PROXY STATEMENT

GENERAL

This Proxy Statement and the accompanying proxy are first being mailed on or about November 3, 2006, to all holders of record of outstanding shares of the Company's Common Stock and Class B Stock at the close of business on October 20, 2006. Proxies are being solicited on behalf of the Board of Directors for use at the 2006 Annual Meeting of Stockholders, notice of which accompanies this Proxy Statement, and at any adjournments thereof. Any stockholder giving a proxy has the power to revoke it at any time prior to the exercise thereof by executing a subsequent proxy, by notifying the Secretary of the Company of such revocation in writing (such notification to be directed to him at the Company's offices at 410 North Michigan Avenue, Suite 400, Chicago,

Illinois 60611-4213), or by attending the annual meeting and voting in person. **If no contrary instruction is indicated in the proxy, each proxy will be voted FOR the election of the eight nominees named below to the Board of Directors, FOR approval of the Oil-Dri Corporation of America 2006 Long Term Incentive Plan and FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditor.**

The Company will pay the costs of this solicitation of proxies for the annual meeting. In addition to solicitation of proxies by mail, certain officers, directors and regular employees of the Company, none of whom will receive additional compensation therefor, may solicit proxies in person or by telephone, electronic mail or facsimile. The Company may reimburse brokers and others who are record holders of Common Stock and Class B Stock for their reasonable expenses incurred in obtaining voting instructions from the beneficial owners of such stock.

Voting

The record date for the determination of stockholders entitled to vote at the meeting or any adjournments thereof is the close of business on October 20, 2006. Holders as of the record date of outstanding shares of Common Stock and Class B Stock are entitled to vote at the meeting and any adjournments thereof. Holders of Common Stock are entitled to one vote per share and holders of Class B Stock to 10 votes per share (on a non-cumulative basis for each director to be elected when voting for the election of directors) and vote together without regard to class (except that any amendment to the Company's Certificate of Incorporation changing the number of authorized shares or adversely affecting the rights of Common Stock or Class B Stock requires the separate approval of the class so affected as well as the approval of both classes voting together). Holders of Class B Stock are entitled to convert any and all of such stock into Common Stock on a share-for-share basis at any time and are subject to mandatory conversion under certain circumstances. As of the record date, 4,855,458 shares of Common Stock and 1,909,797 shares of Class B Stock were outstanding.

Election of Directors: The election of directors requires a plurality of votes cast. Accordingly, only proxies and ballots marked for all nominees listed (including executed proxies not marked with respect to election of directors, which will be voted for all listed nominees), or voting for some, but not all nominees, by specifying that votes be withheld for one or more designated nominees, are counted to determine the total number of votes cast for the various nominees, with the eight nominees receiving the largest number of votes being elected. Abstentions and broker non-votes have no effect on the outcome of the election of directors.

Approval of Oil-Dri Corporation of America 2006 Long Term Incentive Plan: Approval of the Oil-Dri Corporation of America 2006 Long Term Incentive Plan (the "2006 Plan") requires approval by a majority of the votes of shares present in person or represented by proxy at the meeting. Abstentions by those present or represented at the meeting have the legal effect of a vote against the Plan. Broker non-votes with respect to the 2006 Plan are deemed not to have been entitled to vote on the 2006 Plan and therefore will have no effect on the outcome.

Ratification of Selection of Independent Auditor: The affirmative vote of a majority of the votes present in person or represented by proxy and entitled to vote thereon is necessary for the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditor. Abstentions by those present or represented at the meeting have the legal effect of a vote against ratification. Broker non-votes with respect to the ratification of the selection of the Company's independent auditor are deemed not to have been entitled to vote thereon and therefore will have no effect on the outcome.

Principal Stockholders

The following table sets forth information as of September 30, 2006, except as noted below, regarding beneficial ownership of the Company's Common Stock and Class B Stock by each person or group known to the Company to hold more than five percent of either class. The Company on September 8, 2006 paid a stock dividend of one-quarter share per each outstanding share of Common Stock and Class B Stock (the "Stock Dividend") to stockholders of record as of August 4, 2006. This table assumes that the stockholdings reported by the institutional stockholders in their most recent filings with the Securities and Exchange Commission (the "SEC") continued to be held on August 4, 2006, and thus the holdings of those institutional stockholders have been

During the fiscal year ended July 31, 2006, the Board of Directors held four meetings. During the period in which he served as director, each director attended all of the meetings of the Board and all of the meetings of all Board committees on which he sits.

Controlled Company Status

The Board of Directors has determined that the Company is a "controlled company" within the meaning of the New York Stock Exchange's Corporate Governance Standards. This determination is based on the fact that Class B Stock having more than 50% of the aggregate voting power of the Company's Common Stock and Class B Stock is owned by the Jaffee Investment Partnership, L. P., a Delaware limited partnership of which Richard M. Jaffee, his spouse Shirley H. Jaffee and Daniel S. Jaffee are general partners. The remaining three general partners are all children of Richard M. and Shirley H. Jaffee. Richard M. Jaffee has eight of the 20 total votes of the general partners and his spouse also has eight votes.

As a controlled company, the Company is entitled to rely on exemptions from the Corporate Governance Standards that would otherwise require the Company (a) to maintain a board of directors having a majority of independent directors, (b) to maintain a nominating/corporate governance committee composed entirely of independent directors and (c) to maintain a compensation committee composed entirely of independent directors. The Company has elected to rely on all three of these exemptions.

Director Independence

The Board has determined that directors Messrs. Cole, Donald, Selig and Suckow are independent from the Company's management within the meaning of the SEC's rules and the New York Stock Exchange's Corporate Governance Standards. While the Board has not adopted any categorical standards for independence, in making these determinations the Board noted that none of Messrs. Cole, Donald, Selig and Suckow (a) receives direct compensation from the Company other than director annual retainers and meeting fees paid to current directors, (b) has any relationship with the Company or a third party that would preclude independence under the New York Stock Exchange's Corporate Governance Standards or (c) has any other material relationship with the Company and its management. The Company has not made any contributions in excess of \$1.0 million or 2% of the Company's consolidated gross revenues to any tax-exempt organization in which an independent director serves as an executive officer in any of the preceding three years.

Executive Sessions of Non-Management Directors

Non-management directors meet in executive sessions of the Board of Directors in which management directors and other members of management do not participate. These sessions are regularly scheduled for non-management directors at meetings of the Board of Directors. Under the Company's Corporate Governance Guidelines, the chairman of the Audit Committee (currently Mr. Cole) presides at all executive sessions of non-management and independent directors unless otherwise determined by the directors attending any given executive session.

The Audit Committee

The Audit Committee has the duties and responsibilities set out in the Audit Committee Charter. Those duties include: selection and appointment of the independent auditor, review of its independence and of other services provided by it, and of the fees and other arrangements regarding its services; review with the independent auditor and management of the scope of the audit, and of significant financial reporting issues and judgments; review with the independent auditor and management of the annual audited financial statements and of the quarterly financial statements and press releases; review with the independent auditor and management of the quality and adequacy of internal controls; and preparation of the report required by the rules of the Securities and Exchange Commission to be included in this Proxy Statement. A copy of the Audit Committee Charter is available on the Company's website at www.oildri.com and will be provided without charge to any person upon request.

The Board of Directors has determined that each member of the Audit Committee meets the independence and experience requirements of the New York Stock Exchange. The Board also has determined that Mr. Cole is an "audit committee financial expert" within the meaning of the rules of the SEC and that he meets the accounting or related financial management expertise standard required by the New York Stock Exchange.

The Compensation Committee

The Compensation Committee is responsible for review and general oversight of the Company's compensation programs, including all programs in which the Company's executive officers participate. The Compensation Committee is responsible for determining the compensation, including benefits, of the Chief Executive Officer and for determining the reasonableness of and approving the compensation of other executive officers of the Company. The Compensation Committee is also responsible for administration of the Company's stock option plans and granting stock options or restricted stock to employees, including grants to the executive officers of the Company. The members of the Compensation Committee are all disinterested persons within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. As allowed by the controlled company exemption from the New York Stock Exchange's Corporate Governance Standards, the Compensation Committee does not have a written charter.

Executive Committee

The Executive Committee has all of the powers and authority of the Board of Directors in the management of the business and affairs of the Company, subject only to any limitations provided for in the Company's Certificate of Incorporation and By-Laws (each as amended from time to time) or imposed by applicable law or New York

Stock Exchange Corporate Governance Standards. The Executive Committee does not have a written charter. The Executive Committee did not hold any meetings during the past year and historically has only exercised its authority to act on behalf of the Board of Directors in limited circumstances.

Corporate Governance

The Company has adopted Corporate Governance Guidelines and a Code of Ethics and Business Conduct, which Code applies to all Company employees, officers and directors. The Corporate Governance Guidelines and the Code of Ethics and Business Conduct are available on the Company's website at www.oildri.com. The Company will also provide without charge a copy of either or both documents to any person upon request submitted to Investor Relations, Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213, telephone (312) 706-3232.

As allowed by the controlled company exemption from the New York Stock Exchange Corporate Governance Standards, the Company does not have a nominating/corporate governance committee.

Director Nominations

The Company does not have a standing nominating committee or other committee of the Board performing a similar function. As a controlled company, and with six of the Company's nine current directors having served on the Board for at least 10 years, the Board believes it is appropriate for the Company not to have a nominating committee. It has been the Company's practice, as now reflected in the Company's Corporate Governance Guidelines, that the Chairman recommends to the entire Board candidates for nomination to the Board. It is the Company's policy not to consider director candidates recommended by stockholders.

Communication with the Board of Directors

The Company's annual meeting of stockholders provides an opportunity each year for stockholders to ask questions of or otherwise communicate directly with members of the Board of Directors. It has been the Company's practice, as now reflected in the Company's Corporate Governance Guidelines, that all directors attend in person each annual meeting of the Company's stockholders. Seven of the eight then current members of the Board attended in person the 2005 annual meeting.

In addition, any stockholder or other interested party may communicate in writing with the Board of Directors, the Audit Committee, the non-management directors, or a particular director by sending a letter addressed to: Board of Directors, Audit Committee, Non-Management Directors, or a particular director at Oil-Dri Corporation of America, c/o Corporate Secretary, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. Stockholders may also report concerns anonymously in this manner.

Remuneration of Directors

Each director of the Company who is not also an officer of the Company received an annual retainer of \$15,000 and also a fee of \$2,500 for each Board and Board committee meeting attended in person and \$1,500 for each meeting attended by telephone. No fees are paid for attendance at Executive Committee meetings. Richard M. Jaffee, a retired officer of the Company, does not receive an annual retainer or any meeting fees.

Allan H. Selig received an annual retainer of \$5,000 for his service as chairman of the Compensation Committee and J. Steven Cole received an annual retainer of \$7,500 for his service as chairman of the Audit Committee.

Michael A. Nemeroff and Paul E. Suckow were each awarded stock options to purchase 12,500 shares of the Company's Common Stock under the Company's 2006 Long Term Incentive Plan, subject to approval of that plan by the Company's stockholders. The options vest in full one year from the date of grant and the exercise price of the options is the closing price of the Common Stock on the date of grant. All outstanding option awards, which included awards granted to the non-employee directors, were equitably adjusted for the Stock Dividend. See

□Compensation Committee Report on Executive Compensation□ below for a further description of this adjustment. The number of shares granted to Messrs. Nemeroff and Suckow as stated above reflects this adjustment.

Richard M. Jaffee relinquished an immediate lump sum payment of \$300,000 due to him from the Company at his retirement as a full-time employee of the Company on January 31, 2001 and agreed to serve as a consultant to the Company at an annual fee of \$185,000. Effective January 31, 2006, Mr. Jaffee's consulting agreement was amended to provide for a consulting period ending on January 31, 2011, which will thereafter continue from year to year unless either Mr. Jaffee or the Company terminates the agreement. In addition, Mr. Jaffee earned during the initial five years of the consulting period an annuity payable to him as a benefit of \$3,810 monthly, with payment at his death of the remaining value of this annuity to his wife, or if she should predecease him, to his designee or estate. Payment of this monthly annuity commenced in February 2006. The economic benefit to Mr. Jaffee of this agreement to pay an annuity was estimated to be \$84,905 for the fiscal year ended July 31, 2006.

10

Richard M. Jaffee and his spouse are covered under the Company's medical plan at no cost to them, each for their lifetime. This coverage is secondary to the coverage provided by Medicare. Because the Company has a self-insured medical plan, the cost incurred relating to this coverage is for the amount of actual medical claims paid. This coverage is provided to Mr. Jaffee under the terms of the Company's medical plan because at the time of his retirement he had over 40 years of service with the Company and was a member of the Board of Directors.

Under the Oil-Dri Corporation of America Deferred Compensation Plan, the Company's directors are eligible to defer all or a portion of their directors' compensation and consulting fees with a return equal to one percent more than the Company's long term cost of borrowing. Richard M. Jaffee deferred the full amount of his consulting fees (\$185,000) and the monthly annuity under his consulting agreement (\$22,860) into the plan during the fiscal year ended July 31, 2006. During the fiscal year ended July 31, 2006, Mr. Jaffee earned \$17,977 in excess of 120% of the applicable federal rate on his balances in the plan and a prior deferred compensation plan sponsored by the Company.

Stock Options

No stock options were granted to the Named Officers in the fiscal year ended July 31, 2006. Following the end of the fiscal year all outstanding option awards, which included awards granted to the Named Officers, were equitably adjusted for the Stock Dividend. See Compensation Committee Report on Executive Compensation below for a further description of this adjustment.

The following table provides information about options for the Company's Stock (as defined in Note 2 below) held as of July 31, 2006, and option exercises during fiscal 2006 by the Named Officers and the value realized from those exercises. The value of unexercised in-the-money options at fiscal year end is calculated using the difference between the option exercise price and the fair market value of the Stock at July 31, 2006, multiplied by the number of shares underlying the option. An option is in-the-money if the fair market value of the Stock subject to the option is greater than the exercise price. The following table presents estimated annual retirement benefits payable under the pension plan and a supplemental executive retirement plan upon normal retirement at age 65 and is computed on the basis of a five-year certain and life annuity. The Named Officers are participants in the Company's pension plan and had compensation as defined in the pension plan for the fiscal year ended July 31, 2006, and full years of service as of August 1, 2006, under the pension plan as follows: Daniel S. Jaffee, \$355,000, 18 years; Andrew N. Peterson \$185,833, 1 year; Thomas F. Cofsky, \$163,084, 19 years; Wade R. Bradley, \$182,417, 16 years; and Brian K. Bancroft, \$162,500, 1 year. Daniel S. Jaffee's compensation is currently limited to \$210,000 under the Company's pension plan because of applicable Internal Revenue Code limitations which became effective for the Company's plan on August 1, 1994.

The Company has established a supplemental executive retirement plan to provide retired participants in the Company's pension plan with the amount of benefits that would have been provided under the pension plan but for the limitations on benefits and/or the limitation on compensation for purposes of calculating benefits imposed by the Internal Revenue Code. All pension plan participants whose benefits are affected by those limitations will be participants in the supplemental executive retirement plan. Daniel S. Jaffee is currently the only participant. Benefits under the supplemental plan are to be paid from the general funds of the Company. The accrued unfunded liability of the supplemental plan at July 31, 2006 was \$98,000; \$27,000 of this amount was accrued

during the fiscal year ended July 31, 2006.

II. APPROVAL OF THE OIL-DRI CORPORATION OF AMERICA 2006 LONG TERM INCENTIVE PLAN

Introduction

On March 14, 2006, the Compensation Committee recommended and the Board of Directors approved and adopted the Oil-Dri Corporation of America 2006 Long Term Incentive Plan (the "Original Plan") and directed that it be submitted to the Company's stockholders for approval. Following the declaration of the Stock Dividend, the Board of Directors on July 28, 2006, amended and restated the Original Plan. This amended and restated 2006 Long Term Incentive Plan is being submitted for stockholder approval (the "2006 Plan"). The 2006 Plan is a successor to the Company's 1995 Long-Term Incentive Plan (the "1995 Plan") which expired in August 2005 and the Company's Outside Director Stock Plan under which no additional shares are available for grant (together with the 1995 Plan, the "Prior Plans"). Awards granted under the Prior Plans remain outstanding in accordance with their terms and are not governed by the terms of the 2006 Plan.

Stockholders are being asked to approve the 2006 Plan. Stockholder approval of the 2006 Plan is necessary, among other reasons, (i) to allow the Company to comply with the New York Stock Exchange rules requiring stockholder approval of equity compensation plans, (ii) to allow the Company to grant incentive stock options described in Section 421 of the Internal Revenue Code (the "Code") and (iii) to allow performance-based awards made under the 2006 Plan to executive officers of the Company to be fully deductible by the Company for federal income tax purposes under Code Section 162(m) if and to the extent the Compensation Committee determines that compliance with the performance based exception to tax deductibility limitations under Code Section 162(m) is desirable and complies with such requirements.

A full copy of the 2006 Plan is attached as *Appendix A* hereto. The material features of the 2006 Plan are summarized below and such summary is qualified in its entirety by reference to the complete text of the 2006 Plan.

Purpose

The 2006 Plan is intended to advance the interests of the Company and its stockholders by encouraging and providing for the acquisition by employees and non-employee directors of an equity interest in the success of the Company and its subsidiaries, by providing additional incentives and motivation toward superior performance of the Company and by enabling the Company to attract and retain the services of employees and directors upon whose judgment, interest and special effort the successful conduct of its operations is largely dependent.

Administration

The 2006 Plan will be administered by the Compensation Committee of the Board of Directors or such other committee appointed from time to time by the Board of Directors to administer the 2006 Plan (the "Committee"). The Committee must consist of two or more members, each of whom qualifies as a "non-employee director," as the term is defined by Rule 16b-3 under the Securities Exchange Act of 1934 (the "1934 Act") and as an "outside director" within the meaning of Code Section 162(m). Subject to the terms of the 2006 Plan, the Committee, by majority action thereof (whether taken during a meeting or by written consent), is authorized to interpret the 2006 Plan, to prescribe, amend and rescind rules and regulations relating to the 2006 Plan, to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company and to make all other determinations necessary or advisable for the administration of the 2006 Plan, but only to the extent not contrary to the express provisions of the 2006 Plan. Determinations, interpretations or other actions made or taken by the Committee pursuant to the provisions of the 2006 Plan shall be final and binding and conclusive for all purposes and upon all persons whomsoever.

The Board of Directors may reserve to itself or delegate to another committee (made up of one or more officers or directors who may or may not be employees of the Company) any or all of the authority and

responsibility of the Committee, except with respect to awards to executive officers, directors and any other participants subject to Section 16 of the 1934 Act.

Eligibility

Under the 2006 Plan, the Committee at its discretion may grant awards to present and future employees (including officers and directors who are also employees) of the Company or its subsidiaries and to present and future non-employee directors of the Company whom the Committee believes are in a position to contribute materially to the Company's growth, development and long-term financial growth. As of September 30, 2006, the Company and its subsidiaries had approximately 720 full-time employees (including officers and directors who are also employees) and eight non-employee directors, all of whom will be eligible to participate in the 2006 Plan.

Offering of Stock

919,500 shares of the Company's stock will be available under the terms of the 2006 Plan for issuance in settlement of awards. "Stock" means the Company's: (a) Class A Common Stock, or (b) if no Class A Common Stock is issued and publicly traded on any securities market, then Common Stock; and (c) in the case of any award made in shares of Class B Stock to a member of the Jaffee family, Class B Stock; and, (d) with respect to any award specifically made in shares of Common Stock, Common Stock. The term "shares" or "stock" in this summary refer to "Stock" as defined above.

The stock delivered to settle awards made under the 2006 Plan may be authorized and unissued shares or treasury shares, not reserved for any other purpose. If any shares subject to any award granted under the 2006 Plan are forfeited or otherwise terminated without delivery of shares, the shares subject to such awards will again be available for issuance under the 2006 Plan. In addition, any shares withheld or applied as payment for shares issued upon exercise of an award or for the withholding or payment of taxes due upon exercise of the award will again be available for grant under the 2006 Plan.

The 2006 Plan will remain in effect until all stock subject to it has been purchased or acquired pursuant to the provisions of the 2006 Plan, subject to the Board's right to earlier terminate the 2006 Plan.

If a stock dividend or split, recapitalization, merger, consolidation, combination, separation (including a spinoff), exchange of shares, or other similar corporate change or distribution of stock or property by the Company occurs, the number and class of and/or price of shares of stock subject to each outstanding award, the number and class of shares of stock available for awards, and the number and class of shares of the aggregate and individual participation limitations will be adjusted appropriately by the Committee to prevent dilution or enlargement of the rights of grantees.

Limits on Individual Awards

The 2006 Plan limits the number of shares which may be granted in any calendar year with respect to awards to any individual to 125,000.

Summary of Awards under the 2006 Plan

The 2006 Plan permits the grant of stock options including incentive stock options ("ISOs"); stock appreciation rights ("SARs"); restricted stock and restricted stock units; performance awards and other stock-based and cash-based awards.

Stock Options. The Committee may grant both incentive stock options ("ISOs") and nonqualified stock options ("NQSOs") under the 2006 Plan. A stock option allows a grantee to purchase a specified number of shares at a predetermined price during a fixed period measured from the date of grant. The purchase price per share of stock subject to a stock option is determined by the Committee and set forth in the award agreement but cannot be less than the fair market value of the stock on the date of grant. The expiration date cannot be later than the tenth anniversary of the date of grant. The exercise price may be paid with cash or its equivalent, with previously

acquired shares of the Company's Common Stock, Class A Common Stock or Class B Stock, or by other means approved by the Committee.

Eligibility for ISOs is limited to employees of the Company and its subsidiaries. ISOs cannot be granted after the tenth anniversary of the date on which the 2006 Plan was adopted by the Board. In the case of an employee who owns or is deemed to own stock representing more than 10% of the total combined voting power of the classes of stock of the Company, the exercise price of an ISO must be at least 110% of the fair market value on the date of grant and an ISO cannot be exercisable after the expiration of five years from the date of grant. The aggregate fair market value (determined on the date of grant) of the shares of stock with respect to which ISOs are exercisable for the first time by any participant during any calendar year shall not exceed \$100,000 (if exceeded, any excess options are deemed to be NQSOs). Any participant must notify the Committee of any disposition of stock issued pursuant to the exercise of an ISO under the circumstances described in Code Section 421(b) within 10 days of the disposition.

Restricted Stock and Restricted Stock Units. The Committee may award restricted stock and restricted stock units. Restricted stock awards consist of shares of stock that are transferred to the participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. On the date that shares of restricted Common Stock become non-forfeitable, the Company will, if on that date Class A Common Stock is issued and publicly traded, exchange such shares of Common Stock for an equal number of shares of Class A Common Stock, unless the award of restricted stock was specifically made as an award of Common Stock. Restricted stock unit awards result in the transfer of shares of stock to the participant only after specified conditions are satisfied. A holder of restricted stock is treated as a current stockholder and is entitled to dividend and voting rights, whereas the holder of a restricted stock unit award is treated as a stockholder with respect to the award only when the shares of stock are delivered in the future. The Committee will determine and set forth in the award agreement the restrictions and conditions applicable to each award of restricted stock or restricted stock units.

Stock Appreciation Rights. The Committee may grant SARs under the 2006 Plan. Upon exercise of a SAR, the holder will receive from the Company the difference between the fair market value of the stock subject to the SAR, determined on the date of exercise, and the grant price. The benefit upon exercise of a SAR is generally paid in cash, except that the Committee may, in its discretion, pay the benefit wholly or partially in stock. The grant price of a SAR is determined by the Committee and set forth in the award agreement, but cannot be less than the fair market value of the stock as of the date of grant. SARs may be exercised on such terms as the Committee determines but cannot be exercised later than the tenth anniversary of the date of grant.

Performance Awards. Performance awards may be granted under the 2006 Plan. Such awards will be earned only if performance goals over performance periods established by or under the direction of the Committee are met, and the Committee will determine whether the performance targets or goals that have been chosen for a particular performance award have been met. The performance goals may vary from participant to participant, group to group, and period to period. Performance awards may be paid in the form of cash, shares of stock, or in any combination, as determined by the Committee.

Other Awards. The Committee may grant other cash-based or equity-based awards, referred to as "other cash-based awards" or "other stock-based awards," other than options, SARs, restricted stock, restricted stock units, or performance awards. The terms and conditions of each other cash-based or stock-based award shall be determined by the Committee. Payment under any other cash-based or stock-based award will be made in cash or stock, as determined by the Committee.

Transfer Limitations on Awards. The Committee shall impose any transfer restrictions on any shares acquired pursuant to the awards under the 2006 Plan as it deems advisable. Generally no award may be transferred other than by designation of beneficiary, by will or by the laws of descent and distribution. Further, all awards granted to a participant under the 2006 Plan shall be exercisable during his lifetime only by such participant. Notwithstanding the foregoing, a participant may transfer all or a portion of an award (other than an ISO or restricted stock) to Immediate Family Members (defined in the 2006 Plan as a participant's spouse, parent and any lineal descendants, including any adopted child, of a parent of the participant or of a parent of the participant's spouse, and any trustee, guardian or custodian for any of the foregoing), a trust for the exclusive benefit of the Immediate Family Members, a partnership of Immediate Family Members, and such other person

or entity as the Committee may permit. Under no circumstances may a participant transfer awards under the 2006 Plan for consideration.

Exercise of Awards after Termination of Service

If a participant's employment or service as a director terminates for any reason other than death, disability, retirement or for cause, any option or SAR which was immediately exercisable on the termination date may be exercised until the earlier of (i) the expiration date or (ii) 90 days after such termination or for such longer period as may be specified in the participant's award agreement. Any unvested award will expire without value and be forfeited on the date of termination.

If a participant's employment or service terminates because of death or disability, any outstanding option or SAR will become fully exercisable, and any outstanding restricted stock, restricted stock units, other stock-based awards or other award that was forfeitable will become nonforfeitable and fully vested. The participant, or deceased participant's representative or beneficiary, will have until the expiration date or three years from the date of the participant's termination of employment or service, whichever occurs first, to exercise the options or SARs. However, in the case of ISOs, the favorable tax treatment described under Code Section 422 will not be available if the option is not exercised within 12 months after the date of termination.

If a participant retires (as defined in the 2006 Plan), all unvested awards (with the exception of restricted stock awards unless vesting is approved by the Committee at the time of retirement) will become immediately vested and options and SARs will become immediately exercisable. A retired participant will have until the expiration date or three years from the date of the participant's retirement, whichever occurs first, to exercise the options and SARs. However, in the case of ISOs, the favorable tax treatment described under Code Section 422 will not be available if the option is not exercised within three months after the date of termination.

If a participant is terminated for cause, an unexercised option, SAR, performance-based award, or share of restricted stock that is forfeitable will terminate upon the termination of employment or service.

In the event of a change of control (as defined in the 2006 Plan) of the Company, all unvested awards become immediately vested and exercisable. However, in the case of ISOs, the favorable tax treatment described under Code Section 422 will not be available if the option is not exercised within three months after the date of termination if termination is not for death or disability. The benefit payable for any performance award for which the performance period has not ended on the date of the change of control will be calculated pursuant to a formula set forth in the 2006 Plan.

Amendment and Termination of the 2006 Plan

The Board may terminate the 2006 Plan at any time and may amend or modify it from time to time but no such action shall adversely affect any award already granted under the 2006 Plan without the consent of the grantee. However, unless approved by the stockholders of the Company, there shall be no amendment or modification of the 2006 Plan that would increase the total amount of stock which may be issued under the 2006 Plan, increase the maximum number of shares which may be subject to awards granted under the 2006 Plan to a participant during a calendar year or extend the maximum period during which awards may be made under the 2006 Plan. Adjustments made pursuant to a change in capitalization as described under the heading "Offering of Stock" above, do not constitute an amendment or modification of the 2006 Plan. After the 2006 Plan is terminated, no further awards can be granted under the 2006 Plan, but any awards previously granted under the 2006 Plan will remain outstanding in accordance with their applicable terms and conditions.

Federal Income Tax Consequences

The Company believes that under present law the following are the federal income tax consequences generally arising with respect to awards granted under the 2006 Plan. This summary is for stockholder informative purposes and is not intended to provide tax advice to grantees.

The grant of an option or SAR will create no tax consequences for the grantee or the Company. The grantee will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply) and the Company will receive no deduction at the time. Upon exercising an option other than an ISO, the grantee must generally recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and nonforfeitable stock acquired on the date of exercise. Upon exercising an SAR, the grantee must generally recognize ordinary income equal to the cash or the fair market value of the freely transferable and nonforfeitable stock received. In the case of SARs and options other than ISOs, the Company will be entitled to a deduction for the amount recognized as ordinary income by the grantee. The treatment to a grantee of a disposition of shares acquired upon the exercise of an SAR or option depends on how long the shares have been held and on whether such shares are acquired by exercising an ISO or by exercising an option other than an ISO. Generally, there will be no tax consequences to the Company in connection with a disposition of shares acquired under an option except that the Company will be entitled to a deduction (and the grantee will recognize ordinary taxable income) if shares acquired under an ISO are disposed of before the applicable ISO holding periods have been satisfied. Different tax rules apply with respect to grantees who are subject to Section 16 of the 1934 Act when they acquire stock in a transaction deemed to be a nonexempt purchase under that statute.

With respect to other awards granted under the 2006 Plan that may be settled either in cash, in stock or other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the cash or the fair market value of shares or other property received. The Company will be entitled to a deduction for the same amount. With respect to awards involving stock or other property that is restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares or other property received at the first time the shares or other property become transferable or not subject to a substantial risk of forfeiture, whichever occurs earlier. The Company will be entitled to a deduction for the same amount. In certain circumstances, a grantee may elect to be taxed at the time of receipt of shares or other property rather than upon the lapse of restrictions on transferability or the substantial risk of forfeiture.

In certain cases, awards granted under the 2006 Plan may be treated as deferred compensation subject to the rules under Code Section 409A. These rules (i) impose restrictions on the timing of elections to defer the receipt of income, (ii) prohibit, with certain exceptions, the acceleration of payment of deferred compensation and (iii) restrict the timing of the distribution of deferred compensation. Should any award under the 2006 Plan which is treated as deferred compensation for purposes of Code Section 409A fail to comply with these requirements, the grantee would be required to recognize as ordinary income the full value of the non-compliant award (and the full value of all similar awards that are treated as deferred compensation, whether or not they comply with the requirements of Code Section 409A) at the time such awards vest. In addition to the inclusion in income, the grantee would also be subject to additional tax penalties and interest on the amount included in income under Section 409A of the Code.

A change in control could expose a participant who is an officer or highly-compensated individual of the Company to a 20% excise tax under Section 4999 of the Code on payments (including the value of accelerated vesting) under the 2006 Plan that constitute [excess parachute payments] within the meaning of Section 280G of the Code.

The foregoing provides only a general description of the application of federal income tax laws to certain types of awards under the 2006 Plan. The summary does not address the effects of foreign, state and local tax laws. Because of the variety of awards that may be made under the 2006 Plan and the complexities of the tax laws, grantees are encouraged to consult a tax advisor as to their individual circumstances.

Market Price

At October 20, 2006, the per share market value of the Common Stock of the Company was \$14.89. As of that date, no Class A Common Stock had been issued under the 2006 Plan or otherwise. Class B Stock is convertible into Common Stock on a share for share basis at the option of the holder.

New Plan Benefits

Except as noted below, it is not possible to determine how many discretionary grants, nor what types, will be made to grantees in the future under the 2006 Plan. It is also not possible to determine how many discretionary grants will vest rather than be forfeited. Therefore, it is not possible to determine with certainty the dollar value or number of shares of the Company's stock that will be distributed to grantees under the 2006 Plan.

The 1995 Plan expired by its own terms on August 10, 2005. Subsequent to the expiration date, management in error recommended and the Compensation Committee purported to award grants of stock options and restricted stock under the 1995 Plan to a few employees, including a grant of restricted Class B Stock to the Chief Executive Officer, Daniel S. Jaffee. The error was discovered and the awards were revoked and voided within three days of the purported grant. To correct the error, the Committee made grants of stock options and restricted stock under the 2006 Plan to those employees whose purported grants under the 1995 Plan had been revoked. (These grants are described more fully in the paragraph which follows.) In addition, the Company paid the three affected employees, including Mr. Jaffee, additional cash compensation in lieu of the dividends which the recipients of restricted stock would have received had the grants under the 1995 Plan been valid and to the recipient of stock options to compensate him for the change in the option exercise price between the originally planned date of the stock option grant and the date of the actual grant.

On March 14, 2006, the Compensation Committee awarded to Mr. Jaffee, 70,000 shares (87,500 shares after adjustment for the Stock Dividend) of restricted Class B Stock which vests in five equal annual installments beginning on December 6, 2006 and to an employee who is not an executive officer 1,000 shares (1,250 shares after adjustment for the Stock Dividend) of restricted Common Stock which vests on October 10, 2008. The Compensation Committee also awarded to an employee who is not an executive officer options to purchase 10,000 shares (12,500 shares after adjustment for the Stock Dividend) of stock at an exercise price of \$19.21 (\$15.368 after adjustment for the Stock Dividend) which was the closing price on the day of the grant; these options will vest 25% on January 1, 2007 and an additional 25% on each of the three following anniversaries of that date.

On April 19, 2006, Mr. Jaffee, with the authority granted to him by the Board of Directors, awarded to an employee who is not an executive officer 1,000 shares (1,250 shares after adjustment for the Stock Dividend) of restricted Common Stock which vests on April 19, 2009. On June 6, 2006, the Compensation Committee executed a unanimous written consent awarding to two non-executive directors options to purchase on aggregate of 20,000 shares (25,000 shares after adjustment for the Stock Dividend) of Common Stock to be granted on June 9, 2006, at an exercise price of \$18.53 (\$14.824 after adjustment for the Stock Dividend) which was the closing price on the June 9 grant date; these options will vest 100% on June 9, 2007.

The table below shows, as to each Named Officer that received an award and as to the various indicated groups, certain information with respect to awards made under the 2006 Plan. All awards are subject to approval of the 2006 Plan by the stockholders. The grants described above and shown in the table have all been adjusted for the Stock Dividend.

Name	Restricted Stock	Restricted Stock	Stock Options	Value of Restricted Stock as of October 20, 2006
	Originally Granted (Number of Shares)	after Stock Dividend (Number of Shares)	Granted as adjusted for Stock Dividend (Number of Shares)	
Daniel S. Jaffee, Chief Executive Officer	70,000	87,500	--	\$1,302,875
Executive officers as a group	--	--	--	--
Non-executive directors as a group (2 persons)	--	--	25,000	--
Non-executive employees as a group (3 persons)	2,000	2,500	12,500	\$37,225

Giving effect to the approval of this proposal and to the awards listed above relating to an aggregate of 109,500 shares of the Company's stock, there would be 810,000 additional shares of stock available for future grants under the 2006 Plan. No determinations have been made regarding the persons to whom grants will be made in the future under the 2006 Plan or the terms of such grants.

Stockholder Approval

The affirmative vote of the holders of a majority of the voting power of the Company's Common Stock and Class B Stock, voting together as one class, that are present in person or by proxy at the meeting is required for approval of the 2006 Plan. Should such stockholder approval not be obtained, then any awards granted under the 2006 Plan will terminate.

The Board of Directors recommends a vote FOR Proposal 2, approval of the Oil-Dri Corporation of America 2006 Long Term Incentive Plan.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates such information by reference in such filing.

The Compensation Committee of the Board of Directors consists of three non-employee directors, Allan H. Selig (Chairman), Ronald B. Gordon and Joseph C. Miller all of whom are non-employee directors pursuant to SEC Rule 16b-3.

The Compensation Committee oversees the Company's cash and stock based compensation programs. The Compensation Committee reviews for reasonableness and approves compensation for the executive officers and other senior management employees and sets compensation for the Chief Executive Officer. The Compensation Committee also reviews and generally oversees the Company's compensation program for all salaried employees. In fiscal year 2006, the Board did not modify or reject in any material way any recommendation or action of the Compensation Committee.

Compensation Policy

The Company's compensation policy is to provide its executive officers and other salaried employees with compensation opportunities which:

- Are competitive with companies of comparable size;
- Align compensation with overall Company performance by including annual incentive opportunities based on Company performance or other pre-determined performance goals and employees' level of responsibility;
- Provide longer term incentives to executive officers and other senior management to remain with the Company and contribute to its growth.

When comparing the Company's executive compensation with other companies, the Company refers to salary surveys prepared and published by several large consulting firms. The companies represented in the surveys participate on a voluntary basis and are not the same group as that included in the Peer Group on the Performance Graph which is included later in this Proxy Statement. On occasion the Company also uses the services of outside consultants. Using these sources, the Company sets its compensation policy to reflect the median of the marketplace in base salary and the 70th percentile in total cash compensation, if full target bonus is paid.

Section 162(m) of the Code denies a publicly held corporation, such as the Company, a federal income tax deduction for compensation in excess of \$1 million in a taxable year paid to each of its Chief Executive Officer and the four other most highly compensated executive officers. Certain [performance-based] compensation, such as stock options awarded at fair market value, is not subject to the limitation on deductibility provided that certain stockholder approval and independent director requirements are met. At present compensation levels, and given the performance-based nature of the Company's stock option plan, limitations on federal income tax deductibility of a top officer's compensation in excess of \$1 million have no impact. In general, the Company favors the preservation of tax deductibility, but reserves the right to reconsider this position.

Compensation Components

Cash compensation for non-sales employees (including the executive officers) has two components, base salary and annual incentive bonus. Sales employees generally have a third compensation component, bonus related to sales objectives. The Company has a number of salary grades reflecting differing levels of responsibility. For each salary grade, a minimum and maximum base salary range is established as well as a percentage of compensation which serves as an incentive opportunity.

26

Annual Base Salary: For each fiscal year, the Company reviews with the Compensation Committee the prior year's actual salaries for the various base salary ranges, and any proposed change in salary ranges for the coming year. The Company annually reviews with the Compensation Committee any proposed salary increases for executive officers and other senior managers. Any increases are generally based upon changes in base salary range, the individual's performance during the previous year, and any significant change in responsibilities for the upcoming year.

Annual Incentive Compensation: The Company's annual incentive bonus plan, the Oil-Dri Corporation of America Annual Incentive Plan, provides an opportunity for all salaried employees (including the executive officers) to earn a performance related cash bonus. The annual incentive plan is designed to involve communication to employees of expectations for Company performance, thus linking Company performance and total annual compensation. It provides for broad based participation, so that each salaried employee recognizes that he or she can contribute to the Company's success.

The incentive plan provides for a target bonus equal to a percentage of the individual's annual base salary. This percentage is determined by salary grade which reflects the level of responsibility and expected contribution of the employee's position to the Company's financial results. For employees in the higher salary grades (including the executive officers) a larger proportion of their total compensation takes the form of incentive compensation than is the case for employees in the lower salary grades. Currently, if full target bonus is paid under the incentive plan, the Chief Executive Officer would receive a bonus equal to 50% of his base pay. The target bonus level for other executive officers ranges from 30% to 40% of base pay.

If the Company meets its performance target, full target bonus is paid to each salaried employee. If the Company fails to meet its target but meets certain performance minimums, a bonus of less than 100% of target bonus may be paid. If the Company exceeds its target, bonuses above 100% of target may be paid; however, no employee can receive a bonus greater than 200% of target.

At the beginning of each fiscal year, the Compensation Committee reviews management's proposal for the targets which will determine payment of the incentive bonus for that year and determines the reasonableness of those targets as they relate to the total compensation of the executive officers. A corporate earnings measure has been the sole measure used under the incentive plan since fiscal 2001. This measure serves to unite all salaried employees to work together to improve the Company's performance.

For fiscal 2006, the performance measure under the annual incentive plan was the increase (or decrease) in earnings per share over the prior year's earnings per share. Employees exempt from the overtime requirements of the Fair Labor Standards Act ([exempt employees]) were to receive payment of full target bonus if earnings per share exceeded the prior year's by ten percent. Incremental performance measures were established with a maximum payment of 200% of target bonus if earnings per share exceeded the prior year's by thirty percent and a minimum payout if earnings per share were less than the prior year's by as much as twenty percent. Per the

corporate performance measure, the bonus earned under the plan by exempt employees for 2006 was 54% of target bonus. Additionally, the Chief Executive Officer exercised the discretion granted to him by the Compensation Committee to adjust, up or down, bonus payments to individual employees, including the executive officers. The annual incentive bonus paid to the Named Officers is shown in the Executive Compensation Summary Compensation Table of this Proxy Statement. Employees not exempt from the overtime requirements of the Fair Labor Standards Act (non-exempt employees) received their full target bonus of 7.5% of pay.

At its regular October 2006 meeting, the Compensation Committee approved an amendment and restatement of the Company's annual incentive plan effective as of August 1, 2006. Under the amended annual incentive plan, eligible employees (including the Company's executive officers) may receive annual cash incentive awards equal to a percentage of salary as described above. The incentive plan continues to provide for the possibility of awards based on corporate financial performance; special performance, including individual, departmental or divisional performance; or a combination of the two. The incentive plan now also provides for the possibility of an executive deferred bonus award for the Company's senior management (including the executive officers). Performance measures, targets and payout ranges used under the plan for incentive purposes are established each fiscal year based on the Company's annual business plan.

27

The Compensation Committee also approved the performance measure and targets under the incentive plan for fiscal 2007. The performance measure is corporate financial performance measured by actual performance as compared with the Company's budgeted business plan. The fiscal 2007 targets provide that exempt employees will receive their full target bonus if the Company achieves 100% of its business plan. If the Company achieves 110% of its business plan, bonuses of 150% of target will be paid and if the Company achieves 119% of its business plan, bonuses of 200% of target will be paid. If the Company achieves 90% of its business plan, bonuses of 50% of target will be paid. If the Company achieves 86% of its business plan, bonuses of 25% of target will be paid. Additional specific targets between 86% of business plan and 119% of business plan were also approved. If performance falls between two of the specified targets, the bonus payment percentage will be prorated.

Non-exempt employees will receive their full target bonus of 7.5% of pay if the Company achieves 86% or more of its business plan. Bonuses for these employees are capped at 100% of target bonus. For all participating employees, if performance is below 86% of the business plan, the Chief Executive Officer has discretion to pay up to 25% of target bonus.

The fiscal 2007 performance measure and targets for awards of executive deferred bonuses under the incentive plan are the same as those listed above for exempt employees, except that if exempt employees earn a bonus of less than 75% of target, no executive deferred bonuses will be paid. Executive deferred bonuses earned in fiscal 2007 will vest at the end of three years. All executive officers (except the Chief Executive Officer) and other members of senior management are participants in the executive deferred bonus portion of the plan for fiscal 2007.

Long-Term Incentives: The Company's 1995 Long-Term Incentive Plan (the "1995 Plan") expired by its own terms on August 10, 2005. Subsequent to the expiration date, management in error recommended and the Compensation Committee purported to award grants of stock options and restricted stock under the 1995 Plan to employees, including a grant of restricted Class B Stock to the Chief Executive Officer, Daniel S. Jaffee. (See discussion of Compensation of the Chief Executive Officer below.) The error was discovered and the awards were revoked and voided within three days of the purported grant.

Recognizing that the ability to make use of stock-based, long-term incentive compensation is important to the Company's success in attracting and retaining key employees and outside directors, the Compensation Committee at its regular March 2006 meeting recommended to the Board of Directors adoption of the Oil-Dri Corporation of America 2006 Long Term Incentive Plan (the "2006 Plan"), subject to approval of that plan by the Company's stockholders. See part II of this Proxy Statement for a full discussion of the provisions of the 2006 Plan. The Committee also made grants of stock options and restricted stock under the 2006 Plan to those employees whose purported grants under the 1995 Plan had been revoked. These grants will vest on the same dates as the original, invalid, awards would have vested, subject to approval of the 2006 Plan by the stockholders; the exercise price of the stock option grant was the closing price of the Company's Common Stock on the date of the Compensation Committee meeting. In addition, the Company paid the affected employees, including Mr. Jaffee, additional cash compensation in lieu of the dividends which the recipients of restricted stock would have received had the grants

under the 1995 Plan been valid and to the recipient of stock options to compensate him for the change in the option exercise price between the originally planned date of the stock option grant and the date of the actual grant.

The Company on September 8, 2006 paid a stock dividend of one-quarter share per each outstanding share of the Company's Common and Class B Stock to stockholders of record as of August 4, 2006 (the "Stock Dividend"). The Compensation Committee, in its role as administrator of the Company's stock based incentive plans (the 1995 Plan, the 2006 Plan and the Outside Director Stock Plan), determined that to maintain the value to the grantees of the awards granted under those plans an equitable adjustment of the number of shares of stock underlying all outstanding option awards and of the exercise price per share of those awards should be made. For awards under the 1995 Plan and the Outside Director Stock Plan, the Compensation Committee increased by 25% the number of shares of stock underlying all outstanding option awards and decreased by 20% the exercise price per share of those awards, thus maintaining the aggregate exercise price of each award. The Compensation Committee recommended to the Board of Directors that the same adjustment be made for awards under the 2006 Plan and the Board of Directors made such adjustment, subject to approval of that plan by the stockholders.

Compensation of Chief Executive Officer

The Chairman of the Board recommends and the Compensation Committee determines the compensation of the Chief Executive Officer following the general policies and guidelines described above for the compensation of executive officers.

At its October 2005 meeting, the Compensation Committee reviewed the accomplishments of the President and Chief Executive Officer, Daniel S. Jaffee during fiscal 2005 and determined that Mr. Jaffee's base salary for fiscal 2006 should be set at \$355,000. The Compensation Committee continued Mr. Jaffee's incentive bonus plan opportunity at 50% of base salary if a 100% bonus is paid under the incentive plan. As discussed under "Annual Incentive Compensation" above, actual bonus payment under the incentive plan was 54% of full target bonus, resulting in a bonus payment to Mr. Jaffee of \$95,850. In setting Mr. Jaffee's compensation, the Compensation Committee reviewed compensation data prepared and presented to the Compensation Committee by an outside consultant specializing in executive compensation. This data showed that as compared both with a general market group with annual revenues in the same range as the Company's and with a peer group selected by standard industrial classification, Mr. Jaffee's annual cash compensation fell well under the median for chief executive officers. The Compensation Committee also reviewed data from a survey of chief executive officer salaries prepared and distributed by a compensation consulting firm which also showed that Mr. Jaffee's compensation was below the median. In determining Mr. Jaffee's salary increase the Compensation Committee also considered his performance and achievements as President and Chief Executive Officer including the Company's continued improvement in return on assets and on stockholders' equity, reduction in net debt, increase in income per diluted share and increase in stock price and dividend payments. The Compensation Committee noted that all of these improvements took place despite very significant increases in energy costs. The Compensation Committee also noted Mr. Jaffee's leadership in making organizational changes and working with other members of the management team to focus the Company's sales strategies and to define its mission.

At a special meeting in December 2005, the Compensation Committee continued the discussion begun at its October meeting of the long-term incentive component of Mr. Jaffee's compensation. The compensation data, which had been prepared and presented to the Compensation Committee by the outside consultant in October, was supplemented to include a comparator group with a market capitalization in the same range as the Company's in addition to the general market group with annual revenues in the same range as the Company's and the peer group selected by standard industrial classification. This data showed that in comparison with all three peer groups Mr. Jaffee's annual long-term incentive compensation was below the median. To make Mr. Jaffee's compensation more competitive with the Company's peer groups and taking into consideration Mr. Jaffee's accomplishments as Chief Executive Officer, the Compensation Committee awarded Mr. Jaffee a grant of shares of restricted Class B Stock. As adjusted for the Stock Dividend, that grant was for 87,500 shares to vest 17,500 shares on December 6, 2006 and 17,500 on each of the four subsequent anniversaries of that date. This grant was purported to be made under the 1995 Plan and as discussed above was revoked and made under the 2006 Plan, subject to approval of that plan by the Company's stockholders.

At its October 2006 meeting, the Compensation Committee reviewed Mr. Jaffee's achievements during fiscal 2006 which included strategic focus of the Company's business; organizational changes including the reorganization of the Company's business into two segments (the Retail and Wholesale Segment and the Business-to-Business Segment) and the centralization of the procurement function; effecting price increases; expanding the Company's raw material base; and continuing to operate profitably despite significant increases in prices for fuel and other costs. The Committee determined that Mr. Jaffee's base salary for fiscal 2007 should be set at \$367,425 with continued participation in the incentive bonus plan at the same level as the prior fiscal year.

In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing, financial reporting and internal controls practices, and compliance with legal and regulatory requirements of the Company. The Audit Committee met four times during the fiscal year ended July 31, 2006.

In the discharge of its duties, the Audit Committee performed the following:

- Reviewed the scope and overall plans for the annual audit. PricewaterhouseCoopers LLP, the Company's independent auditor, advised the Audit Committee that its audit included procedures designed to provide reasonable assurance for detection of illegal acts that would have a direct and material effect on the determination of financial statement amounts and procedures designed to identify related party transactions that are material to the financial statements or otherwise require disclosure in those statements.

- On a quarterly basis, reviewed the fiscal 2006 quarterly financial statements and related news releases with management, including the Company's chief financial officer and its internal audit manager, and the independent auditor prior to their public issuance. At these meetings, the Audit Committee also discussed significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements and reviewed the specific disclosures to be included under "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's Quarterly Reports on Form 10-Q.

- Discussed with management and the independent auditor their comments on the Company's internal controls and compliance with those controls.

- Reviewed a report on pending litigation and other legal matters from the Company's general counsel.
- Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (*Communication with Audit Committee*) and Rule 2-07 under SEC Regulation S-X as well as relevant new Financial Accounting Standards affecting the Company's audited financial statements.
- Received from the independent auditor the written disclosures required by Public Company Accounting Oversight Board Rule 3600T, which adopts on an interim basis Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*).
- Monitored the services provided by the independent auditor, pre-approved all audit-related and tax services, discussed with the independent auditor the effect of the non-audit services performed on auditor independence, and concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in conducting its auditing functions.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements for fiscal year 2006 be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2006.

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

The Board of Directors recommends a vote FOR Proposal 3 to ratify the selection of PricewaterhouseCoopers LLP.

Rule 16b-3 means Rule 16b-3 or any successor or comparable rule or rules promulgated by the Securities and Exchange Commission under Section 16(b) of the 1934 Act applicable to Awards granted under the Plan.

SAR means a stock appreciation right.

Stock means Class A Common Stock, or if no Class A Common Stock is issued and publicly traded on any securities market described in the definition of fair market value, then Common Stock, par value \$0.10 per share,

of the Company and, with respect to any Award made in shares of Class B Stock to a member of the Jaffee Family who is an Employee or Outside Director of the Company or one of its subsidiaries that is more than 50% owned by the Company, Class B Stock, and, with respect to any Award specifically made in shares of Common Stock, Common Stock. Class A Common Stock, Class B Stock and Common Stock shall have their respective meanings as provided in the Company's Certificate of Incorporation, as amended.

2.2 Gender and Number. Except when otherwise indicated by the context, words in the masculine gender when used in the Plan shall include the feminine gender, the singular shall include the plural, and the plural shall include the singular.

2.3 Sections. Except when otherwise indicated by the context, any reference to a "Section" shall be to a Section of the Plan.

Section 3. Eligibility and Participation.

Participants in the Plan shall be selected by the Committee from among those Employees who, in the opinion of the Committee, are in a position to contribute materially to the Company's continued growth and development and to its long-term financial success. Outside Directors shall also be eligible to participate in the Plan.

Section 4. Administration.

4.1 Committee Administration. The Committee shall be responsible for the administration of the Plan. In addition to the other rights and responsibilities as set forth in the Plan, the Committee, by majority action thereof (whether taken during a meeting or by written consent), is authorized to interpret the Plan, to prescribe, amend, and rescind rules and regulations relating to the Plan, to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company, and to make all other determinations necessary or advisable for the administration of the Plan, but only to the extent not contrary to the express provisions of the Plan. Determinations, interpretations, or other actions made or taken by the Committee pursuant to the provisions of the Plan shall be final and binding and conclusive for all purposes and upon all persons whomsoever.

4.2 Board Reservation and Delegation. The Board may, in its discretion, reserve to itself or delegate to another committee any or all of the authority and responsibility of the Committee with respect to Awards to Participants who are not subject to Section 16 of the 1934 Act at the time any such delegated authority or responsibility is exercised. Such other committee may consist of one or more (i) officers of the Company or one of its subsidiaries, (ii) directors who may, but need not be, officers or employees of the Company or any of its subsidiaries, or (iii) a combination of individuals described in (i) and (ii) above. To the extent that the Board has reserved to itself or delegated the authority and responsibility of the Committee to such other committee, all references to the Committee in the Plan shall be to the Board or to such other committee.

Section 5. Stock Subject to Plan.

5.1 Aggregate Limitations. The total number of shares of Stock subject to Awards under the Plan may not exceed 919,500, all of which may be issued with respect to Incentive Stock Options. Such number of shares shall be subject to adjustment upon occurrence of any of the events described in Section 5.4. The shares to be delivered under the Plan may consist, in whole or in part, of authorized but unissued Stock or treasury Stock, not reserved for any other purpose.

5.2 Individual Participant Limitations. The maximum aggregate number of shares of Stock with respect to Awards granted in any calendar year under this Plan to any Participant shall be 125,000. Such number of shares shall be subject to adjustment upon occurrence of any of the events described in Section 5.4.

5.3 Reuse. If, and to the extent:

(a) An Award shall expire or terminate for any reason without having become vested or having been exercised in full (including, without limitation, cancellation and re-grant), the shares of Stock subject thereto which have not become outstanding shall (unless the Plan shall have terminated) become available for issuance under the Plan; or

(b) Awards granted under the Plan become vested and/or are exercised, and shares of Stock are tendered or withheld for the payment of the exercise price or to satisfy tax withholding amounts, then such number of shares of Stock tendered or withheld for the payment of the exercise price or to satisfy tax withholding amounts shall (unless the Plan shall have terminated) become available for issuance under the Plan.

5.4 Adjustment in Capitalization. In the event of any change in the outstanding shares of Stock that occurs after ratification of the Plan by the stockholders of the Company by reason of a Stock dividend or split, recapitalization, merger, consolidation, combination, separation (including a spin-off), exchange of shares, or other similar corporate change or distribution of stock or property by the Company, the number and class of and/or price of shares of Stock subject to each outstanding Award, the number and class of shares of Stock available for Awards and the number and class of shares of Stock set forth in Sections 5.1 and 5.2, shall be adjusted appropriately by the Committee, whose determination shall be conclusive; provided, however, that fractional shares shall be rounded to the nearest whole share.

Section 6. Duration of Plan.

The Plan shall remain in effect, subject to the Board's right to earlier terminate the Plan pursuant to Section 16 hereof, until all Stock subject to it shall have been purchased or acquired pursuant to the provisions hereof.

Section 7. Stock Options.

7.1 Grant of Options. The Committee may, in its discretion, grant Options to any Employee or Outside Director eligible under Section 3 to receive Awards. The Committee may grant any type of Option to purchase Stock that is permitted by law at the time of grant.

7.2 Award Agreement. Each Option shall be evidenced by an Award Agreement that shall specify the type of Option granted, the Option price, the duration of the Option, the number of shares of Stock to which the Option pertains, the type of Stock covered by such Option and such other provisions as the Committee shall determine; provided, however that the term of an Option shall not exceed ten (10) years.

7.3 Option Price. No Option granted pursuant to the Plan shall have an Option price that is less than the Fair Market Value of the Stock on the date the Option is granted, which date may be the date on which the Committee makes the determination to grant the Option, or such later date as specified in advance by the Committee.

7.4 Exercise of Options. Options awarded under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall approve, either at the time of grant of such Options or pursuant to a general determination, and which need not be the same for all Participants.

7.5 Payment. Options shall be exercised by the delivery of a written notice of exercise to the Company, or otherwise in accordance with procedures established by the Committee, setting forth the number of shares of Stock with respect to which the Option is to be exercised, accompanied by full payment for the Stock. The Option price upon exercise of any Option shall be payable to the Company in full either:

(a) in cash or its equivalent (including, for this purpose, the proceeds from a cashless exercise through a broker);

(b) by tendering previously-acquired Class A Common Stock, Common Stock or Class B Stock, that (i) has an aggregate Fair Market Value on the date of exercise equal to the total Option price and (ii) has been owned by

the Participant for at least six (6) months prior to the date of exercise (unless otherwise permitted by the Committee);

(c) by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law; or

(d) by a combination of (a), (b), or (c).

As soon as practicable after receipt of each notice and full payment, the Company shall deliver to the Participant a certificate or certificates representing the acquired shares of Stock.

7.6 Limitations on ISOs. Notwithstanding anything in the Plan to the contrary, to the extent required from time to time by the Code, the following additional provisions shall apply to the grant of Options which are intended to qualify as Incentive Stock Options (as such term is defined in Code Section 422):

(a) The aggregate Fair Market Value (determined as of the date the Option is granted) of the shares of Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) shall not exceed \$100,000 or such other amount as may subsequently be specified by the Code; provided that, to the extent that such limitation is exceeded, any excess Options (as determined under the Code) shall be deemed to be Nonstatutory (Nonqualified) Stock Options.

(b) Any Award Agreement pertaining to an Incentive Stock Option authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain or be deemed to contain all provisions required in order to qualify the Option as an Incentive Stock Option.

(c) No Incentive Stock Option may be granted to an Outside Director.

(d) No Incentive Stock Options may be granted after the tenth (10th) anniversary of the date on which this Plan was adopted by the Board.

(e) If an Employee owns stock representing more than 10% of the total combined voting power of all classes of stock of the Company (or, under Code Section 424(d), is deemed to own stock representing more than 10% of the total combined voting power of all such classes of stock), the purchase price per share of Stock deliverable upon the exercise of each Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Stock on the date the Incentive Stock Option is granted.

(f) Unless exercised, terminated, or canceled sooner, all Incentive Stock Options shall expire no later than ten (10) years after the date of grant. If any Employee, at the time an Incentive Stock Option is granted, owns stock representing more than 10% of the total combined voting power of the classes of stock of the Company (or, under Code Section 424(d), is deemed to own stock representing more than 10% of total combined voting power of all such classes of stock), the Incentive Stock Option granted shall not be exercisable after the expiration of five (5) years from the date of grant.

(g) The Participant shall be required to notify the Committee of any disposition of any Stock issued pursuant to the exercise of an Incentive Stock Option under the circumstances described in Code Section 421(b) (relating to certain disqualifying dispositions) within ten (10) days of such disposition.

Section 8. Restricted Stock or Restricted Stock Units.

8.1 Grant. The Committee may, in its discretion, grant shares of restricted Stock or restricted stock units to any Employee or Outside Director eligible under Section 3 to receive Awards.

8.2 Award Agreement. Each restricted Stock or restricted stock unit Award shall be evidenced by an Award Agreement that shall specify the period(s) of restrictions, the type of Stock covered by such Award, the number of shares of restricted Stock or number of restricted stock units granted, whether and/or how dividends will be credited under such Awards, and such other provisions as the Committee shall determine.

8.3 Events Upon Vesting. Upon the date that shares of restricted Common Stock become non-forfeitable, the Company shall, if on that date Class A Common Stock is issued and publicly traded on any securities market described in the definition of "fair market value," exchange such shares of Common Stock for an equal number of shares of Class A Common Stock, unless the grant of restricted Stock was specifically made as a grant of Common Stock.

8.4 Legend. Any share of restricted Stock shall bear an appropriate legend specifying that such share is non-transferable and subject to the restrictions set forth by the Committee. If any shares of restricted Stock become nonforfeitable, the Company shall cause certificates for such shares to be issued or reissued without such legend and delivered to the Participant or, at the request of the Participant, shall cause such shares to be credited to a brokerage account specified by the Participant.

Section 9. Grant of SARs.

9.1 Grant. The Committee may grant SARs to any Employee or Outside Director eligible under Section 3 to receive Awards.

9.2 Award Agreement. Each SAR shall be evidenced by an Award Agreement that shall specify the grant price, the term of the SAR, and such other provisions as the Committee shall determine; provided that the term of a SAR shall not exceed ten (10) years.

9.3 Exercise. SARs may be exercised in accordance with the vesting schedule set forth in the Award Agreement. Upon such exercise, the Participant shall receive:

(a) the excess of the Fair Market Value of a share of Stock on the date of such exercise, over

(b) an amount equal to the Fair Market Value of a share of Stock on the grant date of such SAR, unless the Committee in the grant of the SAR specified a higher amount.

The benefit upon the exercise of a SAR shall be payable in cash, except that the Committee, with respect to any particular exercise, may, in its discretion, pay benefits wholly or partly in Stock delivered to the Participant or credited to a brokerage account specified by the Participant.

Section 10. Grant of Performance Awards.

10.1 Grant. The Committee may, in its discretion, grant performance Awards to any Employee or Outside Director eligible under Section 3 to receive Awards.

10.2 Award Agreement. Each performance Award shall be evidenced by an Award Agreement that shall specify the performance goals, award level, the period over which performance goals are to be achieved (the "Performance Period"), the vesting provisions applicable to each performance Award, the initial value assigned to each performance Award, and such other provisions as the Committee shall determine.

10.3 Payment of Performance Awards. At the end of each Performance Period, the Committee shall pay to the Participant in cash or in shares of Stock (as determined by the Committee in its sole discretion) the value (if any) attributable to the performance Award in accordance with the performance measures set forth in the applicable Award Agreement. Any performance Award with respect to which the performance goals have not been achieved by the end of the applicable measuring period shall expire without any value.

Section 11. Beneficiary Designation.

Each Participant under the Plan may name, from time to time, any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his death before he receives any or all of such benefit. Each designation will revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Committee during his lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to his estate.

Section 12. Vesting and Exercise Period upon Disability, Death, Retirement or Other Termination of Employment or Service.

12.1 Disability or Death. In the event a Participant's employment or service as an Outside Director is terminated as a result of the Participant's Disability, or as a result of the Participant's death, all unvested Awards shall become immediately vested and Options shall become immediately exercisable; provided that the benefit payment with respect to any performance Award with respect to which the Performance Period has not ended as of the date of such termination of employment or service as an Outside Director, shall be computed as specified in Section 15, but substituting the words "date of such termination of employment or service as an Outside Director" for the words "date of such Change in Control." The Participant, or, in the case of a deceased Participant who has not transferred his Awards pursuant to Section 13.2, the Participant's legal representative or beneficiary, may exercise any outstanding Option or SAR prior to the expiration date of the Option or SAR, or for three (3) years from the date of the Participant's termination of employment or service as an Outside Director, whichever first occurs. However, in the case of Incentive Stock Options, the favorable tax treatment prescribed under Code Section 422 shall not be available (in which case such Option shall thereafter be treated as a Non-statutory (Nonqualified) Stock Option) if such Option is not exercised within twelve (12) months after the Participant's date of termination.

12.2 Retirement. In the event a Participant's employment or service as an Outside Director is terminated as a result of the Participant's Retirement, all unvested Awards (with the exception of restricted Stock Awards) shall become immediately vested and Options shall become immediately exercisable; provided that the benefit payment with respect to any performance Award with respect to which the Performance Period has not ended as of the date of such Retirement, shall be computed as specified in Section 15, but substituting the words "date of such termination of employment or service as an Outside Director" for the words "date of such Change in Control." The Participant may exercise any outstanding Option or SAR prior to the expiration date of the Option or SAR, or for three (3) years from the date of the Participant's termination of employment or service as an Outside Director, whichever first occurs. However, in the case of Incentive Stock Options, the favorable tax treatment prescribed under Code Section 422 shall not be available (in which case such Option shall thereafter be treated as a Non-statutory (Nonqualified) Stock Option) if such Option is not exercised within three (3) months after the Participant's date of termination. Notwithstanding anything in the foregoing to the contrary, termination of employment or service as an Outside Director on account of Retirement shall only cause a restricted Stock Award to become fully vested if the Committee at the time of Retirement approves such accelerated vesting for that restricted Stock Award.

12.3 Other Termination of Employment or Service as an Outside Director.

(a) If prior to a Change in Control, the employment or service as an Outside Director of the Participant shall terminate for any reason other than death, Disability, Retirement, or for Cause, any outstanding Option or SAR which was immediately exercisable at the date of termination may be exercised at any time prior to the expiration date of the Option or SAR or ninety (90) days after such date of termination of employment or service as an Outside Director, whichever first occurs. In addition, the Committee may in any Award Agreement specify a longer period of time in which the Award may be exercised, provided that no Award may be exercised after its expiration date. Any unvested Award shall expire without value on the date of termination.

A - 8

(b) If at or after a Change in Control, the employment or service as an Outside Director of a Participant shall terminate for any reason, any outstanding Option or SAR on the date of the Change in Control (including Options or SARs which became fully vested upon the Change in Control pursuant to Section 15) may be exercised at any time prior to the expiration date of the Option or SAR or three (3) years after such date of termination of employment or service as an Outside Director, whichever first occurs. However, in the case of Incentive Stock Options, the favorable tax treatment prescribed under Code Section 422 shall not be available (in which case

such Option shall thereafter be treated as a Non-statutory (Nonqualified) Stock Option) if such Option is not exercised within three (3) months after the Participant's date of termination (if such termination is for other than death or Disability), and if such Option is not exercised within one (1) year after the Participant's date of termination (if such termination is for death or Disability).

(c) If a Participant's employment or service as an Outside Director is terminated for Cause, then any unvested Award and any unexercised Option, SAR or other Award with exercise provisions shall be immediately forfeited.

Section 13. Restrictions on Transferability of Stock and Awards.

13.1 Restrictions on Stock Transferability. The Committee shall impose such restrictions on any shares of Stock acquired pursuant to an Award under the Plan as it may deem advisable, including, without limitation, restrictions under the applicable Federal securities law, under the requirements of any stock exchange upon which such shares of Stock are then listed and under any blue sky or state securities laws applicable to such shares.

13.2 Nontransferability of Awards. Except as provided below, no Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than as provided in Section 11 or by will or by the laws of descent and distribution. Further, all Awards granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant. Notwithstanding the foregoing, a Participant may transfer all or a portion of the Awards (other than Incentive Stock Options or restricted Stock) granted to the Participant to:

(a) the Participant's spouse, parent, and any lineal descendent (including any adopted child) of a parent of the Participant or of a parent of the Participant's spouse, and any trustee, guardian or custodian for any of the foregoing (Immediate Family Members);

(b) a trust or trusts for the exclusive benefit of such Immediate Family Members;

(c) a partnership in which such Immediate Family Members are the only partners, and which prohibits transfer of any interest in such partnership, except to the partnership or an Immediate Family Member, or

(d) such other person or entity, and on such terms and conditions, as the Committee may in its discretion permit.

A transfer may be made under this Section 13.2, provided that:

(i) there may be no consideration for any such transfer; and

(ii) subsequent transfers of transferred Awards shall be prohibited without the consent of the Committee, except transfers back to the Participant or those in accordance with Section 11.

Following a transfer, any such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to the transfer, provided that for purposes of this Plan the term "Participant" shall be deemed to refer to the transferee. The provisions of Sections 7 and 12 relating to the period of exercisability and expiration of the Award shall continue to be applied with respect to the original Participant, and the Award shall be exercisable by the transferee only to the extent, and for the periods, set forth in said Sections 7 and 12.

Section 14. Rights of Employees and Outside Directors.

14.1 Employment or Continued Service. Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment at any time, or of the stockholders to terminate any Outside Director's service as an Outside Director in accordance with the Company's Certificate of

Incorporation and By-laws, as amended, nor confer upon any Participant any right to continue in the employ of the Company or service as an Outside Director.

14.2 Participation. Nothing in this Plan shall give an Employee or Outside Director a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant.

Section 15. Change in Control.

In the event of a Change in Control, all Awards under the Plan shall vest 100%, and all Options shall become exercisable in full. The benefit payable with respect to any performance Award with respect to which the Performance Period has not ended as of the date of such Change in Control shall be equal to the product of the grant value assigned to each Award multiplied successively by each of the following:

(a) a fraction, the numerator of which is the number of months (including as a whole month any partial month) that have elapsed since the beginning of the Performance Period for such Award until the date of such Change in Control and the denominator of which is the number of months (including as a whole month any partial month) in the Performance Period; and

(b) a percentage equal to the greater of the target percentage, if any, specified in the applicable Award Agreement or the maximum percentage, if any, that would be earned under the terms of the applicable Award Agreement assuming that the rate at which the performance goals have been achieved as of the date of such Change in Control would continue until the end of the Performance Period.

Section 16. Amendment, Modification, and Termination of Plan.

The Board at any time may terminate, and from time to time may amend or modify the Plan, in whole or in part, but no such action shall in any manner adversely affect any Award theretofore granted under the Plan, without the consent of the Participant. Notwithstanding the foregoing, unless approved by the stockholders of the Company, no amendment or modification of the Plan shall be effective which would increase the total amount of Stock which may be issued under the Plan, increase the maximum number of shares which may be subject to Awards granted under the Plan to a Participant during a calendar year or extend the maximum period during which Awards may be made under this Plan. For purposes of this Section 16, any adjustment under Section 5.1 or 5.2 upon the occurrence of any of the events described in Section 5.4 shall not constitute an amendment or modification of this Plan.

Section 17. Tax Withholding.

17.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy Federal, state, and local taxes, whether domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan.

17.2 Form of Tax Payment. With respect to withholding required upon the exercise of Options, or upon any other taxable event arising as a result of Awards granted hereunder, Participants may elect to satisfy the withholding requirement, in whole or in part, in cash or by having the Company withhold shares of Stock having a Fair Market Value on the date the tax is to be determined equal to the amount of tax required to be withheld to cover any applicable income tax withholding and employment taxes.

A - 10

Section 18. Indemnification.

To the extent permitted by law, each person who is or shall have been a member of the Committee or of the Board, or who shall have acted on behalf or under authority of the Board or Committee, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he

may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts payable by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify such person or hold him harmless.

Section 19. Requirements of Law.

19.1 Requirements of Law. The granting of Awards and the issuance of shares of Stock upon the exercise of an Option shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

19.2 Code Section 409A. To the extent any Award is subject to Code Section 409A, notwithstanding any provision herein to the contrary, the Plan does not permit the acceleration of the time or schedule of any distribution related to such Award, except as permitted by Code Section 409A and/or the Secretary of the United States Treasury.

19.3 Severability. If any part of the Plan is declared to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any other part of the Plan. Any part of the Plan so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such part to the fullest extent possible while remaining lawful and valid.

19.4 Governing Law. The Plan, and all Award Agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware, without regard to the conflict of laws principles thereof.
