Item 1.01 Entry into a Material Definitive Agreement.

W Energy Acquisition (Amendment)

On September 25, 2018, Northern Oil and Gas, Inc. (the Company) entered into an amendment (the Amendment) to the purchase and sale agreement, dated July 27, 2018 (as amended, the Purchase Agreement), with WR Operating LLC (W Energy). The entry into the Purchase Agreement and its material terms were previously disclosed in the Company's Current Report on Form 8-K filed with the SEC on July 31, 2018. Pursuant to the Amendment, the parties agreed to adjust the closing consideration to (i) increase the cash amount by \$17.08 million and (ii) decrease the stock amount by 4,894,938 shares, and to forego the lock-up release for the month of October 2018.

The foregoing description of the Amendment is qualified by reference to the full text of the Amendment, which is filed as Exhibit 10.1 hereto and is incorporated herein by reference.

Item 2.01. Completion of Acquisition or Disposition of Assets.

Closing of W Energy Acquisition

On October 1, 2018, the Company completed its acquisition (the W Energy Acquisition) of certain oil and gas properties and interests from W Energy, effective as of July 1, 2018. The acquired assets consist of approximately 27.2 net producing wells and 5.9 net wells in progress, as well as approximately 10,633 net acres in North Dakota, which the Company estimates will generate approximately 51.9 net undrilled locations.

In accordance with the Purchase Agreement, W Energy is receiving approximately \$114.8 million in cash and 51,476,961 shares of the Company's common stock, par value \$0.001 per share (the Common Stock). The cash portion of the initial consideration is net of preliminary and customary purchase price adjustments and remains subject to final post-closing settlement between the Company and W Energy, which is expected to be finalized by the end of the second quarter of 2019. The Company funded the cash portion of the closing payment with cash on hand.

The Purchase Agreement provides for a limited lock-up on the shares issued at closing over a 13-month post-closing period, and also provides for potential additional consideration to be paid by the Company during the 13-month post-closing period if its Common Stock trades below certain price targets. Any such additional consideration may be paid, at the Company's election, in either cash or (after March 2019) additional shares of Common Stock, provided that the Company cannot issue more than 7,564,875 additional shares of Common Stock to W Energy. The material terms of the Purchase Agreement were previously disclosed in Item 1.01 of the Current Report on Form 8-K filed on July 31, 2018 (file no. 001-33999), which is incorporated herein by reference.

In accordance with the Purchase Agreement, the Company entered into a Registration Rights Agreement with W Energy, dated October 1, 2018, which obligates the Company to prepare and file a registration statement covering the resale of the shares of Common Stock issued and issuable under the Purchase Agreement and to seek and maintain effectiveness of the same. The Company has agreed, among other things, to indemnify the selling stockholders under the registration statement with respect to certain liabilities and to pay all fees and expenses incident to the Company's obligations under the Registration Rights Agreement. The foregoing description of the Registration Rights Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified by, the full text of the Registration Rights Agreement, which is filed as Exhibit 10.2 hereto and incorporated herein by reference.

Item 3.02 Unregistered Sales of Equity Securities.

The disclosure in Item 2.01 relating to the issuance of the shares of Common Stock (the Shares) in connection with the W Energy Acquisition is incorporated by reference into this Item 3.02. The Shares were issued pursuant to the Purchase Agreement in reliance on the exemption from registration provided by Section 4(a)(2) of

the Securities Act, to a limited number of persons who are accredited investors or sophisticated persons as those terms are defined in Rule 501 of Regulation D promulgated by the U.S. Securities and Exchange Commission, without the use of any general solicitation or advertising to market or otherwise offer the securities for sale. None of the Shares have been registered under the Securities Act, or applicable state securities laws and none may be offered or sold in the United States absent registration under the Securities Act or an exemption from such registration requirements.

Item 7.01. Regulation FD Disclosure.

On October 1, 2018, the Company issued a press release announcing the closing of the W Energy Acquisition. The full text of the press release is furnished as Exhibit 99.1 hereto and is incorporated herein by reference.
