INFORMATION FOR SHAREHOLDERS

ITEM I

REFORMULATION OF ALTERATIONS TO PETROBRAS' BYLAWS

On April 28, 2016, the General Shareholders' Meeting approved a reformulation of Petrobras' Bylaws to reflect its new Corporate Governance Model, creating mechanisms for greater control and compliance, and expanding the levels of accountability, establishing individual duties for the members of the Executive Board and the creation of Statutory Technical Committees, with the same duties and responsibilities imposed on management, in accordance with article 160 of Law 6,404/76.

On May 12, 2016, the Inter-Ministerial Commission on Corporate Governance and Management of the Federal Government's Equity Stakes (CGPAR) issued Resolutions 8 to 18, generating the need to adapt Petrobras' Bylaws to comply with certain determinations, especially in CGPAR Resolutions 12, 14, 15 and 16.

The Company's management have also identified the need to add to the Bylaws its activities related to its Strategic, Multi-Year and Annual Plans, ensuring the management of spending processes, investment projects and the execution of strategies with more dynamic decision making, as well as the need to focus on revising management processes.

Accordingly, the creation of a new Executive Department for Strategy, Organization and Management System will be proposed.

The new board perfects corporate governance changes implemented from 04.28.2016 and expands the focus on management processes.
