NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

Dear Stockholder:

We cordially invite you to attend the annual stockholders' meeting of Kimco Realty Corporation, a Maryland corporation (the "Company"). The meeting will be held on Tuesday, May 12, 2009 at 10:00 A.M. (local time), at 277 Park Avenue, 17th Floor, New York, NY 10017.

At the annual meeting, stockholders will be asked to:

1. Elect eight directors to serve for a term of one year and until their successors are duly elected and qualify;
2. Ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2009; and
3. Transact such other business as may properly come before the meeting or any adjournment(s) or postponement(s) thereof.

The Board of Directors of the Company recommends that stockholders vote **FOR** the election of the Board of Director nominees named herein and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2009. Please refer to the Proxy Statement, which forms a part of this Notice and is incorporated herein by reference, for further information with respect to the business to be transacted at the annual meeting.

The close of business on March 18, 2009 was the record date for determining stockholders entitled to notice of, and to vote at, the annual meeting.

We are pleased to take advantage of the Securities and Exchange Commission rules allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process will expedite stockholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our annual meeting. We will send a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") on or about April 2, 2009, and provide access to our proxy materials over the Internet, beginning on April 2, 2009, for the holders of record and beneficial owners of our common stock as of the close of business on the record date. If you received a Notice of Internet Availability by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice of Internet Availability instructs you on how to access and review this proxy statement and our annual report. The Notice of Internet Availability also instructs you on how you may submit your proxy over the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability. We are also sending proxy materials to any stockholder who elected to receive their proxy materials by mail or e-mail in accordance with their election.

Your proxy is important. Whether or not you plan to attend the annual meeting, please authorize your proxy by Internet, telephone, or, if you received a paper copy of the materials by mail, mark, sign, date, and return your proxy card, so that your shares will be represented at the annual meeting.

BY ORDER OF THE BOARD OF DIRECTORS,

KIMCO REALTY CORPORATION

**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS**

to be held on May 12, 2009

This Proxy Statement is furnished to holders of record of the Common Stock, par value \$0.01 per share (the "Common Stock"), of Kimco Realty Corporation, a Maryland corporation (the "Company"), in connection with the solicitation of proxies for use at the 2009 Annual Meeting of Stockholders (the "Meeting") of the Company to be held on Tuesday, May 12, 2009, at 10:00 A.M. (local time), at 277 Park Avenue, 17th Floor, New York, NY 10017 for the purposes set forth in the Notice of Annual Meeting of Stockholders.

This solicitation is made by the Company on behalf of the Board of Directors of the Company (the "Board of Directors" or the "Board"). Costs of this solicitation will be borne by the Company. Directors, officers, employees and agents of the Company and its affiliates may also solicit proxies by telephone, telegraph, fax, e-mail or personal interview. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to stockholders. The Company will pay fees of approximately \$6,000 to The Altman Group, Inc. for soliciting proxies for the Company.

Holders of record of the Common Stock as of the close of business on the record date, March 18, 2009, are entitled to receive notice of, and to vote at, the Meeting. The outstanding Common Stock constitutes the only class of securities entitled to vote at the Meeting and each share of Common Stock entitles the holder thereof to one vote. At the close of business on March 18, 2009, there were 271,083,555 shares of Common Stock outstanding. The presence at the Meeting, in person or by proxy, of holders of a majority of such shares will constitute a quorum for the transaction of business at the Meeting.

Stockholders can vote in person at the Meeting or by proxy. There are three ways to vote by proxy:

- By Telephone – Stockholders located in the United States can authorize their proxy by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
- By Internet – Stockholders can authorize their proxy over the Internet at www.proxyvote.com by following the instructions on the proxy card; or
- By Mail – If you received your proxy materials by mail, you can vote by mail by signing, dating and mailing the enclosed proxy card.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (EDT) on May 11, 2009.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Meeting in order to vote.

If you vote by proxy, the individuals named on the proxy card (your "proxies") will vote your shares in the manner you indicate. You may specify whether your shares should be voted for or against all, some or none of the nominees for director and whether your shares should be voted for or against the other proposal. If you sign and return the proxy card without indicating your instructions, your shares will be voted as follows:

1

Shares represented by proxies, if such proxies are properly executed and returned and not revoked, will be voted as specified. Where no specification is made on a properly executed and returned form of proxy, the shares will be voted (i) **FOR** the election of all nominees for Director (See Proposal 1) and (ii) **FOR** ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2009 (see Proposal 2). To be voted, proxies must be filed with the Secretary of the Company prior to voting. Proxies may be revoked at any time before exercise (i) by filing a notice of such revocation with the Secretary of the Company, (ii) by filing a later-dated proxy with the Secretary of the Company or (iii) by voting in person at the Meeting. Dissenting stockholders will not have rights of appraisal with respect to any matter to be acted upon at the Meeting.

Under Maryland law, shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Meeting, but with respect to which such broker or nominee is not empowered by the beneficial owner of the stock to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

If you intend to vote in person, you may be asked to present valid photo identification, such as a driver's license or passport, before being admitted to the Meeting. Cameras, recording devices and other electronic devices will not be permitted at the Meeting. If you hold shares in "street name" (that is, through a bank, broker or other nominee) and would like to attend the Meeting, you will need to bring an account statement or other acceptable evidence of ownership of our Common Stock on March 18, 2009, the record date for voting. Alternatively, in order to vote, you may obtain a proxy from your bank, broker or other nominee and bring the proxy to the Meeting.

The Securities and Exchange Commission's rules permit us to deliver a single Notice or set of Annual Meeting materials to one address shared by two or more of our stockholders. We have delivered only one proxy statement and annual report to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We will promptly deliver, upon written or oral request, a separate copy of the Notice or Annual Meeting materials, as requested, to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the proxy statement or annual report, contact Broadridge Financial Solutions, Inc. at 1-800-542-1061 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future Notices, proxy statements and annual reports for your household, please contact Broadridge at the above phone number or address.

The persons named as proxies in the accompanying form of proxy intend to vote in favor of the election of the eight nominees for director designated below to serve until the next annual meeting of stockholders and until their respective successors are duly elected and qualified. It is expected that each of these nominees will be able to serve, but if any such nominee is unable to serve, the proxies may vote for another person nominated by the Nominating and Corporate Governance Committee and approved by the Board of Directors or the Board may, to the extent permissible by the Bylaws, reduce the number of directors to be elected at the Meeting.

All of the current members of the Board attended at least 75% of the meetings held during their tenure. All of the Directors of the Board were in attendance at the 2008 Annual Meeting of Stockholders held on May 13, 2008. Our Director Attendance policy is included in our Corporate Governance Guidelines, which is available through the Investor Relations/Corporate Governance/Highlights/Governance Documents section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Stockholder Communications with Directors. The Audit Committee and the non-management directors have established procedures to enable anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board, to the Lead Director, to the non-management directors or to the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing by sending a letter by mail addressed to the Board of Directors, the non-management directors or the Lead Director by sending a letter by mail addressed to the Board of Directors or the non-management directors (or Lead Director) c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, New Hyde Park, New York, 11042-0020. The Board has designated Richard G. Dooley as its Lead Director to review stockholder communications and present them to the entire Board or forward them to the appropriate Directors.

Director Independence

Pursuant to the New York Stock Exchange listing standards, our Board of Directors has adopted a formal set of categorical standards of Director Independence. These categorical standards specify the criteria by which the independence of our Directors will be determined, including guidelines for Directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. These categorical standards meet, and in some areas exceed, the listing standards of the New York Stock Exchange. The Board's categorical standards are included in our Corporate Governance Guidelines, which is available through the Investor Relations/Corporate Governance/Highlights/Governance Documents section of the Company's website located at www.kimcorealty.com.

In accordance with these categorical standards and the listing standards of the New York Stock Exchange, the Board undertook its annual review of the independence of its Directors on February 3, 2009. During this review, the Board considered transactions and relationships between each Director or members of his immediate family and the Company. The Board also considered whether there were any transactions or relationships between Directors or members of their immediate family (or any entity

of which a Director or an immediate family member is an executive officer, general partner or significant equity holder). The purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the Director is independent.

As a result of this review, the Board affirmatively determined that the following nominees for Director are independent of the Company and its management under the standards set forth in the categorical standards and the New York Stock Exchange listing requirements:

Joe Grills
Frank Lourenso
Philip E. Coviello

Richard G. Dooley
F. Patrick Hughes
Richard Saltzman

In making these determinations, the Board considered the relationships and transactions described under the caption "Certain Relationships and Related Transactions" beginning on page 32.

With respect to all transactions considered by the Board, the amount involved in these transactions in each of the last three years did not approach the thresholds set forth in the categorical standards. In addition, none of the Directors' family members served as an executive officer of the Company.

Committees of the Board of Directors

Audit Committee. The Audit Committee currently consists of Mr. Hughes, who is chairman of the Audit Committee, Mr. Dooley, Mr. Grills and Mr. Coviello, all of whom are independent directors. The Board of Directors has established the Audit Committee to (i) appoint and oversee the engagement of independent registered public accountants, (ii) review with the independent registered public accountants their plans and results of the audit engagement, (iii) approve professional services provided by the independent registered public accountants, (iv) review the independence of the independent registered public accountants, (v) consider the range of audit and non-audit fees, (vi) review the Company's financial statements and financial reporting issues and (vii) review the adequacy of the Company's internal accounting controls. Nine meetings of the Audit Committee were held in person or telephonically during 2008. Each of Mr. Hughes, Mr. Dooley, Mr. Grills and Mr. Coviello is an "audit committee financial expert", as determined by the Board in accordance with Item 407(d)(5) of Regulation S-K, and are "independent" from the Company as defined by the current listing standards of the New York Stock Exchange. The Audit Committee operates under a written charter, as amended, adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended, is available through the Investor Relations/Corporate Governance/Highlights/Committee Charters section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Executive Compensation Committee. The Executive Compensation Committee currently consists of Mr. Grills, who is chairman of the Executive Compensation Committee, Mr. Dooley, Mr. Lourenso, Mr. Hughes, Mr. Saltzman and Mr. Coviello, all of whom are independent directors. The Board of Directors has established an Executive Compensation Committee to (i) review (in consultation with management or the Board), recommend to the Board for approval and evaluate the compensation plans, policies and programs of the Company, especially those regarding executive compensation and (ii) determine the compensation of the chief executive officer and all other executive officers of the Company.

More specifically, the Executive Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation—that is, changes in base salary, bonus payments and equity awards—of the Chief Executive Officer. For other named executive officers, the Executive Compensation Committee reviews their performance against these goals and objectives and, based on its evaluation, approves their total direct compensation. The details of the processes and procedures involved are described in the Compensation Discussion and Analysis ("CD&A") beginning on page 9.

Twelve meetings of the Executive Compensation Committee were held in person or telephonically during 2008. The Executive Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the Executive Compensation Committee Charter is available through the Investor Relations/Corporate Governance/Highlights/Committee Charters section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Nominating and Corporate Governance Committee. The Board of Directors has established a Nominating and Corporate Governance Committee which currently consists of Mr. Dooley, who is chairman of the Nominating and Corporate Governance Committee, Mr. Grills, Mr. Lourenso, Mr. Hughes, Mr. Saltzman and Mr. Coviello, all of whom are independent directors as defined by the rules of the New York Stock Exchange. The functions of the Nominating and Corporate Governance Committee include recommending candidates for annual election to the

Board of Directors, to fill vacancies on the Board of Directors that may arise from time-to-time and senior management succession. The Nominating and Corporate Governance Committee is not limited to any specific process in identifying candidates and will consider candidates suggested by other members of the Board, as well as candidates recommended by stockholders, provided such recommendations are submitted in writing ninety days in advance of the anniversary of the preceding year's annual meeting of stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's proxy statement. Recommendations should be submitted to the Secretary of the Company. In addition, the Nominating and Corporate Governance Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling other duties.

In reviewing possible Board candidates, including candidates recommended by stockholders, the Committee considers a candidate's industry expertise, ethical standards, integrity and personal reputation and accounting and finance background. The Committee also considers other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, and the evaluations of other prospective candidates. After completing this evaluation and review, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

The Nominating and Corporate Governance Committee is also responsible for ensuring that the Company adheres to good corporate governance principles and for developing and implementing the Company's (i) Corporate Governance Guidelines that apply to all of its directors and management and (ii) Code of Business Conduct and Ethics for all of its directors and employees. The Nominating and Corporate Governance Committee is also charged with the task of ensuring the Company's compliance with all New York Stock Exchange listing requirements. Four meetings of the Nominating and Corporate Governance Committee were held in person during 2008. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors. Copies of the Nominating and Corporate Governance Committee charter, the Corporate Governance Guidelines, and the Code of Business Conduct and Ethics are available through the Investor Relations/Corporate Governance/Highlights section of the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests it.

Attendance at Committee Meetings. Each of the Directors comprising these various Committees of the Board of Directors attended at least 75% of all meetings of such Committees held during their tenure.

Meetings of Non-Management Directors. The Non-Management Directors meet in executive session at each regularly-scheduled Board meeting, or more frequently if necessary. "Non-Management" Directors are all those Directors who are not employees of the Company. The Non-Management Directors consist of Messrs. Dooley, Grills, Hughes, Lourenso, Saltzman and Coviello. The Board of Directors has named Richard G. Dooley as its Lead Director. In this capacity, Mr. Dooley is designated to chair executive sessions of the Company's Non-Management Directors and to act as a liaison between management and other independent directors. Stockholders wishing to communicate with the Lead Director or with the Non-Management Directors as a group may send a letter by mail addressed to the Lead Director c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, New Hyde Park, New York, 11042-0020.

Vote Required

Assuming the presence of a quorum, in uncontested elections of directors, such as this election, each director must be elected by a majority of the votes cast by the shares of Common Stock present, in person or by proxy, and entitled to vote at the Meeting. With respect to director elections, a "majority of the votes cast" means the affirmative vote of a majority of the total votes cast "for" and "against" such nominee. In accordance with the Company's Bylaws, for purposes of determining the outcome of the election of directors, shares represented by proxies reflecting abstentions or broker non-votes will not count as a vote cast with respect to a director's election, therefore will have no effect on the election of directors.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT YOU VOTE FOR ALL OF THE NOMINEES SET FORTH IN THIS PROXY STATEMENT.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

We pay our named executive officers, or NEOs, using salary, bonus and equity awards. We seek to pay our NEOs in a way that encourages long-term increases in stockholder value and long-term employee retention. We also recognize that our NEO pay must compete with what comparable employers pay. For 2008, our NEOs were:

- Milton Cooper, Chairman of the Board of Directors and Chief Executive Officer;
- David B. Henry, President and Chief Investment Officer;
- Michael V. Pappagallo, Executive Vice President, Chief Financial Officer, and Chief Administrative Officer;
- David R. Lukes, Executive Vice President and Chief Operating Officer;
- Michael J. Flynn, who served as our Vice Chairman of the Board of Directors, President, and Chief Operating Officer prior to his transition to an employee-consultant arrangement on January 1, 2009; and
- Jerald Friedman, who formerly served as an Executive Vice President prior to his last day of employment on December 31, 2008.

Our Board of Directors has an Executive Compensation Committee that administers and monitors what and how we pay our NEOs and other executives. The Committee held twelve meetings in person or by phone during 2008. The Committee comprises Joe Grills (Chairman), Philip Coviello, Richard Dooley, Richard Saltzman, Frank Lourenso and F. Patrick Hughes.

Compensation Philosophy

Our pay philosophy centers on these principles:

- We motivate and reward our NEOs to achieve meaningful results that support our strategic goals and stockholder interests. Our compensation decisions consider corporate performance and each NEO's contributions to corporate performance.
- We pay our NEOs a base salary, annual cash bonus and equity awards in the context of peer group practices. We avoid complex pay structures.
- We view our NEOs as a team and pay a roughly similar range of base salary. We differentiate among our NEOs and recognize their roles and responsibilities through our cash bonuses and equity awards.
- We use equity awards to attract and retain the best talent and achieve our goal of long-term value creation. We grant equity awards commensurate with each NEO's responsibilities and performance.
- We manage the cost of our programs while maintaining their purpose and benefit to stockholders.

Determining the Amounts and Allocation of Compensation

The Management's Discussion and Analysis section of our 2008 Annual Report provides an initial framework for understanding the business context influencing the Committee's decisions on NEO compensation. The Committee considered a number of quantitative and qualitative factors in determining our NEO's 2008 compensation, including:

Quantitative Criteria

- Funds from Operations (FFO)¹
- Occupancy levels in our portfolio
- Contributions from real estate investment programs and operating businesses
- Results of operations
- Liquidity and financial position
- Improving operational efficiency

1 The Committee also noted the decrease in our Funds from Operations, or FFO, to \$522.9 million for 2008 from \$669.8 million for 2007. On a diluted per share basis, FFO decreased 22.0% to \$2.02 for 2008 from \$2.59 for 2007. We calculate FFO from net income applicable to shares of common stock, as shown on our Consolidated Statements of Income, excluding gains from sales of depreciated property, plus depreciation and amortization, after adjustments for unconsolidated partnerships and joint ventures and adjustments for unrealized remeasurement of derivative instrument. We believe that FFO is an important metric in determining the success of our business as a real estate owner and operator.

- Return on capital
- Credit and risk management
- Historical compensation levels

Qualitative Criteria

- Partnership philosophy
- Individual executives' contributions to business success – see "Analysis of Each NEO's Compensation" below.
- Establishing, refining and executing strategic plans
- Continuing uncertainty with respect to macroeconomic conditions and instability in the capital markets
- Maintaining compliance and controls
- Desire for meaningful retention
- Motivation and mentorship of our business leaders

The Committee considers these factors as a whole. We also consider our CEO's evaluation of our individual executives' performance and his recommended set of compensation actions for all NEOs. We use our business judgment to determine the most appropriate compensation to recognize the contributions and potential of our executives. Our approach favors active deliberation rather than rigid formulas. We do not use specific performance targets for evaluating corporate or individual NEO performance. In light of the diverse and complex factors considered in connection with its evaluation of our corporate and individual NEO performance, the Committee does not find it productive, and does not attempt, to rank or assign relative weights to these factors. In considering the factors described above, individual members of the Committee may have given different weight to different factors. The Committee expects to maintain flexibility in determining and structuring the Company's executive compensation arrangements in the future.

Allocation of Compensation. We have paid Messrs. Cooper, Flynn, Henry, Lukes, and Pappagallo approximately 50% of their total compensation in the form of stock options, with the remaining 50% paid in the form of base salary and cash bonus. Mr. Friedman did not receive compensation in the form of stock options in 2008. His total compensation took the form of base salary and cash bonus. We believe these allocations strike the appropriate balance between assured compensation and performance-based compensation.

Base Salary. Messrs. Henry, Pappagallo, and Lukes are each guaranteed base salaries in their employment agreements of \$700,000. Mr. Pappagallo's base salary was increased to \$700,000 from the guaranteed base salary of \$450,000 in his prior employment agreement to recognize his additional responsibilities as the Company's Chief Administrative Officer and his performance as described in "Analysis of Each NEO's Compensation" below. Mr. Flynn's employment agreement guaranteed a base salary of \$700,000 and Mr. Friedman's employment agreement guaranteed a base salary of \$500,000. Based on their past performance, Messrs. Flynn and Henry's base salaries in 2008 were \$750,000. Mr. Cooper's base salary has historically been similar to the base salaries of each of Messrs. Flynn and Henry. In determining these contractual base salaries, the Committee considered their individual qualifications and experience, scope of responsibilities, future potential, the goals and objectives established for each NEO, past performance and the practices of our peer group, without applying a quantitative formula. We did not seek a specific target within our peer group.

Base salary increases, if any, are based upon the performance of each NEO as assessed by the Board of Directors or the Committee. No formulaic base salary increases are provided to the NEOs, and other forms of compensation are generally used to reward overall Company performance or exceptional performance of a particular NEO.

Cash Bonus. We do not use a formula to determine cash bonuses paid to our NEOs. In determining cash bonuses, the Committee considered Mr. Cooper's recommendation that 2008 bonuses be set at approximately 80% of 2007 bonus levels and the Company's financial results in the context of macroeconomic conditions which are beyond our NEOs' control. The Committee determined that this level was appropriate based on (i) the performance of the individual NEOs, (ii) the proportion of each NEO's overall compensation that is represented by the annual cash bonus and by cash compensation overall and (iii) the need to retain and reward NEOs whose equity awards are underwater (or have significantly lower value based on market conditions). The Committee also generally looks to a particular NEO's individual performance for a particular year, as detailed in the "Analysis of Each NEO's Compensation." The Committee also considers any minimum bonuses required by employment agreements. Messrs. Flynn, Henry and Lukes are guaranteed a minimum bonus of \$625,000, \$600,000, and \$100,000 respectively. Mr. Flynn agreed to receive a bonus in 2008 which is less than the guaranteed amount for the bonus in his employment agreement. Mr. Friedman received a bonus of \$450,000 for 2008 in accordance with his employment agreement.

Comparison to Competitive Market. We review competitive compensation data from a select group of peer companies and broader survey sources. However, we do not set our NEO pay as a direct function of market pay levels. Instead, we use market data to help confirm that our pay practices are reasonable. At the Committee's direction, its compensation consultant, Towers Perrin, gathered competitive market data for our review. As a primary reference, Towers Perrin gathered proxy pay data for REITs with market capitalizations comparable to ours, including the following:

AMB Property Corp.	Forest City Enterprises, Inc.	Public Storage
AvalonBay Communities, Inc.	General Growth Properties, Inc.	Regency Centers Corporation
Boston Properties	HCP, Inc.	Simon Property Group, Inc.
Brookfield Properties Corp.	Host Hotels & Resorts, Inc.	SL Green Realty Corp.
Developers Diversified Realty Corp.	Marriott International, Inc.	Starwood Hotels & Resorts
Duke Realty Corp.	Macerich Company	Ventas, Inc.
Equity Residential	Plum Creek Timber Company, Inc.	Vornado Realty Trust
Federal Realty Investment Trust	ProLogis	

In addition, recognizing the broad market for talent similar to that required of our executives, Towers Perrin provided the Committee with survey data from Towers Perrin's Executive Compensation Data Bank (CDB), Watson Wyatt's Financial Services Survey, and the NAREIT Compensation Survey, as provided to Towers Perrin by Kimco management for use in this review. Where possible, survey data were regressed based on similar assets or capitalization to best account for the Company's size. Towers Perrin presented other information to the Committee, including: wealth creation analyses, beneficial ownership reports, and annual and long-term incentive compensation design reviews. The Committee considered the Towers Perrin information as an input in its decision making process for determining our NEOs' compensation. However, the Committee did not use the Towers Perrin reports to set targets or benchmarks in making its compensation decisions. Towers Perrin reported directly and exclusively to the Committee and provided no other services besides executive compensation services to the Company.

Tax and Accounting Considerations. The recognition or deferral of period expense in our financial statements did not factor into the allocation of compensation among base salary, bonus and equity awards. Cash salary and bonus are generally charged as an expense in the period in which the amounts are earned by the NEO. The value of equity awards are amortized ratably into expense over the vesting period, except for the value of equity awards granted to Messrs. Cooper and Flynn, which was expensed immediately in the period financial statements as of the grant date in accordance with FAS 123(R), which requires immediately expensing options of employees eligible for retirement.

Section 162(m) of the Internal Revenue Code (the "Code") generally places a \$1 million annual limit on the amount of compensation paid to each of the Company's named executive officers other than our Chief Financial Officer that may be deducted by the Company for federal income tax purposes unless such compensation constitutes "qualified performance-based compensation" which is based on the achievement of pre-established performance goals set by a committee of the Board of Directors

pursuant to an incentive plan that has been approved by the Company's stockholders. Because we do not use pre-established performance goals, the bonus compensation paid to our NEOs in 2008 did not constitute "qualified performance-based compensation." The Second Amended and Restated 1998 Equity Participation Plan, as amended (the "Equity Participation Plan") provides that certain awards made thereunder may, in the discretion of the plan administrator, be structured so as to qualify for the "qualified performance-based compensation" exception to the \$1 million annual deductibility limit of Section 162(m).

The Equity Participation Plan, its related agreements, and our NEOs' employment agreements were amended in a manner intended to comply with, or to exempt the compensation arrangements set forth therein from, the Section 409A documentary compliance deadline of December 31, 2008.

Analysis of Each NEO's Compensation

Milton Cooper, David Henry, and Michael Flynn

Milton Cooper serves as our Chief Executive Officer and David Henry serves as our President and Chief Investment Officer. Mr. Flynn served as our President and Chief Operating Officer prior to his retirement on December 31, 2008. The Committee generally sought to compensate Messrs. Cooper, Flynn and Henry comparably. This approach reflected our philosophy that our NEOs are partners who contribute jointly to our corporate performance. Compensation of these three NEOs was based on an assessment of their contributions toward our successful corporate performance, described in the qualitative performance factors for each NEO below.

Messrs. Cooper, Henry, and Flynn each received a base salary of \$750,000 in 2008. Our employment contracts with Messrs. Henry and Flynn provided for a guaranteed base salary of \$700,000. Mr. Cooper does not have an employment contract with us and has no guaranteed base salary. Mr. Cooper's base salary is also \$750,000 based on our NEO partnership philosophy.

Messrs. Cooper, Henry, and Flynn received cash bonuses of \$580,000, \$780,000, and \$580,000 respectively, which represent 80% of the amounts of their cash bonuses for 2007. The Committee and management believe that the decreased cash bonuses for 2008 appropriately reflected the Company's financial results in the context of macroeconomic conditions which are beyond our NEOs' control. Mr. Cooper has no employment agreement and no guaranteed bonus. Mr. Henry received quarterly bonus payments totaling \$580,000, less than the guaranteed quarterly bonus payments in his employment agreement which total \$600,000, and also a one-time special bonus of \$200,000. Mr. Henry received a special mid-year bonus of \$200,000 for his outstanding work in expanding and supervising the international portfolio in Latin America and Canada. This includes our acquisitions in Chile, Mexico, Brazil and Peru. Mr. Henry also played a major role in enhancing our relationships with key mortgage lenders, industry trade groups, and institutional joint venture partners. Mr. Flynn agreed to receive a bonus in 2008 which is less than the \$625,000 guaranteed amount for his bonus in his employment agreement.

In addition, in 2008, Messrs. Cooper, Flynn and Henry each received stock options to purchase 200,000 shares of our common stock. This reflects our desire to rely on equity grants to motivate our three NEOs who have the highest level of responsibility for our corporate performance.

For Mr. Cooper, the following qualitative performance factors were considered in determining his compensation:

- Oversight of the Company's 11,500,000 share equity offering in September 2008 which was priced at \$37.10 per share and 90% of which was subscribed to by retail investors. Proceeds to the Company were approximately \$410,000,000.
- Guided the Company to weather the current economic storm by focusing on balance sheet strength and conservation of liquidity. Shifted the Company's focus to recurring income areas of business as opposed to transactions.
- Strengthened the partnership concept by realigning and mentoring the executive management team. This included promoting Mr. Henry to President, Mr. Lukes to Chief Operating Officer, and Mr. Pappagallo to

Chief Administrative Officer.

14

- Reduced Kimco's exposure to development risk. Merchant building development program was scaled down so that no new developments were started or agreed to and our active developments are now limited to five projects.
- Scaled down acquisitions so that the Company's total purchases for 2008 were approximately \$100 million.
- Sold our interest in G-Accion and generated an FFO distribution of \$37.5 million from Albertsons.
- Focused planned cost reductions which were implemented in early 2009.

For Mr. Henry, the following qualitative performance factors were considered in determining his compensation:

- Significant efforts and time commitments in 2008 towards enhancing relationships with key mortgage lenders, institutional joint venture partners, major stockholders, securities analysts, banking contacts, selected tenants, industry trade groups, clients, and customers of the Company's various operating businesses and investments.
- Continued to lead Investment Committee process and portfolio reviews, new business initiatives, and employee communication efforts.
- Supervised international portfolio growth, business planning/execution, joint venture relationships and capital recycling efforts in Canada and Latin America.
- Worked with senior leadership to implement major changes in the Company's business model to reflect the current environment. Such changes include eliminating the Company's U.S. merchant building business, securities trading, short term debt investments, and non retail related activities together with significant reductions in overhead and staffing.
- Built strong dedicated funds management group with both portfolio management and origination capabilities. Closed several new funds and joint venture relationships in a difficult environment and worked to maintain strong relationships with existing clients.

For Mr. Flynn, the following qualitative performance factors were considered in determining his compensation:

- Contributions to marketing and leasing programs to support leasing of the Company's core properties and joint venture investments.
- Service on the Company's Investment Committee, including review of U.S. and international investment opportunities and risk management matters.
- Conducted diligence on certain potential property acquisitions and formulated recommendations with respect to purchase or rejection of these properties.
- Service as Chairman of the Board of Directors of Blue Ridge Real Estate Company. The Company has significant ownership of Blue Ridge.

After his transition from full-time employment at the Company effective January 1, 2009, Mr. Flynn continues to be engaged in a strategic advisory capacity, which includes serving on the Company's investment committee, consulting on the Company's business projects in selected locations and participating in periodic business unit and portfolio reviews.

Michael Pappagallo, David Lukes, and Jerald Friedman

With respect to Messrs. Pappagallo, Lukes, and Friedman, the Committee considers overall contribution to our business for Messrs. Pappagallo, Lukes, and Friedman in a comparable manner to the approach for the other NEOs described above. The Committee also considers performance in their respective areas of responsibility. In addition, the Committee considers Mr. Cooper's recommendations.

15

Mr. Pappagallo has significant oversight responsibility for financial and accounting matters. His final base salary was \$700,000 and he received a cash bonus of \$500,000 and stock options to purchase 125,000 shares of our common stock. Mr. Pappagallo's base salary was increased to \$700,000 from the guaranteed base salary of \$450,000 in his prior employment agreement, and Mr. Pappagallo's stock options to purchase shares of our common stock were increased to 125,000 shares in 2008 from 100,000 shares in 2007. The increases in Mr. Pappagallo's base salary and stock options reflect his increased additional responsibilities as our Chief Administrative Officer and his performance factors below. Consistent with the reductions in bonuses for our other NEOs in 2008, Mr. Pappagallo's 2008 cash bonus is approximately 80% of the amount of his 2007 cash bonus.

For Mr. Pappagallo, the following qualitative performance factors were considered in determining his compensation:

- Contributions to maintain liquidity and financial flexibility despite severely constrained capital markets, including the issuance of 11,500,000 shares of common stock and the successful financing and refinancing of maturing indebtedness in the Company's consolidated and joint venture portfolios, aggregating \$1.1 billion.
- Collaboration on the determination of the overall strategic direction of the Company and leadership role in development of the Company's formal strategic framework.
- Sponsorship of major initiatives in human resource management, including enhancements in employee performance management and appraisal process, introduction of new technology, driving better consistency in the approach to determination of cash and equity based compensation, and enhancements of associate benefit programs and work rules.
- Increased visibility with the investment community to foster improved communication and financial disclosure; significantly increased the number of investor meetings and provided additional analyses and data with respect to the Company's business units.
- Enhancement of risk management routines by ongoing implementation of enterprise risk management guidelines; development of additional control and monitoring routines over non traditional investments and non-U.S. investments.
- Improvement of organizational effectiveness within the Finance function through establishment of integrated analysis group, consolidation of duplicate functions and realignment of resources to foster career development.

Mr. Lukes was named Chief Operating Officer of the Company in 2008. Mr. Lukes directs the strategy and day-to-day activities of the Company's shopping center business. Before his appointment as Chief Operating Officer, Mr. Lukes served as the Company's Executive Vice President with responsibility for the financial performance of the U.S. and Puerto Rico portfolios. In 2008, he received a base salary of \$700,000, as required by his employment contract, a cash bonus of \$100,000 and stock options to purchase 125,000 shares of our common stock.

For Mr. Lukes, the following qualitative performance factors were considered in determining his compensation:

- Provided direction on regional leasing strategy and maintained high leasing production. The Company executed 652 new leases in 2008 totaling 3.1 million gross square feet.
- Completed major redevelopment entitlements and increased redevelopment pipeline on existing assets. Current pipeline contains 8 projects in execution phase, totaling \$88 million in investment with an additional 6 projects under design and entitlements.

- Organized and implemented regional restructuring in the Western Region and Puerto Rico for increased efficiency and performance.

16

- Consolidated Kimco Developers, Inc. business unit and associated properties into the Company's operating business. Reduced business unit overhead and incorporated leasing and property management functions into core operating staff.
- Increased exposure to the investment community through presentations of the Company's core operations and asset fundamentals.

Mr. Friedman was responsible for our real estate merchant development program prior to his last day of employment on December 31, 2008. The performance of this program and in particular the performance of Kimco Developers, Inc. ("KDI"), our development subsidiary, was considered in determining his compensation. Mr. Friedman's employment contract provided that his cash bonus would equal the lesser of 15% of the profits of Kimco Developers or \$450,000, unless the Committee approved a different amount. The Company entered into a separation agreement with Mr. Friedman on November 3, 2008, which terminated Mr. Friedman's employment agreement. See "Mr. Friedman's Employment Agreement and Separation Agreement" below. In 2008, Mr. Friedman received a base salary of \$500,000 as required by his employment contract, and a bonus of \$450,000.

For Mr. Friedman, the following qualitative performance factors were considered in determining his compensation:

- During the year ended December 31, 2008 KDI acquired various land parcels, in separate transactions, relating to two ground-up development projects for an aggregate purchase price of approximately \$7.7 million. The acquired properties are located in El Mirage, Arizona and Cypress, Texas.
- Additionally, during the year ended December 31, 2008, KDI sold its partnership interest in one project in Woodlands, TX, one completed project in Harpeth, TN, 20 land parcels and 6.5 acres of undeveloped land, in separate transactions, for approximately \$67 million. KDI also realized earn-outs on 3 previously sold projects. These sales resulted in recognition of pre-tax gains of approximately \$36.5 million.
- In preparing the Company for the economic downturn, the development process was slowed down and appropriate staff of KDI were integrated into the Company's core operations.

Additional Compensation Considerations

Employment Agreements. Messrs. Henry, Lukes, and Pappagallo have signed employment agreements which determine their base salaries, bonuses, and severance and change-in-control payments as described below. Mr. Cooper does not have an employment agreement and thus has no guaranteed base salary, bonus, severance or change-in-control payments. The employment agreements for Messrs. Henry and Pappagallo expire on April 14, 2011. The initial term of the employment agreement for Mr. Lukes expires on August 18, 2011 and the term is thereafter automatically extended for successive one-year periods subject to either party's notice to terminate the agreement at least 3 months prior to the end of the term. Mr. Flynn's employment agreement was superseded by his consulting agreement effective January 1, 2009. Mr. Friedman's employment agreement terminated upon the execution of his separation agreement with the Company on November 3, 2008.

Long-Term Incentives □ *Equity Awards.* The exercise price of stock options granted to our NEOs is 100% of the market closing price of our stock on the date of the grant. Prior to the equity award cycle, the Committee develops a yearly timeline for stock option grants to our NEOs, including a proposed grant date that is the same for all NEOs. This timeline is historically determined so grants will occur sufficiently after the announcement of our second quarter results to ensure that our stock option exercise prices reflect a fully-informed market price. As a general principle, we do not time grants in connection with the release of material non-public information.

Options generally vest in 20% (or 25% for grants on and after August 6, 2008) increments on each of the first five (or, for grants on or after August 6, 2008, four) anniversaries of the grant date, although options granted to any employee (including our NEOs) who have turned 65 or who have at least 20 years of service with us vest immediately upon retirement, in accordance with our Equity Participation Plan.

17

We changed our option vesting schedule to four years for grants made on and after August 6, 2008 in order to more appropriately match competitive practices and better motivate our employees. Mr. Cooper is currently eligible to retire from the Company, and his options would vest immediately upon retirement. We do not maintain special pension plans for our NEOs because we believe this accelerated vesting offsets the lack of such plans. The Committee may accelerate equity vesting at its discretion.

We determined the amounts of each NEO's equity awards based on our Committee's evaluation of each NEO's contributions to our business as detailed in "Analysis of Each NEO's Compensation." We did not seek a specific target within our peer group.

We allow our employees (including our NEOs) that receive over 7,500 stock options each year to elect to receive up to 100% of their equity award in the form of restricted stock. We allow these employees to elect to receive stock options or restricted stock in deference to each employee's personal preferences and circumstances. As of December 31, 2008, no NEO had made an election to receive a portion of the option grant in the form of restricted stock. We calculate the amount of restricted stock to be received based on a ratio of the then approximate fair value of the options over the Common Stock trading price. Retention-based awards of restricted stock vest completely after five years. Beginning August 6, 2008, restricted stock awards which were received through an election to receive restricted stock instead of a stock option grant vest ratably over four years. If an employee receiving restricted stock is terminated prior to vesting for reasons other than death, disability or without cause, he would not receive the underlying stock. Prior to vesting, recipients of this restricted stock may vote the shares and also receive dividends.

Defined Contribution Plans. We maintain a 401(k) retirement plan to cover substantially all of our employees, including our NEOs. The Company currently makes matching contributions to each employee's 401(k) account up to the lesser of five percent of the participant's annual salary or \$8,500. Plan participants may withdraw from their 401(k) account upon termination of employment, if they take a distribution as provided under the hardship provisions of the Plan, or if they take a distribution under the age of 59½ provisions or in accordance with the Required Minimum Distribution provisions. Employees, including our NEOs, may also take loans from their 401(k) accounts subject to the terms and conditions of the Plan. We do not maintain other retirement plans for our NEOs or employees.

Post-Termination Compensation and Benefits; Severance Arrangements. Each of the NEOs (other than Mr. Cooper, who has no employment agreement, and Messrs. Flynn and Friedman, whose employment agreements have terminated) is entitled only to such severance and post-termination payments specified in their respective employment agreements. Each employment agreement is individually negotiated.

The structure of the terms and payout levels under these employment agreements generally entitle each executive to continuing payments equal, in the aggregate, to his base salary for the greater of the balance of the term of the agreement or one year plus any minimum guaranteed bonus. As more fully described in "Additional Compensation Considerations - Employment Agreements", we pay severance benefits over the longer of the remaining term of the applicable agreement or one year. All unvested stock options would become 100% vested as of the date of an involuntary termination, and the terminated executive, under COBRA, would continue to receive any health benefits previously provided for by us, at no cost to the executive during the severance period. In the event a NEO is terminated for cause, we will generally not pay additional compensation or benefits beyond unpaid existing obligations. If Messrs. Lukes or Pappagallo's employment agreement is terminated and Messrs. Lukes or Pappagallo become employed by a competing business during the period in which they receive severance payments, the Company will reduce their severance payments by the amount paid by the competing business. The employment agreements provide that we would pay limited amounts to Messrs. Henry, Lukes and Pappagallo if they are terminated due to death or disability. The severance and post-termination arrangements with the Company's executives did not affect the decisions made regarding the other elements of compensation of the Company's executives in 2008.

Change-in-Control. We align our executives' interests with the interests of stockholders to ensure that our executives would vigorously pursue all transactions that are in the long-term interests of stockholders. As more fully described in "Additional Compensation Considerations" and "Employment Agreements", if, within 60 days following a "change-in-control," any of Messrs. Henry, Lukes or Pappagallo is terminated without cause or resigns his employment for any reason, he would be entitled to a lump sum payment as well as accelerated vesting of outstanding equity awards. Since Internal Revenue Code Section 280G denies us a business expense deduction on any payments, non-cash benefits and option acceleration provided to an officer in connection with certain changes in control that equal or exceed three times the officer's average compensation for the past five years, we cap change-in-control cash payments to reduce the likelihood that adverse tax consequences will be imposed on us.

Perquisites. We do not treat our NEOs materially different from our other senior employees with respect to perquisites. We provide the following perquisites to our NEOs:

- Company cars. We provided Messrs. Cooper, Henry, Flynn, and Pappagallo with the use of a car and driver to travel for Company business. We provide Mr. Lukes with the use of a car to travel for Company business. Each such NEO may use the car without a driver for personal use. Other employees may use these cars for Company business when they are not in use by the NEOs. Mr. Friedman received a car allowance pursuant to his employment contract.
- Life insurance. We pay premiums on a group term life insurance policy for each NEO on the same terms as our other employees. Additionally, we pay the premium on a life insurance policy for Mr. Henry pursuant to his original employment contract.
- Long-term care. We provide certain of our officers and senior executives (including all NEOs) a limited long-term care benefit of \$3,500 per month as part of a group policy. These individuals may elect to purchase additional long-term care insurance at their own cost on the same terms as employees generally.

Our NEOs are entitled to participate in our other health and welfare plans on the same terms as other employees.

Employment Agreements.

Mr. Henry's Employment Agreement

On March 8, 2007, the Company entered into an employment agreement with Mr. Henry, effective as of April 15, 2007, pursuant to which Mr. Henry continues to serve as Vice Chairman and Chief Investment Officer of the Company (as amended by an amendment dated December 17, 2008). This agreement is scheduled to expire on April 14, 2011, unless renewed or cancelled according to the terms of the agreement. In accordance with his employment agreement, Mr. Henry will receive a minimum of \$1,300,000 per annum (\$700,000 base salary and \$600,000 guaranteed bonus) as compensation for his services and will be eligible to receive grants of Common Stock of the Company or options, with respect thereto, in such amounts, if any, as the Board in its sole discretion shall determine. Mr. Henry is also entitled to an unrestricted award of 75,000 shares of Common Stock if Mr. Henry is employed by the Company on April 2, 2011 or is employed at the time of a Change in Control (as defined below) occurring prior to April 2, 2011.

If Mr. Henry is terminated without "cause" (as defined below) prior to the occurrence of a Change in Control, and subject to his execution of a waiver and release of claims, he would receive severance in an amount equal to his base salary and minimum guaranteed bonus for a period following the date of such termination of employment equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year, payable in accordance with our standard payroll and bonus payment practices. All unvested stock options and unvested Common Stock would become 100% vested as of the date of termination, and Mr. Henry, under COBRA, would continue to receive any health benefits previously provided for by us, at no cost to him during the severance period. If Mr. Henry dies or is significantly

23

disabled, all of his stock options would immediately vest and become fully exercisable and, on the 30th day following his termination of employment due to death or significant disability, he would receive a lump sum payment equal to his base pay for six months.

In Mr. Henry's agreement, "cause" is defined as: (i) conviction of a crime involving the commission of a felony or a criminal act involving fraud, dishonesty, or moral turpitude, (ii) deliberate and continued refusal to perform his employment duties (other than excusable failures to perform) after the Company provides 30 days written notice of such failure constituting cause, (iii) fraud or embezzlement, (iv) gross misconduct or negligence in connection with our business which has a substantial adverse effect on us or (v) violation of any of our policies prohibiting harassment or discrimination in the workplace.

If, within 60 days following a Change-in-Control, Mr. Henry is terminated without cause or resigns his employment for any reason, he would be entitled to a lump sum payment equal to the lesser of: (i) his base salary and the bonus (equal to the bonus most recently received) for the remaining term of his employment agreement, or (ii) the greatest payment which, in combination with all other payments to which he would be entitled, would not constitute an "excess parachute payment" as such term is defined in Section 280G of the Internal Revenue Code. In addition, he would continue to receive group health and welfare benefits for a period equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year and all unvested stock options and non vested shares Mr. Henry held at the time of the Change in Control would immediately vest.

For purposes of the Company's Employment Agreements with Messrs. Henry, Lukes and Pappagallo, "Change-in-Control" is defined as (i) a sale of all or substantially all of our assets to a non-affiliate of Kimco or an entity in which our stockholders immediately prior to the transaction do not control more than 50% of the voting power immediately following the transaction, (ii) a sale of our voting stock that results in more than 50% of our voting stock being held by one person or group that does not include Kimco, or (iii) a merger or consolidation of Kimco into another entity in which our stockholders immediately prior to the transaction do not control more than 50% of the voting power immediately following the transaction.

Mr. Pappagallo's Employment Agreement

On November 3, 2008, the Company entered into an employment agreement with Michael Pappagallo (as amended by an amendment dated December 17, 2008), who will continue to serve as Chief Financial Officer. The term of Mr. Pappagallo's employment agreement continues until April 14, 2011 with an automatic renewal term of one year. In accordance with this employment agreement, Mr. Pappagallo (i) is to receive a base salary of \$700,000 per annum, which may be increased by the Board, (ii) shall be eligible to receive a bonus in such amounts, if any, as the Board, in its sole discretion shall determine and (iii) shall be eligible to receive grants of Common Stock of the Company, or options or restricted stock with respect thereto, in such amounts, if any, as the Board in its sole discretion shall determine. If Mr. Pappagallo is terminated without cause prior to a Change in Control, and subject to his execution of a waiver and release of claims, he would receive severance in an amount equal to his base salary for a period following the date of his termination of employment equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year, payable in accordance with our standard payroll practices. All unvested stock options would become 100% vested as of the date of termination, and Mr. Pappagallo, under COBRA, would continue to receive any health benefits previously provided for by us, at no cost to him during the severance period. If the employment agreement is terminated and Mr. Pappagallo becomes employed by a competing business during the period in which he is receiving severance payments, the Company will reduce his severance payments by the amount paid by the competing business. If Mr. Pappagallo dies or is significantly disabled, all of his stock options would immediately vest and become fully exercisable and, on the 30th day following his termination of employment due to death or significant disability, he would receive a lump sum payment equal to his base pay for six months.

In Mr. Pappagallo's agreement, "cause" is defined as: (i) conviction of a crime involving the commission of a felony or a criminal act involving fraud, dishonesty, or moral turpitude, (ii) deliberate and continued refusal to perform his employment duties (other than excusable failures to perform) after the Company provides 30 days written notice of such failure constituting cause, (iii) fraud or embezzlement,

24

(iv) misconduct or negligence in connection with our business which has a substantial adverse effect on us, (v) violation of any of our policies prohibiting harassment or discrimination in the workplace or (vi) breach of fiduciary duty to our company.

If, within 60 days following a Change-in-Control, Mr. Pappagallo is terminated without cause or resigns his employment for any reason, he would be entitled to a lump sum payment equal to the lesser of: (i) his base salary and the bonus (equal to the bonus most recently received) for the remaining term of his employment agreement, or (ii) the greatest payment which, in combination with all other payments to which he would be entitled, would not constitute an "excess parachute payment" as such term is defined in Section 280G of the Internal Revenue Code. In addition, he would continue to receive group health and welfare benefits for a period equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year and all unvested stock options Mr. Pappagallo held at the time of the Change in Control would immediately vest.

Mr. Lukes' Employment Agreement

On August 18, 2008, the Company entered into an employment agreement with David Lukes (as amended by a letter agreement dated November 3, 2008 and an amendment dated December 17, 2008), by which Mr. Lukes will continue to serve as Executive Vice President. The term of Mr. Lukes' employment agreement continues until August 18, 2011 and will be automatically extended for successive one-year terms. In accordance with this employment agreement, Mr. Lukes (i) is to receive a base salary of \$700,000 per annum, (ii) is to receive a minimum annual bonus of \$100,000, and (iii) shall be eligible to receive grants of Common Stock of the Company, or options or restricted stock with respect thereto, in such amounts, if any, as the Board in its sole discretion shall determine. The Company's Board of Directors or Compensation Committee may increase the amounts of Mr. Lukes' base salary and bonus.

If Mr. Lukes is terminated without cause or resigns for good reason prior to the occurrence of a Change in Control, and subject to his execution of a waiver and release of claims, he would receive severance in an amount equal to his base salary and minimum guaranteed bonus for a period following the date of such termination of employment equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year, payable in accordance with our standard payroll and bonus payment practices. All unvested stock options and restricted stock would become 100% vested as of the date of termination, and Mr. Lukes, under COBRA, would continue to receive any health benefits previously provided for by us, at no cost to him during the severance

period. If the employment agreement is terminated and Mr. Lukes becomes employed by a competing business during the period in which he is receiving severance payments, the Company will reduce his severance payments by the amount paid by the competing business. If Mr. Lukes is terminated due to death or disability, all of his stock options and restricted stock would vest on the effective date of such termination of employment.

In Mr. Lukes' agreement, "cause" is defined as: (i) materially harming the Company through a material act of dishonesty in the performance of his duties, (ii) conviction of a felony or (iii) failure to perform his material duties (other than excusable failures to perform) after the Company provides 30 days written notice specifying the failure and a reasonable opportunity to cure.

If, within 60 days following a Change-in-Control, Mr. Lukes is terminated without cause or resigns his employment for any reason, he would be entitled to a lump sum payment equal to the lesser of: (i) his base salary and the bonus (equal to the bonus most recently received) for the remaining term of his employment agreement, or (ii) the greatest payment which, in combination with all other payments to which he would be entitled, would not constitute an "excess parachute payment" as such term is defined in Section 280G of the Internal Revenue Code. In addition, all unvested stock options Mr. Lukes held at the time of the Change in Control would immediately vest.

Mr. Flynn's Employment Agreement

On October 15, 2007, the Company entered into an employment agreement with Mr. Flynn, which was superseded in its entirety by his consulting agreement with the Company effective January 1, 2009. Mr. Flynn's employment provided that he would receive a minimum of \$1,325,000 per annum (\$700,000 base salary and \$625,000 guaranteed bonus) in compensation and would be eligible to receive equity awards in the Board's discretion. Mr. Flynn continues to be engaged in a strategic advisory capacity,

25

which includes serving on the Company's Investment Committee, consulting on the Company's business projects in selected locations, and participating in periodic business unit and portfolio reviews. Pursuant to his Consulting Agreement with the Company effective January 1, 2009, Mr. Flynn will receive \$250,000 each year during the term of the employment-consulting arrangement ending December 11, 2011 and shall be eligible to participate in and receive benefits under the Company's employee benefits plan during such term in consideration for these consulting services. Mr. Flynn did not receive any severance payments in connection with his transition from full-time employment to an employee-consultant arrangement with the Company.

Mr. Friedman's Employment Agreement and Separation Agreement

On September 21, 2005, the Company entered into an employment agreement with Mr. Friedman, pursuant to which Mr. Friedman served as President of the Company's development subsidiary, Kimco Developers, Inc. ("KDI"). This employment agreement was terminated by the separation and general release agreement which the Company entered into with Mr. Friedman on November 3, 2008. Mr. Friedman's last day of employment was December 31, 2008.

Mr. Friedman's employment agreement entitled him to receive a base salary of \$500,000 per annum. In addition, Mr. Friedman was eligible to earn a bonus based upon the calculation of KDI's Profits, as defined in his employment agreement. Specifically, the employment agreement provided that the development subsidiary Profits that were evaluated for purposes of calculating Mr. Friedman's guaranteed minimum bonus were calculated by the Company for each development subsidiary project that was, in whole or in part, either sold or was subject to a written contract of sale which, in the Company's reasonable judgment, was likely to be sold, such Profit to be determined by the Company in accordance with the development subsidiary's books and records and also in accordance with generally accepted accounting principles. The employment agreement further provided that, consistent with the Company's past practice in the determination of Profit, the Company shall determine Profit without consideration or offset for taxes, and the Company would earn a 10% priority return on all funds contributed to a project, whether in the form of debt or equity capital. As a result, the development subsidiary Profits that were evaluated for purposes of calculating Mr. Friedman's guaranteed minimum bonus reflect a deduction of the Company's 10% priority return as well as amounts payable to any investment partners involved in the applicable transaction.

Under Mr. Friedman's employment agreement, for each twelve month period during the employment term in which KDI Profits are realized, Mr. Friedman was eligible to receive a bonus, less all required deductions ("Yearly Bonus"). The total Yearly Bonus during each twelve month period ending on December 31st was an amount equal to fifteen percent (15%) of KDI Profits or \$450,000, whichever is less. The Yearly Bonus was to be paid at the end of each calendar quarter in the amount of \$112,500 for the first three calendar quarters and, at the end of the fourth calendar quarter in an amount equal to the difference between \$337,500 and (i) fifteen percent (15%) of KDI Profits or (ii) \$450,000, whichever is less. In the event fifteen percent (15%) of KDI Profits for the twelve month period ending on December 31st was less than the \$337,500 already received by Mr. Friedman during the first three calendar quarters, Mr. Friedman would reimburse to the Company the overpayment. The Yearly Bonus to be earned by Mr. Friedman was not to be in excess of \$450,000 for any said twelve month period ending on December 31st, unless the Executive Compensation Committee of the Board so stated in writing. In the event of, and depending upon the reasons for, a termination of Mr. Friedman's employment with the Company prior to the expiration of the employment agreement, (i) any non-vested options would become 100% vested as of the termination date and (ii) Mr. Friedman would receive severance in the amount equal to the base salary and bonus then in effect for the greater of the balance of the term of the employment agreement or one year.

The Company entered into a separation and general release agreement with Jerald Friedman on November 3, 2008, and entered into a supplemental release with Mr. Friedman on January 3, 2009. The separation agreement provides for a severance payment of \$625,000 (equal to fifteen months of Mr. Friedman's base salary), to be paid by the Company over the course of fifteen months in equal weekly installments. Mr. Friedman timely elected to continue medical coverage under the Company's group

26

medical and dental plans in accordance with the continuation requirements of COBRA, and the Company will pay his premiums under its group medical plan for the period ending on the earlier of (i) March 31, 2010, or (ii) the date Mr. Friedman becomes eligible for medical coverage under another employer's plan. After such period, Mr. Friedman may elect to continue to participate in the Company's group medical and dental coverage under COBRA at his own expense for the remainder of the COBRA period. Finally, the Company caused all of Mr. Friedman's stock options to fully vest and become exercisable on December 31, 2008. Each option will remain outstanding and exercisable until the earlier of (i) the date Mr. Friedman engages in activities "in competition" with the Company (as defined in the separation agreement) or (ii) the expiration of the original 10-year term under the applicable option separation agreement.

Mr. Friedman affirmed that the Company does not owe him any compensation for his term of employment except for (i) any unused and accrued vacation and reimbursable expenses, which were paid out to Mr. Friedman as of his last day of employment, and (ii) the fourth installment of Mr. Friedman's 2008 bonus, which was paid in January 2009. Mr. Friedman will continue to be covered under the Company's directors and officer's liability insurance for activities conducted within the scope of his employment during the term of his employment. Mr. Friedman agrees to maintain the confidentiality of the Company's proprietary and confidential information and that he will not assist in commencing or prosecuting legal action against the Company. The separation agreement also contains a broad general mutual release by both the Company and Mr. Friedman and a mutual non-disparagement covenant.

Potential Payments upon Termination or Change in Control

Severance Agreements. The Company does not have any separate program or agreement that pays severance or post-termination payments to its named executive officers. Each of the named executive officers (other than the Company's chief executive officer, Mr. Milton Cooper, who does not have an employment agreement with the Company) is entitled only to such severance and post-termination payments as are specified in his respective employment agreement. Each of these employment agreements is individually negotiated and results from the consideration of specific facts and circumstances at the time each employment agreement is negotiated. Since Mr. Cooper is not a party to an employment agreement with the Company, the Company is not obligated to provide him with severance payments or payments in the event of a change-in-control.

Please see "Additional Compensation Considerations" Employment Agreements" above for a description of the compensation and benefits which Messrs. Henry, Lukes, and Pappagallo would receive upon their termination without cause, termination due to death or disability, termination for cause, and the definitions of "cause" in their respective employment agreements.

Mr. Flynn transitioned from full-time employment to an employee-consultant arrangement with the Company, effective January 1, 2009. The Company and Mr. Flynn have entered into a consulting agreement that provides that, in consideration for Mr. Flynn’s consulting services, the Company shall pay Mr. Flynn \$250,000 per year until December 31, 2011 (for a maximum payment over the three year term of \$750,000). If the consulting agreement is terminated by the Company for any reason or by Mr. Flynn due to the Company’s failure to perform any obligation under the agreement, Mr. Flynn shall be entitled to receive continued payment of the consulting fees and benefits through December 31, 2011. If Mr. Flynn dies or becomes disabled prior to December 31, 2011, he will be entitled to receive continued payment of the consulting fees and benefits for six months after his death or termination of employment in connection with such disability. Equity Participation Plan

Description of Plan. The Company maintains the Second Amended and Restated 1998 Equity Participation Plan (the "Equity Participation Plan") for the benefit of its eligible employees, consultants, and directors. The Equity Participation Plan was established for the purpose of attracting and retaining the Company's directors, executive officers, other employees and consultants by offering them an opportunity to own Common Stock and/or rights which will reflect the growth, development and financial success of the Company. The Equity Participation Plan provides that the Executive Compensation Committee or the Board, as applicable, may from time to time grant or issue "incentive stock options" (within the meaning of Section 422 of the Internal Revenue Code, the "Code") and "non-qualified stock options", that vest over time and are exercisable at the "fair market value" (as defined in the Equity Participation Plan) of the Common Stock at the date of grant. In addition, the Equity Participation Plan provides for (i) the granting of restricted stock awards that vest over time and (ii) the granting of deferred stock ("Deferred Stock").

The exercise price and term of each option are fixed by the Executive Compensation Committee, provided, however, that the exercise price must be at least equal to the fair market value of the Common Stock on the date of grant and the term cannot exceed 10 years; and further provided that, in the case of an incentive stock option granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of the Company, a subsidiary or a parent (within the meaning of Section 424 of the Code), such exercise price must not be less than 110% of the fair market value of the Common Stock on the date of grant. Incentive stock options may be granted only within 10 years from the date of adoption of the Equity Participation Plan. The aggregate fair market value (determined at the time the option is granted) of shares with respect to which incentive stock options may be granted under the Equity Participation Plan, or any other plan of the

Company or any parent or subsidiary, which stock options are exercisable for the first time during any calendar year, may not exceed \$100,000. The maximum number of options that may be granted to any one individual in any calendar year shall not exceed 1,500,000, provided that the grant of the options will not cause the Company to fail to qualify as a real estate investment trust for Federal income tax purposes. An optionee may, with the consent of the Executive Compensation Committee, elect to pay for the shares to be received upon exercise of his options in cash, shares of Common Stock or any combination thereof.

Option Grants and Restricted Stock Awards. Pursuant to the Equity Participation Plan as currently in effect, a maximum aggregate of 47,000,000 shares of Common Stock is reserved for issuance under the Stock Option Plan (9,000,000 shares, all of which have been issued) and the Equity Participation Plan (38,000,000 shares). Options to acquire 2,903,475, 2,971,900, and 2,805,650 shares were granted during 2008, 2007 and 2006 at weighted average exercise prices of \$37.29, \$41.41, and \$39.91 per share, respectively. The closing price of the Company's Common Stock on the New York Stock Exchange on March 18, 2009 was \$9.11. In addition, 70,918 shares, 1,175 shares, and 31,556 shares of restricted stock were issued during 2008, 2007 and 2006, respectively.

The Company maintains a 401(k) retirement plan (the "401(k) Plan") covering substantially all officers and employees of the Company. The 401(k) Plan permits participants to defer up to a maximum of 100% of their eligible compensation, which deferrals generally are matched concurrently by the Company up to a maximum of 5% of the employee's eligible compensation or \$8,500. Participants in the 401(k) Plan are not subject to federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA and Medicare tax. Certain Relationships and Related Transactions

The Company reviews all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our:

- Code of Business Conduct and Ethics;
- Corporate Governance Guidelines;
- Nominating and Corporate Governance Committee Charter; and
- Audit Committee Charter.

Our Code of Business Conduct and Ethics applies to all of our directors, officers, associates and agents and contains general guidelines for conducting our business consistent with the highest standards of business ethics. Any employee who knows of or suspects a violation of this Code must immediately report the conduct to the Vice President of Human Resources, who will work directly with that employee to investigate the concern, or the employee may anonymously report the known or suspected violation via our Helpline. The Code requires that employees identify and disclose conflicts of interest, such as a significant financial interest in a company that competes with us or the acceptance of a gift from an individual or entity who might benefit or appear to benefit from the employee's relation with the Company.

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review annually the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), in the course of making independence determinations under the NYSE standards. Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report the matter to the Chairman of the Board. Any significant conflict must be resolved, or the director should resign. If a director has a personal interest in a matter before the Board, the director will disclose the interest to the Board, excuse himself or herself from discussion on the matter and not vote on the matter. The Corporate Governance Guidelines further provide that the Board of Directors is responsible for reviewing and, where appropriate, approving major changes in and determinations under the Company's Guidelines, Code of Business Conduct and Ethics and other Company policies. The Guidelines also provide that the Board of Directors has the responsibility to ensure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations.

Our Nominating and Corporate Governance Committee Charter provides that the Committee will, at least annually, review the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, the Company's legal staff is primarily responsible for obtaining information through questionnaires and other appropriate procedures from the directors and executive officers with respect to related-person transactions and then determining whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the Company's proxy statement. Pursuant to the Audit Committee's charter and its policy regarding related-person transactions, as recorded in its minutes, the Audit Committee reviews and approves or ratifies related-person transactions that are required to be disclosed as well as all other related-person transactions identified to the Audit Committee by management or the Company's internal audit function. In the course of its review and approval or ratification of a related-party transaction for which disclosure is required, the Audit Committee routinely considers: the nature of the related-person's interest in the transaction; the material terms of the transaction; the importance of the transaction to the related person and to the Company and the extent to which such transaction would impair the judgment of a director or executive

officer to act in the best interest of the Company; and any other matters deemed appropriate by the Audit Committee. All related-party transactions described in this proxy statement have been reviewed in accordance with this policy.

Joint Ventures. Members of the Company's management have investments in certain real estate joint ventures or limited partnerships which own and/or operate certain of the Company's property interests. The Company receives various fees related to these ventures. Any material future transactions involving these joint ventures or partnerships is subject to the approval of a majority of disinterested directors of the Company.

Relationship with J.P. Morgan. Mr. Frank Lourenso is an Executive Vice President of J.P. Morgan and has been a Director of the Company since December 1991. The Company utilizes general cash management services offered by J.P. Morgan and J.P. Morgan periodically provides the Company with investment banking services. J.P. Morgan was the joint arranger and participant with a consortium of 29 banks of the Company's \$1.5 billion unsecured revolving credit facility and is a participant in the Company's \$250.0 million Canadian denominated unsecured credit facility.
