals satisfying applicable laws and appointed by the Board (referred to as the Administrator), administers the 2008 EIP. With respect to Awards granted or to be granted to certain of the Company's officers and key employees intended to be an exempt transaction under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (Rule 16b-3), the members of the committee administering the 2008 EIP with respect to those Awards must qualify as non-employee directors under Rule 16b-3 of the Exchange Act will administer the 2008 EIP with respect to such Awards. In the case of Awards were intended to qualify as performance-based compensation within the meaning of Section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (the Code), the 2018 EIP provided that the committee administering the 2008 EIP with respect to those Awards would consist of two or more outside directors within the meaning of Section 162(m). However, this provision relating to Section 162(m) no longer applies to the 2016 Plan, as amended, due to recent changes to certain tax laws that have eliminated the performance-based compensation exemption under Section 162(m).

Subject to the terms of the 2008 EIP, the Administrator has the sole discretion to select the employees, consultants, and directors who will receive Awards; to determine the terms and conditions (not inconsistent with the terms of the Plan) of Awards; to modify or amend each Award (subject to the restrictions of the 2008 EIP); and to construe and interpret the terms of the 2008 EIP and Awards granted under the Plan. The Administrator has the sole discretion to determine fair market value of a Share; to approve forms of Award agreements for use with the 2008 EIP; to prescribe, amend and rescind rules and regulations relating to the 2008 EIP; to authorize any person to execute any instrument required to effect the grant of an Award previously granted; to allow participants to satisfy withholding tax obligations as permitted by the 2008 EIP; and to allow a participant to defer the receipt of cash or Shares due to such participant under an Award in accordance with procedures specified by the Administrator. However, the Administrator may not, without the approval of the Company's stockholders, modify or amend an option or stock appreciation right to reduce the exercise price of the Award after it has been granted (except for adjustments upon certain transactions as specified in the 2008 EIP), or cancel any outstanding option or stock appreciation right and replace it with a new option or stock appreciation right with a lower exercise price. The Administrator has the power to make all other determinations deemed necessary or advisable for administering the 2008 EIP. The Administrator's decisions, determinations, and interpretations will be final and binding on all participants and other holders of Awards.

*Options.* The Administrator is able to grant nonstatutory stock options and incentive stock options under the 2008 EIP. Incentive stock options may be granted only to employees of the Company or any of its parent or subsidiaries. The Administrator determines the number of Shares subject to each option, although the 2008 EIP provides that a participant may not receive an option for more than 200,000 Shares in any fiscal year, except an employee may be granted options covering up to an additional 400,000 Shares in connection with his or her initial employment with the Company or any of its affiliates.

Each Award of options is evidenced by an Award agreement setting forth the terms and conditions of the Award as determined by the Administrator in its sole discretion. The Administrator determines the per share exercise price of options granted under the 2008 EIP, provided the per share exercise price must be at least equal to the fair market value of a Share on the date of grant, except in certain limited circumstances as specified in the 2008 EIP. In addition, the per share exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of the outstanding stock of the Company or any of its parent or subsidiaries must be at least 110% of the fair market value of a Share on the grant date.

The Administrator determines the term of options granted under the 2008 EIP. The term of each option will be stated in the Award agreement. The term of an option may not exceed ten years, except that, with respect to any participant who owns more than 10% of the voting power of all classes of the Company's outstanding capital stock or any of its parent or subsidiaries, the term of an incentive stock option may not exceed five years. The Administrator will also determine the form of consideration for exercise, and other terms and conditions of the Award, subject to the terms of the 2008 EIP, as specified in the Award agreement.

After a termination of service with the Company, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the Award agreement. If no such period of time is stated in the participant's Award agreement, the participant will generally be able to exercise his or her option for (i) three months following his or her termination for reasons other than death or disability, and (ii) twelve months following his or her termination due to disability or death. A participant's Award agreement may also provide that if the exercise of an option following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would result in liability under Section 16(b) of the Exchange Act, then the Award agreement may provide that the option will terminate on the earlier of (i) the expiration of the term of the option or (ii) the 10th day after the last date on which such exercise would result in such liability. A participant's Award agreement may also provide that if the exercise of an option following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would be prohibited because the issuance of Shares would violate the registration requirement of the

Securities Act of 1933, as amended, then the option will terminate on the earlier of (i) the expiration of the term of the option, or (ii) the expiration of a period of three months after the termination of the participant during which the exercise of the option would not violate such registration requirements.

*Restricted Stock.* Awards of restricted stock are grants of Shares which may be subject to various restrictions, for example restrictions on transferability and forfeiture provisions, as well as Shares issued pursuant to the early exercise of an option. Each restricted stock Award is evidenced by an Award agreement that will specify the terms and conditions, including any period of restriction or any other restrictions, as the Administrator determines in its sole discretion. Unless the Administrator determines otherwise, Awards of restricted stock generally are held by the Company as escrow agent until the applicable restrictions have lapsed. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed. The Award agreement generally will grant the Company a right to repurchase or reacquire the Shares upon the termination of the participant's service with the Company for any reason (including death or disability). The Administrator will determine the number of Shares granted pursuant to an Award of restricted stock, but, for restricted stock that was intended to qualify as performance based compensation within the meaning of Section 162(m), (i) no participant would be granted a right to purchase or acquire more than 150,000 Shares of restricted stock during any fiscal year, except that, (ii) an employee may be granted up to an additional 150,000 Shares of restricted stock in connection with his or her initial employment with the Company or any of its affiliates.

Service providers holding Awards of restricted stock generally will have voting rights and rights to dividends and other distributions with respect to such Shares of restricted stock without regard to vesting, unless the Administrator provides otherwise, and provided further that dividends and other distributions, if any, paid in Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of restricted stock on which they were paid.

*Restricted Stock Units.* Awards of restricted stock units are a bookkeeping entry that may result in a payment to a participant generally to the extent the vesting criteria the Administrator establishes is satisfied. Each Award of restricted stock units will be evidenced by an Award agreement that will specify the terms and conditions of the Award, including the number of underlying Shares, form of payout, and any restrictions and conditions of the Award, as determined by the Administrator. After the grant of restricted stock units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such restricted stock units or accelerate the time at which any restrictions will lapse or be removed. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. The Administrator, in its sole discretion, may pay earned restricted stock units in cash, Shares, or a combination of both. Shares representing restricted stock units that are fully paid in cash again will be available for grant under the 2008 EIP. On the date set forth in the Award agreement, all unearned restricted stock units will be forfeited to the Company. For any restricted stock units that were intended to qualify as performance based compensation within the meaning of Section 162(m), during any fiscal year of the Company, (i) no participant may be granted more than 150,000 restricted stock units, except that (ii) the participant may be granted up to an additional 150,000 restricted stock units in connection with his or her initial employment to the Company or any of its affiliates.

*Stock Appreciation Rights.* The Administrator will be able to grant stock appreciation rights, which are rights to receive the appreciation in fair market value of the Shares underlying the Award between the exercise date and the date of grant. Each Award of stock appreciation rights will be evidenced by an Award agreement that specifies the terms and conditions of the Award, including for example the exercise price, term of the Award, and conditions of exercise, as determined by the Administrator, in its sole discretion. The Company can pay the appreciation in either cash, Shares of equivalent value, or a combination of both. The Administrator, subject to the terms of the 2008 EIP, will have complete discretion to determine the terms and conditions of stock appreciation rights granted under the 2008 EIP, provided, however, that the exercise price may not be less than 100% of the fair market value of a Share on the date of grant and the term of a stock appreciation right may not

exceed ten years. No participant will be granted stock appreciation rights covering more than 200,000 Shares during any fiscal year, except that an employee may be granted stock appreciation rights covering up to an additional 400,000 Shares in connection with his or her initial employment with the Company or any of its affiliates.

After termination of service with the Company, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the Award agreement. If no such period of time is stated in a participant's Award agreement, a participant will generally be able to exercise his or her vested stock appreciation rights for the same period of time as applies to stock options as summarized above.

*Performance Units and Performance Shares.* The Administrator will be able to grant performance units and performance shares, which are Awards that will result in a payment to a participant generally to the extent the performance goals or other vesting criteria the Administrator may establish are achieved or the Awards otherwise vest. Earned performance units and performance shares will be paid, in the sole discretion of the Administrator, in the form of cash, Shares (which have an aggregate fair market value equal to the value of the earned performance units or performance shares at the close of the applicable performance period), or in a combination of both. Each Award of performance units or performance shares will be evidenced by an Award agreement that specifies the terms and conditions, including for example the performance period, as determined by the Administrator, in its sole discretion. The Administrator will establish performance or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the payout under the performance units or performance shares. The Administrator may set vesting criteria based on achievement of Company-wide, business unit, or individual goals (including without limitation continued employment), or any other basis determined by the Administrator in its discretion. After the grant of a performance unit or performance share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance unit or performance share. On the date set forth in the Award agreement, all unearned or unvested performance shares or performance units will be forfeited to the Company. During any fiscal year, for performance units or performance shares that were intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code, (i) no participant could receive more than 150,000 performance shares and (ii) no participant could receive performance units having an initial value greater than \$1,000,000, except that (iii) a participant may be granted performance shares covering up to an additional 150,000 Shares in connection with his or her initial employment with the Company or any of its affiliates, initial service as a Board member, or initial service as a consultant with the Company or any of its parent or subsidiaries. Performance units will have an initial value established by the Administrator on or before the date of grant. Each performance share will have an initial value equal to the fair market value of a Share on the grant date.

*Performance Goals and Performance-based Compensation under Section 162(m).* Awards and other incentives granted under the 2008 EIP that were intended to qualify as performance-based compensation under Section 162(m) could be granted in accordance with additional terms set forth in the 2008 EIP. The Administrator in its discretion could make such Awards subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement including: cash position, earnings per share, net income, operating cash flow, operating income, return on assets, return on equity, return on sales, revenue, and total stockholder return, as such terms are defined in the 2008 EIP. Any performance goals could be used to measure the performance of the Company as a whole or a business unit of the Company and may be measured relative to a peer group or index. Prior to a specified date, the Administrator would have determined whether any significant elements would be included in or excluded from the calculation of any performance goal with respect to any participant. The performance goals could differ from participant to participant and from Award to Award.

Notwithstanding any other terms of the 2008 EIP, if we intended for an Award granted to a participant to qualify as performance-based compensation under Section 162(m), then in determining the amounts earned by a participant, the Administrator could reduce or eliminate (but not increase) the amount payable at a given level of

performance to take into account additional factors that the Administrator deemed relevant to the assessment of individual or corporate performance for the performance period. A participant could have received payment under such an Award only if the performance goals for the performance period are achieved.

As a result of recent changes in tax law that went into effect for taxable years beginning after December 31, 2017, subject to certain limited exceptions relating to certain contracts in effect on November 2, 2017, the performance-based compensation exception under Section 162(m) has been eliminated. Accordingly, any Awards granted under the amended 2008 EIP will not, and will not be intended to, qualify as performance-based compensation under Section 162(m). Due to such tax law changes, the numerical Share limits that are specified in the 2008 EIP, for any restricted stock, restricted stock units, performance shares, and performance units intended to qualify as performance-based compensation under Section 162(m) granted during a fiscal year, will not apply to Awards granted under the 2008 EIP during or after the Company's fiscal year 2018.

*Transferability of Awards.* Awards granted under the 2008 EIP generally are not transferable other than by will or the laws of descent or distribution, and may be exercised during a participant's lifetime only by the participant.

*Change in Control.* In the event of a merger or change in control of the Company, each outstanding Award will be treated as the Administrator determines, including, without limitation, that each Award will be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation. The Administrator will not be required to treat all Awards similarly in a transaction. In the event that the successor corporation, or the parent or subsidiary of the successor corporation, does not assume or substitute for the Award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change in control, the Administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

*Dissolution or Liquidation.* In the event of a proposed dissolution or liquidation of the Company, the Administrator will notify participants as soon as practicable prior to the effectiveness of the proposed transaction. To the extent not previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

*Amendment and Termination of the 2008 EIP.* The Administrator will have the authority to amend, alter, suspend or terminate the 2008 EIP, except that the Company will obtain stockholder approval for any amendment to the 2008 EIP to the extent necessary or desirable to comply with applicable laws. No amendment, alteration, suspension or termination of the 2008 EIP will impair the rights of any participant, unless mutually agreed otherwise between the participant and the Administrator and which agreement must be in writing and signed by the participant and the Company. If the 2008 EIP as amended and restated is approved by stockholders, then the amended and restated 2008 EIP will terminate on June 11, 2022, unless the Board terminates it earlier.

#### **Number of Awards Granted to Employees, Consultants, and Directors**

The number of Awards that an employee or consultant may receive under the 2008 EIP is in the discretion of the Administrator and therefore cannot be determined in advance. As discussed below in Executive Compensation Director Compensation Equity Compensation, each non-employee director automatically receives a restricted stock unit grant equal to \$40,000 pursuant to the Company's non-employee director

compensation program. The following table sets forth (a) the aggregate number of Shares subject to options granted under the 2008 EIP during the 2017 fiscal year, (b) the average per Share exercise price of such options, (c) the aggregate number of Shares subject to restricted stock unit awards granted under the 2008 EIP during the 2017 fiscal year and (d) the aggregate grant date fair value of all Awards granted to such persons under the 2008 EIP during the 2016 fiscal year. As of April 16, 2018, the closing price of a Share on The Nasdaq Stock Market was \$5.84.

### U.S. Federal Income Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company, of Awards granted under the amended and restated 2008 EIP. Tax consequences for any particular individual may be different.

*Incentive Stock Options.* A participant recognizes no taxable income as the result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code (unless the participant is subject to the alternative minimum tax). If the participant exercises the option and then later sells or otherwise disposes of the Shares acquired through the exercise of the option after both the two-year anniversary of the grant date and the one-year anniversary of the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the Shares on or before the two- or one-year anniversaries described above (a disqualifying disposition), he or she generally will have ordinary income at the time of the sale equal to the fair market value of the Shares on the exercise date (or the sale price, if less) minus the exercise price of the option. For purposes of the alternative minimum tax, the difference between the option exercise price and the fair market value of the Shares on the exercise date is treated as an adjustment item in computing the participant's alternative minimum taxable income in the year of exercise. In addition, special alternative minimum tax rules may apply to certain subsequent disqualifying dispositions of the Shares or provide certain basis adjustments or tax credits for alternative minimum tax purposes.

*Nonstatutory Stock Options.* A participant generally recognizes no taxable income on the date of grant of a nonstatutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant. Upon the exercise of a nonstatutory stock option, the participant generally will recognize ordinary

income equal to the excess of the fair market value of the exercised Shares on the exercise date over their exercise price. If the participant is an employee, such ordinary income generally is subject to applicable income and employment tax withholding. Upon the sale of Shares acquired through the exercise of a nonstatutory stock option, any subsequent gain or loss (generally based on the difference between the sale price and the fair market value on the exercise date) will be treated as long-term or short-term capital gain or loss, depending on how long the Shares were held by the participant.

*Stock Appreciation Rights.* A participant generally recognizes no taxable income on the date of grant of a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant. Upon exercise of the stock appreciation right, the participant generally will be required to include as ordinary income an amount equal to the sum of the amount of any cash received and the fair market value of any Shares received upon the exercise. If the participant is an employee, such ordinary income generally is subject to applicable income and employment tax withholding. Upon the sale of Shares acquired by an exercise of the stock appreciation right, any gain or loss (generally based on the difference between the sale price and the fair market value on the exercise date) will be treated as long-term or short-term capital gain or loss, depending on how long the Shares were held by the participant.

*Restricted Stock, Restricted Stock Units, Performance Units, and Performance Shares.* A participant generally will not have taxable income at the time an Award of restricted stock, restricted stock units, performance shares, or performance units is granted. Instead, he or she generally will recognize ordinary income in the first taxable year in which his or her interest in the Shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. If the participant is an employee, such ordinary income generally is subject to applicable income and employment tax withholding. However, the recipient of a restricted stock Award may elect to recognize income at the time he or she receives the Award in an amount equal to the fair market value of the Shares underlying the Award (less any amount paid for the Shares) on the date the Award is granted.

*Section 409A.* Section 409A of the Code ( Section 409A ) provides certain requirements for nonqualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards granted under the 2008 EIP with a deferral feature will be subject to the requirements of Section 409A. If an Award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that Award may recognize ordinary income on the amounts deferred under the Award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an Award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

*Medicare Surtax.* In addition, a participant's annual net investment income, as defined in Section 1411 of the Code, may be subject to a 3.8% federal surtax. Net investment income may include capital gain and/or loss arising from the disposition of Shares issued pursuant to awards granted under the 2008 EIP. Whether a participant's net investment income will be subject to this surtax will depend on the participant's level of annual income and other factors.

*Tax Effect for the Company.* The Company generally will be entitled to a tax deduction in connection with an Award under the 2008 EIP in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). However, special rules limit the deductibility of compensation paid to the Company's chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. Under Section 162(m), the annual compensation paid to any of these specified employees will be deductible only to the extent that the compensation does not exceed \$1,000,000. However, under Section 162(m) as it was in effect during prior to January 1, 2018, the Company could preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) were met. These conditions included (among others) periodic stockholder

approval of the 2008 EIP and its material terms, setting certain limits on the number of Shares subject to Awards and, for Awards other than certain stock options and stock appreciation rights, establishing performance criteria that must be met before the Award actually will vest or be paid. As a result of the Tax Cuts and Jobs Act of 2017, for taxable years beginning on or after January 1, 2018, and except for certain grandfathered arrangements, under Section 162(m), any compensation over \$1,000,000 paid to the covered employees is not deductible to the Company.

**THE FOREGOING IS ONLY A SUMMARY OF THE TAX EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND VESTING OR EXERCISE OF AWARDS UNDER THE 2008 EIP, AS AMENDED AND RESTATED. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR NON-U.S. COUNTRY TO WHICH THE SERVICE PROVIDER MAY BE SUBJECT.**

**Required Vote**

If a quorum is present, the affirmative vote of a majority of the Votes Cast will be required to approve the amended and restated 2008 EIP.

**Purpose for Recommending Approval of the amendment and restatement of the 2008 Equity Incentive Plan**

We believe that the increase by 1,000,000 Shares of the Shares reserved for issuance under the 2008 EIP and the extension of the 2008 EIP term in order to continue to be able to grant equity awards thereunder are essential to our continued success. Our employees are our most valuable asset. Stock options and other awards such as those provided under the amended and restated 2008 EIP will substantially assist us in continuing to attract and retain employees and non-employee directors in the extremely competitive labor markets in which we compete. Such awards also are crucial to our ability to motivate employees to achieve our goals. We will benefit from increased stock ownership by selected executives, other employees and non-employee directors.

**IRIDEX CORPORATION**

**2008 EQUITY INCENTIVE PLAN**

(as amended and restated April 25, 2018)

1. Purposes of the Plan. The purposes of this Plan are:

to attract and retain the best available personnel for positions of substantial responsibility,

to promote the success of the Company's business.

The Plan permits the grant of Incentive Stock Options, Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares and other stock or cash awards as the Administrator may determine.

2. Definitions. As used herein, the following definitions will apply:

(b) Affiliate means any corporation or any other entity (including, but not limited to, partnerships and joint ventures) controlling, controlled by, or under common control with the Company.

(c) Applicable Laws means the requirements relating to the administration of equity-based awards under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the Common Stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where Awards are, or will be, granted under the Plan.

(d) Award means, individually or collectively, a grant under the Plan of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares and other stock or cash awards as the Administrator may determine.

A-1

(ii) A change in the effective control of the Company which occurs on the date that a majority of members of the Board is replaced during any twelve (12) month period by Directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election. For purposes of this clause (ii), if any Person is considered to effectively control the Company, the acquisition of additional control of the Company by the same Person will not be considered a Change in Control; or

(iii) A change in the ownership of a substantial portion of the Company's assets which occurs on the date that any Person acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following will not constitute a change in the ownership of a substantial portion of the Company's assets: (A) a transfer to an entity that is controlled by the Company's stockholders immediately after the transfer, or (B) a transfer of assets by the Company to: (1) a stockholder of the Company (immediately before the asset transfer) in exchange for or with respect to the Company's stock, (2) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by the Company, (3) a Person, that owns, directly or indirectly, 50% or more of the total value or voting power of all the outstanding stock of the Company, or (4) an entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a Person described in this subsection (iii)(B)(3). ### 3. Stock Subject to the Plan.

(a) Subject to the provisions of Section 14 of the Plan, the maximum aggregate number of Shares that may be awarded and sold under the Plan is 2,850,000 Shares, plus any Shares subject to stock options or similar awards granted under the Company's 1998 Stock Plan (the 1998 Plan) that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the 1998 Plan that are forfeited to or repurchased by the Company on or after the date the 1998 Plan expires, with the maximum number of Shares to be added to the Plan from the 1998 Plan to be no more than 1,367,361 Shares. The Shares may be authorized, but unissued, or reacquired Common Stock.

(b) Full Value Awards. Any Shares subject to Options or Stock Appreciation Rights will be counted against the numerical limits of this Section 3 as one Share for every Share subject thereto. Any Shares subject to Awards of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units with a per share or unit purchase price lower than 100% of Fair Market Value on the date of grant will be counted against the numerical limits of this Section 3 as one and one-half (1.5) Shares for every one Share subject thereto. To the extent that a Share that was subject to an Award that counted as one and one-half (1.5) Shares against the Plan reserve pursuant to the preceding sentence is recycled back into the Plan under the next paragraph of this Section 3, the Plan will be credited with one and one-half (1.5) Shares.

(c) Lapsed Awards. If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units, is forfeited to or repurchased by the Company, the unpurchased Shares (or for Awards other than Options and Stock Appreciation Rights, the forfeited or repurchased Shares) which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). Upon exercise of a Stock Appreciation Right settled in Shares, the gross number of Shares covered by the portion of the Award so exercised will cease to be available under the Plan. Shares that have actually been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if unvested Shares of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units are repurchased by the Company or are forfeited to the Company, such Shares will become available for future grant under the Plan. Shares used to pay the tax and/or exercise price of an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not reduce the number of Shares available for issuance under the Plan. Notwithstanding the foregoing provisions of this Section 3(c), subject to adjustment provided in Section 14, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan under this Section 3(c).

(d) Share Reserve. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

### 4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

A-5

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two (2) or more outside directors within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

(iii) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Awards may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator will determine;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(vi) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws or for qualifying for favorable tax treatment under applicable foreign laws;

(vii) to modify or amend each Award (subject to Section 19(c) of the Plan). Notwithstanding the previous sentence, the Administrator may not, without the approval of the Company's stockholders: (A) modify or amend an Option or Stock Appreciation Right to reduce the exercise price of such Option or Stock Appreciation Right after it has been granted (except for adjustments made pursuant to Section 14), or (B) cancel any outstanding Option or Stock Appreciation Right and replace it with a new Option or Stock Appreciation Right with a lower exercise price;

(viii) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

(ix) to allow Participants to satisfy withholding tax obligations in a manner prescribed in Section 15;

(x) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award pursuant to such procedures as the Administrator may determine; and

(xi) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations, and interpretations will be final and binding on all Participants and any other holders of Awards.

5. Eligibility. Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units as the Administrator determines may be granted to Service Providers. Incentive Stock Options may be granted only to Employees of the Company or any Parent or Subsidiary of the Company.

6. Stock Options.

(a) Limitations.

(i) Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000 (U.S.), such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(ii) The Administrator will have complete discretion to determine the number of Shares subject to an Option granted to any Participant, provided that during any Fiscal Year, no Participant will be granted an Option covering more than 200,000 Shares. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted Options covering up to an additional 400,000 Shares.

(b) Term of Option. The Administrator will determine the term of each Option in its sole discretion; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than 10% of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(c) Option Exercise Price and Consideration.

(i) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, but will be no less than 100% of the Fair Market Value per Share on the date of grant. In addition, in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant. Notwithstanding the foregoing provisions of this Section 6(c), Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) Form of Consideration. The Administrator will determine the acceptable form(s) of consideration for exercising an Option, including the method of payment, to the extent permitted by Applicable Laws.

A-7

(d) Exercise of Option.

(i) Procedure for Exercise: Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

(ii) An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator specifies from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan.

(iii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(v) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(vi) Other Termination. A Participant's Award Agreement may also provide that if the exercise of the Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement, or (B) the 10th day after the last date on which such exercise would

result in such liability under Section 16(b). Finally, a

A-8

Participant's Award Agreement may also provide that if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option, or (B) the expiration of a period of three (3) months after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

#### 7. Stock Appreciation Rights.

(a) Grant of Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) Number of Shares. The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, provided that during any Fiscal Year, no Participant will be granted Stock Appreciation Rights covering more than 200,000 Shares. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted Stock Appreciation Rights covering up to an additional 400,000 Shares.

(c) Exercise Price and Other Terms. The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan, provided, however, that the exercise price will be not less than 100% of the Fair Market Value of a Share on the date of grant.

(d) Stock Appreciation Right Agreement. Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(e) Expiration of Stock Appreciation Rights. A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Notwithstanding the foregoing, the rules of Section 6(d) also will apply to Stock Appreciation Rights.

(f) Payment of Stock Appreciation Right Amount. Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times
- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

#### 8. Restricted Stock.

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Notwithstanding the foregoing sentence, for restricted stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, during any Fiscal Year no Participant will receive more than an aggregate of 150,000 Shares of Restricted Stock. Notwithstanding the foregoing limitation, in connection with his or her initial service as an Employee, for restricted stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, an Employee may be granted an aggregate of up to an additional 150,000 Shares of Restricted Stock. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) Transferability. Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) Removal of Restrictions. Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

(f) Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

(i) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

## 9. Restricted Stock Units.

(a) Grant. Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator. Each Restricted Stock Unit grant will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions, and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which, subject to Section 9(d), may be left to the discretion of the Administrator. Notwithstanding anything to the

A-10

contrary in this subsection (a), for Restricted Stock Units intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, during any Fiscal Year of the Company, no Participant will receive more than an aggregate of 150,000 Restricted Stock Units. Notwithstanding the limitation in the previous sentence, for Restricted Stock Units intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, in connection with his or her initial service as an Employee, an Employee may be granted an aggregate of up to an additional 150,000 Restricted Stock Units.

(b) Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. After the grant of Restricted Stock Units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Restricted Stock Units. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the vesting criteria, and such other terms and conditions as the Administrator, in its sole discretion will determine. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

(c) Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(d) Form and Timing of Payment. Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in cash, Shares, or a combination thereof. Shares represented by Restricted Stock Units that are fully paid in cash again will be available for grant under the Plan.

(e) Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

(f) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock Units as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

#### 10. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units/Shares granted to each Participant provided that during any Fiscal Year, for Performance Units or Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, (i) no Participant will receive Performance Units having an initial value greater than \$1,000,000, and (ii) no Participant will receive more than 150,000 Performance Shares. Notwithstanding the foregoing limitation, for Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, in connection with his or her initial service, a Service Provider may be granted up to an additional 150,000 Performance Shares.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

A-11

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions. The Administrator may set vesting criteria based upon the achievement of Company-wide, business unit, or individual goals (including, but not limited to, continued employment), or any other basis determined by the Administrator in its discretion. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. After the grant of Performance Units/Shares, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Awards.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Performance Units/Shares as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

#### 11. Performance-Based Compensation Under Code Section 162(m).

(a) General. If the Administrator, in its discretion, decides to grant an Award intended to qualify as performance-based compensation under Code Section 162(m), the provisions of this Section 11 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Code to such Participants that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 11.

(b) Performance Goals. The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Code Section 162(m) and may provide for a targeted level or levels of achievement (Performance Goals) including (i) Cash Position, (ii) Earnings Per Share, (iii) Net Income, (iv) Operating Cash Flow, (v) Operating Income, (vi) Return on Assets, (vii) Return on Equity, (viii) Return on Sales, (ix) Revenue, and (x) Total Stockholder Return. Any Performance Goals may be used to measure the performance of the Company as a whole or a business unit of the Company and may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant.

(c) Procedures. To the extent necessary to comply with the performance-based compensation provisions of Code Section 162(m), with respect to any Award granted subject to Performance Goals, within the first twenty-five percent (25%) of the Performance Period, but in no event more than ninety (90) days following the commencement of any Performance Period (or such other time as may be required or permitted by Code Section 162(m)), the Administrator will, in writing, (i) designate one or more Participants to whom an Award will be made, (ii) select the Performance Goals applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Participant for such Performance Period. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Participant, the Administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period. A Participant will be eligible to receive payment pursuant to an Award for a Performance Period only if the Performance Goals for such period are achieved.

(d) Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Participant and is intended to constitute qualified performance based compensation under Code Section 162(m) will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

12. Leaves of Absence. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company, or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months and one day following the commencement of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

13. Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

14. Adjustments; Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits set forth in Sections 3, 6, 7, 8, 9, and 10.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Change in Control. In the event of a merger or Change in Control, each outstanding Award will be treated as the Administrator determines, including, without limitation, that each Award will be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation (the Successor Corporation). The Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the Successor Corporation does not assume or substitute for the Award, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock will lapse, and, with respect to Restricted Stock Units, Performance Shares and Performance Units, all Performance Goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted for in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) or, in the case of a Stock Appreciation Right upon the exercise of which the Administrator determines to pay cash or a Performance Share or Performance Unit which the Administrator can determine to pay in cash, the fair market value of the consideration received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the Successor Corporation, the Administrator may, with the consent of the Successor Corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Performance Share or Performance Unit, for each Share subject to such Award (or in the case of Performance Units, the number of implied shares determined by dividing the value of the Performance Units by the per share consideration received by holders of Common Stock in the Change in Control), to be solely common stock of the Successor Corporation equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 14(c) to the contrary: (i) an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the Successor Corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption; and (ii) if a payment under an Award Agreement is subject to Code Section 409A and if the change in control definition contained in the Award Agreement does not comply with the definition of "change of control" for purposes of a distribution under Code Section 409A, then any payment of an amount that is otherwise accelerated under this Section will be delayed until the earliest time that such payment would be permissible under Code Section 409A without triggering any penalties applicable under Code Section 409A.

15. Tax Withholding

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum amount required to be withheld, (iii) delivering to the Company already-owned Shares having a Fair Market Value equal to the amount required to be withheld, or (iv) selling a sufficient number of Shares otherwise deliverable to the Participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the amount required to be withheld. The amount of the withholding requirement will be deemed to include any amount which the Administrator agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

16. No Effect on Employment or Service. Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

17. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

18. Effective Date and Term of Plan. The Plan will become effective upon the date the stockholders of the Company approve the Plan. The Company will obtain such stockholder approval in the manner and to the degree required under Applicable Laws. It will continue in effect until June 11, 2022, unless terminated earlier under Section 19 of the Plan.

19. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Administrator may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension, or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

20. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

21. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.
