CHART ACQUISITION CORP.

555 5th Avenue, 19th Floor

New York, New York 10017

To the stockholders of Chart Acquisition Corp.:

You are cordially invited to attend a special meeting of stockholders (the “special meeting”) of Chart Acquisition Corp., a Delaware corporation (“Chart”, “we”, “us” or “our”), at 10:00 A.M. Eastern time on July 31, 2015, at the offices of Ellenoff Grossman & Schole LLP, 1345 Avenue of the Americas, 11th Floor, New York, New York 10105, or at such other time, on such other date and at such other place to which the meeting may be adjourned or postponed.

At the special meeting, our stockholders will be asked to consider and vote on a proposal, which we refer to as the “Business Combination Proposal,” to approve an Agreement and Plan of Merger (as amended, the “Merger Agreement”) providing for the combination of Chart and Tempus Applied Solutions, LLC (“Tempus”) under a new holding company called Tempus Applied Solutions Holdings, Inc. (“Tempus Holdings”). Upon completion of the transactions contemplated by the Merger Agreement, current Chart stockholders and warrant holders will receive shares of Tempus Holdings common stock and warrants to purchase shares of Tempus Holdings common stock to replace their existing shares of Chart common stock and existing Chart warrants, current holders of Tempus’ membership interests (the “Sellers”) will receive shares of Tempus Holdings common stock, and certain investors participating in a Financing (as defined below) to occur immediately prior to the consummation of the transactions contemplated by the Merger Agreement will receive shares of Tempus Holdings common stock, in certain instances shares of Tempus Holdings preferred stock and Series A and Series B Warrants to acquire shares of Tempus Holdings common stock or Tempus Holdings preferred stock. We refer to the transactions contemplated by the Merger Agreement hereafter as the “Business Combination.” The consummation of the Business Combination will be preceded by a series of privately negotiated transactions, referred to collectively herein as the “Financing”, involving aggregate cash investments of \$10.5 million by three outside investor entities (or affiliates thereof) that have not previously invested in Chart or Tempus (the “New Investors”) and aggregate cash investments of \$5.0 million by Chart Acquisition Group LLC (the “Sponsor”), Mr. Joseph Wright and Cowen Investments LLC (collectively, the “Chart Affiliate Investors”) and a cash investment of \$500,000 by the Chief Financial Officer of Tempus (through his individual retirement account) (the “Tempus Affiliate Investor”, and together with the Chart Affiliate Investors, the “Affiliate Investors” and collectively with the New Investors, the “Investors”).

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO**

CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.

It is anticipated that, upon completion of the Business Combination and the Financing, and if there are no redemptions, Chart's initial stockholders, including the Chart Affiliate Investors, will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own 20.5% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power) and the Sellers, including the Tempus Affiliate Investor, will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock. It is also anticipated that if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination - which, after giving effect to the Financing, would be a redemption of all of Chart's public stockholders - Chart's initial stockholders, including the Chart Affiliate Investors, will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock, the New Investors will own 26.4% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold only 14.97% of Tempus Holdings voting power), the Sellers, including the Tempus Affiliate Investor, will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. These percentages are calculated based on a number of assumptions (as described in the accompanying proxy statement/prospectus), do not take into account any warrants of Tempus Holdings, including the Series A Warrants and Series B Warrants to be issued to the Investors in connection with the Financing, and are subject to adjustment in accordance with the terms of the Merger Agreement. A copy of the Merger Agreement is attached to the accompanying proxy statement/prospectus as Annex A.

Our stockholders will also be asked to consider and vote upon the following proposals:

to approve and adopt the Tempus Applied Solutions Holdings, Inc. 2015 Omnibus Equity Incentive Plan, a copy of which is attached to the accompanying proxy statement/prospectus as Annex C, which we refer to as the "Incentive Plan Proposal;" and

to adjourn the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the special meeting, there are not sufficient votes to approve the Business Combination Proposal and the Incentive Plan Proposal, which we refer to as the "Adjournment Proposal."

Each of these proposals is more fully described in the accompanying proxy statement/prospectus, which each stockholder is encouraged to review carefully.

Our common stock, units and warrants are currently quoted on the OTCQB Marketplace under the symbols “CACG,” “CACGU” and “CACGW,” respectively. At the closing, our units will separate into their component Chart common stock and warrants to purchase one share of Chart common stock, each of which will participate in the Business Combination. We anticipate that Tempus Holdings’ common stock and public warrants will be quoted on the OTCQB Marketplace under the symbols “TMPS” and “TMPSW,” respectively, following the closing of the Business Combination.

Pursuant to our existing charter, we are providing our public stockholders with the opportunity to redeem, upon the closing of the transactions contemplated by the Merger Agreement, shares of Chart common stock then held by them for cash equal to their pro rata share of the aggregate amount on deposit (as of two business days prior to the consummation of the transactions contemplated by the Merger Agreement) in the trust account that holds the proceeds (less taxes payable and any interest that we may withdraw for working capital and to pay taxes) of our initial public offering that closed on December 19, 2012 (the “IPO”) (less any amounts previously released to redeeming stockholders in connection with the extensions of our termination date in September 2014, March 2015 and June 2015). **For illustrative purposes, based on funds in the trust account of approximately \$28.3 million on June 30, 2015, the estimated per share redemption price would have been approximately \$10.00.**

PUBLIC STOCKHOLDERS MAY ELECT TO REDEEM THEIR CHART COMMON STOCK EVEN IF THEY VOTE FOR THE BUSINESS COMBINATION PROPOSAL.

A public stockholder, together with any of his, her or its affiliates or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 20% of the shares sold in the IPO. Holders of our outstanding public warrants and units do not have redemption rights in connection with the Business Combination. Holders of outstanding units must separate the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. The holders of shares of Chart common stock issued prior to our IPO, which we refer to as “founder shares,” and the holders of shares of Chart common stock included within the units (“placement units”) purchased in a private placement (“private placement”) simultaneously with the consummation of our IPO, which we refer to as “placement shares,” have agreed to waive their redemption rights with respect to any shares of our capital stock they may hold in connection with the consummation of the Business Combination, and the founder shares and placement shares will be excluded from the pro rata calculation used to determine the per-share redemption price. Currently, our initial stockholders, which includes our Sponsor, directors and officers, own approximately 44.3% of our issued and outstanding shares of common stock. Our Sponsor and certain of our initial stockholders (representing as of the date hereof approximately 34.8% of the voting power of Chart in the aggregate) have agreed to retain their founder shares for all periods relevant to our stockholder vote on the Business Combination Proposal and to vote any shares of Chart common stock owned by them in favor of the proposals described in the accompanying proxy statement/prospectus, including through their execution of the Supporting Stockholder Agreement, a copy of which is attached as Annex B to the accompanying proxy statement/prospectus.

We are providing this proxy statement/prospectus and accompanying proxy card to our stockholders in connection with the solicitation of proxies to be voted at the special meeting and at any adjournments or postponements of the special meeting. Whether or not you plan to attend the special meeting, we urge you to read this proxy statement/prospectus carefully. **Please pay particular attention to the section entitled “Risk Factors” commencing on page 40, including the discussion therein of the risks to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting.**

After careful consideration, our board of directors has approved and adopted the Merger Agreement and recommends that our stockholders vote FOR adoption and approval of the Business Combination and FOR all other proposals presented to our stockholders in the accompanying proxy statement/prospectus. When you consider the board recommendation of these proposals, you should keep in mind that our directors and officers have interests in the Business Combination that may conflict with your interests as a stockholder. See the section entitled “Proposal No. 1 - The Business Combination Proposal - Certain Benefits of Chart’s Directors and Officers and Others in the Business Combination.”

Approval of the Business Combination Proposal, the Incentive Plan Proposal and the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy at the special meeting. The manager and members of Tempus have already approved the Business Combination.

Your vote is very important. If you are a registered stockholder, please vote your shares as soon as possible by completing, signing, dating and returning the enclosed proxy card in the postage-paid envelope provided. If you hold your shares in “street name” through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the special meeting. The transactions contemplated by the Merger Agreement and the Financing will be consummated only if the Business Combination Proposal and the Incentive Plan Proposal are approved at the special meeting. The Adjournment Proposal is not conditioned on the approval of any other proposal set forth in the proxy statement/prospectus.

If you sign, date and return your proxy card without indicating how you wish to vote, your proxy will be voted FOR each of the proposals described in the accompanying proxy statement/prospectus. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not attend the special meeting in person, the effect will be that your shares will not be counted for purposes of determining whether a quorum is present at the special meeting and, if a quorum is present, will have no effect on the proposals. If you are a stockholder of record and you attend the special meeting and wish to vote in person, you may withdraw your proxy and vote in person.

TO EXERCISE YOUR REDEMPTION RIGHTS, YOU MUST AFFIRMATIVELY VOTE EITHER FOR OR AGAINST THE BUSINESS COMBINATION PROPOSAL, SUBMIT A WRITTEN REQUEST TO CHART’S TRANSFER THAT CHART REDEEM YOUR SHARES AND TENDER YOUR SHARES TO CHART’S TRANSFER AGENT AT LEAST TWO BUSINESS DAYS PRIOR TO THE VOTE AT SUCH MEETING. YOU MAY TENDER YOUR SHARES BY EITHER DELIVERING YOUR SHARE CERTIFICATE TO THE TRANSFER AGENT OR BY DELIVERING YOUR SHARES ELECTRONICALLY USING THE DEPOSITORY TRUST COMPANY’S DWAC (DEPOSIT WITHDRAWAL AT CUSTODIAN) SYSTEM. IF THE BUSINESS COMBINATION IS NOT COMPLETED, THESE SHARES WILL NOT BE REDEEMED FOR CASH AND ANY SHARE CERTIFICATES DELIVERED BY YOU TO THE TRANSFER AGENT WILL BE RETURNED TO YOU. IF YOU HOLD THE SHARES IN STREET NAME, YOU WILL NEED TO INSTRUCT THE ACCOUNT EXECUTIVE AT YOUR BANK OR BROKER TO WITHDRAW THE SHARES FROM YOUR ACCOUNT IN ORDER TO EXERCISE YOUR REDEMPTION RIGHTS.

On behalf of our board of directors, I thank you for your support and look forward to the successful completion of the Business Combination.

Sincerely,

/s/ Joseph R. Wright

Chart believes that the Financing described above is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

Pursuant to our existing charter, we are providing our public stockholders with the opportunity to redeem , upon the closing of the Business Combination, shares of Chart common stock then held by them for cash equal to their pro rata share of the aggregate amount on deposit (as of two business days prior to the closing of the Business Combination) in the trust account that holds the proceeds (less taxes payable and any interest that we may withdraw for working capital and to pay taxes) of our IPO closed on December 19, 2012 (less any amounts previously released to redeeming stockholders in connection with the extensions of our termination date in September 2014, March 2015 and June 2015). For illustrative purposes, based on funds in the trust account of approximately \$28.3 million on June 30, 2015, the estimated per share redemption price would have been \$10.00.

PUBLIC STOCKHOLDERS MAY ELECT TO REDEEM THEIR SHARES EVEN IF THEY VOTE FOR THE BUSINESS COMBINATION PROPOSAL.

The transactions contemplated by the Merger Agreement and the Financing will be consummated only if the Business Combination Proposal and Incentive Plan Proposal are approved at the special meeting. The Adjournment Proposal is

not conditioned on the approval of any other proposal set forth in the proxy statement/prospectus.

A public stockholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 20% of the shares sold in the IPO (the “20% threshold”). Holders of our outstanding public warrants and units do not have redemption rights in connection with the Business Combination. Holders of outstanding units must separate the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. The holders of shares of Chart common stock issued prior to our IPO, which we refer to as “founder shares,” and the holders of shares of Chart common stock included within the units (“placement units”) purchased in a private placement (“private placement”) simultaneously with the consummation of our IPO, which we refer to as “placement shares,” have agreed to waive their redemption rights with respect to any shares of our capital stock they may hold in connection with the consummation of the Business Combination, and the founder shares and placement shares will be excluded from the pro rata calculation used to determine the per-share redemption price. The consummation of the Business Combination will be preceded by a series of privately negotiated transactions, referred to collectively herein as the “Financing”, involving aggregate cash investments of \$10.5 million by three outside investor entities (or affiliates thereof) that have not previously invested in Chart or Tempus (the “New Investors”), aggregate cash investments of \$5.0 million by Chart Acquisition Group LLC (the “Sponsor”), Mr. Joseph Wright and Cowen Investments LLC (collectively, the “Chart Affiliate Investors”) and a cash investment of \$500,000 by the Chief Financial Officer of Tempus (through his individual retirement account) (the “Tempus Affiliate Investor”, and together with the Chart Affiliate Investors, the “Affiliate Investors” and collectively with the New Investors, the “Investors”). In the Financing, immediately prior to the consummation of the Business Combination, (i) the New Investors will acquire from TAS Financing Sub Inc., a Delaware corporation and a newly formed wholly-owned subsidiary of Tempus (“Tempus Financing Sub”), an aggregate of 1,050,000 shares of Series A Non-Voting Preferred Stock of Tempus Financing Sub (the “Tempus Financing Sub Preferred Stock”) at a price of \$10.00 per share, (ii) Tempus Financing Sub will use the \$10.5 million in proceeds from the issuance of the Tempus Financing Sub Preferred Stock to the New Investors to acquire from Chart Financing Sub Inc., a Delaware corporation and a newly formed wholly-owned subsidiary of Chart (“Chart Financing Sub”), 1,050,000 shares of Series A Non-Voting Preferred Stock of Chart Financing Sub (the “Chart Financing Sub Series A Preferred Stock”) at a price of \$10.00 per share and (iii) the Affiliate Investors will acquire from Chart Financing Sub 550,000 shares of Series B Non-Voting Preferred Stock of Chart Financing Sub (the “Chart Financing Sub Series B Preferred Stock”) at a price of \$10.00 per share. In the Business Combination, the Tempus Financing Sub Preferred Stock held by the New Investors and the Chart Financing Sub Series B Preferred Stock held by the Affiliate Investors will be cancelled. In consideration for such cancellation, the New Investors will collectively receive 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Series A Convertible Preferred Stock (“Tempus Holdings Preferred Stock”), 1,968,750 Series A-1 Warrants to acquire, at the election of the holder thereof, one share of either Tempus Holdings common stock or Tempus Holdings Preferred Stock (“Series A-1 Warrants”), and 656,250 Series B-1 Warrants to acquire, at the election of the holder thereof, one share of either Tempus Holdings common stock or Tempus Holdings Preferred Stock (“Series B-1 Warrants”), and the Affiliate Investors will collectively receive 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants to acquire, at the election of the holder thereof, one share of either Tempus Holdings common stock or Tempus Holdings Preferred Stock (“Series A-2 Warrants” and, together with the Series A-1 Warrants, the “Series A Warrants”), and 343,750 Series B-2 Warrants to acquire, at the election of the holder thereof, one share of either Tempus Holdings common stock or Tempus Holdings Preferred Stock (“Series B-2 Warrants” and, together with the Series B-1 Warrants, the “Series B Warrants”). The Chart Financing Sub Series A Preferred Stock held by Tempus Financing Sub will be cancelled in the Business Combination as treasury stock without any consideration paid for such cancellation.

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

Table of Contents

It is anticipated that, upon completion of the Business Combination, including the consummation of the Financing immediately prior thereto, and if there are no redemptions and there is no adjustment to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, the Sellers, including the Tempus Affiliate Investor, will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis), Chart's public stockholders will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 20.5% of Tempus Holdings issued and outstanding capital stock (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), and Chart's initial stockholders, including our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock. If any of Chart's stockholders exercise their redemption rights, the ownership interest in Tempus Holdings of Chart's public stockholders will decrease and the ownership interest in Tempus Holdings of the Sellers (including the Tempus Affiliate Investor), the New Investors and our initial stockholders (including the Chart Affiliate Investors) will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, the Sellers, including the Tempus Affiliate Investor, will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), Chart's initial stockholders, including our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. These ownership percentages with respect to Tempus Holdings do not take into account (i) the issuance of any shares upon completion of the Business Combination under the proposed Tempus Applied Solutions Holdings, Inc. 2015 Omnibus Equity Incentive Plan (the "Incentive Plan"), (ii) the issuance of any shares upon the exercise of warrants to purchase up to a total of 7,875,000 shares of Tempus Holdings common stock that will remain outstanding following the Business Combination or any additional warrants that are issued to our Sponsor, Joseph Wright or Cowen (at \$0.75 per warrant) pursuant to the conversion of their working capital loans that were made to Chart, (iii) any adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) the potential issuance of up to an additional 6,300,000 shares to the Sellers upon the achievement of certain financial milestones (the "Earn-out Shares"), (v) any indemnification payments that are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) the issuance of any shares to any of the Investors participating in the Financing upon the exercise of the Series A Warrants or Series B Warrants. If the actual facts are different than these assumptions (which they are likely to be), the percentage ownerships in Tempus Holdings will be different. See "Summary of the Proxy Statement/Prospectus-Impact of the Business Combination on Chart's Public Float" and "Unaudited Pro Forma Condensed Combined Financial Information" for further information."

Pursuant to our existing charter, we are providing our public stockholders with the opportunity to redeem, upon the closing of the transactions contemplated by the Merger Agreement, shares of Chart common stock then held by them for cash equal to their pro rata share of the aggregate amount on deposit (as of two business days prior to the consummation of the transactions contemplated by the Merger Agreement) in the trust account that holds the proceeds (less taxes payable and any interest that we may withdraw for working capital and to pay taxes) of our initial public offering that closed on December 19, 2012 (the "IPO") (less any amounts previously released to redeeming stockholders in connection with the extensions of our termination date in September 2014, March 2015 and June 2015). For illustrative purposes, based on funds in the trust account of approximately \$28.3 million on June 30, 2015, the estimated per share redemption price would have been approximately \$10.00. Public stockholders may elect to redeem their Chart common stock even if they vote for the Business Combination

Proposal.

TO EXERCISE YOUR REDEMPTION RIGHTS, YOU MUST AFFIRMATIVELY VOTE EITHER FOR OR AGAINST THE BUSINESS COMBINATION PROPOSAL, SUBMIT A WRITTEN REQUEST TO CHART'S TRANSFER THAT CHART REDEEM YOUR SHARES AND TENDER YOUR SHARES TO CHART'S TRANSFER AGENT AT LEAST TWO BUSINESS DAYS PRIOR TO THE VOTE AT SUCH MEETING. YOU MAY TENDER YOUR SHARES BY EITHER DELIVERING YOUR SHARE CERTIFICATE TO THE TRANSFER AGENT OR BY DELIVERING YOUR SHARES ELECTRONICALLY USING THE DEPOSITORY TRUST COMPANY'S DWAC (DEPOSIT WITHDRAWAL AT CUSTODIAN) SYSTEM. IF THE BUSINESS COMBINATION IS NOT COMPLETED, THESE SHARES WILL NOT BE REDEEMED FOR CASH AND ANY SHARE CERTIFICATES DELIVERED BY YOU TO THE TRANSFER AGENT WILL BE RETURNED TO YOU. IF YOU HOLD THE SHARES IN STREET NAME, YOU WILL NEED TO INSTRUCT THE ACCOUNT EXECUTIVE AT YOUR BANK OR BROKER TO WITHDRAW THE SHARES FROM YOUR ACCOUNT IN ORDER TO EXERCISE YOUR REDEMPTION RIGHTS.

Our management and board of directors considered various factors in determining whether to approve the Merger Agreement and the transactions contemplated thereby, and that the value of the Business Combination was equal to at least 80% of the balance in the trust account on the date we entered into the Merger Agreement (excluding deferred underwriting discounts and commissions of \$2,343,750 payable to the underwriters of our IPO and taxes payable on interest earned). For more information about our decision-making process, see the section entitled "Proposal No. 1-The Business Combination Proposal-Chart's Board of Directors' Reasons for the Approval of the Business Combination." The requirement that the value of the Business Combination be equal to at least 80% of the balance in the trust account on the date we entered into the Merger Agreement was imposed by NASDAQ, as a consequence of Chart's common stock having been listed on NASDAQ. However, as of May 8, 2015, NASDAQ has delisted Chart's common stock, which now trades on the OTCQB Marketplace. As a consequence of the delisting, the Business Combination is no longer subject to the requirement that the value of the Business Combination be equal to at least 80% of the balance in the trust account on the date we entered into the Merger Agreement. For more information about the delisting, see the section entitled "Risk Factors - Risks Risk Factors Relating to Chart and the Business Combination - NASDAQ has delisted our securities from trading on its exchange, which may limit investors' ability to make transactions in our securities and reduce the liquidity of our securities".

Pursuant to our Amended and Restated Certificate of Incorporation (the “existing charter”), in connection with the Business Combination, holders of our public shares may elect to have their shares redeemed for cash at the applicable redemption price per share calculated in accordance with our existing charter. As of June 30, 2015, this would have amounted to approximately \$10.00 per share. If a holder exercises its redemption rights, then such holder will be exchanging its shares of our common stock for cash and will no longer own shares of Chart, will not be entitled to receive any shares of Tempus Holdings common stock and will not participate in any future growth of Tempus Holdings (other than through Chart warrants that may be retained). Such a holder will be entitled to receive cash for its public shares only if it (i) affirmatively votes for or against the Business Combination Proposal and (ii) properly demands redemption and delivers its shares (either physically or electronically) to our transfer agent at least two business days prior to the special meeting. See the section entitled “Special Meeting of Chart Stockholders-Redemption Rights.”

In addition to voting on the Business Combination Proposal, at the special meeting, the stockholders of Chart will be asked to vote upon:

The Incentive Plan Proposal - to consider and vote upon a proposal to approve and adopt the Incentive Plan; and

The Adjournment Proposal - to consider and vote upon a proposal to adjourn the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the special meeting, there are not sufficient votes to approve the Business Combination Proposal and the Incentive Plan Proposal.

The transactions contemplated by the Merger Agreement (including the Financing) will be consummated only if the Business Combination Proposal and the Incentive Plan Proposal are approved at the special meeting. The Adjournment Proposal is not conditioned on the approval of any other proposal set forth in this proxy statement/prospectus.

Upon the closing of the Business Combination, Tempus Holdings’ board of directors will consist of four existing Chart directors (Joseph R. Wright, Christopher D. Brady, Peter A. Cohen and Kenneth J. Krieg), two existing Tempus directors (B. Scott Terry and John G. Gulbin III) and one new director (Niall Olver). For more information about the management of Tempus Holdings following the Business Combination, see the section entitled “Management of Tempus Holdings After the Business Combination.”

Unless waived by the parties to the Merger Agreement, in accordance with applicable law, the closing of the Business Combination is subject to a number of conditions set forth in the Merger Agreement including, among others, receipt of the requisite stockholder approval contemplated by this proxy statement/prospectus. For more information about the closing conditions to the Business Combination, see the section entitled “Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - Conditions to Closing of the Business Combination.”

The Merger Agreement may be terminated at any time prior to the consummation of the Business Combination upon agreement of the parties thereto, or by the Sellers or Chart acting alone, in specified circumstances. For more

information about the termination rights under the Merger Agreement, see the section entitled “Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - Termination.”

The proposed Business Combination involves numerous risks. For more information about these risks, please particular attention to the section entitled “Risk Factors”, including the discussion therein of the risks to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting.

In considering the recommendation of Chart's board of directors to vote FOR the proposals presented at the special meeting, you should be aware that our executive officers and members of our board of directors have interests in the Business Combination that are different from, or in addition to, the interests of our stockholders generally. The members of our board of directors were aware of these differing interests and considered them, among other matters, in evaluating and negotiating the transaction agreements and the Financing and in recommending to our stockholders that they vote in favor of the proposals presented at the special meeting. These interests include, among other things:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, officers and directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

FREQUENTLY ASKED QUESTIONS ABOUT THE PROPOSALS

The following questions and answers briefly address what we anticipate will be frequently asked questions about the proposals to be presented at the special meeting, including with respect to the proposed Business Combination. The following questions and answers do not include all the information that is important to our stockholders. We urge our stockholders to read this entire proxy statement/prospectus, including the annexes and the other documents referred to herein.

Q: Why am I receiving this proxy statement/prospectus?

Chart's stockholders are being asked to consider and vote upon a proposal to approve and adopt the Merger Agreement, among other proposals. We have entered into the Merger Agreement with the parties thereto to provide for the combination of Chart and Tempus Applied Solutions, LLC ("Tempus") under a new holding company called Tempus Applied Solutions Holdings, Inc. ("Tempus Holdings"). Upon completion of the Business Combination, current Chart stockholders and warrant holders will receive shares of Tempus Holdings common stock and warrants to purchase shares of Tempus Holdings common stock to replace their existing shares of Chart common stock and existing Chart warrants, current holders of Tempus' membership interests (the "Sellers") will receive shares of Tempus Holdings common stock, and the Investors participating in the Financing to occur immediately prior to the consummation of the transactions contemplated by the Merger Agreement will receive shares of Tempus Holdings common stock, Series A Warrants and Series B Warrants to acquire shares of either Tempus Holdings common stock or Tempus Holdings Preferred Stock and, with respect to certain of the New Investors, shares of Tempus Holdings Preferred Stock. We refer to the transactions contemplated by the Merger Agreement hereafter as the "Business Combination." The purchase price for the Business Combination is up to approximately \$100 million (at a price of \$10.00 per share received by the Sellers), subject to working capital and other customary adjustments in accordance with the terms of the Merger Agreement, as described further herein.

The Business Combination will be preceded by a series of privately negotiated transactions, referred to collectively herein as the "Financing", involving aggregate cash investments of \$10.5 million by the New Investors and aggregate cash investments of \$5.5 million by the Affiliate Investors.

A copy of the Merger Agreement, including the First Amendment, Second Amendment and Third Amendment thereto, is attached to this proxy statement/prospectus as Annex A .. This proxy statement/prospectus and its annexes contain important information about the proposed Business Combination and the other matters to be acted upon at the special meeting. You should read them carefully and in their entirety.

Your vote is important. You are encouraged to submit your proxy as soon as possible after carefully reviewing this proxy statement/prospectus, its annexes and the other documents referred to herein.

Q: What is the nature of Tempus' business and operations?

Tempus was formed in December 2014 to provide turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements for such customers as the DoD, U.S. intelligence agencies, foreign governments, heads of state and others worldwide. Tempus' management and employees have extensive experience in the design and implementation of special mission aircraft modifications related to intelligence, surveillance and reconnaissance ("ISR") systems, new generation command, control and communications systems and VIP interior components, and the provision of ongoing operational support, including flight crews, maintenance and other services to customers. In addition, Tempus will transition A: undervalued and underutilized aircraft to alternative configurations that are then utilized for more profitable special mission purposes. In connection with its formation, Tempus received initial funding of \$1.5 million from its CEO, B. Scott Terry, and its CFO, R. Lee Priest Jr. In addition, Mr. Terry has continued to have extensive relationships in the special mission aircraft modification market, from which he was previously restricted by a non-competition agreement described elsewhere in this prospectus/proxy statement, and has now re-entered this market. Although Tempus has so far had only limited revenues, as of the date of this proxy statement/prospectus, Tempus has four ongoing written contracts, and is currently negotiating additional contracts and has submitted bids representing substantial additional potential business. See "Information about Tempus - Recent Developments".

Q: What is being voted on at the special meeting?

A: Our stockholders are being asked to vote on the following proposals:

1. To approve and adopt the Business Combination and the other transactions contemplated by the Merger Agreement (this proposal is referred to herein as the "Business Combination Proposal");
2. To approve and adopt the Incentive Plan, a copy of which is attached hereto as Annex C (this proposal is referred to herein as the "Incentive Plan Proposal"); and
3. To adjourn the special meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the special meeting, there are not sufficient votes to approve the Business Combination Proposal and the Incentive Plan Proposal (this proposal is referred to herein as the "Adjournment Proposal"). This proposal will only be presented at the special meeting if there are not sufficient votes to approve the Business Combination Proposal and the Incentive Plan Proposal.

Table of Contents

Q: Are the proposals conditioned on one another?

A: The transactions contemplated by the Merger Agreement (and the Financing) will be consummated only if the Business Combination Proposal and the Incentive Plan Proposal are approved at the special meeting. The Adjournment Proposal does not require the approval of any other proposal to be effective. It is important for you to note that in the event that the Business Combination Proposal and the Incentive Plan Proposal do not receive the requisite vote for approval, then we will not consummate the Business Combination. If we do not consummate the Business Combination and fail to complete an initial business combination by July 31, 2015, we will be required to dissolve and liquidate our trust account by returning the then remaining funds in such account to the public stockholders.

Q: Why is Chart providing stockholders with the opportunity to vote on the Business Combination?

A: Under our existing charter, we must provide all holders of public shares with the opportunity to have their public shares redeemed upon the consummation of our business combination either in conjunction with a tender offer or in conjunction with a stockholder vote. For business and other reasons, we have elected to provide our stockholders with the opportunity to have their public shares redeemed in connection with a stockholder vote rather than a tender offer.

Q: What will happen in the Business Combination?

A: Upon completion of the Business Combination, Chart and Tempus will be combined under the new holding company Tempus Holdings. The current holders of Tempus' membership interests (the "Sellers") will receive 3,700,000 shares of Tempus Holdings' common stock in exchange for all of the issued and outstanding membership interests of Tempus upon the closing of the Business Combination. In addition, pursuant to the earn-out provisions of the Merger Agreement, the Sellers will have the right to receive up to an additional 6,300,000 shares of Tempus Holdings' common stock ("Earn-out Shares") upon the achievement of certain financial milestones. Current Chart stockholders and warrant holders will receive shares of Tempus Holdings common stock and warrants to purchase shares of Tempus Holdings common stock to replace their existing shares of Chart common stock and existing Chart warrants. The New Investors participating in the Financing will receive in the Business Combination an aggregate of 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 1,968,750 Series A-1 Warrants and 656,250 Series B-1 Warrants. The Affiliate Investors participating in the Financing will receive in the Business Combination an aggregate of 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants and 343,750 Series B-2 Warrants. The purchase price for the Business Combination is up to approximately \$100 million (at a price of \$10.00 per share received by the Sellers), based on the initial number of shares received by the Sellers plus the potential issuance of Earn-out Shares, subject to working capital and other customary adjustments in accordance with the terms of the Merger Agreement, as described further herein.

Q: What will happen in the Financing?

The Financing consists of a series of privately negotiated transactions to be consummated immediately prior to the closing of the Business Combination, involving aggregate investments of \$10.5 million in cash by the New Investors, three outside investor entities that have not previously invested in Chart or Tempus, and aggregate investments of \$5.5 million in cash by the Affiliate Investors, which include our Sponsor and certain other existing stockholders of Chart, as well as the Chief Financial Officer of Tempus.

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial A: dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

For more information about the Financing, see the section entitled “Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - The Financing”.

Q: What equity stake will current Chart stockholders and the Sellers hold in Tempus Holdings after the closing?

It is anticipated that, upon completion of the Business Combination, including the consummation of the Financing immediately prior thereto, and if there are no redemptions and there is no adjustment to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, the Sellers, including the Tempus Affiliate Investor, will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis), Chart's public stockholders, excluding the Investors, will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 20.5% of Tempus Holdings issued and outstanding capital stock (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), and Chart's initial stockholders, which includes our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock. If any of Chart's stockholders exercise their redemption rights, the ownership interest in Tempus Holdings of Chart's public stockholders will decrease and the ownership interest in Tempus Holdings of the Sellers (including the Tempus Affiliate Investor), the New Investors and our initial stockholders (including the Chart Affiliate Investors) will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, the Sellers, including the Tempus Affiliate Investor, will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), Chart's initial stockholders, which includes our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. These ownership percentages with respect to Tempus Holdings do not take into account (i) the issuance of any shares upon completion of the Business Combination under the proposed Tempus Applied Solutions Holdings, Inc. 2015 Omnibus Equity Incentive Plan (the "Incentive Plan"), (ii) the issuance of any shares upon the exercise of warrants to purchase up to a total of 7,875,000 shares of Tempus Holdings common stock that will remain outstanding following the Business Combination or any additional warrants that are issued to our Sponsor, Joseph Wright or Cowen (at \$0.75 per warrant) pursuant to the conversion of their working capital loans that were made to Chart, (iii) any adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) the potential issuance of up to an additional 6,300,000 shares to the Sellers upon the achievement of certain financial milestones (the "Earn-out Shares"), (v) any indemnification payments that are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) the issuance of any shares to any of the Investors participating in the Financing upon the exercise of the Series A Warrants or Series B Warrants. If the actual facts are different than these assumptions (which they are likely to be), the percentage ownerships in Tempus Holdings will be different. See "Summary of the Proxy Statement/Prospectus-Impact of the Business Combination on Chart's Public Float" and "Unaudited Pro Forma Condensed Combined Financial Information" for further information."

Q: What conditions must be satisfied to complete the Business Combination?

A: There are a number of closing conditions in the Merger Agreement, including that our stockholders have approved and adopted the Merger Agreement and the Incentive Plan Proposal.

Q: Why is Chart proposing the Incentive Plan Proposal?

The purpose of the Incentive Plan is to enable Tempus Holdings to offer eligible employees, directors and consultants cash and stock-based incentive awards in order to attract, retain and reward these individuals and strengthen the mutuality of interests between them and Tempus Holdings' stockholders.

Q: What happens if I sell my shares of Chart common stock before the special meeting?

A: The record date for the special meeting is earlier than the date that the Business Combination is expected to be completed. If you transfer your shares of Chart common stock after the record date, but before the special meeting, unless the transferee obtains from you a proxy to vote those shares, you will retain your right to vote at the special meeting. However, you will not be able to seek redemption of your shares because you will no longer be able to deliver them for cancellation upon consummation of the Business Combination. If you transfer your shares of Chart common stock prior to the record date, you will have no right to vote those shares at the special meeting or redeem those shares for a pro rata portion of the proceeds held in our trust account.

Q: What vote is required to approve the proposals presented at the special meeting?

A: Approval of the Business Combination Proposal, the Incentive Plan Proposal and the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy at the special meeting. Accordingly, a Chart stockholder's failure to vote by proxy or to vote in person at the special meeting or the failure of a Chart stockholder who holds his or her shares in "street name" through a broker or other nominee to give voting instructions to such broker or other nominee (a "broker non-vote") will result in that stockholder's shares not being counted towards the number of shares of Chart common stock required to validly establish a quorum, but if a valid quorum is otherwise established, it will have no effect on the outcome of any vote on the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal. Abstentions will be counted in connection with the determination of whether a valid quorum is established, but will have no effect on the outcome of the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal.

Q: May our Sponsor, directors, officers, advisors or their affiliates purchase shares in connection with the Business Combination?

In connection with the stockholder vote to approve the proposed Business Combination, our Sponsor, directors, officers, advisors or their respective affiliates may privately negotiate transactions to purchase shares from stockholders who would have otherwise elected to have their shares redeemed for a per-share pro rata portion of the trust account. None of our Sponsor, directors, officers or advisors or their respective affiliates will make any such purchases when they are in possession of any material non-public information not disclosed to the seller or during a restricted period under Regulation M under the Exchange Act. Such a purchase would include a contractual acknowledgement that such stockholder, although still the record holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights, and could include a contractual provision that directs such stockholder to vote such shares in a manner directed by the purchaser. In the event that our Sponsor, directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. Any such privately negotiated purchases may be effected at purchase prices that are in excess of the per-share pro rata portion of the trust account.

In the Financing, the Investors will not be purchasing shares from existing stockholders, but instead, immediately prior to the consummation of the Business Combination, the New Investors will be making a direct cash investment totaling \$10.5 million in Tempus Financing Sub, a newly-formed subsidiary of Tempus, for newly issued shares of non-voting preferred stock of Tempus Financing Sub, and the Affiliate Investors will be making a direct cash investment totaling \$5.5 million in Chart Financing Sub, a newly-formed subsidiary of Chart, for newly issued shares of non-voting preferred stock of Chart Financing Sub. In the Business Combination, the Investors will receive an aggregate of 2,664,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 3,000,000 Series A Warrants and 1,000,000 Series B Warrants.

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

For definitions of the foregoing capitalized terms and for more information about the Financing, see the section entitled “Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - The Financing”.

Table of Contents

Q: How many votes do I have at the special meeting?

Our stockholders are entitled to one vote at the special meeting for each share of Chart common stock held of record as of July 2, 2015, the record date for the special meeting. As of the close of business on the record date, there were 5,077,529 outstanding shares of our common stock.

Q: What constitutes a quorum at the special meeting?

Holder of a majority in voting power of Chart common stock issued and outstanding and entitled to vote at the special meeting, present in person or represented by proxy, constitute a quorum. In the absence of a quorum, a majority of our stockholders, present in person or represented by proxy, will have power to adjourn the special meeting. As of the record date for the special meeting, 2,538,765 shares of our common stock would be required to achieve a quorum.

Q: How will our Sponsor, directors and officers vote?

In connection with the IPO, Chart entered into agreements with each of our initial stockholders, which includes our Sponsor, directors and officers, pursuant to which each agreed to vote any shares of Chart common stock owned by them in favor of a proposed business combination. Except as described herein, none of our initial stockholders has purchased any shares during or after our IPO in the open market and neither we nor our Sponsor, directors or executive officers have entered into agreements, and are not currently in negotiations, to purchase shares.

Currently, our initial stockholders own approximately 44.3% of our issued and outstanding shares of common stock, including all of the founder shares and private placement shares.

In addition, concurrently with the execution of the Merger Agreement, our Sponsor, The Chart Group, L.P., Christopher D. Brady, Joseph Wright and Cowen (collectively, the "Chart Stockholders"), entered into a Supporting Stockholder Agreement with Tempus and the Members' Representative (the "Supporting Stockholder Agreement"), a copy of which is attached hereto as Annex B. Pursuant to the Supporting Stockholder Agreement, the Chart Stockholders have agreed, among other things, to vote the shares of Chart common stock held by them (representing as of the date hereof approximately 34.8% of the voting power of Chart in the aggregate) in favor of all the proposals described in this proxy statement/prospectus.

Q: What interests do Chart's current officers and directors have in the Business Combination?

A: Our directors and executive officers have interests in the Business Combination that are different from or in addition to (and which may conflict with) your interest. These interests include, among other things:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, officers and directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

These interests may influence our directors in making their recommendation that you vote in favor of the Business Combination.

Q: What happens if the Business Combination Proposal is not approved?

A: If the Business Combination Proposal is not approved, then on July 31, 2015, we will be required to dissolve and liquidate our trust account by returning the then remaining funds in such account to the public stockholders.

Table of Contents

Q: Do I have redemption rights?

If you are a holder of public shares, you may redeem your public shares for cash equal to a pro rata share of the aggregate amount on deposit in the trust account which holds the proceeds of our IPO (less any amounts previously released to redeeming stockholders in connection with the extensions of our termination date in September 2014, March 2015 and June 2015) as of two business days prior to the consummation of the Business Combination, less franchise and income taxes payable, upon the consummation of the Business Combination. A public stockholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming in the aggregate his, her or its shares or, if part of such a group, the group’s shares, in excess of 20% of the shares sold in the IPO. Our initial A: stockholders, which includes our Sponsor, directors and officers, have agreed to waive their redemption rights with respect to the any shares of our capital stock they may hold in connection with the consummation of the Business Combination, and the founder shares and placement shares will be excluded from the pro rata calculation used to determine the per-share redemption price. For illustrative purposes, based on funds in the trust account of approximately \$28.3 million on June 30, 2015, the estimated per share redemption price would have been \$10.00. Additionally, shares properly tendered for redemption will only be redeemed if the Business Combination is consummated; otherwise holders of such shares will only be entitled to a pro rata portion of the trust account (including interest but net of franchise and income taxes payable and dissolution expenses) in connection with the liquidation of the trust account.

Q: Will how I vote affect my ability to exercise redemption rights?

No. You may exercise your redemption rights whether you vote your shares of Chart common stock for or against the Business Combination Proposal or any other proposal described by this proxy statement/prospectus. As a result, A: the Merger Agreement can be approved by stockholders who will redeem their shares and no longer remain stockholders, leaving stockholders who choose not to redeem their shares holding shares in a company with a less liquid trading market, fewer stockholders and less cash.

Q: How do I exercise my redemption rights?

In order to exercise your redemption rights, you must (i) check the box on the proxy card to elect redemption, (ii) check the box on the proxy card marked “Shareholder Certification”, (iii) affirmatively vote either for or against the Business Combination Proposal and, (iv) prior to 4:30 p.m., Eastern Time on July 29, 2015 (two business days before the special meeting), (x) submit a written request to our transfer agent that we redeem your public shares, and (y) deliver your stock to our transfer agent physically or electronically through Depository Trust Company, or A: DTC. The address of Continental Stock Transfer & Trust Company, our transfer agent, is listed under the question “Who can help answer my additional questions?” Any demand for redemption, once made, may be withdrawn at any time until the deadline for exercising redemption requests and thereafter, with our consent, until the vote is taken with respect to the Business Combination. If you delivered your shares for redemption to our transfer agent and decide within the required timeframe not to exercise your redemption rights, you may request that our transfer agent return the shares (physically or electronically). You may make such request by contacting our transfer agent at the phone number or address listed under the question “Who can help answer my additional questions?” below.

Q: What are the U.S. federal income tax consequences if I do not exercise my redemption rights and instead participate in the Business Combination?

It is intended that the Business Combination will qualify as part of an exchange described in Section 351 of the Internal Revenue Code of 1986, as amended, which we refer to as the Code. If the Business Combination qualifies as part of an exchange described in Section 351, then U.S. Holders (as defined in the section entitled “Material U.S. Federal Income Tax Considerations”) of Chart common stock who do not exercise their redemption rights and who A: participate in the Business Combination generally will not recognize gain or loss for U.S. federal income tax purposes as a result of the exchange of Chart common stock for Tempus Holdings common stock. You are strongly urged to consult with a tax advisor to determine the particular U.S. federal, state or local or foreign income or other tax consequences of your participation in the Business Combination. See “Material U.S. Federal Income Tax Considerations.”

Table of Contents

Q: What are the U.S. federal income tax consequences of exercising my redemption rights?

Chart stockholders who exercise their redemption rights to receive cash from the trust account in exchange for their shares of Chart common stock generally will be required to treat the transaction as a sale of such shares and recognize gain or loss upon the redemption in an amount equal to the difference, if any, between the amount of cash received and the tax basis of the shares of Chart common stock redeemed. Such gain or loss should be treated as capital gain or loss if such shares were held as a capital asset on the date of the redemption. The redemption, however, may be treated as a distribution if it does not effect a meaningful reduction in the redeeming stockholder's percentage ownership in Chart. Any such distribution will be treated as dividend income to the extent of our current or accumulated earnings and profits. Any distribution in excess of our earnings and profits will reduce the redeeming stockholder's basis in the Chart common stock, and any remaining excess will be treated as gain realized on the sale or other disposition of the Chart common stock. See "Material U.S. Federal Income Tax Considerations."

Q: If I am a Chart warrant holder, can I exercise redemption rights with respect to my warrants?

No. The holders of our warrants have no redemption rights with respect to our warrants. However, holders of our public warrants may participate in the Warrant Tender Offer (discussed below).

Q: What is the Warrant Tender Offer?

Shortly after the consummation of the Business Combination, the Warrant Offerors intend to offer to purchase up to 2,378,779 outstanding warrants to purchase common stock of Chart at a purchase price of \$0.60 per warrant (the "Warrant Tender Offer"). The Warrant Offerors initially deposited an aggregate of \$2,250,000 with Continental Stock Transfer & Trust Company into a segregated escrow account pursuant to the terms of an escrow agreement (the "Escrow Agreement"), which funds were to be used for the purchase of the Chart warrants validly tendered in a tender offer to be conducted in connection with a business combination.

In August 2014, the Warrant Offerors commenced the Initial Warrant Tender Offer to purchase up to 7,500,000 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the Initial Warrant Tender Offer. In September 2014, the Warrant Offerors accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

In February 2015, the Warrant Offerors commenced the Second Warrant Tender Offer to purchase up to 7,492,300 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13, 2015. A total of 647,500 warrants were validly tendered and not withdrawn in the Second Warrant Tender Offer. In March 2015, the Warrant Offerors accepted for purchase all such warrants for an aggregate purchase price of \$194,250.

In May 2015, the Warrant Offerors commenced the Third Warrant Tender Offer to purchase up to 6,844,800 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from June 13, 2015 to July 31, 2015. A total of 2,086,441 warrants were validly tendered and not withdrawn in the Third Warrant Tender Offer. In June 2015, the Warrant Offerors accepted for purchase all such warrants for an aggregate purchase price of \$625,932.

Shortly after the completion of the Business Combination, the Sponsor, Mr. Wright, and Cowen, intend to commence the Warrant Tender Offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant (subject to proration), which will be consummated, if at all, upon the consummation of the Business Combination. The purpose of the Warrant Tender Offer is to provide holders of public warrants that may not wish to retain their public warrants following the Business Combination the possibility of receiving cash for their public warrants.

Q: Do I have appraisal rights if I object to the Business Combination?

Chart stockholders may have appraisal rights in connection with the Business Combination. If appraisal rights are available, holders of Chart common stock who do not vote in favor of the Business Combination Proposal and who properly demand appraisal of their shares will be entitled to appraisal rights in connection with the Business
A: Combination under Section 262 of the Delaware General Corporation Law (the "DGCL"). Holders of public shares electing to exercise redemption rights will not be entitled to appraisal rights. Additionally, appraisal rights are not available to holders of public warrants. For additional information, including the procedures for properly demanding appraisal, see "Special Meeting of Chart Stockholders-Appraisal Rights."

Q: What happens to the funds held in the trust account upon consummation of the Business Combination?

If the Business Combination is consummated, the funds held in the trust account will be released to pay (i) Chart stockholders who properly exercise their redemption rights, (ii) up to \$2,343,750 in deferred underwriting compensation to the underwriters of our IPO, (iii) up to \$2,240,000 to our Sponsor and our affiliates for repayment of loans to Chart, (iv) approximately \$4.4 million for fees, costs and expenses (including regulatory fees, legal fees, accounting fees, printer fees, and other professional fees) that were incurred by Chart or Tempus in connection with
A: the transactions contemplated by the Business Combination, (v) our Sponsor for all transaction costs associated with the exploration of potential business combinations not related to the Business Combination and transaction costs incurred in connection with the Business Combination, as more fully described in section "Certain Relationships and Related Transactions Concerning Chart", (vi) unpaid franchise and income taxes of Chart, and (vii) for general corporate purposes, including, but not limited to, working capital for operations, capital expenditures and future acquisitions.

Table of Contents

Q: What happens if the Business Combination is not consummated?

There are certain circumstances under which the Merger Agreement may be terminated. See the section entitled “Proposal No. 1-The Business Combination Proposal” for information regarding the parties’ specific termination rights. If, as a result of the termination of the Merger Agreement or otherwise, we are unable to complete the Business Combination or another business combination transaction by July 31, 2015, our existing charter provides that we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, subject to lawfully available funds therefor, redeem 100% of the public shares in consideration of a per-share price, payable in cash, equal to the quotient obtained by dividing (A) the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable and dissolution expenses, by (B) the total number of then outstanding public shares, which redemption will completely extinguish rights of the public stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemptions, subject to the approval of the remaining stockholders and the board of directors in accordance with applicable law, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to Chart’s obligations under the DGCL to provide for claims of creditors and other requirements of applicable law. We expect that the amount of any distribution our public stockholders will be entitled to receive upon our dissolution will be approximately the same as the amount they would have received if they had redeemed their shares in connection with the Business Combination, subject in each case to Chart’s obligations under the DGCL to provide for claims of creditors and other requirements of applicable law. Holders of our founder shares and placement shares have waived any right to any liquidation distribution with respect to those shares. In the event of liquidation, there will be no distribution with respect to Chart’s outstanding warrants. Accordingly, the warrants will expire worthless (except for the right of Chart’s public warrant holders to receive \$0.30 for each public warrant they hold in place of \$0.60 for 50% of the public warrant they hold if the Business Combination and Warrant Tender Offer were consummated).

Q: When is the Business Combination expected to be completed?

It is currently anticipated that the Business Combination will be consummated promptly following the special meeting, provided that all other conditions to the consummation of the Business Combination have been satisfied or waived. For a description of the conditions to the completion of the Business Combination, see the section entitled “Proposal No. 1 - The Business Combination Proposal.”

Q: What will Chart stockholders receive in the Business Combination?

Upon completion of the Business Combination, each share of Chart common stock will be converted into one share of Tempus Holdings common stock, par value \$0.0001 per share, which we refer to as the Business Combination consideration. Shares held by Chart as treasury stock or that are owned by Chart or any wholly owned subsidiary of Chart, which we refer to as the Chart excluded shares, will not receive the Business Combination consideration and will be canceled. **The Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO**

REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING, RATHER THAN EXCHANGE THEIR CHART COMMON STOCK FOR TEMPUS HOLDINGS COMMON STOCK IN THE BUSINESS COMBINATION.

Q: What will Chart warrant holders receive in the Business Combination?

Upon completion of the Business Combination, all of the warrants to purchase Chart common stock will represent the right to purchase an equal number of shares of Tempus Holdings common stock on the same terms and conditions as the original warrants.

Q: If I am a Chart warrant holder, will my warrants become exercisable for shares of Tempus Holdings common stock if the Business Combination is consummated?

Yes. Pursuant to the Merger Agreement and the terms of the Chart warrants, each Chart warrant will automatically become a warrant to purchase shares of Tempus Holdings common stock. However, in the event that Chart does not consummate the business combination by July 31, 2015, Chart will be required to liquidate and any Chart warrants you own will expire without value except for the right of Chart's public warrant holders to receive \$0.30 for each public warrant they hold.

Table of Contents

Q: If the Business Combination is completed, when can I expect to receive the Tempus Holdings common stock for my shares of Chart common stock?

A: Certificated Shares: As soon as reasonably practicable after the effective time of the Business Combination, Tempus Holdings will cause an exchange agent to mail to each holder of certificated shares of Chart common stock a form of letter of transmittal and instructions for use in effecting the exchange of Chart common stock for the Business Combination consideration. After receiving the proper documentation from a holder of Chart common stock, the exchange agent will deliver to such holder the cash and Tempus Holdings common stock to which such holder is entitled under the Merger Agreement.

Book Entry Shares: Each holder of record of one or more book entry shares of Chart common stock whose shares will be converted into the right to receive the Business Combination consideration will automatically, upon the effective time of the Business Combination, be entitled to receive, and Tempus Holdings will cause the exchange agent to deliver to such holder as promptly as practicable after the effective time, the cash and Tempus Holdings common stock to which such holder is entitled under the Merger Agreement. Holders of book entry shares will not be required to deliver a certificate or an executed letter of transmittal to the exchange agent in order to receive the Business Combination consideration.

Q: How much cash will be available to Tempus Holdings following the closing of the Business Combination, assuming maximum and minimum redemptions? To what extent will Tempus Holdings need to secure additional financing in connection with the Business Combination? Following the Business Combination?

A: Following the closing of the Business Combination, Tempus Holdings will have available to it approximately \$34.2 million of cash, assuming no redemptions are made by Chart stockholders prior to the closing of the Business Combination, or approximately \$4.5 million of cash, assuming that the maximum amount of redemptions are made by Chart stockholders prior to the closing of the Business Combination. Aside from the Financing, we do not foresee the need to secure additional financing in connection with the Business Combination. Following the Business Combination, in addition to cash remaining from the Financing, we expect to raise some of the cash we will need to operate our business from operations. We also expect that from time to time we may need to raise additional financing to maintain our operations, and from time to time we may wish to raise additional financing in order to take advantage of business opportunities, including, for example, opportunities involving the acquisition of aircraft. To the extent we need or wish to raise such additional financing, our access to commercial bank financing or the debt and equity capital markets may be limited by various factors, including the condition of overall credit and capital markets, general economic factors, the state of the aviation industry, our financial performance, credit ratings, the prospect that additional equity investors may be diluted through the operation of the Series A and Series B Warrants issued in connection with the Financing and other factors. Commercial credit and debt and equity capital may not be available to us on favorable terms, or at all.

Q: What do I need to do now?

A:

You are urged to read carefully and consider the information contained in this proxy statement/prospectus, including the annexes and the other documents referred to herein, and to consider how the Business Combination will affect you as a stockholder. You should then vote as soon as possible in accordance with the instructions provided in this proxy statement/prospectus and on the enclosed proxy card or, if you hold your shares through a brokerage firm, bank or other nominee, on the voting instruction form provided by the broker, bank or nominee.

Q: How do I vote?

A: If you were a holder of record of our common stock on July 2, 2015, the record date for the special meeting, you may vote with respect to the proposals in person at the special meeting, or by (1) calling the toll-free number specified on the enclosed proxy card and following the instructions when prompted, (2) accessing the Internet website specified on the enclosed proxy card and following the instructions provided to you, or (3) completing, signing, dating and returning the enclosed proxy card in the postage-paid envelope provided. If you hold your shares in “street name,” which means your shares are held of record by a broker, bank or other nominee, you should contact your broker, bank or nominee to ensure that votes related to the shares you beneficially own are properly counted. In this regard, you must provide the record holder of your shares with instructions on how to vote your shares or, if you wish to attend the special meeting and vote in person, obtain a proxy from your broker, bank or nominee.

Q: What will happen if I abstain from voting or fail to vote at the special meeting?

A: At the special meeting, we will count a properly executed proxy marked “ABSTAIN” with respect to a particular proposal as present for purposes of determining whether a quorum is present. For purposes of approval, assuming a quorum is otherwise validly established, a failure to vote your shares will have no effect on the other proposals to be considered at the special meeting of stockholders. Additionally, if you abstain from voting or fail to vote at the special meeting, you will not be able to exercise your redemption rights (as described above).

Q: What will happen if I sign and return my proxy card without indicating how I wish to vote?

A: Signed and dated proxies received by us without an indication of how the stockholder intends to vote on a proposal will be voted FOR each proposal presented to the special meeting.

Table of Contents

Q: If I am not going to attend the special meeting in person, should I return my proxy card instead?

Yes. Whether you plan to attend the special meeting or not, please read the enclosed proxy statement/prospectus carefully, and vote your shares by one of the following methods: (1) call the toll-free number specified on the enclosed proxy card and follow the instructions when prompted, (2) access the Internet website specified on the enclosed proxy card and follow the instructions provided to you or (3) complete, sign, date and return the enclosed proxy card in the postage-paid envelope provided.

Q: If my shares are held in “street name”, will my broker, bank or nominee automatically vote my shares for me?

No. Under the rules of various national and regional securities exchanges, your broker, bank, or nominee cannot vote your shares with respect to non-discretionary matters unless you provide instructions on how to vote in accordance with the information and procedures provided to you by your broker, bank, or nominee. We believe the proposals presented to the special meeting will be considered non-discretionary and therefore your broker, bank, or nominee cannot vote your shares without your instruction. If you do not provide instructions with your proxy, your bank, broker, or other nominee may deliver a proxy card expressly indicating that it is NOT voting your shares; this indication that a bank, broker, or nominee is not voting your shares is referred to as a “broker non-vote.” Broker non-votes will not be counted for the purpose of determining the existence of a quorum or for purposes of determining the number of votes cast at the special meeting. Your bank, broker, or other nominee can vote your shares only if you provide instructions on how to vote. You should instruct your broker to vote your shares in accordance with directions you provide.

Q: May I change my vote after I have mailed my signed proxy card?

Yes. You may change your vote by sending a later-dated, signed proxy card to our secretary at the address listed below so that it is received by our secretary prior to the special meeting or attend the special meeting in person and vote. You also may revoke your proxy by sending a notice of revocation to our secretary, which must be received by our secretary prior to the special meeting.

Q: What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each account you hold shares. If you are a holder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast your vote with respect to all of your shares.

Q: Who will solicit and pay the cost of soliciting proxies?

Chart will pay the cost of soliciting proxies for the special meeting. Chart has engaged Morrow & Co., LLC (“Morrow”) to assist in the solicitation of proxies for the special meeting. Chart has agreed to pay Morrow a fee of \$22,500, which fee also includes Morrow acting as the inspector of elections at the special meeting and information agent in connection with the Warrant Tender Offer. Chart will reimburse Morrow for reasonable out-of-pocket expenses and will indemnify Morrow and its affiliates against certain claims, liabilities, losses, damages and expenses. Chart will also reimburse banks, brokers and other custodians, nominees and fiduciaries representing beneficial owners of shares of Chart common stock for their expenses in forwarding soliciting materials to beneficial owners of the Chart common stock and in obtaining voting instructions from those owners. Our directors, officers and employees may also solicit proxies by telephone, by facsimile, by mail, on the Internet or in person. They will not be paid any additional amounts for soliciting proxies.

Parties to the Business Combination

Chart Acquisition Corp.

Chart is a Delaware special purpose acquisition company incorporated on July 22, 2011 for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving Chart and one or more businesses.

Chart’s common stock, units and warrants are currently quoted on the OTCQB Marketplace under the symbols “CACG”, “CACGU” and “CACGW”, respectively.

Tempus Holdings

Tempus Holdings is a wholly owned subsidiary of Chart incorporated in December 2014 for the purpose of the Business Combination. Following the Business Combination, Tempus Holdings will own Chart and will own and operate the business of Tempus.

It is anticipated that Tempus Holdings' common stock and public warrants will be quoted on the OTCQB Marketplace under the symbols "TMPS" and "TMPSW," respectively, following the closing of the Business Combination.

Tempus Holdings' executive office is located at 555 5th Avenue, 19th Floor, New York, New York 10017 and its telephone number is (212) 350-8205.

Tempus Applied Solutions, LLC

Tempus, a Delaware limited liability company, was formed in December 2014 to provide turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements for such customers as the DoD, U.S. intelligence agencies, foreign governments, heads of state and others worldwide. Tempus designs and implements special mission aircraft modifications related to intelligence, surveillance and reconnaissance ("ISR") systems, new generation command, control and communications systems and VIP interior components, and provides ongoing operational support including flight crews, maintenance and other services to customers. In addition, it will transition undervalued and underutilized aircraft to alternative configurations that are then utilized for more profitable special mission purposes. In connection with its formation, Tempus received initial funding of \$1.5 million from its CEO, B. Scott Terry, and its CFO, R. Lee Priest Jr. In addition, Mr. Terry has continued to have extensive relationships in the special mission aircraft modification market, from which he was previously restricted by a non-competition agreement described elsewhere in this prospectus/proxy statement, and has now re-entered this market. Although Tempus has so far had only limited revenues, as of the date of this proxy statement/prospectus, Tempus has entered into four ongoing written contracts, and is currently negotiating additional contracts and has submitted bids representing substantial additional potential business. See "Information about Tempus - Recent Developments".

Tempus' principal executive office is located at 133 Waller Mill Road, Williamsburg, Virginia 23185 and its telephone number is (757) 875-7779.

Consideration to the Sellers in the Business Combination

The Sellers will receive 3,700,000 shares of Tempus Holdings' common stock in exchange for all of the membership interests of Tempus upon the closing of the Business Combination, which would represent approximately 30.0% of Tempus Holdings issued and outstanding capital stock (if there are no redemptions but assuming the Financing). The consideration to be paid to the Sellers is up to approximately \$100 million, based on their initial receipt of 3,700,000 shares of Tempus Holdings' common stock plus the potential future issuance to them of up to an additional 6,300,000 Earn-out Shares (in each case, at a price of \$10.00 per share received by the Sellers), subject to working capital and other customary adjustments in accordance with the terms of the Merger Agreement, as described further herein.

Ownership Structure

The following diagram illustrates the ownership structure of Chart, Tempus and Tempus Holdings prior to the Financing and the Business Combination and then after the Financing and the Business Combination.

Table of Contents

Board of Directors Following the Business Combination

Upon the closing of the Business Combination, Tempus Holdings' board of directors will consist of four existing Chart directors (Joseph R. Wright, Christopher D. Brady, Peter A. Cohen and Kenneth J. Krieg), two existing Tempus directors (B. Scott Terry and John G. Gulbin III) and one new director (Niall Olver). See the section entitled "Management of Tempus Holdings After the Business Combination."

Accounting Treatment for Business Combination

The Business Combination will be accounted for using the acquisition method of accounting under the provisions of ASC 805.

Appraisal Rights

Chart stockholders may have appraisal rights in connection with the Business Combination. If appraisal rights are available, holders of shares of Chart common stock who do not vote in favor of the Business Combination Proposal and who properly demand appraisal of their shares will be entitled to appraisal rights in connection with the Business Combination under Section 262 of the DGCL. Holders of public shares electing to exercise redemption rights will not be entitled to appraisal rights. Additionally, appraisal rights are not available to holders of public warrants. For additional information, including the procedures for properly demanding appraisal, see "Special Meeting of Chart Stockholders-Appraisal Rights."

Redemption Rights

Holders of public shares may elect to have their shares redeemed for cash at the applicable redemption price per share calculated in accordance with our existing charter. As of June 30, 2015, this would have amounted to approximately \$10.00 per share. If a holder exercises its redemption rights, then such holder will be exchanging its shares of Chart common stock for cash and will no longer own shares of Chart common stock and will not participate as a future shareholder of Tempus Holdings. Such a holder will be entitled to receive cash for its public shares only if it (i) affirmatively votes for or against the Business Combination Proposal and (ii) properly demands redemption and

delivers its shares (either physically or electronically) to our transfer agent in accordance with the procedures described herein. See the section entitled “Special Meeting of Chart Stockholders-Redemption Rights” for the procedures to be followed if you wish to redeem your shares for cash. **The Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING, RATHER THAN EXCHANGE THEIR CHART COMMON STOCK FOR TEMPUS HOLDINGS COMMON STOCK IN THE BUSINESS COMBINATION.**

Table of Contents**Impact of the Business Combination on Chart's Public Float**

Chart's public stockholders currently own approximately 57.0% of Chart issued and outstanding capital stock and Chart's initial stockholders, including our Sponsor, directors and officers, currently own approximately 44.3% of Chart issued and outstanding capital stock. It is anticipated that, immediately after the Business Combination and if there are no redemptions, Chart's public stockholders will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, Chart's initial stockholders (including the Chart Affiliate Investors) will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 20.5% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power) and the Sellers (including the Tempus Affiliate Investor) will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock. If any of Chart's stockholders exercise their redemption rights, the ownership interest in Tempus Holdings of Chart's public stockholders will decrease and the ownership interest in Tempus Holdings of the Sellers, the Investors and our initial stockholders will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, Chart's public stockholders will have no ownership of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), Chart's initial stockholders, including our Sponsor, directors and officers (and including the Chart Affiliate Investors), will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock, the Sellers (including the Tempus Affiliate Investor) will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. If the actual facts are different than these assumptions (based on redemptions by Chart's public stockholders, changes in the terms of the Business Combination and Financing, adjustments to the Tempus purchase price pursuant to the Merger Agreement or otherwise), the percentage ownership interests in Tempus Holdings post-Business Combination may be different.

The following table illustrates varying ownership levels of the issued and outstanding capital stock of Tempus Holdings, assuming varying levels of redemptions by Chart's public stockholders:

	Ownership Percentage Assuming No Redemption of Shares		Ownership Percentage Assuming Maximum Redemption of Shares	
Sellers, including Tempus Affiliate Investor	30.0	%	38.4	%
Chart initial stockholders, including Chart Affiliate Investors	27.4	%	35.2	%
New Investors	20.5	%	26.4	%
Chart's public stockholders	22.1	%	0.0	%

Reasons for the Business Combination

Chart was organized for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. We have sought to capitalize on the global network and investing and operating experience of our management team and board of directors to identify, acquire and operate one or more businesses focused on the provision and/or outsourcing of government services operating within or outside of the United States. We believe that the acquisition and operation of an established business focused on the provision and/or outsourcing of government services will provide a foundation from which to build, through acquisition or organic growth, a diversified business platform.

In identifying Tempus as an appropriate business to acquire, our directors considered, in particular, the following positive factors, not necessarily presented in their order of significance:

Experienced and Motivated Management Team. Tempus' CEO B. Scott Terry has substantial related experience, having run and sold two companies that used commercial solutions to address critical training and operational requirements of U.S. government customers, realizing positive outcomes for stockholders. Additionally, senior management and employees of Tempus have extensive industry relationships and a positive track record of successful business development. They will have a significant ownership interest in Tempus Holdings, and thus will have a vested interest in the operational success of the business.

Strong Platform for Growth. The network of relationships established by Tempus' senior management will allow for the development of multiple, qualified bid and proposal opportunities. We believe the expiration of a non-competition agreement related to the sale of one of Mr. Terry's former companies, Tempus' senior management's network of relationships and the market opportunity described below combine to position Tempus for significant growth. The customization and modification programs that Tempus will target tend to be large, have an extended integration and production phase and often require continued operational support once placed in service. A number of substantial opportunities of this sort are in final negotiations and are projected to launch in 2015.

Table of Contents

Unique Market Opportunity to Capitalize on DoD Budget Trends . Pressure on the DoD's acquisition and procurement budget presents a unique opportunity for Tempus to develop, maintain and expand its contract, bid and proposal opportunities by offering comprehensive commercial aircraft-oriented solutions to the U.S. government. The DoD can use its more stable operations and maintenance ("O&M") budget to pay Tempus to acquire existing, typically commercial aircraft for repurposing with advanced ISR equipment and new generation command, control and communications systems for expeditionary use in forward deployed areas. Further, Tempus management's experience providing commercial aviation solutions modified for special mission purposes will allow U.S. government contractors and their end customers to avoid replicating expensive logistics support tails.

Strong Free Cash Flow Generated from Business Model. Tempus offers an integrated solution of modification, operation, leasing, and logistics to U.S. and foreign governments and others who need aircraft to perform intelligence, surveillance and reconnaissance missions. We believe Tempus' business model reduces risk and increases margins, and will generate strong free cash flow that can support both interest payments on debt needed to finance aircraft purchases and future investments in the business.

Chart's Experience. The board of directors deems the Chart team's skill set to be complementary and additive to the already capable Tempus management team. Chart's team has significant experience managing public companies and has extensive experience, through ownership and management of other portfolio companies, in the successful provision of commercial solutions for mission critical requirements of the DoD and U.S. intelligence agencies.

In addition, Chart's expertise in the area of strategy development and optimizing business processes across diverse businesses will further emphasize focus and execution. Chart will share best practices to extract operational efficiency and to refine Tempus' commercial approach for faster growth and margin improvement. Moreover, the Chart team's merger and acquisition experience will further supplement Tempus' growth plans, especially in the area of synergistic bolt-on acquisitions.

Chart Special Meeting

Chart is furnishing this proxy statement/prospectus to its stockholders as part of the solicitation of proxies by our board of directors for use at the special meeting of stockholders to be held on July 31, 2015, and at any adjournment or postponement thereof. This proxy statement/prospectus is first being furnished to our stockholders on or about July 20, 2015. This proxy statement/prospectus provides you with information you need to know to be able to vote or instruct how your vote shall be cast at the special meeting.

Date, Time and Place of Special Meeting

The special meeting will be held at 10:00 A.M. Eastern time on July 31, 2015, at the offices of Ellenoff Grossman & Schole LLP, 1345 Avenue of the Americas, 11th Floor, New York, New York 10105, or at such other time, on such other date and at such other place to which the meeting may be adjourned or postponed.

Voting Power; Record Date

You will be entitled to vote or direct votes to be cast at the special meeting if you owned shares of our common stock as of the close of business on July 2, 2015, which is the record date for the special meeting. You are entitled to one vote for each share of our common stock that you owned as of the close of business on the record date. If your shares are held in “street name” or are in a margin or similar account, you should contact your broker, bank or other nominee to ensure that votes related to the shares you beneficially own are properly counted. On the record date, there were 5,077,529 shares of Chart common stock issued and outstanding, consisting of 2,827,529 shares originally sold as part of units in the IPO, 375,000 shares originally sold as part of units to our Sponsor, Joseph Wright and Cowen in a private placement that occurred simultaneously with the consummation of the IPO and 1,875,000 founder shares (after giving effect to (i) a 0.75-for-1 reverse stock split effectuated on July 10, 2012 and (ii) the forfeiture of 281,250 shares in January 2013) that were issued to our Sponsor prior to the IPO (375,000 founder shares of which were subsequently transferred to certain of its directors and officers and 890,625 founder shares to The Chart Group, L.P., the sole managing member of our Sponsor (including 525,469 founder shares subsequently transferred to certain of our officers and certain affiliates and officers of The Chart Group, L.P)).

Table of Contents

Quorum and Required Vote for Proposals for the Special Meeting

A quorum of Chart stockholders is necessary to hold a valid meeting. A quorum will be present at the special meeting if a majority of the common stock outstanding and entitled to vote at the special meeting is represented in person or by proxy. Abstentions will count as present for the purposes of establishing a quorum. Broker non-votes will not be counted for purposes of establishing a quorum.

Approval of the Business Combination Proposal, the Incentive Plan Proposal and the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy at the special meeting. Accordingly, a Chart stockholder's failure to vote by proxy or to vote in person at the special meeting or the failure of a Chart stockholder who holds his or her shares in "street name" through a broker or other nominee to give voting instructions to such broker or other nominee (a "broker non-vote") will result in that stockholder's shares not being counted towards the number of shares of Chart common stock required to validly establish a quorum, but if a valid quorum is otherwise established, it will have no effect on the outcome of any vote on the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal. Abstentions will also have no effect on the outcome of the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal.

The transactions contemplated by the Merger Agreement and the Financing will be consummated only if the Business Combination Proposal and the Incentive Plan Proposal are approved at the special meeting. The Adjournment Proposal does not require the approval of any other proposal to be effective.

It is important for you to note that in the event that the Business Combination Proposal and the Incentive Plan Proposal do not receive the requisite vote for approval, then we will not consummate the Business Combination. If we do not consummate the Business Combination and fail to complete an initial business combination by July 31, 2015, we will be required to dissolve and liquidate our trust account by returning the then remaining funds in such account to the public stockholders.

Recommendation to Chart Stockholders

After careful consideration, Chart's board of directors has concluded that the Business Combination is in the best interests of Chart's stockholders. Our directors believe that the proposals being presented at the special meeting are in the best interests of Chart's stockholders, and they recommend that Chart's stockholders vote FOR each of the proposals.

Interests of Officers and Directors in the Business Combination

When you consider the recommendation of our board of directors in favor of the proposals, you should keep in mind that our directors and officers have interests in the Business Combination that are different from or in addition to (and which may conflict with) your interests as a stockholder. These interests include, among other things:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, officers and directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

Table of Contents

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

These interests may influence our directors in making their recommendation that you vote in favor of the Business Combination.

Risk Factors

In evaluating the proposals set forth in this proxy statement/prospectus, you should carefully read this proxy statement/prospectus, including the annexes and the other documents referred to herein, and especially consider the factors discussed in the section entitled "Risk Factors," including the discussion therein of the risks to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined balance sheet as of March 31, 2015 and the unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2015 are based on the historical financial statements of Tempus and Chart after giving effect to the Business Combination, including the transactions preceding the Business Combination that we refer to herein as the Financing. The following unaudited pro forma condensed combined statement of operations for the year ended December 31, 2014 was based on the historical financial statements of Tempus and Chart after giving effect to the Business Combination. The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2015 was derived from Tempus's unaudited statement of operations and Chart's unaudited statement of operations, in each case, for the three months ended March 31, 2015 and gives pro forma effect to the Business Combination as if it has been completed on January 1, 2015. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2014 was derived from Tempus's audited consolidated statement of operations and Chart's audited consolidated statement of operations, in each case, for the year ended December 31, 2014 and gives pro forma effect to the Business Combination as if it has been completed on January 1, 2014. The unaudited pro forma condensed combined balance sheet as of March 31, 2015 was derived from Tempus's unaudited balance sheet and Chart's unaudited balance sheet as of March 31, 2015 and gives pro forma effect to the Business Combination as if it had been completed on March 31, 2015.

The pro forma adjustments are based on information currently available. The unaudited pro forma condensed combined statement of operations does not purport to represent, and is not necessarily indicative of, what the actual results of operations of the combined company would have been had the Business Combination taken place on the date indicated, nor is it indicative of the consolidated results of operations of the combined company for any future period. The unaudited pro forma condensed combined balance sheet does not purport to represent, and is not necessarily indicative of, what the actual financial condition of the combined company would have been had the Business Combination taken place on the date indicated, nor is it indicative of the consolidated financial condition of the combined company as of any future date. The unaudited pro forma condensed combined financial information should be read in conjunction with the sections entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations of Chart" and "Management's Discussion and Analysis of Financial Condition and Results of Operations of Tempus" and the historical financial statements and notes thereto of Chart and Tempus included herein.

Tempus is considered to be the acquirer for accounting purposes because Chart is a non-operating public shell company; Tempus is a private operating company; all operations of the combined entity will be Tempus' operations and will be managed and executed by Tempus' officers and employees; and the principals of Tempus will become majority owners of the equity capital of the combined entity if there are redemptions by Chart's public stockholders up to or near the maximum level that would permit completion of the Business Combination (and will become owners of a substantial minority of the combined entity's equity capital even if the level of redemptions is not up to or near the maximum level). This is the case despite the fact that the combined entity will begin its existence with four of its seven directors being associated with Chart (which may change as soon as the combined entity's first annual meeting of stockholders is held in 2015, at which time two of the four directors associated with Chart will be subject to reelection). Given the foregoing, the Business Combination is a capital transaction in substance and does not constitute the acquisition of a business for purposes of Financial Accounting Standards Board's Accounting Standard

Codification 805, “Business Combinations,” or ASC 805. As a result, the assets and liabilities of Tempus and Chart will be carried at historical cost and there will be no step-up in basis or goodwill or other intangible assets recorded as a result of the Business Combination. All direct costs of the Business Combination will be accounted for as a charge to additional paid-in capital.

The unaudited pro forma condensed combined financial information has been prepared to illustrate the effect of the Business Combination. It has been prepared for informational purposes only and is subject to a number of uncertainties and assumptions. The historical financial statements have been adjusted in the unaudited pro forma condensed combined financial information to give effect to pro forma events that are (1) directly attributable to the Business Combination, (2) factually supportable and (3) with respect to the statement of operations, expected to have a continuing impact on the results of the combined company.

The unaudited pro forma condensed combined financial information has been prepared assuming two alternative levels of redemptions of Chart common stock:

Assuming No Redemption: This presentation assumes that no Chart stockholders exercise redemption rights with respect to their public shares for a pro rata portion of the trust account; and

Assuming Maximum Redemption: This presentation assumes that all Chart stockholders exercise their redemption rights with respect to a maximum of 2,827,529 public shares (adjusted for 149,395 public shares redeemed in June 2015). Chart has no specified maximum redemption threshold except that it must retain at least \$5,000,001 of net tangible book value.

**NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION
AS OF AND FOR THE PERIOD ENDED MARCH 31, 2015**

To record the redemption of 149,395 public shares of Chart common stock in June 2015 resulting in a reduction in (A) the trust account balance of \$1,493,950. The \$1,493,950 is calculated by multiplying the 149,395 redeemed public common shares by \$10.00 per share.

To record the reclassification of \$28,275,689 of cash and investments held in Chart's trust account that become available for transaction consideration, transaction expenses, redemption of public shares and the operating activities of Tempus following the Business Combination. The \$28,275,689 is calculated by multiplying the (B) 2,827,529 redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) by \$10.00 per share and adding a dividend of \$399 earned by the trust account in March 2015. The \$28,275,689 represents the balance in the trust account as of March 31, 2015 (adjusted for a \$1,493,950 decrease in the trust account balance reflecting the public shares redeemed in June 2015) converted to permanent equity in the no-redemption scenario.

To reflect the payment of the merger consideration, consisting of 3,700,000 shares of common stock at \$10.00 per share, or a total of \$37,000,000. This does not take into account the potential issuance of up to an additional (C) 6,300,000 Earn-out Shares to the Sellers upon the achievement of certain financial milestones, or other price adjustments under the Merger Agreement. The unaudited pro forma condensed combined financial information does not reflect issuance of any Earn-out Shares.

To reflect the reclassification of 1,469,659 shares of Chart common stock (adjusted for 149,395 public shares redeemed in June 2015) aggregating \$14,696,593 of Chart common stock (adjusted for a \$1,493,950 decrease in (D) the trust account balance reflecting the public shares redeemed in June 2015) subject to conversion to permanent equity.

(E) To reflect the payment of deferred underwriting fees relating to the Chart IPO.

To reflect additional transaction costs not previously recorded of \$5,887,309 related to the Business Combination. Of this amount, \$916,407 represents Business Combination-related expenses, including professional fees and travel related costs expected to be incurred subsequent to March 31, 2015 and expected to be recorded on the respective financial statements of the combining entities, \$1,850,000 represents investment banking and legal fees (F) that are contingent upon the closing of the Business Combination. The remaining balance of \$3,120,902 represents Business Combination-related expenses, including professional fees and travel related costs, which are obligations of the individual members of Tempus. Under the terms of the Merger Agreement, the individual Tempus members will be reimbursed for these expenses upon the closing of the Business Combination. The classification and amounts of the relevant expenses are as set forth below:

**Transaction Costs Not
Previously Recorded
and Related to the Business
Combination**

Legal	\$1,265,572
Accounting	907,485
Consulting	866,159
Investment Banking	14,490
Travel/Other	67,196
	\$3,120,902

(G) To reflect payment of transactions costs of \$8,171,873 related to the Business Combination.

To record issuance of additional notes payable to the Sponsor of \$140,000 and \$308,333, respectively in April and (H) June 2015. In addition, to record issuance of additional notes payable to an affiliate of the Sponsor of \$191,667 in May 2015.

(I) To reflect payment on the notes payable to the Sponsor and the affiliate of the Sponsor at closing. While \$750,000 of the \$2,240,000 notes are convertible, it is assumed that all notes will be paid in cash.

(J) To reclassify members' equity to additional paid in capital.

(K) To reflect the receipt of \$16,000,000 by Chart Financing Sub Inc., a wholly owned subsidiary of Chart, as part of the Financing.

(L) To reflect the issuance of Convertible Preferred Stock and Common Stock by Tempus Holdings as a result of the Financing.

To reflect the cash payment to Chart's public stockholders exercising redemption rights and the proportional decrease in Chart's outstanding shares of common stock. The \$28,275,290 was calculated by taking the 2,827,529 (M) redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) and multiplying that number by \$10.00 per share. The \$28,275,290 assumes that all 2,827,529 redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) will be redeemed as part of the Business Combination at \$10.00 per share.

Chart currently has a provision in its warrant agreement that causes the warrants to be treated as a derivative (N) liability. The approximately \$2,205,000 income statement impact resulting from the change in fair value of the warrant liability has not been removed in the pro forma income statement.

To remove \$30,000 of expenses pursuant to Chart's administrative service agreement that terminates upon the (O) closing of the Business Combination. In addition, to remove \$486,194 of transaction costs previously included in professional fees as part of the Business Combination.

Table of Contents

Pro forma earnings per share (EPS), basic and diluted, are computed by dividing income (loss) by the weighted average number of shares of common stock/units outstanding during the period. The unaudited pro forma condensed combined basic and diluted earnings per share calculations are based on the historic Chart weighted average number of shares outstanding of 3,703,210 and the historic Tempus weighted average number of units outstanding of 10,000 both as of March 31, 2015, adjusted by: (a) 1,374,319, to increase the weighted average share amount to 5,077,529 as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015), representing the total number of shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015), including the shares no longer subject to redemption subsequent to the consummation of the Business Combination, (b) 3,700,000 shares to be issued to the Sellers in connection with the Business Combination and (c) 2,664,604 and 1,335,396, respectively in common and preferred stock as part of the Financing. The effect of Chart's 7,875,000 outstanding warrants has not been included in the diluted earnings per share amount since the exercise price of the dilutive securities are in excess of the average Company's stock price for the three months ended March 31, 2015 and are deemed out of the money. The warrants being issued as part of the Financing have not been included in the diluted earnings per share amount since the exercise price of the dilutive securities are in excess of the stock price as of the date of the Financing and are deemed out of the money. The calculation of the pro-forma weighted average number of shares, basic and diluted, is as follows:

FOR THE YEAR ENDED DECEMBER 31, 2014**

To reflect the cash payment to Chart's public stockholders exercising redemption rights and the proportional decrease in Chart's outstanding shares of common stock. The \$28,275,290 was calculated by multiplying the 2,827,529 redeemable public shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 (A) shares redeemed in March and June 2015, respectively) by \$10.00 per share. The \$28,275,290 assumes that all 2,827,529 redeemable public shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in March and June 2015, respectively) will be redeemed in connection with the Business Combination at \$10.00 per share.

To remove \$120,000 of expenses pursuant to Chart's administrative service agreement that terminates upon the (B) closing of the Business Combination. In addition, to remove \$2,304,387 of transaction costs previously included in professional fees as part of the Business Combination.

Pro forma earnings per share (EPS), basic and diluted, are computed by dividing income (loss) by the weighted average number of shares of common stock/units outstanding during the period. The unaudited pro forma condensed combined basic and diluted earnings per share calculations are based on the historic Chart weighted average number of shares outstanding of 3,541,784 and the historic Tempus weighted average number of units outstanding of 10,000 both as of December 31, 2014, adjusted by: (a) 1,535,745, to increase the weighted average share amount to 5,077,529 as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in (C) March and June 2015, respectively), representing the total number of shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in March and June 2015, respectively), including the shares no longer subject to redemption subsequent to the consummation of the Business Combination, (b) 3,700,000 shares to be issued to the Sellers in connection with the Business Combination and (c) 2,664,604 and 1,335,396, respectively in common and preferred stock as part of the Financing. The effect of Chart's 7,875,000 outstanding warrants has not been included in the diluted earnings per share amount because such effect has been determined to be anti-dilutive for the period ended December 31, 2014. The calculation of the pro-forma weighted average number of shares, basic and diluted, is as follows:

RISK FACTORS

You should carefully consider the following risk factors, in addition to the other information included in this proxy statement/prospectus, including matters addressed in the section entitled “Cautionary Note Regarding Forward-Looking Statements” and the financial statements and notes to the financial statements included herein. We may face additional risks and uncertainties that are not presently known to us, or that we currently deem immaterial, which may also impair our business.

Risk Factors Relating to Tempus’ Business

The following risk factors apply to the business and operations of Tempus and will also apply to the business and operations of the combined company following the completion of the Business Combination. These risk factors are not exhaustive and investors are encouraged to perform their own investigation with respect to the business, financial condition and prospects of Tempus.

We have a limited operating and financial history, and results of operations may differ significantly from the unaudited pro forma financial information included in this proxy statement/prospectus.

Tempus has only recently been formed and has a limited operating and financial history and limited revenues. The unaudited pro forma financial information contained in this proxy statement/prospectus is presented for illustrative purposes only, is based on certain assumptions and judgments, contains preliminary estimates and covers only the periods presented. The assumptions used in preparing the unaudited pro forma financial information may not prove to be fully accurate, and other factors may affect Tempus Holdings’ consolidated financial condition or results of operations following the Business Combination. Therefore, the pro forma financial information does not necessarily indicate with accuracy the results of operations or the combined financial position that would have resulted had the Business Combination been completed on the dates indicated, and it does not necessarily indicate with accuracy the results of operations in future periods or the future consolidated financial position of Tempus Holdings. Accordingly, Tempus Holdings’ consolidated results of operations and financial condition may differ significantly from those indicated by the unaudited pro forma financial information.

Our future growth and profitability will depend on our ability to enter into, and effectively and profitably perform our obligations under, contracts to provide turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements.

Our future growth and profitability will depend on our ability to source and enter into contracts to provide turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements; to build a sufficient pipeline of such future contracts to maintain our business on a manageable financial and growth path; to maintain our current staff and expand it in the future in order to have the design and engineering skills and experience necessary to perform under such contracts; to secure the locations, supplies and equipment, and in many cases the financing and aircraft, necessary to perform our obligations under such contracts; and to effectively and profitably complete our obligations under such contracts, in order to be fully paid on our contracts, win repeat business and expand our business to new customers. Sourcing contracts requires a network of effective relationships in U.S. and foreign military, government and business circles, and there can be no assurance Tempus Holdings' relationships will be sufficient to provide us with sufficient contracts. Performance under such contracts requires having skilled and experienced individuals and sufficient security clearances at facility and individual levels, and there can be no assurance Tempus Holdings will be able to maintain a sufficiently able workforce or the security clearances necessary to undertake many of the contracts Tempus Holdings is targeting. Tempus Holdings' ability to perform effectively and profitably under such contracts will be subject to a number of risks common to long-term, customized, complex and expensive contracting operations, including risks of delay in sourcing components, aircraft, sub-contractors or financing; risks of cost overruns; risks of change orders that substantially further complicate or delay contract performance; and risks of government audits and payment clawback demands coming late in the course of or after the completion of contracts. There can be no assurance that we will be able to secure, execute on and prosper from contracts to provide the turnkey and customized design, engineering, modification and integration services and operations solutions we aim to provide.

Table of Contents

Our future growth and profitability will depend on our ability to enter into contracts with customers such as the DoD, U.S. intelligence agencies, foreign governments, heads of state and others, some or all of which may be difficult customers to satisfy and secure payment from, for a variety of reasons.

Some or all of Tempus Holdings' target customers, such as the DoD, U.S. intelligence agencies, foreign governments and heads of state, may be difficult customers to satisfy and secure payment from, for a variety of reasons. Government customers may be slow to make decisions as to whether to hire us, may subject our bids and proposals to extensive regulatory and other processes and procedures, may pay us on schedules that they set and which we have little power to negotiate, may generate multiple and excessive change orders, will often impose security requirements on our facilities and personnel, may have their decisions reversed at later times for political rather than business considerations and may retain the right to audit our performance and withhold or claw back payments for a significant amount of time after we have completed or substantially completed our performance. Customers who are heads of state may present many of the same risks, as well as additional risks that may arise from having decisions made by a powerful individual or group of individuals subject to few institutional constraints. In all events, it may be difficult for us to enforce our contractual rights against any such customers cost-effectively, if at all. There can be no assurance that the difficulties in providing goods and services to such customers will not substantially outweigh the benefits to be derived from winning their business.

Defaults by one or more of our significant customers would negatively affect our financial condition, cash flow and results of operations.

The aviation industry is cyclical, economically sensitive and highly competitive. Our customers are affected by fuel prices and shortages, political and economic instability, terrorist activities, changes in national policy, competitive pressures, labor actions, pilot shortages, insurance costs, recessions, health concerns and other political or economic events negatively affecting the world, particular countries or regional markets. Our customers' abilities to react to and cope with the volatile competitive environments in which they operate, as well as our own competitive environment, will likely affect our revenues and income. The loss of one or more of our significant customers or their inability to make payments to us due to financial difficulties, bankruptcy or otherwise could have a material negative effect on our financial conditions, cash flow and earnings.

Changes in levels of U.S. government defense spending or overall acquisition priorities could negatively affect our financial position and results of operations.

We anticipate that a substantial portion of our revenue will be derived, directly or indirectly, from the U.S. government, primarily from defense related programs with the DoD. Levels of U.S. defense spending in future periods are very difficult to predict and subject to significant risks. In addition, significant budgetary delays and constraints have already resulted in reduced spending levels, and additional reductions may be forthcoming. It is likely that U.S. government discretionary spending levels will continue to be subject to significant pressure, including risk of future

sequestration cuts.

In addition, there continues to be significant uncertainty with respect to program-level appropriations for the DoD and other government agencies within the overall budgetary framework described above. We also expect that ongoing concerns regarding the U.S. national debt will continue to place downward pressure on DoD spending levels. Future budget cuts, including cuts mandated by sequestration, or future procurement decisions associated with the appropriations process could result in reductions, cancellations, and/or delays of existing contracts or programs. Any of these impacts could have a material effect on the results of our operations, financial position and/or cash flows.

As a result of the significant ongoing uncertainty with respect to both U.S. defense spending levels and the nature of the threat environment, the DoD may continue to emphasize cost-cutting and other efficiency initiatives in its procurement processes. If we cannot adjust successfully to these changing acquisition priorities as they occur and/or if we fail to meet affordability targets set by the DoD, our revenues and market share would be further impacted.

Table of Contents

We intend to conduct a significant portion of our business pursuant to government contracts, which are subject to unique risks, including the following:

Sales to governments are typically subject to extensive procurement regulations, and changes to those regulations could increase our costs. Compliance with existing procurement regulations, and changes to existing requirements, could cause us to incur significant compliance costs or otherwise reduce our operating margins. Changes to these requirements may result in increased compliance costs, and we could be subject to additional costs in the form of withheld payments or reduced or terminated business if we fail to comply. Compliance costs attributable to current and potential future procurement regulations could negatively affect our financial condition and operating results.

Contracts with governments may require us to obtain and maintain certain security clearances, and failure to do so may have a negative impact on our financial condition and operating results. We expect that certain of the government contracts we enter into, including U.S. government contracts, will require our employees to obtain and maintain various levels of security clearances, and for us to obtain and maintain certain facility-level clearances. Complex regulations and requirements apply to obtaining and maintaining personnel and facility security clearances, and obtaining such clearances can be a lengthy process. To the extent we are not able to obtain or maintain personnel or facility security clearances, we also may not be able to seek or perform classified contracts. We may not be able to maintain or grow our business, which could negatively affect our financial condition and operating results.

The government contracting party may modify, curtail or terminate one or more of the contracts we enter into with a particular government agency. The government contracting party may modify, curtail or terminate any contracts and subcontracts with us, without prior notice and either at its convenience or for default based on performance. In addition, funding pursuant to any government contract may be reduced or withheld, including in the U.S. as part of the U.S. Congressional appropriations process, due to fiscal constraints, changes in national security strategy or priorities or other reasons. Further uncertainty with respect to ongoing programs could also result in the event that the government finances its operations through temporary funding measures, such as the “continuing resolutions” used by the U.S. Congress, rather than longer-term appropriations. Any loss or anticipated loss or reduction of expected funding or modification, curtailment, or termination of one or more large government programs could have a material adverse effect on our earnings, cash flow and financial position.

We may be subject to government inquiries and investigations, including periodic audits of costs that we determine are reimbursable under government contracts. Government agencies, including in the U.S. the Defense Contract Audit Agency and the Defense Contract Management Agency, routinely audit government contractors. These agencies may review our performance under contracts, our cost structure and our compliance with applicable laws, regulations, and standards, as well as the adequacy of and our compliance with our internal control systems and policies. Any costs found to be misclassified or inaccurately allocated to a specific contract could be deemed non-reimbursable, and to the extent already reimbursed, might need to be refunded. Any inadequacies in our systems or policies could result in withholdings on billed receivables, penalties and reduced future business. Furthermore, if any audit, inquiry or investigation were to uncover improper or illegal activities, we could be subject to civil and criminal penalties and administrative sanctions, including termination of contracts, forfeiture of profits, suspension of payments, fines, and

suspension or debarment from doing business with that government. We could also suffer reputational harm if allegations of impropriety were made against us, which could adversely affect our operating performance and could result in additional expenses and possible loss of revenue, even if such allegations were later determined to be false.

We may enter into fixed-price contracts, which could subject us to losses if we have cost overruns.

From time-to-time we may enter into fixed-price contracts. While firm fixed price contracts enable us to benefit from performance improvements, cost reductions and efficiencies, they also subject us to the risk of reduced margins or the incurrance of losses if we are unable to achieve required or targeted financial or performance levels. If our estimated costs exceed our estimated price, we could recognize reach-forward losses, which could significantly affect our reported results. The process of estimating costs and revenues on long-term, fixed-price contracts is inherently risky. Fixed-price contracts often contain price incentives and penalties tied to performance which can be difficult to estimate and can have significant impacts on margins. In addition, some contracts may have specific provisions relating to cost, schedule and performance. Fixed-price development contracts are generally subject to more uncertainty than fixed-price production contracts, since development programs can have highly complex design requirements. In addition, technical or quality issues that arise during development could lead to schedule delays and higher costs to complete, which could result in a material charge or otherwise adversely affect our results of operation and financial condition.

Table of Contents

We may enter into cost-type contracts, which also carry risks.

From time-to-time we may enter into cost-type contracting arrangements. These could include development programs that have complex design and technical challenges. These cost-type programs would typically have award or incentive fees that are subject to uncertainty and may be earned only over extended periods. In these cases, the associated financial risks include reduced fees, lower profit rates or program cancellations if cost, schedule or technical performance issues arise.

Given the limited potential customers for our products and services, the loss of any relationships with customers could have a material adverse effect on our business, financial condition and results of operations.

We anticipate having a very limited customer base, which will include various governmental entities. With this anticipated customer base, and particularly with respect to dealings with the U.S. government and other governmental entities, our reputation is very important. If a customer has a dispute with us or is not satisfied with our products or services, our reputation may be damaged, which could lead to the loss of existing customers as well as a loss of future referrals or potential customers, any of which could adversely affect our financial conditions, results of operations, and cash flows.

In addition, we anticipate that our contracts with certain customers may be relatively large, such that certain individual contracts may, by themselves, be material to our revenue, results of operations and cash flows. Accordingly, the termination by a customer of a large individual contract either prior to the expiration of the contract term, to the extent permitted, or upon the contract's expiration through a failure by the customer to extend, renew, renegotiate or replace such contract, could have a material adverse effect on our revenue, results of operations, and cash flows.

We will have additional risks associated with our foreign operations.

We intend to operate internationally, including through contracts with foreign governmental entities. Ownership of property interests and operations in areas outside the United States are subject to various risks inherent in foreign operations. These risks may include:

currency restrictions and exchange rate fluctuations;

political and economic instability, and loss of revenue, property and equipment as a result of expropriation, nationalization, war or insurrection;

increases in taxes and governmental royalties;

possible unilateral cancellation or forced re-negotiation of contracts with governmental entities and quasi-governmental agencies;

uncertainty regarding the enforceability of contractual rights and judgments;

changes in laws and policies governing our foreign operations ;

labor problems; and

other uncertainties arising out of foreign governmental sovereignty and jurisdiction over our operations.

Our international operations may also be adversely affected by the laws and policies of the United States affecting foreign trade, taxation, investment and foreign corrupt practices. In addition, if a dispute arises with respect to our foreign operations, we may be subject to the exclusive jurisdiction of foreign courts or may not be successful in subjecting foreign persons to the jurisdiction of the courts of the United States.

Table of Contents

If we are unable to manage our anticipated sales growth effectively, our business, financial condition and results of operations could be adversely affected.

If we fail to manage growth, our financial results and business prospects may be harmed. To manage our growth and to execute our business plan efficiently, we will need to institute effective operational, financial and management controls, as well as reporting systems and procedures. We must also effectively expand, train and manage our employee base. We cannot assure you that we will be successful in any of these endeavors.

Our ability to deliver products and services that satisfy customer requirements will be heavily dependent on the performance of subcontractors and suppliers, as well as on the availability of raw materials and other components.

We will rely on other companies including subcontractors and suppliers to provide and produce raw materials, integrated components and sub-assemblies, and production commodities and to perform some of the services that we provide to our customers. If one or more of our suppliers or subcontractors experiences delivery delays or other performance problems, we may be unable to meet commitments to our customers or incur additional costs. In addition, if one or more of the raw materials, components or sub-assemblies on which we depend becomes unavailable or is available only at very high prices, we may be unable to deliver one or more of our products in a timely fashion or at budgeted cost. In some instances, we may depend upon a single source of supply. Any service disruption from one of these suppliers, either due to circumstances beyond the supplier's control or as a result of performance problems, financial difficulties or otherwise, could have a material adverse effect on our ability to meet commitments to our customers or could increase our operating costs.

We expect to use estimates in accounting for many contracts and programs. Changes in our estimates could adversely affect our future financial results.

Contract and program accounting require judgment relative to assessing risks, estimating revenues and costs and making assumptions for schedule and technical issues. Due to the anticipated size and nature of our contracts and programs, the estimation of total revenues and cost at completion could be complicated and subject to many variables. Assumptions will have to be made regarding the length of time to complete the contract or program because costs also include expected increases in wages and employee benefits, material prices and allocated fixed costs. Incentives or penalties related to performance on contracts will need to be considered in estimating sales and profit rates, and recorded when there is sufficient information for us to assess anticipated performance.

Because of the significance of these judgments and estimation processes, materially different sales and profit amounts could be recorded if we used different assumptions or if the underlying circumstances were to change. Changes in underlying assumptions, circumstances or estimates may adversely affect our financial performance.

Our future growth and profitability will depend on our ability to lease or otherwise acquire aircraft and other aviation assets.

Growth through future acquisitions of additional aircraft and other aviation assets requires the availability of capital. Even when capital is available, the market for aircraft is cyclical, sensitive to economic instability and extremely competitive, and we may encounter difficulties in leasing or otherwise acquiring aircraft on favorable terms or at all, which could reduce our acquisition or contracting opportunities or cause us to pay higher prices. A significant increase in market interest rates would make it more difficult for us to make acquisitions that would increase our cash flows. Any acquisition of aircraft or other aviation assets may not be profitable to us after the acquisition of such asset and may not generate sufficient cash flow to justify our investment. In addition, the acquisition of aircraft or other aviation assets may expose us to risks that may harm our business, financial condition, results of operations or cash flows, including risks that we may:

impair our liquidity by using a significant portion of our available cash or borrowing capacity to finance acquisitions and investments;

significantly increase our interest expense and financial leverage to the extent we incur additional debt to finance acquisitions and investments;

Table of Contents

incur or assume unanticipated liabilities, losses or costs associated with the assets that we acquire or investments we make; or

incur other significant charges, including asset impairment or restructuring charges.

If we experience abnormally high maintenance or obsolescence issues with any aircraft or aviation assets that we acquire, our financial results and growth could be materially adversely affected.

Unlike new aircraft, used aircraft typically do not carry warranties as to their condition. As a result, we may not be able to claim any warranty related expenses on used aircraft that we acquire. Although we may inspect an existing aircraft and its documented maintenance, usage, lease and other records prior to acquisition, we may not discover all defects during an inspection. Repairs and maintenance costs for existing aircraft are difficult to predict, generally increase as aircraft age and can be adversely affected by prior use. These costs could reduce our cash flow and liquidity.

In addition, aircraft are long-lived assets, requiring long lead times to develop and manufacture, with particular types and models becoming obsolete and less in demand over time as newer, more advanced aircraft are manufactured. By acquiring existing aircraft, we have greater exposure to more rapid obsolescence, particularly if there are unanticipated events shortening the life cycle of such aircraft, such as changes in government regulations or changes in our customers' preferences. This may result in a shorter life cycle for our fleet and, accordingly, declining lease rates, impairment charges, increased depreciation expense or losses, including losses related to aircraft asset value guarantees if we were to provide such guarantees.

Further, variable expenses like fuel, crew size, aging aircraft corrosion control and modification programs and changes in airworthiness directives could make the operation of older aircraft more costly to our customers and could result in increased customer defaults. We may also incur some of these increased maintenance expenses and regulatory costs upon acquisition or re-leasing of our aircraft. Any of these expenses or costs would have a negative impact on our financial results.

Our business is affected by general economic and financial conditions which could adversely affect our results of operations.

Our business and results of operations will be significantly affected by general business, financial market and economic conditions. The worsening of economic conditions, particularly if combined with high fuel prices, may have a material adverse effect on our customers' ability to meet their financial and other obligations under our service contracts and operating leases, which, if our customers default on their obligations to us, could have a material adverse

effect on our cash flow and results of operations. General business and economic conditions that could affect us include interest rate fluctuations, inflation, unemployment levels, bankruptcies, demand for passenger and cargo air travel, volatility in both debt and equity capital markets, liquidity of the global financial markets, the availability and cost of credit, investor and consumer confidence, global economic growth and the strength of local economies in which we operate.

Volatile financial market conditions may adversely impact our liquidity, our access to capital and our cost of capital, and may adversely impact the financial condition of our customers.

The financial crisis that began in the second half of 2008 resulted in significant global market volatility and disruption and a lack of liquidity. While these conditions have stabilized and many segments of the capital markets have improved substantially, the availability and pricing of capital in the commercial bank market and in the unsecured bond market remain susceptible to global events. If we need, but cannot obtain, adequate capital on satisfactory terms, or at all, as a result of negative conditions in the capital markets or otherwise, our business, financial condition, or results of operations could be materially adversely affected. Additionally, such inability to obtain capital on satisfactory terms, or at all, could prevent us from pursuing attractive future growth opportunities.

Table of Contents

Departure of key officers could harm our business and financial results.

Our senior management's reputations and relationships with customers, sellers, buyers and financiers of aircraft are a critical element of our business. We encounter intense competition for qualified employees from other companies in the aircraft leasing industry, and we believe there are only a limited number of available qualified executives in our industry. Our future success depends, to a significant extent, upon the continued service of our senior management personnel, particularly Mr. Terry, and if we lose one or more members of senior management, our business and financial results could be adversely affected.

Our operations would be adversely affected by a shortage of skilled personnel or work stoppages.

We are dependent on an educated and highly skilled workforce, because of the complex nature of many of our products and services. Our ability to operate successfully and meet our customers' demands could be jeopardized if we are unable to attract and retain a sufficient number of skilled personnel to conduct our business, or if we experience a significant or prolonged work stoppage. These and similar events may adversely affect our results of operations and financial condition.

We compete with numerous other aircraft product and service providers and lessors and acquirers of aircraft, and competition from these providers and lessors may affect the profitability of our business.

The markets for many of the products and services we offer are highly competitive and one or more of our competitors may have more extensive or more specialized engineering, manufacturing and marketing capabilities than we do in some areas. Additionally, many of our competitors may have greater resources or a lower cost of capital than ours; accordingly, they may be able to compete more effectively in one or more of the markets in which we conduct our business. In our anticipated business with the DoD, we anticipate that the effects of defense industry consolidation and new priorities, including long-term cost competitiveness of the DoD, will intensify competition for many of our products and services. Furthermore, we will face increased international competition and cross-border consolidation of competition.

In addition, we may encounter competition from other entities in the leasing or other acquisition of aircraft such as:

airlines;

financial institutions;

aircraft brokers;

public and private partnerships, investors and funds with more capital to invest in aircraft; and

other aircraft leasing companies that we do not currently consider our major competitors.

There can be no assurance that we will be able to compete successfully against our current or future competitors or that the competitive pressures we face will not result in reduced revenues and adversely impact our market share.

We depend on aircraft and engine manufacturers' success in remaining financially stable and producing aircraft. The failure of any manufacturer to meet its delivery obligations to us would negatively affect our cash flow and results of operations.

The supply of aircraft is dominated by a few airframe manufacturers and a limited number of engine manufacturers. As a result, we will be dependent on the success of these manufacturers in remaining financially stable, producing products and related components which meet our customers' demands and fulfilling any contractual obligations they may have to us.

Table of Contents

Should the manufacturers fail to respond appropriately to changes in the market environment or fail to fulfill any contractual obligations they might have to us, we may experience:

missed or late delivery of aircraft and a potential inability to meet our contractual obligations owed to any of our then customers, resulting in potential lost or delayed revenues, lower growth rates and strained customer relationships;

an inability to acquire aircraft and related components on terms which will allow us to lease those aircraft to our customers at a profit, resulting in lower growth rates or a contraction in our aircraft fleet;

a market environment with too many aircraft available, potentially creating downward pressure on demand for the anticipated aircraft in our fleet and reduced market lease rates and sale prices; or

a reduction in our competitiveness due to deep discounting by the manufacturers, which may lead to reduced market lease rates and aircraft values and may affect our ability to remarket or sell at a profit, or at all, some of the aircraft in our fleet.

Failure to close aircraft leasing or other acquisition commitments that we make could negatively affect our financial condition, cash flow and results of operations.

We intend to acquire aircraft in the future subject to leasing or other acquisition commitments that we make and contractual commitments from our customers. This may require us to obtain additional financing in order to be able to satisfy our acquisition commitments. If we are unable to obtain financing or if the various conditions to our commitments are not satisfied, we may be unable to close the purchase of some or all of the aircraft which we commit to acquire. If our aircraft acquisition commitments are not closed for these or other reasons, we will be subject to several risks, including the following:

forfeiting deposits and progress payments and having to pay significant costs relating to these commitments, such as actual damages, and legal, accounting and financial advisory expenses, and not realizing any of the benefits of completing the transactions;

defaulting on contractual obligations to our customers, which could result in monetary damages and damage to our reputation and relationships with customers; and

failing to capitalize on other aircraft acquisition opportunities that were not pursued due to our management's focus on these commitments.

These risks would negatively affect our financial condition, cash flow and results of operations.

Creditors of any subsidiaries we form for purposes of financing will have priority over our stockholders in the event of a distribution of such subsidiaries' assets.

Any aircraft we acquire may be held in special-purpose, bankruptcy-remote subsidiaries. If so, liens on those assets will be held by a collateral agent for the benefit of the lenders under the respective facility. In addition, funds generated from the lease of aircraft generally will be applied first to amounts due to lenders, with certain exceptions. Creditors of our subsidiaries will have priority over us and our stockholders in any distribution of any such subsidiaries' assets in a liquidation, reorganization or otherwise.

We may be subject to extensive anti-corruption laws and regulations.

We currently expect to have material international operations, which must comply with U.S. law, including the U.S. Foreign Corrupt Practices Act ("FCPA"). The FCPA and similar foreign anti-corruption laws generally prohibit companies and their intermediaries from making improper payments or providing anything of value to improperly influence foreign government officials for the purpose of obtaining or retaining business regardless of whether those practices are legal or culturally expected in the foreign jurisdiction. Recently, there has been a substantial increase in the global enforcement of anti-corruption laws. If we are found to be in violation of any anti-corruption law, we could be subject to claims that may adversely impact our business, results of operations, financial condition and reputation. Additionally, violations of these laws could result in criminal or civil sanctions.

Table of Contents

We may encounter difficulties in completing and integrating acquisitions or divesting of business interests, which could adversely affect our operating results.

As part of our business strategy, we may merge with or acquire businesses or form joint ventures and strategic alliances. Whether we realize the anticipated benefits from these acquisitions and related activities depends, in part, upon our ability to integrate the operations of the acquired business, the performance of the underlying product and service portfolio, and the performance of the management team and other personnel of the acquired operations. Accordingly, our financial results could be adversely affected from unanticipated performance issues, legacy liabilities, transaction-related charges, amortization of expenses related to intangibles, charges for impairment of long-term assets, credit guarantees, partner performance and indemnifications. Consolidations of joint ventures could also impact our reported results of operations or financial position.

Factors that increase the risk of decline in aircraft value and achievable lease rates could have an adverse effect on our financial results and growth prospects and on our ability to meet our debt obligations.

In addition to factors linked to the aviation industry generally, other factors that may affect the value and achievable lease rates of aircraft and other aviation assets that we acquire include:

the particular maintenance, damage and operating history of the airframes and engines;

the number of operators using that type of aircraft or engine;

whether an aircraft or other aviation asset is subject to a lease and, if so, whether the lease terms are favorable to the lessor;

the age of aircraft and other aviation assets that we acquire;

airworthiness directives and service bulletins;

aircraft noise and emission standards;

any tax, customs, regulatory and other legal requirements that must be satisfied when an aircraft is purchased, sold or re-leased;

compatibility of our aircraft configurations or specifications with other aircraft owned by operators of that type; and

decreases in the creditworthiness of our lessees.

Any decrease in the values of and achievable lease rates for our aircraft or other aviation assets that may result from the above factors or other unanticipated factors may have a material adverse effect on our financial results and growth prospects and our ability to meet our debt obligations.

We operate in a highly competitive market for investment opportunities in aircraft and other aviation assets.

The aviation services business is highly competitive. We compete with other aviation servicers and aircraft leasing companies. We also may encounter competition from other entities that selectively compete with us, including:

airlines;

aircraft manufacturers;

financial institutions (including those seeking to dispose of repossessed aircraft at distressed prices);

aircraft brokers;

special purpose vehicles formed for the purpose of acquiring, leasing and selling aircraft; and

public and private partnerships, investors and funds, including private equity and hedge funds.

Table of Contents

Competition for an aviation services and leasing transaction is based principally upon service and lease rates, delivery dates, lease terms, reputation, management expertise, aircraft condition, specifications and configuration and the availability of the types of aircraft necessary to meet the needs of the customer. Some of our competitors have significantly greater operating and financial resources and a longer operating history than we have. In addition, some of our competitors have a lower overall cost of capital and may provide financial services, maintenance services or other inducements to potential customers that we cannot provide. Given the financial condition of the airline industry, many airlines have reduced their capacity by eliminating select types of aircraft from their fleets. This has resulted in an increase in available aircraft of these types, a decrease in rental rates for these aircraft and a decrease in market values of these aircraft.

Depreciation expenses and impairment charges could have a material adverse effect on our financial condition and results of operations.

Aircraft have finite economic lives, their values depreciate in the ordinary course over time and their ability to generate earnings and cash flow for our business declines over time. If depreciated aircraft are not replaced with newer aircraft, our ability to generate earnings will be reduced. If we dispose of an aircraft for a price that is less than its depreciated value, then we would be required to recognize a loss that would reduce our net income during the period of the disposition and reduce our total assets and shareholders' equity.

In addition, aircraft and other aviation assets that we acquire in the future will be subject to periodic review for impairment for accounting purposes. If expected cash flows related to any of our aircraft are adversely affected by factors including credit deterioration of a lessee, declines in rental rates, shortened economic life, residual value risk and other market conditions, then we may be required to recognize depreciation or material impairment charges that would reduce our net earnings or increase our net losses. Under U.S. GAAP, once an impairment results in a reduction to the carrying value of an asset, the carrying value of such asset cannot thereafter be increased.

Aircraft liens could impair our ability to repossess, re-lease or resell aircraft.

In the normal course of business, liens that secure the payment of airport fees and taxes, custom duties, air navigation charges, landing charges, crew wages, maintenance charges, salvage or other obligations are likely, depending on the laws of the jurisdictions where aircraft operate, to attach to our leased or owned aircraft (or, if applicable, to the engines separately). The liens may secure substantial sums that may, in certain jurisdictions or for limited types of liens (particularly fleet liens), exceed the value of any particular aircraft to which the liens have attached. Until they are discharged, the liens described above could impair our ability to repossess, re-lease or resell our aircraft.

If our customers fail to fulfill their financial obligations, liens may attach to our aircraft. In some jurisdictions, aircraft liens or separate engine liens may give the holder thereof the right to detain or, in limited cases, sell or cause the forfeiture of the aircraft (or, if applicable, the engines separately). We cannot assure you that the customers will comply with their obligations under the leases to discharge liens arising during the terms of the leases. We may, in some cases, find it necessary to pay the claims secured by such liens in order to repossess the aircraft or obtain the aircraft or engines from a creditor thereof. These payments would be a required expense for us and would reduce our net income and our cash flows.

We cannot assure you that all customers will comply with the registration requirements in the jurisdiction where they operate.

All of our aircraft are required to be registered at all times with appropriate governmental authorities. Generally, in jurisdictions outside the United States, failure by a lessee to maintain the registration of a leased aircraft would be a default under the applicable lease, entitling us to exercise our rights and remedies thereunder. If an aircraft were to be operated without a valid registration, the lessee operator or, in some cases, the owner or lessor might be subject to penalties, which could constitute or result in a lien being placed on such aircraft. Failure to comply with registration requirements also could have other adverse effects, including inability to operate the aircraft and loss of insurance. We cannot assure you that all lessees will comply with these requirements.

Table of Contents

We will need to re-lease or sell aircraft as leases expire to continue to generate sufficient funds to meet any debt obligations and finance our growth and operations. We may not be able to re-lease or sell aircraft on favorable terms, or at all.

Our business strategy entails the need to re-lease aircraft as our current leases expire to generate sufficient revenues to meet any debt obligations and finance our growth and operations. The ability to re-lease aircraft depends on general market and competitive conditions. Some of our competitors may have greater access to financial resources and, as a result of restrictions on us contained in the terms of our indebtedness, may have greater operational flexibility. If we are not able to re-lease an aircraft or to do so on favorable terms, we may be required to attempt to sell the aircraft to provide funds for debt service obligations or to otherwise finance our operations. Our ability to re-lease or sell aircraft on favorable terms or without significant off-lease time and transition costs could be adversely affected by depressed conditions in the airline and aircraft industries, airline bankruptcies, the effects of terrorism and war, the sale of other aircraft by financial institutions or other factors.

We rely on our customers' continuing performance of their lease obligations.

Our success depends upon the financial strength of our customers, our ability to assess the credit risk of our customers and the ability of our customers to perform their contractual obligations to us. The ability of each customer to perform its obligations will depend primarily on the customer's financial condition and cash flow, which may be affected by factors beyond our control, including:

geopolitical and other events, including war, acts of terrorism, civil unrest, outbreaks of epidemic diseases and natural disasters;

increases in operating costs, including the availability and cost of jet fuel and labor costs;

labor difficulties;

economic and financial conditions and currency fluctuations in the countries and regions in which the lessee operates; and

governmental regulation of, or affecting, the air transportation business, including noise and emissions regulations, climate change initiatives and age limitations.

We expect that some customers may encounter financial difficulties or suffer liquidity problems and, as a result, will struggle to make service and lease payments under our service contracts and operating leases. We further expect that customers experiencing financial difficulties may seek a reduction in their service and lease rates or other concessions. We could experience substantial delinquencies, particularly in any future downturns in the economy, which could worsen the financial condition and liquidity problems of these customers. In addition, we expect that many of our customers may be exposed to currency risk due to the fact that they earn revenues in their local currencies and certain of their liabilities and expenses are denominated in U.S. dollars, including lease payments to us. A delayed, missed or reduced rental payment from a lessee decreases our revenues and cash flow and may adversely affect our ability to make payments on any debt service obligations or otherwise finance our operations.

There may be occasions where we are not in possession of any aircraft while the aircraft are on lease to the lessees. Consequently, our ability to determine the condition of the aircraft or whether the lessees are properly maintaining the aircraft may be limited to periodic inspections that we perform or that are performed on our behalf by third-party service providers or aircraft inspectors. A customer's failure to meet its maintenance obligations under a lease could:

result in a grounding of the aircraft;

cause us to incur costs in restoring the aircraft to an acceptable maintenance condition to re-lease the aircraft;

adversely affect lease terms in the re-lease of the aircraft; and

adversely affect the value of the aircraft.

We cannot assure you that, in the event that a customer defaults, any security deposit paid or letter of credit provided by the customer will be sufficient to cover its outstanding or unpaid obligations and required maintenance expenses or be sufficient to discharge liens that may have attached to our aircraft.

Table of Contents

If our customers encounter financial difficulties and we decide to restructure our contracts with those customers, this could result in less favorable contracts, significant reductions in our cash flows and adversely affect our ability to meet any debt service obligations or otherwise finance our operations.

We may receive requests for contract restructurings if any of our customers should experience financial difficulties. We may restructure contracts when customers are late in making payments, fail to make required payments or otherwise advise us that they expect to default in making required payments. A contract restructuring can involve a rescheduling of payments or even termination of a contract without receiving all or any of the past-due or deferred amounts. The terms and conditions of possible contract restructurings could result in a significant reduction of revenue which would have an adverse impact on our cash flow.

We may incur significant costs resulting from lease defaults, which could negatively affect our financial condition, cash flow and results of operations.

If we are required to repossess an aircraft after a lessee default, we may be required to incur significant costs. Those costs likely would include legal and other expenses associated with court or other governmental proceedings, including the cost of posting surety bonds or letters of credit necessary to effect repossession of an aircraft, particularly if the lessee is contesting the proceedings or is in bankruptcy. In addition, during any such proceedings the relevant aircraft would likely not be generating revenue. We could also incur substantial maintenance, refurbishment or repair costs if a defaulting lessee fails to pay such costs and where such maintenance, refurbishment or repairs are necessary to put the aircraft in suitable condition for remarketing or sale. We may also incur storage costs associated with any aircraft that we repossess and are unable to place immediately with another lessee. It may also be necessary to pay off liens, taxes and other governmental charges on the aircraft to obtain clear possession and to remarket the aircraft effectively, including, in some cases, liens that the lessor might have incurred in connection with the operation of its other aircraft. We could also incur other costs in connection with the physical possession of the aircraft.

We may suffer other negative consequences as a result of a lessee default, the related termination of the lease and the repossession of the related aircraft. It is likely that our rights upon a lessee default will vary significantly depending upon the jurisdiction and the applicable law, including the need to obtain a court order for repossession of the aircraft and/or consents for deregistration or export of the aircraft. We anticipate that when a defaulting lessee is in bankruptcy, protective administration, insolvency or similar proceedings, additional limitations may apply. Certain jurisdictions give rights to the trustee in bankruptcy or a similar officer to assume or reject the lease or to assign it to a third party, or entitle the lessee or another third party to retain possession of the aircraft without paying lease rentals or performing all or some of the obligations under the relevant lease. In addition, certain of our lessees may be owned, in whole or in part, by government-related entities, which could complicate our efforts to repossess our aircraft in that lessee's domicile. Accordingly, we may be delayed in, or prevented from, enforcing certain of our rights under a lease and in remarketing the affected aircraft.

If we repossess an aircraft, we may not necessarily be able to export or deregister and profitably redeploy the aircraft. We may also incur significant costs in retrieving or recreating aircraft records required for registration of the aircraft, and in obtaining the Certificate of Airworthiness for an aircraft. If, upon a lessee default, we incur significant costs in connection with repossessing our aircraft, are delayed in repossessing our aircraft or are unable to obtain possession of our aircraft as a result of lessee defaults, our financial condition, cash flow and results of operations would be negatively affected.

We may not correctly assess the credit risk of each customer or may not be in a position to charge risk-adjusted lease rates, and lessees may not be able to continue to perform their financial and other obligations under our contracts in the future. A delayed, reduced or missed rental payment from a customer decreases our revenues and cash flow and may adversely affect our ability to make payments on any debt obligations or otherwise fund our operations. While we may experience some level of delinquency under our contracts, default levels may increase over time, particularly as our aircraft age and if economic conditions deteriorate. A customer may experience periodic difficulties that are not financial in nature, which could impair its performance of maintenance obligations under the contracts. These difficulties may include the failure to perform required aircraft maintenance and labor-management disagreements or disputes.

Table of Contents

In the event that a customer defaults under a contract, any security deposit paid or letter of credit provided by the customer may not be sufficient to cover the customer's outstanding or unpaid obligations and required maintenance and transition expenses.

Failure to pay certain potential additional operating costs could result in the grounding or arrest of our aircraft and prevent the re-lease, sale or other use of our aircraft, which would negatively affect our financial condition and results of operations.

We may incur operational costs upon a customer default or where the terms of the contract require us to pay a portion of those costs. Such costs include:

the costs of casualty, liability and political risk insurance and the liability costs or losses when insurance coverage has not been or cannot be obtained as required, or is insufficient in amount or scope;

the costs of licensing, exporting or importing an aircraft, airport charges, customs duties, air navigation charges, landing fees and similar governmental or quasi-governmental impositions, which can be substantial;

penalties and costs associated with the failure of customers to keep aircraft registered under all appropriate local requirements or obtain required governmental licenses, consents and approvals; and

carbon taxes or other fees, taxes or costs imposed under emissions limitations, climate change regulations or other initiatives.

The failure to pay certain of these costs can result in liens on the aircraft and the failure to register the aircraft can result in a loss of insurance. These matters could result in the grounding or arrest of the aircraft and prevent the re-lease, sale or other use of the aircraft until the problem is cured, which would negatively affect our financial results.

Our customers may have inadequate insurance coverage or fail to fulfill their respective indemnity obligations, which could result in us not being covered for claims asserted against us and may negatively affect our business, financial condition and results of operations.

Although we do not expect to control the operation of our aircraft leased to our customers, our ownership of the aircraft could give rise, in some jurisdictions, to strict liability for losses resulting from their operation. Our customers will be required to indemnify us for, and insure against, liabilities arising out of the use and operation of the aircraft,

including third-party claims for death or injury to persons and damage to property for which we may be deemed liable. Customers will also be required to maintain public liability, property damage and certain other risk insurance on the aircraft at agreed upon levels. There may be circumstances under which it would be desirable for us to maintain some additional insurance coverage at our expense, which would add to our operating expenses.

We cannot assure you that the insurance maintained by our customers will be sufficient to cover all types of claims that may be asserted against us. Any inadequate insurance coverage or default by customers in fulfilling their indemnification or insurance obligations, as well as the lack of available insurance, could reduce the proceeds upon an event of loss and could subject us to uninsured liabilities, either of which could adversely affect our business, financial condition and results of operations.

Failure to obtain certain required licenses, consents and approvals could negatively affect our ability to re-lease or sell aircraft, which would negatively affect our business, financial condition and results of operations.

Aircraft leases often require specific licenses, consents or approvals. These include consents from governmental or regulatory authorities for certain payments under the leases and for the import, re-export or deregistration of the aircraft. Subsequent changes in applicable law or administrative practice may increase or otherwise modify these requirements. In addition, a governmental consent, once given, might be withdrawn. Furthermore, consents needed in connection with future re-leasing or sale of an aircraft may not be forthcoming. Any of these events could adversely affect our ability to re-lease or sell aircraft that we acquire, which would negatively affect our business, financial condition and results of operations.

Table of Contents

Some of our contracts may provide the customers with early termination options.

We may enter into contracts that provide the customers with early termination options. If any lease is terminated early at a time when we could not re-lease the aircraft at rates at least as favorable to us as the terminated lease, our results of operations could be adversely affected.

We may have operations in many countries and such operations may be subject to a number of risks specific to these countries.

Non-U.S. sales could account for a material portion of our revenues as our operation develops. As a result, we may be subject to risks of doing business internationally, including:

Changes in regulatory requirements;

Domestic and international government policies;

Fluctuations in international currency exchange rates;

Volatility in international political and economic environments;

The development and continuation of armed conflict in some regions;

Uncertainties and restrictions concerning the availability of funding credit or guarantees; and

Imposition of domestic and international taxes, export controls, tariffs, embargoes and other trade restrictions.

While the impact of these factors is difficult to predict, any one or more of these factors could adversely affect our operations in the future.

We cannot assure you that we will be able to enter into profitable leases for any aircraft acquired, which would negatively affect our financial condition, cash flow and results of operations.

We cannot assure you that we will be able to enter into profitable leases upon the acquisition of the aircraft we purchase in the future. You must rely upon our management team's judgment and ability to evaluate the ability of customers and other counterparties to perform their obligations to us and to negotiate transaction documents. We cannot assure you that our management team will be able to perform such functions in a manner that will achieve our investment objectives, which would negatively affect our financial condition, cash flow and results of operations.

Any disruption in our information systems could disrupt our operations and would be adverse to our business and financial operations. Security breaches and other disruptions could compromise our information and expose us to liability, which would cause our business and reputation to suffer.

Our business may be impacted by disruptions including threats to physical security, information technology or cyber-attacks or failures, damaging weather or other acts of nature and pandemics or other public health crises. Any of these disruptions could affect our internal operations or our ability to deliver products and services to our customers. Any significant delays, or any destruction, manipulation or improper use of our data, information systems or networks could impact our sales, increase our expenses and/or have an adverse effect on our reputation and the reputation of our products and services.

Table of Contents

Unauthorized access to our or our customers' information and systems could negatively impact our business.

We may face certain security threats, including threats to the confidentiality, availability and integrity of our data and systems. We will maintain an extensive network of technical security controls, policy enforcement mechanisms and monitoring systems in order to address these threats. While such measures are designed to prevent, detect and respond to unauthorized activity in our systems, certain types of attacks could result in significant financial or information losses and/or reputational harm. If we cannot prevent the unauthorized access, release and/or corruption of our customers' confidential, classified or personally identifiable information, our reputation could be damaged, and/or we could face financial losses.

Our failure to comply with environmental laws could adversely affect our business and financial condition.

We will be subject to various federal, state, local and non-U.S. laws and regulations related to environmental protection, including the discharge, treatment, storage, disposal and remediation of hazardous substances and wastes. We could incur substantial costs, including cleanup costs, fines and civil or criminal sanctions, as well as third-party claims for property damage or personal injury, if we were to violate or become liable under environmental laws or regulations. In some cases, we may be subject to such costs due to environmental impacts attributable to operations or the operations of companies we have acquired. In other cases, we may become subject to such costs due to an indemnification agreement between us and a third party relating to such environmental liabilities. In addition, new laws and regulations, more stringent enforcement of existing laws and regulations, the discovery of previously unknown contamination or the imposition of new remediation requirements could result in additional costs.

Risk Factors Relating to the Need for Additional Capital

We will need additional capital to finance our growth, and we may not be able to obtain it on terms acceptable to us, or at all, which may limit our ability to satisfy commitments to acquire additional aircraft and to compete effectively in the aviation services and leasing market and would negatively affect our financial condition, cash flow and results of operations.

Growing an aircraft portfolio to carry out our business plan will require substantial capital. Accordingly, we will need to obtain additional financing following completion of the Business Combination, which may not be available to us on favorable terms or at all. Our access to additional sources of financing will depend upon a number of factors over which we have limited control, including:

general market conditions;

the condition of credit and capital markets;

the state of the aviation industry;

the market's view of the quality of our assets;

the market's perception of our business performance and growth potential;

The prospect that additional equity investors may be diluted as a result of the securities being issued in connection with the Financing;

interest rate fluctuations; and

our current and potential future earnings and cash distributions.

Weaknesses in the capital and credit markets could negatively affect one or more private lenders and could cause one or more private lenders to be unwilling or unable to provide us with financing or to increase the costs of that financing. In addition, if there are new regulatory capital requirements imposed on our private lenders, they may be required to limit, or increase the cost of, financing they provide to us. In general, this could potentially increase our financing costs and reduce our liquidity or require us to sell assets at an inopportune time or price.

If we are unable to raise additional funds or obtain capital on terms acceptable to us, we may not be able to satisfy funding requirements should we have any aircraft acquisition commitments then in place. If we are unable to satisfy our purchase commitments, we may be forced to forfeit our deposits. Further, we would be exposed to potential breach of contract claims by our customers and suppliers. These risks may also be increased by the volatility and disruption in the capital and credit markets. Depending on market conditions at the time, we may have to rely more heavily on additional equity issuances, which may be dilutive to our equity holders, or on less efficient forms of debt financing that require a larger portion of our cash flow from operations, thereby reducing funds available for our operations, future business opportunities and other purposes. Moreover, if additional capital is raised through the issuance of additional equity securities, the interests of existing stockholders could be diluted. These risks could negatively affect our financial condition, cash flow and results of operations.

Table of Contents

We are dependent upon continued availability of financing to manage our business and to execute our business strategy, and additional financing may not be available on terms acceptable to us.

Our ability to manage our business and to execute our business strategy is dependent, in part, on the availability of debt and equity capital following completion of the Business Combination. Access to the debt and equity capital markets may be limited by various factors, including the overall condition of those markets, general economic factors, the state of the aviation industry, our business performance and growth potential, the quality of our assets, the prospect that additional equity investors may be diluted as a result of the securities being issued in connection with the Financing and other factors. Debt and equity capital may not be available to us on favorable terms, or at all. Our inability to obtain financing on favorable terms could adversely affect our results of operations and financial condition.

We may enter into credit facilities that could limit our operational flexibility, our ability to effectively compete and our ability to grow our business as currently planned, which could negatively affect our financial condition, cash flow and results of operations.

We may enter into credit facilities that contain financial and non-financial covenants, such as requirements that we comply with one or more of the following covenants: debt-to-equity, dividend restrictions, minimum net worth and interest coverage ratios, change of control provisions, and prohibitions against our disposing of our aircraft or other aviation assets without a lender's prior consent. Complying with such covenants may at times necessitate that we forego other opportunities, such as using available cash to grow our aircraft fleet or promptly disposing of less profitable aircraft or other aviation assets. Moreover, any failure to comply with any such covenants would likely constitute a default under such facilities and could give rise to an acceleration of some, if not all, of our then outstanding indebtedness, which would have a negative effect on our business and our ability to continue as a going concern.

In addition, we cannot assure you that our business will generate cash flow from operations in an amount sufficient to enable us to service our debt and grow our operations as planned. We cannot assure you that we will be able to obtain or refinance any debt financing on favorable terms, if at all. In addition, we cannot assure you that in the future we will be able to access long-term financing or credit support on attractive terms, if at all. Any inability to generate sufficient cash flow, maintain our fleet and facilities, or access long-term financing or credit support would negatively affect our financial condition, cash flow and results of operations.

An unexpected increase in our expected borrowing costs would negatively affect our financial condition, cash flow and results of operations.

We plan to finance many of the aircraft we acquire through a combination of short-term and long-term debt financings. As these debt financings mature, we may have to refinance these commitments by entering into new financings, which could result in higher borrowing costs, or repay them by using cash on hand or cash from the sale of our assets. Moreover, an increase in interest rates under the various debt financing facilities that we plan to put in place would have a negative effect on our earnings and could make aircraft leasing contracts unprofitable.

Some debt financings may bear interest at a floating rate, such that our interest expense would vary with changes in the applicable reference rate. As a result, our inability to sufficiently protect ourselves from changes in our cost of borrowing may have a direct, negative impact on our net income. Our lease rental stream will generally be fixed over the life of our leases, whereas we may use floating-rate debt to finance a significant portion of our aircraft acquisitions. If we have floating rate debt financings in place and interest rates increase, we would be obligated to make higher interest payments to our lenders. If we incur significant fixed-rate debt in the future, increased interest rates prevailing in the market at the time of the incurrence of such debt would also increase our interest expense and negatively affect our financial condition, cash flow and results of operations.

Any such hedging activities we engage in to obtain interest rate protection will require us to incur additional costs, and there can be no assurance that we will be able to successfully protect ourselves from any or all negative interest rate fluctuations at a reasonable cost.

Table of Contents

As a result of the Financing, after the Business Combination we will have a complex capital structure with a significant warrant overhang that may limit our ability to successfully raise capital, and even if successful, a capital raise may result in significant dilution to then current holders of Tempus Holdings common stock.

As a result of the Financing, after the Business Combination, Tempus Holdings will have a complex capital structure. The Series A Warrants and Series B Warrants, which are convertible into either shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock, and which include certain substantial anti-dilution protections for their holders, may limit the capital raising and liquidity alternatives available to us and, as a result, Tempus Holdings may not be able to successfully raise capital through a public or private equity offering, particularly if the price of Tempus Holdings common stock at such time is below the levels at which the anti-dilution protections in the Series A Warrants and Series B Warrants take effect, and any such offering, even if successful, could result in significant additional dilution to the then current holders of Tempus Holdings common stock. Additionally, under the terms of the Financing documents, until eighteen months after the consummation of the Business Combination, Tempus Holdings will not be able to conduct any equity or equity-related financing (other than certain excluded issuances) without the written consent of each of the Investors (provided that Tempus Holdings may conduct such financings without such consent if the price per common share it receives in such financings is in excess of \$3.00, after giving consideration to all securities issued). Moreover, until 12 months following the consummation of the Business Combination, the New Investors shall have the right to participate in any Tempus Holdings equity or equity-related offering, with the aggregate percentage participation of the New Investors being 35%, and the Affiliate Investors shall have the right to participate in any Tempus Holdings equity or equity-related offering, with the aggregate percentage participation of the Affiliate Investors being 18%.

Risk Factors Relating to Operating in the Aviation Industry

Increases in fuel costs could materially negatively affect our lessees and by extension the demand for aircraft that we acquire, which would negatively affect our financial condition, cash flow and results of operations.

Fuel costs represent a major expense in the aviation industry, and fuel prices fluctuate widely depending primarily on international market conditions, geopolitical and environmental events, regulatory changes (including those related to greenhouse gas emissions) and currency exchange rates. Political unrest in the Middle East and North Africa has generated uncertainty regarding the predictability of the world's future oil supply. Other events can also significantly affect fuel availability and prices, including natural disasters, decisions by the Organization of the Petroleum Exporting Countries regarding their members' oil output, and the changes in global demand for fuel from countries such as China.

High fuel costs, including fuel cost increases that could occur in the future, would likely have a material negative impact on the profitability of aviation industry participants, including Tempus. In addition, our customers may not be able to manage fuel cost risk by appropriately hedging their exposure to fuel price fluctuations. If fuel price increases

occur, they are likely to cause our customers to incur higher costs or experience reduced revenues. Consequently, these conditions may:

affect our customers' ability to make contractually required payments;

result in contract and lease restructurings and aircraft and engine repossessions;

increase our costs of maintaining and marketing aircraft;

impair our ability to remarket aircraft and other aviation assets or remarket or otherwise sell our assets on a timely basis at favorable rates; or

reduce the sale proceeds received for aircraft or other aviation assets upon any disposition.

Such effects would materially negatively affect demand for our aircraft which would negatively affect our financial condition, cash flow and results of operations.

Government regulations could require substantial expenditures, reduce our profitability and limit our growth.

Our business will be subject to regulation by state, federal and foreign governmental authorities. Aircraft are subject to regulations imposed by aviation authorities regarding aircraft maintenance and airworthiness. Laws affecting the airworthiness of aircraft generally are designed to ensure that all aircraft and related equipment are continuously maintained in proper condition to enable safe operation of the aircraft. Aircraft manufacturers also may issue their own recommendations. Airworthiness directives and similar requirements typically set forth particular special maintenance actions or modifications to certain aircraft types or models that the owners or operators of aircraft must implement.

Each customer will generally be responsible for complying with airworthiness directives with respect to its aircraft and is required to maintain the aircraft's airworthiness. To the extent that a customer fails to comply with airworthiness directives required to maintain its certificate of airworthiness or other manufacturer requirements in respect of an aircraft or if the aircraft is not currently subject to a lease, we may have to bear the cost of such compliance. Under certain leases, we may agree to share with our customers the cost of obligations under airworthiness directives (or similar requirements). These expenditures can be substantial and, to the extent we are required to pay them, our cash flow could be substantially adversely affected.

In addition to these expenditures, which may be substantial, significant new requirements with respect to noise standards, emission standards and other aspects of our aircraft or their operation could cause our costs to increase and could cause the value of our aircraft portfolio to decrease. Other governmental regulations relating to noise and emissions levels may be imposed not only by the jurisdictions in which the aircraft are registered, possibly as part of the airworthiness requirements, but also by other jurisdictions where the aircraft operate. In addition, most countries' aviation laws require aircraft to be maintained under an approved maintenance program having defined procedures and intervals for inspection, maintenance and repair. To the extent that our aircraft are not under lease or a customer defaults in effecting such compliance, we are required to comply with such requirements at our expense.

Table of Contents

The variability of supply and demand for aircraft and other aviation assets could depress lease rates and the value of our leased assets, which would have an adverse effect on our financial results and growth prospects and on our ability to meet our debt obligations.

The aviation leasing and sales industry has experienced periods of aircraft oversupply and undersupply. The economic downturn and the slowdown in air travel between 2008 and early 2010 contributed to a decrease in the demand for aircraft and resulted in capacity cuts by airlines. In addition, manufacturers are increasing production rates of some aircraft types, which may result in an increase in the supply of aircraft. The oversupply of a specific type of aircraft or other aviation asset in the market is likely to depress lease rates for, and the value of, that type of asset. The supply and demand for aircraft is affected by various cyclical and non-cyclical factors that are not under our control, including:

passenger air travel and air cargo demand;

increased supply due to the sale of aircraft portfolios;

geopolitical and other events, including war, acts of terrorism, civil unrest, outbreaks of epidemic diseases and natural disasters;

operating costs, availability of jet fuel and general economic conditions affecting our lessees' operations;

governmental regulation, which includes new airworthiness directives, statutory limits on age of aircraft and restrictions in certain jurisdictions on the age of aircraft for import and other factors leading to obsolescence of aircraft models;

interest rates;

airline restructurings and bankruptcies;

cancellations of orders for aircraft;

delays in delivery by manufacturers;

availability and cost of credit;

manufacturer production levels and technological innovation;

retirement and obsolescence of aircraft models;

manufacturers merging or exiting the industry or ceasing to produce aircraft or engine types;

accuracy of estimates relating to future supply and demand made by manufacturers and lessees;

reintroduction into service of aircraft or engines previously in storage; and

airport and air traffic control infrastructure constraints.

These factors may produce sharp and prolonged decreases in asset values and achievable lease rates, which would have an impact on the value of our fleet and our cost of acquiring aircraft or other aviation assets, may result in lease defaults and could delay or prevent the aircraft or other aviation assets from being leased or re-leased on favorable terms, or, if desired, sold on favorable terms.

Risk Factors Relating to Chart and the Business Combination

If Chart does not consummate a business combination by the termination date of July 31, 2015, Chart will have to cease all operations except for the purpose of winding up and redeem all of its public shares for their pro rata portions of the trust account and liquidate, or seek approval of its stockholders to extend the termination date.

If Chart is unable to complete a business combination by July 31, 2015, Chart will have to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem all public shares then outstanding at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although we expect all or substantially all of such interest to be used for working capital purposes), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of its remaining stockholders and board of directors, dissolve and liquidate, subject in each case to its obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

Subsequent to the consummation of the Business Combination, we may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and stock price, which could cause you to lose some or all of your investment.

Although we have conducted due diligence on Tempus, we cannot assure you that this diligence revealed all material issues that may be present in Tempus' business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of our and Tempus' control will not later arise. As a result, we may be forced later to write down or write off assets, restructure our operations, or incur impairment or other charges that could result in losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about the combined company or its securities. In addition, charges of this nature may cause us to be unable to obtain future financing on favorable terms or at all.

Following the consummation of the Business Combination, our only significant asset will be ownership of 100% of Tempus' membership interests and we do not currently intend to pay dividends on our common stock and, consequently, your ability to achieve a return on your investment will depend on appreciation in the price of our common stock.

Following the consummation of the Business Combination, we will have no direct operations and no significant assets other than the ownership of 100% of Tempus' membership interests. Promptly after the consummation of the Business Combination, Chart is required distribute any remaining funds in the trust account to Tempus Holdings, who is then required to contribute such funds along with any other cash held by Tempus Holdings (net of necessary reserves) to Tempus. We will depend on Tempus for distributions, loans and other payments to generate the funds necessary to meet our financial obligations, including our expenses as a publicly traded company, and to pay any dividends with respect to our stock. Legal and contractual restrictions may limit our ability to obtain cash from Tempus. Thus, we do not expect to pay cash dividends on our common stock. Any future dividend payments are within the absolute discretion of our board of directors and will depend on, among other things, our results of operations, working capital requirements, capital expenditure requirements, financial condition, level of indebtedness, contractual restrictions with respect to payment of dividends, business opportunities, anticipated cash needs, provisions of applicable law and other factors that our board of directors may deem relevant.

We will incur significant transaction and transition costs in connection with the Business Combination. If we fail to consummate the Business Combination, we may not have sufficient cash available to pay such costs.

We expect to incur significant, non-recurring costs in connection with consummating the Business Combination. Some of these costs are payable regardless of whether the Business Combination is completed. Chart's transaction expenses as a result of the Business Combination are currently estimated at approximately \$6.8 million, which is comprised of (i) \$2,343,750 in deferred underwriting compensation payable to the underwriters of our IPO and (ii) approximately \$4.4 million in fees and expenses incurred relating to the Business Combination, including the expenses incurred in connection with the filing, printing and mailing of this proxy statement/prospectus and the solicitation of the approval of our stockholders, and all filing and other fees paid to the SEC. If Chart and Tempus do not consummate the Business Combination, each party will be required to pay its own fees and expenses, and Chart likely will not have sufficient cash available to pay its fees and expenses unless and until it completes a subsequent business combination transaction.

The working capital available to us after the Business Combination will be reduced to the extent our stockholders exercise their redemption rights in connection with the Business Combination and will also be reduced to the extent of Tempus' transaction expenses, which will be payable by the combined company. This may adversely affect our business and future operations.

The amount of working capital available to the combined company after the Business Combination will depend in part on the extent to which Chart stockholders exercise their right to redeem their shares into cash in connection with the Business Combination. Our working capital will be reduced in proportion to such redemptions, and will also be reduced to the extent of Tempus' transaction expenses, which will be payable by the combined company. Reduced working capital may adversely affect our business and future operations.

The unaudited pro forma financial information included in this proxy statement/prospectus may not be indicative of what our actual financial position or results of operations would have been.

The unaudited pro forma financial information in this proxy statement/prospectus is presented for illustrative purposes only and is not necessarily indicative of what our actual financial position or results of operations would have been had the Business Combination been completed on the dates indicated. See the section entitled "Unaudited Pro Forma Condensed Combined Financial Information" for more information.

We may waive one or more of the conditions to the Business Combination.

We may agree to waive, in whole or in part, some of the conditions to our obligations to complete the Business Combination, to the extent permitted by our existing charter and applicable laws. For example, it is a condition to our obligations to close the Business Combination that the representations and warranties of Tempus and the Sellers are true and correct in all respects as of the date of the Merger Agreement and as of the date of the Closing (or an earlier date to the extent that an earlier date is referenced in the representation and warranty), except, for certain of the representations and warranties, for such inaccuracies that, individually or in the aggregate, would not result in a Material Adverse Effect (as defined in the Merger Agreement) on Tempus and its subsidiaries taken as a whole. Under applicable law and Chart's existing charter, we are not able to waive the condition that our stockholders approve the Business Combination.

Our Sponsor, directors and officers have conflicts of interest in determining to pursue the business combination with Tempus and the Financing, since certain of their interests, and certain interests of their affiliates and associates, are different from or in addition to (and which may conflict with) the interests of our stockholders.

Our initial stockholders, including our Sponsor, officers and directors, have interests in and arising from the Business Combination and the Financing that are different from or in addition to (and which may conflict with) the interests of our public stockholders, which may result in a conflict of interest. These interests include:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, officers and directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

These interests may influence our directors in making their recommendation that you vote in favor of the Business Combination Proposal, and the transactions contemplated thereby.

We have not obtained an opinion from an independent investment banking firm, and consequently, there is no assurance from an independent source that the price we are paying for Tempus is fair to our stockholders from a financial point of view.

We are not required to and have not obtained an opinion from an independent investment banking firm that the price we are paying for Tempus is fair to our stockholders from a financial point of view. The fair market value of Tempus has been determined by our board of directors based upon standards generally accepted by the financial community, such as potential sales, earnings and cash flow, and the price for which comparable businesses or assets have been valued. Our stockholders will be relying on the judgment of our board of directors with respect to such matters.

If the Adjournment Proposal is not approved, and an insufficient number of votes have been obtained to authorize the consummation of the Business Combination, Chart's directors will not have the ability to adjourn the special meeting to a later date in order to solicit further votes, and, therefore, the Business Combination will not be approved.

If approved by the stockholders, the Adjournment Proposal will provide Chart's directors with additional time, if needed, to solicit proxies in favor of the proposals. If the Adjournment Proposal is not approved, and the remaining proposals fail to pass such that the Business Combination cannot be consummated, the Business Combination will not be completed. Because Chart must consummate a business combination by the termination date of July 31, 2015, if the Business Combination is not approved, it is likely that Chart will have to redeem all of its public shares for their pro rata portions of the trust account and, promptly following such redemption, dissolve and liquidate.

Our ability to successfully effect the Business Combination and successfully operate the business thereafter will be largely dependent upon the efforts of certain key personnel, including the key personnel of Tempus, all of whom we expect to stay with Tempus following the Business Combination. The loss of such key personnel could negatively impact the operations and profitability of the post-combination business.

Our ability to successfully effect the Business Combination and successfully operate the business is dependent upon the efforts of certain key personnel of Tempus, particularly Mr. Terry. Although we expect all of such key personnel to remain with Tempus following the Business Combination, it is possible that we will lose some key personnel, the loss of which could negatively impact the operations and profitability of our post-combination business. Furthermore, while we have scrutinized individuals we intend to engage to stay with Tempus following the Business Combination, our assessment of these individuals may not prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements.

If the Business Combination's benefits do not meet the expectations of investors, stockholders or financial analysts, the market price of our securities may decline.

If the benefits of the Business Combination do not meet the expectations of investors or securities analysts, the market price of Chart's securities prior to the closing of the Business Combination may decline. The market values of Chart's securities at the time of the Business Combination may vary significantly from their prices on the date the Merger Agreement was executed, the date of this proxy statement/prospectus, or the date on which our stockholders vote on the Business Combination.

In addition, following the Business Combination, fluctuations in the price of our securities could contribute to the loss of all or part of your investment. Prior to the Business Combination, there has not been a public market for Tempus' membership interests or Tempus Holdings' stock and trading in the shares of Chart common stock has not been active. Accordingly, the valuation ascribed to Tempus and our common stock in the Business Combination may not be indicative of the price that will prevail in the trading market following the Business Combination. If an active market for our securities develops and continues, the trading price of our securities following the Business Combination could be volatile and subject to wide fluctuations in response to various factors, some of which are beyond our control. Any of the factors listed below could have a material adverse effect on your investment in our securities and our securities may trade at prices significantly below the price you paid for them. In such circumstances, the trading price of our securities may not recover and may experience a further decline.

Factors affecting the trading price of Tempus Holdings' securities following the Business Combination may include:

actual or anticipated fluctuations in our quarterly financial results or the quarterly financial results of companies perceived to be similar to us;

changes in the market's expectations about our operating results;

success of competitors;

our operating results failing to meet the expectation of securities analysts or investors in a particular period;

changes in financial estimates and recommendations by securities analysts concerning Tempus Holdings or the aviation services market in general;

operating and stock price performance of other companies that investors deem comparable to Tempus Holdings;

our ability to market new and enhanced products on a timely basis;

changes in laws and regulations affecting our business;

commencement of, or involvement in, litigation involving Tempus Holdings;

changes in Tempus Holdings' capital structure, such as future issuances of securities or the incurrence of additional debt;

the volume of shares of our common stock available for public sale;

any major change in our board or management;

sales of substantial amounts of Tempus Holdings stock by our directors, executive officers or significant stockholders or the perception that such sales could occur; and

general economic and political conditions such as recessions, interest rates, fuel prices, international currency fluctuations and acts of war or terrorism.

Broad market and industry factors may materially harm the market price of our securities irrespective of our operating performance. The stock market in general has experienced price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the particular companies affected. The trading prices and valuations of these stocks, and of our securities, may not be predictable. A loss of investor confidence in the market for aviation services -related stocks or the stocks of other companies which investors perceive to be similar to Tempus Holdings could depress our stock price regardless of our business, prospects, financial conditions or results of operations. A decline in the market price of our securities also could adversely affect our ability to issue additional securities and our ability to obtain additional financing in the future.

NASDAQ has delisted our securities from trading on its exchange, which may limit investors' ability to make transactions in our securities and reduce the liquidity of our securities.

The Company received a written notice on September 2, 2014 from the staff of the Listing Qualifications Department of NASDAQ indicating that the Company was not in compliance with Listing Rule 5550(a)(3), which requires the Company to maintain a minimum of 300 public holders for continued listing on the NASDAQ Capital Market, and that NASDAQ had determined to initiate procedures to delist the Company's securities. The Company appealed such determination to a hearings panel (the "Panel") and on October 23, 2014, NASDAQ advised the Company that the Panel had granted its request for continued listing subject to completing its business combination and achieving compliance with all NASDAQ initial listing requirements, including but not limited to the minimum shareholder requirements, by March 4, 2015.

On March 2, 2015, the Company received a letter from NASDAQ stating that the Panel had determined to delist the Company's securities from NASDAQ, and will suspend trading in the Company's securities effective at the open of business on March 5, 2015, due to the Company's failure to demonstrate compliance with the minimum shareholder requirements. NASDAQ further indicated that it would complete the delisting action by filing a Form 25 Notification of Delisting with the SEC after all applicable appeal periods have lapsed. The Company decided not to appeal the Panel's delisting determination.

On April 27, 2015, NASDAQ issued a press release stating that it will delist the Company's common stock, warrant, and units which were suspended on March 5, 2015 and have not traded on NASDAQ since that time. On April 28, 2015, NASDAQ filed a Form 25 with the SEC to complete the delisting. The delisting became effective ten days after the filing of the Form 25. The Company's common stock, warrants and units continue trading on the OTCQB Marketplace under the ticker symbols "CACG," "CACGW" and "CACGU," respectively.

As a result of our delisting from trading on the NASDAQ Capital Market, we could face adverse consequences, including:

a limited availability of market quotations for our securities;

reduced liquidity for our securities;

a determination that our common stock is a “penny stock” which would require brokers trading in our common stock to adhere to more stringent rules and possibly result in a reduced level of trading activity for our securities;

a limited amount of news and analyst coverage; and

a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as “covered securities.” Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. While we are not aware of a state having used these powers to prohibit or restrict the sale of securities issued by blank check companies, certain state securities regulators view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the sale of securities of blank check companies in their states. Further, since our securities have been delisted from NASDAQ, they will no longer be considered covered securities and are subject to regulation in each state in which we offer our securities.

Following the Business Combination, Tempus Holdings’ business and stock price may suffer as a result of its lack of public company operating experience and if securities or industry analysts do not publish or cease publishing research or reports about Tempus Holdings, its business, or its market, or if they change their recommendations regarding our common stock in an adverse manner, the price and trading volume of our common stock could decline.

Prior to the completion of the Business Combination, Tempus has been a privately-held company. Tempus’ lack of public company operating experience may make it difficult to forecast and evaluate its future prospects. If Tempus Holdings is unable to execute its business strategy, either as a result of its inability to manage effectively its business in a public company environment or for any other reason, Tempus Holdings’ business, prospects, financial condition and operating results may be harmed.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts may publish about us, our business, our market, or our competitors. Securities and industry analysts do not currently, and may never, publish research on Tempus Holdings. If no securities or industry analysts commence coverage of Tempus Holdings, its stock price and trading volume would likely be negatively impacted. If any of the analysts who may cover Tempus Holdings changes its recommendation regarding Tempus Holdings’ stock in an adverse manner, or provides more favorable relative recommendations about our competitors, the price of our common stock would likely decline. If any analyst who may cover Tempus Holdings were to cease coverage of Tempus Holdings or fail to regularly publish reports on it, we could lose visibility in the financial markets, which could cause Tempus Holdings’ stock price or trading volume to decline.

The terms of the registration rights agreement with the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock impose substantial penalties on Tempus Holdings in the event the New Investors exercise those registration rights or holders of Series A or Series B Warrants or Tempus Holdings Preferred Stock exercise those warrants or convert that preferred stock, and Tempus Holdings fails to deliver the Tempus Holdings common stock then due within the time periods and in the manner specified in the registration rights agreement, the terms of the Series A or Series B Warrants or Tempus Holdings Preferred Stock, respectively.

Under the expected terms of the registration rights agreement to be entered into between Tempus Holdings and the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock, if holders thereof exercise those registration rights or warrants or convert that preferred stock, and Tempus Holdings fails to deliver Tempus Holdings common stock or, in the case of the exercise of registration rights, fails to comply with the terms of the registration rights agreement, in each case within the time periods and in the manner specified, respectively, Tempus Holdings may suffer substantial penalties. In particular, if Tempus Holdings shall fail, for any or no reason, on or prior to the later of (i) three trading days after a warrant exercise notice or preferred stock conversion notice, as applicable, or (ii) one trading day after receipt of the warrant exercise price, notice of a cashless warrant exercise or receipt of the preferred stock conversion price, as applicable, to either issue and deliver to the holder (or its designee) a certificate for the number of common shares to which the holder is entitled or, if a registration statement covering the issuance or resale of the common shares is not available and Tempus Holdings fails to promptly so notify the holder and deliver the common shares electronically, then, in addition to all other remedies available to the holder, (x) Tempus Holdings shall pay in cash to the holder, on each day after the required share delivery date on which such delivery failure continues, an amount equal to 1% of the product of (A) the sum of the number of shares of common stock not issued to the holder on or prior to the share delivery deadline and to which the holder is entitled, multiplied by (B) any trading price of the common stock selected by the holder in writing as in effect at any time during the period beginning on the date on which the holder gave its warrant exercise or preferred stock conversion notice and ending on the applicable share delivery date, and (y) the holder, upon written notice to Tempus Holdings, may void its exercise or conversion notice; provided that the voiding of an exercise or conversion notice shall not affect Tempus Holdings' obligations to make any payments which have accrued prior to the date of such notice. In addition, if on or after such share delivery deadline the holder purchases (in an open market transaction or otherwise) shares of common stock to deliver in satisfaction of a sale by the holder of all or any portion of the number of shares of common stock issuable upon such exercise that the holder anticipated receiving from Tempus Holdings, then, in addition to all other remedies available to the holder, Tempus Holdings shall, within three business days after the holder's request and in the holder's discretion, either (I) pay cash to the holder in an amount equal to the holder's total purchase price (including brokerage commissions and other out-of-pocket expenses, if any) for the shares of common stock so purchased (the "Buy-In Price"), or (II) promptly issue and deliver the shares to which the holder is entitled and pay cash to the holder in an amount equal to the excess (if any) of the Buy-In Price over the product of (a) such number of shares multiplied by (b) the lowest closing sale price of the common stock on any trading day during the period commencing on the date of the applicable exercise or conversion notice and ending on the date of such issuance and payment. These penalties could result in substantial costs to Tempus Holdings.

As a result of the Financing, after the Business Combination we will have a complex capital structure that may make an acquisition of Tempus Holdings by an acquiring party unattractive.

As a result of the Financing, after the Business Combination, Tempus Holdings will have a complex capital structure. The terms of the Series A and Series B Warrants and the Tempus Holdings Preferred Stock include certain substantial protections for their holders, which may limit our ability to complete acquisitions using Tempus Holdings securities as consideration. Under the terms of the both the Series A and Series B Warrants, Tempus Holdings shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under such warrants. “Fundamental Transaction” means, among other things, that Tempus Holdings shall, directly or indirectly, including through subsidiaries, affiliates or otherwise, in one or more related transactions, (i) consolidate or merge with or into (whether or not Tempus Holdings is the surviving corporation) another entity; (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Tempus Holdings or any of its “significant subsidiaries” (as defined in Rule 1-02 of Regulation S-X) to one or more entities; (iii) make, or allow one or more entities to make, or allow Tempus Holdings to be subject to or have its common stock be subject to or party to one or more entities making, a purchase, tender or exchange offer that is accepted by at least 50% of the outstanding shares of common stock; (iv) consummate a stock or share purchase agreement or other business combination (including a reorganization, recapitalization, spin-off or scheme of arrangement) with one or more entities whereby all such entities, individually or in the aggregate, acquire at least 50% of the outstanding shares of common stock; or (v) reorganize, recapitalize or reclassify its common stock. The foregoing provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity, after giving effect to such Fundamental Transaction, does not have any equity securities that are then listed or designated for quotation on a national securities exchange or automated quotation system. Moreover, a holder of Series A or Series B Warrants may choose, in connection with any Fundamental Transaction, to have Tempus Holdings or the successor entity purchase its warrants from the Holder by paying the holder cash in an amount equal to the “Black Scholes Value” (as defined in the both the Series A and Series B Warrants) of such warrants. Under the terms of the Tempus Holdings Preferred Stock, Tempus Holdings is subject to similar constraints, including that it shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under the certificate of designations for the preferred stock, although (in contrast to the terms of the Series A and B Warrants), the foregoing preferred stock provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity provides cash consideration and such Fundamental Transaction does not involve the issuance of any securities to the holders of any securities of Tempus Holdings or its affiliates.

As a result of the foregoing, a potential acquirer of Tempus Holdings that offers securities, or cash and securities, as acquisition consideration would have to assume in writing all of the obligations of Tempus Holdings under the Series A and B Warrants and the Tempus Holdings Preferred Stock, and a potential acquirer of Tempus Holdings that offers cash only as acquisition consideration would have to assume in writing all of the obligations of Tempus Holdings under the Series A and B Warrants. A potential acquirer could conclude that accepting such an outcome, or negotiating with holders of the Series A and B Warrants and the Tempus Holdings Preferred Stock in order to reach a different outcome, would make an acquisition of Tempus Holdings unattractive.

We may not be able to timely and effectively implement controls and procedures required by Section 404 of the Sarbanes-Oxley Act of 2002 that will be applicable to us after the Business Combination.

Neither we nor Tempus is currently subject to Section 404 of the Sarbanes-Oxley Act of 2002. However, following the Business Combination, Tempus Holdings will be required to provide management's attestation on internal controls commencing with its annual report for year ending December 31, 2015. The standards required for a public company under Section 404 of the Sarbanes-Oxley Act of 2002 are significantly more stringent than those required of Tempus as a privately-held company. Management may not be able to effectively and timely implement controls and procedures that adequately respond to the regulatory compliance and reporting requirements that will be applicable to Tempus Holdings after the Business Combination. If we are not able to implement the additional requirements of Section 404 in a timely manner or with adequate compliance, we may not be able to assess whether our internal controls over financial reporting are effective, which may subject us to adverse regulatory consequences and could harm investor confidence and the market price of our common stock.

Our initial stockholders have agreed to vote in favor of our initial business combination, regardless of how our public stockholders vote.

Unlike many other blank check companies in which the founders agree to vote their founder shares in accordance with the majority of the votes cast by the public stockholders in connection with an initial business combination, our initial stockholders have agreed to vote their founder shares and placement shares, as well as any public shares purchased by them in or after our IPO, in favor of our initial business combination. Our initial stockholders, which includes our Sponsor, directors and officers, own shares equal to 44.3% of our issued and outstanding shares of common stock. Accordingly, it is more likely that the necessary stockholder approval will be received than would be the case if our initial stockholders agreed to vote their founder shares and placement shares in accordance with the majority of the votes cast by our public stockholders. Additionally, concurrently with the execution of the Merger Agreement, the Chart Stockholders entered into a Supporting Stockholder Agreement with Tempus and the Members' Representative, pursuant to which the Chart Stockholders have agreed, among other things, to vote all of their shares of Chart common stock (representing as of the date hereof approximately 34.8% of the voting power of Chart in the aggregate) in favor of the Business Combination and not to submit any of their Chart common stock for redemption by Chart.

Even if we consummate the Business Combination, there is no guarantee that the public warrants will ever be in the money, especially since the Series A Warrants and Series B Warrants have much lower exercise prices and the Tempus Holdings Preferred Stock has a lower conversion price than the public warrants, and they may expire worthless and the terms of our warrants may be amended.

The exercise price for our public warrants is \$11.50 per share. There is no guarantee that the public warrants will ever be "in the money" (that is, have an exercise price below the market price of our common stock) prior to their expiration, and as such, the public warrants may expire worthless except for the right of holders of public warrants to receive a

pro rata portion of the escrow account established for the Warrant Tender Offer. The 3,000,000 Series A Warrants and 1,000,000 Series B Warrants being issued to the Investors in connection with the Financing, have much lower exercise prices than our public warrants, at \$4.80 per share and \$5.00 per share, respectively, which may hinder or inhibit increases to the stock price of Tempus Holdings common stock after it hits such levels. Similarly, the Tempus Holdings Preferred Stock is convertible into shares of Tempus Holdings common stock at a conversion price of \$4.00 per share (subject to adjustment), which similarly may hinder or inhibit increases to the stock price of Tempus Holdings common stock.

In addition, the amended and restated warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 65% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders. Accordingly, we may amend the terms of the warrants in a manner adverse to a holder if holders of at least 65% of the then outstanding public warrants approve of such amendment. Examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, shorten the exercise period or decrease the number of shares of our common stock purchasable upon exercise of a warrant.

We have not registered the shares of our common stock issuable upon exercise of the public warrants under the Securities Act or states securities laws at this time, and such registration may not be in place when an investor desires to exercise public warrants, thus precluding such investor from being able to exercise its public warrants and causing such public warrants to expire worthless.

We have not registered the shares of common stock issuable upon exercise of the public warrants under the Securities Act or any state securities laws at this time. However, under the terms of the amended and restated warrant agreement, we have agreed to use our best efforts to file a registration statement under the Securities Act covering such shares and maintain a current prospectus relating to the common stock issuable upon exercise of the public warrants, and to use our best efforts to take such action as is necessary to register or qualify for sale, in those states in which the public warrants were initially offered by us, the shares issuable upon exercise of the public warrants, to the extent an exemption is not available. We cannot assure you that we will be able to do so. If the shares issuable upon exercise of the public warrants are not registered under the Securities Act, we will be required to permit holders to exercise their public warrants on a cashless basis, under certain circumstances specified in the amended and restated warrant agreement. However, no public warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their public warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder, unless an exemption is available. In no event will we be required to issue cash, securities or other compensation in exchange for the public warrants in the event that we are unable to register or qualify the shares underlying the public warrants under the Securities Act or applicable state securities laws. If the issuance of the shares upon exercise of the public warrants is not so registered or qualified, the holder of such public warrant shall not be entitled to exercise such public warrant and such public warrant may have no value and expire worthless. In such event, holders who acquired their public warrants as part of a purchase of units will have paid the full unit purchase price solely for the shares of common stock included in the units. If and when the public warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying shares of common stock for sale under all applicable state securities laws.

The requirements of being a public company may strain our resources and divert management's attention.

As a public company, we are subject to the reporting requirements of the Securities Exchange Act of 1934, as amended (which we refer to herein as the Exchange Act), the Sarbanes-Oxley Act, the Dodd-Frank Act, the listing requirements of NASDAQ (if applicable) and other applicable securities rules and regulations. Compliance with these rules and regulations increase our legal and financial compliance costs, make some activities more difficult, time-consuming or costly and increase demand on our systems and resources, particularly after we are no longer an “emerging growth company.” The Sarbanes-Oxley Act requires, among other things, that we maintain effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and, if required, improve our disclosure controls and procedures and internal control over financial reporting to meet this standard, significant resources and management oversight may be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business and operating results. We may need to hire more employees in the future or engage outside consultants to comply with these requirements, which will increase our costs and expenses.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure are creating uncertainty for public companies, increasing legal and financial compliance costs and making some activities more time consuming. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to their application and practice, regulatory authorities may initiate legal proceedings against us and our business may be adversely affected.

We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our shares of common stock less attractive to investors.

We are an “emerging growth company,” as defined in the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. Additionally, as an emerging growth company, we have elected to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As such, our financial statements may not be comparable to companies that comply with public company effective dates. We cannot predict if investors will find our common stock less attractive because we may rely on

these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our share price may be more volatile.

The future exercise of registration rights may adversely affect the market price of our common stock.

Our common stock will be subject to multiple registration rights agreements. Sales of restricted securities pursuant to these agreements may substantially depress the market price of our common stock. Pursuant to a registration rights agreement entered into concurrently with our IPO (which agreement will be assumed by Tempus Holdings pursuant to the Merger Agreement), our initial stockholders and Cowen, and their respective permitted transferees, can demand that we register the founder shares, the placement units, the placement shares and the placement warrants, and the shares of common stock issuable upon exercise of the placement warrants, as the case may be. The registration rights will be exercisable with respect to the founder shares, the placement units, placement shares and the placement warrants and the shares of common stock issuable upon exercise of such placement warrants at any time commencing upon the date that such shares are released from transfer restrictions. We will bear the cost of registering these securities. If such persons exercise their registration rights in full, there will be an additional 2,250,000 shares of Tempus Holdings common stock, including and up to 375,000 shares of Tempus Holdings common stock issuable on exercise of the placement warrants eligible for trading in the public market. Pursuant to the Merger Agreement, such registration rights agreement will also provide for the registration of the shares of Tempus Holdings common stock, the Series A-2 Warrants and Series B-2 Warrants and the shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants being issued to the Chart Affiliate Investors in the Business Combination as a result of the Financing and the Tempus Holdings Common Stock issuable upon the conversion of any such shares of Tempus Holdings Preferred Stock. If the Chart Affiliate Investors exercise these registration rights in full, there will be an additional 2,500,000 shares of Tempus Holdings stock eligible for trading in the public market, assuming that the Series B-2 Warrants are exercised on a cash basis. In addition, Tempus Holdings and the Sellers (including the Tempus Affiliate Investor) will enter into a registration rights agreement that provides for the registration of the shares of common stock to be issued pursuant to the Business Combination, including the Earn-out Shares, as well as the shares of Tempus Holdings common stock, the Series A-2 Warrants and Series B-2 Warrants and the shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants being issued to the Tempus Affiliate Investor in the Business Combination as a result of the Financing and the Tempus Holdings Common Stock issuable upon the conversion of any such shares of Tempus Holdings Preferred Stock. Finally, pursuant to the New Investor Purchase Agreements, Tempus Holdings and the New Investors will enter into a new registration rights agreement, in form and substance acceptable to the New Investors granting certain registration rights to the New Investors with respect to the shares of Tempus Holdings common stock, shares of Tempus Holdings Preferred Stock, Series A-1 Warrants and Series B-1 Warrants to be issued by Tempus Holdings to the New Investors in the Business Combination and any Tempus Holdings shares issuable by Tempus Holdings upon the exercise of the Series A-1 Warrants or Series B-1 Warrants or upon the conversion of any Tempus Holdings Preferred Stock. If the New Investors exercise in full the registration rights they are expected to have under such agreement, there will be an additional 5,250,000 shares of Tempus Holdings stock eligible for trading in the public market, assuming that the Series B-1 Warrants are exercised on a cash basis. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our common stock.

A market for our securities may not continue, which would adversely affect the liquidity and price of our securities.

Following the Business Combination, the price of our securities may fluctuate significantly due to the market's reaction to the Business Combination, including a significant number of redemptions by Chart's public stockholders, and general market and economic conditions. An active trading market for our securities following the Business Combination may never develop or, if developed, may not be sustained. In addition, the price of our securities after the Business Combination could vary due to general economic conditions and forecasts, our general business condition and the release of our financial reports. Additionally, since our securities are quoted on the OTCQB Marketplace, an inter-dealer automated quotation system for equity securities that is not a national securities exchange, the liquidity and price of our securities may be more limited than if we were listed on NASDAQ or another national securities exchange. You may be unable to sell your securities unless a market can be established or sustained.

As a result of the Financing, after the Business Combination we will have a large number of warrants, as well as the convertible Tempus Holdings Preferred Stock, outstanding, which may negatively affect the price of Tempus Holdings common stock, and in the event that the price of Tempus Holdings common stock rises above the exercise price for such warrants and the conversion price of the Tempus Holdings Preferred Stock, this would likely result in substantial dilution to the holders of Tempus Holdings common stock and more shares of Tempus Holdings common stock eligible for future resale in the public market.

As a result of the Financing, after the Business Combination, Tempus Holdings will have issued and outstanding 3,000,000 Series A Warrants, 1,000,000 Series B Warrants, 7,500,000 public warrants (some of which will be owned by the Warrant Offerors, with such number being dependent on the number of Chart warrant holders that tender their warrants in the Warrant Tender Offer) and the 375,000 placement warrants that were part of the units sold to our Sponsor, Joseph Wright and Cowen in a private placement simultaneously with the consummation of our IPO. In addition, our Sponsor, Joseph Wright and Cowen have made working capital loans to Chart, and such loans are convertible into an additional 1,000,000 warrants (at \$0.75 per warrant) of Chart with the same terms as the placement warrants. The Series A Warrants and Series B Warrants are exercisable immediately after their issuance in the Business Combination (at exercise prices of \$4.80 and \$5.00 per share, respectively) and the public warrants and placement warrants, in accordance with the terms of the amended and restated warrant agreement governing such warrants, will become exercisable 30 days after the completion of the Business Combination. Additionally, Tempus Holdings will have issued and outstanding 1,335,396 shares of Tempus Holdings Preferred Stock, which is convertible into Tempus Holdings common stock at a price of \$4.00 per share (subject to adjustment). Such large number of outstanding warrants and convertible preferred stock may negatively affect the price of Tempus Holdings common stock. In addition, in the event the price of Tempus Holdings common stock rises above the exercise price for such warrants and the conversion price of the Tempus Holdings Preferred Stock, the holders of such warrants may exercise their warrants to acquire shares of Tempus Holdings common stock or, as applicable, Tempus Holdings Preferred Stock, and the holders of Tempus Holdings Preferred Stock may convert such shares into Tempus Holdings common stock, resulting in a significant additional number of new shares of Tempus Holdings stock being issued for less than the then current market price and additional shares of Tempus Holdings stock being eligible for future resale in the public market, which may result in substantial dilution to the holders of Tempus Holdings common stock at such time and further negatively affect the price of Tempus Holdings common stock.

We may redeem any public warrants not validly tendered in the Warrant Tender Offer prior to their exercise at a time that is disadvantageous to warrant holders, thereby making their warrants worthless.

We will have the ability to redeem the remaining public warrants not validly tendered in the Warrant Tender Offer at any time after they become exercisable and prior to their expiration, at \$0.01 per warrant, provided that (i) the last reported sales price (or the closing bid price of our common stock in the event the shares of our common stock are not traded on any specific trading day) of the common stock equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading-day period ending on the third business day prior to the date we send proper notice of such redemption and (ii) on the date we give notice of redemption and during the entire period thereafter until the time we redeem the warrants, we have an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force holders of the warrants to:

exercise their warrants and pay the exercise price therefor at a time when it may be disadvantageous for them to do so;

sell their warrants at the then-current market price when they might otherwise wish to hold their warrants; or

accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of their warrants.

Provisions in Tempus Holdings' amended and restated charter and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.

Tempus Holdings is required by the Merger Agreement to amend and restate its charter prior to the closing of the Business Combination. Tempus Holdings' proposed amended and restated charter contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include a staggered board of directors and the ability of the board of directors to designate the terms of and issue new series of preferred shares, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for Tempus Holdings' securities. In addition, certain terms of the certificate of designations being added to the Tempus Holdings charter in connection with the issuance of Tempus Holdings Preferred Stock may further inhibit a takeover of Tempus Holdings, including the requirement that an acquirer of Tempus Holdings keep the Preferred Stock, or identical securities, outstanding after the takeover in a transaction involving securities as full or partial consideration. Moreover, the Series A and Series B Warrants have a similar requirement that an acquirer of Tempus Holdings keep the such warrants, or identical securities, outstanding after the takeover, regardless of whether the consideration paid includes cash, securities or both, which may further inhibit a takeover.

Table of Contents

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

Activities taken by affiliates of Chart or Tempus to purchase, directly or indirectly, public shares will increase the likelihood of approval of the Business Combination Proposal and other proposals and may affect the market price of Chart's securities during the buyback period.

Our Sponsor, directors, officers, advisors or their affiliates or Tempus or its directors, officers, advisors or their affiliates may purchase public shares in privately negotiated transactions either prior to or following the consummation of the Business Combination. No such person will make any such purchases when such persons are in possession of any material non-public information not disclosed to the seller or during a restricted period under Regulation M under the Exchange Act. Such a purchase would likely include a contractual acknowledgement that such stockholder, although still the record holder of our shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our initial stockholders, directors, officers or their affiliates or Tempus or its directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. Although none of our Sponsor, directors, officers, advisors or their affiliates or Tempus or its directors, officers, advisors or their affiliates currently anticipate paying any premium purchase price for such public shares, in the event such parties do, the payment of a premium may not be in the best interest of those stockholders not receiving any such additional consideration. There is no limit on the number of shares that could be acquired by our Sponsor, directors, officers, advisors or their affiliates or Tempus or its directors, officers, advisors or their affiliates, or the price such persons may pay. Other stockholders will experience a reduction in book value per share compared to the value received by stockholders that have their shares purchased by us at a premium.

If such transactions are effected, the consequence could be to cause the Business Combination to be approved in circumstances where such approval could not otherwise be obtained. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the Business Combination Proposal and other proposals and would likely increase the chances that such proposals would be approved. If the market does not view the Business Combination positively, purchases of public shares may have the effect of counteracting the market's view, which would otherwise be reflected in a decline in the market price of our securities. In addition, the termination of the support provided by these purchases may materially adversely affect the market price of our securities.

In addition, our remaining public stockholders following the consummation of the Business Combination will bear the economic burden of the deferred underwriting fee as well as the amount of any premium we may pay to the per-share pro rata portion of the trust account using funds released to us from the trust account following the consummation of the Business Combination. This is because the stockholders from whom we purchase shares in privately negotiated transactions may receive a per share purchase price payable from the trust account that is not reduced by a pro rata share of the franchise and income taxes or the deferred underwriting discount and, in the case of purchases at a

premium, have received such premium. However, we will not make any such purchase if the effect thereof would reduce the amount in the trust account available to redeeming stockholders to less than \$10.00 per share.

As of the date of this proxy statement/prospectus, no agreements with respect to the private purchase of public shares by Chart or the persons described above have been entered into with any such investor or holder. We will file a Current Report on Form 8-K with the SEC to disclose private arrangements entered into or significant private purchases made by any of the aforementioned persons that would affect the vote on the Business Combination Proposal or other proposals.

Chart stockholders do not have any rights or interests in funds from the trust account, except under certain limited circumstances. Therefore, in order to liquidate your investment, holders may be forced to sell their public shares or warrants, potentially at a loss.

Our public stockholders are entitled to receive funds from the trust account only upon the earlier to occur of: (i) the consummation of our initial business combination; (ii) the expiration or termination of any tender offer conducted by us in connection with a proposed business combination not otherwise withdrawn; (iii) the redemption of our public shares if we are unable to consummate a business combination by July 31, 2015, subject to applicable law; or (iv) otherwise upon our liquidation or in the event our board of directors resolves to liquidate the trust account and ceases to pursue the consummation of a business combination prior to July 31, 2015 (our board of directors may determine to liquidate the trust account prior to such expiration if it determines, in its business judgment, that it is improbable within the remaining time to identify an attractive business combination or satisfy regulatory and other business and legal requirements to consummate a business combination). In addition, if we are unable to consummate an initial business combination by July 31, 2015 for any reason, compliance with Delaware law may require that we submit a plan of dissolution to our then-existing stockholders for approval prior to the distribution of the proceeds held in our trust account. In that case, public stockholders may be forced to wait beyond July 31, 2015, before they receive funds from our trust account. In no other circumstances will a public stockholder have any right or interest of any kind in the trust account. Accordingly, to liquidate your investment, holders may be forced to sell their public shares or warrants, potentially at a loss.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, investments and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments, including non-U.S. governments. In particular, we are required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business and results of operations.

Since our Sponsor, officers, directors and their affiliates will lose their entire investment in us if the Business Combination is not completed, they may have had a conflict of interest in identifying and selecting Tempus for our initial business combination and agreeing to the Financing in order to close the Business Combination.

After giving effect to the July 10, 2012 reverse split and expiration of our over-allotment that was not exercised, our initial stockholders currently own an aggregate of 1,875,000 founder shares for an aggregate purchase price of \$25,000. In addition, our Sponsor purchased 231,250 placement units, Joseph Wright, our chairman and chief

executive officer, purchased 12,500 placement units and Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO, purchased 131,250 placement units in a private placement that occurred simultaneously with the consummation of our IPO. All of such founder shares and placement units will be worthless if an initial business combination is not consummated. Our Sponsor and Mr. Wright, together with Cowen, originally deposited an aggregate of \$2,250,000 in an escrow account to fund the purchase of up to 3,750,000 warrants in a proposed tender offer to be commenced in connection with our initial business combination and, if we are unable to consummate an initial business combination, the funds deposited in such escrow account will be distributed on a pro-rata basis to our public warrant holders in connection with our liquidation and dissolution. The personal and financial interests of our Sponsor, officers, directors and their affiliates may have influenced their motivation in identifying and selecting Tempus for its target business combination and consummating the Business Combination, as well as agreeing to the Financing in order to close the Business Combination.

Since our Sponsor, executive officers and directors will not be eligible to be reimbursed for their out-of-pocket expenses if the Business Combination is not completed, a conflict of interest may arise in determining whether Tempus is appropriate for our initial business combination and agreeing to the Financing in order to close the Business Combination.

At the closing of the Business Combination, our Sponsor, executive officers and directors, or any of their respective affiliates, will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred in connection with activities on our behalf. These financial interests of our Sponsor, executive officers and directors may have influenced their motivation in identifying and selecting Tempus for the Business Combination, as well as agreeing to the Financing in order to close the Business Combination.

Table of Contents

Concentration of ownership after the Business Combination may have the effect of delaying or preventing a change in control.

It is anticipated that, upon completion of Financing and the Business Combination and if there are no redemptions and there is no adjustment to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, the Sellers, including the Tempus Affiliate Investor, will own approximately 30.0% of Tempus Holdings issued and outstanding common stock, Chart's existing stockholders, including the Chart Affiliate Investors, will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock and the New Investors will own 20.5% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power). This ownership percentage with respect to Tempus Holdings does not take into account (i) the issuance of any shares under the Incentive Plan, (ii) the issuance of any shares upon the exercise of warrants to purchase up to a total of 7,875,000 shares of Tempus Holdings common stock that will remain outstanding following the Business Combination or any additional warrants that are issued to our Sponsor, Joseph Wright or Cowen (at \$0.75 per warrant) pursuant to the conversion of their working capital loans that were made to Chart, (iii) any adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) the potential issuance of up to an additional 6,300,000 Earn-out Shares to the Sellers upon the achievement of certain financial milestones, (v) any indemnification payments that are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) the issuance of any shares to any of the investors participating in the Financing upon the exercise of any of the Series A Warrants or Series B Warrants. If the actual facts are different than these assumptions, the percentage ownership of the Sellers may be different. As a result, the Sellers will, in all likelihood, be able to determine the outcome of corporate actions of Tempus Holdings requiring stockholder approval. This concentration of ownership may have the effect of delaying or preventing a change in control and might adversely affect the market price of our common stock.

Table of Contents

Risk Factors Relating to Holders of Chart Common Stock who are Not Participating in the Financing and who Do Not Redeem their Chart Common Stock in connection with the Special Meeting

Chart stockholders will experience significant immediate dilution in the Business Combination as a consequence of the Financing. Having a minority share position may reduce the influence that our current stockholders have on the management of Tempus Holdings.

As a result of the Financing, the Investors will receive, for each \$10.00 they invest, two and one-half shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock, Series A Warrants exercisable for an additional 1.875 shares (at an exercise price of \$4.80 per share) and Series B Warrants exercisable for an additional 0.625 shares (at an exercise price of \$5.00 per share). This will represent a substantially greater interest in Tempus Holdings received for the \$10.00 invested than the one share of Tempus Holdings common stock that an investor in Chart common stock who is not participating in the Financing, and who does not redeem that share of Chart common stock for \$10.00 in connection with the special meeting, will receive in exchange for that share of Chart common stock in the Business Combination. Chart's public stockholders currently own approximately 57.0% of Chart issued and outstanding capital stock and Chart's initial stockholders, including our Sponsor, directors and officers, currently own approximately 44.3% of Chart issued and outstanding capital stock. It is anticipated that, immediately after the Business Combination and if there are no redemptions, Chart's public stockholders will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, Chart's initial stockholders (including the Chart Affiliate Investors) will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 20.5% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power) and the Sellers (including the Tempus Affiliate Investor) will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock. If any of Chart's stockholders exercise their redemption rights, the ownership interest in Tempus Holdings of Chart's public stockholders will decrease and the ownership interest in Tempus Holdings of the Sellers, the Investors and our initial stockholders will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, Chart's public stockholders will have no ownership of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis) (although the New Investors will hold an aggregate of only 14.97% of Tempus Holdings voting power), Chart's initial stockholders, including our Sponsor, directors and officers (and including the Chart Affiliate Investors), will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock, the Sellers (including the Tempus Affiliate Investor) will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. If the actual facts are different than these assumptions (based on redemptions by Chart's public stockholders, changes in the terms of the Business Combination and Financing, adjustments to the Tempus purchase price pursuant to the Merger Agreement or otherwise), the percentage ownership interests in Tempus Holdings post-Business Combination may be different. See "Unaudited Pro Forma Condensed Combined Financial Information" for further information.

Given the foregoing, the Financing will result in the substantial dilution of post-Business Combination shareholdings in Tempus Holdings, affecting all investors in Chart common stock who are not participating in the Financing and

who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. In addition to its economic effect, such dilution could, among other things, limit the ability of our current stockholders to influence the management of Tempus Holdings through the election of directors following the Business Combination. To the extent that (i) any of the Tempus Holdings warrants are converted into Tempus Holdings common stock, (ii) any shares of common stock are issued pursuant to the Incentive Plan, (iii) any shares of Tempus Holdings common stock are issued to the Sellers in connection with any increase to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) any Earn-out Shares are issued to the Sellers upon the achievement of certain financial milestones, (v) any indemnification payments are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) any shares of Tempus Holdings common stock are issued to any of the Investors participating in the Financing upon the exercise of any of the Series A Warrants or Series B Warrants or the conversion of Tempus Holdings Preferred Stock, Chart's current stockholders may experience substantial additional dilution.

AS A RESULT OF THE FOREGOING, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.

Chart stockholders may experience significant additional dilution in the event the additional cashless exercise terms of the Series B Warrants become exercisable.

Both the Series A and Series B Warrants contain customary "cashless exercise" terms, pursuant to which holders of the Warrants may choose to exercise the Warrants (at a time when the Warrants are otherwise exercisable according to their terms) without paying cash, by effectively submitting a greater number of warrants, rather than a smaller number of warrants plus cash, in exchange for shares. However, the Series B Warrants contain an additional cashless exercise feature, pursuant to which, during the period from 5 months after the Business Combination until their expiration, if the "Market Price" of Tempus Holdings common stock (defined as the average of the four lowest volume-weighted average prices of Tempus Holdings common stock for the preceding 10 trading days) is less than \$4.00, the holder of such Series B Warrant can exercise the Series B Warrant to acquire a number of shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock equal to (depending on the Market Price) up to 122.2% of the number of shares of Tempus Holdings common stock acquired in the Business Combination, with the lower the Market Price, the more shares being available for acquisition by the Series B Warrant holder (subject to a floor of \$1.80 per share).

As a result of the foregoing, Chart stockholders may experience significant additional dilution in the event the additional cashless exercise terms of the Series B Warrants become exercisable.

AS A RESULT OF THE FOREGOING, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.

Risk Factors Relating to Redemption

Unlike many blank check companies, we do not have a specified maximum redemption threshold, and as a result we may be able to consummate the Business Combination even though holders of all of our public shares have chosen to redeem their shares.

Since we have no specified percentage threshold for redemption in our existing charter, our structure is different in this respect from the structure that has been used by many blank check companies. Many blank check companies would not be able to consummate a business combination if the holders of Chart's public shares voted against a proposed business combination and elected to redeem or convert more than a specified percentage of the shares sold in such company's initial public offering, which percentage threshold has typically been between 19.99% and 39.99%.

However, we are limited by the need to have at least \$5,000,001 in net tangible assets, which can be satisfied by having holders of a certain minimum number of Chart shares not redeem their public shares or through additional private placements of our equity securities prior to the consummation of the Business Combination. As a result of the Financing, at the time of the Business Combination, Chart expects that it will have at least \$5,000,001 in net tangible assets on a consolidated basis even if all holders of our public shares elect to redeem their shares of Chart common stock. As a result, we may be able to consummate the Business Combination even though all of our public stockholders have chosen to redeem their shares in connection with the Business Combination.

If you or a "group" of stockholders of which you are a part are deemed to hold an aggregate of 20% or more of our common stock sold in the IPO, you (or, if a member of such a group, all of the members of such group in the aggregate) will lose the ability to redeem all such shares in excess of 20% of our common stock sold in the IPO.

Our existing charter provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to an aggregate of 20% or more of the shares sold in the IPO. We refer to such shares in excess of 20% of the shares sold in the IPO as "Excess Shares." Your inability to redeem any Excess Shares will reduce your influence over our ability to consummate the Business Combination and you could suffer a material loss on your investment in us if you sell Excess Shares in open market transactions. Additionally, you will not receive redemption distributions with respect to the Excess Shares if we consummate the Business Combination. As a result, you will continue to hold that number of shares equal to or exceeding 20% and, in order to dispose of such shares, would be required to sell your stock in open market transactions, potentially at a loss.

Table of Contents

There is no guarantee that a stockholder's decision whether to redeem their shares for a pro rata portion of the trust account will put the stockholder in a better future economic position.

We can give no assurance as to the price at which a stockholder may be able to sell our shares in the future following the completion of the Business Combination or any alternative business combination. Certain events following the consummation of any business combination, including the Business Combination, may cause an increase in our share price, and may result in a lower value realized now than our stockholder might realize in the future had the stockholder not elected to redeem such stockholder's shares. Similarly, if a stockholder does not redeem its shares, the stockholder will bear the risk of ownership of the public shares after the consummation of any business combination, and there can be no assurance that a stockholder can sell its shares in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A stockholder should consult its own tax and/or financial advisor for assistance on how this may affect its individual situation.

If our stockholders fail to comply with the redemption requirements specified in this proxy statement/prospectus, they will not be entitled to redeem their shares of our common stock for a pro rata portion of the funds held in our trust account.

Holders of public shares are required to affirmatively vote either for or against the Business Combination Proposal in order to exercise their rights to redeem their shares for a pro rata portion of the trust account. In addition, to exercise their redemption rights, they are required to submit a request in writing and deliver their stock (either physically or electronically) to our transfer agent at least two business days prior to the special meeting. Stockholders electing to redeem their shares will receive their pro rata portion of the trust account less franchise and income taxes payable, calculated as of two business days prior to the anticipated consummation of the Business Combination. See the section entitled "Special Meeting of Chart Stockholders-Redemption Rights" for additional information on how to exercise your redemption rights.

SPECIAL MEETING OF CHART STOCKHOLDERS

General

Chart is furnishing this proxy statement/prospectus to its stockholders as part of the solicitation of proxies by its board of directors for use at the special meeting of stockholders to be held on July 31, 2015, and at any adjournment or postponement thereof. This proxy statement/prospectus is first being furnished to our stockholders on or about July 20, 2015. This proxy statement/prospectus provides you with information you need to know to be able to vote or instruct how your vote shall be cast at the special meeting.

Date, Time and Place of Special Meeting

The special meeting will be held at 10:00 A.M. Eastern time on July 31, 2015, at the offices of Ellenoff Grossman & Schole LLP, 1345 Avenue of the Americas, 11th Floor, New York, New York 10105, or at such other time, on such other date and at such other place to which the meeting may be adjourned or postponed.

Voting Power; Record Date

You will be entitled to vote or direct votes to be cast at the special meeting if you owned shares of our common stock as of the close of business on July 2, 2015, which is the record date for the special meeting. You are entitled to one vote for each share of our common stock that you owned as of the close of business on the record date. If your shares are held in "street name" or are in a margin or similar account, you should contact your broker, bank or other nominee to ensure that votes related to the shares you beneficially own are properly counted. On the record date, there were 5,077,529 shares of Chart common stock issued and outstanding, consisting of 2,827,529 shares originally sold as part of units in the IPO, 375,000 shares originally sold as part of units to our Sponsor, Joseph Wright and Cowen in a private placement that occurred simultaneously with the consummation of the IPO and 1,875,000 founder shares (after giving effect to (i) a 0.75-for-1 reverse stock split effectuated on July 10, 2012 and (ii) the forfeiture of 281,250 shares in January 2013) that were issued to our Sponsor prior to the IPO (375,000 founder shares of which were subsequently transferred to certain of its directors and officers and 890,625 founder shares to The Chart Group, L.P., the sole managing member of our Sponsor (including 525,469 founder shares subsequently transferred to certain of our officers and certain affiliates and officers of The Chart Group, L.P)).

Vote of Our Initial Stockholders

Unlike many other blank check companies in which the founders agree to vote their founder shares in accordance with the majority of the votes cast by the public stockholders in connection with an initial business combination, our initial stockholders have agreed to vote any shares of Chart common stock owned by them in favor of the Business Combination, regardless of how the majority of our public stockholders vote. As of the date hereof, our initial stockholders, which includes our Sponsor, directors and officers, own approximately 44.3% of our issued and outstanding shares of common stock, including all of the founder shares and shares underlying the placement units. Accordingly, it is more likely that the necessary stockholder approval will be received for the Business Combination than would be the case if our initial stockholders agreed to vote any shares of Chart common stock owned by them in accordance with the majority of the votes cast by our public stockholders.

In connection with our IPO, we and Deutsche Bank Securities Inc., the representative of the underwriters of our IPO, entered into agreements with each of the initial stockholders pursuant to which the initial stockholders agreed to vote any shares of Chart common stock owned by them in favor of the Business Combination Proposal. This agreement applies to our Sponsor as it relates to the founder shares and the requirement to vote its founder shares and placement shares in favor of the Business Combination. The Chart Group L.P., the sole managing member of our Sponsor, is a limited partnership that is managed and controlled by its general partner, Antwerp L.L.C., a New York limited liability company. Mr. Brady owns a majority of the membership interests in Antwerp L.L.C., and is its Chief Executive Officer and a member of its Management Committee. As such, Mr. Brady may be deemed to have effective control of Antwerp L.L.C. and thereby effective control over The Chart Group L.P. and our Sponsor and may exercise voting and dispositive power with respect to the shares held by our Sponsor and The Chart Group L.P.

Table of Contents

Concurrently with the execution of the Merger Agreement, the Chart Stockholders entered into a Supporting Stockholder Agreement with Tempus and the Members' Representative. Pursuant to the Supporting Stockholder Agreement, the Chart Stockholders have agreed, among other things, to vote all of the shares of Chart common stock held by the Chart Stockholders (currently 1,766,250 shares of Chart common stock, representing as of the date hereof approximately 34.8% of the voting power of Chart in the aggregate):

in favor of any amendment to Chart's existing charter and Trust Agreements to extend the deadline for Chart to consummate its initial business combination, if needed;

in favor of (i) the adoption of the Merger Agreement and approval of the Mergers and other transactions contemplated by the Merger Agreement, (ii) the Incentive Plan Proposal, (iii) such other matters as the parties to the Merger Agreement shall thereafter mutually determine to be necessary or appropriate in order to effect the transactions contemplated by the Merger Agreement and (iv) the adjournment of the special meeting of the Chart stockholders contemplated by this proxy statement/prospectus if necessary or desirable in the reasonable determination of Chart (and with respect to clauses (i) through (iv), in favor of any actions required in furtherance thereof);

against any action, proposal, transaction or agreement that would result in a breach of any covenant, representation, warranty or other obligation of a Chart Party contained in the Merger Agreement; and

against (i) alternative proposals or transactions to the Business Combination (except as permitted by the Merger Agreement), (ii) any changes in the present capitalization of Chart or any amendment of Chart's certificate of incorporation or bylaws and (iii) against any changes in Chart's corporate structure or business (except in each case of clauses (i) through (iii), other than in connection with the transactions contemplated by the Merger Agreement or the extension of Chart's deadline to consummate its initial business combination).

The Chart Stockholders also agreed during the Voting Period not to submit their shares of Chart common stock to be redeemed by Chart or to otherwise cause such shares to be repurchased or redeemed. The Supporting Stockholder Agreement also generally prohibits the Chart Stockholders from transferring, or permitting to exist any liens on, their shares of Chart common stock during the Voting Period. The Chart Stockholders also granted proxies with respect to their shares of Chart common stock to the Members' Representative in the event that they do not vote in a manner consistent with the Supporting Stockholder Agreement.

The Supporting Stockholder Agreement will automatically terminate upon the first to occur of (i) the mutual written consent of the parties thereto, (ii) the closing of the Business Combination, or (iii) the termination of the Merger Agreement in accordance with its terms. Due to the Chart Stockholders' percentage ownership of Chart common stock, the terms of the Supporting Stockholder Agreement may substantially increase the probability of obtaining approval of the Business Combination Proposal and other proposals to be presented at the special meeting.

The foregoing discussion summarizes the material terms of the Supporting Stockholder Agreement. We urge you to read carefully the full text of the Supporting Stockholder Agreement, which is attached hereto as Annex B and is incorporated herein by reference.

Quorum and Required Vote for Proposals for the Special Meeting

A quorum of our stockholders is necessary to hold a valid meeting. A quorum will be present at the special meeting if a majority of the common stock outstanding and entitled to vote at the special meeting is represented in person or by proxy. Abstentions will count as present for the purposes of establishing a quorum. Broker non-votes will not be counted for the purpose of determining the existence of a quorum.

Approval of the Business Combination Proposal, the Incentive Plan Proposal, and the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy. Accordingly, a Chart stockholder's failure to vote by proxy or to vote in person at the special meeting or the failure of a Chart stockholder who holds his or her shares in "street name" through a broker or other nominee to give voting instructions to such broker or other nominee (a "broker non-vote") will not be counted towards the number of shares of Chart common stock required to validly establish a quorum, but if a valid quorum is otherwise established, it will have no effect on the outcome of any vote on the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal. Abstentions will be counted in connection with the determination of whether a valid quorum is established, but will have no effect on the outcome of the Business Combination Proposal, the Incentive Plan Proposal or the Adjournment Proposal.

Table of Contents

The Business Combination Proposal is conditioned on, unless waived by Seller, the approval of the Incentive Plan Proposal. In addition, the Incentive Plan Proposal is conditioned on the approval of the Business Combination Proposal. The Adjournment Proposal does not require the approval of any other proposal to be effective. It is important for you to note that in the event that the Business Combination Proposal and the Incentive Plan Proposal do not receive the requisite vote for approval, then we will not consummate the Business Combination. If we do not consummate the Business Combination and fail to complete an initial business combination by July 31, 2015, we will be required to dissolve and liquidate our trust account by returning the then remaining funds in such account to the public stockholders.

Recommendation to Chart Stockholders

After careful consideration, Chart's board of directors has concluded that the Business Combination is in the best interests of Chart's stockholders. Our directors believe that the proposals being presented at the special meeting are in the best interests of Chart's stockholders, and they recommend that Chart's stockholders vote FOR each of the proposals.

When you consider the recommendation of our board of directors in favor of the proposals, you should keep in mind that our directors and officers have interests in the Business Combination and the Financing that are different from or in addition to (and which may conflict with) your interests as a stockholder. These interests include, among other things:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, our executive officers, our independent directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

These interests may influence our directors in making their recommendation that you vote in favor of the Business Combination.

Broker Non-Votes and Abstentions

Under the rules of various national and regional securities exchanges, if you hold your stock in "street name" through a broker, bank or other nominee, that entity cannot vote your shares with respect to non-discretionary matters unless you provide instructions on how to vote in accordance with the information and procedures provided to you by your broker, bank or nominee. We believe that all the proposals presented to our stockholders will be considered non-discretionary, and therefore your broker, bank or nominee cannot vote your shares without your instruction. If you do not provide instructions with your proxy, your bank, broker or other nominee may deliver a proxy card expressly indicating that it is NOT voting your shares; this indication that a bank, broker or nominee is not voting your shares is referred to as a "broker non-vote." Broker non-votes will not be counted for the purpose of determining the existence of a quorum, and will not be counted for or against any particular proposal.

Table of Contents

Abstentions will be considered present for the purposes of establishing a quorum, but will not be counted for or against any particular proposal. An abstention in respect of any of the proposals will have no effect on the outcome of any vote on these proposals.

Voting Your Shares

Each share of our common stock that you own entitles you to one vote on each of the proposals being presented to the special meeting. Your proxy card or the voting instruction form from your bank, broker or nominee shows the number of shares of our common stock that you own. There are several ways to vote your shares of common stock:

You can vote your shares by one of the following methods: (1) call the toll-free number specified on the proxy card or voter information form and follow the instructions when prompted, (2) access the Internet website specified on the proxy card or voter information form and follow the instructions provided to you, or (3) complete, sign and date the proxy card or voter information form and return it in the postage-paid envelope provided.

If you vote by proxy card, your “proxy”, whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by our board of directors.

If you hold your shares in “street name” through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the special meeting.

You can attend the special meeting and vote in person, even if you have previously voted by submitting a proxy pursuant to any of the methods noted above. You will be given a ballot when you arrive. Please note, however, that if your shares are held in the name of your broker, bank or other nominee, you must get a proxy from the broker, bank or other nominee in order to attend the special meeting. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares of common stock.

Revoking Your Proxy

If you give a proxy, you may revoke it at any time before the special meeting or at such meeting by doing any one of the following:

you may submit another proxy card with a later date;

you may notify Chart at (212) 350-8205 before the special meeting that you have revoked your proxy; or

you may attend the special meeting, revoke your proxy, and vote in person, as indicated above.

No Additional Matters May Be Presented at the Special Meeting

The special meeting has been called only to consider the approval of the proposals set forth in this proxy statement/prospectus. Under Delaware law and our bylaws, other than procedural matters incident to the conduct of the special meeting, no other matters may be considered at the special meeting.

Who Can Answer Your Questions about Voting

If you have any questions about how to vote or direct a vote in respect of your shares of our common stock, you may call Morrow & Co., LLC, our proxy solicitor, at (800) 662-5200 (banks and brokerage firms should call collect, at (203) 658-9400).

Redemption Rights

We will provide our stockholders with the opportunity to redeem their shares of Chart common stock upon the closing of the Business Combination, for cash equal to their pro rata share of the aggregate amount on deposit (as of two business days prior to the closing of the Business Combination) in the trust account that holds the proceeds (less taxes payable and any interest that we may withdraw for working capital) of our IPO (less any amounts previously released to redeeming stockholders in connection with the extensions of our termination date in September 2014, March 2015 and June 2015). **Stockholders may elect to redeem their stock even if they vote for the Business Combination Proposal.** If the redemption demand is properly made and the Business Combination is consummated, the redeemed shares, immediately prior to the Business Combination, will cease to be outstanding and will represent only the right to receive a pro rata share of the aggregate amount on deposit in the trust account, as described above. For illustrative purposes, based on funds in the trust account of approximately \$28.3 million on June 30, 2015, the estimated per share redemption price would have been \$10.00.

In order to exercise your redemption rights, you must:

check the box on the proxy card to elect redemption;

check the box on the proxy card marked “Shareholder Certification”;

affirmatively vote for or against the Business Combination Proposal;

submit a request in writing that we redeem your public shares for cash to Continental Stock Transfer & Trust Company, our transfer agent, at the following address:

Continental Stock Transfer & Trust Company

17 Battery Place

New York, New York 10004

Attn: Mark Zimkind

E-mail: mzimkind@continentalstock.com

and

deliver your public shares either physically or electronically through DTC to our transfer agent at least two business days before the special meeting. Stockholders seeking to exercise their redemption rights and opting to deliver physical certificates should allot sufficient time to obtain physical certificates from the transfer agent and time to effect delivery. It is our understanding that stockholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, we do not have any control over that process, and it may take longer than two weeks. Stockholders who hold their shares in street name will have to coordinate with their bank, broker or other nominee to have the shares certificated or delivered electronically. If you do not submit a written request and deliver your public shares as described above, your shares will not be redeemed.

Any demand for redemption, once made, may be withdrawn at any time until the deadline for exercising redemption requests (and submitting shares to the transfer agent) and thereafter, with our consent, until the vote is taken with respect to the Business Combination. If you delivered your shares for redemption to our transfer agent and decide within the required timeframe not to exercise your redemption rights, you may request that our transfer agent return the shares (physically or electronically). You may make such request by contacting our transfer agent at the address listed above.

Prior to exercising redemption rights, stockholders should verify the market price of our common stock, as they may receive higher proceeds from the sale of their common stock in the public market than from exercising their redemption rights (if the market price per share is higher than the redemption price). We cannot assure you that you will be able to sell your shares of our common stock in the open market, even if the market price per share is higher than the redemption price, as there may not be sufficient liquidity in our common stock when you wish to sell your shares.

Table of Contents

If you exercise your redemption rights, your shares of our common stock will cease to be outstanding immediately prior to the Business Combination and you will no longer own those shares and will have no right to participate in, or have any interest in, the future of the combined company.

If the Business Combination is not approved and we do not consummate an initial business combination by July 31, 2015, we will be required to dissolve and liquidate our trust account by returning the then remaining funds in such account to the public stockholders, and our warrants will expire worthless (except for the right of Chart's public warrant holders to receive \$0.30 for each public warrant they hold in place of \$0.60 for each public warrant they hold if the Business Combination and Warrant Tender Offer were consummated).

The Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING, RATHER THAN EXCHANGE THEIR CHART COMMON STOCK FOR TEMPUS HOLDINGS COMMON STOCK IN THE BUSINESS COMBINATION.

Appraisal Rights

In the event Tempus Holdings' securities are not listed on a national securities exchange at the time the Business Combination is consummated, appraisal rights will be available to all Chart stockholders pursuant to Section 262 of the DGCL. Appraisal rights are not available to holders of public warrants. If appraisal rights are available, holders of shares of Chart common stock who do not vote in favor of the Business Combination Proposal and who properly demand appraisal of their shares will be entitled to appraisal rights in connection with the Business Combination under Section 262 of the DGCL. If the common stock of Tempus Holdings is listed on a national securities exchange at the time the Business Combination is consummated, Chart stockholders will not be entitled to assert appraisal rights under Section 262. Holders of public shares electing to exercise redemption rights will not be entitled to appraisal rights.

The following discussion is not a complete statement of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262, which is attached to this proxy statement/prospectus as Annex E. The following summary does not constitute any legal or other advice nor does it constitute a recommendation that stockholders exercise their appraisal rights, if any, under Section 262. All references in Section 262 and in this summary to a "stockholder" are to the record holder of the shares of common stock of Chart as to which appraisal rights are asserted. A person having a beneficial interest in shares of common stock of Chart held of record in the name of

another person, such as a broker, fiduciary, depositary or other nominee, must act promptly to cause the record holder to follow the steps summarized below properly and in a timely manner to perfect appraisal rights, if available.

In the event that appraisal rights are available, under Section 262, holders of shares of common stock of Chart who do not vote in favor of the Business Combination Proposal and who otherwise follow the procedures set forth in Section 262 will be entitled to have their shares appraised by the Delaware Court of Chancery and to receive payment in cash of the “fair value” of the shares, exclusive of any element of value arising from the accomplishment or expectation of the Business Combination, together with a fair rate of interest, if any, as determined by the court.

Under Section 262, where a merger or consolidation agreement is to be submitted for adoption at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders entitled to appraisal rights that appraisal rights are available and include in the notice a copy of Section 262. To the extent appraisal rights are available in connection with the Business Combination, this proxy statement/prospectus shall constitute the notice, and the full text of Section 262 is attached to this proxy statement/prospectus as Annex E. In the event appraisal rights are available in connection with the Business Combination, any holder of common stock of Chart who wishes to exercise appraisal rights, or who wishes to preserve such holder’s right to do so, should review the following discussion and Annex E carefully because failure to timely and properly comply with the procedures specified will result in the loss of appraisal rights. Moreover, because of the complexity of the procedures for exercising the right to seek appraisal of shares of common stock, Chart believes that if a stockholder considers exercising such rights, such stockholder should seek the advice of legal counsel.

Table of Contents

Filing Written Demand

If appraisal rights are available in connection with the Business Combination, any holder of common stock of Chart wishing to exercise appraisal rights must deliver to Chart, before the vote on the Business Combination Proposal at the special meeting, a written demand for the appraisal of the stockholder's shares, and that stockholder must not vote in favor of the Business Combination Proposal. A holder of shares of Chart common stock wishing to exercise appraisal rights must hold of record the shares on the date the written demand for appraisal is made and must continue to hold the shares of record through the effective time of the Business Combination. A proxy that is submitted and does not contain voting instructions will, unless revoked, be voted in favor of the Business Combination Proposal, and it will constitute a waiver of the stockholder's right of appraisal and will nullify any previously delivered written demand for appraisal. Therefore, a stockholder who submits a proxy and who wishes to exercise appraisal rights must submit a proxy containing instructions to vote against the Business Combination Proposal or abstain from voting on the Business Combination Proposal. Neither voting against the Business Combination Proposal nor abstaining from voting or failing to vote on the Business Combination Proposal will, in and of itself, constitute a written demand for appraisal satisfying the requirements of Section 262. The written demand for appraisal must be in addition to and separate from any proxy or vote on the Business Combination Proposal. The demand must reasonably inform Chart of the identity of the holder, as well as the intention of the holder to demand an appraisal of the "fair value" of the shares held by the holder. A stockholder's failure to make the written demand prior to the taking of the vote on the Business Combination Proposal at the special meeting will constitute a waiver of appraisal rights.

If appraisal rights are available in connection with the Business Combination, only a holder of record of shares of Chart common stock is entitled to assert appraisal rights for the shares registered in that holder's name. A demand for appraisal in respect of shares of common stock of Chart should be executed by or on behalf of the holder of record, fully and correctly, as the holder's name appears on the holder's stock certificates, should specify the holder's name and mailing address and the number of shares registered in the holder's name and must state that the person intends thereby to demand appraisal of the holder's shares in connection with the Business Combination. If the shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of the demand should be made in that capacity, and if the shares are owned of record by more than one person, as in a joint tenancy and tenancy in common, the demand should be executed by or on behalf of all joint owners. An authorized agent, including an agent for two or more joint owners, may execute a demand for appraisal on behalf of a holder of record; however, the agent must identify the record owner or owners and expressly disclose that, in executing the demand, the agent is acting as agent for the record owner or owners. If the shares are held in "street name" by a broker, bank or nominee, the broker, bank or nominee may exercise appraisal rights with respect to the shares held for one or more beneficial owners while not exercising the rights with respect to the shares held for other beneficial owners; in such case, however, the written demand should set forth the number of shares as to which appraisal is sought, and where no number of shares is expressly mentioned, the demand will be presumed to cover all shares of common stock of Chart held in the name of the record owner. Stockholders who hold their shares in brokerage accounts or other nominee forms and who wish to exercise appraisal rights are urged to consult with their brokers to determine the appropriate procedures for the making of a demand for appraisal by such a nominee.

All written demands for appraisal pursuant to Section 262 should be sent or delivered to Chart Acquisition Corp., 555 5th Avenue, 19th Floor, New York, New York 10017, Attention: Michael LaBarbera.

Any holder of common stock of Chart may withdraw his, her or its demand for appraisal and accept the consideration offered pursuant to the Merger Agreement by delivering to Tempus Holdings as the surviving entity of the Business Combination, a written withdrawal of the demand for appraisal. However, any such attempt to withdraw the demand made more than 60 days after the effective date of the Business Combination will require written approval of the surviving corporation. No appraisal proceeding in the Delaware Court of Chancery will be dismissed without the approval of the court, and such approval may be conditioned upon such terms as such court deems just.

Notice by the Surviving Corporation

If appraisal rights are available in connection with the Business Combination, within 10 days after the effective time of the Business Combination, Tempus Holdings, as the surviving corporation, must notify each holder of common stock of Chart who has made a written demand for appraisal pursuant to Section 262, and who has not voted in favor of the Business Combination Proposal, that the Business Combination has become effective.

Filing a Petition for Appraisal

Within 120 days after the effective time of the Business Combination, but not thereafter, Tempus Holdings, as the surviving entity of the Business Combination, or any holder of common stock of Chart who has so complied with Section 262 and is entitled to appraisal rights under Section 262 may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares held by all dissenting holders. Tempus Holdings, as the surviving entity, is under no obligation to and has no present intention to file a petition, and holders should not assume that Tempus Holdings will file a petition. Accordingly, it is the obligation of the holders of Chart common stock to initiate all necessary action to perfect their appraisal rights in respect of shares of Chart common stock within the time prescribed in Section 262.

Within 120 days after the effective time of the Business Combination, any holder of common stock of Chart who has complied with the requirements for exercise of appraisal rights will be entitled, upon written request, to receive from Tempus Holdings a statement setting forth the aggregate number of shares not voted in favor of the Business Combination Proposal and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. The statement must be mailed within 10 days after a written request therefor has been received by the surviving corporation.

If a petition for an appraisal is timely filed by a holder of shares of Chart common stock and a copy thereof is served upon the surviving corporation, the surviving corporation will then be obligated within 20 days after such service to file with the court a duly verified list containing the names and addresses of all stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached. After notice to the stockholders as required by the court, the Delaware Court of Chancery is empowered to conduct a hearing on the petition to determine those stockholders who have complied with Section 262 and who have become entitled to appraisal rights thereunder. The Delaware Court of Chancery may require the stockholders who demanded appraisal for their shares and who hold stock represented by certificates to submit their stock certificates to the court for notation thereon of the pendency of the appraisal proceeding, and if any stockholder fails to comply with the direction, the court may dismiss the proceedings as to such stockholder.

Determination of Fair Value

After the Delaware Court of Chancery determines the holders of common stock of Chart entitled to appraisal, the court will appraise the “fair value” of their shares, exclusive of any element of value arising from the accomplishment or expectation of the Business Combination, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining fair value and, if applicable, a fair rate of interest, the Delaware Court of Chancery will take into account all relevant factors. In *Weinberger v. UOP, Inc.*, the Supreme Court of Delaware discussed the factors that could be considered in determining fair value in an appraisal proceeding, stating that “proof

of value by any techniques or methods that are generally considered acceptable in the financial community and otherwise admissible in court” should be considered, and that “fair price obviously requires consideration of all relevant factors involving the value of a company.” The Delaware Supreme Court stated that, in making this determination of fair value, the court must consider market value, asset value, dividends, earnings prospects, the nature of the enterprise and any other facts that could be ascertained as of the date of the Business Combination that throw any light on future prospects of the merged corporation. Section 262 provides that fair value is to be “exclusive of any element of value arising from the accomplishment or expectation of the merger.” In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a “narrow exclusion [that] does not encompass known elements of value,” but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Supreme Court of Delaware also stated that “elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered.”

Stockholders considering seeking appraisal should be aware that the fair value of their shares as so determined could be more than, the same as or less than the consideration they would receive pursuant to the Business Combination if they did not seek appraisal of their shares. Although Chart believes that the exchange of Chart common stock for Tempus Holdings common stock is fair, no representation is made as to the outcome of the appraisal of fair value as determined by the Delaware Court of Chancery, and stockholders should recognize that such an appraisal could result in a determination of a value higher or lower than, or the same as, this consideration. Neither Chart nor Tempus Holdings anticipates offering more than the applicable shares of common stock of Tempus Holdings to any stockholder of Chart exercising appraisal rights, and each of Chart and Tempus Holdings reserves the right to assert, in any appraisal proceeding, that for purposes of Section 262, the “fair value” of a share of common stock of Chart is less than the applicable shares of common stock of Tempus Holdings, and that the methods which are generally considered acceptable in the financial community and otherwise admissible in court should be considered in the appraisal proceedings. In addition, Delaware courts have decided that the statutory appraisal remedy, depending on factual circumstances, may or may not be a dissenter’s exclusive remedy. The Delaware Court of Chancery will also determine the amount of interest, if any, to be paid upon the amounts to be received by persons whose shares of common stock of Chart have been appraised. If a petition for appraisal is not timely filed, then the right to an appraisal will cease. The costs of the action (which do not include attorneys’ fees or the fees and expenses of experts) may be determined by the court and taxed upon the parties as the court deems equitable under the circumstances. The court may also order that all or a portion of the expenses incurred by a stockholder in connection with an appraisal, including, without limitation, reasonable attorneys’ fees and the fees and expenses of experts utilized in the appraisal proceeding, be charged pro rata against the value of all the shares entitled to be appraised.

Table of Contents

If any stockholder who demands appraisal of shares of common stock of Chart under Section 262 fails to perfect, or successfully withdraws or loses, such holder's right to appraisal, the stockholder's shares of common stock of Chart will be deemed to have been converted at the effective time of the Business Combination into the right to receive the Business Combination consideration in accordance with the terms of the Merger Agreement. A stockholder will fail to perfect, or lose or withdraw, the holder's right to appraisal if no petition for appraisal is filed within 120 days after the effective time of the Business Combination or if the stockholder delivers to the surviving corporation a written withdrawal of the holder's demand for appraisal and an acceptance of the common stock of Tempus Holdings in accordance with Section 262.

From and after the effective time of the Business Combination, no dissenting stockholder who has demanded appraisal rights shall have any rights of a stockholder of Chart with respect to such holder's shares for any purpose, except to receive payment of fair value and to receive payment of dividends or other distributions on the holder's shares of common stock of Chart, if any, payable to stockholders of Chart of record as of a time prior to the effective time of the Business Combination; provided, however, that such stockholder delivers to the surviving corporation a written withdrawal of its demand for an appraisal, either within 60 days after the effective time of the Business Combination, or thereafter with the written approval of the surviving corporation, then the right of such stockholder to an appraisal will cease and such stockholder will be entitled to receive only the Business Combination consideration in accordance with the terms of the Merger Agreement. Once a petition for appraisal is filed with the Delaware court, however, the appraisal proceeding may not be dismissed as to any stockholder of Chart without the approval of the court.

Failure to comply strictly with all of the procedures set forth in Section 262 of the DGCL may result in the loss of a stockholder's statutory appraisal rights. Consequently, any stockholder wishing to exercise appraisal rights is urged to consult legal counsel before attempting to exercise those rights.

Accounting Treatment

The Business Combination will be accounted for using the acquisition method of accounting under the provisions of ASC 805.

Investors are not third-party beneficiaries under the Merger Agreement and should not rely on the assertions embodied in its representations, warranties and covenants as characterizations of the actual state of facts or circumstances. The Merger Agreement

General Description of the Merger Agreement

On January 5, 2015, Tempus, the Sellers, the Members' Representative, Chart, Tempus Holdings (a newly formed wholly-owned subsidiary of Chart), Chart Merger Sub Inc., a Delaware corporation and a newly formed wholly-owned subsidiary of Tempus Holdings ("Chart Merger Sub"), TAS Merger Sub LLC, a Delaware limited liability company and a newly formed wholly-owned subsidiary of Tempus Holdings ("Tempus Merger Sub"), the Chart Representative and, for the limited purposes set forth therein, the Warrant Offerors entered into an Agreement and Plan of Merger (as amended, the "Merger Agreement").

On March 20, 2015, the parties entered into a First Amendment to the Agreement and Plan of Merger (the "First Amendment"), pursuant to which the parties agreed to (i) decrease the base value of the merger consideration to be received by the Sellers from \$52.5 million to \$37.0 million, decreasing the aggregate number of shares of Tempus Holdings common stock to be delivered at the consummation of the Business Combination from 5,250,000 shares to 3,700,000 shares, subject to certain adjustments as described below, in addition to the right to receive the Earn-out Shares (as defined below) as described below, (ii) extend the end of the measurement period during which the Sellers are eligible to receive the Earn-out Shares from June 30, 2016 to December 31, 2017, (iii) add an additional earn-out payment of 1,550,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$14,100,000 for any two consecutive fiscal quarters during the earn-out period, so that the Sellers are eligible to receive a total of 6,300,000 Earn-out Shares under the Merger Agreement, (iv) decrease the aggregate deductible for most indemnification claims based on breaches of representations and warranties from \$500,000 to \$350,000 and (v) eliminate any obligations of Chart or Tempus Holdings under the Merger Agreement to be listed on the NASDAQ Capital Market or comply with its requirements.

On June 10, 2015, the parties, including Chart Financing Sub and Tempus Financing Sub, entered into a Second Amendment to Agreement and Plan of Merger (the "Second Amendment"), pursuant to which the parties agreed to (i) add the Financing Subs as parties to the Merger Agreement and revise the Mergers to include the Financing Subs, as described above, (ii) provide for the merger consideration to be provided in the Business Combination to the holders of the preferred stock of the Financing Subs, (iii) add the consummation of the Financing as a mutual closing condition, (iv) revise the form of amended and restated certificate of incorporation for Tempus Holdings to be adopted at the closing of the Business Combination to increase the number of authorized shares and to include the certificate of designations for the Tempus Holdings Preferred Stock, (v) revise the form of registration rights agreement to be executed at the closing of the Business Combination to include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 and Series B-2 Warrants issued to the Tempus Affiliate Investor as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 and Series B-2 Warrants to the Tempus Affiliate Investor as a result of the Financing (as well as any shares of Tempus Holdings common stock issuable upon conversion of any Tempus Holdings Preferred Stock issued upon the exercise of any Series A-2 Warrants or Series B-2 Warrants), but without any such securities being subject to lock-up, (vi) amend the Registration Rights Agreement, dated as of December 13, 2012, by and among Chart, Sponsor, Mr. Wright and Cowen and the other parties thereto, to add Tempus Holdings as a party and to include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 and Series B-2 Warrants issued to the Chart Affiliate Investors as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 and Series B-2 Warrants to the Chart Affiliate Investors as a result of the Financing (as well as any shares of Tempus Holdings common stock issuable upon conversion of any Tempus Holdings Preferred Stock issued upon the exercise of any Series A-2 Warrants or Series B-2 Warrants), but without any such securities being subject to

lock-up, (vii) otherwise revise the Merger Agreement to account for the Financing and the addition of the Financing Subs are parties to the Merger Agreement, (viii) deleting the closing condition of the Chart Parties requiring Tempus to have entered into contracts providing for at least \$100 million of revenue payable to Tempus within 12 months after the Closing and (ix) extend the date upon which either Chart or Tempus are entitled to terminate the Merger Agreement to take into account the proposed extension of the deadline for the consummation of the Business Combination from June 13, 2015 to July 31, 2015 and otherwise account for such additional extension.

Table of Contents

Effective July 15, 2015, the parties entered into the Third Amendment to Agreement and Plan of Merger (the “Third Amendment”), pursuant to which the parties acknowledged the amendments to the New Investor Purchase Agreements and agreed to revise the forms of Series A-1 Warrant and Series B-1 Warrant attached as exhibits to the Merger Agreement to match the revised Series A-1 Warrant and Series B-1 Warrant in the amendments to the New Investor Purchase Agreements.

In the Chart Merger, the outstanding equity securities of Chart, Chart Merger Sub and Chart Financing Sub will be cancelled, and (i) the holders of outstanding shares of Chart common stock and warrants will receive substantially identical securities of Tempus Holdings and (ii) the Affiliate Investors, as former holders of the 550,000 shares of Chart Financing Sub Preferred Stock issued in the Financing, will receive in the aggregate 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants and 343,750 Series B-2 Warrants. The 1,050,000 shares of non-voting Series A Preferred Stock of Chart Financing Sub (the “Chart Financing Sub Series A Preferred Stock”) issued to Tempus Financing Sub in the Financing will be cancelled in the Business Combination as treasury stock without any consideration paid for such cancellation.

In the Tempus Merger, the outstanding equity interests of Tempus, Tempus Merger Sub and Tempus Financing Sub will be cancelled in exchange for (i) the right of the Sellers to receive as the aggregate merger consideration 3,700,000 shares of Tempus Holdings common stock, subject to certain adjustments, plus an additional right to receive potentially up to 6,300,000 shares of Tempus Holdings common stock as an earn-out if certain financial milestones are achieved (such additional shares, the “Earn-out Shares”) and (ii) the right of the New Investors as former holders of the 1,050,000 shares of Tempus Financing Sub Preferred Stock receiving in the aggregate 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 1,968,750 Series A-1 Warrants and 656,250 Series B-1 Warrants.

As a result of the consummation of the Business Combination, each of Chart Merger Sub, Tempus Merger Sub, Chart Financing Sub and Tempus Financing Sub will cease to exist, Chart and Tempus will become wholly-owned subsidiaries of Tempus Holdings, and the equity holders of Chart and Tempus and the Investors holding the preferred stock of each Financing Sub will become the equity holders of Tempus Holdings.

Immediately after the Closing, assuming there are no adjustments to the merger consideration payable to the Sellers at the Closing as a result of Tempus’ estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, then, immediately after the Closing, the Sellers (including the Tempus Affiliate Investor) will own less than a majority of the outstanding shares of Tempus Holdings, but a larger percentage of the voting power of Tempus Holdings’ securities than will be owned by Chart’s founding and sponsor investors, or by the New Investors. This will be the case whether there is no exercise of redemption rights by Chart’s public stockholders, or the maximum exercise of redemption rights by Chart’s public stockholders. Additionally, after the Closing, the Sellers may gain ownership of a majority of the outstanding shares of Tempus Holdings if (i) they are issued the Earn-out Shares, (ii) there is a significant post-Closing increase to the merger consideration payable to the Sellers as a result of Tempus’ working capital and/or debt as of the Closing

varying from the estimates provided at the Closing, (iii) there is an indemnification payment made to the Sellers by Tempus Holdings by delivery of shares of Tempus Holdings' common stock or (iv) if Sellers are issued sufficient awards of Tempus Holdings' common stock (or options to acquire such stock) under the Incentive Plan.

Chart, Tempus Holdings, Chart Merger Sub, Tempus Merger Sub and Chart Financing Sub may collectively be referred to herein in reference to the Merger Agreement as the "Chart Parties".

Chart Representative and Members' Representative

The Sponsor is serving as the Chart Representative under the Merger Agreement, and in such capacity will represent the interests of the stockholders of Chart and Tempus Holdings (other than the Sellers and their successors and assigns) with respect to certain matters under the Merger Agreement, including any indemnification claims made against certain of the Sellers after the Closing.

Benjamin Scott Terry and John G. Gulbin III are serving as the Members' Representative under the Merger Agreement, and in such capacity will represent the interests of the Sellers with respect to certain matters under the Merger Agreement, including any indemnification claims made against Tempus Holdings after the Closing.

Merger Consideration

As consideration in the Chart Merger, each Chart stockholder will receive one share of Tempus Holdings common stock for each share of Chart common stock owned by such stockholder, and each Chart warrant holder will receive a warrant to purchase one share of Tempus Holdings common stock for each warrant to acquire one share of Chart common stock owned by such warrant holder (with the terms of such Tempus Holdings warrant otherwise being substantially identical to such Chart warrant).

As additional consideration in the Chart Merger, the Affiliate Investors will receive for each share of Chart Financing Sub Series B Preferred Stock held by them (i) 2.5 shares of Tempus Holdings common stock, (ii) 1.875 Series A-2 Warrants and (iii) 0.625 Series B-2 Warrants (for an aggregate for all of the 550,000 shares of Chart Financing Sub Series B Preferred Stock issued to the Affiliate Investors in the Financing of 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants and 343,750 Series B-2 Warrants).

As consideration in the Tempus Merger, at the Closing, the Sellers will receive in the aggregate 3,700,000 shares of Tempus Holdings common stock, subject to an upward or downward dollar-for-dollar merger consideration adjustment deliverable in shares of Tempus Holdings common stock at the Closing (with each share of Tempus

Holdings common stock valued at \$10.00 per share) to the extent that Tempus' estimated working capital and/or debt as of the Closing varies from certain targets specified in the Merger Agreement. After the Closing, the merger consideration will be subject to a further upward or downward dollar-for-dollar adjustment payable in shares of Tempus Holdings common stock (with each share of Tempus Holdings common stock valued at \$10.00 per share) to the extent that Tempus' actual working capital and/or debt varies from the amounts estimated at the Closing, with such actual amounts determined by the Chart Representative, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation. Additionally, the Sellers will have the right, subject to the terms and conditions of the Merger Agreement, to receive the Earn-out Shares, as more fully described below, if they meet the performance targets set forth in the Merger Agreement. The aggregate merger consideration payable to the Sellers, including any Earn-out Shares will be paid pro rata to each Seller based on their membership interests in Tempus.

Table of Contents

As additional consideration in the Tempus Merger, the New Investors will receive for each share of Tempus Financing Sub Preferred Stock held by them (i) 2.5 shares of Tempus Holdings common stock less the number of shares of Tempus Holdings Preferred Stock issued to them as merger consideration, (ii) a certain number of shares of Tempus Holdings Preferred Stock in lieu of shares of Tempus Holdings common stock as agreed by each New Investor in the Financing documents, (iii) 1.875 Series A-1 Warrants and (iv) 0.625 Series B-1 Warrants (for an aggregate, for all of the 1,050,000 shares of Tempus Financing Sub Preferred Stock issued to the New Investors in the Financing, of 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 1,968,750 Series A-1 Warrants and 656,250 Series B-1 Warrants).

The Investors, as the holders of the preferred stock of the Financing Subs, will not be entitled to receive any portion of the Earn-out Shares or be subject to a purchase price adjustment for Tempus' working capital or debt.

Earn-out Provisions

In addition to the 3,700,000 shares of Tempus Holdings common stock deliverable by Tempus Holdings to the Sellers at the Closing (as adjusted for Tempus' working capital and debt), the Sellers will have the right to receive (i) an additional 1,550,000 Earn-out Shares if the trailing twelve month consolidated earnings before interest, taxes, depreciation and amortization, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries (the "Adjusted TTM EBITDA") exceeds \$14,100,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through December 31, 2017 (the "Earn-out Period"), plus (ii) an additional 2,000,000 Earn-out Shares if the Adjusted TTM EBITDA exceeds \$22,500,000 for any two consecutive fiscal quarters during the Earn-out Period, plus (iii) an additional 2,750,000 Earn-out Shares if the Adjusted TTM EBITDA exceeds \$22,500,000 for any two consecutive fiscal quarters during the Earn-out Period.

The calculation of the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries will be done each fiscal quarter by the Chart Representative after Tempus Holdings' preparation and delivery to its board of directors of its consolidated financial statements for such fiscal quarter, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation, and any Earn-out Shares that are finally determined to be earned by the Sellers will be delivered by Tempus Holdings within 60 days after final determination that they were so earned.

The Earn-out Shares will be subject to lock-up (in addition to any lock-up restrictions set forth in the Registration Rights Agreement, as more fully described below) for the longer of 12 months from the date of the Merger Agreement and six months from the date of issuance, subject to earlier release in the event of a liquidation, merger, stock exchange or similar transaction involving Tempus Holdings. Additionally, during such lock-up period, the Earn-out Shares will be subject to claw-back by Tempus Holdings in the event that after the Earn-out Shares are issued, it is determined that there was a financial statement error, contract adjustment or other mistake or adjustment, and as a result of which, the Earn-out Shares should have not been paid.

The Merger Agreement may be terminated prior to the Closing as follows:

by the Members' Representative for a breach by a Chart Party of its representations, warranties, covenants or agreements in this Merger Agreement which would result in the related Seller closing condition not being met and such breach either is (i) the result of a willful breach or (ii) not cured within thirty (30) days;

by Chart for a breach by Tempus, Tempus Financing Sub or a Seller of its representations, warranties, covenants or agreements in this Merger Agreement which would result in the related Chart Party closing condition not being met and such breach either is (i) the result of a willful breach or (ii) not cured within thirty (30) days;

by mutual written agreement of the Members' Representative and Chart;

by either the Members' Representative or Chart if the Closing has not occurred on or before July 31 (the "Outside Date");

by Chart on or after the 5th business day following written notice from Chart to the Members' Representative if there shall have occurred an effect, event or change that, individually or in the aggregate, has had or is reasonably expected to have a material adverse effect on Tempus and its subsidiaries (taken as a whole) and such effect, event or change is continuing at the time of such termination; or

by either the Members' Representative or Chart if there shall be a final non-appealable order of a federal or state court in effect preventing the consummation of the Mergers and the other transactions contemplated by the Merger Agreement; or there shall be any action taken, or any statute, rule, regulation or order enacted, promulgated or issued or deemed applicable to the Mergers and the other transactions contemplated by the Merger Agreement by any governmental authority that would make the consummation of the transactions illegal.

If the Merger Agreement is terminated, all further obligations of the parties under the Merger Agreement (except for certain obligations related to confidentiality, public announcements and general provisions) will terminate, and no party to the Merger Agreement will have any further liability to any other party thereto except for liability for fraud or for willful breach of the Merger Agreement.

In the Merger Agreement, the Chart Parties make certain customary representations and warranties to Tempus, Tempus Financing Sub and the Sellers. These representations and warranties, among others, relate to the following: (1) corporate matters, including due organization, existence and good standing; (2) authority relative to execution and delivery of, and performance under, the Merger Agreement and other ancillary agreements; (3) absence of any breach or violation of organizational documents, applicable law or certain agreements as a result of the consummation of the transactions contemplated by the Merger Agreement; (4) filings with the Securities and Exchange Commission, financial statements and internal controls and procedures; (5) capitalization; (6) the listing of Chart common stock on the NASDAQ Capital Market; (7) the funds in the trust account; (8) absence of undisclosed liabilities; (9) brokers in connection with the transactions contemplated by the Merger Agreement; (10) litigation; (11) compliance with applicable laws; (12) material contracts; (13) tax matters; (14) information supplied for Chart's or Tempus Holdings' public filings; (15) organizational documents of the Chart Parties; (16) liabilities of Tempus Holdings, Chart Merger Sub and Tempus Merger Sub; and (17) applicability of the U.S. Investment Company Act of 1940, as amended.

Certain of the representations and warranties are qualified by knowledge and/or by materiality or material adverse effect. For the purposes of the Merger Agreement, material adverse effect means, with respect to any specified person or entity (other than a Chart Party), any effect, event, change, circumstance, development or other matter that individually or in the aggregate, had, or is reasonably expected to have, a material adverse effect on (a) the assets, business, financial condition or operating results of such person or entity, together with its subsidiaries (taken as a whole), or (b) the right or ability of such person or entity to consummate the Mergers and the other transactions contemplated by the Merger Agreement; provided, that clause (a) will not include any change, effect, event, circumstance, development, condition or other matter to the extent that the same results from or is attributable to (i) the announcement of the Merger Agreement and the transactions contemplated thereby, (ii) actions or omissions by or on behalf of the Sellers, Tempus or any of its subsidiaries as required under the Merger Agreement or the ancillary documents or at the written request of Chart, (iii) changes in applicable law or U.S. generally acceptable accounting principles, (iv) changes which generally affect the industry as a whole in which Tempus competes, (v) changes in general economic conditions, currency exchange rates or U.S. or international debt or equity markets and (vi) calamities, natural disasters, national or international political or social conditions or hostilities, acts of terror or acts of war; provided, however, that the exclusions in clauses (iii)-(vi) above shall be inapplicable to the extent that any such change, effect, event or condition is reasonably expected to impact Tempus and its subsidiaries (taken as a whole) in a disproportionate manner relative to other persons or entities engaged in similar industries and geographic areas as Tempus and any of its subsidiaries impacted by such change, effect, event or condition.

Under the Merger Agreement, material adverse effect with respect to the Chart Parties means any effect, event, change, circumstance, development or other matter that individually or in the aggregate, had, or is reasonably expected to have, a material adverse effect on (a) the assets, business, financial condition or operating results of the Chart Parties (taken as a whole and determined without regard to the redemption of any shares of Chart common stock in connection with this proxy statement/prospectus or any proxy statement/prospectus solicitation to Chart's stockholders that was or will be filed or delivered in connection with extending the date upon which the Business Combination must occur to July 31, 2015) or (b) the right or ability of any Chart Party to consummate the Mergers and the other transactions contemplated by the Merger Agreement; provided, that clause (a) will not include any change, effect, event, circumstance, development, condition or other matter to the extent that the same results from or is attributable to (i) the announcement of the Merger Agreement and the transactions contemplated thereby, (ii) actions or omissions required under the Merger Agreement or other ancillary documents, this proxy

statement/prospectus or any proxy statement/prospectus solicitation to Chart's stockholders that was or will be filed or delivered in connection with extending the date upon which the Business Combination must occur to July 31, 2015 and any entered into in connection with such extension, the registration statement and other public filings made by Chart or Tempus Holdings in connection with the Merger Agreement and the transactions contemplated thereby or by or at the written request of Tempus or a Seller or any litigation settlement permitted without the consent of Tempus by the Merger Agreement, (iii) changes in applicable law or U.S. generally accepted accounting principles, (iv) changes in general economic conditions, currency exchange rates or U.S. or international debt or equity markets and (v) calamities, natural disasters, national or international political or social conditions or hostilities, acts of terror or acts of war.

Covenants of the Parties

Tempus, Tempus Financing Sub and the Sellers covenant to use their commercially reasonable efforts prior to the Closing to (i) keep intact Tempus, its subsidiaries and their respective businesses and not take or do anything other than in the ordinary course of business; (ii) keep available the services of the directors, officers, employees, independent contractors and agents of Tempus and its subsidiaries, maintain Tempus' and its subsidiaries' insurance policies as currently in effect, retain and maintain good relationships with Tempus' and its subsidiaries' customers and maintain Tempus' and its subsidiaries' assets and the facilities in good condition (ordinary wear and tear excepted); (iii) perform their obligations under their contracts and comply with applicable laws; and (iv) maintain the goodwill and reputation associated with Tempus and its subsidiaries. Tempus, Tempus Financing Sub and the Sellers further covenant not to take certain customary specified actions outside of the ordinary course of business prior to the Closing without the prior consent of Chart. Similarly, the Chart Parties agree to conduct their business in the ordinary course, use their commercially reasonable efforts to preserve substantially intact the Chart Parties and not to take certain customary specified actions outside of the ordinary course of business prior to the Closing without the prior consent of Tempus.

Each party agrees to use their reasonable efforts (i) to obtain all consents and approvals, and make all notices and filings to, any governmental authority or other third party required in connection with the transactions contemplated by the Merger Agreement, (ii) to provide such other information and communications to governmental authorities and other third parties as they may reasonably request, and (iii) to consummate and make effective the transactions contemplated by the Merger Agreement.

Each party also agrees to customary non-solicitation for competing transactions and exclusive dealing between the parties prior to the Closing or termination of the Merger Agreement, and the Sellers agreed not to trade in Chart's securities while they are in possession of non-public information regarding Chart.

The Merger Agreement also contains certain covenants regarding Chart's extension of the date upon which the Business Combination must occur, which were satisfied with respect to the extension from March 13, 2015 to June 13, 2015 in March 2015 when its stockholders approved the extension of such date to June 13, 2015. However, Chart also agrees in the Merger Agreement that so long as Tempus, Tempus Financing Sub and the Sellers are not in material uncured breach of the Merger Agreement, Chart will call a special meeting of Chart's stockholders to extend the deadline for Chart to consummate its initial business combination from June 13, 2015 to July 31, 2015, offer to redeem its stockholders in connection with such extension, and file any proxy statement/prospectus or other filings in connection therewith.

The Merger Agreement also contains customary covenants relating to: (1) access to Tempus' and its subsidiaries' properties and information; (2) publicity relating to the Merger Agreement and the ancillary documents and the

transactions contemplated thereby; (3) confidentiality of the other parties' confidential information; (4) notification of breaches of representations, warranties, covenants and agreements; (5) the filing of tax returns and other tax matters; (6) litigation support; (7) Chart's requirements to cause Chart's employee compensation, severance and other employee benefit arrangements subject to Rule 14d-10(d) of the Securities and Exchange Act of 1934, as amended, to be approved in accordance with such rule; (8) payment of debts owed to Tempus or its subsidiaries by related parties; (9) Tempus obtaining and maintaining all necessary security clearances; (10) the parties' respective obligations with respect to this proxy statement/prospectus and any other public documents filed in connection the Merger Agreement and the transactions contemplated thereby; (11) further assurances by the parties with respect to the transactions contemplated by the Merger Agreement; (12) appointment of the officers of Tempus Holdings as specified in the Merger Agreement; (13) retention of the books, records and documents of Tempus and its subsidiaries; (14) the Chart Parties' obligations to allow Tempus to participate in any stockholders suits relating to the transactions contemplated by the Merger Agreement; and (15) the assumption by Tempus Holdings of Chart's existing registration rights agreement with certain of its stockholders.

The parties also agree in the Merger Agreement that for a period of 6 years after the date of the Closing, the organizational documents of Tempus and its subsidiaries will not be amended or altered with respect to indemnification, exculpation and advance of expenses. The parties also agree that Tempus Holdings, Tempus and their respective subsidiaries will indemnify, and advance expenses to, each present and former director, manager or officer of Tempus and each of its subsidiaries in respect of actions, omissions or events through the date of the Closing to the fullest extent permitted by applicable law.

Table of Contents

Chart also agrees to promptly after Closing distribute any remaining funds in the trust account (after satisfying its obligations) to Tempus Holdings, which will then contribute such funds (together with any other funds in excess of necessary reserves) to Tempus.

Warrant Tender Offer

The Warrant Offerors also agree in the Merger Agreement to commence the Warrant Tender Offer prior to the Closing and make certain covenants, along with Chart and Tempus Holdings, with respect to the Warrant Tender Offer and any public documents filed in connection therewith. However, following the execution of the Merger Agreement and the amendments thereto, it has been determined that the Warrant Tender Offer may not as a matter of law be commenced until after Closing. As a result, the parties intend to waive the Warrant Tender Offer covenants with respect to pre-Closing periods.

Survival and Indemnification

The representations and warranties of the parties made in the Merger Agreement or in any certificate delivered in connection therewith, and the related right to make an indemnification claim, will survive until 12 months after the Closing, except that (i) certain fundamental representations (including taxes) will survive until 60 days after the expiration of the applicable statute of limitation, (ii) representations and warranties made by Tempus relating to anti-corruption laws and certain regulatory matters will survive until 6 years after the Closing, (iii) representations and warranties made by Tempus relating to employee benefit plans, government contracts and bids and environmental and safety matters will survive until 3 years after the Closing and (iv) claims based on criminal matters, fraud or willful breach will survive indefinitely. Any covenants and agreements of the parties in the Merger Agreement or in any certificate delivered in connection therewith, and the related right to make an indemnification claim, will survive until they have been fully performed.

Tempus Holdings agreed in the Merger Agreement that from and after the Closing to indemnify the Sellers and their respective officers, directors, employees, members, assigns, successors and affiliates from any damages in connection with the breach of any representation, warranty, covenant or agreement made by a Chart Party in the Merger Agreement or in any certificate delivered pursuant to the Merger Agreement.

Each of Benjamin Scott Terry and John G. Gulbin, III (the "Specified Members") agreed in the Merger Agreement from and after the Closing to indemnify Tempus Holdings and its officers, directors, employees, members, assigns, successors and affiliates from any damages in connection with (i) the breach of any representation, warranty, covenant or agreement made by a Seller, Tempus or Tempus Financing Sub in the Merger Agreement or in any certificate

delivered pursuant to the Merger Agreement (except for covenants or agreements made by Tempus requiring performance by Tempus after the Closing), (ii) any tax liabilities of Tempus or its subsidiaries for pre-Closing periods except to the extent accrued on the December 17, 2014 consolidated balance sheet of Tempus and its subsidiaries (or attributable to transactions undertaken in the ordinary course of business thereafter for which there are reserves or accruals for taxes on such balance sheet related to similar transactions), (iii) enforcing the indemnification rights of such indemnified parties under the Merger Agreement and (iv) any liabilities of Tempus or its subsidiaries arising from the conduct of Tempus Intermediate Holdings, LLC and its subsidiaries or other specified entities affiliated with the Sellers (other than Tempus and its subsidiaries) other than in connection with contracts that are arms-length, have been approved by the Chart Representative and Chart's board of directors, or after the Closing, Tempus Holdings board of directors or that were entered into at any time that no Seller having a direct or indirect interest in such entity is an officer of Tempus or its subsidiaries. Each other Seller agrees to indemnify the Specified Members for breaches of such other Seller's representations and warranties.

The Chart Representative will have the sole right to act on behalf of Tempus Holdings and its officers, directors, employees, members, assigns, successors and affiliates in connection with any indemnification claims, and the Members' Representative will have the sole right to act on behalf of the Sellers and their respective officers, directors, employees, members, assigns, successors and affiliates in connection with any indemnification claims.

Table of Contents

No indemnifying party will have any indemnification obligations for breaches of representations and warranties until the aggregate amount of all damages for claims asserted by the indemnified party exceeds \$350,000, and then only amounts in excess of such deductible are recoverable, except that such deductible does not apply to breaches of certain fundamental representations and warranties or claims based on fraud or willful breach. The indemnification obligations of any indemnifying party for breaches of representations and warranties are subject to a cap of \$5,500,000, except that (i) breaches of Tempus' representations and warranties regarding government contracts and bids are subject to a higher cap equal to \$18,500,000, (ii) breaches of certain fundamental representations and warranties of the parties are subject to a higher cap equal to \$37,000,000 and (iii) claims based on fraud or willful breach are not subject to any cap. In addition to the foregoing, the aggregate liability of each Specified Member will be limited to its pro rata percentage (based on the Tempus membership interests held by such Specified Members as compared to all Specified Members) multiplied by \$37,000,000, each Specified Member will be responsible for its pro rata percentage of any damages (other than for a breach of such Specified Member's representations, warranties, covenants or agreements) and each Specified Member will not be responsible for the other Specified Member's representations, warranties, covenants and agreements.

Any indemnification claims payable by Tempus Holdings will be paid by delivery of newly issued shares of Tempus Holdings common stock, with the value of such shares based on the volume weighted average sale price per share of Tempus Holdings common stock at such time. Any indemnification claims payable by the Specified Members will be paid at the election of the Specified Members either in cash or by cancellation of their shares of Tempus Holdings common stock, with the value of such shares based on the volume weighted average sale price per share of Tempus Holdings common stock at such time.

Effective as of the Closing, each of the Sellers shall provide a full release to the Chart Parties and their respective affiliates, directors, officers and employees and Tempus, its subsidiaries and their employees except for (i) their rights under the Merger Agreement and the ancillary documents and (ii) accrued employee salary, benefits, expense reimbursements and benefit plan contributions.

Fees and Expenses

Without limiting the indemnification provisions in the Merger Agreement, all expenses of the parties to the Merger Agreement will be borne by that party incurring such expense, except that if the transactions contemplated by the Merger Agreement are consummated, Tempus will pay for all expenses of Tempus and its subsidiaries, the Chart Parties, the Chart Representative, the Members and the Members' Representative, including any broker fees and expenses. There are no termination fees in connection with the termination of the Merger Agreement.

Organizational Documents and Management and Board of Directors Following the Business Combination

As a condition to the Closing, prior thereto, Tempus Holdings will file with the Secretary of State of the State of Delaware an amendment and restatement of its certificate of incorporation in the form attached to the Merger Agreement, which includes the certificate of designations for the Tempus Holdings Preferred Stock, and which amendment and restatement is more fully described below in this proxy statement/prospectus under the headings “Description of Tempus Holdings Securities” and “Comparison of Rights of Stockholders of Chart and Tempus Holdings”. The parties further contemplate that Tempus Holdings will also amend and restate its bylaws prior to the Closing. As a condition to the Closing, Tempus Holdings must have appointed to its board of directors the following directors in the following classes: (i) Class I directors: Kenneth J. Krieg and Peter A Cohen; (ii) Class II directors: Christopher D. Brady and Niall O’liver; and (iii) Class III directors: Benjamin Scott Terry, John G. Gulbin III and Joseph R. Wright. The executive officers of Tempus Holdings at the Closing will be Benjamin Scott Terry as Chief Executive Officer and Robert Lee Priest, Jr. as Chief Financial Officer and Secretary.

Upon the consummation of the Mergers, since each of Chart and Tempus will become wholly-owned subsidiaries of Tempus Holdings, (i) the certificate of incorporation and bylaws of Chart Merger Sub will become the certificate of incorporation and bylaws of Chart and (ii) the certificate of formation and limited liability company agreement of Tempus Merger Sub will become the certificate of formation and limited liability company agreement of Tempus (except that its name will be “Tempus Applied Solutions, LLC”). Upon the consummation of the Mergers, (i) the board of directors and executive officers of Chart will be the board of directors and executive officers of Chart Merger Sub immediately prior to thereto and (ii) the executive officers of Tempus will be the executive officers of Tempus immediately prior to thereto.

Table of Contents

Trust Fund Waiver

Each of Tempus, Tempus Financing Sub and the Sellers agreed that they do not now and will not have any right, title, interest or claim of any kind in or to any monies in the trust account, and will not make any claim against the trust account (including any distributions therefrom), regardless of whether such claim arises as a result of, in connection with or relating in any way to, any proposed or actual business relationship between Chart and Tempus (or its subsidiaries), the Merger Agreement or any other matter.

Governing Law and Dispute Resolution

The Merger Agreement is governed by Delaware law. Any disputes under the Merger Agreement occurring prior to the Closing will be brought in the Chancery Court of the State of Delaware (or if it lacks proper jurisdiction, the federal courts located in the State of Delaware), and each party waives their rights to a jury trial in connection therewith. Except for the disputes relating to the working capital and debt merger consideration adjustments and the Earn-out provisions, any disputes under the Merger Agreement occurring after the Closing will be subject to arbitration by the American Arbitration Association to be held in Delaware, subject to each party's rights to specific performance to strictly enforce the terms of the Merger Agreement or other equitable relief. No party to the Merger Agreement will be entitled to seek specific performance to cause the Closing to be consummated or the Tempus Holdings common stock to be issued to the Sellers or the other Tempus Holdings securities issued to the Investors unless all of the conditions to Closing of all parties have been satisfied or waived (except those that are to be satisfied at the Closing so long as they are capable of being satisfied) and the parties are required to complete the Closing pursuant to the terms of the Merger Agreement but fail to complete the Closing in accordance with the terms thereof.

Related Agreements

Supporting Stockholder Agreement

In connection with the Merger Agreement and the Business Combination, Tempus, the Members' Representative and the Chart Stockholders entered into the Supporting Stockholder Agreement. Pursuant to the Supporting Stockholder Agreement, the Chart Stockholders (solely in their capacity as stockholders, and not in any capacity as an officer or director) have agreed, among other things, from the signing date until the termination of the Supporting Stockholder Agreement (the "Voting Period), to vote all of the shares of Chart common stock held by them (currently 1,766,250 shares of Chart common stock, representing as of the date hereof approximately 34.8% of the voting power of Chart in the aggregate):

in favor of any amendment to Chart's existing charter and Trust Agreements to extend the deadline for Chart to consummate its initial business combination, if needed;

in favor of (i) the adoption of the Merger Agreement and approval of the Mergers and other transactions contemplated by the Merger Agreement, (ii) the Incentive Plan Proposal, (iii) such other matters as the parties to the Merger Agreement shall thereafter mutually determine to be necessary or appropriate in order to effect the transactions contemplated by the Merger Agreement and (iv) the adjournment of the special meeting of the Chart stockholders contemplated by this proxy statement/prospectus if necessary or desirable in the reasonable determination of Chart (and with respect to clauses (i) through (iv), in favor of any actions required in furtherance thereof);

against any action, proposal, transaction or agreement that would result in a breach of any covenant, representation, warranty or other obligation of a Chart Party contained in the Merger Agreement; and

against (i) alternative proposals, agreements or transactions to the Business Combination (except as permitted by the Merger Agreement), (ii) any changes in the present capitalization of Chart or any amendment of Chart's certificate of incorporation or bylaws and (iii) against any changes in Chart's corporate structure or business (except in each case of clauses (i) through (iii), other than in connection with the transactions contemplated by the Merger Agreement or the extension of Chart's deadline to consummate its initial business combination).

The Chart Stockholders also agreed during the Voting Period not to submit their shares of Chart common stock to be redeemed by Chart or to otherwise cause such shares to be repurchased or redeemed. The Supporting Stockholder Agreement also generally prohibits the Chart Stockholders from transferring, or permitting to exist any liens on, their shares of Chart common stock during the Voting Period. The Chart Stockholders also granted proxies with respect to their shares of Chart common stock to the Members' Representative in the event that they do not vote in a manner consistent with the Supporting Stockholder Agreement.

The Supporting Stockholder Agreement will automatically terminate upon the first to occur of (i) the mutual written consent of the parties thereto, (ii) the closing of the Business Combination, or (iii) the termination of the Merger Agreement in accordance with its terms. Due to the Chart Stockholders' percentage ownership of Chart common stock, the terms of the Supporting Stockholder Agreement may substantially increase the probability of obtaining approval of the Business Combination Proposal and other proposals to be presented at the special meeting.

The foregoing discussion summarizes the material terms of the Supporting Stockholder Agreement. We urge you to read carefully the full text of the Supporting Stockholder Agreement, which is attached hereto as Annex B and is incorporated herein by reference.

Registration Rights Agreements

As a condition to the Closing, Tempus Holdings has agreed to enter into a registration rights agreement (the “Registration Rights Agreement”) with the Sellers, pursuant to which Tempus Holdings will grant certain registration rights to the Sellers with respect to the shares of Tempus Holdings common stock to be issued to the Sellers (including any shares issued pursuant to the merger consideration adjustments under the Merger Agreement and the Earn-out Shares). Under the Registration Rights Agreement, the Sellers will have certain customary demand and piggy-back registration rights, subject to certain underwriter cutbacks and issuer blackout periods. Under the Registration Rights Agreement, Tempus Holdings will generally pay for the registration expenses (excluding underwriting discounts and commissions), and each party will have customary indemnification obligations to the other parties.

Under the Registration Rights Agreement, each of the Sellers will agree to a lock-up of their shares of Tempus Holdings common stock issued in connection with the Merger Agreement (including any shares issued pursuant to the merger consideration adjustments under the Merger Agreement and the Earn-out Shares) for a period of 1 year after the Closing, subject to an earlier release (i) if the price of Tempus Holdings common stock equals or exceeds \$12.00 per share for any 20 trading days in any 30-trading day period commencing at least 150 days after the Closing or (ii) in the event of a liquidation, merger, stock exchange or similar transaction involving Tempus Holdings. The Registration Rights Agreement, however, contains certain exceptions to the lock-up of Tempus Holdings shares, including that the Sellers are permitted during the lock-up period to (i) transfer the shares to certain family members and affiliated entities that agree to be bound by the lock-up, (ii) after the 6 month anniversary of the Closing, pledge the shares to secure borrowings to pay for taxes incurred in connection with receiving the merger consideration, (iii) pledge the shares to secure borrowings to pay for indemnification obligations under the Merger Agreement, (iv) transfer the shares back to Tempus Holdings in accordance with the Merger Agreement in connection with the merger consideration adjustment and indemnification claims, and (v) transfer up to each Seller’s pro rata portion of an aggregate of 250,000 shares. Additionally, the Sellers will agree to a holdback of 180 days in connection with any public offering, and if requested by Tempus Holdings, the Sellers will agree to any holdback agreements that are required by the managing underwriters in any public offering.

The Registration Rights Agreement will also include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 Warrants and Series B-2 Warrants issued to the Tempus Affiliate Investor as a result of the Financing and the shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants to the Tempus Affiliate Investor as a result of the Financing (and the Tempus Holdings common stock issuable upon the conversion of any such shares of Tempus Holdings Preferred Stock), but without any such securities being subject to the lock-up provisions described above.

The existing registration rights agreement, dated as of December 13, 2012, by and among Chart, Sponsor, Mr. Wright and Cowen and the other parties thereto, will be amended to also include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 Warrants and Series B-2 Warrants issued to the Chart Affiliate

Investors as a result of the Financing and the shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants to the Chart Affiliate Investors as a result of the Financing (and the Tempus Holdings common stock issuable upon the conversion of any such shares of Tempus Holdings Preferred Stock), but without any such securities being subject to the lock-up provisions therein.

Additionally, pursuant to the New Investor Purchase Agreements, Tempus Holdings and the New Investors will enter into a new registration rights agreement, in form and substance acceptable to the New Investors, granting certain registration rights to the New Investors with respect to the shares of Tempus Holdings common stock, shares of Tempus Holdings Preferred Stock, Series A-1 Warrants and Series B-1 Warrants to be issued by Tempus Holdings to the New Investors in the Business Combination and any Tempus Holdings shares issuable by Tempus Holdings upon the exercise of the Series A-1 Warrants or Series B-1 Warrants or upon the conversion of Tempus Holdings Preferred Stock.

Non-Competition Agreement

As a condition to the Closing, Tempus and the Sellers must deliver to Chart the Non-Competition and Non-Solicitation Agreement in the form attached to the Merger Agreement (the “Non-Competition Agreement”) duly executed by John G. Gulbin III and Tempus Intermediate Holdings, LLC (together the “Subject Parties”) in favor of Tempus Holdings and Tempus (together with their successors and subsidiaries, the “Covered Parties”).

Under the Non-Competition Agreement, for a period of 4 years from and after the Closing, the Subject Parties will not, without Tempus Holdings’ prior written consent, anywhere in the world directly or indirectly engage in (or own, manage, finance or control, or become engaged or serve as an officer, director, employee, member, partner, agent, consultant, advisor or representative of, an entity that engages in) the business of providing, directly or indirectly, to or through the United States government and its instrumentalities, foreign governments and their instrumentalities, heads of state, private businesses and others, turnkey and customized aircraft design, engineering, modification and integration services and operations solutions that support aircraft mission requirements, including without limitation any charter brokerage, crew, flight planning, fueling, regulatory, customs, maintenance and insurance services provided in connection therewith (the “Business”). The Subject Parties will also agree for a period of 4 years from and after the Closing to not, without Tempus Holdings’ prior written consent, (i) hire or solicit the Covered Parties’ employees, consultants and independent contractors or otherwise interfere with the Covered Parties’ relationships with such persons, (ii) solicit or divert the Covered Parties’ customers relating to the Business or otherwise interfere with the Covered Parties’ contractual relationships with such persons, or (iii) interfere with or disrupt any Covered Parties’ vendors, suppliers, distributors, agents or other service providers for a purpose competitive with a Covered Party as it relates to the Business. The Subject Parties will also agree in the Non-Competition Agreement generally not to disparage the Covered Parties and to keep confidential and not use any confidential information of the Covered Parties.

Table of Contents

The Financing

The consummation of the Business Combination will be preceded by the Financing, a series of privately negotiated transactions involving aggregate cash investments of \$10.5 million by the New Investors, consisting of three outside investor entities (or their affiliates) that have not previously invested in Chart or Tempus, and aggregate cash investments of \$5.5 million by the Chart Affiliate Investors, consisting of our Sponsor, Mr. Joseph Wright and Cowen, and the Tempus Affiliate Investor (through his individual retirement account), who is the Chief Financial Officer of Tempus.

None of the agents acting in connection with the Financing transactions will be compensated for their services other than in usual and customary ways, and only to the extent permitted by law.

Purchase and Exchange Agreements

As part of the Financing, pursuant to separate but substantially identical Purchase and Exchange Agreements, each dated as of June 10, 2015, between, on the one hand, Chart, Tempus, Tempus Financing Sub, Tempus Holdings and Chart Financing Sub, and on the other hand each of the respective New Investors (each such agreement, as amended, including as of July 15, 2015, a “New Investor Purchase Agreement”), immediately prior to the consummation of the Business Combination, the New Investors will acquire from Tempus Financing Sub an aggregate of 1,050,000 shares of Tempus Financing Sub Preferred Stock at a price of \$10.00 per share. The consummation of the share purchases under the New Investor Purchase Agreements are subject to the fulfillment of certain conditions therein, including that certain representations and warranties of the Chart and Tempus parties are true and correct, that certain filings have been completed, and that the Chart and Tempus parties have certified that all conditions to the consummation of the Merger Agreement shall have been satisfied in full (or waived by the parties), including that Chart has received sufficient shareholder approval to authorize the Business Combination. The \$10.5 million purchase price will be paid to Tempus Financing Sub immediately prior to the consummation of the Business Combination and Tempus Financing Sub will use that amount to purchase the Chart Financing Sub Series A Preferred Stock in accordance with the TAS Purchase Agreement (as described below). The New Investor Purchase Agreements also provide that if the Tempus Financing Sub Preferred Stock is issued thereunder, but the Business Combination does not close within five business days, the Tempus Financing Sub Preferred Stock will automatically be redeemed and the \$10.5 million purchase price returned to the respective New Investors.

Effective July 15, 2015, the parties to the New Investor Purchase Agreements amended the terms thereof by entering into the First Amendment to Purchase and Exchange Agreements (the “New Investor Purchase Agreement Amendments”) to (i) acknowledge that the Tempus Holdings securities being issued to the New Investors in the Business Combination (and the Tempus Holdings shares issuable upon the exercise of the Series A-1 Warrants and Series B-1 Warrants or the conversion of the Tempus Holdings Preferred Stock) will not be registered on this Registration Statement on Form S-4 or on any other registration statement filed with the SEC at or prior to the

Closing, (ii) provide each New Investor with certain registration rights pursuant to a new registration rights agreement to be entered into by Tempus Holdings and the New Investors, in form and substance acceptable to the New Investors, upon the consummation of the purchases contemplated by the New Investor Purchase Agreements, (iii) terminate the requirements relating to the escrow agreement contemplated thereunder, (iv) extend the period of time during which the New Investor's consent is required for a subsequent equity issuance by Tempus Holdings (other than certain excluded securities) with a new issuance price of \$3.00 or less from 7 months after the Closing to 18 months after the Closing and (v) amend the Series B-1 Warrant to extend its expiration date from 15 months after the Closing to 21 months after the Closing.

At the same time as the consummation of the purchases under the New Investor Purchase Agreements, pursuant to a Purchase and Exchange Agreement, dated as of June 10, 2015, between, on the one hand, Chart, Tempus, Tempus Holdings and Chart Financing Sub, and on the other hand Tempus Financing Sub (the "TAS Purchase Agreement"), Tempus Financing Sub will use the \$10.5 million in proceeds from the issuance of the Tempus Financing Sub Preferred Stock to the New Investors to acquire from Chart Financing Sub 1,050,000 shares of Chart Financing Sub Series A Preferred Stock at a price of \$10.00 per share. The TAS Purchase Agreement provides that if the Chart Financing Sub Series A Preferred Stock is issued thereunder, but the Business Combination does not close within five business days, the Chart Financing Sub Series A Preferred Stock will automatically be redeemed and the \$10.5 million purchase price returned to Tempus Financing Sub. The \$10.5 million in proceeds received by Chart Financing Sub will be held and not used by Chart Financing Sub for any purpose other than to satisfy such redemption obligations, if any.

At the same time as the consummation of the purchases under the New Investor Purchase Agreements and the TAS Purchase Agreement, pursuant to separate but substantially identical Purchase and Exchange Agreements, each dated as of June 10, 2015, between, on the one hand, Chart, Tempus Holdings and Chart Financing Sub, and on the other hand each of the respective Affiliate Investors (each such agreement, as amended, including as effective on July 15, 2015, an "Affiliate Investor Purchase Agreement"), subject to the terms and conditions set forth therein, the Affiliate Investors will acquire from Chart Financing Sub an aggregate of 550,000 shares of Chart Financing Sub Series B Preferred Stock at a price of \$10.00 per share, for an aggregate of \$5.5 million. Of the shares so acquired, 308,336 of such shares will be purchased by the Sponsor, 16,664 of such shares will be purchased by Mr. Wright, 175,000 of such shares will be purchased by Cowen and 50,000 of such shares will be purchased by the Tempus Affiliate Investor. The consummation of the share purchases under the Affiliate Investor Purchase Agreements are subject to the fulfillment of certain conditions therein, including that certain representations and warranties of the Chart parties are true and correct, that certain filings have been completed, and that the Chart parties have certified that all conditions to the consummation of the Merger Agreement shall have been satisfied in full (or waived by the parties), including that Chart has received sufficient shareholder approval to authorize the Business Combination. The Affiliate Investor Purchase Agreements provide that if the Chart Financing Sub Series B Preferred Stock is issued thereunder, but the Business Combination does not close within five business days, the Chart Financing Sub Series B Preferred Stock will automatically be redeemed and the \$5.5 million purchase price returned to the Affiliate Investors. The \$5.5 million in proceeds received by Chart Financing Sub will be held and not used by Chart Financing Sub for any purpose other than to satisfy such redemption obligations, if any.

Effective July 15, 2015, the parties entered into the Third Amendment, pursuant to which the parties acknowledged the amendments to the New Investor Purchase Agreements and agreed to revise the forms of Series A-1 Warrant and Series B-1 Warrant attached as exhibits to the Merger Agreement to match the revised Series A-1 Warrant and Series B-1 Warrant in the amendments to the New Investor Purchase Agreements.

In the Business Combination, the Tempus Financing Sub Preferred Stock held by the New Investors and the Chart Financing Sub Series B Preferred Stock held by the Affiliate Investors will be cancelled. In consideration for such cancellation, the New Investors will collectively receive 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 1,968,750 Series A-1 Warrants and 656,250 Series B-1 Warrants, and the Affiliate Investors will collectively receive 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants and 343,750 Series B-2 Warrants. The Chart Financing Sub Series A Preferred Stock held by Tempus Financing Sub will be cancelled in the Business Combination as treasury stock without any consideration paid for such cancellation.

In addition to the foregoing, under the terms of the New Investor Purchase Agreements, it was agreed that, until eighteen months after the consummation of the Business Combination, Tempus Holdings will not conduct, without the written consent of each New Investor or its designee, any equity or equity-related financing (other than certain excluded issuances); provided, that Tempus Holdings may conduct such financings without such consent if the price per common share received by Tempus Holdings in such financings is in excess of \$3.00, after giving consideration to all securities issued. Further, under the New Investor Purchase Agreements, it was agreed that the New Investors would not at any time receive any material, non-public information concerning any of the Chart or Tempus parties or their subsidiaries or otherwise relating to the securities in the Financing and the Business Combination, subject to certain exceptions. Neither the TAS Purchase Agreement nor the Affiliate Investor Purchase Agreements contain any such terms.

Further, it was agreed in each New Investor Purchase Agreement that the Chart and Tempus parties would not offer any other person more favorable terms relating to the transactions contemplated by the New Investor Purchase Agreement than were offered in that New Investor Purchase Agreement; and it was agreed in each Affiliate Investor Purchase Agreement that the Chart and Tempus parties would not offer any other person more favorable terms relating to the transactions contemplated by the Affiliate Investor Purchase Agreement than were offered in that Affiliate Investor Purchase Agreement, except for terms offered in the New Investor Purchase Agreements.

Each of the New Investor Purchase Agreements and the Affiliate Investor Purchase Agreements may be terminated by any party thereto if the Business Combination has not occurred on or prior to July 31, 2015.

Additionally, as described above under the heading “Registration Rights Agreements” pursuant to the New Investor Purchase Agreements, Tempus Holdings will enter into a new registration rights agreement with the New Investors, satisfactory in form and substance to the New Investors, in connection with the closing of the Financing.

Tempus Holdings Preferred Stock

The rights and obligations of the holders of the Tempus Holdings Preferred Stock are set forth in the certificate of designations for the Tempus Holdings Preferred Stock, which will be adopted by Tempus Holdings and filed with its amended and restated certificate of incorporation prior to the closing under the New Investor Purchase Agreements.

At any time after its initial issuance date, each preferred share shall be convertible into validly issued, fully paid and non-assessable shares of common stock based on a conversion price of \$4.00 per share, subject to adjustment for unpaid dividends and any accrued charges, as well as certain equitable adjustments.

Tempus Holdings shall not effect the conversion of any of the preferred shares and any such conversion shall be null and void and treated as if never made, to the extent that after giving effect to such conversion, the holder would beneficially own in excess of either 4.99% or 9.99% (the "Maximum Percentage") (as elected in writing by the holder on or prior to the initial issuance date of the preferred shares) of the shares of Tempus Holdings common stock outstanding immediately after giving effect to such conversion. For purposes of the foregoing sentence, beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act, and the shares of common stock issuable to a holder pursuant to the terms of the preferred shares in excess of the Maximum Percentage shall not be deemed to be beneficially owned by such holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act.

Table of Contents

Tempus Holdings shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under the certificate of designations for the preferred stock.

“Fundamental Transaction” means, among other things, that Tempus Holdings shall, directly or indirectly, including through subsidiaries, affiliates or otherwise, in one or more related transactions, (i) consolidate or merge with or into (whether or not Tempus Holdings is the surviving corporation) another entity; (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Tempus Holdings or any of its “significant subsidiaries” (as defined in Rule 1-02 of Regulation S-X) to one or more entities; (iii) make, or allow one or more entities to make, or allow Tempus Holdings to be subject to or have its common stock be subject to or party to one or more entities making, a purchase, tender or exchange offer that is accepted by at least 50% of the outstanding shares of common stock; (iv) consummate a stock or share purchase agreement or other business combination (including a reorganization, recapitalization, spin-off or scheme of arrangement) with one or more entities whereby all such entities, individually or in the aggregate, acquire at least 50% of the outstanding shares of common stock; or (v) reorganize, recapitalize or reclassify its common stock. The foregoing provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity provides cash consideration and such Fundamental Transaction does not involve the issuance of any securities to the holders of any securities of Tempus Holdings or its affiliates.

If at any time Tempus Holdings grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of common stock (“Purchase Rights”), then each preferred share holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of common stock acquirable upon complete conversion of all the preferred shares (without taking into account any limitations or restrictions on the convertibility of the preferred shares) held by such holder immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights.

Holders of preferred shares shall have no voting rights, except as required by law.

The preferred shares shall rank *pari passu* to Tempus Holdings’ shares of common stock in respect of preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding up of Tempus Holdings, provided that, in a liquidation event, the holders shall be entitled to receive in cash out of the assets of Tempus Holdings an amount per preferred share equal to the greater of \$4.00 (plus any unpaid dividends and accrued charges) and the amount per share such holder would receive if such holder converted such preferred shares into common stock immediately prior to the date of such payment (without regard to any limitations on conversion), provided that if the liquidation funds are insufficient to pay the full amount due to the holders, then each holder shall receive a percentage of the liquidation funds equal to the full amount of liquidation funds payable to such holder, as a percentage of the full amount of liquidation funds payable to all holders (on an as-converted basis, without regard to any limitations on conversion set forth herein) and all holders of common stock, together for such purposes as a single class.

Under the terms of the preferred shares, if holders thereof convert that preferred stock and Tempus Holdings fails to deliver common stock in response within the time periods and in the manner specified in the terms of the preferred

shares, Tempus Holdings may suffer substantial penalties. See “Risk Factors - Risk Factors Relating to Chart and the Business Combination - The terms of the registration rights agreement with the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock impose substantial penalties on Tempus Holdings in the event the New Investors exercise those registration rights or holders of Series A or Series B Warrants or Tempus Holdings Preferred Stock exercise those warrants or convert that preferred stock, and Tempus Holdings fails to deliver the Tempus Holdings common stock then due within the time periods and in the manner specified in the registration rights agreement, the terms of the Series A or Series B Warrants or Tempus Holdings Preferred Stock, respectively.”

Series A and Series B Warrants

Each Series A and Series B Warrant will entitle the holder thereof to take delivery of the shares purchased through the exercise thereof in the form of either Tempus Holdings common stock or Tempus Holdings Preferred Stock. The Series A Warrants will have an exercise price of \$4.80 per share purchased, will be immediately exercisable and will expire five years after issuance. The Series B Warrants will have an exercise price of \$5.00 per share purchased and will be exercisable after five months from issuance. The Series B-1 Warrants will expire twenty-one months after issuance and the Series B-2 Warrants will expire fifteen months after issuance.

The Series A and Series B Warrants contain customary “cashless exercise” terms, pursuant to which holders of the Warrants may choose to exercise the Warrants (at a time when the Warrants are otherwise exercisable according to their terms) without paying cash, by effectively submitting a greater number of warrants, rather than a smaller number of warrants plus cash, in exchange for shares. The Series B Warrants (but not the Series A Warrants) contain an additional cashless exercise feature, pursuant to which, during the period from five months after the Business Combination until their expiration, if the “Market Price” of Tempus Holdings common stock (defined as the average of the four lowest volume-weighted average prices of Tempus Holdings common stock for the preceding 10 trading days) is less than \$4.00, the holder of such Series B Warrant can exercise the Series B Warrant to acquire a number of shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock equal to (depending on the Market Price) up to 122.2% of the number of shares of Tempus Holdings common stock acquired in the Business Combination, with the lower the Market Price, the more shares being available for acquisition by the Series B Warrant holder (subject to a floor of \$1.80 per share).

The Series A and Series B Warrants also include a “full ratchet” anti-dilution protection provisions, which provide that if any shares of Tempus Holdings common stock are issued at a price less than then current exercise price of the Series A or Series B Warrants, as applicable, or if any warrants, options or other securities with the right to acquire or that are convertible into or exchangeable for shares of Tempus Holdings common stock are issued with an exercise price less than the then current exercise price of the Series A or Series B Warrants, as applicable, then the exercise price of the Series A or Series B Warrants, as applicable, will automatically be reduced to the issuance price of such new shares of Tempus Holdings common stock or the exercise price of such warrants, options or other securities with the right to acquire or that are convertible into or exchangeable for shares of Tempus Holdings common stock. These anti-dilution provisions do not apply in the case of an issuance by Tempus Holdings of “Excluded Securities”, including certain option and other equity incentive awards to directors and officers, and securities issued pursuant to acquisitions or strategic transactions approved by a majority of the disinterested directors of Tempus Holdings, but shall not include a transaction in which Tempus Holdings is issuing securities primarily for the purpose of raising capital or to

an entity whose primary business is investing in securities.

Table of Contents

Under the terms of the Series A and Series B Warrants, Tempus Holdings shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under such warrants. “Fundamental Transaction” means, among other things, that Tempus Holdings shall, directly or indirectly, including through subsidiaries, affiliates or otherwise, in one or more related transactions, (i) consolidate or merge with or into (whether or not Tempus Holdings is the surviving corporation) another entity; (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Tempus Holdings or any of its “significant subsidiaries” (as defined in Rule 1-02 of Regulation S-X) to one or more entities; (iii) make, or allow one or more entities to make, or allow Tempus Holdings to be subject to or have its common stock be subject to or party to one or more entities making, a purchase, tender or exchange offer that is accepted by at least 50% of the outstanding shares of common stock; (iv) consummate a stock or share purchase agreement or other business combination (including a reorganization, recapitalization, spin-off or scheme of arrangement) with one or more entities whereby all such entities, individually or in the aggregate, acquire at least 50% of the outstanding shares of common stock; or (v) reorganize, recapitalize or reclassify its common stock. The foregoing provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity, after giving effect to such Fundamental Transaction, does not have any equity securities that are then listed or designated for quotation on a national securities exchange or automated quotation system. Moreover, a holder of Series A or Series B Warrants may choose, in connection with any Fundamental Transaction, to have Tempus Holdings or the successor entity purchase its warrants from the Holder by paying the holder cash in an amount equal to the “Black Scholes Value” (as defined in the Warrants) of the Warrants.

Under the terms of the Series A and Series B Warrants, if Tempus Holdings shall declare or make any dividend or other distribution of its assets (or rights to acquire its assets) to holders of shares of common stock, then, in each such case, holders of such warrants shall be entitled to participate in such distribution to the same extent that they would have participated if they had held the number of shares of common stock acquirable upon complete exercise of such warrants (without regard to any limitations or restrictions on exercise of such warrants) immediately before the date on which a record is taken for such distribution.

Under the terms of the Series A and Series B Warrants, if Tempus Holdings grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of common stock (“Purchase Rights”), then each holder of Series A or Series B Warrants will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of common stock acquirable upon complete conversion of all the preferred shares (without taking into account any limitations or restrictions on exercise of such warrants) held by such holder immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights.

Under the terms of the Series A and Series B Warrants, if holders thereof exercise warrants and Tempus Holdings fails to deliver common stock in response within the time periods and in the manner specified in the terms of the warrants, Tempus Holdings may suffer substantial penalties. See “Risk Factors - Risk Factors Relating to Chart and the Business Combination - The terms of the registration rights agreement with the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock impose substantial penalties on Tempus Holdings in the event the New Investors exercise

those registration rights or holders of Series A or Series B Warrants or Tempus Holdings Preferred Stock exercise those warrants or convert that preferred stock, and Tempus Holdings fails to deliver the Tempus Holdings common stock then due within the time periods and in the manner specified in the registration rights agreement, the terms of the Series A or Series B Warrants or Tempus Holdings Preferred Stock, respectively.”

Under the terms of the Series A-1 and Series B-1 Warrants (but not the Series A-2 or Series B-2 Warrants), Tempus Holdings shall not effect the exercise of any warrants and the exercise thereof shall be null and void and treated as if never made, to the extent that after giving effect to such exercise, the holder would beneficially own in excess of either 4.99% or 9.99% (the “Maximum Percentage”) (as elected in writing by the holder on or prior to the initial issuance date of the warrants) of the shares of Tempus Holdings common stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act, and the shares of common stock issuable to a holder pursuant to the terms of the warrants in excess of the Maximum Percentage shall not be deemed to be beneficially owned by such holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act.

The holder of each Series A Warrant and Series B Warrant has the sole right to elect whether to receive all or any portion of the shares issuable thereunder as Tempus Holdings Preferred Stock in lieu of Tempus Holdings common stock. Pursuant to the Certificate of Designations for the Tempus Holdings Preferred Stock, the conversion ratio between the Tempus Holdings common stock and the Tempus Holdings Preferred Stock is one-to-one as of the closing of the Business Combination (subject to subsequent adjustments).

Under the terms of the Series A-1 Warrants, until 12 months following the consummation of the Business Combination, each New Investor shall have the right to participate in any Tempus Holdings offering, with the aggregate percentage participation of all the New Investors being 35%. Under the terms of the Series A-2 Warrants, until 12 months following the consummation of the Business Combination, each Affiliate Investor shall have the right to participate in any Tempus Holdings offering, with the aggregate percentage participation of all the Affiliate Investors being 18%.

Background of the Business Combination

Chart is a blank check company formed in Delaware on July 22, 2011, for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. The Business Combination was the result of an extensive search for a potential transaction using the global network and investing and operating experience of our management team and board of directors. The terms of the Business Combination were the result of extensive negotiations between the representatives of Chart and Tempus. The following is a brief description of the background of these negotiations, the Business Combination and related transactions.

From the date of our IPO through the execution of the Merger Agreement on January 5, 2015, Chart considered a number of potential target companies with the objective of consummating an acquisition. Representatives of Chart contacted and were contacted by a number of individuals and entities who offered to present ideas for acquisition opportunities, including financial advisors and companies. Chart compiled a list of high priority potential targets and updated and supplemented this list from time to time.

During that period, Chart and representatives of Chart:

Considered and conducted analyses of over 75 potential acquisition targets;

Participated in in-person or telephonic discussions with representatives of approximately 50 potential acquisition targets;

Entered into non-disclosure agreements with seven potential acquisition targets (other than Tempus) or their representatives; and

Submitted letters of intent or conducted diligence with respect to two of the foregoing seven potential acquisition targets (aside from entering into a letter of intent with and conducting due diligence on Tempus, as discussed in more detail below).

Chart reviewed these potential acquisitions based on the criteria that were also used in evaluating the Business Combination, including: opportunities for platform growth, a history of and potential for strong free cash flow generation, established and proven track records, experienced and motivated management teams and a strong competitive industry position. Of the seven potential targets (other than Tempus) with which Chart entered into non-disclosure agreements (and in two cases also entered into letters of intent): in or about February 2013, one target

conducted a competitive bidding process among potential buyers and received a bid from another acquirer that was higher than Chart's bid; in or about April 2013, Chart proposed to two additional targets that Chart acquire them both, after which Chart entered into letters of intent with each of them, but the proposed transaction was terminated because the targets required a greater proportion of the proposed acquisition consideration in cash than Chart was able and willing to pay; in or about May 2013, a fourth target decided that it was too early in the target's development of its business to sell itself; in or about September 2013, Chart decided that a fifth target was too large to be acquired within Chart's target price range; in or about October 2013, Chart determined not to proceed with a sixth target due to the target's declining revenues and EBITDA, significant debt and limited number of customers; and in or about February 2014, Chart concluded that a seventh target was not being offered at a sufficiently compelling valuation, and because it was already a public company would not sufficiently value Chart's public company status in any agreement as to merger terms.

On October 17, 2013, a representative of BB&T Capital Markets contacted a representative of The Chart Group L.P., a member of the Sponsor, regarding the Tempus Jets group of companies ("TJ Group"). TJ Group was a provider of commercial aviation products and services, operating the following three businesses: (i) serving as a franchised Pilatus and Piper aircraft dealer within an exclusive territory in the southwestern United States, (ii) providing charter brokerage to private individuals and companies and (iii) operating a Pilatus and Piper service center providing aircraft maintenance services. In addition, B. Scott Terry and John G. Gulbin III, the co-founders and principal owners of TJ Group, had previously owned and operated a separate business, Orion Air Group Services ("Orion") that provided specialized, complex, mission-oriented aircraft modification and integration services and associated specialized aircraft operations and leasing to governments and others. In late 2011, the Orion owners had sold Orion to buyers that included Sierra Nevada Corporation and had entered into a non-competition agreement (the "Orion non-compete") with the buyers of Orion, thereby agreeing not to operate an aircraft modifications or government contracting business for three years. TJ Group had engaged BB&T to arrange for the refinancing of certain maturing debt facilities and to provide access to additional capital for growth. As a result of prior discussions with The Chart Group L.P. representatives, BB&T was aware that Chart was seeking a target for a business combination and was familiar with Messrs. Wright and Brady and their experience investing in and operating aerospace, communications and government services companies. During the conference call, BB&T described TJ Group's business. Subsequently, Chart reviewed written materials describing the business in greater detail and requested a meeting with TJ Group's management shareholders.

Table of Contents

On November 19, 2013, representatives of Chart, including Mr. Wright, Messrs. Terry and Gulbin at Chart's office in New York City. Representatives of Cowen and Company, LLC and BB&T also attended the meeting as financial advisors to Chart and TJ Group, respectively. Messrs. Terry and Gulbin presented an overview of TJ Group's business operations, markets, financial statements, growth prospects, current capitalization and future capital requirements. Mr. Wright described Chart's business combination objectives and the potential benefits of a combination with TJ Group. Messrs. Terry and Gulbin explained their excitement regarding the growth prospects of the business and their desire to retain a meaningful equity stake in the business. These growth prospects included the possibility of using the expertise in the business in which Orion had been engaged-specialized, complex aircraft modification and integration services and related specialized aircraft operations and leasing to governments and others-to re-enter that business in the future following the expiration of the Orion non-compete. Based on this meeting, Chart and TJ Group agreed to pursue further discussions about a possible transaction.

Chart requested certain preliminary due diligence information from TJ Group. On January 8, 2014, the Chart and TJ Group teams met at TJ Group's offices in Virginia for an all-day meeting. During the meeting, TJ Group responded to preliminary due diligence requests and provided an update on business operations and opportunities. Following the meeting, the parties agreed to proceed to a non-binding letter of intent.

During the second and third weeks of January 2014, Chart and TJ Group negotiated key transaction terms to be included in a non-binding letter of intent. Such terms included (i) an anticipated enterprise value for TJ Group of \$140 million and, assuming net debt outstanding at closing of \$40 million, aggregate consideration to TJ Group members of \$100 million (based on a \$10.00 per share price for Chart common stock), (ii) a parent-subsidary "Up-C" structure to allow TJ Group members to defer the tax impact of the transaction, (iii) a lock-up period for Chart shares issuable to TJ Group members, subject to registration rights and other exceptions to provide limited liquidity to TJ Group members, and (iv) due diligence and other actions to be undertaken by Chart prior to execution of a definitive agreement, and other terms and provisions to be negotiated in a definitive agreement. On January 28, 2014, Chart entered into the non-binding letter of intent with TJ Group setting forth such terms and certain other terms and provisions to be included in an equity transfer and acquisition agreement (the "Acquisition Agreement"). Chart's board was kept apprised of the progress of the potential business combination with TJ Group, including the provision of summary financial information, preliminary due diligence findings and information as to growth prospects.

Shortly after entering into the non-binding letter of intent, Chart submitted a list of due diligence data requirements to TJ Group, based on input from Chart's legal, financial and accounting advisors. During the next several months, TJ Group responded to diligence requests and held conference calls and in-person meetings with Chart and its advisors.

On April 18, 2014, Chart delivered an initial draft Acquisition Agreement to TJ Group. Throughout that period, each of Chart and TJ Group continued its legal and financial due diligence of the other party.

Between April 18, 2014 and July 16, 2014, Chart and TJ Group, along with their legal and financial advisors, negotiated key transaction terms, including the details of those set forth in summary form in the previously executed non-binding letter of intent. Other key transaction terms negotiated included a restructuring of the TJ Group to facilitate the proposed transaction, corporate governance provisions with respect to the parent-subsidary Up-C structure following the closing of the proposed transaction, representations and warranties, covenants (including interim covenants concerning the operation of Chart and the TJ Group between signing of the Acquisition Agreement and closing), closing conditions, indemnification provisions and termination rights of the parties prior to the closing under certain circumstances.

On July 11, 2014, a meeting of Chart's board of directors was held to consider and discuss the terms of the transaction with TJ Group. Following a presentation to Chart's board of directors regarding the transaction and a review of forms of the agreements, as negotiated, and other documents and key diligence findings, Chart's board of directors approved the transaction with TJ Group.

On July 16, 2014, Chart announced that it had signed definitive agreements with TJ Group to complete a business combination with TJ Group.

As diligence progressed and preparations were being undertaken to file a proxy statement with the SEC in anticipation of seeking Chart's stockholders' approval of the business combination with TJ Group, it became evident that the aircraft modifications and government contracting business that could be restarted following the expiration of the Orion non-compete had begun to show significant growth potential. In contrast, the conventional aviation services businesses of TJ Group showed much less growth potential. As a consequence, Chart began to view the acquisition of the conventional TJ Group business as a less attractive alternative than pursuing a renewed aircraft modifications and government contracting business. In addition, the Orion non-compete was expiring, and the co-founders and principal owners of TJ Group had developed differing views as to whether to seek to re-enter the aircraft modification and government contracting market. Mr. Terry continued to have extensive relationships in that market and wished to re-enter the market. Mr. Gulbin did not wish to re-enter that market, and instead wished to continue to pursue the businesses of TJ Group. As a consequence of the foregoing, the two principal owners and Chart reached a tentative understanding, subject to further due diligence and negotiation, that Mr. Gulbin would continue to pursue the current TJ Group businesses privately, while Mr. Terry would separately re-enter the old Orion market and build a new business of providing complex aircraft modification and integration services and related specialized aircraft operations and leasing for the U.S. government, foreign governments and others. That business would be conducted through Tempus, a new entity formed in December 2014 with \$1.5 million in initial funding provided by its members. Unlike TJ Group, Tempus would require substantial capitalization going forward to take advantage of the market opportunities it would be pursuing. Unlike TJ Group, Tempus would also benefit from Chart's experience with government service companies. Consequently, it would be Tempus, and not TJ Group, that would merge with Chart.

Table of Contents

In November 2014, Chart began conducting due diligence regarding Tempus' formation and initial hiring and other activities and additional due diligence of its business opportunities and prospects. The target market opportunity for Tempus was the provision of services in the context of very large, long-term aircraft programs or projects for governments, heads of state and others around the world. A typical aircraft modification, integration and leasing program might generate revenue of between \$30 million and \$250 million over an 18-month to 36-month timeframe. Potential customers included the U.S. government and foreign governments, heads of state, the DoD, agencies in the U.S. government intelligence community and others. A number of sizable new business opportunities for Tempus have matured to a point where exclusive contract negotiations were ongoing, with final signed contracts anticipated within a few months. Tempus estimated the potential value of these contracts to be in excess of \$240 million over three years. In addition, Tempus was working to develop additional business opportunities with an aggregate potential value of several hundred million dollars over the next few years. For more detail as to Tempus's business opportunities as they have continued to develop through the date of this proxy statement/prospectus, see "Information About Tempus - Recent Developments".

Overall, the differences in business models, operations and prospects presented to Chart between a merger with Tempus and a merger with TJ Group included substantially different, and often completely different, product and service markets; customer markets; sales and marketing methods; methods of product and service delivery; durations of service provision; sources of supply; employee skills requirements; internal accounting, time tracking and project management requirements; competitors; capital requirements; timing, size and concentration over time of revenue receipts; expense categories; and growth prospects, among other differences.

From the time of Chart deciding to focus on a merger with Tempus instead of TJ Group, through December 7, 2014, the principals of Chart and Tempus engaged with each other multiple times, both in person and on telephone conference calls, on occasion with their legal and financial advisors and on occasion without them, in order to negotiate the principal pricing and structuring terms of a merger between Chart and Tempus. On December 7, 2014, Tempus delivered an initial draft merger agreement to Chart. Throughout that period, each of Chart and Tempus continued its legal and financial due diligence of the other party.

Between December 7, 2014 and January 5, 2015, Chart and Tempus, along with Cowen and Company, LLC and their respective legal counsel and Chart's financial advisors, continued to negotiate key transaction terms. Such terms included (i) an anticipated enterprise value for Tempus of up to \$100 million (based on a \$10.00 per share price for Chart common stock), subject to certain post-closing adjustments and certain earn-out provisions, (ii) the economics and mechanics of the earn-out, (iii) the structure of the transaction in the form of simultaneous mergers of Chart and Tempus, resulting in those entities becoming wholly-owned subsidiaries of Tempus Holdings immediately following the closing, to allow Tempus members to defer the tax impact of the transaction, (iv) a lock-up period for Chart shares issuable to Tempus members, subject to registration rights and other exceptions to provide limited liquidity to Tempus members, (v) corporate governance provisions with respect to Tempus Holdings following the closing of the proposed transaction, (vi) a non-competition agreement between Tempus Holdings and Tempus on the one hand, and TJ Group and Mr. Gulbin, on the other, to be effective as of the closing, and (vii) termination of the Acquisition Agreement (and related agreements) with TJ Group, along with representations and warranties, covenants (including interim covenants concerning the operation of Chart and Tempus between signing of the Merger Agreement and closing), closing

conditions, indemnification provisions and termination rights of the parties prior to the closing under certain circumstances. For more information concerning the terms and provisions of the Merger Agreement, as negotiated by the parties, see “The Merger Agreement, Related Agreements and the Financing” above.

On December 22, 2014, Chart’s board of directors met telephonically to consider the potential acquisition of Tempus, including the approval of a definitive Merger Agreement. Also in attendance were certain officers of Chart and representatives of its legal and financial advisors. Mr. Brady reviewed with the board of directors the terms of the proposed acquisition of Tempus. After considering the proposed terms of the Merger Agreement and other related transaction agreements, and the various presentations of Chart’s management and Cowen and Company, LLC, and taking into account the other factors described below under the caption “Chart’s Board of Directors’ Reasons for the Approval of the Business Combination,” Chart’s board of directors approved the Merger Agreement and related agreements and determined that it was advisable and in the best interests of Chart to consummate the Business Combination and other transactions contemplated by the Merger Agreement and related agreements, subject to the negotiation of the final terms of the Merger Agreement and the related agreements by the authorized officers of Chart; directed that the Merger Agreement and the other proposals described in this proxy statement/prospectus be submitted to Chart’s stockholders for approval and adoption; and recommended that Chart’s stockholders approve and adopt the Merger Agreement and such other proposals. In addition, Chart’s board of directors approved the termination of the previously executed Acquisition Agreement and related agreements with TJ Group.

Following the meeting of Chart’s board of directors, Chart and Tempus continued to negotiate the final terms of the Merger Agreement and the terms of other ancillary agreements.

On January 5, 2015, Chart and Tempus, together with the other parties thereto, entered into the Merger Agreement, and the Acquisition Agreement with TJ Group was terminated.

On March 11, 2015, Chart held a special meeting of stockholders. At the meeting, Chart’s stockholders approved, among other things, an amendment to Chart’s amended and restated certificate of incorporation, extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13, 2015. In connection with the extension, the Sponsor, Joseph R. Wright and Cowen commenced a tender offer to purchase for cash up to 7,492,300 of the issued and outstanding warrants of Chart at a price of \$0.30 per share. The tender offer expired on March 11, 2015. A total of 647,500 warrants were validly tendered and not withdrawn, with such warrants representing approximately 8.6% of the outstanding warrants issued in the Chart’s initial public offering as of March 12, 2015.

During February and March 2015, as Chart continued to prepare a final proxy statement/prospectus to submit to its stockholders in order for them to consider approving the Business Combination, Tempus experienced delays in the execution of various expected contracts, including significant expected contracts with government entities. Tempus’ level of confidence that it will receive such contracts has not diminished, and it believes that the delays relate simply to ordinary-course delays in government approval processes. Following due diligence of the delays, Chart proposed amendments to the pricing terms of the Merger Agreement, to which Tempus agreed. The parties and their legal and financial advisors then negotiated an amendment to the Merger Agreement setting forth the amended pricing terms

and other agreed changes.

During the time that the amended pricing terms and other terms were being negotiated by Chart and Tempus, Chart kept its directors apprised by email and telephone conference calls of the changes that Chart was seeking, the reason for the changes and Chart's management's view that, if the changes it was seeking were secured, the Business Combination would remain advisable and in the best interests of Chart and its stockholders. On March 19, 2015, Chart's board of directors was sent the form of amendment to the Merger Agreement and a presentation by Cowen and Company, LLC, Chart's financial advisor regarding the amendment. On March 20, 2015, Chart's board of directors, by unanimous written consent, determined that the proposed amendment was in furtherance of and consistent with Chart's stated criteria for evaluating prospective target businesses and fair to Chart and its stockholders, and that it was advisable and in the best interests of Chart and its stockholders to enter into the proposed amendment.

On March 20, 2015, Chart entered into a First Amendment to the Agreement and Plan of Merger (the "First Amendment") with the other parties to the Merger Agreement, including Tempus, the Sellers, Tempus Holdings, Chart Merger Sub, Tempus Merger Sub, the Chart Representative and, for the limited purposes set forth therein, the Sponsor, Mr. Wright and Cowen, to amend certain of the terms of the Merger Agreement. The terms of the First Amendment provided for a reduction in the base value of the merger consideration to be received by the Sellers at the Closing from \$52.5 million to \$37.0 million, decreasing the aggregate number of shares of Tempus Holdings common stock to be delivered at the Closing from 5,250,000 shares to 3,700,000 shares, subject to certain adjustments based on Tempus' working capital and/or debt as of the Closing and for indemnification payments under the Merger Agreement after the Closing, plus the right to receive additional Earn-out Shares.

The First Amendment also revised the earn-out provisions of the Merger Agreement to (i) extend the end of the measurement period during which the Sellers are eligible to receive the Earn-out Shares from June 30, 2016 to December 31, 2017, so that the earn-out period runs from January 1, 2015 to December 31, 2017, and (ii) add an additional earn-out payment of 1,550,000 Earn-out Shares if the trailing twelve month consolidated earnings before interest, taxes, depreciation and amortization, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$14,100,00 for any two consecutive fiscal quarters during the earn-out period, so that the Sellers are eligible to receive a total of 6,300,000 Earn-out Shares.

In addition, the First Amendment (i) decreased the aggregate deductible for most indemnification claims based on breaches of representations and warranties from \$500,000 to \$350,000 and (ii) eliminated any obligations of Chart or Tempus Holdings under the Merger Agreement to be listed on the NASDAQ Capital Market or comply with its listing requirements.

For more information concerning the terms and provisions of the First Amendment as negotiated by the parties, see "The Merger Agreement, Related Agreements and the Financing" above.

On or about March 26, 2015, Chart began engaging in discussions with existing and prospective Chart stockholders regarding potential transactions or incentive arrangements that might increase the likelihood that the amount of Chart

common stock that holders would choose to retain, rather than redeem, in connection with the special meeting would be sufficient to permit the closing of the Business Combination. Chart was assisted in identifying prospective stockholders and engaging in discussions with existing and prospective stockholders by Cowen, for which services Cowen is not being compensated. As a result of these discussions, Chart identified three outside investor entities that had not previously invested in Chart or Tempus and that expressed potential interest in investing in a manner that would help increase the likelihood that the amount of Chart common stock that holders would choose to retain, rather than redeem, in connection with the special meeting would be sufficient to permit the closing of the Business Combination. Over the course of early April to early June, 2015, Chart and the three outside investor entities engaged in separate, private negotiations over the terms of the three entities' separate potential investments. During the course of these negotiations, Chart determined that the aggregate amount it might raise in transactions with the three outside investors would not be sufficient to permit the closing of the Business Combination. Consequently, Chart determined to offer terms substantially similar to the terms being negotiated with the three outside investors to certain affiliates of Chart and Tempus, in order to raise additional financing. As a result of the foregoing efforts, on June 10, 2015, Chart, Tempus, Tempus Holdings, Tempus Financing Sub and Chart Financing Sub entered into a series of agreements with investors referred to collectively herein as the "Financing". The Financing involves aggregate cash investments of \$10.5 million by the three outside investor entities (or affiliates thereof) (the "New Investors"), aggregate cash investments of \$5.0 million by Chart Acquisition Group LLC (the "Sponsor"), Mr. Joseph Wright and Cowen Investments LLC (collectively, the "Chart Affiliate Investors") and a cash investment of \$500,000 by the Chief Financial Officer of Tempus (through his individual retirement account) (the "Tempus Affiliate Investor", and together with the Chart Affiliate Investors, the "Affiliate Investors" and collectively with the New Investors, the "Investors"). Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. For more information regarding the terms of the Financing, see "Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - The Financing" and "Risk Factors".

On May 26, 2015, in contemplation of the time needed to finalize the terms of the Financing and close the Business Combination, Chart called a special meeting of its stockholders to be held on June 11, 2015, and issued a definitive proxy statement in connection therewith, for the purpose of having its stockholders vote to amend the Company's amended and restated certificate of incorporation in order to extend the date before which the Company must complete a business combination from June 13, 2015 to July 31, 2015.

On June 8, 2015, Chart's board of directors met telephonically to consider the proposed terms of the Financing, including each of the Exchange and Purchase Agreements, the Certificate of Designations for the Tempus Holdings Preferred Stock, the terms of the Series A and Series B Warrants and the proposed Second Amendment to Agreement and Plan of Merger. Also in attendance were certain officers of Chart and representatives of its legal and financial advisors. Chart's management and advisors reviewed with the board of directors the terms of the Financing, the related Financing documents and the proposed Second Amendment to Agreement and Plan of Merger. In addition, Chart's management and advisors reviewed management's proposal that one of the conditions to the closing of the Business Combination set forth in the Merger Agreement be removed. The condition required that, in order to close the Business Combination, Tempus must have entered into one or more contracts providing for at least \$100 million of revenues payable to Tempus within 12 months after the date of the closing. In management's view, Tempus had a reasonable expectation of being awarded, among other contracts and business opportunities, one particular international government contract that would by itself meet most or all of the closing condition, but there was no certainty that the contract would be awarded to Tempus prior to the closing, and the need for the closing condition had been obviated by the reduction in the base value of the merger consideration embodied in the First Amendment, because the reduced merger consideration amount no longer assumed that the contract would be awarded before closing. After consideration of the matters before it, Chart's board of directors approved the Financing, the Second Amendment to Agreement and Plan of Merger and the related documents, determined that it was advisable and in the best interests of Chart and Chart's stockholders to consummate the transactions contemplated thereby and confirmed their recommendation that Chart's stockholders approve and adopt the Merger Agreement and the other proposals described in this proxy statement/prospectus.

On June 10, 2015, Chart entered into a Second Amendment to Agreement and Plan of Merger (the "Second Amendment") with the other parties to the Merger Agreement, including Chart Financing Sub, Tempus Financing Sub, Tempus, the Sellers, Tempus Holdings, Chart Merger Sub, Tempus Merger Sub, the Chart Representative and, for the limited purposes set forth therein, the Sponsor, Mr. Wright and Cowen, to amend certain of the terms of the Merger Agreement. Pursuant to the Second Amendment, the parties agreed to (i) add the Financing Subs as parties to the Merger Agreement and revise the Mergers to include the Financing Subs, as described above, (ii) provide for the merger consideration to be delivered in the Business Combination to the holders of the preferred stock of the Financing Subs, (iii) add the consummation of the Financing as a mutual closing condition, (iv) revise the form of amended and restated certificate of incorporation for Tempus Holdings to be adopted at the closing of the Business Combination to increase the number of authorized shares and to include the certificate of designations for the Tempus Holdings Preferred Stock, (v) revise the form of registration rights agreement to be executed at the closing of the Business Combination to include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 and Series B-2 Warrants issued to the Tempus Affiliate Investor as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 and Series B-2 Warrants to the Tempus Affiliate Investor as a result of the Financing (as well as any shares of Tempus Holdings common stock issuable upon conversion of any Tempus Holdings Preferred Stock issued upon the exercise of any Series A-2 Warrants or Series B-2 Warrants), but without any such securities being subject to lock-up, (vi) amend the Registration Rights

Agreement, dated as of December 13, 2012, by and among Chart, Sponsor, Mr. Wright and Cowen and the other parties thereto, to add Tempus Holdings as a party and to include as registrable securities thereunder the shares of Tempus Holdings common stock and Series A-2 and Series B-2 Warrants issued to the Chart Affiliate Investors as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 and Series B-2 Warrants to the Chart Affiliate Investors as a result of the Financing (as well as any shares of Tempus Holdings common stock issuable upon conversion of any Tempus Holdings Preferred Stock issued upon the exercise of any Series A-2 Warrants or Series B-2 Warrants), but without any such securities being subject to lock-up, (vii) otherwise revise the Merger Agreement to account for the Financing and the addition of the Financing Subs are parties to the Merger Agreement, (viii) deleting the closing condition of the Chart Parties requiring Tempus to have entered into contracts providing for at least \$100 million of revenue payable to Tempus within 12 months after the Closing and (ix) extend the date upon which either Chart or Tempus are entitled to terminate the Merger Agreement to take into account the proposed extension of the deadline for the consummation of the Business Combination from June 13, 2015 to July 31, 2015 and otherwise account for such additional extension.

On June 11, 2015, Chart held a special meeting of stockholders at which the stockholders approved the following items: (i) an amendment to the Company's Charter extending the date by which the Company must consummate its initial business combination from June 13, 2015 to July 31, 2015, (ii) an amendment to the Charter permitting stockholders to redeem their public shares for a pro rata portion of the funds available in the Trust Account and authorizing the Company and Continental, the trustee of the Trust Account, to disburse such redemption payments and (iii) an amendment and restatement of the Trust Agreement between the Company and Continental permitting distributions from the Trust Account to those persons holding shares of common stock comprising part of the units sold in the public offering who wish to exercise their redemption rights in connection with the June 2015 Meeting, and extending the date on which to liquidate the Trust Account in accordance with the Trust Agreement to July 31, 2015. The affirmative vote of holders of at least sixty-five percent of the issued and outstanding shares of the Company was required to approve each of the proposals.

Effective July 15, 2015, the parties entered into the Third Amendment, pursuant to which the parties acknowledged the amendments to the New Investor Purchase Agreements and agreed to revise the forms of Series A-1 Warrant and Series B-1 Warrant attached as exhibits to the Merger Agreement to match the revised Series A-1 Warrant and Series B-1 Warrant in the amendments to the New Investor Purchase Agreements.

For more information concerning the terms and provisions of the Merger Agreement and Financing as negotiated by the parties, see "The Merger Agreement, Related Agreements and the Financing" above.

The parties have continued and expect to continue regular discussions regarding the execution and timing of the Financing and the Business Combination.

Chart's Board of Directors' Reasons for the Approval of the Business Combination

Before approving the Merger Agreement and the transactions contemplated thereby and determining that the Business Combination is in the best interests of Chart and its stockholders, Chart's board of directors reviewed the results of management's due diligence, which included:

research on comparable companies and transactions within the aviation services industry;

research on aviation services industry trends, cycles, operating cost projections and other industry factors;

extensive meetings and calls with Tempus' management team and its representatives regarding Tempus' projected operations, products and services, major customers and suppliers and financial prospects for both companies, among other typical due diligence matters;

personal visits to Tempus' facilities in Williamsburg, Virginia;

review of Tempus' potential material contracts, environmental matters, intellectual property matters, labor matters and other legal diligence;

consultation with Chart's management and legal and financial advisors and industry experts;

financial, tax, legal, environmental and accounting diligence; and

creation of a financial model in consultation with management of Tempus.

Chart's board of directors considered a wide variety of factors in connection with its evaluation of the Business Combination. In light of the complexity of those factors, Chart's board of directors, as a whole, did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it took into account in reaching its decision. Individual members of Chart's board of directors may have given different weight to different factors.

In the prospectus for the IPO, Chart identified the following general criteria and guidelines that Chart believed would be important in evaluating prospective target businesses:

Opportunities for Platform Growth: Chart will seek to acquire one or more businesses or assets that Chart can grow both organically and through acquisitions. Particularly in regard to the provision and/or outsourcing of government services, Chart may initially consider those sectors that complement Chart's management team's background, such as information technology and analysis, communications, equipment manufacturing and assembling, advanced materials, electronic components, and imaging and sensors.

History of and Potential for Strong Free Cash Flow Generation: Chart will seek to acquire one or more businesses that have the potential to generate strong free cash flow (i.e., companies that typically generate cash in excess of that required to maintain or expand the business's asset base). Chart will focus on one or more businesses that have recurring revenue streams and low working capital and capital expenditure requirements. Chart may also seek to prudently leverage this cash flow in order to enhance stockholder value.

Table of Contents

Established Companies with Proven Track Records: Chart will seek to acquire established companies, particularly those focused on industries connected to the provision and/or outsourcing of government services with sound historical financial performance. Chart will typically focus on companies with a history of strong operating and financial results. Although Chart is not restricted from doing so, Chart does not intend to acquire start-up companies.

Experienced and Motivated Management Teams: Chart will seek to acquire businesses that have strong, experienced management teams with a substantial personal economic stake in the performance of the acquired business. Chart will focus on management teams with a proven track record of driving revenue growth, enhancing profitability and generating strong free cash flow. Chart expects that the operating expertise of Chart's officers and directors will complement, not replace the target's management team.

Strong Competitive Industry Position: Chart will seek to acquire businesses focused on the provision and/or outsourcing of government services industries that have strong fundamentals although Chart may acquire businesses in other industries. The factors Chart will consider include growth prospects, competitive dynamics, level of consolidation, need for capital investment and barriers to entry. Chart will focus on companies that have a leading or niche market position. Chart will analyze the strengths and weaknesses of target businesses relative to their competitors, focusing on product quality, customer loyalty, cost impediments associated with customers switching to competitors, intellectual property protection and brand positioning. Chart will seek to acquire one or more businesses that demonstrate advantages when compared to their competitors, which may help to protect their market position and profitability.

In considering the Business Combination, Chart's board of directors concluded that Tempus generally met all of the above criteria and guidelines, with the exception that Tempus is a newly formed enterprise and is not an established company with a history and proven track record. However, Tempus is headed by a founder who has a history and track record of success in the intended line of business including through the operation and sale of Orion, although he has recently been constrained from operating in that business by the Orion non-compete, which expired in 2014. In addition, the board considered the following positive factors, although not weighted or in any order of significance:

Experienced and Motivated Management Team. Tempus' CEO B. Scott Terry has substantial related experience, having run and sold two companies that used commercial solutions to address critical training and operational requirements of U.S. government customers, realizing positive outcomes for stockholders. Additionally, senior management and employees of Tempus have extensive industry relationships and a positive track record of successful business development. They will have a significant ownership interest in Tempus Holdings, and thus will have a vested interest in the operational success of the business.

Strong Platform for Growth . The network of relationships established by Tempus' senior management will allow for the development of multiple, qualified bid and proposal opportunities. We believe the expiration of a non-competition agreement related to the sale of one of Mr. Terry's former companies, Tempus' senior management's network of relationships and the market opportunity described below combine to position Tempus for significant growth. These programs tend to be large, have an extended integration and production phase and often require continued operational support once placed in service. A number of substantial opportunities of this sort are in final negotiations and are projected to launch in the first half of 2015.

Unique Market Opportunity to Capitalize on DoD Budget Trends . Pressure on the DoD’s acquisition and procurement budget presents a unique opportunity for Tempus to develop, maintain and expand its contract, bid and proposal opportunities by offering comprehensive commercial aircraft-oriented solutions to the U.S. government. The DoD can use its more stable operations and maintenance (“O&M”) budget to pay Tempus to acquire existing, typically commercial, aircraft for repurposing with advanced ISR equipment and new generation command, control and communications systems, for expeditionary use in forward deployed areas. Further, Tempus management’s experience providing commercial aviation solutions modified for special mission purposes will allow U.S. government contractors and their end customers to avoid replicating expensive logistics support tails.

Potential for Strong Free Cash Flow Generated from Business Model . Tempus offers an integrated solution of modification, operation, leasing, and logistics to U.S. and foreign governments who need aircraft to perform intelligence, surveillance and reconnaissance missions. We believe Tempus’ business model has the potential to reduce risk and increase margins, and will generate strong free cash flow that can support both interest payments on debt needed to finance aircraft purchases and future investments in the business.

Chart’s Experience . The board of directors deems the Chart team’s skill set to be complementary and additive to the already capable Tempus management team. Chart’s team has significant experience managing public companies and has extensive experience, through ownership and management of other portfolio companies, in the successful provision of commercial solutions for mission critical requirements of the DoD and U.S. intelligence agencies.

Table of Contents

In addition, Chart's expertise in the area of strategy development and optimizing business processes across diverse businesses will further emphasize focus and execution. Chart will share best practices to extract operational efficiency and to refine Tempus' commercial approach for faster growth and margin improvement. Moreover, the Chart team's merger and acquisition experience will further supplement Tempus' growth plans, especially in the area of synergistic bolt-on acquisitions.

Chart's board of directors also gave consideration to the following negative factors (which are more fully described in the "Risk Factors" section of this proxy statement/prospectus), although not weighted or in any order of significance:

the risk that some of the current public stockholders of Chart would vote against the Business Combination Proposal or exercise their redemption rights, thereby depleting the amount of cash available in the trust account to an amount below the minimum required to consummate the Business Combination, which Chart's board concluded was substantially mitigated because the fact that public stockholders may vote for the Business Combination Proposal while also exercising their redemption rights mitigates any incentive for a public stockholder to vote against the Business Combination Proposal, especially to the extent that they hold public warrants, which would likely be worthless (except for the right of Chart's public warrant holders to receive \$0.30 for each public warrant they hold) if the Business Combination is not completed;

the risk that certain key employees and potential customers of Tempus might not choose to work with Tempus after the Business Combination;

the risk that the Sellers and the New Investors will own a majority of the voting control of Chart after the consummation of the Business Combination, especially if the Earn-out Shares are paid;

the risks associated with the aviation industry in general;

the risks associated with macroeconomic uncertainty and the effects it could have on Tempus' revenues;

the risks associated with the dilutive nature of the Financing and the more complex capital structure of Tempus Holdings after the closing of the Business Combination;

the risks associated with obtaining additional financing for Tempus Holdings' operations in the future, including as a result of having entered into the Financing;

the risk of competition in the industry;

the risk that the Business Combination might not be consummated in a timely manner or that the closing of the Business Combination might not occur despite the parties' efforts, including by reason of a failure to obtain the approval of Chart's stockholders;

the risk that the transactions contemplated by the Merger Agreement would not be completed in accordance with the terms of the Merger Agreement or at all;

the risk of being unable to obtain and maintain the listing of Tempus Holdings' securities on NASDAQ prior to or following the Business Combination;

the significant fees and expenses associated with completing the Business Combination and the substantial time and effort of management required to complete the Business Combination; and

the fact that the Sponsor, and Chart's officers and directors may have interests in the Business Combination that are different from, or are in addition to, the interests of Chart's public stockholders, including the matters described under "Proposal No.1-The Business Combination Proposal-Certain Benefits of Chart's Directors and Officers and Others in the Business Combination", below. However, Chart's board of directors concluded that the potentially disparate interests would be mitigated because (i) these interests were disclosed in the IPO prospectus and would be disclosed in this proxy statement/prospectus, (ii) any such disparate interests would exist with respect to a business combination with any target company, and (iii) the Business Combination was structured so that the Business Combination may be completed even if public stockholders redeem a substantial portion of Chart's outstanding common stock.

Table of Contents

Chart's board of directors concluded that these risks could be managed or mitigated or were unlikely to have a material impact on the Business Combination, and that, overall, the potential risks associated with the Business Combination were outweighed by the potential benefits of the Business Combination to Chart and its stockholders. Chart's board of directors realizes, and cautions investors, that there can be no assurance that future results or performance will be positive or that expectations concerning prospects and future financial condition will be met, including in the event that any of the risks or concerns discussed in this document materialize. The foregoing discussion of the material factors considered by Chart's board of directors is not intended to be exhaustive, but sets forth the principal factors considered.

Certain Benefits of Chart's Directors and Officers and Others in the Business Combination

When you consider the recommendation of our board of directors in favor of the proposals, you should keep in mind that our directors and officers have interests in the Business Combination that are different from or in addition to (and which may conflict with) your interests as a stockholder. These interests include, among other things:

the continued right of our Sponsor, executive officer and directors to hold Tempus Holdings common stock and warrants following the Business Combination, subject to lock-up agreements;

the continued right of our Sponsor, officers and directors and their affiliates to hold placement units;

the fact that our Sponsor, officers and directors and their affiliates paid an aggregate of \$3,775,000 for their founder shares and placement units and such securities should have a significantly higher value at the time of the Business Combination;

the fact that our Sponsor, officers and directors and their affiliates hold 2,741,641 of the outstanding public warrants, which they acquired in the Extension Warrant Tender Offers;

the fact that the participants in the Financing include (1) our Sponsor, which is an affiliate of Christopher D. Brady, our president and director, (2) Mr. Joseph Wright, our chairman and chief executive officer, and (3) Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO;

if Chart is unable to complete a business combination within the required time period, our Chairman and our Chief Executive Officer will be personally liable to ensure that the proceeds in the trust account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by Chart for services rendered or contracted for or products sold to Chart, but only if such a vendor or target business has not executed a waiver of claims against the trust account and except as to any claims under our indemnity of the underwriters;

the continuation of four of our seven existing directors as directors of Tempus Holdings; and

the continued indemnification of current directors and officers of Chart and the continuation of directors' and officers' liability insurance after the Business Combination.

These interests may influence our directors in making their recommendation that you vote in favor of the approval of the Business Combination.

Total Shares to be Issued in the Business Combination

It is anticipated that, immediately after the Business Combination, including the consummation of the Financing immediately prior thereto, and if there are no redemptions and there is no adjustment to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, the Sellers, including the Tempus Affiliate Investor, will own approximately 30.0% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis), Chart's public stockholders will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 20.5% of Tempus Holdings issued and outstanding capital stock, and Chart's initial stockholders, including our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock. If any of Chart's stockholders exercise their redemption rights, the ownership interest in Tempus Holdings of Chart's public stockholders will decrease and the ownership interest in Tempus Holdings of the Sellers (including the Tempus Affiliate Investor), the New Investors and our initial stockholders (including the Chart Affiliate Investors) will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, the Sellers, including the Tempus Affiliate Investor, will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock, Chart's initial stockholders, including our Sponsor, directors and officers and the Chart Affiliate Investors, will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings.

Table of Contents

The ownership percentage set forth above with respect to Tempus Holdings does not take into account (i) the issuance of any shares under the Incentive Plan, (ii) the issuance of any shares upon the exercise of warrants to purchase up to a total of 7,875,000 shares of Tempus Holdings common stock that will remain outstanding following the Business Combination or any additional warrants that are issued to our Sponsor, Joseph Wright or Cowen (at \$0.75 per warrant) pursuant to the conversion of their working capital loans that were made to Chart, (iii) any adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) the potential issuance of up to an additional 6,300,000 Earn-out Shares to the Sellers upon the achievement of certain financial milestones, (v) any indemnification payments that are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) the issuance of any shares to any of the Investors participating in the Financing upon the exercise of any of the Series A Warrants or Series B Warrants. See "Unaudited Pro Forma Condensed Combined Financial Information" for further information.

PROPOSAL NO. 2-INCENTIVE PLAN PROPOSAL

We are submitting for the approval of Chart's stockholders approval the Tempus Applied Solutions Holdings, Inc. 2015 Omnibus Equity Incentive Plan (the "Incentive Plan"), which will apply to Tempus Holdings following the closing of the Business Combination. The purpose of the Incentive Plan is to allow Tempus Holdings to attract and retain key personnel and to provide a means for directors, officers, employees, consultants and advisors to acquire and maintain an interest in Tempus Holdings, which interest may be measured by reference to the value of its common stock.

If approved by Chart's stockholders, the Incentive Plan will become effective as the date that Tempus Holdings' board of directors adopts the Incentive Plan. We expect that that board adoption will be given on the day of, and immediately following, the closing of the Business Combination. Capitalized terms used but not defined in this proposal shall have the meanings ascribed to them in the Incentive Plan, a copy of which is attached hereto as Annex C. The following description is qualified in its entirety by reference to the Incentive Plan.

Administration

Tempus Holdings' Compensation Committee (the "Committee") will administer the Incentive Plan. The Committee will have the authority to determine the terms and conditions of any agreements evidencing any Awards granted under the Incentive Plan and to adopt, alter and repeal rules, guidelines and practices relating to the Incentive Plan. The Committee will have full discretion to administer and interpret the Incentive Plan and to adopt such rules, regulations and procedures as it deems necessary or advisable and to determine, among other things, the time or times at which the awards may be exercised and whether and under what circumstances an award may be exercised.

Eligibility

Employees, directors, officers, advisors or consultants of Tempus Holdings or its affiliates are eligible to participate in the Incentive Plan. The Committee has the sole and complete authority to determine who will be granted an award under the Incentive Plan, however, it may delegate such authority to one or more officers of Tempus Holdings under the circumstances set forth in the Incentive Plan.

Number of Shares Authorized

The Incentive Plan provides for an aggregate number of Common Shares equal to 7.5% of the outstanding Common Shares on the Effective Date (which will be the date of board adoption of the Incentive Plan, which is expected to occur on the day of, and immediately following, the closing of the Business Combination) to be available for awards. If an award is forfeited or if any option terminates, expires or lapses without being exercised, the Common Shares subject to such award will again be made available for future grant. Shares that are used to pay the exercise price of an option or that are withheld to satisfy the Participant's tax withholding obligation will not be available for re-grant under the Incentive Plan.

If there is any change in Tempus Holdings' corporate capitalization, the Committee in its sole discretion may make substitutions or adjustments to the number of shares reserved for issuance under the Incentive Plan, the number of shares covered by awards then outstanding under the Incentive Plan, the limitations on awards under the Incentive Plan, the exercise price of outstanding options and such other equitable substitution or adjustments as it may determine appropriate.

The Incentive Plan will have a term of ten years and no further awards may be granted under the Incentive Plan after that date.

Awards Available for Grant

The Committee may grant awards of Non-Qualified Stock Options, Incentive (qualified) Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Units, Stock Bonus Awards, Performance Compensation Awards (including cash bonus awards) or any combination of the foregoing; provided, that the Committee may not grant to any one person in any one calendar year Awards (i) for more than 150,000 Common Shares in the aggregate or (ii) payable in cash in an amount to exceed \$600,000 in the aggregate.

Table of Contents

Options

The Committee will be authorized to grant Options to purchase Common Shares that are either “qualified,” meaning they are intended to satisfy the requirements of Code Section 422 for incentive stock options, or “non-qualified,” meaning they are not intended to satisfy the requirements of Section 422 of the Code. Options granted under the Incentive Plan will be subject to the terms and conditions established by the Committee. Under the terms of the Incentive Plan, unless the Committee determines otherwise in the case of an Option substituted for another Option in connection with a corporate transaction, the exercise price of the Options will not be less than the fair market value (as determined under the Incentive Plan) of the common shares at the time of grant. Options granted under the Incentive Plan will be subject to such terms, including the exercise price and the conditions and timing of exercise, as may be determined by the Committee and specified in the applicable award agreement. The maximum term of an option granted under the Incentive Plan will be ten years from the date of grant (or five years in the case of a qualified option granted to a 10% stockholder). Payment in respect of the exercise of an option may be made in cash or by check, by surrender of unrestricted shares (at their fair market value on the date of exercise) that have been held by the participant for any period deemed necessary by Tempus Holdings’ accountants to avoid an additional compensation charge or have been purchased on the open market, or the Committee may, in its discretion and to the extent permitted by law, allow such payment to be made through a broker-assisted cashless exercise mechanism, a net exercise method, or by such other method as the Committee may determine to be appropriate.

Stock Appreciation Rights

The Committee will be authorized to award Stock Appreciation Rights (or SARs) under the Incentive Plan. SARs will be subject to the terms and conditions established by the Committee. A SAR is a contractual right that allows a participant to receive, either in the form of cash, shares or any combination of cash and shares, the appreciation, if any, in the value of a share over a certain period of time. An Option granted under the Incentive Plan may include SARs and SARs may also be awarded to a participant independent of the grant of an Option. SARs granted in connection with an Option shall be subject to terms similar to the Option corresponding to such SARs. SARs shall be subject to terms established by the Committee and reflected in the award agreement.

Restricted Stock

The Committee will be authorized to award Restricted Stock under the Incentive Plan. Unless otherwise provided by the Committee and specified in an award agreement, restrictions on Restricted Stock will lapse after three years of service with Tempus Holdings. The Committee will determine the terms of such Restricted Stock awards. Restricted Stock are Common Shares that generally are non-transferable and subject to other restrictions determined by the Committee for a specified period. Unless the Committee determines otherwise or specifies otherwise in an award agreement, if the participant terminates employment or services during the restricted period, then any unvested

restricted stock is forfeited.

Restricted Stock Unit Awards

The Committee will be authorized to award Restricted Stock Unit awards. Unless otherwise provided by the Committee and specified in an award agreement, Restricted Stock Units will vest after three years of service with Tempus Holdings. The Committee will determine the terms of such Restricted Stock Units. Unless the Committee determines otherwise or specifies otherwise in an award agreement, if the participant terminates employment or services during the period of time over which all or a portion of the units are to be earned, then any unvested units will be forfeited. At the election of the Committee, the participant will receive a number of Common Shares equal to the number of units earned or an amount in cash equal to the fair market value of that number of shares at the expiration of the period over which the units are to be earned or at a later date selected by the Committee.

Stock Bonus Awards

The Committee will be authorized to grant awards of unrestricted Common Shares or other awards denominated in Common Shares, either alone or in tandem with other awards, under such terms and conditions as the Committee may determine.

Performance Compensation Awards

The Committee will be authorized to grant any award under the Incentive Plan in the form of a Performance Compensation Award by conditioning the vesting of the award on the attainment of specific performance criteria of Tempus Holdings and/or one or more Affiliates, divisions or operational units, or any combination thereof, as determined by the Committee. The Committee will select the performance criteria based on one or more of the following factors: (i) revenue; (ii) sales; (iii) profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures); (iv) earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures); (v) net income (before or after taxes, operating income or other income measures); (vi) cash (cash flow, cash generation or other cash measures); (vii) stock price or performance; (viii) total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price); (ix) economic value added; (x) return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales); (xi) market share; (xii) improvements in capital structure; (xiii) expenses (expense management, expense ratio, expense efficiency ratios or other expense measures); (xiv) business expansion or consolidation (acquisitions and divestitures); (xv) internal rate of return or increase in net present value; (xvi) working capital targets relating to inventory and/or accounts receivable; (xvii) inventory management; (xviii) service or product delivery or quality; (xix) customer satisfaction; (xx) employee retention; (xxi) safety standards; (xxii) productivity measures; (xxiii) cost reduction measures; and/or (xxiv) strategic plan development and implementation.

Table of Contents

Transferability

Each award may be exercised during the participant's lifetime only by the participant or, if permissible under applicable law, by the participant's guardian or legal representative and may not be otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution. The Committee, however, may permit awards (other than incentive stock options) to be transferred to family members, a trust for the benefit of such family members, a partnership or limited liability company whose partners or stockholders are the participant and his or her family members or anyone else approved by it.

Amendment

The Incentive Plan will have a term of ten years. Tempus Holdings' board of directors may amend, suspend or terminate the Incentive Plan at any time; however, shareholder approval to amend the Incentive Plan may be necessary if the law so requires. No amendment, suspension or termination will impair the rights of any participant or recipient of any award without the consent of the participant or recipient.

Change in Control

Except to the extent otherwise provided in an Award agreement, in the event of a Change in Control, all outstanding options and equity awards (other than performance compensation awards) issued under the Incentive Plan will become fully vested and performance compensation awards will vest, as determined by the Committee, based on the level of attainment of the specified performance goals. In general, the Committee may, in its discretion, cancel outstanding awards and pay the value of such awards to the participants in connection with a Change in Control. The Committee can also provide otherwise in an award agreement under the Incentive Plan.

U.S. Federal Income Tax Consequences

The following is a general summary of the material U.S. federal income tax consequences of the grant and exercise and vesting of Awards under the Incentive Plan and the disposition of shares acquired pursuant to the exercise of such awards and is intended to reflect the current provisions of the Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local and payroll tax considerations. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant.

Options

There are a number of requirements that must be met for a particular option to be treated as a qualified option. One such requirement is that Common Shares acquired through the exercise of a qualified option cannot be disposed of before the later of (i) two years from the date of grant of the option, or (ii) one year from the date of exercise. Holders of qualified options will generally incur no federal income tax liability at the time of grant or upon exercise of those options. However, the spread at exercise will be an “item of tax preference,” which may give rise to “alternative minimum tax” liability for the taxable year in which the exercise occurs. If the holder does not dispose of the shares before the later of two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming both holding periods are satisfied, no deduction will be allowed to Tempus Holdings for federal income tax purposes in connection with the grant or exercise of the qualified option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of a qualified option disposes of those shares, the participant will generally realize taxable compensation at the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the share on the date of exercise or the amount realized on the subsequent disposition of the shares, and that amount will generally be deductible by Tempus Holdings for federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those Sections. Finally, if an otherwise qualified option becomes first exercisable in any one year for shares having an aggregate value in excess of \$100,000 (based on the grant date value), the portion of the qualified option in respect of those excess shares will be treated as a non-qualified stock option for federal income tax purposes.

Table of Contents

No income will be realized by a participant upon grant of a non-qualified stock option. Upon the exercise of a non-qualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the underlying exercised shares over the option exercise price paid at the time of exercise. Tempus Holdings will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock

A participant will not be subject to tax upon the grant of an award of restricted stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an award of restricted stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will recognize taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b), the participant will recognize taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the date of grant over the amount the participant paid for such shares, if any. (Special rules apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Securities Exchange Act of 1934 (the "Exchange Act")). Tempus Holdings will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock Units

A participant will not be subject to tax upon the grant of a restricted stock unit award. Rather, upon the delivery of shares or cash pursuant to a restricted stock unit award, the participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the participant actually receives with respect to the award. Tempus Holdings will be able to deduct the amount of taxable compensation to the participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

SARs

No income will be realized by a participant upon grant of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the SAR. Tempus Holdings will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Stock Bonus Awards

A participant will have taxable compensation equal to the difference between the fair market value of the shares on the date the Common Shares subject to the award are transferred to the participant over the amount the participant paid for such shares, if any. Tempus Holdings will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Table of Contents

Section 162(m)

In general, Section 162(m) of the Code denies a publicly held corporation a deduction for U.S. federal income tax purposes for compensation in excess of \$1,000,000 per year per person to its principal executive officer and the three other officers (other than the principal executive officer and principal financial officer) whose compensation is disclosed in its proxy statement as a result of their total compensation, subject to certain exceptions. The Incentive Plan is intended to satisfy an exception with respect to grants of options to covered employees. In addition, the Incentive Plan is designed to permit certain awards of restricted stock, restricted stock units, cash bonus awards and other Awards to be awarded as performance compensation awards intended to qualify under the “performance-based compensation” exception to Section 162(m) of the Code.

New Plan Benefits

Future grants under the Incentive Plan will be made at the discretion of the Committee and, accordingly, are not yet determinable. In addition, the value of the awards granted under the Incentive Plan will depend on a number of factors, including the fair market value of the Common Shares on future dates, the exercise decisions made by the participants and/or the extent to which any applicable performance goals necessary for vesting or payment are achieved. Consequently, it is not possible to determine the benefits that might be received by participants receiving discretionary grants under, or having their annual bonus paid pursuant to, the Incentive Plan.

Interests of Directors of Officers

Tempus Holdings’ directors may grant awards under the Incentive Plan to themselves as well as to Tempus Holdings’ officers and other employees.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of the material U.S. federal income tax considerations for U.S. Holders (as defined below) of Chart common stock that elect either (1) to participate in the Business Combination or (2) to have their Chart common stock redeemed for cash if the Business Combination is completed. Unless otherwise noted in the following discussion, the following is the opinion of Ellenoff Grossman & Schole LLP with respect to U.S. Holders of Chart common stock. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), the regulations promulgated by the U.S. Treasury Department, current administrative interpretations and practices of the Internal Revenue Services (the “IRS”) (including administrative interpretations and practices expressed in private letter rulings which are binding on the IRS only with respect to the particular taxpayers who requested and received those rulings) and judicial decisions, all as currently in effect and all of which are subject to differing interpretations or to change, possibly with retroactive effect. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax considerations described below. No ruling has been or will be sought from the IRS regarding any matter discussed in this discussion. This discussion does not discuss the impact that U.S. state and local taxes or taxes imposed by non-U.S. jurisdictions could have on the matters discussed below. This discussion does not purport to discuss all aspects of U.S. federal income taxation that may be important to a particular stockholder in light of its investment or tax circumstances or to stockholders subject to special tax rules, such as:

Chart stockholders who are not U.S. Holders;

traders in securities that elect mark-to-market treatment;

S corporations;

U.S. Holders whose functional currency is not the U.S. dollar;

financial institutions;

mutual funds;

qualified plans, such as 401(k) plans, individual retirement accounts, etc.;

insurance companies;

broker-dealers;

regulated investment companies (or RICs);

real estate investment trusts (or REITs);

persons holding Chart common stock as part of a “straddle,” “hedge,” “conversion transaction,” “synthetic security” or other integrated investment;

persons subject to the alternative minimum tax provisions of the Code;

tax-exempt organizations;

persons that actually or constructively own 5 percent or more of Chart common stock;

U.S. Holders who acquired their shares of Chart common stock through the exercise of an employee stock option or otherwise in connection with the performance of services; and

the Sponsor.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner that is:

a citizen or resident of the United States;

a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision thereof;

an estate whose income is subject to U.S. federal income taxation regardless of its source; or

any trust if (1) a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person.

Table of Contents

If any partnership (including for this purpose, any entity treated as a partnership for U.S. federal income tax purposes) holds Chart common stock, the tax treatment of a partner generally will depend on the status of the partner and the activities of the partner and the partnership. If you are a partner of a partnership holding Chart common stock, you should consult your tax advisor. This discussion assumes that stockholders hold Chart common stock as capital assets within the meaning of Section 1221 of the Code, which generally means as property held for investment and not as a dealer or for sale to customers in the ordinary course of the stockholder's trade or business.

WE URGE HOLDERS OF CHART COMMON STOCK CONTEMPLATING PARTICIPATION IN THE BUSINESS COMBINATION OR EXERCISE OF THEIR REDEMPTION RIGHTS TO CONSULT THEIR TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES THEREOF.

U.S. Federal Income Tax Considerations of Participating in the Business Combination

This section is addressed to U.S. Holders of Chart common stock that elect to participate in the Business Combination, as described in the section entitled "Proposal No. 1-The Business Combination Proposal." Chart shall receive an opinion of its counsel, Ellenoff, Grossman & Schole LLP, to the effect that the merger of Chart Merger Sub and Chart, taken together with the merger of Tempus Merger Sub with Tempus, will qualify as part of an exchange described in Section 351(a) of the Code. In rendering this opinion, counsel may require and rely upon representations contained in letters and certificates to be received from Chart and Tempus. If the letters or certificates are incorrect, the conclusions reached in the tax opinion could be jeopardized. In addition, the opinion will be subject to certain qualifications and limitations as set forth therein.

The tax opinion given in connection with the Business Combination will not be binding on the IRS. In addition, neither Chart nor Tempus intends to request any ruling from the IRS as to the U.S. federal income tax consequences of the Business Combination. Consequently, no assurance can be given that the IRS will not assert, or that a court would not sustain, a position contrary to any of those set forth below. In addition, if any of the representations or assumptions upon which the opinion is based is inconsistent with the actual facts, the U.S. federal income tax consequences of the Business Combination could be adversely affected.

The Business Combination will qualify as an exchange described in Section 351 of the Code. If the Mergers so qualify, a U.S. Holder of Chart common stock will not recognize gain or loss upon the exchange of Chart common stock for Tempus Holdings common stock pursuant to the Business Combination. The aggregate tax basis of the Tempus Holdings common stock the U.S. Holder of Chart common stock receives will be equal to the aggregate tax basis of the Chart common stock exchanged therefor, and the holding period of the Tempus Holdings common stock will include the U.S. Holder's holding period of the Chart common stock surrendered in exchange therefor.

Cash received in lieu of fractional shares

A U.S. Holder of Chart common stock that receives cash in lieu of a fractional share of Tempus Holdings common stock in the Business Combination generally should be treated as having received such fractional share and then as having received such cash in redemption of such fractional share interest. A U.S. Holder generally should recognize gain or loss measured by the difference between the amount of cash received and the portion of the basis of the shares of Tempus Holdings common stock allocable to such fractional interest. Such gain or loss generally should constitute capital gain or loss and should be long-term capital gain or loss if the U.S. Holder's holding period in the Chart common stock exchanged therefor was greater than one year as of the date of the exchange.

Reporting Requirements

U.S. Holders of Chart common stock who receive Tempus Holdings common stock and, upon consummation of the Business Combination, own Tempus Holdings common stock representing at least 5% of the total combined voting power or value of the total outstanding Tempus Holdings common stock, are required to attach to their tax returns for the year in which the Business Combination is consummated, and maintain a permanent record of, a complete statement of all the facts relating to the exchange of stock in connection with the Business Combination containing the information listed in Treasury regulations section 1.351-3. The facts to be disclosed by a U.S. Holder include the aggregate fair market value of, and the U.S. Holder's basis in, the Chart common stock exchanged pursuant to the Business Combination.

Table of Contents

U.S. Federal Income Tax Considerations of Exercising Redemption Rights

This section is addressed to U.S. Holders of Chart common stock that elect to have their Chart common stock redeemed for cash as described in the section entitled “Special Meeting of Chart Stockholders-Redemption Rights” (we refer to these U.S. Holders as “Redeeming U.S. Holders”). A Redeeming U.S. Holder will generally recognize capital gain or loss equal to the difference between the amount realized on the redemption and such stockholder’s adjusted basis in the Chart common stock exchanged therefor if the Redeeming U.S. Holder’s ownership of stock in Chart is completely terminated or if the redemption meets certain other tests described below. Special constructive ownership rules apply in determining whether a Redeeming U.S. Holder’s ownership of stock in Chart is treated as completely terminated. If gain or loss treatment applies, such gain or loss will be long-term capital gain or loss if the holding period of such stock is more than one year at the time of the exchange. Stockholders who hold different blocks of Chart common stock (generally, shares of Chart common stock purchased or acquired on different dates or at different prices) should consult their tax advisors to determine how the above rules apply to them.

Cash received upon redemption that does not completely terminate the Redeemed U.S. Holder’s interest will still give rise to capital gain or loss, if the redemption is either (i) “substantially disproportionate” or (ii) “not essentially equivalent to a dividend.” In determining whether the redemption is substantially disproportionate or not essentially equivalent to a dividend with respect to a Redeeming U.S. Holder, that Redeeming U.S. Holder is deemed to own not just stock actually owned but also, in some cases, stock owned by certain family members, certain estates and trusts of which the Redeeming U.S. Holder is a beneficiary, and certain affiliated entities.

Generally, the redemption will be “substantially disproportionate” with respect to the Redeeming U.S. Holder if (i) the Redeeming U.S. Holder’s percentage ownership of the outstanding voting stock (including all classes which carry voting rights) of Chart is reduced immediately after the redemption to less than 80% of the Redeeming U.S. Holder’s percentage interest in such stock immediately before the redemption; (ii) the Redeeming U.S. Holder’s percentage ownership of the outstanding common stock (both voting and nonvoting) immediately after the redemption is reduced to less than 80% of such percentage ownership immediately before the redemption; and (iii) the Redeeming U.S. Holder owns, immediately after the redemption, less than 50% of the total combined voting power of all classes of stock of Chart entitled to vote. Whether the redemption will be considered “not essentially equivalent to a dividend” with respect to a Redeeming U.S. Holder will depend upon the particular circumstances of that U.S. Holder. At a minimum, however, the redemption must result in a meaningful reduction in the Redeeming U.S. Holder’s actual or constructive percentage ownership of Chart. The IRS has ruled that any reduction in a stockholder’s proportionate interest is a “meaningful reduction” if the stockholder’s relative interest in the corporation is minimal and the stockholder does not have meaningful control over the corporation.

If none of the redemption tests described above give rise to capital gain or loss, the consideration paid to the Redeeming U.S. Holder will be treated as dividend income for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits. However, for the purposes of the dividends-received deduction and of “qualified dividend” treatment, due to the redemption right, a Redeeming U.S. Holder may be unable to include the time period prior to the redemption in the stockholder’s “holding period.” Any distribution in excess of our earnings and

profits will reduce the Redeeming U.S. Holder's basis in the Chart common stock (but not below zero), and any remaining excess will be treated as gain realized on the sale or other disposition of the Chart common stock.

As these rules are complex, U.S. Holders of Chart common stock considering exercising their redemption rights should consult their own tax advisors as to whether the redemption will be treated as a sale or as a distribution under the Code.

Certain Redeeming U.S. Holders who are individuals, estates or trusts pay a 3.8% tax on all or a portion of their "net investment income" or "undistributed net investment income" (as applicable), which may include all or a portion of their capital gain or dividend income from their redemption of Chart common stock. Redeeming U.S. Holders should consult their tax advisors regarding the effect, if any, of the net investment income tax.

Backup Withholding

In general, proceeds received from the exercise of redemption rights will be subject to backup withholding for a non-corporate U.S. Holder that:

fails to provide an accurate taxpayer identification number;

is notified by the IRS regarding a failure to report all interest or dividends required to be shown on his or her federal income tax returns; or

in certain circumstances, fails to comply with applicable certification requirements.

Any amount withheld under these rules will be creditable against the U.S. Holder's U.S. federal income tax liability or refundable to the extent that it exceeds this liability, provided that the required information is timely furnished to the IRS and other applicable requirements are met.

General

Chart is a blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses.

Prior to entering into the Business Combination, Chart sought to capitalize on the global network and investing and operating experience of its management team to identify, acquire and operate one or more businesses focused on the provision and/or outsourcing of government services operating in or near of North America, although Chart was able to pursue acquisition opportunities in other business sectors or geographic regions.

Significant Activities Since Inception

A registration statement for our IPO was declared effective December 13, 2012. On December 19, 2012, Chart sold 7,500,000 units in the offering at a price of \$10.00 per unit. Each unit consists of one share of Chart common stock, \$.0001 par value per share, and one common stock purchase warrant. Each warrant entitles the holder to purchase from Chart one share of common stock at an exercise price of \$11.50 commencing the later of 30 days following the completion of an initial business combination or December 19, 2013 (one year from the closing date of our IPO), and expiring five years from the date of the initial business combination, or earlier upon redemption or Chart's liquidation. On December 19, 2012, Chart received gross proceeds of approximately \$78,750,000 (which includes proceeds from the private placement of units consummated simultaneously with the closing of the IPO, as described below) before deducting deferred underwriting compensation of \$2.34 million.

Simultaneously with the closing of the IPO on December 19, 2012, Chart Acquisition Group LLC (the "Sponsor") purchased 231,250 placement units, Joseph Wright, Chart's Chairman and Chief Executive Officer, purchased 12,500 placements units and Cowen, an affiliate of Cowen and Company, LLC, one of the lead underwriters in the IPO, purchased 131,250 placement units. Each placement unit sold in the private placement consists of one share of common stock and one warrant to purchase one share of common stock with an exercise price of \$11.50, at a price of \$10.00 per unit (a total of \$3,750,000). These placement units and their component securities are subject to lock-up provisions. The placement warrants are non-redeemable so long as they are held by the initial holders or their permitted transferees. The placement warrants, whenever exercisable, may also be exercised by the initial holders, or their permitted transferees, for cash or on a cashless basis. In addition, the placement warrants which form a part of the placement units issued to Cowen, so long as they are held by Cowen or any of its related persons under FINRA rules, will expire five years from December 13, 2012, or earlier upon its liquidation, instead of five years from the

consummation of the initial business combination, or earlier upon its liquidation. Other than as stated above, the placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units at the IPO.

Subsequent to the initial public offering, an amount of \$75,000,000 (including \$2.34 million of deferred underwriters fee) was deposited in an interest-bearing trust account which may be invested only in United States government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act and that invest solely in United States treasuries.

On December 14, 2012, Chart's units commenced trading on the NASDAQ Capital Market under the symbol "CACGU." Holders of its units were able to separately trade the common stock and warrants included in such units commencing on February 4, 2013 and the trading in the units has continued under the symbol CACGU. On March 2, 2015, Chart received a letter from NASDAQ stating that trading in Chart's securities will be suspended effective at the open of business on March 5, 2015, due to Chart's failure to demonstrate compliance with NASDAQ's minimum shareholder requirements. On April 28, 2015, NASDAQ filed a Form 25 Notification of Delisting with the SEC, which became effective ten days after such date. The common stock, warrants and units of Chart began trading on the OTCQB Marketplace under the ticker symbols "CACG," "CACGW" and "CACGU," respectively, on March 5, 2015.

Chart is providing its stockholders with the opportunity to redeem their shares of common stock upon the consummation of the Business Combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes or the payment of taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is anticipated to be approximately \$10.00 per public share.

Chart's initial stockholders have agreed to waive their redemption rights with respect to any public shares they may acquire following the IPO, in connection with its initial business combination. Each of its initial stockholders has agreed to waive its redemption rights with respect to the founder shares and placement shares (i) in connection with the consummation of a business combination, (ii) if Chart fails to consummate its initial business combination by July 31, 2015, (iii) in connection with an expired or unwithdrawn tender offer, and (iv) upon its liquidation prior to July 31, 2015.

There will be no redemption rights upon the consummation of the Business Combination with respect to the units or warrants. However, the Sponsor, Mr. Wright and Cowen have agreed to offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant in the Warrant Tender Offer to be commenced in connection with the Business Combination.

In August 2014, the Sponsor, Mr. Wright and Cowen commenced the Initial Warrant Tender Offer to purchase up to 7,500,000 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the Initial Warrant Tender Offer. In September 2014, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

In February 2015, the Sponsor, Mr. Wright and Cowen commenced the Second Warrant Tender Offer to purchase up to 7,492,300 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13, 2015. A total of 647,500 warrants were validly tendered and not withdrawn in the Second Warrant Tender Offer. In March 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$194,250.

In May 2015, the Sponsor, Mr. Wright and Cowen commenced the Third Warrant Tender Offer to purchase up to 6,844,800 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from June 13, 2015 to July 31, 2015. A total of 2,086,441 warrants were validly tendered and not withdrawn in the Third Warrant Tender Offer. In June 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$625,932.

Shortly after the completion of the Business Combination, the Sponsor, Mr. Wright, and Cowen, intend to commence the Warrant Tender Offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant (subject to proration), which will be consummated, if at all, upon the consummation of the Business Combination. The purchase price of \$0.60 was determined by the Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of the IPO and based on these entities' knowledge of the securities markets.

In connection with the IPO, our Sponsor, Mr. Wright and Cowen initially deposited an aggregate of \$2,250,000 with Continental Stock Transfer & Trust Company, as escrow agent, into a segregated escrow account at Morgan Stanley & Co., LLC. Subsequent to the closing of the Third Warrant Tender Offer, approximately \$1,427,268 (net of any accrued interest) remained in the escrow account, which funds will be used for the purchase of the Chart warrants validly tendered in the Warrant Tender Offer (representing \$0.60 per warrant for up to 2,378,779 warrants).

Permitted Purchases of its own Securities

Chart may enter into privately negotiated transactions to purchase public shares following the consummation of Chart's initial business combination, from stockholders who would have otherwise elected to have their shares redeemed in conjunction with the Business Combination for a per-share, pro rata portion of the trust account. Chart's initial stockholders, directors, officers or their affiliates may also purchase shares in privately negotiated transactions either prior to or following the consummation of the Business Combination. Neither Chart nor its directors, officers, advisors or their affiliates will make any such purchases when it or they are in possession of any material non-public information not disclosed to the selling stockholder. Such a purchase would include a contractual acknowledgement that such selling stockholder, although still the record holder of its shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that Chart or its initial stockholders, directors, officers or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares.

The purpose of such purchases would be to increase the likelihood of obtaining stockholder approval of the Business Combination or, where the purchases are made by our directors, officers or advisors or their respective affiliates, to reduce the dollar amount of redemptions and thereby enhance Chart's ability to satisfy a closing condition under the Merger Agreement.

As a consequence of any such purchases by Chart:

the funds in its trust account that are so used will not be available to Chart after the Business Combination;

the public "float" of its common stock may be reduced and the number of beneficial holders of its securities may be reduced, which may make it difficult to obtain the listing of its securities on NASDAQ or another national securities exchange in connection with the Business Combination;

Table of Contents

because the stockholders who sell their shares in a privately negotiated transaction may receive a per share purchase price payable from the trust account that is not reduced by a pro rata share of the deferred underwriting commissions or franchise or income taxes payable, its remaining stockholders may bear the entire payment of such deferred commissions and franchise or income taxes payable. That is, the redemption price per share payable to public stockholders who elect to have their shares redeemed will be reduced by a larger percentage of the franchise or income taxes payable than it would have been in the absence of such privately negotiated transactions, and stockholders who do not elect to have their shares redeemed and remain its stockholders after the Business Combination will bear the economic burden of the deferred commissions and franchise or income taxes payable because such amounts will be payable by Chart; and

the payment of any premium would result in a reduction in book value per share for the remaining stockholders compared to the value received by stockholders that have their shares purchased by Chart at a premium.

Chart's initial stockholders, officers, directors and their affiliates anticipate that they will identify the public stockholders with whom its initial stockholders, officers, directors or their affiliates may pursue privately negotiated transactions by either the public stockholders contacting Chart directly or by its receipt of redemption requests submitted by such public stockholders following its mailing of proxy materials in connection with the Business Combination. To the extent that Chart's initial stockholders, officers, directors, advisors or their affiliates enter into a privately negotiated transaction, they would identify and contact only potential selling stockholders who have expressed their intention or election to redeem their shares for a pro rata share of the trust account or vote against the Business Combination. Pursuant to the terms of such arrangements, any shares so purchased by its initial stockholders, officers, advisors, directors and/or their affiliates would then revoke their election to redeem such shares. The terms of such purchases would operate to facilitate Chart's ability to consummate the Business Combination by potentially reducing the number of shares redeemed for cash.

In the Financing, the Investors will not be purchasing shares from existing stockholders, but instead immediately prior to the consummation of the Business Combination, the New Investors will be making a direct cash investment totaling \$10.5 million in TAS Financing Sub Inc., a newly-formed subsidiary of Tempus, for newly issued shares of non-voting preferred stock of TAS Financing Sub Inc., and the Affiliate Investors will be making a direct cash investment totaling \$5.5 million in Chart Financing Sub, a newly-formed subsidiary of Chart, for newly issued shares of non-voting preferred stock of Chart Financing Sub Inc. In the Business Combination, the Investors will receive an aggregate of 2,664,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 3,000,000 Series A Warrants and 1,000,000 Series B Warrants. Chart believes the Financing is necessary to help ensure that Chart can close the Business Combination, but the Financing will result in the substantial dilution of post-Business Combination shareholdings in Tempus Holdings, affecting all investors in Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. For definitions of the foregoing capitalized terms and for more information about the Financing, see the section entitled "Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - The Financing".

Redemption Rights for Public Stockholders upon Consummation of an Initial Acquisition

Chart is providing its stockholders with the opportunity to redeem their shares upon the consummation of the Business Combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes or the payment of taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account as of June 30, 2015 was approximately \$28.3 million, or \$10.00 per public share.

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

Chart's initial stockholders and Cowen (as applicable) have each agreed with respect to the founder shares and the placement shares held by them to waive their respective redemption rights in connection with the consummation of the Business Combination.

Warrant Tender Offer

The Sponsor, Mr. Wright and Cowen initially deposited an aggregate of \$2,250,000 with Continental Stock Transfer & Trust Company into a segregated escrow account (representing \$0.60 per warrant for up to 3,750,000 warrants) to fund the Warrant Tender Offer. More specifically, the Sponsor deposited \$1,387,500, Mr. Wright deposited \$75,000 and Cowen deposited \$787,500. The funds held in the escrow account must be invested in United States treasuries or in money market funds that invest solely in United States treasuries with a maturity of 180 days or less.

In August 2014, the Sponsor, Mr. Wright and Cowen commenced the Initial Warrant Tender Offer to purchase up to 7,500,000 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the Initial Warrant Tender Offer. In September 2014, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

Table of Contents

In February 2015, the Sponsor, Mr. Wright and Cowen commenced the Second Warrant Tender Offer to purchase up to 7,492,300 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13, 2015. A total of 647,500 warrants were validly tendered and not withdrawn in the Second Warrant Tender Offer. In March 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$194,250.

In May 2015, the Sponsor, Mr. Wright and Cowen commenced the Third Warrant Tender Offer to purchase up to 6,844,800 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from June 13, 2015 to July 31, 2015. A total of 2,086,441 warrants were validly tendered and not withdrawn in the Third Warrant Tender Offer. In June 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$625,932.

Shortly after the completion of the Business Combination, the Sponsor, Mr. Wright, and Cowen, intend to commence the Warrant Tender Offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant (subject to proration), which will be consummated, if at all, upon the consummation of the Business Combination. The purchase price of \$0.60 was determined by the Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of the IPO and based on these entities' knowledge of the securities markets.

The purpose of the Warrant Tender Offer is twofold: first, unlike other blank check companies, the Warrant Tender Offer provides public warrant holders that may not wish to retain their warrants following the Business Combination the possibility of receiving cash for their warrants; and, second, in the event Chart liquidates upon a failure to consummate the Business Combination, the public warrant holders would receive a pro rata distribution of the amount in the escrow account in the amount of \$0.30 for each public warrant they hold, which public warrants, absent such a distribution as with other blank check companies, would expire worthless. As a result, those warrant holders that are also stockholders are incentivized to vote in favor of the Business Combination for the opportunity to receive up to \$0.60 per warrant (in the event no more than 2,378,779 warrants are tendered) in place of \$0.30 per warrant (in the event of liquidation of the escrow account).

Each of the Sponsor, Mr. Wright, and Cowen has agreed not to tender its placement warrants in the Warrant Tender Offer. Through the Warrant Tender Offer, the Sponsor, Mr. Wright, and Cowen will effectively offer to purchase up to 50% (after giving effect to the 2,741,641 warrants tendered to, and purchased by, the Sponsor, Mr. Wright, and Cowen in the Extension Warrant Tender Offers) of the warrants sold as part of the units in the IPO. If the Warrant Tender Offer is consummated, the public stockholders will suffer no dilutive effect as the overall number of outstanding warrants will remain unchanged. However, the relative voting power of the Sponsor, Mr. Wright and Cowen will increase based on their greater shareholding on a fully diluted basis.

The Warrant Tender Offer is not conditioned upon any minimum number of warrants being tendered. In the event the aggregate number of public warrants validly tendered by the public warrant holders exceeds 2,378,779, each validly submitted offer to sell will be reduced on a pro rata basis in accordance with the terms of the offer to purchase that will be provided to the public warrant holders in connection with the Warrant Tender Offer. For example, if 3,000,000 public warrants were tendered, since only 2,378,779 (79.3%) of the public warrants will be purchased by the Warrant Tender Offer purchasers, the number of warrants purchased from each public warrant holder will be reduced on a pro rata basis such that only approximately 79.3% of the validly tendered public warrants will be purchased. Any warrants not purchased by the Warrant Tender Offer purchasers will be returned to the respective public warrant holders. These public warrants will still be exercisable for common stock of Tempus Holdings following the Business Combination and would still be tradable in the public market.

If Chart is unable to consummate a business combination within the allotted time, holders of its outstanding public warrants will receive a pro-rata portion of the proceeds on deposit in this escrow account as promptly as reasonably possible but no more than five business days thereafter, after which time such warrants will expire worthless, except for the right of Chart's public warrant holders to receive \$0.30 for each public warrant they hold in place of \$0.60 for each public warrant they hold if the Business Combination and Warrant Tender Offer were consummated.

Interest earned on the amount deposited in the escrow account, if any, will be paid to the Sponsor, Mr. Wright and Cowen in accordance with the terms of the escrow agreement.

Redemption of Public Shares and Liquidation if No Initial Acquisition

Chart has until July 31, 2015 to consummate its initial business combination. If Chart has not consummated a business combination by such date, or earlier at the discretion of its board pursuant to the expiration of a tender offer conducted in connection with a failed business combination, Chart will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem all public shares then outstanding at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although, Chart expects all or substantially all of the interest released to be used for working capital purposes), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of its remaining stockholders and its board of directors, dissolve and liquidate, subject in each case to its obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

Table of Contents

Chart's initial stockholders and Cowen (as applicable) have each agreed to waive their respective redemption rights with respect to the founder shares and placement shares (i) in connection with the consummation of its initial business combination, (ii) if Chart fails to consummate a business combination July 31, 2015, (iii) in connection with an expired or unwithdrawn tender offer, and (iv) upon its liquidation prior to the expiration of the specified period. However, if its initial stockholders, or any of its officers, directors or affiliates, acquire public shares after the IPO, they will be entitled to redemption rights with respect to such public shares if Chart fails to consummate its initial business combination within the required time period. Although the Sponsor, Mr. Wright, and Cowen intend to consummate the Warrant Tender Offer in connection with the Business Combination to purchase up to 2,378,779 of its issued and outstanding warrants, there will be no redemption rights or liquidating distributions from Chart with respect to its warrants, which will otherwise expire worthless in the event Chart does not consummate a business combination within the allotted time period (except for the right of Chart's public warrant holders to receive \$0.30 for each public warrant they hold in place of \$0.60 for each public warrant they hold if the Business Combination and Warrant Tender Offer were consummated). Chart expects that all costs and expenses associated with implementing its plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the approximately \$146,669 of cash held outside the trust account as of December 31, 2014 and interest income on the balance of the trust account (net franchise and income taxes payable) that will be released to Chart to fund its working capital requirements, although Chart cannot assure you that there will be sufficient funds for such purpose.

If Chart were to expend all of the net proceeds of the IPO, other than the proceeds deposited in the trust account, the per-share redemption amount received by stockholders upon its dissolution would be \$10.00. The proceeds deposited in the trust account could, however, become subject to the claims of its creditors which would have higher priority than the claims of its public stockholders. Chart cannot assure you that the actual per-share redemption amount received by stockholders will not be less than \$10.00. Under Section 281(b) of the DGCL, its plan of dissolution must provide for all claims against Chart to be paid in full or make provision for payments to be made in full, as applicable, if there are sufficient assets. These claims must be paid or provided for before Chart makes any distribution of its remaining assets to its stockholders. While Chart intends to pay such amounts, if any, Chart cannot assure you that Chart will have funds sufficient to pay or provide for all creditors' claims.

Although Chart seeks to have all vendors, service providers, prospective target businesses or other entities with which Chart does business execute agreements with Chart waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of its public stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against its assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, Chart's management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to Chart than any alternative. If Chart does not obtain a waiver from a third party, Chart will obtain the written consent of Messrs. Brady and Wright before entering into an agreement with such third party. Examples of possible instances where Chart may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service

provider willing to execute a waiver and where Messrs. Brady and Wright execute a written consent. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with Chart and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, pursuant to a written agreement, Messrs. Wright and Brady, Chart's Chairman and Chief Executive Officer, and President and Director, respectively, have agreed that they will be jointly and severally liable to Chart if and to the extent any claims by a vendor for services rendered or products sold to Chart, or a prospective target business with which Chart has discussed entering into a definitive transaction agreement, reduce the amounts in the trust account to below \$10.00 per share, except as to any claims by a third party who executed a waiver of rights to seek access to the trust account and except as to any claims under its indemnity of the underwriters of the offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, Messrs. Wright and Brady will not be responsible to the extent of any liability for such third party claims. Chart cannot assure you, however, that Messrs. Wright and Brady would be able to satisfy those obligations. With the exception of Messrs. Wright and Brady as described above, none of its officers will indemnify Chart for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Table of Contents

In the event that the proceeds in the trust account are reduced below \$10.00 per public share and Messrs. Wright and Brady assert that they are unable to satisfy any applicable obligations or that they have no indemnification obligations related to a particular claim, Chart's independent directors would determine whether to take legal action against Messrs. Wright and Brady to enforce their indemnification obligations. While Chart currently expects that its independent directors would take legal action on its behalf against Messrs. Wright and Brady to enforce their indemnification obligations to Chart, it is possible that its independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, Chart cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.00 per public share.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of its trust account distributed to its public stockholders upon the redemption of its public shares in the event Chart does not consummate its initial business combination by July 31, 2015 may be considered a liquidation distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of its trust account distributed to its public stockholders upon the redemption of its public shares in the event Chart does not consummate its initial business combination by July 31, 2015 is not considered a liquidation distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidation distribution. If Chart has not consummated a business combination by July 31, 2015, or earlier, at the discretion of its board pursuant to the expiration of a tender offer conducted in connection with a failed business combination, Chart will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem all public shares then outstanding at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although, Chart expects all or substantially all of such interest released to be used for working capital purposes), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of its remaining stockholders and its board of directors, dissolve and liquidate, subject in each case to its obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is Chart's intention to redeem its public shares as soon as reasonably possible following the last date by which it much consummate its business combination and, therefore, Chart does not intend to comply with those procedures. As such, its stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of its stockholders may extend well beyond the third anniversary of such date.

Because Chart will not be complying with Section 280, Section 281(b) of the DGCL requires Chart to adopt a plan, based on facts known to Chart at such time that will provide for its payment of all existing and pending claims or claims that may be potentially brought against Chart within the subsequent 10 years. However, because Chart is a blank check company, rather than an operating company, and its operations are limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from its vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in its underwriting agreement, Chart will seek to have all vendors, service providers, prospective target businesses or other entities with which Chart does business execute agreements with Chart waiving any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of this obligation, the claims that could be made against Chart are significantly limited and the likelihood that any claim that would result in any liability extending to the trust account is remote. Further, Messrs. Wright and Brady may be jointly and severally liable only to the extent necessary to ensure that the amounts in the trust account are not reduced below \$10.00 per public share less any per-share amounts distributed from its trust account to its public stockholders in the event Chart is unable to consummate a business combination by July 31, 2015, and will not be liable as to any claims under its indemnity of the underwriters of the offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, Messrs. Wright and Brady will not be responsible to the extent of any liability for such third-party claims.

If Chart files a bankruptcy petition or an involuntary bankruptcy petition is filed against Chart that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in its bankruptcy estate and subject to the claims of third parties with priority over the claims of its stockholders. To the extent any bankruptcy claims deplete the trust account, Chart cannot assure you Chart will be able to return \$10.00 per share to its public stockholders. Additionally, if Chart files a bankruptcy petition or an involuntary bankruptcy petition is filed against Chart that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by its stockholders. Furthermore, Chart’s board may be viewed as having breached its fiduciary duty to its creditors and/or may have acted in bad faith, and thereby exposing itself to claims of punitive damages by paying public stockholders from the trust account prior to addressing the claims of creditors. Chart cannot assure you that claims will not be brought against it for these reasons.

These individuals are not obligated to devote any specific number of hours to its matters but they intend to devote as much of their time as they deem necessary to its affairs until Chart has completed its initial business combination. Classified Board of Directors

Chart's existing charter provides for a board of directors classified into three classes, as nearly equal in number as possible, whose terms of office expire in successive years. Chart's board of directors now consists of seven directors as set forth above in the section entitled "Management of Chart-Directors and Executive Officers."

Director Independence

Chart's board of directors has determined that each of Governor Ridge, Senator Kerrey and Messrs. Medina and Krieg are independent in accordance with the Listing Rules (the "NASDAQ Listing Rules") of the NASDAQ Stock Market LLC ("NASDAQ"). The board of directors affirmatively determined that no director (other than Messrs. Wright, Brady and Cohen) has a material relationship with Chart, either directly or as a partner, stockholder or officer of an organization that has a relationship with Chart.

Chart currently has the following standing committees: the Audit Committee and the Compensation Committee. Each of the standing committees of the board of directors is composed entirely of independent directors.

Committee Membership, Meetings and Attendance

During the fiscal year ended December 31, 2014:

two meetings of the board of directors were held;

the board of directors acted four times by written consent;

four meetings of the Audit Committee were held; and

no meetings of the Compensation Committee were held.

Each of our incumbent directors attended or participated in at least 75% of the meetings of the board of directors and the respective committees of which he is a member held during the period such incumbent director has been a director during fiscal year ended December 31, 2014.

We encourage all of our directors to attend our annual meetings of stockholders. Our last annual meeting of stockholders was held on December 3, 2014 and two of our directors attended such meeting.

Audit Committee

Chart has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the NASDAQ Listing Rules. In addition, our board of directors adopted a written charter for the Audit Committee. A copy of the Audit Committee charter is available, free of charge, from Chart by writing to its Secretary, Michael LaBarbera, c/o The Chart Group, L.P., 555 5th Avenue, 19th Floor, New York, New York 10017.

The Audit Committee's duties, which are specified in its charter, include, but are not limited to:

reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our annual reports;

discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;

discussing with management major risk assessment and risk management policies;

Table of Contents

monitoring the independence of the independent auditor;

verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law

reviewing and approving all related-party transactions;

inquiring and discussing with management our compliance with applicable laws and regulations;

pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and

approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

The Audit Committee is comprised of Governor Ridge, Senator Kerrey and Mr. Medina. The board of directors has determined that Mr. Medina is an Audit Committee financial expert, as defined by the SEC rules, based on his education, experience and background. In addition, we must certify to NASDAQ that the Audit Committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual's financial sophistication. The board of directors has determined that Mr. Medina is an independent director that satisfies NASDAQ's definition of financial sophistication.

Compensation Committee

Chart has a separately-designated standing Compensation Committee established in accordance with the NASDAQ Listing Rules. The Compensation Committee is comprised of Mr. Medina and Mr. Krieg. The Compensation Committee has overall responsibility for determining and approving the compensation of our Chief Executive Officer and reviewing and approving the annual base salaries and annual incentive opportunities of our executive officers. Chart may utilize the services of independent consultants to perform analyses and to make recommendations relative to executive compensation matters. These analyses and recommendations are conveyed to the Compensation Committee, and the Compensation Committee takes such information into consideration in making its compensation decisions. The Compensation Committee has adopted a written charter. A copy of such charter is available, free of charge, from Chart by writing to its Secretary, Michael LaBarbera, c/o The Chart Group, L.P., 555 5th Avenue, 19th Floor, New York, New York 10017.

Compensation Committee Interlocks and Insider Participation

Board Leadership Structure and Role in Risk Oversight

We do not require separation of the offices of the Chairman of the Board and Chief Executive Officer and we currently have one person, Mr. Wright, serving in each capacity. In addition, we do not have a lead independent director. The decision whether to combine or separate these positions depends on what our board of directors deems to be in the long term interest of stockholders in light of prevailing circumstances. The board of directors has deemed the current leadership structure to be appropriate given Chart's limited business purpose of pursuing an initial business combination. Our board of directors believes Chart is well-served by the current leadership structure and that the combination or separation of these positions should continue to be considered on an ongoing basis.

The board of directors is actively involved in overseeing our risk management processes. The board of directors focuses on our general risk management strategy and ensures that appropriate risk mitigation strategies are implemented by management. Further, operational and strategic presentations by management to the board of directors include consideration of the challenges and risks of our businesses, and the board of directors and management actively engage in discussion on these topics. In addition, each of the board of directors' committees considers risk within its area of responsibility. For example, the Audit Committee provides oversight to legal and compliance matters and assesses the adequacy of our risk-related internal controls. The Compensation Committee considers risk and structures our executive compensation programs to provide incentives to reward appropriately executives for growth without undue risk taking.

Director Recommendations and Nominations

The board of directors does not maintain a separate nominating committee as it believes that the independent directors of the board of directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. The independent directors of the board of directors are currently responsible for assembling and maintaining a list of qualified candidates to serve on the board of directors, and it periodically reviews this list and researches the talent, skills, expertise, and general background of these candidates. The board of directors will from time to time review and consider candidates recommended by stockholders. Stockholder recommendations should be submitted in writing to: Chart Acquisition Corp., c/o The Chart Group, L.P., 555 5th Avenue, 19th Floor, New York, New York 10017, Attention: Michael L. LaBarbera, Secretary.

The independent members of the board of directors do not have a formal policy with regard to consideration of diversity in identifying director nominees. The independent board members may consider diversity, which could include diversity with respect to experience, skill set, age, areas of expertise and professional background, as well as race, gender and national origins, along with many other criteria, in selecting director nominees.

Whether recommended by a stockholder or chosen by the independent directors, a candidate will be selected for nomination based on his or her talents and the needs of the board of directors. Although the board of directors does not have a formal diversity policy, it is expected that the independent directors will consider such factors as they deem appropriate to assist in developing a board of directors and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors may include decision-making ability, judgment, personal integrity and reputation, experience with businesses and other organizations of comparable purpose and size, experience as an executive with a publicly traded company, and the extent to which the candidate would be a desirable addition to the board of directors and any committees of the board of directors. Director candidates are evaluated in view of the criteria described above, as well as other factors deemed to be relevant by the board of directors, through reviews of biographical and other information, input from others, including members of the board of directors and executive officers of Chart, and personal discussions with the candidate when warranted by the results of these other assessments.

Procedures for Contacting Directors

The board of directors has established a process for stockholders to send communications to the board of directors. Stockholders may communicate with the board of directors generally or a specific director at any time by writing to Chart's Secretary, Michael LaBarbera, c/o The Chart Group, L.P., 555 5th Avenue, 19th Floor, New York, New York 10017. We review all messages received, and forward any message that reasonably appears to be a communication from a stockholder about a matter of stockholder interest that is intended for communication to the board of directors. Communications are sent as soon as practicable to the director to whom they are addressed, or if addressed to the board of directors generally, to the Chairman of the Board. Because other appropriate avenues of communication exist for matters that are not of stockholder interest, such as general business complaints or employee grievances, communications that do not relate to matters of stockholder interest are not forwarded to the board of directors.

None of Chart's executive officers or directors has received any compensation (cash or non-cash) for services rendered. Commencing on the date that Chart's securities were first listed on NASDAQ through the earlier of consummation of Chart's initial business combination or its liquidation, Chart has paid The Chart Group L.P., an affiliate of Christopher D. Brady, Chart's president and director, a total of \$10,000 per month for office space and administrative services, including secretarial support. This arrangement was agreed to by The Chart Group L.P. for Chart's benefit and is not intended to provide The Chart Group L.P. or Mr. Brady compensation in lieu of a salary. Chart believes that such fees are at least as favorable as it could have obtained from an unaffiliated third party for such services. Other than this \$10,000 per month fee, no compensation of any kind, including finder's and consulting fees, will be paid to Chart's initial stockholders, executive officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the consummation of an initial business combination. However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on Chart's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations.

After the completion of the Business Combination, directors or members of our management team who remain with Tempus Holdings may be paid consulting, management or other fees from the post-combination company. Any compensation to be paid to our officers will be determined, or recommended to the board of directors for determination, by a compensation committee of the board of directors. For a discussion of our executive compensation arrangements after the closing of the Business Combination, please see the section entitled "Management of Tempus Holdings After the Business Combination."

After the closing of the Business Combination, Tempus Holdings' board of directors will include the following four existing Chart directors: Joseph R. Wright, Christopher D. Brady, Peter A. Cohen and Kenneth J. Krieg. Additionally, some or all of Chart's executive officers and directors may negotiate consulting arrangements to remain with Tempus Holdings after the Business Combination. Chart does not believe that the ability of our management to remain with Tempus Holdings after the consummation of the Business Combination was a determining factor in our decision to proceed with the Business Combination.

Overview

Chart is a blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. Chart seeks to capitalize on the global network and investing and operating experience of its management team to identify, acquire and operate one or more businesses focused on the provision and/or outsourcing of government services operating in or near of North America, although Chart may pursue acquisition opportunities in other business sectors or geographic regions. Chart believes that the acquisition and operation of an established business focused on the provision and/or outsourcing of government services will provide a foundation from which to build, through acquisition or organic growth, a diversified business platform. Chart believes its management team has the skills and experience to identify, evaluate and consummate a business combination and is positioned to assist businesses Chart acquires to satisfy the increased demand for the provision and outsourcing of government services because of the experience of its management team in the government sector. However, its management team's global network and investing and operating experience is not a guarantee of a successful initial business combination. The members of its management team are not required to devote any significant amount of time to its business and are concurrently involved with other businesses. There is no guarantee that its current officers and directors will continue their respective roles, or any other role, after its initial business combination, and their expertise may only be of benefit to Chart until its initial business combination is completed.

Results of Operations

For the three months ended March 31, 2015 we had a net gain of \$1,243,566, consisting primarily of a change in the fair value of the warrant liability offset by general and administrative expenses.

For the year ended December 31, 2014 we had a net loss of \$1,631,793, consisting primarily of interest income and a change in the fair value of the warrant liability offset by general and administrative expenses.

We have neither engaged in any operations nor generated any revenues to date. All activity through March 31, 2015 relates to our formation, our private placements and offering, the identification and evaluation of prospective candidates for an initial business combination, and general corporate matters. Since the completion of our offering, we have not generated any operating revenues and will not until after completion of our initial business combination, at the earliest. We may generate small amounts of non-operating income in the form of interest income on cash and cash equivalents, but such income is not expected to be significant in view of the current low yields on Treasury securities. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. As of March 31, 2015, approximately \$30 million was held in the trust account and we had cash outside of trust of approximately \$67,000 (from the proceeds of certain notes) and approximately \$2,496,000 in accounts payable and accrued expenses. All interest income on the balance of the trust accounts may be available to us to fund our working capital requirements. For the three months ended March 31, 2015, the Company has withdrawn \$3,263 in funds from interest earned on the trust proceeds. Other than the deferred underwriting fees, no amounts are payable to the underwriters of our initial public offering in the event of a business combination. On April 22, 2015, we issued an additional \$140,000 promissory note to the Sponsor, which funds are available for use by us to cover the costs associated with identifying a target business and negotiating a business combination and other general corporate uses. We believe that we have sufficient funds available to conduct the normal operations of the business. However, we may need to obtain additional financing to consummate our initial

business combination by July 31, 2015.

Liquidity and Capital Resources

On December 19, 2012, we consummated our offering of 7,500,000 units at a price of \$10.00 per unit. Simultaneously with the consummation of our offering, we consummated the private sale of 375,000 units to our sponsor, Joseph Wright and Cowen for \$3.75 million. We received net proceeds from our offering and the sale of the placement units of approximately \$76,120,000 net of the non-deferred portion of the underwriting commissions of \$2,062,050 and offering costs of approximately \$567,550. Upon the closing of the offering and the private placement, \$75,000,000 was placed into a trust account while the remaining funds were placed in an account outside the trust for working capital purposes.

On September 5, 2014, 964,691 shares of common stock were redeemed at a price of \$10.00 per share for a total redemption amount of \$9,646,910.

On March 11, 2015, 3,558,385 shares of common stock were redeemed at a price of \$10.00 per share for a total redemption amount of \$35,583,850.

As of March 31, 2015, investment securities in our trust account consisted of \$29,767,691 in United States money market mutual fund securities.

In March 2015, the Company renewed its officers and directors insurance covering a 3 month period from March 13, 2015 through June 13, 2015 for a cost of \$29,920. The invoice was paid in April 2015. As of March 31, 2015, we had a cash and cash equivalent balance of \$66,907 held outside of our trust account after issuance of \$450,000 in notes, which is available for use by us to cover the costs associated with identifying a target business and negotiating a business combination and other general corporate uses. We believe that we have sufficient funds available to conduct the normal operations of the business. However, we may need to obtain additional financing to consummate our initial business combination by July 31, 2015.

For the three months ended March 31, 2015, we used cash of \$533,025 in operating activities, which was largely attributable to a loss from operations of approximately \$884,140 (exclusive of a non-cash gain from the change in fair value of the warrant liability).

For the year ended December 31, 2014, we used cash of \$1,122,037 in operating activities, which was largely attributable to a loss from operations of approximately \$3,220,463 (exclusive of a non-cash gain from the change in

fair value of the warrant liability).

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account (less amounts released to us for working capital purposes or to pay taxes and deferred underwriting commissions) to consummate our initial business combination. We may use all interest earned on the trust account for purposes of working capital, to pay taxes and dissolution expenses. We estimate our annual franchise tax obligations, based on the number of shares of our common stock authorized and outstanding to be approximately \$78,000. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. To the extent that our capital stock or debt is used, in whole or in part, as consideration to consummate our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

We are an emerging growth company as defined in the JOBS Act. As an emerging growth company, we have elected, pursuant to Section 107(b) of the JOBS Act, to take advantage of the extended transition period provided in Securities Act Section 7(a)(2)(B) for complying with new or revised accounting standards. We will therefore delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. We may take advantage of this extended transition period provided in Securities Act Section 7(a)(2)(B) until the first to occur of the date we (i) are no longer an “emerging growth company” or (ii) affirmatively and irrevocably opt out of the extended transition period provided in Securities Act Section 7(a)(2)(B). As such, our financial statements may not be comparable to companies that comply with public company effective dates.

Upon the issuance of a new or revised accounting standard that applies to our financial statements and has a different effective date for public and private companies, we will disclose the date on which adoption is required for non-emerging growth companies and the date on which we will adopt the recently-issued accounting standard.

We have identified the following as our significant accounting policies.

Net Income (Loss) Per Common Share

Net income (loss) per common share is computed by dividing net income (loss) applicable to common stockholders by the weighted average number of common shares outstanding for the period. For all periods presented, Chart did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into common shares and then share in the earnings of Chart. As a result, diluted income (loss) per common share is the same as basic income (loss) per share for periods presented.

Table of Contents

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Redeemable Common Stock

All of the common shares sold as part of the units in the public offering and still outstanding as of December 31, 2014, contain a redemption feature which allows for the redemption of common shares under Chart's liquidation or tender offer/stockholder approval provisions. In accordance with ASC Topic 480 "Distinguishing Liabilities from Equity", redemption provisions not solely within the control of Chart require the security to be classified outside of permanent equity. Ordinary liquidation events, which involve the redemption and liquidation of all of the entity's equity instruments, are excluded from the provisions of ASC Topic 480. Although Chart does not specify a maximum redemption threshold, its charter provides that in no event will they redeem its public shares in an amount that would cause its net tangible assets (stockholders' equity) to fail to be in excess of \$5,000,000.

Chart recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock shall be affected by charges against the par value of common stock and retained earnings, or in the absence of retained earnings, by charges against additional paid-in capital in accordance with ASC Topic 480-10-S99.

Accordingly, at December 31, 2014 and December 31, 2013, 5,053,083 and 6,180,953 public shares, respectively, are classified outside of permanent equity at its redemption value. The redemption value is equal to the pro rata share of the aggregate amount then on deposit in the trust account, including interest but less franchise and income taxes payable (approximately \$10.00 at December 31, 2014).

Income Tax

Chart complies with the accounting and reporting requirements of FASB ASC 740, "Income Taxes", which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for the differences between the financial statement and tax bases of assets and liabilities that

will result in future taxable or deductible amounts based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. A valuation allowance is established when necessary to reduce deferred tax assets when it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized. At December 31, 2014 and December 31, 2013, Chart has a net deferred tax asset of approximately \$951,000 and \$378,000, respectively, related to net operating loss carry forwards which begin to expire in 2032, change in fair value of warrant liability, and start-up costs. Management has determined that a full valuation allowance of the deferred tax asset is appropriate at this time.

FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48) (now incorporated into FASB ASC 740, Income Taxes), sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. This interpretation uses a two-step approach wherein a tax benefit is recognized if a position is more-likely-than-not to be sustained upon examination by taxing authorities. The amount of the benefit is then measured to be the highest tax benefit that is greater than 50% likely to be realized. Based on its analysis, Chart has determined that it has not incurred any liability for unrecognized tax benefits as of December 31, 2014. Chart's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. Chart files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states and foreign jurisdictions. Chart recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of December 31, 2014.

Chart may be subject to potential examination by U.S. federal, U.S. states or foreign jurisdiction authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, U.S. state and foreign tax laws.

Recent Accounting Pronouncements

The Company complied with the reporting requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 915, "Development Stage Entities" (Topic 915). As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-10 (ASU No. 2014-10) to Topic 915, which eliminated certain financial reporting requirements of companies previously identified as "Development Stage Entities" (Topic 915). The amendments in ASU No. 2014-10 simplify the accounting guidance by removing all incremental financial reporting requirements for development stage entities. The amendments also reduce data maintenance and, for those entities subject to audit, audit costs, by eliminating the requirement for development stage entities to present inception-to-date information in the statements of operations, cash flows, and stockholders' equity.

As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-15, which provided guidance on management's responsibility in evaluating whether there is substantial doubt about a company's ability to continue as a going concern within one year from the date the financial statements are issued and to provide related footnote disclosures.

As of December 31, 2014, the Company's financial statements have been presented to conform with the reporting and disclosure requirements of the above standards.

Management does not believe that any recently issued, but not effective, accounting standards, if currently adopted, would have a material effect on Chart's financial statements.

Quantitative and Qualitative Disclosures about Market Risk

We were incorporated in Delaware on July 22, 2011 for the purpose of effecting a business combination. We were considered in the development stage at December 31, 2014 and had not yet commenced any operations or generated any revenues. All activity through December 31, 2014 relates to our formation, our IPO and the identification and evaluation of prospective candidates for a business combination. The net proceeds of the IPO and the private placement in December 2012 were placed into a trust account and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940 having a maturity of 180 days or less. Due to the short-term nature of these investments, we believe there is no associated material exposure to interest rate risk.

INFORMATION ABOUT TEMPUS

Unless otherwise stated, references in this section to “Tempus” generally refer to Tempus Applied Solutions, LLC and its consolidated subsidiaries.

Overview

Tempus was formed to provide turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements for such customers as the DoD, U.S. intelligence agencies, foreign governments, heads of state and others worldwide. Tempus’ management and employees have extensive experience in the design and implementation of special mission aircraft modifications related to intelligence, surveillance and reconnaissance (“ISR”) systems, new generation command, control and communications systems and VIP interior components and the provision of ongoing operational support, including flight crews, maintenance and other services to customers, and the operation and leasing of specialized aircraft.

Tempus was formed in December, 2014 and was capitalized with \$1.5 million of capital from its CEO, B. Scott Terry, its CFO, R. Lee Priest Jr., and other members. Mr. Terry has continued to have extensive relationships in the special mission aircraft modification market, from which he was previously restricted by the Orion non-compete, and has now re-entered this market. Although Tempus has so far had only limited revenues, as of the date of this proxy statement/prospectus, Tempus has four ongoing written contracts, and is currently negotiating additional contracts and has submitted bids representing substantial additional potential business. See “-Recent Developments”.

Tempus' principal areas of expertise include:

Design and Engineering: wide body aircraft VIP interior conversions;

Systems Integration: modification of aircraft for airborne research and development, ISR and electronic warfare capabilities;

Operations: support services required by the customer for the ultimate successful execution of its mission, to include leasing solutions, flight operations, planning, maintenance, logistics support and other services; and

The operation and leasing of specialized aircraft.

Tempus operates out of its corporate headquarters in Williamsburg, Virginia. Additionally, Tempus holds an option to lease significant state-of-the-art hangar and office space in Brunswick, Maine at a former Naval Air Station closed by the Defense Base Closure and Realignment Commission.

Tempus is a newly formed company that has been capitalized with \$1.5 million of capital from its CEO, B. Scott Terry, and its CFO, R. Lee Priest Jr. In addition, Mr. Terry has continued to have extensive relationships in the special mission aircraft modification market, from which he was previously restricted by the Orion non-compete, and has now re-entered this market. Although Tempus has so far had only limited revenues, as of the date of this proxy statement/prospectus, Tempus has four ongoing written contracts, and is currently negotiating additional contracts and has submitted bids representing substantial additional potential business. See “-Recent Developments”.

Industry

Tempus' industry and target markets are largely influenced by the DoD budget and overall trends in the commercial aircraft and business jet markets.

Defense

The DoD fiscal year 2015 base budget request is approximately \$495.6 billion, representing marginal change from the fiscal year 2014 enacted base budget of \$496.0 billion. In connection with the fiscal year 2015 budget request, the 2014 Quadrennial Defense Review was released, updating the long-term strategy of the U.S. to focus on defending the homeland against specific threats, projecting U.S. influence and projecting power. The Quadrennial Defense Review specifically emphasizes the importance of timely and accurate information regarding operational and tactical situations to ensure success in any military mission. The DoD uses a wide range of systems to provide such information in peacetime and conflict situations. Many of these systems include manned and unmanned airborne

intelligence, surveillance and reconnaissance platforms, which the DoD will continue to equip with new and better sensors for any operational environment. Specifically, the U.S. Special Operations Command, or SOCOM, relies upon a number of ISR platforms to help ensure the success of its missions. SOCOM's budget related to flight operations, communications, and related support is \$2.8 billion for fiscal year 2015, representing an increase of 8%, or \$205 million, over the budget for fiscal year 2014.

Table of Contents

Commercial Aircraft

Commercial aircraft and business jet activity continues to rebound from the financial crisis. According to the International Air Transport Association, international passenger air traffic increased 5.5% year-over-year as of October 2014 compared to the same period in 2013. Business jet deliveries grew 2% in the third quarter of 2014 compared to the same period in 2013, with the top five major business jet original equipment manufacturers plus Airbus and Boeing delivering 141 aircraft. Business jet usage continues to show steady improvement as U.S. business jet flight operations have grown 6.5% year-over-year as of September 2014.

Aircraft Leasing

The U.S. government has adopted a strategy of custom integration of sensors and command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) solutions on existing aircraft that support intelligence and communication activities in forward deployed areas. According to the U.S. Government Accountability Office, the U.S. government owns and leases over 1,700 aircraft, which play a critical role in supporting various agencies' mission-related responsibilities and operations. As acquisition and procurement budgets have tightened, government customers have increasingly turned to contract leasing solutions through operations and maintenance funding to reduce up-front cost and "red tape" associated with large procurement processes.

Maintenance and Modifications

A significant number of retrofit modifications for high end corporate aircraft is expected to be sourced as a result of recently initiated government regulatory requirements. In 2013, the Federal Aviation Administration (FAA) instituted a mandate requiring the installation of Future Air Navigation Systems (FANS) 1/A and Automatic Dependent Surveillance-Broadcast (ADS-B) technology on aircraft flying in the North Atlantic Track System (NATS), European and American airspace.

Competitive Strengths

Industry-Leading Expertise

Tempus' executive management team possesses over 40 years of combined experience in the special mission aircraft industry. The team brings a broad deal-sourcing network of trusted relationships within the U.S. government, a blend of asset knowledge and technical expertise and a track record of realizing proceeds from investments through a number of exit alternatives. Since 2009, the executive team of Tempus has won and led contracts with U.S. government end users in excess of \$500 million. Tempus' network of highly trained and experienced technicians offers complex design and engineering capabilities, with expertise covering a wide range of aircraft platforms, and has successfully completed projects with strict parameters and specifications for the U.S. government. Tempus' network of highly trained personnel have designed, integrated, and certified more than 70 aircraft, modified to conduct special mission operations in some of the most remote and harsh environments globally.

Leasing Solution is Aligned with the DoD's Aircraft Utilization Strategy

Downward pressure on acquisition/procurement budgets has made the acquisition of assets difficult for U.S. government agencies seeking customized C4ISR solutions. The rapid advancement of technology will continue to force these agencies to move to a contract leasing model for aviation assets operated according to FAA standards. Tempus is well-positioned to capitalize on the DoD's shifting strategy by offering a leasing solution of repurposed aircraft with advanced intelligence, surveillance and reconnaissance equipment as well as new generation command, control and communications systems for expeditionary use in forward deployed areas. By taking advantage of the commercial support network for popular business aircraft with a significant worldwide installed base, Tempus' solutions allow U.S. government contractors and their end customers to avoid replicating expensive logistics support tails, which can be costly and highly inefficient for smaller numbers of aircraft.

Significant Barriers to Entry

Significant entry barriers exist in Tempus' business and market due to the knowledge, regulatory licensing and capital required to purchase, modify, and maintain specialized aircraft assets. The Tempus management team maintains a unique and deep knowledge of both the commercial aviation and U.S. government special missions aircraft industry, which allows Tempus to use customized solutions that meet the specifications of its customers. Tempus personnel have earned the security clearances required to support various agencies within the DoD and intelligence community. Tempus' leasing model is well-positioned to benefit U.S. government contractors that generally have not been willing to own or manage aircraft assets due to their unwillingness to carry high levels of capital assets. Traditional leasing firms do not hold the requisite expertise, market knowledge or security clearances to address the unique U.S. government end customer.

Table of Contents

High Switching Cost for Customers

Tempus' strategy is to integrate and then provide ongoing operational services for aircraft that will be modified with extensive interior modifications, including VIP passenger accommodations for commercial customers and surveillance and communication technology for U.S. government end users. These solutions are highly engineered and place high switching costs on the customer due to the modification costs, which can total up to 50% - 200% of the base value of the aircraft, and prolonged aircraft downtime, typically 6 to 18 months, associated with modifying and outfitting an aircraft with the desired equipment. The combination of additional cost and increased time on the ground mitigates contract re-compete-risk for Tempus.

Secure, State-of-the-Art Facilities Strategically Located in Brunswick, ME

The members of Tempus have an option to lease hangar space at the former Naval Air Station in Brunswick, ME. The secure hangar facilities, with access to secure, compartmented information facilities, are strategically located on the Eastern seaboard, an area with a highly skilled labor force well suited to work on large structures in confined spaces, given the region's experience with shipbuilding. This location will afford Tempus the ability to more cost effectively accommodate systems integration requests internationally. The air station maintains runways and taxiways certified for B-747, A-340, and C-5 aircraft, which will allow Tempus to provide systems integration and modification services on wide body aircraft.

Highly Attractive Business Model Providing High Risk-Adjusted Returns

Tempus' business model allows it to achieve monthly lease rate factors ranging from 1.3% to 2.5%, compared to typical commercial monthly lease rate factors of less than 1.0%. The experience and track record of management as pioneers in this market allow for attractive pricing, as risks are well understood and adequately mitigated. Tempus seeks to employ conservative leverage, secured by modified aircraft assets under contract with end users, to be backed by strong cash flows that can support both interest payments and future investment in the business.

Meaningful Marketing and Cross Selling Opportunities within Targeted Customer Base

Tempus' strategy of providing turnkey and customized design, engineering, modification and integration services and operations solutions that support aircraft critical mission requirements helps position it to meet other aviation needs of its customers. For example, Tempus expects to be able to procure or broker an underutilized and undervalued asset for a customer and develop the engineering and perform the modifications required to repurpose the aircraft. Once

complete, Tempus may sell or lease the repurposed aircraft to the end customer. Ideally, Tempus will modify an aircraft for an operationally specific purpose, after which the customer will utilize Tempus to assist in an operational capacity. Cross-selling opportunities such as these should allow Tempus to maintain and expand business with existing customers as well as procure new customers.

Growth Strategy

Re-enter the Market for Turnkey Solutions for Government Customers

Tempus' CEO, Mr. Terry, has previously run, grown and sold two companies that provided turnkey commercial aviation services for government customers, Flight International and Orion. Upon the sale of Orion, which was founded by Mr. Terry, he entered into the Orion non-compete which has expired. The management and employees of Tempus retain extensive relationships in the previously restricted market.

Continued Additions of Complementary Capabilities

Tempus plans to opportunistically add related capabilities within target end-markets, including through acquisitions.

Table of Contents

Capitalize on the Increased Demand for Special Mission Modifications and Aircraft Leasing Solutions

The majority of Tempus' aircraft will be modified and equipped to perform C4ISR missions, logistics and training support for U.S. government contractors and commercial customers. Tempus expects to maintain its competitive advantage of offering a contract leasing model for aviation assets due to continued downward pressure on acquisition and procurement budgets. Utilization of the operations and maintenance budget is increasing within the DoD and other agencies as U.S. government customers have found contract leasing solutions to be a more nimble procurement process than large aircraft acquisitions.

Expand into International Markets

International markets provide attractive opportunities for both leased and managed aircraft. International lease programs tend to be more comprehensive than domestic opportunities and guaranteed for longer terms, as many international governments are not bound by the one-year budget cycle of the U.S. government's appropriations process. Aircraft management customers with significant international flight operations are attractive to Tempus, given their requirements for long-range and expensive aircraft.

Address Key Aviation Regulatory Mandates with Design and Engineering Capabilities

Mandates for FANS 1/A began in 2013 for the most efficient tracks in the North Atlantic Track System (NATS), and will be implemented by U.S. and Canadian authorities in continental airspace as early as 2015. In 2015, NATS will require FANS 1/A technology at optimum altitudes, expanding to most of the North Atlantic airspace by 2017. Non-compliant aircraft will be prohibited from this airspace, increasing total trip distance, time, fuel emissions and operating costs. Tempus has proactively expanded its design and engineering capabilities relating to FANS 1/A, providing Bombardier Global Express aircraft owners a fully integrated approach to becoming compliant.

Opportunistically Invest in Aircraft

Tempus will draw on years of experience in identifying transactions that offer the greatest opportunity to realize superior returns over the life of an aircraft and benefit from the arbitrage gained from transitioning and modifying idle or undervalued aircraft into configurations that provide valuable services to the owner or end user. Tempus seeks aircraft target investments that have the following characteristics:

Aircraft under contract to the U.S. or foreign government agencies;

Business aircraft expected to retain attractive residual value;

Business aircraft supported by an efficient worldwide commercial infrastructure ; and

Highly modified business aircraft.

Capabilities

Design and Engineering

Tempus personnel have differentiated aerospace design and engineering capabilities, which provides Tempus with the ability to design FAA-certified airworthy solutions tailored to the specifications of the end customer. Tempus offers major interior completion projects, including design and materials specifications, renderings and layout of passenger accommodations development. FAA-licensed designated engineering representatives assist with project-specific and conformity plans to ensure FAA approval of new technology installations.

Systems Integration

Tempus provides integration services for complex, longer-term aircraft modification projects to U.S. and foreign government agencies, prime defense contractors and corporations. Modifications can be made for airborne research and development; command and control, communications interoperability, and relay; electronic warfare/threat simulation; head of state/head of agency transportation; logistics support; ISR; personnel recovery and extraction; systems engineering; and interior completions.

Operations

Tempus personnel have extensive experience providing clients with 24/7/365 dispatch and operations center services. Its comprehensive aviation services includes fueling, international handling, permits, weather, flight planning and customs clearance. In addition, Tempus provides a range of aircraft, crew, maintenance & insurance (ACMI) services to high net worth and government clients.

Recent Developments

Since its formation in December 2014, Tempus has engaged in marketing and negotiation efforts intended to convert current business opportunities into signed contracts and to identify and develop additional opportunities, and expects to be able to make public announcements in the near future and on an ongoing basis regarding the signing of additional contracts, the awarding of bids and the acceptance of new proposals, as and to the extent these developments occur. As of the date of this proxy statement/prospectus, Tempus' signed contracts, submitted bids and other business opportunities are set forth below.

Contracts

1 U.S. contract (classified). Revenue earned per task order. Estimated revenues of \$5 million annually for at least 3-5 years.

1 aircraft management contract. Revenue earned based on aircraft flight hours. Estimated revenues of \$6.5-13.0 million annually ^{(a)(b)}

PC-12 ISR aircraft lease to a U.S. state law enforcement agency for a 5-year period. Expected revenues of \$7.2 million over 5 years.

Contracts Awarded and in Final Negotiation

1 U.S. contract (classified). Estimated revenues of \$40 million annually for at least 3 to 5 years.

Table of Contents

Bids Submitted

NATO member country ISR aircraft; bid to provide modified special mission aircraft as well as training and maintenance support.

Head of state aircraft interior completion.

Ultra high net worth individual aircraft interior completion.

Although there can be no assurance that Tempus will be successful in winning the foregoing submitted bids, Tempus' management has estimated the aggregate potential value of such contracts to be approximately \$375 million over 5 years.

(a) These contracts are for the management and operation of aircraft under Federal Aviation Regulations ("FAR") Part 91 and were originally entered into by a company owned by Mr. Terry that provided aircraft charter operations under FAR Part 135. In anticipation of the initial entry of Chart and TJ Group into the Acquisition Agreement, the contracts were cancelled and re-entered into by the counterparties and TJ Group, and personnel associated with the performance of the contracts were transferred to TJ Group. This was done in expectation that the combined Chart-TJ Group entity would develop an aircraft modifications and government contracting business following the expiration of the Orion non-compete, and that such a business would in part involve the operation of aircraft on behalf of customers. Following the subsequent entry of Chart and Tempus into the Merger Agreement and the termination of the Acquisition Agreement, the contracts were again cancelled and re-entered into by the counterparties and Tempus, and personnel associated with the performance of the contracts were transferred to Tempus. It is estimated that the contracts represented less than 4% of TJ Group's revenues.

(b) Earlier in 2015, the client behind this contract owned 2 aircraft and entered into 2 aircraft management contracts with Tempus, with each contract representing the management of one of the aircraft, and each contract representing, in Tempus' estimation, \$6.5 million of revenue to Tempus annually. Recently, the client sold one of the aircraft. As a result, the client and Tempus currently have only one aircraft management contract outstanding between them. Nevertheless, Tempus management expects that the client will be replacing the sold aircraft, and in the interim will increase its use of the remaining aircraft. Because revenue to Tempus under aircraft management contracts such as these is based on aircraft flight hours, Tempus estimates that the revenue it will earn from the one remaining contract will be \$6.5-13.0 million annually.

(c) This contract is for the lease of an aircraft to a government customer, and was originally entered into by TJ Group pursuant to a waiver from the Orion non-compete. Because TJ Group has no other government business, and because

Tempus, and not TJ Group, is developing an aircraft modifications and government contracting business following the expiration of the Orion non-compete, the contract has been cancelled and re-entered into by the counterparties and Tempus. It is estimated that the contracts represented less than 5% of TJ Group's revenues.

Table of Contents

Customers

Tempus markets to a global customer base of U.S. and foreign governments, corporations, heads of state, high net worth individuals and others. Prospective customers include the U.S. intelligence community, DoD, the U.S. Air Force, Army and Navy, the U.S. Department of Homeland Security and large prime U.S. government contractors.

Competition

Tempus believes that its expertise, certifications and U.S. government security clearances allow it to compete effectively within its target markets. In the special mission modifications and leasing business markets, Tempus competes with companies that provide ISR and data acquisition modification solutions to both turboprop and business jet aircraft for government customer users. These companies include Alliant Techsystems, Dynamic Aviation, L-3 Communications, Field Aviation, Israel Aerospace Industries and Sierra Nevada. Within the design and engineering business market, Tempus also competes with companies that have Wide Body Completion Data Licenses, including Associated Air Center, Comlux, Greenpoint, and Jet Aviation.

Employees

As of June 30, 2015, Tempus had 33 employees, including four in systems integration, four in engineering and design, 21 in operations and four in executive and administrative roles. Certain of these employees had previously been TJ Group personnel, including Mr. Terry and Tempus' Chief Financial Officer, Mr. Priest; 3-4 individuals with program management skills of value in Tempus' modifications business but not in TJ Group's business; and 15-20 individuals employed in the performance of the aircraft management and operations charter contracts held during a portion of 2014 by TJ Group. See "-Recent Developments" above. TJ Group's headcount remains approximately 80.

Properties

Tempus does not own any real estate or other physical properties materially important to its operation. Tempus' executive office is located at 133 Waller Mill Road, Williamsburg, Virginia 23185.

MANAGEMENT OF TEMPUS

Executive Officers

Overview

Tempus Applied Solutions, LLC (“Tempus”, or the “Company”) was registered in the State of Delaware on December 4, 2014. The Company was formed to provide customized engineering, integration and operations solutions that support critical missions of the United States Department of Defense (DoD) and the Intelligence Community and that meet the requirements of foreign governments and heads of state worldwide. Tempus designs and implements special mission aircraft modifications related to intelligence, surveillance and reconnaissance systems, new generation command, control and communications systems and VIP interior components and provide ongoing operational support including flight crews and maintenance services to customers.

Since its formation in December 2014, Tempus has engaged in marketing and negotiation efforts intended to reduce its current business opportunities to signed contracts and to identify and develop additional opportunities, and expects to be able to make public announcements in the near future and on an ongoing basis regarding the signing of additional contracts, the awarding of bids and the acceptance of new proposals, as and to the extent these developments occur. As of March 31, 2015, Tempus’ business consists of contracts, submitted bids and other business opportunities as set forth below.

Contracts Signed and commenced

- 1 aircraft management contract. Revenue earned based on aircraft flight hours. Estimated revenues of \$6.5-\$13.0 million annually.
- 2 aircraft operations contracts. Revenues earned based on aircraft flight hours. Estimated revenues of \$0.8 million annually, for each contract.

Results of Operations

For the three-months ended March 31, 2015 Tempus had a net loss of \$309,130. As of March 31, 2015 Tempus has commenced performance and recognized revenue totaling \$1,822,056 and cost of revenue of \$1,508,140. These results include total operating expenses of \$613,392. It is expected that as the contemplated transaction with Chart Acquisition Corporation is consummated we will incur increased operating expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance) as well as for increased sales, marketing, business development, professional services, salaries and benefits for executive and administrative personnel, facility costs, recruiting, and other general corporate expenses.

As shown below, two customers each represented greater than 10% of our revenue for the three-months ended March 31, 2015. One customer, under two separate contracts, represented 64%, of our revenue while a second customer represented 19%.

Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer the Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures as of March 31, 2015, and, based on their evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that these controls and procedures were effective as of March 31, 2015.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during our first fiscal quarter of 2015 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Internal Controls

Readers are cautioned that our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. An internal control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our control have been detected. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any control design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

Director and Executive Officer Qualifications

Tempus Holdings has not formally established any specific, minimum qualifications that must be met by each of its officers or directors or specific qualities or skills that are necessary for one or more of its officers or members of the board of directors to possess. However, Tempus Holdings expects to generally evaluate the following qualities: educational background, diversity of professional experience, including whether the person is a current or was a former CEO or CFO of a public company or the head of a division of a prominent international organization, knowledge of Tempus Holdings' business, integrity, professional reputation, independence, wisdom, and ability to

represent the best interests of Tempus Holdings' stockholders.

Tempus Holdings' officers and board of directors will be composed of a diverse group of leaders in their respective fields. Many of these future officers or directors have senior leadership experience at domestic and international companies. In these positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management, and leadership development. Many of Tempus Holdings' officers and directors also have experience serving on boards of directors and/or board committees of other public companies and private companies, and have an understanding of corporate governance practices and trends, which provides an understanding of different business processes, challenges, and strategies. Further, these officers and directors also have other experience that makes them valuable, such as managing and investing assets or facilitating the consummation of business combinations.

Table of Contents

Tempus Holdings, along with its officers and directors, believe that the above-mentioned attributes, along with the leadership skills and other experiences of Tempus Holdings' officers and board members described above, provide Tempus Holdings with a diverse range of perspectives and judgment necessary to facilitate Tempus Holdings' goals of shareholder value appreciation through organic and acquisition growth.

Number and Terms of Office of Officers and Directors

Tempus Holdings' board of directors will be divided into three classes, with only one class of directors being elected in each year, and each class serving a three-year term. The term of office of the first class of directors, consisting of Messrs. Cohen and Krieg, will expire at the 2015 annual meeting of stockholders. The term of office of the second class of directors, consisting of Messrs. Brady and Olver, will expire at the 2016 annual meeting of stockholders. The term of office of the third class of directors, consisting of Messrs. Wright, Terry and Gulbin, will expire at the 2017 annual meeting of stockholders.

Tempus Holdings' officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Tempus Holdings' board of directors is authorized to appoint persons to the offices set forth in Tempus Holdings' amended and restated bylaws as it deems appropriate. Tempus Holdings' amended and restated bylaws provide that Tempus Holdings' officers may consist of a chairman of the board, chief executive officer, president, chief financial officer, vice presidents, secretary, treasurer and such other officers as may be determined by the board of directors.

Collectively, through their positions described above, Tempus Holdings' anticipated officers and directors have extensive experience in aviation, private equity businesses, public companies and government services.

Governance

Tempus Holdings may seek to list on the NASDAQ Capital Market at some time in the future, and as a result Tempus Holdings will seek to comply generally with NASDAQ corporate governance requirements on an ongoing basis.

Classified Board of Directors

Tempus Holdings' charter will provide for a board of directors classified into three classes, as nearly equal in number as possible, whose terms of office expire in successive years. Tempus Holdings' board of directors is expected to consist of seven directors as set forth above.

Director Independence

It is anticipated that the board of directors of Tempus Holdings will affirmatively determine that each of Messrs. Wright, Brady, Gulbin, Krieg and Olver are independent in accordance with the Listing Rules (the "NASDAQ Listing Rules") of the NASDAQ Stock Market LLC. It is anticipated that the board of directors will affirmatively determine that no director (other than Messrs. Terry and Cohen) has a material relationship with Tempus Holdings, either directly or as a partner, stockholder or officer of an organization that has a relationship with Tempus Holdings.

Tempus Holdings is expected to have the following standing committees: the Audit Committee and the Compensation Committee. Each of the standing committees of the board of directors is composed entirely of independent directors.

Audit Committee

Tempus Holdings is expected to have a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act and NASDAQ Listing Rules. In addition, the board of directors is expected to adopt a written charter for the Audit Committee. The Audit Committee's duties, which will be specified in its charter, will include, but are not limited to:

reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our annual reports;

Table of Contents

discussing with management major risk assessment and risk management policies;

monitoring the independence of the independent auditor;

verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law

reviewing and approving all related-party transactions;

inquiring and discussing with management our compliance with applicable laws and regulations;

pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;

appointing or replacing the independent auditor;

determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and

approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

The Audit Committee will be comprised of Messrs. Brady, Gulbin and Krieg. It is anticipated that the board of directors will determine that Mr. Gulbin is an audit committee financial expert, as defined by the SEC rules, based on his education, experience and background. In addition, Tempus Holdings must certify to NASDAQ that the Audit Committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. It is anticipated that the board of directors will determine that Messrs. Brady and Gulbin both satisfy this requirement.

Tempus Holdings is expected to have a separately-designated standing Compensation Committee established in accordance with the NASDAQ Listing Rules. The Compensation Committee will be comprised of Messrs. Wright, Brady and Olver. The Compensation Committee will have overall responsibility for determining and approving the compensation of Tempus Holdings' Chief Executive Officer and reviewing and approving the annual base salaries and annual incentive opportunities of Tempus Holdings' executive officers. These analyses and recommendations are to be conveyed to the Compensation Committee, and the Compensation Committee takes such information into consideration in making its compensation decisions. The Compensation Committee will adopt a written charter.

Director Recommendations and Nominations

It is anticipated that the board of directors will not maintain a separate nominating committee as it believes that the independent directors of the board of directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. The independent directors of the board of directors will be responsible for assembling and maintaining a list of qualified candidates to serve on the board of directors, and it will periodically review this list and researches the talent, skills, expertise, and general background of these candidates. The board of directors will from time to time review and consider candidates recommended by stockholders.

It is anticipated that the independent members of the board of directors will not have a formal policy with regard to consideration of diversity in identifying director nominees. The independent board members may consider diversity, which could include diversity with respect to experience, skill set, age, areas of expertise and professional background, as well as race, gender and national origins, along with many other criteria, in selecting director nominees.

Whether recommended by a stockholder or chosen by the independent directors, a candidate will be selected for nomination based on his or her talents and the needs of the board of directors. Although the board of directors is not expected to have a formal diversity policy, it is expected that the independent directors will consider such factors as they deem appropriate to assist in developing a board of directors and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors may include decision-making ability, judgment, personal integrity and reputation, experience with businesses and other organizations of comparable purpose and size, experience as an executive with a publicly traded company, and the extent to which the candidate would be a desirable addition to the board of directors and any committees of the board of directors. Director candidates will be evaluated in view of the criteria described above, as well as other factors deemed to be relevant by the board of directors, through reviews of biographical and other information, input from others, including members of the board of directors and executive officers of Tempus Holdings, and personal discussions with the candidate when warranted by the results of these other assessments.

Code of Conduct and Ethics

It is anticipated that the board of directors will adopt a Code of Ethics that applies to all its employees including its principal executive, financial and accounting officers.

EXECUTIVE COMPENSATION AFTER THE BUSINESS COMBINATION

Executive Officer and Director Compensation

It is currently anticipated that Tempus Holdings will be offering new employment agreements to certain current executive officers of Tempus after the consummation of the Business Combination. The terms of these agreements will be disclosed after such agreements are finalized.

Expected Compensation Policies

Tempus Holdings has not yet developed a comprehensive executive officer and director compensation program and philosophy with respect to the executive officers and directors who will manage Tempus Holdings in connection with the consummation of the Business Combination. Tempus Holdings expects that such a program and philosophy will be developed after the consummation of the Business Combination, but will be substantially as described below.

Executive Compensation

Tempus Holdings will seek to provide total compensation packages that are competitive, tailored to the unique characteristics and needs of Tempus Holdings within its industry, and that will adequately reward its executives for their roles in creating value for Tempus Holdings' stockholders. Tempus Holdings intends to be competitive in its executive compensation with other similarly situated companies in its industry following the consummation of the Business Combination. The compensation decisions regarding Tempus Holdings' executives will be based on its need to attract individuals with the skills necessary to achieve its business plan, to reward those individuals fairly over time, and to retain those individuals who continue to perform at or above Tempus Holdings' expectations.

Tempus Holdings anticipates that its executives' compensation will consist of three primary components: salary, incentive bonus and stock-based awards issued under the Plan. Tempus Holdings anticipates determining the appropriate level for each compensation component based in part, but not exclusively, on its view of internal equity and consistency, individual performance, Tempus Holdings' performance and other information deemed relevant and timely.

Compensation Arrangements for Directors

Upon the consummation of the Business Combination, non-employee directors of Tempus Holdings will receive varying levels of compensation for their services as directors based on their eligibility as members of Tempus Holdings' audit and compensation committees. Tempus Holdings anticipates determining director compensation in accordance with industry practice and standards.

Compensation Committee Information

The Compensation Committee will have overall responsibility for determining and approving the compensation of Tempus Holdings' Chief Executive Officer and reviewing and approving the annual base salaries and annual incentive opportunities of Tempus Holdings' executive officers. Tempus Holdings may utilize the services of independent consultants to perform analyses and to make recommendations relative to executive compensation matters. These analyses and recommendations will be conveyed to the Compensation Committee, and the Compensation Committee will take such information into consideration in making its compensation decisions. The Compensation Committee will adopt a written charter.

Compensation of Tempus Holdings' Board and Executive Officers

The executive and director compensation will be determined by Tempus Holdings' board, following the consummation of the Business Combination. Any compensation to be paid to Tempus Holdings' executive officers will be determined, or recommended to the Tempus Holdings' board for determination, by the Compensation Committee.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined balance sheet as of March 31, 2015 and the unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2015 are based on the historical financial statements of Tempus and Chart after giving effect to the Business Combination, including the transactions preceding the Business Combination that we refer to herein as the Financing. The following unaudited pro forma condensed combined statement of operations for the year ended December 31, 2014 was based on the historical financial statements of Tempus and Chart after giving effect to the Business Combination. The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2015 was derived from Tempus's unaudited statement of operations and Chart's unaudited statement of operations, in each case, for the three months ended March 31, 2015 and gives pro forma effect to the Business Combination as if it has been completed on January 1, 2015. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2014 was derived from Tempus's audited consolidated statement of operations and Chart's audited consolidated statement of operations, in each case, for the year ended December 31, 2014 and gives pro forma effect to the Business Combination as if it has been completed on January 1, 2014. The unaudited pro forma condensed combined balance sheet as of March 31, 2015 was derived from Tempus's unaudited balance sheet and Chart's unaudited balance sheet as of March 31, 2015 and gives pro forma effect to the Business Combination as if it had been completed on March 31, 2015.

The pro forma adjustments are based on information currently available. The unaudited pro forma condensed combined statement of operations does not purport to represent, and is not necessarily indicative of, what the actual results of operations of the combined company would have been had the Business Combination taken place on the date indicated, nor is it indicative of the consolidated results of operations of the combined company for any future period. The unaudited pro forma condensed combined balance sheet does not purport to represent, and is not necessarily indicative of, what the actual financial condition of the combined company would have been had the Business Combination taken place on the date indicated, nor is it indicative of the consolidated financial condition of the combined company as of any future date. The unaudited pro forma condensed combined financial information should be read in conjunction with the sections entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations of Chart" and "Management's Discussion and Analysis of Financial Condition and Results of Operations of Tempus" and the historical financial statements and notes thereto of Chart and Tempus included herein.

Tempus is considered to be the acquirer for accounting purposes because Chart is a non-operating public shell company; Tempus is a private operating company; all operations of the combined entity will be Tempus' operations and will be managed and executed by Tempus' officers and employees; and the principals of Tempus will become majority owners of the equity capital of the combined entity if there are redemptions by Chart's public stockholders up to or near the maximum level that would permit completion of the Business Combination (and will become owners of a substantial minority of the combined entity's equity capital even if the level of redemptions is not up to or near the maximum level). This is the case despite the fact that the combined entity will begin its existence with four of its seven directors being associated with Chart (which may change as soon as the combined entity's first annual meeting of stockholders is held in 2015, at which time two of the four directors associated with Chart will be subject to reelection). Given the foregoing, the Business Combination is a capital transaction in substance and does not

constitute the acquisition of a business for purposes of Financial Accounting Standards Board's Accounting Standard Codification 805, "Business Combinations," or ASC 805. As a result, the assets and liabilities of Tempus and Chart will be carried at historical cost and there will be no step-up in basis or goodwill or other intangible assets recorded as a result of the Business Combination. All direct costs of the Business Combination will be accounted for as a charge to additional paid-in capital.

The unaudited pro forma condensed combined financial information has been prepared to illustrate the effect of the Business Combination. It has been prepared for informational purposes only and is subject to a number of uncertainties and assumptions. The historical financial statements have been adjusted in the unaudited pro forma condensed combined financial information to give effect to pro forma events that are (1) directly attributable to the Business Combination, (2) factually supportable and (3) with respect to the statement of operations, expected to have a continuing impact on the results of the combined company.

The unaudited pro forma condensed combined financial information has been prepared assuming two alternative levels of redemptions of Chart common stock:

Assuming No Redemption: This presentation assumes that no Chart stockholders exercise redemption rights with respect to their public shares for a pro rata portion of the trust account; and

Assuming Maximum Redemption: This presentation assumes that all Chart stockholders exercise their redemption rights with respect to a maximum of 2,827,529 public shares (adjusted for 149,395 public shares redeemed in June 2015). Chart has no specified maximum redemption threshold except that it must retain at least \$5,000,001 of net tangible book value.

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

AS OF AND FOR THE PERIOD ENDED MARCH 31, 2015

To record the redemption of 149,395 public shares of Chart common stock in June 2015 resulting in a reduction in (A) the trust account balance of \$1,493,950. The \$1,493,950 is calculated by multiplying the 149,395 redeemed public common shares by \$10.00 per share.

To record the reclassification of \$28,275,689 of cash and investments held in Chart's trust account that become available for transaction consideration, transaction expenses, redemption of public shares and the operating activities of Tempus following the Business Combination. The \$28,275,689 is calculated by multiplying the (B) 2,827,529 redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) by \$10.00 per share and adding a dividend of \$399 earned by the trust account in March 2015. The \$28,275,689 represents the balance in the trust account as of March 31, 2015 (adjusted for a \$1,493,950 decrease in the trust account balance reflecting the public shares redeemed in June 2015) converted to permanent equity in the no-redemption scenario.

To reflect the payment of the merger consideration, consisting of 3,700,000 shares of common stock at \$10.00 per share, or a total of \$37,000,000. This does not take into account the potential issuance of up to an additional (C) 6,300,000 Earn-out Shares to the Sellers upon the achievement of certain financial milestones, or other price adjustments under the Merger Agreement. The unaudited pro forma condensed combined financial information does not reflect issuance of any Earn-out Shares.

To reflect the reclassification of 1,469,659 shares of Chart common stock (adjusted for 149,395 public shares redeemed in June 2015) aggregating \$14,696,593 of Chart common stock (adjusted for a \$1,493,950 decrease in (D) the trust account balance reflecting the public shares redeemed in June 2015) subject to conversion to permanent equity.

(E) To reflect the payment of deferred underwriting fees relating to the Chart IPO.

To reflect additional transaction costs not previously recorded of \$5,887,309 related to the Business Combination. Of this amount, \$916,407 represents Business Combination-related expenses, including professional fees and travel related costs expected to be incurred subsequent to March 31, 2015 and expected to be recorded on the respective financial statements of the combining entities, \$1,850,000 represents investment banking and legal fees (F) that are contingent upon the closing of the Business Combination. The remaining balance of \$3,120,902 represents Business Combination-related expenses, including professional fees and travel related costs, which are obligations of the individual members of Tempus. Under the terms of the Merger Agreement, the individual Tempus members will be reimbursed for these expenses upon the closing of the Business Combination. The classification and amounts of the relevant expenses are as set forth below:

**Transaction Costs Not Previously Recorded
and Related to the Business Combination**

Legal	\$1,265,572
Accounting	907,485
Consulting	866,159
Investment Banking	14,490
Travel/Other	67,196
	\$3,120,902

(G) To reflect payment of transactions costs of \$8,171,873 related to the Business Combination.

To record issuance of additional notes payable to the Sponsor of \$140,000 and \$308,333, respectively in April and (H) June 2015. In addition, to record issuance of additional notes payable to an affiliate of the Sponsor of \$191,667 in May 2015.

(I) To reflect payment on the notes payable to the Sponsor and the affiliate of the Sponsor at closing. While \$750,000 of the \$2,240,000 notes are convertible, it is assumed that all notes will be paid in cash.

(J) To reclassify members' equity to additional paid in capital.

(K) To reflect the receipt of \$16,000,000 by Chart Financing Sub Inc., a wholly owned subsidiary of Chart, as part of the Financing.

(L) To reflect the issuance of Convertible Preferred Stock and Common Stock by Tempus Holdings as a result of the Financing.

To reflect the cash payment to Chart's public stockholders exercising redemption rights and the proportional decrease in Chart's outstanding shares of common stock. The \$28,275,290 was calculated by taking the 2,827,529 (M) redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) and multiplying that number by \$10.00 per share. The \$28,275,290 assumes that all 2,827,529 redeemable public common shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015) will be redeemed as part of the Business Combination at \$10.00 per share.

Chart currently has a provision in its warrant agreement that causes the warrants to be treated as a derivative (N) liability. The approximately \$2,205,000 income statement impact resulting from the change in fair value of the warrant liability has not been removed in the pro forma income statement.

To remove \$30,000 of expenses pursuant to Chart's administrative service agreement that terminates upon the (O) closing of the Business Combination. In addition, to remove \$486,194 of transaction costs previously included in professional fees as part of the Business Combination.

Table of Contents

Pro forma earnings per share (EPS), basic and diluted, are computed by dividing income (loss) by the weighted average number of shares of common stock/units outstanding during the period. The unaudited pro forma condensed combined basic and diluted earnings per share calculations are based on the historic Chart weighted average number of shares outstanding of 3,703,210 and the historic Tempus weighted average number of units outstanding of 10,000 both as of March 31, 2015, adjusted by: (a) 1,374,319, to increase the weighted average share amount to 5,077,529 as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015), representing the total number of shares outstanding as of March 31, 2015 (adjusted for 149,395 public shares redeemed in June 2015), including the shares no longer subject to redemption subsequent to the consummation of the Business Combination, (b) 3,700,000 shares to be issued to the Sellers in connection with the Business Combination and (c) 2,664,604 and 1,335,396, respectively in common and preferred stock as part of the Financing. The effect of Chart's 7,875,000 outstanding warrants has not been included in the diluted earnings per share amount since the exercise price of the dilutive securities are in excess of the average Company's stock price for the three months ended March 31, 2015 and are deemed out of the money. The warrants being issued as part of the Financing have not been included in the diluted earnings per share amount since the exercise price of the dilutive securities are in excess of the stock price as of the date of the Financing and are deemed out of the money. The calculation of the pro-forma weighted average number of shares, basic and diluted, is as follows:

**NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2014**

To reflect the cash payment to Chart's public stockholders exercising redemption rights and the proportional decrease in Chart's outstanding shares of common stock. The \$28,275,290 was calculated by multiplying the 2,827,529 redeemable public shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 (A) shares redeemed in March and June 2015, respectively) by \$10.00 per share. The \$28,275,290 assumes that all 2,827,529 redeemable public shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in March and June 2015, respectively) will be redeemed in connection with the Business Combination at \$10.00 per share.

To remove \$120,000 of expenses pursuant to Chart's administrative service agreement that terminates upon the (B) closing of the Business Combination. In addition, to remove \$2,304,387 of transaction costs previously included in professional fees as part of the Business Combination.

Pro forma earnings per share (EPS), basic and diluted, are computed by dividing income (loss) by the weighted average number of shares of common stock/units outstanding during the period. The unaudited pro forma condensed combined basic and diluted earnings per share calculations are based on the historic Chart weighted average number of shares outstanding of 3,541,784 and the historic Tempus weighted average number of units outstanding of 10,000 both as of December 31, 2014, adjusted by: (a) 1,535,745, to increase the weighted average share amount to 5,077,529 as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in (C) March and June 2015, respectively), representing the total number of shares outstanding as of December 31, 2014 (adjusted for 3,558,385 and 149,395 shares redeemed in March and June 2015, respectively), including the shares no longer subject to redemption subsequent to the consummation of the Business Combination, (b) 3,700,000 shares to be issued to the Sellers in connection with the Business Combination and (c) 2,664,604 and 1,335,396, respectively in common and preferred stock as part of the Financing. The effect of Chart's 7,875,000 outstanding warrants has not been included in the diluted earnings per share amount because such effect has been determined to be anti-dilutive for the period ended December 31, 2014. The calculation of the pro-forma weighted average number of shares, basic and diluted, is as follows:

Weighted average number of shares/units reported	3,551,784
Add: Redeemable public IPO shares	1,525,745

DESCRIPTION OF CHART'S SECURITIES

Pursuant to Chart's existing charter, Chart's authorized capital stock consists of 29,000,000 shares of common stock, \$0.0001 par value, and 1,000,000 shares of undesignated preferred stock, \$0.0001 par value. The following description summarizes the material terms of Chart's capital stock. Because it is only a summary, it may not contain all the information that may be important to you.

Units

Each unit consists of one share of common stock and one warrant. Each warrant entitles the holder to purchase one share of common stock. The common stock and warrants comprising the units began separate trading on February 4, 2013.

Common Stock

As of the date of this proxy statement/prospectus, there were 5,077,529 shares of Chart common stock outstanding. Simultaneously with the closing of the IPO, the Sponsor purchased 231,250 placement units, Joseph Wright, Chart's Chairman and Chief Executive Officer, purchased 12,500 placements units and Cowen purchased 131,250 placement units. Each placement unit sold in the private placement consists of one share of Common Stock and one warrant to purchase one share of common stock with an exercise price of \$11.50, at a price of \$10.00 per unit (a total of \$3,750,000). These placement units and their component securities are subject to lock-up provisions. The placement warrants are non-redeemable so long as they are held by the initial holders or their permitted transferees. The placement warrants, whenever exercisable, may also be exercised by the initial holders, or their permitted transferees, for cash or on a cashless basis. In addition, the placement warrants which form a part of the placement units issued to Cowen, so long as they held by Cowen or any of its related persons under FINRA rules, will expire five years from December 13, 2012, or earlier upon Chart's liquidation, instead of five years from the consummation of Chart's initial business combination, or earlier upon Chart's liquidation. Other than as stated above, the placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units at the IPO. The Chart Group L.P., an affiliate of certain of Chart's officers and directors, has sole voting and dispositive control of the shares of Chart common stock held by the Sponsor.

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. Chart's board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors. Chart's stockholders are entitled to receive ratable dividends when, as and if

declared by the board of directors out of funds legally available therefor.

Chart is providing all stockholders with the opportunity to redeem their shares upon the consummation of the Business Combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes or the payment of taxes, divided by the number of then outstanding public shares, subject to the limitations described herein and any limitations (including but not limited to cash requirements) agreed to in connection with the negotiation of terms of a proposed business combination. Each of Chart's initial stockholders and Cowen, as applicable, has agreed to waive its redemption rights with respect to the founder shares and placement shares, (i) in connection with the consummation of Chart's initial business combination, (ii) if Chart fails to consummate Chart's initial business combination prior to July 31, 2015, (iii) in connection with an expired or unwithdrawn tender offer, and (iv) upon Chart's liquidation prior to July 31, 2015. To the extent Chart's initial stockholders transfer any of these securities to Chart's officers and directors, Chart's officers and directors will agree, as a condition to such transfer, to waive these same redemption rights. Chart's initial stockholders have agreed, and Chart's officers and directors, as applicable, will agree, to vote their respective founder shares, placement shares and any public shares purchased in or after the IPO in favor of the Business Combination.

Table of Contents

Chart will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules. Chart will consummate the Business Combination only if a majority of the outstanding shares of common stock are voted in favor of the Business Combination. However, the participation of Chart's initial stockholders, officers, directors, or their respective affiliates in privately-negotiated transactions, if any, could result in the approval of the Business Combination even if a majority of Chart's public stockholders vote, or indicate their intention to vote, against the Business Combination.

Chart's existing charter provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 20% or more of the shares sold in the IPO.

Chart's initial stockholders and each of Chart's officers and directors have agreed to vote any founder shares and any placement shares held by them and any public shares purchased after the IPO in favor of the Business Combination. Assuming the Business Combination is approved, each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the Business Combination, for cash equal to a pro rata share of the aggregate amount then on deposit in the trust account, including interest but less interest withdrawn for working capital purposes, to pay taxes or dissolution costs and excluding the deferred underwriting discount.

Pursuant to Chart's existing charter, if Chart is unable to consummate a business combination prior to July 31, 2015, Chart will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although Chart expects all or substantially all of such interest released to be used for working capital purposes), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of Chart's remaining stockholders and Chart's board of directors, dissolve and liquidate, subject in each case to Chart's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Each of Chart's initial stockholders and Cowen (as applicable) has agreed to waive its redemption rights with respect to the founder shares and placement shares contained within the placement units (i) in connection with the consummation of a business combination, (ii) if Chart fails to consummate Chart's initial business combination prior to July 31, 2015, (iii) in connection with an expired or unwithdrawn tender offer, and (iv) otherwise upon Chart's liquidation or in the event Chart's board of directors resolves to liquidate the trust account and ceases to pursue the consummation of a business combination prior to July 31, 2015. However, if Chart's initial stockholders or any of Chart's officers, directors or affiliates or Cowen acquire public shares in or after the IPO, they will be entitled to redemption rights with respect to such public shares if Chart fails to consummate its initial business combination within the required time period.

In the event of a liquidation, dissolution or winding up of the company after Chart's initial business combination, Chart's stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the common stock. Chart's stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to Chart common stock, except that upon the consummation of Chart's initial business combination, subject to the limitations described herein, Chart is providing its stockholders with the opportunity to redeem their shares of Chart common stock for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although Chart expects all or substantially all of such interest released to be used for working capital purposes).

Founder Shares and Placement Shares

The founder shares and placement shares are each identical to the shares of common stock included in the units sold in the IPO, and holders of founder shares or placement shares, as applicable, have the same stockholder rights as public stockholders, except that (i) the founder shares and placement shares are subject to certain transfer restrictions, as described in more detail herein, and (ii) each of Chart's initial stockholders and Cowen, as applicable, has agreed to waive its redemption rights with respect to their founder shares and placement shares, (A) in connection with the consummation of a business combination, (B) if Chart fails to consummate the Business Combination prior July 31, 2015, (C) in connection with an expired or unwithdrawn tender offer, and (D) upon Chart's liquidation prior to July 31, 2015. To the extent Chart's initial stockholders transfer any of these securities to Chart's officers and directors, Chart's officers and directors will agree, as a condition to such transfer, to waive these same redemption rights. Also, Cowen purchased 131,250 placement units, at the price of \$10.00 per unit, in a private placement that occurred simultaneously with the closing of the IPO. Each of Chart's initial stockholders has agreed, and Chart's officers and directors, will each agree, to vote their respective founder shares, placement shares and any public shares purchased in or after the IPO in favor of the Business Combination.

Table of Contents

With certain limited exceptions as described in more detail herein, the founder shares are not transferable, assignable or salable (except to Chart's officers and directors and other persons or entities affiliated with Chart's initial stockholders, each of whom will be subject to the same transfer restrictions) until the earlier of (i) one year after the consummation of Chart's initial business combination or earlier if, subsequent to Chart's business combination, the last sales price of Chart common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after Chart's initial business combination, or (ii) the date on which Chart consummates a liquidation, merger, stock exchange or other similar transaction after Chart's initial business combination that results in all of Chart's stockholders having the right to exchange their shares of common stock for cash, securities or other property. In addition, the founder earn-out shares (a number of founder shares equal to 2.5% of Chart's shares of common stock issued and outstanding after the expiration of the underwriters' overallotment option, excluding the placement shares) are subject to forfeiture pro rata by Chart's initial stockholders in the event the last sales price of Chart's stock does not equal or exceed \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 60 months following the closing of Chart's initial business combination. An additional number of founder shares equal to 2.5% of Chart's shares of common stock issued and outstanding after the expiration of the underwriters' overallotment option (excluding the placement shares), will be subject to forfeiture pro rata by Chart's initial stockholders in the event the last sales price of Chart's stock does not equal or exceed \$13.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 60 months following the closing of Chart's initial business combination. Chart's initial stockholders have agreed that such shares will be subject to lockup and will not sell or transfer founder shares that remain subject to forfeiture as described above, until such time as the related forfeiture provisions no longer apply.

Preferred Stock

Chart's existing charter provides that shares of preferred stock may be issued from time to time in one or more series. Chart's board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Chart's board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the common stock and could have anti-takeover effects. The ability of Chart's board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of Chart or the removal of existing management. Chart has no preferred stock outstanding at the date hereof. Although Chart does not currently intend to issue any shares of preferred stock, Chart cannot assure you that it will not do so in the future. No shares of preferred stock were issued or registered in the IPO. However, if issued prior to the Business Combination, none of the shares of Chart's preferred stock will have any right to amounts held in the trust account.

Warrants

Public Warrants

Each warrant entitles the registered holder to purchase one share of Chart common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of December 19, 2013 (one year from the closing date of the IPO) or 30 days after the consummation of Chart's initial business combination. The warrants will expire five years after the consummation of Chart's initial business combination, at 5:00 p.m., New York time, or earlier upon redemption or Chart's liquidation.

Table of Contents

Chart will not be obligated to deliver any shares of common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of common stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to Chart's satisfying its obligations described below with respect to registration. No warrant will be exercisable and Chart will not be obligated to issue shares of common stock upon exercise of a warrant unless common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt therefrom under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentence are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will Chart be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of common stock underlying such unit.

Chart has agreed that as soon as practicable but in no event later than 15 business days after the closing of Chart's initial business combination, Chart will use its best efforts to file with the SEC a post-effective amendment to the registration statement, or a new registration statement, for the registration, under the Securities Act, of the shares of common stock issuable upon exercise of the warrants, and use its best efforts to take such action as is necessary to register or qualify for sale, in those states in which the warrants were initially offered by Chart, the shares of common stock issuable upon exercise of the warrants, to the extent an exemption therefrom is not available. Chart will use its best efforts to cause the post-effective amendment or new registration statement the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the amended and restated warrant agreement. In addition, Chart agrees to use its best efforts to register the shares of common stock issuable upon exercise of a warrant under the blue sky laws of the states of residence of the exercising warrant holder to the extent an exemption is not available.

No warrants will be exercisable for cash unless Chart has an effective and current registration statement covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to such shares of common stock. Notwithstanding the foregoing, if a registration statement covering the shares of common stock issuable upon exercise of the public warrants has not been declared effective by the 60th business day following the closing of Chart's initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when Chart shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act of 1933. If cashless exercise is permitted, each holder of Chart's warrants exercising on a cashless basis would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing: (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the warrant exercise price and the "fair market value" by (y) the fair market value. For these purposes, fair market value will mean the volume weighted average price of common stock as reported during the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the warrant agent from the holder of such warrants or Chart's securities broker or intermediary.

Once the warrants become exercisable, Chart may call the warrants for redemption:

in whole and not in part;

at a price of \$0.01 per warrant;

upon not less than 30 days' prior written notice of redemption (the "30-day redemption period") to each warrant holder;
and

if, and only if, the reported last sale price of the common stock (or the closing bid price of Chart common stock in the event shares of Chart common stock are not traded on any specific day) equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading day period ending three business days before Chart sends to the notice of redemption to the warrant holders.

Table of Contents

Chart will not redeem the warrants unless an effective registration statement covering the shares of common stock issuable upon exercise of the warrants is current and available throughout the 30-day redemption period.

Chart has established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and Chart issues a notice of redemption of the warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the common stock may fall below the \$17.50 redemption trigger price as well as the \$11.50 warrant exercise price after the redemption notice is issued.

A holder of a warrant may notify Chart in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 9.8% of the shares of common stock outstanding immediately after giving effect to such exercise.

If the number of outstanding shares of common stock is increased by a stock dividend payable in shares of common stock, or by a split-up of shares of common stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of common stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of common stock. A rights offering to holders of common stock entitling holders to purchase shares of common stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of common stock equal to the product of (i) the number of shares of common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for common stock) multiplied (ii) one (1) minus the quotient of (x) the price per share of common stock paid in such rights offering divided by (y) the fair market value. For these purposes (i) if the rights offering is for securities convertible into or exercisable for common stock, in determining the price payable for common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of common stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if Chart, at any time while the warrants are outstanding and unexpired, pays a dividend or makes a distribution in cash, securities or other assets to the holders of common stock on account of such shares of common stock (or other shares of Chart's capital stock into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of common stock in connection with a proposed initial business combination, or (d) in connection with the redemption of Chart's public shares upon Chart's failure to consummate Chart's initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of common stock in respect of such event.

If the number of outstanding shares of Chart common stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of common stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of common stock.

Whenever the number of shares of common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of common stock purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of common stock so purchasable immediately thereafter.

If, at any time after Chart's initial business combination while the warrants are outstanding, Chart effects (a) a merger with another company, in which Chart's stockholders immediately prior to such transaction own less than a majority of the outstanding stock of the surviving entity, (b) any sale of all or substantially all of Chart's assets in one or a series of related transactions, (c) a tender offer or exchange offer approved or authorized by Chart's board is completed pursuant to which holders of at least a majority of Chart's outstanding shares of common stock tender or exchange their shares for other securities, cash or property, or (d) a reclassification of Chart's shares or any compulsory share exchange pursuant to which shares of Chart common stock are effectively converted into or exchanged for other securities, cash or property (other than as a result of a subdivision or combination of Chart common stock), the holders of the warrants will thereafter have the right to receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of Chart common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares or other securities or property receivable upon such event, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. Notwithstanding the foregoing, in the event of such a transaction, at the request of any holder, properly delivered, Chart (or its successor entity) shall purchase such warrant from such holder by paying, within five trading days after such request, cash in an amount equal to the Black Scholes Value (as specifically defined in the amended and restated warrant agreement) of the remaining unexercised portion of such warrant on the date of such transaction. Any warrant holder that receives cash pursuant to the immediately preceding sentence shall not receive the kind and amount of shares or other securities or property including cash, receivable upon such reclassification, reorganization, merger or consolidation.

Table of Contents

The warrants were issued in registered form under an amended and restated warrant agreement between Chart and Continental Stock Transfer & Trust Company, as warrant agent.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to Chart, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, Chart will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

Placement Warrants and Tendered Public Warrants

The Sponsor has purchased 231,250 placement warrants, Joseph Wright has purchased 12,500 placement warrants and Cowen has purchased 131,250 placement warrants, which are included in the placement units purchased at a price of \$10.00 per unit for an aggregate purchase price of \$3,750,000, in a private placement that occurred simultaneously with the closing of the IPO. In addition, the Sponsor, Mr. Wright and Cowen have also committed to commence the Warrant Tender Offer to purchase collectively up to 3,750,000 of Chart's issued and outstanding public warrants in connection with Chart's initial business combination, and by virtue thereof, acquire the tendered public warrants.

In August 2014, the Sponsor, Mr. Wright and Cowen commenced the Initial Warrant Tender Offer to purchase up to 7,500,000 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's Existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the Initial Warrant Tender Offer. In September 2014, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

In February 2015, the Sponsor, Mr. Wright and Cowen commenced the Second Warrant Tender Offer to purchase up to 7,492,300 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13,

2015. A total of 647,500 warrants were validly tendered and not withdrawn in the Second Warrant Tender Offer. In March 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$194,250.

In May 2015, the Sponsor, Mr. Wright and Cowen commenced the Third Warrant Tender Offer to purchase up to 6,844,800 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from June 13, 2015 to July 31, 2015. A total of 2,086,441 warrants were validly tendered and not withdrawn in the Third Warrant Tender Offer. In June 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$625,932.

Shortly after the completion of the Business Combination, the Sponsor, Mr. Wright, and Cowen, intend to commence the Warrant Tender Offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant (subject to proration), which will be consummated, if at all, upon the consummation of the Business Combination. The purpose of the Warrant Tender Offer is to provide holders of public warrants that may not wish to retain their public warrants following the Business Combination the possibility of receiving cash for their public warrants.

The placement warrants and any tendered public warrants are identical to the warrants sold in the IPO, except that, (i) if held by the Sponsor, Mr. Wright or Cowen, or their permitted assigns, they (a) may be exercised for cash or on a cashless basis; and (b) are not subject to being called for redemption, and (ii) the placement warrants which form a part of the placement units issued to Cowen, so long as they are held by Cowen or any of its related persons under FINRA rules, will expire five years from the effective date of the registration statement in connection with the IPO, or earlier upon Chart's liquidation, whereas any placement warrants held by holders other than Cowen or any such related person will expire five years from the consummation of Chart's initial business combination, or earlier upon Chart's liquidation. A portion of the proceeds from the sale of the placement warrants are being held in Chart's trust account for the benefit of Chart's public stockholders. If Chart does not complete one or more business combinations, the placement warrants will become worthless.

Table of Contents

The placement warrants were sold in a private placement pursuant to Regulation D of the Securities Act and were exempt from registration requirements under the federal securities laws. However, the holders of these placement warrants have agreed that they will not exercise them if, at the time of exercise, an effective registration statement and a current prospectus relating to the common stock issuable upon exercise of the public warrants is not available, unless, at that time, the public warrants are exercisable on a cashless basis.

The placement warrants will become worthless if Chart does not consummate Chart's initial business combination. The personal and financial interests of holders of the placement warrants may influence their motivation in identifying and selecting a target business and completing Chart's initial business combination in a timely manner. Consequently, Chart's officers' and directors' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in Chart's stockholders' best interest.

Dividends

Chart has not paid any cash dividends on its common stock to date and does not intend to pay cash dividends prior to the completion of the Business Combination. The payment of cash dividends in the future will be dependent upon Chart's revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of the Business Combination. The payment of any cash dividends subsequent to the Business Combination will be within the discretion of Chart's board of directors at such time. If Chart incurs any indebtedness, Chart's ability to declare dividends may be limited by restrictive covenants Chart may agree to in connection therewith.

Chart's Transfer Agent and Warrant Agent

The transfer agent for Chart common stock and warrant agent for Chart's warrants is Continental Stock Transfer & Trust Company. Chart has agreed to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence or intentional misconduct of the indemnified person or entity.

Amendments to Chart's Amended and Restated Certificate of Incorporation

Chart's existing charter contains certain requirements and restrictions that apply to Chart until the consummation of Chart's business combination. These provisions cannot be amended without the approval of 65% of Chart's

stockholders. Specifically, Chart's existing charter provides, among other things, that:

if Chart is unable to consummate Chart's initial business combination prior to July 31, 2015 Chart will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to Chart for working capital purposes, the payment of taxes or dissolution expenses (although, Chart expects all or substantially all of such interest released to be used for working capital purposes), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of Chart's remaining stockholders and Chart's board of directors, dissolve and liquidate, subject in each case to Chart's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law;

Chart may not issue additional shares of capital stock that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination;

although Chart does not intend to enter into a business combination with a target business that is affiliated with Chart's initial stockholders, Chart's directors or officers, Chart is not prohibited from doing so. In the event Chart enters into such a transaction, Chart, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA that such a business combination is fair to Chart's stockholders from a financial point of view;

Table of Contents

if a stockholder vote on Chart's initial business combination is not required by law or NASDAQ and Chart does not decide to hold a stockholder vote for business or other reasons, Chart will offer to redeem Chart's public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, and will file tender offer documents with the SEC prior to consummating Chart's initial business combination which contain substantially the same financial and other information about Chart's initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act; and

Chart will not effectuate Chart's initial business combination with another blank check company or a similar company with nominal operations.

In addition, Chart's existing charter provides that under no circumstances will Chart redeem its public shares in an amount that would cause Chart's net tangible assets to be less than \$5,000,001.

This notwithstanding, if the effect of any proposed amendment, if adopted, would be either to (i) reduce the amount in the trust account available to redeeming stockholders to less than \$10.00 per share, or (ii) delay the date on which a public stockholder could otherwise redeem shares for such per share amount in the trust account, Chart will provide a right for dissenting public stockholders to redeem public shares if such an amendment is approved.

Certain Anti-Takeover Provisions of Delaware Law

Chart is subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a "business combination" with:

a stockholder who owns 15% or more of Chart's outstanding voting stock (otherwise known as an "interested stockholder");

an affiliate of an interested stockholder; or

an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A "business combination" includes a merger or sale of more than 10% of Chart's assets. However, the above provisions of Section 203 do not apply if:

Chart's board of directors approves the transaction that made the stockholder an "interested stockholder," prior to the date of the transaction;

after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of Chart's voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or

on or subsequent to the date of the transaction, the business combination is approved by Chart's board of directors and authorized at a meeting of Chart's stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Registration Rights

The holders of the founder shares, placement shares and placement warrants and warrants that may be issued upon conversion of working capital loans (and any shares of common stock issuable upon the exercise of the placement warrant and warrants that may be issued upon conversion of working capital loans) will be entitled to registration rights pursuant to a registration rights agreement executed in connection with the IPO. The holders of the majority of these securities are entitled to make up to three demands, excluding short form demands, that Chart register such securities; provided that Cowen will, in no event, make more than one demand. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to Chart's consummation of an initial business combination. However, the registration rights agreement provides that Chart will not permit any registration statement filed under the Securities Act to become effective until the termination of the applicable lock-up period, which occurs (i) in the case of the founder shares, upon the earlier of (A) one year after the consummation of Chart's initial business combination or earlier if, subsequent to Chart's business combination, the last sales price of Chart common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after Chart's initial business combination; provided that, to the extent any founder shares remain subject to forfeiture, such lock-up period will be automatically extended until such founder shares are no longer subject to forfeiture, or (B) the date on which Chart consummates a liquidation, merger, stock exchange or other similar transaction after Chart's initial business combination that results in all of Chart's stockholders having the right to exchange their shares of common stock for cash, securities or other property, and (ii) in the case of the placement warrants, tendered public warrants or warrants that may be issued upon conversion of working capital loans, and the respective common stock underlying such warrants, 30 days after the consummation of Chart's initial business combination. Pursuant to the Merger Agreement, this registration rights agreement is being assumed by Tempus Holdings.

Tempus Holdings and the Sellers will enter into a registration rights agreement upon consummation of the Business Combination. For information regarding this registration rights agreement, see "The Business Combination Proposal-Related Agreements-Registration Rights Agreements."

Common Stock

Upon completion of the Business Combination, (i) the Sellers will receive 3,700,000 shares of Tempus Holdings' common stock in exchange for all of the issued and outstanding membership interests of Tempus upon the closing of the Business Combination, with such amount subject to adjustment based any adjustments to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, and (ii) the Investors will receive an aggregate of 2,664,604 shares of Tempus Holding's common stock in exchange for their shares of preferred stock in the Financing Subs. In addition, after the Business Combination, the number of shares of Tempus Holdings' common stock may change due to (i) adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from the estimates made at the time of the consummation of the Business Combination, (ii) any Earn-out Shares, up to a total of 6,300,000, issuable to the Sellers pursuant to the Earn-out provisions of the Merger Agreement upon the achievement of certain financial milestones, (iii) any indemnification payments that are made under the Merger Agreement by delivery of shares of Tempus Holdings' common stock and (iv) shares issued under the Incentive Plan.

Holders of Tempus Holdings common stock have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the common stock. Holders of Tempus Holdings common stock are entitled to receive such dividends, if any, as may be declared from time to time by the board of directors in its discretion out of funds legally available therefor.

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. Tempus Holdings' board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year and with directors only permitted to be removed for cause. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors up for election at such time. Tempus Holdings' stockholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Preferred Stock

Upon completion of the Business Combination, the New Investors will receive an aggregate of 1,335,396 shares of Series A Convertible Preferred Stock, par value \$0.0001 per share, of Tempus Holdings (the “Tempus Holdings Preferred Stock”).

The rights and obligations of the holders of the Tempus Holdings Preferred Stock are set forth in the certificate of designations for the Tempus Holdings Preferred Stock, which will be adopted by Tempus Holdings and filed with its amended and restated certificate of incorporation.

At any time after its initial issuance date, each preferred share shall be convertible into validly issued, fully paid and non-assessable shares of common stock based on a conversion price of \$4.00 per share, subject to adjustment for unpaid dividends and any accrued charges.

Tempus Holdings shall not effect the conversion of any of the preferred shares and any such conversion shall be null and void and treated as if never made, to the extent that after giving effect to such conversion, the holder would beneficially own in excess of either 4.99% or 9.99% (the “Maximum Percentage”) (as elected in writing by the holder on or prior to the initial issuance date of the preferred shares) of the shares of Tempus Holdings common stock outstanding immediately after giving effect to such conversion. For purposes of the foregoing sentence, beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act, and the shares of common stock issuable to a holder pursuant to the terms of the preferred shares in excess of the Maximum Percentage shall not be deemed to be beneficially owned by such holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act.

Tempus Holdings shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under the certificate of designations for the preferred stock. “Fundamental Transaction” means, among other things, that Tempus Holdings shall, directly or indirectly, including through subsidiaries, affiliates or otherwise, in one or more related transactions, (i) consolidate or merge with or into (whether or not Tempus Holdings is the surviving corporation) another entity; (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Tempus Holdings or any of its “significant subsidiaries” (as defined in Rule 1-02 of Regulation S-X) to one or more entities; (iii) make, or allow one or more entities to make, or allow Tempus Holdings to be subject to or have its common stock be subject to or party to one or more entities making, a purchase, tender or exchange offer that is accepted by at least 50% of the outstanding shares of common stock; (iv) consummate a stock or share purchase agreement or other business combination (including a reorganization, recapitalization, spin-off or scheme of arrangement) with one or more entities whereby all such entities, individually or in the aggregate, acquire at least 50% of the outstanding shares of common stock; or (v) reorganize, recapitalize or reclassify its common stock. The foregoing provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity provides cash consideration and such Fundamental Transaction does not involve the issuance of any securities to the holders of any securities of Tempus Holdings or its

affiliates.

If at any time Tempus Holdings grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of common stock ("Purchase Rights"), then each preferred share holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of common stock acquirable upon complete conversion of all the preferred shares (without taking into account any limitations or restrictions on the convertibility of the preferred shares) held by such holder immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights.

Holders of Tempus Holdings Preferred Stock shall have no voting rights, except as required by law.

The preferred shares shall rank pari passu to Tempus Holdings' shares of common stock in respect of preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding up of Tempus Holdings, provided that, in a liquidation event, the holders shall be entitled to receive in cash out of the assets of Tempus Holdings an amount per preferred share equal to the greater of \$4.00 (plus any unpaid dividends and accrued charges) and the amount per share such holder would receive if such holder converted such preferred shares into common stock immediately prior to the date of such payment (without regard to any limitations on conversion), provided that if the liquidation funds are insufficient to pay the full amount due to the holders, then each holder shall receive a percentage of the liquidation funds equal to the full amount of liquidation funds payable to such holder, as a percentage of the full amount of liquidation funds payable to all holders (on an as-converted basis, without regard to any limitations on conversion set forth herein) and all holders of common stock.

Under the terms of the preferred shares, if holders thereof convert that preferred stock and Tempus Holdings fails to deliver common stock in response within the time periods and in the manner specified in the terms of the preferred shares, Tempus Holdings may suffer substantial penalties. See "Risk Factors - Risk Factors Relating to Chart and the Business Combination - The terms of the registration rights agreement with the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock impose substantial penalties on Tempus Holdings in the event the New Investors exercise those registration rights or holders of Series A or Series B Warrants or Tempus Holdings Preferred Stock exercise those warrants or convert that preferred stock, and Tempus Holdings fails to deliver the Tempus Holdings common stock then due within the time periods and in the manner specified in the registration rights agreement, the terms of the Series A or Series B Warrants or Tempus Holdings Preferred Stock, respectively." See "The Business Combination Proposal - The Financing - Certificate of Designations for the Tempus Holdings Preferred Stock" for additional information on the Tempus Holdings Preferred Stock.

Tempus Holdings' amended and restated certificate of incorporation will also provide that additional shares of preferred stock may be issued from time to time in one or more series. Tempus Holdings' board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to such additional shares of each series. Tempus Holdings' board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the

common stock and could have anti-takeover effects, but subject to the rights of the holders of the Tempus Holdings Preferred Stock. The ability of Tempus Holdings' board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of Tempus Holdings or the removal of existing management. Tempus Holdings has no preferred stock outstanding at the date hereof, and as of the consummation of the Business Combination will only have outstanding the Tempus Holdings Preferred Stock issued to the Investors. Although Tempus Holdings does not currently intend to issue any additional shares of preferred stock, it cannot assure you that it will not do so in the future.

Warrants

Tempus Holdings Warrants Received in Exchange for Chart Public Warrants

Upon consummation of the Business Combination, each outstanding Chart warrant will be exchanged for a warrant to purchase one share of common stock of Tempus Holdings. The same terms and restrictions applicable to the Chart warrants will apply to the Tempus Holdings warrants. See "Description of Chart Securities - Warrants."

Table of Contents

Series A and Series B Warrants

In addition, upon the consummation of the Business Combination, the Investors will receive a total of 3,000,000 Series A Warrants and 1,000,000 Series B Warrants as a result of the Financing.

Each Series A and Series B Warrant will entitle the holder thereof to take delivery of the shares purchased through the exercise thereof in the form of either Tempus Holdings common stock or Tempus Holdings Preferred Stock. The Series A Warrants will have an exercise price of \$4.80 per share purchased, will be immediately exercisable and will expire five years after issuance. The Series B Warrants will have an exercise price of \$5.00 per share purchased and will be exercisable after five months from issuance. The Series B-1 Warrants will expire twenty-one months after issuance and the Series B-2 Warrants will expire fifteen months after issuance.

The Series A and Series B Warrants contain customary “cashless exercise” terms, pursuant to which holders of the Warrants may choose to exercise the Warrants (at a time when the Warrants are otherwise exercisable according to their terms) without paying cash, by effectively submitting a greater number of warrants, rather than a smaller number of warrants plus cash, in exchange for shares. The Series B Warrants (but not the Series A Warrants) contain an additional cashless exercise feature, pursuant to which, during the period from five months after the Business Combination until their expiration, if the “Market Price” of Tempus Holdings common stock (defined as the average of the four lowest volume-weighted average prices of Tempus Holdings common stock for the preceding 10 trading days) is less than \$4.00, the holder of such Series B Warrant can exercise the Series B Warrant to acquire a number of shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock equal to (depending on the Market Price) up to 122.2% of the number of shares of Tempus Holdings common stock acquired in the Business Combination, with the lower the Market Price, the more shares being available for acquisition by the Series B Warrant holder (subject to a floor of \$1.80 per share).

The Series A and Series B Warrants also include a “full ratchet” anti-dilution protection provisions, which provide that if any shares of Tempus Holdings common stock are issued at a price less than then current exercise price of the Series A or Series B Warrants, as applicable, or if any warrants, options or other securities with the right to acquire or that are convertible into or exchangeable for shares of Tempus Holdings common stock are issued with an exercise price less than the then current exercise price of the Series A or Series B Warrants, as applicable, then the exercise price of the Series A or Series B Warrants, as applicable, will automatically be reduced to the issuance price of such new shares of Tempus Holdings common stock or the exercise price of such warrants, options or other securities with the right to acquire or that are convertible into or exchangeable for shares of Tempus Holdings common stock. These anti-dilution provisions do not apply in the case of an issuance by Tempus Holdings of “Excluded Securities”, including certain option and other equity incentive awards to directors and officers, and securities issued pursuant to acquisitions or strategic transactions approved by a majority of the disinterested directors of Tempus Holdings, but shall not include a transaction in which Tempus Holdings is issuing securities primarily for the purpose of raising capital or to an entity whose primary business is investing in securities.

Under the terms of the Series A and Series B Warrants, Tempus Holdings shall not enter into or be party to a “Fundamental Transaction” unless the successor entity assumes in writing all of the obligations of Tempus Holdings under such warrants. “Fundamental Transaction” means, among other things, that Tempus Holdings shall, directly or indirectly, including through subsidiaries, affiliates or otherwise, in one or more related transactions, (i) consolidate or merge with or into (whether or not Tempus Holdings is the surviving corporation) another entity; (ii) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Tempus Holdings or any of its “significant subsidiaries” (as defined in Rule 1-02 of Regulation S-X) to one or more entities; (iii) make, or allow one or more entities to make, or allow Tempus Holdings to be subject to or have its common stock be subject to or party to one or more entities making, a purchase, tender or exchange offer that is accepted by at least 50% of the outstanding shares of common stock; (iv) consummate a stock or share purchase agreement or other business combination (including a reorganization, recapitalization, spin-off or scheme of arrangement) with one or more entities whereby all such entities, individually or in the aggregate, acquire at least 50% of the outstanding shares of common stock; or (v) reorganize, recapitalize or reclassify its common stock. The foregoing provisions will not apply to a Fundamental Transaction where the purchaser or other successor entity, after giving effect to such Fundamental Transaction, does not have any equity securities that are then listed or designated for quotation on a national securities exchange or automated quotation system. Moreover, a holder of Series A or Series B Warrants may choose, in connection with any Fundamental Transaction, to have Tempus Holdings or the successor entity purchase its warrants from the Holder by paying the holder cash in an amount equal to the “Black Scholes Value” (as defined in the Warrants) of the Warrants.

Under the terms of the Series A and Series B Warrants, if Tempus Holdings shall declare or make any dividend or other distribution of its assets (or rights to acquire its assets) to holders of shares of common stock, then, in each such case, holders of such warrants shall be entitled to participate in such distribution to the same extent that they would have participated if they had held the number of shares of common stock acquirable upon complete exercise of such warrants (without regard to any limitations or restrictions on exercise of such warrants) immediately before the date on which a record is taken for such distribution.

Under the terms of the Series A and Series B Warrants, if Tempus Holdings grants, issues or sells any options, convertible securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of common stock (“Purchase Rights”), then each holder of Series A or Series B Warrants will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of common stock acquirable upon complete conversion of all the preferred shares (without taking into account any limitations or restrictions on exercise of such warrants) held by such holder immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights.

Under the terms of the Series A and Series B Warrants, if holders thereof exercise warrants and Tempus Holdings fails to deliver common stock in response within the time periods and in the manner specified in the terms of the warrants, Tempus Holdings may suffer substantial penalties. See “Risk Factors - Risk Factors Relating to Chart and the Business Combination - The terms of the registration rights agreement with the New Investors with respect to Tempus Holdings securities to be issued to the New Investors, the terms of the Series A and Series B Warrants and the terms of Tempus Holdings Preferred Stock impose substantial penalties on Tempus Holdings in the event the New Investors exercise those registration rights or holders of Series A or Series B Warrants or Tempus Holdings Preferred Stock exercise those warrants or convert that preferred stock, and Tempus Holdings fails to deliver the Tempus Holdings common stock then due within the time periods and in the manner specified in the registration rights agreement, the terms of

the Series A or Series B Warrants or Tempus Holdings Preferred Stock, respectively.”

Table of Contents

Under the terms of the Series A-1 and Series B-1 Warrants (but not the Series A-2 or Series B-2 Warrants), Tempus Holdings shall not effect the exercise of any warrants and the exercise thereof shall be null and void and treated as if never made, to the extent that after giving effect to such exercise, the holder would beneficially own in excess of either 4.99% or 9.99% (the “Maximum Percentage”) (as elected in writing by the holder on or prior to the initial issuance date of the warrants) of the shares of Tempus Holdings common stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act, and the shares of common stock issuable to a holder pursuant to the terms of the warrants in excess of the Maximum Percentage shall not be deemed to be beneficially owned by such holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act.

The holder of each Series A Warrant and Series B Warrant has the sole right to elect whether to receive all or any portion of the shares issuable thereunder as Tempus Holdings Preferred Stock in lieu of Tempus Holdings common stock. Pursuant to the Certificate of Designations for the Tempus Holdings Preferred Stock, the conversion ratio between the Tempus Holdings common stock and the Tempus Holdings Preferred Stock is one-to-one as of the closing of the Business Combination (subject to subsequent adjustments).

See “The Business Combination Proposal - The Financing - Terms of Series A Warrants and Series B Warrants” for additional information on the Series A Warrants and Series B Warrants.

Dividends

Tempus Holdings has not paid any cash dividends on its common stock to date and does not intend to pay cash dividends prior to the completion of the Business Combination. The payment of cash dividends in the future will be dependent upon Tempus Holdings’ revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of the Business Combination. The payment of any cash dividends subsequent to the Business Combination will be within the discretion of Tempus Holdings’ board of directors at such time. If Tempus Holdings incurs any indebtedness, Tempus Holdings’ ability to declare dividends may be limited by restrictive covenants Tempus Holdings may agree to in connection therewith.

Tempus Holdings’ Transfer Agent and Warrant Agent

It is anticipated that the transfer agent for Tempus Holdings’ common stock and preferred stock and warrant agent for Tempus Holdings’ warrants will be Continental Stock Transfer & Trust Company. It is anticipated that Tempus Holdings will agree to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any

gross negligence or intentional misconduct of the indemnified person or entity.

Certain Anti-Takeover Provisions of Delaware Law

Tempus Holdings is subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a “business combination” with:

a stockholder who owns 15% or more of Tempus Holdings’ outstanding voting stock (otherwise known as an “interested stockholder”);

an affiliate of an interested stockholder; or

an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A “business combination” includes a merger or sale of more than 10% of Tempus Holdings’ assets. However, the above provisions of Section 203 do not apply if:

Tempus Holdings’ board of directors approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction;

after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of Tempus Holdings’ voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or

on or subsequent to the date of the transaction, the business combination is approved by Tempus Holdings’ board of directors and authorized at a meeting of Tempus Holdings’ stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Registration Rights

The holders of the founder shares, placement shares and placement warrants and warrants that may be issued upon conversion of working capital loans (and any shares of common stock issuable upon the exercise of the placement warrant and warrants that may be issued upon conversion of working capital loans) will be entitled to registration rights pursuant to a registration rights agreement executed in connection with Chart’s initial public offering that is

being assumed by Tempus Holdings pursuant to the Merger Agreement. The holders of the majority of these securities will be entitled to make up to three demands, excluding short form demands, that Tempus Holdings register such securities; provided that Cowen will, in no event, make more than one demand. In addition, the holders will have certain “piggy-back” registration rights. However, Tempus Holdings will not permit any registration statement filed under the Securities Act to become effective until the termination of the applicable lock-up period, as described above in the section entitled “Description of Chart’s Securities-Registration Rights.”

Table of Contents

As amended in connection with the Second Amendment to Agreement and Plan of Merger, this registration rights agreement will also include as registrable securities thereunder the shares of Tempus Holdings common stock issued to the Chart Affiliate Investors as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants to the Chart Affiliate Investors as a result of the Financing, but without any such securities being subject to the lock-up provisions therein.

Tempus Holdings and the Sellers will enter into a registration rights agreement upon consummation of the Business Combination. As amended in accordance with the Second Amendment, this registration rights agreement will also include as registrable securities thereunder the shares of Tempus Holdings common stock issued to the Tempus Affiliate Investor as a result of the Financing and the shares of Tempus Holdings stock issuable upon exercise of the Series A-2 Warrants and Series B-2 Warrants to the Tempus Affiliate Investor as a result of the Financing, but without any such securities being subject to the lock-up provisions therein. For information regarding this registration rights agreement, see “The Business Combination Proposal-Related Agreements-Registration Rights Agreements.”

Quotation of Securities

It is anticipated that Tempus Holdings’ common stock and public warrants will be quoted on the OTCQB Marketplace under the symbols “TMPS” and “TMPSW,” respectively, following the closing of the Business Combination.

COMPARISON OF RIGHTS OF STOCKHOLDERS OF CHART AND TEMPUS HOLDINGS

Chart and Tempus Holdings are each Delaware corporations and governed by the DGCL. Upon completion of the Business Combination, stockholders of Chart will receive shares of Tempus Holdings’ common stock and will become the stockholders of Tempus Holdings. The rights of the former Chart stockholders will therefore be governed by the DGCL and the charter and bylaws of Tempus Holdings.

The following description summarizes the material differences that may affect the rights of the stockholders of Chart, but is not a complete statement of all those differences, or a complete description of the specific provisions referred to in this summary. Stockholders should read carefully the relevant provisions of the DGCL and the respective charters and bylaws of both Chart and Tempus Holdings. For more information on how to obtain the documents that are not attached to this proxy statement/prospectus, see the section entitled “Where You Can Find More Information.”

Board Vacancies

Chart

Tempus Holdings

Any vacancy on the board of directors that results from an increase in the number of directors may be filled by a majority of the directors then in office or by a sole remaining director; provided that any vacancy created by the removal of a director by stockholders may be filled by the stockholders holding a majority of the voting power of the outstanding shares of capital stock entitled to vote in the election of directors.

Other Rights

The Investors investing through the Financing will acquire Tempus Holdings common stock, Preferred Stock and Series A and Series B Warrants on terms that are economically more favorable than those available to investors in Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. In addition, holders of Tempus Holdings Preferred Stock and Series A and Series B Warrants will possess a number of rights by virtue of holding such securities than are available to holders of Chart common stock. For further discussion of the terms of the Tempus Holdings Preferred Stock and Series A and Series B Warrants, see the section entitled “Proposal No. 1 - The Business Combination Proposal - The Merger Agreement, Related Agreements and the Financing - The Financing”.

BENEFICIAL OWNERSHIP OF SECURITIES

The following table sets forth information regarding (i) the actual beneficial ownership of Chart common stock as of July 2, 2015 (pre-Business Combination) and (ii) the expected beneficial ownership of Tempus Holdings' common stock immediately following the consummation of the Business Combination, assuming that no public shares of Chart are redeemed, and alternatively the maximum number of shares of Chart are redeemed, by:

each person who is, or is expected to be, the beneficial owner of more than 5% of the outstanding shares of Chart common stock;

each of Chart's current executive officers and directors;

each person who will become an executive officer or director of Tempus Holdings post-Business Combination; and

all executive officers and directors of Chart as a group pre-Business Combination and all executive officers and directors of Tempus Holdings post-Business Combination.

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security, including options and warrants that are currently exercisable or exercisable within 60 days.

The beneficial ownership of Chart common stock pre-Business Combination is based on 5,077,529 shares of common stock issued and outstanding as of the record date.

The expected beneficial ownership percentages set forth in the table below with respect to Tempus Holdings following the Business Combination do not take into account (i) the issuance of any shares (or options to acquire shares) under the Incentive Plan, (ii) the issuance of any shares upon the exercise of warrants to purchase up to a total of 7,875,000 shares of Tempus Holdings common stock that will remain outstanding following the Business Combination or any additional warrants that are issued to our Sponsor, Joseph Wright or Cowen (at \$0.75 per warrant) pursuant to the conversion of their working capital loans that were made to Chart, (iii) any adjustments to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) the potential issuance of up to an additional 6,300,000 Earn-out Shares to the Sellers upon the achievement of certain financial milestones, (v) any indemnification payments that are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) the issuance of any shares to any of the Investors participating in the Financing upon the exercise of the Series A or Series B Warrants. If the actual facts are different than these assumptions (which they are likely to be), the percentage ownerships in Tempus Holdings will be different.

On March 11, 2015 and June 11, 2015, in connection with the special meetings of Chart's stockholders at which approval was given to extend the date by which Chart must consummate its initial business combination, Chart stockholders presented for redemption a total of 3,558,385 and 149,395 shares of Chart common stock, respectively. As a result, the number of outstanding shares of Chart common stock decreased from 8,785,309 shares to 5,077,529 shares. Accordingly, the table below may not reflect the actual holdings of Chart's five percent or greater stockholders, who may have redeemed all or a portion of their holdings in connection with the March 2015 Meeting and the June 2015 Meeting.

Transactions Affecting the Business Combination Vote, Level of Redemptions or Both

The Financing

The consummation of the Business Combination will be preceded by the Financing, a series of privately negotiated transactions involving aggregate cash investments of \$10.5 million by the New Investors, consisting of three outside investor entities that have not previously invested in Chart or Tempus, and aggregate cash investments of \$5.5 million by the Chart Affiliate Investors, consisting of our Sponsor, Mr. Joseph Wright and Cowen, and the Tempus Affiliate Investor (through his individual retirement account), who is the Chief Financial Officer of Tempus. In the Financing, immediately prior to the consummation of the Business Combination, (i) the New Investors will acquire from Tempus Financing Sub an aggregate of 1,050,000 shares of Tempus Financing Sub Preferred Stock at a price of \$10.00 per share, (ii) Tempus Financing Sub will use the \$10.5 million in proceeds from the issuance of the Tempus Financing Sub Preferred Stock to the New Investors to acquire from Chart Financing Sub 1,050,000 shares of Chart Financing Sub Series A Preferred Stock at a price of \$10.00 per share and (iii) the Affiliate Investors will acquire from Chart Financing Sub 550,000 shares of Chart Financing Sub Series B Preferred Stock at a price of \$10.00 per share. In the Business Combination, the Tempus Financing Sub Preferred Stock held by the New Investors and the Chart Financing

Sub Series B Preferred Stock held by the Affiliate Investors will be cancelled. In consideration for such cancellation, the New Investors will collectively receive 1,289,604 shares of Tempus Holdings common stock, 1,335,396 shares of Tempus Holdings Preferred Stock, 1,968,750 Series A-1 Warrants and 656,250 Series B-1 Warrants, and the Affiliate Investors will collectively receive 1,375,000 shares of Tempus Holdings common stock, 1,031,250 Series A-2 Warrants and 343,750 Series B-2 Warrants. The Chart Financing Sub Series A Preferred Stock held by Tempus Financing Sub will be cancelled in the Business Combination as treasury stock without any consideration paid for such cancellation. For more information on the Financing, please see “The Business Combination Proposal - The Financing”.

Reasons for the Financing

Chart believes the Financing is necessary to help ensure that Chart can close the Business Combination, but the Financing will result in the substantial dilution of post-Business Combination shareholdings in Tempus Holdings, affecting all investors in Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination.

Chart may not redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001 (after transaction expenses and liabilities). For reasons discussed elsewhere in this proxy statement/prospectus, Chart’s directors believe that entering into the Business Combination is in the best interests of Chart’s stockholders. Nevertheless, because:

Chart has been in existence since 2011, which is a substantial period of time for a special purpose acquisition company formed for the purpose of effecting a merger or similar business combination, such as Chart, and

most, if not all, of Chart’s stockholders are large institutional investors, many of which, if not all of which, follow investment strategies that may require them to reinvest the amounts they have so far invested in Chart rather than remain investors in the post-Business Combination entity,

Table of Contents

Chart believes that as a matter of prudence it must plan for the possibility that, in connection with the special meeting, whether or not Chart's stockholders approve the Business Combination, these stockholders may also choose to redeem their Chart common stock. Redemptions made in connection with the special meeting will reduce the amount of net tangible assets available to Chart for the consummation of the Business Combination. As a result, Chart believes that, as a matter of prudence, it must take steps prior to the special meeting to help ensure that redemptions in connection with the special meeting do not reach the level at which Chart would have insufficient net tangible assets to consummate the Business Combination.

For the foregoing reasons, during April through June of 2015, Chart, with the assistance of Cowen, engaged in private discussions with the Investors regarding the Financing. In connection with various initial alternatives for the Financing, Chart also had discussions with a number of Chart's institutional stockholders that each own a substantial percentage of Chart common stock regarding their redemption intentions and regarding the possibility that the Investors might acquire Chart common stock from such stockholders intending to redeem and then choose not to redeem. Ultimately, Chart and Tempus concluded that the Financing in the agreed upon structure and pursuant to the agreed upon terms was the most efficient and effective method of meeting the goals of the Financing to ensure that Chart will have sufficient net tangible assets to consummate the Business Combination.

Effects of the Financing

The Financing will result in Chart, through its subsidiary Chart Financing Sub, having an additional \$16 million in cash as of the consummation of the Business Combination. Chart believes that, as a consequence of this additional equity investment Chart Financing Sub, Chart will have sufficient net tangible assets to consummate the Business Combination, and that without this non-redemption, it would not be able to consummate the Business Combination.

As a result of the Financing, the Investors will receive, for each \$10.00 they invest, two and one-half shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock, Series A Warrants exercisable for an additional 1.875 shares (at an exercise price of \$4.80 per share) and Series B Warrants exercisable for an additional 0.625 shares (at an exercise price of \$5.00 per share). This will represent a substantially greater interest in Tempus Holdings received for the \$10.00 invested than the one share of Tempus Holdings common stock that an investor in Chart common stock who is not participating in the Financing, and who does not redeem that share of Chart common stock for \$10.00 in connection with the special meeting, will receive in exchange for that share of Chart common stock in the Business Combination. As a result of this, Chart's stockholders who do not participate in the Financing or redeem their shares in connection with the Business Combination will experience a substantial, immediate dilution from the Business Combination.

It is anticipated that, upon completion of the Business Combination and if there are no redemptions and there is no adjustment to the merger consideration payable to the Sellers as a result of Tempus' estimated working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger

Agreement, Chart's public stockholders, excluding the New Investors, will own approximately 22.1% of Tempus Holdings issued and outstanding capital stock, and Chart's initial stockholders including our Sponsor, directors and officers (and including the Chart Affiliate Investors), will own approximately 27.4% of Tempus Holdings issued and outstanding capital stock. In addition, if any of Chart's stockholders exercise their redemption rights, the ownership interest of Chart's public stockholders will decrease and the ownership interest of the initial stockholders, including our Sponsor (and the Chart Affiliate Investors), the Sellers (including the Tempus Affiliate Investor) and the New Investors, will increase, and if there are redemptions by Chart's public stockholders up to the maximum level that would permit completion of the Business Combination, Chart's public stockholders will not own any Tempus Holdings outstanding capital stock, the New Investors will own approximately 26.4% of Tempus Holdings issued and outstanding capital stock (treating Tempus Holdings Preferred Stock on an as-converted to Tempus Holdings common stock basis), Chart's initial stockholders, including the Chart Affiliate Investors, will own approximately 35.2% of Tempus Holdings issued and outstanding capital stock, the Sellers, including the Tempus Affiliate Investor, will own approximately 38.4% of Tempus Holdings issued and outstanding capital stock and Chart's public stockholders will have no ownership interest in Tempus Holdings. See "Unaudited Pro Forma Condensed Combined Financial Information" for further information. To the extent that (i) any of the Tempus Holdings warrants are converted into common stock, (ii) any shares of common stock are issued pursuant to the Incentive Plan, (iii) any shares of Tempus Holdings common stock are issued to the Sellers in connection with any increase to the merger consideration payable to the Sellers as a result of Tempus' working capital and/or debt as of the completion of the Business Combination varying from certain specified targets set forth in the Merger Agreement, (iv) any Earn-out Shares are issued to the Sellers upon the achievement of certain financial milestones, (v) any indemnification payments are made after the consummation of the Business Combination by delivery of shares of Tempus Holdings' common stock or (vi) any shares are issued to any of the Investors participating in the Financing upon the exercise of any of the Series A Warrants or Series B Warrants, Chart's current stockholders may experience substantial additional dilution in Tempus Holdings. Such dilution could, among other things, limit the ability of our current stockholders to influence management of Tempus Holdings through the election of directors following the Business Combination.

In addition, any exercise of Series A or Series B Warrants after the Business Combination would further dilute any other stockholders of Tempus Holdings at the time of such exercise. The dilution may be especially substantial in the case of any exercise of Series B Warrants. Both the Series A and Series B Warrants contain customary "cashless exercise" terms, pursuant to which holders of the Warrants may choose to exercise the Warrants (at a time when the Warrants are otherwise exercisable according to their terms) without paying cash, by effectively submitting a greater number of warrants, rather than a smaller number of warrants plus cash, in exchange for shares. However, the Series B Warrants contain an additional cashless exercise feature, pursuant to which, during the period from 5 months after the Business Combination until their expiration, if the "Market Price" of Tempus Holdings common stock (defined as the average of the four lowest volume-weighted average prices of Tempus Holdings common stock for the preceding 10 trading days) is less than \$4.00, the holder of such Series B Warrant can exercise the Series B Warrant to acquire a number of shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock equal to (depending on the Market Price) up to 122.2% of the number of shares of Tempus Holdings common stock acquired in the Business Combination, with the lower the Market Price, the more shares being available for acquisition by the Series B Warrant holder (subject to a floor of \$1.80 per share).

Similarly, the Tempus Holdings Preferred Stock is convertible into shares of Tempus Holdings common stock at a conversion price of \$4.00 per share (subject to adjustment), which similarly may further dilute the holders of Tempus Holdings common stock.

Table of Contents

Chart believes that the Financing is necessary to help ensure that Chart can consummate the Business Combination and for the continuing operations of the combined entities. **However, the Financing will result in substantial dilution to holders of Chart common stock who are not participating in the Financing and who do not redeem their Chart common stock in connection with the special meeting, but instead exchange their Chart common stock for Tempus Holdings common stock in the Business Combination. THEREFORE, WE CAUTION ALL CHART COMMON STOCKHOLDERS WHO ARE NOT PARTICIPATING IN THE FINANCING TO CONSIDER CAREFULLY WHETHER TO REDEEM THEIR CHART COMMON STOCK IN CONNECTION WITH THE SPECIAL MEETING.**

Chart believes that, as a consequence of the foregoing, although entering into the Financing is necessary to help ensure that Chart can close the Business Combination, entering into the Financing may also cause all of Chart's stockholders who are not participating in the Financing to choose to redeem their Chart common stock in connection with the special meeting, regardless of whether they also vote for or against the Business Combination.

The Financing, however, may constrain Tempus Holdings' ability to raise additional capital following the Business Combination. As a result of the Financing, after the Business Combination, Tempus Holdings will have a complex capital structure. The Tempus Holdings Preferred Stock and the Series A Warrants and Series B Warrants, which warrants are convertible into either shares of Tempus Holdings common stock or Tempus Holdings Preferred Stock and which include certain anti-dilution protections for their holders, may limit our capital raising and liquidity alternatives and, based on such matters, Tempus Holdings may not be able to successfully raise capital through a public or private equity offering, particularly if the price of Tempus Holdings common stock at such time is below the levels where the anti-dilution protections in the Series A Warrants and Series B Warrants take effect, and any such offering, even if successful, may result in significant additional dilution to the then current holders of Tempus Holdings common stock. Additionally, under the terms of the Financing documents, until eighteen months after the consummation of the Business Combination, Tempus Holdings will not be able to conduct any equity or equity-related financing (other than certain excluded issuances) without the written consent of each of the Investors (provided that Tempus Holdings may conduct such financings without such consent if the price per common share it receives in such financings is in excess of \$3.00, after giving consideration to all securities issued). Moreover, until 12 months following the consummation of the Business Combination, the New Investors shall have the right to participate in any Tempus Holdings equity or equity-related offering, with the aggregate percentage participation of the New Investors being 35%, and the Affiliate Investors shall have the right to participate in any Tempus Holdings equity or equity-related offering, with the aggregate percentage participation of the Affiliate Investors being 18%.

In addition, the Financing will likely cause the Business Combination to be approved and closed in circumstances in which such approval or closing would not otherwise be obtained.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS CONCERNING CHART

Founder Shares

Chart's initial stockholders currently own 1,875,000 founder shares, after giving effect to Chart's 0.75-for-1 reverse stock split effectuated on July 10, 2012, for an aggregate purchase price of \$25,000. In January 2012, the Sponsor transferred an aggregate of 337,500 founder shares to Joseph Wright, Governor Thomas Ridge, Senator Joseph Robert Kerrey and Timothy N. Teen, each of whom is one of Chart's current or former officers and/or directors and an aggregate of 890,625 shares to The Chart Group, L.P., the sole managing member of the Sponsor. Subsequently in January 2012, The Chart Group, L.P. transferred an aggregate of 525,469 shares of Chart common stock to certain of Chart's officers and certain affiliates and officers of The Chart Group, L.P. On April 17, 2012, the Sponsor transferred an aggregate of 37,500 founder shares to Manuel D. Medina, who joined Chart's board of directors on March 15, 2012.

The founder earn-out shares (a number of founder shares equal to 2.5% of Chart's shares of common stock issued and outstanding after the expiration of the underwriters' overallotment option, excluding the placement shares) are subject to forfeiture by Chart's initial stockholders in the event the last sales price of Chart's stock does not equal or exceed \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 60 months following the closing of Chart's initial business combination. An additional number of founder shares equal to 2.5% of Chart's shares of common stock issued and outstanding after the expiration of the underwriters' overallotment option (excluding the placement shares), will be subject to forfeiture by Chart's initial stockholders in the event the last sales price of Chart's stock does not equal or exceed \$13.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 60 months following the closing of Chart's initial business combination. If such shares are forfeited, Chart would record the aggregate fair value of the shares forfeited and reacquired to treasury stock and a corresponding credit to additional paid-in capital based on the difference between the fair market value of the forfeited shares and the price paid to Chart for such forfeited shares of approximately \$3,262.50. Upon receipt, such forfeited shares would then be immediately cancelled, which would result in the retirement of the treasury stock and a corresponding charge to additional paid-in capital. Chart's initial stockholders have also agreed, to the extent applicable, that they will not sell or transfer founder shares that remain subject to forfeiture.

Private Placement Units

The Sponsor purchased 231,250 placement units, Mr. Wright purchased 12,500 placement units and Cowen purchased 131,250 placement units, at the price of \$10.00 per unit for an aggregate purchase price of \$3,750,000 in a private placement that occurred simultaneously with the closing of the IPO. All of the proceeds from the purchase price of the placement units were added to the proceeds from the IPO held in the trust account pending Chart's completion of an initial business combination. The placement warrants are identical to the warrants sold in this offering, except that, (i) if held by the initial holders or their permitted assigns, they (a) whenever exercisable, may be exercised for cash or on a cashless basis; and (b) are not subject to being called for redemption, and (ii) the placement warrants which form a part of the placement units issued to Cowen, so long as held by Cowen or any of its related persons under FINRA rules, will expire five years from the effective date of Chart's registration statement, or earlier upon Chart's liquidation, whereas any placement warrants held by holders other than Cowen or any such related person will expire five years from the consummation of Chart's initial business combination, or earlier upon Chart's liquidation. The placement units and the component securities contained therein will be subject to lockup (i.e. not transferable, assignable or saleable) until 30 days after the consummation of Chart's initial business combination; provided that such securities, if held by Cowen or any of its related persons under FINRA rules, are subject to a minimum lock-up of 180 days from December 14, 2012. If Chart does not complete an initial business combination, the portion of the \$3,750,000 purchase price of the placement units placed in the trust account will be included as a part of the liquidation amount payable to Chart's public stockholders and the placement warrants will expire worthless. Including the private placement of founder shares and placement units, Chart's initial stockholders, including our Sponsor, directors and officers, own approximately 44.3% of the outstanding common stock as of the date of this proxy statement/prospectus.

Warrant Tender Offer; Escrow Deposit

In connection with the IPO, the Sponsor, Mr. Wright and Cowen collectively committed to offer to purchase up to 3,750,000 of Chart's issued and outstanding warrants at a purchase price of \$0.60 per warrant in a tender offer that would commence after Chart's announcement of a business combination and would close upon the consummation of such initial business combination. The proposed purchase price of \$0.60 was determined by the Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of the IPO and based on these entities' knowledge of the securities markets.

The Sponsor, Mr. Wright and Cowen initially deposited an aggregate of \$2,250,000 with Continental Stock Transfer & Trust Company into a segregated escrow account (representing \$0.60 per warrant for up to 3,750,000 warrants). More specifically, the Sponsor initially deposited \$1,387,500, Mr. Wright deposited \$75,000 and Cowen deposited \$787,500. The funds held in the escrow account were to be invested only in United States treasuries or in money market funds that invest solely in United States treasuries with a maturity of 180 days or less.

Table of Contents

In August 2014, the Sponsor, Mr. Wright and Cowen commenced the Initial Warrant Tender Offer to purchase up to 7,500,000 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the Initial Warrant Tender Offer. In September 2014, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

In February 2015, the Sponsor, Mr. Wright and Cowen commenced the Second Warrant Tender Offer to purchase up to 7,492,300 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from March 13, 2015 to June 13, 2015. A total of 647,500 warrants were validly tendered and not withdrawn in the Second Warrant Tender Offer. In March 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$194,250.

In May 2015, the Sponsor, Mr. Wright and Cowen commenced the Third Warrant Tender Offer to purchase up to 6,844,800 of Chart's issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with a special meeting of Chart's stockholders to approve, among other matters an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from June 13, 2015 to July 31, 2015. A total of 2,086,441 warrants were validly tendered and not withdrawn in the Third Warrant Tender Offer. In June 2015, the Sponsor, Mr. Wright and Cowen accepted for purchase all such warrants for an aggregate purchase price of \$625,932.

Shortly after the completion of the Business Combination, the Sponsor, Mr. Wright, and Cowen, intend to commence the Warrant Tender Offer to purchase, collectively, up to 2,378,779 warrants at \$0.60 per warrant (subject to proration), which will be consummated, if at all, upon the consummation of the Business Combination. The purpose of the Warrant Tender Offer is to provide holders of public warrants that may not wish to retain their public warrants following the Business Combination the possibility of receiving cash for their public warrants.

Each of the Sponsor, Mr. Wright, and Cowen has agreed not to tender its placement warrants in the Warrant Tender Offer. Through the Warrant Tender Offer, the Sponsor, Mr. Wright, and Cowen will effectively offer to purchase up to 50% (after giving effect to the 2,741,641 warrants tendered to, and purchased by, the Sponsor, Mr. Wright, and Cowen in the Extension Warrant Tender Offers) of the warrants sold as part of the units in the IPO. If the Warrant Tender Offer is consummated, the public stockholders will suffer no dilutive effect as the overall number of outstanding warrants will remain unchanged. However, the relative voting power of the Sponsor, Mr. Wright and Cowen will increase based on their greater shareholding on a fully diluted basis.

If Chart is unable to consummate its business combination within the allotted time, holders of Chart's outstanding public warrants will receive a pro-rata portion of the proceeds on deposit in this escrow account (\$0.30 per warrant) as promptly as reasonably possible but no more than five business days thereafter, after which time such warrants will expire worthless. Interest earned on the amount deposited in the escrow account, if any, will be paid to the Sponsor, Mr. Wright and Cowen in accordance with the terms of the escrow agreement.

Notes Payable to Sponsor

Chart issued a \$175,000 unsecured non-interest bearing promissory note to the Sponsor, on August 9, 2011, which was amended on March 31, 2012 and September 30, 2012, respectively. The proceeds from the loan were used to fund organizational and offering expenses incurred or expected to be incurred by the Chart. The note was repaid in full on December 19, 2012.

Chart issued a \$246,667 unsecured non-interest bearing promissory note to our Sponsor on February 10, 2014. The proceeds from the loan were used for working capital purposes of Chart. CHART ACQUISITION CORP.

NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS

For the Three Months Ended March 31, 2015 and 2014

1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Chart Acquisition Corp. (“Chart,” the “Company,” “we” or “us”) was incorporated in Delaware on July 22, 2011. The Company is a blank check company formed for the purpose of acquiring, through a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, exchangeable share transaction or similar business combination, one or more operating businesses or assets (an “initial business combination”). The Company has neither engaged in any operations nor generated any revenues to date. The Company has selected December 31 as its fiscal year end.

At March 31, 2015, the Company had not commenced any operations. All activity through March 31, 2015 relates to the Company’s formation, initial public offering (“public offering”) described below in Note 4, and search for an initial business combination. See Note 12 for a description of the definitive agreements the Company entered into with Tempus Applied Solutions, LLC (“Tempus”) to complete an initial business combination, including a merger agreement.

The registration statement for the public offering was declared effective on December 13, 2012. The Company consummated the public offering on December 19, 2012 and received net proceeds of approximately \$76,120,000 which includes \$3,750,000 received from the private placement of 375,000 units to Chart Acquisition Group LLC, a Delaware limited liability Company (the “Sponsor”), Joseph Wright, the Company’s chief executive officer and chairman of the board and Cowen Overseas Investment LP (with Cowen Investments LLC, the assignee of the shares of Chart common stock and Chart warrants, “Cowen”), an affiliate of Cowen and Company, LLC, one of the lead underwriters of the public offering and is net of approximately \$2,630,000 of legal, accounting and underwriting fees. The Sponsor, Joseph Wright and Cowen each purchased units consisting of one share of common stock and a warrant to purchase one share of common stock (the “private placement”—Note 5).

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the public offering, although substantially all of the net proceeds of the public offering are intended to be generally applied toward effecting an initial business combination. Net proceeds of approximately \$75,000,000 from the public offering and simultaneous private placements of the placement units (as described below in Note 5) are being held in a trust account in the United States maintained by Continental Stock Transfer & Trust Company (“Continental”), acting as trustee (“the Trust Account”). The proceeds held in the Trust Account will be invested only in United States government treasury bills with a maturity of 180 days or less or in money market funds investing solely in United States Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended. Except for interest income earned on the Trust Account balance and released to us for working capital purposes and to pay taxes

or dissolution expenses, if any, our amended and restated certificate of incorporation (the “Charter”) provides that none of the funds held in trust will be released from the trust account, until the earlier of (i) the consummation of our initial business combination; (ii) the expiration or termination of any tender offer conducted by the Company in connection with a proposed business combination not otherwise withdrawn; (iii) the redemption of the Company’s public shares if it is unable to consummate an initial business combination by June 13, 2015 (which date has been extended from March 13, 2015, as described below), subject to applicable law; or (iv) otherwise upon its liquidation or in the event its management resolves to liquidate the Trust Account and ceases to pursue the consummation of an initial business combination prior to June 13, 2015 (which date has been extended from March 13, 2015, as described below). The proceeds deposited in the Trust Account could become subject to the claims of our creditors, if any, which could have priority over the claims of the Company’s public stockholders.

On September 5, 2014, the Company held a special meeting of stockholders (the “September 2014 Meeting”). At the September 2014 Meeting, the stockholders approved the following items: (i) an amendment to the Charter extending the date by which the Company must consummate its initial business combination from September 13, 2014 to March 13, 2015, (ii) an amendment to the Charter permitting stockholders to redeem their public shares for a pro rata portion of the funds available in the Trust Account and authorizing the Company and Continental, the trustee of the Trust Account, to disburse such redemption payments and (iii) an amendment and restatement of the investment management trust agreement (as amended and restated, the “Trust Agreement”) between the Company and Continental permitting distributions from the Trust Account to those persons holding shares of common stock comprising part of the units sold in the public offering who wish to exercise their redemption rights in connection with the September 2014 Meeting, and extending the date on which to liquidate the Trust Account in accordance with the Trust Agreement to March 13, 2015. The affirmative vote of holders of at least sixty-five percent of the issued and outstanding shares of the Company was required to approve each of the proposals.

In connection with the September 2014 Meeting, 964,691 shares were redeemed by the Company at a price of \$10.00 per share, for a total redemption amount of \$9,646,910. As of December 31, 2014, \$65,355,296 was held in the Trust Account after the foregoing redemptions.

On March 11, 2015, the Company held a special meeting of stockholders (the “March 2015 Meeting”). At the March 2015 Meeting, the stockholders approved the following items: (i) an amendment to the Charter extending the date by which the Company must consummate its initial business combination from March 13, 2015 to June 13, 2015, (ii) an amendment to the Charter permitting stockholders to redeem their public shares for a pro rata portion of the funds available in the Trust Account and authorizing the Company and Continental, the trustee of the Trust Account, to disburse such redemption payments and (iii) an amendment and restatement of the Trust Agreement between the Company and Continental permitting distributions from the Trust Account to those persons holding shares of common stock comprising part of the units sold in the public offering who wish to exercise their redemption rights in connection with the March 2015 Meeting, and extending the date on which to liquidate the Trust Account in accordance with the Trust Agreement to June 13, 2015. The affirmative vote of holders of at least sixty-five percent of the issued and outstanding shares of the Company was required to approve each of the proposals.

In connection with the March 2015 Meeting, 3,558,385 shares were redeemed by the Company at a price of \$10.00 per share, for a total redemption amount of \$35,583,850. As of March 31, 2015, \$29,769,639 was held in the Trust Account after the foregoing redemptions.

For the Three Months Ended March 31, 2015 and 2014

1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS — (continued)

Initial Business Combination

For the purposes of consummating an initial business combination, the Company is not limited to a particular industry or geographic region, although its management team intends to focus on operating businesses in the following sectors: the provision and/or outsourcing of government services. The management team anticipates structuring an initial business combination to acquire 100% of the equity interests or assets of the target business or businesses. It may also, however, structure an initial business combination to acquire less than 100% of such interests or assets of the target business but will not acquire less than a controlling interest.

We have entered into an agreement and plan of merger with such a business, and we are in the process of preparing documentation with which to present our proposed business combination with that business to our stockholders, who must approve the proposed business combination. On January 5, 2015, we entered into an Agreement and Plan of Merger (as amended, the “Merger Agreement”) with Tempus, a Delaware limited liability company and other related parties, as described in further detail below. On March 20, 2015, the parties entered into a First Amendment to Merger Agreement (the “First Amendment”). Hereafter, we may refer to all the transactions contemplated by the Merger Agreement as the “Business Combination.” The consummation of the Business Combination is subject to other conditions, and there can be no assurance that the Business Combination will be consummated. For additional information regarding the Merger Agreement and Tempus, see note 12. The consummation of the Business Combination is subject to other conditions, and there can be no assurance that the Business Combination will be consummated.

The Company may consummate the initial business combination and conduct the redemptions without stockholder vote pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and may file tender offer documents with the Securities and Exchange Commission (the “SEC”).

Regardless of whether the Company holds a stockholder vote or a tender offer in connection with an initial business combination, public stockholders will have the right to redeem their shares for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest but less taxes payable plus amounts released to fund working capital requirements. As a result, such shares will be recorded at redemption value

and classified as temporary equity upon the completion of the public offering, in accordance with Financial Accounting Standards Board, ("FASB") Accounting Standards Codification, ("ASC") Topic 480, "Distinguishing Liabilities from Equity."

The Company will not redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001 and, solely if it seeks stockholder approval, a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination.

Only if the Company holds a stockholder vote to approve the initial business combination, and it does not conduct redemptions pursuant to the tender offer rules, it may enter into privately negotiated transactions to purchase public shares from stockholders who would otherwise elect to redeem their shares, with such purchases made using funds held in the trust account. All shares so purchased by the Company will be immediately cancelled.

Liquidation and Going Concern

If the Company does not consummate an initial business combination by June 13, 2015 it will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem all public shares then outstanding, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any amounts representing interest earned on the trust account, less any interest released to the Company for working capital purposes, the payment of taxes or dissolution expenses, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of its remaining stockholders and board of directors, dissolve and liquidate, subject in each case to its obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. The mandatory liquidation and subsequent dissolution raises substantial doubt about the Company's ability to continue as a going concern.

As of March 31, 2015, we had a cash balance of \$66,907, held outside of the Trust Account after issuance of \$1,600,000 in promissory notes, which is available for use by us to cover the costs associated with identifying a target business and negotiating an initial business combination and other general corporate uses. On April 22, 2015, we issued an additional \$140,000 promissory note to the Sponsor, which funds are available for use by us to cover the costs associated with identifying a target business and negotiating a business combination and other general corporate uses. We believe that we have sufficient funds available to conduct the normal operations of the business. However, we may need to obtain additional financing from our Sponsor, Cowen and Mr. Wright to consummate our initial business combination with an operating business by June 13, 2015.

NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS

For the Three Months Ended March 31, 2015 and 2014

2. BASIS OF PRESENTATION

The accompanying condensed interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") and pursuant to the accounting and disclosure rules and regulations of the Securities and Exchange Commission ("SEC"), and reflect all adjustments, consisting only of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of the financial position as of March 31, 2015 and December 31, 2014 and the results of operations and cash flows for the three months ended March 31, 2015 and 2014. Certain information and disclosures normally included in financial statements prepared in accordance with GAAP have been omitted pursuant to such rules and regulations. The results of operations for the three months ended March 31, 2015 is not necessarily indicative of the results of operations to be expected for a full fiscal year.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently Adopted Accounting Standards

The Company complied with the reporting requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 915, "Development Stage Entities" (Topic 915). As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-10 (ASU No. 2014-10) to Topic 915, which eliminated certain financial reporting requirements of companies previously identified as "Development Stage Entities" (Topic 915). The amendments in ASU No. 2014-10 simplify the accounting guidance by removing all incremental financial reporting requirements for development stage entities. The amendments also reduce data maintenance and, for those entities subject to audit, audit costs, by eliminating the requirement for development stage entities to present inception-to-date information in the statements of operations, cash flows, and stockholders' equity.

As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-15, which provided guidance on management's responsibility in evaluating whether there is substantial doubt about a company's ability to continue as a going concern within one year from the date the financial statements are issued and to provide related footnote disclosures.

As of March 31, 2015 and December 31, 2014, the Company's financial statements conform with the reporting and disclosure requirements above.

Net Income Per Common Share

Net income per common share is computed by dividing net income applicable to common stockholders by the weighted average number of common shares outstanding for the period. The Company did have dilutive securities (warrants and notes that convert into warrants) that could, potentially, be exercised or converted into common shares. However, since the exercise price of the dilutive securities are in excess of the average Company's stock price for the three months ended March 31, 2015 and 2014, respectively, it is deemed out of the money. Accordingly, no incremental shares were included in the calculation of diluted earnings per share. As a result, diluted income per common share is the same as basic income per share for periods presented.

Cash and Investments Held in Trust Account

The Company records the cash and investments held in the Trust Account in accordance with ASC Topic 820, "Fair Value Measurements and Disclosures."

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Tax

The Company complies with the accounting and reporting requirements of FASB ASC 740, "Income Taxes", which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for the differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. A valuation allowance is established when necessary to reduce deferred tax assets when it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized. As of March 31, 2015 and December 31, 2014, the Company had net deferred tax assets of approximately \$511,000 and \$951,000, respectively, before any valuation allowance, mainly related to

change in the fair value of its warrant liability, net operating loss carry forwards and startup costs. The income taxes differed from the 35% expected rate due to the valuation allowance on its deferred tax assets. Management has determined that a full valuation allowance of the deferred tax asset is appropriate at this time.

3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES — (continued)

Income Tax (continued)

As of March 31, 2015, the Company has federal net operating loss carryforwards of \$125,000 that will begin to expire in 2032.

FASB Interpretation No. 48, “Accounting for Uncertainty in Income Taxes” (FIN 48) (now incorporated into FASB ASC 740, Income Taxes), sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. This interpretation uses a two-step approach wherein a tax benefit is recognized if a position is more-likely-than-not to be sustained upon examination by taxing authorities. The amount of the benefit is then measured to be the highest tax benefit that is greater than 50% likely to be realized. Based on its analysis, the Company has determined that it has not incurred any liability for unrecognized tax benefits as of March 31, 2015. The Company’s conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states and foreign jurisdictions. The Company recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of March 31, 2015.

The Company may be subject to potential examination by U.S. federal, U.S. states or foreign jurisdiction authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, U.S. state and foreign tax laws.

We estimate our annual franchise tax obligations, based on the number of shares of our common stock authorized and outstanding to be approximately \$78,000.

The Company recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of March 31, 2015.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC Topic 820, "Fair Value Measurements and Disclosures", approximates the carrying amounts represented in the accompanying balance sheets.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which at times, may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Redeemable Common Stock

As discussed in Note 1, all of the common shares sold as part of the units in the public offering and still outstanding at March 31, 2015 contain a redemption feature which allows for the redemption of common shares under the Company's liquidation or tender offer/stockholder approval provisions. In accordance with ASC Topic 480 "Distinguishing Liabilities from Equity", redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity.

Ordinary liquidation events, which involve the redemption and liquidation of all of the entity's equity instruments, are excluded from the provisions of ASC Topic 480. Although the Company does not specify a maximum redemption threshold, its charter provides that in no event will they redeem its public shares in an amount that would cause its net tangible assets (stockholders' equity) to be less than \$5,000,001.

For the Three Months Ended March 31, 2015 and 2014

3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES— (continued)

Redeemable Common Stock— (continued)

The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock shall be affected by charges against the par value of common stock and retained earnings, or in the absence of retained earnings, by charges against additional paid-in capital in accordance with ASC Topic 480-10-S99. Accordingly, at March 31, 2015 and December 31, 2014, public shares of 1,619,054 and 5,053,083, respectively, are classified outside of permanent equity at its redemption value. The redemption value (approximately \$10.00 at March 31, 2015) is equal to the pro rata share of the aggregate amount then on deposit in the Trust Account, including any amounts representing interest earned on the Trust Account, less any interest released to the Company for working capital purposes or the payment of taxes.

4.PUBLIC OFFERING

In the public offering, the Company sold 7,500,000 units at a purchase price of \$10.00 per unit. Each unit consists of (i) one share of the Company's common stock, \$0.0001 par value ("common stock"), and (ii) one warrant to purchase one share of common stock ("warrant"). Each warrant entitles the holder to purchase one share of common stock at a price of \$11.50. Each warrant will become exercisable on the later of 30 days after the completion of an initial business combination and one year from the date of the prospectus for the public offering, and will expire five years from the date of the initial business combination, or earlier upon redemption or liquidation. The Company may redeem the warrants at a price of \$0.01 per warrant upon 30 days' prior written notice after the warrants become exercisable, only in the event that the last sales price of the common stock (or the closing bid price of the common stock in the event shares of our common stock are not traded on any specific trading day) equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading day period ending three business days before the notice of redemption is given. In the event that a registration statement is not effective at the time of exercise, the holders of the warrants shall not be entitled to exercise such warrants (except on a cashless basis under certain circumstances) and in no event except as disclosed in Note 7 (whether in the case of a registration statement not being effective or otherwise) will the Company be required to net cash settle the warrants and the warrants will expire worthless. For a further discussion of the warrants, please refer to the following two paragraphs and to Note 7.

In connection with our initial public offering, our Sponsor, Mr. Wright, and Cowen collectively committed to offer to purchase up to 3,750,000 of our issued and outstanding warrants at a purchase price of \$0.60 per warrant in a proposed tender offer that would commence after our announcement of our initial business combination and expire upon the consummation of such initial business combination. The proposed purchase price of \$0.60 was determined by our Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of our initial public offering and based on these entities' knowledge of the securities markets.

In connection with our initial public offering, our Sponsor, Mr. Wright and Cowen deposited an aggregate of \$2,250,000 with Continental into a segregated escrow account (representing \$0.60 per warrant for up to 3,750,000 warrants). More specifically, the Sponsor deposited \$1,387,500, Mr. Wright deposited \$75,000 and Cowen deposited \$787,500. The funds held in the escrow account were to be invested only in United States treasuries or in money market funds that invest solely in United States treasuries with a maturity of 180 days or less.

5. RELATED PARTY TRANSACTIONS

Private Placement

On August 9, 2011, the Company issued to the Sponsor in a private placement 2,156,250 shares (after giving effect to its 0.75-for-1 reverse stock split effectuated on July 10, 2012) of restricted common stock for an aggregate purchase price of \$25,000, of which 281,250 shares were forfeited in January 2013. Merger Consideration

As consideration in the pending Chart Merger, each Chart stockholder would receive one share of Tempus Holdings common stock for each share of Chart common stock owned by such stockholder, and each Chart warrant holder will receive a warrant to purchase one share of Tempus Holdings common stock for each warrant to acquire one share of Chart common stock owned by such warrant holder (with the terms of such Tempus Holdings warrant otherwise being substantially identical to such Chart warrant).

As consideration in the pending Tempus Merger, at the closing, the Sellers would receive in the aggregate 3,700,000 shares of Tempus Holdings common stock, subject to an upward or downward dollar-for-dollar merger consideration adjustment deliverable in shares of Tempus Holdings common stock at the closing (with each share of Tempus Holdings common stock valued at \$10.00 per share) to the extent that Tempus' estimated working capital and/or debt as of the closing varies from certain targets specified in the Merger Agreement. After the closing, the merger consideration will be subject to a further upward or downward dollar-for-dollar adjustment payable in shares of Tempus Holdings common stock (with each share of Tempus Holdings common stock valued at \$10.00 per share) to the extent that Tempus' actual working capital and/or debt varies from the amounts estimated at the closing, with such actual amounts determined by the Chart Representative, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation.

Additionally, the Sellers would have the right, subject to the terms and conditions of the Merger Agreement, to receive the Earn-Out Shares, as more fully described below, if they meet the performance targets set forth in the Merger Agreement. The aggregate merger consideration payable to the Sellers, including any Earn-out Shares would be paid pro rata to each Seller based on their membership interests in Tempus.

Earn-out Provisions

In addition to the 3,700,000 shares of Tempus Holdings common stock deliverable by Tempus Holdings to the Sellers at the Closing (as adjusted for Tempus working capital and debt), the Sellers would have the right to receive an additional earn-out payment of 1,550,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations of Tempus Holdings and its subsidiaries exceeds \$14,100,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through December 31, 2017. The Sellers would further have the right to receive an additional 2,000,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$17,500,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through December 31, 2017. The Sellers would further have the right to receive an additional 2,750,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$22,500,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through December 31, 2017. The Sellers are eligible to receive a total of 6,300,000 Earn-out Shares under the Merger Agreement.

12. MERGER AGREEMENT— (continued)

Earn-out Provisions— (continued)

The calculation of the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries would be done each fiscal quarter by the Chart Representative after Tempus Holdings' preparation and delivery to its board of directors of its consolidated financial statements for such fiscal quarter, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation, and any Earn-out Shares that are finally determined to be earned by the Sellers would be delivered by Tempus Holdings within 60 days after final determination that they were so earned.

The Earn-out Shares would be subject to lock-up (in addition to any lock-up restrictions set forth in the Registration Rights Agreement, as more fully described below) for the longer of 12 months from the date of the Merger Agreement and six months from the date of issuance, subject to earlier release in the event of a liquidation, merger, stock exchange or similar transaction involving Tempus Holdings. Additionally, during such lock-up period, the Earn-out Shares would be subject to claw-back by Tempus Holdings in the event that after the Earn-out Shares are issued, it is determined that there was a financial statement error, contract adjustment or other mistake or adjustment, and as a result of which, the Earn-out Shares should have not been paid.

13. COMPLIANCE

The Company received a written notice on September 2, 2014 from the staff of the Listing Qualifications Department of NASDAQ indicating that the Company was not in compliance with Listing Rule 5550(a)(3), which requires the Company to maintain a minimum of 300 public holders for continued listing on the NASDAQ Capital Market, and that NASDAQ had determined to initiate procedures to delist the Company's securities. The Company appealed such determination to a hearings panel (the "Panel") and on October 23, 2014, NASDAQ advised the Company that the Panel had granted its request for continued listing subject to completing its business combination and achieving compliance with all NASDAQ initial listing requirements, including but not limited to the minimum shareholder requirements, by March 4, 2015.

On March 2, 2015, the Company received a letter from NASDAQ stating that the Panel had determined to delist the Company's securities from NASDAQ, and will suspend trading in the Company's securities effective at the open of business on March 5, 2015, due to the Company's failure to demonstrate compliance with the minimum shareholder requirements. NASDAQ further indicated that it would complete the delisting action by filing a Form 25 Notification of Delisting with the SEC after all applicable appeal periods have lapsed. The Company decided not to appeal the Panel's delisting determination.

On April 27, 2015, NASDAQ issued a press release stating that it will delist the Company's common stock, warrant, and units which were suspended on March 5, 2015 and have not traded on NASDAQ since that time. On April 28, 2015, NASDAQ filed a Form 25 with the SEC to complete the delisting. The delisting will become effective ten days after the filing of the Form 25. The Company's common stock, warrants and units continue trading on the OTCQB market under the ticker symbols "CACG," "CACGW" and "CACGU," respectively.

14. SUBSEQUENT EVENT

Management has performed an evaluation of subsequent events through the date of issuance of the financial statements, noting the following events disclosed in Notes 5, 12 and 13:

The Company issued a \$140,000 unsecured non-interest bearing promissory note to our Sponsor on April 22, 2015. Payment on this note is due on the earlier of: (i) June 13, 2015 and (ii) the date on which the Company consummates an initial business combination.

On April 21, 2015, our Sponsor, Mr. Wright and Cowen commenced a tender offer to purchase up to 3,422,400 of our issued and outstanding warrants at a purchase price of \$0.60 per warrant in connection with, and contingent upon, the consummation of the Business Combination

On April 27, 2015, NASDAQ issued a press release stating that it will delist the Company's common stock, warrant, and units which were suspended on March 5, 2015 and have not traded on NASDAQ since that time. On April 28, 2015, NASDAQ filed a Form 25 with the SEC to complete the delisting. The delisting will become effective ten days after the filing of the Form 25. The Company's common stock, warrants and units continue trading on the OTCQB market under the ticker symbols "CACG," "CACGW" and "CACGU," respectively.

The Board of Directors and Stockholders

Chart Acquisition Corp.:

We have audited the accompanying balance sheet of Chart Acquisition Corp. (the “Company”) as of December 31, 2014, and the related statements of operations, changes in stockholders’ equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chart Acquisition Corp. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

As discussed in Note 2 to the financial statements, the Company has adopted Financial Accounting Standards Board Accounting Standards Update No. 2014-10 (ASU No. 2014-10) and Accounting Standards Update No. 2014-15 (ASU No. 2014-15) for the year ended December 31, 2014. ASU 2014-10 resulted in the Company revising its financial statement presentation by removing references to being a development stage company and eliminating incremental financial reporting requirements to present inception-to-date financial information in the statements of operations, stockholder’s equity and cash flows. ASU No. 2014-15 provided guidance on management’s responsibility in evaluating whether there is substantial doubt about the Company’s ability to continue as a going concern within one year from the date the financial statements are issued and to provide related footnote disclosures.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company will cease all operations, except for the purpose of winding up, redeem all public shares outstanding and dissolve and liquidate in the event that the Company does not consummate an initial business combination by March 13, 2015. This condition raises substantial doubt

about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

To the Board of Directors and Stockholders of

Chart Acquisition Corp.:

We have audited the accompanying balance sheet of Chart Acquisition Corp. (the “Company”) as of December 31, 2013, and the related statements of operations, changes in stockholders’ equity, and cash flows for each of the years in the two year period ended December 31, 2013 and 2012. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2013, and the results of its operations and its cash flows for each of the years in the two year period ended December 31, 2013 and 2012, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company will cease all operations, except for the purpose of winding up, redeem all public shares outstanding and dissolve and liquidate in the event that the Company does not consummate a business combination. This condition raises substantial doubt about its ability to continue as a going concern. Management’s plans regarding those matters are also described in Note 1. CHART ACQUISITION CORP.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014, 2013 and 2012

1 DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Chart Acquisition Corp. (“Chart,” the “Company,” “we” or “us”) was incorporated in Delaware on July 22, 2011. The Company is a blank check company formed for the purpose of acquiring, through a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, exchangeable share transaction or similar business combination, one or more operating businesses or assets (an “initial business combination”). The Company has neither engaged in any operations nor generated any revenues to date. The Company has selected December 31 as its fiscal year end.

At December 31, 2014, the Company had not commenced any operations. All activity through December 31, 2014 relates to the Company’s formation, initial public offering (“public offering”) described below in Note 4, and search for an initial business combination. See Note 13 for a description of the definitive agreements the Company entered into with Tempus Applied Solutions, LLC (“Tempus”) to complete an initial business combination, including a merger agreement.

The registration statement for the public offering was declared effective on December 13, 2012. The Company consummated the public offering on December 19, 2012 and received net proceeds of approximately \$76,120,000 which includes \$3,750,000 received from the private placement of 375,000 units to Chart Acquisition Group LLC, a Delaware limited liability Company (the “Sponsor”) and is net of approximately \$2,630,000 of legal, accounting and underwriting fees. The Sponsor, Joseph Wright, the Company’s chief executive officer and chairman of the board and Cowen Overseas Investment LP (“Cowen”), an affiliate of Cowen and Company, LLC, one of the lead underwriters of the public offering, each purchased units consisting of one share of common stock and a warrant to purchase one share of common stock (the “private placement”—Note 5).

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the public offering, although substantially all of the net proceeds of the public offering are intended to be generally applied toward effecting an initial business combination. Net proceeds of approximately \$75,000,000 from the public offering and simultaneous private placements of the placement units (as described below in Note 5) were originally deposited in a trust account in the United States maintained by Continental Stock Transfer & Trust Company (“Continental”), acting as trustee (“Trust Account”). The proceeds held in the Trust Account are invested only in United States government treasury bills with a maturity of 180 days or less or in money market funds investing solely in United States Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended. Except for interest income earned on the Trust Account balance and released to us for working capital purposes and to pay taxes or dissolution expenses, if any, our amended and restated certificate of incorporation

provides that none of the funds held in trust will be released from the Trust Account, until the earlier of (i) the consummation of our initial business combination; (ii) the expiration or termination of any tender offer conducted by the Company in connection with a proposed initial business combination not otherwise withdrawn; (iii) the redemption of the Company's public shares if it is unable to consummate an initial business combination by March 13, 2015 (which date has been extended from September 13, 2014, as described below), subject to applicable law; or (iv) otherwise upon its liquidation or in the event its management resolves to liquidate the Trust Account and ceases to pursue the consummation of an initial business combination prior to March 13, 2015 (which date has been extended from September 13, 2014, as described below). The proceeds deposited in the Trust Account could become subject to the claims of our creditors, if any, which could have priority over the claims of the Company's public stockholders.

On September 5, 2014, the Company held a special meeting of stockholders (the "Meeting"). At the Meeting, the stockholders approved the following items: (i) an amendment to the Company's amended and restated certificate of incorporation (the "Charter") extending the date by which the Company must consummate its initial business combination from September 13, 2014 to March 13, 2015, (ii) an amendment to the Charter permitting stockholders to redeem their public shares for a pro rata portion of the funds available in the Trust Account and authorizing the Company and Continental, the trustee of the Trust Account, to disburse such redemption payments and (iii) an amendment and restatement of the investment management trust agreement (as amended and restated, the "Trust Agreement") between the Company and Continental permitting distributions from the Trust Account to those persons holding shares of common stock comprising part of the units sold in the public offering who wish to exercise their redemption rights in connection with the Meeting, and extending the date on which to liquidate the Trust Account in accordance with the Trust Agreement to March 13, 2015. The affirmative vote of holders of at least sixty-five percent of the issued and outstanding shares of the Company was required to approve each of the proposals.

1 DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS — (continued)

In connection with the Meeting, 964,691 shares were redeemed by the Company at a price of \$10.00 per share, for a total redemption amount of \$9,646,910. As of December 31, 2014, \$65,355,296 was held in the Trust Account after the foregoing redemptions.

Initial Business Combination

For the purposes of consummating an initial business combination, the Company is not limited to a particular industry or geographic region, although its management team intends to focus on operating businesses in the following sectors: the provision and/or outsourcing of government services. The management team anticipates structuring an initial business combination to acquire 100% of the equity interests or assets of the target business or businesses. It may also, however, structure an initial business combination to acquire less than 100% of such interests or assets of the target business but will not acquire less than a controlling interest.

We have recently entered into an agreement and plan of merger with such a business, and we are in the process of preparing documentation with which to present our proposed business combination with that business to our stockholders, who must approve the proposed business combination. On January 5, 2015, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Tempus, a Delaware limited liability company and other related parties, as described in further detail below. Hereafter, we may refer to all the transactions contemplated by the Merger Agreement as the “Business Combination.” The consummation of the Business Combination is subject to other conditions, and there can be no assurance that the Business Combination will be consummated. For additional information regarding the Merger Agreement and Tempus, see note 13. The consummation of the Business Combination is subject to other conditions, and there can be no assurance that the Business Combination will be consummated.

The Company may consummate the initial business combination and conduct the redemptions without stockholder vote pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and may file tender offer documents with the with the Securities and Exchange Commission (the “SEC”).

1 DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS — (continued)

Initial Business Combination (continued)

Regardless of whether the Company holds a stockholder vote or a tender offer in connection with an initial business combination, public stockholders will have the right to redeem their shares for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest but less taxes payable plus amounts released to fund working capital requirements. As a result, such shares will be recorded at redemption value and classified as temporary equity upon the completion of the public offering, in accordance with Financial Accounting Standards Board, (“FASB”) Accounting Standards Codification, (“ASC”) Topic 480, “Distinguishing Liabilities from Equity.”

The Company will not redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001 and, solely if it seeks stockholder approval, a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination.

Solely if the Company holds a stockholder vote to approve the initial business combination, and it does not conduct redemptions pursuant to the tender offer rules, it may enter into privately negotiated transactions to purchase public shares from stockholders who would otherwise elect to redeem their shares, with such purchases made using funds held in the Trust Account. All shares so purchased by the Company will be immediately cancelled.

Liquidation and Going Concern

If the Company does not consummate an initial business combination by March 13, 2015, it will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem all public shares then outstanding, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including any amounts representing interest earned on the Trust Account, less any interest released to the Company for working capital purposes, the payment of taxes or dissolution expenses, divided by the number of then outstanding public shares, which redemption will completely

extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of its remaining stockholders and board of directors, dissolve and liquidate, subject in each case to its obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. The mandatory liquidation and subsequent dissolution raises substantial doubt about the Company's ability to continue as a going concern.

As of December 31, 2014, we had a cash balance of \$146,669, held outside of the Trust Account after issuance of \$1,150,000 in promissory notes, which is available for use by us to cover the costs associated with identifying a target business and negotiating an initial business combination and other general corporate uses. On February 4, 2015, we issued an additional \$450,000 in promissory notes, which funds are available for use by us to cover the costs associated with identifying a target business and negotiating a business combination and other general corporate uses. We believe that we have sufficient funds available to conduct the normal operations of the business. However, we may need to obtain additional financing from our Sponsor, Cowen and Mr. Wright to consummate our initial business combination with an operating business by March 13, 2015.

2. BASIS OF PRESENTATION

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“GAAP”) and pursuant to the rules and regulations of the SEC.

In July 2014, the Company identified and corrected an error related to the accounting for the Company’s changes in amounts subject to possible redemption for the year ended December 31, 2013. The Company determined that its changes in amounts subject to possible redemption should have been accounted for as an adjustment to additional paid-in capital instead of as an adjustment to accumulated deficit. There was no change in previously reported total assets, total liabilities, common stock subject to possible redemption or net loss attributable to common shares for any of the periods. The accompanying financial statements were revised to reflect a balance in accumulated deficit with a corresponding increase of additional paid-in capital as of December 31, 2013 and 2012. In accordance with SEC Staff Accounting Bulletin Nos. 99 and 108 (“SAB 99” and “SAB 108”), the Company evaluated these errors and, based on an analysis of quantitative and qualitative factors, determined that they were not material to each of the prior reporting periods affected and no amendments of previously filed Form 10-Q or Form 10-K reports with the SEC are required. We have reassessed the effect of this error as of December 31, 2014 and believe no further adjustment is required.

Recently Adopted Accounting Standards

The Company complied with the reporting requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 915, “Development Stage Entities” (Topic 915). As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-10 (ASU No. 2014-10) to Topic 915, which eliminated certain financial reporting requirements of companies previously identified as “Development Stage Entities” (Topic 915). The amendments in ASU No. 2014-10 simplify the accounting guidance by removing all incremental financial reporting requirements for development stage entities. The amendments also reduce data maintenance and, for those entities subject to audit, audit costs, by eliminating the requirement for development stage entities to present inception-to-date information in the statements of operations, cash flows, and stockholders’ equity.

As of December 31, 2014, the Company adopted FASB Accounting Standards Update No. 2014-15, which provided guidance on management’s responsibility in evaluating whether there is substantial doubt about a company’s ability to continue as a going concern within one year from the date the financial statements are issued and to provide related

footnote disclosures.

As of December 31, 2014, the Company's financial statements have been presented to conform with the reporting and disclosure requirements of the above standards.

3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Net Loss Per Common Share

Net loss per common share is computed by dividing net loss applicable to common stockholders by the weighted average number of common shares outstanding for the period. For all periods presented, the Company did not have any dilutive securities and other contracts that could potentially be exercised or converted into common shares and then share in the earnings of the Company. As a result, diluted loss per common share is the same as basic loss per share for periods presented.

3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES — (continued)

Cash and Investments Held in Trust Account

The Company records the cash and investments held in the Trust Account in accordance with ASC Topic 820, “Fair Value Measurements and Disclosures.”

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Tax

The Company complies with the accounting and reporting requirements of FASB ASC 740, “Income Taxes”, which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for the differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. A valuation allowance is established when necessary to reduce deferred tax assets when it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized. As of December 31, 2014, 2013 and 2012, the Company had net deferred tax assets of approximately \$951,000, \$378,000 and \$21,000, respectively, before any valuation allowance, mainly related to change in the fair value of its warrant liability, net operating loss carry forwards and startup costs. The income taxes differed from the 35% expected rate due to the valuation allowance on its deferred tax assets. Management has determined that a full valuation allowance of the deferred tax asset is appropriate at this time.

As of December 31, 2014, the Company has federal net operating loss carryforwards of \$108,000 that will begin to expire in 2032.

FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48) (now incorporated into FASB ASC 740, Income Taxes), sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. This interpretation uses a two-step approach wherein a tax benefit is recognized if a position is more-likely-than-not to be sustained upon examination by taxing authorities. The amount of the benefit is then measured to be the highest tax benefit that is greater than 50% likely to be realized. Based on its analysis, the Company has determined that it has not incurred any liability for unrecognized tax benefits as of December 31, 2014. The Company's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states and foreign jurisdictions. The Company recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of December 31, 2014.

The Company may be subject to potential examination by U.S. federal, U.S. states or foreign jurisdiction authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, U.S. state and foreign tax laws.

We estimate our annual franchise tax obligations, based on the number of shares of our common stock authorized and outstanding to be approximately \$80,000.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC Topic 820, "Fair Value Measurements and Disclosures", approximates the carrying amounts represented in the accompanying balance sheets.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which at times, may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Redeemable Common Stock

As discussed in Note 1, all of the common shares sold as part of the units in the public offering and still outstanding at December 31, 2014 contain a redemption feature which allows for the redemption of common shares under the Company's liquidation or tender offer/stockholder approval provisions. In accordance with ASC Topic 480 "Distinguishing Liabilities from Equity", redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity.

Ordinary liquidation events, which involve the redemption and liquidation of all of the entity's equity instruments, are excluded from the provisions of ASC Topic 480. Although the Company does not specify a maximum redemption threshold, its charter provides that in no event will they redeem its public shares in an amount that would cause its net tangible assets (stockholders' equity) to be less than \$5,000,001.

Redeemable Common Stock— (continued)

The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock shall be affected by charges against the par value of common stock and retained earnings, or in the absence of retained earnings, by charges against additional paid-in capital in accordance with ASC Topic 480-10-S99. Accordingly, at December 31, 2014, 2013 and 2012, public shares of 5,053,083, 6,180,953 and 6,283,617, respectively, are classified outside of permanent equity at its redemption value. The redemption value (approximately \$10.00 at December 31, 2014) is equal to the pro rata share of the aggregate amount then on deposit in the Trust Account, including any amounts representing interest earned on the Trust Account, less any interest released to the Company for working capital purposes or the payment of taxes.

4.PUBLIC OFFERING

In the public offering, the Company sold 7,500,000 units at a purchase price of \$10.00 per unit. Each unit consists of (i) one share of the Company's common stock, \$0.0001 par value ("common stock"), and (ii) one warrant to purchase one share of common stock ("warrant"). Each warrant entitles the holder to purchase one share of common stock at a price of \$11.50. Each warrant will become exercisable on the later of 30 days after the completion of an initial business combination and one year from the date of the prospectus for the public offering, and will expire five years from the date of the initial business combination, or earlier upon redemption or liquidation. The Company may redeem the warrants at a price of \$0.01 per warrant upon 30 days' prior written notice after the warrants become exercisable, only in the event that the last sales price of the common stock (or the closing bid price of the common stock in the event shares of our common stock are not traded on any specific trading day) equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading day period ending three business days before the notice of redemption is given. In the event that a registration statement is not effective at the time of exercise, the holders of the warrants shall not be entitled to exercise such warrants (except on a cashless basis under certain circumstances) and in no event except as disclosed in Note 7 (whether in the case of a registration statement not being effective or otherwise) will the Company be required to net cash settle the warrants and the warrants will expire worthless. For a further discussion of the warrants, please refer to the following two paragraphs and to Note 7.

In connection with our initial public offering, our Sponsor, Mr. Wright, and Cowen collectively committed to offer to purchase up to 3,750,000 of our issued and outstanding warrants at a purchase price of \$0.60 per warrant in a proposed tender offer that would commence after our announcement of our initial business combination and expire upon the consummation of such initial business combination. The proposed purchase price of \$0.60 was determined by our Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of our initial public offering and based on these entities' knowledge of the securities markets.

In connection with our initial public offering, our Sponsor, Mr. Wright and Cowen Overseas deposited an aggregate of \$2,250,000 with Continental into a segregated escrow account (representing \$0.60 per warrant for up to 3,750,000 warrants). More specifically, the Sponsor deposited \$1,387,500, Mr. Wright deposited \$75,000 and Cowen Overseas deposited \$787,500. The funds held in the escrow account were to be invested only in United States treasuries or in money market funds that invest solely in United States treasuries with a maturity of 180 days or less.

5. RELATED PARTY TRANSACTIONS

Private Placement

On August 9, 2011, the Company issued to the Sponsor in a private placement 2,156,250 shares (after giving effect to its 0.75-for-1 reverse stock split effectuated on July 10, 2012) of restricted common stock for an aggregate purchase price of \$25,000, of which 281,250 shares were forfeited in January 2013. The founder shares will not be released from transfer restrictions until: (i) one year after the consummation of the Company's initial business combination or earlier if, subsequent to its initial business combination, the last sales price of its common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after its initial business combination, or (ii) the date on which it consummates a liquidation, merger, stock exchange or other similar transaction after its initial business combination that results in all of its stockholders having the right to exchange their shares of common stock for cash, securities or other property.

The Sponsor, Mr. Wright and Cowen Overseas purchased, simultaneously with the closing of the public offering, 375,000 units (the "placement units") from the Company at a price of \$10.00 per unit, each unit consisting of one share of common stock ("placement shares") and a warrant to purchase one share of common stock ("placement warrants") for an aggregate purchase price of \$3,750,000 in a private placement pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended. The placement warrants are identical to the warrants sold in the public offering except that, (i) if held by the initial holders or their permitted assigns, they (a) whenever exercisable, may be exercised for cash or on a cashless basis at the option of the holder; and (b) will not be redeemable by the Company, and (ii) the placement warrants issued to Cowen Overseas, so long as held by Cowen Overseas or any of its related persons under FINRA rules, expire five years from the effectiveness of the registration statement. In addition, the placement warrants and placement shares are subject to transfer restrictions until 30 days following the consummation of the initial business combination.

However, each of the initial stockholders and Cowen Overseas (as applicable) will be entitled to redeem any public shares it acquires in or after the public offering in the event the Company fails to consummate an initial business combination within the required time period.

business combination and commencing, in the case of the placement shares, the placement warrants and the shares of common stock underlying the placement warrants, 30 days after the consummation of the initial business combination.

7. WARRANT LIABILITY

The Company sold 7,875,000 units in the public offering and private placement, each comprised of one share of common stock and one warrant. The warrants expire five years after the date of the Company's initial business combination. The warrants issued contain a cash settlement provision, as provided in the amended and restated warrant agreement in the event of a Fundamental Transaction (as defined therein) after the initial business combination (see below), which requires liability treatment under ASC Topic 815-40-55-2 as the warrant agreement requires net-cash settlement upon a change in control must be classified as an asset or liability.

In connection with our initial public offering, our Sponsor, Mr. Wright, and Cowen collectively committed to offer to purchase up to 3,750,000 of our issued and outstanding warrants at a purchase price of \$0.60 per warrant in a proposed tender offer that would commence after our announcement of our initial business combination and expire upon the consummation of such initial business combination. The proposed purchase price of \$0.60 was determined by our Sponsor, Mr. Wright and Cowen in consultation with the representatives of the underwriters of our initial public offering and based on these entities' knowledge of the securities markets.

In connection with our initial public offering, our Sponsor, Mr. Wright and Cowen Overseas deposited an aggregate of \$2,250,000 with Continental into a segregated escrow account (representing \$0.60 per warrant for up to 3,750,000 warrants). More specifically, the Sponsor deposited \$1,387,500, Mr. Wright deposited \$75,000 and Cowen Overseas deposited \$787,500. The funds held in the escrow account were to be invested only in United States treasuries or in money market funds that invest solely in United States treasuries with a maturity of 180 days or less.

In August 2014, our Sponsor, Mr. Wright and Cowen Overseas commenced a tender offer to purchase up to 7,500,000 of our issued and outstanding warrants at a purchase price of \$0.30 per warrant in connection with the in connection with a special meeting of Chart's stockholders to approve, among other matters, an amendment to Chart's existing charter extending the date by which Chart must consummate its initial business combination from September 13, 2014 to March 13, 2015. A total of 7,700 warrants were validly tendered and not withdrawn in the tender offer. In September 2014, our Sponsor, Mr. Wright and Cowen Overseas accepted for purchase all such warrants for an aggregate purchase price of \$2,310.

Management uses the closing price of the warrants (unless no trade occurred in which case the last trade price is used) for the valuation of the warrants to determine the warrant liability to be \$4,331,250 and \$5,906,250 as of December 31, 2014 and 2013. This valuation is revised on a quarterly basis until the warrants are exercised or they expire, with the changes in fair value recorded in the statements of operations.

In the event of a Fundamental Transaction, which can only happen after the initial business combination, at the request of the holder delivered at any time through the date that is 30 days after the public disclosure of the consummation of such Fundamental Transaction by the Company pursuant to a Current Report on Form 8-K filed with the SEC, the Company (or the successor entity to the Company) shall purchase such warrant from the holder by paying to the holder, within five trading days after such request, cash in an amount equal to the Black Scholes Value of the remaining unexercised portion of such warrant on the date of such Fundamental Transaction. Any holder that receives cash pursuant to the immediately preceding sentence shall not receive any Alternate Consideration (as defined in the amended and restated warrant agreement) from such transaction. For purposes hereof, "Black Scholes Value" means the value of the warrant based on the Black-Scholes Option Pricing Model obtained from the "OV" function on Bloomberg using (i) a price per share of common stock equal to the closing sale price of the common stock for the trading day immediately preceding the date of consummation of the applicable Fundamental Transaction, (ii) a risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the remaining term of such warrant as of such date of request, and (iii) an expected volatility equal to the greater of (A) forty percent (40%) and (B) the 30-day volatility obtained from the "HVT" function on Bloomberg determined as of the trading day immediately following the announcement of the Fundamental Transaction, (iv) a "Style" of "Warrant" and (v) a "Warrant type" of "Capped" where "Call cap" equals \$17.50.

The Company appealed such determination to a hearings panel (the "Panel") and on October 23, 2014, NASDAQ advised the Company that the Panel had granted its request for continued listing subject to completing its business combination and achieving compliance with all NASDAQ initial listing requirements, including but not limited to the minimum shareholder requirements, by March 4, 2015.

NASDAQ further indicated that it would complete the delisting action by filing a Form 25 Notification of Delisting with the SEC after all applicable appeal periods have lapsed. The Company intends to request an appeal of the Panel's delisting determination to the NASDAQ Listing and Hearing Review Council.

Management has performed an evaluation of subsequent events through the date of issuance of the financial statements, noting the following and events disclosed in Notes 1, 5, 11 and 12:

Merger Agreement with Tempus Applied Solutions, LLC

On January 5, 2015, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Tempus, a Delaware limited liability company (“Tempus”), the current holders of Tempus’ membership interests (the “Sellers”), Benjamin Scott Terry and John G. Gulbin III, together, in their capacity under the Merger Agreement as the representative of the Sellers for the purposes set forth therein (the “Members’ Representative”), Tempus Applied Solutions Holdings, Inc., our newly formed and wholly-owned subsidiary which will be the holding company for Tempus and Chart following the consummation of the Business Combination (as defined below) (“Tempus Holdings”), Chart Merger Sub Inc., a newly formed wholly-owned subsidiary of Tempus Holdings (“Chart Merger Sub”), TAS Merger Sub LLC, a newly formed wholly-owned subsidiary of Tempus Holdings (“Tempus Merger Sub”), Chart Acquisition Group LLC in its capacity under the Merger Agreement as the representative of the equity holders of Chart and Tempus Holdings (other than the Sellers and their successors and assigns) in accordance with the terms thereof (the “Chart Representative”) and, for the limited purposes set forth therein, the Sponsor, Mr. Wright and Cowen (together, the “Warrant Offerors”).

Pursuant to the Merger Agreement, subject to the terms and conditions set forth therein, (i) Chart Merger Sub would merge with and into Chart, with Chart being the surviving entity and a wholly-owned subsidiary of Tempus Holdings (such merger, the “Chart Merger”), (ii) Tempus Merger Sub would merge with and into Tempus, with Tempus being the surviving entity and a wholly owned-sub subsidiary of Tempus Holdings (such merger, the “Tempus Merger”), and (iii) Tempus Holdings would become a publicly traded company. Hereafter, we may also refer to the transactions contemplated by the Merger Agreement as the “Business Combination.” The Chart Merger and the Tempus Merger (together, the “Mergers”) will occur simultaneously upon the consummation of the Business Combination.

13. SUBSEQUENT EVENTS — (continued)

In the Chart Merger, the outstanding equity securities of Chart would be cancelled and the holders of outstanding shares of Chart common stock and warrants would receive substantially identical securities of Tempus Holdings. In the Tempus Merger, the outstanding membership interests of Tempus would be cancelled in exchange for the right of the Sellers to receive as the aggregate merger consideration 5,250,000 shares of Tempus Holdings common stock, subject to certain adjustments, plus an additional right to receive potentially up to 4,750,000 shares of Tempus Holdings common stock as an earn-out if certain financial milestones are achieved.

As a result of the consummation of the Business Combination, each of Chart Merger Sub and Tempus Merger Sub would cease to exist, Chart and Tempus would become wholly-owned subsidiaries of Tempus Holdings, and the equity holders of Chart and Tempus would become the stockholders of Tempus Holdings. In addition, the consummation of the Business Combination is subject to the completion of the Warrant Offerors' offer to purchase up to 3,746,150 warrants to purchase common stock of Chart at a purchase price of \$0.60 per warrant (the "Warrant Tender Offer"). Chart will provide its stockholders with the opportunity to redeem their shares of common stock for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, less taxes, upon the consummation of the Business Combination.

Merger Consideration

As consideration in the pending Chart Merger, each Chart stockholder would receive one share of Tempus Holdings common stock for each share of Chart common stock owned by such stockholder, and each Chart warrant holder will receive a warrant to purchase one share of Tempus Holdings common stock for each warrant to acquire one share of Chart common stock owned by such warrant holder (with the terms of such Tempus Holdings warrant otherwise being substantially identical to such Chart warrant).

As consideration in the pending Tempus Merger, at the closing, the Sellers would receive in the aggregate 5,250,000 shares of Tempus Holdings common stock, subject to an upward or downward dollar-for-dollar merger consideration adjustment deliverable in shares of Tempus Holdings common stock at the closing (with each share of Tempus

Holdings common stock valued at \$10.00 per share) to the extent that Tempus' estimated working capital and/or debt as of the closing varies from certain targets specified in the Merger Agreement. After the closing, the merger consideration will be subject to a further upward or downward dollar-for-dollar adjustment payable in shares of Tempus Holdings common stock (with each share of Tempus Holdings common stock valued at \$10.00 per share) to the extent that Tempus' actual working capital and/or debt varies from the amounts estimated at the closing, with such actual amounts determined by the Chart Representative, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation.

Additionally, the Sellers would have the right, subject to the terms and conditions of the Merger Agreement, to receive the Earn-Out Shares, as more fully described below, if they meet the performance targets set forth in the Merger Agreement. The aggregate merger consideration payable to the Sellers, including any Earn-out Shares would be paid pro rata to each Seller based on their membership interests in Tempus.

Earn-out Provisions

In addition to the 5,250,000 shares of Tempus Holdings common stock deliverable by Tempus Holdings to the Sellers at the Closing (as adjusted for Tempus working capital and debt), the Sellers would have the right to receive an additional 2,000,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$17,500,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through June 30, 2016. The Sellers would further have the right to receive an additional 2,750,000 Earn-out Shares if the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries exceeds \$22,500,000 for any two consecutive fiscal quarters during the period from January 1, 2015 through June 30, 2016.

13. SUBSEQUENT EVENTS — (continued)

The calculation of the trailing twelve month consolidated EBITDA, as adjusted to account for normal operations, of Tempus Holdings and its subsidiaries would be done each fiscal quarter by the Chart Representative after Tempus Holdings' preparation and delivery to its board of directors of its consolidated financial statements for such fiscal quarter, subject to a dispute resolution process in the event that the Members' Representative disputes such calculation, and any Earn-out Shares that are finally determined to be earned by the Sellers would be delivered by Tempus Holdings within 60 days after final determination that they were so earned.

The Earn-out Shares would be subject to lock-up (in addition to any lock-up restrictions set forth in the Registration Rights Agreement, as more fully described below) for the longer of 12 months from the date of the Merger Agreement and six months from the date of issuance, subject to earlier release in the event of a liquidation, merger, stock exchange or similar transaction involving Tempus Holdings. Additionally, during such lock-up period, the Earn-out Shares would be subject to claw-back by Tempus Holdings in the event that after the Earn-out Shares are issued, it is determined that there was a financial statement error, contract adjustment or other mistake or adjustment, and as a result of which, the Earn-out Shares should have not been paid.

Tempus anticipates being acquired by Chart Acquisition Corporation (“CAC”) pursuant to a purchase agreement signed January 5, 2015 and subsequently modified on March 20, 2015. CAC is a blank check company (also known as a special-purpose acquisition company) formed for the purpose of acquiring an operating company through a merger, capital stock exchange, asset acquisition stock purchase or other similar business combination. Upon completion of the anticipated acquisition Tempus would become the surviving and reporting entity and assume certain transaction-related expenses of its members and CAC. As of March 31, 2015, these expenses are estimated to be \$12,400,000.

The Company’s planned principal operations are the design, engineering and modification of aircraft into alternative configurations, and if requested by the customer, providing ongoing support in the execution of their respective aviation operations. The Company is currently conducting business development and contract negotiation activities to take advantage of the relationships and experience its employees have developed over their respective careers.

The Company has secured headquarters office space in Williamsburg, VA, and has identified hangar space in Brunswick, ME which will provide the required facilities for production and logistic support for its customers. The Company’s activities are subject to significant risks and uncertainties. Anticipated contracts are large and the periods of performance are long. Potential risks and uncertainties include the risk of deadline and budget overruns.

2.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Tempus has prepared the accompanying unaudited consolidated financial statements in accordance with accounting principles generally accepted in the United States of America for interim financial information. In our opinion, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three-months ended March 31, 2015 are not necessarily indicative of the results that may be expected for the year ending December 31, 2015.

The accompanying consolidated financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United State of America ("U.S. GAAP") and pursuant to the rules and regulations of the Securities and Exchange Commission.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Global Aviation Support, LLC and Tempus Manx Aviation Limited. Significant inter-entity accounts and transactions have been eliminated.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Tax

The Company is a limited liability company; therefore, the taxable income or loss is allocated to the members in accordance with the operating agreement and is reflected in their income taxes. The accompanying consolidated financial statements do not reflect a provision or liability for Federal or state income taxes.

The Company has determined that it has no material unrecognized tax benefits or obligations as of March 31, 2015. The members' income tax filings are subject to audit by varying taxing authorities depending on their physical residence. All members reside in the United States of America.

Revenue Recognition

The Company uses the percentage-of-completion method for accounting for long-term aircraft maintenance and modification fixed-price contracts to recognize revenues and receivables for financial reporting purposes. No aircraft modification contracts were in progress during the quarter ended March 31, 2015. Revenues from firm fixed price contracts are measured by the percentage of costs incurred to date to estimated total cost for each contract. Revenues from time-and-material line items are measured by direct labor hours or flight hours incurred during the period at the contracted hourly rates plus the cost of materials, if applicable.

Table of Contents

Revenue on leased aircraft and equipment representing rental fees and financing charges are recorded on a straight line basis over the term of the leases.

Since its formation in December 2014, Tempus has engaged in marketing and negotiation efforts intended to reduce its current business opportunities to signed contracts and to identify and develop additional opportunities, and expects to be able to make public announcements in the near future and on an ongoing basis regarding the signing of additional contracts, the awarding of bids and the acceptance of new proposals, as and to the extent these developments occur. As of March 31, 2015, Tempus' signed contracts, submitted bids and other business opportunities are set forth below.

Contracts Signed and commenced

1 aircraft management contract. Revenue earned based on aircraft flight hours. Estimated revenues of \$6.5 -\$13.0 million annually.

2 aircraft operations contracts. Revenues earned based on aircraft flight hours. Estimated revenues of \$0.8 million annually for each contract.

Provision of leased aircraft to head of U.S. government agency. Revenues earned based on aircraft flight hours. Estimated revenues of \$4.3 million annually for at least 2-3 years.

Contracts Signed but not yet commenced

1 U.S. contract (classified). Revenue earned per task order. Estimated revenues of \$5 million annually for at least 3-5 years.

Contracts Awarded and in Final Negotiation

1 U.S. contract (classified). Estimated revenues of \$40 million annually for at least 3 to 5 years.

Bids Submitted

NATO member country ISR aircraft; bid to provide modified special mission aircraft as well as training and maintenance support (submitted).

Head of state aircraft interior completion (submitted).

Ultra high net worth individual aircraft interior completion (submitted).

Estimated potential value if Tempus wins all of the above submitted bids: approximately \$375 million over 5 years.

Cash and Cash Equivalents

For purposes of cash flow, the Company considers all cash accounts which are not subject to withdrawal restrictions or penalties, and highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

F-47

Table of Contents

Accounts Receivable

Trade accounts receivable are recorded at the invoiced amount and do not bear interest.

Other receivables include transaction costs related to a pending merger transaction which are to be reimbursed out of deal proceeds and unbilled accounts receivable on contracts that are in progress.

The Company will establish an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends and other relevant information. Management believes that its contract acceptance, billing and collection policies are adequate to minimize the potential credit risk associated with accounts receivable. The Company considers the current accounts receivable balance to be fully collectible. Accordingly, no allowance has been recorded at March 31, 2015.

Going Concern

Tempus continues to incur operating expenses in support of business development efforts in addition to various organizational and transactional costs. Should the Company fail to consummate the contemplated transaction with CAC it would raise substantial doubt about the Company's ability to continue as a going concern.

Property and Equipment

Property and equipment is stated at cost, less accumulated depreciation. Maintenance and repairs, including replacement of minor items of physical properties, are charged to expense; major additions to physical properties are capitalized.

Depreciation will be computed on a straight-line basis over the estimated service lives of the assets as follows:

	Years
Computer equipment	3-5
Computer software	3

It is the policy of Tempus to commence depreciation upon the date that assets are placed into service. As of March 31, 2015 the Company has not recognized any depreciation.

Fair Value of Financial Instruments

The company does not have any assets or liabilities measured at fair value on a recurring or non-recurring basis.

Recent Accounting Pronouncements

In June 2014, the FASB issued ASU 2014-10, Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements. ASU 2014-10 eliminates the definition of a development stage entity in U.S accounting standards and removes all disclosure requirements, including the elimination of inception-to-date information on the consolidated statement of operations, cash flows and member's equity related to the financial reporting distinction between development stage enterprises and other reporting entities. The amendments in ASU 2014-10 will be effective prospectively for annual reporting periods beginning after December 15, 2014, and interim periods within those annual periods, however, early adoption is permitted. The Company evaluated and adopted ASU 2014-10 effective December 4, 2014 (date of Inception) and therefore eliminated all incremental disclosures related to the three months ended March 31, 2015.

Management does not believe that any recently issued, but not effective, accounting standards, if currently adopted, would have a material effect on the Company's financial statements.

Subsequent Events

In preparing these consolidated financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through the issuance of the consolidated financial statements.

Tempus has been notified that one of its aircraft management contracts will terminate due to the pending sale of the associated aircraft. The Company continues to provide services to this customer through a related contract on a separate aircraft. Management expects that the customer will be replacing the sold aircraft and in the interim period, flight hours and associated revenue for the remaining aircraft will increase to accommodate the travel requirements of the customer.

TEMPUS APPLIED SOLUTIONS, LLC

NOTES TO FINANCIAL STATEMENTS

For the period from December 4, 2014 (Date of Inception) to December 31, 2014

DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Tempus Applied Solutions, LLC (“Tempus”, or the “Company”) was registered in the State of Delaware on December 4, 2014. The Company is a newly-organized entity formed to provide customized engineering, integration and operations solutions that support critical missions of the United States Department of Defense (DoD) and the Intelligence Community and that meet the requirements of foreign governments and heads of state worldwide. Tempus will design and implement special mission aircraft modifications related to intelligence, surveillance and reconnaissance systems, new generation command, control and communications systems and VIP interior components and provide ongoing operational support including flight crews and maintenance services to customers. As of December 31, 2014 Tempus has neither engaged in any operations nor generated any revenues to date. The Company has selected December 31 as its fiscal year-end.

Tempus anticipates being acquired by Chart Acquisition Corporation (“CAC”) pursuant to a purchase agreement signed January 5, 2015 and subsequently modified on March 20, 2015. CAC is a blank check company (also known as a special-purpose acquisition company) formed for the purpose of acquiring an operating company through a merger, capital stock exchange, asset acquisition stock purchase or other similar business combination. Upon completion of the anticipated acquisition Tempus would become the surviving and reporting entity and assume certain transaction-related expenses of its members and CAC.

In June 2014, the FASB issued ASU 2014-10, Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements. ASU 2014-10 eliminates the definition of a development stage entity in U.S accounting standards and removes all disclosure requirements, including the elimination of inception-to-date information on the statements of operations, cash flows and stockholders’ equity related to the financial reporting distinction between development stage enterprises and other reporting entities. The amendments in ASU 2014-10 will be effective prospectively for annual reporting periods beginning after December 15, 2014, and interim periods within those annual periods, however, early adoption is permitted. The Company evaluated and adopted ASU 2014-10 for the Company’s reporting period ended December 31, 2014 and therefore eliminated all incremental disclosures related to the Company’s inception-to-date period.

The Company’s planned principal operations are the design, engineering and modification of aircraft into alternative configurations, and if requested by the customer, providing ongoing support in the execution of their respective aviation operations. The Company is currently conducting business development and contract negotiation activities to

take advantage of the relationships and experience its employees have developed over their respective careers.

Since its formation in December 2014, Tempus has engaged in marketing and negotiation efforts intended to reduce its current business opportunities to signed contracts and to identify and develop additional opportunities, and expects to be able to make public announcements in the near future and on an ongoing basis regarding the signing of additional contracts, the awarding of bids and the acceptance of new proposals, as and to the extent these developments occur. Subsequent to December 31, 2014 and through the date of the financial statements, Tempus' signed contracts, submitted bids and other business opportunities along with management's estimate of revenues are set forth below.

Article I
THE MERGERS

1.1 The Parent Merger. At the Effective Time and subject to and upon the terms and conditions of this Agreement and the applicable provisions of the Delaware General Corporation Law, as amended (the “DGCL”), Parent Merger Sub and Parent shall consummate the Parent Merger, pursuant to which Parent Merger Sub shall be merged with and into Parent, the separate corporate existence of Parent Merger Sub shall cease and Parent shall continue as the surviving corporation in the Parent Merger. The Parent as the surviving corporation after the Parent Merger is hereinafter sometimes referred to as “Parent Surviving Subsidiary”.

1.2 The Company Merger. At the Effective Time and subject to and upon the terms and conditions of this Agreement and the applicable provisions of the Delaware Limited Liability Company Act (the “LLC Act”), Company Merger Sub and the Company shall consummate the Company Merger, pursuant to which Company Merger Sub shall be merged with and into the Company, the separate limited liability company existence of Company Merger Sub shall cease and the Company shall continue as the surviving limited liability company in the Company Merger. At the Effective Time, (i) each of the Certificate of Incorporation and Bylaws of Parent Merger Sub shall become the Certificate of Incorporation and Bylaws of Parent Surviving Subsidiary, respectively, and (ii) each of the Certificate of Formation and the Limited Liability Company Agreement of Company Merger Sub shall become the Certificate of Formation and the Limited Liability Company Agreement of Company Surviving Subsidiary (for the avoidance of doubt, such Limited Liability Company Agreement of Company Surviving Subsidiary, by virtue of the Company Merger and with no further action required by the Parties, replacing and superseding the Company's operating agreement as in effect immediately prior to the Effective Time), respectively, except that the name of Company Surviving Subsidiary in such Certificate of Formation and Limited Liability Company Agreement shall be "Tempus Applied Solutions, LLC". The Members hereby consent to the amendment and restatement of the Certificate of Formation and the Limited Liability Company Agreement of the Company (replacing and superseding the Company's operating agreement in effect immediately prior to the Effective Time), effective as of the Effective Time, each to read in its entirety as the Certificate of Formation and the Limited Liability Company Agreement of Company Merger Sub, respectively, except that the name of Company Surviving Subsidiary in such Certificate of Formation and Limited Liability Company Agreement shall be "Tempus Applied Solutions, LLC". The Members further hereby consent to the Company Merger and the Transactions and acknowledge and agree that the consent set forth herein is intended and shall constitute such consent of the Members as may be required pursuant to the provisions of Section 18-209 of the LLC Act and other applicable provisions thereof.

1.8 Effect of Parent Merger on Issued Securities of Parent and Parent Merger Sub.

(a) Conversion of Parent Common Stock. At the Effective Time, each share of Parent Common Stock issued and outstanding immediately prior to the Effective Time (other than those described in Section 1.8(c) below) shall be converted automatically into and thereafter represent the right to receive one share of Pubco Common Stock, following which, all shares of Parent Common Stock shall cease to be outstanding and shall automatically be canceled and shall cease to exist. The holders of certificates previously evidencing shares of Parent Common Stock outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such shares of Parent Common Stock, except as provided in Section 1.12 or by applicable Law. Each certificate previously evidencing shares of Parent Common Stock shall be exchanged for a certificate representing the same number of shares of Pubco Common Stock upon the surrender of such certificate in accordance with Section 1.10. Notwithstanding anything to the contrary

contained herein, any units that were issued by Parent consisting of one share of Parent Common Stock and one Parent Warrant which have not otherwise been detached and separated into one share of Parent Common Stock and one Parent Warrant prior to the Effective Time, shall automatically, without any further action of the Parties or the holders thereof, be detached and separated immediately prior to the Effective Time, and the holder of any such unit shall be deemed to hold one share of Parent Common Stock and one Parent Warrant for each such unit.

At the Effective Time, each Parent Warrant issued and outstanding immediately prior to the Effective Time shall cease to be outstanding and shall automatically be canceled and retired and shall cease to exist. Each of the Pubco Warrants shall have, and be subject to, substantially the same terms and conditions set forth in the Parent Warrants. At or prior to the Effective Time, Pubco shall take all corporate action necessary to reserve for future issuance, and shall maintain such reservation for so long as any of the Pubco Warrants remain outstanding, a sufficient number of shares of Pubco Common Stock for delivery upon the exercise of such Pubco Warrants.

(c) Cancellation of Parent Common Stock Owned by Parent. At the Effective Time, any shares of Parent Common Stock owned by Parent as treasury shares or any shares of Parent Common Stock owned by any direct or indirect Subsidiary of Parent immediately prior to the Effective Time shall be canceled and extinguished without any conversion thereof or payment therefor.

(d) Conversion of Parent Merger Sub Stock. At the Effective Time, by virtue of the Parent Merger and without any action on the part of any Party or the holders of any shares of capital stock of Parent or Parent Merger Sub, each share of common stock of Parent Merger Sub outstanding immediately prior to the Effective Time shall be converted into an equal number of shares of common stock of Parent Surviving Subsidiary, with the same rights, powers and privileges as the shares so converted and shall constitute the only outstanding shares of capital stock of Parent Surviving Subsidiary.

(a) Conversion of Company Units. At the Effective Time, each Company Unit issued and outstanding immediately prior to the Effective Time (other than those described in Section 1.9(b) below) will be cancelled and automatically deemed for all purposes to represent the right to receive the Per Company Unit Consideration (as it may be adjusted after the Closing pursuant to Section 1.15) plus the Earnout Consideration, if any. As of the Effective Time, each Member shall cease to have any other rights with respect to the Company Units, except as otherwise required under applicable Law.

(b) Cancellation of Company Units Owned by the Company. 1.10 Exchange Procedures.

(a) Surrender of Certificates. At the Effective Time, (i) the holders of the Company Units will surrender their membership certificates or other instruments representing the Company Units, if any, and written acknowledgement of the termination of their rights to such Company Units (collectively, the “Company Certificates”) and (ii) the holders of the Parent Common Stock will surrender their stock certificates or other instruments representing the Parent Common Stock (collectively, the “Parent Certificates”), or in the case of a lost, stolen or destroyed Company Certificate or Parent Certificate, upon delivery of an affidavit (and indemnity, if required) in the manner provided in Section 1.10(f), to Pubco for cancellation together with any related documentation reasonably requested by Pubco in connection therewith.

(b) Exchange of Certificates. Certificates representing the shares of Pubco Common Stock shall be issued to the holders of Company Units and Parent Common Stock upon surrender of the Company Certificates and Parent Certificates as provided for herein or otherwise agreed by the Parties. Upon surrender of the Company Certificates and Parent Certificates (or in the case of a lost, stolen or destroyed Company Certificate or Parent Certificate, upon delivery of an affidavit (and indemnity, if required) in the manner provided in Section 1.10(f)) for cancellation to Pubco or to such other agent or agents as may be appointed by Pubco, Pubco shall issue, or cause to be issued, to each holder of the Company Certificates and Parent Certificates such certificates representing the number of shares of Pubco Common Stock for which their Company Units and Parent Common Stock, respectively, are exchangeable at the Effective Time and any dividends or distributions payable pursuant to Section 1.10(e), and the Company Certificates and the Parent Certificates so surrendered shall forthwith be canceled. Until so surrendered, outstanding Company Certificates will be deemed, from and after the Effective Time, to evidence only the right to receive the Per Company Unit Consideration (as it may be adjusted after the Closing pursuant to Section 1.15) plus the Earnout Consideration, if any, pursuant to this Article I.

(c) Transfers of Ownership. If certificates representing the shares of Pubco Common Stock are to be issued in a name other than that in which the Company Certificates or Parent Certificates surrendered in exchange therefor are registered, it will be a condition of the issuance thereof that the Company Certificates or Parent Certificates so surrendered will be properly endorsed and otherwise in proper form for transfer and that the persons requesting such exchange will have paid to Pubco or any agent designated by it any transfer or other taxes required by reason of the issuance of certificates representing the shares of Pubco Common Stock in any name other than that of the registered holder of the Company Certificates or Parent Certificates surrendered, or established to the satisfaction of Pubco or any agent designated by it that such tax has been paid or is not payable.

(d) No Fractional Shares. Notwithstanding anything to the contrary contained herein, no fraction of a share of Pubco Common Stock will be issued by virtue of the Mergers or the transactions contemplated hereby, and each Person who would otherwise be entitled to a fraction of a share of Pubco Common Stock (after aggregating all fractional shares of Pubco Common Stock that otherwise would be received by such holder) shall receive cash in lieu of such fractional share.

(e) No Distributions Until Surrender of Certificates. No dividends or other distributions declared or made after the date of this Agreement with respect to Pubco Common Stock with a record date after the Effective Time will be paid to the holders of any Company Certificates or Parent Certificates that have not yet been surrendered with respect to the shares of Pubco Common Stock to be issued upon surrender thereof until the holders of record of such Company Certificates or Parent Certificates shall surrender such certificates. Subject to applicable Law, following surrender of any such Company Certificates or Parent Certificates, Pubco shall promptly deliver to the record holders thereof, without interest, the certificates representing the shares of Pubco Common Stock issued in exchange therefor and the amount of any such dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such shares of Pubco Common Stock.

(f) Lost, Stolen or Destroyed Certificates. In the event any Company Certificate or Parent Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Company Certificate or Parent Certificate to be lost, stolen or destroyed and, if required by Pubco, the posting by such Person of a bond in customary amount and upon such terms as may be reasonably required by Pubco as indemnity against any claim that may be made against it with respect to such Company Certificate or Parent Certificate, Pubco will issue or cause to be issued the number of shares of Pubco Common Stock for which such lost, stolen or destroyed Company Certificates or Parent Certificates are exchangeable at the Effective Time and any dividends or distributions payable pursuant to Section 1.10(e).

1.11 Tax Consequences. It is intended by the Parties that the Mergers shall, collectively, constitute a transaction described in Section 351 of the Code.

1.12 Dissenters' Rights.

(a) Each certificate formerly representing Parent Common Stock ("Dissenting Shares") owned by the holders of Parent Common Stock who have validly exercised and not effectively withdrawn or lost their appraisal rights pursuant to Section 262 of the DGCL ("Dissenting Stockholders") shall thereafter represent only the right to receive the applicable payments set forth in this Section 1.12, unless and until such Dissenting Stockholder effectively withdraws its demand for, or loses its rights to, appraisal rights pursuant to Section 262 of the DGCL with respect to any Dissenting Shares. No person who has validly exercised their appraisal rights pursuant to Section 262 of the DGCL shall be entitled to receive any portion of the merger consideration with respect to the Dissenting Shares owned by such Dissenting Stockholder unless and until such Dissenting Stockholder shall have effectively withdrawn or lost their appraisal rights under the DGCL. Each Dissenting Stockholder shall be entitled to receive only the payment resulting from the procedure set forth in Section 262 of the DGCL with respect to the Dissenting Shares owned by such Dissenting Stockholder. Pubco shall give the Chart Representative and the Members' Representative (i) prompt notice of any written demands for appraisal, attempted withdrawals of such demands, and any other instruments served pursuant to applicable Laws that are received by Pubco or Parent Surviving Subsidiary relating to any Dissenting Stockholder's rights of appraisal and (ii) the opportunity to direct all negotiations and proceedings with respect to demand for appraisal under the DGCL. Pubco and Parent Surviving Subsidiary shall not, except with the prior written consent of the Chart Representative and the Members' Representative, voluntarily make any payment with respect to any demands for appraisal, offer to settle or settle any such demands or approve any withdrawal of any such demands.

(b) Each Member hereby waives any dissenter's rights or appraisal rights that it might otherwise have in connection with the Company Merger or the other transactions contemplated by this Agreement under the LLC Act (whether pursuant to Section 18-210 thereof or otherwise), or pursuant to the Company's Limited Liability Company Agreement or other agreement. Each of the Members agrees that it considers the consideration payable for the Company Units to represent the fair value for such Company Units.

1.13 Taking of Necessary Action: Further Action. If, at any time after the Effective Time, any further action is necessary or desirable to carry out the purposes of this Agreement and to vest Parent Surviving Subsidiary and Company Surviving Subsidiary with full right, title and possession to all assets, property, rights, agreements, privileges, powers and franchises of Parent Merger Sub and Company Merger Sub, respectively, the then current officers and directors of Parent Surviving Subsidiary, Company Surviving Subsidiary and Pubco shall take all such lawful and necessary action.

1.14 Estimated Closing Statement. Not less than three (3) Business Days prior to Closing, the Company shall prepare and deliver to Parent a closing statement setting forth the Company's good faith estimate of the Adjustment Amount (such estimate, the "Estimated Adjustment Amount"), including the estimated Net Debt and Net Working Capital, together with reasonably detailed back-up data to support such estimate of each item from which such amount is calculated. The Estimated Adjustment Amount shall be prepared in accordance with GAAP and, to the extent consistent with GAAP, in accordance with the practices and procedures of the Company and its Subsidiaries, in each case in accordance with the form, methodology and principles used in preparing the Financial Statements. During the

preparation and calculation of the Estimated Adjustment Amount, the Company shall, and shall cause its Subsidiaries, to afford Parent and its Representatives a reasonable opportunity to review and comment thereon.

1.15 Merger Consideration Adjustment.

(a) Within sixty (60) days following the Closing Date, the Chart Representative on behalf of Pubco shall deliver to the Members' Representative a Closing statement (the "Closing Statement") setting forth the Chart Representative's good faith calculation of the Adjustment Amount, including Net Debt and Net Working Capital, together with reasonably detailed back-up data to support each item from which such amount is calculated. The Closing Statement shall be prepared in accordance with GAAP and, to the extent not inconsistent therewith, using the same methodologies used in preparing the Financial Statements, taking into account information that becomes available after the Closing in accordance with GAAP. Pubco shall and shall cause its Representatives to cooperate with the Chart Representative and its Representatives in the preparation of the Closing Statement as reasonably requested by the Chart Representative and its Representatives.

(b) The Members' Representative shall have a period of thirty (30) days following the Chart Representative's delivery of the Closing Statement to notify the Chart Representative of the Members' Representative's election to dispute the Closing Statement or any portion thereof. During such thirty (30)-day period, Pubco shall, and shall cause its Representatives to, provide the Members' Representative and its Representatives with reasonable access to all books, records and employees of Pubco and its Subsidiaries (including supporting documents and working papers) to the extent relating to the preparation or review of the Closing Statement. If (i) at any time during such thirty (30)-day review period, the Members' Representative delivers written notice to the Chart Representative of its acceptance of the Closing Statement or (ii) prior to the expiration of such thirty (30)-day review period, the Members' Representative does not deliver to the Chart Representative written notice of its disagreement specifying the nature and amount of any disputed item (a "Notice of Adjustment Disagreement"), then the Closing Statement and any required adjustments resulting therefrom shall be deemed final and binding on the Members and the Members' Representative. To the extent that the Members' Representative delivers a timely Notice of Adjustment Disagreement, the Members' Representative, on behalf of the Members, shall be deemed to have agreed with all items and amounts in the Closing Statement not specifically referenced in such Notice of Adjustment Disagreement, and such items and amounts shall not be subject to review in accordance with this Section 1.15(b) or Section 1.15(d). Any Notice of Adjustment Disagreement may reference only disagreements (i) based upon either mathematical errors or amounts reflected in the Closing Statement or (ii) that either the Closing Statement or the calculation of the Adjustment Amount, or any amount contained therein was not prepared in accordance with this Article I (together with any corresponding definitions).

(c) During the thirty (30)-day period following timely delivery of a Notice of Adjustment Disagreement by the Members' Representative to the Chart Representative, the Chart Representative and the Members' Representative shall in good faith seek to resolve in writing any differences that they may have with respect to the matters identified therein, and all such discussions related thereto will (unless otherwise agreed by the Chart Representative and the Members' Representative) be considered compromise negotiations under Rule 408 of the Federal Rules of Evidence and any applicable similar state rule. During such thirty (30)-day period, the Members' Representative shall provide the Chart Representative and its Representatives with reasonable access, during normal business hours and upon reasonable prior notice to the Members' Representative, to the working papers of the Members' Representative and its Representatives relating to such Notice of Adjustment Disagreement. Any disputed items resolved in writing between the Members' Representative and the Chart Representative within such thirty (30)-day period shall be final and binding with respect to such items, and if the Members' Representative and the Chart Representative agree in writing on the

resolution of all disputed items specified by the Members' Representative in the Notice of Adjustment Disagreement, the Adjustment Amount as so determined shall be final and binding on the Parties.

A-8

Table of Contents

(d) In the event that the Members' Representative and the Chart Representative are unable to resolve all disputed items in the Notice of Adjustment Disagreement within thirty (30) days following the date upon which the Chart Representative received the Notice of Adjustment Disagreement, then within ten (10) days after the expiration of such thirty (30)-day period, the Chart Representative and the Members' Representative shall submit, in writing, to the Accounting Firm, their briefs detailing their views as to the nature and amount of each item remaining in dispute, and the Accounting Firm shall make a written determination as to each such disputed item, which determination shall be final and binding for purposes of this Agreement. The Accounting Firm shall be (i) engaged by the Chart Representative and the Members' Representative on a joint basis and (ii) authorized to resolve only those items remaining in dispute between the Parties in accordance with the provisions of this Section 1.15 within the range of the difference between the Chart Representative's position with respect thereto and the Members' Representative's position with respect thereto. The determination of the Accounting Firm shall be accompanied by a certificate of the Accounting Firm that it reached such determination in accordance with the provisions of this Section 1.15. The Chart Representative and the Members' Representative shall request that the Accounting Firm render its determination prior to the expiration of sixty (60) days after the dispute is submitted to the Accounting Firm, and such determination and any required adjustments resulting therefrom shall be final and binding on all of the Parties and the Members' Representative. The fees and expenses of the Accounting Firm shall be paid by Pubco or the Company.

(e) Following the final determination of the Adjustment Amount, (i) if the Adjustment Amount is greater than the Estimated Adjustment Amount, the Members shall forfeit and Pubco shall reacquire at no cost and cancel Pubco Common Stock held by the Members in an aggregate amount equal to the product of (x) such excess, divided by (y) \$10, and (ii) if the Estimated Adjustment Amount is greater than the Adjustment Amount, Pubco shall issue additional shares of Pubco Common Stock to the Members in an aggregate amount equal to the product of (x) such excess, divided by (y) \$10. Any cancellation or issuance pursuant to the foregoing shall be pro rata among the Members in proportion to the number of issued and outstanding Company Units held by such Member immediately prior to the Closing as compared to the total number of Company Units held by all the Members immediately prior to the Closing.

1.16 Additional Consideration Subject to Earnout.

(a) Definitions. For purposes of this Agreement, the term (i) "Earnout Period" shall mean the period from January 1, 2015 until and including June 30, 2016, and (ii) "Adjusted TTM EBITDA" shall mean, as of any designated date, the earnings before interest, Taxes, depreciation and amortization of Pubco and its Subsidiaries, on a consolidated basis, for the trailing twelve (12) fiscal month period prior to such date, as adjusted by and calculated in accordance with the methodology set forth on Appendix B hereto.

Table of Contents

(b) Earnout Payments. After the Closing, subject to the terms and conditions set forth herein, the Members shall have the contingent right to receive additional consideration, payable by Pubco in shares of Pubco Common Stock (each such payment, an “Earnout Payment” and such shares, “Earnout Shares”), based on the performance of Pubco and its Subsidiaries during the Earnout Period if the requirements as set forth in this Section 1.16 are met. Subject to the terms and conditions herein, the Members will receive an Earnout Payment of (i) 2,000,000 Earnout Shares if the Adjusted TTM EBITDA as of the end of any two (2) consecutive fiscal quarters of Pubco during the Earnout Period is greater than \$17,500,000 for each such fiscal quarter and (ii) an additional 2,750,000 Earnout Shares (for a maximum number of Earnout Shares of 4,750,000 if the Adjusted TTM EBITDA as of the end of any two (2) consecutive fiscal quarters of Pubco during the Earnout Period is greater than \$22,500,000 for each such quarter. The Earnout Shares will be distributed pro rata among the Members in proportion to the number of issued and outstanding Company Units held by such Member immediately prior to the Closing as compared to the total number of Company Units held by all the Members immediately prior to the Closing.

(c) Determination of Adjusted TTM EBITDA.

(i) The Adjusted TTM EBITDA for each fiscal quarter of Pubco during the Earnout Period shall be determined (promptly, but in any event within ten (10) Business Days, after Pubco management’s preparation and delivery to the Board and the Chart Representative of the consolidated financial statements of Pubco and its Subsidiaries for such fiscal quarter) in good faith by the Chart Representative, subject to the reasonable approval of Pubco’s board of directors (excluding the Members or their Affiliates or designees), and delivered by or on behalf of Pubco in a written notice (an “Earnout Statement”) to the Members’ Representative, together with reasonably detailed back-up data to support each item from which such amount is calculated. Pubco shall and shall cause its Representatives to cooperate with the Chart Representative and its Representatives in calculating the Adjustment TTM EBITDA for each fiscal quarter of Pubco during the Earnout Period as reasonably requested by the Chart Representative and its Representatives.

(ii) The Members’ Representative shall have a period of thirty (30) days following Pubco’s delivery of the Earnout Statement to notify the Chart Representative of the Members’ Representative’s election to dispute the Earnout Statement or any portion thereof. During such thirty (30)-day period, Pubco shall, and shall cause its Representatives to, provide the Members’ Representative and its Representatives with reasonable access to all books, records and employees of Pubco and its Subsidiaries (including supporting documents and working papers) to the extent relating to the preparation or review of the Earnout Statement. If (i) at any time during such thirty (30)-day review period, the Members’ Representative delivers written notice to the Chart Representative of its acceptance of the Earnout Statement or (ii) prior to the expiration of such thirty (30)-day review period, the Members’ Representative does not deliver to the Chart Representative written notice of its disagreement specifying the nature and amount of any disputed item (a “Notice of Earnout Disagreement”), then the Earnout Statement and the Adjusted TTM EBITDA calculated therein and any Earnout Payments resulting therefrom shall be deemed final and binding on the Members and the Members’ Representative. To the extent that the Members’ Representative delivers a timely Notice of Earnout Disagreement, the Members’ Representative, on behalf of the Members, shall be deemed to have agreed with all items and amounts in the Earnout Statement not specifically referenced in such Notice of Earnout Disagreement, and such items and amounts shall not be subject to review in accordance with this Section 1.16(c)(ii) or Section 1.16(c)(iv). Any Notice of Earnout Disagreement may reference only disagreements (i) based upon either mathematical errors or amounts reflected in the

(iii) During the thirty (30)-day period following timely delivery of a Notice of Earnout Disagreement by the Members' Representative to the Chart Representative, the Chart Representative and the Members' Representative shall in good faith seek to resolve in writing any differences that they may have with respect to the matters identified therein, and all such discussions related thereto will (unless otherwise agreed by the Chart Representative and the Members' Representative) be considered compromise negotiations under Rule 408 of the Federal Rules of Evidence and any applicable similar state rule. During such thirty (30)-day period, the Members' Representative shall provide the Chart Representative and its Representatives with reasonable access, during normal business hours and upon reasonable prior notice to the Members' Representative, to the working papers of the Members' Representative and its Representatives relating to such Notice of Earnout Disagreement. Any disputed items resolved in writing between the Members' Representative and the Chart Representative within such thirty (30)-day period shall be final and binding with respect to such items, and if the Members' Representative and the Chart Representative agree in writing on the resolution of all disputed items specified by the Members' Representative in the Notice of Earnout Disagreement, the Adjusted TTM EBITDA and any resulting Earnout Payment as so determined shall be final and binding on the Parties.

(iv) In the event that the Members' Representative and the Chart Representative are unable to resolve all disputed items in the Notice of Earnout Disagreement within thirty (30) days following the date upon which the Chart Representative received the Notice of Earnout Disagreement, then within ten (10) days after the expiration of such thirty (30)-day period, the Chart Representative and the Members' Representative shall submit, in writing, to the Accounting Firm, their briefs detailing their views as to the nature and amount of each item remaining in dispute, and the Accounting Firm shall make a written determination as to each such disputed item, which determination shall be final and binding for purposes of this Agreement. The Accounting Firm shall be (i) engaged by the Chart Representative and the Members' Representative on a joint basis and (ii) authorized to resolve only those items remaining in dispute between the Parties in accordance with the provisions of this Section 1.16(c) within the range of the difference between the Chart Representative's position with respect thereto and the Members' Representative's position with respect thereto. The determination of the Accounting Firm shall be accompanied by a certificate of the Accounting Firm that it reached such determination in accordance with the provisions of this Section 1.16(c). The Chart Representative and the Members' Representative shall request that the Accounting Firm render its determination prior to the expiration of sixty (60) days after the dispute is submitted to the Accounting Firm, and such determination and any required adjustments resulting therefrom shall be final and binding on all of the Parties and the Members' Representative. The fees and expenses of the Accounting Firm shall be paid by Pubco or the Company.

(d) Timing of Earnout Payments. Any Earnout Payment that is earned in accordance with this Section 1.16 will be made by Pubco by delivery of the applicable number of Earnout Shares to the Members within sixty (60) days after the final determination in accordance with Section 1.16(c) of the Earnout Statement and the Adjusted TTM EBITDA contained therein showing that the applicable required Adjusted TTM EBITDA target has been met for two (2) consecutive fiscal quarters during the Earnout Period.

(e) Earnout Shares Lock-Up. Except as expressly contemplated by Sections 1.15(e) and 9.2(e), each Member hereby acknowledges and agrees that in the event that any Earnout Shares are issued or otherwise transferred to such Member, such Member will not, without the prior written consent of Pubco's board of directors at its sole discretion, during the period commencing on the Closing Date and ending on the earlier of (i) the later of (x) the one (1) year anniversary of the date of this Agreement and (y) the six (6) month anniversary of the date of issuance of such Earnout Shares and (ii) the date subsequent to the Closing Date on which Pubco consummates a liquidation, merger, stock exchange or other similar transaction that results in all of Pubco's stockholders having the right to exchange their shares of Pubco Common Stock for cash, securities or other property (the "Lock-Up Period"): (i) sell, offer to sell, contract or agree to sell, hypothecate, pledge, encumber, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to such Earnout Shares, (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Earnout Shares, whether any such transaction is to be settled by delivery of Pubco Common Stock or other securities, in cash or otherwise, or (iii) agree or publicly announce any intention to effect any transaction specified in the foregoing (i) or (ii); whether any such transaction described in clauses (i), (ii) or (iii) above is to be settled by delivery of such Earnout Shares or other securities, in cash or otherwise (any of the foregoing described in clauses (i), (ii), or (iii), a "Prohibited Transfer"). Each Member further agrees to execute such agreements as may be reasonably requested by Pubco's board of directors, in form and substance reasonably satisfactory to such Member, that are consistent with the foregoing or that are necessary to give further effect thereto. If any Prohibited Transfer of Earnout Shares is made or attempted contrary to the provisions of this Section 1.16(e), such purported Prohibited Transfer shall be null and void ab initio, and Pubco shall refuse to recognize any such purported transferee of such Earnout Shares as one of its shareholders for any purpose. In order to enforce this Section 1.16(e), Pubco may impose stop-transfer instructions with respect to the Earnout Shares until the end of the restriction period described in the first sentence of this Section 1.16(e).

(f) Clawback. In addition to any other remedy available to Pubco and its Affiliates under this Agreement or the other Transaction Document or under applicable Law, in the event that after the payment of an Earnout Payment and during the applicable Lock-Up Period for such Earnout Shares there is an adjustment to the financial statements or books and records for Pubco and its Subsidiaries (whether as a result of a financial statement error, Government Contract rate, cost or other audit adjustment (including any cost disallowances) or otherwise) such that the Adjusted TTM EBITDA for any period for which the Earnout Payment was made is decreased below the applicable threshold requirements, such that after such adjustment Pubco determines (subject to dispute resolution procedures substantially similar to those set forth in Section 1.16(c) in the event that the Members' Representative disagrees with such determination) that the applicable Earnout Payment should not have been made as a result of the calculation of Adjusted TTM EBITDA for the two consecutive fiscal quarters for which they were made or for any other completed period during the Earnout Period, the Earnout Shares under such Earnout Payment shall be forfeited by the Members and returned to Pubco.

1.17 Withholding of Tax. 3.1 Organization and Corporate Power.

(a) The Company is a limited liability company duly organized, validly existing and in good standing under the Laws of the State of Delaware, and is qualified or registered to do business and in good standing in each jurisdiction where the nature of its activities makes such qualification or registration necessary, except where the failure to be so qualified, registered or in good standing is not reasonably expected to result in a Material Adverse Effect on the Company and its Subsidiaries (taken as a whole). Each of the Company's Subsidiaries (if any) is duly organized, validly existing and in good standing under the Laws of its jurisdiction of organization, and is qualified or registered to do business and in good standing in each jurisdiction where the nature of its activities makes such qualification or registration necessary, except where the failure to be so qualified, registered or in good standing is not reasonably expected to result in a Material Adverse Effect on the Company and its Subsidiaries (taken as a whole). The Company and each of its Subsidiaries has the full corporate or limited liability company (as applicable) power and authority necessary to own and operate its properties and to conduct its business as now conducted. Complete and accurate copies of the organizational documents of the Company and each of its Subsidiaries have been delivered to the Parent prior to the date hereof and reflect all amendments made thereto at any time prior to the date of this Agreement. Neither the Company nor any of its Subsidiaries is in default under or in violation of any provision of its operating agreement or other organizational document or any resolution adopted by its members or managers.

(b) As applicable, Schedule 3.1 lists each Subsidiary of the Company and sets forth all jurisdictions in which the Company and its Subsidiaries are qualified or registered to do business. The books of account and transfer ledgers of the Company and each of its Subsidiaries are accurate, up-to-date and complete, and have been maintained in accordance with prudent business practices and all applicable Laws. There have been no meetings or other Proceedings or actions, resolutions or consents of the members of the Company or any of its Subsidiaries or the managers of the Company or any of its Subsidiaries that are not fully reflected in such minutes. No other limited liability company proceedings on the part of the Company, or any member of the Company, are, or will be, necessary to approve and authorize the Company's execution, delivery and performance of the Transaction Documents or consummation of the Transactions. The Transaction Documents to which the Company is a party have been or will be duly executed and delivered by the Company and, assuming due execution and delivery by all counterparties thereto, are or will be legal, valid and binding obligations of the Company, enforceable against it in accordance with their respective terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws affecting the enforcement of creditors' rights in general or the rules governing availability of specific performance, injunctive relief or other equitable remedies and general principals of equity, regardless of whether considered in a Proceeding in equity or at law (the "Bankruptcy and Equity Exceptions").

Parent has full corporate power and authority and all material licenses, permits and authorizations necessary to own and operate its properties and to conduct its business as conducted.

(b) Each of Pubco and Parent Merger Sub is a corporation, duly incorporated, validly existing and in good standing under the Laws of the State of Delaware, and Company Merger Sub is a limited liability company duly organized, validly existing and in good standing under the Laws of the State of Delaware. Parent as the sole stockholder of Pubco and Pubco as the stock stockholder of Parent Merger Sub and the sole member of Company Merger Sub has authorized the execution, delivery and performance of the Transaction Documents and the consummation of the Transactions. The Transaction Documents to which each Parent Party is a party have been duly executed and delivered by such Parent Party, and are legal, valid and binding obligations of such Parent Party, enforceable against such Parent Party, in accordance with their respective terms, except as enforceability may be limited by the Bankruptcy and Equity Exceptions. (a)(v), where the failure of such representation to be true and correct is not material to Parent and its Subsidiaries (taken as a whole). No notice to, filing with, or consent of any Person is necessary in connection with, and no “change of control” provision in any contract or agreement (whether written or oral) or otherwise is, or will be, triggered by, the authorization, approval, execution, delivery or performance by Parent of the Extension Documents or the consummation by Parent of the Extension or by a Parent Party of the Transaction Documents or the consummation by a Parent Party of the Transactions, except for (y) the actions to be taken in connection with the Proxy Solicitation, the Extension Proxy Solicitation, the Warrant Tender Offer or the filing of the Registration Statement; and (z) compliance with the applicable requirements of the Securities Laws.

6.4 Notification of Certain Matters. Each Party shall give prompt notice to the other Parties of (i) the occurrence or non-occurrence of any event the occurrence or non-occurrence of which is reasonably expected to cause any representation or warranty of such Party contained herein to be untrue or inaccurate in any material respect at or prior to the Closing and (ii) any failure of such Party to comply with in any material respect any covenant or agreement to be complied with or satisfied by such Party hereunder, in the case of each of (i) and (ii) above, to the extent that such party becomes aware of such matter, or, in the case of the Company, to the extent of the Company's Knowledge of such matter. The delivery of any notice pursuant to this Section 6.4 shall not be deemed to (x) modify the representations or warranties hereunder of any Party, (y) modify the conditions set forth in Article VII or Article VIII or (z) limit or otherwise affect the remedies available hereunder to the Parties.

6.5 Tax Matters.

(a) Post-Closing Tax Returns. Pubco at the direction of the Chart Representative shall prepare (or cause to be prepared) and file (or cause to be filed) each Tax Return required to be filed by the Company and its Subsidiaries after the Closing Date for a taxable period beginning before the Closing Date (each a "Parent Prepared Return"). The cost of preparation of Parent Prepared Returns shall be paid by the Company at the direction of the Members' Representative. To the extent any Tax shown as due on any Parent Prepared Return is payable by the Members (including by reason of the indemnification obligations of the Members hereunder), (A) each such Parent Prepared Return shall be prepared in a manner consistent with the prior practice of the Company and its Subsidiaries unless otherwise required by applicable Tax Law or the change from prior practice would not increase the amount of Tax payable by the Company or its Subsidiaries for which the Members are obligated to indemnify the Indemnified Parties pursuant to Section 9.1, (B) each such Parent Prepared Return shall be provided to the Members' Representative for review at least fifteen (15) days before the due date for filing such Parent Prepared Return (or, if required to be filed within thirty (30) days after the Closing or within thirty (30) days after the end of the taxable period to which such Tax Return relates, as soon as reasonably practicable following the Closing) and (C) the Members' Representative shall have the right to review and comment on each such Parent Prepared Return before filing. Pubco shall make such revisions to the Parent Prepared Returns as are reasonably requested by the Members' Representative. The Members shall include any income, gain, loss, deduction or other Tax items for the Company and its Subsidiaries on their Tax Returns in a manner consistent with the Schedules K-1 furnished to the Members with respect to the Company and its Subsidiaries and fully satisfy any Tax liabilities arising from such inclusion.

(b) The Parties shall, to the extent permitted by applicable Law, treat the taxable period of the Company and its Subsidiaries as ending at the close of business on the Closing Date. For purposes of this Agreement, Company Taxes incurred with respect to a taxable period that includes, but does not end on, the Closing Date, shall be allocated to the portion of the period ending on the Closing Date (i) except as provided in (ii) and (iii) below, to the extent feasible, on a specific identification basis, according to the date of the event or transaction giving rise to the Tax, (ii) except as provided in (iii) below, with respect to periodically assessed ad valorem Taxes and Taxes not otherwise feasibly allocable to specific transactions or events, in proportion to the number of days in such period occurring before the Closing Date compared to the total number of days in such period, and (iii) in the case of any Tax based upon or related to income or receipts, in an amount equal to the Tax that would be payable if the relevant taxable period ended at the close of business on the Closing Date. All determinations necessary to give effect to the foregoing allocations shall be made in a manner consistent with prior practices of the Company and its Subsidiaries.

(c) The Members' Representative, the Members, the Company, the Chart Representative and Parent Parties shall cooperate, and the Company shall cause its Subsidiaries to cooperate, as and to the extent reasonably requested by any other Party hereto in connection the preparation and filing of Tax Returns as provided herein and any Proceeding with respect to Taxes and preparation of financial statements. Such cooperation shall include the provision of records and information that are reasonably relevant to any such Tax Return or Proceeding with respect to Taxes and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. The Members' Representative, the Chart Representative, the Parent Parties and the Company shall, and the Company shall cause its Subsidiaries to, (i) retain all books and records with respect to Company Taxes (including Tax Returns) relating to any taxable period beginning before the Closing Date until ninety (90) days after the expiration of the applicable statute of limitations (including waivers and extensions) for assessment of Taxes to which such books and records are relevant and (ii) give the other Parties reasonable written notice prior to transferring, destroying or discarding any such books and records and, if another Party so requests, allow such other Party to take possession of or copy such books and records.

(d) The Company shall, and shall cause its Subsidiaries to, cause all obligations that it or any of its Subsidiaries has under all Tax sharing agreements or similar agreements to be terminated on or before the Closing Date and, after the Closing Date, neither the Company nor any of its Subsidiaries shall be bound thereby or have any Liability thereunder.

(e) Any Party who receives any notice of a pending or threatened Tax Proceeding against or with respect to the Company or any of its Subsidiaries that may give rise to Liability of another Party hereto, shall promptly notify such other Party (and if such Party is a Parent Party, the Chart Representative) after receipt of such notice; provided, however, that any failure on the part of a Parent Party to so notify the Members' Representative shall not limit any of the obligations of any of the Members or the Members' Representative, or any of the rights of any Indemnified Party, under Article IX (except to the extent, and only to the extent, that such failure increases the costs or liability of the Indemnifying Party under Article IX). The Parties each agree to consult with and to keep the other Parties informed on a regular basis regarding the status of any Tax Proceeding to the extent that such Proceeding could affect a Liability of such other Parties (including indemnity obligations hereunder). Pubco shall have the right to control all Tax Proceedings relating to the Company or any of its Subsidiaries, except that in the event such Tax Proceeding pertains to items reportable on income Tax Returns of the Company or any of its Subsidiaries (or any of the Members) for taxable periods ending on or before the Closing Date, the Members' Representative shall have the right to conduct any such Tax Proceeding through counsel of the Members' Representative' choice in the same manner, and subject to the same limitations, as provided in Sections 9.2(a) and 9.2(b); provided, however, that Pubco and the Chart Representative shall be entitled to participate in any Tax Proceeding conducted by the Members' Representative, at Pubco's sole expense, and the Members' Representative may not settle or compromise any such Tax Proceeding without the prior written consent of Pubco and the Chart Representative (which consent may not be unreasonably withheld, conditioned or delayed). No Parent Party nor the Company or any of its Subsidiaries shall enter into any agreement with the relevant Taxing Authority pertaining to such income Tax Proceeding conducted by the Members' Representative without the written consent of the Members' Representative, which consent shall not unreasonably be withheld, conditioned or delayed. To the extent not inconsistent with this Section 6.5, the provisions of Article IX shall govern the manner in which Tax Proceedings are conducted and resolved.

In the event and for so long as any Party actively is contesting or defending against any charge, complaint or other Proceeding by any Person that is not a Party in connection with (i) any of the Transactions or (ii) any fact, situation, circumstance, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act or transaction on or prior to the Closing Date involving the Company or any of its Subsidiaries, each of the other Parties shall, and the Company shall cause its Subsidiaries to, reasonably cooperate with such Party or its counsel in the contest or defense, make available its personnel, and provide such testimony and access to its books and records as shall be reasonably requested in connection with such contest or defense, including entering into a joint defense agreement or confidentiality agreement with respect thereto, all at the sole cost and expense of the contesting or defending Party (except to the extent that the contesting or defending Party is entitled to indemnification therefor pursuant to Article IX below).

6.7 Reasonable Efforts.

(a) Each Party, including the Members' Representative and the Chart Representative, agrees to use all reasonable efforts promptly to take, or cause to be taken, and the Company shall cause its Subsidiaries to take, all actions and do or cause to be done all things necessary, proper or advisable under applicable Laws and regulations to (i) obtain all consents, approvals or actions of, make all filings with and give all notices to Governmental Authorities or any other public or private third parties required to consummate the Mergers and the other matters contemplated hereby, (ii) provide such other information and communications to such Governmental Authorities or other public or private Persons as the other Party or such Governmental Authorities or other public or private Persons may reasonably request in connection therewith, and (iii) consummate and make effective the Transactions, including the satisfaction, but not waiver, of all conditions hereto; provided that the foregoing shall not require acceptance by the Parent Parties or the Seller Parties of any mitigation arrangement or any condition required or imposed on the Parent Parties or their Affiliates, the Members and/or the Company or its Subsidiaries that are unacceptable to the Parent (on behalf of the Parent Parties) or the Members' Representative (or behalf of the Seller Parties), each in its sole discretion. Notwithstanding anything to the contrary in this Section 6.7(a), the Parent Parties, on the one hand, and the Seller Parties, on the other hand, shall each keep the other Party reasonably and promptly informed of any and all material written and oral communications from any Governmental Authority, or any such other public or private Person, regarding the Extension and the Extension Documents and regarding the Transactions or otherwise relating to this Agreement or any of the other Transaction Documents.

Notwithstanding the foregoing or anything in this Agreement to the contrary, it is expressly understood and agreed that (i) no Party shall have any obligation to litigate or contest any administrative or judicial action or any decree, judgment, injunction or other order, whether temporary, preliminary or permanent brought by or before an administrative tribunal, court or other similar tribunal or body and (ii) nothing shall require any Parent Party or any Seller Party to accept or permit any Subsidiary of the Company to accept, without Parent's and the Members' Representative's consent, any requirement, condition or arrangement imposed upon the Members, the Parent Parties, the Company or any of its Subsidiaries or their respective business operations as a condition to obtaining approval or resolving any objection of a Governmental Authority or other public or private Persons with respect to the Transactions, in each case to the extent that such actions, requirements, conditions or arrangements are unacceptable to Parent or the Members' Representative, each in its sole discretion.

(c) The Parties and the Members' Representative and the Chart Representative shall make all other necessary and appropriate filings with applicable agencies of the U.S. Government, including, if appropriate, submission of notification of the Transactions to the U.S. Department of State at least sixty (60) days in advance of the Closing pursuant to 22 C.F.R. § 122.4(b).

INDEMNITY

9.1 Indemnification.

(a) From and after the Closing, Pubco covenants and agrees to indemnify, defend, protect and hold harmless the Members and their respective officers, directors, employees, members, assigns, successors and Affiliates (the “Seller Indemnified Parties”) from, against and in respect of all Damages suffered or incurred by such Person in connection with, resulting from or arising out of (whether or not involving a Third Party Claim): (i) the breach of any representation or warranty made by a Parent Party set forth in this Agreement or in any certificate delivered to any Seller Party pursuant to this Agreement; and (ii) the breach of any covenant or agreement on the part of a Parent Party set forth in this Agreement or in any certificate executed and delivered by a Parent Party to any Seller Party pursuant to this Agreement.

(b) From and after the Closing, each of the Specified Members covenants and agrees to indemnify, defend, protect and hold harmless Pubco and its officers, directors, employees, members, assigns, successors and Affiliates (the “Parent Indemnified Parties”) from, against and in respect of all Damages suffered or incurred by such Person in connection with, resulting from or arising out of (whether or not, subject to the last sentence of this Section 9.1(b), involving a Third Party Claim): (i) the breach of any representation or warranty made by any Seller Party set forth in this Agreement or in any certificate delivered to a Parent Party pursuant to this Agreement; (ii) the breach of any covenant or agreement on the part of any Member and, with respect to any covenant or agreement requiring performance by the Company prior to the Closing, the Company set forth in this Agreement or in any certificate executed and delivered to a Parent Party by any Seller Party pursuant to this Agreement; (iii) any and all Liabilities for Taxes (x) in connection with or arising out of the Company’s or its Subsidiaries’ activities or business on or before the Closing Date (determined, with respect to taxable periods that begin before and end after the Closing Date, in accordance with the allocation provisions of Section 6.5(b)), (y) owing by any Person (other than the Company and its Subsidiaries) for which the Company or any of its Subsidiaries is liable where the Liability of the Company or any of its Subsidiaries for such Taxes is attributable to an event or transaction occurring on or before the Closing Date, including (A) in respect of Taxes payable by any Member, (B) under Treasury Regulation Sections 1.1502-6 (or any predecessor or successor thereof or any analogous or similar provision of Law), (C) as a transferee or successor or (D) by Contract, or (z) resulting from a breach by any Seller Party of any provision of Section 6.5, except, in each case with respect to this clause (iii), to the extent that the amount of such Tax was reserved for on the Balance Sheet or is attributable to transactions undertaken in the ordinary course of business after the Balance Sheet Date for which there are reserves or accruals for Taxes on the Balance Sheet related to similar transactions; (iv) enforcing the indemnification rights of the Indemnified Parties hereunder; and (v) any Liabilities of the Company or any of its Subsidiaries arising from the conduct of any Tempus Jets Entity (other than Liabilities, if any, arising pursuant to or in connection with any Contract or transaction set forth on Schedule 6.10 or other Contracts between the Company or any of its Subsidiaries and a Tempus Jets Entity that (1) are on terms and conditions no less favorable to the Company or such Subsidiary than could have been obtained from an unrelated third party negotiated on an arm’s-length basis, (2) have been approved by the Chart Representative and the Parent Board or, after the Closing, the board of directors of Pubco or (3) were entered into at any time that no Member having a direct or indirect interest in such Tempus Jets Entity is an officer of the Company or any of its Subsidiaries, or after the Closing, Pubco or any of its Subsidiaries).

Notwithstanding the foregoing and any other provision of this Agreement, the Parties agree that for purposes of the indemnification obligations of the Specified Members set forth in this Article IX, a breach of the covenant of the Company set forth in Section 6.15(b) hereof shall be indemnifiable only to the extent of Damages arising out of Third Party Claims. Each Member other than the Specified Members hereby agrees to indemnify each Specified Member for any amounts paid by such Specified Member under this Article IX with respect to Damages arising from a breach by such Member of a representation or warranty in Article IV. Notwithstanding anything in this Article IX to the contrary, the Parties agree that with respect to any obligation of the Specified Members to indemnify pursuant to clause (v) of the first sentence of this Section 9.1(b), Pubco shall proceed against each Specified Member in proportion to their respective direct or indirect ownership (including through trusts or other entities controlled by such Specified Member) in the applicable Tempus Jets Entity.

9.2 Indemnification Procedures.

(a) In the event of the assertion or commencement by any Person of any Proceeding (whether against an Indemnified Party or against any other Person) with respect to which such Indemnified Party may be entitled to indemnification pursuant to this Article IX, the Indemnifying Party shall have the right, at its election, to proceed with the defense of such Proceeding on its own (subject to the exceptions set forth in this Section 9.2(a)). The election by the Indemnifying Party to assume the defense of a Third Party Claim shall constitute a waiver by the Indemnifying Party, as between it and the Indemnified Party, of the right to dispute the obligation to indemnify the Indemnified Party in connection therewith, subject to the limitations set forth herein. The Indemnified Party shall have the right to participate in the defense of any Third Party Claim the defense of which has been assumed by the Indemnifying Party and to employ counsel separate from the counsel employed by the Indemnifying Party, it being agreed, subject to the following sentence, that the Indemnifying Party shall control such defense and shall not be liable to the Indemnified Party for any legal or other expenses incurred by the Indemnified Party in connection with the defense thereof. Notwithstanding anything to the contrary in this Agreement, if (i) the Indemnifying Party does not elect to assume the defense of such Third Party Claim, (ii) the named parties (including any impleaded parties) to a Proceeding in connection therewith include both the Indemnified Party (or any of its Related Persons) and the Indemnifying Party (or any of its Related Persons) and the Indemnified Party reasonably concludes, in consultation with counsel, that there is a conflict of interest between it and the Indemnifying Party (or any of its Related Persons), (iii) such Third Party Claim involves a charge of criminal liability, (iv) the Indemnified Party determines in good faith that the Damages which are reasonably likely to be incurred as a result of such Third Party Claim would exceed the remaining amount available under the limitation set forth in Section 9.4(b), (v) the Third Party Claim seeks, in addition to or in lieu of monetary damages, specific performance or any injunctive or other equitable relief, (vi) the Third Party Claim directly involves a material customer or supplier of the Company or any of its Subsidiaries or any Governmental Authority, (vii) an insurance carrier requires, as a condition to an Indemnified Party's eligibility to recover insurance proceeds on account of such Third Party Claim, that such carrier control the defense of such Third Party Claim (and such defense is controlled by such carrier), (viii) the Indemnifying Party is not reasonably, diligently and in good faith conducting a defense of the Third Party Claim or (ix) if the Indemnified Parties include a Parent Indemnified Party, the Third Party Claim involves a Proceeding contemplated by Section 6.5(e) to be controlled by a Parent Party; then, in any such case, following written notice to the Indemnifying Party, the Indemnified Party shall have the right to assume the defense thereof and the Indemnifying Party shall be liable for the fees and expenses of one separate counsel (together with one local counsel) selected by the Indemnified Party to represent the Indemnified Party in connection therewith.

Table of Contents

(b) The Indemnifying Party shall not effect, without the prior written consent of the Indemnified Party, any settlement, compromise or discharge of a Third Party Claim unless the same (x) involves an unconditional release of all claims against the Indemnified Party in form and substance satisfactory to the Indemnified Party, (y) is limited to the payment of monetary damages by the Indemnifying Party and (z) does not include any statement or admission as to fault, culpability, or failure to act by or on behalf of any Indemnified Party. If the Indemnified Party effects any settlement, compromise or discharge of a Third Party Claim without the prior written consent of the Indemnifying Party, the amount of such settlement or compromise shall not be determinative of any Damages payable by the Indemnifying Party hereunder.

(c) If the Indemnifying Party assumes the defense of any Third Party Claim, then the Indemnified Party will cooperate with the Indemnifying Party and its counsel in the review, investigation and defense of any such claim, and shall, upon reasonable prior written notice and during normal business hours, in a manner so as not to unreasonably interfere in any material respect with normal business operations, make available its personnel, and provide such access to its books and records as is reasonably requested by the Indemnifying Party or the Indemnified Party, as applicable, in connection therewith.

(d) In the event that any Indemnified Party desires to seek indemnification under this Article IX, the Indemnified Party shall give the Indemnifying Party reasonably prompt written notice thereof, which shall state the basis for such indemnification claim and, to the extent known or reasonably calculable, an estimate and calculation of the amount of Damages resulting therefrom; provided, however, that any failure on the part of the Indemnified Party to so notify the Indemnifying Party shall not limit any of the obligations of any of the Indemnifying Party or any of the rights of any Indemnified Party, under this Article IX (except to the extent, and only to the extent, that such failure adversely prejudices the Indemnifying Party). If the Indemnifying Party disputes a claim for indemnification or any portion thereof, the Indemnifying Party shall notify the Indemnified Party in writing (which writing shall set forth the grounds for such objection) within ten (10) Business Days after its receipt of notice of such claim for indemnification, whereupon the Indemnified Party and Indemnifying Party shall meet and attempt in good faith to resolve their differences with respect to such claim or any portion of such claim for indemnification. If the dispute has not been resolved within thirty (30) days after the Indemnifying Party's notice of such dispute, either the Indemnifying Party or the Indemnified Party may proceed with pursuing the remedies provided herein to resolve such dispute. In the event that no written notice disputing or objecting to such claim or any portion of such claim for indemnification is delivered by the Indemnifying Party prior to the expiration of the ten (10) Business Days in which the Indemnifying Party may dispute such claim for indemnification, the claim(s) stated by the Indemnified Party shall be conclusively deemed to be approved by the Indemnifying Party.

(e) All Damages indemnifiable hereunder shall be payable by the Indemnifying Party to Pubco in cash; provided, that, (A) if the Specified Members are the Indemnifying Party, then at the election of the Indemnifying Party by written notice to the Indemnified Party, the amount of any Damages indemnifiable under Sections 9.1(b)(i), 9.1(b)(iii), 9.1(b)(iv) and 9.1(b)(v), as applicable (excluding any Damages resulting from a Willful Breach) may be satisfied by the cancellation of the number of shares of Pubco Common Stock held by the Specified Members, and (B) if Pubco is the Indemnifying Party, then in all cases the amount of any Damages indemnifiable under Section 9.1(a), shall be satisfied by the issuance of the number of shares of Pubco Common Stock to the Specified Members, in each case representing the number of shares of Pubco Common Stock that, when valued at the VWAP, has a value equal to the amount of such indemnifiable Damages.

(f) Except as otherwise set forth in this Agreement, no exercise of, nor failure to exercise, the rights set forth in this Section 9.2 shall constitute an election of remedies or limit such Indemnified Party's other rights hereunder or otherwise. Notwithstanding anything to the contrary in this Agreement, (i) the aggregate liability of a Specified Member under, or related to, this Agreement shall in no event exceed such Specified Member's Pro Rata Percentage of the Base Company Value, (ii) except with respect to a breach or inaccuracy of any representation or warranty made by a Specified Member in Article IV or a failure of such Specified Member to perform a covenant or agreement applicable to such Specified Member, no Specified Member shall have any liability in excess of his, her or its Pro Rata Percentage of any Damages recoverable under Section 9.1(b), and (iii) no Specified Member shall have any liability for any breach or inaccuracy of any representation or warranty made by any other Specified Member in Article IV or a failure of any other Specified Member to perform a covenant or agreement applicable to such other Specified Member. The term "Pro Rata Percentage" means with respect to each Specified Member, the proportion of the number of issued and outstanding Company Units held by such Specified Member immediately prior to the Closing as compared to the total number of Company Units held by all Specified Members immediately prior to the Closing. Nothing in this Section 9.2(f) shall prevent or prohibit a Party from seeking and/or obtaining specific performance or any other equitable remedy in accordance with Section 12.3. Any cash payment required under this Section shall be made by wire transfer of immediately available funds to the account or accounts designated in writing by the payee.

(g) Notwithstanding anything to the contrary contained herein, (i) the Chart Representative shall have the sole right to act on behalf of Pubco and the other Parent Indemnified Parties (and their respective successors and assigns) with respect to any indemnification claims made pursuant to this Article IX, including bringing and settling any claims hereunder and receiving any notices on behalf of Pubco and the other Parent Indemnified Parties, and (ii) the Members' Representative shall have the sole right to act on behalf of the Specified Members and the other Seller Indemnified Parties (and their respective successors and assigns) with respect to any indemnification claims made pursuant to this Article IX, including bringing and settling any claims hereunder and receiving any notices on behalf of the Specified Members and the other Seller Indemnified Parties.

9.3 Survival of Representations, Warranties and Covenants. Each covenant and agreement contained in this Agreement or in any certificate delivered pursuant to this Agreement shall survive the Closing and be enforceable until such covenant or agreement has been fully performed. All representations and warranties contained in this Agreement or in any certificate delivered pursuant to this Agreement shall survive the Closing until the date that is twelve (12) months after the Closing Date, and shall thereafter expire. The limitations on survival set forth in this Section 9.3 shall not apply to (a) the representations and warranties set forth in Sections 3.1(a) (Organization and Corporate Power), 3.2 (Authority for Agreement), 3.3 (No Violation to Result), 3.4 (Capitalization), 3.10 (Taxes), 3.26 (Brokers), 4.1 (Authority for Agreement), 4.2 (No Violation to Result), 4.3 (Ownership), 4.6 (Brokers), 5.1 (Organization), and 5.2 (Authority for Agreement), 5.3 (No Violation to Result), 5.5 (Capitalization), and 5.13 (Taxes), all of which shall survive until sixty (60) days after expiration of the applicable statute of limitations, (b) the representations and warranties set forth in Section 3.16 (Anti-Corruption Laws; Certain Regulatory Matters), which shall survive until the date six (6) years from the Closing Date, (c) the representations and warranties set forth in Section 3.8 (Employee Benefit Plans), Section 3.14 (Government Contracts and Bids) and Section 3.18 (Environmental and Safety Matters), which shall survive until the date three (3) years from the Closing Date or (d) claims based on criminal matters, fraud or Willful Breach, which shall survive without limitation. No claim may be made for indemnification hereunder for breach of any representations, warranties or covenants after the expiration of the survival period applicable to such representation, warranty and covenant set forth above; provided that, any representation, warranty or covenant with respect to which a claim has been made for a breach thereon prior to any of the foregoing dates shall, only with respect to such claim, survive until such claim is resolved.

9.4 Limitations on Indemnification.

(a) An Indemnifying Party shall have no liability to indemnify for Damages pursuant to Section 9.1(a)(i) or 9.1(b)(i), as applicable, unless and until the aggregate amount of all Damages for all claims asserted by the Seller Indemnified Parties, collectively, or the Parent Indemnified Parties, collectively, as applicable, exceeds Five Hundred Thousand Dollars (\$500,000) (the “Deductible”); provided, however, that after the amount of such Damages exceeds the Deductible, all such Damages in excess of the Deductible shall, subject to the other limitations set forth in this Article IX, be recoverable by the applicable Indemnified Parties; provided, further, that the foregoing limitations shall not apply to (i) the representations and warranties set forth in Sections 3.1(a) (Organization and Corporate Power), 3.2 (Authority for Agreement), 3.3 (No Violation to Result), 3.4 (Capitalization), 3.10 (Taxes), 4.1 (Authority for Agreement), 4.2 (No Violation to Result), 4.3 (Ownership), 5.1 (Organization), 5.2 (Authority for Agreement), 5.3 (No Violation to Result), 5.5 (Capitalization), 5.6 (Listing), 5.7 (Trust Fund) and 5.13 (Taxes) or (ii) claims based on fraud or Willful Breach, with respect to which, in each case, all Damages in connection therewith shall be recoverable from the first dollar and shall be counted in determining whether the thresholds in this Section 9.4(a) have been exceeded. For purposes of determining the amount of any Damages with respect to (but not for purposes of determining the existence of) any breach of any representation, warranty or covenant for purposes of indemnification under this Article IX, any qualification or limitation of a representation, warranty or covenant by reference to materiality of matters stated therein or as to matters having or not having “Material Adverse Effect,” “materiality” or words of similar effect, shall be disregarded.

(b) The indemnification obligations of the Indemnifying Party pursuant to Section 9.1(a)(i) or 9.1(b)(i), as applicable, shall be limited to an amount equal to 15% of the Base Company Value (the “Cap”); provided (i) that to the extent that any Damages indemnifiable under Section 9.1(b)(i) with respect to the breach of Section 3.14 (Government Contracts and Bids) are otherwise precluded by the Cap, such Damages, up to an aggregate amount equal to 50% of the Base Company Value (which for avoidance of doubt shall include and not be in addition to the amount of the Cap that would otherwise be applicable), shall not be so limited by this sentence, and (ii) that the foregoing limitation shall not apply to the representations and warranties set forth in Sections 3.1(a) (Organization and Corporate Power), 3.2 (Authority for Agreement), 3.3 (No Violation to Result), 3.4 (Capitalization), 3.10 (Taxes), 4.1 (Authority for Agreement), 4.2 (No Violation to Result), 4.3 (Ownership), 5.1 (Organization), 5.2 (Authority for Agreement), 5.3 (No Violation to Result), 5.5 (Capitalization), 5.6 (Listing), 5.7 (Trust Fund) and 5.13 (Taxes), which shall be limited to an amount equal to the Base Company Value, or (iii) claims based on fraud or Willful Breach, which shall not be limited in amount.

(c) Except with respect to claims based on fraud or willful misconduct or actions seeking specific performance, the indemnification obligations of the Parties pursuant to this Article IX shall be the Parties’, any other Seller Indemnified Parties’ and any other Parent Indemnified Parties’ sole and exclusive remedy with respect to any claim related to or arising from this Agreement, the negotiation and execution of this Agreement, the performance by the Parties of their respective obligations hereunder, and the transactions contemplated by this Agreement.

9.5 Mitigation, etc.

(a) The Indemnified Party shall, and is obligated to, take all commercially reasonable steps to mitigate all indemnifiable Damages upon and after becoming aware of any event which could reasonably be expected to give rise to any Damages hereunder, and the Indemnified Party shall use reasonable efforts to seek recovery under all available insurance policies covering any Damages for which such Indemnified Party is seeking indemnification; provided, however, that that exhaustion of all such efforts by the Indemnified Party shall not be a precondition to recovery of Damages by such Indemnified Party in accordance with this Article IX; provided, further, that if the Indemnified Party is a Parent Indemnified Party, then such Parent Indemnified Party shall not be liable for any failure to comply with its obligations under this sentence to the extent that the Members (A) act to prevent or materially impede Pubco or its Subsidiaries from complying, or (B) who are officers of Pubco or its Subsidiary, fail to take the steps reasonably required hereunder to mitigate such damages unless otherwise instructed by both the board of directors of Pubco and the Chart Representative or such steps are not within their scope of authority. Notwithstanding anything in this Article IX to the contrary, in no event shall Pubco, the Company or any of its Subsidiaries or any other Parent Indemnified Party be obligated to seek indemnification or otherwise recover any amounts from (nor shall the Members be subrogated to the rights of Pubco, the Company or any of its Subsidiaries or any other Parent Indemnified Party) a material customer or supplier of the Company or any of its Subsidiaries. No Indemnified Party shall be obligated to commence or threaten to commence a Proceeding pursuant to this Section 9.5 unless the Indemnifying Party (i) shall have reasonably requested in writing that the Indemnified Party commence such Proceeding, (ii) acknowledges in writing that it is liable for all costs and expenses of such Proceeding and (iii) pays all such costs and expenses as and when incurred in connection with pursuing such Proceeding; it being acknowledged and agreed that, if the Indemnifying Party fails to pay all such costs and expenses as and when incurred, the Indemnified Party shall not be obligated to continue to pursue such Proceeding.

(b) The amount of any Damages indemnifiable under this Article IX shall be net of any amounts actually recovered by the Indemnified Party under insurance policies, third party indemnities or other collateral sources with respect to such Damages. In the event any amounts recovered from such sources are not received before a claim for indemnification is paid pursuant to this Article IX then the amount of such recovery shall be applied first, to reimburse the Indemnified Party and the Indemnifying Party, on a pro rata basis, for any out-of-pocket expenses (including reasonable attorney's fees and expenses) expended by them in pursuing such recovery or defending any claims arising therefrom, second, to refund any payments made by the Indemnifying Party which would not have been so paid had such recovery been obtained prior to such payment (taking into account the first sentence of this Section 9.5(b)) and, third, any excess to the Indemnified Party.

(c) The amount of Damages with respect to which an Indemnified Party is to be indemnified pursuant to this Agreement shall initially be determined without regard to any Tax benefit or Tax detriment, and the indemnification payment shall be made on such basis. To the extent, however, that the Indemnified Party recognizes a Tax benefit or Tax detriment with respect to any Damages for which payment is made hereunder, after taking into account the Tax effect, if any, of such indemnification (the "Net Tax Effect"), the Indemnified Party (in the case of a Tax benefit) or the Indemnifying Party (in the case of a Tax detriment) shall pay to the Indemnifying Party (in the case of a Tax benefit) or the Indemnified Party (in the case of a Tax detriment) the amount of such Net Tax Effect at such time or times as and to the extent such Indemnified Party or Indemnifying Party, as applicable, or any of their Affiliates realizes such Net Tax Effect through a refund, reduction or increase in Tax otherwise payable, calculated by computing the amount of Tax with and without taking into account any Tax items attributable to such Damages and the indemnification payment with respect to such Damages.

(d) The Indemnifying Party shall have no right of subrogation, reimbursement or similar right against any Person with respect to such Indemnifying Party's obligations under this Agreement. Each Party hereby irrevocably waives all such rights, and agrees not to institute any Proceedings against any other Person with respect to the same.

9.6 Waiver, Release and Discharge. Effective as of the Closing, except for any rights, obligations or claims arising under any Transaction Document, each of the Members, in each case for itself and its Affiliates, hereby irrevocably waives, releases and discharges (i) the Parent Parties and their respective Affiliates, directors, officers and employees (determined in each case prior to the consummation of the Transaction) and (ii) the Company, its Subsidiaries and their employees (other than the Members) from any and all Liabilities and obligations to such Member of any kind or nature whatsoever, whether as a member, option holder, officer, director or Company Employee or otherwise (including in respect of rights of contribution or indemnification), in each case whether absolute or contingent, liquidated or unliquidated, known or unknown at law or equity, or otherwise and which are based on acts, events or omissions occurring up to and including the Closing; provided, however, that the Parties acknowledge and agree that this Section 9.6 does not apply to, and shall not constitute a waiver, release or discharge of, (i) to the extent that such releasing party is an employee of the Company or any of its Subsidiaries, such releasing party's right to any salary or wages, and entitlements to employee expense reimbursements and contributions to Benefit Plans, in each case to the extent accrued, earned or otherwise due to such releasing Party prior to the Closing and (ii) the releasing party's or its Affiliates' rights in connection with any matter listed on Schedule 6.10 or against Persons other than the Parent Parties and the Company and its Subsidiaries with respect to the Tempus Jets Entities.

Gulbin III as such Member's representative (acting together, or either of them acting individually, the "Members' Representative") for purposes of this Agreement, and Benjamin Scott Terry and John G. Gulbin III each agrees to act as the Members' Representative as set forth herein. Each of the Members and each of their respective successors shall be deemed to have approved, and shall be bound by, any and all actions taken by the Members' Representative on their behalf under or otherwise relating to this Agreement and the Transactions as if such actions were expressly ratified and confirmed by each of them. In the event that the Members' Representative is unable or unwilling to serve or shall resign, a successor Members' Representative shall be selected by the holders of a majority of the Company Units outstanding immediately prior to the Closing. A Members' Representative may not resign, except upon thirty (30) days' prior written notice to the Parent Parties. In the event of a notice of proposed resignation, or any death, disability or other replacement of a Members' Representative, a successor, if needed, shall be appointed effective immediately thereafter, and the Parent Parties shall be notified promptly of such appointment by such successor Members' Representative. No resignation, nor any other replacement, of any Members' Representative is effective against the Parent Parties until selection of a successor and prior written notice to the Parent Parties of such selection. Each successor Members' Representative shall have all of the power, rights, authority and privileges hereby conferred upon the original Members' Representative.

(b) The Parent Parties shall be entitled to rely upon any communication or writing given or executed by the Members' Representative on behalf of the Members. All communications or writings to be sent to the Members pursuant to this Agreement may be addressed to the Members' Representative and any communication or writing so sent shall be deemed notice to all of the Members hereunder. This power of attorney and all authority hereby conferred is granted subject to the interest of the other Members hereunder and in consideration of the mutual covenants and agreements made herein, and shall be irrevocable and shall not be terminated by any act of any Member, by operation of Law, by such Member's death or disability, or by any other event.

(d) The Members' Representative shall not have any liability to any of the Members for any act done or omitted hereunder or otherwise in connection with the performance of its duties under this Section 9.7 as the Members' Representative while acting in good faith and in the exercise of reasonable judgment. The Members' Representative shall be indemnified by the Members for and shall be held harmless against any loss, liability or expense (including any out-of-pocket costs, legal fees and other legal costs) incurred by the Members' Representative or any of its Affiliates and any of their respective partners, directors, officers, employees, agents, stockholders, consultants, attorneys, accountants, advisors, brokers, representatives or controlling persons, in each case, relating to the Members' Representative's conduct as Members' Representative, other than losses, liabilities or expenses that have been finally determined by a court of competent jurisdiction to result from the Members' Representative's fraud in connection with its performance under this Section 9.7. This indemnification shall survive the termination of this Agreement. The Members' Representative may, in all questions arising under this Agreement or the other Transaction Documents, rely on the advice of counsel, public accountants or other independent experts it reasonably determines to be experienced in the matter at issue, and will not be liable to any of the Parties or to the Members for anything done, omitted or suffered in good faith by the Members' Representative in accordance with such advice. In no event shall the Members' Representative be liable hereunder or under any other Transaction Document for any indirect, punitive, special or consequential damages.

All decisions and actions by the Chart Representative, including any agreement between the Chart Representative and a Specified Member or other Seller Indemnified Party relating to the defense or settlement of any claims for which a Specified Member may be required to indemnify a Parent Indemnified Party pursuant to Article IX or for which Pubco may be required to indemnify a Seller Indemnified Party pursuant to Article IX, shall be binding upon all of the Parent Parties, and no Parent Party shall have the right to object, dissent, protest or otherwise contest the same. The provisions of this Section 9.8 are irrevocable and coupled with an interest.

(b) The Chart Representative shall not be liable for any act done or omitted under any Transaction Document as the Chart Representative while acting in good faith and in the exercise of reasonable judgment, and any act done or omitted pursuant to the advice of counsel shall be conclusive evidence of such good faith. The Parent Parties shall jointly and severally indemnify the Chart Representative and hold the Chart Representative harmless against any damages, Liability, Damage or expense incurred without gross negligence, bad faith or willful misconduct on the part of the Chart Representative and arising out of or in connection with the acceptance or administration of the Chart Representative's duties under this Agreement, including the reasonable fees and expenses of any legal counsel retained by the Chart Representative. In no event shall the Chart Representative in such capacity be liable hereunder or in connection herewith for any indirect, punitive, special or consequential damages. The Chart Representative shall be fully protected against the Parent Parties in relying upon any written notice, demand, certificate or document that it in good faith believes to be genuine, including facsimiles or copies thereof. No Person shall have any Liability for relying on the Chart Representative in the foregoing manner. In connection with the performance of its rights and obligations hereunder, the Chart Representative shall have the right at any time and from time to time to select and engage, at the cost and expense of the Parent Parties, attorneys, accountants, investment bankers, advisors, consultants and clerical personnel and obtain such other professional and expert assistance, maintain such records and incur other out-of-pocket expenses, as the Chart Representative may deem necessary or desirable from time to time. All of the indemnities, immunities, releases and powers granted to the Chart Representative under this Section 9.8 shall survive the Closing.

(c) The Person serving as the Chart Representative may resign upon ten (10) days' prior written notice to the Parties, provided, that the Chart Representative appoints a replacement Chart Representative. Each successor Chart Representative shall have all of the power, authority, rights and privileges conferred by this Agreement upon the original Chart Representative, and the term "Chart Representative" as used herein shall be deemed to include any such successor Chart Representatives.

Article XI

TRUST FUND WAIVER

11.1 Trust Fund Waiver. Reference is made to the final prospectus of Parent dated December 13, 2012 (File No. 333-177280) (the "Prospectus"). Each of the Seller Parties warrants and represents, jointly and severally, that such Seller Party has read the Prospectus and understands that Parent has established the Trust Fund containing the proceeds of the IPO initially in the amount of at least Seventy-Five Million Dollars (\$75,000,000) for the benefit of Parent's public stockholders and certain other parties (including the underwriters of the IPO) and that Parent may disburse monies from the Trust Fund, including any proceeds therefrom, only as provided in the Prospectus. For and in consideration of Parent agreeing to enter into this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each of the Seller Parties agrees (for itself and on behalf of its Affiliates and direct and indirect subsidiaries and members, and its and their respective successors and assigns, and any Person claiming by or through such Seller Party) that, notwithstanding any provisions contained in this Agreement, such Seller Party does not now have, and shall not at any time prior to the Closing have, any right, title, interest or claim of any kind in or to, or make any claim against, the Trust Fund or any asset contained therein (or any distribution therefrom occurring prior to the Closing in accordance with the terms of the Trust Agreements), regardless of whether such claim arises as a result of, in connection with or relating in any way to, any proposed or actual business relationship between the Company or any of its Subsidiaries, on the one hand, and Parent, on the other hand, this Agreement or any other agreement or any other matter, and regardless of whether such claim arises based on contract, tort, equity or any other theory of legal liability. Each of the Seller Parties (for itself and on behalf of its Affiliates and direct and indirect subsidiaries and members, and its and their respective successors and assigns, and any Person claiming by or through such Seller Party) hereby irrevocably waives any and all rights, titles, interests and claims of any kind that such Seller Party may have, now or in the future (in each case, however, prior to the consummation of a business combination), and shall not take any action or suit, make any claim or demand or seek recovery of any Liability or recourse against, the Trust Fund (or any distribution therefrom occurring prior to the Closing in accordance with the terms of the Trust Agreements) for any reason whatsoever in respect thereof. Each of the Seller Parties agrees and acknowledges that such irrevocable waiver is material to this Agreement and specifically relied upon by Parent and its Affiliates to induce them to enter into this Agreement. Each of the Seller Parties further intends and understands such waiver to be valid, binding and enforceable under applicable Law. To the extent that any of the Seller Parties or the Members' Representative commences any action or Proceeding based upon, in connection with, relating to or arising out of any matter relating to Parent, which Proceeding seeks, in whole or in part, monetary relief against Parent, each of the Seller Parties hereby acknowledges and agrees such Seller Party's sole remedy shall be against funds held outside of the Trust Fund and that such claim shall not permit such Seller Party (or any party claiming on such Seller Party's behalf or in lieu of such Seller Party) to have any claim against the Trust Fund or any amounts contained therein (or any distribution therefrom occurring prior to the Closing in accordance with the terms of the Trust Agreements). In the event that any Seller Party or the Members' Representative commences any action or Proceeding based upon, in connection with, relating to or arising out of any matter relating to Parent, which Proceeding seeks, in whole or in part, relief against the Trust Fund (or any distribution therefrom occurring prior to

the Closing in accordance with the terms of the Trust Agreements) or Parent's public stockholders, whether in the form of money damages or injunctive relief, Parent shall be entitled to recover from such Seller Party or the Members' Representative, as applicable, the associated legal fees and costs in connection with any such action, in the event Parent prevails in such action or Proceeding.

Article XII
MISCELLANEOUS

12.1 Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and assigns; provided, however, that no Party may make any assignment of this Agreement or any interest herein without the prior written consent of Parent, the Chart Representative and the Members' Representative. Any such purported assignment without such prior written consent shall be void and of no force or effect.

12.2 Governing Law. All disputes, claims or controversies arising out of or relating to this Agreement, or the negotiation, validity or performance of this Agreement or the transactions contemplated hereby shall in all respects be interpreted, construed and governed by and in accordance with the Laws of the State of Delaware, without regard to its conflicts of laws principles.

12.3 Specific Performance; Remedies.

(a) Each Party acknowledges that the other Parties shall be irreparably harmed and that there shall be no adequate remedy at Law for any violation or breach, or threatened breach, by any of them of any of the covenants or agreements contained in this Agreement, and that any breach or threatened breach of this Agreement by a Party hereto, including such Party's failure to take all actions as are necessary on such Party's part in accordance with the terms and conditions of this Agreement to consummate the Transactions, would not be adequately compensated by monetary damages alone. It is accordingly agreed, notwithstanding anything to the contrary set forth in this Agreement, that, subject to Section 12.3(b), in addition to, but not in lieu of, any other remedies that may be available upon the breach of any such covenants or agreements (including monetary Damages), each Party shall have the right to obtain injunctive relief to restrain a breach or threatened breach of, or otherwise to obtain specific performance of, the other Parties' covenants and agreements contained in this Agreement. Each Party hereby agrees (i) to waive the defense in any such suit that the other Parties have an adequate remedy at law, (ii) not to raise any objections to the availability of the equitable remedy of specific performance to prevent or restrain breaches or threatened breaches of this Agreement or to enforce compliance with, the covenants and obligations of the other Parties under this Agreement, and (iii) to waive any requirement to post any bond, in each case, in connection with obtaining such relief. All rights and remedies of the Parties under this Agreement shall be cumulative, and the exercise of one or more rights or remedies shall not preclude the exercise of any other right or remedy available under this Agreement or applicable Law.

Table of Contents

(b) Notwithstanding anything in this Agreement to the contrary (including Section 12.3(a)), the Parties explicitly agree that no Seller Party, on the one hand, and no Parent Party, on the other hand, shall be entitled to seek an injunction or other form of specific performance or equitable relief described in Section 12.3(a), to cause (x) the Closing to be consummated or (y) the Per Company Unit Consideration to be issued, unless each of the following conditions has been satisfied:

(i) all of the conditions set forth in Article VII and Article VIII shall have been satisfied or waived (other than those conditions that, by their nature, are to be satisfied at the Closing, which conditions shall be capable of being satisfied); and

(ii) The Parent Parties or the Seller Parties, as applicable, are required to complete the Closing pursuant to the terms of this Agreement and fail to complete the Closing in accordance with the terms hereof.

(c) Without limiting any other remedy available under this Agreement or the other Transaction Documents or applicable Law, in the event that any Member is required by this Agreement to transfer any shares of Pubco Common Stock to Pubco or its Affiliates (including any shares for the Adjustment Amount pursuant to Section 1.15(e) or Earnout Shares pursuant to Section 1.16(f)) and fails to do so promptly after request by Pubco or its Representatives in accordance with this Agreement, then Pubco shall be and hereby is authorized as the attorney-in-fact for such Member to transfer such shares to Pubco, and may transfer such shares and cancel the stock certificates for such shares on its books and records and issue new stock certificates to such transferee and may instruct its agents and any exchanges on which shares of Pubco Common Stock are listed or traded to do the same.

12.4 Severability. Each section, subsection and lesser section of this Agreement constitutes a separate and distinct undertaking, covenant and/or provision hereof. In the event that any provision of this Agreement shall finally be determined to be unlawful, such provision shall be deemed severed from this Agreement, but every other provision of this Agreement shall remain in full force and effect; provided, however, that the Parties will attempt in good faith to agree to replace such unlawful provision with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other potential purposes of such unlawful provision.

12.5 Amendment. This Agreement may be amended, supplemented or modified only by execution of a written instrument signed by the Chart Representative and the Members' Representative.

12.6 Waiver. The Chart Representative on behalf of any Parent Party, on the one hand, or any Seller Party or the Members' Representative, on the other hand, may to the extent permitted by applicable Law (a) extend the time for the performance of any of the obligations or other acts of the Seller Parties, the Members' Representative or the Parent

Parties, as applicable, (b) waive any inaccuracies in the representations and warranties of the Seller Parties, the Members' Representative or the Parent Parties, as applicable, contained herein or in any document delivered pursuant hereto or (c) waive compliance with any of the agreements of the Seller Parties, the Members' Representative or the Parent Parties, as applicable, contained herein. No such extension or waiver shall be effective unless set forth in a written instrument duly executed by or on behalf of the Party extending the time of performance or waiving any such inaccuracy or non-compliance. No waiver by any Party of any term of this Agreement, in any one or more instances, shall be deemed to be or construed as a waiver of the same or any other term of this Agreement on any future occasion.

12.8 Expenses. Without limiting the effect of Article IX, all Expenses of the Parties shall be borne by the Person incurring such Expense, except that if the Transactions are consummated, the Company shall pay all Expenses of the Company and its Subsidiaries, the Parent Parties, the Chart Representative, the Members and the Members' Representative, including any broker fees and expenses.

12.9 Jurisdiction; Waiver of Jury Trial; Service of Process. Subject to Sections 1.15 and 1.16(c) the Parties agree that any proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement, prior to the Closing, shall be brought in any Chancery Court of the State of Delaware, provided, that if (and only after) such courts determine that they lack subject matter jurisdiction over any such legal action, suit or proceeding, such legal action, suit or proceeding shall be brought in the Federal courts of the United States located in the State of Delaware (and in each case, in any court in which appeal from such courts may be taken). Each Party

hereby irrevocably (a) submits to the exclusive jurisdiction of the state and federal courts sitting in Delaware (and in any court in which appeal from such courts may be taken); (b) waives, and agrees not to assert, any claim that it is not subject to the jurisdiction of, or any objection to the laying of venue in, any such courts or that such action has been commenced in an improper or inconvenient forum; and (c) agrees that service of any process, summons, notice or document by U.S. registered mail to such Party's address as provided herein shall be effective with respect to any matter for which it has submitted to jurisdiction hereby. The foregoing shall not constitute a general consent to service of process and shall have no effect for any purpose except as set forth in this Section 12.9. EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. Each Party (x) certifies that no Representative of the other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver and (y) acknowledges that it and the other Party has been induced to enter into the agreements contemplated hereby by, among other things, the mutual waivers, agreements and certifications in this Section 12.9.

12.10 Arbitration.

(a) Except as set forth in Sections 1.15, 1.16(c), 12.3, 12.9 and 12.10(d) hereof, any dispute, difference, controversy or claim arising in connection with or related or incidental to, or question occurring under, this Agreement or the subject matter hereof after the Closing shall be finally settled under the Commercial Arbitration Rules (the “Rules”) of the American Arbitration Association (“AAA”), unless otherwise agreed, by an arbitral tribunal composed of three (3) arbitrators, at least one (1) of whom shall be an attorney experienced in corporate transactions, appointed by agreement of the Chart Representative and the Members’ Representative in accordance with said Rules. In the event the Chart Representative and the Members’ Representative fail to agree upon a panel of arbitrators from the first list of potential arbitrators proposed by the AAA, the AAA will submit a second list in accordance with such Rules. In the event the Chart Representative and the Members’ Representative shall have failed to agree upon a full panel of arbitrators from such second list, any remaining arbitrators to be selected shall be appointed by the AAA in accordance with such Rules. If at the time of the arbitration the Chart Representative and the Members’ Representative agree in writing to submit the dispute to a single arbitrator, such single arbitrator shall be appointed by agreement of the Chart Representative and the Members’ Representative in connection with the foregoing procedure or failing such agreement by the AAA in accordance with such Rules. All arbitrators shall be neutral arbitrators and subject to Rule 19 of the Rules.

(b) The arbitrators shall apply the Laws of the State of Delaware, shall not have the authority to add to, detract from, or modify any provision hereof and shall not award punitive damages to any injured Party or to the Members’ Representative. A decision by a majority of the arbitrators shall be final, conclusive and binding. The arbitrators shall deliver a written and reasoned award with respect to the dispute to each of the parties to the dispute, difference, controversy or claim, who shall promptly act in accordance therewith. Any arbitration Proceeding shall be held in the State of Delaware.

(c) The arbitration Proceedings conducted pursuant hereto shall be confidential. No Party shall disclose any information about the arbitration Proceedings or the evidence adduced by the other Parties in any arbitration Proceeding or about documents provided by the other Parties in connection with the Proceeding except in the course of a judicial, regulatory or arbitration Proceeding or as may be requested by a Governmental Authority or as required or advisable under Law or exchange rules. Before making any disclosure permitted by the preceding sentence, the Party intending to make such disclosure shall give the other Parties reasonable written notice of the intended disclosure. The Parties shall sign, and the arbitrator, expert witnesses and stenographic reporters shall be asked to sign, appropriate non-disclosure agreements or orders in order to effectuate this Agreement of the Parties as to confidentiality.

(d) The Parties hereby exclude any right of appeal to any court on the merits of the dispute. The provisions of this Section 12.10 may be enforced in any court having jurisdiction over the award or any of the Parties or any of their respective assets, and judgment on the award (including equitable remedies) granted in any arbitration hereunder may be entered in any such court. Nothing contained in this Section 12.10 shall prevent any Party from seeking injunctive or other equitable relief from any court of competent jurisdiction, without the need to resort to arbitration.

12.11 Complete Agreement. This Agreement, the Transaction Documents and the other documents expressly referred to herein, including all appendices, exhibits and schedules hereto, and the other documents of even date herewith, embody the complete agreement and understanding among the Parties and supersede and preempt any prior understandings, agreements or representations by or among the Parties, written or oral, that may have related to the subject matter hereof. Notwithstanding the right of a Party to investigate the assets, properties, books, records and financial condition of the other Party, and notwithstanding any knowledge obtained or obtainable by such Party as a result of such investigation, such Party has the unqualified right to rely upon, and has relied upon, each of the representations and warranties made by the other Party in this Agreement or pursuant hereto. No information or knowledge obtained or capable of being obtained in any investigation by a Party (or in any list, certificate, schedule or other instrument, document, agreement or writing furnished or to be furnished to or made pursuant hereto) shall affect or be deemed to modify any representation or warranty of the other Parties contained herein or the conditions to the obligations of the Parties to consummate the Transactions. No claim by a Party in connection with this Agreement shall be adversely affected by any investigation by or opportunity to investigate afforded to such Party, nor shall such a claim be adversely affected by such Party's knowledge on or before the Closing Date of any breach or of any state of facts that may give rise to such a breach. The waiver of any condition based on the accuracy of any representation or warranty, or on the performance of or compliance with any covenant or obligation, shall not adversely affect the right to indemnification, payment of Damages or other remedy based on such representations, warranties, covenants or obligations.

12.12 Absence of Third Party Beneficiary Rights. Except for Article IX (which shall be for the benefit of the Indemnified Parties) and Section 6.18, no provision of this Agreement is intended, nor will be interpreted, to provide or create any third party beneficiary rights or any other rights of any kind in any client, customer, Affiliate, member, option holder, employee or partner of any Party or any other Person.

12.13 Mutual Drafting. This Agreement is the mutual product of the Parties, and each provision hereof has been subject to the mutual consultation, negotiation and agreement of each of the Parties, and shall not be construed for or against any Party, but according to the application of the rules of interpretation of contracts.

12.14 Further Representations. Each Party acknowledges and represents that it has been represented by its own legal counsel in connection with the Transactions, with the opportunity to seek advice as to its legal rights from such counsel. Each Party further represents that it is being independently advised as to the Tax or securities consequences of the Transactions and is not relying on any representations or statements made by any other Party as to such Tax and securities consequences.

12.15 Interpretation. The headings in this Agreement are intended solely for convenience of reference and shall be given no effect in the construction or interpretation of this Agreement. Unless the context clearly indicates otherwise, where appropriate the singular shall include the plural and the masculine shall include the feminine or neuter, and vice versa, to the extent necessary to give the terms defined herein and/or the terms otherwise used in this Agreement the proper meanings. The words “including,” “include” or “includes” shall mean including without limitation. Any reference in this Agreement to a statute shall be to such statute, as amended from time to time, and to the rules and regulations promulgated thereunder. When reference is made in this Agreement to an Exhibit, Appendix, Article, Section or subsection, such reference shall be to an Exhibit, Appendix, Article, Section or subsection to or of this Agreement unless otherwise indicated. Any document posted to the data site maintained by the Company on or prior to the date hereof shall be deemed to have been delivered to the Parent Parties for purposes of this Agreement.

12.16 Counterparts. This Agreement may be executed in two or more counterparts, each of which when executed and delivered shall be deemed an original and all of which, taken together, shall constitute the same agreement. This Agreement and any document or schedule required hereby may be executed by electronic or facsimile signature, which shall be considered legally binding for all purposes.

12.17 Disclosure Schedules. Certain information set forth in the Company Schedules and the Parent Schedules (collectively, the “Disclosure Schedules”) is provided solely for informational purposes and may not be required to be disclosed pursuant to this Agreement. The disclosure of any information in the Disclosure Schedules shall not be deemed to constitute an acknowledgment that such information is required to be disclosed in connection with the representations and warranties made by the Parties in this Agreement, nor shall such information be deemed an admission of any liability of, or concession as to any defense available to, any Party. The specification of any dollar amount in the representations or warranties contained in this Agreement (or in any certificate delivered a party pursuant to Sections pursuant to Section 7.1, Section 7.2, Section 8.1 or Section 8.2, as the case may be) or the inclusion of any specific item in any Disclosure Schedule is not intended to imply that such amounts, or higher or lower amounts or the items so included or other items, are or are not material, and no Party shall use the fact of the setting of such amounts or the inclusion of any such item in any dispute or controversy as to whether any obligation, items or matter not described herein or included in a Disclosure Schedule is or is not material for purposes of this Agreement.

12.18 Waiver of Conflicts. Recognizing that Alston & Bird LLP has acted as legal counsel to the Members, their Affiliates and the Company and its Subsidiaries prior to the Closing, and that Alston & Bird LLP intends to act as legal counsel to the Members and their Affiliates after the Closing, each of the Parent Parties and the Company and each of its Subsidiaries waives, on its own behalf and agrees to cause its Affiliates to waive, any conflicts that may arise in connection with Alston & Bird LLP representing the Members and/or their Affiliates after the Closing as such representation may relate to the Parent Parties, the Company or any of its Subsidiaries or the transactions contemplated herein (the “Engagement”). In addition, all communications involving attorney-client confidences between the Members, their Affiliates or the Company or any of its Subsidiaries and Alston & Bird LLP in the course of the negotiation, documentation and consummation of the Transactions (the “Scope”) shall, subject to the last sentence of this paragraph, be deemed to be attorney-client confidences that belong solely to the Members. Accordingly, subject to the last sentence of this paragraph, neither the Company nor any of its Subsidiaries shall have access to any such communications, or to the files of Alston & Bird LLP within the Scope, whether or not the Closing shall have occurred. Without limiting the generality of the foregoing, subject to the last sentence of this paragraph, upon and after the Closing, (i) the Members and their Affiliates shall be the sole holders of the attorney-client privilege with respect to such communications and files within the Scope, and neither Company nor any of its Subsidiaries shall be a holder thereof, (ii) to the extent that files of Alston & Bird LLP within the Scope constitute property of the client, only the Members and their Affiliates shall hold such property rights and (iii) Alston & Bird LLP shall have no duty whatsoever to reveal or disclose any such attorney-client communications or files to any of the Company or any of its Subsidiaries by reason of any attorney-client relationship between Alston & Bird LLP and any of the Company or any of its Subsidiaries or otherwise relating to the Engagement. Notwithstanding the foregoing, the Company and its Subsidiaries shall be afforded access to the communications and files within the Scope in connection with defending any Third Party Claims in which there is not a conflict of interest between the Members and the Parent Parties to the extent that such access would not jeopardize any attorney-client or other legal privilege, including the attorney-client privilege or the attorney work product privilege.

**ARTICLE III
COVENANTS**

Section 3.1 Generally.

(a) Each of the Stockholders agrees that during the Voting Period it shall not without the Members' Representative's prior written consent, (i) offer for sale, sell (including short sales), transfer, tender, pledge, encumber, assign or otherwise dispose of (including by gift) (collectively, a "Transfer"), or enter into any contract, option, derivative, hedging or other agreement or arrangement or understanding (including any profit-sharing arrangement) with respect to, or consent to, a Transfer of, any or all of the Subject Shares (except for option grants or other arrangements with directors of the Parent for compensation in their capacity as such made in the ordinary course consistent with past practice); (ii) grant any proxies or powers of attorney with respect to any or all of the Subject Shares, except as prescribed by Section 2.1 hereof and pursuant to Section 3.2 hereof; or (iii) take any action that would have the effect of preventing, impeding, interfering with or adversely affecting Stockholder's ability to perform its obligations under this Agreement. Any action attempted to be taken in violation of the preceding sentence will be null and void.

(b) In the event of a stock dividend or distribution, or any change in the Parent Common Stock by reason of any stock dividend or distribution, split-up, recapitalization, combination, conversion, exchange of shares or the like, the term "Subject Shares" shall be deemed to refer to and include the Subject Shares as well as all such stock dividends and distributions and any securities into which or for which any or all of the Subject Shares may be changed or exchanged or which are received in such transaction. Section 6.5 Headings. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 6.6 Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to any Party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the fullest extent possible.

Section 6.7 Entire Agreement: Assignment. This Agreement constitutes the entire agreement among the Parties with respect to the subject matter hereof and supersedes all prior agreements and undertakings, both written and oral, among the Parties, or any of them, with respect to the subject matter hereof. This Agreement shall not be assigned by operation of law or otherwise without the prior written consent of the other Party.

Section 6.8 Parties in Interest. This Agreement shall be binding upon and inure solely to the benefit of each Party hereto, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person any rights, benefits or remedies of any nature whatsoever under or by reason of this Agreement.

Section 6.9 Interpretation. When reference is made in this Agreement to a Section, such reference shall be to a Section of this Agreement unless otherwise indicated. Whenever the words “include”, “includes” or “including” are used in this Agreement, they shall be deemed to be followed by the words “without limitation.” The words “hereof,” “herein,” “hereby” and “hereunder” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. The word “or” shall not be exclusive. Whenever used in this Agreement, any noun or pronoun shall be deemed to include the plural as well as the singular and to cover all genders. This Agreement shall be construed without regard to any presumption or rule requiring construction or interpretation against the Party drafting or causing any instrument to be drafted.

Section 6.10 Governing Law. This Agreement shall in all respects be interpreted, construed and governed by and in accordance with the Laws of the State of Delaware, without regard to its conflicts of laws principles.

Section 6.11 Specific Performance; Remedies. Each Stockholder acknowledges that the Company and the Members shall be irreparably harmed and that there shall be no adequate remedy at Law for any violation or breach, or threatened breach, by any Stockholder of any of the covenants or agreements contained in this Agreement, and that any breach or threatened breach of this Agreement by a Stockholder, would not be adequately compensated by monetary damages alone. It is accordingly agreed, notwithstanding anything to the contrary set forth in this Agreement, that the Company and the Members’ Representative shall have the right to obtain injunctive relief to restrain a breach or threatened breach of, or otherwise to obtain specific performance of, the Stockholders’ covenants and agreements contained in this Agreement. Each Stockholder hereby agrees (i) to waive the defense in any such suit that the Company or the Members’ Representative have an adequate remedy at law, (ii) not to raise any objections to the availability of the equitable remedy of specific performance to prevent or restrain breaches or threatened breaches of this Agreement or to enforce compliance with, the covenants and obligations of the Stockholders under this Agreement, and (iii) to waive any requirement to post any bond, in each case, in connection with obtaining such relief. All rights and remedies of the Parties under this Agreement shall be cumulative, and the exercise of one or more rights or remedies shall not preclude the exercise of any other right or remedy available under this Agreement or applicable Law.

Section 6.12 Jurisdiction; Waiver of Jury Trial; Service of Process. The Parties agree that any proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement, prior to the Closing, shall be brought in any United States District Court for the Eastern District of Virginia located in Alexandria, Virginia, or if such court does not have jurisdiction, any Virginia state court in the City of Alexandria with jurisdiction. Each Party hereby irrevocably (a) submits to the exclusive jurisdiction of the state and federal courts sitting in such jurisdiction; (b) waives, and agrees not to assert, any claim that it is not subject to the jurisdiction of, or any objection to the laying of venue in, any such courts or that such action has been commenced in an improper or inconvenient forum; and (c) agrees that service of any process, summons, notice or document by U.S. registered mail to such Party’s address as provided herein shall be effective with respect to any matter for which it has submitted to jurisdiction hereby. The foregoing shall not constitute a general consent to service of process and shall have no effect for any purpose except as set forth in this Section 6.12. EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT. Each Party (x) certifies that no Representative of the other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the

foregoing waiver and (y) acknowledges that it and the other Party has been induced to enter into the agreements contemplated hereby by, among other things, the mutual waivers, agreements and certifications in this Section 6.12.

Section 6.13 Counterparts. This Agreement may be executed in counterparts (including by facsimile), each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

Section 6.14 No Partnership, Agency or Joint Venture. This Agreement is intended to create a contractual relationship between the Stockholders, on the one hand, and the Company, the Members or the Members' Representative, on the other hand, and is not intended to create, and does not create, any agency, partnership, joint venture or any like relationship between or among the Parties hereto. Without limiting the generality of the foregoing sentence, each of the Stockholders (a) is entering into this Agreement solely on its own behalf and shall not have any obligation to perform on behalf of any other Stockholder or any other holder of Parent Common Stock or any liability (regardless of the legal theory advanced) for any breach of this Agreement by any other Stockholder or other holder of Parent Common Stock and (b) by entering into this Agreement does not intend to form a "group" for purposes of Rule 13d-5(b)(1) of the Exchange Act or any other similar provision of applicable law.

2. *Definitions.* The following definitions shall be applicable throughout this Plan:

(a) *"Affiliate"* means (i) any person or entity that directly or indirectly controls, is controlled by or is under common control with the Company and/or (ii) to the extent provided by the Committee, any person or entity in which the Company has a significant interest as determined by the Committee in its discretion. The term "control" (including, with correlative meaning, the terms "controlled by" and "under common control with"), as applied to any person or entity, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such person or entity, whether through the ownership of voting or other securities, by contract or otherwise.

(b) *"Award"* means, individually or collectively, any Incentive Stock Option, Nonqualified Stock Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Stock Bonus Award and Performance Compensation Award granted under this Plan.

(c) *"Award Agreement"* means an agreement made and delivered in accordance with Section 15(a) of this Agreement evidencing the grant of an Award hereunder.

(d) *"Board"* means the Board of Directors of the Company.

(f) *"Business Day"* means any day other than a Saturday, a Sunday or a day on which banking institutions in New York City are authorized or obligated by federal law or executive order to be closed.

(g) *"Cause"* means, in the case of a particular Award, unless the applicable Award Agreement states otherwise, (i) the Company or an Affiliate having "cause" to terminate a Participant's employment or service, as defined in any employment or consulting agreement or similar document or policy between the Participant and the Company or an Affiliate in effect at the time of such termination or (ii) in the absence of any such employment or consulting agreement, document or policy (or the absence of any definition of "Cause" contained therein), (A) a continuing material breach or material default (including, without limitation, any material dereliction of duty) by Participant of any agreement between the Participant and the Company, except for any such breach or default which is caused by the physical disability of the Participant (as determined by a neutral physician), or a continuing failure by the Participant

to follow the direction of a duly authorized representative of the Company; (B) gross negligence, willful misfeasance or breach of fiduciary duty by the Participant; (C) the commission by the Participant of an act of fraud, embezzlement or any felony or other crime of dishonesty in connection with the Participant's duties; or (D) conviction of the Participant of a felony or any other crime that would materially and adversely affect: (i) the business reputation of the Company or (ii) the performance of the Participant's duties to the Company. Any determination of whether Cause exists shall be made by the Committee in its sole discretion.

3. *Effective Date; Duration.* The Plan shall be effective as of the Effective Date, subject to approval by the stockholders of the Company (or by the stockholders of Chart Acquisition Corp, as predecessor to the Company), which approval shall be within twelve (12) months before or after the date this Plan is adopted by the Board. The expiration date of this Plan, on and after which date no Awards may be granted hereunder, shall be the tenth anniversary of the Effective Date; *provided, however*, that such expiration shall not affect Awards then outstanding, and the terms and conditions of this Plan shall continue to apply to such Awards.

4. *Administration.*

(a) The Committee shall administer this Plan. To the extent required to comply with the provisions of Rule 16b-3 promulgated under the Exchange Act (if the Board is not acting as the Committee under this Plan) or necessary to obtain the exception for performance-based compensation under Section 162(m) of the Code, as applicable, it is intended that each member of the Committee shall, at the time he takes any action with respect to an Award under this Plan, be an Eligible Director. However, the fact that a Committee member shall fail to qualify as an Eligible Director shall not invalidate any Award granted by the Committee that is otherwise validly granted under this Plan. The acts of a majority of the members present at any meeting at which a quorum is present or acts approved in writing by a majority of the Committee shall be deemed the acts of the Committee. Whether a quorum is present shall be determined based on the Committee's charter as approved by the Board.

(b) Subject to the provisions of this Plan and applicable law, the Committee shall have the sole and plenary authority, in addition to other express powers and authorizations conferred on the Committee by this Plan and its charter, to: (i) designate Participants; (ii) determine the type or types of Awards to be granted to a Participant; (iii) determine the number of Common Shares to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, Common Shares, other securities, other Awards or other property, or canceled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances the delivery of cash, Common Shares, other securities, other Awards or other property and other amounts payable with respect to an Award; (vii) interpret, administer, reconcile any inconsistency in, settle any controversy regarding, correct any defect in and/or complete any omission in this Plan and any instrument or agreement relating to, or Award granted under, this Plan; (viii) establish, amend, suspend, or waive any rules and regulations and appoint such agents as the Committee shall deem appropriate for the proper administration of this Plan; (ix) accelerate the vesting or exercisability of, payment for or lapse of restrictions on, Awards; and (x) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of this Plan.

(c) The Committee may, by resolution, expressly delegate to a special committee, consisting of one or more directors who may but need not be officers of the Company, the authority, within specified parameters as to the number and types of Awards, to (i) designate officers and/or employees of the Company or any of its Affiliates to be recipients of Awards under the Plan, and (ii) to determine the number of such Awards to be received by any such Participants; provided, however, that such delegation of duties and responsibilities may not be made with respect to grants of Awards to persons (i) subject to Section 16 of the Exchange Act or (ii) who are, or who are reasonably expected to be, "covered employees" for purposes of Section 162(m) of the Code. The acts of such delegates shall be treated as acts of the Board, and such delegates shall report regularly to the Board and the Committee regarding the delegated duties and responsibilities and any Awards granted.

Table of Contents

(d) Unless otherwise expressly provided in this Plan, all designations, determinations, interpretations, and other decisions under or with respect to this Plan or any Award or any documents evidencing Awards granted pursuant to this Plan shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all persons or entities, including, without limitation, the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, and any stockholder of the Company.

(e) No member of the Board, the Committee, delegate of the Committee or any employee, advisor or agent of the Company or the Board or the Committee (each such person, an "Indemnifiable Person") shall be liable for any action taken or omitted to be taken or any determination made in good faith with respect to this Plan or any Award hereunder. Each Indemnifiable Person shall be indemnified and held harmless by the Company against and from (and the Company shall pay or reimburse on demand for) any loss, cost, liability, or expense (including attorneys' fees) that may be imposed upon or incurred by such Indemnifiable Person in connection with or resulting from any action, suit or proceeding to which such Indemnifiable Person may be a party or in which such Indemnifiable Person may be involved by reason of any action taken or omitted to be taken under this Plan or any Award Agreement and against and from any and all amounts paid by such Indemnifiable Person with the Company's approval, in settlement thereof, or paid by such Indemnifiable Person in satisfaction of any judgment in any such action, suit or proceeding against such Indemnifiable Person, provided, that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding and once the Company gives notice of its intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that the acts or omissions of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's Certificate of Incorporation or Bylaws. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such Indemnifiable Persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such Indemnifiable Persons or hold them harmless.

(f) Notwithstanding anything to the contrary contained in this Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards and administer this Plan with respect to such Awards. In any such case, the Board shall have all the authority granted to the Committee under this Plan.

Table of Contents

5. *Grant of Awards; Shares Subject to this Plan; Limitations.*

- (a) The Committee may, from time to time, grant Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Stock Bonus Awards and/or Performance Compensation Awards to one or more Eligible Persons.

- (c) Common Shares underlying Awards under this Plan that are forfeited, cancelled, expire unexercised, or are settled in cash shall be available again for Awards under this Plan at the same ratio at which they were previously granted. Notwithstanding the foregoing, the following Common Shares shall not be available again for Awards under the Plan: (i) shares tendered or held back upon the exercise of an Option or settlement of an Award to cover the Exercise Price of an Award; (ii) shares that are used or withheld to satisfy tax obligations of the Participant; and (iii) shares subject to a Stock Appreciation Right that are not issued in connection with the stock settlement of the SAR upon exercise thereof.
- (d) Common Shares delivered by the Company in settlement of Awards may be authorized and unissued shares, shares held in the treasury of the Company, shares purchased on the open market or by private purchase, or a combination of the foregoing.
- (e) Subject to compliance with Section 1.409A-3(f) of the Treasury Regulations, Awards may, in the sole discretion of the Committee, be granted under this Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by the Company or with which the Company combines ("Substitute Awards"). The number of Common Shares underlying any Substitute Awards shall be counted against the aggregate number of Common Shares available for Awards under this Plan.
- (f) Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Section 12), the Committee shall not grant to any one Eligible Person in any one calendar year Awards (i) for more than 150,000 Common Shares in the aggregate or (ii) payable in cash in an amount exceeding \$600,000 in the aggregate.

6. *Eligibility.* Participation shall be limited to Eligible Persons who have entered into an Award Agreement or who have received written notification from the Committee, or from a person designated by the Committee, that they have been selected to participate in this Plan.

7. *Options.*

(a) Generally. Each Option granted under this Plan shall be evidenced by an Award Agreement (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)). Each Option so granted shall be subject to the conditions set forth in this Section 7, and to such other conditions not inconsistent with this Plan as may be reflected in the applicable Award Agreement. All Options granted under this Plan shall be Nonqualified Stock Options unless the applicable Award Agreement expressly states that the Option is intended to be an Incentive Stock Option. Notwithstanding any designation of an Option, to the extent that the aggregate Fair Market Value of Common Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company or any Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonqualified Stock Options. Incentive Stock Options shall be granted only to Eligible Persons who are employees of the Company and its Affiliates, and no Incentive Stock Option shall be granted to any Eligible Person who is ineligible to receive an Incentive Stock Option under the Code. No Option shall be treated as an Incentive Stock Option unless this Plan has been approved by the stockholders of the Company in a manner intended to comply with the stockholder approval requirements of Section 422(b)(1) of the Code, provided that any Option intended to be an Incentive Stock Option shall not fail to be effective solely on account of a failure to obtain such approval, but rather such Option shall be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an Incentive Stock Option, the terms and conditions of such grant shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code. If for any reason an Option intended to be an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonqualified Stock Option appropriately granted under this Plan.

(b) Exercise Price. The exercise price ("Exercise Price") per Common Share for each Option shall not be less than 100% of the Fair Market Value of such share determined as of the Date of Grant; *provided, however*, that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns shares representing more than 10% of the voting power of all classes of shares of the Company or any Affiliate, the Exercise Price per share shall not be less than 110% of the Fair Market Value per share on the Date of Grant; *and, provided further*, that notwithstanding any provision herein to the contrary, the Exercise Price shall not be less than the par value per Common Share.

(c) Vesting and Expiration. Options shall vest and become exercisable in such manner and on such date or dates determined by the Committee and as set forth in the applicable Award Agreement, and shall expire after such period, not to exceed ten (10) years from the Date of Grant, as may be determined by the Committee (the "Option Period"); *provided, however*, that the Option Period shall not exceed five (5) years from the Date of Grant in the case of an Incentive Stock Option granted to a Participant who on the Date of Grant owns shares representing more than 10% of the voting power of all classes of shares of the Company or any Affiliate; *and, provided, further*, that notwithstanding any vesting dates set by the Committee, the Committee may, in its sole discretion, accelerate the exercisability of any Option, which acceleration shall not affect the terms and conditions of such Option other than with respect to exercisability. Unless otherwise provided by the Committee in an Award Agreement:

(i) an Option shall vest and become exercisable with respect to 100% of the Common Shares subject to such Option on the third (3rd) anniversary of the Date of Grant;

Table of Contents

- (ii) the unvested portion of an Option shall expire upon termination of employment or service of the Participant granted the Option, and the vested portion of such Option shall remain exercisable for:
- (A) one year following termination of employment or service by reason of such Participant's death or Disability (with the determination of Disability to be made by the Committee on a case by case basis), but not later than the expiration of the Option Period;
- (B) for directors, officers and employees of the Company only, for the remainder of the Option Period following termination of employment or service by reason of such Participant's Retirement (it being understood that any Incentive Stock Option held by the Participant shall be treated as a Nonqualified Stock Option if exercise is not undertaken within 90 days of the date of Retirement);
- (C) 90 calendar days following termination of employment or service for any reason other than such Participant's death, Disability or Retirement, and other than such Participant's termination of employment or service for Cause, but not later than the expiration of the Option Period; and
- (iii) both the unvested and the vested portion of an Option shall immediately expire upon the termination of the Participant's employment or service by the Company for Cause.
- (d) *Method of Exercise and Form of Payment.* No Common Shares shall be delivered pursuant to any exercise of an Option until payment in full of the Exercise Price therefor is received by the Company and the Participant has paid to the Company an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld. Options that have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award Agreement accompanied by payment of the Exercise Price. The Exercise Price shall be payable (i) in cash, check (subject to collection), cash equivalent and/or vested Common Shares valued at the Fair Market Value at the time the Option is exercised (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of Common Shares in lieu of actual delivery of such shares to the Company); *provided, however,* that such Common Shares are not subject to any pledge or other security interest and; (ii) by such other method as the Committee may permit in accordance with applicable law, in its sole discretion, including without limitation: (A) in other property having a fair market value (as determined by the Committee in its discretion) on the date of exercise equal to the Exercise Price or (B) if there is a public market for the Common Shares at such time, by means of a broker-assisted "cashless exercise" pursuant to which the Company is delivered a copy of irrevocable instructions to a stockbroker to sell the Common Shares otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price or (C) by a "net exercise" method whereby the Company withholds from the delivery of the Common Shares for which the Option was exercised that number of Common Shares having a Fair Market Value equal to the aggregate Exercise Price for the Common Shares for which the Option was exercised. Any fractional Common Shares shall be settled in cash.

(e) Notification upon Disqualifying Disposition of an Incentive Stock Option. Each Participant awarded an Incentive Stock Option under this Plan shall notify the Company in writing immediately after the date he makes a disqualifying disposition of any Common Shares acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including, without limitation, any sale) of such Common Shares before the later of (A) two years after the Date of Grant of the Incentive Stock Option or (B) one year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession of any Common Shares acquired pursuant to the exercise of an Incentive Stock Option as agent for the applicable Participant until the end of the period described in the preceding sentence.

(f) Compliance with Laws, etc. Notwithstanding the foregoing, in no event shall a Participant be permitted to exercise an Option in a manner that the Committee determines would violate the Sarbanes-Oxley Act of 2002, if applicable, or any other applicable law or the applicable rules and regulations of the Securities and Exchange Commission or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or traded.

8. Stock Appreciation Rights.

(a) Generally. Each SAR granted under this Plan shall be evidenced by an Award Agreement (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)). Each SAR so granted shall be subject to the conditions set forth in this Section 8, and to such other conditions not inconsistent with this Plan as may be reflected in the applicable Award Agreement. Any Option granted under this Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

(b) Exercise Price. The Exercise Price per Common Share for each Option shall not be less than 100% of the Fair Market Value of such share determined as of the Date of Grant.

(c) Vesting and Expiration. A SAR granted in connection with an Option shall become exercisable and shall expire according to the same vesting schedule and expiration provisions as the corresponding Option. A SAR granted independent of an Option shall vest and become exercisable and shall expire in such manner and on such date or dates determined by the Committee and shall expire after such period, not to exceed ten years, as may be determined by the Committee (the "SAR Period"); *provided, however*, that notwithstanding any vesting dates set by the Committee, the Committee may, in its sole discretion, accelerate the exercisability of any SAR, which acceleration shall not affect the terms and conditions of such SAR other than with respect to exercisability. Unless otherwise provided by the Committee in an Award Agreement:

(i) a SAR shall vest and become exercisable with respect to 100% of the Common Shares subject to such SAR on the third anniversary of the Date of Grant;

Table of Contents

- (ii) the unvested portion of a SAR shall expire upon termination of employment or service of the Participant granted the SAR, and the vested portion of such SAR shall remain exercisable for:
- (A) one year following termination of employment or service by reason of such Participant's death or Disability (with the determination of Disability to be made by the Committee on a case by case basis), but not later than the expiration of the SAR Period;
- (B) for directors, officers and employees of the Company only, for the remainder of the SAR Period following termination of employment or service by reason of such Participant's Retirement;
- (C) 90 calendar days following termination of employment or service for any reason other than such Participant's death, Disability or Retirement, and other than such Participant's termination of employment or service for Cause, but not later than the expiration of the SAR Period; and
- (iii) both the unvested and the vested portion of a SAR shall expire immediately upon the termination of the Participant's employment or service by the Company for Cause.
- (d) Method of Exercise. SARs that have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded. Notwithstanding the foregoing, if on the last day of the Option Period (or in the case of a SAR independent of an option, the SAR Period), the Fair Market Value exceeds the Strike Price, the Participant has not exercised the SAR or the corresponding Option (if applicable), and neither the SAR nor the corresponding Option (if applicable) has expired, such SAR shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.
- (e) Payment. Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of shares subject to the SAR that are being exercised multiplied by the excess, if any, of the Fair Market Value of one Common Share on the exercise date over the Strike Price, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld. The Company shall pay such amount in cash, in Common Shares valued at fair market value, or any combination thereof, as determined by the Committee. Any fractional Common Share shall be settled in cash.

9. *Restricted Stock and Restricted Stock Units.*

- (a) Generally. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award Agreement (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)). Each such grant shall be subject to the conditions set forth in this Section 9, and to such other conditions not inconsistent with this Plan as may be reflected in the applicable Award Agreement. Restricted Stock and Restricted Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, for example, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of Performance Goals or otherwise, as the Committee determines at the time of the grant of an Award or thereafter. Except as otherwise provided in an Award Agreement, a Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units until such time as Common Shares are paid in settlement of such Awards.

Table of Contents

(b) Restricted Accounts; Escrow or Similar Arrangement. Upon the grant of Restricted Stock, a book entry in a restricted account shall be established in the Participant's name at the Company's transfer agent and, if the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than held in such restricted account pending the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, if applicable, and (ii) the appropriate share power (endorsed in blank) with respect to the Restricted Stock covered by such agreement. If a Participant shall fail to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and blank share power within the amount of time specified by the Committee, the Award shall be null and void *ab initio*. Subject to the restrictions set forth in this Section 9 and the applicable Award Agreement, the Participant generally shall have the rights and privileges of a stockholder as to such Restricted Stock, including without limitation the right to vote such Restricted Stock and the right to receive dividends, if applicable. To the extent shares of Restricted Stock are forfeited, any share certificates issued to the Participant evidencing such shares shall be returned to the Company, and all rights of the Participant to such shares and as a stockholder with respect thereto shall terminate without further obligation on the part of the Company.

(c) Vesting; Acceleration of Lapse of Restrictions. Unless otherwise provided by the Committee in an Award Agreement: (i) the Restricted Period shall lapse with respect to 100% of the Restricted Stock and Restricted Stock Units on the third (3rd) anniversary of the Date of Grant; and (ii) the unvested portion of Restricted Stock and Restricted Stock Units shall terminate and be forfeited upon termination of employment or service of the Participant granted the applicable Award.

(d) Delivery of Restricted Stock and Settlement of Restricted Stock Units. (i) Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in the applicable shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his beneficiary, without charge, the share certificate evidencing the shares of Restricted Stock that have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock shall be distributed to the Participant in cash or, at the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends (except as otherwise set forth by the Committee in the applicable Award Agreement).

Table of Contents

(ii) Unless otherwise provided by the Committee in an Award Agreement, upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his beneficiary, without charge, one Common Share for each such outstanding Restricted Stock Unit; *provided, however,* that the Committee may, in its sole discretion and subject to the requirements of Section 409A of the Code, elect to (i) pay cash or part cash and part Common Share in lieu of delivering only Common Shares in respect of such Restricted Stock Units or (ii) defer the delivery of Common Shares (or cash or part Common Shares and part cash, as the case may be) beyond the expiration of the Restricted Period if such delivery would result in a violation of applicable law until such time as is no longer the case. If a cash payment is made in lieu of delivering Common Shares, the amount of such payment shall be equal to the Fair Market Value of the Common Shares as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld.

10. *Stock Bonus Awards.* The Committee may issue unrestricted Common Shares, or other Awards denominated in Common Shares, under this Plan to Eligible Persons, either alone or in tandem with other awards, in such amounts as the Committee shall from time to time in its sole discretion determine. Each Stock Bonus Award granted under this Plan shall be evidenced by an Award Agreement (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)). Each Stock Bonus Award so granted shall be subject to such conditions not inconsistent with this Plan as may be reflected in the applicable Award Agreement.

11. *Performance Compensation Awards.*

(a) *Generally.* The provisions of the Plan are intended to enable Options and Stock Appreciation Rights granted hereunder to certain Eligible Persons to qualify for an exemption under Section 162(m) of the Code. The Committee shall have the authority, at the time of grant of any Award described in Sections 7 through 10 of this Plan, to designate any other Award as a Performance Compensation Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code. The Committee shall have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code.

(b) *Discretion of Committee with Respect to Performance Compensation Awards.* With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply and the Performance Formula. Within the first 90 calendar days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code, if applicable), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

Table of Contents

(c) *Performance Criteria.* The Performance Criteria that will be used to establish the Performance Goal(s) shall be based on the attainment of specific levels of performance of the Company and/or one or more Affiliates, divisions or operational units, or any combination of the foregoing, as determined by the Committee, which criteria will be based on one or more of the following business criteria: (i) revenue; (ii) sales; (iii) profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures); (iv) earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures); (v) net income (before or after taxes, operating income or other income measures); (vi) cash (cash flow, cash generation or other cash measures); (vii) stock price or performance; (viii) total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price); (ix) economic value added; (x) return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales); (xi) market share; (xii) improvements in capital structure; (xiii) expenses (expense management, expense ratio, expense efficiency ratios or other expense measures); (xiv) business expansion or consolidation (acquisitions and divestitures); (xv) internal rate of return or increase in net present value; (xvi) working capital targets relating to inventory and/or accounts receivable; (xvii) inventory management; (xviii) service or product delivery or quality; (xix) customer satisfaction; (xx) employee retention; (xxi) safety standards; (xxii) productivity measures; (xxiii) cost reduction measures; and/or (xxiv) strategic plan development and implementation. Any one or more of the Performance Criteria adopted by the Committee may be used on an absolute or relative basis to measure the performance of the Company and/or one or more Affiliates as a whole or any business unit(s) of the Company and/or one or more Affiliates or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Criteria may be compared to the performance of a selected group of comparison companies, or a published or special index that the Committee, in its sole discretion, deems appropriate, or as compared to various stock market indices. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of Performance Goals pursuant to the Performance Criteria specified in this paragraph. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 calendar days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period and thereafter promptly communicate such Performance Criteria to the Participant.

(d) *Modification of Performance Goal(s).* In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Criteria without obtaining stockholder approval of such alterations, the Committee shall have sole discretion to make such alterations without obtaining stockholder approval. The Committee is authorized at any time during the first 90 calendar days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code, if applicable), or at any time thereafter to the extent the exercise of such authority at such time would not cause the Performance Compensation Awards granted to any Participant for such Performance Period to fail to qualify as “performance-based compensation” under Section 162(m) of the Code, in its sole discretion, to adjust or modify the calculation of a Performance Goal for such Performance Period, based on and in order to appropriately reflect the following events: (i) asset write-downs; (ii) litigation or claim judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 (or any successor pronouncement thereto) and/or in management’s discussion and analysis of financial condition and results of operations appearing in the Company’s annual report to stockholders for the applicable year; (vi) acquisitions or divestitures; (vii) any other specific unusual or nonrecurring events, or objectively determinable category thereof; (viii) foreign exchange gains and losses; and (ix) a change in the Company’s fiscal year.

(e) Payment of Performance Compensation Awards.

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) Limitation. A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) all or some of the portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals.

(iii) Certification. Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.

(iv) Use of Negative Discretion. In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole judgment, such reduction or elimination is appropriate. The Committee shall not have the discretion, except as is otherwise provided in this Plan, to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained; or (B) increase a Performance Compensation Award above the applicable limitations set forth in Section 5 of this Plan.

(f) Timing of Award Payments. Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 11, but in no event later than two-and-one-half months following the end of the fiscal year during which the Performance Period is completed in order to comply with the short-term deferral rules under Section 1.409A-1(b)(4) of the Treasury Regulations. Notwithstanding the foregoing, payment of a Performance Compensation Award may be delayed, as permitted by Section 1.409A-2(b)(7)(i) of the Treasury Regulations, to the extent that the Company reasonably anticipates that if such payment were made as scheduled, the Company's tax deduction with respect to such payment would not be permitted due to the application of Section 162(m) of the Code.

12. *Changes in Capital Structure and Similar Events.* In the event of (a) any dividend or other distribution (whether in the form of cash, Common Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, amalgamation, consolidation, split-up, split-off, combination, repurchase or exchange of Common Shares or other securities of the Company, issuance of warrants or other rights to acquire Common Shares or other securities of the Company, or other similar corporate transaction or event (including, without limitation, a Change in Control) that affects the Common Shares, or (b) unusual or nonrecurring events (including, without limitation, a Change in Control) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles or law, such that in either case an adjustment is determined by the Committee in its sole discretion to be necessary or appropriate in order to prevent dilution or enlargement of rights, then the Committee shall make any such adjustments that are equitable, including without limitation any or all of the following:

(i) adjusting any or all of (A) the number of Common Shares or other securities of the Company (or number and kind of other securities or other property) that may be delivered in respect of Awards or with respect to which Awards may be granted under this Plan (including, without limitation, adjusting any or all of the limitations under Section 5 of this Plan) and (B) the terms of any outstanding Award, including, without limitation, (1) the number of Common Shares or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate, (2) the Exercise Price or Strike Price with respect to any Award or (3) any applicable performance measures (including, without limitation, Performance Criteria and Performance Goals);

(ii) providing for a substitution or assumption of Awards, accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time for exercise prior to the occurrence of such event; and

(iii) subject to the requirements of Section 409A of the Code, canceling any one or more outstanding Awards and causing to be paid to the holders thereof, in cash, Common Shares, other securities or other property, or any combination thereof, the value of such Awards, if any, as determined by the Committee (which if applicable may be based upon the price per Common Share received or to be received by other stockholders of the Company in such event), including without limitation, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the fair market value (as of a date specified by the Committee) of the Common Shares subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR, respectively (it being understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the fair market value of a Common Share subject thereto may be canceled and terminated without any payment or consideration therefor); *provided, however*, that in the case of any “equity restructuring” (within the meaning of the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004) or ASC Topic 718, or any successor thereto), the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring. Any adjustment in Incentive Stock Options under this Section 12 (other than any cancellation of Incentive Stock Options) shall be made only to the extent not constituting a “modification” within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 12 shall be made in a manner that does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

13. *Effect of Change in Control.* Except to the extent otherwise provided in an Award Agreement, in the event of a Change in Control, notwithstanding any provision of this Plan to the contrary, with respect to all or any portion of a particular outstanding Award or Awards:

- (a) all of the then outstanding Options and SARs shall immediately vest and become immediately exercisable as of a time prior to the Change in Control;
- (b) the Restricted Period shall expire as of a time prior to the Change in Control (including without limitation a waiver of any applicable Performance Goals);
- (c) Performance Periods in effect on the date the Change in Control occurs shall end on such date, and the Committee shall (i) determine the extent to which Performance Goals with respect to each such Performance Period have been met based upon such audited or unaudited financial information or other information then available as it deems relevant and (ii) cause the Participant to receive partial or full payment of Awards for each such Performance Period based upon the Committee's determination of the degree of attainment of the Performance Goals, or assuming that the applicable "target" levels of performance have been attained or on such other basis determined by the Committee.

To the extent practicable, any actions taken by the Committee under the immediately preceding clauses (a) through (c) shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control transactions with respect to the Common Shares subject to their Awards.

14. *Amendments and Termination.*

- (a) *Amendment and Termination of this Plan.* The Board may amend, alter, suspend, discontinue, or terminate this Plan or any portion thereof at any time; provided, that (i) no amendment to the definition of Eligible Person in Section 2(q), Section 5(b), Section 11(c) or Section 14(b) (to the extent required by the proviso in such Section 14(b)) shall be made without stockholder approval and (ii) no such amendment, alteration, suspension, discontinuation or termination shall be made without stockholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to this Plan (including, without limitation, as necessary to comply with any rules or requirements of any securities exchange or inter-dealer quotation system on which the Common Shares may be listed or quoted or to prevent the Company from being denied a tax deduction under Section 162(m) of the Code); *and, provided, further*, that any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the prior written consent of the affected Participant, holder or beneficiary.

Table of Contents

(c) Amendment of Award Agreements. The Committee may, to the extent consistent with the terms of any applicable Award Agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award Agreement, prospectively or retroactively; *provided, however* that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant; *and, provided, further*, that without stockholder approval, except as otherwise permitted under Section 12 of this Plan, (i) no amendment or modification may reduce the Exercise Price of any Option or the Strike Price of any SAR, (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR, another Award or cash or take any action that would have the effect of treating such Award as a new Award for tax or accounting purposes and (iii) the Committee may not take any other action that is considered a “repricing” for purposes of the stockholder approval rules of the applicable securities exchange or inter-dealer quotation system on which the Common Shares are listed or quoted.

15. *General.*

(a) Award Agreements. Each Award under this Plan shall be evidenced by an Award Agreement, which shall be delivered to the Participant (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)) and shall specify the terms and conditions of the Award and any rules applicable thereto, including without limitation, the effect on such Award of the death, Disability or termination of employment or service of a Participant, or of such other events as may be determined by the Committee. The Company’s failure to specify any term of any Award in any particular Award Agreement shall not invalidate such term, provided such terms was duly adopted by the Board or the Committee.

(b) Nontransferability; Trading Restrictions.

(i) Each Award shall be exercisable only by a Participant during the Participant’s lifetime, or, if permissible under applicable law, by the Participant’s legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(ii) Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than Incentive Stock Options) to be transferred by a Participant, with or without consideration, subject to such rules as the Committee may adopt consistent with any applicable Award Agreement to preserve the purposes of this Plan, to: (A) any person who is a “family member” of the Participant, as such term is used in the instructions to Form S-8 under the Securities Act (collectively, the “*Immediate Family Members*”); (B) a trust solely for the benefit of the Participant and his or her Immediate Family Members; or (C) a partnership or limited liability company whose only partners or stockholders are the Participant and his or her Immediate Family Members; or (D) any other transferee as may be approved either (I) by the Board or the Committee in its sole discretion, or (II) as provided in the applicable Award Agreement (each transferee described in clauses (A), (B) (C) and (D) above is hereinafter referred to as a “*Permitted Transferee*”); provided, that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of this Plan.

(iii) The terms of any Award transferred in accordance with the immediately preceding sentence shall apply to the Permitted Transferee and any reference in this Plan, or in any applicable Award Agreement, to a Participant shall be deemed to refer to the Permitted Transferee, except that (A) Permitted Transferees shall not be entitled to transfer any Award, other than by will or the laws of descent and distribution; (B) Permitted Transferees shall not be entitled to exercise any transferred Option unless there shall be in effect a registration statement on an appropriate form covering the Common Shares to be acquired pursuant to the exercise of such Option if the Committee determines, consistent with any applicable Award Agreement, that such a registration statement is necessary or appropriate; (C) the Committee or the Company shall not be required to provide any notice to a Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under this Plan or otherwise; and (D) the consequences of the termination of the Participant’s employment by, or services to, the Company or an Affiliate under the terms of this Plan and the applicable Award Agreement shall continue to be applied with respect to the Participant, including, without limitation, that an Option shall be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in this Plan and the applicable Award Agreement.

(iv) The Committee shall have the right, either on an Award-by-Award basis or as a matter of policy for all Awards or one or more classes of Awards, to condition the delivery of vested Common Shares received in connection with such Award on the Participant’s agreement to such restrictions as the Committee may determine.

(c) *Tax Withholding.*

(i) A Participant shall be required to pay to the Company or any Affiliate, or the Company or any Affiliate shall have the right and is hereby authorized to withhold, from any cash, Common Shares, other securities or other property deliverable under any Award or from any compensation or other amounts owing to a Participant, the amount (in cash, Common Shares, other securities or other property) of any required withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under this Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such withholding and taxes.

Table of Contents

(ii) Without limiting the generality of clause (i) above, the Committee may, in its sole discretion, permit a Participant to satisfy, in whole or in part, the foregoing withholding liability by (A) the delivery of Common Shares (which are not subject to any pledge or other security interest) owned by the Participant having a fair market value equal to such withholding liability or (B) having the Company withhold from the number of Common Shares otherwise issuable or deliverable pursuant to the exercise or settlement of the Award a number of shares with a fair market value equal to such withholding liability (but no more than the minimum required statutory withholding liability).

(d) No Claim to Awards; No Rights to Continued Employment; Waiver. No employee of the Company or an Affiliate, or other person, shall have any claim or right to be granted an Award under this Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither this Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or an Affiliate, nor shall it be construed as giving any Participant any rights to continued service on the Board. The Company or any of its Affiliates may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under this Plan, unless otherwise expressly provided in this Plan or any Award Agreement. By accepting an Award under this Plan, a Participant shall thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under this Plan or any Award Agreement, notwithstanding any provision to the contrary in any written employment contract or other agreement between the Company and its Affiliates and the Participant, whether any such agreement is executed before, on or after the Date of Grant.

(e) International Participants. With respect to Participants who reside or work outside of the United States of America and who are not (and who are not expected to be) "covered employees" within the meaning of Section 162(m) of the Code, the Committee may in its sole discretion amend the terms of this Plan or outstanding Awards (or establish a sub-plan) with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, the Company or its Affiliates.

(f) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary(ies) who shall be entitled to receive the amounts payable with respect to an Award, if any, due under this Plan upon his or her death. A Participant may, from time to time, revoke or change his or her beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation filed with the Committee shall be controlling; *provided, however*, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, the beneficiary shall be deemed to be his or her spouse or, if the Participant is unmarried at the time of death, his or her estate. Upon the occurrence of a Participant's divorce (as evidenced by a final order or decree of divorce), any spousal designation previously given by such Participant shall automatically terminate.

(g) Termination of Employment/Service. Unless determined otherwise by the Committee at any point following such event: (i) neither a temporary absence from employment or service due to illness, vacation or leave of absence nor a transfer from employment or service with the Company to employment or service with an Affiliate (or vice-versa) shall be considered a termination of employment or service with the Company or an Affiliate; and (ii) if a Participant's employment with the Company and its Affiliates terminates, but such Participant continues to provide services to the Company and its Affiliates in a non-employee capacity (or vice-versa), such change in status shall not be considered a termination of employment with the Company or an Affiliate.

(h) No Rights as a Stockholder. Except as otherwise specifically provided in this Plan or any Award Agreement, no person shall be entitled to the privileges of ownership in respect of Common Shares that are subject to Awards hereunder until such shares have been issued or delivered to that person.

(i) Government and Other Regulations.

(i) The obligation of the Company to settle Awards in Common Shares or other consideration shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell, and shall be prohibited from offering to sell or selling, any Common Shares pursuant to an Award unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel, satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the Common Shares to be offered or sold under this Plan. The Committee shall have the authority to provide that all certificates for Common Shares or other securities of the Company or any Affiliate delivered under this Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under this Plan, the applicable Award Agreement, the federal securities laws, or the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or inter-dealer quotation system upon which such shares or other securities are then listed or quoted and any other applicable federal, state, local or non-U.S. laws, and, without limiting the generality of Section 9 of this Plan, the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. Notwithstanding any provision in this Plan to the contrary, the Committee reserves the right to add any additional terms or provisions to any Award granted under this Plan that it in its sole discretion deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

Table of Contents

(ii) The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions and/or blockage and/or other market considerations would make the Company's acquisition of Common Shares from the public markets, the Company's issuance of Common Shares to the Participant, the Participant's acquisition of Common Shares from the Company and/or the Participant's sale of Common Shares to the public markets, illegal, impracticable or inadvisable. If the Committee determines to cancel all or any portion of an Award in accordance with the foregoing, unless doing so would violate Section 409A of the Code, the Company shall pay to the Participant an amount equal to the excess of (A) the aggregate fair market value of the Common Shares subject to such Award or portion thereof canceled (determined as of the applicable exercise date, or the date that the shares would have been vested or delivered, as applicable), over (B) the aggregate Exercise Price or Strike Price (in the case of an Option or SAR, respectively) or any amount payable as a condition of delivery of Common Shares (in the case of any other Award). Such amount shall be delivered to the Participant as soon as practicable following the cancellation of such Award or portion thereof. The Committee shall have the discretion to consider and take action to mitigate the tax consequence to the Participant in cancelling an Award in accordance with this clause.

(j) Payments to Persons Other Than Participants. If the Committee shall find that any person to whom any amount is payable under this Plan is unable to care for his affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs the Company, be paid to his spouse, child, relative, an institution maintaining or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(k) Nonexclusivity of this Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options or other equity-based awards otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

(l) No Trust or Fund Created. Neither this Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on the one hand, and a Participant or other person or entity, on the other hand. No provision of this Plan or any Award shall require the Company, for the purpose of satisfying any obligations under this Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under this Plan other than as general unsecured creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(m) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in acting or failing to act, as the case may be, and shall not be liable for having so acted or failed to act in good faith, in reliance upon any report made by the independent public accountant of the Company and its Affiliates and/or any other information furnished in connection with this Plan by any agent of the Company or the Committee or the Board, other than himself.

- (n) Relationship to Other Benefits. No payment under this Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan.
- (o) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware, without giving effect to the conflict of laws provisions.
- (p) Severability. If any provision of this Plan or any Award or Award Agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or entity or Award, or would disqualify this Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws in the manner that most closely reflects the original intent of the Award or the Plan, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of this Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, person or entity or Award and the remainder of this Plan and any such Award shall remain in full force and effect.
- (q) Obligations Binding on Successors. The obligations of the Company under this Plan shall be binding upon any successor corporation or organization resulting from the merger, amalgamation, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.
- (r) Code Section 162(m) Approval. If so determined by the Committee, the provisions of this Plan regarding Performance Compensation Awards shall be disclosed and reapproved by stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which stockholders previously approved such provisions, in each case in order for certain Awards granted after such time to be exempt from the deduction limitations of Section 162(m) of the Code. Nothing in this clause, however, shall affect the validity of Awards granted after such time if such stockholder approval has not been obtained.
- (s) Expenses; Gender; Titles and Headings. The expenses of administering this Plan shall be borne by the Company and its Affiliates. Masculine pronouns and other words of masculine gender shall refer to both men and women. The titles and headings of the sections in this Plan are for convenience of reference only, and in the event of any conflict, the text of this Plan, rather than such titles or headings shall control.
- (t) Other Agreements. Notwithstanding the above, the Committee may require, as a condition to the grant of and/or the receipt of Common Shares under an Award, that the Participant execute lock-up, stockholder or other agreements, as it may determine in its sole and absolute discretion.

(u) Section 409A. The Plan and all Awards granted hereunder are intended to comply with, or otherwise be exempt from, the requirements of Section 409A of the Code. The Plan and all Awards granted under this Plan shall be administered, interpreted, and construed in a manner consistent with Section 409A of the Code to the extent necessary to avoid the imposition of additional taxes under Section 409A(a)(1)(B) of the Code. Notwithstanding anything in this Plan to the contrary, in no event shall the Committee exercise its discretion to accelerate the payment or settlement of an Award where such payment or settlement constitutes deferred compensation within the meaning of Section 409A of the Code unless, and solely to the extent that, such accelerated payment or settlement is permissible under Section 1.409A-3(j)(4) of the Treasury Regulations. If a Participant is a “specified employee” (within the meaning of Section 1.409A-1(i) of the Treasury Regulations) at any time during the twelve (12)-month period ending on the date of his termination of employment, and any Award hereunder subject to the requirements of Section 409A of the Code is to be satisfied on account of the Participant’s termination of employment, satisfaction of such Award shall be suspended until the date that is six (6) months after the date of such termination of employment.

(v) Payments. Participants shall be required to pay, to the extent required by applicable law, any amounts required to receive Common Shares under any Award made under this Plan.

Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding, the number of authorized shares of Common Stock or Preferred Stock may be increased or decreased, in each case by the affirmative vote of the holders of a majority in voting power of the stock of the Corporation entitled to vote thereon irrespective of the provisions of Section 242(b)(2) of the DGCL, and no vote of the holders of any of the Common Stock or Preferred Stock voting separately as a class will be required therefor. Section 4.2 Preferred Stock. The Preferred Stock may be issued from time to time in one or more series. (b) Dividends and Distributions. Subject to the rights, if any, of the holders of any outstanding series of Preferred Stock, the holders of the Common Stock shall be entitled to receive dividends and other distributions (payable in cash, property or capital stock of the Corporation) when, as and if declared thereon by the Board from time to time out of any assets or funds of the Corporation legally available therefor, and shall share equally on a per share basis in such dividends and distributions.

(c) Liquidation, Dissolution or Winding Up. Subject to the rights, if any, of the holders of any outstanding series of the Preferred Stock, in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, after payment or provision for payment of the debts and other liabilities of the Corporation, the holders of the Common Stock shall be entitled to receive all the remaining assets of the Corporation available for distribution to its stockholders, ratably in proportion to the number of shares of the Common Stock held by them.

The Corporation has the authority to create and issue rights, warrants and options entitling the holders thereof to purchase shares of any class or series of the Corporation's capital stock or other securities of the Corporation, and such rights, warrants and options shall be evidenced by instrument(s) approved by the Board. The Board is empowered to set the exercise price, duration, times for exercise and other terms and conditions of such rights, warrants or options; provided, however, that the consideration to be received for any shares of capital stock subject thereto may not be less than the par value thereof.

ARTICLE V

BOARD OF DIRECTORS

Section 5.1 Board Powers. The business and affairs of the Corporation shall be managed by, or under the direction of, the Board. In addition to the powers and authority expressly conferred upon the Board by statute, this Amended Certificate or the Bylaws ("**Bylaws**") of the Corporation, the Board is hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the DGCL, this Amended Certificate and any Bylaws adopted by the stockholders; provided, however, that no Bylaws hereafter adopted by the stockholders shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

Section 5.2 Number, Election and Term.

(a) The number of directors of the Corporation, other than those who may be elected by the holders of one or more series of the Preferred Stock voting separately by class or series, shall be fixed from time to time exclusively by the

Board pursuant to a resolution adopted by a majority of the Whole Board; provided, that, for so long as the Members (as such term is defined in that certain Agreement and Plan of Merger, dated as of January 5, 2015, as amended, by and among Tempus Applied Solutions, LLC, a Delaware limited liability company, the Members (as defined therein), the Members' Representative (as defined therein), Chart Acquisition Corp., a Delaware corporation, the Corporation, Chart Merger Sub Inc., a Delaware limited liability company, TAS Merger Sub LLC, a Delaware limited liability company, Chart Financing Sub Inc., a Delaware corporation, TAS Financing Sub Inc., a Delaware corporation, the Chart Representative (as defined therein) and, for the limited purposes specified therein, the Warrant Offerors (as defined therein), the "**Members**") hold at least forty-five percent (45%) of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, the number of directors of the Corporation shall be seven (7) unless otherwise consented to by the holders of a majority of the voting power of all then outstanding shares of capital stock of the Corporation held by all Members. For purposes of this Amended Certificate, "**Whole Board**" shall mean the total number of directors the Corporation would have if there were no vacancies.

(b) Subject to Section 5.5 hereof, the Board shall be divided into three (3) classes, as nearly equal in number as possible and designated Class I, Class II and Class III. The Board is authorized to assign members of the Board already in office to Class I, Class II and Class III. The term of the initial Class I Directors shall expire at the first annual meeting of the stockholders of the Corporation following the effectiveness of this Amended Certificate; the term of the initial Class II Directors shall expire at the second annual meeting of the stockholders of the Corporation following the effectiveness of this Amended Certificate; and the term of the initial Class III Directors shall expire at the third annual meeting of the stockholders of the Corporation following the effectiveness of this Amended Certificate. At each succeeding annual meeting of the stockholders of the Corporation, beginning with the first annual meeting of the stockholders of the Corporation following the effectiveness of this Amended Certificate, successors to the class of directors whose term expires at that annual meeting shall be elected for a three (3) year term. Subject to Section 5.5 hereof, if the number of directors is changed, any increase or decrease shall be apportioned by the Board among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case shall a decrease in the number of directors shorten the term of any incumbent director.

(c) Subject to Section 5.5 hereof, a director shall hold office until the annual meeting for the year in which his or her term expires and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

(d) Unless and except to the extent that the Bylaws shall so require, the election of directors need not be by written ballot.

Section 5.3 Newly Created Directorships and Vacancies. Subject to Section 5.5 hereof, newly created directorships resulting from an increase in the number of directors and any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal or other cause may be filled solely by a majority vote of the remaining directors then in office, even if less than a quorum, or by a sole remaining director (and not by stockholders), and any director so chosen shall hold office for the remainder of the full term of the class of directors to which the new directorship was added or in which the vacancy occurred and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal; provided, that, any vacancy created by the removal of a director pursuant to Section 5.4 may be filled by the stockholders of the Corporation holding a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors.

Section 5.4 Removal. Subject to Section 5.5 hereof, any or all of the directors may be removed from office at any time, but only for cause and only by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

Section 5.5 Preferred Stock - Directors. Notwithstanding any other provision of this *Article V*, and except as otherwise required by law, whenever the holders of one or more series of the Preferred Stock shall have the right, voting separately by class or series, to elect one or more directors, the term of office, the filling of vacancies, the removal from office and other features of such directorships shall be governed by the terms of such series of the Preferred Stock as set forth in this Amended Certificate (including any Preferred Stock Designation) and such directors shall not be included in any of the classes created pursuant to this *Article V* unless expressly provided by such terms.

ARTICLE VI

BYLAWS

In furtherance and not in limitation of the powers conferred upon it by law, the Board shall have the power to adopt, amend, alter or repeal the Bylaws. The affirmative vote of a majority of the Whole Board shall be required to adopt, amend, alter or repeal the Bylaws pursuant to the preceding sentence. The Bylaws also may be adopted, amended, altered or repealed by the stockholders; provided, however, that in addition to any vote of the holders of any class or series of capital stock of the Corporation required by law or by this Amended Certificate (including any Preferred Stock Designation), the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders to adopt, amend, alter or repeal the Bylaws.

ARTICLE VII

MEETINGS OF STOCKHOLDERS; ACTION BY WRITTEN CONSENT

Section 7.1 Meetings. Subject to the rights of the holders of any outstanding series of the Preferred Stock, and to the requirements of applicable law, special meetings of stockholders of the Corporation may be called only by the Chairman of the Board, the Chief Executive Officer of the Corporation, or the Board pursuant to a resolution adopted by a majority of the Whole Board, and the ability of the stockholders to call a special meeting is hereby specifically denied.

Section 7.2 Advance Notice. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

Section 7.3 Action by Written Consent. Any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such holders and may not be effected by written consent of the stockholders; provided, that the actions contemplated by the proviso to Section 5.3 and by Section 5.4 may be effected by written consent of the stockholders of the Corporation (holding a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors) in lieu of a meeting.

ARTICLE VIII

LIMITED LIABILITY; INDEMNIFICATION

Section 8.1 Limitation of Director Liability. A director of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

Section 8.2 Indemnification and Advancement of Expenses.

(a) To the fullest extent permitted by applicable law, as the same exists or may hereafter be amended, the Corporation shall indemnify and hold harmless each person who is or was made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a “*proceeding*”) by reason of the fact that he or she is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, other enterprise or nonprofit entity, including service with respect to an employee benefit plan (an “*indemnitee*”), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys’ fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding. The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys’ fees) incurred by an indemnitee in defending or otherwise participating in any proceeding in advance of its final disposition; provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking, by or on behalf of the indemnitee, to repay all amounts so advanced if it shall ultimately be determined that the indemnitee is not entitled to be indemnified under this Section 8.2 or otherwise. The rights to indemnification and advancement of expenses conferred by this Section 8.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Notwithstanding the foregoing provisions of this Section 8.2(a), except for proceedings to enforce rights to indemnification and advancement of expenses, the Corporation shall indemnify and advance expenses to an indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board.

(b) The rights to indemnification and advancement of expenses conferred on any indemnitee by this Section 8.2 shall not be exclusive of any other rights that any indemnitee may have or hereafter acquire under law, this Amended Certificate, the Bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

(c) Any repeal or amendment of this Section 8.2 by the stockholders of the Corporation or the Board or by changes in law, or the adoption of any other provision of this Amended Certificate inconsistent with this Section 8.2, shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to provide broader indemnification rights on a retroactive basis than permitted prior thereto), and shall not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any proceeding (regardless of when such proceeding is first threatened, commenced or completed) arising out of, or related to, any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

(d) This Section 8.2 shall not limit the right of the Corporation, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than indemnitees.

Annex E

Section 262 of the General Corporation Law of the State of Delaware

§ 262. Appraisal rights.

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;

- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 251(h), § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word "amendment" substituted for the words "merger or consolidation," and the word "corporation" substituted for the words "constituent corporation" and/or "surviving or resulting corporation."

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of

such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

Table of Contents

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
