PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

NOVEMBER 11, 2005

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

This proxy statement, notice of the 2005 Annual Meeting of Stockholders and accompanying proxy are being furnished to you as a stockholder of Watson Wyatt & Company Holdings (the Company or Watson Wyatt), a Delaware corporation, on or about October 11, 2005, in connection with the Annual Meeting of Stockholders of the Company to be held on November 11, 2005, at the time and place and for the purposes set forth in the accompanying notice of the meeting.

The Company's board of directors is making this proxy solicitation. All shares of the Company's Class A Common Stock, \$.01 per share (common stock), that are represented by properly executed and unrevoked proxies received by ADP Investor Communication Services, the vendor selected by the Company to tabulate the vote, prior to the Annual Meeting will be voted. The deadline for receiving proxy voting instructions by telephone (1-800-690-6903) or internet (www.proxyvote.com) is 11:59 p.m. (EST) on Thursday, November 10, 2005.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Stockholders of record at the close of business on September 28, 2005, are entitled to notice of and to vote the shares of common stock held by them on such date, at the Annual Meeting and at any adjournments thereof. On September 28, 2005, there were 42,044,751 shares of common stock outstanding and entitled to vote at the Annual Meeting. The common stock is the Company's only class of outstanding voting securities and will vote as a single class on all matters to be presented and for each director to be elected at the Annual Meeting. Each share of common stock entitles the holder thereof to one vote on each matter and for each director to be elected.

If the accompanying proxy card is properly signed and returned in the enclosed envelope (provided to stockholders who have received their proxy materials by mail), or voted via telephone or internet, and not revoked, it will be voted. Unless contrary instructions are given, the persons designated as proxy holders on the accompanying proxy will vote in favor of Proposal 1, the board of directors' nominees for directors; will vote in favor of Proposal 2, to approve the Watson Wyatt Incentive Compensation Plan; will vote in favor of Proposal 3, to increase the number of shares which may be issued under the Amended Compensation Plan for Outside Directors (the Outside Directors' Plan); and will vote in their own discretion as to any other matters that may properly come before the Annual Meeting. You may revoke your proxy at any time before it is exercised by filing a revocation notice or a duly executed proxy to vote your shares bearing a later date with the Secretary of the Company at 901 N. Glebe Road, Arlington, Virginia 22203. If you are a stockholder of record, and you attend the Annual Meeting and vote in person, your vote will supercede any proxy that you previously executed.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding at the close of business on September 28, 2005 will constitute a quorum.

Submitted proxies reflecting broker non-votes or abstentions will be deemed present at the Annual Meeting in determining the presence of a quorum. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted, and the broker does not exercise discretion to vote those shares on a particular matter.

A plurality of the voting power present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Thus, shares present at the Annual Meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality.

The affirmative vote of the majority of the votes cast on the matter is required to approve the proposed Watson Wyatt & Company Holdings Incentive Compensation Plan and to approve the proposal to increase the number of shares which may be issued under the Outside Directors Plan, provided further that stockholders holding a majority of the shares outstanding on the record date actually cast votes on Proposal 3. Abstentions are considered votes cast for this purpose, but broker non-votes are not. If a stockholder abstains from voting or directs the stockholder's proxy to abstain from voting on the matter, the shares are considered to have been cast at the meeting with respect to such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes are not considered to have been cast at the meeting with respect to such matter and, therefore, have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

A list of stockholders will be available for inspection at least ten days prior to the Annual Meeting at the Office of the Secretary of the Company, 901 N. Glebe Road, Arlington, Virginia 22203.

Audit Committee

The Audit Committee operates pursuant to a written charter adopted by the board of directors, a copy of which is available on the Company's website located at www.watsonwyatt.com under Investor Relations, or may be obtained upon request, addressed to the Secretary of the Company at 901 N. Glebe Road, Arlington, Virginia 22203. The Audit Committee's principal responsibilities, as set forth in its charter, are to assist the board in overseeing the Company's financial reporting process that is established and implemented by management. The Audit Committee oversees the work of the independent auditor and also reviews information provided by the Company's internal auditor, independent auditor, and management concerning internal accounting procedures and controls. The Audit Committee is currently composed of four independent directors, John J. Gabarro, R. Michael McCullough, Gilbert T. Ray and John C. Wright (Chair), all of whom meet the independence requirements of the New York Stock Exchange's listing standards. The board of directors has determined that Mr. Wright is both independent and an audit committee financial expert, as defined by SEC and NYSE guidelines. The Audit Committee held eight meetings during fiscal year 2005.

Report of the Audit Committee

Management has primary responsibility for the preparation, presentation and integrity of the Company's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to reasonably assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditor is responsible for expressing opinions on the conformity of our audited financial statements to generally accepted accounting principles, the effectiveness of our internal control over financial reporting, and management's assessment of the effectiveness of our internal control over financial reporting. The Audit Committee reviews the Company's financial reporting process on behalf of the board of directors, although the committee members are not engaged in the practice of accounting or auditing.

The Committee meets regularly with management and the Company's independent auditor to review the Company's financial statements, financial press releases, and quarterly and annual SEC filings; to receive the independent auditor's report of its review of the Company's quarterly financial statements and its audit of the Company's annual financial statements; to review significant developments in generally accepted accounting principles and financial reporting requirements; to discuss the application of significant accounting policies; and to review the Company's internal controls and the activities of the Company's internal auditor.

The Committee meets regularly in executive session, and also meets separately with (1) the independent auditor, (2) the Company's Chief Financial Officer, and (3) the Company's internal auditor.

7

With respect to the Company's audited financial statements for the fiscal year ended June 30, 2005, the Audit Committee:

1. Reviewed the audited financial statements included in the Annual Report, including Management's Discussion and Analysis, with management; and discussed the quality, not just the acceptability of the accounting principles, the reasonableness of significant judgments and subjective amounts, and the clarity of disclosures in the financial statements.
2. Discussed with the independent auditor the scope and plan for its audit and the results of the audit; and also reviewed and discussed with management and the independent auditor the audited financial statements, as well as the auditor's report concerning its examination of the Company's audited financial statements.
3. Discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards Nos. 61 and 90 (Communication with Audit Committees).
4. Received from the independent auditor the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), considered whether the provision of non-audit services is compatible with maintaining the auditor's independence, and discussed with the auditor its independence from the Company and its management.

Following the reviews and discussions referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report to Stockholders on SEC Form 10-K for the fiscal year ended June 30, 2005 that was filed with the Securities and Exchange Commission.

Fees Paid to the Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. Following the Company's acquisition of assets and assumption of certain liabilities of Watson Wyatt LLP, the Audit Committee decided to solicit proposals for integrated audit services from PricewaterhouseCoopers LLP, which has served as the Company's independent auditor, and from Deloitte & Touche LLP, which has served as Watson Wyatt LLP's independent auditor. The Audit Committee expects to select a single worldwide independent auditor for the Company's 2006 fiscal year by November 2005.

As part of its oversight responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor. The Audit Committee has established policies and procedures for the pre-approval of audit and non-audit services to be performed by the independent auditor.

Under the policy, the Committee must give prior approval for any amount or specific type of service within four categories – audit, audit-related, tax services or, to the extent permitted by law, other services – that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant pre-approval for specific independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. The Chair of the Audit Committee is authorized to approve a request for pre-approval provided the additional service is presented to the Audit Committee for approval at its next scheduled meeting.

OPERATION OF THE BOARD

Board Meetings

The board of directors conducted ten meetings during fiscal year 2005. All directors attended 75% or more of the meetings of the board and the committees on which they served. None of the current directors who are employed by the Company are compensated separately for his or her services as a director or as a member of any committee of the board. The Amended and Restated Bylaws of the Company allow directors who are not active associates to receive compensation for their services on the board.

Director Compensation

In fiscal year 2005, under the Outside Directors' Plan, outside directors were paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of the Audit Committee were compensated at \$1,000 per meeting; other telephone meetings of less than four hours duration were compensated at 40% of the applicable per day fee. In addition, under the Outside Directors' Plan, each outside director was granted 1,000 shares of Watson Wyatt common stock, issued at the end of the fiscal year at the fiscal year-end share price for services performed

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

during the preceding fiscal year. In fiscal year 2005, the fees paid to outside directors were paid in cash and in shares of Watson Wyatt common stock under the Outside Directors Plan.

The Company also maintains the Voluntary Deferred Compensation Plan for Non-Employee Directors to enable outside directors who hold 5,000 or more shares of the Company's common stock, at their election, to defer receipt of any or all of their director's fees until they are no longer serving as directors of the Company.

For fiscal 2006, the board revised the Outside Directors Plan, as a result of which: (1) outside directors of the Company will continue to be paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; (2) the fee for regular committee meetings will be \$1,000 per day for Compensation or Nominating and Governance Committee meetings and \$2,000 per day for Audit Committee meetings; (3) the compensation for telephone meetings of less than four hours duration will be 50% of the applicable per day fee; (4) the fee for other meetings will remain at \$1,000 per day; (5) the Chairs of the Audit, Compensation, and Nominating and Governance Committees will receive a new annual retainer of \$15,000, \$10,000, and \$5,000, respectively, and committee chairs will no longer receive \$2,000 per day for committee meetings; and (6) the Presiding Director will receive an annual retainer of \$10,000. Outside directors will initially be paid in a combination of cash and the Company's common stock, at the end of each calendar quarter (at the completed quarter-end share price) for services during the preceding quarter. Directors may elect to be paid through any combination of cash, deferral of cash under the Company's Voluntary Deferred Compensation Plan for Non-Employee Directors, and/or shares of the Company's common stock. In addition, under the Outside Directors Plan, as amended by the board, outside directors will receive shares with a grant date market value of \$45,000 at the end of each fiscal year for services performed during the preceding fiscal year. The shares will vest immediately at grant, and directors may elect to receive the shares at the end of each fiscal year or in deferred stock units payable in shares upon termination of board service.

Director Independence

The board is composed of a majority of directors who qualify as independent directors pursuant to the corporate governance standards for companies listed on the New York Stock Exchange. The board committee structure includes an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, each consisting entirely of independent directors.

In determining independence, each year the board affirmatively determines whether directors have any material relationship with the Company. When assessing the materiality of a director's relationship with the Company, the board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, if any, provided to or by such persons or organizations, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Company as those prevailing at the time from unrelated parties for comparable transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships. A director will not be considered independent if:

- (1) the director is, or in the past three years has been, an employee of the Company, or an immediate family member of the director is, or in the past three years has been, an executive officer of the Company;
- (2) the director, or a member of the director's immediate family, is receiving or has in the past three years received direct compensation from the Company in excess of \$100,000 per year, other than compensation for board service, compensation received by the director's immediate family member for service as a non-executive employee of the Company, and pension or other forms of deferred compensation for prior service with the Company;
- (3) the director, or a member of the director's immediate family, is or in the past three years has been an executive officer of another company where any of the Company's present executives at the same time serves or served on the compensation committee;
- (4) the director or an immediate family member is a current partner of the Company's internal or outside auditor; the director is a current employee of the internal or outside auditor; the director has an immediate family member who is a current employee of the internal or outside auditor and who participates in the auditor's audit, assurance or tax compliance practice; or the director or an immediate family member was within the past three years a partner or employee of the internal or outside auditor and personally worked on the Company's audit; or
- (5) the director is an executive officer or employee, or a member of the director's immediate family is an executive officer, of another company that has made payments to or received payments from the Company for property or services in an amount that, in any of the past three fiscal years, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues.

For these purposes, an immediate family member includes a director's spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director's home.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Applying these standards, the board has determined that the following directors are independent: John J. Gabarro, R. Michael McCullough, Linda D. Rabbitt, Gilbert T. Ray, John B. Shoven and John C. Wright.

Meetings of Non-Employee Directors

The independent directors met without any management directors or employees present one time last year to discuss board policies, processes and practices. The Presiding Director, who is also the chair of the Nominating and Governance Committee, chaired this meeting.

Option Grants in Fiscal Year 2005

Under the 2000 Long-Term Incentive Plan, each associate was granted options in October 2000 (at the time of the IPO) to purchase stock valued at 40% of his or her target bonus amount, subject to a minimum grant of 100 options. The Company's executive officers and directors were granted options at that time using the same formula. These options expire after seven years (October 2007), subject to early termination in specified circumstances, and vest in five equal annual installments over a period of five years. The last installment of options vested on October 10, 2005. The Company did not grant any options under the 2000 Long-Term Incentive Plan to the named executive officers in fiscal year 2005. The Company does not currently intend to issue further stock options under the 2000 Long-Term Incentive Plan.

Aggregated Option Exercises and Fiscal Year 2005 Year-End Option Values

The following table sets forth information concerning option exercises in fiscal year 2005 and the number and value of unexercised options held by the named executive officers at fiscal year 2005 year-end. The value of unexercised in-the-money options held at fiscal year 2005 year-end represents the pre-tax total gain which the option holder would realize if he exercised all of the in-the-money options held at fiscal year 2005 year-end, and is determined by multiplying the number of shares of common stock underlying the options by the difference between \$25.63, which was the closing price per share of the Company's common stock on the New York Stock Exchange on June 30, 2005 (the last trading day of fiscal year 2005), and the applicable per share option exercise price, which is \$12.50. An option is in-the-money if the fair market value of the underlying shares exceeds the exercise price of the option.

In November 2004, the board of directors upon recommendation by the Compensation Committee approved the establishment of and grants under a new long-term bonus arrangement called the Performance Share Bonus Incentive Program (the SBI Program). The SBI Program is a long-term stock bonus arrangement for senior executives of the Company and its affiliates. Incentives under the SBI Program are provided through grants of deferred stock units pursuant to the Company's 2001 Deferred Stock Unit Plan for Selected Employees. Grants of deferred stock units are based on the value of the cash portion of the eligible participant's fiscal year-end bonus target and a multiplier, which is then converted into a target number of deferred stock units based upon the Company's stock price as of the fiscal year-end prior to grant. Participants may vest in between zero and 170% of the target number of deferred stock units, with a threshold vesting level set at 30% of target, based on the extent to which financial and strategic performance metrics are achieved over a three fiscal year period. For the fiscal 2005 through 2007 performance period, the vesting criteria are based upon earnings per share growth, market penetration and cross-selling ratios. The Compensation Committee retained discretion to adjust the performance criteria to the extent it determines appropriate.

17

Participants forfeit grants upon termination of employment for reasons other than death, disability or retirement; the Committee may authorize pro rata payouts in the case of death, disability or retirement. Upon a change of control, the Compensation Committee may make appropriate adjustments to the grants or may accelerate vesting or provide for a cash payment in lieu thereof.

Securities Authorized for Issuance Under Equity Compensation Plans

Our equity compensation plans include the 2000 Long-Term Incentive Plan, which provides for the granting of nonqualified stock options and stock appreciation rights, the 2001 Employee Stock Purchase Plan, the 2001 Deferred Stock Unit Plan for Selected Employees and the Outside Directors Plan. We have not since March 2002 granted stock options under the 2000 Long-Term Incentive Plan. We grant deferred stock units to certain senior associates through the Performance Share Bonus Incentive Program and as a part of annual discretionary compensation under the 2001 Deferred Stock Unit Plan. All deferred stock units issued as a part of annual discretionary compensation were fully vested upon issuance. All of our equity compensation plans have been approved by stockholders.

The following chart gives aggregate information regarding outstanding grants and securities authorized for issuance under all of the Company's equity compensation plans as of June 30, 2005:

Plan Category	Number of securities to be issued upon exercise of outstanding options and rights	Weighted-average exercise price of outstanding options and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the first column)
Equity compensation plans approved by stockholders	942,346(a)	\$13.49(a)	4,360,428(b)
Total	942,346	\$13.49	4,360,428

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

(a) Includes 8,695 deferred stock units that have not been paid out in stock at the election of the recipient. Also includes 82,941 deferred stock units subject to awards under the Performance Share Bonus Incentive Program although the actual number of shares issued under that program may be more or less than such number, as described above under *Long-Term Incentive Plan Awards In Last Fiscal Year*. These rights have no exercise price and therefore are not reflected in the calculation of the weighted average exercise price of outstanding options.

(b) Includes 2,548,915 shares remaining available for future issuance under the 2000 Long-Term Incentive Plan, 942,683 shares under the 2001 Employee Stock Purchase Plan, 912,082 shares under the 2001 Deferred Stock Unit Plan for Selected Employees and 39,689 shares under the Outside Directors Plan.

1,500,000	313,052	469,578	626,104	782,630

- 1 The annual benefit at normal retirement (age 65) under the qualified plan is equal to 1.7% times the associate's average compensation for the 36 consecutive months with the highest compensation plus 0.4% times the associate's average compensation for the 36 consecutive months with the highest compensation that exceeds Social Security Covered Compensation, all times the number of completed years and months of continuous service up to 25 years.
- 2 As required by Section 415 of the Internal Revenue Code (IRC), qualified plan payments may not provide annual benefits exceeding a maximum amount, currently \$170,000. For those associates who are covered under the excess plans, amounts above this maximum will be paid under the terms of the excess plans, up to the amounts shown in the table above. Pursuant to Section 401(a)(17) of the IRC, annual compensation in excess of \$210,000 cannot be taken into account in determining qualified plan benefits.

The following changes were made to the qualified pension plan and non-qualified excess pension plans effective July 1, 2003:

The five-year certain and life normal form of payment was changed to a single life annuity. After July 1, 2003, the benefit of an associate will be actuarially reduced if the associate elects the five-year certain and life annuity.

The period used to determine average annual compensation was changed from 36 consecutive months to 60 consecutive months.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Early retirement upon attainment of age 50 with 10 years of continuous service has been eliminated. Early retirement upon attainment of age 55 with 5 years of continuous service remains in effect.

19

The reduction for early retirement has been changed. An associate's benefit will be reduced by 8% per year for the first four years and 6% for years in excess of four that the associate's benefit commences before age 62. Before the change, an associate's benefit was reduced 5% per year for commencement prior to age 60.

Under a grandfathering rule, all of the plan provisions in effect on June 30, 2003 except for the normal form of payment will remain in effect for five years for associates who were actively employed on that date. Associates who retired or terminated employment on or before June 30, 2003, and associates hired on or after July 1, 2003, are not eligible for the grandfathering.

The years of continuous service for the associates named in the Summary Compensation Table as of June 30, 2005 are: Mr. Haley 28.17 years; Mr. Whalley 1.17 years; Mr. Kay 11.58 years; Mr. Wickes 8.50 years; and Mr. Mautz 8.33 years. Benefits are based solely on salary and annual fiscal year-end bonuses as reported for the Salary and Bonus columns of the Summary Compensation Table, excluding the special bonuses to Messrs. Haley, Wickes and Mautz, and the \$805,709 amount paid to Mr. Whalley.

Other Pension Plans. The Company also has other pension plans that have been established in various countries for the benefit of eligible associates in those jurisdictions.

Compensation Committee Interlocks and Insider Participation

The members of the Company's Compensation Committee for fiscal year 2005 were Gilbert T. Ray (Chair), John J. Gabarro, Linda D. Rabbitt and John B. Shoven. All are independent directors of the Company. No interlocking relationship exists between the Company's board of directors or our Compensation Committee and any member of any other company's board of directors or their compensation committee, nor has any interlocking relationship existed in the past.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee was comprised of four independent directors in fiscal year 2005. The Compensation Committee oversees executive compensation policies, including the compensation of the Chief Executive Officer (CEO), the 2001 Employee Stock Purchase Plan, the 2001 Deferred Stock Unit Plan for Selected Employees (under which deferred stock units are issued in connection with the payment of 25% of annual bonuses and as part of the Performance Share Bonus Incentive Program) and the 2000 Long-Term Incentive Plan. The Compensation Committee operates pursuant to a written charter adopted by the board of directors, a copy of which is available on the Company's website located at www.watsonwyatt.com under Investor Relations.

Compensation Philosophy

The Company's compensation philosophy is applied to all associates, including executive officers. The compensation program takes into consideration the Company's business strategy and market conditions. Specifically, the compensation program has been designed to:

1. Attract, motivate and retain the most highly qualified and capable associates by providing competitive compensation based on individual and Company performance;
2. Align associate compensation with the Company's overall business strategies and values.
3. Focus management on maximizing stockholder value;
- 4.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Provide competitive base compensation, supplemented with variable compensation based on individual achievement of annual and long-term results;

5. Foster an ownership mentality among associates and reward their focus on long-term objectives;
6. Compensate associates fairly on a global basis, relative to other associates and the market; and

20

7. Provide compensation that reflects the Company's performance, relative to its key competitors.

The Committee periodically reviews data on executive compensation to determine key market considerations and competitive positioning. In making its determinations, the Committee relies on publicly available information, commissioned survey data and its knowledge of the market for key executives.

Base and Bonus Compensation

For the fiscal year ending June 30, 2005, the compensation of the Company's executive officers and all other bonus-eligible associates was comprised primarily of two elements: base salary and fiscal year-end bonus.

The Company's compensation program establishes target bonuses for all bonus-eligible associates, based on their position in the Company and base salary. Funding for the bonus pool is based on the Company's fiscal year-end net operating income and may be greater than or less than total target bonuses. Individual bonus awards are at each manager's discretion and are based on the manager's assessment of the associate's achievement of stated goals and support of Company values. The company bonus pool for 2005 was funded at 68% of target.

The CEO made recommendations to the Committee with respect to salary and bonus compensation for the Company's executive officers. With respect to salary for the CEO's direct reports and other executive officers, the decisions were based on each associate's experience, competencies, expected level of responsibility in the coming year, external market value and internal equity. Decisions with respect to bonus compensation for the CEO's direct reports were based on the CEO's evaluation of the Company's overall financial performance, business unit financial performance and individual achievement of other business objectives.

The CEO's recommendations were approved by the Committee and the board.

Stock Programs

The Company's long-term compensation plans are designed to recognize the individual's past, present and potential future contributions.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

The Company believes that stock ownership aligns associate financial interest with those of other stockholders and the Company. During fiscal year 2005, the Company refined its guidelines of stock ownership for all associates, including the Company's executives. These guidelines specify the minimum amount of Watson Wyatt stock that an associate should accumulate over ten or more years of employment with Watson Wyatt. These ownership levels are expressed as a percentage of base salary. While these guidelines are not a condition of employment, meeting and maintaining them is required for all executive officers.

Stock Options

In connection with the IPO in October 2000, the Company implemented the 2000 Long-Term Incentive Plan, under which it may grant stock options. In October 2000, executive officers and other eligible associates were granted options to purchase the Company's common stock pursuant to this plan, based on a formula related to their target bonus amounts. There were no grants of options under the plan in fiscal year 2005, and the Company does not currently intend to issue any further stock options under the 2000 Long-Term Incentive Plan.

Stock Purchase Plan

The Company revised the 2001 Employee Stock Purchase Plan during fiscal year 2005. Changes included a reduction in the discount of share price (from 15% to 5%), elimination of the look-back feature, expanding the frequency of offering periods (from quarterly to monthly), and permitting participants to purchase shares on an undiscounted basis once the IRS limit has been reached. The discount was reduced so that the Company could avoid being required to record a compensation expense under the guidelines of Financial Accounting Standard 123(R), which was made effective for the Company as of the beginning of fiscal year 2006.

The 2001 Employee Stock Purchase Plan (or a comparable foreign plan) is available to all associates, and as of June 30, 2005, approximately 26% of eligible Company associates participate in this plan.

Deferred Stock Unit Plan

In September 2002, the Company issued its first grants under its 2001 Deferred Stock Unit Plan for Selected Employees. Since that date, senior associates of the Company, including the CEO and executive officers (approximately 257 in 2005), were granted deferred stock units in lieu of 25% of their discretionary bonus. Such deferred stock units were fully vested upon grant.

During fiscal year 2005, the Committee made additional long-term incentive grants pursuant to this Plan under its Performance Share Bonus Incentive Program. These grants were made in the form of deferred stock units and are designed to (i) strengthen incentives and align behaviors for senior executives to grow the business consistent with the strategic goals of the Company, (ii) strengthen retention impact of total compensation of senior executives, and (iii) address competitive deficiency in long-term incentives for senior executives. Grants of deferred stock units are based on the value of the cash portion of the eligible participant's fiscal year-end bonus target and a multiplier, which is then converted into a target number of deferred stock units based upon the Company's stock price as of the fiscal year-end prior to grant. Participants may vest in between zero and 170% of the target number of deferred stock units, with a threshold vesting level set at 30% of target, based on the extent to which financial and strategic performance metrics are achieved over a three fiscal year period.

There are two types of performance metrics:

1. Financial metric
2. Strategic metrics

For the fiscal 2005 through 2007 performance period, the financial metric is based upon earnings per share growth. The purpose of the *financial metric* is to ensure that the Company is meeting fundamental business objectives while striving to achieve its strategic business plan goals. The *strategic metrics* are drawn from those used to determine Company performance in a way that is consistent with the Company's Horizon business plan strategy. For the awards granted in fiscal 2005, the two strategic metrics were target market penetration and cross-selling ratios, which are two of the factors included as part of the Company's strategic plan. In order for any of the deferred stock units granted under this program for the 2005 through 2007 performance period to vest, a threshold level of achievement under each performance criteria must be obtained, and additional deferred stock units will vest to the extent that performance is above the threshold levels. In order to be able to address unanticipated events, the Compensation Committee retains discretion to adjust the performance criteria to the extent it determines appropriate.

Compensation of the Chief Executive Officer

Mr. Haley's annual base salary for fiscal year 2005 was \$733,502, an increase of \$22,896, or 3.2% over his fiscal year 2004 base salary of \$710,606. Effective October 1, 2005, Mr. Haley's annual base salary was adjusted to \$800,000, or 9.1% over his fiscal year 2005 base salary.

Mr. Haley's fiscal year 2005 bonus was approved by the board of directors based on the recommendations of the Compensation Committee. The Committee recommended, and the board approved, a bonus equal to 80% (\$592,000) of Mr. Haley's target bonus, plus an additional award of \$150,000. The additional bonus related to Mr. Haley's leadership in the Company's successful acquisition of the Watson Wyatt LLP business. Following are some of the factors that were taken into account in determining Mr. Haley's base salary and bonus:

1. Success in meeting the fiscal year 2005 financial plan;
2. Effective representation of the Company with investors;
3. Establishment and support of strategic direction and long-term goals of the Company;

22

-
4. Successful implementation of the Horizon strategy. Horizon is Watson Wyatt's strategic plan for attaining its vision of market leadership in the human capital consulting profession. These factors take into account our market share gains, the prioritization and allocation of our financial investments and resources based on contribution to market leadership, effectiveness in enhancing our organizational structure and the achievement of strategic acquisitions.
 5. Promotion of global success of the Watson Wyatt Worldwide alliance, consistent with the Company's strategic objectives and business goals;

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

6. Success in meeting financial goals of the Company in Asia-Pacific, Canada and Latin America;
7. Development of potential successors;
8. Monitoring and championing the Diversity Program;
9. Effective leadership of the Watson Wyatt Holdings board meetings;
10. Success in ensuring senior management is operating in an organized and effective manner;
11. Effective communication with associates and senior management concerning strategy and goals;
12. Effective and timely communication with the board concerning developments, strategy and goals.

In summary, in establishing the base and bonus compensation for the CEO, the Committee took into consideration the specific factors listed above, and the quantitative and qualitative factors mentioned in the Base and Bonus Compensation section above.

Deductibility of Executive Compensation

In order to address the deductibility for federal income tax purposes of compensation paid to executive officers, the Company has maintained a Senior Officers Deferred Compensation Plan under which executives subject to Section 162(m) would defer compensation in excess of \$1.0 million. All taxable compensation otherwise payable in a year in excess of \$1.0 million for such executives has been deferred for all fiscal years through 2005. Under Proposal No. 2, the Company is seeking stockholder approval for a new plan under which bonuses may qualify as performance-based compensation that is not counted toward the \$1.0 million limitation on deductibility of compensation. In addition, deferred stock units that vest under the Performance Share Bonus Incentive Program are subject to the deductibility limitations under Section 162(m), which allows the Compensation Committee to monitor the continued appropriateness of performance goals established under that arrangement. Accordingly, unless voluntarily deferred by an executive officer, deferred stock units that vest under the Performance Share Bonus Incentive Program will not be deductible to the extent, if any, that their value causes any such executive's compensation for a year to exceed \$1.0 million.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS***Watson Wyatt LLP***

In 1995, The Wyatt Company, the Company's predecessor company, entered into alliance agreements with R. Watson & Sons (which subsequently changed its name to Watson Wyatt Partners), a predecessor in business to Watson Wyatt LLP. In connection with this alliance, the Company held an interest in Watson Wyatt LLP. Pursuant to the alliance agreements, the Company and Watson Wyatt LLP jointly offered services under the Watson Wyatt Worldwide brand.

Effective as of July 31, 2005, the Company acquired the interest in the assets of Watson Wyatt LLP not owned pursuant to the alliance, and assumed certain liabilities of Watson Wyatt LLP. In addition to the assumption by the Company of certain liabilities of Watson Wyatt LLP, the consideration for the assets of Watson Wyatt LLP consisted of 9,090,571 shares of Class A common stock and £88.3 million in cash in pounds sterling. The Company may deliver up to an additional 1,950,000 shares of Class A common stock as acquisition consideration contingent upon the achievement of financial performance goals by Watson Wyatt LLP's former business for the year ended June 30, 2007. The terms of the acquisition were determined on the basis of arm's length negotiations. Upon consummation of the acquisition, the alliance arrangements generally were terminated, and Watson Wyatt LLP changed its name to Ringley House LLP.

Messrs. Brook, Dow, Ramamurthy, Thornton, Urwin and Whalley, each of whom is or upon consummation of the acquisition became an executive officer of the Company, were and remain voting members and members of the management of Watson Wyatt LLP/Ringley House LLP. Messrs. Ramamurthy and Thornton also serve as directors of the Company.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Immediately after the acquisition, Ringley House LLP transferred to its voting members, including Messrs. Brook, Dow, Ramamurthy, Thornton, Urwin and Whalley, stock and cash consideration received from the Company in the acquisition. As a condition to receiving shares of Class A common stock issued in the acquisition, each voting member, including Messrs. Brook, Dow, Ramamurthy, Thornton, Urwin and Whalley, agreed to contractual restrictions on the transfer of such shares.

Mr. Whalley has served as Regional Manager (U.S.) of the Company since May 1, 2004. During Mr. Whalley's term of employment with the Company, he has received payments relating to his share of Watson Wyatt LLP partnership profits for the period preceding his employment with the Company. After consummation of the acquisition, Messrs. Brook, Dow, Ramamurthy, and Urwin became executives of the Company, and Mr. Ramamurthy became a director. Mr. Thornton was already a director of the Company before the consummation of the acquisition. Like Mr. Whalley, each has received or will receive payments relating to his share of Watson Wyatt LLP partnership profits for the period preceding his employment with the Company.

25

Each of Messrs. Brook, Dow, Ramamurthy, Thornton and Urwin entered into an employment agreement and a non-competition agreement with the Company or a subsidiary of the Company, effective at the time of the acquisition. Except for salary and benefits based on salary, the employment agreements in each case are on identical terms and are substantially identical to the employment agreements for other employees of the Company's UK subsidiary. Compensation terms, including eligibility for a bonus and employee benefits, are the same as those provided to other associates at the same band level in the Company's UK subsidiary. The employment agreements provide for payment of a base salary plus a target bonus of 50% of base salary. For the 2006 fiscal year, salary for Messrs. Ramamurthy and Thornton is £208,223 and £228,814, respectively. The agreements also provide for additional payments of 27% of base salary, including a 12% car allowance, which is intended to be in lieu of other benefits. The UK subsidiary also provides disability and life insurance benefits to these individuals. Like the other agreements with the Company's UK employees, the agreements may be terminated by either party with six months' prior notice. In addition, the UK subsidiary may terminate the individual's employment without notice in the case of misconduct, conviction of certain criminal offenses, willful neglect of duties or grave and persistent breaches of the employment agreement. The agreements provide that for a one-year period after termination of employment, the individual will not solicit or entice away from the Company or its subsidiaries employees or clients of the Company or its subsidiaries. In addition, each individual has executed a non-competition agreement and non-solicitation agreement that runs from three years from the time of the acquisition.

In connection with the acquisition, the Company agreed to fund the aggregate bonus pool in full for fiscal years ended June 30, 2006 and 2007 for all employees of the business formerly operated by Watson Wyatt LLP (including Messrs. Brook, Dow, Ramamurthy, Thornton and Urwin) if that business meets agreed-upon net operating income targets in those fiscal years. In addition, for the fiscal year ended June 30, 2008, the Company has agreed to fund the bonus pool in full for Band 6 associates (including Messrs. Brook, Dow, Ramamurthy, Thornton and Urwin) if the business meets agreed-upon targets for net operating income in that fiscal year. Although the Company is obligated to fund the applicable bonus pools in full if specified targets are met, bonuses to be paid to any individual are not guaranteed and will be determined in accordance with bonus policies in effect from time to time.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, among others, to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of the Company's common stock. Persons subject to Section 16 are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. As a matter of practice, the Company assists the Company's executive officers and directors in preparing initial reports of ownership and reports of changes in ownership, and files those reports with the SEC on their behalf.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that all of its executive officers and directors filed required reports on a timely basis under Section 16(a) during fiscal year 2005, except that Mr. Platten filed two late reports regarding the purchase of Company stock, and a former officer, Dr. Friend, filed a late report regarding sales of Company stock.

PROPOSAL NO. 2:

PROPOSAL TO APPROVE THE WATSON WYATT & COMPANY HOLDINGS

INCENTIVE COMPENSATION PLAN

Introduction

On September 28, 2005, the board of directors, upon recommendation by the Compensation Committee, approved and adopted the Watson Wyatt & Company Holdings Incentive Compensation Plan (the *Plan*) to govern the award and payment of annual bonuses to certain Company executives, and directed that the Plan be submitted to the stockholders for approval so that payments under the Plan can qualify for deductibility by the Company for federal income tax purposes. The purpose of the Plan is to provide a framework that is consistent with Section 162(m) of the Internal Revenue Code (the *Code*) under which the Company can operate certain executive bonus programs. The bonus programs are designed to enhance the Company's ability to attract and retain qualified executives and to provide financial performance incentives to those executives.

The Plan is intended to operate in a manner such that payments under it can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Code. The board believes that it is in the best interests of the Company and its stockholders to ensure that the Company has a stockholder-approved plan under which bonuses paid to its executive officers can be deductible by the Company for federal income tax purposes. Accordingly, the Company has structured the Plan to satisfy the requirements of Section 162(m) of the Code for performance-based compensation. Generally, Section 162(m) of the Code prevents a company from receiving a federal income tax deduction for compensation paid to a *Named Executive Officer* (that is, the persons named in the Summary Compensation Table as determined under SEC rules) who was employed by the Company on the last day of its fiscal year if such compensation is in excess of \$1 million for the fiscal year, except that compensation that qualifies as performance-based as determined under Section 162(m) does not count against the \$1 million limitation. One of the requirements of performance-based compensation for purposes of Section 162(m) of the Code is that the company's stockholders have approved the material terms of the performance goal under which compensation may be paid, including (i) the employees eligible to receive compensation, (ii) the description of the business criteria on which the performance goal is based and (iii) the formula used to calculate the maximum amount of compensation that can be paid to an employee under the performance goal. Each of these aspects of the Plan is discussed below, and stockholder approval of the Plan will be deemed to constitute approval of each of these aspects of the Plan for purposes of the approval requirements of Section 162(m) of the Code.

The following summary of the material features of the Plan is qualified in its entirety by reference to the complete text of the Plan. The full text of the Plan is appended hereto as Exhibit A.

Administration

The Plan will be administered by the Compensation Committee (the *Committee*) of the board of directors, which should consist of two or more outside directors as such term is defined under Section 162(m) of the Code. The Company believes that each of the directors serving on the Compensation Committee currently qualifies as an outside director. The Committee has complete authority to make any and all decisions regarding the administration of the Plan, including interpreting the terms of the Plan, selecting the participants to whom awards may from time to time be paid, determining the terms and conditions of awards made under the Plan, determining whether payments under the Plan are to be made in cash or in shares, and whether such payments may be deferred by participants, and making any other determination and taking any other action that the Committee deems necessary or desirable for administration of the Plan. The Committee may delegate various functions to a subcommittee or certain officers of the Company to the extent such delegation is not inconsistent with Section 162(m) of the Code.

27

Eligibility

Each executive officer of the Company who is employed by the Company or one of its affiliates on the last day of the Company's fiscal year or of any other performance period established by the Committee is automatically a participant in the Plan. The Committee may designate other officers as participants under the Plan and may otherwise pay bonuses to persons who are not selected to receive awards under the Plan. However, participants do not automatically receive bonuses under the Plan, except to the extent that the Committee selects the participant to actually be paid a bonus and determines the amount of such bonus. Non-employee directors are not entitled to participate in the Plan.

Business Criteria and Maximum Amount of Compensation Payable under the Plan

Not later than 90 days after the commencement of each fiscal year of the Company (or, if earlier, the expiration of 25% of a performance period), the Committee, in writing, will designate one or more performance periods (which may overlap or run concurrently) and will affirm the applicability of the Plan's formula for determining the maximum incentive award for each participant for such performance period(s). The Plan defines *performance period* to mean the Company's fiscal year or such other period that the Committee may establish, provided any such performance period may not be less than one year or more than five years in length. The maximum incentive award payable to the CEO under

the Plan with respect to a given performance period is 2.5% of the Company's Net Income (as defined in the Plan) for that period and for any other participant is 1.5% of the Company's Net Income for the performance period. The Plan defines "Net Income" to mean the Company's after-tax income on a consolidated basis as reported in the Company's income statement for the applicable performance period, prior to accrual of any amounts for payment under the Plan for the performance period, and adjusted to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board (or other applicable or successor accounting provisions), and the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements or notes to the financial statements.

Committee Certification and Determination of Awards

After the conclusion of each performance period, the Committee will certify, in writing, the amount of Net Income for purposes of the Plan and the amount of the maximum incentive award, calculated as described above, for each executive officer who is subject to Section 162(m) of the Code. The selection of participants to whom amounts under the Plan will actually be paid and the amount of such bonus actually paid to a participant will be as determined by the Committee in its sole discretion, including zero, and will be based on such factors that the Committee determines (which may include objective performance criteria other than Net Income or subjective evaluations) provided that the actual amount paid to a participant under the Plan will not exceed the maximum incentive award with respect to such participant.

Payment of Awards

Following the Committee's determination of awards to be paid to participants, such awards will be paid in cash, or in the Committee's discretion, in shares of the Company's common stock under a stockholder-approved plan of the Company to the extent provided in such plan (which would include the issuance of stock or stock units under the Watson Wyatt & Company Holdings 2001 Deferred Stock Unit Plan For Selected Employees or under another stockholder-approved plan of the Company) or any combination thereof. The Committee may establish and approve a program that allows participants to elect to defer the payment of any award.

28

Non-Exclusivity

Nothing contained in the Plan prevents the board from adopting other or additional compensation arrangements that provide for bonuses or other forms of compensation for the Company's executive officers, directors or other employees, whether or not stockholders approve the Plan. Such other arrangements may or may not qualify for deductibility under Section 162(m) of the Code and may be either applicable only for specific executives, directors or employees or may be generally applicable.

Duration and Amendment

The board may, from time to time, alter, amend, suspend or terminate the Plan as it deems advisable, subject to any requirement for stockholder approval imposed by applicable law, including Section 162(m) of the Code.

Federal Income Tax Consequences

The following is a brief description of the material federal income tax consequences associated with payments under the Plan. State, local and foreign tax consequences may differ, and tax laws may be amended or interpreted differently during the term of the Plan. Under present federal income tax law, a Plan participant will be taxed at ordinary income rates on the cash portion of an award in the year in which such cash was received and on the value of any shares of the Company's common stock in the year in which such shares were acquired by the participant, unless such cash or shares are subject to further vesting requirements, deferral under a Company plan or a substantial risk of forfeiture. If a participant elects to defer a portion of the bonus or to receive it in some form other than cash (if such alternatives are made available by the Committee), the participant may be entitled to defer the recognition of income. Generally, and subject to Section 162(m) of the Code, the Company will receive a federal income tax deduction on the amount of income recognized by the participants. Subject to stockholder approval of the Plan, the failure of any aspect of the Plan to satisfy Section 162(m) shall not void any action taken by the Committee under the Plan.

New Plan Benefits

The Committee has designated the current fiscal year as a performance period for which awards may be paid under the Plan, subject to stockholder approval of the Plan. Such bonuses, if any, paid to the participants for the current fiscal year and awards payable for any subsequent performance periods are, as described above, subject to the discretion of the Committee and therefore are not determinable at this time. If the Plan is not approved by the stockholders, it is currently contemplated that any other compensation paid to the Company's executive officers that

is in excess of \$1 million for the current fiscal year and for any subsequent years would not be deductible under Section 162(m) of the Code to the extent that it exceeds the \$1 million limit, unless such compensation is deferred pursuant to the Company's compensation programs or paid under another stockholder-approved plan of the Company and otherwise satisfies the conditions for performance-based compensation under or other exemptions from Section 162(m).

Vote Required

The affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting is required for adoption of Proposal No. 2.

The board of directors recommends that stockholders vote FOR Proposal No. 2 to approve the Watson Wyatt & Company Holdings Incentive Compensation Plan.

29

PROPOSAL NO. 3:

PROPOSAL TO INCREASE THE NUMBER OF SHARES WHICH MAY BE ISSUED UNDER THE AMENDED COMPENSATION PLAN FOR OUTSIDE DIRECTORS

The Amended and Restated Bylaws of the Company allow directors who are not active associates (outside directors) to receive compensation. As of September 28, 2005, there were six outside directors eligible to receive such compensation, which is provided under the Company's Amended Compensation Plan for Outside Directors (the Outside Directors Plan).

Under the Outside Directors Plan in effect for fiscal year 2005, outside directors of the Company were paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of less than four hours duration were compensated at 40% of the applicable per day fee. Outside directors also received an annual stock grant of 1,000 shares of Company common stock, issued at the end of each fiscal year (at the completed fiscal year-end share price) for services performed during the preceding fiscal year. The Outside Directors Plan also required that outside directors satisfy a stock ownership requirement to own a minimum of 5,000 shares of the Company's common stock. Outside directors could elect for fees paid to them to be paid in cash and shares of Company common stock, until such time as the director satisfied the stock ownership requirement. As of September 28, 2005, 25,510 of the 75,000 shares originally authorized remained available for issuance under the Outside Directors Plan.

The Outside Directors Plan may be amended from time to time by the board of directors. Any such amendment is subject to stockholder approval to the extent required under New York Stock Exchange (NYSE) rules. Currently, NYSE rules require that material revisions to equity compensation plan provisions (such as amendments to materially increase the number of shares available, expand the types of awards or the class of participants, extend the term of the plan, change the method of determining option exercise prices or permit repricing of options) be approved by stockholders.

On September 28, 2005, the board of directors approved amendments to the Outside Directors Plan. Under the Outside Directors Plan, as amended by the board, outside directors of the Company are to be paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for Compensation or Nominating and Governance Committee meetings; \$2,000 per day for Audit Committee meetings; and \$1,000 per day for other meetings. Telephone meetings of less than four hours duration are compensated at 50% of the applicable per day fee. The Audit Committee Chair annual retainer is \$15,000; the Compensation Committee Chair annual retainer is \$10,000; the Nominating and Governance Committee Chair annual retainer is \$5,000; and the Presiding Director annual retainer is \$10,000. Outside directors also receive an annual common stock grant equivalent to \$45,000, which vests immediately at grant and is issued at the end of each fiscal year (at the completed fiscal year-end share price) for services performed during the preceding fiscal year. At the election of the director (which shall apply until modified), the stock grant will be made at the end of each fiscal year, or in deferred stock units payable in shares upon termination of board service. The Outside Directors Plan, as amended, also requires that outside directors satisfy a stock ownership requirement to own a minimum of 5,000 shares of the Company's common stock. Directors may elect to be paid through any combination of cash, deferral of cash under the Company's Voluntary Deferred Compensation Plan for Non-Employee Directors, and/or shares of the Company's common stock.

In addition to the amendments described above, which do not require stockholder approval, the board approved an amendment to increase the number of shares of common stock available for issuance under the Outside Directors' Plan to 150,000 (from 75,000), subject to adjustments for stock splits, stock dividends and similar transactions, including extraordinary distributions of cash or stock. The board believes this increase is necessary because, as noted above, as of September 28, 2005, only 25,510 of the 75,000 shares originally authorized remain available for issuance under the Outside Directors' Plan. To date, shares distributed under the Outside Directors' Plan have been issued shares held in or acquired for the Company's treasury or shares reacquired by the Company upon purchase in the open market, although the Outside Directors' Plan also permits the Company to issue authorized but unissued shares of common stock.

30

Amounts that outside directors will receive in any fiscal year under the Outside Directors' Plan, as amended, are not currently determinable, and as noted above the benefits provided under the Outside Directors' Plan may be amended by the Board from time-to-time without stockholder approval.

Consistent with NYSE rules, the Company is submitting for stockholder approval the amendment to increase the number of shares available for issuance under the Outside Directors' Plan. The full text of the Outside Directors' Plan, as amended, is set forth as Exhibit B to this proxy statement, and the foregoing description is qualified by reference to the actual terms of the Outside Directors' Plan.

Vote Required

The affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting is required for adoption of Proposal No. 3.

The board of directors recommends that stockholders vote FOR Proposal No. 3 to increase the number of shares which may be issued under the Amended Compensation Plan for Outside Directors.

MANNER IN WHICH THE PROXIES WILL BE SOLICITED AND VOTED

The cost of soliciting proxies will be borne by the Company. Officers and regular associates of the Company may, but without compensation other than their regular compensation, solicit proxies by additional mailings, personal conversations, telephone, facsimile, or electronically. We have hired InvestorCom, Inc., a proxy solicitation firm, to assist us in soliciting proxies for a fee of \$6,500 plus reasonable expenses. The Company will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of the Company's common stock. Other proxy solicitation expenses that we will pay include those for preparation, mailing and tabulating the proxies.

Management knows of no other matter that may come up for action at the Annual Meeting. However, if any other matter properly comes before the meeting, the proxies named on the enclosed proxy will vote in accordance with their judgment upon such matter. Individual proxies will be counted by ADP Investor Communication Services in an effort to ensure the confidentiality and anonymity of each stockholder's votes. **Whether or not you expect to be present at the meeting, you are urged to vote your proxy by telephone, internet, or if you have received your proxy materials by mail, to sign, date and promptly mail in your proxy.**

Representatives of PricewaterhouseCoopers LLP are expected to attend the Annual Meeting, will be available to respond to appropriate questions and will have an opportunity to make a statement if they desire to do so.

HOUSEHOLDING PROXY MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. 3.1. Eligibility. The individuals eligible to participate in the Plan shall be the Company's Chief Executive Officer and any other executive officer of the Company or an Affiliate selected by the Committee to participate in the Plan (each, a Participant).

3.2. Administration.

(a) The Plan shall be administered by the Committee. The Committee shall have full power and authority, subject to the provisions of the Plan and subject to such orders or resolutions not inconsistent with the provisions of the Plan as may from time to time be adopted by the Board, to: (i) select the Participants to whom Awards may from time to time be paid hereunder; (ii) determine the terms and conditions, not inconsistent with the provisions of the Plan, of each Award; (iii) determine the time when Awards will be granted and paid and the Performance Period to which they relate; (iv) affirm the formula for determining the Maximum Incentive Award payable for each Participant in respect of Performance Periods and certify as to the calculation of Net Income and the amount of the Maximum Incentive Award payable for each Participant in respect of Performance Periods; (v) determine whether payment of Incentive Awards may be deferred by Participants as provided in Section 4.3; (vi) interpret and administer the Plan and any instrument or agreement entered into in connection with the Plan; (vii) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent that the Committee shall deem desirable to carry it into effect; (viii) establish such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (ix) make any other determination and take any other action that the Committee deems necessary or desirable for administration of

(c) To the extent not inconsistent with applicable law or the rules and regulations of the New York Stock Exchange, any other national securities exchange or the NASDAQ National Market on which the Company's securities are listed or qualified for trading, including the applicable provisions of Section 162(m) of the Code, the Committee may delegate to one or more officers of the Company or a committee of officers the authority to take actions on its behalf pursuant to the Plan.

4. AWARDS

4.1. Performance Period. Not later than the earlier of (i) 90 days after the commencement of each fiscal year of the Company and (ii) the expiration of 25% of the Performance Period, the Committee shall, in writing, designate one or more Performance Periods and shall affirm the applicability of the Plan's formula for determining the Maximum Incentive Award for each Participant for such Performance Period(s).

4.2. Certification. At such time as it shall determine appropriate following the conclusion of each Performance Period, the Committee shall certify, in writing, the amount of the Maximum Incentive Award for each Participant for such Performance Period (the "Certification").

4.3. Payment of Awards. The selection of Participants to whom Awards shall actually be paid and the amount of the Award actually paid to a Participant shall be such amount as determined by the Committee in its sole discretion, including zero, provided that the actual Award shall not exceed the Maximum Incentive

A-2

Award with respect to such Participant. The actual amount of the Award determined by the Committee for a Performance Period shall be paid in cash or, to the extent provided in such plan, share awards under a shareholder-approved stock plan of the Company to each Participant at such time as determined by the Committee in its sole discretion following the end of the applicable Performance Period, and may be deferred under a program or plan approved by the Committee subject to the terms and conditions of such program or plan.

4.4. Commencement or Termination of Employment. If a Participant obtains such status during a Performance Period (whether through promotion or commencement of employment) or if a person who otherwise would have been a Participant dies, retires or is Disabled, or if the person's employment is otherwise terminated, during a Performance Period (except for cause, as determined by the Committee in its sole discretion), the Award payable to such a Participant may, in the discretion of the Committee, be proportionately reduced based on the period of actual employment during the applicable Performance Period.

5. MISCELLANEOUS

5.1. Amendment and Termination of the Plan. The Board may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable, subject to any requirement for stockholder approval imposed by applicable law, including Section 162(m) of the Code. No amendments to, or termination of, the Plan shall in any way impair the rights of a Participant under any Award previously granted without such Participant's consent.

5.2. Section 162(m) of the Code. Unless otherwise determined by the Committee, the provisions of this Plan shall be administered and interpreted in accordance with Section 162(m) of the Code to ensure the deductibility by the Company of the payment of Awards. Subject to shareholder approval of the Plan, the failure of any aspect of the Plan to satisfy Section 162(m) shall not void any action taken by the Committee under the Plan.

5.3. Tax Withholding. The Company or an Affiliate shall have the right to make all payments or distributions pursuant to the Plan to a Participant, net of any applicable federal, state and local taxes required to be paid or withheld. The Company or an Affiliate shall have the right to withhold from wages, Awards or other amounts otherwise payable to such Participant such withholding taxes as may be required by law, or to otherwise require the Participant to pay such withholding taxes. If the Participant shall fail to make such tax payments as are required, the Company or an Affiliate shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Participant or to take such other action as may be necessary to satisfy such withholding obligations.

5.4. *Right of Discharge Reserved; Claims to Awards.* Absent action by the Committee, nothing in this Plan shall provide any Participant a right to receive any Award or payment under the Plan with respect to a Performance Period. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Participant the right to continue in the employment of the Company or an Affiliate or affect any right that the Company or an Affiliate may have to terminate the employment of (or to demote or to exclude from future Awards under the Plan) any such Participant at any time for any reason. Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of the termination of employment of any Participant. No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Participants under the Plan.

5.5. *Nature of Payments.* All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or an Affiliate, division or business unit of the Company. Any income or gain realized pursuant to Awards under the Plan constitute a special incentive payment to the Participant and shall not be taken into account, to the extent permissible under applicable law, as compensation for purposes of any of the employee benefit plans of the Company or an Affiliate except as may be determined by the Committee or by the Board or board of directors of the applicable Affiliate.

5.6. *Other Plans.* Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

A-3

5.7. *Severability.* If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

5.8. *Construction.* As used in the Plan, the words *include* and *including*, and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words *without limitation*.

5.9. *Unfunded Status of the Plan.* The Plan is intended to constitute an unfunded plan for incentive compensation and deferred compensation if permitted by the Committee. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company.

5.10. *Governing Law.* The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware, without reference to principles of conflict of laws that might result in the application of the laws of another jurisdiction, and shall be construed accordingly.

5.11. *Resolution of Disputes.* In the event a Participant or person claiming a right under an Award or the Plan believes that a decision by the Committee with respect to such person or Award was arbitrary or capricious, the person may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Participant or other person has proven that the Committee's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Committee's decision. Participants and persons claiming rights under an Award or the Plan explicitly waive any right to judicial review. Notice of demand for arbitration shall be made in writing to the Committee within thirty (30) days after the applicable decision by the Committee. The arbitrator shall be selected by those members of the Board of Directors who are neither members of the Compensation Committee of the Board of Directors nor employees of the Company or any Affiliate. If there are no such members of the Board of Directors, the arbitrator shall be selected by the Board of Directors. Such arbitrator shall be neutral within the meaning of the Commercial Rules of Dispute Resolution of the American Arbitration Association; provided, however, that the arbitration shall not be administered by the American Arbitration Association. Any challenge to the neutrality of the arbitrator shall be resolved by the arbitrator whose decision shall be final and conclusive. The arbitration shall be administered and conducted by the arbitrator pursuant to the Commercial Rules of Dispute Resolution of the American Arbitration Association. Each side shall bear its own fees and expenses, including its own attorney's fees, and each side shall bear one half of the arbitrator's fees and expenses. The decision of the arbitrator on the issue(s) presented for arbitration shall be final and conclusive and may be enforced in any court of competent jurisdiction.

5.12. *Effective Date of Plan.* The Plan shall be effective on the date of the approval of the Plan by the holders of the then outstanding securities of the Company entitled to vote generally in the election of directors. The Plan shall be null and void and of no effect if the foregoing condition is not fulfilled.

5.13. Captions. The captions in the Plan are for convenience of reference only, and are not intended to narrow, limit or affect the substance or interpretation of the provisions contained herein.
