DISSENTER'S RIGHTS OF APPRAISAL

The Florida Business Corporation Act ("Florida Law") does not provide for dissenter's rights of appraisal in connection with the corporate actions to be taken.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Board of Directors has fixed the close of business on July 1, 2005 the record date for the determination of the common shareholders entitled to notice of proposed action by written consent. At the record date, the Company had outstanding 43,331,777 shares of common stock, 1,000,000 shares of Series "A" Convertible Preferred Stock and 1,000,000 shares of Series "B" Preferred Stock. The holder of the Company's Series "B" Preferred Stock, who holds the majority of the voting power of the Company on the record date, has signed a consent to the taking of the corporate actions described. This consent will be sufficient, without any further action, to provide the necessary stockholder approval of the actions.

CORPORATE ACTIONS TO BE TAKEN

INCREASE IN THE AUTHORIZED CAPITAL STOCK

The Company's current authorized capital stock consists of 50 million shares of no par common stock, of which 43,331,777 shares are issued and outstanding, and 5,000,000 shares of preferred stock, of which 1,000,000 shares of Series "A" Convertible Preferred Stock and 1,000,000 shares of Series "B" Preferred Stock, respectively are issued and outstanding. Management believes that it is in the best interests of the Company and its shareholders that the authorized common stock be increased to 500 million shares. The increase in the authorized common stock will provide the Company with needed stock to enable it to undertake financing transactions in which the Company may employ the common stock, including transactions to raise working capital through the sale of common stock. Since the Board of Directors believes that the currently authorized number of shares may be not be sufficient to meet anticipated needs in the immediate future, the Board considers it desirable that the Company has the flexibility to issue an additional amount of Common Stock without further stockholder action, unless otherwise required by law or other regulations. The availability of these additional shares will enhance the Company's flexibility in connection with any possible acquisition or merger, stock splits or dividends, financings and other corporate purposes and will allow such shares to be issued without the expense and delay of a special stockholders' meeting, unless such action is required by applicable law or rules of any stock exchange on which the Company's securities may then be listed. At the present time, the Company has no plans, proposals or arrangement, written or otherwise, to issue any additional authorized shares of common stock.

In certain circumstances, a proposal to increase the authorized capital stock may have an anti-takeover effect. The authorization of classes of preferred or common stock with either specified voting rights or rights providing for the approval of extraordinary corporate action may be used to create voting impediments or to frustrate persons seeking to effect a merger or otherwise gain control of the Company by diluting the stock ownership of any persons seeking to obtain control of the Company. Management of the Company might use the additional authorized capital stock to resist or frustrate a third-party transaction which might provide an above-market premium that is favored by a majority of the independent shareholders. Management of the Company has no present plans to adopt any proposals or to enter into other arrangements that may have material anti-takeover consequences. There are no anti-takeover provisions in the Company's Articles of Incorporation, Bylaws or other governing documents.

CHANGE OF CORPORATE DOMICILE TO NEVADA

Management believes that it is in the best interests of the Company and its shareholders the Company change its corporate domicile from Florida to Nevada. There are several reasons for the recommended change:

- o Nevada does not impose any corporate income tax;
- o There are no taxes on corporate shares;
- o There is no annual franchise tax;
- o The annual fees are nominal;

In order to accomplish change in corporate domicile, the Company will be in effect re-incorporated in Nevada through Articles and Agreement of Merger whereby the Company will be merged into a newly formed Nevada corporation having the identical corporate structure as the Company, after which the

Edgar Filing: CYBERADS INC - Form DEF 14C

Nevada corporation will be the surviving corporation with all of the same assets, liabilities, shareholders and corporate identity as the Company. Attached to this Information Statement as Exhibit "A" is the proposed Articles and Agreement of Merger. The Company's transfer agent will act as the exchange agent for the purposes of implementing any exchange of stock certificates. As soon as practicable after the completion of the change to Nevada, shareholders will receive a letter of transmittal requesting them to surrender old stock certificates for new certificates reflecting the change. Persons who hold their shares in brokerage accounts or in street name will not be required to take any further action to effect the exchange of certificates. Shareholders should not destroy any stock certificates and should not submit any certificates until they received a letter of transmittal.

The common stock of the Company after the completion of the change of domicile to Nevada will have the same rights and preferences as currently exists. The Bylaws and Articles of Incorporation of the Company after the completion of the change of domicile will be identical in substance to the Company's current Bylaws and Articles of Incorporation, after the amendment disclosed in this Information Statement becomes effective.

The following is a summary description of the material differences and similarities between the Florida Business Corporation Act and the Nevada Business Corporation Act with respect to matters involving corporate governance by shareholders.

As a consequence of the very limited differences between the Florida Business Corporation Act and the Nevada Business Corporation Act, management of the Company believes there will continue to be flexibility in the management of corporate affairs and the Company's shareholders will not be disadvantaged in any material manner by the change of domicile to Nevada.
