**Item 5.04. Temporary Suspension of Trading Under Registrant's Employee Benefit Plans.**

On August 31, 2018, in connection with the proposed business combination of Praxair, Inc. ( Praxair ) with Linde AG (the Transaction ), Praxair received a notice required by Section 101(i)(2)(E) of the Employment Retirement Income Security Act of 1974, as amended ( ERISA ) regarding a potential blackout period under the Praxair Retirement Savings Plan (the Plan ). The closing of the Transaction is subject to regulatory approval and the completion of other prerequisites. Should the Transaction close, a blackout period may be necessary to ensure that all transactions in Praxair common stock ( Praxair Stock ) in the Praxair Stock Fund under the Plan are fully completed before the effective time of the Transaction and the Plan administrator can process the exchange of Praxair Stock for Linde plc ordinary shares. ERISA requires a blackout notice to be sent to plan participants under tax-qualified individual account plans (like the Plan) at least 30 days, but not more than 60 days, in advance of the potential blackout period. Given these timing requirements, the ERISA blackout notice may be required to be given before consummation of a proposed transaction is certain.

Participants in the Plan have been advised that there may be a blackout period during which participants will be unable to direct or diversify investments in their individual accounts or obtain loans or distributions from the Plan. Whether the closing of the Transaction will occur, and if it does, whether a blackout period under the Plan will occur, as well as the exact beginning and ending dates of any such blackout period, cannot be determined at this time. If the Transaction is consummated, a blackout period for the Plan is expected to begin two business days prior to the closing of the Transaction and remain in effect for up to five business days following the closing. If the closing of the Transaction were to occur on October 24, 2018, such blackout period, if any, would be expected to begin during the week of October 22, 2018, and would be expected to end during the week of October 29, 2018.

On September 7, 2018, Praxair sent a separate notice to its directors and executive officers pursuant to Section 306 of the Sarbanes-Oxley Act of 2002 and Regulation BTR, which generally prohibits directors and executive officers of an issuer from engaging in transactions involving the issuer's equity securities acquired in connection with their service or employment as a director or executive officer during any Plan blackout period. The notice informed Praxair's directors and executive officers of a potential blackout period under the Plan and certain trading prohibitions that they will be subject to during any such blackout period.

Inquiries concerning the notice or the blackout period, including the beginning and ending dates of the trading restrictions, may be directed without charge to:
