### **Petrobras Issues US\$ 7 billion in Global Notes**

Rio de Janeiro, February 6, 2012 - Petroleo Brasileiro SA - Petrobras announces that it closed today the issuance of Global Notes in the international capital markets in the amount of US\$ 7 billion. The Notes were issued by Petrobras' wholly owned subsidiary, Petrobras International Finance Company ("PifCo"). The transaction - the issuance of notes due 2015 and 2017 and the reopening of the bonds due 2021 and 2041 - was priced on February 1, 2012 .

The transaction was executed in one day, with a demand of approximately US\$ 25 billion as a result of more than 1,600 orders coming from more than 700 investors. This issue sets the following records:

- Ø Largest ever Brazilian international bond offering
- Ø Largest emerging market corporate bond offering in recent years
- Ø Lowest yield for a Brazilian company (03 and 05 year terms)
- Ø Lowest yield for the 10 year bond issued by Petrobras
- Ø Lowest yield for a 30 year for a Brazilian Company

The final allocation was more concentrated in the United States (58.4%), Europe (28.1%) and Asia, mostly dedicated to the high grade market.

The success of the transaction indicates investor confidence in the fundamentals of the Company, its growth strategy and its commitment to maintain the investment grade, as indicated by monitoring debt ratios targets and presenting significant cash generation levels. Additionally, the transaction is aligned with the fund-raising strategy announced by the Company to access the market at specific moments and for volumes required for the financing of investments as defined in the Business Plan.

Here is the main information regarding the issue and reopening

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
