SECTION 8 - OTHER EVENTS

ITEM 8.01

On November 21, 2006, Michael Baker Corporation (the "Company") (Amex:BKR) announced that it has completed the determination of the financial accounting treatment related to the receipt of a letter from a state Department of Revenue advising that the Company's November 2006 payment of sales and use taxes and related interest totaling approximately \$121,000 satisfies the terms of that state's voluntary disclosure program and that no further taxes are due for the period January 1, 2002 through August 31, 2006.

Accordingly, the Company has determined that it will reverse an amount of \$4.7 million, which represents the net of the amount accrued as a liability for potential sales and use taxes and related interest less the payment referenced above, for the time period above. That reversal, and its expected effect on the Company's effective tax rate, which will be included in the Company's fourth quarter 2006 financial results, equates to approximately \$0.30 to \$0.33 of earnings per diluted common share. A copy of the press release making this announcement is attached to this report as Exhibit 99.1 and incorporated herein by reference.
