Moscow and New York (April 18, 2006) - Open Joint Stock Company Vimpel-Communications (VimpelCom or the Company) (NYSE: VIP), a leading provider of wireless telecommunications services in Russia and Kazakhstan, with newly acquired operations in Ukraine, Uzbekistan and Tajikistan, today announced its financial and operating results for the fourth quarter of 2005 and year ended December 31, 2005.

During the fourth quarter of 2005 the Company continued its rapid growth, improving financial results and establishing a platform for successful operations going forward. VimpelCom's consolidated financial statements are attached.

Commenting on today's announcement, Alexander Izosimov, Chief Executive Officer of VimpelCom, said, "2005 was another great year for VimpelCom. The Company again saw strong revenue growth in excess of 50%, leading to over \$3 billion turnover, record OIBDA margin of 49% and 76% growth in net income. We passed the 45 million subscriber mark by adding a record 19 million customers last year.

During 2005 we went through a major realignment of our strategy in Russia, focusing much more on revenue growth and enhancing value of the existing subscriber base. To that end, restaging of our Beeline brand and non-price driven marketing strategy were important elements in achieving our positive results last year. Strong marketing strategy, excellence in execution and a relentless focus on efficiency, are the cornerstones for our future growth in Russia.

Mr. Izosimov concluded, "In 2005 we also continued with our CIS expansion strategy and entered the extremely important market of Ukraine as well as Tajikistan. Presence in these markets, combined with our expanding operations in Kazakhstan and recent entry into Uzbekistan, brings our total license footprint to approximately 232 million people and creates a further growth opportunity.

The principal results of operations with comments are presented in the following tables. All definitions are presented in Attachment A. The condensed consolidated financial statements of VimpelCom are presented in Attachment B. Reconciliation of each of OIBDA, OIBDA margin, ARPU and SAC to the most directly comparable U.S. GAAP financial measures appear in Attachment C.

Page 2 of 4

As discussed in the Company's Annual Report on Form 20-F for the year ended December 31, 2004 and our subsequent quarterly earnings releases, the Company restated its historical financial statements for periods ending on and prior to September 30, 2004 to reflect guidance from the United States Securities and Exchange Commission contained in a letter to the accounting industry in February 2005 with respect to accounting for depreciation of leasehold improvements. In addition, starting with the first quarter of 2005 our earnings releases reflect changes made by the Company to the estimated useful life of its GSM Russian telecommunications licenses as well as a reclassification of revenues generated by the Company's value added services. In its subscriber reporting, starting with the second quarter of 2005, the Company decided to combine its advance payment subscribers with its prepaid subscribers (see Definitions). The earlier reported financial statement information and subscriber information that is incorporated in this press release, including for the fourth quarter and full year 2004, were recalculated accordingly.

Key Subscriber Statistics

% of active subscribers	83.6%	n/a	--	84.4%	--
Churn (quarterly)	8.3%	5.7%	--	8.8%	--

a) Including advance payment subscribers. Numbers for December 31, 2004 were recalculated in accordance with the Company's practice as discussed above.

b) Active subscribers are defined as those who in the last three months made a chargeable transaction.

The overall subscriber growth in 2005 - approximately 19 million new additions - was the highest ever recorded by the Company. On a percentage basis, growth was lower than a year ago - 70.9% in 2005 vs. 132.4% in 2004 - which is natural given the high penetration rate in Russia and our very large subscriber base.

Based on independent research, VimpelCom estimates its subscriber market share in Russia at 34.3% at the end of 2005, compared to an estimated 34.6% at the end of 2004. Based on information released by its competitor in Kazakhstan, VimpelCom's subsidiary KaR-Tel estimates its subscriber market share in Kazakhstan at 37.2% at the end of 2005 as compared with 31.8% estimated at the end of 2004.

The annual churn rate in the past two years was stable at approximately 30% (30.4% in 2005 and 29.6% in 2004). As the Russian marketplace continues to mature and the Company shifts its focus from customer acquisition to customer loyalty and qualitative improvement of its subscriber base, a targeted retention of high-value subscribers is one of VimpelCom's key priorities.

^{*)} These numbers were restated in accordance with the Company's newly adopted accounting practice as specified in VimpelCom's Annual Report on Form 20-F for the year ended December 31, 2004. These numbers also reflect changes made by the Company to the estimated useful life of its GSM Russian telecommunications licenses as well as revenues generated by the Company's value added services.

^{**)} Calculated on the basis of our total number of subscribers.

Significant improvements in VimpelCom's financial and operating results in the fourth quarter and full year 2005, as compared with the fourth quarter and full year 2004, were achieved largely as a result of continued subscriber growth combined with the effects of economies of scale, stable ARPU in the course of 2005 and efficient cost control. A positive effect also came from the Company's continued efforts to enhance the quality of its subscriber base. In the fourth quarter of 2005 we recorded a 2.3% increase in total operating revenues compared with the third quarter of 2005 in spite of the seasonal decline in usage and roaming revenue.

The fourth quarter of 2005 was considered by the market as the last quarter of rapid subscriber growth in Russia. In order to use this opportunity and attract valuable subscribers, the Company increased its investments in dealer commissions and advertising but avoided large-scale price-based promotions. Such actions helped lead to large subscriber growth in the fourth quarter of 2005, second only to the fourth quarter of 2004. Consequently, we experienced an increase in total subscriber acquisition expenses and a decline in OIBDA, net income and the corresponding margins for the fourth quarter of 2005 as compared with the third quarter of 2005. However, this seasonal deterioration in margins in the fourth quarter of 2005 was less pronounced than in the fourth quarter of 2004 due to the above mentioned factors.

SAC remains low as the Company does not subsidize handsets. During 2005 SAC varied in the range between \$11 and \$14, while the average 2005 SAC of \$13.1 was slightly lower than the \$13.9 reported for 2004.

Selling, general and administrative expenses (SG&A) for the year 2005, as a percentage of total operating revenues, improved slightly to 33.8%, as compared with the 34.1% reported for 2004, notwithstanding an additional expense related to the introduction of the universal service fund (USF) in May 2005. SG&A in the fourth quarter of 2005, as a percentage of total operating revenues, was 36.9%, similar to figures reported for the fourth quarters of 2004 and 2003. In absolute numbers, SG&A for the year 2005 increased as compared with the previous year primarily due to a substantially higher sales volume. In addition to this, revenue growth and business expansion in 2005 caused an increase in network maintenance costs connected with further network development.

The 2005 ARPU was \$7.5, a 25.7% decline from \$10.1 reported for 2004. However, the bulk of this decline appeared in the first quarter of 2005 when ARPU declined \$1.7, from \$9.0 in the fourth quarter of 2004 to \$7.3 in the first quarter of 2005. This decline came as a residual effect of the December 2004 promotional campaign. On the other hand, the decline in ARPU between the first quarter of 2005 (\$7.3) and the fourth quarter of 2005 (\$7.1) was the lowest ever recorded by the Company, which can be considered as a positive development.

In 2005, VimpelCom's capital investments for purchase of property and equipment totaled \$1,635.3 million. \$314.5 million was spent on acquisitions of new entities.

The Company's management will discuss its fourth quarter and annual 2005 results during a conference call and slide presentation on April 18, 2006 at 6:30 pm Moscow time (10:30 am ET in New York). The call and slide presentation may be accessed via webcast at the following URL address <http://www.vimpelcom.com>. The conference call replay and the slide presentation webcast will be available through April 25, 2006 and May 18, 2006, respectively. The slide presentation will also be available for download on VimpelCom's website <http://www.vimpelcom.com>.

Attachment A: Definitions

Subscriber is an authorized user of cellular services, using one SIM card (GSM) with one or several selective numbers or one handset (DAMPS) with one selective number. The number of subscribers includes employees using cellular services and excludes guest roamers and users of test SIM cards (GSM) or handsets (DAMPS).

Prepaid subscribers are those subscribers who pay for their services in advance¹⁾.

Churn rate is defined as the total number of subscribers disconnected from our network within a given period of time expressed as a percentage of the midpoint of subscribers in our network at the beginning and end of that period. Contract subscribers are disconnected if they have not paid their bills for 2 months and prepaid subscribers are disconnected 6 months after their services have been blocked. We typically block a prepaid subscriber's service in two cases: (1) their balance drops to \$0 or below, and (2) an account shows no chargeable activity within 6 months. The Company retains the right to change its disconnect policy to reflect changes in business or regulatory environment.

OIBDA is a non-U.S. GAAP financial measure. OIBDA, previously referred to as EBITDA by the Company, is defined as operating income before depreciation, amortization and the one-time write-down of AMPS/D-AMPS related assets in the Samara region of \$7,354 thousand in the second quarter of 2004. The Company believes that OIBDA provides useful information to investors because it is an indicator of the strength and performance of our business operations, including our ability to finance capital expenditures, acquisitions and other investments and our ability to incur and service debt. While depreciation, amortization and the one-time write-down of AMPS/D-AMPS related assets in the Samara region of \$7,354 thousand in the second quarter of 2004, are considered operating costs under U.S. GAAP, these expenses primarily represent the non-cash current period allocation of costs associated with long-lived assets acquired or constructed in prior periods. Our OIBDA calculations are commonly used as bases for some investors, analysts and credit rating agencies to evaluate and compare the periodic and future operating performance and value of companies within the wireless telecommunications industry. OIBDA should not be considered in isolation as an alternative to net income, operating income or any other measure of performance under U.S. GAAP. OIBDA does not include our need to replace our capital equipment over time. Reconciliation of OIBDA to operating income, the most directly comparable U.S. GAAP financial measure, is presented below in the tables section.

OIBDA margin is OIBDA expressed as a percentage of total operating revenues. Reconciliation of OIBDA margin to operating income as a percentage of total operating revenues, the most directly comparable U.S. GAAP financial measure, is presented below in the tables section.

Gross margin is defined as total operating revenues less service costs and cost of handsets and accessories sold.

Gross margin percentage is gross margin expressed as a percentage of total operating revenues.

Each ADS represents 0.25 of one share of common stock. This ratio was established effective November 22, 2004. Previously each ADS represented 0.75 of one share of common stock.

ARPU (Monthly Average Revenue per User), a non-U.S. GAAP financial measure, is calculated for each month in the relevant period by dividing the Company's service revenue during that month, including roaming revenue, but excluding revenue from connection fees, sales of handsets and accessories and other non-service revenue, by the average number of the Company's subscribers during the month. Reconciliation of ARPU to service revenues and connection fees, the most directly comparable U.S. GAAP financial measure, is presented below in the tables section. The Company believes that ARPU provides useful information to investors because it is an indicator of the performance of the Company's business operations and assists management in budgeting. The Company also believes that ARPU provides management with useful information concerning usage and acceptance of the Company's services. ARPU should not be viewed in isolation or an alternative to other figures reported under U.S. GAAP.

MOU (Monthly Average Minutes of Use per User) is calculated for each month of the relevant period by dividing the total number of minutes of usage for incoming and outgoing calls during that month (excluding guest roamers) by the average number of subscribers during the month.

SAC (Average Acquisition Cost Per User), a non-U.S. GAAP financial measure, is calculated as dealers' commissions, advertising expenses and handset subsidies for the relevant period divided by the number of new subscribers added during the relevant period. Reconciliation of SAC to selling, general and administrative expenses,

¹⁾ This definition is broader than the one historically used by the Company as it includes advance payment subscribers previously (until the second quarter of 2005) presented in our operating statistics under the line "contract subscribers".

the most directly comparable U.S. GAAP financial measure, is presented below in the tables section. The Company believes that SAC provides useful information to investors because it is an indicator of the performance of the Company's business operations and assists management in budgeting. The Company also believes that SAC assists management in quantifying the incremental costs to acquire a new subscriber. SAC should not be viewed in isolation or as an alternative to other figures reported under U.S. GAAP.

RISK FACTORS

Before investing in the notes, you should carefully consider the following risk factors and the information discussed in Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended March 31, 2011, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Risks Related to the Notes

We and our subsidiaries may not be able to generate sufficient cash to service all of our indebtedness, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our and our subsidiaries financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business, competitive, legislative, regulatory and other factors beyond our control. As a result, we may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal and interest on our indebtedness. In addition, because we conduct a significant portion of our operations through our subsidiaries, repayment of our indebtedness is also dependent on the generation of cash flow

by our subsidiaries and their ability to make such cash available to us by dividend, debt repayment or otherwise. Our subsidiaries are distinct legal entities and they do not have any obligation to pay amounts due on the notes or to make funds available for that purpose or for other obligations. Our subsidiaries may not be able to, or may not be permitted to, make distributions to us in order to enable us to make payments in respect of the notes. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness.

We cannot assure you that our business will generate sufficient cash flow from operations, or that future borrowings will be available to us under our Revolving Credit Facility in an amount sufficient to enable us to pay our indebtedness, including these notes, or to fund our other liquidity needs. If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indenture governing the notes may restrict us from adopting some of these alternatives.

The restrictive covenants in our debt instruments may limit our operating flexibility. Our failure to comply with these covenants could result in defaults under our indenture and future debt

instruments even though we may be able to meet our debt service obligations.

The instruments governing our indebtedness, including the indenture governing the notes and our Revolving Credit Facility, impose significant operating and financial restrictions on us. These restrictions significantly limit, among other things, our ability to incur additional indebtedness, pay dividends, repay junior indebtedness, sell assets, make investments, engage in transactions with affiliates, create liens and engage in certain types of mergers or acquisitions. Our future debt instruments may have similar or more restrictive covenants. These restrictions could limit our ability to

S-6

Table of Contents

obtain future financings, make capital expenditures, withstand a future downturn in our business or the economy in general, or otherwise take advantage of business opportunities that may arise. If we fail to comply with these restrictions, the note holders or lenders under any debt instrument could declare a default under the terms of the relevant indebtedness even though we are able to meet debt service obligations and, because our indebtedness has cross-default and cross-acceleration provisions, could cause all of our debt to become immediately due and payable.

We cannot assure you that we would have sufficient funds available, or that we would have access to sufficient capital from other sources, to repay any accelerated debt. Even if we could obtain additional financing, we cannot assure you that the terms would be favorable to us. If we default on any future secured debt, the secured creditors could foreclose on their liens. As a result, any event of default could have a material adverse effect on our business and financial condition, and could prevent us from paying amounts due under the notes.

Despite current indebtedness levels, we may still be able to incur substantially more debt, including secured debt, which could further exacerbate the risks we face.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, including secured indebtedness. The terms of the indenture governing the notes do not fully prohibit us or our subsidiaries from doing so. Our Revolving Credit Facility would permit borrowing up to \$350.0 million (with an uncommitted option to expand to up to \$400.0 million) after completion of this offering and the application of proceeds to repay amounts outstanding thereunder. If new debt is added to our current debt levels, the related

risks that we now face would increase. In addition, the indenture governing the notes does not prevent us or our subsidiaries from incurring obligations that do not constitute indebtedness under the indenture. A substantial amount of debt we incur in the future could be secured. To the extent we were to secure debt we incur in the future under any credit facility or other issuance of debt, your ability to receive payments under the notes will be effectively subordinated to the secured debt, which will have a prior claim on any assets securing the debt, to the extent of the value of those assets and it is possible that there will be insufficient assets remaining from which claims of the holders of the notes can be satisfied. As of the date of this prospectus supplement, we do not have significant amounts of secured indebtedness.

Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries obligations.

The notes will be obligations exclusively of Centene Corporation. Our cash flow and our ability to service our debt, including the notes, depends on the earnings of our subsidiaries and on the distribution of earnings, loans or other payments to us by our subsidiaries.

Our subsidiaries are separate and distinct legal entities with no obligations to pay any amounts due on the notes or to provide us with funds for our payment obligations, whether by dividend, distribution, loan or other payments. In addition, the ability of our subsidiaries to make any dividend, distribution, loan or other payment to us is subject to statutory restrictions, regulatory capital requirements and contractual restrictions, including under our Revolving Credit Facility. Payments to us by our subsidiaries will also be contingent upon our subsidiaries' earnings and their business

considerations.

Our right to receive any assets of our subsidiaries upon their bankruptcy, liquidation, dissolution, reorganization or similar proceeding, and therefore your right to participate in those assets, will be effectively subordinated to the claims of those subsidiaries' creditors, including trade creditors. In addition, even if Centene Corporation were a creditor of one or more of our subsidiaries, our rights as a creditor would be subordinated to any security interest in the assets of those subsidiaries and any debt of our subsidiaries senior to that held by us. As a result, the notes will be effectively subordinated to all liabilities, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities, of our current or future subsidiaries. Because we depend on the

S-7

Table of Contents

cash flow of our subsidiaries to meet our own obligations, including with respect to the notes, these types of restrictions could impair our ability to make scheduled interest payments on the notes and to pay the principal at maturity. As of March 31, 2011, as adjusted after giving effect to this offering and the use of proceeds therefrom, the notes would have been effectively subordinated to \$962.0 million of liabilities outstanding of our subsidiaries, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities (excluding intercompany liabilities).

In addition, our regulated subsidiaries have historically generated substantially all of our revenues. Our regulated subsidiaries are subject to various state government statutory and regulatory restrictions applicable to insurance companies generally, that limit the amount of dividends, loans and advances and other payments they can make to us. If insurance regulators at any time determine that payment of a dividend or any other payment to us would be detrimental to an insurance subsidiary's policyholders or creditors, because of the financial condition of the insurance subsidiary or otherwise, the regulators may block dividends or other payments to us that would otherwise be permitted without prior approval. Furthermore, if one or more of our regulated subsidiaries becomes insolvent, the regulators may seize its assets to cover its obligations under healthcare policies, which could result in our remaining assets generating insufficient revenue to pay the notes in full or at all.

The indenture governing the notes permits us to sell a substantial amount of our assets without any requirement that the proceeds be used to offer to repurchase the notes.

The indenture governing the notes permits us at any time and from time to time to sell up to 10% of our consolidated assets without any requirement that we repay or reduce commitments of other debt, that we reinvest the proceeds from any such sale in other assets or that we offer to repurchase the notes. As a result unless we (i) sell more than 10% of our consolidated assets in one transaction or (ii) our aggregate sales result in a sale of all or substantially all of the properties or assets of Centene and its restricted subsidiaries, taken as a whole, and therefore trigger a change of control, we will not be required to offer to repurchase the notes as a result of such asset sales. See Description of Notes Repurchase at the Option of Holders Asset Sales and Description of Notes Repurchase at the Option of Holders Change of Control.

We may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture.

Upon a change of control, we will be required to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes or that restrictions in our Revolving Credit Facility or any other future indebtedness will not allow such repurchases. In order to satisfy our obligations, we could seek to refinance the notes and any other indebtedness then required to be repurchased, or obtain a waiver from the holders of the notes and other affected indebtedness. However, we may not be able to obtain a waiver or effect a refinancing on terms acceptable to us, if at all. Our failure to purchase, or give notice of an offer to purchase, the notes would be a default under the indenture governing the notes. See Description of Notes Repurchase at Option of Holders.

In addition, certain important corporate events, such as leveraged recapitalizations, may not, under the indenture governing the notes, constitute a change of control that would require us to repurchase the notes, notwithstanding the fact that such corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the notes. See Description of Notes Repurchase at the Option of Holders Change of Control.

The change of control put right might not be enforceable.

In a recent decision, the Chancery Court of Delaware raised the possibility that a change of control put right occurring as a result of a failure to have continuing directors comprising a majority of a board of directors may be unenforceable on public policy grounds. Therefore, in certain circumstances involving a significant change in the composition of our Board of Directors, holders of

S-8

Table of Contents

the notes may not be entitled a change of control put right. See Description of Notes Repurchase at the Option of Holders Change of Control.

If the notes are rated investment grade at any time by either Standard & Poor's or Moody's, certain covenants contained in the indenture will be terminated, and the holders of the notes will lose the protection of these covenants.

The indenture governing the notes contains certain covenants that will be terminated and cease to have any effect from and after the first date when the notes are rated investment grade by either Standard & Poor's or Moody's. See Description of Notes Certain Covenants Covenant Termination. These covenants restrict, among other things, our ability to pay dividends or make other restricted payments, incur additional debt and to enter into certain types of transactions. Because these restrictions would not apply to the notes at any time after the notes have achieved an investment grade rating, the holders of the notes would not be able to prevent us from incurring substantial additional debt, paying dividends or making other restricted payments or entering into certain types of transactions.

There is currently no public market for the notes, and an active trading market may not develop for the notes. The failure of a market to develop for the notes could adversely affect the liquidity and value of your notes.

The notes are a new issue of securities, and there is no existing market for the notes. We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that following the completion of the offering, certain of the underwriters currently intend to make a

market in the notes. However, they are not obligated to do so and any market-making activities with respect to the notes may be discontinued by them at any time without notice. In addition, any market-making activity will be subject to limits imposed by law. A market may not develop for the notes, and there can be no assurance as to the liquidity of any market that may develop for the notes. If an active, liquid market does not develop for the notes, the market price and liquidity of the notes may be adversely affected. If any of the notes are traded after their initial issuance, they may trade at a discount from their initial discounted offering price.

The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors.

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately \$242.0 million, after deducting underwriting discounts and commissions and estimated expenses of the offering. We intend to use the net proceeds of this offering to redeem \$175.0 million aggregate principal amount of our existing 7 1/4% senior notes due 2014, including payment of the call premium thereon of approximately \$6.3 million, to repay approximately \$50.0 million aggregate principal amount of outstanding borrowings under our Revolving Credit Facility and to pay related fees and expenses. The remainder of the proceeds will be used for general corporate purposes. Pending such use, the proceeds may be invested temporarily in short-term, interest-bearing, investment-grade securities or similar assets.

In connection with the consummation of this offering, we entered into an interest rate swap agreement pursuant to which the entire aggregate principal amount of the notes offered hereby will be effectively swapped for an equivalent notional amount of floating rate debt.

Interest accrues on outstanding amounts under our Revolving Credit Facility at a rate between 2.25% and 3.25% plus the LIBOR Rate, or at a rate between 1.25% and 2.25% plus the Prime Rate. Our weighted average interest rate on outstanding borrowings under the facility at March 31, 2011 was 3.09%. Our Revolving Credit Facility will expire in January 2016. Affiliates of Barclays Capital Inc., Morgan Keegan & Company, Inc. and SunTrust Robinson Humphrey, Inc., each an underwriter of this offering, are lenders under our Revolving Credit Facility and will receive a portion of the

offering proceeds pursuant to repayments
being made under our Revolving Credit
Facility.

**DESCRIPTION OF OTHER
INDEBTEDNESS**

On January 31, 2011 we executed a five year, unsecured, \$350.0 million Revolving Credit Facility with various financial institutions and Barclays Bank PLC as administrative agent and joint lead arranger. Borrowings under our Revolving Credit Facility will bear interest based upon LIBOR rates, the Federal Funds Rate or the Prime Rate. We have an uncommitted option to increase our Revolving Credit Facility to up to \$400.0 million. Our Revolving Credit Facility contains non-financial and financial covenants, including requirements of minimum fixed charge coverage ratios, minimum debt-to-EBITDA ratios and minimum tangible net worth. Our Revolving Credit Facility will expire on January 29, 2016 or on an earlier date in the instance of a default as defined therein. As of May 13, 2011, the amount outstanding under our Revolving Credit Facility was \$50.0 million. After giving effect to this offering, there will be no amounts outstanding under our Revolving Credit Facility.

DESCRIPTION OF NOTES

The 5.75% senior notes due 2017 (the notes) constitute a series of debt securities referred to in the accompanying prospectus. The notes will be treated as a single class of securities under the indenture for voting and other purposes. This description supplements and, to the extent inconsistent therewith, replaces the descriptions of the general terms and provisions contained in Description of Debt Securities in the accompanying prospectus.

You can find the definitions of certain terms used in this description under the subheading Certain Definitions. In this description, references to Centene, us and our refer only to Centene Corporation and not to any of its subsidiaries.

Centene will issue the notes under an indenture among itself and The Bank of New York Mellon Trust Company, N.A., as trustee. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

The following description and the Description of Debt Securities in the accompanying prospectus are a summary of the material provisions of the indenture. It does not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description or the Description of Debt Securities in the accompanying prospectus, defines your rights as holders of the notes. Copies of the indenture are available upon request to Centene at the address indicated under Where You Can Find More Information elsewhere in this offering memorandum. Certain defined terms used in this description but not defined below under

Certain Definitions have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes

The Notes

The notes:

will be senior unsecured obligations of Centene;

will be equal in right of payment to all existing and future senior Indebtedness of Centene, including Centene's obligations under the Credit Agreement;

will be effectively subordinate in right of payment to any existing or future secured Indebtedness of Centene to the extent of the value of the assets securing such Indebtedness; and

will be senior in right of payment to any future subordinated Indebtedness of Centene.

None of Centene's subsidiaries will guarantee the notes. As a result, the notes will be structurally subordinated to all Indebtedness and other liabilities (including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities) of Centene's subsidiaries. Any right of Centene to receive assets of any of its subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that Centene is itself recognized as a creditor of the subsidiary, in which case the claims of Centene would still be

subordinate in right of payment to any security in the assets of the subsidiary and any indebtedness of the subsidiary senior to that held by Centene.

All of Centene's operations are conducted through its subsidiaries. Therefore, Centene's ability to service its Indebtedness, including these notes, is dependent upon the earnings of its subsidiaries and their ability to distribute those earnings as dividends, loans or other payments to Centene. Certain of Centene's subsidiaries are restricted by statute, regulatory capital requirements and certain

S-13

Table of Contents

contractual obligations in their ability to make distributions to Centene. As a result, we may not be able to cause the subsidiaries to distribute sufficient funds to enable us to meet our obligations under the notes. See Risk Factors Risks Related to the Notes Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries obligations.

As of March 31, 2011, as adjusted to give effect to this offering and the use of proceeds therefrom, Centene had approximately \$250.0 million of Senior Debt outstanding and approximately \$43.3 million issued and undrawn letters of credit, and Centene's subsidiaries had approximately \$962.0 million of indebtedness and other liabilities outstanding, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities (excluding intercompany liabilities). In addition, Centene had \$350.0 million of available and undrawn borrowings under the Credit Agreement. The outstanding letters of credit referenced above are not part of the Credit Agreement.

As of the date of the indenture, all of our direct and indirect subsidiaries will be Restricted Subsidiaries. However, under the circumstances described below under the subheading Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we will be permitted to designate certain of our subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture.

Principal, Maturity and Interest

Centene initially will issue \$250.0 million aggregate principal amount of notes at a discount. Subject to compliance with the covenant described under the caption

Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock below, Centene may issue additional notes under the indenture from time to time after this offering. The initial notes and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions, and offers to purchase. Centene will issue notes in denominations of \$2,000 and integral multiples of \$1,000.

The notes will mature on June 1, 2017.

Interest on the notes will accrue at the rate of 5.75% per annum and will be payable semi-annually in arrears on June 1 and December 1 commencing on December 1, 2011. Centene will make each interest payment to the holders of record on the immediately preceding May 15 and November 15.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

All payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless Centene elects to make interest payments by check mailed to the holders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. Centene may change the paying agent or registrar without prior notice to the holders of the notes, and Centene or any of its Restricted Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Centene is not required to transfer or exchange any note selected for redemption. Also,

S-14

Table of Contents

Centene is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Optional Redemption

At any time the Company may redeem all or any portion of the notes, at once or over time, after giving the required notice under the indenture at a redemption price equal to the greater of:

(a) 100% of the principal amount of the notes to be redeemed, and

(b) the sum of the present values of (1) the principal amount of the notes at maturity and (2) the remaining scheduled payments of interest from the redemption date through June 1, 2017, but excluding accrued and unpaid interest through the redemption date, discounted to the redemption date (assuming a 360 day year consisting of twelve 30 day months), at the Treasury Rate plus 50 basis points,

plus, in either case, accrued and unpaid interest, if any, to but excluding the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

(1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or

(2) if the notes are not listed on any national securities exchange, on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate.

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notice of any redemption may, at Centene's discretion, be subject to one or more conditions precedent.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

Mandatory Redemption

Centene is not required to make mandatory redemption or sinking fund payments with respect to the notes. However, under certain circumstances, Centene may be required to offer to purchase notes as described under "Repurchase at the Option of Holders' Change of Control" and "Repurchase at the Option of Holders' Asset Sales." Centene may at any time and from time to time purchase notes in the open market or otherwise.

Repurchase at the Option of Holders

Change of Control

Upon the occurrence of a Change of Control, each holder of notes will have the right to require Centene to repurchase all

or any part (equal to \$2,000 or an integral multiple of \$1,000) of that

S-15

Table of Contents

holder's notes pursuant to the offer described below (the "Change of Control Offer") on the terms set forth in the indenture. In the Change of Control Offer, Centene will offer a payment in cash (the "Change of Control Payment") equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase.

Within 30 days following any Change of Control, Centene will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date of such Change of Control, pursuant to the procedures required by the indenture and described in such notice. Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the change of control provisions of the indenture, Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the change of control provisions of the indenture by virtue of such compliance.

On the Change of Control payment date, Centene will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control

Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and

(3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being purchased by Centene.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to the unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000.

Centene will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control payment date.

Under clause (4) of the definition of Change of Control, a Change of Control will occur when a majority of Centene's Board of Directors are not Continuing Directors. In a recent decision in connection with a proxy contest, the Delaware Court of Chancery held that the occurrence of a change of control under a similar indenture provision may nevertheless be avoided if the existing directors were to approve the slate of new director nominees (who would constitute a majority of the new board) as continuing directors, provided the incumbent directors give their approval in the good faith exercise of their fiduciary duties owed to the corporation and its stockholders. Therefore, in certain circumstances involving a significant change in the composition of Centene's Board of Directors, including in connection with a proxy contest where the Centene's Board of Directors does not endorse a dissident slate

of directors but approves them as Continuing Directors, holders of the notes may not be entitled to require Centene to make a Change of Control Offer.

The Credit Agreement provides that certain change of control events with respect to Centene would constitute a default thereunder. Any future credit agreements or other agreements to which Centene becomes a party may contain similar restrictions and provisions. The occurrence of a Change of Control may result in a default under other Indebtedness of Centene and its Subsidiaries, giving the lenders thereunder the right to require Centene to repay obligations outstanding thereunder. Centene's ability to repurchase notes following a Change of Control also may be limited by Centene's then existing resources.

S-16

Table of Contents

The provisions described above that require Centene to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable to the Change of Control event. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that Centene repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Centene will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Centene and purchases all notes properly tendered and not withdrawn under the Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control and may be conditional upon the occurrence of a Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Centene and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require Centene to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Centene and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Centene will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Centene (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets sold, leased, transferred, conveyed or otherwise disposed of or Equity Interests of any Restricted Subsidiary of Centene issued, sold, transferred, conveyed or otherwise disposed of;

(2) at least 75% of the consideration received in the Asset Sale by Centene or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this clause (2), each of the following will be deemed to be cash:

(a) any liabilities, as shown on Centene's or such Restricted Subsidiary's most recent balance sheet, of Centene or any of its Restricted Subsidiaries (other than contingent liabilities and liabilities that are by their terms subordinated to the notes) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases Centene or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by Centene or any such Restricted Subsidiary from such transferee that are converted by Centene or such Restricted Subsidiary into cash within 90 days, to the extent of the cash received in that conversion; and

(c) any Designated Non-cash Consideration received by Centene or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) not to exceed 5.0% of the Consolidated Total

Assets at the time of the receipt of such Designated Non-cash Consideration (determined based on the most recently ended fiscal quarter for which internal financial statements are available and with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) shall be deemed to be cash for purposes of this paragraph and for no other purpose; and

S-17

Table of Contents

(3) Centene delivers an officers certificate to the trustee certifying that such Asset Sale complies with the foregoing clauses (1) and (2).

To the extent that the Fair Market Value of any Asset Sale exceeds 10% of Consolidated Total Assets at the time of receipt of the Net Proceeds of any such Asset Sale (determined based on the most recently ended fiscal quarter for which internal financial statements are available and with the Fair Market Value of each Asset Sale being measured at the time of such Asset Sale), then within 365 days after the receipt of any Net Proceeds from any such Asset Sale, Centene or such Restricted Subsidiary may apply those Net Proceeds (but shall only be required to apply that portion of the Net Proceeds from such Asset Sale that exceeds 10% of Consolidated Total Assets) at its option (or any portion thereof):

(1) to permanently repay Senior Debt of Centene (other than Indebtedness owed to Centene or any Affiliate of Centene) and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or all of the Voting Stock of, another Person engaged in a Permitted Business; or

(3) to acquire other long-term assets or property that are used in a Permitted Business;

provided that a binding commitment to apply Net Proceeds as set forth in clauses (1), (2) and (3) above shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as Centene or such Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment

within 180 days of such commitment (an Acceptable Commitment) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, then Centene or such Restricted Subsidiary shall be permitted to apply the Net Proceeds in any manner set forth in clauses (1), (2) and (3) above before the expiration of such 180-day period and, in the event Centene or such Restricted Subsidiary fails to do so, then such Net Proceeds shall constitute Excess Proceeds (as defined below). Pending the final application of any Net Proceeds, Centene may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that were required to be applied in accordance with the first sentence of the immediately preceding paragraph and that are not so applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$25.0 million, Centene will make an Asset Sale Offer to all holders of notes to purchase the maximum principal amount of notes and, if Centene is required to do so under the terms of any other Indebtedness that is *pari passu* with the notes, such other Indebtedness on a pro rata basis with the notes, that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of the purchase of all properly tendered and not withdrawn notes pursuant to an Asset Sale Offer, Centene may use such remaining Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess

Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture,

S-18

Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Certain Covenants

Covenant Termination

Following the first day:

(a) the notes have an Investment Grade Rating; and

(b) no Default has occurred and is continuing under the indenture;

Centene and its Restricted Subsidiaries shall cease to be subject to the provisions of the indenture summarized under the subheadings below:

Restricted Payments,

Incurrence of Indebtedness and Issuance of Preferred Stock,

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries,

Limitation on Issuances of Guarantees of Indebtedness,

Transactions with Affiliates and

Asset Sales, described above

(collectively, the Terminated Covenants). No Default, Event of Default or breach of any kind shall be deemed to exist under the indenture or the notes with respect to the Terminated Covenants based on, and none of the Company or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring after the notes attain an Investment Grade Rating, regardless of whether such actions or event

would have been permitted if the applicable Terminated Covenants remained in effect. The Terminated Covenants will not be reinstated even if Centene subsequently does not satisfy the requirements set forth in clauses (a) and (b) above. After the Terminated Covenants have been terminated, Centene and its Restricted Subsidiaries shall remain subject to the provisions of the indenture described above under the caption Repurchase at the Option of Holders Change of Control and described under the following subheadings:

Liens,

Merger, Consolidation or Sale of Assets (other than the financial test set forth in clause (4) of that covenant),

Payments for Consent and

SEC Reports.

Restricted Payments

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution (A) on account of Centene's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Centene or any of its Restricted Subsidiaries) or (B) to the direct or indirect holders of Centene's or any Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions (i) payable in Equity Interests (other than Disqualified Stock) of Centene or (ii) to Centene or a wholly owned Restricted Subsidiary or to all holders of Capital Stock of such Restricted Subsidiary on a pro rata basis);

Table of Contents

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Centene) any Equity Interests of Centene or any of its Restricted Subsidiaries (other than from such Equity Interests owned by Centene or any of its Restricted Subsidiaries);

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Obligations, except a payment of interest or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as Restricted Payments),

unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default or Event of Default has occurred and is continuing or would occur as a consequence thereof; and

(b) Centene would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Centene and the Restricted Subsidiaries after the date of the indenture (excluding Restricted Payments permitted by clauses (2), (3), (5), (6), (7) and (9) of the next succeeding

paragraph), is less than the sum, without duplication, of:

(I) 50% of the Consolidated Net Income of Centene for the period (taken as one accounting period) from the beginning of the first full fiscal quarter during which the Issue Date falls to the end of Centene's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), *plus*

(II) 100% of the aggregate net cash proceeds (or the Fair Market Value of property other than cash) received by Centene since the Issue Date as a contribution to its common equity capital or from the issue or sale of Equity Interests of Centene (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Centene, in either case, that have been converted into or exchanged for such Equity Interests of Centene (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Centene), *plus*

(III) to the extent that any Restricted Investment that was made after the date of the indenture is sold for cash or otherwise liquidated or repaid for cash, the cash proceeds and Fair Market Value, of property and marketable securities received with respect to such Restricted Investment (less the cost of disposition, if any), *plus*

(IV) in case, after the date hereof, any Unrestricted Subsidiary has been redesignated as a Restricted Subsidiary under the terms of the indenture or has been merged, consolidated or amalgamated with or into, or transfers or conveys assets to, or is liquidated into Centene or a Restricted Subsidiary, an amount equal to the Fair Market Value of the Investments

owned by Centene and the Restricted
Subsidiaries in such Unrestricted
Subsidiary at the time of

the redesignation, combination or transfer (or of the assets transferred or conveyed, as applicable), *plus*

(V) \$200.0 million.

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration of the dividend, if at the date of declaration the dividend payment would have complied with the provisions of the indenture;

(2) the redemption, repurchase, retirement, repayment, defeasance or other acquisition of any Subordinated Obligations of Centene or of any Equity Interests of Centene in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of Centene) of, Equity Interests of Centene (other than Disqualified Stock); *provided, however*, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, repayment, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(3) the redemption, repurchase, repayment, retirement, defeasance or other acquisition of any Subordinated Obligations of Centene with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness; *provided, however*, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, repayment, retirement, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(4) the redemption, repurchase or other acquisition or retirement for value of any Equity Interests of Centene or any

Restricted Subsidiary of Centene (a) held by any current or former director, officer, employee or consultant of Centene (or any of its Restricted Subsidiaries) pursuant to any management equity subscription plan or agreement, stock option or stock purchase plan or agreement or employee benefit plan as may be adopted by Centene from time to time or pursuant to any agreement with any director, officer, employee or consultant of Centene in existence on the date of the indenture or (b) from an employee of Centene upon the termination of such employee's employment with Centene; *provided, however,* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in reliance on this clause (4) may not exceed \$6.0 million in any twelve-month period, with any unused amounts in any twelve-month period being carried forward to the twelve-month immediately succeeding period and *provided, further,* that such amount in any twelve-month period may be increased by an amount not to exceed (A) the cash proceeds from the sale of Equity Interests (other than Disqualified Stock) of Centene, in each case to members of management, directors or consultants of Centene, any of its Subsidiaries that occurs after the Issue Date, *provided* that such cash proceeds utilized for redemptions, repurchases or other acquisitions or retirements will be excluded from clause (c)(II) of the preceding paragraph plus (B) the cash proceeds of key man life insurance policies received by Centene or its Restricted Subsidiaries after the Issue Date (*provided* that Centene may elect to apply all or any portion of the aggregate increase contemplated by clauses (A) and (B) above in any twelve-month period, it being understood that the forgiveness of any debt by such Person shall not be a Restricted Payment hereunder) less (C) the amount of any Restricted Payments previously made pursuant to clauses (A) and (B) of this clause (4));

(5) repurchases, acquisitions or retirements of Capital Stock of Centene deemed to occur upon the exercise or vesting of stock options or restricted stock or similar rights under employee benefit plans of Centene or its Subsidiaries if such Capital Stock represents all or a portion of the exercise price thereof or withholding tax thereon;

S-21

Table of Contents

(6) redemptions of Capital Stock consisting of common stock of Centene, so long as the Total Debt Ratio is no more than 2.0 to 1.0, both as of the date thereof (based on a computation period of the twelve calendar month period most recently ended) and on a pro forma basis after giving effect to such redemption;

(7) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of Centene; *provided, however,* that any such cash payment shall not be for the purpose of evading the limitation of the covenant described under this subheading (as determined in good faith by the Board of Directors of Centene);

(8) the repurchase, redemption or other acquisition or retirement for value of any Subordinated Indebtedness or Disqualified Stock pursuant to provisions similar to those described under Repurchase at the Option of Holders Change of Control and Repurchase at the Option of Holders Asset Sales ; *provided* that a Change of Control Offer or Asset Sale Offer, as applicable, has been made and all notes tendered by holders of the notes in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value; and

(9) other Restricted Payments in an aggregate amount since the issue date not to exceed \$75.0 million.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Centene or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. Not later than the

date of making any Restricted Payment (other than those set forth in clauses (1) through (9) of the preceding paragraph), Centene will deliver to the trustee an officers certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed. If Centene or a Restricted Subsidiary makes a Restricted Payment which at the time of the making of such Restricted Payment would in the good faith determination of Centene be permitted under the provisions of the indenture, such Restricted Payment shall be deemed to have been made in compliance with the indenture notwithstanding any subsequent adjustments made in good faith to Centene financial statements affecting Consolidated Net Income of Centene for any period.

Incurrence of Indebtedness and Issuance of Preferred Stock

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, Guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, incur) any Indebtedness (including Acquired Debt), and Centene will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock (including Disqualified Stock) other than to Centene; *provided, however*, that Centene may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock and any Guarantor may incur Indebtedness (including Acquired Debt), if the Fixed Charge Coverage Ratio for Centene's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock is issued would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds

therefrom), as if the additional Indebtedness had been incurred or the preferred stock or Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

So long as no Default shall have occurred or be continuing or would be caused thereby, the first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, Permitted Debt):

(1) the incurrence by Centene or any Restricted Subsidiary of additional Indebtedness and letters of credit under one or more Credit Facilities; *provided* that the aggregate principal

amount of all Indebtedness and letters of credit of Centene and any Guarantors incurred pursuant to this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Centene and any Restricted Subsidiaries thereunder) does not exceed the greater of (x) \$400.0 million and (y) 20.0% of Consolidated Total Assets (*less* the aggregate principal amount of Indebtedness incurred by Securitization Subsidiaries and then outstanding pursuant to clause (13));

(2) the incurrence by Centene and any of the Restricted Subsidiaries of the Existing Indebtedness after giving effect to the use of proceeds of the notes;

(3) the incurrence by Centene and any of its Restricted Subsidiaries of Indebtedness represented by the initial notes (but not for additional notes);

(4) the incurrence by Centene or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of Centene or such Restricted Subsidiary, in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (4), not to exceed the greater of (x) \$50.0 million and (y) 2.5% of Consolidated Total Assets at any time outstanding;

(5) the incurrence by Centene or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to extend, defease, renew, refund, refinance

or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (2), (3), (4), or this clause (5) of this paragraph;

(6) the incurrence by Centene or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Centene and any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Centene or a Restricted Subsidiary and (ii) any subsequent sale or other transfer of any such Indebtedness to a Person that is not either Centene or a Restricted Subsidiary shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Centene or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) the incurrence of Indebtedness of Centene or any of its Restricted Subsidiaries consisting of guarantees, indemnities, holdbacks or obligations in respect of purchase price adjustments in connection with the acquisition or disposition of assets, including, without limitation, shares of Capital Stock of Restricted Subsidiaries or contingent payment obligations incurred in connection with the acquisition of assets which are contingent on the performance of the assets acquired, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such assets or shares of Capital Stock of such Restricted Subsidiary for the purpose of financing such acquisition;

(8) the incurrence of Indebtedness of Centene or any of its Restricted Subsidiaries represented by (a) letters of credit for the account of Centene or any of its Restricted Subsidiaries or (b) other obligations to reimburse third parties pursuant to any surety bond, performance bond or other similar arrangements, which

letters of credit or other obligations, as the case may be, are intended to provide security for provider claims, workers compensation claims, payment obligations in connection with sales tax and insurance or other similar requirements in the ordinary course of business;

(9) the incurrence by Centene or any of its Restricted Subsidiaries of Hedging Obligations; *provided* that such Hedging Obligations are related to business transactions of Centene or its Restricted Subsidiaries entered into in the ordinary course of business and are

S-23

entered into for bona fide hedging purposes (and not for speculative purposes) of Centene or its Restricted Subsidiaries (as determined in good faith by the Board of Directors or senior management of Centene);

(10) the Guarantee by Centene or any of the Restricted Subsidiaries of Indebtedness of Centene or a Restricted Subsidiary that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is incurred by Centene and is subordinated to the notes, then the Guarantee of such Indebtedness by any of its Restricted Subsidiaries shall be subordinated to the same extent as the Indebtedness guaranteed;

(11) Indebtedness incurred by a Foreign Restricted Subsidiary which, when aggregated with the principal amount of all other Indebtedness incurred pursuant to this clause (11) and then outstanding, does not exceed the greater of (x) \$75.0 million or (y) 20.0% of Centene's Consolidated Total Foreign Assets;

(12) Indebtedness of a Restricted Subsidiary outstanding on the date on which such Restricted Subsidiary was acquired by Centene or otherwise became a Restricted Subsidiary (other than Indebtedness incurred as consideration in, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Restricted Subsidiary became a subsidiary of Centene or was otherwise acquired by Centene), *provided* that after giving effect thereto, (a) Centene would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test in the first paragraph above, or (b) the Fixed Charge Coverage Ratio would be no worse than immediately prior thereto;

(13) Indebtedness incurred by a Securitization Subsidiary in connection with a Qualified Securitization Transaction that is not recourse with respect to Centene and its Restricted Subsidiaries; provided, however, that in the event such Securitization Subsidiary ceases to qualify as a Securitization Subsidiary or such Indebtedness becomes recourse to Centene or any of its Restricted Subsidiaries, such Indebtedness will, in each case, be deemed to be, and must be classified by Centene as, incurred at such time (or at the time initially incurred) under one more of the other provisions of this covenant;

(14) the incurrence by Centene or any Restricted Subsidiary of Indebtedness to the extent the proceeds thereof are used to purchase notes pursuant to a Change of Control Offer or to defease or discharge notes in accordance with the terms of the indenture;

(15) the incurrence by Centene or any Restricted Subsidiary of Indebtedness consisting of (a) the financing of insurance premiums or (b) take or pay obligations in supply agreements, in each case in the ordinary course of business;

(16) Real Estate Indebtedness, together with any Indebtedness of the Centene Plaza Subsidiary and the Centene Plaza Phase II Subsidiary, not to exceed \$200.0 million in the aggregate at any one time outstanding;

(17) Indebtedness in respect of secured or unsecured letters of credit incurred by Centene or any Restricted Subsidiary in an aggregate principal amount not to exceed \$100.0 million; and

(18) the incurrence by Centene or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness

incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (18), not to exceed the greater of (x) \$100.0 million and (y) 5.0% of Consolidated Total Assets.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (18) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Centene shall, in its sole discretion, classify (or later re-

S-24

Table of Contents

classify in whole or in part), or divide (or later re-divide in whole or in part) such item of Indebtedness (or any portion thereof) in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Centene. Indebtedness under Credit Facilities outstanding on the date on which the notes are first issued and authenticated under the indenture will at all times be deemed to have been incurred on such date in reliance of the exception provided by clause (1) of the definition of Permitted Debt. Accrual of interest or dividends, the accretion of accreted value or liquidation preference and the payment of interest or dividends in the form of additional Indebtedness or Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant.

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is subordinated to any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be, unless made expressly subordinate to the notes to the same extent and in the same manner as such Indebtedness is subordinated pursuant to subordination provisions that are most favorable to the holders of any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be.

Liens

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or assume any consensual Liens of any kind against or upon any of their respective properties or assets, or any proceeds, income or profit

therefrom or assign or convey any right to receive income therefrom, except Permitted Liens, to secure any Indebtedness of Centene unless prior to, or contemporaneously therewith, the notes are equally and ratably secured by a Lien on such property, assets, proceeds, income or profit; *provided, however*, that if such Indebtedness is expressly subordinated to the notes, the Lien securing such Indebtedness will be subordinated and junior to the Lien securing the notes with the same relative priority as such Indebtedness has with respect to the notes.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any of its Restricted Subsidiaries to:

(a) pay dividends or make any other distributions on its Capital Stock to Centene or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to Centene or any of its Restricted Subsidiaries;

(b) make loans or advances to Centene or any of its Restricted Subsidiaries; or

(c) transfer any of its properties or assets to Centene or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Existing Indebtedness and Credit Facilities (including the Credit Agreement) as in effect on the date of the indenture and any amendments, modifications, restatements, renewals, increases, supplements,

refundings, replacements or refinancings of those agreements; *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the date of the indenture;

(2) the indenture and the notes;

(3) applicable law or any applicable rule, regulation or order of, or arrangement with, any regulatory body or agency;

S-25

Table of Contents

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by Centene or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;

(5) restrictions on cash or other deposits or net worth imposed by customers or governmental regulatory bodies or required by insurance, surety or bonding companies, in each case pursuant to contracts entered into in the ordinary course of business of Centene and its Restricted Subsidiaries;

(6) customary non-assignment provisions in leases and other contracts entered into in the ordinary course of business and consistent with industry practices;

(7) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on that property of the nature described in clause (c) of the first paragraph of this covenant;

(8) any agreement for the sale or other disposition of a Restricted Subsidiary or the assets of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition or the sale or other disposition of its assets;

(9) Permitted Refinancing Indebtedness; *provided, however*, that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness

are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(10) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption Liens that limit the right of the debtor to dispose of the assets subject to such Liens; and

(11) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business.

Merger, Consolidation or Sale of Assets

Centene may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Centene is the surviving corporation) or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of the properties or assets of Centene in one or more related transactions, to another Person; unless:

(1) either:

(a) Centene is the surviving corporation; or

(b) the Person formed by or surviving any such consolidation or merger (if other than Centene) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than Centene) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of Centene or such Restricted Subsidiary, as the case may be, under the

notes and the indenture pursuant to agreements reasonably satisfactory to the trustee;

S-26

Table of Contents

(3) immediately after such transaction no Default or Event of Default exists; and

(4) except with respect to a consolidation or merger of Centene with or into a Restricted Subsidiary, Centene or the Person formed by or surviving any such consolidation or merger (if other than Centene), or to which such sale, assignment, transfer, conveyance or other disposition has been made will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, (a) be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under the caption Incurrence of Indebtedness and Issuance of Preferred Stock above or (b) have a Fixed Charge Coverage Ratio that is no worse than the Fixed Charge Coverage Ratio of Centene for such applicable four-quarter period without giving pro forma effect to such transactions and the related financing transactions.

For purposes of this covenant, the sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of one or more Subsidiaries of Centene, which properties or assets, if held by Centene instead of such Subsidiaries, would constitute all or substantially all of the properties or assets of Centene on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties or assets of Centene.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Centene may designate any of its Restricted Subsidiary to be an Unrestricted Subsidiary if that

designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Centene and its Restricted Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Certain Covenants Restricted Payments or Permitted Investments, as determined by Centene. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default.

Transactions with Affiliates

Centene will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an Affiliate Transaction), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to Centene or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Centene or such Restricted Subsidiary with an unrelated Person; and

(2) Centene delivers to the trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$50.0 million, a resolution of the

Board of Directors set forth in an officers certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(3) transactions solely between or among Centene and/or any of its Restricted Subsidiaries or solely among its Restricted Subsidiaries;

(10) sales or other dispositions of accounts receivable or licensing royalties and related assets to a Securitization Subsidiary in a Qualified Securitization Transaction which are customarily transferred in such a transaction;

Limitation on Issuances of Guarantees of Indebtedness

Centene will not permit any of its Restricted Subsidiaries, directly or indirectly, to guarantee or pledge any assets to secure the payment of any other Indebtedness of Centene unless such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture providing for the guarantee of the payment of the notes by such Restricted Subsidiary. The Subsidiary Guarantee will be (1) senior to such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is subordinated to the notes; or (2) pari passu with such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is not subordinated to the notes.

The Subsidiary Guarantee of a Guarantor will be automatically and unconditionally released:

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Centene or a subsidiary of Centene, if the sale or other disposition does not violate the Asset Sale provisions of the indenture;

(2) in connection with any sale or other disposition of all of the Capital Stock of

that Guarantor to a Person that is not (either before or after giving effect to such transaction) Centene or a subsidiary of Centene, if the sale or other disposition does not violate the Asset Sale provisions of the indenture;

(4) upon legal defeasance, covenant defeasance or satisfaction and discharge of the notes as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge; or

(5) if such Guarantor is released from the underlying Guarantee of Indebtedness giving rise to the execution of a Subsidiary Guarantee.

The form of Subsidiary Guarantee and the related form of supplemental indenture will be attached as exhibits to the indenture. Notwithstanding the foregoing, if Centene guarantees Indebtedness incurred by any of the Restricted Subsidiaries, such Guarantee by Centene will not require any of its Restricted Subsidiaries to provide a Subsidiary Guarantee for the notes.

Payments for Consent

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

SEC Reports

The indenture will provide that whether or not required, so long as the notes are outstanding Centene will file with the SEC (unless the SEC will not accept such filing), within the time periods specified in the SEC's rules and regulations and deliver to the trustee within 15 days after the filing of the same would be required by the SEC,

copies of the quarterly and annual reports and of the information, documents and other reports, if any, which Centene is required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act. The indenture further provides that, notwithstanding that Centene may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as the notes are outstanding Centene will file with the SEC, to the extent permitted, and provide the trustee with such annual reports and such information, documents and other reports specified in Sections 13 and 15(d) of the Exchange Act within the time periods specified in the SEC's rules and regulations. Centene will be deemed to have furnished such reports referred to in this section to the trustee and the holders of the notes if Centene has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

Events of Default and Remedies

Each of the following is an Event of Default:

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in payment when due of the principal of or premium, if any, on the notes;
- (3) failure by Centene or any of its Restricted Subsidiaries to comply with the provisions described under the caption

(7) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Centene or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Centene or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee now exists, or is created after the date of the indenture, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a Payment Default); or

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$50.0 million or more;

(8) failure by Centene or any of its Restricted Subsidiaries to pay final non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$50.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; and

(9) certain events of bankruptcy or insolvency described in the indenture with respect to Centene or any Significant Subsidiary or any group of Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to Centene, any Subsidiary that would constitute a

Significant Subsidiary or any group of Subsidiaries that, taken together, would constitute a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the then outstanding notes may declare all the notes to be due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal or interest.

The holders of at least a majority in aggregate principal amount of the notes then outstanding by notice to the trustee may on behalf of the holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the notes.

Centene is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Centene is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Centene, as such, will have any liability for any obligations of Centene under the notes, the

indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Centene may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding notes (Legal Defeasance) except for:

(1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on such notes when such payments are due from the trust referred to below;

(2) Centene's obligations with respect to the notes concerning issuing temporary notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and Centene's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the indenture.

In addition, Centene may, at its option and at any time, elect to have its obligations released with respect to certain covenants that are described in the indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) Centene must irrevocably deposit with the trustee, in trust, for the benefit of the

holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the stated maturity or on the applicable redemption date, as the case may be, and Centene must specify whether the notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, Centene has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Centene has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Centene has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event

of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than

S-31

the indenture) to which Centene or any of its Subsidiaries is a party or by which Centene or any of its Subsidiaries is bound;

(6) Centene must deliver to the trustee an officers' certificate stating that the deposit was not made by Centene with the intent of preferring the holders of notes over the other creditors of Centene with the intent of defeating, hindering, delaying or defrauding creditors of Centene or others; and

(7) Centene must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the indenture or the notes may be waived with the consent of the holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting holder):

(1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption or repurchase of the notes relating to the covenant (and applicable definitions) described under the caption Repurchase at the Option of Holders Change of Control above;

(3) reduce the rate of or change the time for payment of interest on any note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the notes and a waiver of the payment default that resulted from such acceleration);

(5) make any note payable in money other than that stated in the notes;

(6) make any change in the provisions (including applicable definitions) of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium, if any, on the notes;

(7) waive a redemption or repurchase payment with respect to any note (including a payment required by the provisions described under the caption Repurchase at the Option of Holders above);

(8) make any change in the ranking of the notes in a manner adverse to the holders of the notes; or

Notwithstanding the preceding, without the consent of any holder of notes, Centene and the trustee may amend or supplement the indenture or the notes:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated notes in addition to or in place of certificated notes;

S-32

Table of Contents

(3) to provide for the assumption of Centene's obligations to holders of notes in the case of a merger or consolidation or sale of all or substantially all of Centene's assets;

(4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to provide for or confirm the issuance of additional notes otherwise permitted to be incurred by the indenture;

(6) to comply with requirements of the Commission in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(7) to allow any Guarantor to execute a supplemental indenture and/or a Guarantee with respect to the notes;

(8) to evidence and provide the acceptance of the appointment of a successor trustee under the indenture;

(9) to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the holders of notes as additional security for the payment and performance of Centene's or a Guarantor's obligations;

(10) to comply with the rules of any applicable securities depository;

(11) to release a Guarantor from its Guarantee pursuant to the terms of the indenture when permitted or required pursuant to the terms of the indenture; or

(12) to conform the text of the indenture, the notes or the Guarantees to any provision of this description to the extent that such provision in this description was intended to be a substantially verbatim

recitation of a provision of the indenture, the notes or the Guarantees.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to Centene, have been delivered to the trustee for cancellation; or

(b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year, and Centene has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable U.S. Government Securities, or a combination of cash in U.S. dollars and non-callable U.S. Government Securities, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Centene is a party or by which Centene is bound;

Table of Contents

(3) Centene has paid or caused to be paid all sums payable by it under the indenture; and

(4) Centene has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.

In addition, Centene must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Centene, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; *however*, if it acquires any conflicting interest, it must (i) eliminate such conflict within 90 days, (ii) apply to the Commission for permission to continue or (iii) resign.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability

or expense.

The Board of Directors of Centene may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of Centene of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would be in existence following such designation.

(2) the then outstanding principal amount of such Indebtedness.

Book-Entry System for Notes

The following description of the operations and procedures of the Depository Trust Company (DTC) is provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC s settlement systems and are subject to changes by them. Centene takes no

S-51

Table of Contents

responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

Upon issuance, the Notes will each be represented by one or more global securities (each a Global Security). Each Global Security will be deposited with, or on behalf of DTC (the Depositary). Upon the issuance of any such Global Security, the Depositary or its nominee will credit the accounts of persons held with it with the respective principal or face amounts of the notes represented by any such Global Security. Ownership of beneficial interests in any such Global Security will be limited to persons that have accounts with the Depositary (participants) or persons that may hold interests through participants. Ownership of beneficial interests by participants in any such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depositary. Ownership of beneficial interests in any such Global Security by persons that hold through participants will be shown on, and the transfer of that ownership interest within such participant will be effected only through, records maintained by such participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to acquire or transfer beneficial interests in any such Global Security. Payment of principal of and interest on the notes will be made to the Depositary or its nominee, as the case may be, as the sole registered owner and holder of any Global Security for such series for all purposes under the indenture. None of Centene, the trustee or any agent of Centene or the trustee will have any responsibility or liability for any aspect of the Depositary's records relating to or payments made on account of beneficial ownership interests in any such Global

Security or for maintaining, supervising or reviewing any of the Depository's records relating to such beneficial ownership interests.

Centene has been advised by the Depository that upon receipt of any payment of principal of or interest on any Global Security, the Depository will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global Security as shown on the records of the Depository. Payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts registered in street name and will be the sole responsibility of such participants.

No Global Security may be transferred except as a whole by the Depository to a nominee of the Depository. Each Global Security is exchangeable for certificated notes only if (x) the Depository notifies Centene that it is unwilling or unable to continue as Depository for such Global Security or if at any time the Depository ceases to be a clearing agency registered under the Exchange Act and Centene fails within 90 days thereafter to appoint a successor, (y) Centene in its sole discretion determines that such Global Security shall be exchangeable or (z) there shall have occurred and be continuing an Event of Default (as defined in the indenture) or an event which with the giving of notice or lapse of time or both, would constitute an Event of Default with respect to the notes represented by such Global Security. In such event, Centene will issue notes in certificated form in exchange for such Global Security. In any such instance, an owner of a beneficial interest in either Global Security will be entitled to physical delivery in certificated form of notes equal

in principal amount to such beneficial interest and to have such notes registered in its name. Notes so issued in certificated form will be issued in denominations of \$2,000 or any larger amount that is an integral multiple of \$1,000, and will be issued in registered form only, without coupons. Subject to the foregoing, no Global Security is exchangeable, except for a Global Security for the same series of notes of like denomination to be registered in the name of the Depositary or its nominee.

So long as the Depositary, or its nominee, is the registered owner of a Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such Global Security for the purposes of receiving payment on such notes, receiving notices and for all other purposes under the indenture and such notes. Beneficial interests in the notes will be evidenced only by, and transfer thereof will be effected only through, records

S-52

Table of Contents

maintained by the Depositary and its participants. Except as provided herein, owners of beneficial interests in any Global Security will not be entitled to and will not be considered the holders thereof for any purposes under the indenture. Accordingly, each person owning a beneficial interest in such Global Security must rely on the procedures of the Depositary, and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder of the notes under the indenture. The Depositary will not consent or vote with respect to the Global Security representing the notes. Under its usual procedures, the Depositary mails an Omnibus Proxy to the issuer as soon as possible after the applicable record date. The Omnibus Proxy assigns Cede & Co. (the Depositary's partnership nominee) consenting or voting rights to those participants to whose accounts the notes are credited on the applicable record date (identified in a listing attached to the Omnibus Proxy).

The Depositary has advised Centene that the Depositary is a limited-purpose trust company organized under New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act. The Depositary was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. The Depositary's participants include securities brokers and dealers, banks, trust companies, clearing corporations, and

certain other organizations some of whom (and/or their representatives) own the Depository. Access to the Depository's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to the Depository and its participants are on file with the SEC.

Same Day Settlement and Payment

Settlement for the notes will be made by the underwriters in immediately available funds. All cash payments of principal and interest will be made by Centene in immediately available funds.

The notes will trade in the Depository's same-day funds settlement system until maturity or until such notes are issued in certificated form, and secondary market trading activity in such notes will therefore be required by the Depository to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in such notes.

**MATERIAL UNITED STATES
FEDERAL INCOME TAX
CONSIDERATIONS**

The following is a summary of the material United States federal income tax consequences of the purchase, ownership, and disposition of the notes. This summary is generally limited to holders that acquire the notes pursuant to this offering and hold the notes as capital assets (generally, property held for investment) for United States federal income tax purposes. This discussion does not describe all of the United States federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, including, without limitation, tax-exempt organizations, holders subject to the United States federal alternative minimum tax, dealers in securities or currencies, financial institutions, insurance companies, regulated investment companies, real estate investment trusts, certain former citizens or residents of the United States, controlled foreign corporations, passive foreign investment companies, partnerships, S corporations or other pass-through entities, U.S. holders (as defined below) whose functional currency is not the United States dollar, and persons that hold the notes in connection with a straddle, hedging, conversion or other risk-reduction transaction.

The United States federal income tax consequences set forth below are based upon the Internal Revenue Code of 1986, as amended (the Code) and applicable Treasury regulations, court decisions, and rulings and pronouncements of the Internal Revenue Service (IRS), all as in effect on the date hereof, and all of which are subject to change, or differing interpretations at any time with possible

retroactive effect. There can be no assurance that the IRS will not challenge one or more of the tax consequences described herein, and we have not sought any ruling from the IRS with respect to statements made and conclusions reached in this discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

As used herein, the term "U.S. holder" means a beneficial owner of a note that is for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

As used herein, the term "non-U.S. holder" means a beneficial owner of a note that is neither a U.S. holder nor a partnership or an entity treated as a partnership for U.S. federal income tax purposes.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a note, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner that

is a partnership and partners in such a partnership should consult their tax advisors about the U.S. federal income tax consequences of the purchase, ownership and disposition of the notes.

This summary does not address the tax consequences arising under any state, local, or foreign law. Furthermore, this summary does not consider the effect of the U.S. federal estate or gift tax laws.

Investors considering the purchase of the notes should consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their particular situation, as well as any tax consequences arising under the U.S. federal estate or gift tax rules or under the laws of any state, local, or foreign taxing jurisdiction or under any applicable tax treaty.

Treatment of the Notes

In certain circumstances, we may be obligated to pay amounts in excess of the stated interest or principal on the notes, including as described under Description of Notes Optional Redemption, and Description of Notes Repurchase at the Option of Holders Change of Control. Our obligation to pay such excess amounts may cause the IRS to take the position that the notes are contingent payment debt instruments for U.S. federal income tax purposes. If the IRS is successful in such an assertion, the timing and amount of income included and the character of gain recognized with respect to the notes may be different from the consequences described herein. Notwithstanding this possibility, we do not believe that the notes are contingent payment debt instruments, and consequently, we do not intend to treat the notes as contingent payment debt instruments. Such determination by us is binding on all holders unless a holder discloses its differing position in a statement attached to its timely filed U.S. federal income tax return for the taxable year during which a note was acquired. The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments for U.S. federal income tax purposes.

U.S. Holders

Payments of Interest

Payments of interest on a note generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting).

Original Issue Discount.

The notes may be issued with original issue discount (OID) for U.S. federal

income tax purposes. In such event, you will be subject to special rules relating to the accrual of income for tax purposes. The notes will be treated as issued with OID if the stated principal amount of the notes exceeds their issue price unless such excess is *de minimis* (i.e., less than 0.25% of the stated principal amount multiplied by the number of complete years to maturity). The issue price of the notes will be the first price at which a substantial amount of the notes is sold for money (excluding sales to bond houses, brokers or similar persons). You must include OID in gross income, as ordinary interest income, as it accrues in accordance with a constant yield method based on a compounding of interest regardless of your regular method of tax accounting, even though the cash attributable to this income will not be received until the note is sold, exchanged, redeemed or otherwise disposed.

Sale, Redemption, Exchange or Other Taxable Disposition of Notes

Except as discussed above, a U.S. holder will generally recognize gain or loss on the sale, redemption, exchange, or other taxable disposition of a note, in an amount equal to the difference between (i) the proceeds received by the holder in exchange for such note (less an amount attributable to any accrued but unpaid interest not previously included in income, which will be treated as a payment of interest for U.S. federal income tax purposes) and (ii) the U.S. holder's adjusted tax basis in the note. The proceeds received by a U.S. holder will include the amount of any cash and the fair market value of any other property received for the note. In general, a U.S. holder's adjusted tax basis in a note will equal the amount paid for the note increased by any OID included in income and decreased by the amount of any payments other than qualified stated interest payments received taken with respect to the note. Such gain or loss recognized by a U.S. holder on a disposition of a note generally will be

capital gain or loss and generally will be long-term capital gain or loss if the holder held the note for more than one year. Under current U.S. federal income tax law, net long-term capital gains of non-corporate U.S. holders (including individuals) are eligible for taxation at preferential rates. The deductibility of capital losses is subject to certain limitations. Prospective investors should consult with their own tax advisors concerning these tax law provisions.

S-55

Table of Contents

Medicare Tax

For taxable years beginning after December 31, 2012, recently enacted legislation generally will impose a 3.8% Medicare tax on a portion or all of the net investment income of certain individuals with a modified adjusted gross income of over \$200,000 (\$250,000 in the case of joint filers) and on the undistributed net investment income of certain estates and trusts. For these purposes, net investment income generally will include interest (including interest paid with respect to a note), dividends, annuities, royalties, rents, net gain attributable to the disposition of property not held in a trade or business (including net gain from the sale, exchange, redemption or other taxable disposition of a note) and certain other income, but will be reduced by any deductions properly allocable to such income or net gain. If you are a U.S. holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the notes.

Information Reporting and Backup Withholding

Unless a U.S. holder is an exempt recipient, such as a corporation, payments made with respect to the notes (including any OID) may be subject to information reporting and may also be subject to U.S. federal backup withholding at the applicable rate if a U.S. holder fails to comply with applicable United States information reporting and certification requirements.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required

information is furnished timely to the IRS.

Non-U.S. Holders

Payments of Interest

Interest paid on a note (including any OID) by us or our agent to a non-U.S. holder will qualify for the portfolio interest exemption and will not be subject to U.S. federal income tax or withholding tax; provided that such interest income is not effectively connected with a U.S. trade or business of the non-U.S. holder (or, if a tax treaty applies, is not attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. holder within the United States); and provided that the non-U.S. holder:

does not actually or by attribution own 10% or more of the combined voting power of all classes of our stock entitled to vote;

is not a controlled foreign corporation for U.S. federal income tax purposes that is related to us actually or by attribution through stock ownership;

is not a bank that acquired the note in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business; and

either (a) provides an appropriate Form W-8 (or a suitable substitute form) signed under penalties of perjury that includes the non-U.S. holder's name and address, and certifies as to non-United States status in compliance with applicable law and regulations; or (b) is a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and provides a statement to us or our agent under penalties of perjury in which it certifies that such a Form W-8 (or a

suitable substitute form) has been received by it from the non-U.S. holder or qualifying intermediary and furnishes us or our agent with a copy. The Treasury regulations provide special certification rules for notes held by a foreign partnership and other intermediaries.

If such non-U.S. holder cannot satisfy the requirements described above, payments of interest (including any OID) made to the non-U.S. holder will be subject to the 30% United States federal tax withholding unless such holder provides us with a properly executed IRS Form W-8 claiming an exemption from (or reduction of) withholding under the benefit of a treaty.

S-56

Table of Contents

If interest on a note (including OID) is effectively connected with a United States trade or business by a non-U.S. holder and, if a tax treaty applies, is attributable to a United States permanent establishment or fixed base maintained by the non-U.S. holder within the United States, the non-U.S. holder generally will not be subject to withholding if the non-U.S. holder complies with applicable IRS certification requirements (i.e., by delivering a properly executed IRS Form W-8ECI) and generally will be subject to United States federal income tax on a net-income basis at regular graduated rates in the same manner as if the holder were a U.S. holder. In the case of a non-U.S. holder that is a corporation, such effectively connected income also may be subject to the additional branch profits tax, which generally is imposed on a foreign corporation on the deemed repatriation from the United States of effectively connected earnings and profits at a 30% rate (or such lower rate as may be prescribed by an applicable tax treaty).

Sale, Redemption, Exchange or Other Taxable Disposition of Notes

Generally, any gain recognized by a non-U.S. holder on the disposition of a note (other than amounts attributable to accrued and unpaid interest, which are described under

Non-U.S. Holders Payments of Interest above) will not be subject to United States federal income tax and withholding, unless:

the gain is effectively connected with the conduct of a United States trade or business by the non-U.S. holder (and, if required by an applicable tax treaty, the gain is attributable to a permanent establishment maintained in the United States by the non-U.S. holder); or

the non-U.S. holder is an individual who is present in the United States for 183 days or more during the taxable year of that disposition, and certain other conditions are met or the non-U.S. holder is subject to Code provisions applicable to certain United States expatriates.

A non-U.S. holder should consult his or her tax advisor regarding the tax consequences of the purchase, ownership and disposition of the notes.

Information Reporting and Backup Withholding

Non-U.S. holders may be required to comply with certain certification procedures to establish that the holder is not a United States person in order to avoid information reporting and backup withholding.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished timely to the IRS.

Non-U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedures for obtaining such an exemption, if available.

The United States federal income tax summary set forth above is included for general information only and may not be applicable depending upon your particular situation. You should consult your own tax advisors with respect to the tax consequences to you of the exchange of the notes, and the ownership and disposition of the notes, including the tax consequences under state, local, foreign and other tax laws

**and the possible effects of changes in
federal or other tax laws.**

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$0.5 million.

New Issue of Notes

The notes are a new issue of securities for which there currently is no market. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that following the completion of this offering, they presently intend to make a market in the notes. They are not obligated to do so, however, and any market-making activities with respect to the notes may be discontinued at any time at their sole discretion without notice. In addition, such market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act. Accordingly, we cannot give any assurance as to the development of any market or the liquidity of any market for the notes.

Over-Allotment, Stabilizing and Related Transactions

In connection with this offering, the underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids.

Table of Contents

Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters.

Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes.

Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a broker/dealer when the notes originally sold by such broker/dealer are purchased in a stabilizing or syndicate covering transaction to cover short positions.

Any of these activities may prevent a decline in the market price of the notes, and may also cause the price of the notes to be higher than it would otherwise be in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that we will engage in these transactions or that any transaction, once commenced, will not be discontinued without notice.

Clear Market

We have agreed that, for a period of 90 days from the date hereof, we will not, without the prior written consent of the several representatives to the underwriters, directly or indirectly, issue, sell, offer to sell, grant any option for the sale of, or otherwise dispose of, any securities similar to the notes, or any securities convertible into or exchangeable for the notes or any such similar securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

Alternate Settlement Arrangements

We expect that delivery of the notes will be made to investors on or about May 27, 2011, which will be the eight business day following the date of this prospectus supplement (such settlement being referred to as T+8). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially settle in T+8, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.

Other Relationships

The underwriters and certain of their affiliates have provided and may in the future provide certain financial advisory, investment banking and commercial banking services in the ordinary course of business for us, our subsidiaries and certain of our affiliates, for which they receive customary fees and expense reimbursement. Affiliates of certain of the underwriters are providing us with financial advisory services in connection with, and will act as counterparties to, the interest rate swap pursuant to which the

entire aggregate principal amount of the notes offered hereby will be effectively swapped for an equivalent notional amount of floating rate debt, for which they will receive customary fees and expense reimbursement. In addition, affiliates of Barclays Capital Inc., Morgan Keegan & Company, Inc. and SunTrust Robinson Humphrey, Inc., each an underwriter of this offering, are lenders under our Revolving Credit Facility and will receive a portion of the offering proceeds pursuant to repayments being made under our Revolving Credit Facility. The underwriters have agreed to reimburse us for approximately \$2.1 million of our expenses and other costs related to this offering.

**DESCRIPTION OF DEBT
SECURITIES**

The following description of the terms of our debt securities sets forth general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities. For purposes of this description of debt securities, the terms **we**, **our**, **ours**, and **us**

refer only to Centene Corporation and not to any of its subsidiaries.

The Indenture

The debt securities will be issued in one or more series under an indenture (the Indenture or an indenture), between us and The Bank of New York Mellon Trust Company, N.A., as trustee. The statements herein relating to the debt securities and the indenture are summaries and are subject to the detailed provisions of the indenture. The indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended. The description below is a summary and does not contain all the information you may find useful. We urge you to read the indenture because it, and not this summary, defines many of your rights as a holder of our debt securities. The form of the indenture has been filed as an exhibit to the registration statement of which this prospectus is a part.

General

The debt securities will be our general obligations. Subject to certain limitations contained therein, the indenture does not limit the aggregate amount of debt securities which we may issue. We may issue senior or subordinated debt securities under the indenture up to the aggregate principal amount authorized by our board of directors from time to time. The debt securities may be issued in one or more series.

The senior debt securities will rank equally with all our other unsubordinated obligations. The subordinated debt securities will be subordinated and junior in right of payment to all our present and future senior indebtedness to the extent and in the manner set forth in the indenture. We expect from time to time to incur additional indebtedness constituting secured indebtedness. Our outstanding secured indebtedness would effectively

rank senior to our senior unsecured indebtedness to the extent of the value of such security, and our outstanding short- and long-term indebtedness would rank equally with our senior unsecured debt securities.

As of March 31, 2011, we had \$305.0 million of outstanding indebtedness. We will disclose material changes to these amounts in any prospectus supplement relating to an offering of our debt securities.

Table of Contents

The applicable prospectus supplement relating to the particular series of debt securities will describe specific terms of the debt securities offered thereby, including, some or all of the following where applicable:

the title and any limit on the aggregate principal amount of the debt securities, the ability to issue additional debt securities of the same series and whether the debt securities will be senior or subordinated;

the price at which we are offering the debt securities, usually expressed as a percentage of the principal amount;

whether the debt securities will be secured or unsecured;

the date or dates on which the debt securities of a series will be issued, and on which the principal of and any premium on such debt securities, or any installments thereof, will mature or the method of determining such date or dates;

the rate or rates, which may be fixed or variable at which such debt securities will bear interest or the method of calculating such rate or rates, if any;

the date or dates from which any interest will accrue or the method of determining such dates;

the date or dates on which any interest will be payable and the applicable record dates;

the place or places where principal of, premium, if any, and interest, if any, on such debt securities, or installments thereof, if any, will be payable;

whether payments on the debt securities will be payable in foreign currency or

currency units or another form, and whether payments on the debt securities will be payable by reference to any index or formula;

any of our obligations to redeem, repay, purchase or offer to purchase the debt securities pursuant to any mandatory redemption, sinking fund or analogous provisions or upon other conditions or at the option of the holders of the debt securities and the periods, prices and the other terms and conditions of such redemption or repurchase, in whole or in part;

if the rights evidenced by the debt securities to be issued may be materially limited or qualified by the rights of any other class of securities, material information about the rights of holders of such other securities;

any of our rights to redeem the debt securities at our option and the periods, prices and the other terms and conditions of such redemption, in whole or in part;

the denominations in which such debt securities will be issued;

whether the debt securities are original issue discount securities and the amount of discount;

the provisions for payment of additional amounts or tax redemptions, if any;

any events of default, covenants or restrictions on us or our subsidiaries specified in the indenture with respect to such debt securities;

the designation, if any, of any depositaries, trustees, paying agents, authenticating agents, security registrars or other agents with respect to the debt securities of such series;

any terms upon which the holders may convert or exchange debt securities into or for our debt securities or other securities or property of us or another issuer;

any restrictions or other provisions relating to the transfer or exchange of the debt securities;

if other than the entire principal amount, the portion of the principal amount of debt securities which becomes payable upon a declaration of acceleration of maturity or the method of determining such portion;

Table of Contents

in the case of the subordinated debt securities, provisions relating to any modification of the subordination provisions;

securities exchange(s) on which the securities will be listed, if any;

whether any underwriter(s) will act as market maker(s) for the securities;

the extent to which a secondary market for the securities is expected to develop;

provisions related to limits or restrictions on consolidation, merger, conveyance, sale of assets and other transfers by us and our subsidiaries, to the extent applicable;

provisions relating to discharge and covenant defeasance and legal defeasance and any additional means of defeasance of the debt securities, any conditions or limitations to defeasance of the debt securities;

provisions relating to satisfaction and discharge of the indenture;

provisions relating to form, registration, exchange and transfer;

the designation of agents with respect to the debt securities;

modification, waiver and amendment provisions, including consent of holders requirements associated with these, if any;

material federal income tax considerations, if applicable; and

any other terms of the debt securities, whether in addition to, or by modification or deletion of, the terms described herein.

Debt securities we sell may bear no interest or may bear interest at a rate that at the time of issuance is above or below market rates.

Governing Law

The laws of the State of New York will govern each indenture and will govern the debt securities without giving effect to applicable principles of conflicts of law to the extent that the application of the law of another jurisdiction would be required thereby.

Regarding the Trustee

The Bank of New York Mellon Trust Company, N.A. will act as trustee under the indenture. From time to time, we may also enter into other banking or other relationships with The Bank of New York Mellon Trust Company, N.A. or its affiliates.

Global Debt Securities

We may specify in a prospectus supplement for a particular series of debt securities that each series of debt securities will be issued in whole or in part in global form and will be deposited with, or on behalf of, a depository identified in the prospectus supplement relating to that series. We may issue global debt securities in either temporary or permanent form. Global securities will be registered in the name of the depository or its nominee, which will be the sole direct holder of the global securities. Any person wishing to own a debt security must do so indirectly through an account with a broker, bank or other financial institution that, in turn, has an account with the depository. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security.

PLAN OF DISTRIBUTION

We may sell any of the securities being offered by this prospectus in any one or more of the following ways from time to time:

through agents or dealers;

to or through underwriters;

directly by us to purchasers; or

through a combination of any of these methods.

We will describe the details of any such offering and the plan of distribution for any securities offering in a prospectus supplement.

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us, and any related compensation arrangements contemplated thereby will be described in the applicable prospectus supplement.

Underwriters, dealers and agents that participate in the distribution of our securities may be underwriters as defined in the Securities Act and any discounts or commissions they receive from us and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify in the applicable prospectus supplement any underwriters, dealers or

agents and will describe their compensation. We may have agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act. Underwriters, dealers and agents may engage in transactions with or perform services for us or our subsidiaries in the ordinary course of their businesses.
