## NOTICE TO THE MARKET

Companhia Siderúrgica Nacional ("Company" or "CSN") received Official Letter BOVESPA 2261/2015-SAE of June 30, 2015, with the following content:

*"We request clarifications, by July 01, 2015, on the content of the news published on the O Estado de São Paulo newspaper, issue of June 30, 2015, entitled "The Federal Public Prosecutor's Office (MPF) requests the suspension of CSN's activities in the Volta Redonda unit (RJ)", as well as other information deemed relevant."*

To this purpose, CSN clarifies the following:

- 1- Until the present time, the Company has not been formally cited on the Public Civil Action mentioned on said news and, therefore, it is unaware of its content.
- 2- The Company develops various environmental projects, some of which object of Terms of Undertaking ("TAC") entered into with environmental agencies and whose compliance is constantly monitored by the competent authorities.
- 3- In 2014 alone, the Company allocated R\$361 million to environmental management initiatives.
- 4- The Presidente Vargas Steelworks (UPV) regularly operates in compliance with the environmental licensing process, in accordance with the environmental legislation in force.

The Company maintains a transparency and open dialogue relationship with Rio de Janeiro state environmental authorities and reassures its commitment to the sustainability of its businesses.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
