GENERAL INFORMATION

ABOUT THIS PROXY STATEMENT AND THE 2019 ANNUAL MEETING

Why am I receiving these proxy materials?

These proxy materials are being provided to the shareholders of Virtus Investment Partners, Inc., a Delaware corporation (Virtus, the Company, we, our or us), in connection with the solicitation of proxies by our Board of Directors (the Board) to be voted at our 2019 Annual Meeting of Shareholders (the Annual Meeting) and at any adjournment or postponement thereof, to be held Wednesday, May 15, 2019 at 10:30 A.M. EDT at the Company s offices, One Financial Plaza, 19th Floor, Hartford, Connecticut. The Notice of Annual Meeting, Proxy Statement and voting instructions, together with our 2018 Annual Report, will be mailed and/or made available to each shareholder entitled to vote starting on or about April 5, 2019.

Shareholders are invited to attend the Annual Meeting and are entitled and requested to vote on the matters set forth in the Notice of Annual Meeting, as described in this Proxy Statement.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Under rules adopted by the Securities and Exchange Commission (the SEC), we are furnishing our proxy materials over the Internet instead of mailing a full set of printed proxy materials to certain of our shareholders. Accordingly, on or about April 5, 2019, we are mailing or delivering electronically to certain of our shareholders a Notice of Internet Availability of Proxy Materials that provides instructions on how to access our proxy materials on the Internet and vote or, alternatively, how to request that a copy of the proxy materials be sent to them by mail.

Who is entitled to vote and how many votes are needed to approve the proposals?

Only holders of record of our common stock, par value \$0.01 per share (the Common Stock), at the close of business on March 22, 2019 (the Record Date) are entitled to vote at the Annual Meeting or any adjournment or postponement thereof. Each holder of record of our Common Stock as of the Record Date will be entitled to one vote for each share of Common Stock held. As of the Record Date, there were 6,973,625 shares of our Common Stock outstanding and entitled to vote. Holders of the Company s 7.25% Series D Mandatory Convertible Preferred stock are not entitled to vote on any of the matters as described in this Proxy Statement. A list of all shareholders of record entitled to vote at the Annual Meeting will be available for inspection by any shareholder for any purpose germane to the meeting at our offices at One Financial Plaza, 26th Floor, Hartford, Connecticut for the ten-day period immediately preceding the Annual Meeting. At the Annual Meeting, our common shareholders will be asked to consider and vote upon the following matters:

1. Election of directors

We are asking shareholders to vote upon the election of the two directors recommended for nomination by our Governance Committee and nominated by our Board for the two Class II director seats, each to hold office for a three-year term expiring at the 2022 Annual Meeting of Shareholders or upon his or her successor being elected and qualified, or until his or her earlier resignation, retirement, death, disqualification or removal. Information concerning the Class II director nominees is provided below under the heading PROPOSALS REQUIRING YOUR VOTE ITEM 1 ELECTION OF DIRECTORS. A plurality of the affirmative votes cast by shareholders present in person or

represented by proxy and entitled to vote is required for the election of each such director nominee. You may vote either FOR or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld and broker non-votes will have no effect on the election of directors because only votes FOR a nominee will be counted. That said, in an uncontested election, any director nominee who receives a greater number of votes withheld than votes for such director nominee's election is required to

Table of Contents

promptly tender his or her resignation, subject to acceptance by the Board, in accordance with our Bylaws. The Board's decision, which will not involve the participation of any incumbent director who fails to receive a majority of the votes cast in an uncontested election of directors, will be promptly disclosed in a public announcement. There is no cumulative voting in the election of directors.

2. *Ratification of the Audit Committee's appointment of the independent registered public accounting firm*

Ratification of the appointment of Deloitte & Touche LLP to serve as our independent registered public accounting firm for 2019 requires that a majority of the votes represented at the Annual Meeting, in person or by proxy, be voted FOR the proposal. You may vote FOR, AGAINST or ABSTAIN on this matter. If you vote to ABSTAIN with respect to this proposal, your shares will be counted as present for purposes of establishing a quorum and the abstention will have the same effect as a vote AGAINST the proposal. The ratification of the Audit Committee's appointment of the independent registered public accounting firm is considered a routine matter for which a bank, broker or other holder of record will have discretionary authority to vote on behalf of the beneficial owners of shares held by the bank, broker or other holder, even in the absence of specific instructions from the beneficial owner.

3. *Approval of an advisory vote on the compensation of our named executive officers, as disclosed in the Proxy Statement*

Approval of an advisory vote on the compensation of our named executive officers is required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act). The affirmative vote of a majority of the votes represented at the Annual Meeting, in person or by proxy, is required to approve, on an advisory basis, the compensation of our named executive officers, as described in this Proxy Statement. You may vote FOR, AGAINST or ABSTAIN on this matter. If you vote to ABSTAIN with respect to this proposal, your shares will be counted as present for purposes of establishing a quorum and the abstention will have the same effect as a vote AGAINST the proposal. Broker non-votes will also have the same effect as a vote AGAINST the proposal. Although the advisory vote is non-binding, the Compensation Committee and the Board will review the results of this vote and will take it into consideration when making future decisions regarding executive compensation.

4. *Approval of an amendment to the Company's Amended and Restated Omnibus Incentive and Equity Plan to increase the number of shares available for issuance by 420,000 shares*

Approval of an amendment to the Company's Amended and Restated Omnibus Incentive and Equity Plan to increase the number of shares available for issuance by 420,000 shares requires that a majority of the votes represented at the Annual Meeting, in person or by proxy, be voted FOR the proposal. You may vote FOR, AGAINST or ABSTAIN on this matter. If you vote to ABSTAIN with respect to this proposal, your shares will be counted as present for purposes of establishing a quorum and the abstention will have the same effect as a vote AGAINST the proposal. Broker non-votes will also have the same effect as a vote AGAINST this proposal.

What are the voting recommendations of the Company's Board of Directors?

The Board of Directors recommends that shareholders vote:

FOR the election of the Board's director nominees named in this Proxy Statement;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2019;

FOR the approval, on an advisory basis, of our named executive officer compensation; and

FOR the approval of an amendment to the Company's Amended and Restated Omnibus Incentive and Equity Plan to increase the number of shares available for issuance by 420,000 shares.

Table of Contents

How many votes are required to conduct the Annual Meeting?

The presence at the meeting, in person or represented by proxy, of the holders of record of one-third of the shares entitled to vote on any matter at the meeting will constitute a quorum for the transaction of business at the Annual Meeting. You will be counted as present at the meeting if you attend the meeting and vote in person or if you vote by proxy via the Internet, telephone or mail. Abstentions and broker non-votes will be counted for the purpose of establishing a quorum at the meeting. If a quorum is not present, we will adjourn the annual meeting until a quorum is obtained.

How are votes counted?

A representative from Broadridge Corporate Issuer Solutions, Inc., the Company's transfer agent, will serve as the inspector of elections for the Annual Meeting and will tabulate the votes for each proposal.

How do I vote?

Whether you hold your shares directly as a shareholder of record, or beneficially in street name, you may vote your shares without attending the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance so that your vote will be counted if you later decide not to, or are otherwise unable to attend the meeting.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. The Notice of Internet Availability of Proxy Materials has been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by submitting voting instructions to such person in accordance with the directions outlined in the Notice of Internet Availability of Proxy Materials.

If you hold shares in your name as a holder of record, you are considered the shareholder of record with respect to those shares. You can vote your shares:

Over the Internet at www.proxyvote.com;

By telephone, toll free at 1-800-690-6903; or

By completing and returning a proxy card that will be mailed to you, along with a postage-paid envelope if you request delivery of a full set of proxy materials or, which may be mailed to you, at the Company's option, beginning after the tenth day following the mailing of the Notice of Internet Availability of Proxy Materials.

The deadline for voting by Internet or telephone is 11:59 P.M., Eastern Daylight Time, on Tuesday, May 14, 2019. For persons holding shares in the Virtus Investment Partners, Inc. Savings and Investment Plan (the Virtus 401(k) Plan), the trustee must receive your vote no later than 11:59 P.M., Eastern Daylight Time, on Friday, May 10, 2019.

Holders of record may vote in person at the Annual Meeting, but beneficial owners must obtain a legal proxy from the broker, bank or other holder of record authorizing the beneficial holder to vote such shares at the meeting. You cannot vote shares held under the Virtus 401(k) Plan in person at the meeting.

What is a proxy ?

A proxy allows someone else (the proxy holder) to vote your shares on your behalf. The Board is asking you to allow any of the persons named on the proxy form to act as your proxy holder and vote your shares at the Annual Meeting. The persons named as your proxy holders will vote your proxy in accordance with your

Table of Contents

specifications. Unless you specify otherwise, the persons named as your proxy holders on the Company's proxy form will vote in accordance with the voting recommendations of the Board in connection with the matters listed on the proxy form and in their discretion on any other matters that properly come before the Annual Meeting.

If you hold shares as a participant in the Virtus 401(k) Plan, your proxy represents all shares that you own through such plan, assuming that your shares are registered in the same name, and your proxy will serve as a voting instruction for the trustee of such plan. If you own your shares through the Virtus 401(k) Plan and you do not vote, the Virtus 401(k) Plan trustee will not vote your shares.

Can I change or revoke my proxy?

Yes. You may change or revoke your proxy at any time before it is voted at the meeting. If you are a shareholder of record, you may change or revoke your proxy after submitting your proxy, whether submitted by mail, the Internet or telephone, either by (i) submitting another proxy with a later date, as long as it is received prior to the time the earlier dated proxy is exercised; (ii) attending the Annual Meeting and voting in person; or (iii) notifying the Corporate Secretary in writing before the meeting that you have revoked your proxy. Your attendance at the meeting will not automatically revoke your proxy; you must vote at the meeting to revoke your proxy. If you are a beneficial owner of shares, please contact your bank, broker or other holder of record for specific instructions on how to change or revoke your vote. Your most current vote, whether cast in person, by telephone, Internet or proxy card, is the one that will be counted.

If you hold shares as a participant in the Virtus 401(k) Plan, you may change your vote and revoke your proxy by (i) submitting another proxy with a later date, as long as it is received prior to the time the earlier dated proxy is exercised or (ii) notifying the Corporate Secretary in writing before the meeting that you have revoked your proxy, in each case if you do so no later than 11:59 P.M., Eastern Daylight Time, on Friday, May 10, 2019. You cannot, however, revoke or change your proxy with respect to shares held through the Virtus 401(k) Plan after that date, and you cannot vote those shares in person at the Annual Meeting.

What are broker non-votes and abstentions ?

A broker non-vote occurs when a bank, broker or other holder of record holds shares for a beneficial owner but is not empowered to vote on a particular proposal on behalf of such beneficial owner because such proposal is considered to be non-routine and the beneficial owner has not provided voting instructions or because your broker chooses not to vote on a routine matter for which it does have discretionary authority.

This means that if a brokerage firm holds shares on your behalf, those shares will not be voted on any non-routine proposal presented at the Annual Meeting, unless you expressly provide voting instructions to that firm. The non-routine proposals that will be presented at the Annual Meeting are (i) the election of directors, (ii) the shareholder advisory vote to approve the compensation of our named executive officers, and (iii) the approval of an amendment to the Company's Amended and Restated Omnibus Incentive and Equity Plan to increase the number of shares available for issuance by 420,000 shares. The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2019 is considered a routine proposal for which a bank, broker or other holder of record may vote on behalf of the beneficial owner even in the absence of specific instructions from the beneficial owner. In order to ensure that any shares held on your behalf by a brokerage firm or other organization are voted in accordance with your wishes, we encourage you to provide voting instructions to that firm or organization.

An abstention is a properly signed proxy card (or valid instruction via the Internet or by telephone) which is marked ABSTAIN as to a particular matter in which the option to abstain is available.

Who may attend the meeting?

All shareholders as of the Record Date may attend the Annual Meeting. If you are a registered holder, to gain admission, you will need valid picture identification or other proof that you are a shareholder of record of

Table of Contents

Common Stock as of the Record Date. If your Common Stock is held in a bank or brokerage account, a recent bank or brokerage statement showing that you owned Common Stock on the Record Date will be required for admission. To obtain directions to attend the Annual Meeting and vote in person, please contact Investor Relations by sending an email to: investor.relations@virtus.com.

Why did my household receive only one Notice of Internet Availability of Proxy Materials, or why did I receive more than one Notice of Internet Availability of Proxy Materials?

The Company has adopted a procedure approved by the SEC called householding. Under this procedure, when multiple shareholders of record of Common Stock share the same address, we may deliver only one Notice of Internet Availability of Proxy Materials (or proxy materials in the case of shareholders who receive paper copies of proxy materials) to that address unless we have received contrary instructions from one or more of those shareholders. The same procedure applies to brokers and other nominees holding shares of our Common Stock in street name for more than one beneficial owner with the same address.

If a shareholder holds shares of Common Stock in multiple accounts (e.g., with our transfer agent and/or banks, brokers or other registered shareholders), we may be unable to use the householding procedures and, therefore, that shareholder may receive multiple copies of the Notice of Internet Availability of Proxy Materials (or proxy materials, as applicable). *You should follow the instructions on each Notice of Internet Availability that you receive in order to vote the shares you hold in different accounts.*

If you share an address with another shareholder and have received only one Notice of Internet Availability of Proxy Materials (or proxy materials, as applicable), you may write or call us as specified below to request a separate copy of such materials, and we will promptly send them to you at no cost to you. For future meetings, if you hold shares directly registered in your own name, you may request separate copies of these materials, or request that we send only one set of these materials to you if you are receiving multiple copies, by contacting our Investor Relations Department via telephone at 800-248-7971, Option 2, or by mail at Virtus Investment Partners, Inc., One Financial Plaza, Hartford, CT 06103. If you are a beneficial owner of shares held in street name, please contact your bank, broker or other holder of record.

Who pays for the cost of this proxy solicitation?

All costs and expenses of this solicitation, including the cost of mailing the Notice of Internet Availability of Proxy Materials (or proxy materials, as applicable) and preparing this Proxy Statement and posting it on the Internet, will be borne by the Company. We also reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in sending proxy materials to their customers who are beneficial owners. In addition to soliciting proxies by mail, our directors, executive officers and employees may solicit proxies on our behalf, without additional compensation, personally or by Internet or telephone. We do not currently plan to hire a proxy solicitor to help us solicit proxies from brokers, bank nominees or other institutions or shareholders, although we reserve the right to do so.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting, and we will publish preliminary, or final results if available, in a current report on Form 8-K within four business days of the Annual Meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

CORPORATE GOVERNANCE

Corporate Governance Principles

Our Board is responsible for providing effective governance and oversight of our affairs. Our corporate governance practices are designed to align the interests of our Board and management with those of our shareholders and to promote honesty and integrity. Our Board has adopted Corporate Governance Principles that outline our corporate governance policies and procedures, including, among other topics, director responsibilities, Board committees, director access to the Company's officers and employees, director compensation, management succession and performance evaluations of the Board. More information about our corporate governance is available on our website at www.virtus.com, in the Investor Relations section, under the heading Corporate Governance.

Code of Conduct

We have adopted a written Code of Conduct which applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. We are committed to the highest standards of ethical and professional conduct, and the Code of Conduct provides guidance on how to uphold these standards. The Code of Conduct is available on our website at www.virtus.com, in the Investor Relations section, under the heading Corporate Governance. We intend to post any substantive amendments to, or waivers of, the Code of Conduct applicable to our principal executive officer, principal financial officer, principal accounting officer or directors on our website. You may request a printed copy of the Code of Conduct by contacting the Corporate Secretary as set forth below under the heading Shareholder and Interested Party Communications.

Director Independence

A majority of the directors of the Board must be affirmatively determined by the Board to be independent under NASDAQ Marketplace Rules (NASDAQ Rules). In making these determinations, the Board considers and broadly assesses all of the information provided by each director in response to detailed inquiries concerning his or her independence and any direct or indirect business, family, employment, transactional or other relationship or affiliation of such director with the Company, taking into account the applicable NASDAQ Rules and SEC rules and regulations as well as the manner in which any relationships may potentially have the appearance of impacting independence. In addition, to aid it in determining whether a director is independent, the Board has adopted categorical independence standards that are available on our website at www.virtus.com, in the Investor Relations section, under the heading Corporate Governance.

In February 2019, the Board considered the independence of our directors and determined that each of Dr. Fleming, Mses. Jones and Hooda, and Messrs. Baio, Holt, Treanor and Zarrilli meets the criteria for independence as established by the NASDAQ Rules and our own categorical independence standards. The Board has also determined that: each member of the Audit, Compensation, Governance, and Risk and Finance Committees is independent under applicable NASDAQ Rules; each member of the Audit Committee is also independent under the independence criteria required by the SEC for audit committee members; and each member of the Compensation Committee is: (i) independent under the criteria established by the NASDAQ Rules; (ii) an outside director pursuant to the criteria established by the Internal Revenue Service; and (iii) a non-employee director pursuant to criteria established by the SEC.

Board and Committee Membership

Our Board has established the following four standing committees to assist it with its responsibilities:

Audit Committee
Compensation Committee

Governance Committee
Risk and Finance Committee

Table of Contents

The table below provides the current membership for each of the Board committees:

Name	Audit	Compensation	Governance	Risk and Finance
James R. Baio	Member	Member		
Susan S. Fleming			Member	Chair
Timothy A. Holt			Chair	Member
Sheila Hooda	Member			Member
Melody L. Jones	Member	Chair		
Mark C. Treanor		Member	Member	
Stephen T. Zarrilli	Chair			Member

During 2018, the Board held nine meetings. Our independent directors meet in regularly scheduled executive sessions, generally at the end of each regular Board meeting. Mr. Treanor, our independent Chairman of the Board, presides at all Board meetings and executive sessions.

Directors are expected to attend all Board meetings, the annual meeting of shareholders and meetings of committees on which they serve and to spend the time needed and to meet as frequently as necessary to properly discharge their responsibilities. Director attendance and meeting preparation is part of the annual evaluation process conducted by the Governance Committee. All of our current directors attended our 2018 Annual Meeting and at least 75% of the meetings of the Board and of the standing committees of which he or she was a member during 2018.

The Board has adopted written charters for each of the Audit, Compensation, Governance, and Risk and Finance Committees that set forth the responsibilities, authority and specific duties of each such committee. Each committee reports out regularly to the full Board regarding its deliberations and actions. The charters for each of the committees of our Board are available on our website at www.virtus.com, in the Investor Relations section, under the heading Corporate Governance.

Board Leadership Structure and Evaluation

Under our Corporate Governance Principles, to ensure Board independence, no less than a majority of our directors are required to be independent in accordance with NASDAQ Rules. Pursuant to our Corporate Governance Principles, our Board determines the best board leadership structure for our Company, and our Board may choose its Chairman in the manner it deems in the best interests of the Company and its shareholders. The Board does not have a formal policy that requires the roles of Chairman of the Board and Chief Executive Officer to be separate.

At this time, the Board believes that it is advisable for one of our independent directors to serve as Chairman of the Board, and the Board has elected Mark C. Treanor as Chairman. The Board believes that its members provide a broad array of experience, expertise and perspective and that it is beneficial to have an independent director lead the Board as Chairman and for Mr. Aylward, who is our President and Chief Executive Officer (CEO), and also a director, to lead our Company and its management as CEO. Mr. Treanor and Mr. Aylward work closely together, and with the entire Board, in developing the strategies, agendas and direction of our Board and for our Company as a whole. We recognize that different board leadership structures may be appropriate for companies in different situations and at different times and may choose a different leadership structure in the future.

As part of our annual Board self-evaluation process, we evaluate how our Board and governance structure function, to ensure that the Board continues to provide an optimal governance structure for our Company and our shareholders. As part of this process, we engage a third party to facilitate a comprehensive self-evaluation of the Board and each standing Committee. In addition, the Governance Committee conducts an individual evaluation of each director considered for nomination for re-election to the Board based upon individual interviews with each director regarding each of the prospective nominees.

Table of Contents

Audit Committee

The Audit Committee currently consists of Messrs. Zarrilli (Chair) and Baio and Meses. Hooda and Jones. The Board has determined that Messrs. Baio and Zarrilli each qualify as an audit committee financial expert as defined under SEC rules and that all members of the Audit Committee meet the criteria for service under applicable NASDAQ Rules.

During 2018, the Audit Committee held nine meetings. The primary purposes of the Audit Committee are: (i) to exercise sole responsibility for the appointment, compensation, retention, oversight and, if applicable, termination of the Company's independent registered public accounting firm, including a review of the independent registered public accounting firm's qualifications and independence; and (ii) to assist the Board in fulfilling its oversight responsibilities, by reviewing the quality and integrity of the Company's financial statements and financial reporting process, the Company's systems of internal accounting and financial controls, the annual independent audit of the consolidated financial statements of the Company and its subsidiaries, the Company's internal auditing and accounting processes, and the Company's legal and regulatory compliance programs as established by management and the Board.

Compensation Committee

The Compensation Committee currently consists of Ms. Jones (Chair) and Messrs. Baio and Treanor. During 2018, the Compensation Committee held 22 meetings. The primary purposes of the Compensation Committee are: (i) to provide assistance to the Board in fulfilling its responsibility to achieve the Company's objective of maximizing the long-term return to shareholders by ensuring that officers, directors and employees are compensated in accordance with the Company's compensation philosophy, objectives and policies; and (ii) to review and approve compensation policies and programs for the Company's executive officers that support such compensation philosophy and objectives and link compensation to financial performance and the attainment of strategic objectives, while providing competitive compensation opportunities at a reasonable cost.

The Compensation Committee is specifically charged with:

Reviewing and approving Company performance goals and objectives for annual and long-term incentive programs;

Recommending the compensation levels of our CEO to the Board of Directors;

Reviewing and approving non-CEO executive officer compensation;

The approval of equity-based compensation; and

Retaining compensation consultants and legal counsel as appropriate.

The Compensation Committee reviews and approves any changes to executive officer base salary and sets annual and long-term incentive compensation opportunity levels for our executive officers. In addition, the Compensation Committee reviews performance against pre-established performance goals and objectives for the incentive plans

under which our executive officers, including our CEO, are compensated. The Compensation Committee recommends incentive compensation awards for our CEO to the independent members of the Board for approval and, with the assistance of our CEO, reviews and approves the incentive compensation awards for the Company's executive officers. The Compensation Committee also reviews and approves the granting of equity-based compensation to our executive officers, other than our CEO, whose grants are approved by the independent members of our Board, and to other employees of the Company and its subsidiaries. The Compensation Committee has delegated to our CEO the authority to approve a limited number of restricted stock and stock option awards to employees of the Company and its subsidiaries who are not executive officers of the Company.

The Compensation Committee has retained Mercer (US) Inc. (Mercer) as its independent compensation consultant. The Compensation Committee has analyzed whether the work of Mercer as a compensation

consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to the Company by Mercer; (ii) the amount of fees from the Company paid to Mercer as a percentage of Mercer's total revenue; (iii) the policies and procedures of Mercer that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Mercer or the individual compensation advisors employed by Mercer with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of the Company owned by Mercer or the individual compensation advisors employed by Mercer. The Compensation Committee has determined, based on its analysis in light of the factors listed above, that the work of Mercer and the individual compensation advisors employed by Mercer as compensation consultants to the Compensation Committee has not created any conflict of interest.

For a further discussion of the processes and procedures of the Compensation Committee, including the roles of compensation consultants and executive officers in the determination or recommendation of executive and director compensation, see the disclosure under the headings *Compensation Discussion and Analysis* and *Director Compensation* elsewhere in this Proxy Statement.

Risks Related to Compensation Policies and Practices

As part of its oversight of the Company's executive compensation programs, the Compensation Committee, in conjunction with Company management, considers how current compensation policies and practices, including incentive opportunities, affect the Company's risk profile. The Compensation Committee evaluates the Company's compensation policies to determine whether they are designed to:

Attract and retain high-caliber leadership;

Align our executives' interests with those of our shareholders; and

Encourage an appropriate level of risk-taking while not creating incentives that are reasonably likely to pose material risk to the Company.

The Company reviews industry comparative compensation data to ensure that we are competitive in both attracting and retaining our executives. We believe our compensation structure is appropriately designed to retain high-caliber leadership.

Our compensation programs are designed to minimize excessive risk-taking. The base salary component of our compensation is aligned to market which does not, we believe, create additional risk. The current incentive awards have the following risk-limiting characteristics:

Awards are made based on a review of a variety of performance indicators, diversifying the risk associated with any single indicator of performance;

For executives, a significant portion of variable pay is delivered in the form of equity comprising performance-based and restricted stock units using one- and/or three-year performance measurement periods and three-year vesting;

Plan-based awards to our executives are limited to a maximum payout;

After reviewing and certifying Company performance results, the Compensation Committee, in its discretion, approves compensation awards for our executives;

Clawback provisions allow the Company to clawback compensation if an award was based on materially inaccurate financial statements or other performance measurement criteria, among other conditions; and

Our CEO, executive officers and directors are expected to maintain fixed levels of stock ownership commensurate with base salary multiples or annual retainers.

Table of Contents

We believe our compensation policies and practices align compensation with the interests of our shareholders, encourage and reward sound business judgment and appropriate risk-taking over the long-term, foster key personnel retention and do not create risks that are reasonably likely to have a material adverse effect on the Company. See the *Compensation Discussion and Analysis* section of this Proxy Statement for a more complete discussion of our compensation policies and practices.

Compensation Committee Interlocks and Insider Participation

Ms. Jones (Chair) and Messrs. Baio and Treanor served on the Compensation Committee throughout 2018. None of the directors serving on the Compensation Committee were at any time during 2018, or at any other time, officers or employees of the Company. None of our executive officers serves as a member of a board of directors or compensation committee of any entity that has one or more of their executive officers serving on our Board.

Governance Committee

The Governance Committee currently consists of Mr. Holt (Chair), Dr. Fleming and Mr. Treanor. During 2018, the Governance Committee held four meetings. The primary purposes of the Governance Committee are: (i) to assist the Board in fulfilling its oversight responsibilities with respect to matters relating to the interests of the shareholders of the Company; (ii) to identify individuals qualified to become Board members and to recommend to the Board qualified individuals for nomination for election or re-election at the next annual meeting of shareholders; (iii) to develop and recommend to the Board a set of governance principles applicable to the Company and to review at least annually and recommend any changes to such principles; (iv) to assess and report to the Board regarding the performance of the Board and its committees; and (v) to assist management and the Board with respect to succession planning of the Company's executives.

Director Nomination Process

The Governance Committee is responsible for identifying and recommending to the Board potential director candidates for nomination and election to the Board at the annual meeting of shareholders. In connection with this responsibility, the Governance Committee has established Guidelines for the Recruitment of Directors, which have been adopted by the Board and which are available on our website at www.virtus.com, in the Investor Relations section, under the heading Corporate Governance.

Under these Guidelines, in considering candidates for nomination to our Board, the Governance Committee will seek individuals with strong intellectual ability, breadth of experience, demonstrated professional achievement, diverse backgrounds, and the highest integrity. Prospective directors should also be able and willing to devote significant attention to our needs through regular attendance at meetings, preparation for meetings and availability for regular consultation between meetings. The Governance Committee may also consider particular areas of expertise with respect to a given vacancy, either because of needs arising from the retirement or resignation of a director or those arising out of changes in our business focus, our industry or the regulatory environment.

If a vacancy on our Board exists or is anticipated, the Governance Committee may look to its members and to other directors for recommendations for nominees and may also retain a search firm to assist it in identifying qualified candidates and will consider individuals recommended by shareholders. Shareholders must submit their recommendations as outlined below under the heading *Shareholder and Interested Party Communications*. The Governance Committee will evaluate all proposed nominees in light of the standards above, as well as others deemed relevant. Following its evaluation of all proposed nominees and consultation with our CEO, the Governance Committee will make recommendations to our Board of the individual(s) to be nominated for election to our Board.

The Board will make the final determination as to the individual(s) who will be nominated for election.

Board Diversity

The Board has adopted guidelines for the recruitment of directors that include factors to consider in identifying and recruiting candidates for nomination as director. In reviewing candidates for the Board, the Governance Committee and the Board as a whole seek to identify those individuals whose professional achievement, breadth of experience and commitment to excellence and integrity best serve the Company in the markets in which it operates, while at the same time assuring the Company's shareholders and other constituencies that the Company remains committed to its core ethical values. To this end, when recruiting and assessing potential director candidates, the Governance Committee and the Board will consider, among other factors, the candidates' diversity of professional experience and personal diversity. With respect to diversity of professional experience, the Governance Committee and the Board seek candidates that have depth of experience in a variety of professional backgrounds. In terms of personal diversity, the Governance Committee and Board seek candidates who will increase the diversity of the Board in all respects, including gender, race, ethnicity, age, sexuality and other types of personal characteristics, and thereby benefit the Company with their ideas, perspectives, experience and wisdom.

The Governance Committee and the Board recognize that individual candidates have unique strengths, and no one factor or qualification outweighs all others. The Governance Committee and the Board will consider how a candidate would contribute to the overall balance of experience, expertise and perspective of the Board.

On an annual basis, as part of its self-assessment process, the Governance Committee and Board as a whole review the overall functioning of the Board including diversity of experience, expertise and perspective.

Risk and Finance Committee

The Risk and Finance Committee currently consists of Dr. Fleming (Chair), Ms. Hooda and Messrs. Holt and Zarrilli. During 2018, the Risk and Finance Committee held four meetings. The primary purposes of the Risk and Finance Committee are to assist the Board in fulfilling its oversight responsibilities with respect to: (i) the Company's policies, practices and procedures relating to risk and risk management; (ii) the Company's financial, investment and capital management policies; and (iii) any mergers, acquisitions and divestitures by the Company and its affiliates.

Risk Management Oversight

The Risk and Finance Committee of our Board is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board. Pursuant to its charter, the Risk and Finance Committee is charged with periodically reviewing the Company's risk management philosophy and its policies, practices and procedures regarding risk assessment and risk management. The Risk and Finance Committee periodically meets with Company management to review and discuss the Company's major risk exposures and the steps taken by management to monitor and mitigate these exposures. The Risk and Finance Committee also receives and reviews reports on selected risk topics as the Risk and Finance Committee or management deem appropriate. Our Board also receives direct reports from management on risk topics of general interest to the full Board, including, on a quarterly basis, with respect to cybersecurity risks, and each of our other Board Committees also receives periodic reports on topics relevant to the oversight of risk areas within the purview of such Committee and regularly reports to the full Board on these risk management matters.

Our Audit Committee is responsible for overseeing accounting, audit, financial reporting, internal control, internal audit, and disclosure control matters and reviews and discusses with management, our internal auditor, our outside independent registered public accounting firm and legal counsel financial risk associated with these functions and the manner, policies and systems pursuant to which management addresses these risks.

Both our Board and our Compensation Committee actively review and discuss with management our annual and longer-term compensation incentive programs to identify and mitigate potential risks associated with incentive

compensation. They assess both the appropriateness of the incentive performance goals, which are both financial and operational, as well as our financial and operating results upon which our incentive awards are based. In addition, our Governance Committee oversees and advises management on succession planning risks related to our senior management team.

While the Risk and Finance Committee, the other Board Committees within their areas of responsibility and the Board oversee our risk management, management is primarily responsible for day-to-day risk management processes and for reports to the Board and its Committees on risk management matters. We believe that this division of risk management responsibility is the most effective approach to address the Company's risk management and that the division of responsibility within and among the Board and its Board Committees allows the opportunity for regular review and discussion with our Board members as well as appropriate Board member input on, and consideration of, our risk management processes and systems.

Transactions with Related Persons

Policy Regarding Transactions with Related Persons

The Board has adopted a written policy for the review and approval or ratification of any related person transaction (the Related Person Transactions Policy), which applies to any potential related person transactions, as defined under the rules and regulations of the SEC. A related person transaction generally means a transaction in which the Company was, is or will be a participant, and the amount involved exceeds \$120,000 (determined without regard to the amount of profit or loss involved in the transaction), and in which a related person has or will have a direct or indirect material interest (as determined under SEC rules related to related person transactions). Under the Related Person Transactions Policy, a related person transaction requires the approval or ratification of the Audit Committee (or of the Chair of the Audit Committee in those situations in which the legal department, in consultation with the CEO or the Chief Financial Officer, determines that it is not practicable or desirable for the Company to wait until the next Audit Committee meeting for approval or ratification). Prior to approving or ratifying any transaction, the Audit Committee (or, if applicable, the Chair of the Audit Committee) must determine that the transaction is entered into in good faith on fair and reasonable terms to the Company after considering the relevant facts and circumstances, including, to the extent applicable, the related person's relationship to the Company, his or her interest in the transaction, and the material facts and terms of the transaction. No related person may participate in the review of a transaction in which he or she may have an interest. There were no related party transactions as defined in our Related Person Transactions Policy and SEC rules during 2018, and no such transactions are currently proposed.

**SECURITY OWNERSHIP BY
CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following tables set forth, to the best of our knowledge, the beneficial ownership of our Common Stock, our only outstanding class of voting securities, as of March 31, 2019, by: (i) such persons known to the Company to own beneficially more than five percent (5%) of the Company's Common Stock; (ii) each of our current directors; (iii) the persons named in the Summary Compensation Table; and (iv) all of our directors and executive officers as a group. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of Common Stock that may be acquired by an individual within 60 days of March 31, 2019 pursuant to the exercise of options or the vesting of restricted stock units (RSUs) to be outstanding for the purpose of computing the percentage ownership of such individual but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the tables. Except as indicated in the footnotes to the tables, we believe that each beneficial owner listed has sole voting and investment power with regard to the shares beneficially owned by such person. Percentage of ownership is based on 6,978,925 shares of Common Stock outstanding on March 31, 2019.

PROPOSALS REQUIRING YOUR VOTE

ITEM 1 ELECTION OF DIRECTORS

Our Board currently has eight members. Our certificate of incorporation provides for our Board to be divided into three classes for purposes of election, with three-year terms of office ending in successive years. At each annual meeting of shareholders, a class of directors will be elected for a three-year term and until his or her successor has been duly elected and qualified or until his or her earlier resignation, retirement, death, disqualification or removal. Our Class II directors have a term expiring at the 2019 Annual Meeting. Our Class III and Class I directors have terms expiring at the 2020 and 2021 Annual Meetings, respectively.

Mr. Baio and Dr. Fleming are each Class II directors standing for re-election at the 2019 Annual Meeting. Mr. Baio and Dr. Fleming have been directors of the Company since it became an independent public company on January 1, 2009.

Under our Corporate Governance Principles, a director is generally required to retire no later than the first annual meeting following his or her 74th birthday. Under exigent circumstances, the Board may request that the director continue to serve, provided, however, that no director shall serve beyond the first annual meeting following his or her 75th birthday.

Board Nominees

In February 2019, members of our Governance Committee evaluated the contributions and performance of James R. Baio and Susan S. Fleming as members of our Board. As part of its evaluation, each of our directors was interviewed regarding his or her views of the performance of each of Mr. Baio and Dr. Fleming by a representative of the Governance Committee. Following completion of its individual evaluations, the Governance Committee recommended to the Board that each of Mr. Baio and Dr. Fleming be nominated to stand for re-election as a Class II director at the Annual Meeting. Our Board, having considered the recommendations of the Governance Committee, approved Mr. Baio and Dr. Fleming as our Class II nominees for election to the Board by the shareholders. If elected by the shareholders, Mr. Baio and Dr. Fleming will hold office for a three-year term expiring at the 2022 annual meeting of shareholders and until his or her successor has been duly elected and qualified, or upon his or her earlier resignation, retirement, death, disqualification or removal. Each of Mr. Baio and Dr. Fleming has indicated that he or she will serve if elected. We do not anticipate that any Board nominee will be unable or unwilling to stand for election, but should any such nominee be unavailable for election by reason of death or other unexpected occurrence, your proxy, to the extent permitted by applicable law, may be voted by the proxies named therein, with discretionary authority in connection with the nomination by the Board and the election of any substitute nominee. A plurality of the affirmative votes cast by shareholders present in person or represented by proxy and entitled to vote is required for the election of each such director nominee. That said, pursuant to our Bylaws, any director nominee who receives a greater number of votes withheld from such director nominee's election than votes for such director nominee's election is required to promptly tender such director nominee's resignation subject to acceptance by the Board. The Board's decision, which will not involve the participation of any incumbent director who fails to receive a majority of the votes cast in an uncontested election of directors, will be promptly disclosed in a public announcement.

The Board recommends that shareholders vote **FOR the election of its two director**

**ITEM 2 RATIFICATION OF THE APPOINTMENT OF
THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Deloitte & Touche LLP (Deloitte) as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2019. Deloitte audited our consolidated financial statements for the fiscal year ended December 31, 2018 and performed other services as described under Fees Paid to the Independent Registered Public Accounting Firm below. PricewaterhouseCoopers LLP (PwC), the Company s former independent registered public accounting firm, audited our consolidated financial statements for the fiscal year ended December 31, 2017 and performed other services as described under Fees Paid to the Independent Registered Public Accounting Firm below.

As previously disclosed, on March 26, 2018, the Audit Committee approved the appointment of Deloitte as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2018 and notified PwC, the Company s former independent registered public accounting firm, of its decision to dismiss PwC, effective as of that date, and to appoint another independent registered public accounting firm.

During the fiscal years ended December 31, 2017 and 2018 and the subsequent interim periods through March 26, 2018, neither the Company nor anyone on its behalf consulted with Deloitte regarding: (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements, and neither a written report nor oral advice was provided to the Company by Deloitte that Deloitte concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; (ii) any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions; or (iii) any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

PwC s reports on the Company s consolidated financial statements as of and for the fiscal years ended December 31, 2016 and 2017 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended December 31, 2016 and 2017, and the subsequent interim periods through March 26, 2018, there were: (i) no disagreements between the Company and PwC on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions, which, if not resolved to PwC s satisfaction, would have caused PwC to make reference to the subject matter of the disagreement in connection with its report and (ii) no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K.

The Company provided PwC with a copy of the foregoing disclosures and requested that PwC furnish the Company with a letter addressed to the SEC stating whether or not it agreed with the statements in the immediately preceding paragraph. A copy of PwC s letter, dated March 30, 2018, was filed as Exhibit 16.1 to the Company s Form 8-K filed on March 30, 2018.

We are submitting the selection of Deloitte to our shareholders for ratification as a matter of good corporate governance. If the appointment is not ratified by the shareholders of the Company, the Audit Committee may reconsider the selection of Deloitte as the Company s independent registered public accounting firm. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time it determines that a change would be in the best interests of the Company and our shareholders.

Representatives of Deloitte are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

A majority of the votes represented at the Annual Meeting, in person or by proxy is required to ratify the appointment of Deloitte.

**ITEM 3 TO APPROVE BY AN ADVISORY VOTE THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT**

We are asking our shareholders to approve, by an advisory vote, the compensation of our named executive officers (NEOs), as disclosed in our *Compensation Discussion and Analysis* and in the tabular and accompanying narrative disclosure regarding named executive officer compensation contained in this Proxy Statement.

This proposal, commonly known as a Say on Pay proposal, gives our shareholders the opportunity to express their views on NEO compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

As discussed in the *Compensation Discussion and Analysis* section of this Proxy Statement, our executive compensation program is tied to the achievement of our financial, operational and strategic goals, structured to reward superior Company performance, and designed to:

Attract and retain high-caliber leadership;

Support a high-performance environment by linking compensation to Company, functional and individual achievements; and

Align our executives' interests with those of our shareholders.

During fiscal 2018, our management team continued to execute our long-term business plan and create significant value for our shareholders. Our key accomplishments and results in 2018 included:

Completion of the majority investment in and integration of Sustainable Growth Advisers (SGA), an affiliated manager that added \$11.3 billion of assets under management at the time of the closing and further diversified strategies and expanded our institutional and international client base;

A 2 percent increase in long-term assets under management to \$90.4 billion that included a 32 percent increase in institutional assets, reflective of the SGA transaction, as well as an 8 percent increase in retail separate account assets;

A 48 percent increase in total sales to \$22.8 billion that included a 52 percent increase in open-end mutual fund sales to \$14.8 billion and a 146 percent increase in institutional sales to \$4.1 billion;

A 45 percent increase in operating income, as adjusted, to \$160.1 million, with an increase in the related margin to 34%; the comparable GAAP results were \$113.1 million and 21%, respectively; and

A 56 percent increase in earnings per share, as adjusted, to \$12.11 from \$7.78; diluted EPS, the comparable GAAP metric, increased by 124% to \$8.86 from \$3.96¹.

In considering your vote, we urge shareholders to review the information on the Company's compensation policies and decisions regarding the NEOs presented in the *Compensation Discussion and Analysis* as well as the discussion regarding the Compensation Committee as set forth in this Proxy Statement.

The Company intends to hold this advisory Say on Pay vote on an annual basis and will hold an advisory vote on the frequency of future advisory votes on executive compensation at our 2023 annual meeting.

¹ The referenced non-GAAP measures are described and reconciled to GAAP reported amounts on [Appendix A](#) to this Proxy Statement.

Table of Contents

For the reasons discussed above, the Board recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and the related materials disclosed in this Proxy Statement, is hereby APPROVED.

Because your vote is advisory, it will not be binding upon or overrule any decisions of the Compensation Committee or the Board, nor will it create any additional fiduciary duty on the part of the Compensation Committee or the Board. This advisory vote also does not seek to have the Board or Compensation Committee

take any specific action. However, the Board and the Compensation Committee value the view expressed by our shareholders in their vote on this proposal and will take into account the outcome of the vote when considering executive compensation matters in the future. In considering the outcome of this advisory vote, the Board and the Compensation Committee will review and consider all shares voted in favor of the proposal and not in favor of the proposal. A majority of the votes represented at the Annual Meeting, in person or by proxy is required to approve, on an advisory basis, this proposal.

The Board recommends a vote FOR the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

ITEM 4 APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED OMNIBUS INCENTIVE AND EQUITY PLAN TO INCREASE THE NUMBER OF SHARES AVAILABLE FOR ISSUANCE BY 420,000 SHARES

We are seeking shareholder approval for an amendment (Amendment) to the Company's Amended and Restated Omnibus Incentive and Equity Plan (the Omnibus Plan) to increase the number of shares of Common Stock authorized for issuance by 420,000 shares.

The maximum number of shares of our Common Stock authorized for issuance under the current Omnibus Plan in connection with Awards under the Omnibus Plan is 2.4 million of which 162,031 remain available for issuance as of March 31, 2019. If the Amendment is approved, the shares authorized will be increased by 420,000 shares to 2.82 million shares, of which 582,031 will be available for issuance. The Amendment to the Omnibus Plan, if approved by our shareholders, will become immediately effective as of the date of the Annual Meeting, and we estimate, based on historical grant information, that the proposed increase should provide a sufficient number of shares to allow us to continue to make awards for approximately two years. Future grant levels will be impacted by multiple factors, including the Company's stock price.

How the Company Uses Equity

The Company uses equity to align the interests of executives and key employees, including investment professionals, with shareholders. For executives, equity awards are included in long-term compensation plans linked to long-term performance results. Equity is granted in the form of both performance share units and restricted stock units. Our investment affiliates operate with compensation programs that are based on individual firm profitability, with a portion of the annual variable incentive compensation which may be granted to employees in the form of restricted stock units that vest ratably over three years. In addition, fifty percent of the compensation of our directors is paid in the form of stock grants to align the interests of our directors with our shareholders.

Reasons for the Amendment

The amendment of the Omnibus Plan is intended to ensure that a sufficient level of shares of Common Stock remains available to allow us to continue to use equity incentives to attract and retain the services of qualified employees, directors and consultants of the Company and its subsidiaries whom are essential to our long-term growth and success and to align their interests with those of shareholders.

Share Usage and Dilution Impact

In determining the appropriate number of additional shares of Common Stock available for issuance under the Company's Omnibus Plan, management and the Compensation Committee considered various factors, including the dilution, historic share usage and burn rate. As of December 31, 2018, the Company's three-year average burn rate, a measure of the Company's share usage as a percentage of outstanding shares, was 5.5%. With respect to dilution, the Company has a share repurchase program in place which is primarily designed to offset dilution related to shares issued under the Omnibus Plan. Over the past three years, share repurchases have more than offset equity granted to employees, as shown in the table below. In addition, at the election of the employee, the Company can net settle the tax portion of previously issued restricted stock units, which further limits the dilutive impact of equity compensation.

Year Ended December 31

	Shares Granted	Shares Repurchased
2016	178,333	2,572,417
2017	290,630	66,244

General Description of the Omnibus Plan

Overview of the Omnibus Plan, as Amended

The Omnibus Plan provides for the grant of awards which may include one or more of the following: (i) stock options (which may consist of incentive stock options or non-qualified stock options); (ii) stock appreciation rights; (iii) stock awards (which may consist of restricted stock and restricted stock units); (iv) performance awards (both cash and equity); and (v) any other types of equity and non-equity awards. The terms of the awards are embodied in an award agreement, and awards may be granted singly, in combination or in tandem. All or part of an award may be subject to such terms and conditions established by our Compensation Committee, including, but not limited to, continuous service with the Company and its affiliates, achievement of specific business objectives and attainment of performance goals. The Compensation Committee cannot re-price stock options or stock appreciation rights without shareholder approval (other than in connection with corporate transactions involving the Company, such as stock splits, merger, consolidation, split-up, spin-off, combination, among other things) or grant new stock options in substitution for or upon the cancellation of stock options previously granted. If any shares covered by an award are cancelled, forfeited, terminated or expire unexercised, these shares will again become available for award under the Omnibus Plan. For options, if the exercise price of an option is paid by tender to the Company of shares of Common Stock owned by the Participant (as defined below), or by means of a net-exercise, the number of shares available for issuance under the Omnibus Plan shall be reduced by the gross number of shares for which the option is exercised and shares of Common Stock withheld or reacquired by the Company in satisfaction of any tax withholding obligations shall not again be available for issuance under the Omnibus Plan.

Terms of the Omnibus Plan, as Amended

Plan Award Limitation. If shareholders approve the Amendment, then, subject to the provisions of Section 5.2, 5.3 and 5.4, the number of shares of Common Stock available for delivery in connection with Awards under the Omnibus Plan shall be 2.82 million shares.

The total number of shares with respect to which incentive stock options may be granted shall not exceed 2.82 million shares.

The type and form of Awards under the Omnibus Plan shall be in the discretion of the Compensation Committee.

The shares to be delivered under the Omnibus Plan may consist, in whole or in part, of Common Stock held in treasury or authorized but unissued Common Stock, not reserved for any other purpose, or any combination thereof.

Material Terms of the Omnibus Plan

A summary of the material terms of the Omnibus Plan, which are not subject to shareholder approval at the Annual Meeting, is set forth below. This summary is qualified in its entirety by reference to the complete text of the Omnibus Plan, as amended, a copy of which is attached as Appendix D to the electronic copy of this proxy statement filed with the SEC and may be accessed from the SEC's website at www.sec.gov. In addition, a copy of the Omnibus Plan may be obtained without charge by making a written request to our Investor Relations Department at Virtus Investment Partners, Inc., One Financial Plaza, Hartford, CT 06103.

Business Criteria for Performance Goals. Performance Goals means the objectives that may be established by the Committee, in its discretion, for a Performance Cycle with respect to any performance based Awards contingently awarded under the Plan. The targeted level of performance with respect to Performance Goals may be established at

levels and in such terms as the Committee may determine, in its discretion, including absolute entity performance, as relative to performance in prior periods or to Company specified plans, or relative to the performance of one or more third parties or a special index or benchmark, or other external measure, or as a ratio

Table of Contents

of one metric to another. The Committee may specify that any Performance Goals will be calculated before or after specific or identified items such as extraordinary or nonrecurring, special income, expense or other items, before or after changes in accounting principles or standards, before or after capital charges, before or after revenues, operations, earnings or losses of discontinued operations or acquisitions, or before or after awards under the Plan or other incentive compensation.

Eligibility Requirements. The Omnibus Plan governs the award and payment of cash and equity awards to any employee of the Company or its subsidiaries, any of our non-employee directors, and any of our consultants (collectively, the Participants) and is administered by our Compensation Committee. Awards may be made under the Omnibus Plan to any Participant selected by the Compensation Committee or by an officer as delegated by the Compensation Committee in accordance with the Omnibus Plan. As of March 31, 2019, there were approximately 577 employees and seven non-executive directors eligible to receive awards under the Omnibus Plan.

Administration. Our Compensation Committee is responsible for the administration of the Omnibus Plan and, subject to the terms of the Omnibus Plan, has the discretion: to select Participants to receive awards; to determine all of the terms and conditions of each award, the performance goals, if any, applicable to each award, and the exercise price or base price, if any, associated with each award; and to interpret provisions of the Omnibus Plan and make all factual and legal determinations regarding the Omnibus Plan and any award agreements. Our Compensation Committee may, to the extent such action is not inconsistent with applicable law or stock exchange rules, delegate its powers and administrative responsibilities to one or more members of the Compensation Committee or to one or more officers or employees of the Company and also may delegate to one or more officers of the Company the determination of awards to Company employees, so long as the recipients are not executive officers of the Company.

Award Limits. The Omnibus Plan places limits on the maximum amount of each type of award that may be granted to any Participant in any calendar year. Under the Omnibus Plan, no Participant may receive awards of stock options or stock appreciation rights that cover in the aggregate more than 250,000 shares in any calendar year. Additionally, no Participant may receive awards of restricted stock or restricted stock units subject to performance goals that cover in the aggregate more than 250,000 shares or units, as the case may be, in any calendar year. Furthermore, no Participant may receive an annual incentive award that exceeds \$10 million in any calendar year. Lastly, the amount of any long-term incentive award paid to a Participant in any calendar may not exceed \$10 million. For each of these award limits, any unused shares or dollar amounts as of the close of the prior calendar year may be rolled over to the next calendar year and added to the applicable award limit.

Types of Awards. The Omnibus Plan provides for grants of stock options, stock appreciation rights, stock awards, performance awards (both cash and equity) and any other types of equity awards. The terms of the awards are embodied in an award agreement, and awards may be granted singly, in combination, or in tandem. All or part of an award may be subject to such terms and conditions established by our Compensation Committee, including, but not limited to, continuous service with the Company and its subsidiaries, achievement of specific business objectives and attainment of performance goals. No award may be re-priced.

Stock Options and Stock Appreciation Rights. The Omnibus Plan permits the granting of stock options to purchase shares of our Common Stock and stock appreciation rights. The exercise price of each stock option and stock appreciation right may not be less than the fair market value of our Common Stock on the date of grant. The term of each stock option or stock appreciation right may not exceed ten years from the date of grant. The Compensation Committee may provide for a graded vesting schedule, cliff vesting, immediate vesting or earlier vesting following an employee's termination of employment for death, disability or

retirement or upon a change of control or other specified events; provided, however, that, except for awards representing no more than five percent (5%) of the total number of shares of Common Stock available for awards under the Omnibus Plan or the acceleration of vesting that may occur in accordance with the Plan in connection with a change in control or the death or disability of a participant, the vesting period for all equity based awards shall be not less than one

Table of Contents

year from the date of grant . In the case of termination due to cause, all outstanding options expire immediately. Upon termination of employment (other than for cause), vested stock options generally must be exercised within 90 days following termination of employment or, if earlier, the original expiration date, but the unvested stock options generally would immediately terminate. In cases of termination due to death, disability or retirement, options must be exercised within three years from the date of termination of employment or, if earlier, the original expiration date. Upon death unvested options will generally automatically vest, but upon termination for disability or retirement, options would generally continue to vest according to their regular vesting schedule. In general, a grantee may pay the exercise price of an option in cash or shares of Common Stock.

Stock Awards. The Omnibus Plan permits the granting of stock awards. The Compensation Committee may provide for a graded vesting schedule, cliff vesting, immediate vesting or earlier vesting following an employee's termination of employment for death, disability or retirement or upon a change of control or other specified events; provided, however, that, except for awards representing no more than five percent (5%) of the total number of shares of Common Stock available for awards under the Plan or the acceleration of vesting that may occur in accordance with the Omnibus Plan in connection with a change in control or the death or disability of a participant, the vesting period for all equity based awards shall be not less than one year from the date of grant. If a Participant ceases to be employed or service is terminated by reason of death or disability generally the stock award will vest as to a prorated portion of the shares based on the number of days the Participant actually worked since the grant date or in the case of a stock award that vests in installments, since the last vesting date. Upon retirement or early retirement stock awards will generally continue to vest according to their regular vesting schedule.

Performance Awards. The Omnibus Plan permits the granting of performance awards in the form of cash and/or equity. Performance awards are subject to the satisfaction of specified performance criteria. The Compensation Committee may provide for earlier vesting following an employee's termination of employment for death, disability or retirement or upon a change in control or other specified events; provided, however, that, except for awards representing no more than five percent (5%) of the total number of shares of Common Stock available for awards under the Plan or the acceleration of vesting that may occur in accordance with the Omnibus Plan in connection with a change in control or the death or disability of a participant, the vesting period for all equity based awards shall be not less than one year from the date of grant. The performance goals determine the value and amount of performance awards that will be paid to Participants and the portion of an award that may be exercised to the extent such performance goals are met.

Adjustments. If there are any changes in the number of shares of our Common Stock resulting from stock splits, stock dividends, reorganizations, recapitalizations, any merger or consolidation of the Company, or if any other event that affects our capitalization occurs, the number of shares of our Common Stock issuable under the Omnibus Plan, the individual limitations on the number of shares that may be awarded to any Participant, the aggregate number of shares subject to outstanding awards, and the respective prices and/or vesting of such awards will be adjusted to prevent enlargement or dilution of the benefits or potential benefits intended to be made available under the Omnibus Plan.

Amendment, Modification and Termination. The Board or Compensation Committee may amend, modify, suspend or terminate the Omnibus Plan, to the extent that no such action will materially adversely affect the rights of a Participant holding an outstanding award under the Omnibus Plan without such Participant's consent. However, the Company will obtain shareholder approval for any amendment to the Omnibus Plan to the extent required by applicable laws or stock exchange rules. In addition, without limiting the foregoing, unless approved by shareholders, no such amendment will be made which would (i) increase the number of shares available for issuance under the Omnibus

Plan, (ii) lower the minimum exercise price at which an option or stock-settled stock appreciation right may be granted or (iii) extend the maximum term for options or stock-settled stock appreciation rights granted under the Omnibus Plan.

U.S. Federal Income Tax Consequences

The following is a description of the material U.S. federal income tax consequences generally arising under present law with respect to certain awards that may be granted under the Omnibus Plan.

A Participant to whom a nonqualified stock option (NQSO) is granted will recognize no income at the time of the grant. When the Participant exercises a NQSO, the Participant will generally recognize ordinary income equal to the excess, if any, of the fair market value (determined as of the date of exercise) of the Common Stock received over the option exercise price. Similarly, the grant of a stock appreciation right (SAR) will normally not result in taxable income to a Participant. At the time of exercise, the Participant will normally recognize ordinary compensation income in an amount equal to the cash and the fair market value of the Common Stock that the Participant receives to satisfy the SAR.

A Participant to whom an incentive stock option (ISO) which qualifies under Section 422 of the Internal Revenue Code is granted will generally recognize no income at the time of grant or at the time of exercise. However, upon the exercise of an ISO, the excess of the fair market value of the Common Stock over the exercise price thereof may result in the Participant being subject to an alternative minimum tax under applicable provisions of the Internal Revenue Code. When a Participant sells the Common Stock received upon exercise of an ISO more than one year after exercise and more than two years after the date of grant of such ISO, the Participant will normally recognize long-term capital gain or loss equal to the difference, if any, between the sale price of such shares at such time and the exercise price. If the Participant disposes of such shares before such periods end, the Participant will recognize ordinary compensation income equal to the lesser of (i) the difference, if any, between the fair market value of such shares on the date of exercise and the exercise price, and (ii) the difference, if any, between the sale price and the exercise price. Any other gain or loss on such sale (in addition to the ordinary income mentioned above), will normally be capital gain or loss.

Generally, unless limited by Section 12(m) of the Internal Revenue Code (as described below), we will be entitled to a deduction equal to the amount recognized as ordinary income by the Participant in connection with stock options and SARs. However, we generally are not entitled to a tax deduction relating to amounts that represent a capital gain to a Participant.

With respect to other awards granted under the Omnibus Plan that result in a transfer to the Participant of cash or shares or other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, a Participant must generally recognize ordinary income equal to the cash or the fair market value of shares or other property actually received (less consideration paid for the shares, if any). With respect to awards involving shares or other property that is restricted as to transferability and subject to a substantial risk of forfeiture, unless the Participant elects to be taxed at the time of grant in accordance with Section 83(b) of the Internal Revenue Code, the Participant must generally recognize ordinary income equal to the fair market value of the shares or other property received at the earliest time the shares or other property become transferable or not subject to a substantial risk of forfeiture (less consideration paid for the shares, if any). Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares, at which time a Participant must generally recognize ordinary income equal to the fair market value of the transferred shares at such time (less consideration paid for the shares, if any).

Unless limited by Section 162(m) of the Internal Revenue Code, the Company generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the Participant with respect to awards granted under the Omnibus Plan. Under Section 162(m) of the Internal Revenue Code, the Company generally may not deduct certain compensation over \$1,000,000 in any year to certain covered employees (generally including the Company's current and former named executive officers), unless the compensation is paid pursuant to grandfathered performance-based

awards granted prior to November 2, 2017.

The Omnibus Plan and all awards are intended to be exempt from or comply with Section 409A of the Internal Revenue Code pursuant to the guidance issued thereunder in all respects and will be administered in a manner consistent with such intent.

EXECUTIVE COMPENSATION

Letter to our Shareholders

Dear Fellow Shareholders:

The Virtus Compensation Committee (the Committee) is responsible for ensuring that the Company's executive compensation program is aligned with the interests of our shareholders and our pay-for-performance philosophy. For the 2018 performance year, the Committee approved changes to both the annual and long-term incentive compensation plans and, further, made enhancements to the long-term incentive plan that will be effective for the 2019 performance year. We have also enhanced our disclosures to give shareholders more information and context with which to assess the program's effectiveness.

Shareholder Engagement and Actions Taken

The Committee engages with shareholders throughout the year regarding executive compensation and other Company matters. Engagement with shareholders allows us to solicit input and respond to questions about Company matters including our executive compensation program. We carefully consider shareholder feedback, advice from our independent compensation consultant, and input from proxy advisory firms regarding compensation program design elements, the nature and type of metrics in our performance-based incentive plans, and the linkage of executive pay to company and individual performance when establishing our executive compensation plan each year.

At our 2018 annual meeting, the say-on-pay proposal did not receive the support of a majority of our shareholders. We take the results of this vote very seriously. As a result of shareholder feedback we received both in our normal engagement process and in following up on the 2018 vote, we made several changes, discussed in detail below, to our executive compensation program.

Implemented a separate funding pool for the executive officers' annual incentive with a maximum funding level;

Established a specific target and maximum annual incentive level for our CEO;

Increased the emphasis on key financial and operational performance metrics by reducing the number of metrics considered in the 2018 annual incentive plan, thus focusing on metrics such as earnings per share, as adjusted, and operating margin, as adjusted, that align with shareholder value creation;

Capped the payout level of the total shareholder return (TSR) portion of the 2018 long-term incentive awards at target if three-year TSR is negative;

Revised the target levels for 2018 annual incentive relative performance metrics so that above-median performance was required to earn target level awards; continued no payouts if certain performance is not at least equal to a minimum, pre-established performance level;

Provided additional disclosure of the Company's target levels for the key financial and operating metrics employed in the annual incentive plan;

Clarified the linkage between business objectives and specific performance results that led to the determination of the incentive awards made to our CEO and other named executive officers (NEOs);

Enhanced disclosure of the Committee's evaluation of the results in determining 2018 incentive awards; and

Changed the design of the long-term incentive plan for 2019 to include only three-year relative performance metrics, and revised the performance target levels so that above-median performance will be required to earn target level awards.

Pay and Governance Policies and Practices

Our pay and governance policies and practices align with our compensation philosophy and objectives and shareholders' interests by:

Linking annual and long-term incentives to company performance;

Balancing compensation among cash and equity, and fixed and variable pay;

Evaluating executive pay and company performance in comparison to relevant peer companies;

Requiring executives to comply with stock ownership guidelines;

Prohibiting hedging of company stock;

Incorporating double-triggers in our executive severance plan and the legacy change-in-control agreement for the CEO; and

Allowing for the clawback of incentive compensation in certain situations.

Pay for Performance

To align executive compensation with the interests of our shareholders, we tie a significant portion of each executive's pay to the Company's financial and operational performance, achievement of long-term strategic priorities, and creation of shareholder value. In order to further enhance alignment with shareholders, and consistent with our compensation philosophy, we require that a substantial percentage of executive compensation opportunity be variable. In 2018, 91% of our CEO's target pay was in the form of variable, or at-risk, pay.

Annual incentive awards for our CEO and NEOs are determined by an evaluation of the Company's performance against pre-established financial, operational, and strategic objectives, subject to a maximum funding level established at the beginning of the year, which for 2018 was 7% of operating income, as adjusted, prior to incentive compensation. For 2018, the Committee assessed overall annual results to be at target level, and approved a pool funding level at target, or 50% of the maximum amount available for distribution to the executive officers. Highlights of the Company's performance included the following:

Earnings per share (EPS), as adjusted¹, increased by 56% to \$12.11; diluted EPS, the comparable GAAP metric, increased by 124% to \$8.86;

Edgar Filing: VIRTUS INVESTMENT PARTNERS, INC. - Form DEF 14A

Net income, as adjusted, increased by 63% to \$103.3 million; net income, the comparable GAAP metric, increased by 134% to \$67.2 million;

Operating margin, as adjusted, increased to 34.4% from 30.9% in 2017; the comparable GAAP margin increased to 20.5% from 13.6%;

Gross mutual fund sales rate was at the 31st percentile versus the peer group², an improvement from the 2017 sales rate, which was at the 52nd percentile;

Investment performance increased to 68% of assets under management in the top half of the peer group, from 59% in 2017; and

Total net flows were (\$3.7) billion compared with (\$0.2) billion in 2017.

¹ The referenced non-GAAP measures are reconciled to GAAP reported amounts in [Appendix A](#) to this Proxy Statement

² Largest 40 asset managers as measured on December 31, 2017 that report gross sales to an industry leading asset management business intelligence platform

Table of Contents

For the long-term incentive plan, 50% of awards are granted in Performance Share Units (PSUs) that are determined based on two equally weighted performance metrics. For 2018, the metrics were three-year relative TSR and one-year relative growth in operating income. Our one-year TSR was 7th among our 16 traditional asset management peers³ in a year in which the traditional asset management industry faced significant challenges and the peer group had a median one-year TSR of (36%). Operating income, as adjusted, increased by 45% to \$160.1 million. The one-year metric of relative growth in operating income, as adjusted, will be replaced in the 2019 long term incentive plan with a three-year metric of relative net flow of long-term assets under management.

The 2018 fiscal year brought positive developments as the Company continued to deliver strong investment performance for our clients; generated strong financial and operating results, including increases in assets under management, earnings per share, operating income, and the related margin; and realized the financial and operational benefits of the recent acquisitions. However, despite three strong quarters of sales and net flows, the company's overall performance against key financial and operational metrics, as well as the stock price and market valuation, was impacted by significant market volatility and economic uncertainty in the fourth quarter.

The Committee also evaluated the Company's accomplishments against the qualitative factors set for the strategic priorities of product quality, distribution growth, operating optimization, talent engagement, and financial management, and assessed the overall results to be at target.

The Committee evaluated these 2018 performance results, on both an absolute and relative basis, consistent with its philosophy that executive compensation should reflect the Company's performance in determining incentive awards for our executives. In addition, the Committee considered the low levels of support for our say-on-pay proposals for the last two years, as well as low TSR for the past year and across a five-year time horizon.

Management, the Committee and the Board are focused on responding to shareholder concerns and dedicated to improving shareholder returns over the long term. In response to shareholder input, we took meaningful action in 2018 to improve our executive compensation program and enhance our disclosures. On behalf of management and the Board, the Committee asks you to consider the amendments we have made to our 2018 program and the incentive plan changes that have already been approved for 2019 as you assess our pay-for-performance decisions. We appreciate your support.

Respectfully,

COMPENSATION COMMITTEE

Compensation Philosophy, Objectives and Principles

Our executive compensation program is structured to promote our objectives consistent with our compensation philosophy.

Compensation Philosophy and Objectives

Attract and retain critical executive leadership

Link compensation to company, functional and individual achievements

Align executive compensation with the interests of shareholders

Our executive compensation philosophy is based on established principles that support our business strategy.

Compensation Principles

Performance is the primary driver of compensation decisions

A substantial percentage of compensation opportunity is at risk for the executives who bear higher levels of responsibility for performance

A weighting toward performance-based, variable at risk compensation will lead to higher incentive compensation if superior performance is achieved, and lower or no incentive compensation if superior performance is not achieved

Compensation levels reflect an executive's role in achieving our strategic priorities and business objectives

Compensation opportunity may change when factors such as job responsibilities, the Company's relative positioning to competitors, etc. are considered

Appropriate risk management is integrated into the compensation program design to deter imprudent risk-taking that could have a material adverse effect on the Company

Compensation Policies and Practices

The Compensation Committee has adopted the following pay and governance policies and practices that align with our compensation philosophy and objectives and shareholders' interests:

What We Do

Link annual and long-term incentives to performance

Balance compensation among cash and equity and fixed and variable pay

Evaluate compensation and performance compared to relevant peer companies

Require executives to meet minimum stock ownership levels

Engage shareholders for input on a continuous basis

Maintain a compensation clawback policy

Impose a cap on executive officer annual and long-term incentives

Prohibit hedging of holdings in Company stock

Conduct an annual advisory vote of shareholders on executive compensation

Engage an independent consultant to assist in evaluating annual compensation program design and pay decisions for our executive officers and to advise the Compensation Committee

Provide for a substantial portion of our executives' pay to be at-risk

What We Don't Do

× No single-trigger change-in-control provisions

× No employment agreements for our NEOs

- × No aspect of compensation policies or practices encourages excessive, adverse risk-taking by executives

- × No repricing of underwater stock options without shareholder approval

Say on Pay and Shareholder Engagement

Our year-round shareholder engagement complements ongoing investor relations activities that include investor conferences and one-on-one meetings in addition to dialogues concerning quarterly earnings. Conversations with shareholders cover their views on corporate governance, including executive compensation matters such as pay-for-performance alignment, peer group methodology, and the use of financial and operational metrics in determining compensation awards, among other topics.

Through this year-round engagement as well as our annual advisory vote on executive compensation or say on pay, our shareholders also provide input to the Company on our executive compensation program. At our 2018 Annual Meeting of Shareholders, approximately 46% of the votes cast approved an advisory vote on the compensation of our NEOs, which was a significant decline from prior years. Based on this result, the Company reevaluated its programs and sought additional feedback from shareholders to understand their views about our executive compensation program.

Our outreach to shareholders during 2018 included telephonic or in-person meetings with institutional investors representing approximately 81% of common shares outstanding⁴ to discuss executive compensations and other governance topics. In addition, following the 2018 annual meeting through the filing of this proxy, additional shareholder outreach has included:

We have contacted institutional investors representing 89% of common shares outstanding⁵ to offer further discussions with the Company. Ms. Jones, chair of the Committee, Mr. Angerthal, chief financial officer, and Ms. Peña, executive vice president, human resources, held telephonic meetings with six investors, representing 18% of shares outstanding, who accepted our invitation.

Investors representing 41% of shares asked for conversations following the filing of this proxy and investors representing the remaining shares declined our offer or did not respond.

⁴ As of December 31, 2017

⁵ As of December 31, 2018

Table of Contents

We are committed to continuing this shareholder outreach following the filing of this proxy.

Additionally, Ms. Jones and Ms. Peña held detailed discussions with representatives of the proxy advisory firms Institutional Shareholder Services, Inc. and Glass, Lewis & Co.

The Company also engaged Exequity, a compensation consulting firm, to further evaluate and support our shareholder engagement activities.

The key themes that we heard in our conversations with shareholders, as well as input from the Committee's compensation consultant and a review of industry practices, helped inform changes we made to our compensation program as noted in the following table:

What We Heard	What We Did
<p>Establish clear performance objectives and corresponding metrics at the beginning of the performance cycle, and clearly disclose actual results</p>	<p>Established clear, specific objectives and corresponding targets early in 2018, and provided results for the current and prior year metrics, and expanded disclosure about the use of category weightings of financial and operational metrics as well as strategic priorities.</p>
<p>Performance metrics for annual incentive should be better aligned to shareholder value creation</p>	<p>Reduced the number of metrics for the 2018 annual incentive, thus increasing the emphasis on key financial and operational performance metrics. These metrics, including earnings per share, as adjusted, and operating margin, as adjusted, represent 80% of the annual incentive variables and better align with shareholder value creation.</p>
<p>Pay-out limits, or maximums, for annual incentives are not clearly defined</p>	<p>Established an executive officer annual incentive pool with a formulaic defined maximum (7% of operating income, as adjusted, excluding variable compensation) and established a maximum annual incentive opportunity for our CEO.</p>

The use of discretion and how it affects pay outcomes should be clearly explained

Provided greater clarity of the factors considered in establishing incentive opportunity as well as the individual compensation decisions for each of the NEO's annual compensation elements.

Clarified the link between business objectives and specific performance results that led to the determination of the incentive awards made to our CEO and other NEOs.

Target pay should include consideration of above-median performance

Revised performance measurements, beginning with the 2018 annual incentive and the 2019 long-term incentive so that above-median performance is required to earn target level awards.

Variable pay should be weighted more heavily toward the long-term component rather than short-term

Increased the weighting of the long-term component of target variable pay for our CEO in 2018 and further for 2019, and will consider additional changes in the future based on market practice.

Maximum TSR portion of long-term incentives should be capped if TSR is negative

Capped the payout level of the TSR portion of long-term incentive awards at target if absolute TSR is negative, beginning with the 2018 long term incentive.

Shareholder feedback and the Company's response should be disclosed in more detail

Enhanced our proxy disclosure to provide greater transparency for pay decisions and changes made.

Long-term incentives should be based on metrics that measure performance over periods of more than one year

Discontinued the use of the one-year performance measure beginning with the 2019 long-term incentive award plan and replaced it with a three-year measure.

Special grants should not be awarded for initiatives that should be considered intrinsic to an executive's role

Made no special grants in 2018 as acquisition and integration activities during 2018 were considered part of the executives' key responsibilities.

Table of Contents**Peer Group Benchmarking**

As the Company must compete with other asset management companies for talent and must attract and retain critical executive talent with industry-specific skills and experience, the Committee believes that comparative data is useful and appropriate in establishing competitive compensation levels for executives.

Management obtains and uses third-party survey data from McLagan, a leading performance/reward consulting and benchmarking firm in the asset management industry. Our executive positions are compared against survey data based on positions with similar responsibilities and scope at firms with which we compete in our industry. In addition, compensation is reviewed against peer companies selected from traditional publicly traded asset managers that the Company competes with for talent and that are similar to the Company based on the following characteristics:

Business model

Diversity of investment strategies and products

Distribution channels
Management roles

Ownership structure

Assets under management

The Committee annually reviews the companies that comprise the executive compensation peer group for significant changes in the characteristics listed above. For 2018, the Committee added Federated Investors and Victory Capital Holdings to the executive compensation peer group. The Committee uses this information as a market check and as only one of the factors for evaluating compensation levels. The peer group consists solely of asset managers because compensation programs within this industry are distinct from pay programs in the broader financial services sector, and asset managers are typically competing specifically with other asset managers for executive talent.

For 2018, the Committee selected the following companies as the executive compensation peer group:

Company	AUM (12/31/18) (\$B)	Revenue FY 2018 (\$M)	Market Cap (1) (12/31/18) (\$M)
Federated Investors	\$ 460	\$ 1,136	\$ 2,566
Eaton Vance (2)	439	1,702	4,258
Janus Henderson Investors	329	2,306	4,059

Compensation-Setting Process

The Role of the Compensation Committee

The Committee is responsible for reviewing and establishing executive officer compensation, including base salary and annual and long-term incentive compensation opportunities. The Committee recommends incentive compensation awards for our CEO for approval by the independent members of the Board and, with the assistance of our CEO, reviews and approves the incentive compensation awards for the other NEOs.

Compensation Determination Process

The Committee uses a rigorous process throughout the year to: set the overall incentive opportunity for the NEOs, establish appropriate objectives and corresponding targets, evaluate Company and individual results, and ultimately determine individual awards. The Committee takes the following steps:

Setting incentive opportunities by reviewing market positioning in relation to executives' roles and responsibilities;

Linking the metrics used in funding incentive awards to the Company's annual strategic and business planning process;

Establishing financial, operational, and strategic goals and corresponding targets for the performance cycle;

Conducting quarterly and year-end assessments of the Company's financial, operational and strategic results against pre-established business objectives and absolute and relative performance metrics that are linked to the annual incentive plan, and review current trends for the three-year relative measures in the long-term plan;

Evaluating each executive's results against their specific business objectives and overall leadership competencies; and

Reviewing the market position of each NEO's final total compensation to validate placement within the market range.

In determining final individual awards, the Committee reviews the Board's evaluation of the CEO's performance and his evaluations of the other NEOs.

Table of Contents

The Committee believes that evaluating Company and executive performance using this multi-faceted performance assessment process results in strong alignment between pay and performance outcomes. The following graphic shows the Compensation Committee's decision-making process and timeline.

The Role of Management

Management plays a meaningful role in the compensation-setting process. Our CEO and Executive Vice President, Human Resources attend Committee meetings and assist the Committee in establishing and maintaining compensation programs. Management's role includes:

Providing analyses and supporting information, including third-party survey and proxy information;

Recommending performance metrics and objectives for our annual and long-term compensation plans; and

Making recommendations on compensation levels for executives other than the CEO.

Our CEO evaluates each executive's departmental results against pre-established objectives, individual accomplishments and contributions, and leadership competencies, and makes recommendations to the Committee regarding all elements of compensation. Our CEO does not participate in the Committee's deliberations, or make a recommendation, regarding his own compensation.

Table of Contents**The Use of Compensation Consultant**

The Committee has engaged Mercer, a leading human resources consulting firm, as its independent compensation consultant. Mercer participates in the Committee's meetings and provides counsel and objective analysis on the Company's executive compensation program and practices, and additional competitive data for the Committee's consideration. In addition, Mercer assists in assessing the risk of the Company's compensation program and provides ongoing reviews as new compensation plans are developed and existing plans are modified. Mercer provided substantial assistance to the Committee in the revisions to our 2018 and 2019 plans. Mercer believes that the Company's incentive plans have an appropriate balance between performance incentives and risk mitigation.

Mercer assisted with the preparation of this *Compensation Discussion and Analysis*. Mercer has implemented policies and procedures so that it and the Committee are confident that the advice the Committee receives from the individual executive compensation consultant is objective and not influenced by Mercer's or its affiliates' relationships with the Company, if any.

Compensation Elements

Our executive compensation program consists of base salary, annual incentives, and long-term incentives, with a pay mix focused on variable pay. The following summarizes the purpose and features of each pay element.

Element	Purpose
Base Salary	Provides competitive fixed compensation and is determined by each NEO's scope of responsibilities and position, performance history, internal pay parity, and relationship to comparable positions as measured by market surveys.
Annual Incentive	Provides cash compensation to promote and reward the achievement of annual financial, operational, and strategic objectives.
Long-Term Incentive	Provides equity compensation that aligns the interests of executives with those of our shareholders by promoting and rewarding the achievement of the Company's long-term performance objectives, while attracting, motivating and retaining high-caliber leadership.

Pay Mix

We believe the majority of executive compensation should be at-risk and come from performance-based pay. The proportion of at-risk compensation, as well as the balance of incentive opportunity mix between annual and long-term incentive opportunity, is determined by each executive's role and responsibilities compared to market data. The Committee set the target for the CEO's short-term/long-term incentive variable pay mix for 2018 at 59%/41%.

The chart below reflects the target pay mix for our CEO for 2018 compensation consisting of base salary, annual incentives, and long-term incentives. The chart shows that 91% of the CEO's target pay is at-risk.

2018 CEO Target Pay Mix

Table of Contents

Base Salary

Base salaries for our executives are reviewed annually, taking into consideration competitive market levels, mix of pay, and the performance of each executive. With regard to our CEO, the Committee, in consultation with Mercer and the Board, determined no salary adjustment would be made for 2018. Adjustments, if any, for the other NEOs are recommended by the CEO and approved by the Committee; there were no salary adjustments in 2018.

Annual Incentive Compensation

Annual Incentive Plan Design

Annual incentive awards for our executive officers are funded from an executive officer incentive pool that has a formulaic maximum funding set at 7% of operating income, as adjusted, before any variable incentive compensation. The actual funding is based on the Committee's rigorous assessment of absolute and relative performance measures, linked to our business strategy, organized into categories with collective weightings that include three specific financial objectives (50%); three operational objectives (30%); and five categories of strategic objectives (20%). As is typical in the asset management industry, the Committee does not assign specific weightings to individual objectives in each category.

At the beginning of the fiscal year, based on its evaluations and feedback from shareholder discussions, the Committee considers the performance metrics and strategic priorities that will be used in connection with compensation decisions. The Committee evaluates the following: whether the metrics are adequately linked to the Company's annual strategic, business and financial plans; whether the metrics will drive appropriate behaviors; and whether any other measures would be appropriate to add.

At year end, the Committee evaluates performance against these financial, operational and strategic objectives and their corresponding quantitative or qualitative targets established at the beginning of the year to determine final pool funding, the award amount for the CEO, and as a factor in determining NEO awards. The Committee considers the relative weightings of each category in assessing the overall results, but does not apply formulaic weighting to the individual factors within each category. The Committee believes this approach facilitates a more holistic assessment of performance, and is the most effective approach to measuring the CEO's leadership and the other NEOs performance within the context of a dynamic investment industry. This flexibility is particularly important for asset managers as external factors outside of the control of management, such as interest rate changes and stock market volatility, can have a dramatic impact on industry performance outcomes.

Annual Incentive Performance Metrics and Results

The Company continued to execute on the long-term business plan and during 2018 delivered strong financial and operational results compared with the prior year, including a 48 percent increase in total sales that included a 52 percent increase in open-end mutual fund sales; a 63 percent increase in net income, as adjusted; and a 56 percent increase in earnings per share diluted, as adjusted. Positive sales and net flow trends through the third quarter were affected by the volatile market environment in the fourth quarter, which influenced full-year results.

The Committee also considered the following relative performance metrics comparing the Company results to those of its 16 publicly traded financial peers in order to provide additional industry context to the overall performance assessment:

Net flow rate for long-term assets was (4.2%), which was comparable to the peer median;

Table of Contents

Net income, as adjusted, grew by 63%, which was the 2nd highest among the peer companies; and

One-year TSR for 2018 was (29.8%), which was in the top half as the 7th best among the peer companies. In making its final determination, the Committee evaluated the following:

Results for the financial objectives, while slightly below target, were significantly above the prior year's results;

While the result for the operational objective of total net flow rate was below target of 1%, the result was at the median of the peer group;

Investment performance was significantly higher than both prior year results and target;

Results for the metrics of gross mutual fund sales and net flows were trending above median performance for the first three quarters of the year but were affected by the market dislocations in the fourth quarter that led to elevated redemptions; and

Overall qualitative results for strategic priorities, on balance, modestly exceeded expectations.

For 2018, based on its assessment of performance against the above financial, operational, and strategic objectives, as well as the additional relative performance metrics, the Committee determined that the Company's overall performance was at target and that the annual executive officer incentive pool should be funded at target, or 50% of the maximum pool funding of 7% of operating income, as adjusted, before any variable incentive compensation. Based on its further evaluation of the CEO's performance and the CEO's assessment of the individual NEOs' performance, the Committee exercised negative discretion and decided to fund the final annual incentive awards at 43% of the maximum funding level.

CEO Award Determination

George R. Aylward

President, Chief Executive Officer and Director

For our CEO, the Committee established the target annual incentive opportunity to position his target total compensation (base salary, annual incentives, and long-term incentives) competitively relative to amounts paid to peer group CEOs. For the 2018 performance year, the annual incentive target was \$3.2 million, with a threshold of zero and a maximum of 200% of target.

The performance objectives of our CEO are directly aligned with the factors that are considered in determining the annual incentive pool funding, as reviewed in the table, *2018 Annual Incentive Performance Metrics and Results* above.

Financial Objectives (50%)

Specific accomplishments included:

Diluted EPS, as adjusted, of \$12.11 increased significantly from the prior year and was just below plan;

Net income, as adjusted, of \$103.3 million increased significantly from the prior year and was slightly below plan; and

Operating margin, as adjusted, of 34.4%, while somewhat below plan, increased meaningfully from the prior year, contrary to industry trends.

Table of Contents

Operational Objectives (30%)

Specific accomplishments include:

Gross mutual funds sales increased by 52% compared with the prior year, which resulted in a gross fund sales rate in the 31st percentile among peers for the year, compared with the 52nd percentile in the prior year;

Relative investment performance (AUM in top 50% among peers for the three-year period) was at the 68th percentile, an improvement over the prior year and above target; and

Total net flows of (\$3.7) billion were below the prior year, primarily driven by elevated redemptions in the fourth quarter, resulting in a net flow rate of (4.2%).

Strategic Objectives (20%)

Under Mr. Aylward's leadership, the Company delivered on the strategic priorities as set forth in the chart above. Specific accomplishments included:

Product Quality Maintained very strong investment performance across products and asset classes and continued to rationalize mutual fund product offerings.

Distribution Growth In addition to significantly higher mutual fund sales, achieved success in the subadvisory channel, expanded reach and focus of UCITS strategies in the offshore market, and increased the number of institutional mandates funded during the year.

Operating Optimization Implemented system enhancements, enhanced technology infrastructure, and continued transition of shared services to effectively leverage the increasing scope of the business.

Talent Engagement Piloted enhanced performance review and development feedback process in order to prioritize use of development resources, and conducted a review in order to identify next-generation talent potential and mitigate key-person risk.

Financial Management Meaningfully reduced cost of debt financing; provided an increased amount of return of capital, including our first dividend increase; managed seed and investment capital to balance business objectives.

The Committee determined that quantitative results for financial and operational objectives fell just below expectations while overall qualitative results for strategic priorities modestly exceeded expectations (e.g., enhancing overall product quality through new strategy introductions and appropriate product rationalization, optimizing operations through system enhancements, and the completion of the SGA integration). Based on the results against

these 2018 financial, operational, and strategic goals, the Committee assessed the CEO's performance to be at target.

Given the above assessment, the Committee determined that the CEO's performance would indicate an annual incentive payout at the target of \$3.2 million. However, in view of the low TSR for both the last fiscal year and across the last five years, as well as low levels of support for the Company's say-on-pay proposals in the past two years, the Committee recommended that the CEO's annual incentive payout for 2018 be reduced to half of target, or \$1.6 million. The independent members of the Board accepted the Committee's recommendation, while commending Mr. Aylward for his leadership and strong contributions to the Company's success and commitment over the long term.

The following table sets forth the CEO's 2018 annual incentive award opportunity at threshold, target, and maximum levels and his actual annual incentive award for 2018.

NEO Award Determination

The CEO conducts an assessment of each NEO relative to individual and functional area contributions to the Company's overall results for the year, market placement and prior-year incentive. The CEO provided the Committee with an award recommendation based on a consideration of the following factors:

Company financial, operational and strategic objective results used to determine the executive officer incentive award pool funding and CEO annual incentive award, as noted above (50%);

Unit/department outcomes (25%); and

Personal/individual outcomes (25%).

Michael A. Angerthal**Executive Vice President, Chief Financial Officer and Treasurer**

As Chief Financial Officer, Mr. Angerthal provides critical leadership in all areas of financial management for the Company, including treasury, accounting, tax, audit, financial planning, investor relations, financial controls, capital management, and certain corporate development activities. Significant results achieved by Mr. Angerthal in 2018 were:

The company increased total capital returned to shareholders by 71% to \$56.4 million from \$32.9 million in the prior year, including a 22% increase in the quarterly common dividend and an increase in share

repurchases to \$27.5 million from \$7.5 million in 2017. Total capital returned to shareholders represented 55% of 2018 net income, as adjusted, compared with 52% of 2017 net income, as adjusted.

In conjunction with the SGA transaction, Mr. Angerthal was instrumental in renegotiating the Company's debt financing, which meaningfully reduced the overall cost of financing and removed financial maintenance covenants to increase financial flexibility.

Mr. Angerthal provided executive oversight and guidance on the implementation of a single integrated financial management platform that supports centralized financial reporting and analysis and includes workflow efficiencies and automation in key finance business processes including banking, accounts payable and account certifications.

Under Mr. Angerthal's guidance, the seed capital program recycled 13 investments to redeploy into other strategies and sold investments in sponsored CLOs upon the change in U.S. risk retention rules, facilitating investments in 12 new strategies.

Mr. Angerthal managed the request for proposal and due diligence process that led to the selection of a new independent auditor for the Company.

Continued to review and rationalize the Company's investment capabilities, including the introduction of two new mutual funds, five new retail separate account strategies, and one new ETF; the liquidation and merger of certain subscale funds; and the introduction of fund share classes to enhance institutional and retirement offerings.

In his role as head of the Company's investment operations and information technology areas, Mr. Waltman provided executive leadership to the implementation of operational shared services that support affiliates, the implementation of a new general ledger accounting system, and the design and implementation of new information technology infrastructure to support the relocation of the Company's headquarters offices.

Table of Contents**W. Patrick Bradley****Executive Vice President, Fund Services**

As head of Fund Services, Mr. Bradley is responsible for oversight of services supporting the Company's open-end and certain closed-end funds, including fund administration, fund shareholders services, and managing key fund services providers. Significant results achieved in 2018 were:

Mr. Bradley was instrumental in negotiating expanded banking relationships that added banks to provide lines of credit for certain of the Company's mutual funds.

The Fund Services team completed the conversion to a new accounting platform for the Company's mutual funds, enhancing data harvesting and analysis and allowing for enhanced trade reporting, processing of daily activity, and improved interfaces and reporting to fund subadvisers.

Under Mr. Bradley's guidance, a working group was created to enhance consumer fraud detection and mitigation procedures and to develop fraud awareness and prevention training for customer services staff. The annual incentive awards for the NEOs listed in the table below were recommended by the CEO and approved by the Committee. The table also summarizes the annual incentive awards for each NEO, other than the CEO, for the prior year.

Annual Incentive Awards for 2017-2018		
Named Executive Officer	2017	2018
Michael A. Angerthal	\$ 1,980,000	\$ 2,100,000
Barry M. Mandinach	\$ 1,520,000	\$ 1,550,000
Francis G. Waltman	\$ 1,200,000	\$ 1,240,000
W. Patrick Bradley	\$ 615,000	\$ 620,000

In making its determination of individual annual incentive awards, the Committee concluded that the award decisions for our executive officers were appropriate relative to compensation paid by peers and were reflective of each individual's performance against stated objectives.

Long-Term Incentive Compensation

Each NEO's long-term equity award is determined based on the individual's responsibilities, market-level competitive positioning for similar roles, and consideration of internal alignment. The performance metrics related to the long-term compensation awards and vesting periods encourage a focus on sustained, long-term results. The Committee considered the following characteristics of each type of long-term incentive award:

Restricted Stock Units (RSUs) Value increases or decreases with ordinary share performance, and provides a strong retention incentive. The time-vested nature of the RSUs ensures continued alignment between the NEOs and the Company's long-term financial results and supports retention.

Performance Share Units (PSUs) Provide value based on the achievement of results against the Company's key performance metrics, relative to peers, rewarding achievement of longer-term financial goals while putting the reward at risk if threshold results are not achieved.

2018 Long-Term Incentive Plan

In the first quarter of 2018, the Committee approved the 2018 long-term incentive plan (LTIP), which provided for 50% of the awards to be granted in PSUs and 50% in time-vested RSUs. In setting individual targets for each of our executive officers for the long-term incentive plan, the Committee made no changes from the prior year.

Table of Contents

The PSU awards are determined based on two equally weighted relative performance metrics. Participants are eligible to earn ratably between 0% and 200% of target.

Metric	Measurement Period	Payout Opportunity
Total Shareholder Return (TSR) ranking	Measured over a three-year performance period	0 to 200% ⁽¹⁾
Relative growth in operating income, as adjusted⁽²⁾	Measured over a one-year performance period	0 to 200%

⁽¹⁾ Regardless of peer ranking, if the TSR is negative, the maximum award allowed is capped at target

⁽²⁾ This has been replaced by a three-year metric of relative net flow rate on long-term assets under management for the 2019 LTIP

The Committee believes that the use of relative performance metrics for long-term incentive awards provides a degree of rigor that may be otherwise lacking when evaluating absolute results against internally established performance metrics. The Committee also believes that determination of incentive awards based on two performance metrics diversifies the risk associated with any single indicator of performance.

The metrics included for 2018 long-term incentives were:

Total Shareholder Return ranking Ensures NEOs are aligned with the interests of shareholders and rewarded for the achievement of the company's longer-term business objectives and strategic priorities.

Relative growth in operating income, as adjusted Is a key indicator of the profitability and growth of the Company. This metric was revised for the 2019 LTIP, as noted above.

As a result of shareholder feedback received, and in consultation with our independent compensation consultant, the Committee capped the payout award level associated with the TSR metric at target if TSR is negative, and made further modifications to the 2019 plan, as noted in *Looking Forward*, below.

W. Patrick Bradley	50,000	50,000	100,000	200,000

In February 2019, the Committee reviewed the Company's results of the two measures in the long-term plan. For the relative one-year growth in operating income, as adjusted, the result was in the top quartile, and the associated PSUs were assigned a value of 200%. While the results of the three-year metric and the final value of the award will not be determined until the first quarter of 2021, the Committee noted that based on performance metrics for the first year, which has been completed, the results are currently tracking at the 44th percentile and at a value above target.

In February 2019, the Committee certified the results for the three-year measure for the 2016-2018 performance period, and the results were determined to be at the 73rd percentile, and the awards vested at a value below target.

Looking Forward

The Committee is committed to gathering shareholder input concerning the Company's executive compensation plan and to making further improvements to the plan in response to that input. The Committee has approved the following changes to the 2019 annual and long-term incentive plans:

Pay Mix For 2019, the Committee has approved a change in the target for the CEO's short term/long term incentive compensation pay mix to 54%/46%, which is comparable to that of peer companies, thus providing further alignment with long-term shareholder value creation.

Long-Term Incentive As a result of shareholder feedback, the Committee made the following modifications to the 2019 long-term incentive plan:

The 2019 plan will include only three-year performance metrics. The Committee changed the one-year metric of relative growth in operating income, as adjusted, to a three-year metric of relative net flow rate on long-term assets under management.

In order to earn target-level awards, above-median performance must be achieved. This requirement for above-median performance was previously adopted by the Committee for the relative metrics of the 2018 annual incentive compensation plan.

The terms of the RSUs grant, which comprise 50% of the overall long-term incentive award opportunity, will change to a three-year ratable vesting schedule from a three-year cliff-vesting schedule for grants beginning in 2019.

Benefits and Perquisites

Consistent with the Company's compensation philosophy, the Company provides only limited personal benefits to the NEOs. Benefits and perquisites provided to our executive officers, such as a housing stipend, are comparable to those offered to all other similarly situated Company employees.

Risk Mitigating Features

Risk Assessment

During 2018, the Compensation Committee reviewed the Company's compensation practices to ensure that the compensation program does not encourage executives to take excessive risks that could have a material adverse effect on the Company. After conducting the review, the Compensation Committee concluded that the Company's incentive pay plans do not motivate or encourage excessive risk taking. To mitigate risk, the Company has adopted the following pay policies and practices:

Balance among short- and long-term incentives, cash and equity and fixed and variable pay

Multiple performance measures

Clawback policy

Stock ownership guidelines

Anti-hedging policy

Limited change-in-control benefits

Internal pay equity

Stock Ownership Guidelines

The Committee believes that executive officers should own a significant amount of Company stock, so that they share the same long-term investment risks and rewards as other shareholders, based on the Company's stock

performance. The Company has stock ownership guidelines, shown below, under which the Company's NEOs are expected to accumulate Company stock with a value equivalent to a base salary multiple as reflected in the table below. The Committee expects that individuals will hold 75% of the net shares (shares received, net of shares withheld for taxes) acquired under the Omnibus Incentive and Equity Plan until the guideline is met. NEOs are expected to meet the ownership guidelines within five years of being named to their current executive officer position. The Committee reviews NEO stock ownership levels annually and monitors that appropriate progress is being made toward compliance with the ownership guidelines.

As of December 31, 2018, all NEOs were in compliance with the stock ownership guidelines.

Anti-Hedging Policy

The Company has adopted a policy that prohibits directors and executive officers of the Company from directly or indirectly engaging in hedging against future declines in the market value of any securities of the Company through the purchase of financial instruments designed to offset such risk. These transactions are prohibited because they could separate the security holder's interests from those of the shareholders of the Company.

Clawback Policy

Awards made under the annual and long-term incentive plans are subject to forfeiture or recovery to the extent that the Committee determines that the achievement of performance goals or targets was based on materially inaccurate financial statements or other performance measurement. Awards and any cash or other property distributed in respect of any vested or earned awards are also subject to forfeiture to the extent required by applicable law, including to the extent the Company is required by applicable law, rule or regulation to include or adopt any additional forfeiture or clawback provision relating to outstanding and/or vested or earned awards or any future awards under the Dodd-Frank Wall Street Reform and Consumer Protection Act or otherwise. With respect to awards granted prior to the adoption of these provisions, in the event relevant performance measures on which incentive payments were determined are subsequently restated due to material noncompliance with financial reporting requirements or otherwise adjusted in a manner that would reduce the size of a payment, the Committee may seek recovery of incentive payments if the Committee determines that there was any misconduct by the particular participant or any other circumstances that would warrant recovery of any awards previously granted.

Severance and Change-in-Control Agreements*Severance*

The Company provides executives, including the NEOs, with an executive severance arrangement that provides for separation pay and benefits on the condition that the departed executive does not solicit clients or employees, or take

other actions that may harm the Company for specified periods following termination. Benefits are tiered based on years of service and calculated using the executive's base salary and the average of the last two years of annual incentive payments. We believe that having pre-set terms governing an executive's separation from service tends to reduce the time and effort needed to negotiate individual termination agreements, and promotes more uniform and fair treatment of executives. See *Termination Payments and Change-in-Control Arrangements - Executive Severance Allowance Plan*.

Table of Contents*Change-in-Control Agreement*

A legacy agreement in place for Mr. Aylward, our CEO, as described under *Termination Payments and Change-in-Control Arrangements – Change-in-Control Agreement with Mr. Aylward*, is the only change-in-control agreement we have in place with any NEO. The agreement was put into effect December 31, 2008 at the time the Company was preparing to become an independent publicly traded company. During any period in which a change-in-control occurs, the agreement provides that Mr. Aylward is entitled to receive benefits, which are designed to ensure management continuity, encourage retention, preserve shareholder value, and enable the CEO to focus on his responsibilities without undue distraction due to concerns related to new owners. These benefits are also designed to assure that in these circumstances, the CEO will not be unduly influenced in his actions by events that could occur following a change in control.

Mr. Aylward's change-in-control agreement includes a "double trigger" provision which means that, in order for Mr. Aylward to receive benefits under the agreement, there must be both a change in control and a termination by the Company without cause or by him for good reason within two years following the change in control. Under the terms of the change-in-control agreement, Mr. Aylward is entitled to a tax gross-up in the event that the aggregate value of all "excess parachute payments" as defined under Code Section 280G upon a change in control, exceeds, by 10% or more, the maximum amount that could be paid to him without him incurring an excise tax of 20% under Code Section 4999. If the "excess parachute payments" are under 10%, then the amounts payable to Mr. Aylward under the change-in-control agreement will be reduced to the maximum amount allowed without triggering Code Section 280G. The gross-up is intended to preserve the level of benefits to be provided under the agreement, but includes the 10% threshold to avoid situations where the cost to the Company far exceeds the benefit to Mr. Aylward.

Tax Considerations

Code Section 162(m) generally disallows a tax deduction to publicly held companies for compensation over \$1 million paid to certain covered executives. For compensation paid prior to 2018 and certain "grandfathered" arrangements in place before and not materially modified after November 2, 2017, Section 162(m) exempts qualifying performance-based compensation from the \$1 million limitation if specified requirements are met. However, the performance-based compensation exemption was repealed, effective for taxable years beginning after December 31, 2017, such that future compensation paid to our NEOs in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. The deductibility of compensation is just one of the critical factors in the design and implementation of any compensation arrangement. Accordingly, the Company expects that at least a portion of the compensation paid to its NEOs in excess of \$1 million will be non-deductible.

Code Section 280G disallows a company's tax deduction for what are defined as "excess parachute payments," and Code Section 4999 imposes a 20% excise tax on any person who receives excess parachute payments. In the event that a portion of a potential payment to our CEO under his change-in-control agreement would be classified as an excess parachute payment, we may be denied a federal income tax deduction, and our CEO may become entitled to a tax gross-up payment to compensate him or make him whole in respect of the excise tax. No other NEO or other executive officer has any potential tax gross-up protection in connection with a severance event.

(1) The amounts reported in this column represent base salaries earned by each of the NEOs for the listed fiscal year and have not been reduced for deferrals.

(2) The amounts reported in this column reflect the aggregate grant date value of stock awards computed in accordance with FASB ASC Topic 718 and do not represent the actual value earned. Additional information, including valuation assumptions, concerning the Company's accounting for its equity awards is included in Note 15 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal

year ended December 31, 2018.

The 2018-2020 LTIP award was granted on March 15, 2018. If fully earned, the 2018 LTIP maximum adjusted award for each of our NEOs would be as follows: \$3,375,000 for Mr. Aylward; \$600,000 for Mr. Angerthal; \$600,000 for Mr. Mandinach; \$600,000 for Mr. Waltman; and \$300,000 for Mr. Bradley. The award comprises 50% RSUs and 50% PSUs, with 50% of the PSUs having a performance measurement period ending December 31, 2018 and 50% having a performance measurement period ending December 31, 2020, all with a three-year vesting period. The performance was in the top quartile for the PSUs that completed the performance cycle on December 31, 2018, and therefore they have a value of 200% for each NEO. The remaining PSUs, measured at December 31, 2020, will convert to RSUs with a value from 0% - 200% of the award granted based on Company performance.

For the 2017-2019 LTIP, the award comprises 50% RSUs and 50% PSUs, with 50% of the PSUs having a performance measurement period ending December 31, 2017 and 50% having a performance measurement period ending December 31, 2019, all with a three-year vesting period. The performance was in the top quartile for the PSUs that completed the performance cycle on December 31, 2017, and therefore they have a value of 200% for each NEO. The remaining PSUs, measured at December 31, 2019, will convert to RSUs with a value from 0% - 200% of the award granted based on Company performance.

The NEOs received a one-time performance award that was granted on February 22, 2017. The award values were \$1,000,000 for Mr. Aylward; \$600,000 for Mr. Angerthal; \$400,000 for Mr. Mandinach; \$600,000 for Mr. Waltman; and \$400,000 for Mr. Bradley. The first tranche comprising 50% of the PSUs awarded vested on February 22, 2018, the first anniversary of the grant date, while the second tranche comprising the remaining 50% of the award vested on February 22, 2019, the second anniversary of the grant date.

For the 2016-2018 LTIP, the award comprises 50% RSUs and 50% PSUs, with 50% of the PSUs having a performance measurement period ending December 31, 2016 and 50% having a performance measurement period ending December 31, 2018, all with a three-year vesting period. The performance threshold was not achieved for the PSUs that completed the performance cycle ended December 31, 2016, and therefore they have a value of \$0 for each NEO. The remaining 50% PSUs achieved performance between threshold and target for the performance cycle ended December 31, 2018, and have a value of 53% for each NEO.

The table below provides information on PSUs, RSUs and equity- and non-equity-based performance awards granted to each of the Company's NEOs during the fiscal year ended December 31, 2018. All awards were made under our Omnibus Incentive and Equity Plan (the Omnibus Plan).

(1) The amounts as reflected in column (a) relate to the annual cash incentive opportunities under the 2018 Annual Incentive for each NEO. For Mr. Aylward, the amounts reflect the target and maximum payout opportunities. For the other NEOs, because the actual payout is based on the level of performance achieved, the target amount is not determinable and therefore, in accordance with SEC rules, the amount is a representative amount based on 2018 performance. Maximum amounts were used for compliance with Code Section 162(m) performance-based compensation exemption only, which has been repealed effective for taxable years beginning after December 31, 2017, and are not included in the table above. The metrics against which performance was measured under this plan, as well as the actual payments, are discussed in the Compensation Discussion and Analysis and the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column.

(2) The 2018 LTIP amounts granted on March 15, 2018, as described in footnote 2 of the Summary Compensation Table, reported in these columns represents the award opportunities for each NEO. The two metrics against which performance are measured in this plan are discussed earlier in the Compensation Discussion and Analysis under the heading 2018 Executive Compensation.

- (3) The grant date fair value is equal to the number of units granted as reflected in column (b) multiplied by \$130.50, the closing price of the Company's common stock on that date.

- (10) This amount represents 25% of the 2018 LTIP award that completed the one-year performance cycle on December 31, 2018 and will vest on March 15, 2021.
- (11) This amount represents 25% of the 2018 LTIP award made up of PSUs that will convert to RSUs with a value from 0% - 200% of the award granted based on Company performance, following the three-year performance period and, to the extent earned, will vest on March 15, 2021.

The Virtus Investment Partners, Inc. Non-Qualified Excess Investment Plan

The Company maintains the Excess Plan to provide eligible employees with the opportunity to save for retirement and defer tax payments.

Under the Excess Plan, a participant may elect to defer up to 60% of his or her compensation, which is defined under the plan as the portion of a participant's base salary that exceeds the dollar limit under Code Section 401(a)(17). Amounts deferred under the Excess Plan are credited to a participant's deferral account and are deemed invested in the available investment funds selected by the participant. Deferrals are credited to the selected funds based on the market price for such funds on the date such compensation would otherwise have been paid. Matching contributions, if any, are deemed invested in the same funds in which the underlying deferrals are invested. There are no above-market, preferred, or guaranteed returns in the Excess Plan. Participants can change their investment choices at any time.

Table of Contents

Distributions will be made, or commence, on the 15th day of the month following the participant's sixth month of separation from service, either in a lump-sum payment or in annual installment payments over a period of two to ten years, as elected by the participant prior to the year in which the services giving rise to the deferrals are rendered.

Termination Payments and Change-in-Control Arrangements

Each of our current NEOs participates in the Company's Executive Severance Allowance Plan (the *Severance Plan*). The Company also has a Change-in-Control Agreement with our CEO, Mr. Aylward. In addition, under the Company's equity award agreement, the vesting of awards may accelerate under specified conditions. These arrangements are described below. No incremental benefits would be provided under these arrangements in the event of termination by the Company for cause or a voluntary termination by the NEO without good reason.

Executive Severance Allowance Plan

Receipt of benefits under the Executive Severance Allowance Plan are conditioned on a number of factors, including covenants within the terms of that plan and the signing of a Severance Agreement and Release containing additional covenants and a release of claims against the Company. The Severance Plan conditions receipt of benefits on: (i) refraining from interfering with ongoing operations and from making disparaging remarks concerning the Company, its representatives, agents and employees; (ii) refraining from solicitation of employees, agents, representatives and/or clients of the Company; (iii) returning all Company property; and (iv) maintaining the confidentiality of confidential and proprietary information. Failure to comply with any of these covenants/conditions would cause immediate cessation of all payments under the plan, and the executive would be required to immediately reimburse the Company for all payments previously made.

An executive would not be entitled to receive benefits or payments under the Severance Plan if he or she is terminated for cause, as determined in the sole discretion of the Company, which, for this purpose, would include: (i) a conviction of (or plea of nolo contendere to) a felony or other crime involving fraud or moral turpitude; (ii) an act of misconduct (including a violation of our Code of Conduct); (iii) unsatisfactory performance; or (iv) a failure to attempt or refusal to perform legal directives of the Board or our executive officers.

Except as described above, under the Severance Plan, if a NEO is involuntarily terminated for any reason or terminated voluntarily or involuntarily by resignation upon the Company's written request, he or she will be eligible to receive, subject to certain exceptions:

12 months of base salary (or 18 months for our CEO);

the average of the NEO's actually earned and paid annual cash incentive award for the prior two completed fiscal years or, for our CEO, 1.5 times this average; and

a pro-rata portion of the annual incentive award actually earned by the NEO for the fiscal year in which he or she separated from service.

Any such severance amounts paid by the Company may be made in the form of a lump sum payment or in equal periodic installments, except that the pro-rata portion of any actually earned annual incentive award generally would be paid after the actual amount earned is calculated following the end of the applicable fiscal year. In addition, no

severance payment would be paid later than March 15 of the calendar year following the executive's separation from service with the Company (unless otherwise required pursuant to Code Section 409A).

Our NEOs would also be entitled under the Severance Plan to receive outplacement services for six months and continued subsidized medical and dental coverage for 12 months of the 18-month COBRA continuation period, if the executive elects coverage under COBRA.

Table of Contents

Upon termination of employment, all NEOs would be entitled to receive, in accordance with the terms of the applicable plan and the elections of the NEO, distribution of his or her account balances under the Company's 401(k) Plan and the Excess Plan. The aggregate balance of each of our NEO's accounts under the Excess Plan as of December 31, 2018 is reflected in the *Non-Qualified Deferred Compensation in Fiscal Year 2018* table above.

In the event that Mr. Aylward was entitled to receive payments from the Company under his Change-in-Control Agreement, he would not receive payments from the Company under the Severance Plan.

Acceleration of Equity Awards

Under the terms of the Company's option award agreements, if a NEO terminates employment with the Company by reason of death, his or her estate would be entitled to immediate vesting of the options. If termination of employment is by reason of disability, the options vest in accordance with the terms of the grant. If termination of employment is for cause, all unexercised options are immediately forfeited. If a NEO is terminated for any other reason, unvested options as of the termination date will be immediately forfeited and the NEO will have the right to exercise vested options prior to the original expiration date or within 90 days, whichever period is shorter. In the event of a change-in-control, as described below, all unvested options automatically vest; however, no automatic vesting would occur if the Committee reasonably determines in good faith, prior to the change-in-control, that such awards would be honored or assumed or a new award would be substituted with substantially similar conditions to the current award and with provisions that allow for immediate vesting if the executive is involuntarily terminated for any reason including death, disability or not for cause, or is constructively terminated as defined in the Omnibus Plan under specified conditions as described in the Omnibus Plan.

Under the terms of the Company's RSU award agreements, if a NEO terminates employment with the Company by reason of death or disability, or an involuntary termination event occurs that would otherwise qualify the NEO for severance pay and benefits under a Company approved severance plan or other arrangement, a pro-rated portion of the RSUs vest automatically based on the number of days the officer actually worked since the grant date (or in the case of an award which becomes vested in installments, since the date, if any, on which the last installment of such RSUs became vested). The amount subject to immediate vesting would be calculated by subtracting the number of RSUs already vested from a number equal to the product of (i) the number of RSUs awarded to the NEO multiplied by (ii) the ratio of (x) the number of days that such person was actively employed by the Company since the award was granted divided by (y) the number of days between the grant date and the last scheduled vesting date.

Under the terms of the Company's PSU award agreements, if a NEO terminates employment with the Company prior to the end of the performance cycle, or after the end of the performance cycle but prior to the RSU conversion date, because of death, disability or an involuntary termination event as described above, the PSU award will convert to RSUs, based on the actual achievement of performance goals for the full performance cycle, pro-rated for the number of days the executive was actively employed since the PSU award date, divided by the number of days during the period beginning on the PSU award date and ending on the RSU vesting date, with vesting that is accelerated but deferred until the end of the applicable performance period. In the event that a change of control occurs prior to the end of the performance cycle and prior to the termination of the executive's employment, the performance goals would be deemed to have been met at target, without pro-ration, and immediately convert to common shares that would be distributed within 90 days following the end of the performance cycle.

If a NEO ceases to be employed by the Company for any reason other than those discussed above, all unvested RSUs and PSUs as of the termination date are automatically forfeited.

Except as described above in connection with outstanding performance awards, in the event of a change-in-control, as defined below under *Change-in-Control Agreement with Mr. Aylward*, all unvested

Table of Contents

RSUs automatically vest; however, no automatic vesting would occur if the Committee reasonably determines in good faith prior to the change-in-control, that such awards would be honored or assumed or a new award would be substituted with substantially similar conditions to the current award and with provisions that allow for immediate vesting if the executive is involuntarily terminated for any reason including death, disability or not for cause, or is constructively terminated as defined in the Omnibus Plan under specified conditions as described in the Omnibus Plan.

Illustrations of Compensation and Benefits Upon Termination of Employment

The following table summarizes the value of the compensation and benefits that our NEOs would have received under the Severance Plan if their employment had been involuntarily terminated (other than for cause) as of December 31, 2018, the last business day of the year.

- (1) As applicable, the amount in this row is equal to the NEO's average earned and paid annual cash incentive for the prior two completed fiscal years (except that, for Mr. Aylward, this amount is equal to 1.5 times his average).
- (2) The value reported in this row is based on \$79.43, the closing price of our common stock on December 31, 2018, the last trading day of our fiscal year, multiplied by the applicable number of unvested RSUs and PSUs held by the NEO on December 31, 2018 that would accelerate upon involuntary termination. PSUs granted in 2017 and 2018 with three-year performance periods ending on December 31, 2019 and December 31, 2020, respectively, are assumed to be at target level performance. The performance threshold was not achieved for PSUs granted in 2016 with a one-year performance period ending on December 31, 2016 related to the specific metric of relative growth in operating income, as adjusted, and therefore they have a value of \$0 for each NEO. The performance for PSUs granted in 2017 with a one-year performance period ending on December 31, 2017 related to the specific metric of relative growth in operating income, as adjusted, was in the top quartile, and therefore have a value of 200% for each NEO. The performance for PSUs granted in

2018 with a one-year performance period ending on December 31, 2018 related to the specific metric of relative growth in operating income, as adjusted, was in the top quartile, and therefore have a value of 200% for each NEO. There are no unvested options to include in this calculation. If a change-in-control event had occurred on December 31, 2018, the values related to the acceleration of unvested RSUs and PSUs would have been equal to: \$1,132,990 for Mr. Angerthal; \$1,060,947 for Mr. Mandinach; \$1,132,990 for Mr. Waltman; and \$521,299 for Mr. Bradley. These numbers assume that all equity awards have automatically vested and that the Committee did not make the determination that such awards would not be accelerated. See the discussion below under the heading Change-in-Control Agreement with Mr. Aylward for a description of the change-in-control terms for unvested equity awards held by Mr. Aylward.

- (3) The amount in this row reflects the estimated Company cost of continuing to subsidize specified health and welfare benefits for the NEOs for 12 months, based on coverage elections in effect for 2018.
- (4) The amount in this row reflects the estimated Company cost of providing outplacement services for the NEOs for six months.

Change-in-Control Agreement with Mr. Aylward

Under the legacy Change-in-Control Agreement with our CEO, effective December 31, 2008, Mr. Aylward would be provided with separation benefits upon his termination of employment in connection with a change-in-control of the Company. The protections provided under the Change-in-Control Agreement can only be triggered by termination of employment either: (i) by the Company for reasons other than death, disability (as defined in the agreement) or cause ; or (ii) by Mr. Aylward for good reason, but only if such termination occurs within the two years following, or is effectively connected with, the occurrence of a change-in-control. Mr. Aylward would not receive any incremental benefits by reason of his death, disability, termination by us for cause or his voluntary termination of employment, whether by retirement, resignation or otherwise, without good cause.

The Change-in-Control Agreement had an initial term of two years, but automatically renews for successive one-year terms unless either party provides written notice within 60 days prior to the scheduled expiration date to the other party that such party does not want the term of the agreement extended.

Under the Change-in-Control Agreement, following a change-in-control and for an additional 2.5 years after any termination event, regardless of whether Mr. Aylward voluntarily terminates his employment or is involuntarily terminated with or without cause or for good reason, he is subject to non-solicitation restrictions under to which he may not induce, encourage or solicit any customer, client, employee, officer, director, agent, broker, registered representative or independent contractor to either: (i) terminate their respective relationship or contracts with the Company or its affiliates; or (ii) not place business with the Company or its affiliates. In addition, following a termination event, Mr. Aylward would be required to continue to maintain the confidentiality of all confidential or proprietary information known to him concerning the Company and its affiliates and their business and would be required, upon request, to return materials containing such information.

Definitions

Under the Change-in-Control Agreement, the terms listed below are defined as follows:

Change-in-Control generally means the first occurrence of any of the following:

any person or group acquires 25% or more of the voting power of the Company's securities;

within any 24-month period, the persons who presently make up our Board, or who become members of our Board with the approval of a majority of the persons who constituted our Board at the beginning of any such period, cease to be at least a majority of the Board of the Company or any successor to the Company;

the effective date of the consummation of any merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of the assets of the Company which is consummated (a Corporate Event), if immediately following the consummation of such Corporate Event those persons who were shareholders of the Company immediately prior to such Corporate Event do not hold, directly or indirectly, a majority of the voting power, in substantially the same proportion as prior to such Corporate Event, of (i) in the case of a merger or consolidation, the surviving or resulting corporation or (ii) in the case of a division or a sale or other disposition of assets, each surviving, resulting or acquiring corporation which, immediately

following the relevant Corporate Event, holds more than 25% of the consolidated assets of the Company immediately prior to such Corporate Event;

the approval by shareholders of the Company of a plan of liquidation with respect to the Company; or

any other event occurs which the Board declares to be a change-in-control.

Cause generally means:

a conviction of (or plea of nolo contendere to) a felony;

Table of Contents

an act of willful misconduct that has a material adverse impact on the Company or its affiliates (except that no act, or failure to act, on Mr. Aylward's part would be deemed willful unless done, or omitted to be done, by him not in good faith and without reasonable belief that his act, or failure to act, was in the best interest of the Company); or

a failure in good faith to perform legal directives of the Board, which are consistent with the scope and nature of his employment duties and responsibilities if such failure is not remedied by him within 30 days after notice of such non-performance is given to him.

Good Reason generally means that, following a change-in-control of the Company, any of the following events has occurred without Mr. Aylward's express written consent (if such occurrence is not remedied by the Company within 30 days upon receipt of written notice):

a material reduction in his title, position, duties or responsibilities as President and CEO;

relocation of his principal place of business outside of a 35-mile radius of the current location;

a material reduction in his base salary, total incentive compensation opportunity, or a reduction in the employee benefits provided him under the Company's employee benefit plans; or

any failure to obtain the assumption and agreement to perform the Change-in-Control Agreement by a successor.

Description of Separation Benefits

If following a change-in-control of the Company, Mr. Aylward was terminated without cause or he terminated his employment for good reason, he would generally be entitled to receive the following incremental benefits (which would be provided in lieu of, and not in addition to, any severance benefits payable to him under any other Company plan):

a lump-sum cash payment equal to 2.5 times the sum of his current base salary and his target under the annual cash incentive program maintained by the Company in the year in which his employment with the Company terminates;

continued participation in all of the employee and executive plans providing medical, dental, and long-term disability benefits in which he participated prior to the termination event for a period of 2.5 years;

full vesting of all outstanding stock option, RSU or other equity awards (with any such vested options remaining exercisable for the lesser of two years or the duration of their original terms);

an amount equal to the pro-rata portion of the annual incentive award earned for the year in which the termination occurs (or target incentive, if greater), and a pro-rata portion of long-term awards for each uncompleted performance period at target;

a lump-sum payment equal to 2.5 years of additional contributions that would have been made to the Company's 401(k) Plan and/or the Excess Plan (assuming that he was contributing to each such plan during such period at the rate in effect immediately prior to the termination event or change-in-control event, whichever is higher);

outplacement services for a period of one year; and

if any payment or benefit due and payable under the Change-in-Control Agreement were to trigger any excise tax imposed by Code Section 4999, the Company would make a gross-up payment to Mr. Aylward to cover any such excise tax liability as well as any income tax liability incurred as a result of the gross-up. The following table summarizes the value of the compensation and benefits that Mr. Aylward would have received under the Change-in-Control Agreement if his employment had been terminated involuntarily (other

than for cause) or if Mr. Aylward had terminated employment for good reason in connection with a change-in-control as of December 31, 2018, the last business day of the year.

- (2) The value reported in this row is based on \$79.43, the closing price of our common stock on December 31, 2018, multiplied by the number of unvested PSUs held by Mr. Aylward on December 31, 2018.

- (4) As of December 31, 2018, Mr. Aylward held no unvested options.
- (5) Reflects the amount that the Company would have, pursuant to the applicable Company matching formula, contributed to the Company's 401(k) Plan.
- (6) Reflects the value as of December 31, 2018. If any payment or benefit due and payable under the Change-in-Control Agreement causes any excise tax imposed by Code Section 4999 to become due and payable, the Company would pay Mr. Aylward a gross-up payment so that he is in the same after-tax position as he would have been had the excise tax not been payable. If, however, a limited reduction of severance payments would avoid the excise tax, then Mr. Aylward's payment would be reduced in order to eliminate the need for a gross-up payment. The Company would reduce payments for this purpose only if the reduction would not exceed 10% of the amount of payments that could be received by Mr. Aylward without triggering the excise tax.

- (7) The amount in this row reflects the estimated Company cost of continuing to subsidize specified health and welfare benefits for 30 months.

2018 CEO Pay Ratio

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and Regulation S-K of the Exchange Act, we are providing the following information about the relationship of the annual total compensation of our CEO and the annual total compensation of our other employees for 2018 (our CEO pay ratio). Our CEO pay ratio information is a reasonable good faith estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

The ratio of the annual total compensation of our CEO, calculated as described in our Summary Compensation Table, to the median of the annual total compensation of all employees for 2018 was 23 to 1, a decrease from the previous year. This ratio was based on the following:

The annual total compensation of our CEO, in accordance with SEC rules, included earlier in this proxy statement in the Total column for 2018 in the Summary Compensation Table, was \$4,413,750 compared with \$7,810,800 in 2017. The CEO's 2017 compensation was higher than in 2018 because it

Table of Contents

included a one-time performance equity award for closing the RidgeWorth acquisition, and an annual incentive that was higher than the annual incentive received in 2018.

The median of the annual total compensation of all employees (other than our CEO), determined in accordance with SEC rules, was \$193,466.

Methodology for Determining Our Median Employee. In accordance with Instruction 2 to Item 402(u) of Regulation S-K, as there has been no change to our employee population or to our employee compensation arrangements in the past fiscal year that we reasonably believe would result in a significant change to our pay ratio disclosure, we elected to use the same median employee that was identified in 2017 to calculate the 2018 CEO pay ratio. The median employee when first selected was based on our entire workforce, without regard to their location, compensation arrangements, or employment status (full-time versus part-time), and was the employee whose compensation was at the middle of the compensation of our employee population (excluding our CEO). For additional information regarding our methodology for determining our median employee, see our 2017 proxy statement under 2017 CEO Pay Ratio.

Median Employee Compensation. For purposes of determining the median employee compensation, we used the annual total compensation value in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K as of December 31, 2018 as the compensation measure (including base salary, short- and long-term incentives, retirement plan contributions, and perquisites), the same methodology applied for the 2017 CEO pay ratio.

Table of Contents**DIRECTOR COMPENSATION*****Non-Employee Director Compensation Paid in 2018***

We pay non-executive directors an annual retainer for their service on the board, along with additional retainers reflecting committee service.

The compensation package:

Reflects the expertise and counsel that each director contributes and their commitment to the board;

Aligns the interests of directors with those of our shareholders; and

Is competitive with the market.

Current Director Retainers

The non-executive Chairman of the Board receives an annual retainer of \$280,000. Other non-executive directors receive an annual retainer of \$180,000. Non-employee directors also receive the following retainers for service on committees:

Committees	Chair Retainer (\$)	Member Retainer (\$)
Audit	25,000	15,000
Compensation	20,000	10,000
Corporate Governance	12,500	7,500
Risk and Finance	12,500	7,500

Retainers are paid 50% in cash and 50% in equity, to align with competitive market practices and assist the directors in acquiring ownership of Virtus shares. The cash portion is paid quarterly in advance. The equity portion is granted in common stock on the date of Virtus' s annual meeting.

The CEO does not receive director compensation because he is compensated in his role as CEO.

Annual Competitive Review

The Compensation Committee annually reviews the compensation of the non-employee directors and recommends any changes to the full Board for approval. In 2018, the Compensation Committee, based in part on a market-competitive review of non-employee director compensation by Mercer, the Compensation Committee' s independent compensation consultant, recommended that no change to the structure of Board compensation occur in 2018.

Non-Employee Director Share Ownership Guidelines

Non-employee directors are subject to share ownership guidelines to reinforce the alignment of directors' interests with shareholders' interests and to reflect competitive practices, as noted in the Mercer review. Each director must meet share ownership guidelines in the amount of four times the annual cash retainer paid to the director. There is no set time period for directors to meet the ownership level but each director is expected to retain the entire portion of his or her annual retainer that is paid in stock, less shares sold to pay associated tax obligations, to meet the guidelines. All non-employee directors subject to the guidelines are currently in compliance with this requirement.

Notes to Reconciliations:

1. ***Distribution and other asset-based expenses*** Primarily payments to distribution partners for providing services to investors in our sponsored funds and payments to third-party service providers for investment management-related services. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that do not utilize intermediary distribution partners or third-party service providers.
2. ***Consolidated investment products*** Revenues and expenses generated by operating activities of mutual funds and collateralized loan obligations (CLOs) that are consolidated in the financial statements. Management believes that excluding these operating activities to reflect net revenues and expenses of the company prior to the consolidation of these products is consistent with the approach of reflecting its operating results from managing third-party client assets.
3. ***Amortization of intangible assets*** Non-cash amortization expense or impairment expense, if any, attributable to acquisition-related intangible assets, including any portion that is allocated to noncontrolling interests. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.

4. Restructuring and severance Certain expenses associated with restructuring the business, including lease abandonment-related expenses and severance costs associated with staff reductions, that are not reflective of the ongoing earnings generation of the business. Management believes that making this adjustment aids in comparing the company's operating results with prior periods.

5. Acquisition and integration expenses Expenses that are directly related to acquisition and integration activities. Acquisition expenses include transaction closing costs, certain professional fees, and financing fees. Integration expenses include costs incurred that are directly attributable to combining businesses, including compensation, restructuring and severance charges, professional fees, consulting fees, and other expenses. Management believes that making these adjustments aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.

Table of Contents

Components of Acquisition and Integration Expenses for the respective periods are shown below:

	Twelve Months Ended	
	12/31/2018	12/31/2017
Acquisition and Integration Expenses		
Employment expenses	\$ 6,267	\$ 6,343
Restructuring and severance	(279)	10,188
Other operating expenses	5,049	9,723
Total Acquisition and Integration Operating Expenses	\$ 11,037	\$ 26,254
Interest expense	660	2,286
Total Acquisition and Integration Expenses	\$ 11,697	\$ 28,540

6. *Other* Certain expenses that are not reflective of the ongoing earnings generation of the business. In addition, it includes income tax expense (benefit) items, such as adjustments for uncertain tax positions, changes in tax law, valuation allowances and other unusual or infrequent items not related to current operating results to reflect a normalized effective rate. Preferred dividends are adjusted as the shares are mandatorily convertible into common shares at the end of three years and the non-GAAP weighted average shares are adjusted to reflect the conversion. Management believes that making these adjustments aids in comparing the company's operating results with prior periods.

Components of Other for the respective periods are shown below:

	Twelve Months Ended	
	12/31/2018	12/31/2017
Other		
Occupancy related expenses	\$ 677	\$
Tax impact of occupancy related expenses	(186)

Tax impact of system transition expenses		(655)
Tax impact of Tax Cuts and Jobs Act		13,059
Other discrete tax adjustments	(82)	83
Preferred stockholder dividends	8,337	8,336
Total Other	\$ 8,748	\$ 22,528

7. *Seed capital and CLO investments earnings (loss)* Gains and losses (realized and unrealized), dividends and interest income generated by seed capital and CLO investments. Gains and losses (realized and unrealized) generated by investments in seed capital and CLO investments can vary significantly from period to period and

do not reflect the company's operating results from providing investment management and related services. Management believes that making this adjustment aids in comparing the company's operating results with prior periods and with other asset management firms that do not have meaningful seed capital and CLO investments.

Morningstar Ratings:

The Morningstar Rating™ for funds, or star rating, is calculated for managed products (including mutual funds, variable annuity and variable life subaccounts, exchange-traded funds, closed-end funds, and separate accounts) with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its three-, five-, and 10-year (if applicable) Morningstar Rating metrics. The weights are: 100% three-year rating for 36-59 months of total returns, 60% five-year rating/40% three-year rating for 60-119 months of total returns, and 50% 10-year rating/30% five-year rating/20% three-year rating for 120 or more months of total returns. While the 10-year overall star rating formula seems to give the most weight to the 10-year period, the most recent three-year period actually has the greatest impact because it is included in all three rating periods. Ratings do not take into account the effects of sales charges and loads.

4.2 **Administration.** The Committee shall be responsible for the administration of the Plan. Any Award granted by the Committee may be subject to such conditions, not inconsistent with the terms of the Plan, as the Committee shall determine. The Committee, by majority action thereof, is authorized to prescribe, amend and rescind rules and regulations relating to the Plan, any Award Agreement or any other form of agreement or other document employed by the Company in the administration of the Plan or of any Award; to provide for conditions deemed necessary or advisable to protect the interests of the Company; to interpret the Plan, any Award Agreement or any other form of agreement or other document employed by the Company in the administration of the Plan or of any Award; and to make all other determinations necessary or advisable for the administration and interpretation of the Plan, any Award Agreement or any other form of agreement or other document employed by the Company in the administration of the Plan or of any Award, to carry out its provisions and purposes. Determinations, interpretations or other actions made or taken by the Committee pursuant to the provisions of the Plan, any Award Agreement or any other form of agreement or other document employed by the Company in the administration of the Plan or of any Award, shall be final, binding and conclusive for all purposes and upon all persons. The Committee is authorized to correct any defect, supply any omission or reconcile any inconsistency

in the Plan or any Award Agreement and to make all other determinations and take such other actions with respect to the Plan or any Award as the Committee may deem advisable to the extent not inconsistent with the provisions of the Plan or applicable law. The Committee and each member thereof, and any person acting pursuant to authority delegated by the Committee, shall be entitled, in good faith, to rely or act upon any report or other information furnished by any Executive Officer, other officer or Employee of the Company or a Subsidiary or affiliate, the Company's auditors, consultants, legal counsel, or any other agents assisting in the administration of the Plan. Members of the Committee, any person acting pursuant to authority delegated by the Committee, and any officer or Employee of the Company or a Subsidiary or affiliate acting at the direction or on behalf of the Committee or a delegatee, shall not be personally liable for any action or determination taken or made or omitted in good faith with respect to the Plan.

4.3 Delegation. Actions of the Committee may be taken by the vote of a majority of its members. To the extent not inconsistent with applicable law and the applicable rules and regulations of the New York Stock Exchange and any other national securities exchange or nationally recognized automated quotation system on which shares of Common Stock are then principally listed or traded, (a) the Committee may delegate any of its powers under the Plan to a subcommittee of the Committee or to one of its members, (b) the Committee may allocate among its members or to one or more officers or Employees of the Company any of its administrative responsibilities and (c) notwithstanding anything to the contrary contained herein, the Committee may delegate the determination of Awards granted to Employees who are not Executive Officers to one or more officers of the Company, as designated by the Committee from time to time.

4.4 Restrictive Covenants and Other Conditions. The Committee may condition the grant of any Award under the Plan upon the Participant to whom such Award would be granted agreeing in writing to certain conditions in addition to the provisions regarding exercisability of, the vesting or payment of any Award (such as restrictions on the ability to transfer the underlying shares of Common Stock) or covenants in favor of the Company and/or its Subsidiaries (including, without limitation, covenants not to compete, not to solicit employees and customers that may have effect following the termination of the Participant's employment and, whether before or after the Award has been exercised or has vested, as applicable, including, without limitation, the requirement that the Participant disgorge any profit, gain or other benefit received in respect of the Award prior to any breach of any such covenant by the Participant).

4.5 409A Compliance. The Plan is intended to be administered in a manner consistent with the requirements, where applicable, of Section 409A of the Code. Where reasonably possible and practicable, the Plan shall be administered in a manner to avoid the imposition on Participants of immediate tax recognition and additional taxes pursuant to Section 409A of the Code. To that end, and without limiting the generality of the foregoing, unless otherwise expressly provided herein or in any Award Agreement, any amount payable or shares distributable hereunder in connection with any Award (including upon the satisfaction of any applicable performance criteria) shall be paid not later than two and one-half months (or such other time as is required to cause such amounts not to be treated as deferred compensation under Section 409A of the Code) following the end of the taxable year of the Company or the Participant in which the Participant's rights with respect to the corresponding Award (or portion thereof) ceased to be subject to a substantial risk of forfeiture. Notwithstanding the foregoing, neither the Company nor the Committee shall have any liability to any person in the event Section 409A of the Code applies to any such Award in a manner that results in adverse tax consequences for the Participant or any of his beneficiaries or transferees.

4.6 Clawback. Notwithstanding anything in this Plan to the contrary, each Award to a Participant is expressly subject to the provisions in this Section 4.6, unless otherwise expressly provided in the Award Agreement. The Company may enforce any forfeiture determined by the Committee to be appropriate under this Section 4.6 by all legal means available, including, without limitation, by withholding the value of the amount required to be returned to the Company and forfeited hereunder from other sums owed by the Company to the Participant.

Table of Contents

(a) In the case of, and to the extent that, an Award will vest or be earned subject to the attainment of Performance Goals or targets, including, without limitation, Annual Incentive Awards and Long-Term Incentive Awards, in the event and to the extent that the Committee determines within three years of the date on which the Committee confirms or otherwise finally determines satisfaction of the applicable Performance Goals or targets (or such later date as determined by the Committee and set forth in the Award Agreement or otherwise specified by the Committee) that the performance certified by the Committee, on the basis of which such Award vested or was determined to be earned, was based on materially inaccurate financial statements or other performance measure information, then following the Committee's review of the facts and circumstances underlying such event, a Participant shall return to the Company and forfeit, to the extent permitted by applicable law, that portion (which may be all) of his or her Award (including any Dividend Equivalents or other amounts credited thereon) or Common Stock, cash, or other equity-based or equity-related Award(s) distributed in respect of a vested or earned Award, or the value thereof (regardless of whether vesting or satisfaction of other conditions to the Award has occurred and Common Stock, cash, or other equity-based or equity-related Award(s) or any combination thereof have been distributed) that the Committee, in its discretion, determines to be appropriate.

(b) If, following the termination of a Participant's employment with the Company for any reason, including, without limitation, due to death, Disability, Early Retirement or Retirement, the Company becomes aware that (i) during such Participant's employment with the Company such Participant engaged in any activity that would have been grounds to terminate his or her employment or service with the Company for Cause, as reasonably determined by the Committee, or (ii) following such Participant's employment with the Company, such Participant has breached any written covenant or agreement with the Company or any Subsidiary, as reasonably determined by the Committee, not to disclose or misuse any information pertaining to, or misuse any property of, the Company or any Subsidiary or not to compete or interfere with the Company, or not to solicit employees, agents, customers or clients of the Company, then upon written demand by the Company, the Participant shall return to the Company and forfeit, to the extent permitted by applicable law, that portion (which may be all) of his or her Award(s) (including any Dividend Equivalents or other amounts credited thereon) or Common Stock, cash, or other equity-based or equity-related Award(s) or any combination thereof distributed in respect of vested or earned Award(s), or the value thereof (regardless of whether vesting or satisfaction of other conditions to the Award has occurred and Common Stock, cash, or other equity-based or equity-related Award(s) or any combination thereof distributed) that the Committee, in its discretion, determines to be appropriate.

(c) Awards (including Dividend Equivalents or other amounts credited thereon) or Common Stock, cash, or other equity-based or equity-related Awards distributed in respect of vested or earned Awards, or the value thereof shall also be subject to forfeiture to the extent required by applicable law (regardless of whether vesting or satisfaction of other conditions to the Award has occurred and Common Stock, cash, or other equity-based or equity-related Award(s) or any combination thereof distributed). Further, if the Company is required by applicable law, rule or regulation to include or adopt any additional clawback or forfeiture provision relating to outstanding and/or vested or earned Awards or any future Awards, under the Dodd-Frank Wall Street Reform and Consumer Protection Act or otherwise, then each Participant agrees that such clawback or forfeiture provision shall also apply to any applicable Award made under this Plan as if such provision had been included in this Plan and such Award.

4.7 Minimum Vesting. Notwithstanding any other provision of the Plan and except with respect to Awards representing no more than five percent (5%) of the total number of shares of Common Stock available for Awards under the Plan or the acceleration of vesting that may occur in accordance with the Plan in connection with a Change in Control or the death or Disability of a participant, the vesting period for all equity based Awards, or any portion thereof, including the Restricted Period for Awards of Restricted Stock or Restricted Stock Units, shall be not less than one year from the date of grant.

SECTION 5

STOCK SUBJECT TO PLAN

5.1 **Plan Award Limitation.** Subject to the provisions of Section 5.2, 5.3 and 5.4, the number of shares of Common Stock available for delivery in connection with Awards under the Plan shall be 2.82 million shares.

The total number of shares with respect to which Incentive Stock Options may be granted shall not exceed 2.82 million shares.

The type and form of Awards under this Plan shall be in the discretion of the Committee.

The shares to be delivered under the Plan may consist, in whole or in part, of Common Stock held in treasury or authorized but unissued Common Stock, not reserved for any other purpose, or any combination thereof.

5.2 **Share Counting Rules.** Each share of Common Stock underlying an Award shall count as one share of Common Stock for purposes of determining the number of shares of Common Stock granted pursuant to the limits set forth in Sections 5.1 and 5.5 of the Plan. If the exercise price of an Option is paid by tender to the Company, or attestation to the ownership, of shares of Common Stock owned by the Participant, or by means of a Net-Exercise, the number of shares available for issuance under the Plan shall be reduced by the gross number of shares for which the Option is exercised. Shares withheld or reacquired by the Company in satisfaction of tax withholding obligations pursuant to Section 13.6 shall not again be available for issuance under the Plan. With respect to Stock Appreciation Rights, the number of shares remaining for issuance under the Plan shall be determined as though the full number of shares corresponding to the portion of a Stock Appreciation Right exercised had been issued. Shares of Common Stock issued in connection with awards that are assumed, converted or substituted as a result of the Company's acquisition of another company (including by way of merger, combination or similar transaction) will not count against the number of shares that may be issued under the Plan, but shall be available under the Plan by virtue of the Company's assumption of the plan(s), arrangement(s) or agreement(s) of the acquired company or business.

5.3 **Cancelled, Terminated, or Forfeited Awards.** Any shares of Common Stock subject to an Award issued under this Plan, which for any reason expires, or is canceled, terminated or otherwise settled without the issuance of any consideration, whether in cash, Common Stock or other property (including, without limitation, any shares issued in connection with a Restricted Stock Award that are subsequently forfeited) shall again be available under the Plan.

5.4 **Adjustment Due to Change in Capitalization.** In the event of any Adjustment Event, (i) the aggregate number of shares of Common Stock available for Awards under Section 5.1 (including the sub-limits identified in Section 5.1), (ii) the individual limitations on the number of shares that may be awarded to any particular Participant in any particular period under Section 5.5 and (iii) the aggregate number of shares subject to outstanding Awards and the respective prices and/or vesting and other applicable criteria applicable to outstanding Awards shall be proportionately adjusted to reflect, as deemed equitable and appropriate by the Committee, such Adjustment Event. To the extent deemed equitable and appropriate by the Committee, subject to any required action by stockholders, in any merger, consolidation, reorganization, liquidation, dissolution, or other similar transaction, any Award granted under the Plan shall pertain to the securities and other property, including cash, to which a holder of the number of shares of Common Stock covered by the Award would have been entitled to receive in connection with such event.

Any shares of stock (whether Common Stock, shares of stock into which shares of Common Stock are converted or for which shares of Common Stock are exchanged for shares of stock distributed with respect to Common Stock) or cash or other property received with respect to any Award granted under the Plan as a result

Table of Contents

of any Adjustment Event or any distribution of property shall, except as provided in Section 11 or as otherwise provided by the Committee at or after the date an Award is made by the Committee, be subject to the same terms and conditions, including restrictions on transfer, as are applicable to such shares of the original underlying Award and any stock certificate(s) representing or evidencing any shares of stock so received shall be legended in such manner as the Company deems appropriate.

5.5 **Individual Award Limitations.** Subject to Section 5.4:

- (a) the total number of shares of Common Stock subject to Options and Stock Appreciation Rights that may be awarded to any Participant during a calendar year shall not exceed 250,000 shares, plus any unused shares pursuant to this subsection (a) as of the close of the prior calendar year under this Plan;
- (b) the total number of shares of Common Stock subject to any Restricted Stock subject to Performance Goals or Restricted Stock Units subject to Performance Goals that may be awarded to any Participant during a calendar year shall not exceed 250,000 shares or units, as the case may be, plus any unused shares or units pursuant to this subsection (b) as of the close of the prior calendar year under this Plan;
- (c) the total amount of any Annual Incentive Award paid to any Participant during a calendar year shall not exceed \$10 million, plus any unused amounts pursuant to this subsection (c) as of the close of the prior calendar year under this Plan; and (d) the total amount of any Long-Term Incentive Award paid to any Participant during a calendar year shall not exceed \$10 million, plus any unused amounts pursuant to this subsection (d) as of the close of the prior calendar year under this Plan.

SECTION 6

STOCK OPTIONS

6.1 **Grant of Options.** Options may be granted to Participants at such time or times as shall be determined by the Committee; provided that, in no event shall the Committee be permitted to grant Options conditioned on the surrender or cancellation of previously granted Options. Options granted to non-employee Directors shall be in such amounts and intervals as determined by the Board from time to time. Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options. The date of grant of an Option under the Plan will be the date on which the Option is awarded by the Committee or, if so determined by the Committee, the date on which occurs any event the occurrence of which is an express condition precedent to the grant of the Option. Subject to Section 5.5, the Committee shall determine the number of Options, if any, to be granted to the Participant. Each Option Award shall be evidenced by an Award Agreement that shall specify the type of Option granted, the exercise price, the duration of the Option, the number of shares of Common Stock to which the Option pertains, and such other terms and conditions not inconsistent with the Plan as the Committee shall determine. No dividends or Dividend Equivalents shall be payable in respect of unexercised Options.

6.2 **Option Price.** Non-Qualified Stock Options and Incentive Stock Options granted pursuant to the Plan shall have an exercise price that is not less than the Fair Market Value on the date the Option is granted. Except in the event of an Adjustment Event, the Committee shall not have the power or authority to reduce the exercise price of any outstanding Option, whether through amendment, through the cancellation of existing grants and the issuance of new grants with lower exercise prices or by any other means. The Committee shall not have the right to re-price outstanding Options or to grant new Options under the Plan in substitution for or upon the cancellation of Options previously granted. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other awards or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without stockholder approval.

6.3 Exercise of Options. Options awarded to a Participant under the Plan shall be exercisable at such times and shall be subject to such restrictions and conditions including the performance of a minimum period of service or the satisfaction of Performance Goals, as the Committee may impose either at or after the time of grant of such Options, subject to the Committee's right to accelerate the exercisability of such Option in its discretion. Notwithstanding the foregoing, unless otherwise determined by the Committee at grant, Options shall become exercisable in three substantially equal installments on each of the first three anniversaries of the date of grant. Except as may be provided in any provision approved by the Committee pursuant to this Section 6.3, after becoming exercisable each installment shall remain exercisable until expiration, termination or cancellation of the Option. An Option may be exercised from time to time, in whole or in part, up to the total number of shares of Common Stock with respect to which it is then exercisable. Notwithstanding the foregoing, no Option shall be exercisable for more than 10 years after the date on which it is granted.

6.4 Payment and Settlement. The Committee shall establish procedures governing the exercise of Options. No shares shall be delivered pursuant to any exercise of an Option unless arrangements satisfactory to the Committee have been made to assure full payment of the exercise price. Without limiting the generality of the foregoing, the Committee may direct that payment of the exercise price may be made (i) in cash or cash equivalents, (ii) by exchanging shares of Common Stock (either by delivery or attestation) which have been owned by the Participant at the time of exercise (or owned for a stated period of time prior to the time of exercise as the Committee may determine), (iii) by issuing a lesser number of shares of Common Stock pursuant to a Net Exercise transaction having a Fair Market Value on the date of exercise equal to the amount, if any, by which the aggregate Fair Market Value of the shares of Common Stock as to which the Option is being exercised exceeds the aggregate exercise price for such shares, based on such terms and conditions as the Committee shall establish, (iv) by any combination of the foregoing; provided that the combined value of all cash and cash equivalents paid and the Fair Market Value of any such Common Stock so tendered to the Company, valued as of the date of such tender, is at least equal to the exercise price, (v) through an arrangement with a broker approved by the Company whereby payment of the exercise price is accomplished with the proceeds of the sale of Common Stock, or (vi) through such other procedures as the Committee may determine. As soon as administratively practicable after receipt of a written exercise notice and payment of the exercise price in accordance with this Section 6.4, the Company shall deliver to the Participant a certificate or certificates representing the acquired shares of Common Stock or shall deposit the acquired shares of Common Stock to the Participant's brokerage account associated with this Plan. For the avoidance of doubt, in any case above in this Section, the number of shares remaining for issuance under the Plan shall be determined as though the full number of shares corresponding to the portion of such Option settled or net-exercised pursuant to this Section 6.4 had been issued.

6.5 Incentive Stock Options. Notwithstanding anything in the Plan to the contrary, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of any Participant affected thereby, to cause any Incentive Stock Option previously granted to fail to qualify for the Federal income tax treatment afforded under Section 421 of the Code.

6.6 Termination of Employment or Service Due to Disability, Early Retirement or Retirement. Unless otherwise determined by the Committee at the time of grant, if a Participant ceases to be employed or service is terminated by the Company or any Subsidiary by reason of Disability, Early Retirement or Retirement, any such Options granted to such Participant shall continue to become exercisable in accordance with Section 6.3 notwithstanding such Participant's termination of employment or service and may be exercised by the Participant or the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, at any time during the remaining term of such Option or three (3) years (or such shorter period as the Committee shall determine at the time of grant) following the Participant's termination of employment or service, whichever period is shorter.

6.7 Termination of Employment or Service Due to Death. Unless otherwise determined by the Committee at the time of grant, in the event a Participant's employment or service with the Company or a Subsidiary

Table of Contents

terminates by reason of death, any such Options granted to such Participant shall become immediately exercisable in full at the date of such Participant's death and may be exercised by the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, at any time during the remaining term of such Option or three (3) years (or such shorter period as the Committee shall determine at the time of grant) following the Participant's death, whichever period is shorter.

6.8 **Certain Divestitures, etc.** In the event that a Participant's employment or service is terminated in connection with a sale, divestiture, spin-off or other similar transaction involving a Subsidiary, division or business segment or unit, the Committee may provide at the time of grant or otherwise that all or any portion of any Options granted to such Participant which are then outstanding shall become exercisable in accordance with Section 6.3 notwithstanding such termination of employment or service and may be exercised by the Participant or the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, at any time during the remaining term of the Option or three (3) years (or such shorter period as the Committee shall determine at or following the time of grant) following the Participant's termination of employment or service, whichever period is shorter.

6.9 **Termination of Employment or Service for Cause.** Unless otherwise determined by the Committee at the time of grant, in the event a Participant's employment or service with the Company or a Subsidiary is terminated for Cause as determined in good faith by the Company, all Options granted to such Participant which are then outstanding (whether or not exercisable prior to the date of such termination) shall be immediately forfeited.

6.10 **Termination of Employment or Service for Any Other Reason.** Unless otherwise determined by the Committee at or after the time of grant, in the event a Participant's employment or service with the Company or a Subsidiary terminates for any reason other than one described in Section 6.6, 6.7, 6.8 or 6.9, any Options granted to such Participant which are exercisable at the date of such Participant's termination of employment or service shall be exercisable at any time prior to 90 days following such Participant's termination of employment or service or the remaining term of such Option, whichever period is shorter.

6.11 **Extension of Termination Date.** An Optionholder's Award Agreement may also provide that if the exercise of the Option following the Optionholder's termination of employment or service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of the term of the Option or (ii) the expiration of a period of 90 days following the Optionholder's termination of employment or service during which the exercise of the Option would not be in violation of such registration requirements.

SECTION 7

STOCK APPRECIATION RIGHTS

7.1 **Grant of Stock Appreciation Rights.** Stock Appreciation Rights may be granted to any Participants, all Participants or any class of Participants at such time or times as shall be determined by the Committee. Stock Appreciation Rights may be granted in tandem with an Option, or may be granted on a freestanding basis, not related to any Option. A grant of a Stock Appreciation Right shall be evidenced by an Award Agreement, whether as part of the agreement governing the terms of the Option, if any, to which such Stock Appreciation Rights relate or pursuant to a separate written agreement with respect to freestanding Stock Appreciation Rights, in each case containing such provisions not inconsistent with the Plan as the Committee shall approve.

7.2 **Terms and Conditions of Stock Appreciation Rights.** The terms and conditions (including, without limitation, the exercise period of the Stock Appreciation Right, the vesting schedule applicable thereto and the

Table of Contents

impact of any termination of service on the Participant's rights with respect to the Stock Appreciation Right) applicable with respect to (i) Stock Appreciation Rights granted in tandem with an Option shall be substantially identical (to the extent possible taking into account the differences related to the character of the Stock Appreciation Right) to the terms and conditions applicable to the tandem Options and (ii) freestanding Stock Appreciation Rights shall be substantially identical (to the extent possible taking into account the differences related to the character of the Stock Appreciation Right) to the terms and conditions that would have been applicable under Section 6 above were the grant of the Stock Appreciation Rights a grant of an Option. In no event shall the term of a Stock Appreciation Right exceed a period of ten years from the date of grant. No dividends or Dividend Equivalents shall be payable in respect of Stock Appreciation Rights.

7.3 **Exercise of Tandem Stock Appreciation Rights.** Stock Appreciation Rights which are granted in tandem with an Option may only be exercised upon the surrender of the right to exercise such Option for an equivalent number of shares and may be exercised only with respect to the shares of Common Stock for which the related Option is then exercisable.

7.4 **Exercise Price.** Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The exercise price of each Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock equivalents subject to the Stock Appreciation Right on the date of grant.

7.5 **Payment of Stock Appreciation Right Amount.** Upon exercise of a Stock Appreciation Right, the holder shall be entitled to receive payment, in cash, in shares of Common Stock or in a combination thereof, as determined by the Committee, of an amount determined by multiplying the excess, if any, of the Fair Market Value of a share of Common Stock at the date of exercise over the exercise price of the Stock Appreciation Right determined by the Committee at the time of grant, by the number of shares of Common Stock with respect to which the Stock Appreciation Rights are then being exercised.

SECTION 8

RESTRICTED STOCK AND RESTRICTED STOCK UNITS

8.1 **Grant of Restricted Stock and Restricted Stock Units.** Except as otherwise delegated as provided in Section 4.3, the Committee may make awards in the form of Restricted Stock or Restricted Stock Units. Any Award made hereunder in the form of Restricted Stock or Restricted Stock Units shall be subject to the terms and conditions of the Plan and to any other terms and conditions not inconsistent with the Plan (including, but not limited to, requiring the Participant to pay the Company an amount equal to the par value per share for each share of Restricted Stock awarded) as shall be prescribed by the Committee in its sole discretion. As determined by the Committee, with respect to an Award of Restricted Stock, the Company shall either (i) transfer or issue to each Participant to whom an Award of Restricted Stock has been made the number of shares of Restricted Stock specified by the Committee or (ii) hold such shares of Restricted Stock for the benefit of the Participant for the Restricted Period. In the case of an Award of Restricted Stock Units, no shares of Common Stock shall be issued at the time an Award is made, and the Company shall not be required to set aside a fund for the payment of such Award.

8.2 **Restrictions on Transferability.** Restricted Stock Units and shares of Restricted Stock may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered by the Participant during the Restricted Period, except as hereinafter provided. Notwithstanding the foregoing, the Committee may permit (on such terms and conditions as it shall establish) Restricted Stock Units and shares of Restricted Stock to be transferred during the Restricted Period pursuant to Section 13.1, provided that any Restricted Stock Units and shares of Restricted Stock so transferred shall remain subject to the provisions of this Section 8.

Table of Contents

8.3 Rights as a Shareholder. Except for the restrictions set forth herein and unless otherwise determined by the Committee, the Participant shall have all the rights of a shareholder with respect to such shares of Restricted Stock, including but not limited to, the right to vote and the right to receive dividends, as determined in the Company's discretion; provided, however, that any dividends payable in respect of Restricted Stock shall be credited or accumulated as Dividend Equivalents while the Restricted Stock remains unvested and shall not be paid unless and until the Restricted Stock vests and any such Dividend Equivalents shall be subject to the same risk of forfeiture as the underlying Restricted Stock. A Participant shall not have any right, in respect of Restricted Stock Units awarded pursuant to the Plan, to vote on any matter submitted to the Company's stockholders or to dispose of the shares of Common Stock underlying such Restricted Stock Units, nor shall a Participant have any beneficial ownership in respect of any shares of Common Stock underlying Restricted Stock Units, until such time as the shares of Common Stock attributable to such Restricted Stock Units have been issued (including, at the discretion of the Committee, issuance to a trust for purposes of hedging or funding Restricted Stock Unit obligations). At the discretion of the Committee, a Participant's Restricted Stock Unit account may be credited with Dividend Equivalents during the Restricted Period.

8.4 Restricted Period. Unless the Committee shall otherwise determine at or after the date an Award of Restricted Stock or Restricted Stock Units is made to the Participant by the Committee, the Restricted Period shall commence upon the date of grant and shall lapse with respect to the shares of Restricted Stock or Restricted Stock Units in three approximately equal installments on each of the first three anniversaries of the date of grant, unless sooner terminated as otherwise provided herein. Without limiting the generality of the foregoing, the Committee may provide for termination of the Restricted Period upon the achievement by the Participant of Performance Goals specified by the Committee at the date of grant. The determination of whether the Participant has achieved such Performance Goals shall be made by the Committee in its sole discretion.

8.5 Legend. Each certificate issued to a Participant in respect of shares of Restricted Stock awarded under the Plan shall be registered in the name of the Participant and shall be legended in such manner as the Company deems appropriate.

8.6 Death, Disability, Early Retirement or Retirement. Unless the Committee shall otherwise determine at the date of grant or otherwise:

(i) Subject to Section 8.6(iv) below, if a Participant ceases to be employed or service is terminated by the Company or any Subsidiary by reason of death, Disability or Retirement or (b) for Restricted Stock and Restricted Stock Units granted on or after February 9, 2012, if a Participant ceases to be employed or service is terminated by the Company or any Subsidiary by reason of death or Disability, the Restricted Period will lapse as to a prorated portion of the shares of Restricted Stock and Restricted Stock Units transferred or issued to such Participant under the Plan based on the number of days the Participant actually worked since the date the shares of Restricted Stock or Restricted Stock Units were granted (or in the case of an Award which becomes vested in installments, since the date, if any, on which the last installment of such Restricted Stock or Restricted Stock Units became vested);

(ii) Subject to Section 8.6(iv) below, if a Participant ceases to be employed or service is terminated by the Company or any Subsidiary by reason of Retirement, with respect to the shares of Restricted Stock or Restricted Stock Units transferred or issued to such Participant under the Plan the Restricted Period shall continue to lapse and the shares will continue to vest in accordance with vesting schedule set forth in the Award Agreement or otherwise specified by the Committee;

(iii) Subject to Section 8.6(iv) below, if a Participant ceases to be employed or service is terminated by the Company or any Subsidiary by reason of Early Retirement, the Restricted Period shall continue to lapse and the shares will continue to vest in accordance with vesting schedule set forth in the Award Agreement or as otherwise specified by the Committee as to a prorated portion of the shares of Restricted Stock and Restricted Stock Units transferred or issued to such Participant under the Plan based on the number of days the Participant actually worked since the date the shares of Restricted Stock or Restricted Stock Units were granted (or in the

Table of Contents

case of an Award which becomes vested in installments, since the date, if any, on which the last installment of such Restricted Stock or Restricted Stock Units became vested); provided that, in the case of an Award which becomes vested in installments, the portion of such prorated Restricted Stock or Restricted Stock Units Award that will vest on each installment date shall be equal to the total number of prorated shares that are subject to continued vesting in accordance with this Section 8.6(iii) divided by the number of remaining installments of the Award;

(iv) For purposes of Sections 8.6(i) through 8.6(iii) above, in the case of any Award that involves Restricted Stock or Restricted Stock Units (whether as the primary or underlying Award) with respect to which the restrictions will lapse, if at all, based on the attainment of Performance Goals or targets, any vesting and lapse of the Restricted Period for such shares shall occur at the end of the applicable performance period and shall be in accordance with the terms and conditions approved by the Committee and set forth in the Award Agreement or otherwise specified by the Committee.

(v) Subject to Sections 8.6(i) through 8.6(iv) above, except as otherwise expressly determined by the Committee or provided in an Award Agreement, any shares of Restricted Stock or Restricted Stock Units as to which the Restricted Period has not lapsed or which do not become vested at the date of a Participant's termination of employment shall automatically be cancelled upon such Participant's termination of employment.

8.7 Termination of Employment or Service. Unless the Committee shall otherwise determine at or after the date of grant, if a Participant ceases to be employed by or terminates service with the Company or any Subsidiary for any reason other than those specified in Section 8.6 at any time prior to the date when the Restricted Period lapses, all shares of Restricted Stock held by the Participant shall revert back to the Company and all Restricted Stock Units and any corresponding Dividend Equivalents credited but not yet paid to such Participant shall be forfeited upon the Participant's termination of employment or service.

8.8 Issuance of New Certificates; Settlement of Restricted Stock Units. Upon the lapse of the Restricted Period with respect to any shares of Restricted Stock, such shares shall no longer be subject to the restrictions imposed under Section 8.2 and the Company shall issue or have issued new share certificates without the legend described in Section 8.5 in exchange for those previously issued. Upon the lapse of the Restricted Period with respect to any Restricted Stock Units, the Company shall deliver to the Participant, or the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, one share of Common Stock for each Restricted Stock Unit as to which restrictions have lapsed and any Dividend Equivalents credited with respect to such Restricted Stock Units. The Committee may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only Common Stock for Restricted Stock Units. If a cash payment is made in lieu of delivering Common Stock, the amount of such cash payment for each share of Common Stock to which a Participant is entitled shall be equal to the Fair Market Value of the Common Stock on the date on which the Restricted Period lapsed with respect to the related Restricted Stock Unit.

8.9 Performance Related Awards. Notwithstanding anything else contained in the Plan to the contrary and unless the Committee shall otherwise determine at the time of grant, to the extent required to ensure that the grant of an Award of Restricted Shares or Restricted Stock Units to an Executive Officer (other than an Award which will vest solely on the basis of the passage of time) is deductible by the Company or such Subsidiary pursuant to Section 162(m) of the Code, any such Award shall become vested, if at all, upon the determination by the Committee that Performance Goals established by the Committee have been attained, in whole or in part.

SECTION 9

ANNUAL AND LONG-TERM INCENTIVE AWARDS

9.1 Annual Incentive Awards. Unless determined otherwise by the Committee at or after the date of grant, Annual Incentive Awards shall be payable in cash. Unless otherwise determined by the Committee at the time of grant, if a Participant terminates employment with the Company or any Subsidiary due to death, Disability, Early

Retirement or Retirement, in either case before the end of a Performance Cycle, or after the end of such Performance Cycle but before payment of the Annual Incentive Award is authorized by the Committee, such Participant or the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, shall, unless determined otherwise by the Committee at the date of grant, be eligible to receive a prorated Annual Incentive Award based on the actual achievement of the Performance Goals for such Performance Cycle, in each case such proration to be in accordance with the terms and conditions approved by the Committee and set forth in the Award Agreement or otherwise determined by the Committee. Unless determined otherwise by the Committee at or, in the case of any Participant who is not an Executive Officer, after the date of grant, if a Participant terminates employment before payment of an Annual Incentive Award is authorized by the Committee for any reason other than death, Disability, Early Retirement or Retirement, the Participant shall forfeit all rights to such Annual Incentive Award.

9.2 **Long-Term Incentive Awards.** As determined by the Committee at or after the date of grant, Long-Term Incentive Awards may be payable in equity-based or equity-related Awards, cash or any combination thereof. Unless otherwise determined by the Committee at the time of grant, if a Participant terminates employment with the Company or any Subsidiary due to death, Disability, Early Retirement or Retirement, in either case before the end of a Performance Cycle, or after the end of such Performance Cycle but before payment of the Long-Term Incentive Award is authorized by the Committee, such Participant or the Participant's designated beneficiary, and if none is named, in accordance with Section 13.2, shall, unless determined otherwise by the Committee at the date of grant, be eligible to receive a prorated Long-Term Incentive Award based on the actual achievement of the Performance Goals for such Performance Cycle, in each case such proration to be in accordance with the terms and conditions approved by the Committee and set forth in the Award Agreement or otherwise determined by the Committee. Unless determined otherwise by the Committee at or, in the case of any Participant who is not an Executive Officer, after the date of grant, if a Participant terminates employment before payment of an Long-Term Incentive Award is authorized by the Committee for any reason other than death, Disability, Early Retirement or Retirement, the Participant shall forfeit all rights to such Long-Term Incentive Award.

SECTION 10

OTHER STOCK-BASED AWARDS

The Committee may grant other types of equity-based or equity-related Awards (including the grant or offer for sale of unrestricted shares of Common Stock) in such amounts and subject to such terms and conditions as the Committee may determine. Such Awards may entail the transfer of actual shares of Common Stock to Award recipients and may include Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

SECTION 11

CHANGE IN CONTROL

11.1 **Accelerated Vesting and Payment.** Subject to the provisions of Section 11.2 below, in the event of a Change in Control, each Option and Stock Appreciation Right then outstanding shall be fully exercisable regardless of the exercise schedule otherwise applicable to such Option and/or Stock Appreciation Right and the Restricted Period shall lapse as to each share of Restricted Stock and each Restricted Stock Unit then outstanding. In connection with such a Change in Control, the Committee may, in its discretion, provide that each Option and/or Stock Appreciation Right (regardless of whether any such Option or Stock Appreciation Right is then in the money), including if as of the date on which the Change in Control Settlement Value is determined,

the Fair Market Value of the shares subject to such Option, Stock Appreciation Right or similar other stock-based Award is less than the exercise price or base price of such Option or Stock Appreciation Right) shall, upon the occurrence of such Change in Control, be canceled in exchange for a cash payment, if any is then due, by the Company of the Change in Control Settlement Value per share.

11.2 Alternative Awards. Notwithstanding Section 11.1, no cancellation, acceleration of exercisability, vesting, cash settlement or other payment shall occur with respect to any Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit or any other stock-based Award if the Committee reasonably determines in good faith prior to the occurrence of a Change in Control that such Award shall be honored or assumed, or new rights substituted therefor (such honored, assumed or substituted award hereinafter called an Alternative Award), by a Participant's employer (or the parent or an affiliate of such employer) immediately following the Change in Control; provided that any such Alternative Award must:

(i) be based on stock which is traded on an established securities market, or that the Committee reasonably believes will be so traded within 60 days after the Change of Control;

(ii) provide such Participant with rights and entitlements substantially equivalent to or better than the rights, terms and conditions applicable under such award, including, but not limited to, an identical or better exercise or vesting schedule and identical or better timing and methods of payment;

(iii) have substantially equivalent economic value to such award (determined at the time of the Change in Control in accordance with principles applicable under Section 424 of the Code); and

(iv) have terms and conditions which provide that in the event that the Participant's employment or service is involuntarily terminated for any reason (including, but not limited to a termination due to death, Disability or not for Cause) or Constructively Terminated (as defined below), all of such Participant's Option and/or Stock Appreciation Rights shall be deemed immediately and fully exercisable, the Restricted Period shall lapse as to each of the Participant's outstanding Restricted Stock or Restricted Stock Unit Awards, and each such Alternative Award shall be settled for a payment per each share of stock subject to the Alternative Award in cash, in immediately transferable, publicly traded securities or in a combination thereof, in an amount equal to, in the case of an Option or Stock Appreciation Right, the excess of the Fair Market Value of such stock on the date of the Participant's termination over the corresponding exercise or base price per share and, in the case of any Restricted Stock or Restricted Stock Unit Award, the Fair Market Value of the number of shares of Common Stock subject or related thereto.

For this purpose, a Participant's employment or service shall be deemed to have been Constructively Terminated if the Participant terminates employment or service within 90 calendar days following either (x) a material reduction in the Participant's base salary or a Participant's incentive compensation opportunity, without the Participant's consent or (y) the relocation of the Participant's principal place of employment or service to a location more than 35 miles away from the Participant's immediately prior principal place of employment or service, without the Participant's consent.

11.3 Annual Incentive and Long-Term Incentive Awards. Unless otherwise determined by the Committee, in the event of a termination of employment after or related to a Change in Control (other than for Cause and other than a voluntary resignation not constituting being Constructively Terminated), (i) any Annual or Long-Term Incentive Awards relating to Performance Cycles ending prior to the Change in Control which have been earned but not paid shall become immediately payable, (ii) any Performance Cycle for which Annual Incentive Awards are outstanding shall end, the Participant shall earn a pro rata Award equal to the product of (a) such Participant's earned Award for the Performance Cycle in question and (b) a fraction, the numerator of which is the number of completed months that have elapsed since the beginning of such Performance Cycle to the date of such employment termination and the denominator of which is twelve, the Company shall pay all such Annual Incentive Awards, if earned, by the March 15 following the end of the Performance Cycle after the Committee

has made its determination, and (iii) all then in progress Performance Cycles for Long-Term Incentive Awards that are outstanding shall end, the Participant shall earn a pro rata Award equal to the product of (a) such Participant's earned Award for the Performance Cycle in question and (b) a fraction, the numerator of which is the number of completed months that have elapsed since the beginning of such Performance Cycle to the date of such employment termination, the denominator of which is the total number of months in such Performance Cycle, the Company shall pay all such Long-Term Incentive Awards, if earned, by the March 15 following the end of the Performance Cycle after the Committee has made its determination.

11.4 **Termination of Employment or Service Prior to Change in Control.** In the event that prior to the date of a Change in Control, the Participant's termination of employment or service with the Company or any of its affiliates will be deemed to be in connection with a Change in Control (other than for Cause and other than a voluntary resignation not constituting being Constructively Terminated) and either (a) such termination is within 90 days prior to the date of a Change in Control, or (b) such termination occurs on or after the date, if any, on which the shareholders of the Company approve such Change in Control transaction, but prior to the consummation thereof. Such Participant shall be entitled to receive the applicable benefits provided under this Section 11, but only to the extent that such benefits are in excess of those previously received by the Participant as a result of the Participant's prior termination of employment or service.

11.5 **Distribution of Amounts Subject to Section 409A.** Notwithstanding anything in the Plan to the contrary, if any amount that is subject to Section 409A of the Code is to be paid or distributed solely on account of a Change in Control (as opposed to being paid or distributed on account of termination of employment or within a reasonable time following the lapse of any substantial risk of forfeiture with respect to the corresponding Award), solely for purposes of determining whether such distribution or payment shall be made in connection with a Change in Control, the term Change in Control shall be deemed to be defined in the manner provided in Section 409A of the Code and the regulations thereunder. If any such distribution or payment cannot be made because an event that constitutes a Change in Control under the Plan is not a change in control as defined under Section 409A, then such distribution or payment shall be distributed or paid at the next event, occurrence or date at which such distribution or payment could be made in compliance with the requirements of Section 409A of the Code.

SECTION 12

AMENDMENT, MODIFICATION, AND TERMINATION OF PLAN

The Board may at any time terminate or suspend the Plan, and from time to time may amend or modify the Plan; provided, however, that any amendment which would (a) increase the number of shares available for issuance under the Plan, (b) lower the minimum exercise price at which an Option or stock-settled Stock Appreciation Right may be granted or (c) extend the maximum term for Options or stock-settled Stock Appreciation Rights granted hereunder shall be subject to the approval of the Company's shareholders. Except as otherwise provided in this Plan or in any Award Agreement, no action of the Board may, without the consent of a Participant, alter or impair his or her rights under any previously granted Award, except as expressly provided in the Plan or in the applicable Award Agreement.

SECTION 13

MISCELLANEOUS PROVISIONS

13.1 **Transferability of Awards.** No Award granted under the Plan may be sold, transferred, pledged or assigned, or otherwise alienated or hypothecated, other than in accordance with Section 13.2 below, by will or by laws of descent and distribution; provided that, the Committee may permit transfers of Non-Qualified Stock

Options, Stock Appreciation Rights, Restricted Stock Units or Restricted Shares to Family Members (including, without limitation, transfers affected by a domestic relations order) subject to such terms and conditions as the Committee shall determine.

13.2 **Beneficiary Designation**. Each Participant under the Plan may from time to time name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid or by whom any right under the Plan is to be exercised in case of his death. Each designation will revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Committee during his lifetime. In the absence of any such designation, benefits remaining unpaid or Awards outstanding at the Participant's death shall be paid to or exercised by (a) the Participant's surviving spouse or domestic partner, (b) if there is no surviving spouse or domestic partner, the Participant's children (including stepchildren and adopted children) per stirpes, or (c) if there is no surviving spouse or domestic partner and/or children per stirpes, the Participant's estate.

13.3 **Committee Discretion**. Notwithstanding anything else to the contrary, the Committee may permit all or any portion of any Award to be exercised following a Participant's termination of employment for any reason on such terms and subject to such conditions as the Committee shall determine for a period up to and including, but not beyond, the expiration of the term of such Award. The Committee shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

13.4 **Interpretation**. Notwithstanding anything contained in the Plan to the contrary, to the extent required to so qualify any Award intended to be qualified as other performance-based compensation within the meaning of Section 162(m)(4)(c) of the Code, the Committee shall not be entitled to exercise any discretion otherwise authorized under the Plan (such as the right to authorize payout at a level above that dictated by the achievement of the relevant Performance Goals) with respect to such Award if the ability to exercise discretion (as opposed to the exercise of such discretion) would cause such Award to fail to qualify as other performance-based compensation.

13.5 **No Guarantee of Employment**. Nothing in the Plan shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment or service at any time, nor confer upon any Participant any right to continue in the employ or service of the Company or any Subsidiary or affiliate.

13.6 **Tax Withholding**. The Company or any Subsidiary shall have the power to withhold, or require a Participant to remit to the Company or such Subsidiary promptly upon notification of the amount due, an amount, which may include shares of Common Stock, sufficient to satisfy Federal, state and local, including foreign, withholding tax requirements with respect to any Award (including payments made pursuant to Section 9), and the Company may defer payment of cash or issuance or delivery of Common Stock until such requirements are satisfied. The Committee may, in its discretion, permit a Participant to elect, subject to such conditions as the Committee shall impose (i) to have Common Stock otherwise issuable or deliverable under the Plan withheld by the Company or (ii) to deliver to the Company previously acquired shares of Common Stock, in each case, having a Fair Market Value sufficient to satisfy not more than the Participant's statutory minimum Federal, state and local tax obligations associated with the transaction.

13.7 **Indemnification**. Each person who is or shall have been a member of the Committee or of the Board shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be made a party or in which he may be involved by reason of any action taken or failure to act under the Plan, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of

indemnification shall not be exclusive and shall be independent of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or By-laws, by contract, as a matter of law, or otherwise.

13.8 **No Limitation on Compensation.** Nothing in the Plan shall be construed to limit the right of the Company to establish other plans or to pay compensation to its employees in cash or property, in a manner which is not expressly authorized under the Plan.

13.9 **Requirements of Law.** The granting of Awards and the issuance of shares of Common Stock shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges or national automated quotation systems as may be required.

13.10 **Governing Law.** The Plan, and all Awards made and actions taken thereunder, shall be construed in accordance with and governed by the laws of the State of Connecticut.

13.11 **Impact on Benefits.** Unless otherwise determined by the Committee, Awards granted under the Plan are not compensation for purposes of calculating an Employee's rights under any employee benefit program or arrangement, including any severance arrangement.

13.12 **Securities Law Compliance.** Instruments evidencing Awards may contain such other provisions, not inconsistent with the Plan, as the Committee deems advisable, including a requirement that the Participant represent to the Company in writing, when an Award is granted or when he receives shares with respect to such Award (or at such other time as the Committee deems appropriate) that he is accepting such Award, or receiving or acquiring such shares (unless they are then covered by a Securities Act of 1933 registration statement), for his own account for investment only and with no present intention to transfer, sell or otherwise dispose of such shares except such disposition by a legal representative as shall be required by will or the laws of any jurisdiction in winding up the estate of the Participant. Such shares shall be transferable, or may be sold or otherwise disposed of only if the proposed transfer, sale or other disposition shall be permissible pursuant to the Plan and if, in the opinion of counsel satisfactory to the Company, such transfer, sale or other disposition at such time will be in compliance with applicable securities laws.
